BIBLE FLAR TODAY

DNLY BY MEANS OF MIL-FONS OF MEN VHO OBEY

The war must really be over. Key West officials have ordered gambling establishments down there to close at once.

The Russians are not too wel pleased with Truman's atomic bomb policy. They probably think he should make them a present of it and show they how to shoot

We suppose it is a technical still, it is worth while to remem-ber that if there is any value in unified command, we should have had it at the time of Pearl Harbor in our commander-in-chief, Presi-dent Roosevelt.

slatence from this country, British labor brings in a demand for a 40 hour week. If they are as broke as they say are, it's going to take more work than that to pet them out of the red and make that loan any good.

The Tampa Tribune, whose venerable editor. Ed Lambright, now past 70, is still going strong, is, shocked and horrified at the suggestion that the government compel everyone over 60 to retire on a pension. "The idea is too preposterous for serious consideration", says the Tribune. The trouble with this country is that too many people would like to retire at about 25 or 30,

The Florida State Advertising Committee has decided to launch a nationwide promotion campaign in January with advertisements in more than 40 metropolitan newspapers emphasizing Florida's tourlass attractions and its agricultural possibilities. In view of the current housing shortage, one might be pardoned for wondering, however, where we-are going to put any more people if they come.

overnor Caldwell has stirred unifornet's nest with his criticism the University's football team with his suggestion that it aid either play football or quitte is a feeling among many and that this may help to get idds a better football teem and that will bring more glory to state, but there are some who to think that a better team it develop naturally as the quita taking good players the service.

Five Grains Of Corn

A Thanksgiving custom occasionally observed is to start the meal with the table bare except for a plate con-Entered as second class matter taining five grains of popcorn for each person present. They grober 27, 1919, at the Post office are doled out and eaten immediately after the blessing is asked. The feast follows. This recalls the five grains of corn to which the Pilgrims are said to have been reduced

before their ship of plenty came in. It's a good custom.

Americans sit down to turkeys dripping with fat juices, vegetables with butter and cream sauces, white bread and butter, frait jellies, dessert, coffee with sugar or honey 2.25 and cream. But all over the world people are still starving. All obliners notices, earlie of food, miserable and unhappy people by the thousand roam over Europe and the Far East.

What can be done? For one thing, Americans can make it plain to their Concerning

Inland Newspaper Representatives.

on earth, it must not act as one who, "clothed in a tittle brief authority, doth use it like a tyrant", but with the quiet and secure strength, understanding and gentleness of an Elder Bro; her in the Brotherhood of Man.

Training For Youth

It is reassuring to learn, from a recent poll, that 70 nto per cent of American voters are in favor of a one-year peacetime period of military training for all eligible Amerians After the experience of these recent wars, and first-..... Land observation from many million Americans of what is teo ired for national safety, few are likely to quarrel with principle involved.

A time may come, as men and women hope and oray, hen chastened nations will know war no more, and all The DeLand Sun News. hen chastened hattons will know wat in the ting that "You can't beat can sit in peace, under their own fig and apple trees, but the that in Florida "You such blessings are still distant And it is realized, far better than formerly, that a reasonable term of military service can't beat Holland". under leaders void of "militarism" can be of much benefit to young men in general.

Indeed, a time many come when, without need of general military defense, similar training may be carried on for the physical and mental benefit of eligible youth rather than for armed defense of their country.

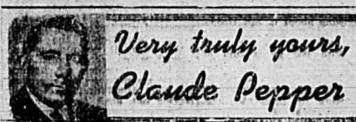

Young America

An interesting sidelight on the housing situation We see where Elliott Roosevelt comes from a study of the age of existing residences in swriting a book called "What's 200 American cities. The analysis shows that about 25 wrong With the Press?" which per cent are more than 50 years old: 29 per cent have stood leaves it wide open, it seems to per cent are more than 50 years old; 29 per cent have stood us. for a few editorials on from 30 to 50 years; about 23 per cent were built 20 to 30 years ago; and about 23 per cent were built 20 to are less than 20 years old.

are cheered when they ride through the streets in an open automobile, and how they're boosed when they suggest that we may be demobilizing our Army and Navy too rapidly for our own safety.

Looked at sectionally the report disclosed that the Californian-southwest area has less than 10 per cent of its I houses older than 50 years.

Europeans with their stone cottages that have housed generations will view these figures with wonderment. Indeed these findings are testimony to the really tender age! of the United States.

It is interesting to note that while Britain pleads poverty, bankruptey, destitution and what not in its appeals for figure is a cent of the people of Rumania are an General about the whole points. cause our Government has not recognized the present Government of Rumania. We take the position that the Government is not in accordance with the agreement at Yalta. On the afternoon of the

cent of the people of Rumania are an General about the whole point cent of the people of Rumania are farmers—they call them peasants. Rumania and Bulgaria, as you know, are occupied by the Russian Army under the Armistice with Rumania. The British and we, however, have members on the Allied Control Commission but the Chairman is the Commanding Russian General Lt. General Susikov. In addition to talking to the head of each of the 4 main Rumanian political parties I talked to some of the most oustanding Non-Partisan statesmen of Rumania. I was not able to talk to the King, or the Rumanian Government because our Government has not re-

Truck Owners Seminale County Sanford

Thanksgiving time, we of Holler Motor Sales believe, is an appropriate occasion to express our very sincere appreciation for the loyal friendship of the motor car and truck owners of Sanford and Seminole county.

You-and that means owners of ALL makes of cars and truckshave been most generous in the patronage you have given to this organization, helping us to maintain our reputation as "Quality Service Headquarters".

You have come to us in steadily increasing numbers for service on your cars and trucks, being sure you could get HIGH CALIBER WORK AND FAIR PRICES. You have told your friends about us as evidence of your satisfaction and good will. We have added add'tional expert mechanics to assure you of promptness and efficiency. You have made us "first in service" in the community.

Again, thanks for your patronage and friendship, In return we of Holler Motor Sales renew our pledge to serve you promptly, efficiently and economically. That's the way we will show you our appreciation in deeds.

DETROIT—When will new cars be available in volume at dealers new that ceiling prices have been

released?

. Well, that's a question that the automotive industry finds hard to answer. Associated Press Altomotive Editor David J. Wilkie has just completed an inquiry in an effect to first it. Here's what he's torned up:

There is an accomulated de-mand for unward of 12,000,000 new cars. In the little roors bent the three and one-half months since reconversion started, the auto industry has produced about 45,000 units. They now are finding the going more difficult as the supply of paris and sub-assembles runs out in many facsembles runs out in many fac-Of the total espemblish to determine Ford has produced some 16,000 and General Motor's Chevrolet

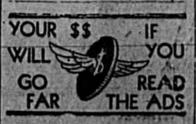

Division about 15,000. Two other G-M Divisions—Oldsmobile and Pontiac—also have achieved fair volume. But the remainder of the industry has not reached anti-cipated production levels.

Work steppages in Allied in-dustries have accounted for most of the critical shortage of parts. As a result, the industry now expects it will produce no more than 240,000 units by the end of the years. Production of 500,000 new cars by Dec 31 had been anticipated originally.

As a result of strike threats hanging over the industry, it and pears increasingly uncertain the ther Detroit's automobile plants will meet their projected volume of 502,000 cars per month by midsummer.

BROUGHT FROM JAPAN, where he BROUGHT FROM JAPAN, where ne was captured by our invading forces, the notorious "Butcher of Warsaw", Nazi Col. Josef Albert Meisinger, is pictured entering the coop at Hamilton Field, Calif., as he prrived under guard on his way to Washington. (International)

For one thing, the Telephone Company plans the greatest expansion program in its history in Florida — almed at meeting the telephone needs of a great state.

It means providing telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to

handle more calls with speed and convenience for you, and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the

Those are the high spots. They have been dear on the drawing board. They will become realities as materials become ob-

JULIAN STENSTROM

Governor Caldwell knocked the top off a pot of boiling stew the other day when he complained that Florida had lost prestige because of the failure of the University's Gators to show either the ability to win or to fight.

Before we make any bright comment from this corner.

Before we make any bright comment from this corner, we did a little investigating. Here's what we found out. Hugh Whelchel, who was a foutball star back in the oldays when broken legs and hashed skulls were as frequent as California reludrops, says that Florida will have to produce a team that will be at least 25 percent petter. be at least 25 percent better than any rival simply because of the climatical conditions under which the Gators team and play. And that isn't all! Hugh says Florida has got to have at least three teams, one as good as the other, to alternate on the field.

Hugh believes the Gators have it tougher than other schools because they train all week long under a holling afternoon sun and the usually play under a hot Saturday sun or on a bot night. Hugh is probably right too when he says they lose a lot of energy he says they lose a lot of energy We don't say Rollins can put during the practice sessions and out a powerhouse every year but Brazil is the found by the time Saturday rolls around folks the Tars played the brand country in the world.

L car that stops with artful face-lifting.

We went over to see Brack Perkins, Jr. Brack seems to think that Fortus just in on the right road to football on the right road to tootoatt success. Brack says that the State Board of Control has got to allot more money, for the school's program, He says Florida has got to have bet-ter players and if it is a matter of subsidizing, Brack's ail for it.

Billy Thigpen came up with the point that he'd seen Florida play only once this season but they showed up pretty well. He thinks that by 1947 the present eleven which is well spotted with frosh and sophomores will come close to giving the Gator followers a winning aquad.

Now here's our own opinion. We haven't seen Florida since they slopped away a 6 to 0 decision to Villinova back in '41. We've followed the this torn pretty closely since 1936 and we still believe the trouble is they don't have the right type of coaching. Now we realize that's a rash statement and a lot of Florida students will be willing to fight over it but we wonder just how many of these boys who have their sleeves al-ready rolled up have ever seen Jack McDowell's Rollins Tars football. Well boys if you haven't, you've missed something!

of football that just caught the eye. And did those Orlando folks gu for it? You bet they do. Now acho gets the credit at Rolling? Take anybody you like but Jack McDowell's the man in our book. That's why we believe coaching at Florida is the biggest trouble with the Gators.

We agree with Hugh that the climatical conditions un-der which Florida trains are tough and we further agree with Brack Perkina that the State Board of Control and its appropriate more dough for the Gators. Then we believe we'll see Billy Thigpen's pre-diction that the 1947 Gators will be a winner amount to something.

One more thing we'd like to mention is if you've never seen a Rollins team play, just take a gamler at this year's Otlery Feds and you'll see what one of Jack McDowell's students, Gone Ketties, can do with the double-wing system of play. It is the toughest system for high school players to use. Save the Feds, the only high school team in Florida that has ever used it successfully has been Miami High's Stingarees

Take it or leave it, we say gave the Gators a bead co-ch like Jack McDowell and within two or three scarons you'll see Florida playing Southern Cal. in the greatest Rose Bold fight you ever saw.

Placed In Mails

ORLANDO, Nov. 23, (A)— Two-year-old Bonnie Stewart of Orlando awaits a critical heart operation at Johns Hopkins Hospital—the operation may save the child's life.

Bonnie's father died on Iwo Jima—and her mother was stanbed fatally about a year ago in a still — unsolved slaying.

Professor of surgery at Hopkins—Dr. Alfred Blaicek—has said the girl is suffering from a valvular heart condition which prevents sufficient blood from going to her lungs, for oxygenation. Dr.—Blaicek says the operation will be performed within the next several weeks.

Hull, who was Secretary of State during those crucial days, declared that he and the late President Roosevelt never handed Japan an ultimatum. Instead he testified he and Roosevelt were maying a desperate gamble for time. to prepare our own defenses and time for the British to steel themselves against a possible Jap at-tack in the Far East.

Hull asserted that he had re-pentedly warned the Cabinet be-fore Dec. 7, 1941 that Japan could be expected to attack as he put it anywhere, anytime. The dip-lomatic talks had bogged down, he said, and only if the United German High Command — Field States had fielded on fundamental principles would the Pearl Harbor assault have been prevented. But Hull explained that he made in the presentation of war calculated assault have been prevented. But

Hitler's inner cabinet.

The motion by Keltel's defense the information Washington had counsel to attike out the evidence been able to gather indicated that

In another disclosure, Hall told Printe Minister Churchill agreed to take so-called parallel action in notifying Japan that if she continued her aggression the United State and Britain would be forced of most weer play.

That was the accord reached when the two leaders held their Atlantic conference
