WALTON BOBS UP AS ASPIRANT FOR THE JOB

NEWSPAPER MEN ARE UNITED IN CONDEMNING ACTIONS OF GOV. WALTON OF OKLAHOMA

Editors of State Urge
Immediate Session of
Legislature.

WANT PRESIDENCY.
But is Taking Strange
Course to Secure the
Nomination.

(By The Associated Press)
OKLAHOMA CITY, Sept. 20.—As a refutation of Governor Walton's charges that a movement to assemble the legislators in special session to investigate the executives conduct is inspired by the Ku Klux Klan, several members of the lower house and proponents of the movement, today issued a statement saying they would introduce a bill at the next session of the legislature banning activities of the masked organization in this state.

TULSA, Okla., Sept. 20.—An address to the people of the United States, declaring that "the supreme issues in Oklahoma today is constitutional government or despotism," was made public last night by a group of Oklahoma daily newspaper publishers following an all-day meeting called by a local editor with a view of "placing the true situation before the country."

Publishers of several of the largest dailies in the state signed the statement.

"Governor Walton, by his own acts, has attempted to nullify rights guaranteed under our constitution, and to halt the lawful processes of reparation government," the publishers declared.

A second declaration addressed "to members of the legislature" said: "The editors of Oklahoma urge that the legislature meet immediately."

Referring to recent events in connection with the declaration of statewide martial law which were termed instances indicative of Governor Walton's "despotic conception of his executive powers," the public address said "these acts create an intolerable situation in Oklahoma—one which the people cannot endure which the press cannot condone."

"The newspapers of the state uphold rigid adherence to all the laws and they are united in demanding that constitutional rights of assembly, free press, civil courts, grand juries and jury trial by law be preserved inviolate," the statement concluded.

A third statement addressed to the editors, pledged legal assistance to "those editors who may have censorship imposed upon them because of their efforts to fairly represent the best interests of the state."

The legislators were urged to convene in special session as soon as possible "to ascertain the truth of falsity" of charges "made frequently in the past few months that the chief executive of the state has been guilty of specific violations of the laws and constitution of the state."

All three statements were signed by the same men.

The meeting was called by Victor Barnett, managing editor of The Tulsa Tribune, after conferees extending over several days with editors through out the state. Mr. Barnett presided.

SOLICITOR WILL DEFY GOVERNOR

Will Investigate Treatment
of Convicts
in Mines

(By The Associated Press)
BIRMINGHAM, Ala., Sept. 20.—Solicitor Davis began summoning newspaper men who had interviewed convicts at the mines following a recent outbreak. He said the warden at the mine and other officials would be called. The solicitor also called for newspaper accounts of the mutiny and subsequent reports which had quoted convicts as saying tasks imposed on them were impossible, the food poor, and men were forced to work when ill. Governor Brandon in a letter to the solicitor said he was entirely responsible for the whippings and that floggings the leaders of the mutiny was essential to the welfare of the other prisoners.

TRYING TO FIX RESPONSIBILITY NAVY WRECK

Commanding Officer
Tells Story to Naval
Court.

(By The Associated Press)
SAN DIEGO, Calif., Sept. 20.—Absolute certainty that they were right and a radio compass station on Point Arguello wrong, led navigators of Destroyer Squadron 11 to plot a change of course that hurled seven ships on the rocks off Point Honda and cost the lives of 23 enlisted men, and a naval court of inquiry was told here yesterday by Lieut. Laurence F. Blodgett, navigation officer of the squadron's flagship Delphy.

The frank admission that "little weight was attached" to the radio signals from Arguello furnished the chief sensation of the hearing yesterday and ended in the interruption of the witnesses' account by Admiral W. V. Pratt, presiding member of the court, long enough to name him the thirteenth defendant in the case.

Lieut. Blodgett was the first new defendant to be named in connection with the disaster under investigation since Monday when 12 naval officers were cited in the precept of the court of inquiry as "interested parties in the status of defendants."

He told his story leaning over a large chart of the waters about Santa Barbara channel, plotting with rule and dividers the Delphy's course as laid out by himself and the commanding officer. Lieutenant Commander Donald T. Hunter.

About him clustered the naval officers conducting the inquiry, eagerly scanning the chart as the witness indicated the course of the squadron, the point where he thought the Delphy was at 9 o'clock on the night of September 8, and the point where she actually was at that time.

(By The Associated Press)
GENEVA, Sept. 20.—"Hands off" the reparations problem, for the moment at least, was the decision reached yesterday by one of the main commissions of the League of Nations. This decision, it is believed, will affect the entire attitude of the league assembly on this problem. It was not reached without some murmurs.

MASS MEETING CONDEMNS KLAN IN LOUISIANA

RESOLUTIONS ADOPTED IN
JACKSON PARISH MADE
PUBLIC.

(By The Associated Press)
BATON ROUGE, La., Sept. 20.—Governor Parker today made public the contents of resolutions adopted at a mass meeting of the citizens of Jackson Parish and forwarded to him charging that a super-government had been established in Jackson Parish. This government disputed the judiciary machinery of the courts in such a way as to punish innocent persons while guilty ones go free and that practically disenfranchises all voters who are not in sympathy with the Ku Klux Klan, the resolution said.

WARD'S DEFENSE TRIES TO RULE OUT TESTIMONY

CHARGES STATE ATTEMPTED TO
TAMPER WITH WITNESSES.

(By The Associated Press)
WHITE PLAINS, N. Y., Sept. 20.—The charge of tampering with witnesses was made yesterday by attorneys for the defense in the trial of Walter S. Ward, wealthy baker's son, charged with the murder of Clarence Peters, after a witness for the prosecution told of a conference with a representative of the attorney general.

Defense counsel Campbell made the charge after Ralph Collins, former state trooper, testified he had lunch with State Trooper Green, a previous witness for the prosecution.

Collins refused to deny he had been told by Henry Unterweiser, special investigator for the attorney general's department, to get his testimony "straight." He declined to say under oath that he had not discussed the case with Green. A motion by the defense to strike Collins' testimony from the record was denied by Justice Wagner.

An unidentified man sitting directly back of Mrs. Ward, wife of the defendant, was ordered from the court room at the afternoon session by Justice Wagner, who did not explain his action.

GONDON, Ore., Sept. 20.—Rev. G. A. Chaney, a former pastor of a church here, L. E. Fry and Floyd Dunlop have been held to the grand jury charged with conspiracy to kidnap, on complaint of Frank Smith, who alleges the accused men are members of Ku Klux Klan and declares that they whipped him as a klanman.

ODD FELLOWS WILL HAVE A JUNIOR BRANCH

CINCINNATI, Sept. 20.—Creation of a junior branch of the Independent Order of Odd Fellows, open to boys 14 years old and upward, was one of the matters to be taken up for consideration at Wednesday's business session of the annual convention of Odd Fellows, Rebekahs and affiliated organizations. The juvenile branch would have for its objective the elevation of the moral standard of the youth of the land by inculcating them with the universal brotherhood principles of Odd Fellowship.

By authorizing the creation of such an auxiliary of the sovereign grand lodge and a code of laws governing its operation have been drafted by special committees, named at the last grand lodge convention.

The afternoon program was featured by the annual parade, in which forty thousand members of the respective branches of the order marched through the downtown streets of the city.

It was said that such headway has been made with the business of the convention that all work probably would be completed by Friday, permitting the convention to adjourn a day ahead of the scheduled time.

STAB YOUTH AND KIDNAP GIRL IN NEW YORK PARK

POLICE ARREST TWO OF THE
ALLEGED KIDNAPERS.

(By The Associated Press)
NEW YORK, Sept. 20.—Firemen joined the police in a search through west Central Park and the adjoining fashionable apartment district for six men who stabbed George Volland as he sat on a park bench with his sweetheart, covered his bleeding form with newspapers and dragged the struggling girl away. The couple was attacked shortly after midnight. Two hours later the youth regained consciousness and staggered to a fire box and turned in an alarm. He may die. In the ensuing search two men were routed from a clump of bushes and the girl was found nearby in a dazed condition. These two men were arrested after a long chase in which they jumped from a twenty-foot cliff.

19 PARDONS GRANTED BY STATE BOARD

(By The Associated Press)
TALLAHASSEE, Fla., Sept. 20.—Nineteen conditional pardons, three paroles, and restoration of citizenship in two cases out of a list of approximately 200 applications for clemency constituted the favorable decisions by the state pardon board at its semi-annual meeting here last week, it was made known yesterday in a statement from the executive officers.

"The number of pardons granted would seem to be rather small," the statement said, "when there is considered the great number of cases presented semi-annually and the fact that meetings are not held except twice a year."

"The policy of the present administration," the statement continued, "has been to extend clemency only in those cases where the length of service, physical condition and good record with possible reformation of the prisoner seem to warrant special action."

Fourteen white persons, one a woman, and ten negroes were granted clemency. Their names follow:

White—John Collins, Edward William I. Marshall and J. J. Coleman, citizenship restored; S. P. Schlak and David Dowell, paroled; Ludiam Grover C. Hardee, Joe Hale Adelman Anderson, C. L. Gardner, William Moore, Frank Saunders, L. R. Duke, and Natalie Sattler, conditionally pardoned.

Negroes conditionally pardoned were: Claude Alsbrook, George Johnson, Walter Kennedy, Levi Knox, Martella Metz, Freddie McCrae, Sid Will Rollins, Joe Wilmoite, Sylvester Warren, and Howard Lewis.

CHICAGO HAS
LARGE NEGRO
POPULATION

Forging Ahead of Both
Baltimore and New
Orleans.

(By The Associated Press)
CHICAGO, Sept. 20.—Migration from the south has more than trebled the negro population of Chicago within the last 13 years, according to a news story in the Chicago Tribune today. Negroes who in 1910 numbered but 44,000, in 1920 had increased to 109,458 and it is now estimated there are between 135,000 and 150,000, giving this city a larger negro population than either Baltimore or New Orleans. All this summer negro migrants have been streaming into Chicago. Most of them have been absorbed by the industries, which are now experiencing a shortage of common labor.

CLAIMS GIRL IS KILLED BY THIRD DEGREE

Three Policemen are Injured
During Riot
In Detroit.

(By The Associated Press)
DETROIT, Sept. 20.—A riot call was sent by police last night when a mob estimated at 5,000 persons attempted to gain entrance to the home of John Lorne to view the body of his 13 year old daughter, Gladys who the father alleges, died from ill-treatment at the hands of police after her arrest September 11, on a charge of larceny. Three patrolmen were slightly injured by the crowd who fought the officers attempting to maintain order.

The girl was arrested on complaint of John F. Anderson. The day after her arrest she was taken to a hospital. She died Saturday. Before her death, according to the father, she told him she had been abused by the police, put into ice water three times and that attempts were made to put her in an electric chair to make her confess the robbery. The father asserted the body of the girl bore marks indicating bruises.

According to a statement issued by James Spratt, assistant superintendent of police, the girl was sent to the juvenile detention home immediately after her arrest and the next day removed to a hospital. The statement says death was caused by acute pleurisy. An autopsy was held after the death.

The statement of the police superintendent says the marks on the body which the father alleges was caused by police, in reality were caused by hypodermic injections given before the girl's death and the incisions by surgeons during the autopsy. The story told by the girl to her father is said by Spratt to have been given while the girl was delirious just before her death.

Hundreds of neighbors, friends and many morbidly curious viewed the body last night. As a result of the

SEEKS A REMEDY
For Serious Situation
Facing Middle West
Farmers.

(By The Associated Press)
WASHINGTON, Sept. 20.—Senator Borah of Idaho, one of the leaders in the progressive wing of the Republican party, was a guest of President Coolidge at dinner last night at the White House. Afterwards the executive and the senator had a general conference with conditions facing western wheat growers as the principal theme of discussion. Senator Borah recently visited the wheat states and had some views to present as to legislation designed to relieve the situation.

The meeting of President Coolidge and Mr. Borah last night was their first since Mr. Coolidge became chief executive. Before returning to Washington Senator Borah declared his belief that Mr. Coolidge was the logical man for the Republican presidential nomination next year and called upon the public to "give him a chance to make good."

President Coolidge and his advisers will be energetically occupied for the next ten days in seeking a solution of the situation confronting agriculture in the west, the senator said after his conference with the president.

Senator Borah said the question of calling an extra session of congress to deal with the situation was discussed, but added that he was entirely in agreement with the president that "we ought to undertake to determine upon a remedy and define a program before an extra session is called."

"If we cannot find a remedy before such a session," the senator said, "we probably could not find one afterwards."

Senator Borah told the president he regarded the whole agricultural situation west of the Mississippi as serious as any within his recollection or in his reading on the subject. He declared that not only the wheat growers, but producers on other were facing difficulties. The trouble is, he continued, that they are selling on a pre-war basis and buying on a war basis with the further necessity of paying many times the amount of taxes they did before the war.

"Corn and sugar beets are oases in the desert," the senator added, "but taking the situation as a whole it is just as serious as it can be."

TIME

Time is the space allotted to the clay. Wherein it moves, strives and seeks its goal; A gift to flesh to use, but not control.

Man shapes it into hours for toil and play. Some for his dreams and some to sleep away.

Some for his purse, and some to feed his soul, But only God is master of the whole;

When shall his last hour come, no man can say.

Time may be reckoned by the patient clock,

Or measured by the calendar by years,

And some may count it by their garnered stock

And others by their pleasures or their tears,

But howsoever 'tis measured, no man knows

Where waits the final hour toward which he goes.

Among the well known visitors in Sanford this week are Mr. and Mrs. Ernest Molnar and family of Fernandina. The latter being the daughter of Mr. and Mrs. G. L. Takach. Several delightful card parties have been given for Mrs. Molnar during her visit, making her stay a very pleasant one socially.

CATHOLIC WOMEN'S LEAGUE OF SANFORD MEETING.

Last Monday evening the first fall meeting of the Catholic Women's League was held in the Parish Hall on Oak avenue. Rev. Father Hennessy addressed the ladies present and stressed the importance of their hearty co-operation in order to make the work of the league this season all that it should be.

Several items of great importance are to come up at the next meeting each member to be present.

Father Hennessy earnestly urges each member to be present.

ALTAR SOCIETY MEETING.

The opening meeting of the Catholic ladies Altar Society was held in the parish hall at three o'clock on Monday afternoon, and after the long rest of the summer months it was attended by far too few of its members. With the coming of cooler weather an urgent request is made that more of its members attend the meetings which will be announced in the Herald and from the pulpit.

BIRTHDAY PARTY.

One of the most enjoyable of the children's parties given recently was that of yesterday afternoon when little Miss Vera Rivers invited a number of her young friends to help her celebrate her sixth birthday anniversary.

Green and pink, the colors used for this affair, were carried out in every detail. The rooms were decorated with vases of cut flowers and ferns, while the refreshment table was centered with the birthday cake iced in white and topped with six tiny pink candles.

Games of all kinds were played during the afternoon, and pinning of the donkey's tail proved a delightful feature. The prizes for this, were won by Albert Rivers and Mary Alice Shipp.

Late in the afternoon refreshments of ice cream and cake were served by Mrs. Rivers assisted by her mother, Mrs. Woodcock, and sister, Mrs. Madge Rigney. The children were given favors of watches and horse-shoe candles.

About forty children enjoyed this happy event.

GREAT BRITAIN REGISTERS HER DISAPPROVAL

(By The Associated Press)

WASHINGTON, Sept. 19.—The British reply to Secretary Hughes' proposal for reciprocal agreement as to shipping liquor and liquor smuggling was received at the State Department today and is described by officials as in general not sympathetic to the proposals. The British government plans, however, to present the question to the British imperial conference which meets in London next month. The State Department officials view the British communication as leaving open the possibility of negotiating a double-barreled treaty to curb rum running and also to facilitate legitimate liquor shipments in foreign bottoms. No attempt is made, however, to disguise Britain's general disapproval of the plan.

MEMBERS OF LEGISLATURE OF OKLAHOMA WILL ENDEAVOR TO IMPEACH GOVERNOR WALTON

(Continued from page 1)

whereabouts of Adjutant General Markham since his departure for Oklahoma City Monday.

The first skirmish is scheduled for 9 o'clock today before District Judge Albert C. Hunt, where the summons is returnable.

Whether the right of habeas corpus exists in Oklahoma under martial law despite Governor J. C. Walton's order suspending the right is legal question involved.

Are military authorities amenable to civil courts during a period of "insurrection and rebellion" such as now exists throughout Oklahoma by reason of Governor Walton's proclamation, will be the question precipitated by a failure of the militia officers to serve or obey the court summons.

The towns folk are all mixed up but business is as usual; and aside from the half dozen guardsmen on duty on the Mezzanine floor of the city's leading hotel and two score of their comrades quartered in an outlying armory, there is no evidence of the furor which grips the state.

The three military prisoners ordered to be brought before Judge Hunt are Ben and Grover Sikes and Earl Sack, all of Broken Arrow, who are under sentence of two years each for confessed implication in the flogging of Ben Waggoner, farmer, several weeks ago.

Application for writs of habeas corpus were filed Saturday by counsel for wives of the prisoners; the men are being held by the military board of inquiry under suspended sentence as possible witnesses in the further investigation of numerous recent whippings charged by Governor Walton to the Ku Klux Klan. The wives seek the surrender of their husbands to the civil authorities contending that Tulsa county convictions for Waggoner county offenses are illegal.

Continuation of the local military inquiry under the direction of Judge Advocate Captain J. C. Looney, assurance from a spokesman of the absent adjutant general that no further troop movements were planned and the direct suggestion of Captain Looney, who is also a member of the state senate, that the federal government might be called upon "to insure a republican form of government in Oklahoma as guaranteed by the constitution of the United States, were the principal developments in the military phase here yesterday.

Reports of "encouraging progress" from various sections of the state to opponents of the governor who seek to convene a special session of the legislature to consider impeachment proceedings and the public denunciation of the chief executive for his refusal to permit the session were the only developments in the political arena.

RESTRICTIONS ARE REMOVED

TALLAHASSEE, Fla., Sept. 19.—Removal of restrictions on the interstate shipment of certain farm products from places under quarantine on account of the Japanese beetle has been decided upon by the federal agricultural authorities, effective September 16, according to information received.

The products to be permitted unrestricted movement, it is stated, are green, sweet or sour corn; cabbage, lettuce, and grapes; and unthreshed grains, straw, and forage crops. The active period of the Japanese beetle has ceased for this season, and the department decided that it would be safe to remove the restrictions on these articles imposed by the federal quarantine for preventing the spread of this insect.

AUTO PLUNGES INTO CROWD AND KILLS TWO

MEMPHIS, Tenn., Sept. 19.—Mrs. Florence Deboe, 35, and Miss Pearl Bushart, 18, were fatally injured and Miss Clara Shearon, 17, was less seriously hurt when an automobile said to have been traveling at a high rate of speed plunged into a party of women and children returning from a church near Raleigh, a suburb, W. W. Arick and L. A. Gilbert were arrested today and placed in jail to await investigation of the accident. Both denied that they were in the car which struck the women. Mrs. Deboe was almost instantly killed. Miss Bushart died today.

According to persons in the party the automobile, after striking the three women, turned and rapped the crowd on the roadside with its lights off.

2,500 N. Y. PRESSMEN ON STRIKE

Head of Pressman's Union Characterizes Strike as Illegal.

(By The Associated Press)

NEW YORK, Sept. 19.—New York went without its leading newspapers for the strike of 2,500 web pressmen prevented publication of a majority of the city's morning and evening dailies.

From midnight last night until this evening the city's millions, most avid newspaper readers of the world, virtually were cut off from news of their own and the rest of the world's doings.

The Metropolis awoke to find its breakfast and its ride to daily chores made dreary by the absence of morning papers. Limited pre-midnight editions which were run off before the pressmen walked out, had been exhausted by late theatre crowds.

An early edition of the New York Evening Post run off by a hastily recruited corps of pressmen was the only one of the large afternoon papers to appear before noon and when that had been exhausted, the news stands, usually loaded with frequent editions of the afternoon dailies, were bare and hundreds of raucous voiced news boys were mute.

Newspapers is nearby New Jersey cities, smaller local papers not affected by the strike, and foreign newspapers hastened to take advantage of the situation, rushing thousands of papers and scores of emergency news bulletins that met unprecedented sales at premium prices.

One Boston newspaper sent copies of a special edition to the city by airplane while a local Italian paper for the first time in its history, put on sale an all-English edition. Many news stands presented the unusual picture of news papers in half a dozen foreign languages and none in English.

The newspaper famine was relieved in the late afternoon when a composite newspaper representing jointly the 11 afternoon newspapers affected, appeared on the streets.

The unique publication which bore the names of all the 12 newspapers in the usual typographical style used by each, was the result of a conference between newspaper owners and officials of the International Union. It was decided that the papers would pool their resources of a six or eight page newspaper to contain whatever advertisements and news each of the dailies deemed it expedient to print.

Across the top of the combined paper were the words: "The combined New York Evening Newspapers." In a three column box at the upper left side was a list of captions: The New York Journal, The Evening Mail, New York Evening Post, The Sun, The Evening Telegram, The Evening World, The Brooklyn Citizen, Brooklyn Daily Eagle, The Standard Union, Brooklyn Daily News, New York Herald.

The strike was called a few minutes after mid-night by web pressmen's union, No. 25, after the organization had concluded a four hour meeting. President David Simons of the union declared all but one of the members had voted for the strike which, he said, grew out of inability of the union and the publishers to agree to a working contract to replace the one which expired September 1. The newspaper owners announced through the publishers' association that the walkout was taken without due notice and was unjustifiable. They announced they

LUMBER MARKET CONTINUES ACTIVE

The lumber market continues to develop activity and strength, says the American Lumberman, Chicago. Construction in most cities and larger communities remains voluminous, and retail yards are busy moving out material and figuring bills on many projects contemplated for this fall. Their stocks have been worked down to a low level, this activity necessitates their frequent entrance into the market for material. Many dealers, convinced of a good fall business and that lumber prices will recede no further, have lately bought for stock purposes, but the majority still hesitate to commit themselves ahead. There are, however, indications that the hand-to-mouth policy is being abandoned and that trade will shortly be transacted with greater freedom.

Country trade has as yet shown no notable expansion, but yards in the agricultural sections regard the outlook as being good for fall trade. Farmers have to a large extent come to realize that this season's yield in wheat prices will have little if any effect on their incomes, in view of the great crops they have harvested and the good prices obtained for other products. There has been very little building or repair work in the agricultural districts of the middle West during the last four or five years. Needs for such have meanwhile accumulated, and many farmers finally decide that they can afford to undertake this work, there is bound to develop a lively trade in building materials at the country yards.

Southern pine mills are now booking orders equalling their production. Stocks in many yard and shed items are being depleted as a result of the recent increase in retail demand. Few mills have shown a 50 per cent of normal supply or anything like a normal assortment, with the result that dealers find it harder to place orders, especially for badly mixed sizes. Prices are strengthening, this week being \$1 to \$2 above those prevailing a fortnight ago. The Japanese disaster is certain to result in a great volume of export business for the West Coast mills, which will absorb a large part of the production of inland as well as tidewater mills. It is still a question just when Japan will begin buying for reconstruction purposes, but until more definite information is received, the Douglas fir mills will sell with utmost caution. Meanwhile they are producing at a high rate, and sales are running as heavy as they seem to care to have them. They are at least making little pressure for new business, and are maintaining prices rigidly. Donations of approximately ten million feet of West Coast lumber for Japan have been announced. The hardwood market remains active, with automobile interests the leading customers, but with most consuming industries buying on a fair scale. Dry hardwood stocks are running very low, and prices are strengthening practically throughout the list.

Three Million Dollar Collapse

As the workmen on the new bridge connecting Schenectady, N. Y., with Scotia and the west were pouring the concrete on the last span, the wooden supports gave way, throwing them to the water below. Many were injured, some fatally, while five are missing.

NEGROES WERE NOT BANNED SAYS MAYOR

Cauffiel 'Advised' Leaving For Their Own Safety.

JOHNSTOWN, Pa., Sept. 20.—While Mayor Joseph Cauffiel insisted yesterday that he had not issued a formal order deporting recently arrived negroes, he declared that he had "advised" them "for their own safety and the good of Johnstown to leave the city," and that "about 2,000 had gone within the last three weeks."

Pennsylvania railroad officials here said the movement of negroes out of the city was not more than usual at this time of year and policemen on duty at Rosedale, one of the negro sections of Johnstown, where three white policemen were killed by a recently arrived negro, placed the number at not more than several hundred.

At the Cambria works of the Bethlehem Steel Corporation, where many negroes are employed, no statement was available other than they had ceased bringing to Johnstown additional negro workmen from the south.

The movement inaugurated by Mayor Cauffiel was brought to public attention through newspaper publications when he was quoted as announcing in a statement that "for their own safety, I am ordering all newly arrived negro citizens to leave town."

The mayor said he had "advised" the Mexicans who came to Johnstown to work, to leave also, for he was afraid they might be mistaken for negroes, should trouble occur. The Mexicans live largely adjacent to the negro districts, which include Rosedale and Minersville, within the city and East Conemaugh and Franklin, suburbs.

When negroes are brought into city police court, Mayor Cauffiel declared he "gives them the limit of the law according to their offenses and then orders them to leave the city when their terms, which vary from a few days to 60 days expire." On an average day, he said, about a half dozen, and one day, immediately after the shooting of the officers at Rosedale, 125 were in court.

atic searches of negroes, who lived here less than seven years for weapons. He also stated that he had forbidden the sale of fire arms and their display in store windows. The police, however, are not being used to compel negroes to leave Johnstown, he asserted.

The mayor stated that he had replied to Governor Pinchot's message asking for an explanation of his action but he refused to make it public, saying "that's up to the governor."

IMPORTANT GATHERING LAST NIGHT

(Continued from page 1)
tee of the Sanford Chamber of Commerce and was the second of a series of meetings which will be held before a definite program of new road construction is adopted. When this has been done the program will in turn be submitted to the county commissioners with the request that a bond election be called for the construction of roads recommended.

At the previous meeting, representatives from the different sections were appointed to secure the sentiment and desires of their section on the subject of additional roads, and the results were presented in writing at Wednesday's meeting. President Higgins, of the Sanford Chamber of Commerce, presided and stated that the reports from the different sections as submitted would be tabulated and improvements would be made on the basis of taxable values of these sections.

The sentiment in these districts is very strong for good roads and the individual programs of these sections represent in the aggregate a very pretentious program for the county.

F. T. Williams, county engineer, will immediately begin the tabulation of the total new road construction desired and another meeting will be called within the near future, when it will be determined the possibility of granting the requests of the different sections of the county.

WASHINGTON, Sept. 20.—Freight traffic on American railroads in July this year was the largest in history for that month with the exception of 1918 and 1920. Statistics prepared by the Bureau of Railway Economics show the movement, measured in net ton miles, was 28,513,283,000. This figure was exceeded in July, 1920, by nearly five per cent and in 1918 by about 2 per cent.

showed increased traffic of 42 per cent. In the Southern districts figures were 30 per cent higher. The average load per car also was the highest for any July since 1917, being 28 1-2 tons.

Loading or revenue freight for the week ending September 8 was 928,858 cars, an increase of 105,611 over the same period in 1922, according to the American Railway Association. The total, however, was less than for the previous week, owing to Labor day and the suspension of work in the anthracite fields.

LAKE MARY

Mr. and Mrs. W. A. Lowe, of Sanford, have moved in one of the Sims houses.

Mr. and Mrs. J. M. Sweeney spent Sunday with Mrs. Evans.

The latest arrival here is a seven and a half pound boy at the home of Mr. and Mrs. R. L. Humphrey. So far the lad has not been named but the mother and father and son are doing nicely.

M. Fanning made a business trip to Palatka Friday.

J. E. Singletary returned Thursday from visiting relatives at Redland, Tampa and other places on the line.

Mr. and Mrs. C. S. Browning have moved in to the new cottage of H. D. Durant.

H. F. Lane of Sanford was a Wednesday morning visitor here.

Dr. Tolar made a professional call here Tuesday night.

The tacky party given at the Durant home on Friday night was well attended and enjoyed by all the young folks.

Those going to Daytona Beach last Sunday were Mr. and Mrs. M. Fanning and Mr. and Mrs. Fennell.

Mr. and Mrs. A. F. Kemp expect to move in to their new house Saturday.

Mr. Sherman Sewell and son Charles, and Mrs. I. L. Jones and daughter Anna, spent Monday at the beach.

A. F. Snow and Clyde Howell returned to their work Monday at Oviedo.

Collection of taxes in Sarasota county this year has exceeded all records. In fact, Tax Collector Eastering has achieved a record almost 100 per cent perfect. Of the total amount of \$220,000 actual cash on the 1922 lists all except \$1,066 has been collected. Ten per cent outstanding would have been fair, and 5 per cent good, but this showing is less than one-half of one per cent.

Purchase of what has been known as the "hotel site," 600 feet of frontage on the north shore of lovely Lake Lotela, at Avon Park, by W. A. Marshall has been announced, the sale being made by William King, representing Price and Gorham, the owners who originally laid out the subdivision fronting this lake some thirty years ago when they reserved this beautiful bluff site, rising high from the water's edge, for a hotel which they proposed to build. Financial troubles overtook them and the hotel was never built. Until recently they had refused every offer for the site, though disposing of the majority of their other holdings here. The transfer involved approximately \$10,000, it is said.

Ahem—things are getting interesting now. Yep, that's the way it looks—when Coach Wilkinson calls the gang out to "secret practice!" Some deadly conspiracy on foot, sez we!

And to our notion the Seminole Athletic Club is going to bear the brunt of it! Don't it look thataway? You know why don't you? Why look here man, don't you know that Sanford High is going to play the S. A. C. next Thursday afternoon in one of the uproarious games of the season?

Well, if you didn't know it I'll tell you! Yes sir next Thursday afternoon on Hood Field (that's the bull-head).

And S. H. S. aren't the only ones who are conspiring little. Just go down to Ninth Street Park some afternoon and watch that S. A. S. crew. It's one of the heaviest and fastest squads in existence—captain maybe some others.

PARSONS SHOULDN'T TAKE ENCORES, CHAPLIN LEARNS

Here are some of the things which Charles Chaplin as "The Pilgrim" learns a minister should not do: Clap his hands after the choir sings a hymn.

Pull out a package of cigarettes in the pulpit. Act as a "spotter" for the gentlemen who take up the collection.

How to the congregation when he finishes his sermon. These are some of the things that "The Pilgrim" does. But then he is not a regular parson—merely an escaped convict whom circumstances have forced to take charge of a church.

The whole embarrassing situation makes him quite unhappy until he meets the sympathetic eye of The Girl.

The Threat

Like a great silver whale the ZR-1 flies over New York City, the first dirigible ever to do that in daylight. But it holds a shark-like threat. On a mission of war such an air cruiser could demolish Gotham's great buildings with a few bombs and kill thousands of the millions who gaped at it on its first visit.

Reds Grasping At Last Straw

CINCINNATI, Sept. 20.—Cincinnati strengthened its hold on second place yesterday by winning both games of a double-header from Philadelphia, 1 to 0 and six to 5. The first game was a brilliant pitching duel between Rixey and Betts, each of whom allowed only five singles.

Score, first game: Philadelphia 000 000 000—0 5 2 Cincinnati 000 100 00x—1 5 0 Betts and Helms; Rixey and Hargrave.

PITTSBURGH, Sept. 20.—Boston won the odd game of the series from Pittsburgh yesterday 5 to 4; by bunching five hits off Adams in the first inning for four runs, Hamilton, who relieved him, held the Braves to three hits the remainder of the game, two of them coming in the third inning when they scored the fifth run.

PHILADELPHIA, Sept. 20.—Detroit and Philadelphia split a double-header yesterday, the visitors taking first 6 to 2 and the locals the second 4 to 3.

CHICAGO, Sept. 20.—Brooklyn and Chicago broke even in a double-header yesterday. The visitors winning the first 5 to 1 and the Cubs winning the second 4 to 3 in ten innings.

Chicago played an uphill game behind Grover Alexander in the second game, tied the count in the ninth inning and won in the 10th.

Score, first game: Brooklyn 002 000 300—5 10 0 Chicago 100 000 000—1 6 1 Vance and Taylor; Kenn, Fussell and O'Farrell.

Score, second game: Brooklyn 020 001 000—3 9 0 Chicago 100 000 001—4 13 1 Ruether and Taylor; Alexander and Hartnett.

"LOVEBOUND," FOX FILM, HIGHLY ENTERTAINING

Entertainment of a high order is provided by "Lovebound," Shirley Mason's most recent production at the Milane theatre today. This William Fox photoplay was written by George Scarborough and directed by the famous director, Henry Otto.

Miss Mason has won for herself the highest admiration of all the motion picture fans of this community, and in this picture she has done nothing to injure or reduce it. On the contrary the dainty Fox star has carried on. If anyone ever doubted her, histrionic powers, their doubts were all dismissed last night when Shirley appeared as the innocent sinner in this latest vehicle.

Albert Roscoe, far famed for his unusual work in the support of many noted actresses on the speaking stage in New York, affords Miss Mason a fine leading man. As the husband, the district attorney, who finds himself compelled through his office to prosecute his young bride, Roscoe gives a very acceptable and convincing performance.

Sanford High 'o Begin Period of Secret Practice

Sanford High School's football candidates will begin a period of secret training Monday afternoon, no one being allowed on the field without Coach Wilkinson's permission.

The reason for this is to keep the boys more intent upon practicing and to keep the field more cleared for practice. Spectators have been disturbing the men by talking, laughing and other things.

Every red-blooded High school boy who has not reported to the Coach before now should report immediately as it is not too late yet. While S. H. S. has quite a large number of candidates out now more are needed in the scrimmages. According to Coach, boys who are waiting until the last minute before coming out to the field have very little chance of making what is considered to be Sanford High's best football squad.

Next Thursday afternoon the first game of the season will be played on Hood Field against the Seminole Athletic Club. Admission of fifty cents will be charged for this game. Quite a number think this is to be a practice game and that it will not be lively enough—but you just come out and see! It is to be one of the hardest fought battles that probably will be played during the whole season.

SAFE ROAD LIGHTING OF THE NEXT DECADE

Cure for Glare Seen in Permanent Road Lights.

"Legislate against the glaring headlight fiend," says the motorist. But legislation doesn't cure the evils of glare, mainly because the law which cuts down the glare so it is "safe" also cuts down the light so much that its use is unsafe.

Comparatively speaking, glareless lights can be, and are made, but their use requires a scientific adjustment of the lens, reflector and lamp, each to each and the whole to the running plane of the car. Such an adjustment does not remain permanent; variations in tire pressure alter it, and jars, jolts and looseness of parts alter the relations of the lamp and reflector.

For the present, better designs of lenses, greater strictness in regulations as to tilt of headlights, and newer and better designs of headlights must be depended upon to minimize, if not to cure the evil. But in the future, the complete cure will come in lighted highways.

A hundred years ago cities were unlighted, or, if lighted at all, were very poorly illuminated. In thousands of small towns today the street lamps are so few and far between that the neighbor pays his evening visit equipped with a lantern. Yet our cities are well lighted; so well lighted that the "glare" trouble of headlights, is easily solved by forbidding, in cities, any but signal headlights.

OVIEDO

W. R. Kimbel has changed his run on the Seaboard Rail Road so that he is able to be at home at night.

Mr. and Mrs. Frank Norris and Woolsey Sturdivant spent Thursday afternoon in Orlando.

Mr. and Mrs. R. R. Wright have returned home after a very pleasant visit to Sarasota and other South Florida points.

Miss Nell Williams and Mrs. W. B. Williams of Sanford were Oviedo visitors Friday afternoon.

Miss Florence Wheeler entertained a few of her friends at a rook party Wednesday evening.

The whole community of Oviedo was grieved last week by the sudden death of Mrs. A. J. Roy at eight o'clock Saturday Sept. 8. Although Mrs. Roy had been a resident of our town for less than two years, having moved here last fall from Minnesota, she had made many friends who will miss her genial companionship.

Mr. H. E. Shropshire of Birmingham, Ala., has been the guest of B. F. Wheeler this week.

Mr. and Mrs. S. A. Merchant and two children of Comer Ga., arrived Thursday for the present are at the Cushing House. Mr. Merchant will be principal of the Oviedo school this year.

A. J. Roy and three children of Armand, Virginia and Margaret, left Sunday by auto for New Bedford Mass. Mr. Roy will leave his children there this winter with his parents and he will return to Florida in a few weeks.

Mrs. A. Macfarlan left Friday for a visit to friends and relatives in South Carolina.

Mrs. J. A. Clark left Friday for Nashville, Tenn., and Nashville, Ark., where she will visit her daughter, Mrs. Hopkins and friends in Memphis enroute from Nashville, Tenn. to Nashville, Ark.

Mr. and Mrs. W. E. Young and Mr. and Mrs. R. R. Wright motored to Montverde Sunday to spend the day with Miss Elizabeth Young who is attending school there.

H. B. McCall, Jr., of Lakeland spent Sunday in Oviedo, the guest of his parents.

Mrs. Julius Gist of Gainesville, Fla., is the guest of her mother, Mrs. W. R. Kimbel.

On Monday evening the young people of the town gave a "shivaree" to Mr. and Mrs. R. R. Wright. The usual things were done and some unusual ones, but all in a spirit of harmless fun, which resulted happily for all.

T. Manly of Georgia is visiting his cousins, Mr. and Mrs. S. Mundy.

Mr. King of the Germain Co., of Jacksonville is spending a few days in Oviedo inspecting cross-ties for his company. While here he is registered at The Cushing House.

Mrs. W. B. Williams, Mrs. O. A. Marshall and Miss Nell Williams of Sanford were visiting friends in Oviedo Wednesday afternoon.

The farmers have begun to set their celery plants and boxes of fertilizer and crate materials are being unloaded daily. The packing houses are also busy getting ready for the fall season which will begin about the middle of October. The Exchange packing house has lately installed a Delco plant which will add greatly to the convenience and comfort of the operators and employees.

H. T. Warren has purchased forty acres of land near Goldin Rod and is building several small houses there which will be occupied by his family and other close friends this winter.

S. T. Marston, who has charge of the A. C. L. Black Hammer Extension, is registered at Hotel Oviedo this week.

Mrs. Alan Macfarlan left last week for a visit to her son in South Carolina.

Mr. and Mrs. Frank Norris (Jolan Macfarlan and Mrs. L. R. Mitchell) spent Wednesday morning in Sanford.

Miss Lucile Pope of Sanford is spending several days with Miss Lucile Farn in this week.

Carl M. Farnell of Sanford is spending the week with his mother, Mrs. A. P. Farnell.

John L. Wnter, master mechanic of the Florida Division of the Seaboard Air Line Railway, was attending to company interests in Oviedo Tuesday.

V. Slay has purchased a new Ford car.

MYSTERY TO BE REVEALED OF NAVAL COMPASS

INSTRUMENT MAY PLACE THE BLAME WHERE IT BELONGS.

SAN DIEGO, Calif., Sept. 20.—In the maze of technical testimony presented at Tuesday's session of the naval court of inquiry investigating the wreck of seven destroyers off Point Honda, September 8, a radio compass on Point Arguello; not far from the scene of the crash again played the pivotal role.

This time the needle of the compass seemed to point toward a logical explanation of the disaster, and according to officers prosecuting the investigation, toward the person or persons on whom responsibility for the tragedy may be fixed.

Practically all of the testimony concerned radio operations and most of it centered on signals sent by the Radio Compass Station at Point Arguello to the flagship of the ill-fated destroyer squadron.

Delay in Getting Radio. According to the testimony of radio men from the flagship, there was considerable delay in obtaining these wireless direction signals by which the squadron regulated its course and also considerable doubt as to the accuracy of some of them.

This doubt developed great significance as the hearing wore on, the most illuminating fact brought out being that a navigator south of Point Arguello entering Santa Barbara channel probably would receive compass bearing exactly the reverse of those he might expect while approaching the point from the north.

What the court of inquiry expressed itself, through Rear Admiral W. W. Pratt, presiding, as particularly anxious to learn, was how it came about that Point Arguello signals which repeatedly indicated that the destroyers were still north of the point, were questioned several times and finally discarded in favor of what witnesses termed the "reciprocal bearing, or one showing the squadron already south of the point.

Sharp Turn to East. It was a sharp turn to the east, such as would have been necessary had the squadron been south of the point, which carried the vessels squarely onto the rocks several miles north of the Point Arguello Radio Compass Station.

To determine whether the radio station at Point Arguello had in fact repeatedly informed the destroyer squadron that it was still north of the point, a certified copy of the station's log for the hours between noon and midnight on Sept. 8, showing each compass bearing sent out to ships at sea during that time, was offered in evidence through Lieutenant Commander John M. Ashley, communications superintendent for the Eleventh Naval District, who testified that it had been prepared from the original log at Point Arguello.

MAYOR CAUFFIEL IS LOSING OUT FOR REELECTION

(By The Associated Press)
JOHNSTOWN, Pa., Sept. 20.—Mayor Joseph Cauffiel, the central figure in the controversy over his directing all negroes residing in this city for less than seven years to leave town was eliminated as a candidate for re-election, returns from yesterday's primary indicated. In a field of seven candidates he was running fifth. Mayor Cauffiel issued the order after three city policemen had been killed in a fight with an alleged drunk crazed negro.

Jersey for Underthings

Now silk Jersey in tubular form and delightful colors may be bought by the woman who likes to make her own underthings. The braasers sketched is designed to accompany low-waisted frocks. It is worn usually with bloomers. The pocket can carry a powder puff or money.

Smart Jabot Drapes

The new jabots fall from the shoulder instead of directly in front. Pleated jabots are used on the tailored blouse with the yoke and dropped arm holes. The little afternoon frock uses two jabots instead of one. The shoulder drapery on the other frock is cut in one with the dress.

WM. T. COSGRAVE IS RE-ELECTED PRESIDENT DAIL

(By The Associated Press)
DUBLIN, Sept. 20.—William T. Cosgrave was re-elected president of the Dail upon the convening of that body today. This is his first appearance since the recent elections. None of the Republicans who were elected to seats in the Dail had appeared when the proceedings began. Prof. Michael Hayes was re-elected speaker. A group of women staged a demonstration in a nearby town demanding the release of the republicans held prisoners by the Free State.
