

## Feds Will Use New Pitcher Against Leesburg Tuesday; Split With Cocoa Sunday

By PETER MICHAEL  
Charlie Butts, a right hander who comes highly recommended, will be on the mound for the Sanford Celeryfeds in Leesburg tomorrow afternoon when they take on Manager Emil Yde's Islanders in a game scheduled to start at 3:30 o'clock.

That it will be a bitterly fought affair was a certainty due to the fact that the Islanders last Tuesday were deprived of a victory over the Feds here last Tuesday and also because they are leading the league by one and one-half games and are anxious to make it two games before meeting the Cocoa Indians in their city Thursday.

A large crowd, one of the best of the season, saw the Fed split a double-header at Municipal Park here yesterday and went away with the belief that the new Fed machine is probably the best yet put together.

The Feds won the first game by 3 to 1 and dropped the second by 2 to 1 after wasting two scoring opportunities in the sixth and ninth innings.

Pitching problems were the cause of the game and the fact that public hurlers are their most acceptable fact.

Lefty Britt of Leesburg pitched five hit ball to beat the Feds in the first game when he pitched for four hours.

In the second game, the Feds were tapped out by a three-run homer which hit Britt in the head.

By Brock Williams, Leesburg pitcher, who pitched only three hits.

## U.S. Business Seen Entering Period Near To Prosperity

Fall Trade Expected To Reach Highest Level In 5 Years

NEW YORK, July 20—American business is entering a period of comparative prosperity, a survey showed Saturday.

Butly as most industrialists are against the major policies of the New Deal they nevertheless believe that the forces of "natural" recovery have triumphed over public barriers and that business this fall will reach the highest level for any similar period since...
