Longwood C of C Has Party

Members of the Board of Directors of the Longwood Area Chamber of Commerce played hosts to the organization at a Christmas party and program held last Thursday night in the Civic League Building on Church St.

According to women of the group, who usually fall heir to managing all details of such special events, the men should do this more often for they report that the directors "really outdid themselves with the beautifully decorated tables and appointments."

Tables, with center tracings of greenery, were arranged in a large

"V" and gay candy canes and holiday cups filled with sweets were placed at each setting. Hall decorations, attractively done by Mrs. Lillian Cox and Mrs. Elizabeth Hillie with assistance from the directors, were placed at vantage points around the room, across the width of the stage and opposite it, at the other end of the room, stood the large and gaily trimmed tree.

Program selections were the solo, "In the Air," sung by Mrs. B. R. Gray accompanied by Mrs. L. C. Walker and "And There Were Shepherds," sung by Mrs. Ida Stewart accompanied by Mrs.

Cox. In the absence of some members scheduled to appear on the program, Mrs. Gray graciously filled in by singing another solo, "Star of the Evening." The program concluded with all joining in singing carols with Mrs. Gray serving as directors and Mrs. Walker as accompanist after which inexpensive gifts were exchanged.

Refreshments served included an array of sandwiches, holiday cakes and coffee or tea. The next meeting of the group will be held at 8 p. m. on Jan. 11 at the Civic League Building.

"We've Been To See The Queen, ... Found Her Lovely And Fair"

By SHIRLEY WENTWORTH
"Pussy cat, pussy cat, where have you been? 'We've been to see the queen'—and that is exactly where Mr. and Mrs. R. V. Spencer of Sierra Leone, Africa had been.

Mr. Spencer, an engineer with the Pittsburgh Paint and Glass Co. and the son of Mr. and Mrs. C. R. Spencer of Cecelia Drive, Bear Lake and now residing with his wife and three sons in Africa, had a front row seat when Queen Elizabeth and the Duke of Edinburgh were on a recent visit there.

They write of the preparation by both the white people and natives to greet the queen and her party in their province. They themselves journeyed 18 miles to the Jong River equipped with their deck chairs, umbrellas, sun hats, cameras and food for the day on the first lap of their trip.

After crossing the river they drove 50 miles to Bo where the queen was expected. After settling down with all their paraphernalia, they watched the excited crowds pass by as they ate their lunch on a friend's front lawn and tried not to miss any of the day's air of expectancy.

American, French and British flags were much in evidence as were representatives from various magazines and newspapers. All morning thousands of people streamed past to take their places and wait for the queen arrival.

As Mrs. Spencer wrote, "It was fascinating to watch the dancers, devils and chiefs all arrayed in beautiful, bizarre and colorful costumes."

Finally, after great expectations, the royal party drove by in an open Rolls-Royce. The queen was wearing a pale pink dress and carrying a matching parasol, while on her head, in regal dignity, she wore a tiara of pearls. The temperature at the time was 90 degrees.

After the Queen was seated along with her party, in the amphitheater, all 45 chiefs of the province wearing their ceremonial robes were presented to her majesty.

As they paraded across the field, the show they put on was truly superb.

Since dancing is the chief form of art in Africa, the dancers expressed all their various activities and ways of life through dancing interpretations.

Mr. and Mrs. Spencer agreed

that the "carnival atmosphere and the complete happiness of one and all, combined with the gaiety and good humor of the occasion rivaled anything they had ever witnessed."

Following the day's festival, a reception was given for the royal party that evening by the governor, Sir Maurice Dorman. This reception was a happy uncrowded affair and the queen and duke mingled and talked with all attending. For this event the queen wore a beige dress of exquisite lace, with gloves, hat and shoes to match. Her jewelry consisted of a diamond flower pin and two rows of large perfectly-matched pearls, the Spencers wrote.

The reception was so relaxed and casual they say, that it was hard to realize that the Queen probably is guarded closer than any person on earth. This can be proved by the fact that Mr. and Mrs. Spencer's invitations were scrutinized at three separate points along with those of other guests.

The entire event was one such as dreams are made of and to be remembered for a lifetime.

"Pussy cat, pussy cat, what did you do there? 'We found that the Queen was lovely and fair.'"

Pooles Plan Holiday Visit

Rev. and Mrs. Oscar Pooles and their family of the Casselberry Community Methodist Church left today for Charleston, W. Va., where they will spend the Christmas holidays visiting with Mrs. Pooles' relatives. Before they return to Casselberry they hope to visit with friends at their former church in Elizabeth, Ind.

In Rev. Pooles' absence, the pulpit will be filled by Rev. Elton P. Richards.

At last Sunday morning's service, Rev. and Mrs. Pooles were presented with a new bucket containing \$167, a Christmas gift from the Church School, the Men's Club and the WBSB. The bucket was to replace one borrowed from Mrs. Pooles which served well during the construction of the new addition to the church but is now a total loss.

EDITORIAL COMMENT

For The Youngsters

Four Seminole County communities have put aside their adult business problems this week to make arrangements for what is perhaps the best and biggest event in the year for their youngsters . . . the annual Christmas Party.

Santa, making last-minute rounds before his big visit Sunday night, will visit Longwood youngsters at a community party today, to open with carol singing at 6 p. m. in the park, at about 7 p. m. Later he will be at Altamonte Springs to see all the children during a party scheduled to begin at 8 p. m. in the Community House.

In both communities, volunteer firemen, aided by all their townspeople are sponsoring the parties where each child will receive Christmas treats and gifts.

On Friday Santa has planned visits with all the young people of the area at Lake Mary's Elementary School where the Community Christmas Party, sponsored annually by the Chamber of Commerce since 1923, is scheduled to begin at 7 p. m.

At 8 p. m. festivities for all the children of North Orlando, sponsored by the North Orlando Civic Assn., will take place at the Village Hall where each child present will receive a Christmas stocking filled with goodies from old Santa's overflowing bag.

"You Have A Brain—Use It," Speaker Tells Democratic Women

The fact that God-given ability to an individual for thought and study should be used before making decisions was stressed repeatedly by Mrs. Agnes McKinnis Leonard in her address to 19 members and guests of the South Seminole Democratic Women's Club at the December business luncheon.

Mixing brief periods of witicism with challenge and advice, Mrs. Leonard cautioned the women to pay particular attention to possible avenues of waste in expenditures of the tax dollar, for example she cited organized social work and state supported alcoholic hospitals. "Consider some of these social work groups the greatest racket ever perpetrated on the American government and as for the alcoholic hospitals . . . I'm not sure just how far we've gone in supporting them. Again, I say God gave all of us a brain and if these drink addicts won't use theirs, no amount of time spent in a hospital is going to make them stop drinking," she stated. Again, however, she challenged the women not to accept her opinions but to investigate these matters for themselves and draw their own conclusions.

She suggested that the group look into work and advancement being made among the counties in juvenile programs and urged that the club as a whole support this work. She emphatically asked that each and every woman present visit their county courthouse and sign for jury duty. In connection she also advised that the women read the pamphlet entitled, "So You're Going to be a Witness," which is available through the State Bar Assn. and gives nine pointers on how to act in court.

Distributing a number of informative books, pamphlets and editorial reprints, Mrs. Leonard told how each is available to the public and again urged the women to study, study and then study some more. "Discussion without information is sinful," she exclaimed, adding that in her opinion most people act as if God gave them no brain. "What the voting public needs is backbone, not wishbone," she emphasized.

She pointed out that it isn't always easy to follow one's political party. "I've more or less bled, suffered and died for the Democratic Party," the 72-year-old clubwoman stated. "You younger women will better understand this statement if you read 'The History of Florida's Democratic Party.'"

Plans now are underway for this book, long out of print, to be brought up to date with cooperation of the University of Florida History Department and for it to be republished, according to Mrs. Leonard who explained that it gives the history and reasons for development of Florida's white primary system.

Mrs. Leonard came to the club well qualified to suggest avenues of work and study for her accomplishments include a number of years' experience as a jurist in the U.S. Courts at Washington D. C.; work as an adult probation officer; as a school worker in many areas; as a member of the United Nations Assn.; as a specialist in social work to assist with legal problems especially among immigrants and 14 years ago she was instrumental in organizing Orlando's policewomen.

In addition she is an active church worker particularly in juvenile delinquency programs; is president of the American War Mothers of Orange County and is an active partner in business with her son in Orlando.

Club members met for the luncheon at the home of Mrs. Hop Bennett, president. Individual tables were set up in the spacious Florida room overlooking Lake Catherine in Casselberry. Decorations, all in the Christmas motif, were made by the hostess who is an accomplished shellcraft artist.

Mrs. Dorothy Lunn won the door prize, a pair of holiday earrings, and Mrs. Velvet I. Jacobs received a large, square, red candle surrounded by Christmas greenery through the club's fund-raising project for the day. Both gifts were made by Mrs. Bennett.

Those attending other than the speaker and the hostess were Mrs. Onnie Rockett, Mrs. Irene V. Wilson, Mrs. Mary E. Sitter, Mrs. Katherine Corwin, Mrs. Nance Russell, Mrs. Zetta Sawyer, Mrs. Dorothy Grimwood, Mrs. Luma Mullaney, Mrs. Clyde Kerc, Mrs. Mildred Harthorn, Mrs. Edith Duerr, Mrs. Irene Wilson, Miss Annie Bass, Mrs. Mary Hayward, Mrs. Mary Hawthorne, Mrs. Julia Wells, Mrs. Jacobs and Mrs. Lunn.

Lyman Drama Students Meet Challenge

By JANE CASSELLBERRY
Last Thursday's presentation of Thornton Wilder's "Our Town" by the Lyman High School Dramatics Dept. proved the exceptional capabilities of these high school boys and girls and of their instructor-director, Ramon Delgado.

With skill not often found in this age group, the young people brought emotional reactions from their audience which would credit a cast in the business for years. Those attending were first in laughter and then in tears as they followed the lives of citizens in

Grover's Corners, a small New England town of the early 1900's. Roy Stone portrayed the lead role of "stage manager" with just the proper degree of relaxed nonchalance. Pat Guillemprieto played a charming "Emily" to George Lewis' characterization of "George Gibbs," her childhood sweetheart.

Their parents, "Dr. and Mrs. Gibbs and Mr. and Mrs. Webb" were capably enacted by Lemmie Hoover, Bonnie Lyman, Sandy Sherwin and Richard Grant. Outstanding among the supporting

characters were "Mrs. Soames," the town gossip played with enthusiasm by Laurie Cheatham and the learned "Professor Willard" played by Michael Lewis.

Other members of the cast included Johnny Wharton as Johnny Webb; Karen Chapel as Rebecca Gibbs; James Prevatt as Howie Newsome; Tom Stevens as Simon Stimson; Bill Wharton as St. Crow; Edna Hearn as Joe Crowell; James Lamb as Sam Craig; Richard Jordan as Joe Stoddard; John Berling as Constable Warren; Marsha Evaldner and Milson Kler

as women in the audience; Janet Sherwin as a woman among the dead and Sammy Kelly as the dead man. Townspeople were Marsha Evaldner, Eileen Kler, Peggy Stevens, Cathy Eicher and Sherry Kasky.

Credit for the commendable job of creating the numerous period costumes worn during the performance also goes to Miss Evaldner and her skilled assistants.

Students making up the production staff included Pat Morene as stage manager; Tom Stevens, John Berling, Joseph Costa, Pete Rodriguez and Aldo Hernandez; set; Jim

Conleston, light; Betty Fielda Peggy Stevens and Cathy Eicher, makeup; Linda Duncan, Susan Haling, Barbara Bolling, Sammy Kelly, Dorothy Mulry, Miss Evaldner and Mrs. Pauline Stevens costumes; Jaane Barron, Sherry Kaski and Janet Sherwin and Pat Morene, program. Ushers were members of the Speech Class.

Much appreciation from the matinee and evening audiences, from the entire school and from the Dramatics Dept. also was expressed to Delgado for the overwhelming success of the challenging three act drama.

Study Rezoning Of Site For Proposed Plant

The City Zoning Board took under advisement annexation and rezoning of the proposed Belmead Corporation property at 27th St. and French Ave.

Two weeks ago the company asked the county to rezone a 15-foot strip from R-1-A to C2 to make way for a parking lot.

However, the board by a 4-1 vote turned thumbs down on the request by the \$94 million proposed investment concern.

The corporation has recently made overtures to the city on the possibility of moving into the city limits and the City Commission has already gone on record as favoring the proposal.

The zoning and planning board agreed to study the possible rezoning of the area and reach a decision at its next meeting in January.

In other business, the board held a public hearing on the new proposed zoning ordinance, and several changes were suggested after some real estate agents asked for "clarification" on the proposal.

He was also accused of conspiring with foreign agents, failing to communicate to his superiors about approaches by foreign agents, and falsely denying that he had ever been employed by a foreign government.

DAYTONA BEACH (UPI)—The body of internationally known artist Fred Dana Marsh, who died here late Wednesday at the age of 89, is expected to be cremated in Orlando this weekend.

U. S. officials were pleased that as a result of Thursday's talks the British had acknowledged publicly that the recent Soviet nuclear test series had showed evidence of considerable progress in the nuclear weapons field.

This had been the evaluation of American scientists. It will bear on whether the United States or Britain or both resume nuclear testing in the atmosphere.

The two statesmen did not go into the question of resuming Anglo-American tests but confined themselves to what White House Press Secretary Pierre Salinger called an evaluation of the facts.

Macmillan and Kennedy conferred for five hours Thursday after the President arrived from Palm Beach where his father, Joseph P. Kennedy, is seriously ill with a stroke.

Besides nuclear testing they also explored the problems of the Congo and Berlin. They planned

Johannsen is in charge of the medical specialists attending the senior Kennedy at St. Mary's Hospital in West Palm Beach.

Tshombe Put On The Spot

LEOPOLDVILLE, The Congo (UPI)—Premier Cyrille Adoula today warned Katanga President Moise Tshombe he had five days in which to prove his good faith and honor the agreement to end Katanga secession or face the use of force.

Adoula said at a news conference the central government "will be obliged to apply force" if Tshombe backs down. He made it clear that he was not willing to meet Tshombe again for new talks.

In London, the Foreign Office announced that Britain has ordered its representatives in Elisabethville and Leopoldville to promote implementation of the agreement.

In New York, U. N. Undersecretary Dr. Ralph Bunche, just returned from a fact-finding visit to the Congo, said he expects Tshombe to live up to the terms of the agreement. He added that "international agreements have been violated ever since there was an international community. It could happen again."

Adoula's warning came after Brazzaville broadcast a communique this morning quoting the Katanga "presidency" as saying Tshombe had no mandate to sign anything and that the eight-point agreement had to be ratified by the "national" parliament of Katanga.

Adoula said this is a "tendentious dispatch. I am forced to ask if Tshombe is trying to find a pretext to get out of his declaration."

Servicemen Homeward Bound For Christmas Holidays

By United Press International

Homeward bound servicemen swelled Christmas holiday travel to a possible record level today and bad weather in some areas created new demands on the nation's already strained commercial transport systems.

Scores of thousands of soldiers, sailors and airmen began homeward treks Thursday, hampered on

the West Coast by fog which closed Los Angeles International Airport and delayed flights out of San Francisco's Hamilton Field.

Traffic enforcement officials across the nation began girding for the outpouring of motorists expected by this evening. The National Safety Council estimated 800 persons would die on the country's highways between 6 p. m. today and midnight Monday.

All 22,000 men stationed at the Army's Fort Polk, La., were given holiday leave. Hundreds of buses were called into service to take 9,000 men from Fort Ord, Calif. to their homes.

Fort Carson, Colo., officials said that "virtually all" soldiers who requested leave received it and extra train coaches, airline flights and 30 more buses were brought in to expedite the holiday evacuation.

At Fort Benning, Ga., 12,000 soldiers left for home and at Fort Jackson, S. C., 13,000 more were to board 150 chartered buses and three special trains today. Great Lakes Naval Training Station, near Chicago, planned to complete release of 16,000 sailors today.

Twenty thousand men were given leave at Fort Leonard Wood, Mo., and Fort Dix, N. J., planned to release 10,000 soldiers Saturday.

Fort Bragg, N. C., gave leave to 15,000 men.

The Marine Corps authorized leave for half its personnel in two 10-day segments.

The Air Transport Association estimated an overall increase of 10 per cent in holiday travel. Continental Airlines forecast a 17 per cent boost in its business.

In the Northeast, the return of good flying weather brought re-

sumption of airline traffic. At New York the airlines hoped to have eliminated the backlog of travelers grounded earlier in the week.

In a bid to promote traffic safety over the holidays, state officials in Iowa, Connecticut, Illinois, Ohio and Pennsylvania asked motorists to drive with lights on during the daylight hours as a reminder to other drivers.

Oviedo, Chuluota Telephone Boost Slated Feb. 4

At 12:01 a.m. Feb. 4, 1962, all Oviedo and Chuluota subscribers will be able to dial Sanford, Geneva and Orlando numbers without the aid of an operator.

In order to make this change and to prepare the Oviedo area for future participation in nationwide direct distance dialing, Southern Bell Telephone Co. plans also to change all Oviedo telephone numbers to the new seven-numeral system (FOS will become 363).

The last four digits of the present numbers will remain the same and the new numbers will appear in the next issue of the telephone directory.

On or about Jan. 26, the new number card with detailed instructions will be sent to subscribers. "Subscribers will not lose any calls due to this number change," said R. F. Shedd, manager, "since there will actually be no change in the dialing of incoming calls."

First Methodist Plans Biblical Presentation

The inspiring Biblical production, "The Sermon on the Mount," will be presented at 7:30 p. m. Wednesday at the First Methodist Church in Sanford.

The portrayal by Frank M. Roughton of Jesus of Nazareth has been widely acclaimed throughout the Southeast, in England, Greece and in the Holy Land. Authentic costumes, plus special lighting and sound effects heighten the dramatic production.

Roughton, actor-theology student of Atlanta, Ga., has toured the U. S. and Canada playing the role of Calaphas, the High Priest, in the American version of the Ommunergau Passion Play, before beginning ministerial studies at

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am a secretary and I resent the implication that just because my boss takes me to lunch three and four times a week there must be some funny business going on between us.

He takes me to lunch because it is his way of showing me that he appreciates a good secretary. We might even have a cocktail or two before we eat and I see nothing wrong with it. It has come back to me that there is talk in this office, and his wife has even asked the other girls questions about me. I wish you'd tell me just what two people could do between 12 and 1 in a crowded restaurant.

LUCKY MISS BROWN

DEAR LUCKY: They could make plans to meet after 5 where it isn't so crowded.

DEAR ABBY: I can't stand my husband when he is drunk and he can't stand me when he is sober. What should we do? I am a nervous wreck. After being married for 14 years we have nothing in common. We do have five children, but you would think I found them in a cabbage patch for all the help he gives me with them. The only affection I ever get from him is when he has liquor on his breath, and that is when I would like to run a mile. What is a woman supposed to do in a situation of this kind?

HAD IT

DEAR HAD IT: It is difficult to tell

whether your husband is miserable because he's drinking or drinking because he's miserable. Catch him when he's sober and ask him to lay his cards on the table. It's time for some plain sober conversation. Start it!

DEAR ABBY: A neighbor got my 19-year-old daughter interested in corresponding with her (the neighbor's) 22-year-old "nephew" by showing her his picture. After writing back and forth for 8 months a big romance bloomed. Now it turns out that this young man is not really her nephew, but the son of her best friend. She never told us that this fellow had had a nervous breakdown which has required psychiatric treatment off and on for years. His hobby is writing and my neighbor excuses it all by saying she thought it would be "good" for him to have a pen pal. In other words, she used my daughter as someone for him to write to. He is coming to this city soon. My daughter wants to meet him, knowing all about his background. We are against it. We'd like your opinion.

HER PARENTS

DEAR PARENTS: It was dishonest of your neighbor to have withheld this revealing information about the man. Don't condemn him for having had psychiatric treatment. His mental state could now be better than that of others who need treatment but never have had it. If your daughter, knowing his history, wants to meet him, don't interfere.

We The Women:

By Ruth Millet

"Why in the world are you letting Jim get a dog?" one wife asked another. "They're so much trouble," she added, as though that ought to settle the matter of pets once and for all.

But almost everything that makes a house a real home is extra trouble. Children are trouble. Log-burning fireplaces are trouble. Flower gardens are trouble. Old-fashioned baking that keeps the kids in the kitchen waiting to "lick the pan" is trouble. Home

hobbies are trouble. Do-it-yourself projects are trouble.

But a home where there isn't always something going on isn't much of a home. In fact, if a housewife is going to turn thumbs down on anything that makes a little extra work—a family might as well live in a hotel. It would be just as much of a home.

In all the talk today about labor-saving devices and short cuts and easy housekeeping, housewives sometimes get to thinking that the most important thing in home-

making is to save themselves trouble.

But when you start worrying over how much trouble anything is going to be—you start narrowing your life until you are merely existing—not living.

So it's trouble—so what? If it is also fun or stimulating or inspiring or cozy, that is what is important.

Any housewife who is always saying to her family, "No, that's too much trouble" may be an efficient housewife, but she isn't much of a homemaker.

By Oswald Jacoby

JAMES NEVILLE

JAMES NEVILLE, a student at West Georgia College, Carrollton, Ga., will be visiting with his parents, Chief and Mrs. E. G. Neville at their Sunland Estates home here over the holidays.

James' grandmother, Mrs. J. P. Dooley from Rome, Ga., will meet him and travel with him to Sanford, to spend the winter here with her daughter and son-in-law.

And joining them for Christmas in Sanford will be Mrs. Neville's sister and her family, Mr. and Mrs. Felton Allmon, also from Rome, Ga.

BOB GACHEL

BOB GACHEL, a student in Mrs. Huggins' fourth grade at Pinecrest School was the winner of the Litterbug Poster Contest held recently, sponsored by the Rose Circle of the Sanford Garden Clubs.

Catherine McKelvey took second place with her attractive poster and Andy Chevlier was third. Susan Jackson, Elizabeth Taylor and Karen Ries all received honorable mention.

The winner's poster will be sent to the state wide contest on the same subject. Judges of the posters were two members of the Rose Circle who are also members of the Art Assn. The Circle sponsors a Junior Garden Club at the school.

Bob is the son of Mr. and Mrs. Stewart Gatchel, and has a sister, Gall, in the sixth grade at Pinecrest.

His hobbies are drawing and also building—both model cars and "hot rod" soap box style cars, made with a wooden box, four wheels and a rope "steering wheel." His hobby is shared by his father, who can't resist getting in on the building.

Mother Dorothy says she admires their work, but can't quite trust herself to ride in one of the

creations. The whole family is very proud of Bob for winning the contest and feels that he has quite a lot of natural ability when it comes to drawing.

MADLINE COVENEY, who works as gal Friday to Warren Adams at Holler Chevrolet, was way up on Cloud Nine all week, because of the Christmas present she received from her husband Bill, and son, Bob Ford.

Madeline is going to take a jet flight to Springfield, Mass., to spend Christmas with her three daughters, who live there. Highlight of her trip will be to see her four grandchildren — three grandsons two, four and six, sons of Mrs. Richard Carr, and a granddaughter, eight year old daughter of Mrs. Donald Gautier.

The trip was a complete surprise to the happy grandmother, who says, "I haven't seen any of them in five years, and I am so happy. I'm a foolish grandmother who dotes on doing things for them—not to spoil them, but just to see the light in their eyes."

"I feel I must have been a good girl this year, to receive this one thing that will mean so much to me. How can one thank a Santa as good as my husband?"

Madeline is also proud of her son Bob who is stationed at Lackland Air Force Base, is now Airman third class and is attending crypto school. He will not be able to get home for the holidays, but she expects him to make it sometime in April.

DORTE DENTROEDER was guest of honor recently at a pre-Christmas party by the Future Teachers of America group at SHS. The party was held in the Jack and Jill Kindergarten after school holidays began and the rooms were decorated in the Christmas theme.

Gifts were brought for Dorte, who was completely surprised by the event, but very pleased. Main entertainment of the get-together consisted of the opening of the gifts and the singing of Christmas carols and songs.

Refreshments of golden punch, gaily decorated Christmas cookies, nuts and candies were served to the members of the club attending.

DORTE DENTROEDER

CLAXTON FRUIT CAKE advertises that it is "world famous" and it evidently bases its claim on fact as a picture and letter sent to the Civitan Club former president, Kay Shoemaker, recently shows.

The letter is from Chief Ken Torbett, a former member of the

JAN TORBETT AND THE INDIAN SIKH

club, now stationed at the U. S. Embassy in New Delhi, India, and encloses a picture. This shows Mrs. Jan Torbett being presented with a large box of Claxton Fruit Cake by an Indian Sikh merchant in New Delhi.

The Torbetts receive the Sanford Herald in India and remarked that they observed by the newspaper that the Civitans are still selling fruitcake as well as being active in many other projects.

Ken says that they are enjoying their tour of duty in India, but are looking forward to returning home to Sanford and all their friends here in May, 1962.

The Torbetts own their home in Loch Arbor, where they formerly resided with their two sons, while

stationed here.

MORE ABOUT THE NAVY ... Mr. and Mrs. George W. Rowland of 401 W. 18th St. have received word that their son, Charles J. Rowland, chief radioman is serving aboard the guided missile destroyer, USS Robinson. The ship has just been completed at the De-foe Shipbuilding Co. in Bay City, Mich.

The new ship which will be commissioned in Boston sometime this month, will have San Diego as its home port, while operating with the Pacific Fleet.

This new ship, a Navy news release says, will carry Tartar anti-aircraft guided missiles and anti-submarine rockets, and has a wide range of destructive power.

Mrs. Wallin Named President Of Club

The Osteen Home Demonstration Club held its annual Christmas meeting at the home of Mrs. Joe Masters. Mrs. James Wallin, vice president, presided in the absence of Mrs. John Bradin.

The nominating committee composed of Mrs. Harry Osteen, Mrs. Norman Miller and Mrs. Joe Masters announced the following slate of candidates, Mrs. James Wallin, president; Mrs. Guy Beall, vice

president; Mrs. Clarence Snyder, secretary-treasurer, and Mrs. John Bradin, delegate. These officers were elected.

The group agreed to join with the Orange City Club in entertaining the County Council at the Orange City Club-house in April.

The January County Council meeting will be in Daytona Beach at the Elks Club. At this meeting a joint installation service will be held for all clubs in the County. The speaker for this meeting will be Marshall Watkins, Director of State Agriculture Extension service.

Mrs. Eby, county agent, reported the yearbooks for 1962 will be different and the year will begin July 1 and run through June 30.

Following the meeting a social hour was enjoyed and homemade gifts were exchanged.

The hostess served open sandwiches, fruit cake, candies, tea and coffee from a beautiful table overlaid with net over a Christmas cloth and centered with an arrangement of colored Christmas balls. On the buffet was a miniature Christmas tree and other Christmas arrangements were used throughout the home.

Those attending were Mrs. Harry Osteen, Mrs. Harold Eby, Mrs. James Wallin, Mrs. John Melrose, Mrs. Frank George, Mrs. Norman Miller, Mrs. Robert Williams, Mrs. Clarence Snyder, Mrs. Guy Beall, the hostess and three guests, Mrs. T. F. Hicks of Bluff City, Tenn., Mrs. Helen Kelspan of St. Petersburg and Mrs. Aagott Andersen of Brooklyn, N. Y.

LAP DOG, ANYONE?

Before you encourage your puppy to sit on your lap or sleep in your bed, consider the size of the grown dog. What is adorable behavior in a tiny ball of fluff can be a disconcerting experience if he grows into an 80-pound dog!

Lake Monroe Jottings ...

MRS. H. L. JOHNSON

Hello to all. And wasn't that a most welcome rain? But I hate to think what usually follows it in the winter time. ... Happy Birthday (delayed) to Jean Stripling and also to Ray Rans. ... Certainly enjoyed the High School Glee Club's Christmas program last week. I noticed quite a few Monroelites in it. Terry Collins, who helped design the sets, Charles Rabun, Pat Sabo, Raymond King, Jean Stripling, Shirley Eber. Also noticed Howard Elliott, who did a grand job as soloist in one number, Linda Ball and Paul Harris. Miss Ollie Whittle is their director and she is certainly wonderful with them. ... The W. H. Almonds visited in Orange Park last weekend with son Paul and family. ... Mr. and Mrs. Bedrick Krejcar left Saturday for Alberta, Ala., to spend the holidays with relatives. ... Mrs. Sonny Skipper is going to enjoy the holidays because shortly afterwards she will enter Seminole Memorial Hospital for surgery. ... Mrs. Eddie Grow, Mrs. C. R. Giles and daughter Martha have returned to Miami Beach after being called here by the tragic death of Mrs. Giles' grandson, Wesley Giles. ... Glad to hear that Granny Hawkins is much improved. Her friends can visit her at the hospital. ... I hear that D. C. Spivey killed a 18 pound turkey last Saturday. That's good. I still haven't heard if the biggest hunter of all, Gus Schmah has killed him a "Bar" yet. Some of the hunters that I have talked to said it has been a disappointing season, so far. And that includes friend husband who so far has got what the little boy shot at. NOTHING. ... George and Riley Poff had a pleasant surprise last week. Their brother, Posey Poff, wife and daughter of Waynesboro, Va., paid them a short visit. ... Lynn Giles called to say that there will be no Training Union Sunday evening at the Monroe Baptist Church. Instead there will be a Christmas service entitled the Heart of Christmas

and will be given by the adult and youth choirs. The primary and beginners classes will have a short program too. Visitors are welcome to this service. ... Quite a few houses have outdoor lighting this year out here. Palm Terrace Lane homes are decorated. The William Carrolls, senior and junior, Pete Petersens, Tommy Thompsons, all have pretty scenes. The Nicholds home has some blue lighting effect across the front of the home which is beautiful at night. ... I want to thank the many people for the beautiful cards that they have sent to us. Have you noticed how pretty the cards are this year? It was so hard to decide just which ones to buy. As I looked at them each one got just a little bit prettier. ... The Upsala Presbyterian Church had a nice Christmas program last night at White Hall of the church. ... I want to take this time to wish every one a very Merry Christmas and hope that it is a safe one. Hope the little kiddies get what they asked Santa for because they were GOOD.

Isn't this little poem clever? I had a little tea party This afternoon at three 'Twas very small

Three guests in all Just I, myself and me Myself at all the sandwiches While I drank up the tea 'Twas also I who ate the pie And passed the cake to me. You can just see the cute little girls sitting at their play table with the china tea set. That brings back the good old days to me. And now I can watch my little granddaughters doing the same thing.

Here is our thought for this week. It is on faith which we certainly need badly today.

Mrs. L. O. Hayman Hostess To Former Friends

Mrs. L. O. Hayman recently entertained a group of friends of yesteryear at her home in Enterprise. During the afternoon they discussed the happenings of the past 30 years and made plans for a get-together in the near future.

Among the guests were Mrs. Margaret Gilbert Loucks of Sanford, Mrs. Flora Lee Helg Hussey, Mrs. Rose Webb and Mrs. Esther Murkett, Orange City, Mrs. Margie Shields Gill and Mrs. Mattie Mae Shields of DeLand.

During the years many friends get separated. Anyone who knew this group in the past are asked to contact any one of the above ladies or L. O. Hayman at the Enterprise School.

Annual Party Celebrated By Dorcas S. S. Class

The Dorcas Sunday School Class of the Central Baptist Church held its annual Christmas party recently in the dining room of the church. A turkey dinner with all the trimmings was served to 63 members and their families.

The tables were decorated with Brazilian pepper and red and white candles and a Christmas tree brightened the room. Christmas carols were sung preceding the dinner.

Beautiful yearbooks were distributed to the members. The books were in various colors with a seal of the "Praying Hands" on the cover. They were made by Mrs. Gail Smith and Mrs. C. J. Wilkinson and dedicated to the teachers and in memory of departed members.

Gifts were exchanged and a special gift was presented to Mrs. Weaver, a former teacher who was back after a long illness.

Telling a woman her hairdo makes her look 20 years younger is no compliment.

Open installation will be held at the Odd Fellows Hall, Jan. 16 at 8 p.m.

A Christmas party was held following the meeting. The hall was lighted with Christmas lights and a gaily trimmed tree centered the table on which exchange gifts were piled.

Mrs. Virginia Roche, noble grand elect, told a beautiful story, "The Miracle at Derrick, Texas." Gifts were then exchanged and refreshments of coffee, cake and cookies were served in the dining room. The table was centered with an arrangement of poinsettias.

Unanswered Queries

The people who devise entertainment for the American public—from children on up—seem to operate on the theory we are all as lazy mentally as President Kennedy indicates we are physically.

By the measures the entertainment impresarios use, they can muster some pretty good evidence. In illustration, the TV listener ratings, for whatever they are worth, suggest that on Thanksgiving night the gangster serial, "The Untouchables," and "Sing Along with Mitch" outdrew by ratios of 8 and 4 to 1 an hour-long filmed interview with former President Eisenhower.

This kind of thing is not new, of course, but it is constantly cited by the broadcasting industry to justify flooding TV screens with westerns, gangster shows, quizzes and other frothy trivia.

In the same way, film and stage producers point to relative cash receipts in defense of their concentration on light entertainment as against solid dramatic fare.

Newton Minow, chairman of the FCC, thinks broadcasters sadly underestimate the public's taste and understanding. He argues that they have been particularly cavalier in "frittering away" opportunities in the children's field.

Catching youngsters at the formative stage, says Minow, TV could do much to widen their knowledge and give them high standards of taste.

Some voices in the industry are heard in support, but many who say they would like to see better programming agree with one man's comment that the thinking person's program "doesn't have a chance—there just aren't enough of us."

Presumably the reaction will inevitably be the same when similar criticisms are leveled at other entertainment media.

Even book publishers have bowed to the pressures to seek a low common denominator. Many books today offer little more than a glossy appearance and feather-weight content.

A good deal of evidence indicates that Europeans digest far more solid fare than we in their books, their movies, their theater, their television.

Some Americans who have lived long abroad are stunned when they return here and see the contrast.

The President says that in physical tests the children of Austria, Italy and Switzerland leave ours far behind. Other comparisons have given English youngsters a marked edge.

Despite Minow's stout faith in us, mental comparisons, it seems, might prove even more embarrassing.

One has to wonder exactly what it is that Americans ARE concentrating on these days. It is certainly not fitness of any sort.

Henry McLemore

Twenty and seven years ago, there was brought forth on this continent, a Rose Bowl game prediction that many sports followers still rank as the most splendid of all time.

The prediction: Stanford 77, Columbia 0.

The result: Columbia 7, Stanford 0.

At the sound of the final whistle I was sorely tempted to give up my new profession of sports writing and rejoin my fellow snuff drummers on the road.

Only the fact that the prediction was not entirely wrong—after all, there WAS a 7 in the score—kept me in the business.

Since the year of 1934 I have predicted scores of Bowl games, ranging from the Rose to the Hula and with a marked lack of success. Now I am preparing to pick the winners in the latest batch of Bowl games.

Why? There must be a point where perseverance ends and lunacy begins. Have I reached that point? Or is it that I not only look like an old firehorse, but am beginning to act like one?

I console myself with the thought that many of the great men of history kept trying and trying after failures. If Orville and Wilbur had quit at Kitty Hawk, we wouldn't today be able to eat frozen peas at 40,000 feet in the air, and if Mr. Birdseye had been a quitter, we wouldn't be able to eat them on the ground, either.

So, let's pick Bowl games, always reminding that minors are forbidden to back them with cash.

Rose Bowl—Minnesota by two touchdowns, even though the Jopfers have a habit of often losing the really big ones.

Sugar Bowl—The Porkers have a pretty good team, and a great player in Lance Allworth, but there aren't enough hogcallers in all of Arkansas to save them from a less than close defeat by Alabama.

Cotton Bowl—This one is as close as patty to a window pane, and will be decided by a field goal (kicked from the north end of the field.) It will be kicked by Mississippi and Texas, despite Jimmy Sexton, will lose.

Orange Bowl—Colorado comes a long way for this one, and with high hopes of planting the Orange Bowl banner atop Pike's Peak—but Colorado won't. The Bengals of L.S.U. are tougher than a battlewagon's ship and should take it with plenty to spare.

Gator Bowl—Penn State and Georgia Tech have undistinguished teams and choosing between them is impossible. I predict a 17-17 tie with Tech coming from behind in the fourth quarter to earn a draw.

Sun Bowl—Wichita packs too much defense for Villanova.

Tangerine Bowl—A man would be a fool to pick against Middle Tennessee even if its opponent is powerful Lamar Tech.

SILENT NIGHT

Dr. Crane's

Worry Clinic

Here's the formula by which you can banish your husband's thoughts of his former sweetheart. A woman can make herself both wife and sweetheart of her husband if she'll follow the rules in the chart which is described today.

CASE K-483: Vera U., aged 27, has been a bride for six months. "Dr. Crane, my husband is an intelligent man, ambitious and from a refined family," she began. "But he has been married before. He apparently was infatuated with a woman who had had a dozen affairs with other men."

"He knew it, but against the advice of his parents and friends, he married her, anyway. For he planned to reform her."

"She continued her immoral life, however, although he was the last one in the world to realize that fact. Finally, she deserted him. Despite his expensive gifts and pleading, she refused to give up her immorality for marriage."

"So he reluctantly got a divorce. Later, I met him and we were married. I haven't the cute mannerisms of his former wife, nor her baby vamp charm. But I am considered attractive."

"Besides, his parents love me and he says I am just the wife he needs and can respect."

"He seems very proud of my education, my popularity with both sexes and my morality. Incidentally, his former wife is now a waitress in a beer joint."

"But he often thinks of the other girl. He has forgotten her bad points and idealizes her memory. Sometimes he'll cry because he feels she is probably being mistreated."

"Dr. Crane, I need help. If he thinks it hurts me, he'll quit talking about her, but I know that bottled up thoughts are dangerous. So what can I do to win his thoughts away from her?"

MARRIAGE, NO REFORMATORY

Before I answer Vera's query, let me point out the fallacy in marrying people to reform them. For men and women are usually at their best during courtship.

That is the time when they put their best foot forward, so to speak. If they irritate you during courtship, and you feel you cannot tolerate their bad points as a permanent diet, then try to change them before marriage.

If you can't do it at that most favorable time, you might as well resign yourself to the inevitable. Or else look for a new sweetheart. I generally recommend the latter course.

Moreover, don't think you can

take shoddy merchandise on the marriage market and make it quality stuff. You are an intense egoist if you suffer from such exaggerated confidence in your own ability.

That ecstatic thrill of young romance wears off somewhat after six months of matrimony.

If husband and wife don't have good habits, high moral attitudes, unselfishness, a sense of fair play and the habit of complimenting each other regularly, they will then be heading for a marital wreck.

So face facts in this life! If you are marrying an immoral no-count girl, that's the kind of wife you'll probably have, too.

Or, if your boy friend is a grandstanding "mamma's boy," don't kid yourself into thinking he'll suddenly become an unselfish, sportlike mate.

Our behavior, AFTER marriage is a result of 20 or 25 years of our PREVIOUS habits so that

when we marry, we are usually quite set in our ways.

Of course, we can put up a front, for a few months for the sake of sales effect, and thus act gallant, but we generally slide back into our habitual behavior after the honeymoon.

HOW TO STAY MARRIED

Never let the intoxication of young love anesthetize your brain. Use your head and pick a mate with at least the same degree of shrewdness that you would employ in picking an investment, or an insurance company.

For love is simply a cluster of emotional habits. It can be built up and also torn down, since our behavior is not fixed and unchanging.

Moreover, you can experience love more than once, just as you can undergo grief or rage, so if your first sweetheart is a dissolute or unsuitable type, resolutely nip that romance in the bud and look for a better mate.

Escaped Vopos Imply Soviets Take Dim View Of East German Guards

BERLIN (UPI) — Two East German policemen who fled to the West said today Russian soldiers are patrolling the Berlin border.

But they said the main task of guarding the 25-mile East-West border still is borne by East German police.

The policemen told a news conference the Russian army sends out patrols at irregular intervals. They said the Russian patrols were started some time ago.

Western officials confirmed the report. They said Russian patrols have been observed frequently on the guarded and barricaded border.

The two Communist border policemen, both 18, fled to West Berlin Dec. 10.

They said the Russians often were posted in concealed positions on the border so that the East German police did not know where they were.

"Every once in a while a few Russian soldiers pop up from nowhere before you," one of the refugees said.

The policemen said border guards had orders to shoot without warning all East Germans regardless of sex or age who approach within 15 feet of the wall.

They said guards were told to operate under the motto: "A dead refugee east of the barbed wire is better than a live one west of it."

They said guards who caught or shot a refugee were rewarded with bonuses of at least 100 marks (\$25) and furloughs.

However, they said guards had strict orders not to shoot at Allied soldiers even if they violate Eastern territory or were helping refugees escape.

They said the orders not to shoot Americans, British or French soldiers were drilled into the border guards repeatedly.

They said guards were told they could shoot only to defend themselves if Western soldiers shot first.

WASHINGTON (NEA) — One reason for President Kennedy's South American trip is to sell his Alliance for Progress some more.

The paradox of his sales talks in Colombia and Venezuela is that neither of these countries needs selling on the Alliance, since they're already boosters.

But these are good places for launching the campaign, as both countries can show some constructive examples of self-help. Both have done some economic planning.

They have made starts to take care of the great needs in all Latin America — more food production and potable water supplies for their own people, road systems that will permit transportation of goods to promote economic growth, better housing and more education for the illiterate masses.

Neither country has received large amounts of U. S. aid, as these things go. Colombia since 1948 has received \$319 million in economic aid, \$30 million in military aid. Venezuela, with greater income of its own from oil and iron ore resources, has received \$104 million in economic aid, \$14 million in military aid.

Totals for all U. S. aid furnished Latin America since 1948 are \$11 billion—\$4 billion military, \$5 billion economic.

President Alberto Lleras Camargo of Colombia—in the last year of his term of office and being unable to succeed himself—has inaugurated a land reform program that will have far-reaching effects, if his successors carry it out.

President Romulo Betancourt of Venezuela, one of the real progressives of Latin America, has been a leader in reform movements. Venezuela has the largest concentration of private U. S. investments abroad. And the promotion of private investment is

a goal of the Alliance for Progress. The way things stack up now, the middle-sized countries of Latin America will work out best in the Alliance.

The smaller countries don't know the meaning of economic planning and haven't the facilities to effect it.

Most of the larger countries resist it. They resent any implications that they are "underdeveloped." And they refuse to admit there's anything wrong with their economics, even when they're on the rocks. There is not one stable currency.

In almost every country, the Alliance is meeting resistance because the few who have run things don't want progress.

They don't want higher living standards for their people because these can come only through higher taxation and the sacrifice of vested interests.

So the Alliance moves slowly. It has to be sold not only in Latin America but in the United States as well.

Nine months after its conception last March and four months after its birth — perhaps prematurely, at Punta del Este, Uruguay, last August—\$800 million of the \$1 billion which President Kennedy pledged for the first year has been committed. But only a small fraction of that has been spent. And it may take another nine months to show any results.

When the Punta del Este charter was signed, it was specified that the Latin-American countries would have 18 months in which to submit their development plans. Four of those 18 months have now gone. And the so-called "Committee of Nine Wise Men," who will review those plans for the Organization of American States, has just been chosen.

The expectation is that President Kennedy will present his new foreign aid message and legislation to Congress early next year, instead of in late May as it was presented this year. The new bill will ask for authorizations of still undetermined size to carry on the Alliance for its second year.

The 10-year plan calls for expenditures of \$20 billion from both governmental and private sources. So the request for second year operations will be at least another billion.

HERALD SPORTS EDITOR

There exists in Seminole County an organization which started just over a year ago and which remains unknown to the public eye and yet which has far-reaching influences on Seminole County and certain worthwhile effects on our teenage boys. That organization is the Seminole Timing Association.

Devoted primarily to the purpose of providing organized and supervised drag racing, the Timing Association is the first club in Sanford to succeed in gaining recognition as a law-abiding racing organization.

Anywhere from 500 to 1,000 teenagers are kept off the streets on Saturday nights twice a month through an activity which is supervised by the Seminole County Sheriff's Department which provides special deputies to supervise the drag races and enforce regulations set forth by the Timing Association.

GENE BUDDY MIKE DON

Seminole County Sheriff J. L. Hobby stated that "since the Seminole Timing Association has been in existence, the Sheriff's Department has had far less trouble in drag racing and reckless driving with teenagers on open roads."

The Sheriff estimated that the racing and reckless driving incidents involving teenagers has been reduced by roughly ninety percent because of this organization and their efforts to keep racing enthusiasts confined to legalized racing strips.

The Saturday night drag races are held on property recently purchased from the United States Navy and now owned by Seminole County. The drag strip is actually an old air strip converted for night drag races by two huge six-foot in diameter surplus searchlights rented from Miami at a cost to the association of \$150 per night.

For persons not familiar with the term "drag racing," it involves two cars beginning from a standing start at the fastest possible acceleration to determine which car can pick up speed faster over a given quarter mile distance.

The Seminole Timing Association has as an advisor, Don Smith of the Seminole Sporting Goods Company. He serves in the capacity of a representative for the Association in communicating needs of the club and in organizing and promoting ideas which the members decide on.

Mistaken opinion which seems to be prevalent regards the club as consisting of a lot of "hot-rodders" out to menace our highways and city streets. Contrary to this wrong supposition, the Timing Association functions in promoting and providing a place for racing enthusiasts to legally test their cars, leaving no excuse for back roads and highways to be used for racing.

Trophies are awarded at each race to the car and driver in each class which accelerates faster for the quarter mile. The trophies are awarded at a cost of \$175 per night to the Association. The classes of automobiles range from stock cars (automobiles in original factory-constructed condition) to the altered class of cars. Other classes are roadsters, gas-mixture cars, and dragsters.

The current President of the Seminole Timing Association is Buddy Beckham with Gene Smith as its Secretary-Treasurer. Publicity for the club is handled by Mike Smith. Elections for new officers for the organization will be held in January.

'Hurry Now' Seeks Second Win In Row At Kennel Club Tonight

The pup who staged what was undoubtedly the most sensational debut in the history of the Sanford-Orlando Kennel Club, will try for his second victory, his fifth straight if three schooling events are included, when he goes to the post in tonight's seventh race.

He is Charles Lovely's Hurry.

Faison Named Top AFL Rookie

NEW YORK (UPI)—Earl Faison of the San Diego Chargers, a mean young man to opposing teams but a delight to his own coaches, today was named the United Press International "Rookie of the Year" for the 1961 American Football League season.

The six-foot-four, 256-pound defensive end from the University of Indiana received 11 of the 24 votes cast in the annual UPI poll of three writers from each league city.

Faison, the Chargers' No. 1 draft choice last season, was a key figure in the San Diego defense that was best in the AFL during the past season.

Commented coach Sid Gillman of the Chargers: "Earl has the intelligence, the strength, the speed, and above all, he is almost adiabatic on a football field."

Gillman referred to Faison's fierce tackling and relentless pursuit of opposing passers.

Chuck Noll, defensive line coach of the Chargers, pointed out that Faison batted down 15 to 20 enemy passes and intercepted two during the season.

"But despite his strong rush, he adjusted well to screen pass attempts," Noll added. "He always means business. He never loses."

Davis Signs Browns Pact

CLEVELAND, Ohio (UPI)—Ernie Davis, the All-American halfback of Syracuse, has agreed to a three-year contract with the Cleveland Browns, calling for \$80,000 during the period.

Arthur Modell, board chairman and chief executive officer of the Browns, said Thursday night that the Heisman

Trophy winner agreed to a three-year salary totaling \$85,000 and will get a \$15,000 bonus for signing.

The actual signing will occur at San Francisco sometime next week, Modell said. He added that he was revealing the figures because of widespread speculation over salaries being paid college players this year.

Davis presently is in San Francisco as a member of the East squad for the annual East-West game Dec. 30.

If the Browns get Davis' signature on the dotted line, it will mean double trouble for National Football League opponents in future seasons. Coach Paul Brown indicated he would be used as a running mate to fullback Jim Brown, another Syracuse All-American, who has won five NFL rushing titles.

"There just aren't enough words to express my happiness now that Ernie has decided to play with us," said Modell.

"And it's certainly gratifying to know that young athletes like Davis consider their long-range future rather than immediate financial gain."

"I won't be something? Jim Brown and Davis in the same backfield. Maybe we ought to call them 'The Boys From Syracuse'."

Davis was the first player taken in both the National Football League and American Football League drafts. He was picked by the Washington Redskins of the NFL, but the Browns obtained rights to him by giving the Redskins halfback Bobby Mitchell and halfback Leroy Jackson, the Browns' first draft choices.

It was revealed later that the trade had taken place before the draft session and the Browns took Jackson at Washington's request.

Colts Rehired Weeb Ewbank

BALTIMORE (UPI)—Weeb Ewbank, who coached the Baltimore Colts to the National Football League championship in 1958 and 1959, has been rehired for the 1962 season.

Colt president Carroll Rosenbloom made the announcement Thursday, stating that Ewbank is under a three-year contract which is self-renewing each year. No salary terms were disclosed.

Baltimore has been disappointing the past two seasons, recording a 6-6 record in 1960 and an 8-6 mark this year. There had been some speculation that Ewbank, who first joined the Colts in 1954, would be let go.

However, Rosenbloom said that he, Ewbank and general manager Don Kellert were in complete agreement on future plans.

"As I have said before," Rosenbloom explained, "when you win everyone plays a part, and when you lose each one should share the blame. We regret we did not do as well this year as we had hoped, but we sincerely believe that we have the players to win."

Directs Scouting

NEW YORK (UPI)—Jack White, former professional football star and later general manager of the Richmond baseball club in the International League, has been named director of scouting by the New York Yankees in addition to his other duties.

Mantle Named Slugging Champ

BOSTON (UPI)—Mickey Mantle was acknowledged the American League's slugging champion for 1961 to-day — meaning he did more damage to enemy pitchers than any other player in the circuit.

The switch-hitting New York Yankee outfielder, who finished second to teammate Roger Maris in slugging a year ago, was far and away in front this year with a .387 percentage, according to official averages from AL headquarters.

Norm Cash of Detroit, the league's batting champion, was runnerup in slugging with .362, followed by Jim Gentile of Baltimore with .346. Maris with .330, and Harmon Killebrew of Minnesota with .308.

Mantle compiled his slugging percentage with 333 total bases in 314 official times at bat. Included were 54 home runs, 16 doubles and six triples.

Another one is the modernistic setting designed by Mrs. Wesley Place at 135 Pinecrest Drive, where a monkey rides a missile, urged on by Santa, while elves cavort on the housetop.

No matter how crowded the dance floor is in a night club there will be people who will try to do the twist.

The three men injured were not holding the pipe but standing nearby. Duncan said more than 7,000 volts hit the men.

Yule Travelers Jam Highway, Planes, Trains

By United Press International
A deluge of Merry Christmas travelers struck the nation's highways Friday and hit a pre-holiday rest on thronged planes, trains and buses.

The annual home-for-Christmas push was made hazardous by a blustery snow storm in the Midwest, icy roads over much of the country and the outpouring of tipsy drivers from Friday afternoon office parties.

Furloughing servicemen — their numbers boosted this year by the Berlin crisis callup — added to the crush of holiday motorists and travelers on the bulging commercial transport system.

The National Safety Council estimated that 600 persons would die in traffic accidents during the three-day Christmas weekend. Scores of others were expected to perish in fires.

The council said 23,000 persons might suffer disabling injuries in mishaps that would erase the joy of the holidays.

Safety officials throughout the nation warned against too much speed and too much alcohol as the big culprits in the shocking death tolls of previous holiday seasons.

The most tragic 78-hour Christmas weekend in history was the "black Christmas" of 1955 when 621 persons died on the highways. In last year's 78-hour holiday period, 465 persons died in traffic.

Crack U. S. Troops Carry Out Operation

BERLIN (UPI) — A crack, 1,500-man U. S. battle group Friday carried out an "Operational Readiness" exercise in West Berlin.

The visible demonstration of American determination to defend the freedom of the Communist-encircled city was backed up by renewed assurances to the people of West Berlin by Gen. Lucius D. Clay, President Kennedy's personal representative here.

Clay, in an interview with the West Berlin newspaper Morgenpost said the United States will maintain its 6,500-man Berlin garrison at full strength. The Russians have demanded reduction of the Allied garrisons to "token forces."

Clay reassured West Berliners they can have faith that the U. S. garrison will defend their freedom.

He predicted some tense moments in Berlin next year but said he doubts there will be any war. "I am firmly convinced that the West does not want war and that the Soviet people and its leaders do not want war either," Clay said.

Unusual Move

WASHINGTON (UPI) — The government, in a highly unusual move, Friday sought a court order that would forbid General Electric Co. to fix prices or commit other anti-trust violations in handling any of its products.

U. S. Warned By Red Chinese: 'Don't Play With Fire'

TOKYO (UPI) — A top-ranking Chinese Communist general Friday warned the United States would face "ignominious defeat" if it persisted in "playing with fire" in Southeast Asia, the official Communist New China news agency reported.

The Chinese Communists — by agency dispatches and radio broadcasts — also assailed the United States for blocking Peking's admission to the United Nations. The world organization was accused for "meddling" in China's internal affairs.

Also a few sharp words were flung at the Soviet Union over Albania and world disarmament.

The warning to the United States was sounded by Senior Gen. Lo Jui-ching, chief of the general staff of the Chinese Communist army, at a reception given by the military attaché of the North Viet Nam Embassy in Peking, the New China agency said.

Lo said the Chinese people are "keeping a close watch on the provocative and adventurous deeds of U. S. imperialism and its lackeys in Southeast Asia."

"We seriously warn the U. S. imperialists: If you do not stop playing with fire, you will definitely meet with an ignominious defeat," the general was quoted as saying.

Lo denounced President Kennedy for increasing U. S. military assistance to the South Viet Nam government in the struggle against the Communist Rebels. U. S. Ambassador to the United Nations Adlai E. Stevenson was the target of an attack in the Peiping People's Daily, the official newspaper of the Chinese Communist party. In an editorial, the newspaper denounced the "persistent hostility" of the United States toward China and said the "Chinese people cannot be cowed by the majority created by the U. S. voting machine" in the United Nations.

It referred specifically to Stevenson's speech to the assembly and said:

"Listen Stevenson, it is the rights of the 650,000,000 Chinese people to recover China's legitimate seat in the United Nations and drive out the representatives of the Chiang Kai-shek clique — this is a fact that nobody can change."

The editorial also accused the United Nations of "unscrupulous intervention" in China's internal affairs by discussing the Tibetan question. The General Assembly censured China for its attack on Tibet.

Kennedy, Macmillan Reach Agreement

U. S., British OK Nuclear Tests

HAMILTON, Bermuda (UPI) — President Kennedy and Prime Minister Harold Macmillan agreed Friday to make preparations for new nuclear tests in the atmosphere as a result of the "massive series of Soviet blasts."

A communique issued at the end of their two-day conference said that no final decision had been made, but that as a matter of "prudence" the preliminary steps would be taken to resume testings.

The two leaders also announced that the United States ambassador in Moscow would make contact with Russia with regard to resuming exploratory talks on the Berlin crisis.

That decision was made, the communique said, as the result of the conclusions reached at the Big Four foreign ministers and NATO council meetings recently in Paris.

The question of a summit meeting with Soviet Premier Khrushchev "never came up" in the talks between Kennedy and Macmillan, White House Press Secretary Pierre Salinger said.

The communique said the purpose of the contacts on Berlin would be "to ascertain whether a reasonable basis for negotiations can be found."

Kennedy and Macmillan, in a discussion of the Congo crisis, said the meeting between Katanga President Moise Tshombe and Congo Premier Cyrille Adoula was "an encouraging first step" and expressed hope it would lead to further progress between the two parties in "that troubled land."

They said it was of the great-

est importance that "present discussions be actively continued" and agreed on the "importance of avoiding any renewal of armed action while a genuine effort at cancellation continued."

Kennedy took off in his Air Force jet for Palm Beach at 3:56 p. m. Macmillan was to leave for London later Friday evening.

With regard to nuclear tests, the communique said:

"The President and the Prime Minister considered the problems of the nuclear arms race. They took note of the new situation created by the massive series of atmospheric tests conducted in recent months by the Soviet government after long, secret preparation."

"They agreed that it is now necessary, as a matter of prudent planning for the future, that pending the final decision preparations should be made for atmospheric testing to maintain the effectiveness of the deterrent."

Even 'Santa' Gets Into This Picket Line

PITTSBURGH (UPI) — There was a long blue picket line around city hall Friday and even "Santa Claus" got into the act.

The pickets were off-duty, uniformed firemen who paraded four and five abreast to bring to the public's eye their demands for an average \$857 a year salary boost. They currently average \$5,900 annually.

Approximately 300 of the city's 1,300 firemen reported for picket duty. They walked in shifts, carrying signs and distributing handbills to passersby.

Jerry Schreier, dressed up in a fire-engine red Santa Claus outfit complete with white whiskers, admitted he felt more at home behind the wheel of the pumper he drives for No. 14 fire house.

'Raging' Storms Trap Children In Classrooms

By United Press International
Two surprise snow storms whipped up blizzard conditions, trapped school children in their classrooms and bogged holiday travel across the plains and prairies Friday on the first full day of winter.

One raging storm broke out in the Central Plains, lashed Kansas city shopping crowds with traffic-snarl snows, piled 10 inches of snow on southwestern Iowa and forced school buses off the roads in sections of Missouri, Iowa and Kansas.

To the north, a Canadian Prairie blizzard lashed south of the border, closed scores of schools in North Dakota and swept eastward across the state riding 60 mile an hour winds and carrying bone-chilling, sub-zero temperatures.

School authorities in the Hamburg, Iowa, and Bethany, Mo., areas held children in school buildings when the surprise storm piled up drifts on highways and cut visibility to near zero.

Three buses turned back to the school at Essex, Iowa, after making unsuccessful attempts to take children home at noon.

School authorities said the children were safe in the schools and would be kept there all night if necessary or until blizzard conditions let up.

In the Iowa - Missouri - Kansas storm zone and in North Dakota many schools closed before students could enjoy their annual Christmas parties.

The Iowa highway patrol reported "blizzard conditions" in southwestern and west central Iowa. U. S. 6 was closed west of Des Moines.

Airlines cancelled all flights in and out of Des Moines, Iowa.

Five inches of snow in less than three hours belted Kansas City, and a 7-inch fall hit St. Joseph, Mo. Huge traffic snarls developed in the morning rush hours at both cities.

The storm struck on the heels of warming, clearing weather and the Weather Bureau forecast showed no prediction of precipitation until just before the snow began.

Kennedy To Ask Big Defense Boost

WASHINGTON (UPI) — President Kennedy will ask Congress to appropriate \$50.8 billion, \$2.8 billion more than it did this year, for operation of the nation's armed forces next year, it was disclosed Friday.

The figures were revealed in a letter from Defense Secretary Robert S. McNamara to Budget Director David Bell, detailing and summarizing the administration's judgment of the Pentagon's money needs for the year starting July.

A copy of the letter was obtained by the Army-Navy Air Force Journal, which published it. Kennedy will send his budget recommendations to Congress next month.

The proposed figure does not include \$780 million which Congress appropriated for this year but was not spent.

AF Launch A 'Success'

POINT ARGUELLO, Calif. (UPI) — An Air Force satellite — possibly either a Midas or Ramon "sky spy" — was successfully launched Friday from this Pacific missile base.

The satellite shot skyward atop an Atlas rocket at about 2:30 p. m. EST.
