Comptroller C. M. Gay reported the forecast of state general fund financial condition for the end of the fiscal year indicated money would be available to meet the school appropriation in full.

He moved for release of the money by the Budget Commission. State school Supt. Colin English made the motion for necessary action by the Board of Education.

Governor Caldwell, who had insisted on holding the capital outlay in reserve, was not present. He left a statement concurring in the release on condition that it be used only for purchase of school sites, new buildings, permanent additions to old buildings, permanent equipment and school buses when they are needed.

The State Department of Education has contended "capital outlay" also should include such items as library books, visual education supplies and instructional equipment. The Board of Education regulations on use of the money follow the Governor's position.

English said all Florida counties already have in their budget the required \$100 per instruction state money, based on \$300 a unit of local funds to match the unit. He said they can start spending the money as soon as they get it under their current budgets.

Gay said he had noticed many Florida school buildings are in "dire need of immediate repair. A few hundred dollars spent on a new roof, for instance, now will save thousands of dollars in the future. Some of the buildings are deteriorating so rapidly that it is imperative that alterations be made."

Gruber Expresses Satisfaction With Sanford Ball Club

Skipper Says Team Is Young And Inexperienced But Willing To Learn

The Sanford Giants entry in the Florida State League is a new baseball team listed on the New York Giants Farm Clubs roster and will be operated by the Giants for the 1918 season under the direction of Manager Hal Gruber.

The new Sanford skipper has expressed satisfaction with the baseball park, the club houses and fields. "Now that we have reworked the infield I think that we have the best field in the league, and it certainly is the best I have ever seen," Gruber asserted.

The Sanford skipper is still unable to determine just who will be in the starting lineup when the Sanford nine tangles with Orlando in the season's opener in the Orange County City on the night of April 16.

The local club will not be definitely set until after Minneapolis and Jersey City make their cuts in their player rosters and then in the other Class A and Class B clubs make their trimmings.

"We are looking for some help from Knoxville and Trenton when they make their roster cuts," Gruber asserted.

Those listed on the Sanford roster and their home towns include Les Booher, outfielder, Rockhill, S.C.; Johnny Chitty, second baseman, Jacksonville, Fla.; Lloyd Clifton, second baseman, DeLand, Fla.; Jerry Creasy, left handed pitcher, Wilkesboro, N.C.; Dennis Finley, right handed pitcher, McHenry, Ill.; Frank Giordano, outfielder, New Haven, Conn.; Bernard Lake, utility, San-City; Bernard Lake, utility, San-City; Joe Lashley, outfielder, Newport, N.C.

Also Steve Magliotta, outfielder, Brooklyn, N.Y.; Bob Marshall, right handed pitcher, Denver, Colo.; Lloyd Clifton, second baseman, DeLand, Fla.; Jack McCann, right handed pitcher, Leesburg; Jim McKenna, right handed pitcher, Brooklyn; Johnny Lyman, infielder, Brooklyn; Huntington Valler, P.; Bob Peppers, right handed pitcher, Lafayette, Ga.

And Joe Schultz, right handed pitcher, Flushing, N.Y.; Charles Spinks, left handed pitcher, Dugger, Ind.; George Street, first baseman, Westmont, Pa.; Johnny Tomat, left handed pitcher, Savannah, Ga.; Tim Tyler, outfielder, Winter Park; Don Umstead, Maplewood, N.J. and Martin Zuba, catcher, Hempstead, N.Y.

DOGGERS FLYING

VERO BEACH, Mar. 30 (AP)—The Brooklyn Dodgers of the National League and their farm club, the Montreal Royals of the International League are flying here by clipper today from Ciudad Trujillo where they have been training for the last month.

The flight from the Dominican Republic will be nonstop. The Dodgers will arrive at 8 P. M., according to the schedule, and the Royals an hour later. Arrangements were made for customs and health officials to meet them here and save a stop at Miami.

MIAMI PRACTICE

MIAMI, Mar. 30 (AP)—Sixty-one University of Miami football players resumed spring practice yesterday under line coach Hart Wray. His pending arrival of head coach Andy Gustafson.

The squad includes 10 ends, seven tackles, nine guards, six centers and 29 backs.

Johnny Neun Has High Hopes For Cincinnati Reds

Woes Of Last Year Are Gone As '48 Club Holds Drills

TAMPA, Mar. 30 (AP)—A year ago now the Cincinnati Reds were blue. Even their best friends were telling them that with good luck they'd probably finish in the basement of the National League. The club seemed to have gone about as far as it would go, with blowout patches covering blowout patches and the whole team rattling like shutters on a haunted house.

Johnny Vandermeer had a sore arm. Eddie Miller had not reported. Frank Baumholtz was an untried rookie. Babe Young still was with the Giants. Manager Johnny Neun still was learning the names of the players.

This year Johnny Vandermeer feels fine. Eddie Miller is gone, necessarily, and a kid named Virgil Stallcup seems to be doing okay at shortstop. Baumholtz had a good year, and now is classed as a veteran. Babe Young is very much among those present. And some youngster pitchers such as Howard Fox, Herman Wehmeier and Tommy Hughes appear good enough to stick, and win a few games.

All in all, the bleak picture of a year ago has mellowed into a rosy panorama of things to come. Not that the Reds are pennant contenders, as the league is going to be full of improved teams this year. But it seems to be a better team than the one which finished a surprising fifth last year.

A good share of the positions still are quite wide open. There is doubt, for instance, as to whether Ben Zientara or Bob Adams will be on second base most of the time. Johnny Woychik, obtained from the Phillies, is currently the center fielder, but he has competition.

Hand Bauer wants to play left field, but so does Augie Galan. The very fact there is competition for positions is taken as a good omen.

Even pitching, behind Ewell Blackwell, still is hazy. Vandermeer might have a great season, but that's a question. Fox looks like a sure winner in the big time. There are veterans such as Ken Haffenberg, Everett Lively, and Pete Peterson, and the perennialucky Walters, who could or could not have good years. Time alone can tell that. But, compared to a year ago, the Reds are walking on air.

New Football, Tennis Coaches At L.S.U.

BATON ROUGE, La., Mar. 30 (AP)—Louisiana State University had new tennis and football end coaches today.

W. T. (Dud) Robinson, 36 L.S.U. graduate and instructor in the Department of Physical Education, was appointed tennis coach. Athlete Director T. P. Heard said the move was designed to bring tennis up to the status given other minor sports at the school.

Guy B. (Skipper) Hayes, 31 year old coach at the El Dorado Ark., high school, was appointed end football coach to fill the vacancy left by the promotion of Guyanell Tinsley to head football coach.

CONTRACT SIGNED

FREDERICKSBURG, Va., Mar. 30 (AP)—The signing of a contract yesterday by his father, Garland Finney, of Spotsylvania county, sent 19 year old Billy Finney to Montreal of the International League. The young righthanded pitcher, a former star at the University of Richmond, has been working out at the Brooklyn Dodgers' minor league training camp at Vero Beach, Fla., for several weeks.

Manager Hal Gruber, standing on the back row, is shown with some of the prospects for the Sanford Giants baseball club, which is an entry in the Florida State League. To Gruber's left is Pitcher Joe Schultz, outfielder Tim Tyler and second baseman Lloyd Clifton. Front row from left to right are Pitcher Jerry Creasy, shortstop Johnny McManus and catcher Len Matte.

The New York Giants Farm Clubs Training Base at the Municipal Airport will climax its spring training schedule tomorrow when the last of the 15 baseball teams invade "Hubbell's Thirty Acres" to open their drills.

The Millers are being quartered at the Mayfair Inn, while all other teams are occupying the former Junior Officers' quarters building at the Airport.

Trenton Club Has Spring Opener By Manager Heath

Tommy Reports Satisfactory Progress Of Training Drill

Manager Tommy Heath opened spring training at the New York Giants Farm Club Training base for his Trenton club of the Inter State League last week, and he reports the boys are progressing satisfactorily.

"We are getting along fine with the drills, and it seems as though our club is right up there around the top in hitting power and fielding ability. I judge this from the other teams here in training," Heath declared.

"The Trenton skipper praises the fine Florida weather for spring work as "the best I have ever seen."

"I think the Giants base here is ideal for a training camp, and we are mighty proud to have our club here," Heath said.

Those listed on the Trenton roster includes right handed pitchers Leon Postowe, Al Monte, Hubs Luff, Bob Kelly, Al Zillion, Tom McCall, Don Robertson, George Sabine, Dave Sayers, Nick Tour-owicz, and Tom West; left handed pitchers Paul La Palme and Armand Falconi.

Also infielders Pete Brozovich, Jimmy Burns, Roy Coles, Ted Drahoz, Louis Foust, Stan Jek, Jim McFayden, Vince O'Grady, Dennis Palmer, Pate Pavlich, Fred Weber and Manuel Serrano; outfielders Otis Stephens, Roy Swanson, Keith Carpenter, Bill Gardner, Maurice Cunningham and Elsworth Martin; catchers Herb Boetto and Nick Testa.

HATTERS TRIM CLEMSON

DELAND, Mar. 30 (AP)—The Stetson Hatters took all five singles and broke even in two doubles matches to trounce a Clemson college tennis squad, 6-1 here yesterday in the season opener for both teams.

Three hard hitting outfielders on the Trenton Giants club are shown above discussing the finer points of getting base hits against the good pitching, which they are facing in the daily batting drills. From left to right are Stan Jock, Billy Garner and Pete Pavlich.

IN BATTING SLUMP

ST. PETERSBURG, Mar. 30.—(AP)—The St. Louis Cardinals hope to end a batting slump when they tackle the New York Yankees today. The Cards lost their third game to the Cincinnati Reds yesterday, 4-2. Murray Dickson and Rookie Al Papp are due to pitch against the Yanks.

BEVENS WORK TODAY

ST. PETERSBURG, Mar. 30.—(AP)—Floyd Bevens, sidelined with a leg injury since Mar. 9, is slated to work for the New York Yankees against the St. Louis Cardinals today. Bevens is overweight from his long layoff and probably will see a lot of action before the regular season begins.

Chanute, Kansas Is Newly Acquired Giants Farm Club

Al Smith, Manager New Club Makes No Predictions As Yet

Chanute, Kas., is a newly acquired baseball club for the New York Giants farm system.

The Chanute Giants are a member of the K.O.M. League, which is a Class D circuit. Last year the club was operated independently.

Al Smith, former left handed hurler for the New York Giants, will boss the club this year, and has arrived to take personal leadership of the activity, which is scheduled to get under way at the Giants training camp at the Municipal Airport.

The squad of 29 players, most of them first year players, are expected to greet the skipper on "Hubbell's Thirty Acres at 10:00 o'clock tomorrow morning when the first drill of the 1948 season opens.

"We will just have to wait to see what we have before we can make any predictions. I hardly know any of the players, so I cannot give a fair statement of their ability," Smith asserted.

The roster includes right handed pitchers Frank J. Beauch, Charles E. Green, William R. Harboar, Richard Katogine, Vincent J. Sponoga, John Vitolo; left handed pitchers John M. Caulfield, Arnold C. Kufriu, Sheldon Lewis and John Walsh.

Also infielders William J. Casarella, William H. Fox, Richard A. Hibbler, Bobby Johnson, Ralph E. Johnson, Angelo L. Petri, Harold Nitowitz, Arthur Palumbo, Eugene R. Pettit, Donald R. Phillips, Richard Roder, and Paul H. White; outfielders Daniel Boss, Joseph Esperry,

SENS EYE ROOKIES

ORLANDO, Mar. 30, (AP)—The Washington Senators are counting on two rookie pitchers to stock with the club this season: Lefty Forrest Thompson and righthander Joe Jones.

They might keep a third rookie hurler -- Cuban Ramon Garcia -- but they don't know where he is. Garcia showed up in camp several weeks ago almost unannounced, and pitched five innings of shutout ball against the Philadelphia Athletics in the only game he started.

Three weeks ago he disappeared in the direction of Cuba with the statement that his teeth needed fixing.

He hasn't been seen since.

Lawton Combine Is Filled With Many Young Men

Manager Brower's Organization Won Flag In Sooner

Manager Lou Brower of the Lawton, Okla., team, which is an entry in the Sooner State League, is hoping that his youngsters fare as well in 1948 as they did in 1947.

"We won the first half and the pennant last year, so the fellows have a lot of work to do to stay up in the standings with last year's club," Brower declared.

The Lawton Giants have six men on their roster, who were signed from the Sanford baseball school conducted by the Giants last month.

Lawton has several key men returning from the '47 squad, and have received additional help from Chanute, Kas.

"We are looking forward to another good season," Brower asserted.

The roster includes right handed pitchers Murray Baugh, Anthony Bell, Sam Cerullo, Jerry Cauffman, Frank Geroski, Bob Giddings, Bob Laramie, Paul Morrill, Richardo Ortiz and John Porter, III; left handed pitchers Pete Fay, and Dempsey Stirling. Also outfielders Mark Barker, Adam Dickert, John Hopkins Pat Knox, Nick Marinos, Joe Prater and Howard Weeks; infielders Jim Freeman, Marcel Felker, Russell Ritter, Stan Rubelowski, Willis Summett and Herb Tufts. Catchers are Lura Felipe and Layne Cullum.

LOPAT TO JOIN YANKEES

PHOENIX, Ariz., Mar. 30, (AP)—Pitcher Fred Bradley, whom the Chicago White Sox received from the New York Yankees in the Eddie Lopat deal, will rejoin the team Thursday in Tucson.

Bradley stayed in California to marry Miss Betty Lou Doerr of Kansas City.

In his debut as a Sox pitcher Sunday against the St. Louis Browns, Bradley gave up five hits and two runs in three innings.

"I didn't know whether I was more scared pitching for the Sox for the first time or getting married," he said.

Knoxville Giants Hold 1st Workout Under Farm Rule

Smokies Are Managed By Dale Alexander, Former Celery Fed

The Knoxville Smokies of the Tri-State League are holding their first workouts as a member of the New York Giants farm system.

The Smokies are being guided by Manager Dale Alexander, former skipper of the Sanford Celery Fed entry in the Florida State League.

Last year the Smokies were an independent club, but joined the Giants organization after the season closed in 1947. "We are mighty happy to be back in Sanford after such a long time. The town has changed a lot since I was last here," Alexander declared.

"We will just have to wait to see how much help we will get from Jacksonville and Sioux City before we will be able to make any predictions for our club. We have several good looking prospects who hit the ball hard and field well, so we should have a fair club," Alexander declared.

The roster includes right handers: Don Brennan, Sal deBelosio, Dan Brennan, Sal deGeorge, Ed Halachak, Ray Luba, John Patterson, Arden J. Potter, John Tamelli, Joe Whitaker, Jr., left handed pitchers: Ewen Bryden, Paul Hise.

Also infielders: Bill Alexander, Nick Chonaka, Frank Dwyer, John Lewandowski, Joe Nealand, Ed Rosenkrantz, Ralph Satterfield, outfielders: Joe Cataldo, Bob Churchill, Ed Halach, Gail Leachman, Bill Luta, Bill McMillan, Ted Owen, Dave Parosito, Paul Richardson, Gene Warwick, catchers: Ben Hadick, Neal Wallington.

play when right handers are pitching, and Danny Litchiller to play against left handers. Heath is 32, give or take a couple of days, and Litchiller is a year younger. Neither covers an astonishing amount of ground out there.

Jim Russell is a fair center-fielder, and Southworth probably will keep Clint Conisner, a youngster up from Buffalo who has been hitting fast ball pitching well this spring.

Tommy Holmes, not renowned as a speed merchant, will be in right field, apparently all by himself. Holmes is swinging for the fences this year after a couple of years of hitting for percentage, and the results are awaited with interest. He hit 24 home runs in 1945 when the pitching was war quality, then dropped off to six and nine, respectively, the last two years.

Aside from the prospects of dark, which don't necessarily mean dark prospects, the infield is all right. Both Frank McCornick and Earl Torgeson are capable first basemen. With second baseman Eddie Stanky you can throw statistics out the window and just rate him one of the best team men in the business. At third is Bob Elliott, voted the National League's most valuable player last year.

In left field Southworth has the unpredictable Jeff Heath in

The fifth game was the game of the series. Sid Salson walked out to the mound looking after having after losing and nipped the bud of the sparkling flower of the Georgians with a stingling 2 to 1 victory to score his second win of the series and to give Sanford a clean sweep of four final games. This ended the Albany contest.

The Augusta, Ga., entry in the South Atlantic League was nearly as hot in the Sally League as was Sanford in the Florida State League. The boys from Augusta had won the pennant and had copied the Shaughnessy playoff series, so they seemed to play Sanford for the championship of the southeast.

Sanford took them on in a two game battle. Augusta hit Jeter hard in the first game to win a 7 to 3 decision, but on the next night the locals turned the tables on the Sally League champs to register a 3 to 2 win in a 15 inning contest. Frank Hudson opened the contest for the locals and gave away to Sid Hudson, who received credit for the victory.

After the Augusta series, a semi-pro team of Miami All Stars, headed by Teo Gallegos, challenged Sanford to a three game battle.

Sanford dropped the first game to Gallegos' crew but finished strongly to cop the final two contests.

Sanford will long remember the exploits of this fabulous baseball combine, and Manager Dale Alexander of the Knoxville Smokies, a team which is training at the New York Giants Farm Clubs Training Base, would probably be enticed with a team for his Class B Tri-State entry as good as was this Class D aggregation.

We wish you well in 1948 with the Knoxville Smokies, Dale, but you will have to go out and get 'em to better your record of the '39 Sanford club.

Becker Is Eyeing Pennant For His Sioux City Soos

Aggregation Copped Flag Last Year In Western Loop

Manager Joe Becker of the Sioux City Soos is waiting and wishing these days. Why? Because he pined his Soos to the pennant in the Western League last year, and is hoping that he can do the same thing again in 1948.

The Soos copped the Western League pennant race last year, but a valiant fight for playoff honors was stashed, and the Soos were eliminated.

Manager Becker has a number of rookie ball players on his squad, and is quite excited over the possibilities of many of them.

"The boys look mighty good in practice, and I just hope they continue to show as much hustle and ability after the season opens," Becker declared.

The Sioux City roster includes: Right handed pitchers Dino Cingolani, Dean Brooks, Norm Fox, Dave Honan, Joe Madigan, Phil Poppe, Ken Gilder, Ed Warner, and Walt Wolfe; left handed pitch-

er Ed Kontake. Also infielders Dave Garcia, Mel Carpenter, Duane Lindersen, Ed Martin, Bob McCollum, Stan Miasak, Len Morrison, Bill Simon, Mylon Vukmir, and Jim Younger. Outfielders Bob Lennon, Frank McArthur, Harry Mooradian, Ed Morgenholz, Claude Rymer, John Sanderson and Frank Turcy; catchers Jim Gover and Charles Wallroff.

Tampa, Fla. — Johnny Van Der Meer of double no-hit fame was sitting in front of his locker at Plant Field munching on a bologna sandwich when the talk got around to hunting.

"The best hunting story I've ever heard has never been printed—at least I've never seen it. It was a gag we pulled on 'Babe Ruth,'" said Vandy. "There was to be a dinner in Newton, N. J., a few years ago and we invited Ruth."

"Russ Van Atta, ex-Yankee pitcher; George Case of the Senators; Harry Harper, former Yankee pitcher who is now a New Jersey labor commissioner, and myself had Ruth out hunting."

Longs And Shorts Of Major Leagues Could Fill Teams

Ewell Blackwell Of Cincinnati Is Tallest In Big Leagues

By JEFF MOSHER
St. Petersburg Independent

The longs and shorts of the major leagues could make up a couple of pretty fair ball teams—potential pennant winners.

Did you know that among the established big league players the tallest is Ewell Blackwell, Cincinnati's southpaw pitching ace, and the shortest is Shortstop Phil Rizzuto of the New York Yankees? Blackwell stands six feet, six inches in his socks, while Rizzuto who sometimes has trouble getting into the ball parks because of his small stature, is only five feet, six inches tall.

Here's a squad of the big boys:

PITCHERS: Blackwell, Cincinnati, 6-6; Dick Fowler, Athletics, 6-4; Scholesky Howe, Phillies, 6-4; Al Benton, Tigers, 6-4; Sid Hudson, Senators, 6-4; and Clint Hartung, 6-4.

CATCHERS: Walker Cooper, 6-5; and Wei Witter, 6-3.

INFELDERS: Howard Schultz, Phillies, 6-6; Al Flin, Phillies, 6-4; Frank McCormick, Braves, 6-4; George Vico, Tigers, 6-4; Mike Young, Reds, 6-3; Earl Torgerson, Braves, 6-3; Don Kolloway, White Sox, 6-3; Johnny Mize, 6-2; Johnny Kerr, Giants, 6-2; Martin Marion, Cards, 6-2; Mickey Vernon, Senators, 6-2; and Merrill Jones, White Sox, 6-2.

OUTFIELDERS: Johnny Lindell, Yankees, 6-4; Ted Williams, Red Sox, 6-3; Dick Wakefield, Tigers, 6-3; Harry Walker, Phillies, 6-2; Wally Judnick, Indians, 6-2; and Bob Thomson, Giants, 6-2.

You will note that the tallest players as a whole are the pitchers and outfielders and most of the towering infielders are first sackers. However, you'd have a pretty fair infield combination to go with the first sackers in Marion, Kerr and Kolloway.

Now let's take a look at the big league sluggers. Here we find a dearth of first basemen, only a handful of whom are under six feet. But the team of good little men would be a pretty fair outfit—another pennant contender, probably, chosen from among the following:

PITCHERS: Vic Lombardi, Pirates, 5-7; Marino Pieretti, Senators, 5-7; Mickey Haefner, Senators, 5-8; Ted Wilks, Cardinals, 5-9; Doyle Lade, Cubs, 5-10; and Harry Brecheen, Cardinals, 5-11.

CATCHERS: Larry Berra, Yankees, 5-8; Bruce Edwards, Dodgers, 5-9; Fermin Guerra, Senators, 5-9; and Ray Mueller, Reds, 5-9.

INFELDERS: Rizzuto, Yankees, 5-6; Eddie Stanky, Braves, 5-8; Grady Hutton, Reds, 5-8; George Stinweis, Yankees, 5-8; Johnny Pesky, Red Sox, 5-8; George Kell, Tigers, 5-9; Hank Majeski, Athletics, 5-9; Bruce Campbell, Tigers, 5-10; Tony Lupien, White Sox, 5-10; Ferris Fain, Athletics, 5-11; George McQuinn, Yankees, 5-11; Phil Cavaretta, 5-11; and Ed Spence, Red Sox, 5-11.

OUTFIELDERS: Al Glonfrido, Dodgers, 5-6; Jimmy Outlaw, Tigers, 5-8; Harry Lowery, Cubs, 5-8; Dom DiMaggio, 5-9; Carlie Gilbert, Phillies, 5-9; Enos Slaughter, Cardinals, 5-9; and Paul Lehner, Browns, 5-9.

We'd be inclined to take the big boys because of greater depth in the pitching department and the outfield. Both clubs would give good accounts of themselves and would make trouble for any all-star aggregations of big leaguers one might put together. Almost any big league manager would be

Ray Lucas, Manager Of Wisconsin League, Prepares For Training

Ray Lucas, manager of the Oshkosh, Wis., aggregation, which is a member of the Wisconsin State League, is making preparations for tomorrow's opening of the spring training drills for his baseball team.

"Last year we finished third in the league and we hope to better that this year," he declared.

The Wisconsin State League has no playoff series, therefore there were no finals in the league play.

"We have 27 youngsters on our roster, and I feel that competition will be keen when the fellows get down to the final wire and actually start working for those coveted positions," Lucas asserted.

"I have seen several of the fellows on the team, and they are hustlers. I believe we can do as well as we did last year, but you never can tell," he declared.

The roster includes right handed pitchers Emil Greshay, Ken Hill, Ed Mason, Ed McCauslin, Eldon Scader, Bob Scader, Bob Wesolich; left handed pitchers Jim Boyd, Ed Mellaney, Gerry Pittingill; infielders John Battar-

Two Records Broken In Florida Meeting

GAINESVILLE, Mar. 30.—Two records—one of team and one of an individual—were marked up in the Florida Relays here Saturday.

The best school's Bill Adams, a junior from St. Petersburg, pulled the surprise. He ran a 9.7 second hundred yard dash. That was two-tenths of a second better than the previous record and much

better than Adams ever ran the event before.

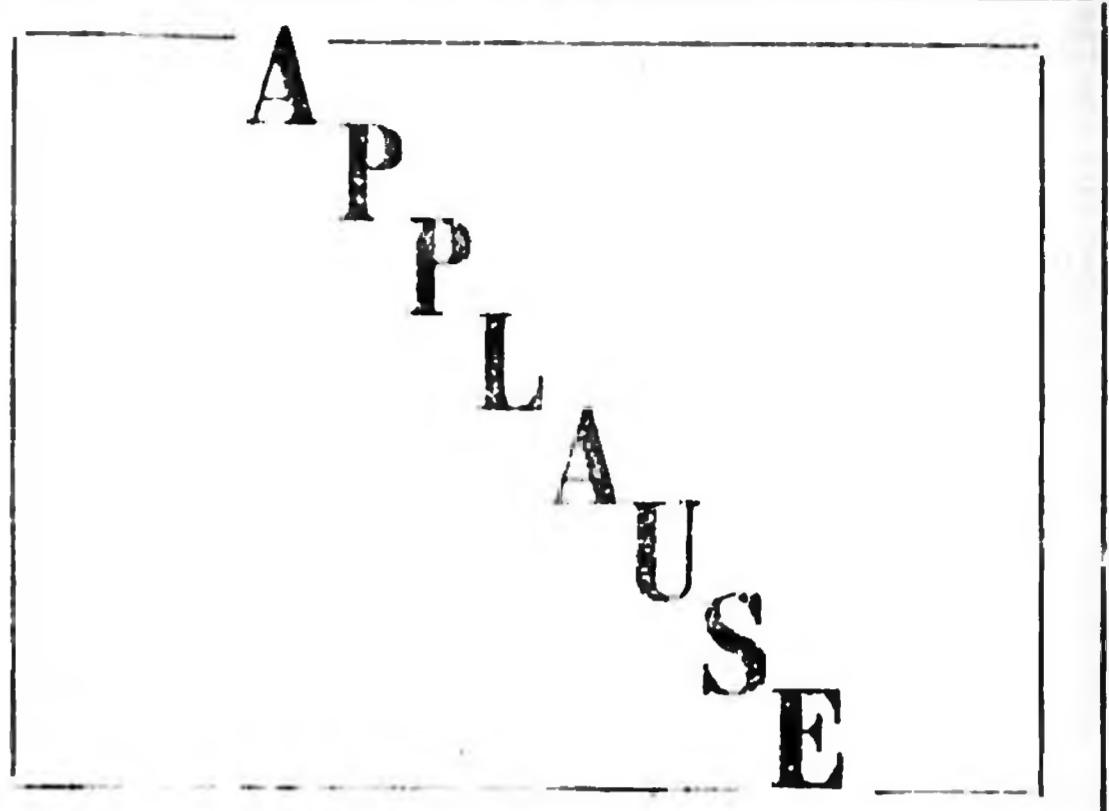

Fortune Gordon of Minnesota set the other record as expected, in the discus. He threw the plate 157 feet, 9 3/8 inches, bettering the old mark by more than 11 feet.

Minnesota's team registered the most first places, Gordon was won the shot put, the Gopher's Dick Kelly was individual winner of the mile team event and Minnesota's mile relay jumped home in front.

AT'S HAVE GOOD START
WEST PALM BEACH, Mar. 30.—The Philadelphia Athletics would have a good start toward the American League pennant if Grapefruit League competition counted as the real thing.

The A's won their sixth straight exhibition contest yesterday, beating Toronto of the International League, 5-4.

Manager Aragon Is Building Club Around New Men

Frank Says Sanford Base Is Ideal And Weather Is Finest

The Ft. Smith, Ark., entry in the Western Association Class C circuit, was one of the unfortunates in the New York Giants farm club organization last year. They finished the season in seventh place in the league standings.

Manager Frank Aragon, a New York Giants catcher in 1941, is in the process of rebuilding his squad around a group of newly acquired players, many of whom were signed from the Giants baseball school which was held in Sanford last month.

"The Sanford base is ideal for a training camp and the weather is the best I have ever experienced," Aragon declared.

Those listed on the Ft. Smith roster include right handed pitchers George Booker, Al De Bruin, Bob Forge, Bill Goff, Jim Graves, Ralph Lucas and Richard Sadler; left handed pitcher Albert Runne; infielders: Marvin Blaylock, Bob Brown, R. B. Detto, Jr., Ed Erickson, Dick Franke, Oliver Havird, Dan Mullin, Kent Pfaffterer, Irvin Schupp, and Ray Wiese.

Also outfielders Morris Cook, Bob Klube and Floyd Moser; catchers Walt Finke, Dave Gabriell, John Golden, Tom Hackett, Rudy Kaison, Dan Mathews, and Milt Narron.

Cleveland Indians Are Sporting Best 'Grapefruit' Record

NEW YORK, Mar. 30 (AP)—The Cleveland Indians sport the best record among American League clubs in the "Grapefruit" League play today. The Brooklyn Dodgers continue to set the pace in the National League. Cleveland won six out of seven

games during the week to take over first place from the New York Yankees who won only two out of six and dropped to third. The Indians have won 12 out of 17 games for a .706 percentage. The Philadelphia Athletics with a 9-4 record are second with .692 and the Yanks third with .682. Brooklyn has won all of its 14 games for a perfect 1.000 mark. The Brooks, however, have not played a major league op-

ponent. The New York Giants are in second place in the National League with a .588 average. The Philadelphia Phillies are the only club in the National playing below a .500 clip. It has been estimated that the main underground water level in the United States has been lowered 10 to 40 feet by cutting of forests and cultivation of the land.

Horner Is Winner Of Gulf Coast Tourney

GULFPORT, Miss., Mar. 29 (AP)—Scudday Horner, professional from the Montgomery, Ala., country club, won the second annual Gulf Coast Invitational Golf Tourney here yesterday.

Horner's victory, worth \$500 came with a three-over-par 74 for a 216 total. A tricky wind which blew over the Great Southern Country Club course prevented anyone from breaking or even matching par 71. The day's best cards were 73s turned in by Bert Stamps, Baton Rouge, pro, and amateurs Sonny Ellis of Columbus, Ga., captain of the Louisiana State University golf team, and Spec Wilson of Laurel, Miss.

YACHT RACE

HAVANA, Cuba, Mar. 30 (AP)—The Windjammer II, a 76-foot yacht from New Orleans, won all available first prizes in its first big race.

While judges awaited arrival today of remaining craft in the 21-boat field which left St. Petersburg, Fla., at noon Saturday, the Windjammer's work was ended. It streaked past the finish line at Morro Castle, at the entrance to Havana Harbor, in a rain-storm at 4:40 A. M. yesterday. It was far ahead of the field. It won one trophy for being first to arrive, another for the best time in the entire fleet, a third for the best time in its class A division.

Fact Finders Give Truman Coal Report

Hartley Has New Bill Making Unions Subject To Anti-Trust Law Prosecution

WASHINGTON, Mar. 31.—(AP)—President Truman got his fact-finding board's report on the coal strike today and announced he will delay any further government step in the dispute until he studies the report.

White House Press Secretary Charles G. Ross said that Mr. Truman will take the board's report and supporting documents with him on a trip to Williamsburg, Va. He is leaving for Williamsburg tomorrow afternoon and on Friday will get an honorary degree from William and Mary College there.

Ross said the board's report will not be made public until "sometime after the President's return from Williamsburg" on Saturday.

The inquiry board brought its report to Mr. Truman just after noon. The next possible step under the Taft-Hartley law's emergency strike procedures is a White House request to the Justice Department to seek a court order to end the strike.

Meanwhile Rep. Hartley (N.J.) introduced legislation to make labor unions subject to prosecution under the anti-trust laws. It is admitted aimed at John L. Lewis. The bill, a proposed amendment to the Taft-Hartley Labor-Management Act, would make it unlawful for labor unions to combine in restraint of trade. The House Labor Committee is similar legislation but it never became law. Hartley is chairman of the House Labor Committee. He also is co-author of the labor (Continued on Page 24)

Self-Styled Red Leader's Home Is Wrecked By Riot

CLEVELAND, Mar. 31.—(AP)—The Communist Party announced today it would file a damage suit against the Columbus citizens and Franklin county for the wrecking of party leader Frank Marshall's home.

COLUMBUS, O., Mar. 31.—(AP)—Two weeks of heckling stunts and telephone calls were climaxed last night by the storming of the home of a self-proclaimed Communist leader.

A crowd of 300 watched and cheered, 30 or 40 persons who broke into the outside rooms occupied by Frank Marshall, 28-year-old former New York college student. He, his wife and child were absent.

Before police came to read the riot act, the gang broke all the windows and much of the furniture, but left untouched four bookcases filled with Communist and other literature.

Sheriff Ralph Paul announced he planned to sue if Marshall, who calls himself executive secretary of the Columbus Citizens' Communist Club, could be declared a public menace and forced to leave town.

Marshall refused to talk to reporters about the incident.

He came here two weeks ago and announced his intention in public statements. Newspaper smokes out his telephone number, but one paper published it with the wrong exchange. The owner of that telephone complained it was ringing all the time and every time he answered he got abuse.

FORT PIERCE, Mar. 31.—(AP)—The sister of gubernatorial candidate Dan McCarty and her 16-year-old daughter were found shot to death in their home here yesterday. Brown said the body of Frances was found in bed, a single .22 calibre bullet through the heart. Mrs. Newell's body was found slumped on a single step leading from the house to a screened porch. She had been shot in the mouth and the rifle lay partly under her body. Brown reported, "We have closed the case because there is no indication of foul play by a third party," Brown said.

British Oppose Russian Plan For Traffic Control

Demand For Inspection Of British Trains Is Rejected

BERLIN, Mar. 31.—(AP)—A Russian plan for a new and stringent control on traffic between the western and Soviet zones of Germany ran into British opposition today. The Russians informed the British, French and American headquarters they plan to tighten controls on the traffic.

British authorities rejected a Soviet demand for a Russian inspection of British military trains traveling through the Soviet zone and ordered British train commanders not to permit Russian soldiers aboard.

The Russians, in notes sent the three western Allies last night, said all military and civilian personnel and families of the western Allies going through the Soviet zone by train or automobile would be required to present documents certifying their identity and the fact that they belong to agencies of the military government.

Solons Say Wallace "Swung Hard And Struck Out" At Senate Hearing

WASHINGTON, Mar. 31.—(AP)—Henry A. Wallace got a poor vote-getting rating today from both ends of the Democratic Party and from the Republicans as well. Politicians agreed that the Third Party presidential candidate had an ideal sounding board during the hours he spent yesterday lambasting American military and foreign policies before the Senate Armed Services Committee.

But all senators who heard him told a reporter afterward that Wallace had swung hard and struck out.

"Undoubtedly Wallace designed his testimony as a political springboard," Senator Morse (R-Ore.) said. "But I'm certain he's going to find out that it did not spring any votes."

Southern Democrats, who are feuding with President Truman over the civil rights issue, agreed. "I doubt that Wallace did himself any good," said Senator Russell (D-Ga.). "The only support he can hope for is the peace-at-any-price people."

Truman Wants TVA To Raise Power Output

Plans Are Considered For Vast New Supply Of Electricity For Emergency Use

WASHINGTON, Mar. 31.—(AP)—President Truman today directed the Tennessee Valley Authority to draw up plans for increasing the power output for emergency needs.

He instructed TVA Chairman Gordon R. Clapp to draft a program looking toward a vast new supply of electricity for aluminum, chemical and other defense plants. Chairman Edwin G. Nourse of the President's Council of Economic Advisors and Chairman Arthur M. Hill of the National Security Resources Board sat in with Clapp at a White House conference.

Nourse said Mr. Truman was "deeply concerned" that there be an adequate power program to supply the needs for electricity. Aluminum, the vital necessity for the plane building program, uses a vast amount of electricity.

Clapp told reporters that more electricity is being used in the Tennessee Valley Authority area now than at the peak of the war. He said the President wanted to know how much power could be developed by TVA beyond its peacetime requirements which have been going up steadily. He attributed the increased use to expanded air conditioning, quick freeze plants, household heating by electricity and other utilization.

He would not discuss requirements of the Oak Ridge Atomic (Continued on Page 24)

Farmer Surrenders After Slaying Wife And Circuit Judge

MOUNTAIN GROVE, Mo., Mar. 31.—(AP)—A 48-year-old farmer, sought for questioning in the slaying of his estranged wife and circuit court judge, surrendered today after spending the night at a neighbor's home.

State and county officers had sought farmer, Ernest Afton Scott, for 36 hours after Circuit Judge Charles H. Jackson, 54, and Mrs. Scott, the mother of 10 children, were killed in shootings 45 minutes apart Monday afternoon. Scott surrendered to Highway Patrol Sgt. E. E. Barkley, who said a first degree murder charge had been drawn against the farmer by Wright county Prosecutor Frank Collier in connection with the slaying of Mrs. Scott.

Barkley reported that Scott was brought here to surrender by a neighbor, Jennings Tucker, at whose home he had spent the night.

Asked by newspapermen in the presence of Barkley why he had shot Jackson, Scott was quoted as replying: "Oh, I don't know. I thought he'd broke up my home."

Judge Jackson was shot in the farm yard of Andrew Torkelson's, a neighbor of Scott's. Forty-five minutes later Mrs. Scott was shot down in the front yard of her mother's home in Mountain Grove, as her 13-year-old daughter, Alice, was forced to stand by helples.

Buying Orders Proposed Draft Would Sign Only Flooding Struck Stock Exchange

Police Stand Shoulder To Prevent Violence

NEW YORK, Mar. 31.—(AP)—New York's stock and commodity exchanges appeared to be surviving their first big test today as buying orders flooded in and prices rose.

The shouts of traders on the Stock Exchange floor were louder than the chant of the pickets that shuffled along in front of the building.

The third day of the strike of AFL United Financial Workers brought the first real volume of business.

The action was so fast as 580,000 shares changed hands in the first hour on the stock exchange that the quotation ticker tape fell (Continued on Page 24)

Today was the last day allowed for the filing of homestead exemptions and at noon today last minute applicants had brought the total exemptions filed to date at 3,444. In addition, Tax Assessor Sanford P. Doudney estimated that there were more than 100 applications in the mail.

This is also the deadline, according to State law, for filing on personal, tangible and intangible property, said Mr. Doudney. He stated that taxes of home owners who failed to apply for exemption will amount to considerably more than if they had filed.

EXPEDITION HALTED PEIPING, Mar. 31.—(AP)—Milton Reynolds today cancelled his expedition to find a mountain higher than Everest—less than half a minute after it started. A takeoff damaged his four-engine C-97 plane. Reynolds climbed out, looked it over, and said: "The expedition is over. Captain Everest has won again."

No one was injured, but the minor damage to the plane would take weeks to repair, even if parts could be found here, he explained.

Buying Orders Proposed Draft Would Sign Only Fraction Of Men Needed For War

WASHINGTON, Mar. 31.—(AP)—The 1,600,000 men who would register under the proposed modified draft would represent only a tiny portion of the total mobilization that may be sought if a war comes.

The program is in only the early study stage. But manpower experts of the national security resources board are directing their thinking at all-out registration of the nation's adult population in event of a future conflict.

A spokesman for the board created last year under the Army-Navy unification law recalled today that Chairman Arthur M. Hill has said:

"In making out preparations for defense in the future, failure to work out policies governing in detail the use of our total manpower—and that includes women with the men—may well mean the sacrifice of time and lives."

Hill was referring to the use of manpower in a total war effort of which conscription for military service would be only a phase.

The first steps toward having a total mobilization plan ready include setting up systems for recording the technical and labor skills of all men and women. An example, scientific organizations are attempting to compile master rosters of scientists and technicians. Manpower experts concede there were too many instances in the past war of valuable technicians being drafted into routine military duties.

Senator Sparkman (D-Ala.) said he believes America can spend up to about \$4,000,000,000 to toughen its military muscles without skyrocketing prices at home.

But the Alabamian told a reporter any bigger spending on the "stop Russia" drive probably would call for raising price controls and rationing, too.

"I feel the nation's economy is at a point now where it can stand a certain amount of strain," Sparkman said. "My guess is (Continued on Page 24)

The Hill Dredge Company has completed the pumping of sand from the lake bottom into the terminal area west of French Avenue, it was announced today by City Manager H. N. Sayer, who declared that "they have done a very nice job and the City is well pleased with the work."

Work on the 12 foot channel turning basin is now also completed and Supt. John Wells of the Hill Dredge Co. is now directing operations for the filling in of an area 350 feet wide and 105 miles long beyond the Dew Dredge in on the shoreline. This work is being done at the request of the State Road Department to replace land washed away.

Segregation End Asked Of Senate By Negro Leader

Says Negroes Won't Serve In Army Under Present Plan

WASHINGTON, Mar. 31.—(AP)—A Negro leader told senators today that millions of his race will refuse to register or serve under draft and UMT unless racial segregation and discrimination are ended.

A. Philip Randolph, head of the AFL Posters Union, offered this testimony before the Senate Armed Services Committee. He appeared as national treasurer of a "committee against Jim Crow in military service and training."

Randolph predicted Negroes would stage a nationwide civil disobedience protest against both draft and Universal Military Training unless Army policies on segregation are stopped.

Other spokesmen for the Negro race also called on the committee to adopt provisions in any draft or UMT acts to end segregation. Truman K. Gibson of Chicago, a member of President Truman's advisory committee on UMT, testified a weak America is an open invitation to aggression by Russia.

Gibson supported Mr. Truman's military proposals. But he said, the program must make use of all citizens without regard to race. Senator Russell (D-Ga.) complimented Gibson on his statement and added:

"It may be an odious comparison, but I would rather risk the destiny of this country in the hands of this witness rather than the hands of the candidate for President who appeared here as a witness yesterday."

Senator Russell referred to Henry A. Wallace, who was the major (Continued on Page 24)

7th Day Adventist Charged With Felony

MARTINEZ, Calif., Mar. 31.—(AP)—Nineteen-year-old Mrs. Dolores J. Ramey says she was wide awake and knew what was going on but couldn't move a muscle when a 38-year-old physiotherapist allegedly hypnotized her and carried on "an unnatural sex act."

Mrs. Ramey testified yesterday as Hickey's superior court trial opened that she and a friend, Mrs. Evelyn Carpenter, 19, were hypnotized by the physiotherapist in what they at first took as a lark.

Both girls were members of Hickey's Sunday school class at the Richmond Seventh Day Adventist church.

Authorities said Hickey served two years in San Quentin prison for manslaughter, the result of a Los Angeles abortion. He was brought here for trial from Oroville, where he had gone to live.

Last Minute Try To Cut Foreign Aid Bill Is Defeated

Segregation End Asked Of Senate By Negro Leader

Says Negroes Won't Serve In Army Under Present Plan

WASHINGTON, Mar. 31.—(AP)—The House smacked down today an attempt to cut \$1,300,000,000 from its \$6,025,000,000 foreign aid bill. The standing vote was 112 to 61. The decision halted the program over one big barrier on the way to final passage.

But more issues lay ahead. And Rep. Vorys (R-Ohio), in charge of the bill, failed in repeated attempts to get agreements to choke off debate and get on with the balloting on amendments.

Rep. Vursell (R-Ill.) proposed the \$1,300,000,000 cut. He called the foreign aid plan a "fantastic, worldwide WPA."

He proposed to take the \$1,300,000,000 from the \$5,700,000,000 for a European Recovery Program. Even with such a cut, Vursell said, the bill would provide a billion dollars more than Europe needs.

Vursell offered his amendment when the House met for what leaders hoped would be the final day of debate on the big bill.

Marshall Is Urged For U. S. President

Marshall for President, McCorvey, who previously had repudiated President Truman because of his civil rights record, said he believed Southern Democrats would rally around Marshall.

"I am of the opinion that it would be best for the Democratic Party and best for the country, for the Democratic National Convention at Philadelphia to nominate for President General George C. Marshall," McCorvey said.

"He is one of our great Americans of our era, and has the confidence of all classes of people, and knows more about international affairs than any other living American."
