English Estates PTA To Meet

By Jane Caspberry
English Estates Elementary
School principal Mrs. Mar-
garet Reynolds will review
this year's school program at
a meeting of the Parent-
Teacher Association Tuesday
at 8 p.m. in the auditorium.

She also will report on test-
ing done this year and answer
questions from the audience.
A nonbinding committee
will be appointed to select a
slate of officers for the com-
ing year.

Refreshments will be served
by third and fourth grade
room mothers.

Pierre Laval, French politi-
cian, was executed for bet-
raying the French nation in
World War II.

CAMPUS CLOCKWORK—Clock punching has spread
from industry to the campus. Nancy Van De Motter,
30-year-old head of John Carroll University at Cleveland,
Ohio, has purchased a biology lab clock. The system en-
ables students to take care of their own scheduling require-
ments on their own schedules, freeing instructors of roll
calls and attendance records.

Space Heroes En Route Home

CAPE KENNEDY (UPI)—about it. The four Gemini
Astronauts Neil Armstrong
and David Scott flew home
Houston today for a reunion
with their families and more
detailed reports on their near-
disastrous Gemini 8 flight.
The space heroes, wearing
dark business suits, and
Cape Kennedy, Fla., today
to be scheduled to land at Ellington
Air Force Base near Houston.
Armstrong and Scott chatted
briefly with a handful of
project officials on the
tarmac before taking
off and thanked them for
their work at the Cape.
"Now it's back to the office
to write some reports," Arm-
strong said.
The two astronauts were ac-
companied on their return to
the Manned Spacecraft Center
by Astronaut Alan Shepard
and Astronaut Nurse Dolores
O'Leary.
Their last departure from
the Cape was on a Titan 2
rocket that started their abnor-
mal adventure in space last
Wednesday.
Armstrong and Scott wound
up preliminary briefings on
their short-lived mission Sun-
day and took the rest of the
day off, relaxing for the first
time since before Blastoff.
The photo faced another
necessary review this week.
Then, on Saturday, they are
scheduled to report to the
media on their brief but
challenging in space.
Project officials reported
Saturday night that the vil-
lage of the Gemini 8 mission
is the first time a U.S. man-
ned space flight was cut
short by an emergency, was
caused by a short circuit in
the craft's vital maneuvering
rocket system.
The electrical malfunction
turned on a 25-pound thrust-
er when it should have been
off and sent the capsule which
went out of control, revolving
at rates almost as high as
one turn a second.
Although space officials
felt the problem was correct-
ly attributed to the short cir-
cuit, there remained the ques-
tion of what should be done
in the event of such a prob-
lem.

EXECUTIVE BOARD members of the South Seminole Welcome Wagon Club were fined if they attended the March meeting without wear- ing something green to mark St. Patrick's Day. Making doubly sure against having to pay were Mrs. May Jones (left) and Mrs. Mathilde Kra- mer, who wore bright green dresses and a shamrock.

5 American Planes Lost In Viet War

SAIGON (UPI)—U. S.
military spokesmen today an-
nounced the loss of five Amer-
ican planes, three of them
over Communist North Viet-
nam, including a valuable Sky-
right jet designed to jam ene-
my radar networks.
It was the first time one of
the "spook" planes, a costly
electronic countermeasure air-
craft, has been reported lost
over the North. The carrier
based, two-man jet was lost
about 20 miles west of Thanh
Hoa in the panhandle, a mili-
tary spokesman said.
Of the eight American
fighters involved in the air-
craft losses, one was known
dead, five listed as missing
and two rescued.
U. S. Marines battled Com-
munist troops near the North
Vietnamese border today and
estimated at least 85 Viet-
Cong were killed in the first
24 hours of heavy fighting.
The Marines, who called in
hundreds of reinforcements,
were battling a reinforced
Communist company near the
village of Ap Trung Thanh,
425 miles northwest of Sai-
gon. The Viet Cong force re-
sisted for 10 hours.

DeBarry Concert Slated Tuesday

The DeBarry Concert Orches-
tra will present its final pro-
gram of the season at 8 p.m.
Tuesday in the Community
Center.

Howard Sharp, business
manager, reports this will be
a benefit concert for the De-
Barry Civic Association and
also a farewell to Conductor
Roger Casali who will be re-
turning soon to his work in
New York City.

All proceeds from the eve-
ning will be used for benefit
of the Civic Association and
Chester Reazick, president,
urges everyone who enjoys
music to attend and make as
generous contribution as pos-
sible.

The program again will fea-
ture concertmaster Robert
Robert Wallis of Orlando and
Delray's bass-baritone Robert
Norvin McInis. Wallis will
play Beethoven's (Fair
Rosemary) by Kreisler and
Dizay Fingers by Couperly.

The famous National Em-
blem march will open the
program, followed by Tea for
Two and selections from the
musical fantasy Woodland by
Gustav Luders will conclude
the first part.

After a short intermission
the program will continue with
Pizzicato Polka by Strauss
and in a Monastery Garden
featuring concertmaster Cor-
nellia Shaw on violin and
Laura Platt Brown on the or-
gan. Following will be Hun-
garian Fantasia and the in-
spiring march Blaze Away
will conclude the program.

Rehearsals of the orchestra
will be resumed in the fall
when Casali returns to spend
the winter in his Delray
home. Membership in the or-
chestra is open to any qual-
ified musician in the area who
wishes to participate.

State School System On 'Sanctions Alert'

ORLANDO (UPI)—The
board of directors of the Flor-
ida Education Association has
issued a "sanctions alert"
against the state school sys-
tem Sunday.

Whether there are sanctions
depends on the action of the
1967 Legislature, FEA Presi-
dent Robert Jones of Ocala
said.

The board praised the Na-
tional Education Association
for its recent report which
said Florida's education sys-
tem is "more political than an
educational enterprise."

Sanctions against the state's
schools could range from cen-
sure of public officials to a
teacher blacklisting of Flor-
ida's schools.

Hammerin' Hounds Hike Mark To 5-1 With Two Wins

By Jim Becham
Herald Sports Writer

The Lyman Greyhounds parlayed explosive hitting and the pitching of Charlie Newell and Steve Simpkins into a pair of runaway victories this past weekend over Leesburg and Ovidio to give their season record to five wins and one loss. Coach Jim Payne's 'Hounds came from behind in Leesburg Friday to capture an 8-5 win and give Newell his second win of the season. The following evening Simpkins coasted to a one-hit 8-0 triumph with the aid of four homers by the Hammerin' Hounds.

Four errors in the first game gave the fifth inning the best of the contest, but Lyman rapped 14 hits in the remaining four innings for eight runs. Big blow in the contest for the Greyhounds was a two-run double by John Tipple in the fifth inning which gave Payne's crew a 4-1 lead. Lyman made mincemeat of Leesburg pitching in the sixth, hitting six hits and scoring three runs.

Larry Miller had a perfect night at the plate for the Hounds, with four singles in as many at-bats. Tipple had three hits, while Larry Baker, Allen Curran and Don Stewart each had two apiece. Tipple and Curran each drove in a trio of runs. Newell struck out seven and allowed no earned runs in gaining his second mound win.

A sixth-inning infield double by Jim Harper was the only safety Ovidio's Lions could manage of the onslaught of Simpkins on Saturday. The sterling outpaw fanned three and batted perfect baseball for five innings.

Curran was the big stick for the Greyhounds, belting a pair of long homers and driving four runs home. He played three runners with a two-run double and a solo homer. Miller also had a shaggy for the Hounds, his third in six games.

Team captain Baker had a perfect night at the plate, with a walk, three runs scored, and a pair of homers. Miller leads the Hound hit parade with a .579 batting mark. Baker and Paulsen each scored an run. Curran is hitting at a .450 clip, and Tipple has an average of .333.

The Lyman pitching staff has allowed only two earned runs in six contests, an ERA of 0.66.

Winter Park Wins 12-Team Meet

Seminoles Second At Mainland

By Sam Stanley
Herald Sports Editor

Seminole High's all-star track squad dominated the relay events at the Mainland Relays Saturday afternoon in Daytona Beach.

Winter Park won the meet with 65 1/2 points, while the Seminoles finished second with 45 points. A strong field of 12 teams entered the meet, with Daytona Beach Seminoles finishing third with 25 1/2 points and Orlando Edge-water placing fourth with 23.

Others were Orlando Evans 30, Cocoa 28, DeLand 24, Jacksonville Forrest 21, Mainland 20, Leesburg 13 1/2, Gainesville P.K. Yonge 3, and Ocala was scoreless.

Coach Dick Williams' track team, surprised two Mainland relay meet records as they amassed 40 of their 45 points in the relays.

Bill Frisby, who won the 100 yard dash with a 10.4 clocking, gave the team its first points.

The Seminoles won the 400 relay with a clocking of 44.7, surpassing the old standard of 45.9 set three years ago. Frisby, Ken Martin, Mike Frisby and Rick Walstrom were the runners in this event.

The same four teamed up for another blue ribbon in the 800 relay in what was the most exciting race of the day. Frisby and Martin held their own in the first two legs of the race and then Gray pulled

Walstrom took the baton and momentarily lost the lead on coming out of the last turn, but then gallantly poured it on in the stretch to win by less than second.

The Seminoles grabbed second in the sprint-mile relay and the mile relay. They lost the mile relay by a scant .04 of a second, but still surpassed the old meet record with a time of 3:08.8. Gray, Martin, Paul LeRoy and Stiel Weber ran in the mile relay, while LeRoy, Darrell Vodopich, Walstrom and Stiel Weber ran in the sprint-mile race.

Charles Mullins and Dickie Dunn picked up four more points for the Seminoles in the two-mile alternating relay, finishing fourth.

Citrus 1st Hebert Win Since '62

ORLANDO, Fla. (UPI) — Jim Hebert, who has been in the winner's circle since the 1962 Memphis Open, came out on top in the richest tournament of the current season by winning the Citrus Open at the Citrus course here Sunday.

Hebert, who shot a 70 in the final round, was the only player to break par in the four-day, 5-under-par 279 event.

Now the leading official money winner for 1966, Hebert finished two strokes ahead of Jack Nicklaus, last year's top money winner.

Charles Coody who won the 1964 Dallas Open; and ex-Marino Dick Lytle, Nicklaus, who shot a 70 Sunday, Coody (68) and Lytle (71) all would have shared \$23,212 as their share of the runner-up prize.

Hebert, who shot his second straight 2-under-par 69 Sunday, started the final round in a four-way tie for second, two strokes behind Gardner Dickinson.

Dickinson scored to a 4-over-par 75 in the last round for a 283 that left him four strokes behind Hebert. The three who were tied with Hebert at the end of the third round were Lytle, Gary Brewer who had a 73 Sunday and Joe Campbell who had a 74.

Hebert beamed heavily on his long iron Sunday. He said he took six favorite driver several weeks ago while trying to repair it and had been having trouble breaking in a new one.

Although he failed to win a tournament since the 1962 Memphis Open and the new Citrus Open, Hebert still played well enough to average a 69.5 over the past three years.

Nicklaus was the only member of the "big three" to have more success in the Citrus Open. Arnold Palmer finished nine strokes back, and only twice were Hebert and Nicklaus tied for first place. Hebert had a 67 Sunday, Billy Maxwell with a 69, Mason Rudolph with a 71 and Bob Shave with a 68.

Hebert, younger of two brothers on the tour, revealed that he had come down with the flu several days before the tournament started in Houston — played in the Citrus Open at 282 and earning \$44,000, which was Hebert's best earnings to date. SHS Ends Loss Streak With Win Over Jackets

By J. Richards

Seminole High batters snapped out of a prolonged hitting slump in the sixth inning of the Saturday night game against Leesburg Saturday night in a 7-1 victory that also snapped the team's five game losing streak.

The Seminoles have now won two games, both against Leesburg, in the Jacksonville area since SHS, 4-3, in the season opener.

The Seminoles suffered their fifth straight defeat Friday afternoon, falling behind the slants of Colonel ace Clegg Hightower. The Green Jackets took advantage of nine Seminoles errors for a 7-1 Met. Conference victory.

The Seminoles got only four hits, two by Steve Harris. Starter Jim Ervin took the loss and Danny Lee came out of the box in the fifth inning after the Jackets had taken a 4-0 lead. Ervin had grabbed a 4-2 lead. On Saturday night in Leesburg, the Seminoles took a

2-0 lead in the fifth inning, but it was a five-run inning that spelled victory.

Merritt Island jumped out early lead, scoring two runs on three hits in the first two innings.

Tim Colbert got things rolling for Ovidio in the fourth with a single to left. Andy Miller walked and Hank Tulp tied the game with a two-run triple over the leftfielder's head.

Bobby Stewart walked to lead the rally going, and on the next pitch the Lions executed a double steal.

Big Fourth Inning Gives Lions 5-3 Victory In Season Opener

Coach Paul Miller's Ovidio Lions opened their 1966 baseball season Friday afternoon with a 5-3 win over Merritt Island, but they were unable to hold down the contest in the fifth inning after Ovidio's bats exploded for a 5-0 run in the fourth, giving the Lions a 5-3 victory.

The Lions weren't done yet, as Mike Martin walked, stole second and scored a single by Billy Miller to run the score to 5-2.

Merritt Island got a step closer by scoring again in the seventh, but it wasn't enough.

Sonny White pitched the entire game for Ovidio to pick up the victory.

Chrysler String Comes To End

BRISTOL, Tenn. (UPI) — Chrysler's bid for a third consecutive NASCAR win was spoiled Sunday by a 4-0 victory of Koolha, Lewis who drove his 1964 Ford to victory in the sixth annual 250-mile Sunoco 500 stock car race.

Seven laps behind Hutchinson and in second place was Paul Lewis, an independent from Johnson City, Tenn., driving a 1964 Plymouth. Rounding out the top five were James Hylton of Iman, S.C., in a 1965 Dodge; Mike Langley, Lauderdale, Md., in a 1964 Ford; and Sam McQuay of Columbus, Ga., in a 1966 Dodge Charger.

Bridal Shower Honors Miss DeVault

By Donna Kries
Miss Carolyn DeVault, bride-elect of Jerry McElreath, of Longwood, was guest of honor at a shower held at the home of Mrs. Dewey McElreath on the Old Dixie Highway Monday evening.

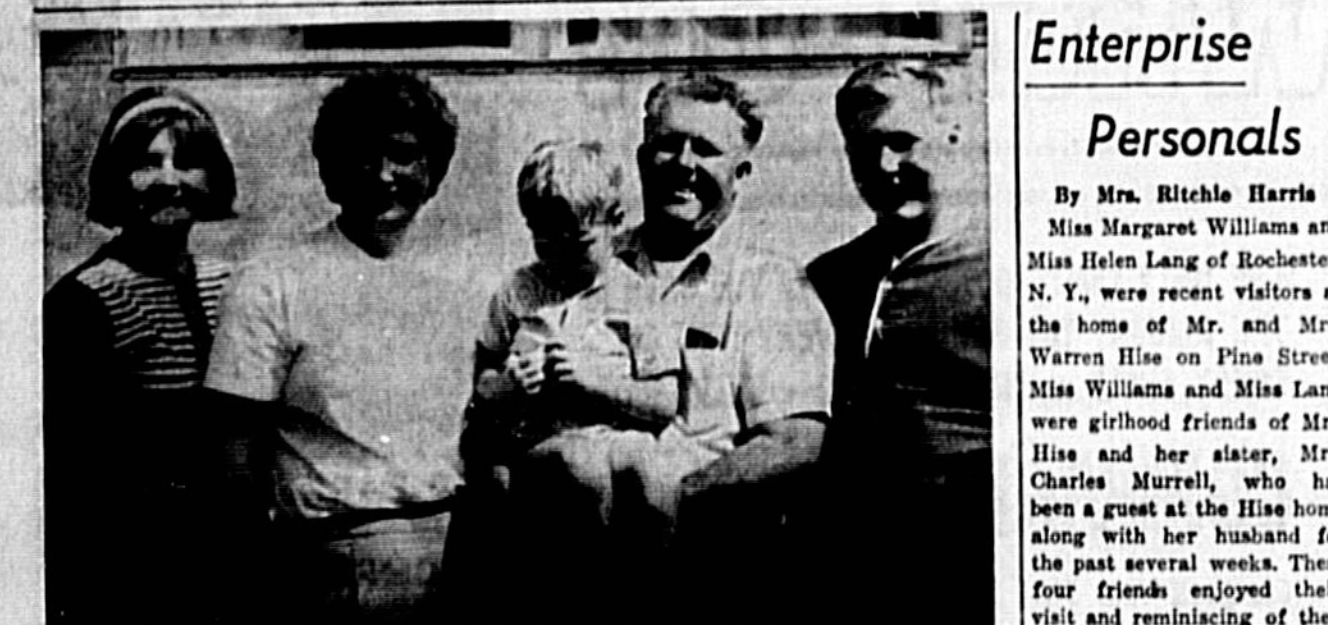

Hostesses were Mrs. Marge LaBree and Miss Sheila LaBree.

A beautiful green frosted cake centered with a china bride was focal point of attention on the serving table which was covered with a white lace cloth.

The hostesses served minis, chips and dips, cake, coffee and punch.

Attending were Mrs. K. R. DeVault, mother of the bride-elect; Mrs. McElreath, mother of the groom-elect; and Mrs. Betty Kozlars, Mrs. Alice Day, Mrs. Stella Tillman, Mrs. Jackie Griffith, Mrs. Linda Moore, Mrs. Fern Stricker, and Miss Susie LaBree.

Garden Clubbers Judge Miniatures

By Margaret Cosby
The March North Orlando Garden Club meeting was held recently at the home of Mrs. George Fuller in the Coronado Section. Co-hostess for the evening was Mrs. Franklin Wick.

Mrs. John Fuller was hostess to the March meeting of the Fidelis Sunday School Class of the First Baptist Church, with Mrs. A. L. Thomas serving as co-hostess.

The devotional program, "Bringing God into Our Everyday Lives," was presented by Mrs. Con Chastrot.

Mrs. H. E. Long, president, conducted the business meeting with the officers and group leaders giving routine reports. The class voted to assist two indigent families as part of the home missions program.

Refreshments in the St. Patrick's Day motif were served during the social hour to the Misses J. W. Rucker, Joe Rucker, Sam Brown, Ray Stinson, Con Chastrot, W. W. Horne, H. H. Fortner, C. Humphrey, A. L. Thomas, John Fuller, H. E. Long and C. Lavender.

Narrow bands of flashing, and are in two sizes.

First introduced to this country by a student to finance his education these exciting kits of color enabled a dream of college to become a reality. With the degree earned and an excess of books on hand the graduate and his wife, herself a member of a Business and Professional Women's Club, decided to offer them to other clubs of the same organization.

At the World's Fair in the exhibit from India these hand-made brocade were sold for a quarter each. The Sanford club offers them at a still lower price. Proceeds from the sale will go toward the dental clinic project, which provides dental care for indigent children who otherwise would not receive the necessary attention.

We The Women:

It gets up housekeeping in the same town in which both sets of parents will be handicapped by too much family?

"That depends, according to a recent sociological study on several important factors. The young couple may have trouble establishing firm marriage bonds based on mutual dependence if—

(1) Relatives visit the young couple frequently with a high proportion of the visits on a drop-in basis. (Unannounced visiting indicates that the boundary lines between family units are not clearly established or respected, the sociologist who made the study points out.)

(2) Large family get-togethers are held too often. (There can be overpowering if every weekend and every holiday means a get-together of the clan.)

So what if all boils down to only one or two of these? The young couple must use a little common sense and a little common courtesy if they are not to be coming a head-to-head to the young couple.

They must respect the young couple's right to privacy in their own home—by visiting them by invitation only or at least by telephone before a visit to see if it is convenient. This makes

It quite clear that the parents on both sides recognize that the child's home is a separate and distinct establishment in which they are guests.

The parents must respect the young couple's right to privacy in their own home—by visiting them by invitation only or at least by telephone before a visit to see if it is convenient. This makes

Florida Readies For Modern Legislature

RED, WHITE AND BLUE costumes with "Uncle Sam" hats for an appropriate outfit for members of the "drill team" who will do a military march number in the State Show for the USO Sunday at 7 p.m. at Melrose State Rink. Funds raised will go to build new U.S. camps in Vietnam. From left

are Nancy Russell, Mitzi Moge, Mitzi Allen, Susan Karn, Arlene DeMatto, Carol Wyatt, Donna Peters, Bettina Vail, Polly Pedrick, Sheila Albers, Debbie Downey, Margaret Myers, Nancy Biggs, Linda Eldridge and Kathy Smith.

Kathleen Reynolds Seeks Re-election

Incumbent Kathleen Reynolds has qualified as a candidate to succeed herself as Democratic state committee member for Seminole County in the May 3 primaries. She has issued the following statement:

"I have considered it an honor to serve the people of Seminole County as state Democratic committeewoman. It is an office I have enjoyed thoroughly, having the opportunity to meet and work with many of our elected officials as well as political and civic leaders at the local, state and national levels. Seminole County has made a great deal of progress in the past four years in all phases of governmental operation. I have been a part of this progress and would like to continue to serve to Seminole County as state Democratic committeewoman as I felt the experience I have gained in this office will be invaluable to the county in the coming year. Our political voice must continue to be heard at all levels even more strongly in the future and we must have the right Democratic party man to head the conservative, liberal and the moderate. I re-elected I will continue in the future to continue to work with people of all views in the county to give the Democratic Party the best representation they deserve."

Mrs. Reynolds has been active in Democratic circles for many years. She is a member of the legislative committee of the state Democratic executive committee and serves as coordinator between the state committee and the Seminole County Democratic executive committee. She received a certificate of appreciation from former Gov. Frank Bryant and the state committee for her work in the 1964 primaries and general election. She is present coordinator of the Seminole County Democratic executive committee; member of the executive committee of the county committee; chairman of the legislative committee; co-chairman of the legislative committee during the 1964 general and is now serving as chairman of the committee.

Mrs. Reynolds is a charter member of the Democratic Women's Club of Seminole County and has served as secretary and president of the organization, serving at the present time as parliamentarian and as a member of the board of directors. In 1964 she was elected vice president of the 5th Congressional District of the Democratic Women's Club of Florida and is a member of the executive committee of the state club. She is a charter member of the Democratic Association of Seminole County and the Young Democrats of Seminole County, serving on the board of directors of the former organization. She received a certificate of merit for her work in the Democratic party in Seminole County from the Association recently.

Mrs. Reynolds is married to William A. Reynolds and assists him in managing their family business. They have two children. She is a member of the Baptist Church in Sanford, where Mrs. Reynolds has served as president of the Sunday School Class and as director of the junior and intermediate departments of the Baptist Training Union. She is a member of the Seminole County Chamber of Commerce; on the board of directors of the Seminole County Chamber of Commerce; on the board of directors of the American Cancer Society. She is a member of the Sanford Women's Club, which she served as chairman of the executive department, officer of the Chapter OES and cross the eastern parts of Kentucky and Tennessee.

Clinic Aid Voted Year's Project

By Marjorie Miles
Assisting the Longwood Clinic as project for the year of the South Seminoles Welcome Wagon Club was approved at the March executive board meeting at the home of Mrs. Nora Norris, Sandalwood Springs. First step in the program will be presentation of the county committee, chairwoman of the legislative committee, to the club at the 11:30 a.m. meeting this Thursday at the Open House in Mattland and will discuss with members other ways to aid the clinic.

New hostess for the South Seminoles area, Mrs. Ruth Rodriguez, was introduced to the board. She will be calling on newcomers to present literature and gifts from participating sponsors.

Anyone new in the area, whether called on by the hostess or not, is invited to attend the club meeting. Reservations for the Sanford area should be made no later than Tuesday with Mrs. Horace Boardman and in other areas with Mrs. Robert Paulsen, club president, or Mrs. Raymond Foster's famous "Campton Races."

MRS. NORA NORRIS who has retired as South Seminoles Welcome Wagon hostess, greets the new hostess, Mrs. Ruth Rodriguez, left, of 1120 Glenarway Way, Altamonte Springs, who will be calling on all newcomers to the area.

A little-known fairgrounds track near Towanda, Pa., was the inspiration for Stephen Foster's famous "Campton Races."

TALLAHASSEE (UPI)—When the Florida Legislature convenes here in April of 1967, Florida's resort hotels will probably have to be re-visited.

First of all, it will be the first modern-day Legislature to be completely controlled by urban lawmakers.

It also will have more fresh members than in any recent session—maybe in history.

And the session will probably have more Republicans, more women.

The changes are the result of the new 48 senator, 117 representative reapportionment plan passed by an emergency session of the Legislature and upheld by a three-judge federal panel in Miami.

Under the new plan, Dade County's House delegation will be nearly as large as the entire Senate was for many years. Until the reapportionment issue was raised recently in recent years, the Legislature had operated with 48 senators and 90 House members. Dade County will have 22 representatives and nine senators under the new plan.

There will be at least 29 freshmen lawmakers serving in 1967—possibly more if some veterans are unseated in the upcoming May primaries.

The Republicans are making one of their biggest pushes for legislative seats in recent history. There are a total of 112 GOP candidates seeking 45 legislative seats.

The largest number of GOP seats, surprisingly, are in Dade County, which has never elected a Republican to the Legislature in modern times. The Democrats in modern times are running unopposed in their party.

Russian Sub Fleet Could Ring U. S. Cities

WASHINGTON (UPI)—The Soviet Union's growing submarine fleet has now reached the point where missile-firing nuclear subs could be stationed continuously within range of coastal cities in the United States.

The Russians now have on station at all times at least one nuclear-powered missile sub in the Atlantic and another in the Pacific. They are deployed in ocean areas from which they could zero in on launch positions of the U. S. coast in two to three days.

Information on the Soviet operations was obtained by United Press International after long inquiry among sources in the United States and Europe. It has not been published widely, but the development is being eyed anxiously in Western capitals.

The subs are the spearheads of an expanding fleet which logically can be expected to take station in due course within firing range of American coastal population centers.

The Russians thus could attempt to counter the U. S. Polaris missile submarines now stationed in the Atlantic, Pacific and Mediterranean within easy reach of Soviet and Red Chinese targets.

This, in effect, would address the military balance in a manner the Soviets failed to do with their missiles in Cuba in 1962.

The Russians today have 45 nuclear-powered submarines, just 11 fewer than the United States. Of those, 20 carry torpedoes which can be used to attack shipping and other subs, 10 are ballistic missile subs, and 15 carry winged guided missiles.

The Soviets also have 75 diesel-powered submarines armed with missiles—25 ballistic and 50 guided.

It is calculated that with its existing fleet, Russia could maintain 10 nuclear submarines continuously off the Atlantic and Pacific coasts with enough rockets to kill 15 million people.

If they brought up all their missile-firing subs for a one-kill operation—a most unlikely prospect—they could kill 30 million people.

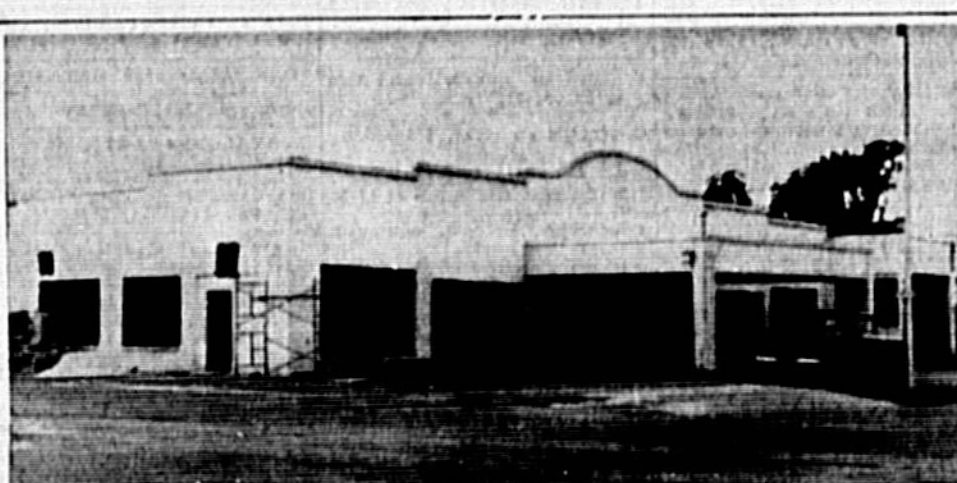

Considering this threat is an enormous American anti-submarine program costing more than \$2 billion a year. Plus the deterrent power of the much bigger U. S. missile force.

Snow Ushers Spring To North

United Press International A snowstorm lashed the Pacific Northwest today—the first full day of spring.

Wet snow pushed by winds reaching 40 miles an hour pelleted Olympia, Wash., which reported five inches of snow.

Wenatchee, Wash., had three inches of snow and nearby Ephrata reported an inch.

The storm spread rain along the Oregon and northern California coasts, where rain has fallen almost daily since mid-February.

Spring arrived officially at 8:33 p.m. (EST) Sunday. Temperatures ranging into the 70s greeted the new season in the Great Plains and Midwest.

Mississippi Valley, Missouri was expected to enjoy readings in the 80s today.

Sunday's temperatures ranged from the low 90s in the Southwest to the mid 70s along the Gulf Coast to below freezing along the Canadian border in Wyoming and Montana.

The Northeast section of the nation was chilled by temperatures in the 20s with showers backing to the discomfort.

Davis Returns To Private Life

Rep. S. Joseph Davis Jr., who announced Wednesday he would not seek election to the House of Representatives from the newly-created Lake Seminole district, today issued the following statement:

"My decision not to seek re-election has been most difficult to make and one which I have given long and thoughtful consideration to. In making this choice, I had to consider my personal, family and business responsibilities which, of necessity, been neglected while serving in the House of Representatives. Under the newly apportioned district of Lake and Seminole Counties, additional and increased responsibilities will be placed upon the members representing the district. Much more time will be required for the frequent campaigns for the two-year office and the financial cost of such campaigns can be tremendous.

"Due to the personal demands of my law practice and my continuing responsibilities to a young and growing family, it is essential that I devote full time and undivided attention to my personal affairs at this particular time.

"I have considered it one of the highest honors ever bestowed upon me to serve the citizens of Seminole County as their Representative in the Legislature of Florida. I will continue in the future to work for our county and state and intend to be active in the public affairs of this county in whatever capacity I may serve."

Instant Concept Of Foreign Tongues

NEW YORK (UPI)—When they speak of "Total Immersion" on the sixth floor of Manhattan's towering International Building, they're not referring to a religious rite or anything else connected with water, but to an almost instant concept of learning foreign languages.

The idea—which is almost a "brainwashing" procedure—requires a student to take 14 45-minute courses a day for 10 days in which he acquires a vocabulary of between 2,500 and 3,000 words.

"Total Immersion" is the outgrowth of experiments conducted by the Berlitz Schools of Languages of North America, McGill University and Montreal's Royal Victoria Hospital.

In outlining development of the Berlitz "Total Immersion" concept, Robert Strummen-Darrie, president of Berlitz, recalled the type of initial experiment centered on an attempt to teach two journalists Italian in 48 hours. Theirs: intensive. A trip to Italy.

The experiment was stopped after 48 hours upon the advice of Dr. C. Gleason, director of experimental therapy, because the volunteers—Canadian and American—both French and English, but no Italian—were suffering from fatigue.

In the next several months, theories of varying intensity were tried, and out of them the "Total Immersion" concept evolved.

Strummen-Darrie agrees that "Total Immersion" is not a new concept, but it does work remarkably well for those who have an "ear" for languages who can mimic the sounds they hear. Like the Basic Berlitz Method, "Total Immersion" is based on the theory that the only way to acquire a foreign language is to learn as a baby does—by listening and repeating.

Native Teachers In order to achieve the greatest authenticity of instruction, the Berlitz Method

requires that the teachers be native of the country whose language they teach. In addition to learning genuine accents and inflections, the student also learns—as he progresses in his lessons—some of the history, tradition and culture of the country to which he is going.

"Total Immersion" is ideal for travelers, lecturers, journalists and businessmen who want to put what time they have to best use when learning a new language prior to going abroad.

This rapid rate of learning will be ever spoken—even at realistic, in elevators or restaurants—has an obvious advantage for the busy executive.

"Let's look at it this way," says Strummen-Darrie, who speaks 12 languages himself. "An executive making up a week, or two weeks off to take the Total Immersion course."

"It may seem at first glance that it is impossible to leave his office, telephone and business lunches, but actually he is saving money every day because in a relatively brief period he will be able to give after new business abroad with a competitive edge over the man who hasn't mastered the tongue in the country in which he hopes to sell."

The advantages of "Total Immersion" for journalists, authors, historians, and just plain vacationers going abroad are just as great. But Berlitz still teaches the basic Berlitz Method developed by the founder, Maximilian D. Berlitz, 88 years ago in Providence, R. I., as he likes to learn "the old fashioned way"—spreading

lessons over a longer period of time. But basically, Berlitz believes that the greater intensity of study, the greater will be the ability to learn and retain.

SERVING YOU IS OUR PLEASURE

Suppose He Meant It?

An English doctor has decided that the short skirts the girls are wearing these days are chilling and unhealthy.

He suggests the girls would be warmer and therefore more efficient employees if they wore, say, ski pants. (That's right — ski pants. To work.)

Now, a pronouncement like this is bound to get attention. And while the good doctor undoubtedly didn't have it in mind, he made headlines all around the world.

Polls were taken to get public reaction to the suggestion.

And how DID the public react? Well, Sir, this may surprise you, but the men seemed to prefer ladies' legs attired for skiing.

The women? They couldn't say much for spitting.

The polls were, of course, unnecessary. Almost anyone knows that no girl in her right mind is going

to work in ski pants unless she's a ski instructor.

And if the doctor was really serious, he should be told that so far as physical comfort is concerned, the most warming and comforting thing that can happen to a girl is to know that men find her nice to look at.

It was a nice try, doctor. But the ladies seem to be bearing up fine in short skirts, thank you.

And by the way, doc—are you sure YOU feel all right?

Foreign News Commentary

'Mr. Double O'

By Paul Newman

London agents agent 007 (licensed to kill) attained his present popularity, there was in Kenya a politician called by the name "Mr. Double O."

His real name was the Earl of Ovington, a member of the 1,500,000 Luo tribe living around Lake Victoria.

Almost from the beginning of Kenya independence on Dec. 12, 1963, Ovington has been at the center of the political scene. It was a year that went beyond internal politics for it involved also Ovington's affection for Mzee and Peking and Kenya's policy of non-alignment which if anything seems to lean toward the West.

Last Sunday the quarrel came to a head. It was the process of reorganization of the country's ruling Kenya

African National Union, Kenya's abolition of Odinga's job as deputy president of the party and thus removed him from power.

That had been the base from which Odinga, a man in his early 50's, had claimed the right of succession in the event of the passing of Kenya's first prime minister, Jomo Kenyatta, a man of undoubted age but generally believed to be in his mid-70's.

Although Kenya functions under a one-party system there is no law that says a deputy president of the party automatically succeeds to the presidency of the country. By abolishing Odinga's post and naming in his stead eight vice presidents representing various areas of the country, Kenyatta abolished even that claim.

Within the political struggle between the two men also is the story of the struggle for influence in Africa.

Lyle C. Wilson Says: War vs Unemployment

Assistant Commissioner Harold Goldstein of the Bureau of Labor Statistics downplays the Southeast Asian war as an effective remedy for unemployment. President Johnson was able to report last week that unemployment was down to 3.7 per cent of the civilian labor force, the lowest jobless rate in 18 years.

FDR's faith in big-time spending continued strong and hopeful. The record shows, however, that the unemployment rate was down to 4.7 per cent in 1942, the year of JFK's assassination, then in 1950 when he accused the Republicans of nonfeasance with respect to unemployment. Unemployment was sustained at a 5.1 per cent rate as of one year ago.

The record of war and employment over the years, however, directly challenges Goldstein's judgment. It was war which finally reversed FDR's New Deal from a jobless morass. War sparks the economy like no other institution known to man.

War is a monstrous consumer of manpower. War creates an enormous demand for production of military and consumer goods. War returns plant capacity to production. War popped up in 1950 to help Harry S. Truman out of an unemployment hole. In 1949 the rate of unemployment had reached 5.5 per cent. It dropped to 5 per cent in 1950, the year which saw the start of the Korean War. By 1952 the rate was down to 3.7 per cent. That is a typical record of war and unemployment.

Dr. Crane's Worry Clinic

Helen's sexual dilemma is a forerunner for the birth of a baby or for surgery, she unwittingly revives her husband's old medical complex.

Moreover, too many trips to a physician's office vaguely build up the attitude on the part of her husband that she is "sick."

Oddly enough, most men can't function ardently when a "respectful" or "considerate" attitude is involved, as is often true when they start worrying over a sick wife.

Sexual ardor involves a very different emotional outlook. It often is a mosaic of various factors, including conquests, male dominance, and a mild amount of roughness. But the civilized male tends to regard a "sick" person with sympathy, respect and consideration.

Obviously, these two emotional states are in opposition.

Wives, beware lest you inadvertently throw your male into a state of sexual impotence by the consolation that you are an ailing female!

Helen's case is a classical example that occurs literally millions of times among intelligent couples.

And every night that her husband remains platonic, he also becomes just that much more addicted to a sexual defilement complex.

Whether a man is 30, 40 or 50 years of age, he can thus be totally impotent on purely a psychological basis.

He may then shop around from one medicine to another, trying to obtain shots of sex hormones to bolster his waning ardor toward his wife.

But such shots often do little or no good, unless his mind is cleared of his complex and his ego is rebuilt.

A seductive wife who takes the initiative in the bedroom can usually restore her mate's erotic ability in one night.

So send for the medical booklet "How to Prevent Platonic Marriage," enclosing a long stamped, return envelope, plus 25¢.

All wives should have it on file, for divorce starts in the bedroom!
