# Altamonte Candidates: What Are They Really Like?

HARRY JACOBS AND LAUREN GOODMAN  
**JACOBS: 'Sat Back Enough'**

Mr. and Mrs. Harry Jacobs? No. Not even Harry and Lauren Jacobs.

The man and woman team which has opened the new law practice in the Pan-American Bank Building in Altamonte Springs — Jacobs and Goodman — are married. It's true (They'll celebrate their third wedding anniversary later this year).

But professionally, they are known as Harry Jacobs and Lauren Goodman; and in private life it's the same.

"Getting married does not change a woman's name legally. It takes positive action, such as changing the name on her social security card and other legal documents," Mrs. Goodman said. "And her husband said it didn't bother him one way or the other. 'I suppose some men would feel threatened because of something like this, but I didn't and I don't,' he said."

The couple met in the domestic relations class at the University of Miami law school. Lauren stayed on in school after Jacobs graduated to get her masters degree in taxes, while he practiced law with a large law firm there.

Having grown up in the big city of Jersey City, N.J., he didn't like Miami. Lauren had lived in the Orlando area since she was five years old and traveling often to Central Florida to visit her family, they decided Altamonte Springs offered cultural opportunities available in the big cities without being overgrown.

JACOBS had come from a poor family with few members in the profession. He worked full-time while putting himself through college and selected the University of Miami Law School over other law schools because three-fourths of the under-graduates attended classes at night while working in the daytime.

He taught school, operated a wholesale milk route and worked as a law clerk for a title company. During his last 18 months in school, Jacobs was a balliff and did legal research for a judge at a salary of \$10 weekly.

JACOBS enjoys fishing and playing tennis. He has a daughter, Nicole, nearly six, from a previous marriage.

Why would an attorney run for a city commission seat? One thing Jacobs makes clear is that he has no intention of using that city office, should he be elected, as a stepping stone in politics.

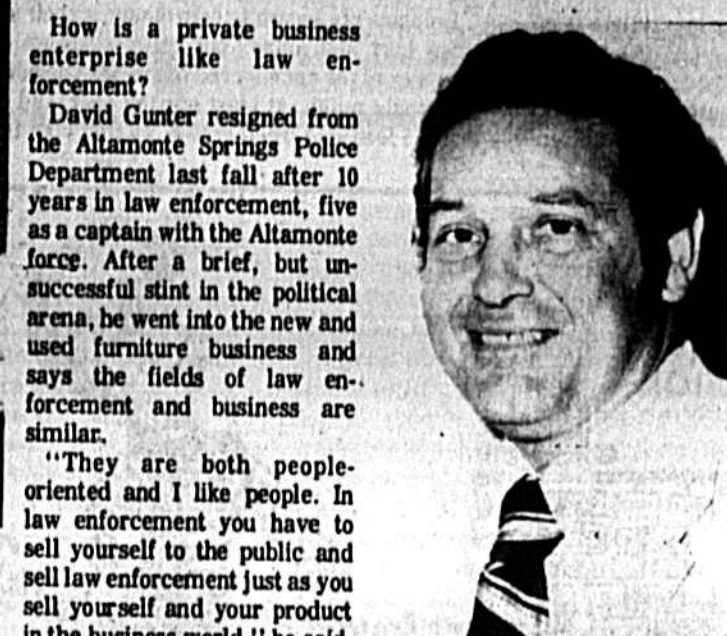

"I'm not interested in other political office," he said. "I have just sat back long enough without being involved on a local level!" In addition, he noted, if he wanted statewide office, a municipal position would not necessarily be the best step to take initially.

In Jacobs' view, a long, hard look must be taken at exactly where the city wants to go and then set goals and make plans to reach those goals.

He said he doesn't want to look back five years from now for another area to move to.

In his campaign he plans to knock on every door in Altamonte Springs to determine what the people's interests are and what is important to them.

# Gunter: He 'Likes People'

DAVID GUNTER  
milite, representing precinct 35 of Altamonte Springs. He is a past president of the Spring Oaks Homeowners Association and an "exhausted rooster" with the Altamonte-South Seminole Jaycees.

How is a private business entrepreneur like law enforcement? David Gunter resigned from the Altamonte Springs Police Department last fall after 10 years in law enforcement, five as a captain with the Altamonte force. After a brief, but successful stint in the political arena, he went into the new and used furniture business and says the fields of law enforcement and business are similar.

"They are both people-oriented and I like people. In law enforcement you have to sell yourself to the public and sell law enforcement just as you sell yourself and your product in the business world," he said, adding that the end result is confidence of people in the individual's honesty and integrity.

He said a major difference in the business world is that although a businessman may work as he does 16 to 18 hours a day, the business person is not under the constant and continual pressure a police officer is. "I don't have to recap at the end of each day everything I have done to be certain that I did nothing wrong or nothing that would offend anyone," Gunter said. "And I don't have the tension of having troops in the road for whom I am responsible."

At Gunter's furniture store located on Orange Blossom Trail at Kaley in Orlando, not only is new and used furniture sold, but also dishes and glassware, antiques of oak, mahogany and brass, tents, camping equipment and lately even a car or two and motorcycles.

Gunter and his wife, Isabel, have a daughter, Anna Marie, 16, a sophomore at Lake Brantley High School and a son, David Jr., 13, a student at Teague Middle School. Mrs. Gunter is a hair-stylist and owns a beauty salon in Orlando. He is vice chairman of the Seminole County Port Authority, having been appointed to the post by Gov. Reubin Askew, and is a member of the local Democratic Executive Committee.

## AREA DEATH

W. PRICE HEARD  
W. Price Heard, 89, of 238 Virginia Ave., Sanford, died Friday. Born in Vienna, Ga., he came to Sanford from Cordele, Ga. in 1946.

He was an accountant, and an associate partner of Strickland and Morrison Ford dealership. He was a member of the First United Methodist Church, Sanford and the Mayfair Country Club.

He is survived by two daughters, Miss Cecile Heard, Sanford, and Mrs. Briggs Arrington, Cordele; one sister, A. C. Crockett, Bradenton, Fla.; five grandchildren; and six great grandchildren.

Brisson Funeral Home, P.A., is in charge of arrangements.

## Funeral Notice

HEARD, W. PRICE—Funeral services will be held Monday at 11 a.m. at First United Methodist Church for W. Price Heard, 89, who died Friday, with the Rev. Leo King officiating. Burial will be in Oaklawn Cemetery.

## Here's Who's Running

Three men are vying for the district one city commission seat being vacated by two-term Commissioner Cal DeVoney in the Nov. 8 Altamonte Springs City election.

DeVoney declined to seek re-election in line with his belief that public service in any one area should be limited to two terms.

The candidates are:

Bob Cuevas, 40, of 610 Camden Rd.; David Gunter, 38, of 510 Heatherton Blvd., and Harry Jacobs, 39, of 517 Little Wekiva Rd.

Neither Cuevas nor Jacobs has sought public office before. Gunter, a former city police captain, was an unsuccessful candidate for the county commission last year.

Also on the ballot will be candidates for the district three city commission post—Jim About Bob Cuevas, Page 8A

Broughton, Glen Buschman (the incumbent) and Dolores Vickers.

The city has 6,458 registered voters, according to Seminole Supervisor of Elections Camilla Bruce, and polling places will be at the city hall, the civic center and the Montgomery Road fire station, said City Clerk Phyllis Jordahl. — DONNA ESTES

LAKE HOWELL ROOTERS ELATED OVER BEATING LYMAN

GREYHOUNDS, HAWKS EXCHANGE POST-GAME GREETINGS (Herald Photo by George Stivers)

# Howell Happiness Is First Win Of Season

## Lyman Tripped In 21-14 Game

Lake Howell's Silver Hawks are finally there. And a lot of Curtis Keen's "ifs" have been answered. Keen, head coach of the Hawks, has been saying all of this long, winless — up to Friday — season that his team just needed one victory to get "over the hump" and "around the corner," and thereby "on the winning path."

Keen's Hawks accomplished all this, and more, in grabbing victory No. 1 of the season at Lyman Friday night, topping the "Hounds, 21-14.

Lyman assistant Bob McCullough said it, coming off the field after the contest was over. "You just can't score if you don't have the ball," he said. "We did just what other teams have been doing to them all year — controlled the ball game — in the second half."

Howell started two ball possession drives in the second half, one taking up over 10 minutes of the third quarter — 30 yards, 14 plays.

The second drive showed confidence — plus liberal helping of guts and determination — as it put the Hawks back on top for good, and right after Lyman had tied the game for the first time since Howell's initial score in the first quarter.

Lyman's Bob Thacker had just passed for an 18-yard TD and a two-point conversion to tie the score 14-14 and the majority of spectators, on both sides, wondered, "Can the Hawks come back now?"

It took just 11 plays for Howell to show it had indeed, turned the corner. The Hawks drove 60 yards, all on the ground, with no hesitation.

Fullback Doug Grielder, fittingly scored the winning TD on a 15-yard burst up the middle.

Grielder had been the workhorse of the Howell offense all night, carrying the ball 13 of the 18 plays in the third quarter, and 23 times for the game.

Lyman won the toss of the coin and elected to receive the opening kick off, David Sims, the "Hound" punter, on the offense, moved the ball from the 25 to the 45 where a fumble by Bob Thacker set the ball back to the 62. Sims regained the lost yardage and moved the ball to the 49, six yards short of the first down.

Punter Drive Mooty fumbled the snap from center, giving Lake Howell possession on the Greyhound 45.

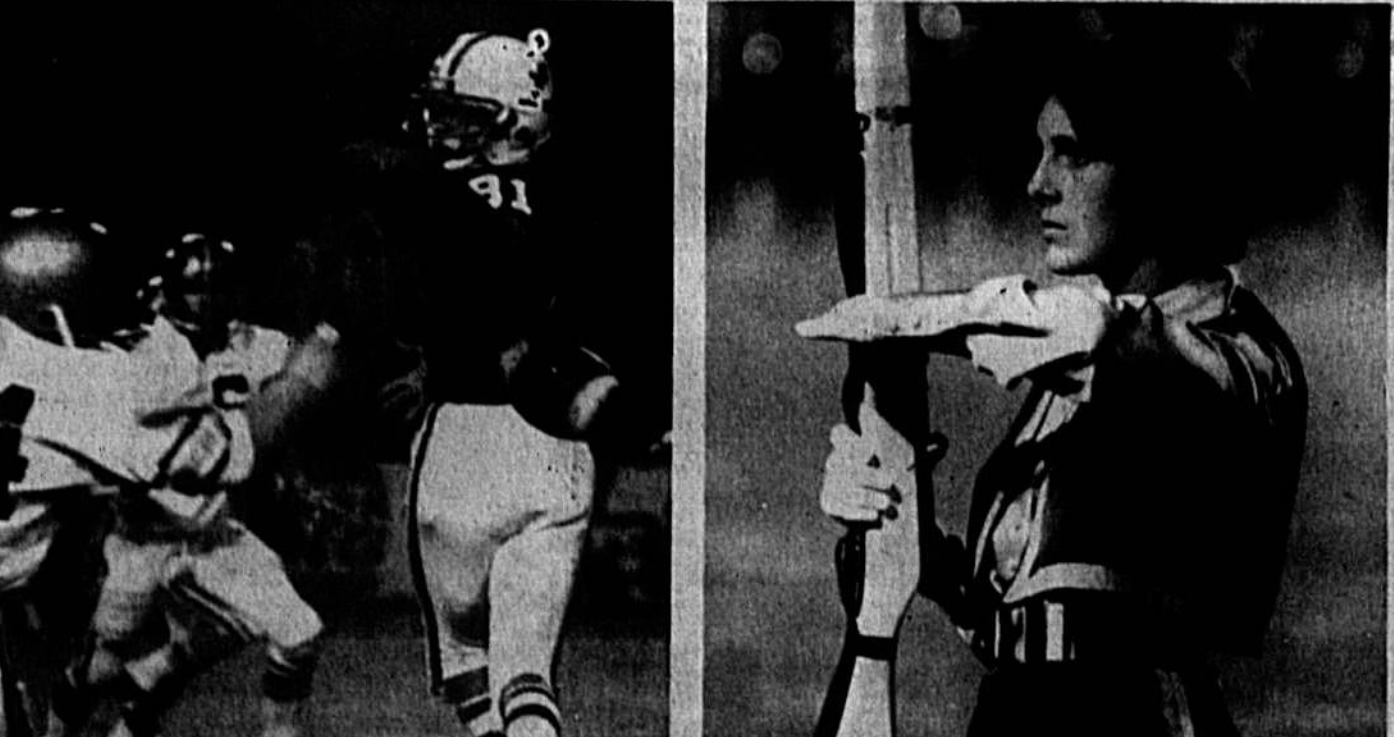

Joey Clark, Silver Hawk quarterback, bootlegged around right and on Lake Howell's first play to pick up 14 yards for a first down. After a second down official penalty which moved Lake Howell back to the 32, Clark Dickson took only two plays to move the ball to the Lyman 18, from where Doug Grielder moved the ball to the Greyhound line.

There Lyman staged a goal line stand and stopped the Hawks on the two to take over on downs.

Chuck Westworth pounced on the fumble on the line in the 17 yard zone. He ran the ball for Lake Howell.

HAWKS COACH CURTIS KEEN MAKES A STRONG POINT (Herald Photo by Tommy Viscusi)

LYMAN'S MARY LAROCK AT ATTENTION (Herald Photo by George Stivers)

## Was Heart Attack Delay Costly For Lyman?

No one will ever know how much referee John Welcher's heart attack affected the outcome of Friday's Lake Howell vs. Lyman game.

The game was stopped for 30 to 40 minutes during the fourth quarter when Welcher collapsed on the field, was given emergency aid on the spot, and finally removed to the emergency room in an ambulance.

Both coaches expressed fear that the long wait in the cold weather left their teams stiff and not quite at peak performance — both mentally and physically.

It could have affected Lyman quarterback Bob Thacker's throwing arm, for instance — much like a baseball pitcher's arm will tighten up during a rain delay.

The accident occurred with 3:11 left to play in the game. Lyman had the ball on their own 45, first and 10.

The "Hounds" Thacker had just hit a pass to McClanahan for a first down. After the half-hour delay, Thacker hit McClanahan again on the first play — but then proceeded to throw four straight incompletions to end Lyman's chances.

Two Lyman players — Mark Fricke and Steve Milligan — were in tears, and so upset that they did not return to play when the action resumed.

"It's been on my mind all season that I've been playing without a contract," Fricke said. "But I try not to really think about it. It's up to my agent and Mr. Steinbrener (Lyman owner George Steinbrener)."

Torres' agent, Gary Walker, has another negotiating session scheduled today with Yankee officials.

For three innings, it appeared that Torres might be an ex-Yankee any minute. He equipped out of trouble in the first and second innings but served a game tying three-run homer to Dusty Baker with two out in the third.

## Somber 'Hounds Slowed By Delay

By DAN RUTLEDGE Herald Correspondent

The Lyman Greyhounds were defeated, but not disheartened, by their upset loss to Lake Howell Friday night — the first meeting ever between the two Seminole County teams.

The loss was somber in the "Hounds' dressing room — but as much, or more, from the near tragedy on the field when an official suffered a heart attack in the fourth quarter as it could have been — "cause the cheerleaders had formed a double line for the team to run between, then through a hoop under the goal posts — but they were at the opposite end of the field."

It was an indication of Lyman's coordination on the evening. Lyman proceeded to fumble eight times, set up Lake Howell with good field position with a bad snap on a punt, miss a close field goal by inches, and have a tying PAT blocked.

And on the other hand, Lake Howell had a relatively turnover free night — for a change. It was noted to Coach Curtis Keen and his staff that turnovers were caused by an evil spirit that possessed the Hawks in 1977.

Every week, key turnovers killed the promise of victory — as in the loss to Lake Brantley, for instance, when the Hawks missed a key kick.

But last night at Lyman, Howell had just three — two fumbles and one interception. All in all in the first half.

WIN AT BRIDGE

By OSWALD and JAMES JACOBY

West shifted to the nine of that suit. Dummy's Jack was covered by East's queen and South's ace.

Pete led a trump to dummy, ruffed the ace of clubs, led a spade to the king, ruffed dummy's last spade.

Then he entered dummy with a second trump, led the queen of clubs and discarded the three of diamonds.

West was stumped and had no way to collect more than one further trick. A diamond lead would make Pete's king good. Any other lead would allow him to ruff in dummy and discard one diamond.

Pessimism had paid off. Any other line of play would have lost the hand.

I SEE, WELL, IT'S BEEN A PLEASANT SURPRISE TO HEAR YOU HERE! WOULD YOU MIND HANGING AROUND FOR A MINUTE?

AND WE HOPE YOU'LL ACCEPT MY WELCOME TO THE CLUB! WITH OUR BEST WISHES!

HOROSCOPE

By BERNICE BEDE OSOL

For Sunday, October 16, 1977

YOUR BIRTHDAY Oct. 16, 1977

The coming year will be a stimulating and interesting one, with much new knowledge gained in the process. Lots of pleasurable short junkies will alter the tempo and pace.

LIBRA (Sept. 23-Oct. 23) Use your inquiring mind to seek new knowledge today. You can absorb subjects you may have found difficult to understand previously. Like to find out the latest lies ahead for you? Send for your copy of Astro-Graph letter by mailing 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

HOROSCOPE (continued)

SCORPIO (Oct. 24-Nov. 22) Search for hidden bargains in out-of-the-way places today. You'll be quick to spot valuable bargains today. The project should prove enjoyable. The results will please the entire family.

LEO (July 23-Aug. 22) You today realize the need for mental stimulation. Plan a day visiting interesting friends or going to interesting places.

VIRGO (Aug. 23-Sept. 22) Shopping for household items today will be a good idea. The project should prove a fun adventure. Chances are you'll find what you're looking for at just the right price.

HOROSCOPE (continued)

YOUR BIRTHDAY Oct. 17, 1977

A change may come about this year that you'll resist because it's not the way you planned things. Better to go along with it, however, because it could work better than your original program.

LIBRA (Sept. 23-Oct. 23) Quickly rid yourself of the tendency to feel you might be more equal than anyone else today. Looking down on talking down to others causes only trouble. Like to find out more of what lies ahead for you? Send for your copy of Astro-Graph letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

HOROSCOPE (continued)

FLATTERY will truly get you nowhere today. The target of your flattery will sense your words have a false ring, and be more annoyed than pleased.

SAGITTARIUS (Nov. 23-Dec. 21) If you run a little short this week, today could be one of the culprits. You tend to spend money like it's going out of style.

CAPRICORN (Dec. 22-Jan. 19) Where normally you're a good judge of people or situations, today that instinctive common sense might desert you. Underestimation can be costly.

HOROSCOPE (continued)

AQUARIUS (Jan. 20-Feb. 19) Don't expect more today than you have their own problems and responsibilities and won't chuck them to bail you out.

PISCES (Feb. 20-March 20) When you wish upon a star you depart from the real world. You may indulge in some fantasy.

HOROSCOPE (continued)

WHILE attending a demonstration in radiology, student PETER PARKER was bitten by a spider which had accidentally been exposed to RADIOACTIVE RAYS. Peter soon found he had GAINED the insect's powers... and had become a human spider.

### Handy Checklist Helps Diagnose Alcoholism

DEAR ABBY: I am not sure, but I think someone in my family is an alcoholic. He says he can take it or leave it alone, but he always seems to be "taking it." It has me worried. How can I be sure?

WORRIED DEAR WORRIED: The American Medical Association has devised the following list of questions that they say are useful in diagnosing alcoholism. An affirmative reply to one makes a person suspect, while an affirmative reply to two "definitely" classifies a person as a problem drinker.

1. Does the subject drink to calm his nerves or to sedate himself?
2. Does he become increasingly irritable while drinking?
3. Does he frequently drink until he becomes quite drunk?
4. Does he drink a steadily increasing amount of alcohol?
5. Does he hide his source of alcohol?
6. Does he lie about his drinking?
7. Does he take a drink first thing in the morning?
8. Does he miss work or shirk his duties because of drinking?
9. Does he neglect his family?
10. Does he experience periods of blackout or amnesia?
11. Has he been hospitalized for drinking?
12. Has he lost his job because of drinking?

For 23 years I have recommended Alcoholics Anonymous for those with a drinking problem. They're in the telephone book, but you must call THEM and ask for their help. Friends of families of alcoholics are welcome to call ALANON (affiliated with A.A.) to learn how to cope with an alcoholic. It's free and could be the most valuable call you've ever made.

DEAR ABBY: I work in a rest home where at least half the residents are senile. They tell their families that we don't feed or bathe them. Some even say that we steal from them!

BURNED UP DEAR BURNED: You have now.

### 80-Year-Old Woman Gets Post As College Regent

BERKELEY, Calif. (AP) — Theodora Kroeber Quim finds nothing unusual about joining the University of California Board of Regents at the age of 80.

"Some people are through at 40. And some people are just getting started," she says, adding that age has helped her become "more focused and a little clearer about some things."

Not only that, but she says that at her age she has "less to cover up" and is "more likely to say what I think."

Recently appointed to the board by Gov. Edmund Brown Jr., Mrs. Quim says she hopes to contribute "a different angle of vision, a point of view that comes from being a woman and a writer."

In announcing her appointment, Brown said, "I'm endeavoring to find people who can bring to the meetings a level of intellectual insight appropriate to the university."

Until her appointment, Mrs. Quim was probably best known as the author of "Ishi in Two Worlds: The Last Wild Indian of North America."

The book chronicled the life of the last living Yahi Indian, who "stumbled into civilization" in 1911 and lived the last years of his life at the University of California museum and a daughter who is a writer — urged her to do it.

## Sewing Catalogue Gets Back To Basics

By JOANNE SCHREIBER  
All the top fall looks are interpreted here for the woman who sews. You'll not even need to order a pattern to sew this fall's most important fashion accessory, the shawl. Complete directions for a triangular shawl and a rectangular wrap are complete in the book. Layering is also part of many designs. Jumpers are worn over turtlenecks and under jackets; tunics and ponchos go over jumpsuits; vests and jackets mix and match with skirts and slacks.

The special Sewing Supplement is loaded with timely extras. If you have always wanted to try some sewing machine embroidery, Basic Fashion contains complete instructions plus several ap-

plique and embroidery patterns. There's a section on making doll clothes, for old-contemporary and old-fashioned dolls; a piece telling you how to make decorative pillows as accessories for your home; complete instructions for an apartment-size, hanging patchwork Christmas tree and several tree ornaments, plus patchwork pretties with an eight-pointed star decorating a toaster cover, potholder and apron set.

When the holiday parties are in full swing, you'll be glad you took time to make a beautiful, flowing caftan of chiffon — directions and diagram are complete in Basic Fashion. To get your copy, send \$2 plus your name, address and zip to Stitchin' Time, care of this newspaper, Box 503, Radio City Station, New York, N.Y. 10019. And remember — there's a coupon for a free pattern, right on the page with the new measurement chart. It's the best issue yet, so order quickly while supplies last.

During our 75th Anniversary year we pay tribute to our founder by offering you some of the lowest prices of the year this weekend only.

## Sanford Middle Parents Protest Principal Suspends 5 After Fight At School

By MARYLIN SHEDDAN  
Herald Writer

A group of 19 black parents at South Seminole Middle School today removed their children from school after a meeting with Principal S. A. Boyette Jr., concerning an incident which occurred last week.

Five white students involved in the incident were suspended from school. The meeting was requested by Mr. and Mrs. Titus King of Altamonte Springs following what they described as a "race-related" fight at the school Friday. Parents said they were afraid of continuing incidents and said their children had been warned by white students not to come to school today.

Boyette assured the parents he was continuing to investigate the incident and promised at least one additional suspension. He said some of the black students had informed him "that I missed one of the troublemakers" and that he was still interviewing students to determine what happened and to find out the names of everyone involved.

The suspended students will be out of school for lengths varying from three to 10 days, Boyette told the parents. "What will happen to our children when these students come back to school?" King asked. "If there is trouble again they will be suspended again, and if they continue to make trouble they will not be allowed back on this campus for the rest of the school year," assistant principal P. J. Zeul responded.

Boyette said the incident initially involved two students, one white and one black, who were arguing over a plastic football. A second white student stepped in to protect the black student, and several whites then stepped in to aid the white student who had originally been involved.

All involved students were then taken to the office, Boyette explained, and kept in the office for the remainder of the day, missing about three hours of school. Black and white students were kept in separate areas of the school offices, Boyette told the parents.

The parents also told Boyette they were concerned over incidents stemming from the fight, including stories from their children that they had been searched for weapons "police style, with their hands spread against the wall" while white students were not searched at all.

Both Boyette and Zeul denied that any students had been searched in that or any other manner. "The switchblade" turned out to be a comb in a switchblade-like sheath, which Boyette showed the parents. One parent, who asked not to be identified, had only one question during the two-hour meeting: "Are our children safe at school?"

Boyette assured the parents the black students, who make up less than two per cent of the school's total population of 1,045, were safe.

"We have an obligation for our students to go to school without See SCHOOL, Page 2A

'LITTLE MISS BPW'

Meredith Anne Engle (center) receives crown, robe and hug as "Little Miss B.P.W. (Business and Professional Women)" of 1977 from last year's queen, Shannon Margaret Weber, at the annual pageant at Sanford Civic Center. Reigning queen is the daughter of Mr. and Mrs. Harold Engle of Orlando. Also in the queen's court Saturday was Jennifer Lynn Vernon of Sanford (left), first runner-up.

### AUTO-TRAIN, TRUCK COLLIDE

The Florida Highway Patrol said a DeBarry man and his small son were injured today in an 8 a.m.

Auto - Train-pickup truck collision at a grade crossing on Barwick Road, just west of U.S. 17-92 and north of the St. Johns River bridge. Above, Beacon Ambulance attendants and fireman aid driver Foster Zebuth, 23, of 117 Fern Drive.

Zebuth was later listed in fair condition at Seminole Memorial Hospital, Sanford, with multiple head, neck and chest injuries, according to a hospital spokesman. His son, Paul Zebuth,

4, was treated for facial cuts and released from the hospital. Trooper C.F. Brown said Zebuth was charged with failure to have vehicle under control.

He said the small truck, right, had almost cleared the track when the south-bound train struck it in the rear. Brown said the Auto Train was traveling at

about 40 miles an hour, slowing for the river bridge, with whistle sounding for the crossing, when the accident occurred.

### Overseen By Finance Director Tamm

## Where Sanford's Revenues, Deposits Go

By DONNA ESTES  
Herald Staff Writer

The City of Sanford in the 11 months ending Aug. 31, 1977, earned \$255,852.41 in interest from investments, said City Clerk and Finance Director Henry Tamm, explaining that each city fund operates much like a different business with its own revenues and expenditures.

The revenues from the investments are used to retire bond issues, pay pensions for the police and fire departments and for other necessities. Of the large sum, \$12,000 was earned for the city's general operating fund alone.

The city only last month paid off a 40-year bond issue yet didn't have to levy a tax to make the payments the last year of its life.

From investing money over and over again, the resulting interest was used and thus no tax levy was necessary, he said.

City operating funds are generally split evenly with deposits in Sanford's three banks, Sanford Atlantic, Flagship Bank and U.S. Flagship Bank, he said, adding

that interest-bearing accounts are also kept in the local banks and the First Federal Savings and Loan Association.

Tamm said the selection of Sanford banks where money is deposited in interest-bearing accounts is done on a bid basis.

The major portion of Sanford's investment capital, however, is in U.S. treasury notes with various maturity dates and at various interest.

Among the accounts the city has, according to Tamm, are:

- Flagship Bank checking account \$320,000.
- Atlantic \$182,000.
- U.S. Flagship \$168,000.

After Nov. 1 before new property taxes begin coming in many of the city's accounts will be used up for budgeted items.

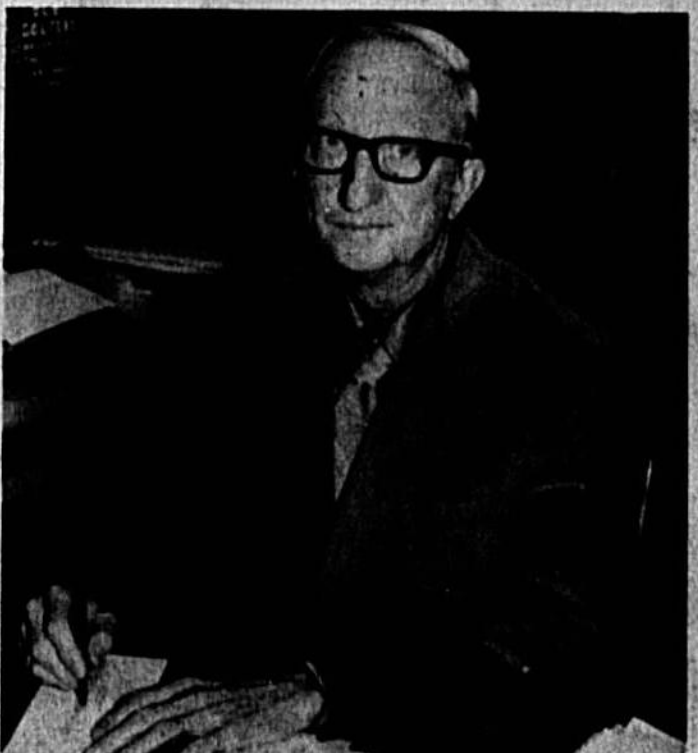

Other accounts in addition to the general fund accounts are a checking account for utility operation \$138,000, meter deposit fund \$25,000; time account drawing interest on meter deposit \$4,000; revenue-sharing trust fund

\$50,000 checking; cemetery \$70,000 time account drawing interest and \$15,000 in a certificate of deposit drawing interest; \$34,000 federal anti-recession fund checking account; reserve account checking \$25,000 and \$2,000; water and sewer bonds sinking account with reserve principal and interest \$52,000 - checking and \$72,000 savings.

Utility trust fund accounts in which funds received from the \$550 levied for each new water and sewer tap for expansion, new wells, fields, plant expansion and line extension includes a checking account of \$37,000; and two time deposits drawing interest of \$134,000 and \$210,000.

The city's total funds of \$2,287,798 are distributed into \$668,000 in checking accounts (Tamm says the average usually is \$300,000 and when the sum gets beyond this point the remainder is usually placed in interest bearing accounts); \$1,259,000 in time accounts drawing interest and \$360,798 in savings accounts.

Tamm has been with the city for nearly 18 years. Prior to his employment with the city, he was chief deputy clerk to Arthur Beckwith, clerk of the circuit court.

HENRY TAMM ...the money man

### PLAZA SWEET

Highlight of the 13th birthday party Saturday for Sanford Plaza was the hauling (left photo), trimming (center) by Bob Wilson, Publix bakery

manager; and finally cutting (right photo) of the special 300-lb. cake by Sanford Mayor Lee P. Moore (left) and Publix manager Jim Grant, president of

the Sanford Plaza Merchants Association. The celebration was an all-day affair featuring prizes and special sales.

## Seniors Lend Helping Hand

You've heard Jacke Gleason tell an audience, "You're a good group!" Fellow Seminole Countyans, if you really want to see a good group in the future, look at the RSVY's.

The RSVY is a volunteer group that has been around for years and is now in its 10th year. It is a group of seniors who help out in many ways.

Grace Williams, an RSVY member, and in a recent letter to the editor of the Seminole County News, she said, "I have the utmost respect for everyone in the program. We all love it. We have a coffee and fun. These during our sewing days that is really something different to offer. This and so much happiness to each other's life."

Sophia Cohen, said, "It was through the RSVY that I got to be a Dividend. I am now helping out in the county courthouse. As one of the members of the county courthouse, she said, "The RSVY's have done a lot for me and I've done for the organization. It's kept me occupied."

Helen T. Murphy, who works in the Longwood Elementary School Clinic, said, "This organization gives senior citizens a chance to get involved and DO SOMETHING. You feel useful, which is a very important feeling for anyone."

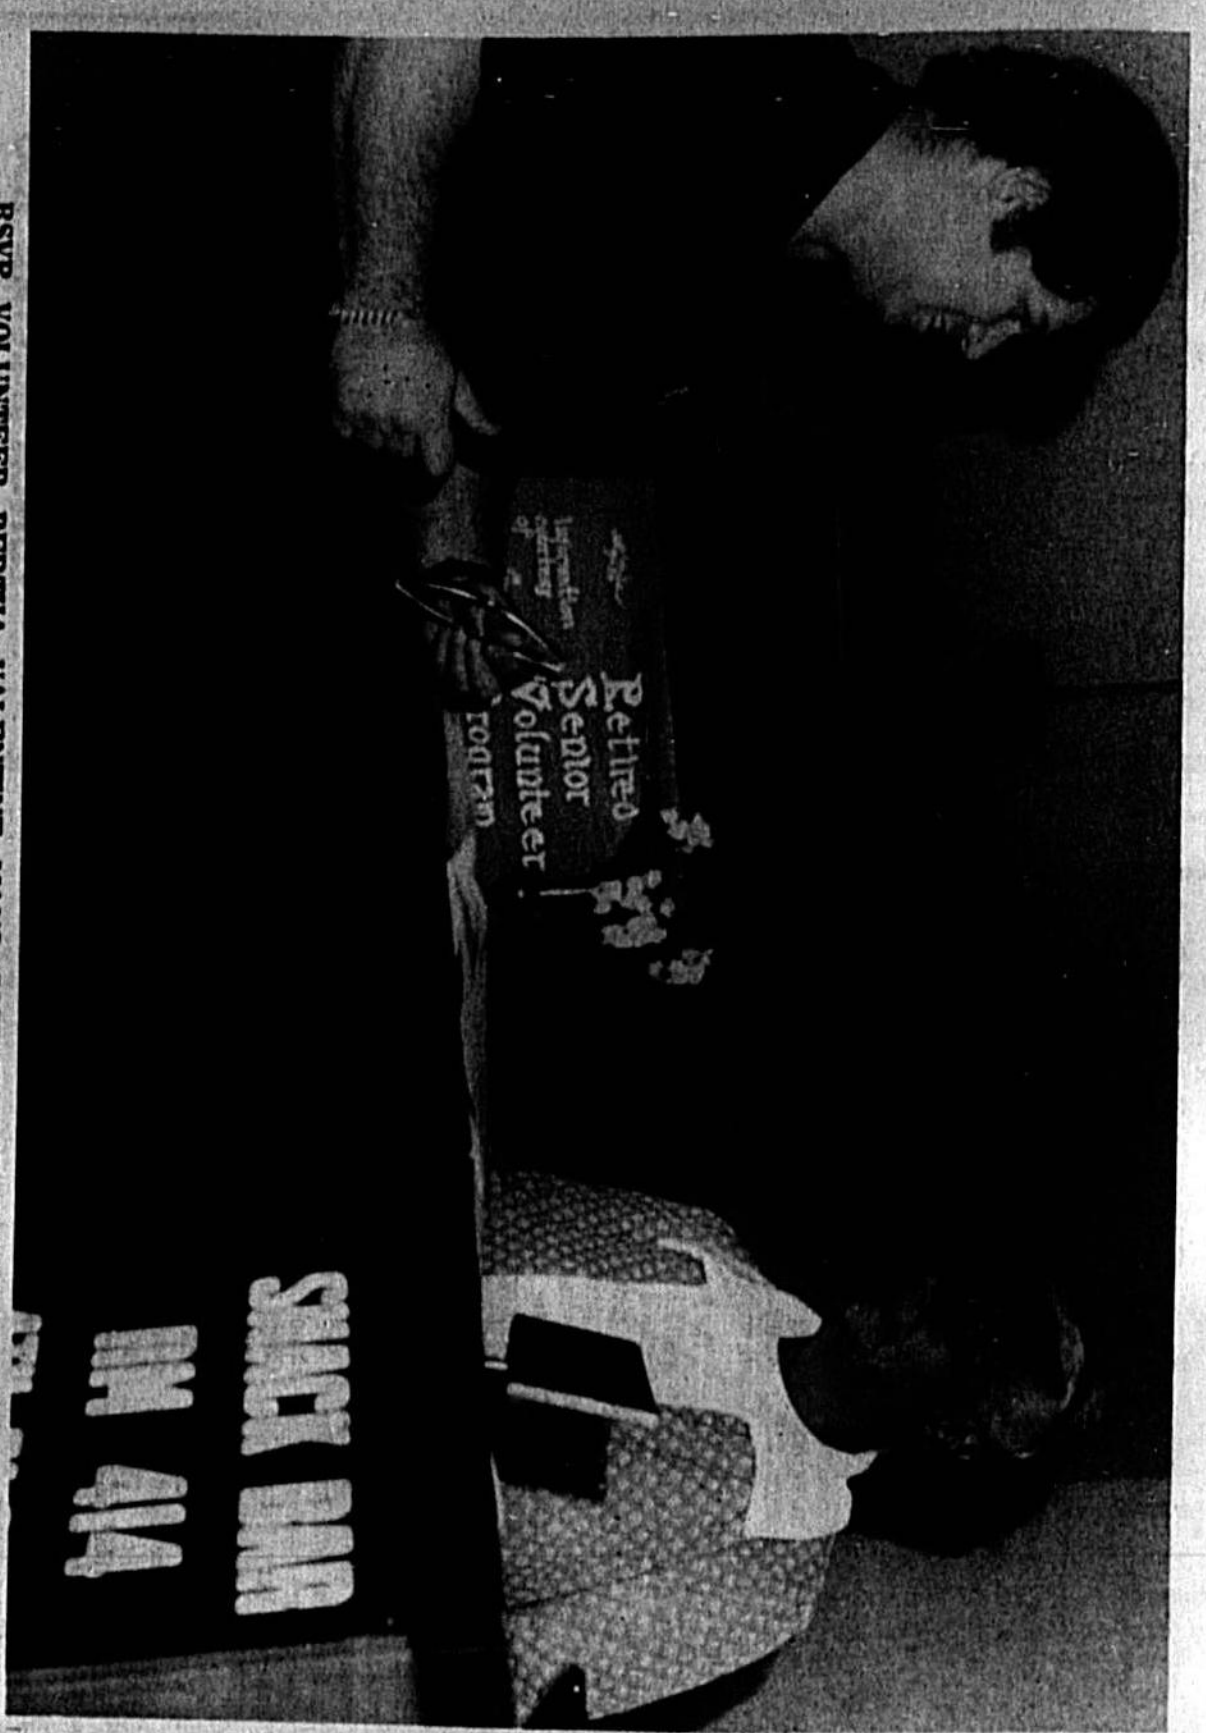

Scholar Hank handles the coordination of volunteers at the county courthouse. As one of the members of the county courthouse, she said, "The RSVY's have done a lot for me and I've done for the organization. It's kept me occupied."

Staff assistant Jim Pack wants more volunteers. There is a particular need for volunteers in the school, especially in the school clinics. We need 60 and only have 20. Men and women are eligible to serve. A Red Cross training program is available, and transportation may be arranged. In fact, car and bus fares are paid and out-of-pocket expenses, he said, "are not a problem. Check with me just a matter of lots of TLC."

It has been estimated that with the 40,000 volunteer hours that are needed in Seminole County, at an average wage of \$2 an hour, the community has earned a credit of \$80,000. RSVY means the opportunity for those who want to give of themselves to their fellow man. As Josephine Christ, an RSVY plus it, "In our arts and crafts class we work together to make things. We all look forward to our meetings, and come to our meetings with high spirits, no one wants to miss, and come to our meetings with high spirits, no one wants to miss, and come to our meetings with high spirits, no one wants to miss."
