

Arcaro Rides 2 Winners At Tropical Park

Veteran Brings Home Kings Blue Taking \$1200 Main Purse

CORAL GABLES, Mar. 27.—(AP)—Veteran Eddie Arcaro guided a double and defeated the other two leading jockeys in winning the \$1200 Redlands purse at Tropical Park Wednesday.

He brought Kings Blue home two lengths ahead of Conn McCree on Donna Leona, who was half a length ahead of Paul Ryan and his mount, the well-regarded Devil's Crag.

The feature race attracted only five entries because of the heavy track from overnight rains, but the sky was bright and the strip was drying fast. Missing from the race was jockey Albert Bodios, who cancelled his mounts after a painful injury just before the first race. He was thrown by appropriately named Rollis Rough and was held in the ribs. After emergency treatment he was taken to a hospital, but was reported as seriously injured.

Kings Blue, fast son of Blue Anapay, accounted for his favorite victory in the six furlongs. He finished in 1:11 3/5. He paid \$2.50, \$2.70 and \$2.50 across the board. Donna Leona returned \$2.50 and \$2.50 and Devil's Crag was worth \$2.50 for show.

Arcaro already had won the third race aboard Ponty after pulling up from eight lengths behind.

McCree started a double of his own by winning the second race aboard Dusky Girl, at \$2.50, with a photo finish over Valinda Jack.

However, McCreey lost the third to Ryan, his nearest rival in riding honors, who scored at \$2.70 with Merry Son. McCreey came back to win the sixth by crossing Banker Jim from behind for his first victory, at \$5.10.

McCreey was third in the seventh aboard Yes or No, when Alhalon won at \$14.50 and Pan-scoppe placed at \$10.20.

Entries Will Be Announced Friday In Annual Derby

The 16 entries for the annual Central Florida Derby, top event of the 90-day racing season at the Sanford-Orlando Kennel Club, will be released tomorrow, Racing Secretary Pat Meete announced today.

Grand Son is almost certain to be one of the 16 dogs, for Owner D. W. Turpening has announced that his big distance hound will seek to clinch his title as the track's outstanding dog.

Tuesday night, Grand Son ripped down all opposition in a short futurity—not his specialty by a longshot, and jumped into the foremost ranks as a derby contender.

Tarheels Rated High In Florida Relays Saturday

GAINESVILLE, Mar. 27.—(Special)—The University of North Carolina Tarheels, Southern Conference indoor and outdoor track champions for three consecutive years, and unofficial winner of the first annual Florida Relays in 1939, look to be the strongest entrant in the third running of the event here Saturday.

With veterans standing ready for action in most of the individual events, and with well-balanced relay teams, the Tarheels have plenty of competition in store for Auburn, last year's top team, and other strong entrants.

The Tarheels will be led by Co-captain Dave Morrison, conference indoor half-mile champion, Phil Beta Lappe, and student body president in the two-mile and sprint medley relays and the mile team race.

As defending champions and record holders (with a time of 2:28.4) in the sprint medley, the Tarheels will team him with Don Baker, Bill Groves, and Roy Cothey.

Leading contender for the 120 yard high hurdles title will be their Mike Mangum, conference indoor champion in the 70 yard event, and one of the most surprising sophomore timber-toppers of the year.

Florida teams from Tom Lieb's football team now working on track will see five North Carolina football luminaries in Richardson, Javelin thrower, and action—Co-captain-elect Carl Hunsheimer and Dick White, shotputters, Suntheimer, and Bob Cothey, discus, meet, Stewart Baker, a sprinter.

But the smile was wiped off when he got up and ran into the lethal fets of Joe Lewis, who put the \$55,000 Simon away on a technical knockout in the 18th round of their Detroit bout. Simon, who often had Louis bewildered during the battle, was the fifteenth challenger to face the champion.

The C. I. O. warned those who returned to work before the union voted its sanction would lose their jobs when the strike ends.

The disputes were turned over to the board earlier in the day by Secretary of Labor Perkins, who said that normal efforts to end the walk-outs had been unavailing. It was the first time the board had been called into play.

The disputes involve strikes at four International Harvester Company plants, the Universal City Pictures Steel Company, Bridgeville, Pa., the Vanadium Corporation of America, also at Bridgeville, and the Condenser Corporation of America, South Plainfield, N. J.

Yugoslavs Shout For War; France Cheered By Events

Citizens In Marseille Said Enthusiastic; Long Live Yugoslavia Is Cry Of Crowd

MARSEILLE, France, Mar. 28.—(AP)—Yugoslavia's militant defiance of the Axis fanned tumultuous enthusiasm in German-occupied France today.

About 10,000 citizens of Marseille streamed through the Palace de la Bourse where the late King Alexander of Yugoslavia was assassinated in 1934, and shouted "long live Yugoslavia."

They heaped flowers at a monument to the father of Yugoslavia, the young King Peter II.

The United States struck a powerful diplomatic blow when it threw its moral and material support behind the new anti-Nazi Yugoslav government.

The sensational action was discussed by Secretary of State Welles. It was by far the most open and significant step taken by the United States in the explosive Balkan situation.

It was the first open admission that the United States and promised aid to Yugoslavia. Axis newspapers previously had printed and bitterly commented on reports that such promises were made in an effort to dissuade the deposed Yugoslav government from signing up with the Axis.

Specifically, the United States this action comes in line with the new Yugoslav government.

The American minister to Yugoslavia, Arthur Bliss Lane, was instructed to advise the new government at Belgrade that, in accordance with terms of the Lend-Lease Law, President Roosevelt is enabled in the interest of this country's own defense to render effective material aid to nations striving to ensure their independence and integrity against aggression.

Welles instructed Lane to convey the United States assurance to the Yugoslav government.

Lane also was instructed to tell the new government that it was warmly welcomed in the United States by every liberal-loving man and woman.

Welles also was instructed to call the Yugoslav government to the attention of the United States when the latter called to discuss the situation.

Dr. T. V. McCall will bring a special message to county people at the First Baptist Church tonight at 8:00 o'clock, it was announced today. The public is invited.

Thursday morning at 9:00 o'clock you were in the office of the Sanford Herald working on a display ad with Guy Wood. You were so intent on the job that you paid no attention to the things that were happening about you. Such concentration may only be developed by a person such as you; one who has taken a very active part in local and county affairs. You were so busy that you forgot to wear a green striped material. Your shirt was white, with the sleeves rolled to the elbows and you wore a blue tie with white and maroon dots.

Adherence To Three-Power Pact Is Impossible, New Regime Tells Nazis

Turkish Aid To Nation Is Seen

German Nationals In Country Rush For Frontier To Leave

LONDON, Mar. 28.—(AP)—British killed in air raids on Britain since the start of the war total 28,859 and those seriously injured 40,168. It was announced today.

Military fatalities in Britain were about one-fifth of the civilian total.

With a pledge of full United States aid, King Peter II's new military regime was reported to have informed Germany today that Yugoslavia's adherence to the Rome-Berlin-Tokyo alliance was "impossible"—and rushed 1,200,000 troops to battle stations.

High Balkan diplomatic quarters said the cabinet decided in an all night session to return Yugoslavia to "full and absolute neutrality" because co-operation with the Axis was contrary to the will of the Yugoslav people.

This was reported as Yugoslavia's blunt answer to the "urgent request"—a virtual ultimatum—by Germany demanding an explanation of the coup d'etat which disposed of the pro-Axis government.

Wildly enthusiastic Yugoslavs shouted in the streets for war, and cried: "Down with Germany and Italy!"

Germany sent an official protest to Yugoslavia on the alleged beating of German citizens in Belgrade, Yugoslav capital.

The Turkish minister at Belgrade conferred at length with Premier General Simovic, and diplomatic quarters reported he proposed a mutual assistance pact with Yugoslavia.

German couriers in Belgrade said most of the 3000 Nazi economic experts, newspapermen, and trade delegates in Yugoslavia were being for the frontier or packing for a quick exit.

German troops in Bulgaria were reported moving toward the Yugoslav border.

Yugoslavia sped its army of 1,200,000 to battle stations today on the staff pace of an anti-Nazi pro-British coup that overthrew the regency government for joining the kingdom to the Axis, placed the boy King Peter II in full power, and held the deposed Regent Prince Paul under military arrest.

The military revolt against the Axis alignment began at 2:00 A. M. Thursday, and took control with the force of the army behind it.

The public, vigorously disapproving the Axis pact, hysterically cheered the new regime and called with increasing fervor for (Continued on Page Four)

Growers Bring In Large Stalks Of Celery To Market

The stalks of celery, which were described as the largest, healthiest and prettiest seen in this section in some time, were brought to the Sanford State Farmers Market today by H. M. Parworth and Ira Southward, whose farm is located in Mecca Hammock south of Sanford.

Several of the biggest stalks were weighed at the market and H. J. Lehman, manager, reported that they tipped the scales at 3 1/2 to 3 3/4 pounds each. The choicest stalks were 15 inches in circumference after being stripped and stood from 30 to 35 inches high.

The whole field is of superior quality, Mr. Lehman said, and the celery brought to the market was "flawless"—there wasn't a single blemish on the leaves," he declared.

Chase and Company is packing the celery, and is putting it in standard crates so that the tops will not have to be cut off, as is usually done. It will be shipped north, Mr. Lehman said, where he believes it will bring premium prices.

WHEEL VIBES FOR TODAY

DESTINATION UNKNOWN

Only the globe is left, the bony round. The train has passed long since, the station ground has held the hum of rails, the third of ties. Nothing remains of Where, only the Way's shadow, the night like whistles low sibilant gone.

—VIRGINIA SCOTT MINER

Dr. Brinkley of Gland Farm, Fla., has a new headline. His fitness need rejuvenation.

Some winter visitors are preparing to return north just as the best season of the year is Florida begins.

The signing of the seven billion dollar aid to Britain bill was held up by bad flying weather. Post-poned to a date when the "next century" will be.

More high school and college students should study Spanish in the Latin American countries south of us, where the next century will be.

When the Yugoslavian government allowed the Axis alliance to take over, it was a disaster. Now that a revolt has broken out in the Balkans, the Yugoslavians have lined up with the Allies, and wonder if the Axis can be untraced.

How Browder, communist leader, is a federal penitentiary on American participation in the second World War becomes more obvious. How clearly are the lines of the law drawn when it was Eugene V. Debs, a socialist leader, who was imprisoned for his part in the labor trouble.

Col. Lindbergh's "letter" to "Collier's" is interesting in that it demonstrates, more fully than before, how completely he has accepted the Nazi attitude, the Nazi interpretation of the origins of the war and the Nazi picture of a viable future. The fact that it was immediately put on the air in three or four languages by the Berlin and Rome propaganda stations is sufficiently significant. The letter also shows the reason why Lindbergh is so popular in allowing himself to be driven into the hands of communists and other enemies of the United States.

How Much Is A Billion?

A billion dollars is a lot of money. It is a thousand times a million dollars. It is as much as the entire government debt was immediately before World War No. 1. But now the debt is 50 billion dollars. It will soon be 55 billion and if Congress raises the limit again it will be more. Trying to show how much money a billion dollars really is, Investor America magazine tells the following story:

Suppose we take an imaginary boy, aged 15 years, and assign to him the task of counting one billion dollars in one-dollar bills. If he's unusually alert and tireless, he might manage to count about 100 one-dollar bills a minute. (Try it and see.)

We'd have to be sure our young man was strong and persevering, for we propose to work him eight hours a day and five days a week until the task of counting one billion dollars is completed. After he finishes this job you might think he would be able to qualify for a position in a bank, or at the U. S. Treasury, or even at some of the race tracks where they handle more money than you'd imagine. Well, wait and see whether our dollar-bill counter would be apt to get such a job.

But to get back to the counting work. If he counts 100 one-dollar bills a minute, he will reach off \$6,000 an hour. That's a tough pace, but we'll have to keep the young man's nose to the grindstone, so to speak, or we'll never get through.

He's working eight hours a day, remember. That will account for \$48,000 by the end of the first day. Now we're getting started. By the end of the first week, our young man has counted \$340,000, and he thinks he is making a dent in the pile of one billion one-dollar bills. Poor boy!

Working steadily, with no vacation, and only five days off for holidays, this youth finds that at the end of the first year he has counted \$12,240,000.

When he reaches his 21st birthday, his tally shows that he has counted \$73,440,000. Six years of steady work and still a huge pile of one-dollar bills in front of him.

As the years roll by, the pile gradually grows smaller, but by the time both piles are equal in size—the counted pile and the uncounted heap of one-dollar bills—the man counting them has passed his 55th birthday. Well, no use stopping now; he's half through!

So he continues to count. The years pass in monotonous succession. He never realized that counting one billion dollars was going to occupy his entire life. But here he is, an old man. He'll see it through, however — if he lives long enough.

At last the job is done. A bewhiskered old man has completed his life's work. He's past 90 years old and he's just counted one billion one-dollar bills. He was 15 years old when he started. It's hard to realize, isn't it?

Flying Kites

"Go fly a kite if you want to, but keep it away from electric power lines and highways," says the National Safety Council in its Springtime advice to boys and girls. Pointing out that many deaths and injuries among youngsters are caused by kite flying, the Council made these suggestions:

- 1. Fly a kite in a level open space, free from ditches or large stones, so you can get a good run. Stay away from wires and trees.
2. Don't fly a kite in a street or highway, and never run across a road to get a kite up.
3. Never use wire for a kite string, or a cord that has tinsel or wire in it. Be sure the cord isn't wet. Wire or wet cord will conduct electricity if it sags or falls across a high voltage line.
4. If the kite breaks loose and falls in electric wires or a tree, leave it there. To climb after it, or to try to dislodge it by throwing a weighted wire or strike at it, may cause a severe electric shock.
5. Remember that it's better to lose a kite than to lose your life.

A TROUT IS always hungry and will take whatever he can get with the least effort, BUT "you have to find out what he is eating as his regular diet when you are calling on him," declares "Dick" Miller, world champion distance flycaster, in the current Rotarian magazine. Experiments with "tame" fish show that they will rise to a lure the same as they are eating at the time, but will ignore one that differs in color or general appearance. And trout are pretty picky, so fit the fly to the feeding habits at the time, warns Miller. "Improve your casting, and you'll improve your fishing," Miller asserts. "No matter what your present ability may be, you can double your catch!" Yep—but if you are already catching the fish, look out for the warden!

FOR BETTER, OR FOR WORSE?

"TOO LATE TO CLASSIFY"

By RUSSELL KAY

Visiting Marine Studios not long ago, I paused to look at an octopus. Of all the predatory animals of the sea, this slimy creature is to me the most loathsome. Its unwhirling eyes show no mercy. Its powerful, parrot-like beak relentlessly crushes the life out of every defenseless creature that comes within reach of its eight long hideous vacuum-cupped tentacles.

But when there appears on the scene a sea animal which it fears to combat, it squirts from its inked quills a concentrated, dye-stuff, screened by the cloud produced by such ejection, that preys on hostile victims, deep runs to cover while confusion confounds its pursuers.

As I considered this octopus creature, my mind compared it with a species of human octopus that preys on hapless victims, practicing much the same tactics both from the standpoint of attack and defense—the "Salary Buyer."

When public opinion is quiet they prey mercilessly on every helpless class of wage earner. With alluring advertising and direct mail campaigns promising easy money for salaried people, they get unwary school teachers, stenographers, clerks, truck drivers and laborers in their clutches. Once the luckless victim is in the grasp of their vacuum-cupped arms, there is no escape. Gradually, through insidious interest rates from 250 to 500 percent, they squeeze until all resistance is conquered. Neither conscience nor pity softens the process. Millions of dollars are squeezed annually from the ever paid wage earners of Florida by these salary buying octopi.

But when an aroused public opinion demands that action be taken to curb their practices, like the octopus of the deep they open forth concentrated bile to backwash the issue, and flee to cover.

"We do not lend money, easy money," we just buy wages. "Our business is legitimate because we pay salaries." Banks charge too much interest—so do credit unions. "Just look at the forty-two percent—think of it, 34 percent a month—its legal, legal money."

With such guileful screens they cleverly confuse the issue and have their attention directed from the fact that the salary buyer contracts with the ever paid wage earners of Florida by these salary buying octopi.

The United States is in that they prey on the hapless wage earners of the country.

27 PLAYERS ANSWER SPRING TRAINING CALL

Boys Show Power In Batting, Says Manager Whitlock

Frank Hudson Brings 15 Men From Palatka Baseball School

Spring practice opened yesterday for the Sanford Baseball team and 27 players answered the call for the 1941 season, giving Manager Joe Whitlock a sizeable group to pick his team from.

"The boys showed a lot of power in their first workout and there are some heavy hitters in the bunch," Whitlock said.

The practice yesterday was for limbering up and getting the limbs out of the boys. No infield practice was held and the players were out to show their strength at the plate.

"It is too early to say anything about any of the boys right now but it looks like we will have a strong team," the manager predicted.

Frank Hudson brought about 15 men from the Babe Ruth baseball school instead of the six he had expected to bring. Whitlock said he believed he had too many infielders out for the tryouts since there were so many regulars from last year but added that not a single position on the field was cinched by any of the men.

Daily practice to be held at the Sanford Ball Park will start at 10:30 o'clock and run until about 1:30 o'clock in the afternoon. Visitors are welcome to watch the team in action.

Among the boys out for practice today were Eugene Martyniak, James Booth, Curtis (Mutt) Williams, Raymond Wollen, Clarence Pelt, Charlie Girk, Walter Bellawa, Alvin Blandish, Frank Hudson, Kalid Hinder, Ernest La Valley, Herbert Bloom, Mori Lott.

Also, Roben Ramis, Curtis Hansen, Clarence (Cahoon) Henry, Lavalley, Peter Pitzer, Zigmund Stanek, Pete Meraney, Norman Trull, Dick Volmer and Manager Joe Whitlock.

Sunflower Chef Wins Featured Race At Track

Sunflower Chef, the 60-pound son of Traffic Court and Red Russell from H. Richard's kennel, captured a easy victory in the featured Futurity event at the Sanford-Orlando Kennel Club last night for his seventh triumph of the season.

The Chef left the No. 5 box on top and reached the first turn before crowding tunched up the remainder of the pack. On the back stretch Sunflower stole a five-length lead and was never pressed during his winning journey. He was clocked in the fast time of 29 and two-fifths seconds, just one fifth slower than the best times scored this season by Cracker Lad and Grand Son.

Pauline Betz Sweeps Indoor Net Matches

Rollins Pair Team To Win Finals In Doubles Tourney

BROOKLINE, Mass., Mar. 25—(AP)—Pauline Betz, attractive Rollins College student, made a clean sweep of the women's national indoor championships yesterday at Longwood Cricket Club, capturing the singles crown and sharing the titles in two doubles events.

Featuring her torrid backhand and showing surprising improvement in her supposedly weak overhand game, the Los Angeles girl was in complete command in all her matches, being pressed slightly only in the midst of her single final and in the mixed doubles final, where she began to show the effects of her strenuous day.

Miss Betz opened her onslaught on the triple title by outlasting her fellow Californian and student at Rollins College, Dorothy May Bundy, 6-1, 10-12, 6-2, in a grueling two and one-half hour match.

She romped through the first set with ease but Miss Bundy rallied in the second 22-game affair, moving in to the net more often and breaking through the Betz service seven times.

The new Allist, who succeeds Mrs. Sarah Faltry Cooke, Portland, Ore., was her old self in the third set and took an easy 6-2 decision as Miss Bundy tired and was unable to cope with the fierce backhand.

After a short rest the pair combined and met the veteran Mrs. Hazel Wightman and Kathleen Winthrop, of Ipswich, Mass., in the doubles final. Mrs. Wightman played cleverly to the supposed overhand weakness of Miss Betz but the young Rollins student showed surprising strength there and the Rollins College teammates did the expected, 6-4, 6-3.

Miss Betz capped her busy day by teaming with Al Stitt, of Brookline, Mass., in the mixed doubles final against Miss Winthrop and Chauncey D. Steele, of Boston. Tiring, she was pressed by Miss Winthrop but Steele's weak game in the crucial spots enabled the Betz-Stitt couple to take out a 10-8, 7-5 victory.

Tar's Diamond Team Will Open Season Today

WINTER PARK, Mar. 25—(Special)—The Rollins College baseball nine opens its collegiate season this afternoon at Harper-Sherburne Field in the first of a two game series against the University of Alabama. Today's game started at 3:45 o'clock and on Saturday the time will be 2:00 o'clock.

Clyde Jones, Asheville, N. C. senior and veteran shortstop, will make his first start on the hill for the Tar with June Lingerfeld, another veteran, donning the tools of torture behind the plate.

Going around the infield Earl Brankert of Ocala, one of the Tar's most consistent hitters, will be at first base, Ira Yopp, Lakeland, at second base, Earl Taylor, Keyser, W. Va., at shortstop, and little Emmett Gauley of Winter Park at third.

Sam Hardman of Laddonia, Mo., who is expected to pitch Saturday's game, will be in right field for his hitting strength with Harvard Cox, Winter Park, in centerfield and Sam Pugh, Lake Wales, in left field.

Rollins has played one game, an exhibition tilt against the state collegians championship and scored 115 runs in 12 games against college competition. Bill Daugherty, pitcher, and Joe Justice, second baseman, joined the pro ranks with Sanford upon their graduation in June.

Rollins Football Squad Of '40 Is Awarded Letters

WINTER PARK, Mar. 25—(Special)—Coach Jack McDownall of Rollins College Thursday awarded five sweaters and letters and 13 service stars to members of his 1940 football squad, which won eight out of nine games.

Those earning sweaters and letters for the first time were Andy Ray, Haines City, wide back; Bill Justice, Asheville, N. C., punter; Paul Meredith and Dick Curry, Parkersburg, W. Va., blocking back and wingback respectively; and Carl Sedimay of Miami Beach, reserve guard.

The first four are sophomores, while Sedimay is a senior.

Service stars, given to graders who have earned letters before, were awarded to June Lingerfeld, Asheville, N. C., and Joe Knowles, Leesburg, ends; Leonard Phillip, Leesburg, and Melvin Clanton, Lakeland, fullbacks; Chapman Lawson, DeFerd, and Frank Grundler of Orlando, guards; and Ernest Bryson, Asheville, N. C., and John Glanton, Cleveland, Ohio, centers.

Besides winning the I.L.A.A. conference crown, Rollins players received much recognition for individual excellence. June Lingerfeld, left end, was placed on the All-American Team.

Bill Daugherty, pitcher, and Joe Justice, second baseman, joined the pro ranks with Sanford upon their graduation in June.

Largo Mint Wins Race As Judges Bar Hermar In 4th

Royal Man Is First In Feature Mile At Tropical Park

MIAMI, Mar. 25—(AP)—Backers of Hermar had a brief moment of joy Thursday when the 22 to 1 shot finished on top in the fourth event at Tropical Park, but the stewards stepped in quickly to disqualify Hermar and award first money to Largo Mint.

Officials said Hermar, which finished a length and half ahead of Largo Mint, had caused a jam at the head of the stretch by coming over from the outside and nipping up Frontier Jane, Largo Mint and Milk and Honey. The stewards exonerated Hermar's rider, Apprentice Leon Haskell, of blame.

Largo Mint, which ran the six furlongs in 1:11 4/5 with the veteran Eddie Arcaro in the saddle, returned \$12.20, \$5.40 and \$1.30 across the board.

Milk and Honey, moved up to second by Hermar's disqualification, paid \$5.20 and \$3.10 and the show horse, Meritorious, \$7.

The Tower stable's Royal Man, ridden capably by Paul Ryan, captured the featured mile and a sixteenth Southland purse by half a length over Mrs. Marie Evans' crack distance runner, Shot Put. Shot Put took the place by a head over Mrs. Payne Whitney's Corydon, with W. C. Stroube's Sirasia finishing barely out of the money.

Royal Man, which covered the distance in 1:43 1-5, paid \$4.50, \$3.00 and \$2.60. Shot Put returned \$5.70 and \$3 and Corydon \$2.90.

Yugoslavia Delays Answering Urgent Demands Of Nazis

Country's Future Is Said To Hinge On Whether Serbs And Croats Will Unite

Belgrade Handed New German Note

British Near Fighting Contact With Italians In Africa

By Associated Press

Yugoslavia's government kept Germany waiting today for an answer to demands that it clarify its position with the Axis powers.

Germany and observers in the Balkans expressed the belief that Yugoslavia's future hinged principally on whether the country's major groups, the Serbs and the Croats, long at loggerheads, would unite or stand united.

The man with the answer to that question is believed to be Vice Premier Vladimir Mucko, who was carried over into the new Serb-dominated government as Croat spokesman.

Nazi dissatisfaction was reflected in a new note delivered at Belgrade.

Some observers suggested that the Serb-Croat differences might give the Germans an excuse to pursue an Yugoslav as they did on an allegedly divided Czechoslovakia.

Thief Takes Money And Papers From Lawton's Office

A thief entered the office of Superintendent T. W. Lawton at the Court House yesterday at the noon hour and took some \$100 in cash belonging to Mr. Gilchrist (Gilbert), secretary of Mr. Lawton.

Apparently familiar with the office and office routine, the person entered the office, unlocked the door, unlocked the safe, rifled the drawers containing the money and papers and took them upstairs to the grand jury room of the Court House to look over his loot.

The papers and a key to a safety deposit box were found in the room upstairs, Mrs. Gilbert said.

Jack Hickson, deputy sheriff working on the case said the thief left no finger prints on other clues that would lead to his discovery and added that the person would be hard to apprehend.

Besides the papers found in the grand jury room a dollar bill was found near the safe where the thief had dropped it while leaving the office. The safe had been closed and the dial lock in order to open it. Only the one drawer in the safe containing the money, seemed to have been disturbed.

The papers lost by Mrs. Gilbert were in a grey manila envelope and were of no value to anyone but her, she said. Among the papers were several insurance policies and receipts. She is anxious to get them back and believes the thief will throw them away and take anyone who finds them to return them to her.

The amount of money lost has not been determined since Mr. Lawton is out of the city and no one else knows just how much money was in the safe. Mrs. Gilbert said she believes the amount to be between \$50 and \$100.

Blanks For Tax Exemption Will Be Due Tuesday

Home owners were reminded today by Sanford Doudney, County tax assessor, and H. N. Sayer, City clerk, that Tuesday is the last day upon which applications may be made for homestead exemption.

At the City Hall, Mr. Sayer said City taxes on homes will be 10 cents if homestead exemption is not allowed, but only 15 cents if it is secured.

Mr. Doudney, glancing over the record for the previous year, estimated that there are still 200 applications to be filed at the Court House. He announced that he will keep his office open during the lunch hour Monday and Tuesday in order to accommodate those who cannot come at other times.
