been spent up to the present, and the current project will cost \$203,000,000. And Glades planters will view with grim humor Smith's statement that the area was free of front. However, in tribute to Buckingham Smith's breadth of vision and scholarly background, which included a Harvard education and much meticulous study of Florida history, Col. Matthews explains that information has always been scanty as far as the whole program is concerned.

Legion Meet

(Continued From Page One)
12:31 P. M. Two big wartime Navy hangars converted into a mammoth convention hall was filled with delegates, banners and music from the championship band of Harwood Post No. 5, Joliet, Ill. Mr. Truman, an artillery captain in World War I, was here as chairman of the Missouri delegation and as commander-in-chief. His address, to be given at 2 P. M., was expected to deal with the international situation and to discuss national defense.

Blast Kills 1

(Continued From Page One)
shock. The other, William Krentz, 21, of Wyandotte, was given first aid and released. Two others suffered cuts and bruises but refused hospitalization. Officials at first feared a large storage tank might also explode but that fear was removed as firemen brought the resulting blaze under control.

Battle Flares In Standard Oil Strike

RICHMOND, Calif., Oct. 12 (AP)—A pitched battle flared briefly at the Standard Oil refinery today. Strikers supported by a crowd of longshoremen, clashed with men entering the plant. Police broke up the fight after the two sides had pelted each other with rocks, bricks and other missiles for five minutes. CIO longshoremen, arriving in nine chartered buses joined the striking CIO oil workers outside the company gates.

U. N. Meet

(Continued From Page One)
gested peace talks in Jerusalem. He said, he is ready to meet the Egyptians any time, any place for peace discussions. A cease fire is impossible, he added, unless the United Nations can guarantee the Egyptians will not take advantage of such a truce to improve their positions.

And the Berlin blockade crisis also is on the Security Council agenda for Tuesday. A C-54 American plane on the supply run to the city the Russians blockaded in June crashed, killing three Americans. Another transport was shaken severely by a ground explosion near Berlin two minutes after it took off. The pilot said it was not Russian anti-aircraft fire, as he first suspected, which shook his plane. It might have been dynamite.

CORNERED AFTER MORE THAN A MILE of fast pursuit, a large bear stands his ground as hunting dogs surround him in Cadillac, Mich. The animal, chained at the end of the course, slipped his collar during the National Bear Hunt trials and led the field a merry chase until the dogs ran him down.

Mercury Skids

Here it is, SANFORD The 1949 FRAZER

Trailblazer-of cars to come!

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future. This is what they have done with the FRAZER for 1949! Low, sleek and differently handsome it is the trailblazer in style of cars to come. Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car."

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's tomorrow. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time... and from trailblazing the way for all the cars to come. First to launch sleek and easy traditions, the cars from Willow Run have done it again. Because (unlike other "new" cars built since the war, they've road-proved their dependability—3 billion miles world Value-proved to a quarter-million family proved drivers) see and drive the new FRAZER Tuesday! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.

## Convicts Say Bolton Offered \$15,000 For Reuther's Death

**Witnesses Declare That Kenneth Bannan Was Scheduled To Be Killed Later**

DETROIT, Oct. 19, (AP)—Two convicted burglars testified today that Carl Bolton, 39, offered \$15,000 to have Walter P. Reuther, president of the CIO-United Auto Workers, assassinated.

The two witnesses also said that Kenneth Bannan, head of the union's Ford department, was scheduled to be killed later.

His testimony was backed up in part by 43-year-old John Paitella, who with Miller is awaiting a burglary conviction.

Miller, in cross examination, described himself as a former auto worker who had been in prison most of the time since he was 17 years old. He served three terms, all for burglary. He did not say whether he had ever been a member of the UAW-CIO.

Reuther was shot in his home last April 20 but is recovering. Miller testified that he had known Bolton for about 20 years.

He said that as early as September, 1917, Bolton told him "that something was coming up," and that a lot of money was involved. Again in March, 1918, the witness continued, he had a similar conversation with Bolton. The name of the victim was not mentioned.

## Christmas Seal Sales Heads Are Named For County

With the exception of two community chairmen, the Seminole County Tuberculosis and Health Association has completed its organization for the forthcoming Christmas seal sale. Mrs. W. E. Roumillat, general seal sale chairman for the county, announced today. A goal of \$5,500 has been set.

Community chairmen throughout the county include: Mrs. T. V. Metz, Lake Monroe; Mrs. R. E. True, Lake Mary; Mrs. M. G. Hodges, Paola; Mrs. George Bridge, Longwood; Roy Glantz, Jr., Oviedo; Rev. Stephen Touy, Blowing Rock; W. Y. Yarbrough, Geneva; Mrs. W. E. Nowell, Forrest City and Mrs. Catherine Fairchild, Casselberry and Fern Park. Choluta and Altamonte Springs chairmen will be named soon.

The negro division organization has been completed by Dr. J. C. Ringling, president of the negro board. Montez Harris is chairman. Other committee chairmen are J. W. Knowles and James Foster, Larre Giffis Committee; Rev. J. B. Barnes, Church Division; Prof. J. A. Lawson, organization; Prof. J. Hamilton and

## Nazi Field Marshal Dies In Hamburg

HAMBURG, Germany, Oct. 19, (AP)—Field Marshal Walter Von Brauchitsch, commander-in-chief of the German armies until Hitler fired him after reverses in Russia, died at a British army hospital last night while awaiting trial on war crimes charges.

Von Brauchitsch, 47, died of coronary thrombosis, a heart condition. His wife, Charlotte, whom he married in 1933 at the apex of his military career, was reported near death in the hospital from a brain condition. She had been brought to the hospital to be near her husband in his final hours.

Von Brauchitsch had been suffering from heart trouble for some time. Demands had been voiced in Britain that he be set free, along with two other famous German field marshals—Gerd Von Rundstedt, 78, and Erich Von Manstein, 70.

## Four New Members Accepted By Legion

Four new members were accepted last evening at the Legion Hut by Campbell-Lossing Post No. 83 which made plans to carry on its membership rally.

The new members are Hollis W. Bazemore, Alvin E. Johnson, Robert Newman and James Crapps. John Sausis presided, with John Q. Galloway serving as acting adjutant. The meeting followed a buffet supper.

Total membership to date with 1949 dues paid is 107 as compared with 112 paid up cards at this time last year. It was announced by Capt. Earle T. Loucks.

Plans were discussed for a Legion Fair to be held here on March 14, pending approval of the City Commission.

It was announced that the Legion Auxiliary will hold a covered dish supper at 7:30 o'clock this evening.

## Despite Floods, Farmers Of Florida Have Some Produce Ready To Market

JACKSONVILLE, Oct. 19, (AP)—In spite of hurricanes and floods, farmers in some areas are fortunate to have some fresh Florida produce ready for the consumer. October 11 saw the opening of the season's auction at the Wauchula market with cucumbers, peppers and eggplant on sale. During the week a total of 1,789 packages were sold with cucumbers leading with a volume of 312 bushels. Volume is steadily increasing with quality improving.

William L. Wilson, Director of State Markets reported today in his weekly market review.

The Sanford Market was also active with beans and cucumbers leading in the vegetable. Citrus started moving at this market during the week and the outlook is good for the fall season. A great deal of interest is evidenced in locating an auction system here which will be a new method of selling produce through the market.

Fort Pierce Market anticipates the fall tomato deal will get underway in earnest about the middle of November with some tomatoes coming in on the first.

Some other markets reporting were in the area hardest hit by the tropical disturbance, but growers are replanting and some have not been replanted.

## Warren Raps Shipment Of Green Fruit At Convention

**Gubernatorial Nominee Holds Hearing On Citrus Industry At Leesburg**

LEESBURG, Oct. 19, (AP)—Fuller Warren told a group of growers today that a hog turned into grapefruit grows from which shipments are now being made "will refuse to eat what he can get there."

The Democratic gubernatorial nominee made the statement as he opened a series of hearings on how to cure Florida's sick citrus industry.

Commenting that Florida grapefruit has been going to market since late August "rather than ever before," Warren challenged the growers to answer this question: "How much Florida fruit have you been eating this early?"

"If the answer is negative as I expect it will be, how can we expect our northern customers to buy fruit we won't even eat from our own groves?"

The first witness to give testimony before Warren, his citrus advisory committee and groups of state legislators also put their fingers on shipment of green and immature fruit as one of the industry's worst evils.

"I believe any industry should have the right to regulate itself and ought to be given every opportunity to lift itself up and not itself back on its feet," he said.

"I'm hopeful the citrus industry even yet can right itself but if it doesn't by next April when the Legislature convenes, I will consider it the duty and obligation of the government to come to the rescue and do what it can."

He promised, however, any laws proposed to regulate the citrus industry would be passed through the Legislature.

He said he believed that whatever program evolved from the hearings "will be a binding mandate to the 1949 legislature."

Warren said he foresees any chance for debate on the so-called "test-taste" and his program to let growers designate by election the members who will represent them on the State Citrus Commission.

Warren said he would welcome suggestions on procedures for introducing these two phases of the program.

## Marshall Meets With Pope Enroute To Paris

CASTEL GANDELFIO, Oct. 19, (AP)—U. S. Secretary of State Marshall was received in private by Pope Pius XII today at the Pontifical summer residence.

Marshall is en route back to the United Nations meeting in Paris, following a weekend visit to Athens. He arrived in Rome yesterday, and conferred with Italian President Luigi Einaudi, Premier Alcide De Gasperi and Foreign Minister Carlo Sforza.

Informants said Marshall's talk with the Pontiff was a "long and cordial one, touching upon matters of interest to the peace of the world and welfare of mankind."

Mrs. Marshall accompanied the Secretary. They were introduced to the Pope by Franklin C. Gowen, special assistant to presidential envoy Myron C. Taylor.

Immediately after the audience Marshall was shown points of interest in the papal summer palace. Then he left with Mrs. Marshall for Anzio, where Lieut. Allen Tupper Brown, Mrs. Marshall's son who died in action, is buried.

## Order Is Issued Staying ITU Court Contempt Citation

CHICAGO, Oct. 19, (AP)—An order staying the federal contempt citation against the American International Telegraphic Union was issued yesterday by Judge Sherman Minton and J. Earl Moore of the U. S. Circuit Court in Appeals.

The order came after Federal Judge Luther M. Swygert in South field, Ind., had refused the union's motion to take similar action against the contempt order against the ITU and four leading union officials.

Judge Swygert said a stay of the contempt decision would only delay the final determination of the issues involved. His contempt citation he did not grant until the union had ordered it to appear in court Oct. 26 and show compliance with his injunction of last May 27.

The order was issued on the ground that the union's attorneys had maintained closed shop conditions in its contracts with newspaper publishers despite Judge Swygert's May 27 injunction.

The circuit judges issued the stay after the union attorneys had filed with the statements that the court was "without jurisdiction of the right of the National Labor Relations Board."

## Kingfisher Harrison Withdraws From Race

C. J. "Kingfisher" Harrison today withdrew from the race for City Commissioner in Group No. 2, due he said the morning to unforeseen demands on his time as a railroad freight inspector.

"I might be unable, at times to attend Commission meetings and therefore am withdrawing from the race for the best interests of myself and the City," he stated.

He declared that he wished to take the opportunity to thank his supporters for their loyalty.

Due to the fact that the ballots for the City election have already been printed, Mr. Harrison's name will appear on them, City Attorney Fred Wilson announced this morning.

## Nash Increases Prices

DETROIT, Oct. 19, (AP)—Price increases averaging \$275 on its "4000" series and \$320 on the "Ambassador" models were announced today by Nash Motors.

The increase applies to the new 1949 model Nash cars now in production and to be introduced publicly on Oct. 22.

## Meredit Robbed

PARIS, Oct. 19, (AP)—Burgess Meredith, American film star playing in a movie now being shot here, was robbed of \$10,000 from a hotel when rified his trousers in his room last night. At the time, she was alone.

## Strike Injuries

PARIS, Oct. 19, (AP)—Forty persons were injured when police and mine strikers clashed near St. Etienne, the semi-official news agency France Press said today.

The outbreak in central France occurred, the agency said, when pickets attacked police occupying Roche La Motiere mine. Eight strikers were arrested.

## No Watch Dog

OMAHA, Oct. 19, (AP)—The dog wasn't much of a watch dog, Mrs. Althea Johnson of Omaha conceded. A thief who broke into her house took the 18-year-old terrier and nothing more, she reported.

# Big 3 Say Negotiations With Soviet Are Useless; Palestine Truce Ordered

## Israeli Bombings Of Gaza Go Into 4th Day As Arabs Flee Capital Of Country

PARIS, Oct. 19, (AP)—Rep. Emanuel Celler (D-N.Y.) charged today, the United States and Britain "forced" the late Count Folke Bernadotte to recommend that the Arabs be given the southern Palestine desert of the Negev. Dr. Ralph Bunche, named acting mediator after Bernadotte's assassination, in Jerusalem Sept. 17, branded the charge as "utterly untrue."

## President Asks South's Support In Raleigh Talk

WASHINGTON, Oct. 19, (AP)—The State Rights democrats demanded today that President Truman discuss his "civil rights" program in his southern speech. Asst. Secy. of State, Assistant Secretary of the States Rights Party, said that if Mr. Truman does not it will "hand him as an unmitigated loser away from his second and ducking the issue."

## Stop The Music Program Blasted In FCC Hearing

WASHINGTON, Oct. 19, (AP)—Wm. C. Johnson of the Federal Communications Commission, said today the "Stop The Music" radio program is the "abuse of the airwaves published by some newspaper columnist."

Johnson said he would like to see the program given over to the FCC to take care of.

The FCC is taking up the program today to take care of the program which the Commission is taking up.

Johnson said he would like to see the program given over to the FCC to take care of.

## State Rights Are Kept Informed By Press, Jackson Says

WASHINGTON, Oct. 19, (AP)—A top press official in the State Department today said that the State Department is keeping the State Rights movement informed of its activities.

The official said that the State Department is keeping the State Rights movement informed of its activities.

## Faville Is Appointed Building Inspector

HOWARD Faville, local contractor, has been appointed as building inspector for the City of Sanford.

Mr. Faville will take over at an annual salary of \$1,500 plus mileage expense for operation of his automobile.

Mr. Faville has been in the building trade since 1912. He was in the building trade since 1912. He was in the building trade since 1912.

## States Righters To Meet In Memphis

JACKSON, Miss., Oct. 19, (AP)—States Rights Democratic Party will convene in Memphis, Tenn., Sunday for a southern conference on campaign strategy and local election plans.

W. W. Wright, one of the leaders, said here yesterday that States' Righters mean to carry on their fight within the Democratic Party after the election.

And, he added, "the meeting is definitely not for the purpose of organizing a new party."

It is believed Governor F. Lee Wright, State's Rights presidential candidate, will attend, although he had no comment here on the Memphis session and would not say whether he would go.

## Six States Put Issue Of Higher Pay For Lawmakers Before Voters

WASHINGTON, Oct. 19, (AP)—Six states are putting the issue of higher pay for their lawmakers before the voters next month.

Four states want to do something about their old age pension systems. And more than a score have proposals on the Nov. 2 ballot for various tax revisions, bond issues and lines of succession for state offices.

A constitutional amendment on the North Carolina ballot seeks to increase the pay of legislators from the present \$600 to \$1,200 a session and of presiding officers from \$700 to \$1,500 a session.

Michigan voters will pass on a proposed amendment to remove the constitutional \$23 a day limit on legislators' salaries and let the legislature fix the pay of its members. Another amendment would let the lawmakers set the salaries of elective state officers.

Florida has an amendment pending to hike legislative salaries from \$6 to \$10 a day and provide \$7.50 a day in expense money. California, the other sunbelt state, will vote on an amendment to wipe out the present \$100 constitutional ceiling, and empower the legislature to fix its own salaries.

In Kansas, an amendment would hike the lawmakers' pay from \$3 to \$5 a day and give them \$7 a day for expenses.

A North Dakota amendment would permit the legislature to fix the salary and expense of its members as well as those of elective officials. Washington also has an amendment to fix salaries for elective officers.

Oregon has an initiative to establish \$6 a month old age pensions and Washington may liberalize existing public welfare laws by easing eligibility requirements and

## Berlin Blockade Is Being Tightened, Western Powers Declare In U.N. Meet

PARIS, Oct. 19, (AP)—The Big Three Western Powers told the United Nations Security Council today that further negotiations with the Soviet Union on Germany are useless as long as the Russians keep a watertight blockade on Berlin.

Dr. Philip C. Jessup of the United States said the Russian stranglehold on road, rail and river communications with Berlin was being tightened "even as the security council deliberates."

Russian Deputy Foreign Minister Andrei Y. Vishinsky, snuffing and sneering from a severe cold, sat otherwise silently at the council table during the three-power attack.

Speaking on behalf of Britain, France and the United States, Alexander Cadogan said the Western Powers would not negotiate on the basis of their Aug. 30 agreement with Prime Minister Stalin as long as the blockade lasted.

Mr. Cadogan of Britain said the Western Powers were in agreement on the tightening of the blockade. He spoke on behalf of all three Western Powers, Britain, France and the United States.

The Western nations agreed in principle Aug. 30 to accept the Soviet demand that Berlin's sole currency be exchanged for a lifting of the blockade.

(Continued on Page Eight)

## Radio Equipment Of Police, Sheriff Gets FCC Check

L. E. Harrison, Federal Communications Commission inspector, said the Police Station this morning to check the new FM broadcasting and receiving equipment, as well as those in police cars and the Sheriff's car.

It was announced that he will inspect radio equipment here of Florida Sheriff's and of local radio stations in Central Florida.

Now rules on the citizens band of 40 and 50 megacycles are now being formulated and should be adopted by the FCC sometime this month.

This is the first of a series of inspections of portable sending and receiving units which have been unable as yet to use the 470 megacycles. The Police Station FM frequency is 38.5 megacycles, while on AM the frequency of WRR is 1.4 megacycles of 1,400 kilocycles.

Short wave "hams," such as L. E. Boyle and C. R. Dawson, operate in the 10, 20 and 40 meter bands of 28, 14 and 3.5 to 1 megacycles.

## State Rights Are Kept Informed By Press, Jackson Says

WASHINGTON, Oct. 19, (AP)—A top press official in the State Department today said that the State Department is keeping the State Rights movement informed of its activities.

TUESDAY, OCT. 19, 1948

HIBLE VERHE TODAY

THERE ARE SOME GIFTS THAT CANNOT BE CAPITALIZED ON SOME OF THESE GIFTS MAKE CHARMING FRIENDS AND NEIGHBORS, BUT MAKE NO ONE WEALTHY NOR FAMOUS. THEY MAY BE FABULOUSLY USEFUL, ANYWAY. Now there are diversities of gifts, but the same spirit.—1 Cor. 12:4.

We see where even the YWCA is being accused of Communist infiltration. You never can tell where you are going to find them.

Some people, we find are going to vote for Henry Wallace because they believe his appeasement of Russia is the best way to keep out of war. They are probably the ones who applauded the loudest when Chamberlain surrendered to Hitler at Munich.

We hear a lot of talk these days about the wisdom of electing our mayor by popular vote instead of by the other members of the City Commission. We don't see much point in changing, however, as long as the mayor doesn't have as much authority as an ordinary city commissioner. He can't even vote except in case of a tie.

President Truman arrives in Miami to make "a non political speech" for the American Legion convention. He explains why he decided to send Vinson to Moscow to see Stalin, complains that Marshall talked him out of it. Anyway he intends to do everything he can to avoid war. Like Roosevelt, if Truman is elected, no mother's son will ever fight on foreign soil. But no politics, absolutely no politics.

The trouble with Governor Dewey's candidacy is that he has too many friends who persist in lending him their support. First John L. Lewis asks the coal miners to vote for Dewey as the only friend of organized labor among the various candidates. And now the legislative leader of the National Association of Real Estate Boards comes out for him. Well, as someone has said, "May the good Lord save me from my friends. I can take care of my enemies myself."

Speaking of international disarmament, with especial reference to the atomic bomb, as proposed the other day by Russia, Dorothy Thompson, quotes the following parable: "The wild beasts held a disarmament conference. The lion, observing the eagle, proposed the abolition of wings. The tiger, observing the bull, proposed the abolition of horns. The bull, observing the tiger, proposed the abolition of claws. And the bear suggested that all these categories should be abolished and he would receive all into his warm embrace."

The Miami Herald comes to our desk in a fitting tribute to the American Legion with 220 pages containing 12 solid pages of pictures and numerous feature stories, ads and other attractive matter. The 250,000 copies printed consumed 13 solid freight carloads of newsprint, capable of stretching from New York to Moscow and beyond to Hong Kong or a distance of 9,180 miles. This is an example of free enterprise. Wonder what would have been possible under a communistic regime.

We have just seen a sample ballot for the Nov. 2 election. It is an impressive looking thing and dangerously formidable with its four columns of presidential electors right up there at the top with a fifth column in which the names of other electors can be written if one is not satisfied with what he finds on the ballot. But aside from the presidential electors and the constitutional amendments, there are only two candidates on the ballot who have any opposition. Fellow Warren, for Governor, opposed by Bert Lough (Aunt) and A. E. (Doc) Perkins, Jr., for Congress, opposed by M. J. (Doc) J.

Too Far And Too Fast

Warren Austin, the chief United States delegate to the United Nations made a careful, significant speech to the political committee the other day in which he explained why the United States is increasing its armaments. It might be an excellent idea to install copies of this speech permanently in all the executive and legislative offices and cloak-rooms in Washington. For it was a speech made necessary by the fact that we have repeated our own historic errors.

In essence, what Mr. Austin explained was this: We see a threat to peace in the world today. We must arm to meet it because in our delirious enthusiasm for the end of the second world war we cast our arms away in order that we might run unimpeded into an illusory now era of peace and tranquility.

We committed the same error after the first world war. Partly because this error left us with negligible military strength, the reactions of the United States were dismissed as completely unimportant by the European dictators in their planning for the second war. Finally we found it necessary to arm feverishly, in an effort so belated that we were able neither to stave off war nor to be ready for it when it came.

It may be that this time we have discovered the error in time to prevent its results from being catastrophic. If, there comes a time in the future when we may again breathe more freely, that will be the time when we should remember these errors, so that we will not again disarm too far and too fast for the conditions of the world in which we live.

Island Schools

Not only the children of Army and Navy personnel on the islands of the Pacific are benefitting by the application of American educational methods, but also the native population.

George Washington High school on Guam has 1,200 students, many of whom are natives. Half of each school day is spent in study and half in work at jobs which involve training for future vocations. The teacher shortage has been overcome by enlisting the services of Army and Navy wives with teaching experience.

Supplementing the conventional school program are some night classes, such as one in bookkeeping conducted by a Navy commander. Natives attending have learned quickly and have applied their knowledge to the establishment of a restaurant, barber shop, tailoring and shoe-repair outfits, canteen, a soup factory and a poultry farm.

One result of military operations involving small, remote islands has been the productive contact of the native populations with modern influences. The fact that they are willing and able to absorb and to apply academic education is a refutation of the belief of some persons that primitive peoples are fit only for coolie-labor.

Don't Try To Play God

Most, of us, at one time or another, try to play God. Temporarily, at least, such an attitude satisfies the ego, but it can get us into all kinds of emotional snarls. When you try to be God, you infer that you know all the answers and are, therefore, capable of charting the life course of yourself, your family, and your friends.

It is hard to keep "hands off" other people's lives. It is harder to avoid criticizing the lives of others. But if you want to keep away from nervous tensions and emotional jangles—if you want to be popular, wanted, sought, enjoyed—you must sternly resist the temptation to play God. When you try to assume this role, you wind up with an audience of one—yourself.

The drama of life has a long cast of characters, and it is impossible for you to change your make-up fast enough to play all of them. Play yourself—that fine, wise, sensitive, intelligent self. Perfect your body, your habits of living, your mind and spirit—and leave the rest to the one true God.—Margery Wilson in Your Life.

Inside WASHINGTON

Navy Planning Jet Hop | Air Test Would Reveal Speed Reinforcing Ideas
Special to Central Press

WASHINGTON—The Navy has planned a dramatic test of air power in which jet fighter planes will hop from the west coast to Hawaii in a few hours by using two aircraft carriers as intermediate landing fields in mid-ocean.

Washington

The hop may take place before this reaches print, or it may be postponed for a while. When it is staged, it will show the nation's military planners how long it would take to reinforce the United States outpost which suffered the crippling Japanese sneak attack of World War II.

Jet fighters, without special equipment, cannot make the 2,400-mile jump non-stop. Navy planners are sure they could do it one-stop, but they will take no chances in the initial test.

One thing holding up the project is fear that it will be classed as a publicity stunt aimed at matching the headlines the Air Force got when it flew jet fighters to Germany.

High brass considered such publicity so undesirable that the Navy public relations branch was not told about the plan. When it found out, it insisted to the high admirals that press association representatives be taken along when the flight is made.

● SOWA WORRY-SHOT FOR GOP—The Republicans are worried about losing a Senate seat in Iowa, where incumbent George Wilson was considered a shoe-in until recently.

Running against Wilson, who has been ill and out of the limelight, is former Senator Guy Gillette, a sturdy campaigner. He is straining Wilson's constant conservative voting record to Iowaans who for years supported the anti-Wall Street Smith Brookhart in the Senate.

Responsible polls in the tall Corn State indicate the outcome will be by the narrowest of margins.

● MOVIES FOR ARMY—The Army's going all out to make its young enlistees and the coming flood of draftees feel at home. Its latest move: A request to the movie industry to allow soldiers to bring "dates" to post theaters. Under the present arrangement, the industry supplies films for Army posts with the understanding that outsiders—even soldiers' wives—are barred.

Army brass figures that opening the post theaters to dates and wives would be a healthy morale booster and reduce the temptation for young trainees, fresh from the restraints of home life, to "go on the town" on their free nights.

● SPES AND POLITICS—Don't look for a quick resumption of public hearings on Communist espionage in the United States. The House un-American activities committee now is conducting the preliminary investigations in several spy cases—including alleged wartime thefts of atomic secrets for Russia.

Resumption of public hearings has been postponed twice, however, and the latest postponement is for an indefinite period. Reason for the delay is political. GOP strategists want the headlines on Communist activities in the United States government when the presidential campaign reaches their climax late in October.

The hearings, when they are resumed, will be timed to meet this political requirement.

● NEAR MISS—Few people knew it, but the nation came perilously close to a short telephone service shutdown recently. Phone company unions, disgruntled because of resistance to third-round wage increases, held a "joint action" meeting in Washington to consider proposals for a "mass unless demonstration."

In 1946 such a demonstration brought a four-hour stoppage of service while workers attended union meetings.

CIO and independent union leaders temporarily dropped their bitter feud to join in the "action" meeting.

After a full day of debate, the union heads finally decided to skip the shutdown, at least for the present, and resort instead to "one hour" parades and demonstrations.

### 20 Assorted Attendance Records Broken By Major Loop Attendance

By JOE REICHLER  
NEW YORK, Oct. 19, (AP)—No fewer than 20 assorted attendance records were broken as more persons watched Major League ball during the 1944 season than ever before, according to unofficial figures compiled by the Associated Press.

Spurred by the American League's top paid attendance of 11,300,000 fans, reported by President Will Harridge, the majors took 20,972,601 through the stadiums. It marked the first time in history that the two leagues passed the 20,000,000 figure.

The National League slumped 1 per cent off the pace of 1943, attracting 9,822,502 compared to more than 10 million the previous season.

Total of 2,820,627 fans filed into mammoth municipal stadiums at Cleveland for a new single club season record. That bettered the former mark of 2,265,612 set by the 1940 New York Yankees.

The Yankees, runner-up to the Indians, also bettered their former high by playing before 2,373,901 fans. Five other clubs—Detroit, Boston and Philadelphia in the American League, and Pittsburgh and Boston in the National—established new marks.

The Tigers lured 1,748,036, com-

### 11 Major Football Teams Remain On Undefeated Slate

NEW YORK, Oct. 19, (AP)—With the season close to the halfway point, 47 college football teams, including 11 major squads, still can boast of perfect records today.

The list of the all-winning teams includes only those which have played at least three games.

California heads the powers with a 6-0 record. Other major all-victorious teams include Georgia Tech, Nevada, Cornell, Army, North Carolina, Notre Dame, and Michigan, four each; Pennsylvania, Penn State, and Clemson, three each.

The unbeaten and untied teams (with points for and against) include:

Five Games		
California	164	40
Georgia Tech	80	7
Nevada	101	84
Florida A & M	91	18
Cornell U.	106	21
Michigan	128	85
North Carolina	97	27
Notre Dame	138	47
Three Games		
Livingston (Ala) Techs	77	19
Penn State	50	2
Pennsylvania	75	24
Jax (Ala) Techs	77	13
Ga State of Savannah	62	25

### Michigan Eleven Reigns As Top Team In Nation

Notre Dame Moves To Second Slot In AP Poll Of Writers

NEW YORK, Oct. 19, (AP)—Michigan's mighty Wolverines, for the first time this season, reign as the nation's top college football team today.

The unbeaten powerhouse from Ann Arbor wrested the No. 1 spot from the North Carolina Tar Heels in the weekly Associated Press poll of sports writers throughout the country.

Michigan drew 74 of the 148 first place ballots while piling up 1,336 points. Notre Dame, ranked first in the opening poll, moved 1215 points to place second to Michigan.

The Tar Heels, although snaring 32 first place votes to Notre Dame's 23, dropped to third place with 1,139 points. The Fighting Irish scored heavily in second place votes. Points are awarded on a 10 for first place, nine for second and so on down the line to one for tenth place.

Michigan's convincing 28-0 trouncing of previously unbeaten Northwestern Saturday while North Carolina downed once victorious North Carolina State 14-0, turned the tide in favor of the Wolverines. Notre Dame romped to a 44-13 win over Nebraska to keep its slate clean.

Like the first three teams, the next five ranking elevens also boast perfect records.

California Bears moved past Army into fourth place. The Bear, who breezed to a 42-0 win over Oregon State, gained 14 first place votes and 576 points. Army, with one first place vote, is fifth with 775 points.

Georgia Tech, Pennsylvania and Penn State all moved up a notch. The Yellow Jackets took sixth place with 627 points, Pennsylvania gained seventh with 423 and Penn State grabbed eighth with 411 points.

Missouri, 12th a week ago, jumped to ninth with 193 points. Northwestern, third last week, wound up in tenth place with 182 points. Mississippi, tenth seven days ago, tumbled to the 20th slot. The Rebels lost out when they bowed, 20-7, to Tulane.

### HEAP BIG INJUN - By Alan Maves

### Wolf Stresses Pass Defense In Gator Sessions

U Of F Coach Says He Concedes Tech Nothing For Game

GAINESVILLE, Oct. 19, (AP)—Showing a growing concern over the famed Georgia Tech aerial attack, Coach Bear Wolf is concentrating his Florida Gator work on drills to halt the overhead drive.

The mentor has pass defense slated on the day's workout schedule for the second straight time and said he would continue to stress that phase of the defense until the Gators take off Thursday night for Atlanta and Saturday afternoon tilt against the Eagles.

The Gators head man received some lift in the return of Eldridge Beach, St. Petersburg halfback, to the active fold. Beach has been sidelined with leg injuries for two weeks. In pre-season drills, Beach was one of the top Saurian runners.

Wolf can also look back on the Rollins game with some enjoyment besides the winning score. The Gators came through the battle with no serious injuries and barring accidents this week, will meet Bobby Dodd charges at near peak strength.

The mentor appreciates the fact that Tech has a fine ball club. Wolf said, "But we concede nothing until we're shown personally."

The mentor indicated that some step-up in tempo of the work at practice would be shown today. Yesterday the team engaged in yummy work with little contact. "We might get in a little pressure work today," Wolf added.

The improvement in the Gator offensive efforts has heartened the coach.

"I think the boys are doing a fine job," he stated. "Their spirit remains the best I've ever seen on a club which has taken the licks this one has."

The mentor said the team would entrain for Atlanta Thursday night and work out in the Georgia city Friday prior to the Saturday meeting.

### Boy Is Blinded By Gun In 'War' Game

ABINGTON, Pa., Oct. 19, (AP)—A 15-year-old boy was blinded by shot-gun pellets while playing "war" with a teenage friend when both tired of hunting crows, Police Lieutenant Alwyn Streeter reported today.

Robert Showmaker of Rockledge, Pa., is in Abington Memorial Hospital. His left eye was removed by surgery shortly after the shooting Saturday. Numerous shotgun pellets were taken from the left side of the face and scalp.

Streeter said the youngster was wounded in an exchange of shots with Jack Leahy, 17, Rockledge.

Leahy is being held on an open charge pending further investigation, the police official said.

### Miami Coach Sends 'Canes Into Hard Work For Dog Tilt

MIAMI, Oct. 19, (Special)—Coach Andy Gustafson started his University of Miami Hurricanes back on the road of hard work Monday, preparing for Friday night's Orange Bowl game with the University of Georgia. Miami's thrilling 6-0 win over highly ranked University of Detroit last week has aroused football interest to a fever heat in Miami and makes a run for the size of next Friday's crowd range from 50,000 to a capacity turnout of 60,000.

However, Coach Gustafson has been quick to point out to his squad that Georgia is no Detroit, and the Hurricanes will not be against a different kind of team in the Orange Bowl Friday night.

For one thing, Detroit has no passing attack, falling miserably on seven tries while Georgia has Johnny Hatch, one of the nation's top passers, and "them" two tightly but Georgia will make a mistake. Coach Wally Butts has a 26-21 thriller back in 1945 to remind him of Miami's prowess even if he didn't have that Detroit score to go by.

Big question mark on the Hurricane side of the picture is the condition of Bob Campbell, ace back whose bad leg kept him from making the Detroit trip. Coach Gustafson has stated he would not use "Whitey" until he was fully recovered and Monday morning, Campbell still had a bad knot on his leg. His chance for playing against Georgia are not bright.

Ken Keltner of the Cleveland Indians hit more home runs this season than ever before in his career.

Finland won ten track and field titles in 1924 Olympic-high number ever scored by other than a U. S. team.

Al Reinow, captain of Michigan's NCAA championship hockey team, lives in Toronto. He scored goals last season.

### Room 8 Wins Tourney At Grammar School

Room Eight of the Sanford Grammar School won the recent Round Robin touch football tournament, winning all three games played. Co-captains elected by secret ballot were John E. Jones and Charles Wilke.

Room Six took second place losing only one game. Co-captains were James Nettles, Weldon Bridges and Donald Kelly.

The roster of room eight included James Black, Paul Brown, Louis Bullard, Roger Durand, Roger Garner, Robert Gonzalez, Robert Harvey, Joe C. Jenkins, Robert Miller, Frank Mills, Charles Patterson, Marlin Salter, Bob Shonaker and Captains Charles Wilke and John E. Jones.

### Accidents Cut More Years From Working Life Than Illnesses

CHICAGO, Oct. 19, (AP)—Safety experts were told today that accidents cut more years from the working lifetimes of Americans than any single illness.

Neil H. Dearborn, president of the National Safety Council, told the National Safety Congress that "accident prevention has failed to keep pace with medicine and other sciences in preventing death and suffering."

He spoke at the start of the five-day 36th annual meeting of the safety congress.

"There is no reason on earth why the American people, properly informed and aroused, cannot do exactly the job in accident prevention they have done on disease, famine and epidemics," Dearborn said.

James Tanham of New York City, vice president of the Texas Company, told the safety council's board of directors that safety "is a must" in the modern business organization.

Tanham was elected chairman of the safety council's board of directors today.

A woman traffic judge, Reva Beck Bosone of the Salt Lake City Municipal Court, told the congress that "a lot of masculine judges" have applied the "poor old" laws most delicately to the injured feelings of traffic violators who think the laws were made for everyone but them.

"I am convinced that this powder puff justice in the traffic court is playing a big part in piling up the disgraceful traffic toll this country endures year after year," she said. "It's time to put away the powder puff and start cracking down on the crack-ups."

### Smithsonian Institute Probes Utah Meteorite

WASHINGTON, Oct. 19, (AP)—The Smithsonian Institution, which thinks about such things, would like to know how a 1,104-pound meteorite could hit the earth with little damage to itself—or the spot it hit.

Smithsonian scientists are studying such a meteorite, found in 1944 in Utah and the eighth largest ever discovered in the country. They estimated in a report today that it hit the earth with a force of at least 20,000,000—that's million-foot pounds.

But there was no crater where it fell. In fact, it was almost lying on top of the ground, and the hunk of iron itself shows no signs of the thump it must have taken.

The scientists have one possible explanation: It may have landed in a short and soft. The Smithsonian still doesn't know when, though.

### 5 Men Are Running To Head Association

CHICAGO, Oct. 19, (AP)—At least five baseball men are in the running for the American Association presidency vacated by Frank Lane's resignation to become general-manager of the Chicago White Sox.

Lane said candidates included Leo Miller, former president Syracuse in the International League; Frank Colley, former Association secretary and now president of the Ohio-Indiana League; Ed Gilland, former Toledo general manager and Detroit Tigers aide; Herald (Muddy) Ruel, Cleveland Indians coach and former assistant in the Commissioner's office; and Al Banauer, president of the Columbus Redbirds.

### Rocky Graziano To Return To Ring

JERSEY CITY, N.J., Oct. 19, (AP)—Former middleweight champion Rocky Graziano returns to the state wars in an exhibition bout with Dom Youvello of Poughkeepsie, N.Y., as an added feature at the Jersey City Garden tonight.

The ex-champ, idle since being stripped of the crown by Tony Ealo last June in the Newark ball park, is scheduled to go five rounds with his Poughkeepsie rival.

in temperature.

## Warren Tells Legion Of U.S. Foreign Policy

### Rehabilitation For War Vets Is Pro- claimed Top Project Of Auxiliary

MIAMI, Oct. 20. (AP)—Harold E. Stassen, now president of the University of Pennsylvania, told the American Legion convention today "you can never win a peace by military means."  
Stassen, a legislator, also asserted, "You can never win peace by coddling Communism at home or abroad. Peace can be won only by putting force, determination and courage behind the great principles of justice."

MIAMI, Oct. 20. (AP)—An invitation to New York City "anytime you want" was extended to the American Legion by Arthur Duffy, past commander of the New York Department, representing Major William O'Dwyer.

MIAMI, Oct. 20. (AP)—Irish General Kenner L. Hastings, chief of the Armed Forces Memorial Division, told the American Legion convention here today that an average of about 200 bodies a month are still being recovered on foreign battlefields.

MIAMI, Oct. 20. (AP)—Secretary of the Treasury John W. Snyder said today that "it may be necessary to impose new taxes if we are going to have (Continued On Page Four)

## Farm Wage Rates Reported Lagging In South By USDA

ATLANTA, Oct. 20. (AP)—The U.S. Department of Agriculture today reported the South was the only region in the nation where farm wage rates per day without board still lagged behind the average rate of \$4 per day in the South Atlantic States, \$3.90 in the East South Central States and \$4.70 in the West South Central States.

## October Rainfall Is 3.24 Inches In City

Sanford has had 3.24 inches of rain so far this month. The last rain fell on the 13th when Weatherman B. F. Whitner recorded .30 inches. The heaviest downpour was on Oct. 3 when 1.02 inches was recorded.

## Gano Helped Battle Fire In California

Lloyd M. Gano, 54, serving with the Seabees at Port Huenuens, Calif., was among the 300 men who battled forest flames that raged for five days in early September, destroying 28,000 acres in the Los Padres National Forest.

## Against Changes TAMPA, Oct. 20. (AP)—The Florida Taxpayers Association voted opposition today to the first three proposed constitutional amendments.

## Educators Seek To Admit More Students From Eastern Europe

WASHINGTON, Oct. 20. (AP)—A recommendation that the United States admit more students and other visitors from "barricaded" eastern Europe went to Secretary of State Marshall today from a group of American educators.

## British Air Marshal Credits U.S. Radar As Aid In Buzz Bomb Fight

LONDON, Oct. 20. (AP)—Stripped-down fighter planes flown by daredevils and anti-aircraft guns sighted with American gadget whipped Hitler's buzz bombs. Air Chief Marshal Sir Roderick Hill says in a report published today.

## Congressional Candidates Make Final Pleas For County Votes

M. J. Moss, Jr., 5th District Republican candidate for Congress, in a talk on First Street and Magnolia Avenue this morning, charged that his Democratic opponent, Judge A. S. "Syd" Herlong, Jr., is trying "to carry water on both shoulders" by refusing to declare whether he is backing Truman or Thurmond for president.

He declared that a two party system would pay big dividends for this section, especially in securing benefits from a Republican Administration on more adequate waterways and flood control.

## Band Of Rebels Capture 2 Towns In South Korea

By WILLIAM MOORE  
SEOUL, Oct. 20. (AP)—The home minister today placed South Korea under martial law after a rebel band led by what government authorities termed Communist inspired soldiers captured two towns. The rebels took over the towns of You and Suncheon.

## Government Authorities Term Raid As Soviet Inspired

By WILLIAM MOORE  
SEOUL, Oct. 20. (AP)—The home minister today placed South Korea under martial law after a rebel band led by what government authorities termed Communist inspired soldiers captured two towns. The rebels took over the towns of You and Suncheon.
