

Civil War Was Stronger, Says Veteran Soldier

Wade W. D. Danner
When the Civil War began, he was 29 years old. He was a strong, healthy young man. When he left the service, he was 30 years old. He is now 61.

national commander of the Grand Army of the Republic. He fought in the Civil war and as an active veteran marched in parades and home front in the Spanish war, the first World War and the present conflict.

"But our people are going to become more serious as the war goes on," he says. "As we feel our losses more and more, when we see our cripples and wounded, when we sit in doubt about our relatives or friends who are missing or in enemy prisons—then we'll have the same intent-

is Your Call.

Really Necessary?

Telephone lines and central office equipment handling calls within the city are rapidly becoming crowded. Many of these are war calls, but many more are civilian calls that are not always necessary.

As a result of this crowded condition, war calls are threatened with delay. This is because every local call you make goes through the same equipment that handles war calls. This equipment has a definite capacity—it can handle only so many calls at a time. If more than this number are made, some must wait.

War calls must not wait and we know you don't want them to. So we

ask you to use the telephone less so that war industries and the armed forces can use it more. Make at least one-third fewer calls and please be brief. Ask members of your family, your associates and servants to do likewise.

We are confident you will gladly make this sacrifice to help insure the prompt handling of vital war calls. With your help we can continue to furnish adequate communication facilities for our business.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY
INCORPORATED

1919-1942

100th Anniversary

Next Tuesday an important election will be held. It is important enough so that despite the pressures of business and other personal affairs and the general distraction produced by the war, every qualified voter should make it a point to go to the polls and cast his ballot. All good Democrats will be out to vote for Joe Hendricks for re-election. Congress against the Republican, Emory Alberman. And they should register their opinions on the proposed constitutional amendments.

There are nine of them, some of little or no concern to us. But there are at least three of them whose approval is of considerable importance to us here in Seminole County. These are at least two which we believe ought to be voted down, and three which have little or no application to us. One of the latter is one which is of very little importance to us.

The first two which should by all means be supported by the voters are the first one, as they appear on the ballot, the so-called gasoline tax amendment; the second one, which would streamline our constitution by making possible state amendments; and the third amendment giving congressional power to game and fresh water fish commissions. The fifth amendment giving similar powers to a salt water fish commission seems to us equally good but does not particularly concern us.

The fourth amendment provides for the election of the governor, but since the people have always had the circuit judges by the people instead of their appointment right to nominate their circuit judges and since the government cannot invariably appoints the Democratic nominee, we cannot see what particular difference it makes.

The second of which we do not like are the ninth

having to do with the exemption of certain property from taxation when it belongs to corporations engaged in the construction of a bridge or ship canal across Florida, or when at least one-fourth of such properties are used for religious, scientific, municipal, educational, literary, fraternal or charitable purposes; and the eighth, providing for the garnishment of wages for the payment of debts.

The sixth and seventh amendments provide for the creation of two new senatorial districts, and the redistricting of the county commissioners' districts in Dade county, and are of no concern of ours.

People Together

You don't hear so much about "individualism" in these days. People don't throw their shoulders back and brag about what they have done or can do, all by themselves. The high-spirited, high-spirited spirit seems to be coming away. And if this were the whole story, it might be unfortunate and tragic. For ordinarily the glory of a democracy is its great individuals.

But there is another side to the coin. These individuals are now emerging into groups. The change is most impressive in the great armies they make, where a million men are trained to function as one. The same process is seen also in private life. Men and women organize. They begin to function as business and social service groups, to help along the national effort. Far more than in normal times, the people are woven together. In groups they multiply their power and give it direction and effectiveness.

Walt Whitman had a word for this, in his homely chante. He said: "I sing the word democracy, the word on-mass."

Utilize the Water Hyacinths

Crane Creek, Melbourne's beautiful stream that should be maintained in a navigable condition, is almost ruined by the water hyacinths. Everyone deplores the situation but nobody does anything about it.

It is a recognized fact that hyacinths provide an excellent green feed for chickens and ducks and with poultry prices so high, skyrocketing, growers should utilize these hyacinths to full advantage.

The hyacinths have proved a valuable fertilizer in conjunction with leaf mold and other debris and this is timely as reports above regular fertilizer may become scarce. Several prominent growers have created heaps by mixing these waste products and treating them with chemicals, as advised by the State Experiment Station at Gainesville.

Hyacinths are a valuable fertilizer and should be made a benefit to all the people of Melbourne.

Melbourne is being urged to do something about it even if it has to be paid for.

That will be another direct result of the war—

CIVIL WAR WAS Stronger, Says Veteran Soldier

Wide World Features
OAKLAND, Calif., Oct. 29.—When the North and South went to war in 1861, people felt the "war" must be over in one month. It was not.

"But our people are going to become more patient as the war goes on," says J. S. Dunster, 83, who lost his wife, son and daughter-in-law to enemy action.

He is J. S. Dunster, 83, now

an Army of the Republic. He served in the Civil War, and his son, a veteran, has fought Indians and Spaniards in the Spanish-American War.

"The country does not know how many of our relatives or friends who are missing or in enemy prisons then well have the same inter-

views as the Republic. He served in the Civil War, and his son, a veteran, has fought Indians and Spaniards in the Spanish-American War.

children in need each year! The contributions now come from over 100,000 people who are given in every city, town and hamlet in Florida—this is a remarkable record. The amount of bequests sometimes considerably increase the amounts.

From debt, home-like and comfortable Recreational Homes in Jacksonville, Pensacola and Lakeland, these homes having a total capacity of 1,000 children, are being a temporary shelter where children are prepared to go out into carefully selected adoptive homes.

Post-War World Will Be Fine, Says Welles

Under-Secretary of State George C. Welles said yesterday that the United Nations victory would prove "a new era of peace, when every nation, small or great, weaker or stronger, can live safely and in security without fear."

Addressing a meeting commemorating the second anniversary of the United Nations, Welles said:

"We both feel that if it hadn't been for the hot-heads on both sides, Abraham Lincoln would have known that 'nothing endures through violence.'

Celery Feds To Clash With Seabreeze Gridders Tonight

Tonight at 8:00 o'clock, the Sanford Celery Feds will clash against the grididers from Seabreeze High School at Seminole High School field.

The local team will be handicapped by the absence of Orson, Moreland and Euge, who are out because of injuries. However,

Ralph Weller is back, and may be used to bolster up the backfield, Coach McLucas said today.

Yesterday afternoon the team went through a regular signal drill of passing, receiving, kicking, etc., and Coach McLucas stated that the boys are showing surprisingly good spirit, in spite of their bad defeat at the hands

of the Ocala Wildcats last week. The probable lineup is as follows: Carlton, ls; Shapley, rt; Johnson, lk; Fox, s; Kabor, rs; Hiers, rt; Deeks, rs; Daniels, qb; Fleming, lh; Landress, rn, and Lee, fb.

JAP SUB SUNFISH TAMPA, Oct. 29 (AP)—The Japanese submarine which sank the U.S. aircraft carrier *Wasp* was to have been sent to the bottom by an American destroyer, one of the carrier's survivors declared here.

Gators Have "T" Against Maryland Formation To Use

GAINESVILLE, Oct. 29 (Special)—Carly Shapley may have given his new University of Florida team an insight to the fundamentals of the "T" formation, but this doesn't bother the University of Florida Gators, who meet the Old Liners Saturday in Washington, in the last.

They have a "T" formation of their own, and last Saturday from the formation made more yards than the first almost any other play. Maryland also has a fine aerial offensive according to the dope brought back to Gaterland by Scout Orv Dermody, who the Gators can match this with a potent passing attack of their own.

Dermody reported that Tom Mont, Hubert Werner and Jack Mier are all capable passers for the Old Liners who prefer to be called that rather than Terps or Terrapins. Their best receivers are Pats Jones and Jack Gilmore, first string ends, and Quarterback Mont.

If it is aerial warfare that the Old Liners want then Backs Jack Jones, Bill Corry, Billy Mims and Junior Horsey will be on the firing line for Florida and Broughton Williams, Fred Mitchell and Nick Klutha will do the receiving.

Transposition continues to loom as a problem for the Gators, even further. Coach Tolson is operating on a day-to-day basis, as coach, not knowing when he'll receive a call to the colors. It may be forthcoming any day now.

Mush Battista, colorful Captain all-Southeastern Conference guard of a few years back, was in town this week and watched the Gators preparing for their International tilt. Battista is in the Army now, and was on his way to an officers' candidate school in Miami.

He was a member of the West Coast Army All Stars and brought glowing reports of Forrest Ferguson, a former Sausalito teammate who was a star of Major Wallace Wade's team. It seems "Big Ferg" had the whole West Coast in a dither with his capers.

Former Governor Will Pay Tribute To State Heroes

TAMPA, Oct. 29 (Special)—Former Governor Doyle E. Carlton of Tampa will pay tribute to Florida heroes at the opening of the annual business conference of the Florida State Chamber of Commerce here on Nov. 30, according to an announcement made at Jackson-

ville by Harold Cole, executive vice president.

The theme of the meeting

will be "Florida Meets the Challenge", Cole said, and former governor Carlton has accepted an invitation to discuss the part

Florida service men are playing in this great conflict.

Every phase of Florida's war

and normal economy is repre-

sented on the tentative program

for the meeting, and each phase

will be presided over by an out-

standing leader. Governor Col-

land will deliver the principal

address at the banquet on the

nights of Nov. 29 and Nov. 30. Guests and directors as large will be invited at the closing session on Dec. 1.

Heavyweight Boxing Class May Disappear

NEW YORK, Oct. 29 (AP)—The heavyweight fight fighters are re-

turning in good order, and with a

frequency that indicates that be-

fore long the class will disappear

if there is any left after Joe

Louis announces his retirement.

Any spot class, that is,

Within the span of a few hours

Bob Pastor and Red Burman en-

closed they were through, and if

wise-crackers say they have

known that for years, at least

Pastor and Burman were good

enough to be listed in the divi-

sion's top flight, and to fight

the champion for the title.

The trio of heavyweights of the

last five years was just unfor-

tunate enough to come along

when there was no man so out-

dstanding that all others were

dwarfed in comparison. It is not

inconceivable that Pastor, or even

Burman, might have been a chal-

lenge to Louis had he been around.

It was just a case of poor timing.

Sinkwich Leads Columbian As Top Football Player

By DAVE HOPKINS
CHICAGO, Oct. 29 (AP)—Frankie Sinkwich of Georgia has put two field lengths between himself and Columbian Paul Governall in their feud for ranking as 1942's leading ground gainer.

And Frankie owes much of his success to a fellow who is the target for most of the hits—Lamar Davis.

The American football statistical bureau reported today that Sinkwich has gained 1170 yards by passing and running in six games to take a commanding 200-yard margin over Governall, who has played in one less game.

And Davis, the Georgia sprint

star, who occasionally takes Sinkwich's passes, has gathered in 13 of them on plays covering 418 yards—almost an unparalleled mark.

Last Saturday against Cincinnati two touchdown passes from Sinkwich to Davis gained 80 and 89 yards, longest such performances of the year, a record for Sinkwich, who a week ago held a stately 75-yard edge over Governall, moved so far in front that it appears only injury—or maybe Atlanta this week can put a stop to his rush.

Training Sinkwich and Governor all week, Missouri's Bob Steuber, 102 yards in five games; Arizona's Bo Edman, 870 yards in five games, and T. J. Roy McKay, 83 yards in six games. McKay rose from fourteenth place when statistics from one unreported game were received by the bureau.

Steuber's advance from fifth to

third in total offense was made possible by 137 yards of ground gained against Iowa State, and this vaulted the Missouri boy into the lead. Individual rushing with 635 yards, Rudolph (Little Dot) Nobley of Hardin-Simmons came from sixth to second, while of Ohio State climbed from seventh to third with 560 yards. Ruman of Arizona dropped from second to fourth with 531 yards and Bob Margarita of Brown from the lead to fifth place with 520 yards. In their statistics on the Brown-Princeton game failed to reach the bureau.

Chester B. Diahong, United States Marshal for the southern district of Florida, was featured in the current issue of "Official Detective" magazine, covering cases solved by Diahong while serving as sheriff of Hardee County.

Troops In Solomons Destroy 12 Japanese Tanks In Past Week

Torpedo Boats Hit Destroyer While Reinforcing Jap Troops On Island

(By Associated Press)
On the Solomons they have won a critical battle of armored trucks in Stalingrad's northward factory district and reported the relief offensive has smashed into the German defenses in the Volga Don corridor.

In the Caucasus the Russians conceded a new setback in the Nalchik plateau.

(By Associated Press)
WASHINGTON, Oct. 30. (AP)—The Navy announced today that American troops on Guadalcanal had destroyed 12 Japanese light tanks in the last week and in the last two days torpedo boats scored a torpedo hit on a Japanese destroyer engaged in reinforcing enemy troops on the island.

The communiqué said island land fighting in the last two days was confined to small skirmishes, but American aircraft were bombing and strafing enemy positions west of the airfield, while enemy planes attacked American positions on Guadalcanal, but all their bombs were dropped into the water, and inflicted no damage.

Yesterday's late communiqué announced that Japanese forces broke through American lines on Guadalcanal for the second time in two days, but counter-attacking Marines and Army troops drove them back and held them until two subsequent thrusts.

As the Japs continued their relentless drive to capture the island, which had been held by the American forces, U. S. planes took off from the precious little strip of jungle clearing and pounded Japanese gun positions at the westward of Henderson Field and also winged their way to Rabaul, nearly 200 miles to the north where they hammered shore installations and destroyed four airplanes on the water.

The communiqué added that "no report of any recent action at sea or landing of enemy troop reinforcements (on Guadalcanal) has been received."

Meanwhile, news of a small raid developed furiously in the Guadalcanal area Sunday and then shifted 400 miles to the eastward in the general direction of American supply lines to the Solomons and Australia.

Latest developments in the savage battle for control of Guadalcanal were revealed a few hours after the army high command here shouldered a share of responsibility for the decision which launched the Americans offensively in the Solomons Aug. 7.

No Excuse For "Loafers" Says Police Chief Roy Williams

Beardall States Loafers Should "Work Or Fight"

ORLANDO, Oct. 30. (AP)—"Check all pool rooms and juke joints. Any negro who is not employed should be picked up, arrested on charges of vagrancy," signed by Police Chief J. C. Stone and backed by Mayor William Beardall, the order signified the start of a campaign begun yesterday to clear Orlando of idlers and loafers, of which, it is said, but who are not working.

Mayor Beardall instructed the police department to arrest men in Orlando who are able to work, but who are found loafing and loitering around the street corners.

"Those men who have refused to work because they have been living on charity or the good graces of their relatives will be arrested by the city on charges of vagrancy and made to work on city streets or at other labor deemed necessary by the city government," Mayor Beardall declared.

He said that he had received numerous reports from many sources that men wanted for gainful work have refused employment.

"Unless a man has a legitimate excuse to be on the streets late at night, such as going to or coming from work, he should be compelled to work, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

Education Is Now More Vital, Says School Board Man

J. A. Blaillie of Longwood, who in the second primary, defeated W. B. Ballard of Altamonte Springs for the nomination as member of the County Board of Public Instruction in District number two, today stated that in his opinion, education is more important to the community than the life of the city or around the parks, wharves, docks, buildings, or promises of any kind, having no personal means to support shall be compelled to work and obtain personal gain.

"Unless a man has a legitimate excuse to be on the streets late at night, such as going to or coming from work, he should be compelled to work, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

This year the Japs continued their relentless drive to capture the island, which had been held by the American forces, U. S. planes took off from the precious little strip of jungle clearing and pounded Japanese gun positions at the westward of Henderson Field and also winged their way to Rabaul, nearly 200 miles to the north where they hammered shore installations and destroyed four airplanes on the water.

The communiqué added that "no report of any recent action at sea or landing of enemy troop reinforcements (on Guadalcanal) has been received."

Meanwhile, news of a small raid developed furiously in the Guadalcanal area Sunday and then shifted 400 miles to the eastward in the general direction of American supply lines to the Solomons and Australia.

Latest developments in the savage battle for control of Guadalcanal were revealed a few hours after the army high command here shouldered a share of responsibility for the decision which launched the Americans offensively in the Solomons Aug. 7.

CITY BRIEF

Campbell-Loung Post 58, will hold a meeting at 8:30 o'clock at the Legion Hall, Commander Ned Smith announced today. As many Legion members as possible are also urged to report early Sunday at the Legion scrap pile on First Street for another all day session.

Assistant Bill Thorne requested members to bring their lunches. Outside volunteers or service men who may be interested are also asked to help in the effort. Legion "milk" will be served with accordingly is the big worry.

The local draft board has been advised that beginning Nov. 1, all draftees accepted at induction centers will be given a seven-day furlough instead of a 14-day furlough.

Members of the Christ Science Church will commence services for the deceased members today, the Seminole County Chamber of Commerce will hold its annual dinner the night of Nov. 10 at the Mayfair Hotel. The honor guests for the occasion will be Mrs. Mary G. McCallister, president of the National Federation of Women's Clubs, and Mr. and Mrs. Charles E. Tidmarsh, president of the Cleveland Club.

Mr. Gordnier was born at Bradford, Pa., on Sept. 22, 1885. He was a member of the First Baptist Church, and a member of the United National Postal Clerks Association. His home was at 1920 Palmetto Avenue.

Mrs. A. M. Gordnier, the widow, Mrs. C. W. Reed, a niece, Mrs. G. Reed of Golden Rock, and a nephew, Charles E. Tidmarsh of Cleveland, Ohio.

Mr. Gordnier was born at Bradford, Pa., on Sept. 22, 1885. He was a member of the First Baptist Church, and a member of the United National Postal Clerks Association. His home was at 1920 Palmetto Avenue.

F. D. R. Urges U. S. Citizens To Vote

WASHINGTON, Oct. 30. (AP)—Heads of government agencies may be called into unprecedented conferences soon in an effort to serve non-war expenditures to the bone in the new budget.

Senator Neikirk (D-Tenn.) as author chairman of the Appropriations Committee, has proposed to trim out unnecessary items before they get into the budget.

G. W. Spain will speak on the "Bill of Rights of the Negro" next Monday at 11:15 at the Auditorium.

The Sanford Board of Education will meet Saturday morning at the Orange Grove Hotel, Frankfort Avenue at 7:30 o'clock.

W. A. Gandy, secretary of the Seminole County Chamber of Commerce, announced today that the Seminole County Chamber of Commerce will hold its annual dinner the night of Nov. 10 at the Mayfair Hotel. The honor guests for the occasion will be Mrs. Mary G. McCallister, president of the National Federation of Women's Clubs, and her staff.

Aussies Rest In New Guinea

Deep in a New Guinea jungle, a group of Australian soldiers rest for a while after pursuing the retreating Japs through the Stanley mountains. A large gathering of natives gathered outside the Allies with interest. Most of the natives are anti-Jap and actively aid the Allied forces in their efforts against the invaders.

Opening Of Hunting Season In Seminole County Is Tuesday

Commander Arrives At Naval Air Base

Comm. F. Major Hughes, United States Naval aviator who recently returned from duty in the Pacific and is now in charge of the Sanford Naval Air Station when it was commissioned Tuesday, sat in his office yesterday. A native of Selma, Ala., Comm. Hughes took part in the battles over
