SANFORD, FLORIDA, FRIDAY, FEBRUARY 13, 1920

NUMBER 26

CANDIDATE'S DAY WAS GREAT DAY AT THE ORLANDO FAIR ACCORDING REPORTER-STAR

Congressman Sears Jumps on Wilson and League

LAKE WAS ELOQUENT

BUT CONFINED HIS REMARKS TO FLORIDA PROGRESS AND NOT TO POLITICS

With the clarion chord of eloquence sounded by elegant men of letters in our body politics and social there was unfolded this morning at the opening day of the Mid-Winter Sub-Tropical Fair one of the most brilliant pages in the brilliant history of Central Florida, and the City Beautiful was crowned the mecca of the beautiful lakelands about it, in things that mean most to mankind.

After Hon. W. R. O'Neal had outlined the scope and purport of the exhibition, tersely and correctly, he was followed by Gov. Catts, Congress man Joseph Sears, Hon. Forest Lake and others of station commanding respect in every walk of life.

Gov. Catts paid glowing tribute to the efforts of the men who conceived, fostered and supported the great institution, and employed appropriate phrases of praise which harmonized with the occasion; Congressman Sears refrained from direct discussion of politics, save he took a fling at the President's League of Nations, and said a few things about Mr. Wilson his secretary, Joe Tumulty, and Lloyd George, that left anything in the mouths of his hearer who were interested in the league pact outside a pleasant taste for the President's ideals in establishing a pillar to the Melinism.

Hon. Cry A. Hiles, Judge Watson and Col. Billingsley of Tampa, and others who are in the fore in the forthcoming Democratic primaries for office were equally forceful and interesting in the pertinent discussions of things that affect the political layout and have a bearing on things to the best interest of the state.

In short words, a grand old lady of the city, who keeps a wholesome watch on the wholesome things going on described it thus:

"Catts was funny; Sears was statistical and Forest Lake was eloquent and convincing."

But the incumbent of the Fourth Florida, presented some very sound facts and arguments against the League of Nations plan, declaring his unalterable opposition to the idealistic picture of the President concerning the wonders it would work. He revolted at Great Britain's holding six votes to America's one; he said we had fought the Indians of the forest and had won the war for the allies, and that the American people were not willing to submit now after these just victories, won at the expense of innumerable tears, hundreds of thousands of lives and untold fortune to any foreign dictation.

He rebuked Mr. Wilson for leaving the United States and placing Secretary Tumulty, instead of Vice-President Marshall at the head of the nation's affairs, and declared that Lloyd George, the Prime Minister of Great Britain, got the melon and Wilson got the rind. Congressman Sears dwelt at length in sound comparisons and reflections to put the weight and strength of his contentions against the league pact.

Forest Lake of Sanford went to the speaker's stand with enthusiasm and that human element of appreciation which has characterized this public leader over his many years of worthy service in the progressive circles of the peninsular unit. He did not talk politics, or design his words as such, notwithstanding he is a candidate for the Democratic nomination for Congress at the next primaries in the Fourth, against Congressman Joseph Sears.

Mr. Lake reviewed the progress of

Central Florida and presented his points in the most convincing style, for he has lived as and one of the crackers his entire lifetime.—Reporter Star.

Earth Shock Recorded

Washington, Feb. 11.—An earthquake of considerable intensity having its center approximately 1,500 miles from Washington, was recorded tonight at the Georgetown University seismographical observatory. The disturbance was first recorded at 5:16 o'clock, reaching its height at 5:25. Indications were that the quake occurred in Mexico or Central America.

CARANZA WILL RECOVER ALL LANDS

DECIDED TO FOREIGN CORPORATIONS IN FORMER YEARS IF POSSIBLE

Mexico City, Feb. 11.—President Carranza's administration intends to recover to the nation great tracts of lands conceded by previous administrations to foreign interests, according to statements of Mexican officials. It intends also to enforce the constitutional prohibition barring foreigners from holding land within 62 miles of the Mexican frontier and 31 miles from the coastline.

The general tenor of their statements is to the effect that it is the purpose of the administration to avoid colonization projects that might eventually endanger the nation and to recover dominion over all lands without violating the legal rights of the present producers.

These statements were made in explanation of the government's request that the 1919 Congress float a loan of 50,000,000 pesos to enable the nation to recover land held under concessions by foreign interests.

The officials stated that the greater part of several states, such as Lower California and Chihuahua is held by foreigners under concessions given by previous administrations.

Where the terms of the concessions have not been complied with, they have been nullified, according to the Department of Agricultural. Part of the proposed loan was intended to indemnify holders for these concessions for improvements they had made.

Interests who have been deprived of their concessions by this nullification have declared that interior conditions for the last ten years have made it impossible for them to fulfill their agreements. Various British representatives are said to be pushing for indemnification for work done on concessions especially in Lower California and Chihuahua.

Denial is made by Pastor Rouaix, Secretary of Agriculture and Development, that the government plans to nullify all concessions granted under the Diaz and Madero regimes. Only those where prescribed obligations have not been met will be annulled, he asserts.

WAR ENDED JANUARY 10th OFFICIALLY

OFFICIAL DATE DECIDED UPON BY ROYAL ORDERS

London, Feb. 11 (By Associated Press) It is announced today that January tenth was the official date upon which war with Germany terminated. This date is fixed by royal orders.

What Doctors Laugh At
In the last 50 years the science of medicine has advanced more than in the previous 50 centuries. But the average man still thinks he knows an infallible cure for a cough.—Journal of the American Medical Association.

SMALL PRICE PAID FOR FLORIDA HOGS NO DISCRIMINATION

Investigating Committee So Ruled

FLA. MENT IS SOFT AND WILL NOT BRING AS MUCH AS HOGS FED ON GRAIN

Washington, Feb. 5.—The comparatively small price paid for hogs in Florida and other sections of the south is explained as due rather to the soft and oily quality of the pork products rather than to discrimination, in a report sent to the senate today by the federal trade commission.

The report is in response to the following resolution introduced by Sen. William J. Harris and adopted by the senate July 25, 1919:

Resolved, that the federal trade commission, be, and it is hereby, directed to make an immediate investigation of the methods of purchase and prices paid for cattle and swine by persons and corporations engaged in the meat packing industry, with particular reference to the discriminations, if any, operating to the disadvantage of live stock producers in the southern states, and to report as soon as practicable to the senate the results of such investigation.

"It was apparent," the report says "that while in most of the southern states, the methods of purchase and prices paid for hogs were more or less like those prevailing in other parts of the country, in a certain section of the southern states the prices paid for hogs during the year ending July 1919, were considerably lower than in the north and west. The regions in which hog prices were found to be lower were practically identical with the section of the southern states which produces a preponderance of soft and oily pork, namely, the northern part of Florida and the southern part of Georgia and Alabama. It was in this section, it may be assumed that the demand for this inquiry had its origin."

"Soft and oily pork," the report continues, "has a lower market value than firm pork and is actually sold at a differential under the firm product." Reporting on an analysis of a large number of sales the commission finds that "the bulk of soft and oily pork products invariably were sold at prices ranging from \$1 to \$5 per hundred-weight under northern and western products and similar thereto."

"The quality of the products," the report says, "appears, therefore, to be the chief cause for the lower prices paid for hogs in the specified regions of Florida, Georgia and Alabama. From the best study that could be made of the various accounting records it appears that the lower prices which these producers receive for their hogs are due not to discrimination, but rather to the fact that the great majority of their hogs produce soft and oily pork products, which must be sold in a restricted market and at prices substantially lower than the prices paid for standard firm pork."

In answering the inquiry of the senate, the commission found it necessary "to confine the report particularly to conditions surrounding the hog raising industry in that section of the southern states, which which produces soft and oily pork." "A survey soon showed," the report adds, "that regardless of the particular circumstances which gave rise to the question of discrimination, cattle could not properly be involved in the complaint nor could all sections of the southern states with respect to hogs."

The report shows that the farmers of Florida, Georgia and Alabama are not only rapidly increasing their production of hogs, but that they are also rapidly improving the quality of their hogs. It concludes that "while at present the great majority of hogs raised for market in the specified regions of Florida, Georgia and Alabama produce soft and oily pork products, having a lower mar-

ket value than firm pork, there are indications that the farmers in this section are gradually adopting methods of breeding and feeding that are enabling them to produce hogs of a better quality. Not only are these methods of breeding and feeding, but they are adopting rapidly through co-operation sales and shipping associations, more advantageous ways of marketing their hogs. The U. S. department of agricultural colleges are aiding greatly in bringing about these improvements. General adoption of these better methods of production and an extension of the periods of marketing hogs more evenly over the year, should result, it would appear, in greatly reducing the live hog differentials now obtaining in this section of the south and would hereby tend to remedy the conditions upon which the present complaint is founded."

VIOLATE FOOD RULES

Illicit Trade Is Spreading in Germany.

Smuggling and Usury Increase—Courts Crowded With Those Who Break Laws.

Coblenz.—Illicit trade in food, with its attendant evils of smuggling and usury, is on the increase throughout Germany, according to newspaper accounts.

The rationing system has never been abandoned even in the occupied areas of the Rhineland, and some of the newspapers contend that the average individual cannot subsist on the amount of food issued. The authorities are making every effort to check the illegal traffic in foods of all kinds, and the courts are crowded day after day.

Smuggling of potatoes is being carried on this winter in all parts of Germany on a scale greater than in war time. Germany produced an excellent potato crop this year, and the authorities are trying to save it from falling into the hands of the speculators.

Well-to-do people have been going to Bavaria from Prussia, Wurttemberg and Thuringia to buy potatoes, eggs and fats, for which the farmers charged exorbitant prices. This worked a hardship on the poorer people, who could not compete with them. Living appears to be cheaper in Bavaria than elsewhere in Germany. Butter has been selling there at 5 marks a pound, compared with 20 marks in Berlin. Eggs are quoted at 25 pfennigs each, while in Berlin they cost 1.75 marks apiece. Eggs in the occupied area have been bringing from 2 to 2.50 marks each this winter, but are very scarce at any price.

Meat is also reported as fairly plentiful in Bavaria, although in all other states this form of food is virtually unobtainable by householders through regular channels excepting once or twice each month, when the authorities permit a few ounces to be distributed by the card system to the individuals.

Most of the hotels throughout Germany continue to serve meat three or four days each week, however. The proprietors say they obtain this from Holland and that this does not violate the food regulations.

Toothpick Brings Back Voice of Ex-Soldier

Sixth City, Ind.—Swallowing a toothpick was a distressing incident for Donald Collins of this city, an ex-soldier, here. At dinner a bit of toothpick lodged in his throat and he coughed violently, choked and nearly strangled before it was dislodged.

But when he had recovered he found that his voice, which he had almost lost following an attack at St. Mihiel, September 12, 1918—just a year to the day—had returned. After recovering from the gas attack Collins could only speak in a husky whisper.

How Do They Know?
The total weight of all persons in the world is estimated at 105,000,000 tons.

CITY COMMISSIONERS' MEETING FROM MINUTES OF THE CITY CLERK AND AUDITOR

Given Five Years For Sending An Infernal Machine Through Mails

Atlanta, Feb. 11.—Paul B. Carter, charged with sending an infernal machine through the mails to Captain John Knobel of Ebenezer, N. Y., was convicted in Federal court here today and sentenced to five years imprisonment in the penitentiary. Jealousy of his former wife, Miss Claire MacMillan of Gainesville, Ga., was ascribed by Carter as the cause for his attempt on the life of Knobel. Miss MacMillan was employed as a clerk at Camp Gordon at the same time Knobel was stationed there.

Carter also was charged with sending "poisoned needles" through the mail to Miss MacMillan and her father in 1916, but these charges were dropped.

ADMIRAL SIMS DENIES THE CHARGE

THAT HE BELITTLED ARMY OR NAVY FORCES

Washington, Feb. 11.—Rear Admiral Wm. S. Sims denied today before the senate sub-committee investigation naval awards that in conversations with Rep. Byrnes, of South Carolina, and other members of congress he had sought to belittle the navy or the army. He said they had become confused because of the numerous people they had talked to in Europe. He added that he did attempt to correct the idea in the minds of American visitors that the United States forces were "winning the war," Admiral Sims said, "because this attitude was hurting us with our allies."

"They knew it was not true and they knew we knew it was not true," Admiral Sims declared.

"I am surprised that I was quoted as saying the merchant marine should be left to Great Britain and the United States should not develop a merchant marine," he added, "because I never held such ideas."

Sen. Pittman said he found the same impression in the minds of Sen. Carter Glass, democrat, South Carolina, in conversations with them abroad and asked that they be called to testify before the sub-committee.

"I consider these charges very serious," said Sen. Pittman, "and think Admiral Sims should be given an opportunity to clear himself." The chairman said Senators Glass and Whaley would be called before the committee this afternoon.

Will Build New Church

The colored people of Sanford are prospering in their work and in their church work and among the new churches contemplated is that of the Trinity A. M. E. church that will soon be erected at the corner of Sixth street and Sanford avenue. \$1500 has been raised for the foundation and the balance will be raised by contributions in which the white friends of the colored people will help as they have always done and the Centenary Aid and Board of Home Missions and Church Extension Board will assist and the new church will go ahead with the building. Rev. J. N. Trammell the pastor has just been returned for his second year by the conference and he will push the erection of the new church.

Cross In Seminole County

Gainesville, Fla., Feb. 6.—A large acreage of peppers will be planted for the spring crop in Seminole county. A considerable acreage of lettuce is yet to be matured. Celery is being bleached, the first shipments being made a few days ago. Renewed interest is being shown in dairying, particularly in the central part of the county.

Human Discontent

How does it happen, Maveens, that no one is content with that lot in life which he has chosen, or which chance has thrown in his way, but praises those who follow a different course?—Horn.

Statement of Finances City of Sanford

SOUTHERN UTILITIES

Say They Will Get Plant In Shape Some Sweet Day

Sanford, Fla. Feb. 9, 1920. The City Commissioners met in regular session and were called to order by H. R. Stevens Mayor.

Present: H. R. Stevens, C. E. Henry and S. O. Chase. Absent none. Minutes of last meeting read and approved.

Communication from the Commissioner of Agriculture McRae read and filed.

Communication from City Attorney Lands regarding enforcing ordinance compelling all automobiles to keep tail lights burning when left standing on streets, and the matter was laid over until next meeting.

Report of the Auditor and Clerk was read for the month of January and accepted and ordered filed.

Report from the City Manager Abbott was read and ordered filed. Mr. Houston, Chief Engineer of the Southern Utilities Co. addressed the Commission regarding the conditions existing at the power plant and promised to make every effort to give better service as soon as possible.

The matter of State Road & Bridge Tax due the City from the County Commissioners was brought up and on motion of S. O. Chase and seconded by C. E. Henry the Clerk and Auditor was instructed to attend the meeting of the County Commissioners and request an early settlement of same.

Communication from Mucklow & Ford Auditors calling attention to Street Paving abutting the property of F. L. Woodruff, H. C. DuBois, J. E. Wilson & John Russell on Union avenue which had been put down and no payments made on the assessments to the City by the Property Owners.

On motion of C. E. Henry seconded by S. O. Chase the Auditor and Clerk was instructed to call on these gentlemen personally and obtain a settlement of the amounts due city. Judge G. G. Herring addressed the Communication in regard to the Shelling of North French avenue from First Street to the Lake, and the matter was laid over for further consideration, after the Auditors shall have made final report on the financial condition of city.

The following Ordinance was read: Ordinance No. 3.

An ordinance providing for speed limit, safe driving and parking cars etc. On motion of S. O. Chase seconded by C. E. Henry this Ordinance was unanimously passed.

Mr. E. E. Brady addressed the Commission in regard to his delinquent Personal Taxes and presented a letter Mr. F. L. Miller former President of the City Council stating that the Old Council had agreed to make a compromise settlement of his Taxes owing to certain discount vouchers handled by him.

On motion of S. O. Chase and seconded by C. E. Henry the Tax Collector was instructed to adjust the matter on this basis with Mr. Brady and thus release Mr. Brady's car from the Collector's levy now standing against the same.

The bond of Mr. H. R. Stevens as City Commissioner of the City of Sanford Florida in the sum of One Thousand (1000) Dollars was presented and same was duly approved.

The bond of Mr. S. O. Chase as City Commissioner of the City of Sanford, Florida in the sum of One Thousand (1000) Dollars was presented and same was duly approved. (Continued Tomorrow)

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD

Since last Thursday E. M. Gallows has been quite ill with flu at his home on Cameron Ave. Dr. Langley in attendance.

Randolph Merriweather of Celery Ave is ill with flu at the hospital. Mrs. Phillip R. Andrews of Celery Avenue is convalescent from several weeks illness we are pleased to note. Phillip R. Andrews has gone north on a business trip.

Mr. and Mrs. R. L. Grier of Cameron City have as their guests Mr. Grier's sister, Mrs. Jonas Pharr and little daughter Lila Grier of Concord.

Ed. J. Cameron is at home this week from Bostwick for a week. Mr. and Mrs. J. W. Phillips of Commerce, Ga., who were visitors at the Chandler home several weeks have decided to become permanent residents. Not being able to find a vacant house or a suitable place to buy here abouts they have gone over toward Geneva and rented a house. Too bad to lose desirable citizens from our community.

The Fitts-Barnes home on Sanford Ave has a beautiful bignonia or flame flower in a glorious bower of bloom nearly covering the south side of the house.

The Zernovean's new bungalow on Beardall Ave has assumed a very attractive appearance with its white paint, red trimmings, and green roof.

The Chamberlain home and garage have received their annual coat of paint.

The Tropical Produce Co., has built several barns and tenant houses on South Beardall ave. We noticed 4 double houses and 1 smaller house. All were occupied by colored people.

Among those cutting celery this week or next are Louis Kinard, Will Prevatt, Al Chorpeneing, Clarence Flowers, Moses Jackson, W. W. Miller, Christ Bucurel, J. F. McClelland, G. C. Chamberlain, Joe Cameron and tenants. Both the golden celery and a new variety of green celery are being harvested.

OVIEDO

Miss Nell King and Mrs. A. K. Crawford entertained the C. and B. club on Thursday afternoon. About fourteen members were present to enjoy the hospitality of these charming hostesses. A delightful salad course was served followed by hot chocolate and cake. Mrs. Crawford and Miss King were assisted by their mother Mrs. M. M. King and their sister Mrs. Z. Spinks of Leesburg who spent last week in Oviedo.

On Friday evening the Woman's Club entertained at a weighing party at the Club house. Each guest was weighed at the door and asked to pay one third of a cent for each pound weighed, the proceeds to be used in paying insurance on the Club House. Music, contests and games were provided for the amusement of the guests and ice cream and cakes served. Altho the weather was not very favorable during the day there was quite a crowd out and about \$19.00 was realized.

Mr. and Mrs. E. A. Farnell, Alton Farnell and Mrs. W. R. Luther spent Tuesday in Sanford.

On Sunday evening at the Methodist church Mrs. W. R. McDuffie of Orlando addressed the Young People of the Christian Endeavor Society on the subject of missions. Mrs. McDuffie was accompanied by Mr. Grubbs, Mr. Brundage, Mrs. Grisham and Mr. McClain. Mr. Grubbs sang a beautiful solo and Mrs. McDuffie made a very strong and interesting talk. Having spent several years in Africa as a missionary, Mrs. McDuffie was able to give some personal experiences which were as convincing as they were interesting and those who heard her felt more than repaid for braving the weather.

Mrs. W. B. Williams and children of Sanford are visiting the family of S. W. Swope this week. The Williams family formerly lived in Oviedo and their many friends welcome them back with great pleasure and hope they will again become residents of Oviedo. Mr. Williams has charge of much of the drainage work to be done in the county this year.

Dr. and Mrs. Hopkins of Arkansas are visiting the families of Mrs. J. M. Clark and B. G. Smith this month.

Mr. and Mrs. S. Murphy spent Tuesday afternoon in Sanford.

O. P. Swope and W. N. Blackwood were also visitors to Sanford Tuesday.

Mrs. M. U. Conolley, Miss May Conolly and Lee Conolly of Valdo ta

Ga., spent the week end with Mrs. J. D. Jancz last week.

Eminett M. Ca., wife is new in the Insurance business at Lakeland visited his parents Sunday.

Mr. Snipes and family of Tupelo Miss., have rented the Blackwood place on the Lake Charm road and will probably be permanent settlers of Oviedo.

Capt. Argo returned Monday from Fernandina where he has been spending several weeks with his daughter Mrs. Polhill.

F. L. Cushing returned Thursday from Jacksonville very much improved in health.

Mr. Speich of Washington is a guests at the Oviedo hotel.

Mr. and Mrs. L. H. Gore and family spent Tuesday in Oakland. Dr. Carter of Lake Charm spent Wednesday in Orlando.

W. N. Blackwood returned to Orlando Wednesday.

LONGWOOD PICK-UPS

The ladies of the Civic League held their regular monthly meeting Tuesday afternoon. It was voted that they start a building fund and 20 dollars was donated as a beginning.

Miss Lois Naughe of Tuscaloosa, Ala., spent the week end with Miss Olive Dinkel.

Mrs. Will Satcher and baby daughter are the guests of Mr. and Mrs. C. W. Entzinger.

Fred Grist was transacting business in Oviedo on Monday.

Miss Lillian Shelton who has been the guest of Mr. and Mrs. F. J. Neimyer for the past week left Friday for Orlando where she will remain until after the fair.

Mr. and Mrs. Saulsburg were the guests of Mr. and Mrs. J. M. Waits on Sunday.

The community ring will be held every other Friday evening at the library.

Mr. and Mrs. J. S. Dinkel entertained with five hundred at their home Friday evening. The guests were Mr. and Mrs. Hardy, Mr. and Mrs. Schuman and Miss Edith Schuman.

The Longwood hotel purchased by Mr. Waring of Orlando is now open for the rest of the season.

UPSALA AND GRAPEVILLE

Jesse Thompson and his little daughter, Corrine have been ailing this past week, but are better now.

Mrs. Campbell and children spent Tuesday with Mrs. Volie Williams.

Mrs. Nettles, the nurse, an old friend of Mrs. Williams since her girl days, left for her home in Orlando, much to their regret, last Sunday.

Mrs. Barney Beck and Mrs. Hodgins of Sanford were callers at the home of Mrs. Clark.

Jesse Lee was a caller at the home of his uncle, Jesse Thompson, Sunday.

J. E. Lundquist is still quite ill, we are sorry to hear. Dr. Denton is attending him and has had a number of professional calls this way of late. Glad to have our mail man, Mr. Thornton back at work again after an absence of over a week with the flu.

We were disappointed at the bad storm last Sunday as it prevented Rev. Brower from coming out for service as he generally comes on his wheel. Not many would care to come this distance in the heat of weather. We will hope for better weather next time; "Some days must be dark and dreary" even in Florida.

Rev. Brownlee of Sanford was a caller in our midst last week hunting up church statistics of the different ones here. He stated as his belief that the stranger churches ought to lend a helping hand to the weaker and out stations such as ours, that they would be glad to be of service to us in any way they could. He will preach for us next Sunday at 3:00, so lets all be there.

Volie Williams and his father, C. M. Williams took a trip to Americus Georgia last Friday, going and returning by auto.

GENEVA

Mr. Connell of Wiersdale is the guest of Mr. and Mrs. J. A. Ledan this week.

Miss Emma Eichnor is visiting friends at Bridge end.

Miss Elizabeth Stones and Mr. Ross Franklin motored to Daytona Sunday to see Miss Stone's mother who is spending a while there with her son Mr. Fred Stones and family. Dr. Puleston was a visitor in Geneva last Saturday, it is needless to say his friends were glad to see him.

Mrs. C. A. Raulerson is the guest

of Mrs. Harley, at Tampa this week.

Mr. and Mrs. F. W. Libby and Mrs. W. A. Whitcomb were shopping in Sanford last Saturday.

Mrs. H. H. Pattishall and Mrs. J. G. Adams attended the Woman's Club meeting last Wednesday at Sanford.

Mr. and Mrs. L. P. Daniels and baby are visiting Mr. and Mrs. W. J. Daniels.

Mr. and Mrs. W. J. Tillis and Mr. and Mrs. Roy Tillis of Sanford were Geneva visitors one day last week.

Mr. J. W. Smith and daughter Miss Catherine Smith of Blomington Ill. are the guests of Mr. and Mrs. Porter Wakefield.

Miss Kathryn Flynt and Mr. William Kilbee visited Miss Ethel Collins at Chuluota last Sunday.

Mrs. Harry Rivers and children from South Carolina arrived last week for a visit with Mrs. J. N. Prevatt.

Miss Edna Geiger of Orlando

spent the week end with home folks.

Quarterly meeting was held last Saturday and Sunday at the M. E. Church here, Rev. S. W. Walker preaching the sermon Saturday morning, after which dinner was served on the grounds. Visitors were Rev. and Mrs. S. W. Walker and Mrs. Claude Herndon and son of Sanford, Rev. L. A. Wright also brought his wife and children over from Oviedo. On Sunday morning Dr. Hilburn, our beloved Presiding Elder, addressed a large congregation, the choir rendered special music.

Miss Helen Moran entertained a few of her friends at dinner in honor of Miss Clara Harrison last Tuesday. Later in the evening when about eighteen more arrived, Miss Clara received the surprise of her life, it being her birthday. The evening was spent in games and music and merriment in general. Refreshments consisted of sandwiches, hot chocolate with marshmallows and home made cake.

CITY COMMISSIONERS HOLD MEETING

Sanford, Fla. January 5, 1920. The City Commissioners met in adjourned session and were called to order at eight o'clock by H. R. Stevens Mayor.

Those present H. R. Stevens, C. E. Henry, and S. O. Chase. Absent none.

Minutes of last meeting read and approved.

Communication from City Manager Abbott regarding request of certain parties to have Commercial Street opened west from Rail Road across Atlantic Coast Line tracks, was read and referred to City Atty. for investigation.

Communication from City Atty. regarding bills presented at last meeting from old City Government Employees and advising that it would be unlawful for the City Commission to pay either of these bills in full, and suggesting that if there are any unpaid amounts due these claimants for work done prior to January 6th, 1920 that they should be paid, and recommending that the City Clerk advise each of these men that they file their bill for such portion of the months work as has not been paid for, and that this then be paid. It was moved and seconded and duly carried that the Clerk carry out the suggestions of City Attorney.

The following was read: Ordinance No. 5.

On motion of S. O. Chase and seconded by C. E. Henry this Ordinance was duly passed. It was moved and seconded that the requirement of a second reading be dispensed with and same was carried by unanimous vote of the Commission.

The following Ordinance was read: Ordinance No. 6.

On motion of S. O. Chase and seconded by C. E. Henry this Ordinance was duly passed. It was moved and seconded that the requirements of a second reading be dispensed with, and same was carried by unanimous vote of the Commission.

The following Warrants were read and the Commission approved and authorized the Auditor and Clerk to draw Vouchers covering the same.

Commissioners approved the salaries of all new Officers and Employees for one month from date of entering upon their duties to correspond ing date in February 1:20.

The following Ordinance was read: Ordinance No. 7.

On motion of S. O. Chase and seconded that the requirement of a second reading be dispensed with and same was unanimously carried.

Report of the City Management was read and ordered filed.

The Building Committee reported in the case of B. W. Smith for permit to make addition to Garage cor. 1st Street and Oak Ave. would be a violation of Ordinance and can not be granted.

It was moved and seconded that the City Attorney be authorized to dismiss the Case of the City vs.

Ford

THE UNIVERSAL CAR

The Ford Model T One Ton Truck with its manganese bronze worm-drive is really a necessity for the farmer because it solves his problem of economic transportation from the farm to the city. And in farm work alone, it will be found a great money saver as well as a big labor saver. Has all the merits of the Ford car multiplied by greater capacity with greater strength. No extra cost in operation. We'd like to talk it over with every farmer. Bring your Ford car to us for necessary repairs and thus get the genuine Ford parts and reliable Ford workmanship.

C. F. WILLIAMS, Agent
EDWARD HIGGINS, Salesman

The Bell Telephone Co. Same was duly passed.

Moved and seconded that the city Attorney be authorized to dismiss all the city Tax Cases now pending in the Circuit Court where the full amount has been paid into the City Treasury according to report of City Manager January 23rd, 1920. This motion was duly carried.

It was moved, upon the City Attorney's recommendation that the City Attorney be authorized to have all city tax cases now pending, dismissed without prejudice and that the city tax Certificates upon which these Suits are based be delivered to the Clerk of the Circuit Court in accordance with the present City Charter as assets of the City.

Motion was duly seconded and passed by unanimous vote.

It was moved by C. E. Henry and seconded by S. O. Chase that the matter of Bulk Head Assessment be referred to the City Attorney for action.

Same was duly carried. There being no further business meeting adjourned.

H. R. STEVENS, Mayor.

Attest:

L. A. Phillips, Auditor & Clerk.

FATHER FINDS SON

Daredevil Owens Was Lucky After All. If "Daredevil" Fred Owens had not had half his foot sliced off recently,

while attempting to transfer from one airplane to another over Plant Field, he and his father might never have got in touch with each other. Frank Owens, his father, of Ayers Village, Haverhill, Mass., had lost all tracks of his aviator son for the past four years, until the other day he saw in a newspaper an account of this remarkable accident. He wrote the Tampa chief of police asking for Fred Owens' address. The latter has been informed of the lotter and will write his father.—Tampa Tribune.

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Guaranteed by The American Tobacco Co.

GUIDE POSTS NOW SHOW WAY AT INTERSECTING STREETS OF THIS CITY

5 New Posts On First Street Installed WILL BE GREAT HELP

TO LOCAL DRIVERS AND THOSE WHO ARE TRAVELING THROUGH THE STATE

There will be no excuse for any drivers of vehicles turning the corners in the wrong manner in this city after all the guide posts are erected on First street. There will be posts placed at corners of Sanford, Palmetto Magnolia, Park and Oak on First street which will practically take care of all the heavy traffic of the city and these new posts should eliminate any chance for accidents on the crowded street and corners. The new posts contain a lighted lamp at the top and have the street names in readable letters on the post telling the drivers the names of the intersecting streets and also admonishing them to keep the right in turning the corners.

There is only one omission in the sign posts that would have saved the travellers asking questions and that is to put on the tops of the Park and Magnolia posts the words, "Dixie Highway" since so many of those passing through are travelling the Dixie Highway. This can be remedied by painting a broad band of green and white on all of the posts on First street pointing the directions in and out of the city which is done in many of the cities along the Dixie Highway and the posts are a great convenience assisting the travellers to pass in and out of the city while keeping moving as the green and white bands can easily be seen in daylight.

Every aid to the traveller is just as important as keeping the local drivers in line and with all the travel now coming to Florida we should make their travel and their directions as simple as possible and look after them as much as possible. The new guide posts are an example of the up to date methods adopted by the new commissioners and the city manager and are well worth the money it costs to install them.

Friends of the Miller family will regret to hear that Theodora was taken to Jacksonville Monday night, suffering again from the arm that was broken over a year ago. It is thought that another operation will be necessary.

WILL FIGHT THE FULL CAR ORDER

Railroads Order 432 Boxes of Fruit To Car Again

Both the Seaboard and the Coast Line have received instructions from Atlanta, which it seems are mandatory to return to the system of loading citrus cars with 432 boxes of fruit.

Some time ago such an order was issued but later modified, being put in the form of a request later, about a week ago. Now it comes from Regional Director Winchell in the mandatory form as follows:

"In view of the present critical refrigerator situation in Florida please reinstate instructions to load citrus fruit to minimum of 432 boxes per standard refrigerator. These instructions effective until emergency is past."

The Florida Citrus Exchange will refuse to obey the orders, said Gen. Man. C. E. Stewart this afternoon.

It has wired Regional Director Winchell that it will continue to tender cars loaded to 369 crates and no more and will fight the matter out in the courts if necessary.

"We don't believe this order necessary or that this shortage is a real one", said Stewart this afternoon. "We shall fight it."—Tampa Times.

First Orlando Cabbage Moved

Orlando, Fla., Feb. 6.—Initial shipments of the 1920 season cabbage left the Orlando section late last week. The movement included about four car loads routed over the S. A. L. It is understood that the stock is destined for Pittsburg and the Chicago markets, and the most of it was bought for here in a range of \$2 at 2.25 a hamper. These figures are considerably higher than early contract prices with the growers, as some early sales are said to have been made by growers around \$1.10 at \$1.25 a hamper in the field. The acreage in cabbage in this section is given as less than 30 and most of it will be moved in about three weeks.

Middle Class Girl Spoiled

London, Feb. 9.—The present-day middle-class girl has been spoiled, she is lazy, restless, pleasure-seeking and egotistical, has a better time than any other woman in the world, but she is never satisfied", accuses a woman writing to the London Daily News over the signature "Victorian".

"The young married woman of today appears to think that she is the only woman who has ever had any domestic difficulties, or had to do any work", she writes. "The fact is of course, that she has a far easier time than women had in my day.

"In those days we didn't grumble, or look upon ourselves as victims. We didn't talk about any revolt of housewives, or worry our husbands to death with demands for a better time. We worked hard and cheerfully, did without luxuries and expensive holidays, and brought up large families without considering ourselves martyrs.

"The trouble is that the present-day middle-class girl is 'spoilt'. Usually, she dislikes children, and resents having to give up any time looking after them. She would rather play bridge than hear a child's prayers. "The more I see of the young married women of today, and the more I hear of her constant grumbling, the more proud I am of being an old Victorian".

Walter S. McLin of Tallahassee was in the city today seeing his many old friends and making new ones in his candidacy for the position of State Treasurer. Walter is an old Lake county boy who has been in the state capitol for many years and who knows the state and her needs.

WILL WRITE UP SANFORD FARMING

REPRESENTATIVE OF COUNTY GENTLEMAN HERE TO LOOK OVER THE SANFORD SECTION

The Sanford section will soon have a fine descriptive article in the County Gentleman, one of the Curtis publications that has a nation wide circulation. Benjamin W. Douglass one of the best known writers on horticultural subjects in the county and for many years a writer of many magazine articles for the Country Gentleman and other magazines has been here for several days gathering materials for the story. His descriptive article of the growing of winter vegetables will appear in a later issue of the Country Gentleman and will be read with interest by the people of Florida and other states.

The County Gentleman is sending Mr. Douglass through Georgia and Florida for the gathering of materials for the story of the farming operations in the south.

While here he was accompanied by R. S. Prosser the assistant agricultural and industrial agent of the Atlantic Coast Line Railway and these gentlemen expect to visit practically every county in the state where fruits and vegetables are grown and also those counties that are engaged in general farming.

"There write ups of the state of Florida should do much toward turning the attention of the people of America and of Canada and of foreign countries toward this state and as only real facts and figures will be given the articles will have a value second to none that have ever been prepared.

POTATO GROWERS ALL RIGHT

Hastings Able To Save Large Part of Planting

A meeting of a large number of the potato growers of the Hastings section was held yesterday morning in Hastings to discuss the potato situation and the reports brought in by various growers it was unanimously decided that the loss would not be over 20 per cent. from the recent heavy floods which inundated the fields. Ideal weather conditions following the rains is held responsible for the comparatively small losses which will be sustained.

Work has already been started by many of the growers putting a deep narrow furrow between the rows. This is for the purpose of drawing all the water possible away from the seed. The following day this furrow is widened out, giving plenty of surfacing for drying. Those who started this as soon as the water was off their fields believe that they have saved all of their seed.

Last Monday, when it became that there would be serious damage J. F. Boaz, manager for the Dutton interests at Hastings ordered 15,000 bags of seed potatoes for the growers. It is hardly probable that these will be needed, but Mr. Boaz said his firm did not wish to take any chances. Other firms are also understood to have ordered seed.

The only serious losses will result from the fields that are still under water, although some of the growers con-

FARMERS WILL NOT JOIN LABOR

IN CAMPAIGN MAPPED OUT LEADER SAYS INTERESTS NOT IDENTICAL

Washington, Feb. 10.—Farm organizations will not join the American Federation of Labor in its non-partisan campaign this year to elect only friends of the trades union movement, according to T. C. Atkeson, representative of the National Grange, which has 7000,000 members. Mr. Atkeson said today that his organization had decided not to support organized labor's political activities and added that representatives of various farmers' organizations recently met here and found a platform of principles, but decided that individual members would be allowed to exercise the right of personal preference in voting.

The program has been sent to every member of congress. Mr. Atkeson said, and it may be expected that farmers will observe the attitude of legislators on bills affecting their interests.

"We decided," Dr. Atkeson said, "that interest of the farmers and the labor members were not similar, but were, in fact, diametrical in some instances. The laborer wants shorter hours and higher pay, which means higher prices to the consumer. A similar attitude on the part of the farmers would mean curtailment of production of food until the people were so hungry they would pay exorbitant prices rather than starve. Instead it is our policy to curb prices and to stimulate production so that normal conditions may be restored."

Seventeen-Year-Old Jacksonville Girl Is An Admitted Bigamist

Jacksonville, Feb. 5.—Lucille Howard Chitwood-Monroe, seventeen years old, this morning pleaded guilty to a charge of bigamy before a local justice of the peace and was held in jail of \$500, while Joe Monroe, who married her a few days ago and pleaded not guilty to a similar charge, also was held by the court.

The girl's mother created a sensation on one of the principal business streets here yesterday when she held Monroe at pistol point until an officer arrived and demanded Monroe's arrest.

H. S. Rogers and H. E. Cornell of Winter Haven purchased through the Rupert Smith real estate agency, the fine buidling grove of Dr. R. L. Cline, two and one half miles west of Arcadia. This grove consists of twenty-six acres in grove and is about three-fourth of valencia and pineapple oranges bearing. It is one of the finest groves in this section and always has been a good income producer. It is understood that something in the neighborhood of \$40,000 was paid, including this year's crop.

tend that unless the weather gets warm these will not be injured unless the water stays on more than a week. It may be necessary in some instances to refertilizer, as the dirt and fertilizer has washed completely from around the seed leaving them standing out on the ground, and in some instances they have already sprouted.—Palatka News.

RALPH WIGHT MADE TRIP Accompanied Lieut. Lowell To Daytona Beach Friday

Ralph Wight made the trip to Daytona Beach Friday in the aeroplane with Lieut. Lowell of the Dixie Aerial Service when the Sanford celery was taken to the Clarendon Inn at Seebreeze. Ralph said this morning that it was one of the finest trips he had ever taken and that after leaving the landing field here they rose to about 5000 feet in a few minutes and they could see the ocean. Lieut. Lowell then struck across the country and they landed on the beach in about thirty minutes after leaving here. The country was flooded between here and the beach and the aviators said they had never seen so much water in the country. It seemed like an inland lake all the way over. After landing the celery they took on some gas and oil and started back and Ralph said after getting their altitude old Lake Monroe was plainly visible in a few minutes and they made the return in thirty minutes (at landing here shortly after six o'clock. This trip will prove very popular especially

after the warmer weather comes on although if the weather clears it is very pleasant even now especially when you are well wrapped in the leather jackets and protected by aviator's clothing. The shipping of Sanford celery by aeroplane has proved to be a big sensation in the state and will give this section much advertising and will open up new fields in the shipping line.

Donegan Trial Postponed
Kissimmee, Feb. 6.—Although on the docket for the spring term of federal court here beginning Monday, Auertner E. Donegan, A. W. Gustus and Paul K. Weaver, officers of the defunct St. Cloud bank, charged with misapplication of bank funds and embezzlement, will not be tried at the session, United States Attorney Herbert S. Phillips stated last night.
Mr. Phillips stated that Judge Shepherd will be here only for a limited time, indicating that the term might be cut short and resumed later when Judge Call returns to the district.

Semper Viva or the Rose of Jericho. Mentioned by Isaiah in the Bible

The SEMPER VIVA (Resurrection Plant) is one of the most marvelous, interesting and mystifying plants. The shrubby rounded ball of tightly curled-up leaflets, dry and apparently dead will live for countless years after being planted or watered. It may be handed down from family to family for generations. It is extremely rare, and once in a family, may stay for generations. It is said to have been discovered by the Crusaders on one of their expeditions to recover the Holy Land, and that it was touched by the Virgin Mary on her flight into Egypt, which touch perhaps gave the plant everlasting life.

Under Act of March 3rd, 1879

Office: Herald Building Telephone No. 81

No longer can we say that nothing
is sure but death and taxes. Agitation
discounts them all.

Don't discard your sunny disposition,
sister, Sour milk never attracts
the honey bee—oh boy.

If the wage increase continues,
business men will soon be throwing
up the sponge and looking for Tat
jobs.

In large cities scrub women are
receiving \$3 and \$4 a day. Ministers
and college professors receive nearly
as much.

The war, they tell us, is responsible
for the decrease in the birth
rate. But now that the war is over
we have hopes.

We are having one gay old time
in the U. S. just now. Everybody
wants to scrap and nobody wants to
be converted into scrap.

If, as we are told, "the wages of
sin is death," it is a long time over-
taking some of the hardened old
reprobates of this world.

"When should a girl kiss?" in-
quires a demure damsel. That de-
pends upon the nature of the animal
and the mood, we imagine.

Old H. C. L. is in a quandry. He
has climbed to the top of the ladder
and is now casting around for the
means of adding another rung or
two.

They insist on telling us that we
Americans are a dying race. It may
be true, brother, it may be true, but
the size of our grocery bill says no,
no, no!

The toughest slam yet at a re-
turned soldier was when a Chicago
woman, answering a divorce suit,
couldn't remember whether or not
he had kissed her.

Attorney General Palmer warns
us of impending industrial disaster
in the United States. Quite superfluous
Mr. Palmer. The whole country
understands the situation and ap-
parently doesn't care a rap. Only a
collapsed stomach will wake this
nation up.

If, as they claim, that Indiana
healer can effect radical cures by the
simple process of the laying on of
hands, we suggest that he give im-
mediate attention to our crop of
grasping profiteers. They can all
stand a liberal application from both
hands.

Why, indeed, should our great
and good friend Carranza refund
the money Americans pay to ransom
their consular agents and other
citizens? Every dollar the outlaws
thus gain is just so much added to
the wealth of our dear sister repub-
lic. It's great scheme—for Mexico.

The soviet government of Russia
has decreed that all illiterate persons
between the ages of 17 and 50 must
learn to read and write within six
months, failing which they will be
deprived of their work and will be
placed in a "lower food category."
This, it would seem, is reaching the
point of the refinement of cruelty.

There are 60,000 Reds listed in
the United States, all individually,
collectively, solidly and eternally
against the government. As a thrifty
means of busting up this nest of
baskets we suggest that they be
collected together, parceled out to
our farmers, and compelled to till
the soil for the benefit of those who
believe in law, order and American
institutions. This should be done
under court sentence, in the form of
punishment, and no wage should be
paid them. It would break up this
organization of traitors to the mouth
that feeds them, and might eventu-
ally make decent citizens of a few of
them.

THE CENTER OF POPULATION
OF THE U. S.

One thing which the census now
being taken is expected to settle, al-
though it cannot be known for several
months yet, is the location of the center
of population of the United States. It
was first calculated in 1790 and found
found to be about three miles west of

Baltimore. In the next 10 years it
moved 40 miles to the west. It con-
tinued to move west and by 1860 had
reached Ohio. Since then it has been
moving slowly across Indiana. In 1900
years it has travelled to the west some-
thing like 600 miles. There is con-
siderable curiosity to know if it is still
going west. Undoubtedly the west
has been growing rapidly during the
last 10 years, especially in the cities,
but so has the east and all the great
region between Indiana and the At-
lantic seaboard.

The South had been growing also and
it would not be surprising if the center
of population should be found to have
veered a little more to the south. It
must be remembered, however, that
a great many negroes removed from
the south during the war, attracted
by the prospect of high wages in the
munition plants and other war activities
in the north. Many of them have
returned, how many nobody knows,
but the census will give some inkling.
In 1910 the center of population was
in the city of Bloomington, Ind. It
has been in Indiana since 1890. In
1880 it was about eight miles south-
west of Cincinnati.

OPEN UP YOUR HOUSE

The people are flocking to Sanford
in great numbers as they have
learned that this city will look after
them while, here. They have also
learned that Sanford will open two
new hotels soon. Meantime if you
have a furnished room at your house
rent it out to the visitors. They are
willing to pay you well for it and
Sanford is not charging the exorbi-
tant rates that some of the tourist
towns are charging. We believe in
making our visitors feel at home.

WHEN THE WORM TURNS

The big corporations, the banks,
and the new breed of war millionaires
are entrenched behind their dollars
and their greed and can see nothing
but their own pleasure and their own
will. Their towering ambition is
greater wealth and power. The labor
unions, long suffering from capitalistic
rapacity, have assumed gigantic pro-
portions where by the nod of one man
they are able to paralyze the industry
of the country, throw hundreds of
thousands of people out of employment,
and bring others to sickness, starvation
and the grave. Their power has gone
to their heads.

The two classes combined represent
the masses of the human family. They
practically donate everything to the exclusion
of all other classes. The farmers, the
doctors, lawyers, merchants, editors,
preachers, and millions of others are
at their mercy and gasping under the
capitalistic and labor heels—because they
are not organized. They represent the
great majority of the population, and
yet they are dominated by the small
minority. But the worm will endure
just so much torment, and then it will
turn. And this is equally true of the
worms of the human family.

In Russia the aristocrats plundered
the peasants until human nature could
stand no more. Then the peasants
arose in their might and tore the aristoc-
rats asunder. Russia is a bolshevistic
hell as a result of this misuse of power.
Washington should remove its smoked
glasses, take a look around, and note
conditions as they exist. Some day
the American worm may turn. It may
tire of the capitalistic plundering
and the wretchedness of the labor lash.

The the financier with a billion in
his fist will look no better than the
labor dictator with a lash in his hand.
And neither will look good at all. Even
in America the classes are not immune
from the wrath of the masses—when
desperation points the way.

GOD GIVE US MEN

A time like this demands true faith,
great hearts, strong wills, and ready
hands, men whom the lust for office
cannot kill, men whom the spoils of
office cannot buy, men who have con-
science and a will, men who will not
lie, men who can stand before a dema-
gogue and scorn his treacherous flatter-
ers without winking, tall men, sun-
crowned, who live above the fog in
public duty and private thinking.

WHY TELL A LIE

Why must people go through life
living and telling a perpetual lie?
Why not tell the truth? For instance:
If your neighbor is lazy, and his wife
earns the living, and his children are
hungry and half clothed, why not tell
him so? If you think the public officials
are inefficient, and gratifying, and
misrepresenting their constituents,
why not tell them so? If Mrs. So and
So ambles along the street exposing
a yard or so of her leg, why not stop her
and tell her so? If Miss Parsons has
her face smeared with powder, why
wait for the wind to blow it off? Why
not tell her she is a freak? If you have
been making love to your stenographer,
and your wife suspects you, why lie
about it? Why not tell the truth
If you want your friend to endorse your
note, and you know you can never
pay, why not tell him so?

If Miss Dimples looks like a scare-
crow, and you want to marry her for
her money, why tell her she is a sylph,

and an angel, and all of that rot?
What's the matter with the truth?
If you are selling a spavined old horse,
and you know it will fall to pieces before
the purchaser can lead it home, why
not tell him so? If you owe the grocer,
and the butcher, and the editor, and
you never expect to pay them, why
not tell them so when you place your
next order? If you drop a nickel in
the collection box, and you expect
your generosity to boost you into
choice seat in heaven, why hide your
light under the cloak of modesty? Why
not get up and tell the congregation so?
What's the use of living or telling a
lie, any way? Isn't the truth good
enough? Try it!

A CHECK TO LAWLESSNESS

Much trouble has been brewing in
good old Polk county during recent
months, firstly in the phosphate fields
and secondly, the inauguration
of a lawless campaign of fence
cutting by a native livestock owning
element resenting the fencing up
and improving of privately owned
range land, which was brought to a
head one night last week by the
killing of three of the desperadoes
and the capture of a fourth by two
Polk county deputies. Fortunately
and almost miraculously neither of
the two officers were injured in the
very unequal fight in the moon-
light. This is merely a repetition of
well known livestock history, being
the last stand of the backward and
unprogressive open-ranger in his
endeavor to block the progress of
uplifting, enterprising and progress-
ive agriculture in its desire to
place livestock farming on a higher
level.

There is but one way to complet-
ely eliminate this unrest and lawless-
ness in Polk county and insure the
future public peace, the solution is
indeed: Let a strong
committee of brave resident progress-
ives draw up a Polk County, No-
fence Resolution, circulate the peti-
tion and when the required legal
number of signatures are obtained,
demand that the county commis-
sioners call a county no-fence
election.

There is no doubt that when prop-
erly organized and mobilized the
Polk county progressives could easily
annihilate and completely eradicate
at the polls all the forces the "open-
rangers" could bring forward. Every
progressive Polk county livestock
raiser, trucker, horticulturist, farmer,
merchant, lawyer, preacher and
banker would support this issue.
Every auto owner and driver in
this county should willingly work
for this measure as a means of
greatly lowering collision risks on
the public highways, as many a car
has been wrecked and some human
lives lost by running down cattle
and hogs at large on the highways.

Every public and private institu-
tion would work for a county no-
fence issue, we are quite sure
that the railways would be quite
willing to defray the total expenses
of the campaign, if they were under
private operation and owner-ship,
they being very glad to charge this
item against their annual Polk
county livestock claim (no small
item, indeed, in the aggregate.) As
a natural sequence a county no-
fence law would immediately lead to
the rapid and complete eradication
of the cattle-tick and Texas
of splenic fever of cattle, and to some-
what less degree the ready control
of hog cholera.

Even those livestock owners, at
present possessing only a hind-
sight and opposing this issue with
tooth and nail, would soon see the
light of day through their bitter ex-
perience in trying to make both ends
meet using intensive livestock meth-
ods on "piney-woods-wire grass-
cattle" and "razor-back" hogs. To
survive they would be forced to re-
place their scrubs with good pure-
blooded stock, at which time they
would forever bless the day when
the Polk county no-fence law was
passed.

Again the ever menacing and de-
stroying forest-fire evil would be
largely eliminated by the passing
and enforcing of a county no-fence
law, and nature would be allowed
and not impeded in the building up
of soil fertility through the addition
of humus; even for the same reason
our bird life would be protected and
conserved, through the avoidance
of destruction of nests and young
birds by fire.—Florida Grower.

Hungarian Monarchy

Berlin, Feb. 9.—Martin Lovassy,
Hungarian Foreign Minister, is
quoted in an interview with the New
Journal of Vienna as saying:
"We are striving after the restora-
tion of the Hungarian Monarchy.
The Entente, however, is strenuously
opposing the return of the Haps-
burgs is in complete accord with
the Hungarian nation, which will
have nothing more to do with the
Hapsburgs."

Her Cordial Indorsement.

Eiva was left alone with grandma
for the day. An aunt, upon her return,
said, "Did you have a nice day, Eiva?"
"O, yes," she replied. "I had a fine day
—grandma just minded me perfectly."

Brotherhood of Train-
men Insist on
Answer
VOTE BEING TAKEN

IF SETTLEMENT CANNOT BE
MADE THOUSANDS MAY
WALK OUT

Washington, Feb. 11.—Wage ne-
gotiations with the railroad employ-
ees by Director General Hines reached
a critical stage today and in so
far as the brotherhood of railway
trainmen is concerned a strike loomed
up unless satisfactorily settled.
W. G. Lee, president of the union,
has served notice on Mr. Hines that
his men are "very insistent and must
have a definite answer soon. To this
Mr. Hines replied that no statement
of position could be made until he
had again talked with the whole
body of labor representatives.

Mr. Hines made a tentative ap-
pointment with Mr. Lee for late to-
day to consider the trainmen's de-
mands. Officials understand that a
strike vote is being taken by the
trainmen. It is admitted that Mr.
Lee had informed the director gen-
eral on Jan. 23 of the union's inten-
tion to invalidate its wage agreement
in the prescribed 30 days' notice. On
that basis, it was presumed he re-
quired an answer to the reiterated
wage grievances Feb. 23, less than a
week in advance of the road's return
to private ownership. Mr. Lee has
the aggressive support of other train-
operative unions. Most of those at-
tending the conference here, however,
would say nothing regarding a
sympathetic strike. It was said, how-
ever, that union leaders decided to
hear Director General Hines before
making any declaration. The strike
ordered by the brotherhood of main-
tenance of way employes, has created
a situation which officials regarded
as critical.

Mother's Cook Book

Character is the result of the cultiva-
tion of the highest and noblest qualities
in human nature, and putting those qual-
ities to practical use.—Ella Wheeler Wil-
cox.

Luncheon Dishes.
When you can't think of anything
new for luncheon try

Sardines on Toast.
Put the sardines in a hot frying pan
or griddle and heat through. Place
them on hot, lightly buttered toast
and serve with raw onion chopped
fine. The onion may be put in lettuce
leaves and arranged around the plate.
This dish will be found especially good
for those whose appetites are jaded
by the heavy food of winter.

A pretty and good dessert is steamed
rice surrounded by halves of canned
pears with half a pecan meat in each
center, with a syrup made of the pear
juice with lemon and Canton ginger
poured over the pears.

Those who were fortunate enough
to afford a few cans of fresh rasp-
berries, strawberries or currants,
crushed and mixed with equal parts
of sugar, can have many dainty, de-
licious and attractive desserts.

Banana Cream.
Slice three ripe bananas and put
them through a ricer, mix with a cup
of strawberries, which were canned
fresh. Heap in sherbet cups and gar-
nish with whipped cream mixed with
some of the strawberry juice.

Cabbage Salad.
Chop a small head of cabbage and
two good flavored apples, a handful
of rolled peanuts. Shell the fresh
peas and roll them on the bread
board with the rolling pin until like
course crumbs. Serve with any de-
sired dressing.

Sweetbread Salad.
Parboil in acidulated water a pair
of sweetbreads, drain and lay for a
few minutes in cold water. Dry well
and mix with equal parts of finely cut
celery, cut the sweetbreads in small
bits, add a few walnuts and serve
with mayonnaise dressing. A good
substitute for mayonnaise may be
made using corn oil.

Orange Marmalade Sauce.
Take three fourths cupful of orange
marmalade, one-half cupful of sugar,
one-fourth cupful of water, boil five
minutes, then chill. This sauce is de-
licious on ice cream.

Nellie Maxwell

Green Parts of Potatoes
Contain Solanin, Poison

Several cases of poisoning, from
potatoes, the most recent being in
Leipzig, have been reported. Perhaps
it is not generally known that the
green parts of potatoes contain a
poison called solanin, 0.2 grammes of
which is sufficient to produce bad re-
sults. There is always a minute quan-
tity of this solanin in potatoes, but
when these are mature never enough
to do harm, unless they have sprouted
and the sprouts have not been re-
moved before cooking.

"There's a good
Farmer!"

DEVOE Lead and Zinc Paint
The Guaranteed
Faster Gallons—Wears Longer

Of course, any paint you put on
is better than no paint. But for
long and satisfactory service we
always recommend Devoe Lead
and Zinc Paint because we can
guarantee it to be absolutely
pure—no lead, no white, no silica, or
any other worthless adulterants. That's
why Devoe paint goes so much farther and
lasts so much longer than ordinary paint.
Come in and let us show you why it's real
economy for you to paint Devoe paint now.
Ask for free booklet on painting—"Keep
Appearances Up and Expenses Down."

Ford THE UNIVERSAL CAR
The Ford Sedan, with electric self-starting
and lighting system and demountable rims with
3 1/2-inch tires front and rear, for every day in
the year has no equal as a family car. Just as
popular on the farm as it is in the city. In fact,
it fits the family demands in every vocation of
life. Large, roomy seats, finely upholstered, plate
glass windows make it an open car in pleasant
weather, while in rainy and inclement weather
it becomes a closed car, dust-proof and rain-
proof. It is not only comfortable, but really
cozy, and above all, economical in operation
and maintenance, and has all the Ford merits
of strength and durability.

Mr. J. B. Swann a former, well-known resident of Sanford Heights is visiting here after many years absence.

Mrs. H. B. Coney of Sarasota is the guest of her parents Mr. and Mrs. P. M. Elder.

Mr. E. J. Taylor is spending a few days in Jacksonville on business.

J. D. Woodruff has returned to the University at Gainesville after a brief visit with the home folks.

Mr. F. D. Martin and son Robert Martin are the guests of Mrs. S. J. Carnes, and the daughter of the former, Miss Francis Martin.

Mr. and Mrs. Albert Waters and Miss Mary Waters are spending the rest of the winter in Sanford and are comfortably located at the Michigan Nours.

Born to Mr. and Mrs. W. J. Morrison Tuesday, Feb. 10, a fine baby girl.

Keep Accounts. Farming is a business the same as banking or running a mercantile establishment. There are products to be sold and articles to be bought. The keeping of a record of these and determining the relation of the output to the income are important considerations on every farm. The farmer should know what his income is and just how he is disposing of it. He can know this only by keeping books and the first of the new year is the proper time to begin.—Exchange.

Made Record Trip. Capt. Klaus Larson, in his boat for boat Ferro, made a successful trip from the foot of the cataract through the Whirlpool rapids of Niagara fall on September 10, 1910. Despite the battering of the Whirlpool rapids Larson went through safely; the little boat was lost to sight most of the time, but at Great Wave it was shot 20 feet out of the water. Except the old Maid of the Mist, sent through in 1864 to avoid seizure, Larson's is the only engine-propelled craft to have gone through the rapids.

Trolley Ambulance. A Brazilian city uses a trolley car ambulance to transport patients to and from hospitals in its suburbs.

Alienist's Test. It is a common thing for an alienist to demand a specimen of handwriting in order to help him determine whether his patient has delusions, is insane, or is carried away by certain emotions or any abnormality. And there is a reason for this. It has been proved many times that there is a distinct relation between the nerves of the brain and those of the hand, so that a man's writing reflects his mental temperament.

Barcelona Once Great Seaport. Until 1492 Barcelona was the New York of the Mediterranean. Its position in the northeastern coast of Spain, actually at about the same latitude as New York city, relatively to the Mediterranean world what the western city is to Atlantic trade routes. Columbus' voyage was considered a bit of impertinence on the part of the Castilian government to upset the balance of trade in favor of cities in western and southern Spain.

Little Evelyn makes a mistake with her father and mother. Before starting her parents must be understood that she must not speak unless spoken to. All went well at first, but after some time, no notice being taken of her, Eva began to get uneasy. Finally, the hostess, seeing that something was wrong, asked her what she would like next. "I would like to have you begin to ask me questions!" was the polite reply.

Good Way to Clear Land. In the novel method of clearing land adopted by a Minnesota farmer, the underground roots are burned away, freeing the stump above ground for use as firewood. On one side of each stump an excavation is made in the ground, and from this a hole is bored through the roots to a stovepipe set upright in the ground on the other side. When a fire is kindled in the excavation, the draft set up through the roots and the pipe causes the roots to be slowly consumed, until the stump can be burned and left unharmed.

Yellowstone Leads Them All. The Yellowstone national park is the largest and most widely celebrated of our national parks. It is a wooded wilderness of thirty-three hundred square miles. It contains more geysers than are found in the rest of the world together, and has innumerable boiling springs whose steam mingles with the clouds.—National Magazine.

Made His Name Immortal. The endless screw is still called after Archimedes, for he invented it to pump the water from the holds of vessels, and has not been improved upon since. It is a long spiral, the lower extremity running down into the water, and as it is turned the water is lifted, flowing out at the top. It is really a development of this Archimedeal screw, reversed in action, which is seen in the propellers of modern steamships.

Pinked High in Literature. "O. Henry" is a real name was William Sydney Porter, was born at Greensboro, N. C. in 1862. After leaving school he spent a number of years wandering in the southern and southwestern states, and engaged in a varied journalistic career. He finally settled in New York city, where some of his best works were written. For some time he was a fugitive in South America because of financial difficulties in which he became involved. He died June 5, 1910.

H. B. CROWDER

Egg-Eating Snakes. A queer African species of snake, which lives on eggs, has a toothlike spike projecting downward from its backbone, just behind the head, which is tipped with enamel. When it swallows an egg the latter passes down the gullet until it encounters the spike, which breaks the shell. Thus no part of the fluid contents is lost, as would be the case if the snake were obliged to bite the egg with its mouth-fangs.	Gold Bricks. A gold brick, of the kind sold by clever swindlers to "easy marks," is a product of highly skilled workmanship. It is made of copper, alloyed with a little zinc, and is painted with real gold to which some mercury has been added. This gives a very smooth and satisfactory effect; and the mercury being evaporated by heat, a final varnish of "gilding wax" lends an attractive luster.	Vicious Courtship. From the social ideals of China every man is anxious to marry, but no man is permitted to seek a wife for himself. The contract of marriage is always made by a third party, and often a man finds himself bound to an imbecile woman or, conversely, dis- eased wife. These conditions paid the marriage broker a high price to get for a husband.
---	---	--

WHEN you see this famous trade-mark, think a minute! Think of the delicious taste of a slice of fresh toasted bread!

That's the real idea back of the success of Lucky Strike cigarettes. Toasting improves tobacco just as well as bread. And that's a lot.

Try a Lucky Strike cigarette—

It's toasted

Guaranteed by The American Tobacco Co.

No Sir, That's Not a New Tire

It's merely an old tire vulcanized by our thoroughly efficient up-to-date method. Our system of vulcanizing adds thousands of miles to the life of your tire, and improves both its resiliency and ease of riding. Prices for new tires are rapidly advancing; therefore save your used shoes by our scientific vulcanizing.

CONTRACTS ARE AWARDED FOR SEMINOLE COUNTY'S HARD ROADS TO BE BUILT

Noll & Noll and E. E. Langston Successful Bidders

WORK TO START

COUNTY GUARDS WILL BE MUSTERED OUT AND GIVEN EQUIPMENT

The County Commissioners in the regular meeting yesterday opened the bids for the hard roads and Noll and E. E. Langston being the lowest bidders on certain parts of the roads were awarded the contract. The following is the principal items of business transacted at the meeting to be given as soon as they can be arranged by the Clerk's office:

Bids were opened and contracts awarded to Noll & Noll and E. E. Langston for construction of hard surfaced roads the County reserving the right to eliminate certain concrete bridges and pipe culverts to be hereafter determined to an extent sufficient to make the cost of construction come within the available money on hand.

Upon motion of O. P. Swope, seconded by L. P. Hagan and carried that the Clerk be instructed to write a letter to every member of the County Guards advising that the Guard is to be mustered out and that it is the idea of the board each member to have his uniform and all equipment in his possession.

Upon motion of L. P. Hagan and seconded by C. W. Entzinger and carried that Engineer Williams draw plans for a bridge over the Wekiva river after conference with Lake County Engineer.

FARM LABOR HIGH WAGES FOR SEASON

AVERAGE WAGE FOR FARM LABOR FOR U. S. WAS \$3.15 PER DAY

Washington, Feb. 7.—At no time have the wage rates of farm labor been as high in this country as they were in 1918, certainly as far back as 1866, when the first investigation of this subject was made by the Bureau of Crop Estimates, United States Department of Agriculture. Averages for the United States are in mind, and not local rates. For labor hired by the month with board, the average rate was \$39.88, and among the geographic divisions the average was as low as \$30.54 in the South Atlantic and as high as \$62.96 in the Western, including the Mountain and Pacific States. Without board, the average for the United States was \$14.93 in the South Atlantic

All 'Round the State

Chipley is to have another paper from all accounts that the Graceville Advertiser says this will give the town of Chipley two mighty good newspaper men.

A University of Florida general extension division class was organized in Marianna by citizens Tuesday. The first lecture of a series was delivered on this occasion by Dr. C. F. Hodges of the University, who will conduct a community health study class there.

Miami, Fla., Feb. 1.—David Atkins thought to be the man wanted for the murder of C. E. Bell, whose decapitated body was found in Arch creek yesterday, was wounded, probably fatally, early today by Police Lieut. E. J. Sterling near the rillway station. A ten-foot alligator was devouring Bell's body when it was discovered. Injuries and bruises bear out the theory of foul play.

As a result of the heavy rains, causing bad road conditions and making travel very disagreeable generally, delegates to the annual convention of the Florida Automobile Association, which was to have been held in Ocala this week, were unable to reach there. It has been decided to postpone the convention until Tuesday and Wednesday, April 27 and 28. Ocala people were disappointed that the gathering was interfered with.

A new record for the hook and line was set by Rev. W. A. Myers, Methodist presiding elder, Tuesday afternoon at Bullfrog creek, when he caught 120 pounds of fish in less than two hours. Six fine speckled trout weighing about twenty pounds, were among the lot caught by the popular minister. That the minister is some fisherman can be seen from two afternoons of fishing, he landed enough to provide a banquet for his stewards. Wooden minnows are his favorite bait and he likes a steel rod a little heavier than the usual—Tampa Tribune.

Plans are fast shaping up for the annual Seminole Sun Dance to be held in March at West Palm Beach. The University of Florida Band has been engaged for the week, also two other bands. Among the features will be fireworks to cost \$3,000; a phantasmagoria that will equal a Mardi Gras parade, water sports, including a regatta, two thousand school children in Seminole Indian costume, taking part in dances and pageants. The parade of decorated wheel chairs, (Palm Beach Society's mode of locomotion), bicycles and baby carriages, and the baby show are features that distinguish the Palm Beach celebration. The greater number of all the Seminole Indians in Florida will be gathered into a camp.

The Times Union says: On account of the belated literature and a late start in organizing Florida, the Near East Relief drive does not open in the State until Monday, February 16. This, however, does not include Jacksonville, as Lee Guest, the county chairman, believes he will be able to start the Duval county drive next Tuesday morning, February 10, which he hopes he will be able to conclude before the end of next week. Friday, February 13, will be observed in all of the schools of Florida in behalf of Armenia.

St. Johns Scenic Highway, a project road from Jacksonville to Orlando, is at present attracting much attention. It will be built by the State, graded 60 feet wide and hard surfaced 30 feet. Work on same is expected to start this year. This State road has been designated as number three, and will be known as St. Johns Scenic Highway.

The city of Palatka is anxious to own waterworks plant, all alternans agreeing that the city should own its own plant. The special committee appointed by the city council to ascertain at what price the old water plant could be bought, reported that the plant had been offered to the city for \$55,000. Investigation has been continued.

Miami is to have a new modern Catholic church, to cost not less than \$250,000, with a seating capacity in the auditorium of 1,700 persons; the choir gallery will seat 300 singers and the auditorium basement will seat 2,000 persons. A magnificent pipe organ will be installed. It is announced that this church will be the finest in the So. Fla. Miami's first church was a Catholic church, built in the early days of the Miami City, with provisions to accumulate a much larger population than there was at that time, but the wonder city has outgrown even this, and for some time past plans have been on foot to tear away the old structure and build a new one.

Every Miami woman who has property in her own name and has her name on the city registration books

can vote in the bond election for the acquisition of the water front.—Miami Metropolis.

The Tampa electric Company has secured a permit for the laying of double tracks on that portion of Franklin street at and near Fortune street, which will give Franklin street its entire length in double tracks.

The Federal system of Bakeries have just opened up the fourteenth bakery in Florida in Jacksonville. The new store is centrally located and most convenient to the public. This is the third Federal bakery in that city.

The Reagin-Denton Motor Company of Tampa, will erect a large garage in the Cigar City, which will give the firm the largest floor space of any automobile concern in that city. The total investment will perhaps run to \$150,000.

From Lakeland comes the information that the American Railway Express Company is planning to erect at that point the largest transfer shed in the State. The shed will be over 600 feet long and is planned to relieve the congestion which has been noted at Jacksonville when all perishables have had to be transferred at that point. The new shed at Lakeland will mean employment for 40 or 50 extra men at that place and will expedite the movement of truck and fruit.—Times-Union.

Born to Mr. and Mrs. Bart Peterson at Jacksonville a fine baby boy. The boy came last Saturday and grandfather Starling is looking happy.

POLITICAL ANNOUNCEMENTS

For Sheriff
I hereby announce that I am a candidate for re-election to the office of Sheriff of Seminole County subject to the decision of the Democratic Primary to be held in June, 1920
E. E. BRADY

For State Attorney
To the Democratic Voters of the Seventh Judicial Circuit of the State of Florida:
I hereby announce my candidacy for the office of State Attorney of the State of Florida, subject to the action of the coming Democratic Primary.

Should I be favored with this nomination and subsequently appointed by the Governor, I will at all times endeavor to discharge the duties of this important office faithfully and to the best of my ability, without fear or favor to any person or persons.
GEO. A. DECOTTES.

For Clerk of Circuit Court
I hereby announce my candidacy for the office of Clerk of the Circuit Court, Seminole County, subject to decision of the Democratic primary to be held June 8th, 1920.
Respectfully,
W. L. MORGAN

For Tax Assessor
I wish to announce that I am a candidate for re-election to the office of Tax Assessor of Seminole County, subject to the Primary to be held in June. I shall appreciate your support.
Yours very truly,
A. VAUGHAN

For County Judge
To the People of Seminole County
I beg to announce that I am a candidate for re-election to the office of County Judge of Seminole County Florida, subject to the Democratic Primary Election in June, and respectfully solicit your vote and influence in my behalf, which if given I assure you will be greatly appreciated.
E. F. HOUSHOLDER.

For The Legislature
I hereby announce my candidacy for the position of Representative for Seminole County subject to the decision of the Democratic primary. If elected to this high office it will be my duty to serve all the people of my county as their public servant.
F. P. FORSTER.

For Tax Collector
I am a candidate for re-election to the office of Tax Collector of Seminole County, subject to the action of the Democratic Primary, and will appreciate your support.
JNO. D. JINKINS

For Sheriff
I hereby announce my candidacy for the office of Sheriff of Seminole County subject to the decision of the Democratic Primary.
W. P. CARTER

FOR SHERIFF
Having been urged by a large number of the voters of Seminole County to become a candidate for the office of Sheriff, I hereby announce my candidacy subject to the decision of the Democratic primary.
C. M. HAND

HELPFUL FRIENDLY MANAGEMENT AT YOUR COMMAND HERE

WE WOULD BE GLAD TO DO ALL WE CAN FOR YOU

OUR offer is to patrons and non-patrons of this bank, alike.

If there is any particular in which we may be of service, our management will highly appreciate your call.

Our service is justified only as it is helpful to you, to this community.

We are your friends, here.

STRENGTH SERVICE

SEMINOLE COUNTY BANK

"HOME INSTITUTION"

Cotton Seed Meal

NITRATE SODA

Potash Nitrate

ASHES

CHASE & CO

WRIGLEYS

After a hearty meal, you'll avoid that stuffy feeling if you chew a stick of

WRIGLEYS

Other benefits: to teeth, breath, appetite, nerves. That's a good deal to get for 5 cents!

Sealed Tight—Kept Right

WRIGLEYS DOUBLEMINT CHEWING GUM

WRIGLEYS JUICY FRUIT CHEWING GUM

WRIGLEYS SPEARMINT CHEWING GUM

—The Flavor Lasts—

KEEP YOUR EYE ON THE HERALD WANT COLUMN

System

With system there is almost no end to what a man may do. Without it he is a slave to detail, confined to the narrow limits of his own hands. Systematizing and standardizing your business and its operations is the forerunner of success. The financial details are too important to neglect. Use the check system of this Bank. Open an account here now—it will save you time and effort.
