KENNERLY ANNOUNCES CANDIDACY FOR POSITION SECRETARY OF AGRICULTURE

MAN WHO IS WELL EQUIPPED TO HEAD STATE'S AGRICULTURE DEPT.

WAS PROMINENT

In Investigation of the Death of Tabert and in Other Matters

(By The Associated Press)
TALLAHASSEE, May 25.—Representative Kennerly of Putnam county who took a prominent part in the legislative investigation of the death of Martin Tabert, today announced his candidacy for commissioner of agriculture at the next general election in opposition to Commissioner McRae.

TALLAHASSEE, May 25.—Child Welfare and maternity work in this state under the provisions of Shepherd-Towner act of congress got a bad jolt at the hands of the senate yesterday. In fact, if the senate held to its position, the work, it is understood, will come to an abrupt halt.

Following a bitter attack by Senators Stokes, Hodges and Johnson, along the lines of the opposition developed in congress to the passage of the act, there, the senate by a vote of 23 to 5 refused to pass a bill by Senator Butler which would formally accept the Federal assistance provided in the act. Of the past several months, the work has been carried on by the State Board of Health on a limited scale under provision of the act provided that the governor could tentatively accept it on behalf of the various states until the legislature met and passed upon it. Senator Butler's bill would have provided for the appropriation of \$18,000 as the state's share of expense, the amount to be matched, it is understood, by the Federal government. The state's \$18,000 had already been provided for in the general appropriation bill.

The senate's action threw into route, the forces that have been working here with the legislature in the interest of the various women's organizations of the state. Mrs. W. S. Jennings, president of the legislative council said she had readily accepted the passage of the bill as a matter of course, and had worked little in its behalf. She with Miss J. B. Skinner, president of the Federation of Women's Clubs got busy immediately and dispatched telegrams throughout the state in an effort to bring pressure and have the senate undo the "wrong."

Senator Stokes declared that step by step, the Federal government was taking over the state governments by the simple expedient of holding out a little bounty, and asking the state to match it. "We don't need this federal assistance," he declared. "We can take care of our own babies, and mothers without any outside interference." His sentiments were concurred in by Messrs. Johnson and Hodges, who added that the work accomplished little good as the professional nurses provided for were too few in numbers to cover much ground.

They described it as another job making proposition.

It was a bad day generally for the health department. A steam roller was at work, and killed in succession, three measures sought by the department controlling sanitary conditions at tourists camps, tanneries, and establishing a connection with mid-wives. It only asked in this instance that the mid-wives be required to register with the department in order that health literature might be sent them. Senator Lindsey ridiculed the mail.

The senate also prepared to kill a measure that would have increased the salary of the health officer to \$4,000 annually. Mr. Butler pointed out this increase had been recommended by the budget commission, and accepted by both the senate and house, and asked why the special bill for it.

Senator Russell in referring to the department, called Colonel Raymond C. Turck a "Tin Soldier." Colonel Turck is state health officer.

WHIPPING BOSS TRIAL IS TO BE AT LAKE CITY

MOTION FOR CHANGE OF VENUE GRANTED—NO DATE SET FOR THE TRIAL

CROSS CITY, May 25.—Judge Campbell yesterday sustained a motion by the state for a change of venue in the trial of Walter Higginbotham, whipping boss, switching the scene of the trial to Lake City, Columbia county. No date was set for the trial.

The judge's action followed arguments that consumed the entire day, counsel for the state contending that a fair trial of the charge of first degree murder against Higginbotham could not be obtained here, and presented affidavits in support of the contention.

MAJOR DUNCAN KILLED AFTER PLANE FALLS

HUSBAND OF ORLANDO WOMAN WAS BURNED IN THE WRECKAGE

WASHINGTON, D. C., May 25.—Major Thomas Duncan, Army Air Service and U. S. Krupp, a civil employe of the Navy met death yesterday at the Bolling Field in a crash of an airplane in which they had just started a flight. The machine, piloted by Major Duncan, had just taken off and at a height of 200 feet went into a tail spin and crashed to earth. The wreckage immediately caught fire and both men were burned beyond recognition before those who had witnessed the crash could reach them.

Major Duncan was 41 years old, and was the son of the late Brigadier General Thomas Duncan. Krupp came here from Pennsylvania. Both were married and made their homes here.

Word of the death of Major Thomas Duncan, 41, former commandant of the army aviation field at Argonia, was received here yesterday by W. M. Slemmons, No. 344 North Orange avenue, Major Duncan's father-in-law. A telegram to the family marily stated that Major Duncan had been killed in a plane crash.

Major Duncan was married to Miss Sarah Slemmons here December 16, 1919, while he was in command at Carlstrom field. Afterward they moved to Washington to make their home. They had one child, a daughter, Sarah, 6 weeks old.

Major Duncan came of a renowned military family and before coming to Florida was commandant of Wright Field near Dayton, Ohio. He was a son of the late Brigadier-General Thomas Duncan and his grandfather also held the rank of general in the army.

Miss Dorothy Slemmons left last night for Washington to attend the funeral. Members of the family could not tell of the funeral arrangements, but assumed that burial will be in Washington beside the graves of his father and grandfather.—Orlando Sentinel.

CROCKER HOPS OFF IN TEXAS FOR CANADA

WILL TRY FOR NON-STOP FLIGHT TEXAS TO CAN.

(By The Associated Press)
HOUSTON, Tex., May 25.—Lieut. Crocker, of Kelly Field, San Antonio, hopped off from Ellington Field here at 5:21 Central time for a proposed non-stop gulf to Canada flight. He expects to land at Belleville Field, near Detroit by 7:00 o'clock tonight.

At an intersection of streets you are much safer in a jeep than in a car.

TRIAL OF HIGGINBOTHAM WILL BE AT LAKE CITY SOME TIME IN JUNE

Judge Campbell Will Probably Preside at the Trial

(By The Associated Press)
CROSS CITY, Fla., May 25.—The trial of Walter Higginbotham, convict whipping boss, will probably be held at Lake City circuit court June 4th it was announced by court officials. Judge Campbell, who yesterday sustained the motion by the state for a change of venue from Dixie county in the Higginbotham case and other court officials left today for their homes. Campbell will immediately make a report to the governor and his present connection with the case will terminate. It is probable that Campbell will be reassigned by the governor to preside at Higginbotham's trial at Lake City.

BRITISH CABINET IS FORMED AND PRESENTS STRONG FRONT READY FOR BIG BUSINESS

Much Will Depend Upon Personality of the New Premier

(By The Associated Press)
LONDON, May 25.—The new administration was completed last night and is in readiness to meet parliament, which reassembles Monday.

The official list of the cabinet and other officials issued last night shows the substitution of Lord Robert Cecil as Lord Privy Seal, the seat of Andrew Bonar Law, who held this portfolio in addition to the premiership, and the promotion of Bonar Law's secretary, John C. Atkinson to a place in the government—as chancellor of the Duchy of Lancaster. There have, however, been a few changes in minor offices of the government, but otherwise the men guiding the country's destinies are the same as those who had this task in hand before Bonar Law tendered his resignation.

Stanley Baldwin, the new premier, in assuming the post of head of the government, had two objects in view: first, to secure a stronger government than that under Bonar Law, and, second, if possible, to reunite the conservative party. To some extent he is considered to have succeeded in his first purpose, but to have entirely failed in the second. None of the conservatives who "went into the wilderness" with David Lloyd-George when the coalition government collapsed, has seen his way to enter the government. All negotiations with this aim with Sir Robert Horne and Austin Chamberlain failed, apparently because, although Sir Robert seemed

DONNELLY HAS FREIGHT BOAT THAT WOULD PAY EXPENSES FIRST YEAR ON THE RIVER

Good Friend of Sanford Has Been Working For Our Interests Right On

The Sanford Chamber of Commerce has discussed the project of a Sanford boat line for several years and W. T. Donnelly, of New York, who spends his winters here and who is one of Sanford's best friends, was put at the head of a committee about a year ago to investigate the purchase of a boat that would navigate the St. Johns river. Mr. Donnelly never lost sight of any project in which he happens to be interested and he has been casting about for a boat ever since he left Sanford for his northern home. The following letter to City Engineer Fred Williams is self explanatory:

New York, May 23rd, 1923.
Mr. Fred T. Williams,
Consulting Engineer,
Sanford, Florida.
My Dear Williams:

I have the matter of a freight boat for the St. Johns river worked up to a point where it shows the possibility of returning more than the entire capital in a single year.

I am at a loss however to determine the terminal charges.
Can you ascertain for me whether the City of Sanford would be inclined to furnish free terminal for a boat EXCLUSIVELY DEVOTED TO FREIGHT BETWEEN SANFORD AND JACKSONVILLE, or whether there would be a charge for terminal facilities.
I am very firmly convinced that in

GERMAN EXECUTED FOR SABOTAGE AT DUSSELDORF TODAY

(By The Associated Press)
DUSSELDORF, May 25.—Albert Schlageter was executed by French troops today for sabotage on railroads in occupied regions and other offenses. He was shot in a stone quarry near the cemetery and his body was delivered forthwith to cemetery authorities. This is first execution in occupied zone. Schlageter was escorted to the quarry by two priests and went unflinching to his death. Ten shots were fired at him.

Besides sabotage Schlageter, who was a former Prussian officer, was convicted by French court martial of espionage and association with criminals. He admitted he had blown up railroad tracks and bridges. French regarded him as chief of a murder gang which have been carrying on a campaign of terror against occupation of the Ruhr.

TICK BILL UP IN NEW SHAPE MAY PASS GATE

(By The Associated Press)
TALLAHASSEE, May 25.—Re-drawn tick eradication bill will be called up in the house Monday Representative Lewis said today. The bill will be drawn along the same lines of bill which subjected to fire of house last week but provides expense of rounding up and bringing cattle to dipping vats be equally borne by the owner and the state.

ST. LOUIS, May 25.—William C. Steigler, 77, second vice-president of the Pulitzer Publishing Company, which publishes the Post-Dispatch, died at his home here yesterday. He was widely known in newspaper circles.

JUNIOR-SENIOR BANQUET AT VALDEZ LAST NIGHT FEATURE OF COMMENCEMENT

Dining Room Was Filled With Merry Crowd of Students

The Valdez Hotel was the scene of the most joyous event in the history of the Senior and Junior classes of the Sanford High School—the Junior banquet to the Seniors last night. Promptly at 8:30 the Juniors and Seniors and faculty and school board assembled in the Palm room and promptly at nine they marched into the dining room that had been most tastefully decorated by the Juniors for the occasion and took their seats marked out by hand-painted place cards. The colors of the Class of '23 were everywhere in the decorations and on the tables and the class flower, the Shasta daisy, was also in evidence. The green shaded lights vied with the table decorations in green and white and on the balcony in big green and white letters were the "23" that in this instance did not mean "skidoo." The mints and nuts were in cute little green baskets embellished with miniature airplanes signifying the class motto—Excelsior— or above everything. Little cedar trees were also at each plate to carry out the green and white. One of the most interesting table decorations were the memory books for autographs of each senior and on the cover were hand-painted portraits of the seniors. These were the work of Nan Paxton and Sara Malpus and showed real artistic genius. All during the evening Mrs. Wagner, Miss Velma Shipp, the Shirdar boys and other high school pupils furnished orchestra numbers and solos adding much to the occasion. Colored paper rolls at each plate added to the merriment as they were hurled through the air and formed festoons all over the tables and down the aisles.

The following elegant luncheon was served under the name of "Mend-You":

- Fruit Cocktail
- Iced Calary
- Roast Young Chicken with Dressing
- Creamed Potatoes
- Finger Rolls
- Tomatoes au Surprise
- Neapolitan Ice Cream
- Lady Fingers
- Genoise Cake
- Demi Tasse
- "U-All-No-Mint"

FIVE FOREIGN GOVERNMENTS HAVE STATED THEIR POSITION REGARDING COURT RULING

BRITAIN DECIDES ON NO BREAK WITH RUSSIANS

LAST NOTE UNSATISFACTORY BUT CAN BE NEGOTIATED

(By The Associated Press)
LONDON, May 25.—Great Britain has decided there shall be no break with Russia. It is held in diplomatic circles that while the last note from Moscow in some respects was not wholly satisfactory remaining points in dispute with soviet government are susceptible of solution by negotiation.

Spanish Ships Driven from U. S. by Dry Rulings

NEW YORK, May 25.—The Spanish Royal Mail Steamship line, operating between Barcelona, and New York, has ordered discontinuance of all American sailings, Luis Llano, local agent for the company announced. The discontinuance was ordered because of the recent supreme court decision forbidding foreign vessels from bringing liquor into American territorial limits, he said.

European statesmen should realize that a very poor place to balance power is on an empty stomach. If Germany had paid more attention to Matthew, she would be having less trouble with the mark.

AGAINST PRESENCE OF LIQUOR ON FOREIGN SHIPS

BRITISH EMBASSY

And Spanish Government Have Already Expressed Their Views On Subject

(By The Associated Press)
WASHINGTON, D. C., May 25.—Five foreign governments already have made known to the state department their position in regard to the recent supreme court ruling against the presence of liquor on foreign ships inside the three mile limit. Besides the communication received yesterday from the British embassy the department has received the views of Spanish government, also in writing and attitude of French, Italian, and Dutch governments have been presented orally to Hughes.

In substance it was said at the department five countries have taken the same position in calling attention to "inconveniences" resulting from the decision and also point out that freedom of international commercial intercourse was threatened if heretofore recognized practices of commodity between the nations in this regard are abandoned.

WASHINGTON, May 25.—Great Britain's position on the liquor question as communicated to the state department today by the British embassy, is understood to be based on a contention that American port authorities have no jurisdiction in international law over liquor brought into American waters, as a part of the regular supplies of foreign vessels.

The authority of American officials under this construction, extends only to portions of the cargo of foreign ships which are intended for importation into the United States, and in no way permits of interference with either the rations or stores of such vessels when they put into American ports.

In the new regulations now being drafted these officials are said to have taken cognizance of the fact that the opinion of the supreme court made no mention of the medicinal liquor clause. Some officials are known to hold this clause to be broad enough to protect liquor stocks from confiscation if they are placed under the charge of the ship's doctor, when a vessel is inside the three mile limit.

While this principle apparently conflicts with that recently laid down by the supreme court, indications are that the treasury department has found a way to reconcile the two by permitting ships under foreign registry to list the wine rations of their crews as a part of the medicinal stores.

It was the original intention of the British government to await the issuance of the new regulations before making representations on the subject. That also has been the position of the other maritime powers. The action taken today, however, apparently was for the purpose of making known that there is a fundamental objection to application of the prohibition law to foreign shipping.

The immediate effect is to initiate formal negotiations for the first time since the court handed down its decision. Suggestions have come from certain quarters that certain exemptions be made in the Valdez law, applying to foreign ships in American waters.

It is probable that the British government is willing to adopt such course as might be regarded as an admission of the legality of the American claim to jurisdiction.

WILL MEET IN SANFORD.

Dr. Henry McLaukin and Dr. Tom Moore returned from St. Petersburg yesterday and they brought back the bacon in the shape of the State Optometrists meeting that will be held here next year. The meeting at St. Petersburg was well attended and the boys enjoyed it very much. They had a hard time beating some of the other cities to the next meeting but so many folks in Florida like to come to Sanford that it is not difficult to arrange a big convention any time.

ENTRE NOUS BRIDGE CLUB
Mrs. S. O. Chase was the charming hostess Wednesday evening when she entertained the members of the Entre Nous Bridge Club at her lovely home on Oak avenue.

The large living room and sun parlor were beautifully decorated with quantities of corn flowers and Marguerites.

An absorbing game of bridge was played, the prize for high score, a hand painted powder jar, was won by Miss Martha Fox.

At the conclusion of the card game the hostess served a dainty ice course. Mrs. Chase's guests were: Mrs. R. J. Holly, Mrs. J. G. Ball, Mrs. Harry Wilson, Mrs. E. D. Mobley, Mrs. Geo. Fox, Miss Martha Fox, Mrs. B. F. Whitner and Mrs. Deane Turner.

G. I. A. PARTY
One of the most enjoyable of the G. I. A. parties was held at the home of Mrs. McConnell with Mesdames McConnell, Larrimore and Calhoun hostesses on Thursday evening.

The club colors, red, white, blue and purple were very effectively used and combined with beautiful cut flowers the rooms were lovely.

An amusing conundrum contest presided over by Mrs. Larrimore caused much merriment. This was followed by two other contests presented by Mesdames McConnell and Calhoun. The prizes were won by Mrs. John Courier and Miss Mitchell and the booby prizes by Mesdames Lilja and Crawford.

Mrs. Lilja, as our president, gave a most interesting address on "The Joy of Friendship."

The hostesses, whose birthdays were being honored received many lovely towels. At a late hour the hostesses assisted by Mesdames Howell, Crossby and Duplap served delicious refreshments consisting of sandwiches and pickles, cake and ice cream and hot coffee.

Among those present were: Mesdames Lilja, Hutchinson, Tyre, Crossby, Bandy, Cowin, Crawford, Dunlap, Jim Moye, Ferguson, Leonard, Howell, Jenkins, Mack Moye, Brubaker, Metcalf, Bourrier, Mitchell, Grow, Lyle and Minarik and Misses Kenney, Mitchell and Howell.

LOCALS

Mr. and Mrs. D. C. Hooker, of Longwood, were among the visitors to the city today.

Mrs. M. Martin leaves today for Highlands, where she opens her attractive house, "The Martin" for the summer.

Miss Thelma Reynolds who has been with the Western Union here is leaving this afternoon for Plant City to take up the work with the Western Union at that place.

A broken engagement is a broken promise. Keep your engagements as you do your word of honor. Keep that promise and open the account at the Seminole County Bank today.

Virgil Smith has returned to Sanford after spending the last two years in Orlando and will be home for good. He has a position with the Southern Utilities Company.

The Atlantic & Pacific Tea Company have something of interest to the housewives today. Some real bargains in canned goods and salads, milk, soaps, etc. The A. & P. has the goods and prices.

Mr. and Mrs. Williams, of Eustis, were the guests of John McWhorter last night. Mr. Williams is the secretary of the Eustis Chamber of Commerce and has many friends in Sanford.

Kanner's Department Store has an advertisement in this issue giving you a number of big bargains in the many articles sold at this big store where prices are cut to suit your pocket book and the values are real.

Frank Akers wants to see you at his place of business tomorrow and will give you a bottle of ice cold Chero Cola if you will go in and note the cheap prices on tires that he is selling. See the prices in this issue.

Curtis Barber and Reuben Mason are home from the University of Florida having finished the year's course and made their last examinations with good marks. The other Sanford boys will be home in a few days.

Mr. and Mrs. H. A. Neel have returned from a week's trip to Miami and other points on the east coast. Harry went to spend a month's vacation but the lure of Sanford was too strong for him and he "drove in" last night and is on the job again.

Speer & Son will run their sale three days longer on account of the great success of the sale during the opening days and the big May White Goods Sale of this week will attract many customers to the Speer store. The sale will close Monday so get in the game before it is too late.

The Sanford Shoe & Clothing Company have an important announcement in this issue calling your attention to Special Sales for Saturday and Monday on straw hats, swimming suits, men's Palm Beach suits and mohair and silk suits. See the advertisement and note the very reasonable prices.

The building of the Ball Hardware Company and the Peoples Bank building will be touched up with a nice cream coat of waterproof paint that will make these buildings look like new. Carl Schmidt, the veteran painter, is doing the work which is proof sufficient that it will be done just right. This will make a big improvement in this block.

The store that first made it possible to get groceries at living prices—the Piggy Wiggy—is after you again today with a big advertisement quoting you prices on all lines of canned goods and groceries of all kinds. Smoked meats, lard and other lines and all at prices that will move them at once as Piggy Wiggy believes in small profits and a quick turnover. This special sale for Saturday and Monday. Look at the prices.

You will find the wide awake merchants of Sanford advertising their goods and their special sales and prices in the Daily Herald every day. They know they can not get the volume of business without advertising and they know that the ladies of this county read the Daily Herald every day and buy from the merchants who cater to their trade by advertising. If you are not a consistent advertiser you are losing a fine bunch of local business just now.

If there isn't room in the car for all the one who doesn't care to go riding this time is mother.

The Herald for first class job work.

COMMANDER TOLAR RECEIVED JEWEL FROM COMMANDERY

Past Commander Hamel Tolar is the proud possessor of a fine Knight Templar jewel presented to him at the last meeting of Taylor Commandery. It is a fine golden emblem with the Knight Templar cross and has the words "First Commander" in white as a bar pin. It is some distinction to be the first commander of a fine bunch like the Taylor Commandery and the many friends of Mr. Tolar are congratulating him on his good fortune. Taylor Commandery made a fine appearance at Orlando when the state meeting was held there and while they were hardly mentioned in the Orlando papers they were nevertheless the best bunch there and with their own band they showed the boys at the meeting that Taylor Commandery was there with the real goods.

MUNSON RECITAL AT HIGH SCHOOL GREAT SUCCESS

(Continued from page 1)

Julius Takach, soprano; Mrs. William Leak, contralto; William C. MacMahon, baritone, all Sanford talent and most artistically accompanied by Mrs. R. R. Deas.

The numbers were well selected and varied in vocal demand.

Mrs. Takach sang with a smoothness and liveliness of voice altogether delightful. Her's is a voice of splendid volume, added to the rare gift of flawless diction, and so easily do the notes flow without the least apparent effort. Mrs. Takach is a notable and potent figure in Sanford music life.

Mrs. Leak has the rare quality of English contralto and it was a real treat to listen to such singing. So spontaneous, soulful and artistic.

Mr. MacMahon, for some years the leading baritone in the "Savage Opera Company" proved he had not altogether forgotten the art. His singing combines power, charity and dramatic fibre. He gave to the Prologue from Pagliacci the mood and interpretation Leoncavallo intended it to have.

In response to hearty encores Mrs. Leak gave "Spring is Here" by Edith A. Dicka. Mrs. Takach sang "Her Dream" and Mrs. MacMahon "Thou Art Like unto a Flower," (Wilson G. Smith).

The beautiful accompaniments of Mrs. Deas added much to the success of the song numbers.

Sanford is justly proud of such finished vocal talent and not many high schools present such piano selections played in so creditable a manner.

Ushers for the evening were mostly from the Junior class and were: Miss Lettie Caldwell, Miss Zoe Munson, Le-Clair Jones, Naomi Scoggan, Nan Paxton, Kitty DuBoise, Florence McKay, Emma Spencer, Fannie Reba Munson.

The program numbers covered:

- 1.—(a) Prelude Op. 28, No. 20..... Chopin
- (b) Song Without Words, Op. 62, No. 3..... Mendelssohn

JAILING NEWSPAPER MEN.

Press dispatches the same day record the sentencing to jail of three newspaper men in an Alabama town because they would not promise to withhold from the public information touching on a murder case, and of the sentencing in a Georgia town of a newspaper man for refusing to disclose information given in confidence by an alleged abductor. In both instances the men went to jail, choosing incarceration in preference to breaking faith with the public or to violating a confidence. The only thing remarkable about this is that both cases came on the same day. There is nothing remarkable in the refusal of the news writers to suppress facts that the public should know, and there is nothing remarkable in the decision of a news writer to be true to a trust placed in him. Some courts have held that information given a newspaper man is privileged, and ethics of the profession forbid the disclosing under duress of sources of information.—Miami Metropolis.

SHOOT FIRST.

We very heartily approve of Sheriff Spencer's instructions to his deputies to "shoot first and investigate when they have more time," in the case of automobile thieves attempting to escape.

As a rule the ordinary deputy sheriff and policeman is too quick on the trigger—too ready with their guns, frequently, even in cases where the persons they are attempting to arrest are charged with the most trivial offenses. But the stealing of automobiles has become such a serious matter that drastic corrective measures are necessary.

We approve of the sheriff's instructions to his deputies, because that is exactly what we would do under the circumstances he has described. And we believe if automobile owners generally would prepare themselves and adopt the same policy, the stealing of automobiles would be greatly lessened if it did not come to an abrupt end.—Tampa Times.

MERGING CITY AND COUNTY.

There has been some talk in Florida of the idea of merging city and county government especially in the counties where there is only one large city. This has been tried in many other states in the union with some degree of success it is said but never having lived in such a county we could not say just whether it is good or bad. It offers much in the way of economy and efficiency. The following from the Lakeland Star-Telegram talks about Duval county's bill:

"Those who are interested in the economic administration of our system of county government in Florida have been closely following the course of a bill in the state legislature, introduced by the delegation from Duval county, which seeks to consolidate the governments of the city of Jacksonville and of Duval county. In this particular instance it so happens that Jacksonville constitutes a very large portion of Duval county, not because of the territory covered but because of population and taxable wealth. For many years there have been practically two sets of officers doing much the same kind of work, all at the expense of those who pay taxes. It was for the purpose of effecting a considerable saving to the taxpayers that the plan was worked out to effect a consolidation to be adopted in a radical change of this kind. The Florida legislature evidently wants to see how the plan will work, because action has been taken in both the house and the senate, whereby a constitutional amendment will be submitted at the general election next November providing for the merging of the city and county governments in Duval. If the amendment is approved by the people of Florida, the next legislature, meeting in 1925, will pass an act prescribing the form of government and determine when this new form shall become effective.

"In this discussion which occurred while the resolution was before the senate and the house, it was surprising to note how many counties are similarly situated as Duval, where one or two cities comprise practically the entire county, as regards population and taxable property. Senator Taylor, of Large, representing Hillsborough and Pinellas counties, was keen to have similar action taken in his district as was Senator Malone from Key West. Another parallel case is St. Johns and in fact there are several other counties in Florida in which the county seat represents practically the total assets of that county. In such cases it would seem to be a wise move and certainly uncalculated to cut down overhead expenses to a minimum. The trend of the day is away from too much government in both civic and county affairs."

EASY MONEY POINTS TO HIGHER BOND PRICES

ROGER W. BABSON SEES OPPORTUNITY FOR INVESTORS DURING THE BALANCE OF THE YEAR

WELLESLEY HILLS, Mass., May 26.—"Should the investor buy long term bonds now or wait in hope of getting them at lower prices?"

The question is uppermost in the minds of the investing public. A gain of two points in conservative bonds since last March has been welcome enough, but there seems to be a great deal of discussion as to whether it is the beginning of the long swing upward or whether it will be offset by another reaction such as that ruling in the bond market of the first three months of this year.

Roger W. Babson's statement on the situation, issued today, presents evidence which deserves careful consideration by everyone interested in the future of investment securities.

"Money rates are easy," according to Mr. Babson, "and will continue at about their present position for some time to come. January saw commercial paper at 4 1/2 per cent on the average. In February it rose to 4 3/4 per cent. March brought it slightly above 5 per cent. In April it ruled at 5 1/8 per cent. Early May brought it back to 5 per cent. Present indications are that it will continue at about this same level throughout the summer. Time loans have been made by the banks on about this same basis, while Mortgage money is available in the east at 5 to 6 per cent.

"From the point of view of the bond market this easing in money rates indicates a slackening in the demand for commercial loans, an increase in reserve on the part of our banks and a shrinking up of the increased credit necessary to finance the sudden spurt in business at the beginning of this year. Since it is the habit of our banks to invest surplus funds in bonds as reserves grow, and to liquidate these bonds when commercial needs demand increased borrowing on the part of the general business public, it means that the banks of the country have turned from a policy of selling their holdings to a policy of buying them back again. While there are no figures available on the effect that bank purchases and sales have on the general investment market, it stands to reason that the banks represent the largest single customer for bonds in the country and that their position must have an effect on bond prices. When the banks were selling they not only removed their purchasing power from the bond market but flooded it with their own holdings. When they reversed this position the stream of bonds that has been coming into the market from the banks is shut off and they offer purchasing power not only for new but also for old issues. As long as they are buying and holding their bonds, prices cannot very well go below present levels, and should evidence a slight strengthening.

"When we examine the outlook as to possibility of the banks changing their present position we see but two factors which might cause such a shift during the balance of the year. "If in reaching the peak of its long swing bull movement, the stock market develops into a feverish spurt, it may be necessary for certain of our banking interests to liquidate bond holdings in order to provide the cash necessary for stock loans on a higher price level. This might cause a temporary sag in bond prices which would be recovered as the flurry subsided. If the advance in the stock market does not develop into a spree of speculation but proceeds on an orderly

basis it probably will have a slight effect upon bond prices.

"The other factor to be considered is that of crop moving which always puts a seasonal strain on our financial machinery beginning about the first of August and ending the latter part of October. This seasonal demand for additional credit may force commercial rates up a fraction, probably not more than 1/2 of 1 per cent. This will probably cause a slight recession in bond prices. It may not, however, offset an advance that is possible between now and that time.

"All present indications point to easier money and higher bond prices during 1924. I doubt very much whether it will be possible to buy good investment bonds next year at anywhere near their present levels. From the long swing point of view statistics clearly indicate that the general trend of bond prices will be upward over the next fifteen to twenty years.

"From the investors' point of view the present bond market offers a real opportunity. Prices may react slightly on either of the two developments outlined above, but I am not at all sure that the investor who waits and tries to pick these exact low points will save enough to make up for the interest he may lose in the meantime. If you are buying securities for a regular income I suggest that you buy sound, long term bonds now, and that you continue to buy them for the remainder of 1923 as funds become available."

General business is holding its own in spite of the slackening of trade in some lines. The index of the Highboard shows general activity at 5 per cent above normal—within 1 point of the high point for this year.

GETTING TOGETHER.

We are watching with much interest the various "get together" movements now under way throughout the country. The farmers and union labor fellows in the cities are trying to get together under certain banners. The bankers and manufacturers try it. Men of various callings in business contemplate some such dream, and the moral and immoral elements of every community have members who are always suggesting such a move. Ever notice the details of a "get-together" plan? We do not know of a case wherein compatible elements have really got together yet, but the propositions submitted are always about the same. Some leader of a faction proposes it and adds: "Your crowd just give up your principles and lay aside your prejudices and join hands with us. Then we will be a power." Certainly! When both factions in a controversy or a moral issue get together it forms a powerful force. But we don't know of a case where they really got together. Peacemakers in local troubles harp much on get-together plans, but when you sum it up the proposition is simply this: Let the faction favoring law enforcement, temperance and better living throw away their ideals and join the forces of the rough-and-tumble crowd. The medicine would be effective, no doubt, but we don't know of a case where the patient has been willing to take the dose. One thing is certain. The rowdy element never proposes to join the forces of those who seek to make people live more moral lives, and they never will.—Monette (Ark.) Sun-Times.

ST. CLOUD PLANS TO GROW STRAWBERRIES ON EXTENSIVE SCALE

ST. CLOUD, May 25.—Encouraged by the success of the drive made through the chamber of commerce to secure the planting of several hundred acres of strawberries last season, plans were discussed today for the next crop, and potatoes were added to the list of vegetables to be grown extensively in the St. Cloud section for the next season. Strawberry growers have been much pleased with the outcome of the efforts of last season, and through the experience gained in marketing one crop are better prepared to increase the acreage and handle the

Give it a Good Home To keep your car running smoothly and looking its best you should give it a good home. You can economize on rental by owning a garage and its convenience is also a great advantage.

Select your garage with these points in mind; it should be fireproof, reasonably low in first cost, attractive in appearance and easy to clean. Moreover, it should require little or no upkeep. Orlando now has a population of 19,000 according to the Orlando Sentinel. We do not doubt your word at all, Bill. In fact we quite agree with you.

And speaking of populations Sanford should come to her "census" some time this fall and have a man take it who is not afraid to look for people and get them all.

According to some of the weekly papers the lease system has at last been abolished. We are glad to learn this and hope it will be continued along this line if it takes all summer.

Another eminent authority on mental diseases says we are all verging on insanity and that more people every day are getting crazier and crazier. Well, speaking for myself we would say that he is quite right. And when we go crazy sure enough there are some people who had better get out of sight.

After reading about the big fight put up by Whipping Boss Higginbotham and his attorneys against a change of venue we would just like to ask Mr. W. B. just where he would like to have this trial and where he would like to receive the first lash after he gets to where he should be.

The sheriff of Hillsborough county was locked up in his own jail yesterday for contempt of court. We don't know what it was all about but we always did glory in the spunk of a man who would stick to his convictions in court even to the extent of going to jail for contempt. We often feel the contempt even if we are not allowed to express it.

Chairman Gary, head of the Steel Trust, in yesterday's dispatches said that the cure for the ills of the world today was Christian religion. This sounded very nice coming from Mr. Gary who has just returned from a visit to the Holy Land but just below was another dispatch which was a report from the Steel Trust in which the request of the steel workers for shorter hours then twelve hours a day or more was turned down by the same Chairman Gary as impracticable. We wonder how many hours a day Mr. Gary would like to put in if he was working in the blast furnaces.

In another part of this issue is a letter from Sanford's best friend, Mr. W. T. Donnelly in which he states that he can get Sanford a fine ship for the river trade if Sanford will guarantee a terminal. Sanford can and will guarantee the terminal, Mr. Donnelly. We have a fine place for one at the foot of Myrtle avenue and it can be built at once if necessary. Sanford needs this boat and Sanford business men will be consulted about it and will be found in a receptive mood. With all rates on steamships and railroads going higher all the time there is nothing left for the business men but to put on their own boat line. We have the terminal locations and we will build the terminal.

HIGHLANDS COUNTY COMMISSIONERS SEND IN RESIGNATIONS

TALLAHASSEE, May 25.—The telegraphic resignation of three county commissioners of Highlands county was received by Governor Hardee today. They were W. W. Williams, L. H. Walters, W. W. Albritton. At the executive office it

was said that the governor was without information as to what prompted their action. Beyond the fact that they had submitted their resignations to take effect immediately the governor was described as being unadvised on the subject. He did not take any action in the matter today. The Herald delivered six times a week for 15c.

Oakland Cars Break All Records in Month of April

With a sale of motor cars 263 per cent of the same month last year, the Oakland Motor Company, Pontiac, Mich., broke all sales records for the month of April. So far in May the company's sales are running considerably ahead of April, and very much greater than May of last year, which was the largest production month of 1922.

During the first four months of 1923 the company has produced 227 per cent more cars than during the same period of the previous year. Both the New York and Pittsburgh branches of the company in addition to a large number of dealers broke their records for April, going considerably ahead of even the banner months in the boom period of 1919.

A trainload of 30 freight cars filled with Oakland cars was shipped to New York this week, while the same sized trainload of motor cars was also shipped to the Boston distributor.

It is considerably easier to obtain railroad equipment for the east, according to W. R. Tracy, assistant sales manager, thereby facilitating shipments.

Mr. Tracy likewise reports an extremely anxious desire of new purchasers to obtain their motor cars at the earliest opportunity. This tendency has been expressed by the large number of persons coming to the factory for their cars and driving them to their homes, often to far distant points in Iowa, Indiana, and Illinois.

COTTON SHOOTS UP ON REPORTS THAT CROP IS DETERIORATING

NEW YORK, May 25.—Cotton jumped today from 57 to 87 points above last night's close, due to big buying, caused by the impression among traders that present crop conditions are distinctly unfavorable.

May contracts ceased today, going out at noon at 28.40 and buying immediately increased July, forcing delivery up to 27.31. Heavy buying of new crops for outside accounts was stimulated by bullish private condition records in Oklahoma, Ark., and Mississippi, October advanced to 24.86.

SENATOR JOHNSON OF LIVE OAK SUCCEEDS GLENN TERRELL

TALLAHASSEE, May 25.—Senator J. B. Johnson of Live Oak, was today named by the internal improvement board as its attorney to succeed Glenn Terrell, recently appointed to the supreme court. Mr. Johnson is one of the oldest members in point of service in the senate. He is a very close friend to Governor Hardee, having lived in the same town with the chief executive.

Mr. Johnson plans to take up his new duties June 1, immediately after the close of the present session.

FORD SALES PASS THE HALF MILLION MARK IN 120 DAYS

More than half a million Ford cars and trucks sold in 120 days.

That is the astonishing record just established by the Ford Motor Company, eclipsing all previous sales figures and emphasizing more strongly than ever the right of the Ford to the title "The Universal Car."

From January 1 to May 1 sales of Ford cars and trucks in the United States reached the enormous total of 561,544, nearly twice the number sold at retail during the same period a year ago when the total was 283,782.

Even with its huge production facilities, now operating on a schedule in excess of 6,500 cars and trucks a day, the company is unable to keep up with the unprecedented demand.

April set a new sales record for the month, just as has every other month this year, and was the thirteenth consecutive month in which sales have run over the 100,000 mark.

Sales during April totaled 185,582 Ford cars and trucks, 50,000 more than were delivered in the same month last year when 115,282 retail deliveries were made.

New production records were established by the Ford Motor Company for the week ending May 8, during which a total of 39,053 cars and trucks were turned out for domestic use, according to announcement by the Ford News. This exceeds by 192 the previous high record set the week before.

Daily production records went to a new high mark Friday, May 4, when 6,590 cars and trucks were assembled, beating the record of 6,573 established on Tuesday, April 17.

Fordson Tractor production for the week ending Tuesday was 2,578.

During the same week the Lincoln division of the Ford Motor Company produced 170 Lincoln cars.

HIGHLANDERS BEAT BULLDOGS

ORLANDO, May 26.—After Steve Dominguez had made a hero of himself and after Lester Sweetland had pitched in fine form and after almost everything else had been done something worth while, the Lakeland Highlanders defeated the Burkemen yesterday afternoon in the first game of the series 2 to 1. The score:
Lakeland 000 001 001—2 5 0
Orlando 000 000 100—1 7 1
Batteries: Lutzer and Smith; Sweetland and Francis.

BRADENTOWN, May 26.—Bradentown took the small end of a pitcher's duel losing in the tenth to Daytona 3 to 1. Poor support given Wilhelm was the cause of defeat. Score: Daytona 000 000 010 2—3 6 0
Bradentown 100 000 000 0—1 9 4
Batteries: Chapman and Munn; Wilhelm and Kegan.

ST. PETERSBURG, May 26.—Going into the eighth with the score 1 and 1, Tampa fell upon Ollinger here yesterday for five runs cinching the second game of the series, 6 to 1. The score:
Tampa 000 000 150—6 10 5
St. Pete 001 000 000—1 3 0
Batteries: Fisher and Nance; Ollinger and Schmidt.

FOR THE MOVIE FAN

That was a real picture last night.

And for the benefit of those who could not go last night it will be shown again tonight so don't fail to see it.

Mary Miles Minter in "Drums of Fate" supported by George Fawcett, Robert Cain; Bertram Grassby, Maurice Flynn.

The story of a woman who loved once and married twice, and then risked honor and life to win back her first love.

And the honor guests tonight will be George Townsend, Jr., and his mother and will see "Drums of Fate" without charge, the treat being on the house.

Watch for next week's program as it will contain some good pictures.

Remember the show starts at 7:00 o'clock on Saturday night and 7:30 on the other nights.

PEPPER LEAGUE MEETING

There will be a meeting of the managers and captains of the four clubs in the Pepper League Monday afternoon at 5:30 in the Brotherhood of St. Andrew rooms.

Firpo Stops For Few Minutes in Jacksonville

JACKSONVILLE, May 26.—Luis Firpo stopped here yesterday afternoon for 20 minutes while enroute to Havana to meet Joe White, Sunday, June 3. Firpo said he is in first class condition, and expresses confidence in his ability to stop White, whom he characterized through an interpreter as "a tough boy." It was suggested by newspapermen that Jess Willard seemed overjoyed that a contract had been signed for a bout with Firpo, to which the South American replied: "Willard may not laugh later on." He said Willard was a good fighter, but slow. In Firpo's party were Joe McCann, his sparring partner, Al Mayner, representing La Nacion de Buenos Aires, G. Widmer, manager and interpreter, and A. Guerrieri.

Anniversary Day at Baptist Church Fine Year's Record

INTERESTING PROGRAM WILL BE RENDERED TOMORROW.

A year ago when the officials of the First Baptist church had to settle the question of filling the vacancy that existed from the lack of a pastor great care was taken to select a man that they thought could handle the spiritual side of the church as well as properly carry on the work of expansion that was needed to keep pace with the growth of the city. Tomorrow is Anniversary Day at the First Baptist church and the membership of the church as well as the people of the city as a whole have a right to look with pride on the work that has been accomplished by the pastor, Dr. F. D. King, during his first year as leader of the Baptist people of the city.

When Dr. King came here as pastor of the local church it was under a heavy financial strain that every church goes through in making needed building improvements. This phase of the church work has progressed without a hitch and more than \$3,000 of the outstanding indebtedness has been paid. With due credit to the individual members of the Pipe Organ Club this fine body of women have finished paying for the pipe organ, and about \$1,100 of this indebtedness has been paid during the past year.

In looking on the spiritual growth of the church during the year the 150 new additions that have been made is the outstanding accomplishment of the church. The Sunday school has grown proportionally until it has reached an average attendance for the past four months of a little more than 330 members.

Among the other things done through the year has been the organization of the Althean class for young married women and the Big Berean Brotherhood for the young men, the latter being possibly the biggest distinctive young men's Sunday school class in the state at present.

A fitting program has been arranged for Sunday school tomorrow at 9:30 at which time an effort is being made to have 444 present. The evening service will consist of talks by Supt. John D. Jinkins, Hon. Scheele Maines, Judge Sharon and others on the work accomplished and that which will be undertaken during the coming year.

Berean Brotherhood Made Big Plans to Challenge the State

ON THE QUESTION OF WHO HAS BEST TENNIS TEAMS.

At a meeting of the officers and several members of the Big Berean Brotherhood of the First Baptist church last night plans were made for challenging the young men's Sunday school classes of the state for a championship tennis tournament to be held at DeLand this summer during the week of the Baptist Assembly.

The Big Berean Brotherhood has been the greatest distinctive young men's class in the state for several months so it is the desire of the live members of this class that they reach out for a few more honors, and in addition create a little pep among the other classes of the state. Plans were also discussed for the organization of a baseball team to compete with any other teams of this section, this matter however, was left to be settled at an early date.

The Big Berean boys are a bunch of live fellows since they have reached a membership of more than fifty, and the people of Sanford and the state will hear more of them when they get strung out in the field of athletics as they are planning to do.

In turning from athletics to the other side of the work being accomplished by this great class one is astonished at the results that have been obtained since it was organized last October with less than ten members—today it has an active membership of sixty young men with an average attendance each Sunday of more than forty. They have recently spent more than \$250 in fixing up a class room in the basement of the church making an ideal meeting place and club room.

This growth and work by the officers and teacher, Dr. King, has resulted in the addition of the church of nineteen young men since the class was started. This is having good effects on the church and will have on the city as a whole as well as give the young men a line of Christian ideals to follow.

It has been whispered that Sunday is Anniversary Day at the First Baptist so the officers and members are extending every young man of the city who does not attend Sunday school to be among those present to honor the teacher and organizer of this young men's class that is now leading every similar class of the state. Be one of the 444 at 9:30!

There are seventeen ways to express thanks, seventeen of which are never heard by the elevator man.
