

Vic Neigenfind To Hurl For Feds In DeLand Tomorrow; Leesburg Swamped By 11-4

By PETER SCHAAL
Victor Neigenfind, left-handed pitcher and hitting star of the Dixie Amateur League, will be on the mound for the Sanford Celerybats at Conrad Field in DeLand tomorrow afternoon at 3:30 o'clock when the Feds take on the DeLand Reds in a regulation league game.

Neigenfind arrived here early Sunday morning with Buck Burkhardt and White Howell, outfielders. They left Ocala, Ala. Friday afternoon after playing a double-header, arriving at about 3:00 o'clock Sunday morning, and Burkhardt and Howell showing to advantage in the double-header at Leesburg yesterday despite the trip and the heat.

The new pitcher is said to have what it takes in this league. Burkhardt claims he is a fence-busting batter who can take his place with the league's best hitters. Hook adds that he'll have no trouble with this league's batters, either.

Howell made a fine impression in his first start at Leesburg yesterday, smacking the ball hard and fielding in capable fashion. He is said to be an all-around player, and, pending the arrival from Key West of Mario Pina, Howell may take over Sam Mason's post at first base when Mason leaves, probably at the end of the week.

The Feds looked good in beating the tar out of their former manager, Bill Cobb, yesterday, and even in the 6 to 0 defeat at the hands of the veteran Lee Meadows in the second game. They showed that the Feds were no the league doormat much longer.

Incidentally, the second game did not count in the standings by agreement between the two clubs. Harold McCormick of Apopka pitched for the Feds, being rapped for solid hits. He was not eligible to pitch. The Feds will make up what should have been a double-header yesterday by appearing in

Long miles of summer driving and overworked engine parts—a cruel test for any motor oil. Better drive in the check-up today—it's probably time to drain and refill with Gulf's best summer oil.

Pals, Saints Win Without Changing Standings In Loop

GAINESVILLE, Aug. 18—The two first division clubs marked time in the North Florida League yesterday. Palatka winning from Gainesville while the second place St. Augustine Saints were blanked by the tail-end Jacksonville Taras.

Gainesville took a 1 to 0 lead in Palatka but the league leaders took advantage of costly Hawk errors in the eighth to chalk up three runs on only one hit.

Lefty Larsen was replaced by Winston in this round and the big right-hander was charged with the loss. Lefty Butler went the route for the Azaleas.

In Jacksonville the Taras gathered twice as many hits as the Saints but couldn't turn them into a single tally, while the first half champions were putting together three runs on five in the sixth. Bill Ferruzzi working the route for the cellar Taras.

DELAND, Aug. 18—Beaten nine consecutive times by the Cocoa Indians, the DeLand Reds turned on their tormentors here yesterday to chalk up a double victory by scores of 8 to 0 and 2 to 1. Bill Letts pulled the iron man role being the winning pitcher in each engagement.

The Reds took the lead in the third inning of the first game on three hits, a base on balls and an error. Behind the masterful hurling of Letts this was enough but DeLand counted two more in the eighth and three in the seventh.

Letts kept seven hits while the Reds found Fige Minto for 12. Not much with him for three left. Intra attack while Cole and DeLoraine each got two for four for the Reds.

In the second game DeLand on a constant trouble from the Reds. The first round hit was a triple and Porter who was charged with pitch with an injured right arm again while pitching to the second batter and Letts was again called to the mound. Letts finished out the inning without permitting a run.

DeLand broke the tie in the sixth inning when Cole singled and Minto followed with a sacrifice and scored when Culbreth fumbled a hot ground ball by Letts.

Gene Fisher took the mound for the Reds in the second and worked until the sixth when the heat forced him to retire and Letts was again called to the mound. Letts was again called to the mound. Letts was again called to the mound. Letts was again called to the mound. Letts was again called to the mound.

Bible Verse For Today

A RIGHTEOUS JUDGE. The Lord executeth righteousness and judgment for all that are oppressed.—Psalms 103:6

And just to think, it was eight years ago today that the Seminole County Bank failed!

You have to create wealth before you can share it, and the real trouble today is that it isn't being created.

If it weren't for those occasional showers, the weather the past week or ten days might have seemed warm.

The way some of these cities up the state are heading for the trash pile canal, you'd think they had a ditch digger to go!

The Florida Advocate reminds its readers that Herbert Hoover has made an excellent ex-president.

A friend of ours in Italy writes that Mussolini is doing a good job, is really a great man, but that training days of his march with real rifles and bayonets may be gone a little far.

Governor White has gone to England for his vacation. While his trip will probably prove educational as well as recreational, we hope he doesn't bring back a head A.

And now one of the country's most learned scientists has announced that cod liver oil is harmful to some animals. And that's just what our little prodigy has been saying all the time.

The smart thing to do these days is to be a member of the Government, to be a part of the self-appointed, self-appointed, self-appointed of Agriculture, one of the members of the Income rich.

It seems reasonable enough that Dr. Tugwell should have the most overhead since he is head of the Brain Trust, but what we can't understand about it is that he is also UNDER secretary of Agriculture.

"The Florida canal," says the National Emergency Council at Washington, "is exactly in the same state as it has been all along." And that means what? St. Petersburg Independent. Well, it isn't in the State of Florida, at least not yet.

Opponents of Vernon Hawthorne are trying to create the impression that he has given up the idea of running for governor. It is evidently part of well organized propaganda to stop the Miami man who apparently has a jump on the other candidates. But from all the talk we hear about him, Hawthorne is gaining strength daily and will be a real contender in the forthcoming campaign-Melbourne Times. Let's hope he does not make that mistake. No one from Miami could be elected governor of Florida. But Vernon Hawthorne could be elected to any office in Dade county.

Holding up the relief works program, for any reason whatsoever, is particularly unfortunate for Florida. Here our season of unemployment is during the summer months. Our winter problem is always less acute. Elsewhere the situation is exactly the reverse. There the greatest need is during the winter. It will be recalled that two years ago when the CWA was undertaken the various relief camps got under way as fast as summer season could be used and at a time when most of the unemployed could have found work in the fields. Consequently the farmers were placed at a serious disadvantage in harvesting their crops.

The Cost Of Living

Someone has said that everything is relative. Certainly it is true that a man's wages, or his income, is high or low, not alone according to how many dollars a week it may be, but also according to how much the dollar will buy. A man is better off when his weekly wage is five dollars and the price of wheat is 50 cent a bushel, than when he is making ten dollars and the price of wheat is \$1.25 (and other prices proportionately).

And so the price level of the country is an important item to most people. It is just as important to them as their wages, or their dividends on common stocks. The price level for the past year or two has been going up and it has been going up faster than wages. Consequently there is considerable unrest in the cities, particularly among the industrial workers who see the purchasing power of their pay envelopes steadily dwindling.

"Bargains, like happy days, have a way of lingering fondly in consumers' memories," the United States News explains. "For this reason: When the housewife goes to market today and finds beef selling at 40 cents a pound for sirloin or 16 cents for plate, she probably does not have to be reminded of the day when she could buy the same for 8 to 10 cents a pound.

"Assume for a moment a market basket containing a supply of 15 kinds of foods. In the basket is found sirloin steak, plate beef, bread, flour, pork chops, cheese, milk (fresh), butter, eggs, oranges, potatoes, canned tomatoes, coffee, sugar and lard. Assume, also, that the foods in the same amount have gone into that market basket ever since 1929. What has happened to the cost of the market basket?

"In 1929 the cost of this market basket stood at \$4.32. Then came the depression. Prices of all kinds started tumbling down (and retail food prices, down also, add officials, came farmers' prices. By July, 1931, the cost of the same market-basket dropped to \$2.93. But the end was not in sight. By July, 1933, the market-basket reached bottom. Its price then was \$2.40.

"Then the price tide turned. The agricultural recovery program with its benefit payments to farmers, processing taxes, and the drought began to elevate the price of food skyward. Two weeks ago the same market basket which sold for \$2.40 in 1933 was selling for \$3.00.

To these figures officials answer:
1. The rise in food prices has been from a very low level. If present prices are compared with prewar levels the increase in food prices has been less than the rise in prices of most commodities bought by consumers.

2. Some advance in food prices were necessary if farmers were to get a more adequate purchasing power so they as consumers might help to raise city workers' purchasing power.

But scores of consumers, asking how deeply meat bills are cutting into their family budgets do not see it that way. Already the strings of a consumer's retail has been cut. As a result the remaining market basket products has all the ingredients of a national issue.

The following table prepared by the Retail Price Division of the Bureau of Labor Statistics shows current food prices compared with the price level in 1929 and in 1933.

	1929	1933	1933
Sirloin steak, 1 lb.	45	39	40.6
Plate beef, 1 lb.	30	25	25.16
Bread white, 1 lb.	10	8	8
Flour, wheat, 1 lb.	10	8	8
Pork chops, 1 lb.	15	10	10
Cheese, 1 lb.	20	15	15
Milk, fresh, 1 qt.	15	10	11.5
Butter, 1 lb.	35	25	26.5
Eggs, 1 doz.	40	30	31.5
Oranges, 1 doz.	10	8	8.5
Potatoes, 1 lb.	5	4	4
Tomato, 1 doz.	10	8	8
Coffee, 1 lb.	20	15	15
Sugar, 1 lb.	15	12	12
Lard, 1 lb.	10	8	8
Total	243.50	178.00	182.66

The Japanese Way

It is a Japanese proverb that a man who is recently defeated is as fortunate as a man who has just won. The main reason for this is that the man who has just been defeated is not yet discouraged and is still full of hope. The following paragraphs from the Tribune, which read in a recent column, Arthur Brisbane:

If you ask, why has Japan gone ahead so fast? Here are two answers, incomplete but important. First, No Japanese child is ever punished as children are punished in other countries. No Japanese father or mother scolds a child. If you raise your hand to a weeping Japanese child the child will scream and run to a Japanese and it will smile in your face. It knows that men never strike children.

Second, Japan leads in the matter of "literacy" the ability to read which means ability to absorb knowledge. It can be done without reading.

In 1925 99.4 of all children in Japan attended school. In 1927 93 percent of all Japanese could read. All nations repeat the saying "Give light and the people will find their own way." The Japanese give light through education.

Whereupon the Tribune queries, "Are we less intelligent, less enlightened, less civilized than the Japanese?"

SANFORD TWENTY YEARS AGO

LONDON, Aug. 6.—Advises here are to the effect that Warsaw has fallen, and the Germans will be in a few hours. While the report has not been officially verified, military experts here are ready to believe it as the city has been in German hands for several days. The insurance turning movement of the German troops have placed the Russian forces in grave danger, and Hindenburg's troops got across the river before the withdrawal of the bulk of the Russian army the war will close as far as the Russian part of it is concerned. With the immense Russian forces captured at Warsaw, the Czar could not possibly put such an army in the field in six months, as this would give the Germans a chance to turn about and drive the Allied forces back in the western theatre of the war. The Piedmont Directory Co. announces the completion of the Sanford Directory and delivery will be made this week to be finished by Aug. 9th. The new directory will be one of the most complete that has been issued here in several years and each business house should have a copy. We have not learned just how many copies the new directory will contain but it will chronicle a large area in population for Sanford several years ago and these are probably more people here at the present time than meet the citizen can compute. United States Senator Nathan P. Bryan was here yesterday.

THE SANFORD FORUM

Sanford, Fla., Aug. 6, 1933

The Editor, Sanford Herald: Your editorial in Saturday's issue sets forth most strikingly a condition that is not only alarming but deadly in its significance to the people of the country, particularly those we know as the common people: Thomas Jefferson says:

"Were we directed from Washington to sow And when to reap, we should soon want bread!"

For two years they have been trying to do this from Washington. It can't be done. It is the people, the millions of producers that must do this, not Washington. Washington itself knows little about the depression. No one there realizes the true conditions in other parts of the country. What the people want quickly is an end of this depression!

History is repeating itself. Are not the conditions you describe analogous in a way to the cause of the French Revolution? Was not money spent in fabulous sums (for that period) by those in power which never reached the common people? Money lavished from the treasury (the people's money) in the way it is now being done by those who have assumed the power, has it ever reached the man at the bottom? History says:

Kennedy Protests New Regulations On Dove Shooting

Tallahassee, Aug. 6.—(AP)—New federal regulations opening the dove shooting season on Oct. 1 was protested yesterday by I. N. Kennedy, executive secretary of the state commission of game and fresh water fish, who claimed it would interfere with protection of native game and birds on which the hunting season opens Nov. 20.

Kennedy sent his protest to J. N. Darling, chief of the Federal Bureau of Biological Survey, who announced the federal season on doves would begin Oct. 1 and end Jan. 15 in the Southern states. The Florida hunting season is from Nov. 20 to Feb. 15. Doves, duck and other migratory birds are governed, however, by federal regulations.

"You will readily see," Kennedy told Darling, "that if the season is opened for doves prior to Nov. 20 we will lose much of our game due to this open season."

Kennedy said it would be "hard for hunters in the field for doves, to keep their fingers off the trigger if quail flushed."

Darling was urged to change the federal dove season in Florida to make the opening date conform to the state law. "I think this change would mean a great saving to the rest of our game," he said. Georgia also has protested the early opening of the federal season on doves.

Georgians Die When Airplane Crashes

MARIETTA, Ga., Aug. 5.—(AP)—A flying instructor and his wife died today when their airplane crashed in a field near Marietta.

Wheeler and Woolsey Dislike Black Widow

"The Nitswits" vs the masked terror, the Black Widow, is the main event at the Milane Theater Wednesday and Thursday. Bert Wheeler and Robert Woolsey are the contenders for the sleuthing title in this comedy about in seven reels said to be in a knockout laugh.

Personals

E. L. Gay has returned from Jacksonville where he spent the week-end.

P. Bayard Smith has returned from points in North Carolina where he spent a short vacation.

Dr. and Mrs. A. W. Knox spent Sunday at Daytona Beach with friends.

Mrs. E. G. Hayes returned Sunday from Perry where she visited relatives and friends for a week.

Richard Dean and Harry Hoyer returned Saturday from Charleston, S. C. where they visited relatives for a few weeks.

Mrs. H. B. Lewis has gone to Pittsburgh, Pa. to visit her brother, B. B. Crooms, for a month.

Dr. and Mrs. E. D. Brownlee and son, Harry Brownlee, left today for Daytona Beach to spend two weeks.

Miss Annie Wilcox Woods has gone to Tampa to spend several weeks with her aunt, Mrs. J. T. Spikes.

Miss Martha Bishop and Miss Margaret Wrigley of Atlanta who are spending the summer at Daytona Beach were the guests of friends here Monday.

Mrs. Faye Shonager and daughter, Ann, of Ashland Ohio are the guests of Mr. and Mrs. Joseph A. Malsch, Magnolia Avenue.

Mrs. J. S. Adams and Miss Lois Couch have returned from Vernon and other points in Texas where they visited the former's father for two months.

Mr. and Mrs. A. H. Hatcher announce the birth of a daughter, Joy Clarice, Monday night at their home, 404 West Nineteenth Street.

Mrs. A. S. Goodson and daughter, Mary, returned Sunday from West Palm Beach where they spent two weeks with relatives and friends.

Friends here of Mrs. Gene Enos of Peoria, Ill., formerly Mrs. Olson and a sister of Mrs. Felix Frank will regret to learn of her death recently at her home in Peoria.

Mr. and Mrs. Walter Krustner and Bruno Stark of Queen Village, N. Y., who are the guests of Mrs. H. Holly, spent Friday and Saturday in Miami. Mrs. Krustner is Mrs. Holly's daughter.

Mrs. J. K. Mettinger is planning to leave Friday for Jacksonville. She will join her daughter, Miss Ruth Mettinger, in that city and sail on the Clyde Steamship line to New York City and Philadelphia for a short vacation.

Mr. and Mrs. James Wells and two children of Miami, formerly of Sanford, are spending today and tomorrow here with Mrs. Wallace W. Wright, Melbourne Avenue.

Miss Jean Anderson of Baltimore, Md., who has been visiting Mr. and Mrs. T. L. O'Connor, will leave Wednesday afternoon for Clermont to be the guest of Dr. and Mrs. H. W. Chesterfield for a few days.

Mrs. Marvin Milam, Miss Florence Hardy, and Joe Cummings left today for DeLand where they will attend the Florida Baptist Assembly at Stinson University. They were accompanied by the Rev. and Mrs. W. P. Brooks, Jr.

Mrs. C. W. Colpepper and family, Mrs. Arthur Everett of Geneva, and Mrs. David Spear of this city motored to Lake Kooner, Silver Springs Sunday where they spent the day with relatives from Savannah and Wilwood who have a summer camp there.

Miss Ruth Hand, Miss Mary Louisa Mettinger, and Mrs. Everett Patton and daughter, June Ross, will leave tomorrow morning for New Jersey. Mrs. Patton will visit Dr. and Mrs. Ralph Woodruff in Elizabeth, and Miss Hand and Miss Mary Louisa will visit Mrs. F. E. Webber, Jr. at Fanwood.

NEW TAX BILL AFFECTS ONLY 8000 DIRECTLY

(Continued From Page One)
A list of U. S. Army troops similar to those which will support members of the local National Guard units to camp at Jacksonville later this month passed through Sanford going north at about noon today.

Among the large number of persons seen visiting Sanford Municipal Zoo today was a sizable party of young men and women who arrived in the city in an Ardena school bus.

County Motorcycle Officer M. C. Gordon reported to the County Commissioners yesterday that he traveled 2775 miles in July in his official capacity. He warned 10 motorists about speeding; 28 about using improper lights and seven about improper parking, and he made 10 arrests.

The Seminole County Welfare Board spent \$254.00 during July in administering to the needs of over a score of aged or incapacitated persons in this county, according to Mrs. Kathie Ridge, director of the Board. The county donated \$200 and the city donated \$54 toward the Board during the month and it had a balance of \$29.90 on Aug. 1.

School Supd. T. W. Lawton reported at the Court House yesterday that the Seminole County School system had a bank balance of \$2,000.25 on Aug. 1, protected by collateral worth \$99,800. Of this \$2,000.25, a total of \$80,553.00 was in Sanford-Atlantic National Bank, \$14,112.17 in the Commercial State Bank and \$127.88 in an deposit with the State Treasurer.

Star, Papworth, Kerl Lehmann and R. F. Haines of Alamo Springs were at Cocoa this morning attending a joint meeting of the Cocoa Chamber of Commerce, Rotary and Kiwanis Clubs before which appeared Mr. Lehmann, George W. Gibbs and Arthur Selles of Jacksonville as speakers on the St. Johns river, River canal.

Representative W. E. Butler, Bishop of Montpelier, speaker of the Florida House of Representatives at the last session spent a short time at the Court House yesterday visiting County Clerk O. P. Herndon and being introduced to numerous Court House dignitaries. Mr. Butler is spending a short time at Daytona Beach with his family. It has been rumored that he is planning to run for Nathan Mayo's seat as Commissioner of Agriculture.

H. I. Perkins, local Suberbach, identified a man, named Herbert Kile of Maitland at the county jail this morning as being the man who gave him a check for \$100 one day ago in return for a check.

CITY BRIEFS

(Continued From Page One)
County Physician Dr. S. F. Peterson and his assistant, Dr. W. Theobald, reported a busy month in the pursuit of their duties in July, according to records at the Court House. Dr. Peterson said that he visited the poor farm four times, the county jail seven times, the hours of duty 22 office consultations and performed eight operations and three minor operations. Dr. Theobald reported that in addition to visiting and treating a high fracture, he assisted Dr. Peterson, in 11 operations, made 15 hospital calls, three home calls, and had 20 office consultations.

His method, he said, had as a principle the movements and relative positions of various planets and constellations.

An expert in navigation, with a master's ticket at sea, Greenspan said that he worked out his system while teaching mathematics as navigation at Seaman's Institute and navigation at Seaman's Institute.

His record, which he has been notifying newspapers in advance, follows:

Predicted quake in Quetta, India, June 1 in which 10,000 lives were lost.

Predicted quake on West Coast of Formosa, July 12.

Predicted quake in Northeast section of Japan.

Missed tremor in Bantay, Cebu, which he predicted in Cebu, Cebu.

Some conversation was held a few days ago when a quake was reported without a prediction from Greenspan. Inquiry revealed that he had been sick in bed and had not been working at his profession for several days.

Greenspan, 21, lives in a apartment in Greenock Village with his pretty wife, who thinks him "a genius."

Local FERA Heads Busy Transferring Men To WPA Rolls

(Continued From Page One)
Mr. Appert said that the order means that another 100 or about 50 men will get their money tomorrow morning. He said some projects, and that they will be distributed to the men.

Greenspan To Quit Quake Predicting Until Later Date

(Continued From Page One)
with astronomical accuracy.

His method, he said, had as a principle the movements and relative positions of various planets and constellations.

An expert in navigation, with a master's ticket at sea, Greenspan said that he worked out his system while teaching mathematics as navigation at Seaman's Institute and navigation at Seaman's Institute.

His record, which he has been notifying newspapers in advance, follows:

Predicted quake in Quetta, India, June 1 in which 10,000 lives were lost.

Predicted quake on West Coast of Formosa, July 12.

Predicted quake in Northeast section of Japan.

Greenspan, 21, lives in a apartment in Greenock Village with his pretty wife, who thinks him "a genius."

Military Lines Near Pelzer Tightened

(Continued From Page One)
Tightening military lines about Pelzer Governor Johnston yesterday restricted admission to the Pelzer mills to persons employed in these before a strike began July 18.

The governor issued an executive order at Columbia which was viewed in effect as barring all legal strike-breakers, estimated at several hundred by union heads from the Pelzer Manufacturing Company's four plants.

The order, designating persons to be allowed within a 100-foot military zone and in the meantime, was followed by an authorization for 77 additional National Guardsmen to relieve and reinforce 100 troops already on duty.

Miss Jeannette Laing has as her guests at her home on Oak Avenue, Mr. and Mrs. T. L. Laing, Miss Alice LaVerne Laing and Miss Shirley Laing of Charlotte, and Miss Elizabeth New of Orlando.

Miss Elaine Farley of Dublin, Ga., formerly of Sanford, arrived Monday to spend two weeks here with her mother, Mrs. W. F. Brooks, and her sisters, Mrs. J. L. Wilkinson and Mrs. Harry Lee.

Mrs. and Mrs. W. D. Kelley of Macon, Ga., who spent a short time here with Mrs. J. L. Laing, returned to their home Saturday. They were accompanied by Mrs. Laing, who will visit them for a short time before going to North Georgia for a single visit.

Several Hollywood casting directors from the names of famous stars in their files for first check of possible roles.

Retail Electric Inc. The General Electric Refrigerator I bought from you was seven years ago is still 100% efficient and I have never spent a cent for service.

Who Owns The Telephone Company

MORE than eight hundred thousand people own the securities of the Bell Telephone System and most of these folks are small investors. No person owns as much as one-fifth of one per cent of the outstanding stock. The largest single stockholder, an insurance company, has less than one per cent and the average holding is only twenty-eight shares per stockholder.

Nearly half of the stock of the Bell System is owned by women, about two hundred and ten thousand of whom are housewives. There are about ninety thousand clerks and salespeople who have invested their savings in this business and thirty thousand manual laborers.

There are other thousands of farmers, merchants, professional men and others in every State of the Union who have placed their money and faith in the telephone industry. Trust funds for educational institutions, churches, orphanages, and homes for the aged, whose funds must be carefully guarded, have invested large amounts in this business.

No other company is owned by so many different people as is the Bell System.

It is this vast army of small investors who own the telephone business and it is these folks who have, by their sacrifice and saving, supplied the capital to build for you the world's finest and best telephone system. They own the telephone company.

Anything affecting the financial stability of this business directly affects them, as well as the army of telephone workers who are devoting their lives to furnishing you the very best service possible during good times and bad, at a cost to you 25¢ per month, consistent with financial safety.

VERNON BAIRD, Florida Manager

Southern Bell Telephone and Telegraph Co.

At noon high work on the Tenth will cease, the grading and straightening of the Longwood Lake. Mary Ford, and the finishing, cleaning and digging of a section of the road known as Elm Avenue to Black Hammock.

The 214 men who will go on the WPA payroll, effective tomorrow, will be picked from among those considered as the most deserving of the older men on the rolls.

Most of the present men on work relief receive \$1.50 per week for a one day's assignment. Every effort is made, Mr. Appert stated, to divide the total amount allotted Seminole County each month into the number of persons eligible for relief. This may mean that they receive only a small sum, he said, but, as one is doing even this small sum.

Works Progress Administration approval has been given by the following projects in this county with funds not yet available on the airport project.

Construct additional benches in municipal airport. Federal funds \$11,400.

Relaying water supply system in Sanford. Federal funds, \$10,650.

Finishing, cleaning and digging a section of the road from the intersection of the road and Elm Avenue at Black and extending north a distance of one mile into Black Hammock. Designated District Federal funds, \$1,775.

Grading and drainage of road from Gibraltar north and west three miles toward United Road. Federal funds, \$7,400.

Grading and drainage of the Longwood-Lake Mary Road. Federal funds, \$2,000.

From Jacksonville today came word that the WPA has been authorized to give grants and to WPA employees until they receive their pay checks.

State WPA officials yesterday received word to start the program of taking over WPA projects and workers, and some of these projects and workers in Florida today with all others expected to be started before the end of the week.

The work in Seminole County had been the removal of a previous project. The Seminole County WPA was authorized to give grants and to WPA employees until they receive their pay checks.
