CHURCH NEWS

All church notices must be presented at The Herald office by 4:30 P. M. on the day before publication.

CONGREGATIONAL CHURCH
Park Avenue and Third Street
J. Bernard Root, Minister
Sunday School 10:00 a.m.
Morning Worship 11:00 a.m.
Palm Sunday Sermon: "An Endless Line of Splendor"
"Triumph Out Of Disaster"
"Would men in these days of breakdown and seeming failure learn how to wrest triumph out of disaster? If ever there was seeming failure and disaster, it was at the end when Christ's life was snuffed out in a criminal execution. His splendid mission to save humanity apparently ended in a fiasco, his closest followers in his hour of need actually deserting and one betraying him. Yet in some strange way he knew how to turn the very shame of that pitiful death into the crowning triumph of his life. The cross, symbol of utter disgrace and failure, has triumphantly turned into a symbol of eternal victory."
—Francis B. Sayre

FIRST CHRISTIAN CHURCH
1401 Sanford Avenue
Herbert J. Bass, Pastor

DEFEAT and VICTORY

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories—and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for All Men eternal life—at the price of His Own Blood!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship among Church members. Neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses

Contractors Told Of Navy's Sums On Building Program

MIAMI (Special)—Construction completed for the U. S. Navy of major contracts during the year ending Mar. 1, 1953 totals \$1,249,000,000. The Associated General Contractors of America heard today at its 31th annual convention in Miami Auditorium.

"This 'snags well' for the program," said Capt. A. D. Hunter, deputy chief of the Bureau of Yards and Docks, U. S. Navy. "Such a program, of course, can't get anywhere without the cooperation of the contracting industry," Capt. Hunter stated.

Capt. Hunter spoke in place of Admiral J. E. Jelley, Chief of the Bureau of Yards and Docks. Admiral Jelley sent his regrets at that he was in the midst of an exhaustive re-survey of the 1954 budget.

"The new administration, I am told in Washington, hopes to be able to spell out its program and issue in some detail by May," said Capt. Hunter.

He called for patience while the screening of construction projects for essentiality is in process.

"Twenty years ago when the first full change-over in the national administration occurred, the Navy budget for the year was a little over \$250,000,000," he said. "This year is somewhat like the previous years that the Bureau of Yards and Docks has spent on Pearl Harbor alone."

"For this fiscal year of 1953, the total Navy budget figure is \$1,249,000,000. This sum for just one year is about equal to all money spent in all of American and all Naval shore construction, history for all Navy real estate if we take this estimate at replacement value."

"Putting it another way, the 'HE THANKFUL YOU CAN SEE' HELP THE BLIND BY COOPERATING WITH THE LIONS CLUB BUY CANDY BALL GUM 'BE SURE ITS FORD'"

budget of this year is 50 times larger than the budget of 1933." Capt. Hunter said the screening process is "practically on dead center." It will take considerable effort to get it off, he declared.

"The screening process that I have talked about is simply this," said Capt. Hunter. "All projects not yet under construction must be re-evaluated in the light of the new defense program. In addition, any project that is underway and less than 20% complete must also be re-justified. In order to do this, the Secretary of each service has had to conduct a preliminary screening within his own department. At this screening, the various management or user activities are being required to justify to the Secretary the continuing need for their projects."

"This list of projects approved by the service Secretary, then goes to the Secretary of Defense. Some final screening has already been completed by the Office of the Secretary of Defense and the process will go on for some months to come."

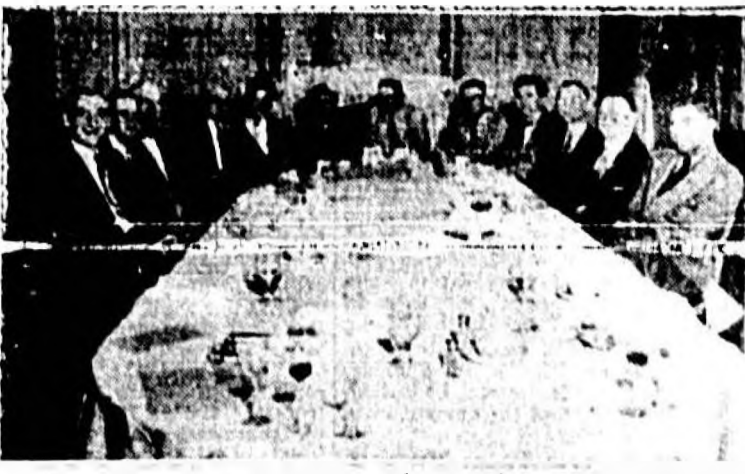

"When the screening is completed, it may be cancelled if a continuing need cannot be shown for the project. Of course, if the need cannot be established, the project should be cancelled. If it becomes necessary to cancel contracts, there will be a definite loss to the Government due to the necessary costs of settlement. For all of our sakes, I hope these occurrences are very few."

"As of March 1 we were further directed to stop advertising for bids, except for projects that had been certified by the service Secretaries and had been approved by the Secretary of Defense. In effect, this order stopped practically all advertising."

"What this means to our program in the Navy is just about as follows: We have had appropriated for public works construction during the last three fiscal years, slightly more than \$1,800,000,000. On March 1, 1953, \$1,249,000,000 of this amount was under contract, leaving an unobligated balance of roughly \$550,000,000."

"The word 'unobligated' here is a misnomer. Some of this total will not be put under contract due to program changes, necessary delays, etc. Some is reserved for change orders, government expenses incident to the program, etc. Our best estimate at present is that something in excess of \$400,000,000 remains to be put under contract. Without the present freeze, about \$300,000,000 of this would have been under contract by September 1, 1953."

The name "Ferdinand" comes from the Portuguese, "Ilha Ferdinand" which means "beautiful island."

Florida Farm Bureau leaders confer with home state members of Congress at dinner during a three-day visit in Washington. They met with Congressmen to discuss Farm Bureau position on major national issues. They also conferred with top administration officials and several operations of the Department of Agriculture. Around the table they are: Rep. James A. Haley, Sarasota; R. R. Denlinger, Dale City; Rep. Dwight I. Rogers, Ft. Lauderdale; Sen. Steward E. Holland, Bartonsville; Paul Council, Hialeah; Mrs. Anna P. Kent, Manatee; C. R. Walker, Pensacola; Tom McClain, Winter Park; Rep. Charlie Bennett, Jacksonville; Bob Pittman, Apopka; Rep. Billy Matthews, Gainesville; and Sen. I. Peck, assistant to Sen. Smathers, Jacksonville.

Congressman Says People Are Tired Of U. S. Subsidies

WASHINGTON (Special)—Rep. Charles E. Bennett (D-Fla.) said today he believes the American people have come to see the fallacy of government subsidies and are tired of them.

Bennett, addressing a group of home state Farm Bureau leaders at a dinner meeting here, said there is altogether too much money being frittered away by the federal government on outright gifts and subsidies to the people.

The representative was one of six Congressmen from that state who were honor guests of a delegation of Florida Farm Bureau representatives here to discuss national and international issues affecting agriculture.

Others present were Sen. Spradling, Holland and Ipeps, Dwight I. Rogers, Robert L. E. Sikes, D. R. Matthews, and James A. Haley. The entire group praised Farm Bureau efforts to promote a balanced federal budget, particularly the farm organization's willingness to give up some of the services extended by USDA in the interests of reducing overall government spending.

One of the principal cuts proposed by Farm Bureau has been that Agricultural Conservation Program appropriations be reduced and payments made only for projects which are NOT a normal part of good farming operations. Bennett characterized Farm Bu-

Blues In The News

The Sanford Armory was the scene of a noisy urban drama last night, sponsored by the men of FARMON. Starting at 8:00 p.m., the band dinner began at 100 p.m. and was followed by an evening of dancing. A large band and the dance were also very lively. 1500 people had come to the party, moving the air.

Program Announced For Vesper Service

Songs from Scripture, an all music service in keeping with the Lenten season, will be presented at the First Presbyterian Church at 8:00 o'clock Sunday, the Rev. W. C. McNeil announced today.

The service will begin promptly at 8:00 o'clock in contact with former years when the program was given as a night service.

The sanctuary will be decorated by a special committee from the Business Women's Circle under the chairmanship of Mrs. Jack Armstrong.

Since the service will not conflict with any other being given in the city, the minister said he hoped everyone would feel free to accept the invitation to join in the worship.

These planning to be present are urged to be seated prior to the 8:00 o'clock starting time and thus avoid interrupting the service.

The program that is being given by the members of the Chancel Choir under the direction of Mrs. George Touhy, minister of music, includes ten anthems and three organ numbers. The full program is: "Still Waters" (Howell Weaver), "Abide With Me" (Wendell Phillips), "The Shadow of Thy Wing" (P. H. Williams), "He Still And Ever" (The First Baptist Church), "I Love Thee, O God" (H. H. Williams), "I Love Thee, O God" (H. H. Williams), "I Love Thee, O God" (H. H. Williams).

Personals

Mrs. Thorne has returned to her home in Sanford after spending the past week in Hartford, Ala.

Mrs. Nick Farrell left Monday for her parents' residence at Lansing, Mich. Friday, Mrs. Farrell had been visiting in Sanford for about three weeks.

Mrs. Theodore Edmunds of Buffalo, N. Y. left yesterday after spending a couple of days as the guest of Mr. and Mrs. C. I. Wynn, Grandview Avenue.

Edith Senkark spent last week-end with her parents, Mr. and Mrs. John Senkark, Sr. on Peach Island. Mr. Senkark is a student at the University of Florida, Gainesville.

Mrs. C. C. Leonard of St. Petersburg received last night as the guest of Mr. and Mrs. A. L. Skinner at 908 Magnolia Avenue. Mrs. Leonard will remain here for a short visit.

Mr. and Mrs. H. J. Gill and son, Dale, returned to their home at 2110 Sanford Avenue Tuesday after spending a 13 day leave in Houston, Texas with Mr. Gill's mother. Mr. Gill is stationed at the Sanford Naval Base.

Robert J. Bauman, president of the Sanford Atlantic National Bank, plans to return tomorrow from the Florida Bankers' Association convention which began yesterday at the Hollywood Beach Hotel in Hollywood.

L. Dale Scott Jr., U.S.N., left today for his duties in Norfolk, Va. after visiting in Sanford. Mr. Scott and son Lee returned earlier this week from Miami where they visited Mr. and Mrs. Richard Brown and family.

Gene L. G. of the University of Florida at Gainesville will arrive tonight to spend the week-end with Mr. and Mrs. A. L. Hill at 1908 Magnolia Avenue. He will return to Sanford again Thursday for the spring holidays.

Mrs. William Denmore living in New York City has been visiting her parents, Mr. and Mrs. M. H. Anderson, on Cameron Avenue for the past three weeks. Mrs. Denmore plans to spend some time at Daytona Beach before returning to New York.

Mrs. Betty Bone Hall and Miss Nancy Bone Hall will arrive tonight to spend the week-end with their parents, Miss Ann Marsh will be their guest over the week-end. All three are students of the University of Florida, Gainesville, and are teacher interns in Jacksonville.

Mrs. W. M. Scott, 120 Elliott Avenue has her guests, her brother, Mr. Guy Ross of Christiansburg, Va. and his son Paul, who is a student at the University of Florida. Mr. and Mrs. Scott are an extra special couple, so congrats to Clinton Ross and Lucia Gaff. You'll look grand together. Familiar sight around the ball now, is Murtle Crissey hobbling and her brother, Mr. Bob Lindholm and Mrs. Richard Craig spent Tuesday in Jacksonville with Mrs. Lou Stine, a former resident of Sanford. Mrs. Lindholm and Mrs. Craig returned with them. Mrs. Lindholm had been visiting in Jacksonville since Sunday.

Miss Olive Anne Adams will arrive Saturday to visit her parents, Mr. and Mrs. W. A. Adams, 2101 Lilly Court. Miss Adams is a student nurse at Emory University, Atlanta and will be home for the Easter holidays. Another daughter, Mrs. Ada Adams, is a student at Tallahassee and will arrive next Thursday and remain home for the holidays.

FAWN-COLORED KNIT JERSEY—Comes from Claire McCord of Towle's collection for spring and summer, 1933. It has a bare-top dress under the high-collared, buttoned jacket with elastic shirred, buttoned back bodice. Belt is marked by red elastic ribbon.

GENEVA NEWS

Bauer Ballard was taken to the Fernald Laidton Memorial Hospital Saturday for an operation. He is reported to be doing fine.

Mr. and Mrs. Richard Kirs have as their guest Mrs. Henry Kirs of Hammond, Ind.

The Geneva P. T. A. held its monthly meeting Tuesday night at the school. The business meeting a spelling bee was held and refreshments were served.

The Geneva Youth Club sponsored a dance at the community hall Friday night a large crowd attended.

De Bary Doings

By KAY A. HENNINGER

It would be impossible to think of the Easter season without thinking of the glorious music that was written in honor of this happy church festival. Those of us who enjoyed the Christmas all music program in the First Presbyterian Church of Sanford, will miss GREATLY the all music service given at the First Presbyterian Church Sunday Vesper Service on Mar. 29. This will be a one hour all music service during which the Chancel Choir will sing ten anthems and Mrs. George Touhy, Minister of Music, will play three organ numbers. The theme of the service is "Songs from Scripture". The pastor of the church, the Rev. W. C. McNeil, has extended a most cordial invitation to everyone. Could you think of a more suitable way to start the observance of Holy Week?

It is hoped that many will address the members of the choir, as in DeLeon Springs at their meeting on the evening of April 2. He will take as his topic "Signs of the Times".

The DeBarry Civic Association, Inc. sponsored a card party at the Orange City Library on Friday evening which proved to be a huge success. Mr. and Mrs. Jules Voigt conducted their ever popular game which they call "Tour de Florida" and gave their social cards for the benefit of the Red Cross fund for the proposed Community Center. Mr. and Mrs. Ralph Goodspeed, who supplied the plants that were given as prizes, donated ten beautiful carnations. The association is most grateful that new building seems near. It is hoped so many good friends to help it.

And here is something else that merits our support. The DeBarry Volunteer Fire Department, this evening a "Fireman's Ball" on Monday evening, Apr. 6, at 8 o'clock, at the Orange City Recreation Hall. You don't know it? They put the Grand March. If you don't want to run, it's worth those who do, and listen to the music of the American Legion. There will be a four show and valuable door prizes; all for a very small donation which will be used to purchase the building equipment and to help carry on the excellent emergency program this organization has worked out for the people of DeBarry.

Joseph Scott for whom and friends donated blood recently, is well as his condition is greatly improved.

Another neighbor was taken to the hospital only Monday morning after having suffered a cerebral attack. We are sorry to have to report that Horace Schuchman seriously ill at this writing.

Mrs. George Demuth has asked us to announce that the marriage of her son, which was to have taken place last Sunday, has been postponed due to the illness of the bride.

Mr. and Mrs. H. C. Carpenter at Orange, N. C. are visiting Mr. and Mrs. Van Simmons.

Mrs. Mary McCabe and her daughter, Catherine of New York City are spending a few days visiting the Mrs. M. Marshall and I. Blackman. Mrs. Marshall and Mrs. McCabe are former associates in New York.

Mr. and Mrs. H. C. Adams have been busy with house guests recently. They enjoyed visits from Ed and Mrs. Warren B. Finn and Mrs. Finn's mother, Mrs. James Finley of East Greenwich, I. C.

Mr. and Mrs. William Becker of Arlington, N. J., Harry Zentgraf of Philadelphia has been spending several weeks as the guest of Mr. and Mrs. Louis Leonard. He is Mr. Leonard's cousin.

Mr. and Mrs. Frank J. DeWald spent several days this week with Mr. and Mrs. Anton Dungan. The ladies are sisters, Mr. Dungan is a brother-in-law.

Miss Emily Fouts, Miss Grace R. Waters, both of Union, and Miss Minnie E. Waters of Belle ville, Ontario, are guests in the home of Mr. and Mrs. Thomas Third.

Mr. and Mrs. S. W. Downes of Albany were visitors for several weeks in the home of Mr. and Mrs. H. S. Shepherd.

George W. Cooper of Battle Creek paid a visit recently to his brother, Russell Cooper. During his visit, they spent a weekend together in St. Petersburg.

Mr. and Mrs. Jules Voigt were busy at a supply store last week and Sunday evening. Their guests were

Page 8
Feb. Mar. 27, 1933

Miss Lou Banks gave a surprise birthday party on Mar. 20 for her sister, Nella. The party was a dessert canna and the guests were Mr. and Mrs. W. Moeschel of Island, Mrs. Louise Carman of Sanford, Mrs. Lou Hoffman and Mrs. Ray E. Peck.

Mr. and Mrs. Gus King had a party on Saturday evening in honor of their daughter, Mrs. Harriet Cotton, who is here on a visit. The guests included Mr. and Mrs. Gene Wald, Mr. and Mrs. Alvin of Island, and Al Kournd of Orange City.

Laws Seen In Wake Of Fire With Big Toll

33 Lose Their Lives In Nursing Home Blaze

JACKSONVILLE—A concerted effort to obtain passage of a bill providing for state supervision and regulation of homes for old folks shaped up today in the wake of the early Sunday fire at Largo which took 33 lives.

The blaze which raged through the old wooden Littlefield Nursing Home focused attention on a measure which has been under study and preparation for some months.

The fire, apparently starting in a supply room of the home, raced through the place in a matter of minutes.

Most of the victims, all of them aged and feeble, died in their beds and were burned to crumbling bones and ashes.

It was the worst tragedy in Pinellas County history and the worst of its kind in Florida history.

Firemen and fire equipment from Ft. Petersburg, Clearwater, Largo and the State Forestry Service raced to the home, but it was too late.

The place was still burning at dawn and was a mass of embers at 9 o'clock.

Firemen played streams of water on the blackened beds so that officials could make an attempt at identification.

Only rubble was finally left.

Miss Gertrude Warnick, a heroic nurse employed by the home, gave her life rescuing the patients. After carrying several of the aged patients out of the flames and back into the flames and did not come out.

There were a dozen stories of heroism. Several feeble old men risked their lives in carrying their friends out of the flames. Mr. and Mrs. W. L. Littlefield, (Continued on page six)

Crippled Children Ready For Daily Orlando School Trip

Harry Smith Is Main Speaker At Rotary Luncheon

Ready to board the station wagon to make their daily weekday trip to the Forest Park School for Special Education in Orlando are the two Seminole County youngsters who have been chosen to accompany Harry Smith, Sr., president of the Rotary Club of Sanford, on his annual campaign to raise money for the crippled children of this county.

The two youngsters, from left to right, are Robert H. Smith, 11, and John Appley, 12. They will be accompanied by their mother, Mrs. Mary Appley, and other members of the club.

The trip is part of the annual fund drive in this county gets under way tomorrow.

Housing Authority Delayed Until '54

Sanford Housing Authority members were told Friday during a meeting with Public Housing officials in Atlanta, Ga. that there will be no construction of any new projects during the next fiscal year and no further construction by any authority that has already completed at least 50 percent of their total allotment.

J. E. McKinnon, executive director of the Sanford Housing Authority, announced that the county has decided to delay construction on a new 40-unit white public housing project costing approximately \$165,000 until July 1, 1954.

Mr. McKinnon pointed out that 40 units in Edward Higgins Terrace have been completed, and that the Sanford program began during September 1948. Both developments are in the Goldblum section.

Local allotments were determined by the results of a survey on sub-standard housing taken in 1950, which showed a greater need for public housing than in any other year. Since then the demand for white housing has increased faster in proportion to the ration, now standing at about five to one.

Mr. McKinnon declared local authorities are beset with a continuing backlog of applications. Nearly 1,000 persons are listed in projects with a long waiting list. The turnover is exceedingly small.

This city's total allotment of P.H.A. units is 420, and of this number, Mr. McKinnon stated 250 houses have been finished. The three projects run to an approximate cost of \$3,500,000.

City Engineers To Conduct Survey Concerning Lake Monroe Pollution

A series of float tests pertaining to the pollution in Lake Monroe will be conducted in the near future under the direction of Robert M. Angas, consulting engineer on municipal improvements for the City of Sanford. Perry M. Teeple, resident engineer, announced today.

The public is invited to participate in the tests to the extent that a nickel each will be paid to anyone bringing to the City Hall any of the small bottles containing identifying tags used in the Angas Float Survey.

The tests will be made at the foot of Sanford Avenue and in the neighborhood of Mill Creek mouth for the purpose of observing the paths taken by surface floaters as the breeze blows them back and forth after they have been placed in the lake, Mr. Teeple said.

"At the time we start the floats on their courses," Mr. Teeple added, "we expect to dump several hundred small bottles each containing an identifying tag and a small amount of sand. The bottles are about three inches high and about an inch and a quarter across the base. A black plastic screw cap tops the green glass and a seal of oiled paper has been added.

"It will be of interest to us to find out where these bottles land when they have been blown up onto the shore or into the face of the bulkhead. To that end, all cooperatively minded people, picnicers and fishermen, for example, who discover a bottle or bottles of the sort described are invited to bring in their finds to us at the City Hall. A nickel will be paid for each properly filled in identification tag brought in its green bottle.

"As you may well imagine, there is a reasonable and serious purpose back of this apparently silly little game. The friendly participation in the impending hunt for green pill bottles, marked 'Angas Float Survey,' will help us to find out something of interest pertaining to the pollution of Lake Monroe by the discharge of Sanford sewage."

Photo by Cox Studio. Ready to board the station wagon to make their daily weekday trip to the Forest Park School for Special Education in Orlando are the two Seminole County youngsters who have been chosen to accompany Harry Smith, Sr., president of the Rotary Club of Sanford, on his annual campaign to raise money for the crippled children of this county.

Zimmerman Gives Address At School Ceremonies Today

The Central Florida Chapter of the Crippled Children's Association starts its 1953 Easter Seal campaign tomorrow to run through the end of the month.

Mrs. Harold Appley, Seminole County chairman, announced today.

Several thousand envelopes, containing sheets of Easter Seals, are being put in the mails today to be sent to homes throughout this area as the annual campaign to help crippled children gets underway.

Mrs. Appley in her letter to local persons wrote that "we are fortunate in Central Florida to have in nearby Orlando the Forest Park School of Special Education for physically handicapped white children and the Excelsior Hospital School for colored crippled children. This makes the Easter Seal appeal to you a personal one for it is children from your community who will benefit from your donations."

The county chairman announced that both of the schools need transportation for the children from outlying areas and in addition need special buses, wheel chairs, therapeutic equipment, adequate milk, orderly and janitor service, clinics, and special diets along with many other important things to aid their progress which are not provided by county or state.

"One of the oldest and largest voluntary agencies in America, the National Society was organized in 1921 when seven states merged their facilities into a federation for the purpose of helping crippled children and adults."

During the past year alone the National Society and its affiliates offered aid to nearly a quarter of a million crippled children and adults through activities including diagnostic clinics, treatment and training centers, convalescent homes and children's hospitals, to mention only a few.

"The magic touch of professional rehabilitation have broken down ignorance and barriers, poverty, shame and indifference, which surrounded the crippled child 30 years ago," Mrs. Appley said. "Those who are literally hidden away from the public have been found in houses, shacks and places where they were once hidden away."

"Because of the efforts of the hundreds of voluntary societies affiliated with the National Society of Crippled Children and Adults as is the Central Florida Chapter of the Crippled Children's Association, more and more crippled children are being given a chance to become respected useful adults."

Ronald Chase, mayor of Sanford, is the president of the association for Seminole County. Robert S. Carr is president of the Central Florida Chapter.

SHOWS IN OCEAN
 FT. LAUDERDALE (AP)—A boat carrying 22 Glasgow, Scotland sailors, drowned Sunday at Port Everglades when the vessel swam too far from shore.

Agent's Purchasing Plan Dropped

The plan to have a purchasing agent for the County road department has been abandoned by the County Commissioners, who have decided to drop the plan.

The plan was proposed by the County Engineering Department as a means of securing the most economical purchase of materials and supplies for the road department. It was also proposed as a means of increasing the efficiency of the road department's purchasing program.

The County Commissioners, at their meeting today, decided to drop the plan because they felt that it would not be worth the cost of maintaining a purchasing agent. They also felt that the road department could handle its purchasing program more efficiently by using its own purchasing staff.

General View Of Ohio Train Disaster

Freight and passenger cars are strewn over four tracks after the crash of two crack New York Central passenger trains and a freight train near Conneaut, Ohio, killing at least 20 persons and injuring about 70 to 100. (Information Soundphoto)

The wreckage of the trains is scattered over a large area, with several cars completely destroyed. The scene is one of chaos and destruction, with twisted metal and debris everywhere. The cause of the disaster is still under investigation, but it is believed to have been the result of a combination of factors, including a signal error and a human error.

Chinese Premier Suggests Plan To End War Similar To One Of UN Rejected By Reds

Stassen Directs Charge Against McCarthy Action

WASHINGTON—J. Harold E. Stassen, foreign and director today accused Sen. McCarthy (R-Wis.) of "undermining" an attempt by the Eisenhower administration to cut off trade between the West and Iron Curtain areas.

Stassen appeared before a meeting of the Senate investigations subcommittee which McCarthy heads and at a televised hearing, told McCarthy to his face:

"You are in effect undermining and are harmful to our objective."

Stassen was referring to Mr. McCarthy's announcement Saturday that the subcommittee staff had negotiated an agreement with Greek owners of 243 ships, to break off all trade with North Korea and Communist China.

In another development today, President Eisenhower was reported to be planning a cut in foreign aid spending.

The Republican leaders in the Senate, including McCarthy, have been accused by Speaker Martin of Massachusetts of making the report as they came out of the White House.

They said the amount of the cut had not been decided, but that there definitely will be a reduction in the 7.5 billion dollars suggested by President Truman.

McCarthy's deal with the Greeks was disclosed over the weekend.

The Wisconsin Republican Saturday announcement said that the agreement provided that the U.S. and Greek owners would not trade any type of munitions or war material in any part of the world.

The agreement, he said, was arranged without consulting the Eisenhower administration.

Administration officials disclosed last night a separate agreement between the U.S. and Greek owners, which would allow the sale of munitions and war material to the U.S. and Greece.

(Continued on page six)

Radar Speed Test

The Federal Highway Administration today announced that it has begun a test of the radar speed test device on the Interstate 75 highway near Jacksonville, Fla.

The test is being conducted to determine the accuracy of the radar speed test device, which is a portable device that can be used by police officers to measure the speed of a vehicle.

The test will run for several months, during which time the accuracy of the radar speed test device will be compared with that of a conventional speed trap.

City's Purchasing Agent's Plan Dropped

The plan to have a purchasing agent for the County road department has been abandoned by the County Commissioners, who have decided to drop the plan.

The plan was proposed by the County Engineering Department as a means of securing the most economical purchase of materials and supplies for the road department. It was also proposed as a means of increasing the efficiency of the road department's purchasing program.

The County Commissioners, at their meeting today, decided to drop the plan because they felt that it would not be worth the cost of maintaining a purchasing agent. They also felt that the road department could handle its purchasing program more efficiently by using its own purchasing staff.

Legislators Will Discuss Issues At Meeting Tomorrow

Another public session scheduled for the next House tomorrow night at 8:00 o'clock when Sen. Harold B. Lee and Rep. V. Lee Williams, Jr. will discuss several of the county legislation which they expect to introduce at the session of the Legislature, which starts Apr. 3 at Tallahassee.

At last week's meeting, Rep. Williams stated he would like to have another session when Statewide matters would be brought up. He especially referred to legislation which would affect inter-municipal warehousing and education.

The Friday afternoon session, in a talk before the 50th annual convention of the Florida Bankers' Association read by his brother, was decidedly declined.

"I will be strongly in favor of the Legislature increasing the levy on most dog tracks without increasing the 12 percent tax."

If such a proposal is introduced, it is expected that it will be discussed in detail at the session. Other items on the agenda include a bill to amend the Constitution to provide for a constitutional convention to be held in 1960.

New Radar Outfit For Catching Speeders Tested By Authorities

Just as modern science has increased the number of ways to catch speeders, so has it evolved means to catch them. One of the latest methods is the radar speed test device, which is a portable device that can be used by police officers to measure the speed of a vehicle.

The test is being conducted to determine the accuracy of the radar speed test device, which is a portable device that can be used by police officers to measure the speed of a vehicle.

The test will run for several months, during which time the accuracy of the radar speed test device will be compared with that of a conventional speed trap.
