Tunney Begins New Fight
To Win Place In Gotham's
SelectFour Hundred Group

SOUTH BRISTOL, ME., Aug. 10.—(INS)—Standing squarely by his statement that he was through with the public and that the public must let him alone, Gene Tunney, with a new battle on his hands continued in seclusion today on John's Island, the summer estate of his fiancee, Miss Mary Josephine Rowland (Molly) Lauder.

Tunney's new battle is to win a place in the ranks of New York's four hundred. To do this his name must appear in the social register.

Tunney, born of parents who emigrated to this country from England and Ireland and himself a former New York shipping clerk, has already been accepted in society. His friends today predicted that the name of James Joseph Tunney would be in the social register within two years. The young boxer, whom the world's heavyweight retired champion is to marry, has been listed in the

HERBERT HOOVER STRATON LETTER SPENDS BIRTHDAY DEFENDS ATTACK QUIETLY AT HOME ON N.Y. GOVERNOR

Republican Nominee Awaits Notification Ceremony Tomorrow Climaxing Story Of Magical Climb To Success

STANFORD UNIVERSITY, Calif., Aug. 10.—(INS)— On the eve of his notification as the Republican nominee for president, Herbert Hoover today quietly observed his fifty-fourth birthday in his home surrounded by his family and a small group of friends.

The anniversary presented a climax to a year of American opportunity. The man, who came to California three decades ago as a penniless youth seeking a job, and in his leisure hours, surrounded by affluent friends, waiting to be notified that he had won the greatest gift in the keeping of the great political party.

The governor, who arrived in Chicago at 10:30 A. M. from New York, went directly from the station to the Brennan home, where he attended private services for the Illinois Democratic chief. From there he was whisked away by heavy guard to the church, a few blocks away. He planned to return immediately to the east, leaving Chicago early this afternoon.

At his arrival here made it plain

the opinions from the moment he came a mission of peace and calm action and spoke in his lowered head, time and again turned to cheering crowds for silence.

At the church Smith headed a notable gathering of men prominent in the state and nation, including Vice President Charles

SMITH ATTENDS BANK EMPLOYEE BRENNAN RITES ADMITS TAKING IN WINDY CITY HALF MILLION

Governor, With Head Bowedin Grief And Eyes Filled With Tears, Joins In Solemn Tribute To His Close Friend

Democratic Nominee Makes Hurried Trip

Frowns On Cheering Crowd And Declines To Make Any Statement On Stratton Till

CHICAGO, Aug. 10.—(INS)— Cornell I. Callahan, who handled millions of dollars while receiving only \$2,500 a year for the employ of assistant secretary of the Bankruptcy Corporation, made a startling concession today, the hour before his arrival, paid off his uncle's debt to total \$500,000.

"I had to steal," someone else said first and I had to cover it up,"

That was the substance of his story, revealed by assistant Dist. Atty. Harold W. Hastings, chief of the indictment bureau.

It was a story emotional in some of its details, pitiful in others, disclosing how fate seemingly had chosen to turn her upon the 25-year-old executive.

The thefts started, according to the story, revealed by Hastings, when one unknown stole 300 shares of Bankruptcy stock and \$3,000 in cash from safe deposit boxes in Callahan's custody.

To control this theft, the young assistant secretary manipulated checks.

"I was innocent but I was afraid it would reflect upon my integrity," was his plea, Hastings said.

Callahan converted to his own defense, when he was accused of having been a "cheat" in the bank's clients for the purpose of Bankruptcy stock.

"All that has been thrust upon me is the Democratic party for a local group in New York City," said Dr. A. J. Barnes, Baptist leader of Atlanta, in addressing the first session of the Southern conference of the National Baptist Convention.

After making a joint profit of \$200,000, according to Callahan's story, the "cheat" blamed him for his own financial judgment, with drew their combined capital and profits and vanished.

Scouts of escaped depositors and investigators in Bankruptcy were at Grand Central Terminal when

Girl Is Exonerated Contracts Awarded By Judge In Crash B. Sanford Gas Co. Overturning Coue For Line To DeLand

A charge of reckless driving against Miss Louis Russell, daughter of T. W. Russell, Sanford furniture store owner, resulting from an automobile accident at the corner of Magnolia Avenue and Thirteenth Street, was dismissed today by Municipal Judge Wayman E. White. A coupe driven by T. G. Crowley was overturned in the crash. Wimette justified that neither car was traveling at an excessive rate of speed, but that Miss Russell's car had the right of way.

Miss Russell had won a \$100 fine and jail sentence and morning, two cases were transferred to County Court and two were dismissed. Robert Barnes was sentenced to pay a fine of \$5 or spend 10 days in jail on a charge of disorderly conduct. Bradon Mathews was given \$6 or 10 days in the same charge. Carl Brown was sentenced to pay \$25 fine or spend 20 days in jail for recklessly driving and Dennis Brown was given \$10 or 10 days on the same charge. Carl Lee Golden was fined \$2 or sentenced to 10 days on a disorderly conduct charge.

Charges against Leon Luton for disorderly conduct and Carter Deane for vagrancy were dismissed. Vagrancy charges against two white boys, Earl Cameron and Victor Johnson were transferred to County Court.

Georgia Primaries Ban Anti-Smith Men

ATLANTA, Ga., Aug. 10.—(INS)—If you are not for Gov.

Al Smith for president you can't be for him in the Democratic primaries in Georgia next month, according to a ruling by G. Ed Maddox, chairman of the State Democratic Executive Committee.

County Democratic committees

have the power to declare the nomination void if any "nominee takes a position inconsistent with the requirements to qualify himself as a candidate in the party."

Maddox said in a letter to David S. Atkinson, chairman of the Chatham County Committee:

HELEN WILLIS WINS

MAIDSTONE COUNTRY CLUB, Easthampton, L. I., Aug.

19.—(INS)—Mrs. Frances Kirkwood, 22 and seduced, appeared in court here today to answer the charge of stabbing her husband, Dr. Giese Kirkwood, veterinarian, in his home in Saugerties, Queens. Arraignment was postponed until Friday at the request of Mortimer H. Michaels, defense counsel. Mrs. Kirkwood was in the courtroom only two minutes and was driven back to her jail cell in an automobile. The body of Dr. Kirkwood is expected to be taken to Draper by his father, George Kirkwood, who is to arrive this afternoon from the West.

NEW YORK CUTS FULL GAME FROM CARDINALS' LEAD

Philadelphia's Clean Sweep Of Cub Series And Braves Decisive Wins Over Reds Regarded As Significant

NEW YORK. Aug. 8.—The National League pennant race, now on an entirely new aspect, today as the result of New York's two victories in three games with St. Louis, seven straight wins by Pittsburgh, Philadelphia's clean sweep in the four-game Chicago series and the eight straight defeat suffered by Cincinnati in the inter-sectional engagements just concluded. The newly-found strength of the Phillies and the Braves who whipped the Reds twice yesterday, means that John McGraw's fighting Giants will have able allies when they begin the final invasion of the West next week.

St. Louis won nine games at last six in the East, while the inspired New York team took 13 of 17 and now trail the leaders by only 4½ games. The Cards have won seven games and lost eight against the Giants, and have seven more contests with the New Yorkers on their schedule. The league leaders face the fast-stepping Pirates today and later on must play 11 more contests with the Reds and Cubs, against whom they have won only 15 games all 17 during the season to date.

In their last three games with St. Louis, the Giants have crossed the plate 24 times, outscoring the Cards, 2 to 1. Yesterday the McGrawmen got off to a 10-run lead, lassoed Woe Willis Sherdel in the fourth inning when they scored six runs and won 10 to 5.

The Phillies' team which has wrecked the Cubs is composed entirely of young blood with the exception of Sand, and even he has been decorating the bench at times lately. Manager Shotton is seeking more long distance hitters like Don Hurst and found one in Klein, rookie outfielder. Klein has walloped three in his first week. He got one yesterday which helped the Phils beat the Reds, 4 to 2.

The pitching of Bob Smith, an Dillany and Sisler's hitting featured Boston's 12 to 1 and 6 to 0 victories over the Reds.

Pittsburgh nosed out Brooklyn 4 to 3, beating the Dodgers by one run for the third game in succession. Wright drove in two runs after catcher Delberry dropped a foul from his bat. Later outfielder Herman lost Wright's fly in the sun. It went for a triple and was converted into the winning run.

No American League contests were scheduled yesterday. Left Helmack, New York's new pitcher is scheduled to work against the Red Sox today when the Yankees play Boston.

Methodists Defeat Christians, 3 To 2 In Church League

The Methodists waded out to Christians, three to two, yesterday in a close game in the Senior School League at the Municipal Athletic field. Two runs in the first inning and another in the fourth were enough to win for the Methodists.

The Christians gathered five hits to the Methodists' four but they were too scattered to bring in needed runs. A single and a double scored the two Christian runs in the fourth frame.

The Methodists scored in the first when Spencer doubled. It went to third on an error by Tiss which left Wright solo at first. Laing and B. McCall singled scoring in the two runs. Starkey scored the third run in the fourth.

Tomorrow afternoon the Methodist will meet the Baptists at Friday the Christians will play the Presbyterians at Municipal Athletic Field.

Hurricane Wanes Moving Northwest Across The State

(Continued From Page One)
trial. Newspapers at Fort Pierce and Vero Beach were forced to suspend until power service could be resumed.

Stuart had a momentary scare of a flood of the St. Lucie River, but the water began to recede fast night. Citrus growers suffered heavily here and a number of homes were damaged. Damage here was estimated at \$1,000,000.

Indiantown reported nearly 50 per cent of its buildings damaged. The torrential rains flooded the streets and ruined the citrus crop.

While similar proposals have been numerous in the past, they have lacked the powerful support necessary to place them in effect. Congress, however, is believed to be responsible for an increasing sentiment for the plan.

With the storm is believed to be petering out, diminishing in its intensity as it sweeps toward the gulf, the east coast towns began work of cleaning up the debris that littered their streets.

Tampa Beach suffered comparatively little, being on the edge of the storm, and the greatest damage was between Stuart and Fort Pierce. Those towns were visited by two storms, similar to that which hit Miami two years ago.

The first storm came shortly before midnight and after uprooting trees and jerking down wires and damaging roofs and buildings, there was a lull of about two hours and another blow with greater severity. In Stuart the roof of the Lyric Theatre was blown off and scores of houses were damaged. Nearly every window in the town was broken.

Profiting by the havoc wrought in Miami two years ago, towns on the East Coast since have taken out windstorm insurance, and thus their losses will not be so great.

Storm warnings have been hoisted in Mobile, Ala., on the gulf coast.

GAINESVILLE, Fla., Aug. 9.—(INS)—The wind velocity here at noon today was about 30 miles per hour, east, indicating the storm is to the west of Gainesville. Inverness reported many large trees and bushes blown away. Homosassa and southeastern Gulfport were unharmed.

St. Petersburg and Tampa were believed to have escaped the brunt of the storm. All wire communications with Gainsville were disrupted. Briarwood reported a highest wind velocity—that of 60 miles.

Washington, Aug. 9.—(INS)—A warning to all shipping in the vicinity of Jamaica and eastern Cuba was issued today by the weather bureau because of a tropical disturbance about 75 miles south of Santa Domingo.

The storm is heading northwest at a fair rate of speed. It was described as a hurricane disturbance. While the storm apparently is headed toward the southeastern American coast, of course, it might turn off before striking Florida.

Aboard S. S. ALGONQUIN Aug. 9.—(VIA RADIO TO INS)—Steward Washington of the Maliby Line Algonquin is suffering today from a fractured skull suffered when he was hit in the nose by a five-inch bullet in the motor boat Oingleton May 26 north of Jupiter Lighthouse on the East Coast of Florida yesterday. The heavy seas whipped up by the hurricane which has been sweeping Florida made the rescue difficult and Washington was unable to bring in the five men aboard the ship.

The boat was driven ashore by the high seas herself. The men in the launch said they had sighted several tankers during the hurricane but that for the two days they were adrift crews of these vessels, fleeing the fury of the storm, had refused to stop and rescue them.

BOSTON BECOMES MIAMI RIVAL FOR CLEAR WEATHER

Survey Shows Hub Has More Fair Days Than Any Other City Except Savannah, Ga.; Snow And Rain Fall Decline

BOSTON, Aug. 10.—(INS)—"Miami or Boston," will muse the reader after reading the report of a recent survey of New England weather conditions made here several days ago.

Metropolitan Boston enjoys more clear days in a year than sunny Miami, according to the report of the survey.

On the score of climate, as well as other natural and man-made advantages Greater Boston was shown by the survey, to be one of the country's "best bets."

Record of Cities

In mean average fair days per day, from 1871 to 1928 inclusive, Boston was found to surpass all the important cities with which comparison was made, excepting only Savannah, Ga. Boston averaged 265 fair days. Miami's average in the same period was 247.

The hub led Chicago by six good days and Gotham by twelve. The report also showed that Boston temperatures as a matter of yearly average have increased, and are increasing. Though this average mean temperature since 1870 has been 49.6 degrees, a charting of the records showed a decided increase with the average since 1910, a full degree higher.

At the same time, the survey showed that the average precipitation of snow and rain in Boston is declining at a rate even faster than its temperature is rising. The 57 year average annual precipitation was 41.25 inches or about that of the past year.

The average of the whole period of 1910 to 1927 inclusive was 37

inches, then a trifle less than the average.

Reasonable Winter

The report showed that Boston had the reasonable winter allowance of 18 fair days a month with a gradual increase until the high level of 22, maintained throughout August, was reached.

Among other items found to justify Boston's expectation of growth and increasing prosperity were: Schools, clubs, theatres, churches and civic organizations—furnishing a substantial background for any legitimate enterprise that can meet a demand of the community; retail merchandising carried on in a high class manner; and on a large scale in a shopping district equal to, if not larger than, other large cities; "very sound financial institutions", with "healthy developments and fine conditions in deposits, indicative of community thrift and ambition"; the ice breaker Krassow.

"The chances that the members of the Alexandri group will ever be rescued are about one in thousand," Gen. Noble told International News Service this afternoon.

It seems that our only hope now is joint work with the Stephenie and

Petrolaga. It is joint work with the ice breaker Krassow.

The chances that the members of the Alexandri group will ever be rescued are about one in thousand," Gen. Noble told International

News Service this afternoon.

"But everything possible is being done. The search will continue.
