European Showdown

(Continued from Page One) go before the bar of world opinion. The United States aid the foundation for an appeal to the U. N. in a vigorous protest to the Soviet commander in Hungary, charging "flagrant defiance" in Hungarian internal affairs and demanding a joint inquiry by Britain, the United States and the Soviet Union.

Some State Department officials saw the issue as much broader than a Balkan one. They expressed the opinion that it might be raised also in Greece, Italy, France, Germany and wherever else the western powers conflict with Communism.

In Vienna the Russians in the four-power Austrian Treaty Commission rejected all proposals to broaden the scope of the commission's discussions. U. S. Delegate Joseph M. Dodge accused the Soviet delegation of demanding veto powers over the agency.

In London, General Nicolai Radescu, former premier of Romania, said that "the case of Hungary is an example of what happens in Romania and an example of what Soviet Russia is trying to do to the world."

He said that the "answer to the latest challenge in Hungary should be continued recognition of the cabinet of ousted Hungarian Premier Ferenc Nagy as the only legal government of Hungary."

The same consideration should be given to the Romanian legal government prior to the Soviets' full spread of influence that the King was forced to accept "in respect as much as possible the Romanian people," he added.

\$19,000 Is Lost, Found Returned To Owner

CINCINNATI, June 12. (AP)—A brown overnight bag containing \$19,000 in bills found in the greater Cincinnati Airport restaurant Tuesday night belongs to Nat Welner, 45-year-old manager of a Miami, Fla., hotel, who must make a return trip to the Queen City to claim the money—his life savings.

Contacted in Miami last night, Welner said he brought the money to Cincinnati in anticipation of a business deal and left the bag in the restaurant as he and his wife rushed out to board a Delta Airliner ready to take off for Atlanta.

The bag was found by Betty Baker, a waitress, who gave it to restaurant Manager Martin W. Hess, who said he turned it over to the Federal Bureau of Investigation here.

Meat Prices Rise

(Continued from Page One) an extra 350,000 tons from the world sugar bowl; 2. Cuba has a sugar surplus which is expected to ease demands from other parts of the world, and 3. Some 200,000 tons of Javanese sugar will be offered to world users immediately.

House Republican Leader Hallock of Indiana saw Anderson's action as a vindication of the position taken by Republicans. "We Republicans have been consistently working to eliminate unnecessary controls," Hallock said in a statement. "I am happy to see that Secretary Anderson recognized the wisdom of our proposed action."

The only remaining major control affecting individuals is that holding down rents. Congress probably will pass a bill this week continuing modified rent controls for at least another six months. However, the same measure is expected to erase all restrictions over construction and building materials.

Shares for the Chicago Cubs, losers in the World Series of 1945, were higher than those of the St. Louis Cardinals, who captured the Series in 1946.

Didrikson Wins

Their afternoon cards: Women's Par Out 455 354 443-37 Mrs. Zaharias Out 435 354; 543-36 Miss Gordon Out 558 365 547-42

No shrinking violet, the Babe wants to be remembered as the stand-out woman athlete of all time.

"This is the only major women's golf title I have left to win," she remarked in her deep voice as she departed from the Queen Elizabeth for the British championship.

British golf fans were bug-eyed at her driving feat, and a beated first round foe, retired unnoticed to the clubhouse while the Babe gave a trick-shot exhibition in finishing her round Monday.

"It seems cruel to send our girls out against a game like that," one observer said. "When they asked her how she did it, the Babe grinned and said, 'Why, I just loosen my girlie and let the ball have it.'"

TVA Is Accused

(Continued from Page One) other fertilizer ingredients." Plosser: "Of course, you are assuming a lot there; you have no proof; you have not done it. You have not given yourself a chance to find out. You took your cooperatives."

It is not my admission, Mr. Clap, that you deal exclusively with private dealers. It is my admission that it is the duty of government to recognize all of those entities in the enterprise system and not set itself up as the selector of one entity, which pays none of the freight of government."

Rep. Whitten (D-Miss.) commented that few private dealers would be interested in handling TVA fertilizer at the small markup at which cooperatives distribute it.

Jensen: "TVA is an empire within an empire, the likes of which I want no more in America... because if all our river valleys were placed under the same sort of control by a few men, as is the case with the TVA, it would not be long before a few men would have control of all the water and the power resources in America and then those few men could and no doubt would soon control America."

Cardinal Spellman Denounces Bigotry

NEW YORK, June 12. (AP)—Francis Cardinal Spellman, archbishop of the Diocese of New York, says that "bigotry once again is eating its way into the vital organs of the greatest nation on the face of the earth—our own beloved America."

Speaking last night at Fordham University commencement exercises, the Cardinal quoted from Protestant and secular publications which criticized the Supreme Court's 5 to 4 decision of Feb. 10 that held in a New Jersey case that public, private and parochial school children may ride in tax-supported school buses.

"Many persons assumed that heat generated by the big case decision would produce in the end the light of tolerance and understanding, but the whole controversy would be forgotten," Spellman said. "I'm happily the contrary seems to be the case."

He said the attack was directed at the growth and expansion of Catholic education which is claimed to be a constant threat to the supremacy of public education in the United States."

LONDON, June 12. (AP)—The invisible door leading to a royal aristocracy was opened today with the award of a knighthood to Actor Laurence Olivier in King George's birthday honors list.

Until now the title "Sir" has been bestowed rarely on men who have been through the divorce courts. And almost never when a distinguished man and his wife both have been divorced, as in the case with Olivier and his present wife, Actress Vivien Leigh.

There have been repeated protests from influential admirers of Olivier when the 40-year-old actor was passed over in favor of less well-known theatrical personages. Only last New Year's Olivier was missing from the King's honors list, while his second-in-command at the Old Vic Theater company, Ralph Richardson, was knighted.

BIBLE VERSES FOR TODAY

BUT NOW WE KNOW THAT WE NEVER DIE AT ALL, ONLY CHANGE AS A GRUB CHANGES TO A BUTTERFLY: If a man die shall he live again, All the days of my appointed time will I wait, til my change comes.—Job 14:14.

One way you can tell about whether President Truman is planning to run again next year is to see whether he vetoes the tax reduction bill.

Jesse Jones Has No Fear of Depression—headline. We wouldn't either if we were sitting down behind ten million dollars worth of government bonds the way he is.

Reports from Washington indicate that fully half of the President's advisers are urging him to sign the Labor bill. Well if half the Democrats and all the Republicans want him to sign it, that's a lot of people.

What can be done when law-abiding and resolute citizens are quickly illustrated in Hurricane, Ala. the other day when four men including the mayor rescued a negro from a mob bent upon lynching him. It is only a very small minority in the South which ever participates in lynchings, or would if the occasion arose. But the trouble is that the great majority, which does not approve of lynching, does not like to run the risks involved in preventing lynchings. Nevertheless, quick action by a few decent citizens, and particularly public officials charged with maintaining law and order, can prevent lynchings.

Those who believe that Socialism is the complete answer to all our labor problems should consider the state of France. There 700,000 railroad men on the completely socialized French railways are striking for higher wages, just as if the railroads were owned by bloody capitalists instead of by the government of the people, and they have brought about a complete paralysis of the entire French economy. The trouble about socialism is that it won't work, and you get either Communism as you did in Russia, and more recently in Hungary, or you get fascism as you did in Italy, Germany, Spain and more recently in Argentina. But in either event you get a dictatorship which eliminates the rights and privileges of the common man.

Newspaper headlines these days might lead one to believe that the next gale that sweeps from east to west will bring to our ears the sound of resounding arms, or something like that, but we do not think so. The Russians know perfectly well that if they get mixed up in a war with the United States at the present time, they would be completely annihilated. This wouldn't be enough of Russia left after a year or two to bury their dead. They are not going to start a war with this country until they have more reason to believe than they have at present that they could win it. But if that time ever comes, they will do what the Japs did at Pearl Harbor, only they will do it at New York, Washington, Boston, Philadelphia and San Francisco all at the same time.

More Horrors

Glen L. Martin, the Baltimore airplane builder, produced a new wonder the other day, in the form of a radio-active cloud which can be released at a great height without the explosion of an atomic bomb. The inventor says it would be of great military value. All this sort of thing is interesting, and apparently necessary at our present state of what we call civilization. We must be ready to destroy real or potential enemies, lest they destroy us and all our works.

It seems like a travesty on our civilization. We have but lately finished the greatest of all wars, and thought we might have peaceful progress and the general decencies of life for at least a few years. Yet we once more seem to be at the mercy of forces beyond our control, operating not only on a national but even a supernatural scale.

When shall this great, beautiful and useful world be allowed to fulfill its destiny and the glories, wonders and comforts for which it seems to have been created? When, if ever, shall our race of men be fully developed?

Appreciation

Someone has said that anyone devoted to the cause of humanity is bound, sooner or later, to be crushed and broken-hearted by the ingratitude of man. It's mighty fine now and then to hear about exceptions to this dire viewpoint. One such occurred recently in St. Charles, Ill., where an 84-year-old Swedish-born retired carpenter was given by his fellow-townsmen a round trip ticket to Stockholm and \$1,700 in cash.

All his life he had followed the principle of performing one good deed a day. Some of these acts were small and as he thought, unnoticed. Others were on a big scale like the ham dinner he gave every year to the local troop of 250 Boy Scouts, whose counselor he is. His neighbors had been watching him through the years and when he said, one day that he would like to see his 86-year-old sister in Sweden, they collected a fund to make the visit possible.

Stories like this are important; heartening chronicles of a mankind too often seen as uncivilized even yet.

Light In Jacksonville

Jacksonville's municipally-owned electric and power system had a "citywide breakdown," according to the Jacksonville Journal, a few nights ago. The Journal said the breakdown "showed again in what dangerous straits we are. It left us without traffic signals in the rush hours and without cooking current or water supply at dinner time. The folks at the beaches didn't get their lights back until 9:30 p. m."

The Journal calls it an "outgrown system." The people of Jacksonville have voted to borrow \$15,000,000 to make necessary replacements. "But," complains the Journal, "it will be nearly three years before all of the equipment can be delivered and installed."

The Journal also complains about the plant management, which could have prevented the citywide stoppage, but didn't. A competent engineer-manager is urgently needed.

The Jacksonville plant has been played up as a shining example of the beauties of municipal ownership. As described by the Journal it's neither shining nor beautiful.

Miss Whitaker Weds Donald H. Myers

The marriage of Joyce Marjorie Whitaker to Donald Hayward Myers was solemnized at 8:00 o'clock on Friday evening at the First Baptist Church in Sanford with Rev. W. P. Brooks, Jr. performing the double ring ceremony.

The bride was dressed in a white gown with a fitted bodice and full skirt which extended into a short train trimmed with Chantilly lace. Her finger tip veil of sheer illusion and the lake fell from a tiara of seed pearls and she carried a bouquet of bride's roses and carnations with streamers of white satin to which were fastened sprays of orange blossoms. A string of pearls, a gift of the groom, was the bride's only jewelry.

Betty Jane Benton, the maid of honor, wore a blue dress with pink and white sashes. The bridesmaids wore a dress of white tulle and carried a basket of red rose petals.

Edward Burton of Crescent City served as best man for the groom and ushers were Robert Unker of Deland, cousin of the groom, and Ernest Whitaker, brother of the bride.

The bride's mother wore a gown of blue printed silk and a corsage of pink carnations and rose buds. Mrs. Myers, mother of the groom, wore a corsage of carnations and gardenias.

A reception was held following the wedding at the home of the groom's parents. The rooms were decorated with white gladioluses and asters. The bride's table was overlaid with a lace cloth and centered with a tiered wedding cake. Punch was served by the hostesses.

Out-of-town guests were Mr. and Mrs. Paul Unker and sons Robert and Ralph, Mr. and Mrs. Henry Myers and daughters, Marilyn and Martha of Deland, Mr. and Mrs. J. C. Fryer and Mr. and Mrs. W. A. Oglesby of Flagler Beach, C. J. Myers and Edward Burton of Crescent City.

After a short wedding trip to points of interest in state the couple will be at home to their friends in Sanford.

Alma Grantham To Wed Henry Smoak

Mr. and Mrs. V. H. Grantham announced today the engagement of their daughter, Alma Florine, to Henry Elton Smoak, Jr., son of Mr. and Mrs. H. E. Smoak of Haines City. The wedding will be an event of June 21 at the DeLand Christian Church with Rev. Roy Respass officiating.

Miss Grantham is a graduate of Seminole High School and graduated from Stetson University with her master's degree in music on June 2. She was the accompanist for the Glee Club at Stetson, is listed in Who's Who in American Universities and belonged to the Scroll and Key, Alpha Zeta Delta, Phi Beta music fraternity and was a freshman advisor.

Mr. Smoak is a graduate of Haines City High School following which he entered training with the Navy and took his premedical training under the V-12 course at Emory Institute where he was a member of Phi Kappa Alpha and served on the student council. He is at present a student of the Alabama Medical College and is president of Phi Chi medical fraternity.

Following the wedding trip the couple plans to make their home in Birmingham where Mr. Smoak will continue his medical education.

TEEN-TALK

Dear Lucy,
Shades of John Silver!!! What will teenagers think of next? Their newest and dizzier fad is copied from the ancient pirate custom of piercing an ear.

Dorothy Cahill, of Arcadia, Calif., writes that it all started when her brother came home from the "Navy" with a pierced ear from which dangled a gold anchor.

It seems Dorothy and her 18-year-old friend decided that they would pierce their left ears and wear a gold heart in them "sort of as a symbol of going steady."

Now the fad is catching on like wildfire, says Dottie, and teenage boys are piercing their ears and wearing tiny stones, gold hoops or charms—or anything "appropriate to themselves."

To show off their new fad better, the girls keep their hair pinned back from the ear.

The boys who wear earrings claim that nobody "gives them a second glance."

The kids here have given the brooch (brass) to the piercer's idea. As one of the kids says: "It's awful, tough, trying to be

Hollywood

HOLLYWOOD, June 12 (AP)—Jeffrey Lynn has ended his 10-year deal at Warner Brothers and is out on his own. The capable actor, remembered for the "Four Daughters" series and other good roles, returned from five years in the service to discover that his position at the studio had changed in his absence. He was given only one role, as a huncher doctor, and then his contract was cancelled by mutual agreement.

Jeffrey is now free-lancing, and doing very well. He is playing a desperado in "Adventures of Black Bart" U-I and is considering the other offers.

Ida Lupino has postponed her independent production for three or four months so the story can be whittled into shape. So she's available for an outside picture.

James Cagney, with, along a picture of a clown in "Perceps" (that's the name implies) and "Sage" he won't believe the picture is finished until it's in the theaters for six months.

Bissen To Face DeLand Tonight

BASEBALL TONIGHT

MUNICIPAL PARK 8:15 P. M.

DELAND VS. SANFORD

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.
BILL STEINECKE
This whole Steinecke stew has been brewing for quite some time and his announcement to leave the DeLand ball club really comes as no surprise to those who have

talked to Bill recently. The first announcement that the bidding skipper would be leaving the Red Hats came from Beany Kahn in the Daytona Beach News Journal last Monday morning when he stated, "Things are so tough these days in DeLand that Steinecke may be out as the Red Hats' pilot before the week is out." This announcement came the morning after the cellar dwelling Islets tripped the University City aggregation by a 9 to 8 margin. Monday night the Islets handed out a 14 to 11 decision over the

Game With Azaleas Washed Away In Third Inning With Feds Leading 3 To 1

by ARTHUR BECKWITH, Herald Sports Editor
The Sanford Cglyery Feds will entertain the managerless DeLand Red Hats at the Municipal Park in a single contest that is slated to get under way at 8:15 o'clock. Manager Don Murray announced that Charlie Bissen will be assigned to mound duties for the contest with the University City team.

The Feds invade Conral Park in DeLand for a return engagement tomorrow night and will entertain the Daytona Beach Islanders here Saturday night. Jupiter. Pluvius opened the valves during the third canto of the game between the Sanford Cglyery Feds and the Palatka Azaleas at the Municipal Park last night in which the local were leading by a score of 3 to 1 to wash away the tilt. The visitors opened hostilities in the opening frame when Weatherers singled and went home on a fly ball triple by right fielder Pirtle. On the play Pirtle hit a scolding drive over short stop Johnny McManus' head. When McManus leaped for the ball, his glove slipped off his hand, and pipped the ball. Umpire Weston immediately sent Pirtle to third base and Weatherers to home because rules state that when any player throws his glove at a batted ball and hits the ball, the batter is given credit for a three base hit and all runners on the base paths are if they touch the bases in their proper order.

Charlie Bissen, working on the hill for the locals pitched hitless ball for the remainder of the contest. Sanford found the offerings of Edwards pleasing from the opening gun. McManus walked to open the bottom of the first inning. Dave Bride singled to center field and Manager Don Murray poked a two ply puke into right field, sending McManus across the platter. Buddy Lake, playing third base against Palatka, drove a long fly to right which was taken by Pirtle, but Bride scored on the tag-up and Murray moved to third. Jerry Silverman singled into short right field to send Murray home with the final marker of the frame.

In the third inning McManus was resting on second and Bride on first when the rain came and washed away a would be Fed victory.

Elsewhere in the Florida State League none of the contests were rained out.

The DeLand Red Hats snapped their ninth game losing streak to nip the league leading St. Augustine Saints in a 5 to 2 tilt with Hal Stewart, former Cglyery Food gaining credit for the victory. Belbeck Leper, the left handed fireball artist from Gainesville, was too much for the Orlando Senators as the 18 year old south-paw registered his fourth straight State League victory on a three hit performance by a 10 to 2 margin.

The fast moving Leeper, Pirtle, and shut out the cellar dwelling Daytona Beach Islets by a 6 to 0 margin in a contest that could be considered a brawl from the opening to the final gun at the last of the fifth when the contest was called because of rain. Umpire Belbeck sent Tommy West to the showers in the fourth frame after protesting the ball and strike decisions of Belbeck.

sageing Red Hats, and at the end of the tilt Steinecke announced his decision to quit to the Jacksonville Times-Union. He was quoted as saying, "I cannot get any help for the team and since Chuck Alvin left, I've decided to quit and take a vacation in North Carolina." If Steinecke does stick by his guns, there will be more behind the deal than will ever leak out. Steinecke told the writer during the Red Hats' last appearance at the Municipal Park that he was a tired man. Maybe that has something to do with the matter. It has been reported that the former Major Leaguer has been having trouble with the front office of the DeLand Red Hats. It was reported that at least one man was released from the hat roster. Steinecke knew nothing of the release.

We hate to see Bill leave the Red Hats. He is a good manager. No one can deny that. We do not mean to say that we approve of some of his rowdy tactics, but his ability to manage a club and his jovial attitude is admired by any one who has ever known the Red Hats skipper. If Steinecke does make his decree final, the Florida State League will have lost one of its most colorful characters and one of the outstanding players of the year. Let's hope that Bill sticks it out.

Billy Kinard Slated To Box On June 29

Billy Kinard, Sanford middleweight, has signed to meet Jimmy Savage of Orlando in the Legion Arena as the main event on the flat-fight ticket on June 23. Several other bouts have been arranged for the program which is slated to help promote boxing in boxing in the Central Florida area.

U.N. Deadlock Is Denounced By Australia

Big Five Accused Of Being Unable To Agree On Arms Or Trieste Restrictor Governor

Paris, June 13 (AP)—The French National Assembly re-affirmed the treaty of peace with Italy tonight without a dissenting vote.

LAKE SUCCESS, June 13 (AP)—Russia charged today that the American-controlled Japanese government was "closing its eyes to fascist activities" and that the "old Japanese military clique" was in power. The charge was made by Soviet Delegate Vladimir Koretsky at a session of the drafting committee of the U. N. Commission on Human Rights. Koretsky said the Soviet press was particularly interested in how democracy was working in Japan because the Japanese constitution as now drafted was along the lines of the American Constitution. He said the "old Japanese military clique" was arresting political leaders and demonstrators. This military group, he declared, were "wearing in sheep's clothing."

LAKE SUCCESS, June 13 (AP)—Col. W. R. Hodgson of Australia led a small nation attack today against a big power failure to break a 60-day deadlock between the United States and Russia on a basic working plan for a world disarmament.

He told the United Nations Commission on Conventional Armaments that the major powers had only delayed the group's work when they were given problems or "suits" among themselves.

While criticizing the "Big Five" inability to agree on how to take arms limitation, Hodgson also open criticism to its failure to agree on a governor for the internationalized city of Trieste.

"We are back where we started from in this commission," the Australian said, "in a surprising but not surprising way. It has a great power submitting a proposal and another major power submitting a counter plan. You (Continued on Page Eight)

Only 2,922 Tests Made In County By TB Xray Unit

...x-ray tests totaling 2,922 have been made in Seminola County by the State Board of Health Mobile Unit 15 in an effort to screen out possible cases of tuberculosis. Dr. Frank Killman, director of the Seminola County Health Unit, today termed this number as "disappointing and not nearly as many as should have taken place. The number of tests, out of the County's more than 10,000 persons of 15 years of age or older.

Thursday was the last day for taking x-rays at this time though the Board of Health said it would start every two years, he said.

The idea of getting as many persons x-rayed as possible is to detect cases of tuberculosis early and to prevent the spread of the disease, Dr. Killman declared. The earlier the case is located, the easier it can be cured, he said.

"If we were able to put into effect what we know about control of tuberculosis, we could eradicate the disease in 10 years or less.

"All new cases come from open cases, and for every death due to tuberculosis, 8 to 10 new cases develop," he pointed out, and added that with isolation there would be but two or three new cases with every death.

Red Campaign In Europe Develops Along Two Lines

By HAROLD MILKS
NANKING, June 13 (AP)—Trouble in Tibet cropped up today as Generalissimo Chiang Kai-Shek ordered his garrison in northwestern China — scene of an Outer Mongolian invasion — to defend China's border "to the last man."

Chinese dispatches from Chungking disclosed that Tibet, China's southwesternmost province, was seriously disturbed by local clashes between monks and non-monastic residents.

The trouble started, Chinese correspondents related, when Chinese military authorities arrested the leader of the Buddhist monks and reportedly put him to death.

Monks of three important monasteries which practically rule the major portion of Tibet then staged an armed rebellion against Chinese authority, and fighting was reported under way near Lhasa, provincial capital. The monks were described as pro-British while the non-monastic groups favored the Chinese.

Government reports said warplanes, bearing the Soviet Red Star continued to bomb and strafe Chinese positions in the Tibetan region of Sinkiang province. They said the Mongolians have rushed into Sinkiang by truck to Telfashan, 50 miles inside Chinese territory.

A new slant was given the Sinkiang invasion by the American-owned Shanghai Post-Mercantile which probably was a tribal clash with some Soviet link.

The newspaper said Communist rivals from northwest China told reports that two brothers of the Sherif-Khan family, among (Continued on Page Three)

The Communist program in Europe appears to be developing along two principal lines, East of the ideological front that splits the continent movements are aimed to complete destruction of what little opposition has been permitted to survive. West of the line there is a drive to splinter the parties adjacent to the Communists in the political spectrum and to draw from them segments of sufficient size to give the Reds the dominance they now approach but have not yet achieved.

Bulgaria furnishes the latest example of the Eastern campaign. The Communist-dominated National Assembly has expelled 23 Agrarian members, followers of Nikola Petkov, now in jail charged with plotting against the regime. These 23 formed the hard core of the united opposition. According to the law they must be replaced by 23 men of the same party who were unsuccessful candidates in last October's election. But even if the letter of the law is honored, it is easy to believe that the 23 new Agrarians will not be unacceptable to the fatherland front government.

Two Coast Shipping Tieup Is Threatened By Maritime Unions

NEW YORK, June 13 (AP)—A two-coast shipping tie-up is threatened by five maritime unions who last night accused the Pacific American Shipowners of "stalling" in negotiating a contract with the Maritime Cooks and Stewards Union.

The present contract expires at midnight Saturday. Joseph Curran, president of the National Maritime Union, presided at a news conference held by the policy committee of the five unions, all former members of the old CIO committee for Maritime Unity which broke up last winter after Curran's withdrawal as chairmanship. He issued a statement of the five-union stand.

Harry Bridges, leader of the West Coast International Longshoremen and Warehousemen's Union and the other CMLU chairmen, said his group agreed with the others that "if any lock-out occurs the shipowners will have to fight all of the unions, East and West Coast and vice versa."

Hugh Bryson, president of the cooks and stewards, said a contract between the two sides was broken off last Friday. His union sought continuation of the present contract, for a \$159 monthly minimum wage, he said.

Five Bus Chassis Ordered For Schools

The County Board of Public Instruction yesterday ordered five school buses, minus bodies, it was announced today by Supt. T. W. Lawton, who said that until such time as the new bus bodies can be delivered, old school bus bodies, still in good condition can be put on the chassis of the two Ford, two Chevrolet and one Dodge buses ordered after reviewing a number of bids.

The Ford orders went to Brickland Morrison Company, the Chevrolet orders to Heller Motor Sales, Inc. and the Dodge order to Seminola County Motors.

Joseph McCaslin, former Junior High School teacher, and Earl Tyler, Ballou College graduate, were pointed to teaching positions at Seminola High School. Mr. McCaslin recently received his degree at Stetson University.

Marine School At St. Pete Gets Funds

WASHINGTON, June 13 (AP)—The House Appropriations Committee recommended today a \$1,000,000 appropriation for the Marine School at St. Petersburg, Fla., for the year beginning July 1. Rep. Peterson (D-Fla.) said "this means the St. Petersburg school will be kept open."

The committee said the \$1,000,000 appropriation will permit training 1,000 Marine Cadets over the next year. The St. Petersburg school, for which the Budget Bureau refused to recommend any funds, was scheduled to close June 30, until Peterson and Rep. Hendricks (D-Fla.) convinced the committee that it should write in sufficient funds for 1947-48 operations.

Papy Bribery Trial Is Set For July 21

TALLAHASSEE, Fla., June 13 (AP)—The trial of former State Rep. Bernie C. Papy on charges of bribery was set today for July 21 after Circuit Judge W. May Walker ordered the State to give defense lawyers more specific information on the alleged bribe attempts.

Defense attorneys, contending the whole charge was a "frame-up" against Papy, won their argument for four of the five points on which they requested specific information in a bill of particulars.

Klan Killed

ATLANTA, June 13 (AP)—The Ku Klux Klan surrendered its charter as a national corporation in Superior Court today and the attorney for the hooded order said the action "works a final end, I hope, conclusive termination of the Klan." The chief mourner, said Attorney Morgan Bales, "will be political demagogues who will find themselves without a political issue."

Group Cuts Budget Of 33 Agencies

Veterans Administration Slashed 1.8 Per Cent. Weapon Research Increased

WASHINGTON, June 13 (AP)—The Senate Appropriations Committee approved today a \$211,530,353 appropriation for the Interior Department, adding \$54,116,840 to the amount voted by the House.

Principal increases are \$36,375,932 for the Reclamation Bureau and \$9,214,600 for the Bonneville Power Administration.

WASHINGTON, June 13 (AP)—The House Appropriations committee whacked \$330,540,732 today from the funds President Truman asked to finance 33 independent government agencies next year.

It approved an \$8,498,409,759 bill to finance the agencies work during the 12 months beginning July 1. The total cut was 3.7 percent below the amount Mr. Truman requested.

Veterans Administration Funds were trimmed \$130,884,224 or 1.8 per cent. VA got \$6,944,437,000. The cut for the 33 agencies brought to \$3,584,000,000 the claimed savings of House Republicans in their drive to chop \$6,000,000,000 from Mr. Truman's 1948 budget of \$37,500,000,000.

The committee proposed a \$43,449,000 fund for research in aerial weapons after hearing that potential foes might "jump at it" if they ever get air superiority.

The committee recommended the appropriation for use by the National Advisory Committee for Aeronautics during the fiscal year starting July 1. It would be a \$12,736,000 increase over the amount granted last year.

The committee report said research in such weapons as guided missiles and planes of unprecedented speed is essential to national security.

Williams Succeeds Dr. H. W. Rucker

Dr. H. W. Rucker, president of the Central District Dental Society of Florida, was succeeded in this office by Dr. Clyde Williams of Orlando, at the recent executive committee meeting of the society at Daytona Beach.

Dr. Rucker introduced Dr. Frank P. Myers of St. Petersburg, state president of the Society, who gave the main address. Other speakers on dental subjects were Dr. Larry Schulzard, Dr. Jesse Williams, Dr. Jack Beckwith and Dr. William Hubner.

Group Told U. S. Duty To Take In Refugees

WASHINGTON, June 13 (AP)—Queen J. Roberts, retired Supreme Court Justice, said today that America has a moral duty to lead the world by taking in 400,000 European refugees.

"We won't be able to hold up our heads if we turn our backs on these people," who already are America's "wards," Roberts told a House Judiciary Subcommittee.

The committee is considering a bill to allow 100,000 displaced persons to enter the United States annually the next four years.

Mayor J. M. Curley Stricken Ill In Boston

BOSTON, June 13 (AP)—Mayor James M. Curley of Boston was stricken ill today even as his attorneys prepared a last-ditch fight in an attempt to save the 72-year-old Massachusetts political leader from going to jail for mail fraud.

Curley, who boasts that he is one of the last of the political chieftains still in power among a group that included Fendergast of Kansas City and Balducci of Chicago, was taken to a hospital reportedly suffering from hypertension caused by arteriosclerosis.

Bulwinkle Bill To Be Voted On Wednesday

WASHINGTON, June 13 (AP)—The Senate agreed today to vote next Wednesday on the Bulwinkle Bill which would grant anti-trust law exemption to railroads after formal rate-making agreements approved by the Interstate Commerce Commission.

The action forestalled threats of Republican leaders to try to apply a "cloture" rule limiting further discussion of the bill which has been under debate for a week, with opponents holding the Senate floor.

Negro Released Without Bond At Murder Hearing

Arthur C. Siehn, Jr., young Colored negro, who for the past week has been held in County Jail on a charge of murder in connection with the death from bullet wounds of his father who died in a local hospital, was released without bond after a hearing conducted this morning by County Judge R. W. Wate.

After a number of colored witnesses had been questioned by Judge Wate, by Assistant State Attorney George A. DeGates and by G. W. Speckers who represented the defendant, Judge Wate pronounced that in the opinion of the court it was a justifiable homicide.

The young negro was released pending re-arrest on the charge of carrying a concealed weapon on May 31 when the shooting took place in the yard of the Siplin home at Thirtieth Street and Lincoln Court. Two pistols were produced by Sheriff Meen for the investigation; one of pearl handle, Smith and Wesson .32 caliber, from which the fatal bullet was allegedly fired; the other a black handled Lee Johnson pistol, purportedly the property of the deceased man.

Young Siplin is said to have (Continued on Page Eight)

Governor Caldwell Vetoes TB Measure

TALLAHASSEE, June 13 (AP)—The act of shifting to the State part of the counties' expense of hospitalizing indigent tuberculosis patients was vetoed today by Governor Caldwell because the Legislature failed to provide revenue necessary to meet the extra state cost.

He also vetoed an act establishing a new budget system for commissioners and transferring authority to approve county budgets from the State Comptroller to the State Budget Commission.

The Governor said the tuberculosis act "eliminated the present formula under which the several counties are required to pay \$125 per diem or one-third of the charge for indigent and semi-indigent patients in the sanatoria of the State Tuberculosis Board.

This act reduces the county contribution to 75 cents per patient per day and shifts the difference between that figure and the presently charged \$125 per day patient from the counties to the state.

"On the state basis of the anticipated cost, this would result in an additional cost to the state of \$12,500 a year."

Lions Plan Barbecue At Country Club

Lions Club members today made plans for a barbecue supper and luncheon at the Seminola Country Club on June 26, 7:30 P. M. Members have been requested to bring their wives or guests.

Hoke Johnson, district Lion governor elect, will conduct the luncheon for the young unit at the meeting, it was announced by King Lion Henry Witte.

King Lion Witte read a request from Hoke Johnson that a zone chairman be named by the club to assist him. Witte named and approved for this office, Al Lyon was appointed by Witte to head the entertainment committee for the Country Club meeting.

Locomotive, 2 Cars Plunge Through Draw

CLARKSVILLE, Tenn., June 13 (AP)—The locomotive and two cars of a Louisville and Nashville freight train plunged through an open drawbridge into the Cumberland River 30 feet below shortly before noon here today. The engineer and fireman were trapped in the locomotive and given up for dead.

With a roar of hissing steam, the locomotive and cars disappeared quickly beneath the surface in from 20 to 30 feet of water.

Chaplin And Pickford Hit For Cutting Film

WASHINGTON, June 13 (AP)—The Federal Trade Commission accused Charlie Chaplin, Mary Pickford and their associates in United Artists, Inc., today of palming off on the public a bootlegged version of the Life and Death of Colonel Blimp as the whole thing.

Further, the commission said that United Artists, in advertising the British movie, made use of laudatory reviews which were based on the showing of the whole, uncut film.

OPERATIONS BLACKOUT ATHENS, June 13 (AP)—The Greek army clamped a blackout on operations in the Olympian-Piera mountain area today, where it was reported that a new phase of the offensive against the guerrillas was underway. One informed source said that approximately 12,000 men were engaged in the newest operations.

St. Louis Strike Disrupts Public Transportation

ST. LOUIS, June 13 (AP)—Virtually everything on wheels that would run was pressed into service today as thousands of St. Louisans sought a way to get to their jobs after an early morning strike of street car and bus operators tied up public transportation in the St. Louis area of more than 1,000,000 population.

Public automobiles, ancient taxicabs which have been prohibited by the death of new cars and all available taxicabs jammed main thoroughfares, snarling traffic at most of the principal intersections.

Absenteeism ran high in the heavily industrialized city during the first hours of the strike which became 100 per cent effective with such suddenness that most individuals were totally unprepared.

Most workers faced the situation in good spirits and many drivers went out of their way to pick up hitch-hikers along the most heavily travelled streets. Hardly a single vehicle reached its destination as soon as operators completed their scheduled runs.

No attempt was made by the St. Louis Public Service Company to man street cars and buses which were cleared from their routes as soon as operators completed their scheduled runs.

Boys State Votes Big Appropriation But Little Taxes

TALLAHASSEE, June 13 (AP)—Members of the Boys State Legislature today followed the precedent set by Florida's adult lawmakers by enacting a big appropriation bill and rejecting an accompanying tax measure.

However, Governor El Gong of Boys State appeared less perturbed than Governor Caldwell of Florida at the prospect of appropriations with revenue since the problem dumped in his lap by the dummy legislature was merely a theoretical one.

The boys, delegates to the annual American Legion youth conference, government, enthusiastically endorsed a proposal by Pete Kaloupidis of Winter Haven that World War II veterans or their widows be paid a substantial bonus.

An amendment to the measure by Del Malone of Miami which would have provided a 40 percent sales tax on luxury items, payments was soundly defeated.

Truman Sees Niagara On Return To U. S.

HEPFALO, N. Y., June 13 (AP)—President Truman, happy to be home again, returned to the United States today from what he described as "a grand visit" in Canada.

The President was fresh from an automobile tour of Niagara Falls, where he remarked: "I'm glad I don't have to go over them in a barrel."

He was greeted by the New York State Democratic chairman, Paul F. Fitzpatrick, upon arrival in Buffalo for a 30 minute stop. His decision apparently made on what he plans to do about legislation to cut federal taxes by \$4,000,000,000, the President declined to tell reporters whether he would veto it Monday, the deadline for action.

Johnely, he told them he would act "about 30 minutes before the deadline" when they pressed him for comment last night as he pulled out of Ottawa after a three day good will visit.

ELKS NOTICE

Ex-Premier Of Hungary Is On Way To U. S.

Effort To Be Made To Draw Attention Of U. S. Public To Recent Events

By The Associated Press
Ferenc Nagy, deposed by the Communists as premier of Hungary, was en route to the United States today in what diplomats said apparently was an effort to draw attention of the U. S. Public to events in that central European public.

The United States accused Russia earlier this week of "a most flagrant interference in Hungarian affairs" in the alignment which placed the Communists, who polled 17 per cent of the last free vote, in charge.

Deputy Sulyok, who denounced the communists yesterday in the Hungarian Parliament, said today his Freedom Party would refuse to take part in national elections scheduled for September, unless they were supervised by an international board.

President Truman, who denounced the Communist coup in Hungary as an outrage, said on leaving Canada that U. S. Foreign Policy had but one objective, peace in the world and friendship with every nation. His words were interpreted as an effort to all troubled international waters. Earlier, Mr. Truman told the Canadian Parliament the United States intended to help nations (Continued on Page Two)

Bevin Lauds Plan Of Marshall As East-West Link

LONDON, June 13 (AP)—Foreign Secretary Ernest Bevin described Secretary Marshall's aid-for-Europe plan today as "a bridge to link the East and West" and said it would be "disastrous for ideological or other reasons to frustrate that great endeavor."

"We are glad to know that misunderstanding has been removed by including Russia in the American proposal," the Foreign Secretary told a luncheon of the Foreign Press Association.

Bevin, describing Marshall's Harvard address as one that "may well rank as one of the greatest speeches in world history," declared:

"As was the case when the U. S. proposed a four-power treaty for Europe, it seems to me that that great, new and wonderful country has acted in the most unselfish manner in its endeavor to use its great capacity to save Europe from another ruin and to rehabilitate it as urgently as possible."

Bevin said Britain was "exploring actively and urgently how best to respond" to Marshall's lead.
