Life Uncertain, But They Laugh

By Judy Turner

In the last several years, the two women had lost all their possessions, but they were smiling and laughing as they described the high points of their lives as the wives of jal-alai players.

Senora Carmen Auriola and Senora Pedro Tejero are the wives of jal-alai players Lorenzo and Tejero, who are now playing at the Orlando-Seminole Fronton.

They are also Cuban refugees, who fled after Castro took power, leaving all their worldly goods behind.

Senora Auriola was a third grade teacher in Cuba. Her husband, Lorenzo, is a Basque from Spain. She met him through friends while he was playing jal-alai in Cuba.

After their marriage they lived in Spain and Manila, and returned to Cuba in 1950. In 1960 after jal-alai was closed in Havana they went to Mexico where they lived until they came here this fall.

Senora Tejero and her husband are both Cuban. They came here this fall also after living in Miami for a year.

Neither family, both of whom now live in Casselberry, has any idea where they will go or what they will do when

the season here closes March 4.

Although they could go to Mexico or Spain, where jal-alai is played year round, the women said they would like to stay here.

If they do stay here, the men will have to find jobs in whatever other type work they can find.

Even though their husbands are working in their chosen professions only four months in a year, the women said with a smile "You can get used to anything."

Single players can easily return to Mexico or Spain, but the Auriolas and Tejeros have two children each. The Auriola's oldest child, Marie Carmen, is in school in Casselberry. Their son, Lorenzo, is four.

The Tejero's two girls, Aida and Maria Rosa, have not started school.

Because they must stay home with the children, the wives do not often watch their husbands play. When they do go, they are nervous. Jal-alai is a fast and sometimes dangerous game. The jal-alai ball moves with speeds in the miles per second, and if a player is hit he can be seriously injured or killed.

Since the men play six

nights a week, they are at home during the daytime and the household schedule is not what would be considered normal.

Regular meal times are not observed because the men cannot eat much before the night's play. So the heavy meal of the day is served at 1 or 2 a. m.

It is a hearty meal, cooked in the Cuban style Cuban cooking is spicy, but not hot. It is more closely related to Italian cooking than to Mexican, which is hot.

A typical meal for the lusty eaters includes soup, fish, salad and meat. Dry red wine is served with the meal, and fruit, nuts and cheese are always on the table for dessert.

Coffee and cider are served afterwards.

The holiday meals approaching will also be cooked in the traditional Cuban manner. There will be two big meals, one on Christmas Eve and another on Christmas day.

For Christmas Eve, a roast suckling pig will be served, accompanied by black beans and white rice with an oil and vinegar dressing.

On Christmas Day, a turkey in the United States tradition will be the entree, but it is

stuffed con carne, or with meat.

These are the recipes the women will use to bring a touch of home to their holiday season.

Roast Suckling Pig: Black pepper, garlic clove, tart orange or lemon, oregano.

Crush ingredients in wooden bowl to make a marinade. Spread over pig and punch holes in meat, letting the marinade seep into the holes. Let set overnight.

The next day, put in very hot oven, 450 degrees, and cook until brown. When the meat sizzles, turn oven to 350 degrees, add a little water and cook until done.

Turkey Con Carne Stuffing: Mix chopped meat, salt, pepper, garlic, onion, raisins and bread crumbs for stuffing. Stuff and cook turkey in usual manner.

CLIMATE'S IDEAL
Seminole County's climate attracts many visitors who, after enjoying it during vacation, decide to make their home in the area. Average January temperature is 60.8 degrees, and in August only 82.1.

Local Leadership Called Key To Renewal Programs

Urban renewal projects will bog down without the active leadership and support of local investors, F. Lawrence Dew, Hartford, Conn., chairman of the Build America Better Committee of the National Assn. of Real Estate Boards, advised today.

"The best source of investment in the future growth of most cities are to be found right at home," Dew said. He warned that "unless a city's business and financial leaders realize that the success of local projects is important to the growth of the city and, therefore, to their own vital interests, many local projects will fail."

He urged local companies, particularly those planning future expansion, and financing institutions to invest in the redevelopment of local renewal areas rather than wait for out of town investors.

In the formation of land marketing plans for redevelopment areas, full advantage should be taken of the professional real estate services available in the community, Dew added.

"Urban renewal regulations provide fully for use of brokerage services in the sale of land acquired in urban renewal," he pointed out. "There is no doubt that reliance upon qualified brokerage services will speed the sale of land for redevelopment."

Dew's suggestions were based on a recent study made by a Build America Better Committee advisory team which visited Cedar Rapids, Iowa.

"Cedar Rapids is making great progress in planning urban renewal," Dew said. "However, as in many other cities, the real test will be whether it rests on initial efforts, or whether the city will proceed to develop a broad community conservation program without which any isolated renewal project will be ineffective."

The city was the seventh visited by a BAB team in 1962. Others were San Francisco, Honolulu, Bellflower, Calif., Waco, Tex., Columbus, Ga., and Des Moines, Iowa.

By LARRY VERNEL
That new post office is fine—after you get inside. Some sidewalks are needed from the curb to the entrance, because it's a clock that before long there will be some Keep Off The Grass signs out front.

It was 26 degrees by the Downtown clock . . . oops, I mean Sanford Atlantic Bank clock 6 a. m. this morning.

We hear that Kendall Chase is in line for the state Council of 100 post.

The city today received a check for \$2,300 from Hunt Co. to help pay the cost of materials for the utility lines extension.

It will be interesting to see what the city does Monday night on parking along Palmetto by the old post office. Do they want to keep it angle or revert to parallel.

Get a call that two gentlemen were playing tennis early this morning by Summerlin.

Gordon Frederick's dedication party Tuesday will have to be postponed until Wednesday. Gordon, attorney for the hospital board, will have to attend that meeting. He is also a new director of the chamber, meeting that same night. However, remember invitations although printed for Tuesday will be good for Wednesday.

By the way a dry run will be held Saturday to unloosen the bolts on the license tag.

I wonder how many people are aware of the job the Elks Club has done for the Little Red School House. Did you know the Elks laid the concrete walk, repaired the swings and fixed up the storage shed in the rear of the facility.

The Southside P.T.O. has been requested to buy a slicing machine for the school lunchroom. Seems like pretty standard School Board stuff. Cost \$300.

The County Commission and Chamber will adopt a resolution lending their endorsement to the Sarepta Home when home officials seek House and Home Finance Agency aid Monday for funds to beef up its nursing facility.

Remember those young egg throwers? They'll be back in court this afternoon and the curfews will be lifted . . . will probably get their driving privileges restored.

Went by the Elks hall last night and noticed the old clock is being assembled on the front lawn. Haven't got the faces in yet or the top on, but it looks like the old relic will soon be back in business.

Did you know that the new HLH products outfit will use 1,000 gallons of water a minute, and turn out over a thousand cans of vegetables an hour?

Antenna Systems, Inc., Fern Park, is moving this afternoon from their little old plant to their big new one just a few feet south. One high priority production project there will be transferred with a loss of only one hour in assembly time, so says Ray Hill, manager.

Plans are now on the drawing board for that apartment building project out on the Hunt reservation, and Bill Walter says construction will start next month. Will be the biggest such unit ever built in this area. About time somebody did something for those people that aren't interested in buying a house. Will be open to anybody that can pay the rent, not just company employees.

County Commissioners will have their hands full soon. Condemnation suit on Eastern Shopping Center coming to a head.

is the night you can get \$45, \$35 or \$25 in gift certificates by shopping for bargains in downtown Sanford and being at the drawing right after the 9 p. m. closing hour. The merchants invite you to be their guests at another pre-Christmas special for county shoppers.

WEATHER: Fair, cold, variable winds. Low tonight 45.

VOL. 53 United Press Leased Wire Established 1908 FRI., DECEMBER 7, 1962 SANFORD, FLORIDA NO. 600

Jet Fuel Line Okayed

Twenty-six million gallons of jet fuel will start flowing annually from Lake Monroe to the Naval Air Station early next year as the City Commission in special session today agreed to allow the Sanford Pipeline Co. to construct two and a half miles of pipeline and utilize public rights-of-way for the project.

Gerald Rausch, president of the proposed local company which will be a subsidiary of Southern Standard Pipeline Company of Houston, said his company plans to construct its own docks and a quarter of a million dollar storage installation by the lakefront.

Rausch told commissioners his company is negotiating with Chase and Co. for an acre of land by the Standard Oil tanks on the lakefront for the project.

Commissioners were given the assurance by Rausch today that property owners will be safeguarded along the rights-of-way which will stretch easterly from the City year as well as taxes.

Rausch stressed that 25 million gallons of jet fuel will flow annually as long as the base is in existence here. He added that two massive storage tanks will be built and local people will be hired for the operation.

The fuel will be barged down from Jacksonville.

Hunt Plant Gets Ready For Boss

The huge Hunt plant out on South Sanford Ave. resounds to the clang of hammers and the hiss of welding torches as tons and tons of new food processing machinery is being installed so the plant can go into operation Jan. 18 when the big man himself comes to Sanford for the formal dedication of the installation.

On that date Mr. and Mrs. H. L. Hunt will be here for the inaugural ceremony, said Everett Biggs, plant engineer and construction boss.

The new plant is about 75 per cent complete, with the building finished and the only chores left being the final placement of machinery.

The office building, finished for some time, is located in front of the parking lot. It will house the administrative offices of the plant. The plant representative and the usual bookkeeping department, personnel manager and payroll department.

Also located there is a quality control laboratory and a mammoth scale, the platform of which is just outside the window. On this scale the huge semi-trailer trucks will drive to be weighed before depositing their loads on the produce platform at the north end of the processing plant.

Being put in place now are the necessary machines, all made by Food Machinery Corporation, Lakeland, which will process the vegetables.

The produce will be carried from the platform to the first of several cleaning apparatuses that process the food. For the leafy vegetables, like spinach, there are three washes. All are constantly inspected by workers who can spot a bad leaf or some sand and remove the offending piece before it gets to the huge blanching machines which wilt the vegetable before it is canned and ready for the cooking vats, each holding 18 cases of canned goods.

The amazing ingenuity of mankind is demonstrated in the plant by the weird looking devices that handle and process the food before the canning stage. For instance, there is a machine with a round drum that has a number of odd looking apertures in it. Held by spring force against the drum are a series of triangular shaped knives. As the drum rotates with a load of string beans, the ends of the beans work through the openings and the knives cut them off. By the time the bean is ready for the canning machines it has been cut into pre-determined lengths ranging from one half inch to an inch and a half.

The vegetables are put into the cans and seasoned, the

Three Of The Huge Boilers For Food Processing

Kennedy Tours
OMAHA, Neb. (UPI)—President Kennedy flew today to Offutt Air Force Base, headquarters of the nation's global Strategic Air Command, on the start of a swift week-end tour of atomic and missile installations.

75 Die, 700 Hospitalized By 'Killer Fog'

LONDON (UPI)—The worst night of the four-day-old "grey killer fog" brought London to a halt early today and raised fears that the sulphurous pall will claim more victims.

At least 75 persons—most of them over 60—had died in London alone since the dirt-and-smoke laden fog spilled upon the city and spread across much of England and Wales Monday night. Another 700 were hospitalized.

Officials said the air pollution was as bad or worse than during the epic "killer fog" of 1952. But it was believed the death toll this year would stop far short of 4,000 lives claimed by the smog 10 years ago.

The weather bureau said the end may be near. Today's official forecast said the fog would thin this morning and clear away altogether by afternoon.

The smog turned London into a ghost town last night. Bus drivers lost their way and then gave up entirely. London transport finally canceled all bus runs. Motorists abandoned their cars. Few taxis cruised the streets and citizens went home early and stayed there.

The fog reduced visibility to nil and trapped the few persons remaining outdoors in a cloud that damaged lungs, coated mouths and noses and made eyes smart and sting.

news... BRIEFS

Friendly Talks
MOSCOW (UPI)—Yugoslav President Tito and Premier Nikita Khrushchev today went into their third and final day of "frank and friendly" talks, with Communist China believed to be the major topic.

Adenauer To Quit
BONN, Germany (UPI)—West German Chancellor Konrad Adenauer let it be known today that he will resign from office next fall and that Economics Minister Ludwig Erhard, who is vice chancellor, probably will succeed him.

Small H-Bomb
STOCKHOLM (UPI)—A Swedish scientist who visited a secret Moscow nuclear research institute yesterday said the Russians are working on a "very small" hydrogen bomb that would have little radio active fallout.

Airliner Down
BOGOTA, Colombia (UPI)—A Colombian airliner with 24 persons aboard was reported missing Thursday in bad weather over central Colombia. So far as was known, there were no North Americans among the plane's 21 passengers and three crewmen.

Ike Hits Controls
NEW YORK (UPI)—Former President Dwight D. Eisenhower made an assault on federal bureaucracy today, saying increasing submission to government controls over all activities "is the most serious threat to our American dream."

Military Thanked
ORLANDO (UPI)—Gov. Farris Bryant expressed "deep thanks" Thursday night to the military men stationed in Florida. "We are deeply grateful for your presence, for your friendship," the governor said in a talk at the fifth annual Governor's Military Association Dinner. "You make us proud to be Americans."

Trial Adjourned
NASHVILLE, Tenn. (UPI)—The conspiracy trial of Teamsters' President James Hoffa took a mysterious turn Thursday when Federal Judge William Miller abruptly adjourned court for the week-end. The adjournment followed a three-hour-and-20-minute secret closed session requested by special Justice Department attorney James F. Neal.

Pearl Harbor Day
HONOLULU (UPI)—Hawaii and Americans paused briefly today to recall a day and a chapter in history which, in the age of intercontinental missiles, becomes dimmer in their memories with each passing year. That day was Dec. 7, 1941, when Japanese dive bombers swept over the Waianai Mountains to blast the quiet of a Sunday morning at Pearl Harbor with their bombs and propel the United States into the most devastating conflict in history.

Truce Nears
NEW DELHI (UPI)—Prime Minister Jawaharlal Nehru indicated today that India is nearing a temporary truce arrangement with Communist China but cautioned members of parliament not to regard the terms as final.

You'll Shiver Some More

Seminole County spent a shivery night as the mercury dipped to a low of 26 at Casselberry, 23.5 at Forest City, and 20.5 at the State Agricultural Experimental station on Calery Ave.

According to Cecil Tucker, Agricultural Agent, damage to crops was minor with the exception of the beans that haven't been picked. Tucker says both the beans and the egg plant are probably lost for this year, and there "undoubtedly" was damage to young citrus.

Early frost, brought in on the season's first big cold wave, threatened the state's big winter vegetable crops in all farming districts today.

The Weather Bureau had predicted lows of 23-26 degrees in northern districts, 23-28 in central districts and 23-30 in south-central farming areas. The mercury was expected to get down to 32 near Lake Okeechobee and to 29 away from the water.

The weatherman said the cold weather would linger in the state until at least Saturday.

The cold wave moved into Florida early Thursday and sent the mercury plunging 15 to 20 degrees below normal for this time of year. The cold wave was preceded by rain showers and accompanied by winds up to 20 miles an hour.

Longwood Okays Ordinances On Firearms, Fires

The Longwood City Council passed ordinances on firearms and fires and adopted a resolution to the County Commission on Markham Rd. at Thursday night's first meeting of the month.

The first ordinance makes it unlawful to discharge guns or firearms in the town or carry concealed weapons of any type except an ordinary pocket knife. Description of unlawful weapons includes air guns, sling shots and zip guns.

The second prohibits any person or persons to leave a fire unattended without immediate and constant supervision and bans the burning of any substance which would give off obnoxious or offensive odors.

Both ordinances carry fines of not more than \$500 or a jail sentence of not more than four months, or both.

The resolution to the County Commission dealing with Markham Rd. stated that since much of the damage to that part of the road lying within the Longwood city limits resulted from traffic of heavy county and State Road Dept. equipment over the road, the city feels that repairs should be made by the county. The statement further asks that the road be repaired and put in usable condition.

Driver Is Chilled As Car Crashes

Russell Bass, owner-manager of Master Door Co. of Orlando, Inc., appeared before the council asking for consideration of a zoning variance on property owned by the Atlantic Coast Line Railroad at the Molnar Ave. crossing.

26 Bands To Fill Stadium With Music, March

Sanford's Memorial Stadium will rival the set of "The Music Man" Saturday night as more than 76 trombones catch the evening light, with more than 110 cornets close at hand.

They'll be "followed by rows and rows of the finest virtuosi, the cream of Central Florida Bands."

The scene will not be a movie set, however. It will be the mass concert to be played by 26 leading high school bands, following the Florida Bandmasters District Five March Drill Contest being held here beginning at 7 p.m.

Prior to the concert, the 26 bands will display precision drills and march in review before the five judges. The unusual feature of the event is the fact that this will be the first time that the drill has been held in the fall of the year, and Sanford was chosen for the precedent-setting contest.

Bandmaster Ernest Cowley of Seminole High School is the contest director, assisted by Peter Bukur, bandmaster of the Sanford Junior High School.

Some of the bands to be seen here Saturday have performed in nationally televised events such as the Rose Bowl parade, Cherry Blossom Festival, Macy's parade in New York and half-time shows of professional football games.

Tickets will be on sale at the stadium boxoffice.

Rescuers Seek 36 Trapped In Mine

CARMICHAELS, Pa. (UPI)—Heavy rescue workers battled against time today in an effort to reach 36 men trapped 650 feet below the earth's surface by an explosion in the Frosty Run shaft of a U. S. Steel Corp. coal mine.

Rescuers pushed to within 5,500 feet of an area where the men were believed trapped. At that point, progress was halted as a horizontal shaft was sealed off to permit further advances.

County Realtors Install Monday

Seminole County Board of Realtors will install 1963 officers at a dinner meeting at the Riksha Inn Monday at 6:30 p. m.

James O. Buck, Jacksonville, state president of Florida Assn. of Realtors, will install Chas. F. Field, president; A. R. Lormann, vice-president; Elizabeth C. Kuhn, secretary; treasurer; Mrs. Gladys Brown and Everett A. Harper, directors.

Field will outline board objectives for the new year and announce chairmen for the various board committees.

Retiring President Byron Kimball will report on activities of the board during the past year.

Next Question: Soviet Troops?

WASHINGTON (UPI)—With Soviet offensive missiles and bombers apparently out of Cuba, the United States is now expected to question Russia on its several thousand troops still on the island.

The Pentagon announced Thursday that Russian ships carrying 42 IL-28 jet bombers—the total number the Russians said were in Cuba—had been sighted off the Cuban coast. The announcement came on the 20th day after Soviet Premier Nikita Khrushchev promised to get the bombers out within 30 days.

With the removal of the missiles and bombers Russia is expected to claim that it has lived up to its part of the bargain and to demand the United States give formal assurances against an invasion of Cuba.

But U. S. officials maintain that Khrushchev has still not carried out all pledges of his exchange of letters with President Kennedy. There has been no agreement for United Nations verification of the removal of weapons or assurances against their reentry which

Altamonte Troop 38 Has Court Of Honor

Boy Scouts of Troop 38 in Altamonte Springs held a Court of Honor in the Educational Building of the Altamonte Community Chapel on Wednesday evening. James Fuller, senior patrol leader, presided. Assisting was Robert Mioduch, assistant senior patrol leader. The scouts entertained their guests with humorous skits and singing.

Scoutmaster John Stuart awarded the badges of advancement in rank and merit to the boys. Scouts advanced to star scout were Raymond Gales, Bruce Stuart, John Newell, Gary Garabue, Robert Mioduch and James Fuller. Second class advancements were Jeffrey MacLeod, Charles Hooper, Tim Murray and Raymond Temple. Tenderfoot awards were presented to David Shea, Scott Johnson, Bruce Willis, Kenneth McCoy, John Brock and Stewart James. Merit badges were awarded to Barry Pelt, good citizenship in the community, citizenship in the home and personal fitness; Roger Landerville, citizenship in the nation and personal fitness; Donald Pelt, citizenship in the community and personal fitness; Jack Simmel, citizenship in the nation, citizenship in the community and cooking.

Salvation Army Kettles Start Here Saturday

The Salvation Army Christmas Kettles will go out on the streets of Sanford Saturday at 9 a.m.

Capt. Harry S. Foden, commanding officer of the local corps, announced that several civic clubs will also man the kettles on various days. The Pilot Club will be manning the kettles Saturday, the first day they are out.

This is the Salvation Army's Annual Christmas Appeal and "Kettle" contributions will enable the Army in the true spirit of Christmas to make possible a joyful season for the less fortunate of Seminole County, Foden said.

He said that kettles were first begun in 1894. Salvation Army workers first used this unique way of collecting for the needy on a San Francisco waterfront in 1894. Since then the empty soup kettles, the smiling bell ringer, and the sign urging those passing by to "keep the kettle boiling" have become a familiar sight around the world.

The captain also said "we trust the community will do their best in giving at this time."

Children's Series Seats Available

Tickets for the Children's Series of the three presentations by the Board of the Florida Symphony Orchestra are still available in Sanford. Mrs. Frank Mebane, ticket chairman, said today.

The series has three top flight shows prepared for children up into the early teens; with the first one, the opera, "Amahl and the Night Visitors," which will be seen in Orlando Municipal Auditorium Dec. 27 at 7 p.m. This is the story of the crippled prince who receives a strange visit from three wonderful people.

Captain Kangaroo, the famous television character, will appear on Jan. 5 at 10:30 a.m. and 2:30 p.m. (two performances) to show the children how to have "Fun With Music." The Captain will conduct the orchestra, play some of the instruments and show what kinds of sounds the different instruments can make.

On Feb. 2 at 2:30 p.m. the ballet, "Hansel and Gretel" will be presented. All shows will be held in the Orlando Municipal Auditorium, which seats 3,000 persons.

RA's Meet In Lake Mary

By Frances Wester The Royal Ambassadors of the First Baptist Church of Lake Mary held their regular meeting at the church Saturday afternoon.

Rev. Ralph Taylor opened the meeting with prayer and gave the devotional. After a short business session the program was given by Buddy Stokes, Dale and Greg Wilhelm and Mike and Jack Hamm.

Rev. Taylor closed the meeting with prayer.

Forest City Group To Build Club House

Members of the Forest City Community Assn. will meet at 1:30 p.m. Saturday on the county-donated property in Lake Harriet Estates to discuss plans for their 30 foot by 30 foot club building which will eventually be erected on the site.

Program Of ACP Set For County

The Seminole County ACP Development group has announced the agricultural conservation program for 1963. This new program is designed to help the farmers and ranchers of the county carry out needed conservation of the county's soil, water and wildlife resources and contains conservation measures adapted to meet the special needs of the county's agriculture.

All farmers and ranchers who have conservation problems on their agricultural land and who need help in solving same are urged to contact the Agricultural Stabilization and Conservation Service office in regard to participating in the ACP. The initial sign-up period began Dec. 3 and will run through Jan. 15.

The program is administered by the ASC County Committee, and the office is located in County Agricultural Center, Rte. 2, Sanford, three miles south of Sanford on Hwy. 17-92.

The 1963 ACP was developed recently in a meeting of the agricultural agencies in the county together with the ASC County Committee. The agencies include the County Agent, FIA administrator, BES technician and farm forester.

Circle Party Set Today

By Louise Blumack The Jane Hill and Alice Price Circles of the Altamonte Springs First Baptist Church will combine their December meeting this evening by having a covered dish supper to which members' husbands also are invited.

The ladies have decided to change their practice of a gift exchange this year and instead, each person is to bring a gift suitable for the church kitchen. In this way, the kitchen will be replenished with many badly needed items.

Church Plans Woman's Day

By Virginia Chadwick The Community Church of Chulohota will observe Woman's Day this Sunday.

Mrs. Lilliane Murphy will speak on the history of the Women's Christian Fellowship and service projects will be related by Gwen Myers. Goals and intentions will be given by members of the Dorcas Circle of the WCF and a financial report will be given by Hilda Shupe.

CUB SCOUT DEN SIX, of Pack 894 is shown here as they met with their Cubmaster Jack Milwood and Den Chief, Ray Dunn at 125 Country Club Rd. From left front row are Charlie Dyne, David Patterson, Mike Voltolina, Ray Milwood,

Forest City Group To Build Club House

Members of the Forest City Community Assn. will meet at 1:30 p.m. Saturday on the county-donated property in Lake Harriet Estates to discuss plans for their 30 foot by 30 foot club building which will eventually be erected on the site.

Announcement that plans for the construction to begin as soon as arrangements are made for a building permit was made at Monday night's meeting of the group by Murray Long, chairman of the building committee.

A recommended slate of new officers presented by the nominating committee named C. M. Atchley, president; Richard Parden, first vice president; Bryan Benjamin, second vice president and Mrs. Darnette Croyle, secretary. Treasurer William McGinnis was nominated for another term.

UPW To Meet In Casselberry

By Jane Casselberry The United Presbyterian Women of the Casselberry Presbyterian Church will meet at the home of Mrs. John N. Montgomery, 2026 Chippewa Trail in Dommerich Hills at 8 p.m. next Wednesday.

Mrs. Bernard Stare of Daytona Beach, president of the North Florida Presbyterial, will be guest speaker and will install new officers of the local group.

Khrushchev, Tito Must Wink At World When They Embrace

By Phil Newman As Nikita Khrushchev and Josef Brest Tito embraced at Moscow's Kievsky railway station, it scarcely would have been surprising if the eyes of one of the other had closed in a sly, secret wink.

Each would be entitled to his moment of private amusement by going back no further in history than 1955.

The twists and turns of Soviet-Yugoslav relations actually go back to 1948 when Josef Stalin expelled Yugoslavia from the Cominform and Tito cried out that there had been a "terrible mistake."

But it was not until 1955 that Khrushchev began to take a personal hand in dealing with Tito, whose sin had been that he was the first Communist satellite openly to challenge the leadership of Moscow.

Arriving in Belgrade with former Soviet Premier Nikolai Bulganin, Khrushchev blandly explained that the fault had been that of Lavrenti Beria, disgraced and executed former head of Soviet secret police, that Soviet leaders fully understood Tito's visit to the Soviet Union and Tito's assertion:

"In peace as in war, Yugoslavia must march shoulder to shoulder with the Soviet Union toward . . . the victory of socialism."

Out of this also came a Soviet loan of \$175 million, plus a Soviet promise to supply Yugoslavia with 300,000 tons of wheat.

In October the Hungarians revolted against Kremlin rule

Area Lutherans Plan Special Advent Services

By Jane Casselberry Special mid-week Advent Services have been announced by Pastor C. R. Zehnder to be held at the Ascension Lutheran Church of Casselberry on Wednesday, Dec. 13 and Dec. 19 at 7:30 p.m.

The church will hold a Family Night this Sunday evening. A covered dish supper will be served beginning at 8:30 p.m. and during the evening the Ladies Guild will conduct a Christmas Bazaar in the Sunday School room.

Colored movies showing the dedication of the church will be shown. A door prize will be awarded and there also will be gifts for the children.

Lake Mary Representatives Attend Meet

By Frances Wester Representatives of the First Baptist Church of Lake Mary attended the special "M" night held at the First Baptist Church in DeLand Monday night.

This meeting is held once each year as part of the Training Union activities. Those attending from Lake Mary were Mrs. James Gray, Mrs. Grace Brown, Herbert Hamm, Sherry Gray, Rev. Ralph Taylor, Ralph Taylor Jr. and Elizabeth and Lamar Taylor.

Senator Didn't Do Homework

By Lyle C. Wilson WASHINGTON (UPI) — Sen. Allen J. Ellender, (D-La.), had done his homework before traipsing off to Africa, he would have been better prepared for what he encountered.

Ellender was shocked and astonished in Africa. He popped off that he had not even any part of Africa where Africans were ready for self-government. More, he said the average African is incapable of leadership without white assistance. Uganda, Ethiopia and Tanganyika promptly barred him as an undesirable visitor.

His sharply adverse statement falls in two parts. As for leadership, the average white man isn't much of a leader, either, although the white race can, and does,

develop leaders of great ability. These great leaders attract and manipulate the masses of average white persons. So much for leadership and Ellender should have known all about it.

If he had done his homework the senator also would have known that United States and United Nations policy is that African and other colonial peoples are not required to be ready to govern themselves before they are given the responsibility of self-government.

This contradictory policy has the endorsement of both the United States and a majority of the UN Assembly. It is in the record of UN proceedings on Nov. 21, 1961. It is, therefore, a policy of the Kennedy administration.

On that date there was introduced before the assembly a resolution to speed up the effectiveness of a previous UN declaration on independence for colonial peoples. This resolution committed its supporters to this proposal:

"That inadequacy or political, economic, social or educational preparedness should never serve as a pretext for delaying independence."

That is what the resolution said in simpler language, if a nation of colonial tribesmen is utterly unfit in all respects to govern itself.

make 'em independent anyway and let 'em themselves fight it out among themselves at UN expense.

By its vote, the United States promised its world image as the friend and godfather of colonial peoples, especially Africans.

The U. S. vote also must have been calculated to please the great minority group of Negro voters in this country. American Negro leaders increasingly identify with the aspirations of African colonialists.

Samoa and other natives of the Pacific Islands administered by the United States as UN trustees do not have a great minority voting bloc in the United States. When independence was proposed last June for those islands, the United States had a quiet and curt reply, as follows: Independence for the islands would be premature. They were not ready for it.

Glee Club Elects Officers

By Mrs. Adam Muller New Officers of the DeBarry Glee Club were elected at a meeting of the group held last week in the Community Center.

In the group were Stanley A. Rader, president; Mrs. Charles Cressay, vice president; Mrs. Everett Walle, secretary, and Dr. Garretta Berger, treasurer.

Appointed officers went to Ludwig Kupec, librarian; Thomas Burr, custodian; Mrs. Harold Howe, publicity; Mrs. Harry Whitaker, director, and Mrs. Harry F. Brown, accompanist.

Serving on the nominating committee were Robert N. McGee, chairman, and Mrs. Harold Barry and Mrs. H. Condit.

Announcement was made that the Christmas Party for club members and their guests will be held at 7:30 p.m. next Wednesday at the Center. In charge of refreshments and social hour will be Mrs. Cressay, chairman, and Mrs. Condit, Mrs. D. Deming, Mrs. James Duffy, Mrs. F. Goodson, Mrs. Howard Green, Mrs. F. Hawthorne, Mrs. Harold Howe, Mrs. Kupec, Mrs. W. Lakeman, Mrs. McGee and Mrs. A. C. Summers.

More Electricity

NEW YORK (UPI) — Electrical energy output in the nation last week rose to 16,000,000 kilowatt hours from 16,100,000 a week ago and compared with 15,954,000,000 in the same week last year.

Club Hears Program On Japanese Holidays

By Linda Stewart
The annual Christmas luncheon meeting of the Altoona Springs Civic Club was held Wednesday at the Community Club on Mainland Ave. with some 60 members and guests present for the occasion.

The meeting room was beautifully decorated throughout for the luncheon and the fireplace was resplendent with holiday ornaments and lighted candles. The buffet table, laden with a wonderful abundance of delicious foods, was tiered with silver and gold decorative balls on a red net tablecloth.

Results of time and effort spent by Mrs. Jeff Hodges, decorations chairman, and her committee were much in evidence and the room was transformed into one of holiday beauty and spirit.

The surprise program, presented by Mrs. William Merrill, featured two very gracious Japanese ladies, Mrs. Kay Rowland and Mrs. Martha Ford, who spoke on tradi-

tions and customs centering around the celebration of Christmas and New Year's in their native country.

Mrs. Ford pointed out that Christmas, as it is observed here, has only been celebrated in Japan for about the past 100 years since Christianity was accepted by the country.

Japan's biggest celebration is the New Year at which time everyone celebrates his birthday during three-day festivities. This is the time for gift exchanges which consist primarily of food due to the scarcity of food in the past years.

Decorated Christmas trees are quite rare. A tree sent to a little Japanese boy by one of the guest speakers was reported to have been the center of attraction for the entire neighborhood and was the first the area had ever seen.

The guests, who appeared in authentic Japanese kimonos, are members of a Japanese group now living in this area which is trying to raise funds to sponsor a day

nursery in Japan to aid working mothers and fathers.

To do this, the ladies make and sell Japanese dolls, real collector's items, which are made of materials straight from Japan and are completed in such minute detail as to be in the same class as a figurine. These dolls were offered at reduced prices during the meeting to members of the club.

Wednesday's program came to a joyful conclusion with all recent joining in the singing of Christmas carols.

Church Makes Final Payment On Organ

By Virginia Chadwick
Rev. Ben F. West, pastor of the Chuluota Community Church, announced recently that the final payment on the organ was accomplished due to willingness of giving on the part of the young people and many others in the church.

In May of 1961 the down payment was made and an agreement to pay \$15.25 per month for 30 months was signed. After only 18 months the final payment was made and the church organ rededicated.

Bridge Club Names Winners

Thirteen tables were in play at this week's Tuesday afternoon meeting of the DeBary Duplicate Bridge Club in the Community Center.

Winners announced were, NS, first, Mr. and Mrs. Howard Middleton; second, Mrs. Ida B. Wilson and Mrs. E. E. Anderson; third, Col. and Mrs. W. W. Hague and fourth, Mrs. Ruth Blatt and Phil DeBerard.

EW, first, Mrs. R. W. Ackerman and Oscar Barnett; second, Mrs. H. B. Morrison and Mrs. Myrtle Dunnebacke; third, Mrs. Virginia Singer and Mrs. O. N. Lackey and fourth, Mr. and Mrs. E. M. Hinkle.

Women's Club Okays Plans For Building

By Jane Casselberry
The Women's Club of Casselberry held a business meeting Wednesday night with Mrs. Dorothy Grimwood presiding.

Final plans were approved for the completion of the front of the Clubhouse which will include a roof over the porch and wrought iron columns and railings. Bids from several contractors were discussed and Darwin Shea's was found to be the most satisfactory. Construction is scheduled to start in January.

The club is planning a Christmas Party for Dec. 19 at 8 p. m. at which time members will invite their husbands to attend the meeting. A Christmas program will be presented and members will exchange gifts. Those attending are asked to bring canned goods to fill baskets for needy families.

The club will make cancer pads on Jan. 16 at a meeting to begin at 1 p. m. at the clubhouse. All ladies in the community are invited to participate in this worthy project.

Post To Meet
The executive board of American Legion Memorial Post 256 of Casselberry will meet at 8 p. m. next Tuesday at the Town Hall in Casselberry.

MYF Groups Host Meeting Of Sub-District

By Jane Casselberry
The Senior and Intermediate Methodist Youth Fellowship groups of the Casselberry Community Methodist Church were hosts Tuesday night to the Christ the King Sub-district.

A Christmas play, "One Clear, Bright Star," by Pearl Holloway was presented by the local group.

Members of the cast were Roger Mobley, Carl Swafford Jr., Dan Brazell, Valerie Shea, John Haynes, Jim Parsons, Glenda Payne, Loleanne Wagner, Marsha Lyons, Sherri Lovell, and Becky Wagner.

The Junior Choir of the church sang "Fairest Lord Jesus." Dan Casselberry, sub-district Christian Fellowship chairman spoke on the real meaning of Christmas and led the group in singing Christmas Carols.

Mrs. Darwin Shea, Christian Fellowship counselor, assisted in planning the program and played the organ.

Refreshments were served in Weaver Hall following the short business meeting. Approximately 85 young people attended with representatives from Pine Hills, College Park, Oria Vista, Lockhart and Casselberry Methodist Churches.

Are we letting it fade away?

Today, she worships in a land of religious freedom. But, what of tomorrow?

Unless we keep America powerful—spiritually, morally, and militarily strong—our freedom to attend church . . . to read the Bible . . . even to worship at all will fade away!

Freedom of our individual initiative and enterprise is the mainspring of America's strength. Allow it to be weakened or destroyed and our continued existence as free and independent citizens is seriously threatened.

Helping to keep America the most powerful electric nation on earth is a responsibility we're proud to share with the nation's great electric companies. Together with Florida's other tax-paying power companies, we are expanding and strengthening our interconnecting network to make it even more dependable, more powerful for all Florida.

Today we are engaged in the greatest expansion program in our history. By 1966, projects now under construction will add 1,575,000 kilowatts—increasing present system capability by 65%, helping make Florida . . . and America . . . more and more powerful!

FLORIDA POWER & LIGHT COMPANY

One of America's More Than 300 Investor-Owned Electric Light and Power Companies Helping to . . . *Keep America Powerful*

Seminoles Open Basketball Slate Here Tonight

Jayvees Also Play

Sanford's basketball team will be trying for a first start tonight in their season opener against Titusville, meeting a club that with the Jayvees in last year's season.

Some of the members on the Sanford squad will remember that the Jayvees took an early lead that was hard to overcome last season, although Sanford finally pulled out a squeaky 52-49 victory.

Mike Winters, the team's leading scorer, was the big man for his team last year, scoring 15 points. Dutch Moore, who will start tonight at the other forward, scored 12 in the 1951 opener and Barry Brown, center, scored 14 for the local team.

Bruce Williams and co-captain Don McMuray and David MacGillivray will be the other starters for the Seminoles in Bill Fleming Gym tonight.

The Junior Varsity will play the Terrier Jayvees at 7:30 p. m. and the varsity contest will follow. The Sanford Jayvees also won their opener against Titusville last season, edging them 56-52.

Tresh Winner Of Rookie Title

BOSTON (UPI) — Switch-hitting Yankee infielder-outfielder Tom Tresh gave the world champions another prize today when he was named the American League's 1952 Rookie of the Year by the Baseball Writers' Association.

The 24-year-old Tresh, now playing at Central Michigan University, joined Yankee outfielder Mickey Vernon who was the league's Most Valuable Player award two weeks ago, to give New York two of the most coveted individual honors in the league.

Tresh, following in the footsteps of shortstop Tony Kubek, 1951 rookie winner, took over in the New York infield when Kubek entered the Army. Playing 111 games at shortstop, Tresh moved into the outfield for 42 more games when Kubek returned from the service to reclaim his job.

The son of former major league catcher Mike Tresh, Tom batted .306 with 178 hits in 137 games, 94 runs scored, 28 runs driven in, 26 doubles, five triples and 20 home runs. Tresh collected 13 of the ballots from two BBWA members in each of the 16 American League cities. Catcher Bob Rodgers of the Los Angeles Angels, who hit .289 during his rookie season, picked up three votes.

The remaining three went to Minnesota Twin infielder Bernie Allen, Los Angeles pitcher Dean Chance, and Boston reliever Dick Radatz.

Allen hit .289 while Chance had a 16-10 record and the league's fourth best fulltime earned run average of 2.90. Radatz had a 9-6 record and a 2.58 earned run average in 125 innings, short of the 150 innings necessary to qualify for earned run leadership. His 63 games led the league's pitchers.

PACKERS DE LUKE • • By Alan Meyer

JOE SCHMIDT, DETROIT LINER, WHO IS ONE OF THE BEST GENERAL CALLERS IN THE BUSINESS, IS A FAVORITE OF ALL THE LEAGUE'S SELECTION.

Al Kelley Gets Lead At Gables

CORAL GABLES (UPI) — The second round of the \$20,000 Coral Gables Open golf tournament was scheduled to get underway in chilly weather today with a flagging pro and his second hand partner leading the field.

Young Al Kelley, recently discharged from the air force, led 120 top professionals in the first round Thursday, carding a six-under-par 65 with his accurate shooting.

Kelley blazed around the palm-studded Biltmore golf course here with rounds of 23 and 23 Thursday in his first PGA tournament.

Breathing down his neck was Dave Ragan, who ended the first round with a 66.

Ragan looked like he would tie Kelley Thursday but he missed a 20-footer on the last hole as a chilly dusk descended over the annual course.

Two strokes behind Kelley were Rex Baxter of Amarillo, Tex., and Bill Collins of May-

crisles, Pa. Ed Furgal from Miami and Gay Brewer of Middletown, Ohio, were at 67.

Tom players carded 67 on the seven-chilled course Thursday and defending champion George Knudson of Winnipeg, Canada, had a 71.

High scores for the evening, though, resulted from some steady but unimpressive bowling by Bob Lavender, who had a high game of 128 but a low 88 series.

The leader had a good night with Midge Williams rolling a 172/67 and Nan Quim reaching up a 128/45 series.

The splits were peculiarly chaotic, only two being reported for the evening, a 9-10 picked up by both Nan Quim and Marion Rankin.

Besides Don Ethell's five in a row, Jack Kanner struck four strikes on a string and David Oldham, Tom Best, Bob Lavender, Don Jovi and Nan Quim all swept the ropes twice for turkeys.

Completing his second deal since taking over his new job with the Senators, Selkirk obtained infielder Mary Breeding, outfielder Barry Quirk from the Orioles for pitcher Pete Burnside and infielder Bob Johnson.

At the baseball meeting in Rochester, N. Y., last week, the Senators traded first baseman Harry Bright to Cincinnati for first baseman Regalio Alvarez.

Selkirk said Shetness would bolster the team's sagging left-handed hitting corps. He added that the 25-year-old Breeding probably would play shortstop or third base.

Quirk, viewed as a promising left-hander, pitched well against the Senators on two occasions last year before Baltimore sent him down to Rochester. The 24-year-old southpaw had two wins and two losses with Baltimore last season and a 7-6 record at Rochester.

Breeding looked particularly good against the Senator last year. He batted .304 in 14 games against them.

Packers Seek Pro Title Clinchers

By United Press International
The Green Bay Packers go West this weekend seeking a pair of victories that will clinch off the Detroit Lions and set up a return meeting with the New York Giants in the National Football League's championship playoff.

Green Bay, only one game ahead of the Lions with two left to play, takes on the Forty Niners at San Francisco while Detroit is at home against the Minnesota Vikings. Green Bay is favored by 11 points; Detroit by 14.

Meanwhile, the Giants, who clinched the Eastern Division title last Sunday, play a 60-minute game against the Cleveland Browns in New York. The Giants are the pick by even odds.

On Saturday, living-room football fans will get a chance to see the Packers in action in addition to the weekly college game. The Washington Redskins-Baltimore Colts game will be televised nationally by CBS prior to the UCLA-Brown game from the West Coast on the same network.

In Sunday's other NFL game, the Chicago Bears are favored by 12 points at home against the Los Angeles Rams; the Dallas Cowboys are picked by three over the Cardinals in St. Louis, and the Philadelphia Eagles are three at home over the Pittsburgh Steelers. The Colts are favored by nine points at home in the Saturday game against the Redskins.

After the game with the Forty Niners, Green Bay winds up the season in Los Angeles. The Lions' season finale is in Chicago. If the Packers win, called in a tie, a playoff would be held in Detroit, Dec. 28.

While Post Morning and Rochester Dan Currie should be available for full-time duty with the Packers, the Forty Niners are in poor physical shape.

Halfback Kliner fractured a leg in an automobile accident Wednesday night. Defensive end Clark Miller also is out for the season and offensive tackle Bob St. Clair and defensive back Jim Ridlon are doubtful starters.

Detroit has won six straight games, including a Thanksgiving Day victory over Green Bay, but needs an upset by one of the West Coast clubs to force a division playoff.

The Giants-Browns game traditionally has been the Eastern Division's hottest rivalry, but the edge is off this season because New York no longer must win.

The Browns' incentives are a better-than-500 season, a berth in the Playoffs, a return to the NFL's top ranking and a satisfying coach Paul Brown's reaction for anything identified with New York.

The Browns' incentives are a better-than-500 season, a berth in the Playoffs, a return to the NFL's top ranking and a satisfying coach Paul Brown's reaction for anything identified with New York.

Ethell's Big 218 Leads Bowlers

In the Sunday night Mr. and Mrs. League, it was Don Ethell's five in a row that gave him the high game for the night, a pin-splitting 218 that helped along to a 510 series.

Jack Kanner, for the second consecutive week reached up a big 215/208 and Don Jovi came in with a neat 130.

High scores for the evening, though, resulted from some steady but unimpressive bowling by Bob Lavender, who had a high game of 128 but a low 88 series.

The leader had a good night with Midge Williams rolling a 172/67 and Nan Quim reaching up a 128/45 series.

The splits were peculiarly chaotic, only two being reported for the evening, a 9-10 picked up by both Nan Quim and Marion Rankin.

Besides Don Ethell's five in a row, Jack Kanner struck four strikes on a string and David Oldham, Tom Best, Bob Lavender, Don Jovi and Nan Quim all swept the ropes twice for turkeys.

Completing his second deal since taking over his new job with the Senators, Selkirk obtained infielder Mary Breeding, outfielder Barry Quirk from the Orioles for pitcher Pete Burnside and infielder Bob Johnson.

In Burnside, the Orioles obtained a pitcher who won five and lost 11 for the Senators last year and hit 13 home runs.

Quirk, viewed as a promising left-hander, pitched well against the Senators on two occasions last year before Baltimore sent him down to Rochester. The 24-year-old southpaw had two wins and two losses with Baltimore last season and a 7-6 record at Rochester.

Breeding looked particularly good against the Senator last year. He batted .304 in 14 games against them.

Senators Start Trading Deals As Promised By Boss Selkirk

WASHINGTON (UPI) — General Manager George Selkirk, who promised "a number of changes" among the Washington Senators, backed up his word today by obtaining three new players in a five-man deal with the Baltimore Orioles.

Completing his second deal since taking over his new job with the Senators, Selkirk obtained infielder Mary Breeding, outfielder Barry Quirk from the Orioles for pitcher Pete Burnside and infielder Bob Johnson.

At the baseball meeting in Rochester, N. Y., last week, the Senators traded first baseman Harry Bright to Cincinnati for first baseman Regalio Alvarez.

Selkirk said Shetness would bolster the team's sagging left-handed hitting corps. He added that the 25-year-old Breeding probably would play shortstop or third base.

Quirk, viewed as a promising left-hander, pitched well against the Senators on two occasions last year before Baltimore sent him down to Rochester. The 24-year-old southpaw had two wins and two losses with Baltimore last season and a 7-6 record at Rochester.

By JACK TRIM
I was standing on the edge of the St. Johns River the other day and a boat went kicking by with a familiar face in it and some lettering on the side (of the boat) that read "Golds Service."

A lingering look, and the fact that the boat wasn't going too fast, revealed that the face was that of Phil Hallings, former operator of the Ocotem Bridge Camp.

Phil is the hardest sick man I ever saw. He has been in and out of the hospital for a long time now, but nothing can keep him off that river. So, there he was running a fishing guide boat.

And if anybody can guide anybody to where the fish are in the St. Johns, he can.

While standing on that same river bank spot, I also saw a couple of the biggest grine ever known to man.

Couldn't identify the owners of the boat, but the people held up a string of the finest specks you ever saw as they went by—sort of pleased, they were.

And those weren't the only specks caught that day (Wednesday) in the Lake Jessup section. Fishermen who fished long enough caught their limit and I'm told the same situation is true in Lake Harney and Monroe.

Back around the first of this month, I consulted the fish leaves, went into meditation and finally predicted that good fishing might get pretty good on Dec. 8.

That's Sunday and the date didn't really matter—it just happened to fall on the fall moon this month.

Well, during this past week, there have been several catches of up to 15 shad in the St. Johns, a few of them with roe. People have started fishing for them in earnest and indications are that a good run is approaching.

If it doesn't show up Sunday, at least the advance party is giving a little sport to those individuals afflicted with early season shad fever. A few won't cure it, in fact, just agitate it, but if the disease is rampant, can the cure be far behind?

Never can get much information from the hunters—they seem to have guilty consciences mostly, but a reliable source revealed that John Tracy got a deer and two turkeys during the opening period of the season.

Sanford Mayor Jimmy Crapp returned from his hunting trip full of jokes, but wouldn't talk about how his aim was.

A dispatch from Panama City reports that nine bears weighing a total of 2,500 pounds were killed in the Apalachicola National Forest during the bear hunt there.

About this time of the year, we usually get a picture from Gus Schmah or some of his boys with a big bear, but none has turned up so far.

Al Kelley Gets Lead At Gables

CORAL GABLES (UPI) — The second round of the \$20,000 Coral Gables Open golf tournament was scheduled to get underway in chilly weather today with a flagging pro and his second hand partner leading the field.

Young Al Kelley, recently discharged from the air force, led 120 top professionals in the first round Thursday, carding a six-under-par 65 with his accurate shooting.

Kelley blazed around the palm-studded Biltmore golf course here with rounds of 23 and 23 Thursday in his first PGA tournament.

Breathing down his neck was Dave Ragan, who ended the first round with a 66.

Ragan looked like he would tie Kelley Thursday but he missed a 20-footer on the last hole as a chilly dusk descended over the annual course.

Two strokes behind Kelley were Rex Baxter of Amarillo, Tex., and Bill Collins of May-

crisles, Pa. Ed Furgal from Miami and Gay Brewer of Middletown, Ohio, were at 67.

Tom players carded 67 on the seven-chilled course Thursday and defending champion George Knudson of Winnipeg, Canada, had a 71.

High scores for the evening, though, resulted from some steady but unimpressive bowling by Bob Lavender, who had a high game of 128 but a low 88 series.

The leader had a good night with Midge Williams rolling a 172/67 and Nan Quim reaching up a 128/45 series.

The splits were peculiarly chaotic, only two being reported for the evening, a 9-10 picked up by both Nan Quim and Marion Rankin.

Besides Don Ethell's five in a row, Jack Kanner struck four strikes on a string and David Oldham, Tom Best, Bob Lavender, Don Jovi and Nan Quim all swept the ropes twice for turkeys.

Completing his second deal since taking over his new job with the Senators, Selkirk obtained infielder Mary Breeding, outfielder Barry Quirk from the Orioles for pitcher Pete Burnside and infielder Bob Johnson.

At the baseball meeting in Rochester, N. Y., last week, the Senators traded first baseman Harry Bright to Cincinnati for first baseman Regalio Alvarez.

Selkirk said Shetness would bolster the team's sagging left-handed hitting corps. He added that the 25-year-old Breeding probably would play shortstop or third base.

PUNTING PRACTICE is important, and this Powder-Puffer holds her mouth "just right" and gets ready to try it, as Coach Earl Black shows her how it's done. The Third Annual Powder-Puff Game is scheduled Sunday at Municipal Stadium at 2 p. m. (Herald Photo)

★ ★ ★ ★ ★
Rallies Set For Powder Puffers

Two pep rallies and a parade will be held here today to kick off the Third Annual Powder Puff Girls Football Game Sunday.

The first pep rally was to be held at Seminole High School just before school lets out.

An impromptu parade will take place through downtown Sanford at 4 p. m. with a pep rally on the corner of Magnolia Ave. and First St. right after the parade.

Kick-off time for the big game is 2 p. m. Sunday in Memorial Stadium, with the Junior Girls holding a slight edge on the Seniors with their superior "depth."

Boy cheerleaders will rouse the spirit of the participants and spectators which are expected to fill the stadium for this exciting annual game.

The Seniors are ahead one point in the scoring standings, as the first year's game wound up 13-12 in their favor. Last year's game, ended in a 12-12 tie, as the try for the extra point by the Juniors was foiled with two minutes left to play.

Tickets for adults, children and students will be on sale at the gate, with the box office open at 1 p. m. and the public is invited and urged to attend this unusual game.

For those who don't know, the game is played just like regular football, except that

Miss Carolyn Hall Guest Of Honor At Miscellaneous Bridal Shower

MISS CAROLYN HALL, right seated, and her mother, Mrs. O. W. Hall, left, at the bridal shower in her honor, given by Mrs. Ted Jones, left standing and Miss Shirley Jones.

Miss Shirley Jones and her mother, Mrs. Ted Jones, honored Miss Carolyn Hall with a bridal shower recently at their home on West First Street.

The decorations included arrangements of yellow and white chrysanthemums and red and white poinsettias.

Games were enjoyed and prizes awarded to the winners, Miss Lois Meador and Mrs. Glynis Jones.

Refreshments of chocolate small cake, pound cake, onion dip, nuts, minis, coffee and cold drinks were served by the hostesses.

Others enjoying the party with the honoree were her mother, Mrs. O. W. Hall, Mrs. H. B. Fennell, Mrs. Richard Hall, Mrs. Joyce Ceresoli, Mrs. E. M. Cain, Mrs. V. W. Davis, Mrs. C. T. Swaggerty, Miss Joan Shields, Miss Glenda Eure and Miss Angela Jones.

Osteen

Personals

By Mrs. Clarence Snyder

Mrs. Jim Finlayson and Mr. and Mrs. Marcus Crosby of DeLand were recent visitors of Mrs. Harry Osteen.

Mr. and Mrs. Roy Staley and Mrs. Tom Lemon spent last Saturday in New Smyrna Beach.

Mrs. Charles Brown attended the Florida Baptist Convention in Daytona Beach.

Mrs. James Wallin and Mrs. Glen Miller spent Monday in Jacksonville.

Mrs. Norman Miller and Mrs. James Wallin represented the Osteen Home Demonstration Club at the recent Christmas work shop at the Home Demonstration office in DeLand.

Mr. and Mrs. Robert Williams attended the Seventh District Meeting of veterans of World War I at the Elks Club in Daytona Beach, last week.

The Osteen Baptist Church observed the Lottie Moon Week of Prayer with a service Tuesday morning followed by a covered dish dinner.

Mr. and Mrs. H. Heb and daughter, Virginia, of Morgan, N. J., called on Mrs. Hazel Gilhuly recently.

Mrs. Grace Staley of Tonawanda, N. Y., has been visiting her brother-in-law and sister-in-law, Mr. and Mrs. Roy Staley.

Mrs. Guy Beall and Mrs. Harry Osteen attended the missionary book review, "New Frontiers in an Old World" at the First Baptist Church in Sanford.

Mrs. Carrie Darrin who spends her summers at Belfast, Maine, has arrived at her home here for the winter. She was accompanied by Mrs. Susie Hook who will spend the winter with her.

Class Holds Holiday Party

Members of the Daughters of Wesley Sunday School Class of First Methodist Church met in McKinley Hall Monday night for their annual Christmas party and program.

The hall was beautifully decorated with Christmas arrangements and a gaily lighted tree added to the festive air of the occasion.

Mrs. Charles Meriwether, class president, conducted a short business session and Mrs. Robert Cole led the opening prayer.

Making donations to the

birthday bank were Mrs. G. B. Hudson, Mrs. C. F. Branan, Mrs. A. B. Stevens, Mrs. A. L. Hardesty, Mrs. D. M. Paul, Mrs. Richard Hickson, Mrs. B. F. Robinson, Mrs. J. H. Anderson, Mrs. R. E. Monroe, Miss Vera Woodcock and Miss Alime Chapman.

Mrs. T. J. Taylor read the Christmas story and Mrs. Paul presented an interesting program. She gave the origin of the use of holly and mistletoe at Christmas, the custom of lighting the yule log, Christmas tree lighting and hanging

the Christmas stockings. She also told of Christmas customs in various foreign lands and closed with a very interesting story of the first "Creche."

The annual gift exchange among members was held during the social hour and refreshments served to those present. Others attending included Mrs. Pauline Howard, M. L. Wright, C. Herndon, Clark Leonard, Ann Williams, Thomas Cain, Roy Tillis, R. A. Futrell, P. A. Rowland, O. E. White, Grayce Gregory, J. E. Courier.

Miss Louise Knowles, F. Athow, J. H. Stephan, J. P. Thurmond, S. M. Pichens, W. L. Harrison, Harry Brown, Donald Dunn Sr., James Dunn, John Whitman, J. M. Gillen, Mildred Butner, H. E. Donnelly, M. E. Strickland.

MRS. CHARLES MERIWETHER, president of the Daughters of Wesley Sunday School Class of the First Methodist Church, presents Rev. J. T. Adams a gift from the class, at the annual Christmas party, held in McKinley Hall.

Mrs. Haines Honored On Birthday

By Louise Stinson

Mrs. Lewis Haines was pleasantly surprised with a birthday last week by several members of the First Baptist Church of Altamonte Springs.

The party was held following the Lottie Moon Prayer Service on Tuesday. A nice array of gifts was presented to the honoree and the traditional ice cream and cake were served.

Among guests present for the occasion were Mrs. Otwell Sullivan, Mrs. Lee Tew, Mrs. Dan Cowart, Mrs. J. E. Edgeman, Mrs. Pete Hamby, Mrs. Ed Westmark, Mrs. Wurbum, Mrs. Harold Black, Mrs. Jane Smith and Mrs. John Smith.

Rev. Haines also joined in the celebration.

Mrs. Osteen Hostess For Malta Club

The Cross of Malta Club met recently with Mrs. Harry Osteen.

Final plans for the Christmas feast the club entered in the DeLand Christmas parade were discussed.

The annual Christmas party will be held Dec. 10 at the home of Mrs. Lillian Leard in Orange City.

Attending were Mrs. Harold Hyde, Mrs. B. P. Prosser, Mrs. Hildreth Myers, Mrs. Flora Michael, Mrs. J. Hutcheson, Mrs. Elbel Tyler, Mrs. Bertha Kingsley, Mrs. Lillian Leard, Mrs. Frank McGuire, Mrs. Lucy Harris, Mrs. Elizabeth Cassels and the hostess.

BPO Does Plan Meeting Monday

Sanford Drove, BPO Does will meet Monday at 8 p.m. at the Elks Club for the regular business and program session.

Final plans will be made for the Christmas party, Dec. 15, and also for the installation of new officers, in January.

Local Events

SATURDAY

Fish Fry and bake sale sponsored by the Men's Club and two circles of the Congregational Christian Church at 24th St. and Park Ave. Serving from 5 to 7 p.m.

Grace Methodist WSSC sponsoring a turkey and ham buffet supper at the church. Serving from 5 to 7 p.m. Children's servings 10 cents a dozen.

Dinner Meeting Planned By Welcome Wagon

The Sanford Welcome Wagon Club will hold the December meeting at the Capri Wednesday.

Members may invite their husbands and guests. The group will meet from 7 to 8 p.m. for cocktails and dinner will be served at 8 p.m.

Following the dinner Christmas caroling will be enjoyed. For dinner reservations please call Mrs. Harold Rowland at 323-0326, no later than Monday.

Workshop-Supper Planned For Tuesday Night

The Royal Arch Widows will meet Tuesday, Dec. 11, in the dining room of the Masonic Hall for a ham supper, starting at 6:30 p.m. The dinner is given by a friend who prefers to remain anonymous.

A workshop on Christmas wreaths will be conducted by Mrs. Irving Pryor. Members are requested to bring two yards of nylon mesh, in their chosen color, and a wire coat hanger.

All York Rite bodies and their ladies are cordially invited to attend.

Miss Audrey Hiers is attending the annual state convention of the Florida Assn. of Health, Physical Education and Recreation at the Methodist Youth Camp in Leesburg, this week. Miss Hiers is physical education director at the DeLand High School.

HISTORY OF COFFEE

Until the 1700's, most English physicians regarded coffee mainly as a medicine, but an earlier British doctor foresaw coffee's future, not in the medical kit but on the dining table. Doctor William Harvey, who discovered the circulation of the blood, left a legacy of coffee when he died in 1657. With the statement, "This little bean is the source of happiness and wit!" he bequeathed 56 pounds of coffee to the London College of Physicians, directing that his friends gather once a month to drink coffee in his memory.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Are you being paid by the Post Office Department? What do you mean, "Packages properly wrapped will be delivered in good condition?" Have you ever looked in the back room of a post office? Packages marked FRAGILE and HANDLE WITH CARE are pitched like footballs through canvas chutes and then heavy boxes are thrown on top of them. It's the careless handling, not the "wrapping," that accounts for most damage.

DEAR ABBY: It would be a mistake to turn down the man I am dating now but I think it would be unfair to marry him. Do you think I ought to have my head examined? Everybody else does.

DEAR NO: If you are content with your single life — and it is a useful and happy one, don't doodle with your noodle. A person who is not marriage material and who knows it should stay single.

DEAR ABBY: What do you think of two mature people — a couple in their twenties — smooching away like mad in a subway train during the rush hour with everyone looking on?

DEAR NYC: A performance of this kind is in the poorest taste. Besides it's risky. They could miss their stations.

CONFIDENTIAL TO MISS D: See your doctor (to determine whether you are). See your boy friend to give him the news. See your clergyman (in case you are) — to set the date.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

North's bidding is not recommended. His excuse was that he thought his partner would hold 11 cards in the major suits, not a mere 10. Still, the seven spade contract depended on a finesse at worst. Now see if you can away for South to make it find without having to finesse.

total of 12. Can you add a 13th? Yes, if you use a dummy reversal play to produce a sixth trump trick. You cash a trump at trick two to make sure that trumps aren't going to break 3-0. Then you ruff a club and enter dummy with a second trump. Both opponents follow so you know trumps are 3-2. Then you ruff another club, enter dummy with the

Bridge score table with columns for NORTH, WEST, SOUTH, EAST and various card counts.

Jack of hearts, ruff dummy's last club with your last trump, get to dummy once more with the ace of diamonds and discard your other diamond on dummy's last trump. This leaves you with four good hearts and you spread your hand. You have found a way to make six trump tricks instead of the five you started with.

BING CROSBY, ROSEMARY CLOONEY, Danny Kaye and Vera-Ellen are the bright stars of Irving Berlin's festive entertainment package, "White Christmas," returning Sunday to the Movieland Drive-In Theatre.

Yule Musical Coming

On Wednesday and Thursday, "Saddle The Wind" and "Green Mansions" will play. On Friday and Saturday, "Lad, A Dog," "Pigeon That Took Rome" and "Up Periscope" will play.

HD Club Plans Annual Party

The Lake Mary Home Demonstration Club will meet next Tuesday at 10:30 a. m. at the Fire Hall for its regular monthly meeting which will be held in conjunction with the group's annual Christmas Party.

Members of the club will present individual ideas on Christmas decorating and will exchange gifts not to cost more than 50 cents each. Mrs. Ellis Holton, who attended a bake school held at the Home Demonstration Center in Sanford last week, will show the club how to shape rolls for baking and freezing.

We The Women: By Ruth Millett

Surveys in depth have shown that housewives feel a bit guilty if things are made too easy for them. In fact, that guilt feeling was found to be so prevalent that some makers of cake mixes decided to let women add the eggs to their mixes so that users could feel they were doing at least part of the job of cake mixing themselves.

IMPORTANT NOTICE FOR SEMINOLE COUNTY VEGETABLE GROWERS:

Now is the time to switch to **Phosdrin[®] Insecticide** to maintain complete protection against insects up to 24 hours from harvest—without creating residue problems.

Powerful Phosdrin Insecticide gives you fast knockdown and kill of aphids, mites, loopers, worms—almost all destructive pests attacking Florida crops.

Then, unlike most other insecticides, Phosdrin disappears, leaves no residue. That's why it can be applied up to 24 hours from harvest on many crops—up to 72 hours on most others.

Read how Phosdrin can save your crop from late-season insect damage or worse, confiscation. Check the chart below for the intervals that apply to your crops.

If not controlled, a late-season insect build-up can quickly downgrade—or make completely unsalable—vegetable crops such as tomatoes, beans, potatoes, peppers, celery, watermelons, eggplants and most leafy vegetables.

If, on the other hand, the infestation is controlled with an insecticide that leaves excess residue on the crop at harvest, the crop is subject to confiscation by government authorities under the terms of the Miller Amendment to Public Law 518.

This is a problem that many growers are solving with Phosdrin Insecticide.

Kills insects fast

Phosdrin is a powerful new phosphate insecticide that kills the toughest insects fast, usually within a few minutes of application. However, unlike most other insecticides, Phosdrin disappears rapidly after it has done its job—leaves no residue.

That's why Phosdrin can be applied up to 24 hours from harvest on many crops—

The photo left shows a Florida grower applying 14 of a pound of Phosdrin per acre to control a late-season build-up of aphids and mites attacking an 82-acre field of tomatoes. The photo on the right shows pickers harvesting the same field the following day. No Phosdrin residue remains to endanger either the pickers or the crop.

up to 72 hours from harvest on most others. See table below for interval data for your crops.

Hard-to-kill insects

Phosdrin solves other problems too. It controls insects such as cabbage loopers and aphids that are becoming harder to kill with

older insecticides. That's why more and more growers are making Phosdrin an integral part of their full-season program.

Good mixer

Phosdrin is compatible with most other insecticides and fungicides. And Phosdrin offers a wide margin of safety to the foliage and fruit of insecticide-sensitive crops such as cucumbers and lettuce.

Low cost

Don't be misled by the cost per pound or gallon of Phosdrin. A little Phosdrin goes a long way. For example, as little as 1/4 to 1/2 of a pound per acre is all it takes to control the toughest in-

sects attacking many vegetables. Dosage rates seldom exceed 1/4 of a pound per acre. In short, on a per acre basis, Phosdrin is very economical.

Where to get Phosdrin

Phosdrin is available from your local insecticide dealer under many well-known brand names. It comes in liquid and dust formulations that are easy to apply with standard application equipment.

Remember, look for the name Phosdrin on the label or in the ingredient statement. Shell Chemical Company, Agricultural Chemicals Division, 55 Marietta Street, N.W., Atlanta 3, Georgia.
