

Seminole To Need \$79,280 Additional '50 School Funds

TALLAHASSEE, May 2.—(Special)—Seminole County has a heavy stake in present legislative efforts to provide sufficient revenue to carry the State Minimum Foundation Program forward, State School Superintendent Thomas D. Bailey said yesterday.

Bailey estimated Seminole County would need \$79,280 more to run the schools during 1950-51 than the county now gets from the State. That's allowing for increases in enrollment at the present State-wide rate of approximately 6 percent a year and for contemplated improvements in teaching staffs and school facilities.

China War

(Continued from Page One) without hearing gunfire. Nationalist troops are reported taking advantage of the lull to bulldoze Shanghai defenses.

And in Singapore a high British naval authority said here he convinced the Chinese Communist attack on the British Sloop Amethyst Apr. 22 was not deliberate.

The informant told a news conference he believes the attack was caused by lack of discipline among Chinese Communist forces. Being the bank of the Yangtze River, or by excitement among the troops.

Communist charges that the British sloop fired first were deliberately false, this source said, adding that British warships in the river had been neutral and peaceful. The attack on the Amethyst and subsequent engagements with three other British warships involved in the incident cost 42 British lives.

A Shanghai garrison commander said Nationalist forces still were holding Kunshan, 32 miles west of Shanghai, despite heavy Red artillery bombardments at the outskirts of the town.

The communistic claimed Nationalist success in fighting in the Kunshan area. It said units from the 23rd Communist Army attacked Chungyang kang, a rear base of the famed Hsueh Regatta, about a mile from Kunshan, but were driven westward after "a heavy engagement during which the Communists suffered heavy casualties."

A small Red force which reached the vicinity of Taichang, a mile or so northeast of Kunshan, was eliminated by Nationalist troops, the garrison announced. These Reds might have been flank defenders of the Communist force which attacked Kunshan. The garrison said their strength was only 200 and was "totally wiped out."

The garrison's description of this and the Kunshan attack suggested the fighting in that region was not on a major scale. There was no news here of the fighting south of Lake Tai 60 miles or so southwest of Shanghai where the Reds seemed to be throwing more important strength toward Hangchow.

A traveler from Hangchow said today that city had been occupied by Nationalist militia. He said Communist troops were not in evidence but he had no idea where they had gone.

TWELVE-YEAR-OLD Augusta Schneider of Brooklyn, N. Y., is carried to an ambulance from bank of the East River where she attempted to commit suicide. The schoolgirl was rescued by Joseph Rodriguez, working nearby. Rodriguez jumped into the water and kept the girl afloat until a policeman threw them a rope. Augusta was crying, "This is a crazy world and I don't want to live in it!" The girl's parents and teachers could offer no explanation for her sudden act. (International)

Legislature

(Continued from Page One) liberty. The formal court charge has been placed against him. He denies the accusation.

A bill to require all life, group life and annuity insurance contracts to be delivered by a licensed Florida agent was passed by the House.

Its introduction, Rep. Hough of Lee, said he did not know whether it would outlast the race of insurance policies. He reported the measure is approved by the insurance industry and is designed to protect the agency system.

The House also passed bills appropriating \$20,000 a year for scientific salt water fishing research of the State Board of Conservation.

Authorizing county commissions to take out liability insurance. The measure would ratify the action of county commissions which already have done so.

Repealing county judges to make monthly reports to superior courts of voting registration on persons declared insane. The measure would get mentally ill persons off the voting list. Incompetents are not eligible to vote.

A bill which would authorize the State to issue liability insurance was introduced in the House by Rep. NeSmith of Wakulla.

It would create a Workmen's Compensation Insurance Division within the State Industrial Commission. NeSmith said the bill would allow issuance of insurance for workers in very hazardous occupations who now have difficulty in getting coverage.

Congress Roundup

(Continued from Page One) position is expected to take away support of some Southern Democrats from another bill sponsored by Rep. Wood (D-Ga.). The Wood Bill, also being backed by Republicans, would repeal Taft-Hartley in name but retain most of its provisions.

The Leanski Bill, backed by the Administration, would repeal Taft-Hartley and reinstate the old Wagner Labor Act with changes suggested by Mr. Truman.

Rayburn emphasized that he has held no conferences with labor leaders. He said the amendments outlined are being worked out only by members of the House.

The speaker made clear to reporters that he was speaking for himself in announcing his plans and that he was not speaking for the President concerning the Labor Bill.

Meanwhile Senate Democrats forced a new test on the economy vote that sent a \$2,000,000,000 appropriations bill back to committee last week with instructions to cut it.

Senator Green (D-Rt.), who did not vote then, made a formal motion to reconsider that action. A vote on Green's motion will come later, probably after considerable debate.

Farm Income

(Continued from Page One) bags, squash, potatoes, tomatoes, cucumbers, celery, watermelons and all kinds of peas and sweet corn during the current week.

Over 55,000 units passed through the market during the past week consisting mostly of beans at \$1.75 to \$3.25; corn at \$2.25 per crate; celery at \$1.95 to \$2.10; cucumbers at \$1.75 to \$1.95.

A variety of other produce remaining steady. So far this season the market has exceeded last season's total by \$958,427.51.

In the Florida City Market area, for instance, the farmers were idle during the Fall season due to high water, but following in the wake of the receding flood waters farmers plowed and planted until possibly the largest acreage ever, was harvested at maturity.

Manager Warren of the Pompano Market reports the movement of produce from that area is practically over with the exception of pepper, eggplant and okra which will continue for the next four weeks with good weather prevailing. Only 81 cars of produce moved out during the past week with 28,535 bushels of pepper averaging \$1.75 leading; 13,111 bushels of eggplant at \$1.62 and 14,147 bushels of okra at \$1.15.

Market reports the cucumber volume increased slightly during the past week due to more favorable weather conditions with the tomato volume steady, though the volume on both is expected to be less during the current week. Over 12,000 bushels of cukes averaged \$3.70; 1,286 bushels pepper at \$3.12; 18,238 bushels of tomatoes at \$2.27 and small volume of squash, eggplant, okra and pepper moved through the market.

FORMER PRESIDENT of the United States Herbert Hoover (right) is pictured with veteran newspaper editor William A. Curley (left), and Ward Greene, editor and general manager of King Features Syndicate, during a luncheon given by the Banishes at New York's Waldorf Astoria Hotel. More than 1,350 newspapermen, including the nation's top editors and publishers were in attendance. (International)

MAKING A TOUR of the tiny Italian island of Stromboli, just north of Sicily. Alm star Ingrid Bergman and director Roberto Rossellini walk hand-in-hand as they check over the setting for their forthcoming picture. Mrs. Bergman's husband, Dr. Peter Lindstrom, is now en route to Italy to join his famous actress wife on the island. (International)

MENU BY CECILY BROWNSTONE

THURSDAY DINNER

Pan-fried Minute Steaks, Stuffed Mushroom Potatoes, Stewed Tomatoes, Creamy Cole Slaw, Gingerbread with Fanny Sauce, Bread and Butter, Beverage.

STUFFED MUSHROOM POTATOES

Ingredients: 4 large baking potatoes, 2 tablespoons butter or margarine, 1/2 pound small fresh mushrooms, 3/4 teaspoon salt, 1/4 cup hot milk, 6 tablespoons grated soft yellow cheese.

Method: Scrub potatoes with a vegetable brush under cold running water; dry and rub with a little fat so skins will be soft after they have baked. Bake in a moderately hot (400°F.) oven until tender, about 1 1/4 hours. In the meantime scrub mushrooms with a vegetable brush under cold running water; dry well and chop, leaving 1 caps whole for garnishing. Melt butter or margarine in skillet, add mushrooms (chopped and caps) and cook over low heat for about 10 minutes, stirring frequently. Cut baked potatoes in half lengthwise, scoop out potato and put through ricer or mash; add salt and hot milk and beat well. Add chopped mushrooms (reserve caps) and mix well. Pipe mixture lightly back into 4 of the potato shells. Place stuffed shells on coaly sheet or small baking pan and sprinkle tops with cheese. Return to oven for 5 minutes to melt cheese. Garnish with mushroom caps. 4 servings.

CHINESE Communists having captured Soochow, this map shows the three Red spearheads which appear to be developing in the region. About 40,000 troops are reported approaching Shanghai, the world's fourth largest city. The Communist army heading from Soochow towards Hangchow is reported smaller than the northern group. A third force is moving south, around Lake Tai, also towards Hangchow. The cutting of rail line at Keshing would almost complete encirclement of Shanghai. (Central Press)

RAYON HUG YARN A new lustrous rayon yarn is being used for crocheted rugs, afghans, hot place mats and such. It comes in a full range of pastel and deep colors, works up quickly. Four and three fourths billion pounds of fish are caught annually in the United States.

Loyett Speech

(Continued from Page One) in Europe. Senator Byrd (D-Va.) asked whether there were any "implied" promises during treaty negotiations that this government would furnish arms to its treaty partners.

Loyett said "the matter of military supplies was not discussed" in his talks with representatives of foreign governments. Senator McMahon (D-Conn.) remarked that the American people should not be given the idea the North Atlantic Treaty is a "100 per cent guarantee of peace."

Loyett agreed. "I am confident," Loyett said, "this treaty is not the end of trying to find a solution to our difficulties. It doesn't mean we do not have to do anything else."

Loyett went on to say this country should not be "lulled to sleep" by any temporary set of circumstances. The inference was that he referred to the current efforts to reach an agreement with the Soviets to lift the Berlin blockade.

The National Wildlife Federation estimates that there are nearly six million big-game animals in the United States.

Strikes Spread

(Continued from Page One) a south Jersey auto engine repair shop. All went on strike last month. The 7,000 striking singer workers made 2,500 other plant workers idle.

In South Bend, no settlement was in sight in the two weeks old strike of 7,500 Bendix aviation workers. The CIO United Auto Workers called the strike in a dispute over dismissal of 47 workers and over counter-charges of a speed-up and slow-down. The strike has made 27,000 other auto workers idle and has forced Nash, Kaiser-Frazer and Packard to shut down.

4 Power Meet

(Continued from Page One) not permit such a decision without including Britain and France, Schuman said. Britain and France, he declared, naturally would object to any major decisions in their absence.

Schuman explained that exploratory talks like those in America between Soviet Delegates Andrei Gromyko and Jacob and Dr. Philip Jessup, U. S. ambassador at large, are easier when limited to only two parties.

A NATIONAL GUARD pilot, Capt. Thomas F. Mantell is reported by the Air Force to have crashed in his death near Fort Knox, Ky., while following an object which he described over his radio as "round like a teardrop."

The Air Force announced that Mantell is the third flier to have perished in an attempt to discover what the mysterious "saucers" really are. (International)

Shrine Minstrel

(Continued from Page One) He wishes to thank every merchant who took an advertisement in the Shrine minstrel program, or who in any way donated to the school fund.

"We especially to thank The Sanford Herald for the publicity given us which was a big help in making the show the great success that it was, and we want to thank Radio Station WTRR for publicity given by them," said Mr. Lane.

"We also want to thank J. E. Alexander, Jr. for the sound truck that he used on the day of the show. A. E. Ramsay and Kent Rosseter for the two beautiful baskets of flowers used on the stage that night, and each and every Noble who worked so hard to make the show a success," Mr. Lane declared.

POP'S TOBACCO POUCH

To keep your powder dry, nothing is better as a cosmetics kit than an oilskin-lined tobacco pouch. This can hold a wet makeup sponge; the kind used for applying pancake makeup.

THE WEATHER
Partly cloudy and mild through
Wednesday, some likelihood of a
shower this afternoon, gentle
breezes, mostly easterly.

Gen. Bradley Says Heart Of Europe Is U.S. Defense Front

WASHINGTON, May 3.—(AP)—The new Democratic labor bill passed its final test today when the House refused to knock out a provision for 35-day injunctions against "national emergency" strikes. Rep. Perkins (D-Ky.) sought to strike out this provision which is taken by labor unions. The vote, however, without a roll call was 238 in 132.

WASHINGTON, May 3.—(AP)—General Omar N. Bradley told Sen. Acheson today that America's defense frontiers lie in the heart of Europe.

The Army Chief of Staff was before the Senate Foreign Relations Committee to urge approval of the 12-nation North Atlantic Security Alliance.

"Geographically," he said, "many of these member nations are already in positions where any aggression into Western Europe would be a conquest of their homeland."

Donnie Prince Is Sentenced To 20 Years For Murder

Donnie Prince, alias Donnie Williams, 28 year old negro, was sentenced this morning by Judge M. B. Smith to 20 years at Ruffalo Penitentiary after a Circuit Court jury found him guilty in connection with the fatal stabbing on Apr. 2 of Archie Williams, young negro, with whom she had been living.

Williams was stabbed through the neck by a knife that pierced the jugular vein and according to the testimony of Archie Jones, a young negro, the mistress was calling Williams' names as he walked toward her that night behind the Club 86 on the South West Road.

VFW Post To Hold Fish Fry Monday

Post 892 of the VFW will hold a fish fry Monday night at 7:30 o'clock in connection with the meeting at which G. W. "Pat" Johnson, commander, and other officers will be installed. Mr. Johnson succeeds John L. Gallagher as commander.

Other officers who will be installed by F. D. Scott are Jack Gordy as senior vice-commander; Mr. Scott, himself as junior vice-commander; L. F. Bovis as post advocate; E. A. Monforton, chaplain; Roy Wright, quartermaster.

A full report will be given on the VFW sponsored marble tournament. Tickets for the fish fry may be obtained from VFW members. John Smith, in charge of the program.

WARM WEATHER
CHICAGO, May 3.—(AP)—More warm weather appeared in prospect for most of the central section of the country today.

Temperatures in the 80's were forecast for areas in the Midwest and great rises, state of after yesterday's summer readings. The mercury touched into the 80's as far north as the Dakotas. It hit 103 at Presidio, Texas, for the nation's top mark.

JEWEL THEFT
ST. PETERSBURG, May 3.—(AP)—An inventory of stolen jewels and cash completed by diamond dealer Judd L. Young today revealed that \$58,255.20 was taken from his Snell Isle home the night of Apr. 28.

U.S. Uncovers Plot To Block Shanghai Port

Naval Craft Of 3 Nations Pull Out Of City As Reds Wage Big Attack

WASHINGTON, May 3.—(AP)—General Claire Chennault said today the security of the United States is at stake in China and pleaded for "positive action" to aid anti-Communist forces there.

The wartime leader of the "Flying Tigers" told the Senate Armed Services Committee that the best part of China already has been lost to the Communists "by our passivity."

He said that, in all, there were 100,000 tons of arms in the Philippines and other Pacific areas that could be used. Gravely, he warned that Russia is standing "on the brink of unlimited successes in the Far East."

SHANGHAI, May 3.—(AP)—United States, British and French naval craft left the Shanghai waterfront today because of a reported Communist plot to block their passage to the sea, a U. S. navy spokesman said today.

The spokesman, from the staff of U. S. Vice Admiral Oscar L. Badger, said "reliable sources" told the United States Navy that Communist forces planned to capture a ship near Wusong, the Chinese coast, and block the larger ships from the sea.

The spokesman eventually disclosed this "plot" to offset charges that the U. S. Navy had "run out" on Communist threats in Shanghai.

Details of the "plot" came from the same source which had previously tipped the Navy that Communist forces had a similar plan to battle up naval vessels in Hienan earlier this year, the spokesman said.

The Navy evacuated numerous persons from Tientsin shortly before the city fell and the route to the sea was cut.

The navy spokesman said the "Wusong" plot was "hatched in the land." He declined to give details, saying it was a Chinese matter.

He said after the plot was "hatched" the American President Lincoln's Presidential liner came up to the Shanghai waterfront past the Wusong garrison. The liner was tied up at a blind pier and seven to 100 persons after an overnight stay.

It was learned that Nationalist forces were closing all ships in the Wusong area to prevent any sort of attempt.

The spokesman said the Navy had not left the Shanghai area. He said at present three destroyers and an LCI (Landing Craft Infantry) were anchored near Wusong, 12 miles from here. An LST (Landing Ship Tanks) was due tomorrow. He said the LCI was making a daily shuttle run between Shanghai and the sea.

Banana River To Be Guided Missile Site, Paper Says

MIAMI, May 3.—(AP)—The Miami Daily News says that the nation's new proving grounds for guided missiles will be located at the old Banana River Naval Air Station, 160 miles north of here.

The newspaper said Air Force and Navy officials have been seeking a new missile base for the past year because the 125-mile range in New Mexico and California "are becoming too short for improved missiles."

It was learned from A. Fortenberry, chairman of the Bureau of Military Commission, that 8,000 military and civilian personnel will be employed at the new base, "the News said."

The newspaper said that "Air Force officers have been shuttling back and forth between Banana River and Washington for the past two months. Although the base was deactivated two years ago, a number of servicemen have been sent there."

Auto Union Orders Ford Plant Strike

DETROIT, May 3.—(AP)—CIO United Auto Workers Local 600 today ordered a strike Wednesday at Ford Motor Co.'s huge Rouge plant without awaiting approval of the international. The action threw a bombshell into plans for the opening of the FAW spring bargaining drive. It came on the heels of an announcement by a FAW investigating committee that the Rouge plant dispute was near settlement.

Thomson, president of Local 600, said in a telegram to FAW President Walter P. Reuther that the local's executive board had voted unanimously in favor of the walkout. Thomson charged that "the Ford Motor Co. violated its oral agreement to maintain the line speed during negotiations and speeding up the building assembly line."

The company and union have been checking for several weeks, over union charges of a speedup.

Seven Persons Perish As Fire Destroys Home

HINSON, W. VA., May 3.—(AP)—Seven persons perished today when fire swept through a two-family home.

Fire Captain John Lively said it burned so quickly all seven of the sleeping occupants were trapped without a chance to escape.

The bodies recovered were identified as those of Mrs. Anna Jane Deed, 24-year-old divorcee, and her two children, Donna Kay, 3, and Hazel Joyce Deed, 6; Mr. and Mrs. James Elliott and their three-month-old daughter, Dana Frances, and Florence Timmer, about 30 a victim.

The fire broke out about 2:00 A. M.

Ellison was an employee of the Westinghouse Company at Mansfield, O., and son of a merchant living near here. He and his family were visiting Mrs. Deed.

Ellison's body was found near a chimney in the rear yard.

Gov. Folsom Seeks \$80 Million Road Plan For Alabama

MONTGOMERY, Ala., May 3.—(AP)—Governor James E. Folsom recommended today an \$80,000,000 highway bond issue as part of a "bold" program to give Alabama a "higher standard of living than ever before."

He proposed to finance it with a one-cent increase in the 6-cent a gallon state gasoline tax, and suggested at least half the money be raised by selling bonds to citizens in the street like the federal government's savings bonds.

In his message to the legislature at the opening of its 1950 session, the governor also asked for funds to pay the old folk a \$50 a month pension, to build 100 hospitals, to give school teachers an \$1,800 a year minimum salary.

He also called for: 1. Repeal of the poll tax. 2. Revision of the election laws. 3. "Provision for the opportunity to qualify themselves as electors" with no idea of "disfranchising any of our population."

(This was an obvious reference to the Negroes.)

Arkansas Doctor Raps Truman For Deluding People On Health Plan

OMAHA, May 3.—(Special)—Lashing back at charges by Democratic National Chairman McGrath that opponents of Federal Compulsory Health Insurance are using "outrage scare tactics," Dr. R. B. Robins, of Camden, Arkansas, tonight accused the Truman Administration of "deluding the American people with false promises, unrealistic cost estimates and spurious health statistics."

Dr. Robins, who is Democratic National Committee member for Arkansas and a member of the House of Delegates of the American Medical Association, charged that Truman has failed to tell the people honestly what the National Health Program would cost and what services it would provide.

Leo Durocher Is Reinstated After Hearing

Chandler Says He Heard No Evidence To Support Charge Of Assault On Fan

CINCINNATI, May 3.—(AP)—Leo Durocher, manager of the New York Giants, was reinstated today by Baseball Commissioner A. B. Chandler and he heard no evidence sufficient to support a charge by Paul Brown, a New York fan, that Durocher had assaulted him.

The fully intelligent manager of the Giants was told he could rejoin his team tomorrow.

In his findings, Chandler, who suspended Durocher last Sunday after Brown said he was knocked and kicked at the Polo Grounds.

On Friday, Apr. 28, Chandler announced the suspension of Manager Leo Durocher following an incident at the Polo Grounds, the afternoon before, in which Durocher was charged with assaulting Paul Brown.

Joe Chalker, 18, Died Yesterday At Chuluota Home

Joe Chalker, well known athlete of Chuluota for the past two years, died suddenly at 5:45 P. M. at his home yesterday.

Born May 7, 1930 in Virginia, Joe Chalker was married June 25, 1948 to Miss Marie Joseph, daughter of Mr. and Mrs. J. Joseph, and the late Mr. Joseph of Lake City, Florida. He was standing in civic affairs and an active member of the Chuluota Baptist Church.

Besides the widow and his mother in law, Mrs. Joseph, he is survived by one daughter, Mrs. W. S. Sater, one grandchild, Riley Ray Sater, one grand daughter, Irma K. Sater of Chuluota, six sisters, Mrs. E. W. Mathews, Waukegan, Ill.; Mrs. J. Brown, Shreve, La.; Mrs. Frank King, Volusia, Fla.; Mrs. C. S. Humphreys, Miami, Fla.; Mrs. W. L. Chalker, Cuba, Fla.; Mrs. H. Chalker, and Mrs. Brown Chalker of Jacksonville, Fla.

Funeral services will be held in the Chuluota Baptist Church Wednesday at 2:00 P. M. with Rev. H. H. Link officiating. The body will be taken to the home before the funeral which will begin at 2:00 P. M. tomorrow when it will be in state at the Chuluota Church from 2:00 P. M. until 4:00 P. M. Burial will be made in the Chuluota Cemetery.

Active pallbearers include Frank Roy, Maurice Jacobs, Billy, Frank, Nelson, Foye, Keston, John and Orlando Austin, honorary pallbearers will be A. G. Wagner and Charles F. Niblack.

Dimaggio Dies

SAN FRANCISCO, May 3.—(AP)—Joseph Dimaggio, 59, father of Joe, Dominic and Vito, Dimaggio of Major League baseball, died at a hospital here early today.

He died after a lengthy illness.

Of his famous sons, Vito is the only one still in the majors. He was manager of the Yankees, a staff club of the New York League.

Chiefs Are Told Of Fighting Atom Fires

JACKSONVILLE, May 3.—(AP)—Fighting fires caused by atomic explosions will be the major job of fire departments in the future, according to a report issued by the U. S. Atomic Energy Commission today.

The report, issued by the Atomic Energy Commission, says that the "most serious danger of atomic fires is the possibility of a chain reaction which could result in a nuclear explosion."

The report also says that fire departments should be equipped with special equipment to handle atomic fires.

House Votes To Ban Livestock From State Roads On July 1, 1950

Warren-Backed Bill To Keep Animals Under Fence Everywhere Is Defeated

WASHINGTON, May 3.—(AP)—The House Committee on Agriculture today voted to keep animals off state roads and highways after July 1, 1950, but balked at the Administration plan to keep them under fence everywhere.

The House voted 317-119 to ban livestock from Florida highways after July 1, 1950, but balked at the Administration plan to keep them under fence everywhere.

Dewey Pins "No Politics" Label On Europe Tour

ALBANY, N. Y., May 3.—(AP)—Dewey pinned the "no politics" label on his European tour today.

Dewey said that he was not in politics and that he was only on a tour.

Dewey said that he was not in politics and that he was only on a tour.

U.S. Budget Deficit Tops \$500 Millions

WASHINGTON, May 3.—(AP)—The government's budget deficit topped \$500,000,000 on the last day of April, Treasury officials reported today.

The deficit for the first four months of the fiscal year was \$480,000,000, or about one-third more than the administration expects.

Many congressmen who previously were optimistic that the Administration, however, saw the deficit as a sign of the economy's strength.

TUESDAY, MAY 3, 1949

One thing we like about Senator Mathews' \$60,000,000 tax proposal. There's certainly nothing chincy about it.

Orange prices are now at the highest level so far this year. They are selling at an FOB price of \$4 a box. However, there are not many growers in this section who still have any oranges left.

An American soldier on guard duty in Stuttgart, Germany, shot and killed a German guard, a young girl, and a civilian before finally being quelled by military police. He was not insane; he was drunk. We do not like to think of Americans serving in foreign lands as anything but gentlemen, but sometimes they are. When such things as this happen, it is not hard to see what kind of an impression is created in the minds of our former enemies.

Juvenile delinquency is not something confined to the slums and underprivileged families. When a gang of 45 teen-agers who had been pillaging and plundering for the past two years were arrested in Miami the other day, sons of several wealthy Miamians were found among them. Why had they stolen when they had plenty at home? Their parents had neglected to teach them the difference between right and wrong. That can happen in a castle as well as in a cabin.

William Green, president of the A. F. of L., tells who is opposing President Truman's civil rights legislation. "It is," says Green, "the same filibusterers, the same reactionaries, and the same die hard obstructionists who have teamed up immemorably against the underprivileged, against organized labor, and against all economic, social and political progress." Some of our friends who have opposed the civil rights bill may be surprised to see just what kind of people they are.

Political job-holders in the state and local governments reached an all time high of four million last year, according to the Census Bureau. Since there are two million federal employees in addition to four million state and local government employees, and there are about 60,000,000 job holders in the United States altogether, it is obvious therefore, that it takes ten Americans to support one political office holder, or to put it another way, it requires one politician to govern every ten workers and their families.

If your little boy is in the habit of running away from home, do not chain him to the bed. Parents of a five year old Wilkes-Barre youngster tried that and he burned to death when their home caught on fire. A better way to break the running-away habit is to show your offspring all the love and affection which will make him not want to run away from home. Parents who deny their children this basic human emotion are to blame for many of the problems they have in raising their children.

There is much to be said against the federal school aid bill as economy-minded Senator Byrd of Virginia is demonstrating so well by repeatedly saying it, but there is also something to be said in favor of it. Senator Byrd says the \$300,000,000 is only the beginning, and that the schools will be back for more funds next year, and the year after. Undoubtedly they will, for public education is an increasingly expensive proposition. No doubt, too, Washington bureaucrats will seek dictatorial control of the school system. However, the bill, whatever its demerits, has the redeeming feature of being for a worthy cause. There is no better way which the government can spend its money than in educating the citizens of tomorrow. And there is no way the citizen can get his money's worth of education unless the government spends the money wisely. The high state government should receive only 33 affirmative votes.

Russian Turnabout

What has made Russia change its attitude toward the Berlin blockade, so that now an agreement to lift it suddenly seems within the realm of possibility? There are about as many different answers to the question as there are reasonably informed people willing to hazard an explanation.

It has been suggested that by a conciliatory move regarding Berlin the Russians hoped to weaken sentiment in favor of the North Atlantic Pact. Another supposition is that Eastern Germany was becoming too restless under economic strangulation of the blockade. Still another is that the Russians want to disengage themselves to some degree from the cold war in Europe in order to devote more attention to the Far East. There are other ideas. One thing all of the explanations have in common is that Russia apparently has found the blockade more damaging to its own interests in Germany than to those of the Western Powers, and therefore has decided it would be to Russian advantage to get rid of the blockade.

Whatever may be the Russian line of reasoning now, it is apparent that the Western Powers by staying in Berlin, by refusing to be provoked to violence, by supplying Berlin through the air, have defeated the purposes of the blockade and turned it to the disadvantage of Russia. Here may possibly be found the key to the only kind of general policy which will be successful in dealing with Russia in the current era. If we can be found, as in Berlin and as in the case of the North Atlantic Pact, to turn Russian aggressiveness into a disadvantage rather than an advantage for Russia, then perhaps Russia might in time abandon aggression and discover that there is greater gain in co-operation. It sounds like a wild dream. But maybe it could happen.

Tape-Tangled Teaching

Teaching isn't teaching any more, declares Charles G. Spiegler, a high school English teacher, in an article in the New York Times. He says it's a job of filling out forms and toying with red tape.

This writer claims that the ranks of teachers are thinning out not only for the reasons usually given but because their real purpose in life is continually thwarted by demands which have little to do with teaching. The teacher is expected, Spiegler says, to be clerical worker, a psychiatrist, a policeman, and an efficiency expert, among other things. His teaching is often done in snatches. The fostering of creative work among his pupils is impossible because of continual interruptions by the administrative staff.

This is a complaint which is often heard when teachers get together. Many fine teachers are unprepared to cope with the nagging details which wear away the fine edge of their teaching ability. The administrative staffs have their own problems, such as shortage of help and lack of sufficient funds, but some way should be found to make it possible for teachers to give their best efforts to teaching in the fields to which they are assigned.

Return Of Trilby

Hollywood announces plans to film "Trilby" in color. This should bring back successfully scenes of the Paris of the nineties, with its gardens and the Bohemian surroundings of the artists with whom the story deals. "Trilby," published in 1894, was a phenomenal best-seller of the time, and still is read with fondness by many who like to read of the uneducated Parisian girl with the marvelous voice, brought to its climax by the hypnotic treatment of the wicked Svengali. "Svengali" still survives as a favorite name for a hypnotist.

George Du Maurier, the author, was even better known as an artist. Painting was his real life work; he wrote but three novels, and those in his last years. His "Peter Ibbetson" has been filmed, but the third novel, "The Martian," has been long forgotten.

It would be interesting to see how his artist's eye would respond to the effects created by Hollywood in the filming of his stories.

Congressman Herlong Reports

All this week we have been tied up with debate on the Labor-Management Relations Act. We have just adjourned after nearly seven hours on the floor today. Because the bills were being read for amendments it has been necessary for us to be on the floor at all times. We hope soon to catch up on a week's correspondence.

The maneuvering and voting situation on the floor today. The Committee on Education and Labor reported on what is known as the Lesinski Bill. This bill repeals the Taft-Hartley Act and re-enacts the old Wagner Act, with amendments regarding certain types of secondary boycotts and jurisdictional strikes. When this bill was read for amendments Congressman Wood of Georgia moved to substitute the bill commonly referred to as the "Wood Bill" in place of the Lesinski Bill. The Wood Bill was read for amendments. Several amendments, in nature more friendly to labor, have been offered to it, and so far all have passed. The members of the Labor Committee have opposed the amendments because, while admitting the proposals are in favor of labor, they are afraid the Wood Bill may be made attractive enough to lure the support of the "middle-of-the-road" members.

It seems obvious at this time that there are not sufficient votes in the House to pass the Lesinski Bill unless it is amended. A test vote today on an amendment by Representative Marentonio of New York to repeal the Taft-Hartley Act and re-enact the Wagner Act without any amendments received only 33 affirmative votes.

BENNETT'S
MAYONNAISE

30 Years
of Experience

THE WORLD TODAY

By DEWITT MACKENZIE

The East-West negotiations over raising the Berlin blockade have made sufficiently good progress so that United Nations circles are entertaining a "cautious optimism" that we may be approaching a period of better relations. That expression "cautious optimism" strikes me as particularly appropriate, with emphasis on the "cautious." Any agreement which may grow out of the present conferences naturally will be a matter of gratification—but it must be regarded in the light of a Vesuvius.

The new relationship will rumble along quietly enough for a spell, but sooner or later it will erupt again. General Lucius D. Clay, American military governor in Germany, summed up the position yesterday like this:

"I would assume that the Soviet attitude already displayed in negotiations in the United States mountains of the Russian side, is more reasonable at a future foreign ministers' conference than they were in the past.

"But we should remember, even if a solution for the entire German problem is eventually reached, that does not change Communism. Communism's great objective remains the same—world domination.

"That's the big thing to keep in mind. The world revolution which the Bolsheviks launched a generation ago after the overthrow of the czarist throne will never halt until it succeeds in bringing in within the world to time it changes its race and tactics, but the old Red mill keeps on grinding its grist.

Having divested ourselves of wishful thinking we are justified in containing the hopes that there may be improvement in relations between the Russians and the Western blocs. The great Moscow offensive, which overran all Eastern Europe, and brought in within the Communist fold, had definitely come to a halt. The time has not yet arrived for more subtle methods.

The great issue in Europe now is the disposition of Germany, long the economic keystone and strategic center of the continent. The unhappy Reich lies one part within the Soviet zone and three parts within the Western sphere, and cannot remain as its former economic strength unless it is reunited.

Control of the united Germany undoubtedly is the great prize which Moscow now seeks. Many observers believe that the real reason why the Soviet has initiated conversations to raise the blockade of Berlin and reopen four power discussions on the whole German question.

If the powers could reach some agreement regarding the final disposition of the German problem then we might see a termination of the cold war in Europe.

We might see the Soviet bloc and the Western bloc settle down to live side by side in an armed truce.

Mind you, the great Red offensive in Asia would continue. The efforts of Communist fifth-columnists to gain control of governments would continue in all corners of the Western world. But we might have a quasi-peace which would be better than a cold war which so frequently threatens to become a hot war.

Therefore, so long as we keep basic facts fixed firmly in mind, we are entitled to join the diplomats in a bit of "cautious optimism" or at least a "pious hope."

A WELCOME VISITOR

Winston Churchill has a special claim on American affection and admiration. He combines a fine mind with robust, easy-going temperament which our people enjoy. He does not bear life as a burden, but as a privilege to enjoy mightily. His character is massive but not ponderous. As an inspiring major project he made his mark in history. As a leader he has inspired us to keep our courage up and maintain a grim cheerfulness so that, to this day, many of us feel a deep sense of personal gratitude. To a degree permitted to few men he has been endowed with the capacity to express and to kindle in others the dogged courage to keep going, sometimes, when there was little else to fight with.

So we have come to enjoy Mr. Churchill's occasional visits as a stimulating tonic. He is a guest warmly welcomed.—New York Times.

Young Mother

(Continued from page three) parts at North Platte. But the Omaha brand new pump unit waited the Palmers there. And Palmer carried on until they reached Omaha—quitting, then kneeling, then sitting, changing his position as his muscles of Newark, N. Y., near Rochester. They were living at Encino, Calif., and Palmer was an art student at Los Angeles when Mrs. Palmer was stricken.

Mrs. Palmer was transferred from the Pullman car to an ambulance at Syracuse for the last leg of the trip to Ithaca.

Man Murdered

(Continued from page three) The Highway Patrolmen said they found two loaded .45 caliber automatics in the taxi.

Commander Alexander said that a New York board of investigation would be named to handle the incident.

He said no formal charges had been made as yet and that the man would be held for investigation pending the findings of the board.

Dr. C. L. Persons Optometrist

205 W. Broadway

Number On Public Welfare Continues To Show Increase

JACKSONVILLE, May 3 (Special) —The number of persons receiving public assistance through the State Welfare Board continued to climb in April. Sherwood Smith, welfare commissioner, reported to Board Chairman Emmet Safay of Jacksonville over the weekend. The net increase in number of checks issued during the month was 1,277. That accounted for a net increase in assistance of \$58,190.50 over the month of March.

Information on direct public assistance does not take into consideration other services provided through the board, Commissioner Smith pointed out in his report. They include child welfare services, studies of adoption petition distribution of surplus commodities, and many other non-monetary services to individuals.

Funds distributed to needy individuals who meet the requirements of the law and agency regulations totalled \$2,349,680. Of that total \$1,294,680 was State funds and \$2,275,325 came from Federal sources.

In his report, Commissioner Smith said that some progress was made in reducing the number of pending applications, those which final action has not been taken because necessary and required studies have not been completed. At the end of March, there were 7,009 such applications pending.

"We are concerned over the number of maximum grants applied for assistance and aren't yet receiving it," Smith observed. "As you know, under State and Federal laws and regulations, detailed studies must be made of each application. This requires more personnel than we currently have. Additional staff could reduce this backlog of applications. There will, however, always be some delay because of the required steps which must be taken such as determining that a person is in need."

He pointed out, too, that an increase in maximum grants since had been proposed in the Legislature would require additional State funds. An increase in maximum grants from \$50 to \$60 per month for the aged and the blind would come entirely from State funds since the Federal Government does not reimburse the State for any assistance payments above \$50 in those two programs.

Increasing the maximum grant from \$24 to \$30 for the first child in dependent children families would come largely from State funds since under the State plan received above a \$27 maximum for the first child in that program, Smith said.

Carrying out the proposals to increase the maximums would require an appropriation of about \$60,000 for the next two years, over and above the amounts already estimated to carry on the program at the present time. That would assume no change in present policies. Liberalization of present policies doubtless would increase the number of recipients, he added.

Sanford Forum

Editor, Sanford Herald:

Sanford's proposed dock and warehouse seems to have created an issue. After careful thought, I am going to try to give you my reasons why this project should be completed.

All people in Sanford will agree we have two God-given advantages, our sunshine and the St. Johns River. After a careful study, the Federal Government spent \$460,000 deepening the channel in the St. Johns to twelve feet so that larger boats and barges could haul freight to and from Sanford at a lower cost. Besides this, thousands of dollars of our local citizens' money was spent for surveys, land, and other expenses before this project was completed. After completion, delegates from our City Commission were sent to Washington on three different occasions to consult with R. F. C. regarding the financing of our end, namely, the construction of a dock and bonded warehouse. The answer was always the same: This project has no earning history, so the City must pledge some other revenues to make up any deficit. We turned to private financing and were given the same answer. In the face of this, your City Commission employed New York Bond Attorneys to write the enabling act for passage in Tallahassee to give us the power to issue revenue certificates. This little job cost the taxpayers twelve hundred dollars.

Knowing that this project does not have a chance of being financed unless we pledge some other revenue, still another act is being sent to the New York Bond Attorneys for their approval, with a clause stating this project is to be paid for solely from the revenues of the dock and warehouse. This is strictly a stalling act, and a waste of tax payers' money. If this session of Legislature ends before we have secured proper legislation to finance this project, it will be two years before it can again be submitted. By that time it will be a dead issue.

The R. F. C. indicated they would approve the loan of \$350,000 if the City would pledge the parking meter fund to make up any deficit. Realizing we are now using the parking meter fund to help operate the City, I propose a two cent a pack cigarette tax to replace any funds used from the parking meter fund. I doubt if there is a cigarette smoker in Sanford who would object to this type of tax knowing his money was being used for something he could see.

In my opinion this project would be the balance we need for progress in our City. Our population has increased to the saturation point. Right now, we are unable to employ all our people. Unless we secure some new industry in our City will stop growing. Our lake front terminal with a bonded warehouse is our opportunity to secure new industry. Do you think two cents every time you smoke a pack of cigarettes is too much to pay for a progressive step in our City? If progress is going to stop because of the debt we inherited of over four million dollars, our grandchildren will still be pondering the problem of what to do with the twelve foot channel in the St. Johns River. The more development we have in homes and commercial buildings, the faster our debt will be reduced as every owner of real estate must pay on the indebtedness.

I realize we must face sewage disposal, and numerous other improvements but, let's face first.

things first. Take our opportunities when we have them. Make it possible for our business men to survive. They cannot pay taxes without business.

Every citizen who is interested in a progressive City should attend our City Commission meeting, Monday, May 9, and voice his opinion. It is your duty to investigate this very important development.

John Kridler
City Commissioner

Negress Sentenced

Continued from page one) with intent to commit a misdemeanor. The defendant was represented by E. F. Housholder. Murray Overstreet conducted the prosecution.

Jury members were John Duda, W. Montgomery, J. J. Carver, Shealy L. Best, Jay M. Walter and C. E. Hittell.

The court will reconvene tomorrow at 9:30 o'clock to continue trial of criminal cases.

Biting-Register Reign Over Ball

Banks Register and Gail Biting were king and queen and reigned over the annual May Day ball held last Friday at the Tourist Center. The ball was sponsored by the Junior High School Parent-Teacher Association. Composing the royal court were Beverly Gray, Melvin Fleischer, Norma Jean Bly, Terry Goodell, Mary Ann Baker, Cecil Shepard, Eloise Benton, Deborah Almy, Rosemary Garner, Randall Farrell, Patricia Locke, James Davis, Ellen Lyon, Nolly Nance, Doris Jones and Eugene Kestridge.

Dancing was enjoyed throughout the evening in the auditorium which was decorated in pastel colors, carrying out a spring theme. Serving as master of ceremonies for the evening was Calvin Wright who introduced City Manager and Mrs. Clifford McKibbin, Junior High Principal and Mrs. R. E. True and Mr. and Mrs. George Pittard who were honored guests for the event. Carriages were presented to the three wives and Mrs. J. H. Loebsch, secretary chairman, by Doris Jones. Singing was enjoyed during the evening by the accompaniment of Mary Ann Loebsch.

Prior to the dance Mr. and Mrs. McKibbin were entertained at a dinner given by Mrs. H. McLaurin, Jr., Parent Teacher president, and Mrs. R. C. Hutchison at the McLaurin home on West Ninth Street. Other guests were Mr. and Mrs. R. E. True, Mr. and Mrs. George Pittard, Mr. Hutchison and Mr. McLaurin.

P. M. in the Masonic Hall.

The P. E. C. class of the First Baptist Church will meet in the new church annex at 7:30 P. M.

FRIDAY
The American Legion Auxiliary will meet at the Legion Hut at 7:30 P. M.

MONDAY
Ann's Chapter, Woman's Auxiliary, Holy Cross Episcopal Church will meet at the home of Mrs. H. H. Coleman at 7:30 P. M. for a covered dish luncheon and first business meeting of the year.

Personals

Mrs. Kirsch To Wed
Roland H. Goble

Mrs. George I. Smith of Lake Mary announced today the engagement of her daughter, Mrs. Ruth Kirsch to Roland H. Goble, son of the late Mr. and Mrs. Charles Goble of Sanford, N. J.

Mrs. Kirsch attended Sanford schools graduating from Seminole High School in 1941. She resided in Charlotteville, Va. and returned to Lake Mary in 1941. She is now employed in the office of St. P. W. Lawton.

Mr. Goble is a native of Cranford where he attended schools. He also received part of his schooling in Ocala and was in the service during World War II. He is now associated with the Luning Company in Orlando.

The wedding will be an event of May 11, 1943 at 2 P. M. in the First Presbyterian Church Dr. E. D. Rowledge will officiate and all friends of the couple are invited. Following their marriage they plan to make their home in Lake Mary.

Hollywood

HOLLYWOOD, May 2 (AP)—Ann Southern finds herself being discovered again.

The blonde from Valley City, N. D., had a career of being discovered in 1927 when she was a chorus girl in KRO musical, then as a comedienne in Trade Winds, then as a Mainie and Fanny in Hattie Big Boy, and then as a singer in the hit "Letter to Three Wives."

"Perhaps I keep being discovered because people find out I can do a variety of things," she says.

Ann is working it with her current film schedule. Now playing a murderess in "Death in the Doll House," she goes into "Nancy Goes to Rio," a musical in which she plays Jane, Donald's mother. Following that comes a romantic comedy with Robert Ryan.

There's only one trouble she doesn't like to work that hard. Producer Nathan Frank laughed at printed reports he is making "Ann Get You Gone" for \$1,000.

How can she make it for that when she is having \$10,000 for the music alone? he asked.

Twentieth Fox, which is planning "I Don't Care" based on the life of Eva Peron, may be interested to know that Judy Garland sang the song in "The Good Old Summer Time."

John Agar and his wife can't think of her name right now, will be separated on the screen for some time. He said on the "I Married a Communist" set that she has too film lined up after her current one and he's not in them.

Charles Collier not only lost his bangs in "Three Came Home" but goes without a backup. Look good, too.

Lawrence Tibbitt, Jr. is doing his second movie, "Captain China" after 10 years on the stage. His ambition is to sing in musical comedies, but he claims he's good enough yet. A lot of father gives him any pointer he needs. "Why, he's just a baby," says Tibbitt.

TV notes: Edgard Bergen, his film character role, are prepared to give him regular experience for video. At the returned from TV talk in New York, but says he'll wait before going any deal. He wants to know his film biography on TV.

Night club sensation E. Thompson was visiting friend MGM, where she used to be coach. Just returned from a Va. Islands vacation, she said.

Mrs. Kirsch To Wed Roland H. Goble

Giants Scheduled To Meet Palatka A's Here Tonight

Joe Schultz Or Ben Wilbur Will Be Given Hill Call; It's Win Contest

The Sanford Giants are scheduled to meet the Palatka Athletics at the Municipal Park tonight at 8:00 o'clock, following a tilt which was rained out, in the Azalea Bowl last night.

Manager Hal Gruber will probably send either Joe Schultz or Ben Wilbur to the hill to face the Azaleas tonight.

The Gainesville G-Men and the Orlando Senators were slated to tangle in Orlando last night, but rain halted the tilt, and the Deland Red Hots were scheduled to meet the St. Augustine Saints last night, but the contest was washed away.

The Daytona Beach Eds and the Leesburg Dodgers met in a free scoring 18 to 1 game, which was won by the Islanders. Adam Lapinski went the route for the Daytonians, and limited the Dodgers to six scattered singles, while the natives were combining the offerings of six Leeburg hurlers for 11 hits. Leesburg committed eight errors to assist the Daytona cause.

Tonight the Senators meet the G-Men at Gainesville, Leeburg tangles with Daytona at Daytona Beach, St. Augustine invades Deland and Sanford plays hosts to Palatka.

Manager Gruber indicated yesterday that he planned to shuffle the lineup of the Sanfordites against the Azaleas in last night's contest, and it is possible he will make a few changes tonight in order to get more defensive and offensive power into the contest.

Legal Notice

NOTICE TO APPEAR TO: JOHN D. McGLORIN... You are hereby notified that a suit has been instituted in the Circuit Court of the Ninth Judicial Circuit of Florida, Seminole County, in Chambers, under the title of F. RANCIER STELLMAN, MORTIMER HUBIN, Plaintiff vs JOHN D. McGLORIN, Defendant and that the return sought is an absolute decree of divorce.

Notice is hereby given that in pursuance of that certain final decree of foreclosure and sale made and entered on the 20th day of April 1949, in and by the Circuit Court in and for Seminole County, Florida, in Chambers, in a certain cause therein pending wherein Thomas J. Holly, plaintiff vs Harry J. Dunlap et al, defendants, I H. M. Watson as Special Master of said Court by said decree appointed, shall offer for sale for cash and sell at public outcry before the front door of the Court House in Sanford, Seminole County, Florida, between the legal hours of sale on Monday, the 5th day of June, 1949 the same being a Rule Day of this Court, the following described real and personal property situated in Seminole County, Florida, to wit:

CHIEF SPONSOR of the Chilean resolution to censure Russia for "violation of fundamental human rights," Mrs. Eleanor Roosevelt, widow of the late President, is shown (left) appealing to the U. N. General Assembly at Lake Success, N. Y. She took particular issue with Russia's refusal to permit Russian husbands and wives of U. S. citizens to join their mates abroad. Defending the Soviet attitude (right) is Solomon S. Traupkin, Russian delegate to the United Nations.

YOU'RE TELLING ME!

By WILLIAM RITT, Central Press Writer. RUSSIA is reported to have perfected a movie film which gives out colors. It will have to go some to beat several Hollywood products we've recently seen. The old silent film may have been bad on the eyes but, at least they let the ears and nose alone. A 90-foot blue whale has been caught in the Antarctic ocean. That's the year's biggest fish story. Wildlife week has come and gone without any noticeable increase in the number of night club acts.

Dr. Henry McLautlin, Optometrist, 113 Magnolia Ave., Phone 1444. TALBOTT'S DRIVE-IN, 4000 W. 1st St., Sanford, Fla.

Bill Denying Phone, Telegraph Wires To Bookies Made Law

Warren Signs Measure Ratifying Participation In 14-State School Plan

TALLAHASSEE, May 4.—(AP)—The Senate passed today a House-approved bill ratifying the monthly maximum benefits to the blind from \$40 to \$50. The bill now goes to the Governor.

TALLAHASSEE, May 4.—(AP)—The bill to deny private telephone and telegraph wires to Florida bookies became law today after six years of scandal-laden legislative fights.

Governor Warren signed the measure as State Attorney William D. Hopkins continued his investigation into charges that a \$2,000 bribe was given to a state senator for a vote against it last Friday.

The Governor also signed into law the bill ratifying Florida's participation in the 14-state compact for regional education of the South's youth in highly specialized technical and professional fields.

Both House and Senate worked mainly on non-controversial bills. The Senate voted to give the Administration bill to revise Florida citrus laws top priority consideration beginning at 11:45 A. M. next Tuesday. It has been approved by citrus committees of both House and Senate.

Florida's two U. S. senators—Claude Pepper and Spessard L. Holland—were invited to address the Legislature tomorrow, but one House member served notice that he will take a walk during Pepper's address.

Coroner's Inquest Says Mrs. Garten Died By Drowning

The coroner's jury, continuing its inquest into the death of Mrs. C. D. Garten, whose body was found floating in Pearl Lake just inside Seminole County Monday evening, reported this morning that the Orlando housewife had died by drowning. County Judge Douglas Stenstrom said today.

The decision followed a report given by Judge Stenstrom of the findings of the autopsy performed yesterday by Dr. George Kerr, Orlando pathologist, who also performed the autopsy on the body of the Garten's three months old baby, who was found dead of suffocation in the Garten home.

Dr. Kerr's reports showed that there was no evidence of foul play and no evidence of disease in the body, said Judge Stenstrom. The autopsy was recommended yesterday by Dr. Orville Barkis, local physician, who after preliminary examination of the body of Mrs. Garten, stated that determination of the cause of the death could not be made without further post mortem examination.

Farm Bureau To Hear Expert On Citrus

Dr. A. F. Camp, director of the Citrus Experiment Station in Lakeland, will speak at 8:00 o'clock Friday night to members of the Seminole County Farm Bureau at the Putnam Farmers Building. His topic will be "Recent developments in citrus production." The meeting will be called at 7:30 o'clock.

George O. Bueck, president of the Farm Bureau, stated this morning that Dr. Camp's talk should prove not only of interest to citrus growers, but to growers of other crops as well. The public is invited to attend the meeting.

U. S. Shops Love Mother This Week As She Has Never Been Loved Before

NEW YORK, May 4.—(AP)—Mother is being loved this week, in all the nation's shops, as she never has been loved before. Not only the florists, telegraph companies, public carriers, candy makers, and a host of manufacturers, all hope you won't forget mother next Sunday. They need the business.

There's no doubt of your love for mother, who deserves every bit of it. But businessmen, who need some sales volume right now, think that she also deserves some gifts.

This year the stores are trying to interest the nation's sons and daughters in buying a number of things they hadn't particularly associated with Mother's Day before. Major home appliances, for example. Stores are particularly anxious to stimulate lagging sales in this department.

Many stores are calling attention to prepared meals and in some cases lower prices on this class of merchandise. The Federal Reserve Board has come to their aid, by relaxing the terms on which you can buy mother the electrical gadget that will make housework a pleasure. You can delight her this Sunday and be reminded of your loving deed the first of each month for a long time to come.

Or, you can give mother a gift certificate good in the beauty shops for anything from a mud pack to a "month of manicures." Some stores are making it hard

Acheson Raps Human Rights Abuse By Reds

Secretary Says U. S. Has No Political Objection To Making Loan To Spain

WASHINGTON, May 4.—(AP)—The United States is consulting with other nations on steps to compel these Russian satellites to abide by human rights pledges.

Secretary of State Acheson told a news conference that Bulgaria, Hungary and Romania have accepted American charges that they are violating their peace treaty guarantees "concerning human rights and fundamental freedom."

The charges were based chiefly on the persecution of religious workers, including the trial of Joseph Cardinal Mindszenty in Hungary.

As a result of the charges, Acheson said, the United States is now discussing with other countries the next steps to be taken.

In response to a question, Acheson added that he believes action by the Western Powers under the peace treaties is imminent.

And Acheson said the United States has no political objection to an American government loan to Spain.

But he emphasized that the United States must not be seen to qualify for American credits until it takes fundamental economic reforms.

Permission to open accounts directly with the Export-Import Bank for a credit was announced by the State Department yesterday.

The country is reported to be seeking \$200,000,000 for reconstruction and rehabilitation.

Acheson also today said that the Spanish government is a potential risk until it takes the economic steps suggested by the United States.

The Secretary made the comments when asked to elaborate on a statement by the State Department.

Thunderstorms Break Over Western Area

CHICAGO, May 4.—(AP)—Thunderstorms broke out over Midwest areas today following yesterday's mid-spring temperatures. Somewhat cooler air moved over the North and West, but warm, humid weather was forecast for most of the North Central region.

New temperature marks for the date were set in many Midwest cities yesterday. The mercury soared to 97 at Wilmar, Minn.; 95 at Duluth, Minn.; 94 at Duluth, S. D.; and 93 at Rapid City, S. D. The highest mark, Chicago's 91 was a record for the date, as was the 92 at Louisville and Omaha and the 93 at Minneapolis and St. Paul.

The showers activity today was over the Missouri Valley and the upper Great Lakes region. The weather was cloudy over the Southern Plains and Texas but skies generally were clear in other parts of the country. Temperatures were slightly below normal in the Pacific northwest.

Senate Votes Down Proposal To Strip Educational Funds From Many States

Landlords Rush Rent Offices To Seek Increases

WASHINGTON, May 4.—(AP)—The Senate today voted down a House bill to strip educational funds from many states.

The bill would have cut off federal aid to states that had not met certain educational requirements.

The bill was defeated by a vote of 54 to 41.

The bill was introduced by Senator Charles McNary, Oregon.

The bill would have affected 15 states.

The bill was opposed by many educationists.

The bill was also opposed by many states.

The bill was also opposed by many Congressmen.

Navy Probes Death Of Petty Officer At Key West Base

KEY WEST, May 4.—(AP)—A Navy board of inquiry today was investigating the fatal shooting of a petty officer aboard a patrol boat.

The board is headed by Commander Joseph Alexander, U. S. Navy public relations officer.

The board had to determine what charges to place and whether the incident came under the jurisdiction of a court martial or the federal court.

Pending the board's decision, Apprentice Seaman John B. Hollingsworth, 18, of Asheville, N. C., remained in the Navy brig here.

He was arrested early yesterday afternoon after Ensignman Third Class Robert William Long, 23, of Berkeley, Arizona, was found shot to death by deck hands aboard the 174-foot Navy patrol craft 1230.

Board patrolman captured Hollingsworth at Goude's, south of Miami, after he reportedly forced a taxi driver to head north at gunpoint.

Hollingsworth was held for investigation and no formal charge placed against him. Naval authorities said representatives of the Monroe county sheriff's office brought him back to Key West aboard a Navy plane.

Alexander said Hollingsworth probably would be given a "captain's mast" hearing prior to appearing before the investigating board.

"This is routine naval procedure," the officer explained. "But it is up to the board to determine the charges." Alexander said the board also had to decide whether

the postmark, though Legyel's letters were delayed in transit. So they paid him the price.

Conclusion on the mail fraud charge carries a maximum penalty of \$1,000 fine and five years imprisonment.

Big 4 Agree To Lift Blockade Of Berlin And Hold Meet On Germany; House Rejects Wood Labor Bill

Senate Votes Down Proposal To Strip Educational Funds From Many States

WASHINGTON, May 4.—(AP)—The Big Four nations today agreed to lift the blockade of Berlin and to hold a meeting on Germany.

The nations are the United States, Great Britain, France and the Soviet Union.

The meeting will be held in London.

The meeting will discuss the situation in Germany.

The meeting will also discuss the situation in Europe.

The meeting will be held from May 10 to 12.

The meeting will be held at the Foreign Office in London.

Landlords Rush Rent Offices To Seek Increases

Requests For Boosts Exhausts Supplies Of Printed Forms

WASHINGTON, May 4.—(AP)—Flourishing landlords today sought rent increases, but their requests were being turned down by the government's new "fair rent" ceiling regulations.

By week's end, authorities in the housing agency predicted a backlog of about 200,000 petitions will be on file in cities across the country.

The surge of landlord applications for rent boosts, Wood said, has caused in many places the supply of printed forms necessary to obtain increases.

Supplies were completely exhausted in many cities, he said.

The backlog of petitions is expected to be completed by the end of the month, he said.
