WONDERFUL PRIVILEGE

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is the storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan in to go to church regularly and read your Bible daily.

We are proud of our freedom... whether it be freedom of speech, freedom of assembly (the eyes have it), freedom of the press, or freedom of religion. Of all these, we sing: "Let freedom ring!"

Freedom of religion is not the property of the clergy, but of all the people. Every schoolboy knows that the Constitution says so. It guarantees freedom of worship... freedom to honor God according to one's own conscience. It is a precious gift.

How you worship is your business! That you must worship, ah, that's God's business! Choose the church to honor God with your fellowman... thanking God for this wonderful privilege. For, so often in other lands, such worship is forbidden and outlawed. Sunday is His day! Make it your day!

See you made it safely through the Fourth. Congratulations.

The Herald set up a special picture for Friday's edition showing a youngster with a flag, fireworks and all the trappings. You may have seen it. The odd part about it was the effort made by Photographer Bill Vincent. He toured six downtown stores trying to find a small flag the boy could carry. None of the stores, he says, had any. Bill finally recruited one he had used years ago.

The cooperation of Seminole and Orange County sheriff's departments was graphically demonstrated Thursday night with the arrest of two men hauling hijacked liquor. Both departments, headed by Sheriff J. L. Hobby and Dave Starr cooperated to the fullest in staking out the site. It paid off with the arrest of two. Sheriff Hobby says a third man fled.

If you were bored on the Fourth it was probably your own doing. Many, many activities were on tap and they were designed to satisfy the needs of virtually all age groups. Each was well-attended.

The Sanford-Titusville canal project got a glowing report in this past issue of the Kiplinger Florida Letter. The letter, printed in Washington and distributed to exclusive clientele, told of the benefits the waterway will have for all interests in Central Florida and how it'll tie in with the Cross State Canal, now under construction.

This city's new parking lot filled up fast Friday and stayed that way throughout the day. Looks like it's taking hold quickly.

Your grass growing, too? These rains of late have made it spurt, eh? Well, cut down on the water bill but mowers are getting a good workout.

A horticulture buff called us Friday to inform us that bananas "grow on plants, not on trees." Mighty tall plants—some of them get up about 10 feet.

This ruins the song about the yellow bird "up high in banana tree." It doesn't rhyme any more.

The dictionary says that "there is no exact line of demarcation between a tree and a shrub. Some plants are capable of assuming either habit, such as a 'rose tree' or a 'banana tree'."

If our banana shrubs get the habit of being "trees" how are you going to break them of it?

Fellow we know has come up with an even more progressive design for a bathing suit. It's backless, frontless, topless and bottomless. "What is it... well, it's really a belt!" he admitted.

The State Road Department estimates a reduction of 5,000 vehicles a day on Hwy. 17-92 when Interstate 4 is opened. This is about one-fourth of the present count of more than 21,000 cars a day on SR 46 and Hwy. 17-92.

Don't forget to get your eyes checked with the new eye testing machine the Lions have purchased, at the big Fun Fair on the Fourth of July.

More Than 20,000 Jam Longwood Celebration

"MISS FLAME" OF 1964

Casselberry Beauty Named 'Miss Flame'

By Donna Estes
 Attendance at the Longwood Volunteer Fire Department's annual Fourth of July Fiesta exceeded last year's total of 20,000 persons according to Chief Claude Layo. Despite the poor attendance Thursday and Friday evening due to inclement weather the field was filled to capacity and both sides of the highway were lined with cars as far as the eye could see for Saturday night's gigantic fireworks display.

Actively on the Fourth began with a parade more than a mile in length with an estimated 75 entries. The Marine Color Guard, followed by the South Seminole Summer Recreation Band, led the parade. Nine area fire departments participated with entries in the Miss Flame contest riding their sponsoring department's truck.

Presented awards and ribbons were: best decorated float—Scott's garage, first; South Seminole VFW Post 8207, second and Casselberry Boy Scouts, third; best appearing volunteer fire department—Casselberry, first, Lake Mary second and Sanford Naval Air Station third; best decorated automobile—Longwood Area Chamber of Commerce first, Carl's Grocery Store, second and Adams Garage, third.

Janice Russell, Miss Flame of 1963, was named best individual girl participant and Michael Minnock, best boy participant. Other awards were given to Theresa Estes, Mrs. Margaret Cosby of North Orlando and The Ladies Auxiliary to the Longwood Volunteer Fire Department.

Judges were John Reams, Charlie Morrison and F. J. Zartmann.

Approximately 75 boys took part in the greased pig contest with Johnny Roberts catching the pig which he promptly sold for \$5.

Valerie Scott of Longwood, daughter of Mr. and Mrs. Harry Scott, won the bicycle. A total of 73 donation prizes were awarded throughout the day.

The 17 inch portable television set grand prize for the event, was won by William Crump of Lake Mary.

Academy To Rebuild Burned Structure

Forest Lake Academy officials today began plans for rebuilding of the building which was gutted by fire Friday night. Damage is estimated at \$175,000.

The blaze, believed to have been caused by lightning, started at 8:15 p.m. and raged for hours before being checked by firemen from throughout the area.

The building was unoccupied at the time. Only a few students remain at the academy during the summer to work at the school industries. These students were attending a meeting in Orlando.

The administration building involved in the blaze houses classrooms, laboratories, office, library, book store, assembly hall and music studios.

Firemen used water from the academy's 10,000 gallon reserve tank and then began pumping water from Mirror Lake across the highway. Many firefighters remained at the scene until 2 a.m. and standby crews were on duty throughout the rest of the night.

According to William Fuchs, principal, the building and contents were covered by insurance. Reconstruction will begin as quickly as possible, Fuchs added, stating that school will be ready in the fall.

WEATHER: Partly cloudy through Tuesday with scattered afternoon, evening showers; high today 90-95; low tonight in mid-70s.

County Takes New Law In Stride

FUN ON THE FOURTH for youngsters at Fort Mellon Park as they twirled round and round on the park's merry-go-round between forays for hot dogs, cold drinks, pop corn and other goodies. Hundreds of children and grown-ups too, enjoyed themselves at the Lions Club Fun Fair, Saturday, keeping Lions on the run to keep up with the orders.

Man Jailed In 'Free-For-All'

A "free-for-all" in the north Orlando recreation area shortly before midnight Saturday, which witnesses say apparently developed over disorientation centering around management of the Little League in the village, resulted in arrest of Andrew Ferrin, president of the North Orlando Homeowners Association, who was held overnight in county jail and released shortly before noon Sunday.

Lions 4th Fun Fair Is Bang-Up Success

Lion's Club President Howard Hood today pronounced the Fourth of July Fun Fair "a complete success, we sold out of everything and crowds were steady all day."

Contacted early today, Hood said that Lions are "still counting the money" and no report of total receipts was available.

County Board To Draft Budget

The Seminole County Board of Commissioners will meet Tuesday to begin drafting the 1964-65 budget for county operations.

Castro Offer To U. S. Reported

NEW YORK (UPI) — Cuban Premier Fidel Castro has offered to withdraw all from Latin American revolutionaries if the United States will stop abetting anti-Castro elements, the New York Times reported today.

The Times said Castro, in a three-day, 18-hour interview with correspondent Richard Eder in Havana, said he is willing to consider some international means to supervise such a joint commitment although he did not think this would be necessary.

Castro said a gesture of good faith "to avoid incidents," he would order the Cuban guards at the Guantanamo Naval Base pulled back to a distance of several hundred yards from the fence, the Times said. At present they are stationed only 50 yards away.

The paper quoted Castro as saying an early result of normalizing relations with the United States would be the release in Cuba of about 90 percent of its political prisoners, which he estimated at "something under 15,000."

Man Jailed In 'Free-For-All'

A "free-for-all" in the north Orlando recreation area shortly before midnight Saturday, which witnesses say apparently developed over disorientation centering around management of the Little League in the village, resulted in arrest of Andrew Ferrin, president of the North Orlando Homeowners Association, who was held overnight in county jail and released shortly before noon Sunday.

Lions 4th Fun Fair Is Bang-Up Success

Lion's Club President Howard Hood today pronounced the Fourth of July Fun Fair "a complete success, we sold out of everything and crowds were steady all day."

Contacted early today, Hood said that Lions are "still counting the money" and no report of total receipts was available.

Sanford Mayor Happy Over Attitude Here

By Julian Stenstrom
 The pleas of both federal and local authorities for a tolerant approach to the civil rights bill signed last week by President Johnson apparently has been heeded by citizens of Sanford and Seminole County.

Mayor A. L. Wilson of Sanford conferred with other local officials this morning and issued this statement: "We are extremely pleased that the people of Sanford are taking the provisions of the new civil rights bill in stride and are remaining God-loving and law abiding, peaceful citizens."

"We have felt all along that our people were of this nature and we're happy that so far they have proved not only their ability but their willingness to adhere to what is now the law of the land."

He complimented both the white and the Negro communities for their tolerance. The Sanford Police Department said this morning that there have been no incidents of any kind to mar the tranquility of the city. At the same time the Seminole County Sheriff's Department reported that there have been no racial difficulties of any kind called to their attention.

Chief Deputy James Singletary said that everything thus far has been quiet and, he added, "We trust it will remain that way."

Meanwhile, there have been unofficial reports that various establishments which serve food and beverages have been quietly integrated and without incident. Other establishments which have heretofore served white and Negro citizens on a segregated basis and which are said to be integrated now have reported no difficulties.

Lightning Hits Twice For Fireman

A cruel twist of fate hit George Reek, Longwood volunteer fireman, last Friday night when his home on Grace Boulevard caught fire from lightning while he and all other firemen and departments in the area were at Forest Lake Academy fighting the fire there which also resulted from lightning.

Neighbors, responding with equipment on hand, were able to save the greater part of Reek's home with portable fire extinguishers, however, damages to the kitchen alone were estimated at more than \$1,000.

Atchisons Win Garden Award In Village

By Doris Dean
Mr. and Mrs. Glenn Atchison of N. Cortez Avenue recently were named as Garden of the Month winners by the North Orlando Garden Club. Red Sorbus rose bushes line both sides of the driveway leading to the front of the house which is outlined with viburnum, japonicas and gardenias bordered with heather. The front door is framed in arbutus and poinsettias. Off the carpet is a pink rose tree surrounded with purple petunias. Planted around the carpet are crape myrtle and night blooming jasmine. The back lawn is planted in St. Augustine grass and is highlighted by shaped beds of many colored tea roses along the fence. A well-kept hedge of ligustrum closes in the back yard where there are many other flowers and shrubs including mums, hibiscus, sinias, a pink hydrangea bush and a silver leaf tree which is singularly attractive in the fall.

The Atchisons do the yard-work together and their son, Burt, is in charge of keeping the grass cut. Her mother, Mrs. Emily Hohl, and their daughters, Jackie and Gail, complete the family who have lived in North Orlando for the past three and one half years while he is stationed here with the Navy.

Editor Robbed Of \$12,000 In Jewelry

MIAMI (UPI)—Burglars entered the home of Miami News Editor John H. O'Neill Jr. Thursday night and escaped with \$12,000 in jewelry police said today.

Metro detectives said the robbery apparently occurred between 8:45 and 9:30 p.m. after Mr. O'Neill had supper and returned to work at his office.

Detective John Kurtz said entry into the house was made through sliding glass doors leading in from the patio.

Bear Lake Troops Set Plans For Area Scout Jamboree

By Maryann Miles
Boy Scout and Cub Scout leaders and Denmothers of Bear Lake Troop 230 met last week at the home of Robert

Bunnell to complete plans for the Scout Jamboree and American Heritage Program to be held at 8 p.m., July 18, at the Bear Lake School for all troops of the area in conjunction with the national American Heritage Celebration.

At a red hour, on this date, campfires will be lighted by scout troops throughout the nation. As a part of the national program a theme contest is being conducted with the Nathan Hale Patriotic Award to be given local, regional and national winners by the Freedom Foundation of Valley Forge.

Explorer Scouts will write on "My Role as a Proud, Modern American Patriot defending the American Creed." Boy Scouts will use the subject, "What the Scout Oath and Laws Mean to Me as a Responsible American Citizen and Cub Scouts will write on "Why I Love America."

Entries, to be written in 25 to 100 words, must be in by September 17. Those completed in time for the Bear Lake Jamboree will be read during the program.

Leaders attending the planning meeting were Bruce Nelson, scoutmaster; West Clark, assistant scoutmaster; George Aldrich Jr., committeeman and Mrs. Pat Polst and Mrs. Peggy Marles, denmothers. Bunnell is cubmaster.

Boy Scouts of the area who have reservations for next week at Camp Lamoche are Dennis and David Broadway, Krist Salmi, Ray Gallford, Anthony Smith, Robert Bunnell and Charles Chapman.

There are five U. S. penitentiaries: Atlanta, McNeil Island and Terre Haute.

Margaret's Gown Almost Topless

LONDON (UPI)—Princess Margaret blossomed out at a London ball Wednesday night in the nearest thing to a topless dress she ever has worn in public. London newspapers splashed pictures of Queen Elizabeth's 33-year-old sister and her daring décolletage. The pictures spoke for themselves. The nearest thing to a comment was the Daily Express headline: "Zounds! Margaret the belle of the ball." The new topless dresses are the talk, if not the toast, of London, but Margaret's gown was in the style of the Georgian era of 200 years ago when cleavage was all the rage.

North Orlando Fourth Is Gala Affair

By Doris Williams
Independence Day festivities in North Orlando got underway July 4, after the flag raising by Lloyd Brown, at the recreation area, as members of the North Orlando Little League challenged the men to a game of softball, which offered the excitement of a genuine big league battle. Both teams were all tied up, and the decisive defeat was the result of a homer batted in by 72-year-old George Sommers of North Orlando, resulting in victory for the men.

The entire arena of the recreation area was transformed into a gigantic midway, featuring booths offering entertaining skills of dodge the sponge, fortune telling, treasure hunt, dart games, fish pond, penny toss, and country stars displayed a variety of attractive and useful items. Later in the evening, family games were available as a many returned inside the community building to participate.

Highlight of the afternoon was the crowning of Little

Miss North Orlando by last year's winner, Miss Ellen Marie Campbell. Lovely young ladies vying for the title were the Misses Carla Del Villaggio, Cynthia Wright, Donna Carrigan, Katherine Rayburn, Betsy Wilson, Debra Berrie, Bobbi Mason, Deborah Ward and Theresa Ann Perry.

Each young lady paraded on the stage with the charm and poise of a potential "Miss Universe", thus creating trying moments for the difficult decision presented by the panel of judges, Miss Ann Mahan, Miss Seminole County; Doris Williams, Sanford Herald society editor and John E. Wood, M.D.E., Winter Park.

Donna Carrigan, petite daughter of Mr. and Mrs. Don Carrigan of S. Cortez, who was attired in an adorable red, white and blue swim suit, was crowned Little Miss North Orlando, and was awarded a sterling silver charm bracelet in the pomp and festive coronation ceremony.

First runner up was Carla Del Villaggio, who received a doll; second runner up was Debra Berrie, awarded a doll also, and third runner up was Katherine Rayburn, who was presented a locket.

Later in the afternoon, an exciting auction was conducted, featuring an abundance of bargains, including televisions and refrigerators.

Following the auction, the delicious ham dinner with all the trimmings, was a delight in the celebrants, with proceeds to benefit the North Orlando Little League.

The NOT (North Orlando

Teens) Club staged a dance in the evening in the open arena which was illuminated with soft colored lights, with everyone having a "blast" dancing to the music of Ken Hays and his genuine western band.

Over 500 prizes and surprises were awarded during the day and the various committees, who expended laborious hours in preparation for this highly successful celebration from North Orlando were the Volunteer Firemen, Garden Club, Civic Association, Little League, NOT Club, Ken Hays' Band and many other private citizens.

"LET'S TALK DRY CLEANING"
By WOODROW CASE
SUMMER WHITES and light colors show up dirt, graying and stains more readily than darker clothing. They need more frequent cleaning to look fresh and crisp. Spots and stains are especially evident on light colors.
Here we want to say a friendly word of warning about "home spotting." While some spots may yield to home treatment successfully, without damage to the fabric, in most cases there is a definite risk. Unless you thoroughly understand the "fabric chemistry" of your garment and the chemical content of the spot or stain, it is dangerous to attempt to remove it yourself. The result could be discoloration or permanent staining—and a ruined garment.
Some stains are so stubborn or difficult to remove that they challenge even the best efforts of dry cleaning experts. This is particularly true when stains have been left in too long. So don't gamble with in-expert "do-it-yourself" methods. See your dry cleaner promptly!
Speaking of promptness . . . you can be sure of fast as well as expert service when you bring us your clothing to be cleaned. Personal attention is our way of doing business! Call for prompt pickup and delivery, at

Villane Program Turned Over To New Leader

The summer recreation program in North Orlando will be under supervision of Mrs. Pat DeVillaggio until its conclusion on July 30 while Mrs. Mona Grinstead, councilman and commissioner of health, recreation and welfare, recuperates from major surgery.

Key to the civic building in the recreation area will be held by Mrs. DeVillaggio and adult leaders wishing to use it may pick it up at her home, 150 N. Devon Avenue.

Assisting as supervisors with the program are Mrs. Glenn Atchison, Mrs. Hugh Singleton, Mrs. David Tilson, Mrs. Jerry Sills, Mrs. Donald Corkhill, Mrs. Wayne Evers and Mrs. Fred Salter.

Adult sponsors for the NOT Club are Mr. and Mrs. Jerry Sills, Mrs. Rita Hehn, Mrs. Elaine Singleton, Mr. and Mrs. Terry Bennett, Don Gorman and Mrs. Doris Dean. Additional assistance with this group will be welcomed and those interested are asked contact Mrs. Singleton.

65-Mile Wind Hits Miami

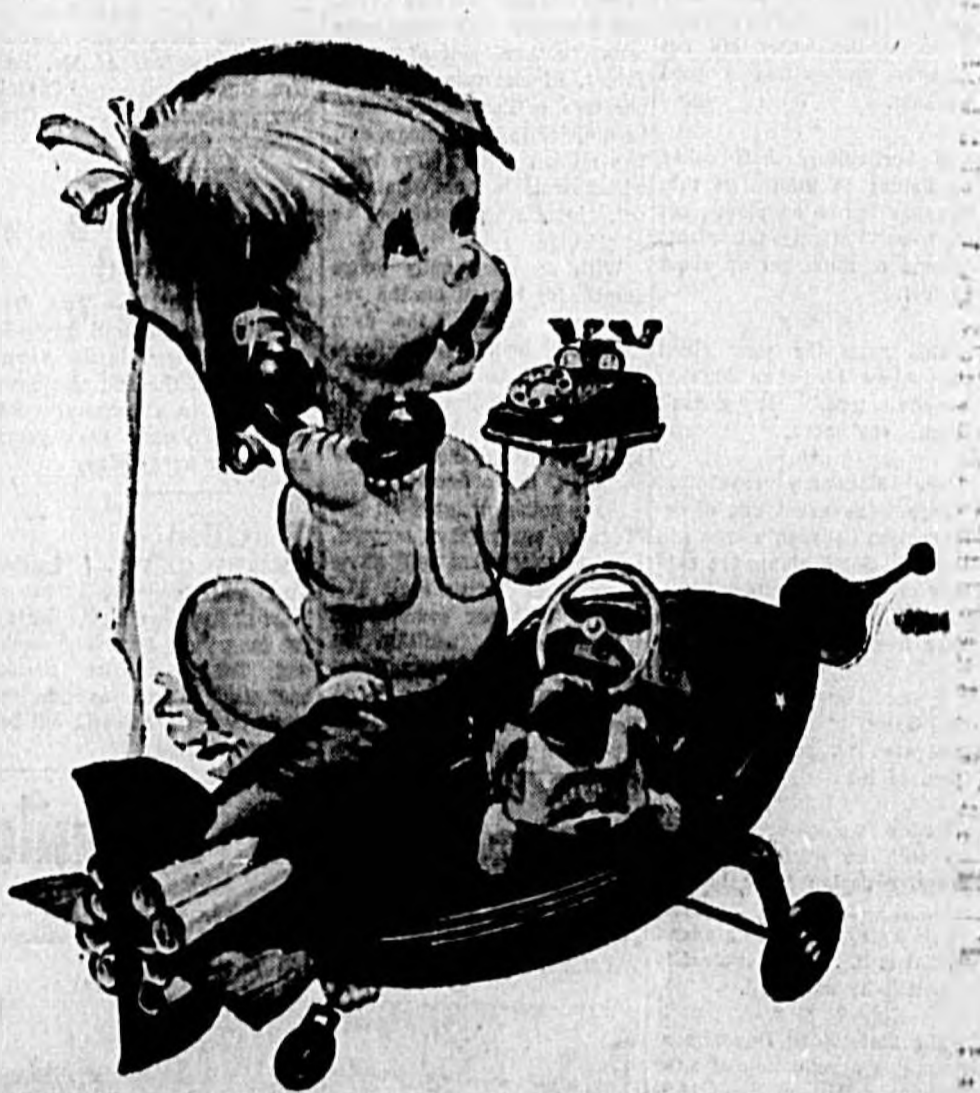

MIAMI (UPI)—Winds up to 65 miles per hour roared out of the Everglades swamp Sunday, swept across Dade County and raged out to sea after causing some damage.

A small plane was destroyed at the Opa-locka airport and sections of north Dade received two inches of rain, the Weather Bureau said.

The gusts lasted only about 15 minutes. Trees were toppled and several power failures were reported.

Red China Exports Anti-Soviet Propaganda Into Russia

By Neil A. Martin
United Press International
WASHINGTON — Red China is smuggling explosive anti-Russian propaganda into the Soviet Union aimed at inflaming internal discontent with the Moscow regime, according to information reaching here.

There are also reports that the Chinese are sending across the Sino-Soviet frontier specially trained agitators

who are related ethnically with the non-Russian nationalities of Russia. Most of the agitators are said to be Central Asians.

Moscow has voiced loud complaints during the past few months over the apparent shift in Chinese propaganda attacks from Russia's foreign policy to criticism of its internal affairs.

Sources here said the propaganda being smuggled into the Soviet Union hits at what it calls "great power Chauvinism" and "discrimination" by the ruling Russians against the more than 100 non-Russian nationalities.

The special agents are mostly Asiatics—Uzbeks, Kazakhs, and Ulgurs, who are representative of the more than 25 million Turkic-speaking Moslems in Soviet Central Asia.

Peking has taken advantage of the recent exodus of thousands of Turkic people from Chinese Sinkiang into Soviet Kazakhstan to smuggle their literature and agents across the border.

While the Turkic peoples in Russia have no particular love for the Chinese, their

traditional dislike of the Russians and their harsh experiences under czarist and Soviet overlordship has been seized upon by the Chinese as a profitable propaganda weapon.

The Soviet Central Asians are not the only ones affected by the Chinese propaganda offensive. Both under Stalin and Khrushchev thousands of Ukrainians, Byelorussians, Vol-

ga Germans, Baltic peoples and other nationalities have been settled along the 4,500-mile Sino-Soviet frontier.

Large Ukrainian and Byelorussian settlements in the Amur River region in southeastern Siberia — another touchy area in the Sino-Soviet border dispute — have also been targets of Peking's propaganda.

China would like to possess Soviet Eastern Siberia and Kazakhstan to settle its exploding population and has recently resurrected maps and historical arguments to claim the areas as Chinese property.

The Russians have counter-attacked by strengthening Soviet border patrols, particularly in the disputed frontier areas and are watching closely key border crossings. People coming from China are searched for propaganda literature and false identification.

Evidence of the anti-Russian propaganda attacks by the emigre groups is not lacking in the Soviet press.

The popular Soviet weekly magazine, Ogonyok Flame, reported recently the seizure of a trunk in Lvov, Ukraine, which contained blue-and-yellow flags of the anti-Russian Ukrainian nationalists, "anti-Soviet fabrications, foreign passports and dollars."

Pravda told of the arrest of a Ukrainian mechanic in Kulbyshev, Russia, for passing out "libelous leaflets."

"Every word was vile slander, slender against our country, slander against the people, slander against socialism," Pravda said.

Girl Arrested After Stabbing Her Attacker

NEW YORK (UPI) — A 27-year-old secretary thwarted an attempted rape Sunday by stabbing her attacker but she then was arrested for carrying a switch blade knife.

Arlene Dal Fava told police she brought the knife with a three-inch blade for protection after the slaying of Kitty Genovese in a nearby section of Queens last March 13 while 35 onlookers made no move to help her.

Miss Dal Fava supplied police with a description of her attacker, Harold Model, 20, a sailor, who was picked up later and charged with felonious assault and attempted rape. He was hospitalized with stab wounds of the back and left side.

Police charged Miss Dal Fava with violation of the Sullivan weapons law, and she was paroled for a hearing July 14.

"That's better than being killed," she told police.

Lynda Bird Goes To Mass

FREDERICKSBURG, Tex. (UPI) — The Rev. H. J. Gronie began mass promptly at 10 a.m. Sunday at St. Mary's Catholic Church. Among the tardy arrivals was Lynda Bird Johnson, the president's 20-year-old daughter.

Lynda Bird, who is an Episcopalian, was accompanied by a member of the White House staff, David LeFevre, and a Secret Serviceman. There was no official explanation why she chose to attend the Roman Catholic service, which was in English.

Father Gronie said Lynda Bird "was accompanied by two men. One of them was a Secret Service man. He had it written all over him."

20 Unhurt In Pier Collapse

MARATHON (UPI) — A 15-foot section of pier collapsed into the Gulf of Mexico Saturday but none of the 20 fun-seekers dumped into the water was injured.

Deputy Sheriff Bill Carter said the 50-foot Chamber of Commerce pier was crowded with holiday fun-seekers when it collapsed.

A Coast Guard boat which had been giving rides to bystanders plucked some of the 80 from the water.

Meeting Moved To Cafeteria

Today's 8 p. m. meeting of the Forest City Community Association, originally scheduled to take place in the Forest Lake Academy Seventh Day Adventist Chapel which was destroyed in Friday night's disastrous fire, will be held instead in the Academy cafeteria.

Program for the evening will be showing of the movie, "The Restless Sea." All residents of the area are invited to attend.

They Deserve Our Help

Suppose you saw the following ad in the help wanted column of this newspaper:

ADMINISTRATOR: Temporary work: No chance for advancement. 112-hour week. Subject to call at all hours. Heavy responsibilities. Unsolvable problems and constant crises. Must expect bitter and continual criticism from millions of bosses and open opposition from many business associates. Little privacy for self and family. Great personal danger. Good pay if you can find time to enjoy it. Would you apply for the job?

Yet, the office of president of the United States has never gone unfilled or un sought. It is, on the contrary, hotly contested for, and huge sums of money are spent to enable the candidates to get it.

Why? Why would any man in his right mind want to subject himself and his family to the mental, emotional and physical wringout occupants of the White House must endure?

Conceding the elements of personal pride and ambition, egotism, desire for prestige and the satisfaction of being in the No. 1 spot, you must also recognize that no man could serve as president of the United

States without possessing a great measure of devotion and dedication to his country and a real feeling for public service.

Why else would anyone be not only willing but eager to assume such problems on the home front as civil rights, taxes, budget, foreign aid, school prayer, labor-management relations and national economy?

Why else would he knowingly take on such international brain teasers as Cyprus, Thailand, Laos, the Congo, Viet Nam, Cuba, Indonesia, Malaysia, Zanzibar, South America, Khrushchev, Red China, De Gaulle, etc., etc., ad infinitum?

Citizens of the United States should be deeply grateful that over the years men of the caliber of our presidents have volunteered for the hottest seat in government and have filled it so ably.

Whoever is elected to the White House next November needs and deserves the cooperation, loyalty and support of every citizen in these troublous days at home and abroad—reserving, of course, the inherent right of every American to gripe a little and to run the country superbly as a Monday morning quarterback.

Bus Law Changes Needed

Quite appropriately the members of the Seminole County Board of Public Instruction recently placed their stamp of approval on a proposal which would give rise to several changes in the state laws which govern the operation of school buses in Florida.

At the present time the capacity of a school bus is determined on the basis of 18 inches of space per pupil. If proposed amendments to the laws are adopted by the 1965 session of the state legislature it will mean that no children aboard a school bus will be permitted to sit or stand within a specified distance of the driver or within a certain area surrounding emergency exits.

In approving the proposed changes the Seminole School board did suggest a five per cent tolerance in the maximum number of pupils permitted aboard a vehicle. It was explained that during the first several days of school the number of students riding a certain bus cannot be determined accurately because of new students.

The tolerance would avoid the necessity of stopping a bus in the middle of nowhere because of a fixed maximum number of pupils permitted aboard. The local group also suggested that any instance of a bus operating under overloaded conditions be reported immediately to the superintendent of public instruction.

Here in Seminole, many of the buses which serve our schools transport as many as 80 children at one time. This accounts for what might appear to some observers as overcrowded conditions.

The local board has purchased eight new buses which will be added to the fleet of 48 which served the county school system during the past school year. This, however, does not necessarily mean that there will be 56 buses in the fleet during

the forthcoming year since it is estimated that at least four buses will be removed from service because of age and condition. But it is certain that at least 52 will be utilized and this should assist greatly in relieving some of the crowded situations which existed at times last year.

Parents of children who are transported to and from the schools by buses can be assured that the Board of Public Instruction in Seminole is cognizant of the transportation problems at hand and—with the limited funds at their disposal—they are doing everything possible within the law as well as beyond to provide for the safety of the students.

Many citizens would be amazed to know exactly how old some of the buses in the county's fleet actually are. But the vehicles are inspected by the State Highway Department before each school year begins and are maintained in the best possible manner.

We cannot help but be reminded of the incident that happened just before Christmas, 1963. A group of elementary school students were trying to determine what to do with a small collection of coins they had solicited to buy a present for the driver.

"I know!" shouted an eight-year old. "Let's get her a new bus." Christmas is in December but it might be in August for eight of the drivers.

Thought For Today

Therefore do not be anxious about tomorrow, for tomorrow will be anxious for itself. Let the day's own trouble be sufficient for the day.—Matthew 6:34.

I never think of the future. It comes soon enough.—Albert Einstein.

Letters

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 200 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

On behalf of the Sanford-Seminole County Junior Chamber Commerce, I would like to take this opportunity to thank you and your staff for the cooperation and support we have received this past year in promoting our various Jaycee projects.

We in the Jaycees realize that it is through efforts such as yours that help make our projects successful. Again, let me thank you for your help to us throughout the year.

Sincerely,

Political Notebook

WASHINGTON — (NEA) — Years before the present broad surge of Republicanism in the Old South, the Republican party was a thing in being in Georgia—mostly in the booming capital of Atlanta. And Georgia Negroes enjoyed substantial participation in GOP affairs.

Suddenly, this spring, the outlook changed. The Negroes now are almost totally frozen out of Republican party posts. Whereas formerly they made up from 30 to 35 per cent of Georgia's Republican State Central Committee, their representation is down to a mere 2 or 3 per cent.

In earlier years a fair sprinkling of Negroes might appear on the roster of delegates to the GOP national convention. This year only one Negro, an alternate delegate from the Atlanta area, is going to San Francisco.

Negroes sometimes turned up in such party posts as vice chairman or secretary. But in the summer of 1964, the lineup is all white.

The big change seems plainly identified with the coming to power in early May of Joe Tribble of Savannah, the new state GOP chairman.

A staunch pro-Goldwater man, Tribble was swept into command in a big strategy play that also will bring in a new national committeeman, Roscoe Pickett of Decatur.

In San Francisco next month, Pickett formally replaces Robert Snodgrass of Atlanta, a moderate, anti-Goldwaterite long linked with the Georgia Republican party.

When he took over, Tribble did not go so far as to read Negroes flatly out of party participation. What he said, in substance, was this:

Anyone who did not or would not work for Sen. Barry Goldwater for the presidency could not hold important office in the Georgia Republican party.

Since, in his judgment, Negroes could not thus qualify, they would not for the most part be named to party jobs.

A third of Atlanta's voting populace is Negro. In city elections they hold the balance of power. In some state and national elections they have tended to cast a higher proportion of their vote Republicans than is common today in most major U.S. cities.

It appears to be Tribble's view, however, that if Goldwater is the 1964 GOP nominee, he will gain in white votes whatever he might lose in the Negro community as a result of the party freeze-out in Georgia—and Goldwater's Senate vote against the civil rights bill.

moderates evidently destined to continue.

As a footnote to the Georgia story, the virtually total victory of Goldwater forces in Tennessee also had the effect of a near freeze-out of Negroes after long years of substantial party participation in that state.

Nor are the moderates accepting the 1964 triumph of Tribble and Pickett as enduring. Just as defeated Goldwaterites in such states as Minnesota, are staying alive to fight another day, so are the older established elements of the GOP in Georgia.

The well-reported unrest among a handful of the national convention delegates committed morally to Goldwater at San Francisco reflects Georgia's aftermath of discontent. It is an unhappy

fact

Andrew Johnson, who became the seventeenth president of the United States upon the assassination of Abraham Lincoln, could not read or write until he was 10. He educated himself while plying his trade as a tailor.

Dr. Crane's

Worry Clinic

CASE T-418: Nora N., aged 19, has a sweetheart in the Navy.

"Dr. Crane," she began, "I have an inferiority complex about letter writing.

"For I don't know what to say and was never very good at English composition, so I am a very poor letter writer.

"But I love this boy with all my heart, yet he refuses to believe me because I am so slow in answering his letters.

"In fact, he writes two or three times to my once. So how can I become a better letter writer?"

LETTER PSYCHOLOGY
As a rule, it is men who are sluggish and diffident about writing for the average male seems afraid of a pen or pencil!

In fact, in our Scientific Marriage Foundation men refuse to let us introduce them even to the most stunning girl if she is more than 300 miles away!

For men shun letter writing, probably because most males were never very good at English composition in high school.

The usual girl, however, will tell us she doesn't mind being introduced to a man who is 1,000 miles distant, for she enjoys pen pals.

But the men 1,000 miles away refuse to let us introduce them to such girls, although the latter are charming, for they just do NOT want to write letters more than a few weeks.

Then they wish to hop into their auto and drive out to meet the girl in person. So 200 miles is their usual maximum limit.

So Nora's problem is widespread, for most people don't know the simple formula for

an interesting letter. Here it is: "Focus on the receiver; not on the writer!"

To understand that basic law of psychology, just notice what happens when your picture is taken with a group of friends.

As soon as the first proof is placed in your hands, where do you look immediately?

"At myself, of course," you will answer.

Well, the same rule applies to a letter!

Nora's boy friend in the Navy wants to see himself woven into every page. In fact, he'd reread it even more if Nora brought him into every paragraph!

Even you wives should also memorize that simple law for letter writing, since many a good wife fills her letter to her husband with details of the "daily diary" sort.

She will thus recount her problems and the baby's cute antics, plus her chores around the house, but she may not even name her mate except when she starts out with her affectionate, "Dear Darling."

Of course, her husband likes to hear those family details, too, but he prefers to have his own name frequently woven into her letter in a complimentary fashion.

So will you girls (as well as men) go back over your letter and proofread it not only for errors in English, but especially to avoid keeping the spotlight on YOU (the writer), versus the RECIPIENT?

For the things that most sweethearts reread the most are the affectionate salutations, such as "Hello, Honey," and the sign off, as "Your loving wife (or sweetheart)."

Send for my booklet "How to Write Salable Copy," enclosing a long, stamped, return envelope, plus 20 cents for it has a special section on "Letter Writing."

Hints To Homeowners

So, You Want To Get Burglarized?

By NO. 387596
 An (might have been) told to
 Robert Cochran
 Newspaper Enterprise Assn.
 STATE PRISON (NEA) —
 My buddies aren't going to
 like this story because I'm
 going to reveal some trade
 secrets. But I'm almost reha-
 bilitated, and I feel more peo-
 ple ought to know how they
 make their homes duck soup
 for burglars.

The FBI says burglaries oc-
 cur in the United States at
 the rate of one a minute, 24
 hours a day — that's more
 than half a million a year.
 It's the most common crime
 on the books. Why? Because
 it's the safest, from the crim-
 inal's point of view.

Most people seem to think
 they're immune from crooks
 because they have no expen-
 sive furs and not much cash
 or jewelry around the house.
 But those aren't the things
 a burglar looks for.

The most popular targets
 for theft are the ordinary
 things found in every home,
 such as sports equipment,
 luggage, clothes, cameras, tel-
 evision and radio sets, appli-
 ances and any of a hundred
 small but expensive items
 that can be resold at a good
 price.

It's not hard for a profes-
 sional burglar to learn when
 families are away from their
 homes — particularly during
 the summer. Some spot their
 intended victims by listening
 to gossip at shopping centers.
 I used to pass myself off as a
 door-to-door salesman of sun
 dials, or some such. I never
 sold anything, but it was a
 great excuse for finding em-
 pty houses and asking the
 neighbors when my "clients"
 would be home.

Quick Thinking Nips Home Fire

Quick thinking and fast ac-
 tion on the part of a North
 Orlando resident on Friday
 was credited with saving the
 home of Mr. and Mrs. Mal-
 vin Campbell at 51 N. Third
 Street, and possibly others in
 the area, when fire broke out
 in the utility room where the
 gas storage tank was located.
 Chuck Revell, who was
 joined by a soft drink deliv-
 ery man, immediately ran for
 the newly installed fire ex-
 tinguisher in the Civic Build-
 ing and was able to quickly
 bring the flames to a smoul-
 dering condition.

Minutes later the Florida
 Forestry and Longwood Fire
 Departments arrived on the
 scene to wind up what could
 have developed into a major
 disaster.

Losses by the Campbells
 are undetermined as yet and
 it is not known what caused
 the fire.

General Henry H. Arnold
 was the United States Army
 general who first reported the
 movements of ground troops
 from the air by radio, doing
 so in 1912.

Some burglars think big—like specializing in the "truck hustle."

There are many burglary
 routines. Some professionals
 specialize in large-scale theft,
 known in the trade as the
 "truck hustle."

When they find empty
 houses they rent a large van
 and start making the rounds,
 posing as movers and loading
 up with expensive furnish-
 ings if conditions are right,
 they can strip a house down
 to the foundation.

I never worked this routine
 and I never used a truck. All
 I had to do is visit an un-
 occupied house at night. It was
 no trouble to pack \$500 worth
 of merchandise in my car
 trunk and happily drive a-
 way.

Even though burglars
 would rather work on an em-
 pty house, it doesn't always
 turn out that way. Sometimes
 a place looks too good to pass
 up and sometimes a burglar
 doesn't find out it's inhabited
 until he's inside.

This happens often enough
 that every homeowner should
 be familiar with the etiquette
 of being robbed — or what
 to do until the burglar leaves.

If you're smart, you won't
 do anything. A cornered crook
 — with visions of possible
 imprisonment — can be as
 dangerous as a cornered tiger.
 What you might try,
 though is to kick the floor
 or wall near your bed. A
 shrewd intruder may think
 you are waking up and will
 probably make a hasty exit.

But the chief concern of a
 homeowner should not be get-
 ting the burglars out of his
 house, but keeping them out.
 If a crook wants in badly
 enough he will find a way.
 The strongest lock will yield
 to a tire iron. Any small win-
 dow, liberally covered with
 tape, can be kicked in with a
 minimum of noise. You can't
 guarantee that this won't
 happen, but by taking a few
 simple precautions to discour-
 age prowlers, you can swing
 the odds heavily in your fa-
 vor.

Some of the precautions:
 Don't use spring-type snap
 locks on your doors. The
 rank amateur can open
 these with a piece of celluloid
 faster than you can with a
 key. The best locks are the
 dead-bolt type that have to
 be secured manually.

If you must hide a spare
 key, use a little imagination.
 Don't put it under the mat,
 over the door, in the mail box
 or any of the other tradition-
 al places. I always checked
 these routinely — it saves a
 lot of wear and tear on my
 burglar tools. Try hiding the
 key 10 feet from the door. No
 burglar will waste time
 searching the entire front of
 the house.

When you leave your home
 at night, always keep a light
 burning. But if it's still on
 during the day, you might as
 well send out invitations. A
 cheap photoelectric switch is
 good insurance.

If you plan to be away for
 more than a day or two, be
 sure to stop all deliveries and

arrange for a neighbor to
 pick up the mail and tend
 the lawn. A cluttered front
 porch and shaggy lawn are
 sure indications that a house
 is empty.

Don't allow the local pa-
 pers to print a notice that
 "Mr. and Mrs. Smith are
 spending a month at Lake
 Humdinger." Burglars are
 close readers of society pages.

And alert the police when
 you leave your home for any
 lengthy period. It's part of a
 policeman's job to check
 empty homes.

Burglars seldom come un-
 invited. They usually take the
 course of least resistance. If
 your home is buttoned up
 they will probably visit some-
 body else.

Thinking Out Loud

By Julian Stenstrom

This paper's white, the ink is black, but our face is definitely red. In writing about the baseball exploits of one young Skipper Senkarik in last Thursday's column of "Thinking Out Loud", we apparently were not thinking right. We referred to Senkarik's abilities not only in baseball but also in basketball. Bang, bang, bang came the replies. The youngster who made such a showing in Midway Basketball play last Winter was not Senkarik but one Bobby Lundquist. And one of the persons who called the miscue to our attention was young Senkarik himself.

Oh, well we were right about one thing. Both of them are Swedes, so we're told.

Congratulations to Hunt's Lincoln-Mercury Comets and to The Shrine for their series victories. The Comets, champs of the Little Nationals, won the city's Little League title by defeating the Little American titleholders, the Navy, in two of three games. Meanwhile, the Shrine's second half champions in the Junior Boys League, won the top playoff by winning two consecutive decisions from the Elks, first half winners.

Mike Long, the lad who led the Shrine to its playoff victory over the Elks last Thursday night, hopes his physician did not read Friday's edition of The Herald. Mike, the Shrine's receiver, had an injured hand and played the game despite his doctor's advice that he should not. Mike had a pair of hits, scored once, and drove in two runs.

The Florida State League's annual all star game will be played at Fort Lauderdale at 7:30 Thursday night. Fort Lauderdale, first half champions, will test the strength of the rest of the league's finest players. Roy Harrisfield, skipper of the St. Petersburg Saints, will pilot the league's all star aggregation.

Catch Boyd Coffin of the Rollins Tars has announced that his cagers will play a 22-game season during the forthcoming 1964-65 basketball season. The Winter Park five will open the season Dec. 1, against neighboring Stetson University.

Time flies! Within a few weeks Jim Pigotti's 1964 High School football machine will begin "lests" — pre-season workouts — at the school's athletic field.

We haven't heard it officially as yet but we understand that the city and Seminole High officials are entering into an agreement on the use of Sanford's Memorial Stadium by the Seminole varsity and Jay-Vee elevens, Crooms, and Sanford Junior High's Braves. We hope the news will be forthcoming soon and favorable. We're hoping that some kind of suitable press box accommodations can be arranged for this season's title.

Local bowlers should be on the lookout for this year's Sanford Herald selections for this area's all star awards. They'll be based on averages so if a bowler is selected to the team he'll have won it.

Phils Take Giants 2-1 To Widen National Loop Lead

Twins Nip Yanks 9-2; Chisox Win 2 From Indians

By Fred Down
UPI Sports Writer

Jack Baldschun wasn't good enough to make the National League All-Star team but to the Philadelphia Phillies he's money in the bank.

Back in 1950 a great relief pitcher named Jim Konstanty carried the Phillies to a pennant — and it may be that history is repeating itself with Baldschun playing the role of the new relief ace for a new generation of Whiz Kids.

Baldschun turned in two perfect innings of relief, striking out four of the six batters he faced, Sunday as the Phillies downed the San Francisco Giants 2-1 and took a one and a half game first-place lead at the All-Star break of the National League.

A 27-year-old native of Greenville, Ohio, Baldschun wrapped up two of the Phillies' victories in their three-game sweep of the Giants, has been the close-out pitcher in four of the Phillies' last five games and has relieved in no less than 33 of the Phillies' games this season.

Roben Amaro singled home the winning run for the Phillies in the seventh inning after Clay Dalrymple walked and took second on a sacrifice. The Phillies' death 11-game winning All-Star pitcher Juan Marichal his fourth defeat.

The Los Angeles Dodgers beat the New York Mets 5-0, the St. Louis Cardinals defeated the Cincinnati Reds, 3-1, the Milwaukee Braves downed the Chicago Cubs 7-1 and the Pittsburgh Pirates whipped the Houston Colt 7-1 in other National League games.

Americans Whip Nationals 11-0 In LL All Star Tilt

The pitching of David Lee, Bill Schmidt and Skipper Senkarik — in that order — proved to be too much for the Little American League as the Little National League picked up an 11 to 0 victory in the annual Little League all star contest played Saturday night at Fort Mellon Park.

What looked like it might be a perfect effort by the three Little National aces was spoiled by Freddie Turman when he singled past first base in the fourth inning, sent to second on an error by the right fielder, but was thrown out scampering back into second.

Turman was the only base runner for the Little Americans. In fact, the Little National hurlers pitched to a minimum of only 18 batters.

Lee and Senkarik struck out five of the six men they faced. Lee had two hits — including the game's only home run. Senkarik hit safely three times in four trips to the plate. Steve Hitchcock, Russell Gordie, Al Grooms, Mike Laubert, Kip Braden and Bill Schmidt each got a hit to aid the Little National League's cause.

Sanford Drops 1-0 Contest To Orlando Post

One of three Sanford errors spelled out the story in Post 53's 1 to 0 loss Friday night to Orlando's Post 19 in the top tilt played last week in the American Legion's Sixth District Junior baseball program.

The game, played at Orlando's Oak Ridge Field, was a heart-breaker to Sanford manager Frank Thomas. A win by the Sanford crew would have placed them in a tie with the Orlando club for the league leadership.

Sanford threatened throughout the contest, beginning with the first frame. They made a serious threat to score in the seventh but the locals were unable to push over a single tally.

Orlando scored its only marker in the bottom half of the sixth when a bad throw from the infield permitted a base runner to reach first safely. On an attempted pick-off play which backfired the runner went to second and scored on a drive down the right field line which fell fair.

Each club registered only two hits. Jim Courier was on the hill for Sanford and whiffed 14 while issuing only one free pass and that one was intentional.

Bill Denton took the mound for Orlando and walked five and fanned 10. Denton's wildness kept him in hot water most of the time but the inability of Sanford batsmen to come through with a clutch hit at the right time produced their defeat.

Sanford catcher Billy Higgins and Steve Harris were the only pair of local hitters to nick Denton for safeties.

The scores by innings:
Sanford 000 000-0-0 2 2
Orlando 000 001 x-1 2 3

British Driver Seriously Hurt In Rheims Race
RHEIMS, France (UPI) — British driver Peter Arundell remained in serious condition at a local hospital today as the aftermath of the 12-hour Rheims International sport car race, won by Graham Hill of Britain and Jo Bonnier of Sweden.

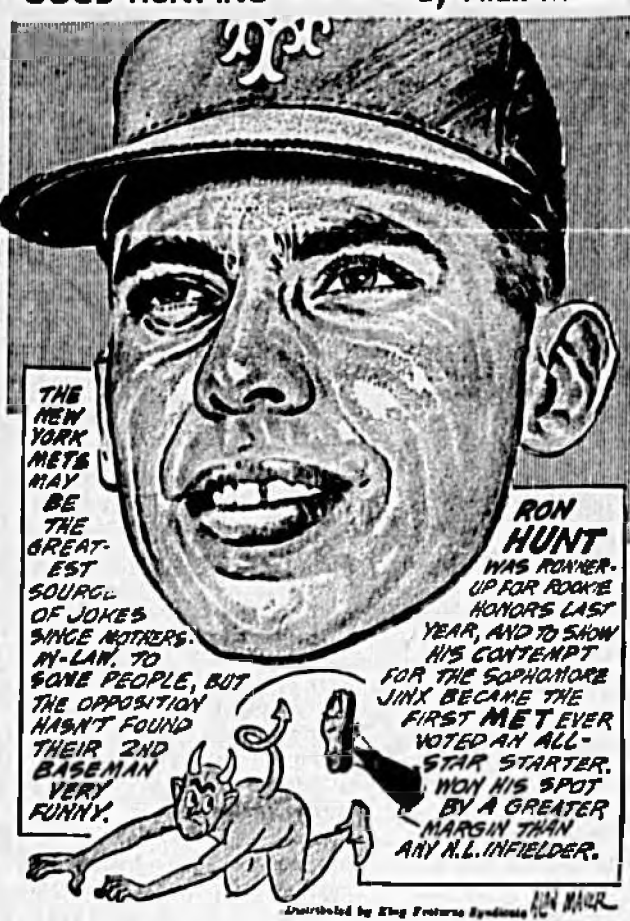

Arundell was taken unconscious to Rheims hospital by helicopter Sunday after suffering injuries in a crack-up with Richie Ginther of Los Angeles, who escaped any injury.

French driver Jean Paul Beltoise also was injured in still another accident on Saturday night and was removed to a Paris hospital.

Hill and Bonnier averaged 126.73 miles per hour for 255 laps in driving their British-engineered Ferrari prototype to victory Sunday.

The second, third and fourth place finishers also drove Ferrari's as the five Ferraris that were entered dropped out because gearbox trouble after being in contention early in the race.

55,000 Expected To See All-Star Tilt
By Harry Grayson
Newspaper Enterprise Assn.
NEW YORK (NEA) — The battle for attendance, especially in New York, suddenly makes baseball's All-Star game important to the players.

The 25th renewal will play to a capacity crowd of more than 55,000 at Shea Stadium in Flushing Meadows.

The NL has won six of the last ten World Series. It has bagged six of the last eight All-Star Games that went to decision.

There is considerable evidence to support the widely circulated boast of President Warren C. Giles: "The stars are in the National League." It definitely is time for the AL to put its best foot forward and quit treating the All-Star game as an exhibition.

The All-Star contest lost much of its glamor when the avaricious athletes, eager to beef up their fantastic pension fund, insisted that two games be played in 1959-60-61-62. When it was sensibly returned to one showing last season, Cleveland Stadium was only half filled, giving Gabe Paul, the Indian's chief, a fine idea of the city's approach to the business.

The All-Star game, inaugurated in 1933, was the brain child of the late Arch Ward, Chicago sports editor. Ward's plan was to have the fans elect the contestants. Baseball got long tons of publicity out of this until the Cincinnati buffs stuffed the ballot boxes in favor of Reds in 1957.

While Ford C. Frick admired the Rhineland's enthusiasm and loyalty to its own, the commissioner didn't consider seven Redlegs in the starting lineup an All-Star team the public wanted to see.

So in 1958 the present system of having the players elect the starters and alternates was installed, with the contestants prohibited from voting for teammates. Thus the starting players are aware of the fact that they have been adjudged the best at their positions by the people

Nicklaus Solid Favorite To Win Open

ST. ANDREWS, Scotland — (UPI) — Even before he set foot on the ancient and hallowed sod of St. Andrews for the first time today, bulky Jack Nicklaus was a solid favorite to win the 1964 British Open which starts Wednesday.

Originally listed as a 7-2 favorite, Nicklaus promptly became an even shorter priced choice after capturing the \$125,000 Whitemarsh Open at Philadelphia Sunday.

Due for his first look at the St. Andrews course and possibly his first practice round, the heavy-set, long-ball hitting Nicklaus most likely will not fall in love with it at first sight.

Many first-time players dislike the wrinkles and bumps on the course that ensnare even the longest drivers. Nicklaus, one of the longest drivers in the professional golf ranks, also may be appalled at the sight of St. Andrews' enormous doublegreens, one of which—combining the 5th and 13th holes—is larger than the playing area of Wembley Stadium and Hampden Park soccer field.

Altogether, there will be eight Americans in the total field of 120 who will compete in the British Open.

Arnold Palmer, who finished third behind Nicklaus and Gary Player in the Whitemarsh Open, will not be among American competitors here although Player and champion Tony Lama will be among those teeing up Wednesday for the opening round of the 72-hole test.

Jury Hanged, 4 Klansmen Face New Trial

JACKSONVILLE, Fla. (UPI)—Four Ku Klux Klansmen today faced a new trial because an all-white jury failed to reach a verdict on federal conspiracy charges against them in a racial bombing.

One other Klan member was acquitted Sunday in the wind-up of a six-day trial. The five were charged with two federal offenses in an alleged conspiracy to blow up the home of a young Negro

boy who integrated the previously all-white Lackawanna Elementary School here.

The Klansmen had faced maximum possible sentences of 11 years on charges of conspiracy 1) to violate six-year-old Donald Godfrey's rights under the Constitution and 2) his rights under a federal court order which integrated the school.

All the defendants had denied any knowledge of the blast at the home of the God-

frey boy last Feb. 16 or of dynamite stolen in December and allegedly used in the blast.

Acquitted on both charges and released was Jack Don Harden, 25.

Robert Pittman Gentry, 26, was acquitted of one count but was ordered to stand trial again when no verdict could be reached on the second charge. Mistrials were declared in the cases of the remaining three Klansmen—Barton

Griffith, 35, Willie Eugene Wilson, 39, and Donald Eugene Spegal, 31.

Asst. U. S. Atty. William Hamilton said a retrial for the four men probably would not be set soon because of a full court calendar.

The five were charged specifically with getting William Sterling Rosecrans, a slightly built mechanic, to plant the dynamite under the Godfrey home. He is serving a seven-year prison term now, and was called to the stand earlier to testify.

PVT. L. J. RISNER

Pvt. Risner To Finish Training

FORT JACKSON, S. C. — Private Linvel J. Risner, 21, son of Mr. and Mrs. Linvel J. Risner, 2420 Holly Ave., Sanford, will complete his Basic Combat Training here on July 17, 1964. This is the first phase of his active duty training and a part of the obligation he incurred upon entering the service.

While assigned to Company D, 7th Battalion, 2d Training Brigade of this Infantry Training Center, he has been introduced to a wide variety of infantry skills, along with intensive physical conditioning. He attended classes in the tradition of the service, character guidance, and the role of the Army in the World today.

Fort Jackson uses the U. S. Army's TRAINFIRE METHOD of teaching rifle marksmanship. Under simulated battle conditions, the trainee fires at pop-up targets at unknown distances on terrain which duplicates combat areas.

Basic training is climaxed by a graduation review before Brigadier General Gines Perez, Commanding General of Fort Jackson. Outstanding Trainees are recognized in the ceremony that is open to parents and invited guests.

Private Risner enlisted in the U. S. Army Reserves. He is a graduate of Seminole High School, Sanford, class of 1960. Prior to entering the service he was employed as a grocery clerk by Jackson's Minit Market, Jacksonville, Fla.

of truth comes with the first try-on of last year's swimsuit—or a spanking new one. There, in front of the mirror, they realize what a multitude of sins their street wear has covered during the months of hibernation.

In a bathing suit, the bulges paunchos and flab are exposed for what they are. And that, whenever it happens, is the cruelest month.

Unattractive as they are, these signs of excess weight do more than assault one's esthetic sense, the Seminole Debarry Heart Association says. Above-normal weight means higher-than-average risk of such diseases as diabetes, kidney ailments and cardiovascular conditions. Some educated estimates hold that, compared to a person of normal weight, the overweight individual runs two to three times the risk of developing high blood pressure, hypertensive heart disease and coronary heart disease (heart attack).

Life insurance premiums are usually higher for the fat man, too. That's because life insurance companies have found overweight associated with a higher risk of dying from diseases such as those mentioned above. Premiums are reduced as weight—and the risk of dying from these disease—goes down.

If you are rudely jolted by the first glimpse of yourself in your bathing suit, take a look at your daily food intake. Excess weight is usually the result of three factors: 1) Eating too much; 2) Eating the wrong kinds of food; 3) Getting too little exercise. The extra pounds you collect at various parts of your anatomy represent calories you took in but did not work off.

The French, for all their love of food and mouth-watering sauces, are a very practical people. They have a saying worth remembering the next time you are tempted by a fudge nut sundae topped with mountains of whipped cream: "A minute in the mouth; an hour in the stomach; a lifetime on the hips."

The cardiovascular diseases, the Association reminds you, take more lives each year than all other causes combined. Why let overweight raise the risk? You can lower the odds by lowering your weight. You will most certainly look better on the beach.

Miss Janis Sue Howell Exchanges Marriage Vows With J. R. Marriott

Miss Janis Sue Howell and James Ronald Marriott were married Friday evening in a lovely candlelight ceremony at the Grace Methodist Church on June 5, at 7:30.

The impressive double-ring ceremony was performed by Rev. John H. Hires Jr. before an altar decorated by potted palms and greenery, with two beautiful Altar vases containing white gladi and yellow shasta daisies. A reverent glow was cast over the Altar by the two wrought iron candelabras, lighted with white tapers.

Mr. Roger Harris furnished the traditional nuptial hymns with Mr. Robert Bennett singing "Oh, Promise Me", "Wither Thou Goest", and "The Lord's Prayer." The benediction was taken from the Book of Ruth.

The lovely bride, given in marriage by her father, James E. Howell, chose for her vows a formal gown of silk bridal taffeta and re-embroidered alencon lace. The fitted semi-empire bodice featured a scoop neckline and traditional tapered sleeves. The gown bodice was accented with medallions of matching lace. The voluminous skirt fell from a sash into a sweeping chapel train. Her illusion veil fell from a forward headpiece of petals encrusted with pearls and crystals, and she carried a cascade bouquet of white roses with a removable white phalaenopsis orchid corsage with white satin leaves.

of honor, Miss Joy Howell was attired in a turquoise satin sheath with matching illusion veil, attached to an organza bow headpiece. Mrs. Marrietta Faulk and Miss Janice Toole served as bridesmaids and were dressed identically to the maid of honor. They carried cascade bouquets of yellow daisy mums and pom poms with matching

satin leaves and ribbons to match the dresses.

The groom's brother, Robert E. Smith, served as best man and ushers were Lee Faulk and Benny Savko.

Little Lesa Kay Faulk, carrying a white basket trimmed with yellow ribbon streamers, and filled with white and yellow rose petals, was a beautiful flower girl, wearing a

lovely yellow organdy dress with matching headpiece.

The ring-bearer was Master Jeff Browning. The pillow he carried holds great sentimental value by its owner, Mrs. Pauline Harriett. The mother of the bride purchased the pillow when on her honeymoon and gave it to Mrs. Harriett, her sister, for a souvenir. It has performed in five weddings since that time; its first wedding was in 1947 with Miss Edith Chestnut and Tom Berkner as first principles. Miss Lucille Eisenhower and James Chestnut were the second couple to make use of the little "good luck" charm. Miss Lydia Wieboldt and Paul Carlson were the third couple to use it and it must have really brought them "good luck" on their journey to Peru immediately following their wedding. They are still over there serving as Christian Missionaries.

The fourth couple were friends of Miss Wieboldt's whose names are not available at present, and the fifth couple to try out its "charms" were Mr. and Mrs. Marriott. The bride's mother, Mrs. Quincy Howell, chose for her daughter's wedding a pink lace sheath with matching hat and white accessories. Her corsage was made up of white roses.

The groom's mother chose for the occasion a beautiful beige brocade dress and wore matching accessories and her corsage was identical to Mrs. Howell's.

Immediately following the ceremony, a reception was held in the garden of the Sunday School Department of the Church. The tables were overlaid with white damask cloths and the four tiered wedding cake with traditional bride and groom, was encircled with fern and lovely tiny blue flowers. The punch table was identical.

Miss Barbara Nettles presided over the Bride's Book. Assisting at the reception were Miss Mary Ruth Silvers, Miss Alice Queen, Mrs. Mamie Bowlin, Mrs. Pauline Harriett, Mrs. May Reedy and Mrs. Dorothy Bruneau.

Following the reception, the bride and groom left for the west coast. For the wedding trip, the bride wore a three piece suit of beige linen and the removable orchid corsage from her bouquet.

Out of town guests were: Grandmother of the bride, Mrs. James E. Howell Sr. of Bonifay; Mr. and Mrs. E. L. Browning, Mr. and Mrs. Julius Fritell and son Robert; Mr. John Peterson, Mr. and Mrs. Joe Hardy and daughters, Mrs. Lucille Hickman and son Tony and Mr. and Mrs. Lee Faulk and daughter, Lesa, all from Orlando.

Also Mrs. Margaret Nasworthy, Mrs. Virginia Hires of Winter Park; Mr. and Mrs. Robert E. Smith and son of St. Petersburg; Miss Barbara Nettles of Orange City and Miss Patsy Waters of Longwood, and Miss Janice Toole of DeLand.

Make the most of summer to enjoy tropicals and don't worry now about next winter's cold. Plant allamandas, hibiscus, crotons, pentas, and anything else that takes your fancy. Plant from cans such as hardy items as athena, hydrangeas in bloom, and any container-grown evergreen shrubs or trees. Keep watered.

Moving of a large palm tree is best left to an expert with a tree crane for lifting it. But should you wish to transfer a small size palm from one place to another within your garden, here's how: Palms are best moved in warm weather at the beginning of the rainy season.

If you break the roots of a small palm, which you will during moving, the roots will not form new tips. The palm must put out new roots to replace them. Therefore, moving a small ball of earth with the palm will avoid damage to the newest, shortest roots near the trunk, which can carry on after moving.

Since root loss results in less moisture absorption, it is well to remove some of the leaves to balance top and bottom. Do not cut horizontally across the top. Instead, remove lower leaves one at a time by cutting through the stalk near the trunk. Don't pull off leaves, or you will tear up the top of the trunk. Let the few top leaves remain to protect the new ones that emerge from the central crown.

Palm roots are dormant in cold weather, but grow rather rapidly during the summer. Palms grown in cans without root disturbance keep newly moved palms well watered until established. Planting slightly deeper than before will help to brace a palm that has been moved.

Spider Mites thrive in warm, dry weather. You may not know they are around because they cluster on the undersides of foliage, pierce the surfaces and suck out the juices. The first indication may be a change of color from green to brown or bronze. Look underneath for tiny webs, and apply a miticide.

Night-Feeding insects, such as beetles, chew on flower buds or clusters of new leaves before they unfold. When flowers or leaves do expand, they are full of holes. Some control for chewers such as chlordane, will discourage them.

Remember, keep on tipping your Poinsettias through August, so that you may have more blooms.

Miss Patricia McGill, R. D. Priest Are United In Impressive Ceremony

Jacaranda Circle

Miss Patricia McGill, daughter of Mr. and Mrs. George McCarthy, of Tampa, and Randall Priest Jr., son of Mr. and Mrs. R. D. Priest Sr., of Sanford, were united in holy matrimony Sunday, June 21, at 8:30 p.m., at the First Methodist Church of Sanford with Rev. Don Bain of Interbay Methodist Church, Tampa, performing the impressive double ring ceremony at the altar flanked by seven branched candelabra and tall baskets of gladi.

The bride, given in marriage by her father, was lovely in a full-length gown (which she made) of white lace over satin, featuring a scalloped neckline and long tapered sleeves. Her veil of illusion was attached to a petite crown and she carried a white lace covered Bible and a cascade bouquet of white carnations.

Attending the bride were Miss Sarah Priest, sister of the groom; Mrs. Clara Beavers, matron of honor, St. Petersburg, and Miss Nancy Monroe, maid of honor, from Middleville, N. J. They were gowned in blue lace over blue satin and carried bouquets of pink carnations.

Miss Georgianne McCarty, sister of the bride, and Miss Louise Priest, sister of the groom, were flower girls and carried white satin covered baskets with blue petals.

Carl Remusat of Sanford served the groom as best man and also standing with him were Sherman Runyons, Tampa, and Steve Beavers of St. Petersburg.

Serving as ushers were Jerry Dormire, Ronnie Wolfgang and Bob Hegland, all of McDill Air Force Base, Tampa, and Robert Raynor, Sanford.

Mrs. Ben Wiggins, organist, provided the wedding hymns and accompanied Abby Jones singing "I'll Be Loving You Always."

Mrs. George McCarthy, mother of the bride, was attired in a white embroidered sheath and her corsage was of blue carnations.

The groom's mother, Mrs. R. D. Priest, chose a blue print with a blue carnation corsage.

Following the ceremony, a reception was held in McKinley Hall with beautiful floral arrangements placed throughout.

The bride's table, covered with white satin, held an arrangement of white carnations centered with a white spiral candle and greenery. The white, four-tiered wedding cake was decorated with bells and flowers and topped

with a miniature bride and groom.

Following the reception, the bride and groom left on a

wedding trip and will reside in Eau Gallie.

Assisting at the reception were Mrs. M. E. Baker, Mrs.

Mrs. H. D. Patton Hostess To Church Group

The W.M.P.F. of the Missionary Alliance Church held the regular meeting recently at the home of Mrs. H. D. Patton on 20th Street.

Routine business was discussed and a letter was read from missionaries, Mr. and Mrs. Monham, who were here recently, but have returned to the field.

It was also reported that a box of clothing had been sent to Jewish refugees in California.

The hostess served refreshments to the Meses. George Wells, F. Brown, Charles Dees, E. A. Monforton, Beaula Thornton, Fay Lee, B. H. Stone, M. L. Ayers, H. Q. Touchton and Solan Teston.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I think you are wrong to agree that a girl should baby-sit with her own brothers and sisters for nothing. Why should she pass up a chance to make herself \$2 or \$3 just to stay home and do the same thing for free? If parents can't afford to pay sitters, they don't have any business having large families. I think it is terrible the way some parents make slaves out of their children. As for what children "owe" their parents, I can't see where they owe them anything. Children don't ask to be born. You can use my letter if you want, but please don't use my name.

my Mom when she had it so rough. THE MAN OF THE FAMILY DEAR ABBY: We have a healthy, able-bodied, 17-year-old daughter. She baby-sits all over the neighborhood for 75c an hour, but when we need a baby-sitter we have to hire one, because she is booked up with paid sitting jobs. She doesn't need the money because we give her a very generous allowance, but she is money mad. We think it is good experience for young people to earn money, but wouldn't you think a high school senior would realize that money is not as important as volunteering an occasional helping hand at home? MONEY MAD'S PARENTS DEAR ABBY: Please tell UNPAID that the best things in life are free. When I was in my teens (back in the 1930's) I sat for many an hour and refused to accept pay when it was offered.

I wanted to do something for someone. I learned how to keep youngsters busy, entertained, and how to get them to behave without punishing them or even threatening to. The experience I received in handling children more than compensated for the time I devoted to it. It is almost impossible to give something without getting at least as much in return. Sign me—WELL PAID

DEAR ABBY: I would like to know how a child can justify accepting money from his parents for "sitting" with siblings. I happen to be the eldest daughter in a family where there were 14 children. I didn't just "sit" with the younger ones, either. I bathed them, dressed them, fed them, and did the dishes. If I had been paid for all the hours I "sat," I would be sitting pretty.

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif. 90069.

DEAR ABBY: That greedy girl signed "UNPAID" should be ashamed of herself. I am not a girl. I am a 17-year-old boy, but I have been a sitter for my mother ever since I was 12 years old. I sat with three younger sisters and a baby brother six nights a week for four years while my mother worked. You see, Miss Abby, my father died and that was the only way Mom could manage. I wouldn't trade a bushel-basket full of dollars for the good feeling it gives me to know that I was able to help

Jacoby On Bridge By Oswald Jacoby

The great success of bridge today is due to many factors. One of the principal items is the bridge teacher. Without teachers there would be few players and without players there would be no market for writers. So when the American Bridge Teachers' Association holds its seventh annual convention in Toronto on July 22 and 23, I will be one of the thousand or so in attendance. I will address the association on bidding trends, but I would be at the meeting anyway.

line of play that will absolutely guarantee those two tricks. South simply plays out his ace of clubs! If he drops an honor, his worries are over; if either opponent shows out, he also has no trouble. If East shows out, he leads towards dummy's ten. If West shows out, he crosses to dummy and leads toward his own jack. If both opponents follow, he plays another club toward dummy's ten. If West shows out, the ten will force an honor and his jack will be an eventual trick. If West follows low, he plays dummy's ten and is still sure of his second club trick.

We The Women: By Ruth Millet

What gives a woman status in the eyes of other women? A few weeks ago I asked my readers to help me find the answer to that question, raised by a correspondent who claimed that today women judge other women by such superficial standards as: How much money does her husband earn? Does she lead the pack in knowing what's "in" and what's "out"? Is

she a best-dressed member of the "right" crowd? Does she spend her time and money where it will make the biggest show? "Is that really how women judge other women?" I asked the women of America, and they answered with deep seriousness. It is a question that American women, in these changing times, consider important.

Contributes ideas. Instead of gossip when she is in a group. Takes pride in her appearance, without making it a full-time job. Keeps alive her own individuality and pursues her interests instead of burdening her husband and children with the knowledge that they are her whole life.

VAH-11 Takes Army For Ride

Heavy Attack Squadron 11, commanded by Cdr. B. W. Bartholomew recently gave Lt. Col. James M. Butler, U.S. Army, his first flight from an aircraft carrier aboard the USS Franklin D. Roosevelt. Flying in one of the squadron's Douglas A-1H Skyraiders piloted by Lt. Cdr. Harry Aubuchon, Lt. Col. Butler was able to observe the versatility of the A-1H and Heavy Attack. The Checker-tail flight crew composed of Lt. Cdr. Aubuchon, Lt. Kermit Jamison, bombardier-navigator, and William F. Taylor, aviation electrician's mate first class, third crewman, demonstrated high altitudes and left bombing on a practice target, low-level navigation, and in-flight refueling with another of the squadron's A-1Hs.

Harvard Roof CAMBRIDGE, Mass. (NEA) — Harvard has a brand new, \$250,000 indoor tennis arena, but there is one big problem. The arena, which houses three tennis courts, has a polyvinyl plastic roof which is sky blue in color. At Harvard, however, "blue" is associated only with Yale. So the only way to beat the problem was to describe the roof as "Cambridge Blue."

Following the flight, Lt. Col. Butler was made an honorary Checkertail of VAH-11 and was presented a certificate attesting to this fact by Cdr. Robert W. Kennedy, executive officer of VAH-11. Lt. Col. Butler is attached to the headquarters, U.S. European Command, Paris, France.

Highlights

TV Time Previews

7:30-9:30 p.m. NBC. Monday night movie, "The Pride of St. Louis." Dan Dalley and Joanne Dru star in this 1932 feature on the baseball life of St. Louis Cardinal star hurler, Dizzy Dean. It traces his career from the Texas League, where he won the fair Miss Pat Nash as well as many ball games, up to stardom and World Series victories. When an arm injury threatens to shorten his career, his off-the-field antics threaten to shorten his marriage. Dick Crenna of the old "Real McCoy's" series, plays his brother, Paul. 8:30-9 p.m. CBS. "I and Claudie" on "Vacation Playhouse." A couple of traveling episodes, Ross Martin as Clint Hightower and Jerry Lanning as Claudie Hughes are pulling a small house trailer down a Texas road without benefit of horse power. They thumb a tow from a couple of pretty blondes; Nancy Gifford a young widow played by Barbara Stuart, and her sister Joe Anne Smith played by Jennifer Billingsley. Nancy has a 66 acre ranch that lacks manpower but Clint is

a little reluctant to engage in hard labor. He conceals a scheme to make the girls believe there is oil on Nancy's real estate. 8:30-10 p.m. ABC. Wagon Train. "The Duncan Molver Story." (Rerun) A good cast helps make this a reasonably interesting story about the army's spartan interest in helping an officer reclaim some stolen supplies. Ron Hayes, Chris Robinson, Joanna Moore, Mike Mazurki, Gene Evans and John Larkin add a lot of strength to the acting company. 9:30-9 p.m. CBS. The Danny Thomas Show. (Rerun) This is one of several episodes filmed in Rome and it has some amusing moments. Danny and Kathy (Danny Thomas and Marjorie Lord) feel conspicuous dining in an Italian restaurant in their tourist clothes, so change to peasant garb. They're welcomed with open arms till Danny realizes one thing he forgot to make was transfer of his wallet from his American clothes. 9:30-10 p.m. NBC. Holly-

3 Dead, One Badly Burned As Stuart Building Burns

STUART (UPI) — Three persons were killed Sunday when fire destroyed a two-story apartment building here. The victims, two men and a woman, were on the top floor of the wooden building when the fire broke out. The victims were identified as James Johnson, 23, Lee Davis, 26, and Gloria Jean Grubbs, 24. Another occupant of the apartment building, Fred Smith was hospitalized with third degree burns. "The building went up like a tinderbox," said Mayor Ray Cooke, a volunteer fireman. The home of A. A. Matheny also was destroyed in the blaze but the family escaped without injury, authorities said. The east Stuart business section was thrown into darkness for more than an hour when the fire burned a power pole and triggered an automatic switch. One fireman was overcome by smoke.

Sister Asked To Join March

MIAMI (UPI) — Fidel Castro's sister, who defected from Cuba Monday, has been invited to join other Cuban exiles in a mass march on Washington July 21, march organizers announced Thursday. March Committee Chairman David Cabreas says the state department has been asked to grant Juana Castro a 10-day visa if she agrees to join the planned march. The 31-year-old Juana fled her brother's communist island last Monday and bitterly denounced Castro when she arrived in Mexico.

Horoscope Forecast

TUESDAY, JULY 7, 1964
GENERAL TENDENCIES:

You find that there is a more benign feeling in the air now and it is a good day to plan social functions, as well as smooth over any tensions with romantic attachments; also to have more beauty and artistic culture in your surroundings. Show you will take first steps toward being a peacemaker now.

ARIES (March 21 to April 19) A day when you can buy and sell, conduct business affairs in a most satisfactory way. Then be off to various places with people you admire. Evening can be most enjoyable.

TAURUS (April 20 to May 20) You are able to hit on the ideas and to get the support you need for increasing income at this time. First see how you can make real estate your own more valuable. Call the right people for expert help.

GEMINI (May 21 to June 21) You only need positive attitude to get whatever legitimate desires may be yours. Important you dress in good taste, however, and are charming in manner. **ADVANCE.**

MOON CHILDREN (June 22 to July 21) You must prepare yourself now for whatever projects, advancement you may have in mind. Contact the experts who can give you added knowledge. See that you build on a firm foundation.

LEO (July 22 to August 21) You can acquire much pertinent information from logical-thinking friends if you go after it. Gossiping about socially tonight brings helpful persons within your orbit. Be cheerful.

VIRGO (August 22 to September 22) Intelligently handling duties that bring a greater amount of success is wisest course now. Get into the business world early. Vital civic duties can bring much esteem, too.

LIBRA (September 23 to October 23) Taking a little trip or writing to those out-of-town can soon bring the results you want. Don't close your mind to new methods, ideas. Advance by being more modern.

SCORPIO (October 24 to November 21) Confering with experts in government or business affairs can spell the difference between success and failure now. Take partner with you. Share profits later.

SAGITTARIUS (November 22 to December 21) Long conversations with associates can bring about unusually fine results today. Show gratitude for your alliance. Agree on matters of policy — be loyal.

CAPRICORN (December 22 to January 20) While recreation is on your mind, this is nonetheless the best time to accomplish much of practical value. Cooperate with fellow workers. P.M. is best time for fun.

AQUARIUS (January 21 to February 19) Now that most of your practical affairs are in order, this is a good time to pursue favorite hobbies. Dress nicely. Be with persons whom you like very much, those who are kind, courteous.

PISCES (February 20 to March 20) Making home life more harmonious is very much on your mind. Put plans into operation quickly and get approval of kin. Don't use that imperious tone that others dislike.

IF YOUR CHILD IS BORN TODAY, he or she will be a fine talker and would do well in any selling capacity or in police work, a public office, investigation and the like. Give the best education possible and early teach to complete whatever has once been started, otherwise the fine promise in this chart will be lost. A certain amount of discipline is also necessary early in life.

The Stars compel, they do not compel. What you make of your life is largely up to YOU!

Male Nurse Confesses 'Pity Killing' Of Boy

PARIS (UPI) — A publicity-loving little man who calls himself "The Strangler" says he killed an 11-year-old French boy because he pitied him. Lucien Leger, 27, a sad-eyed male nurse, confessed to police Sunday that he smothered young Jean-Luc Taron and then confounded police for 40 days with morbid letters bragging his crime.

Six Arrested In Lakeland Clash

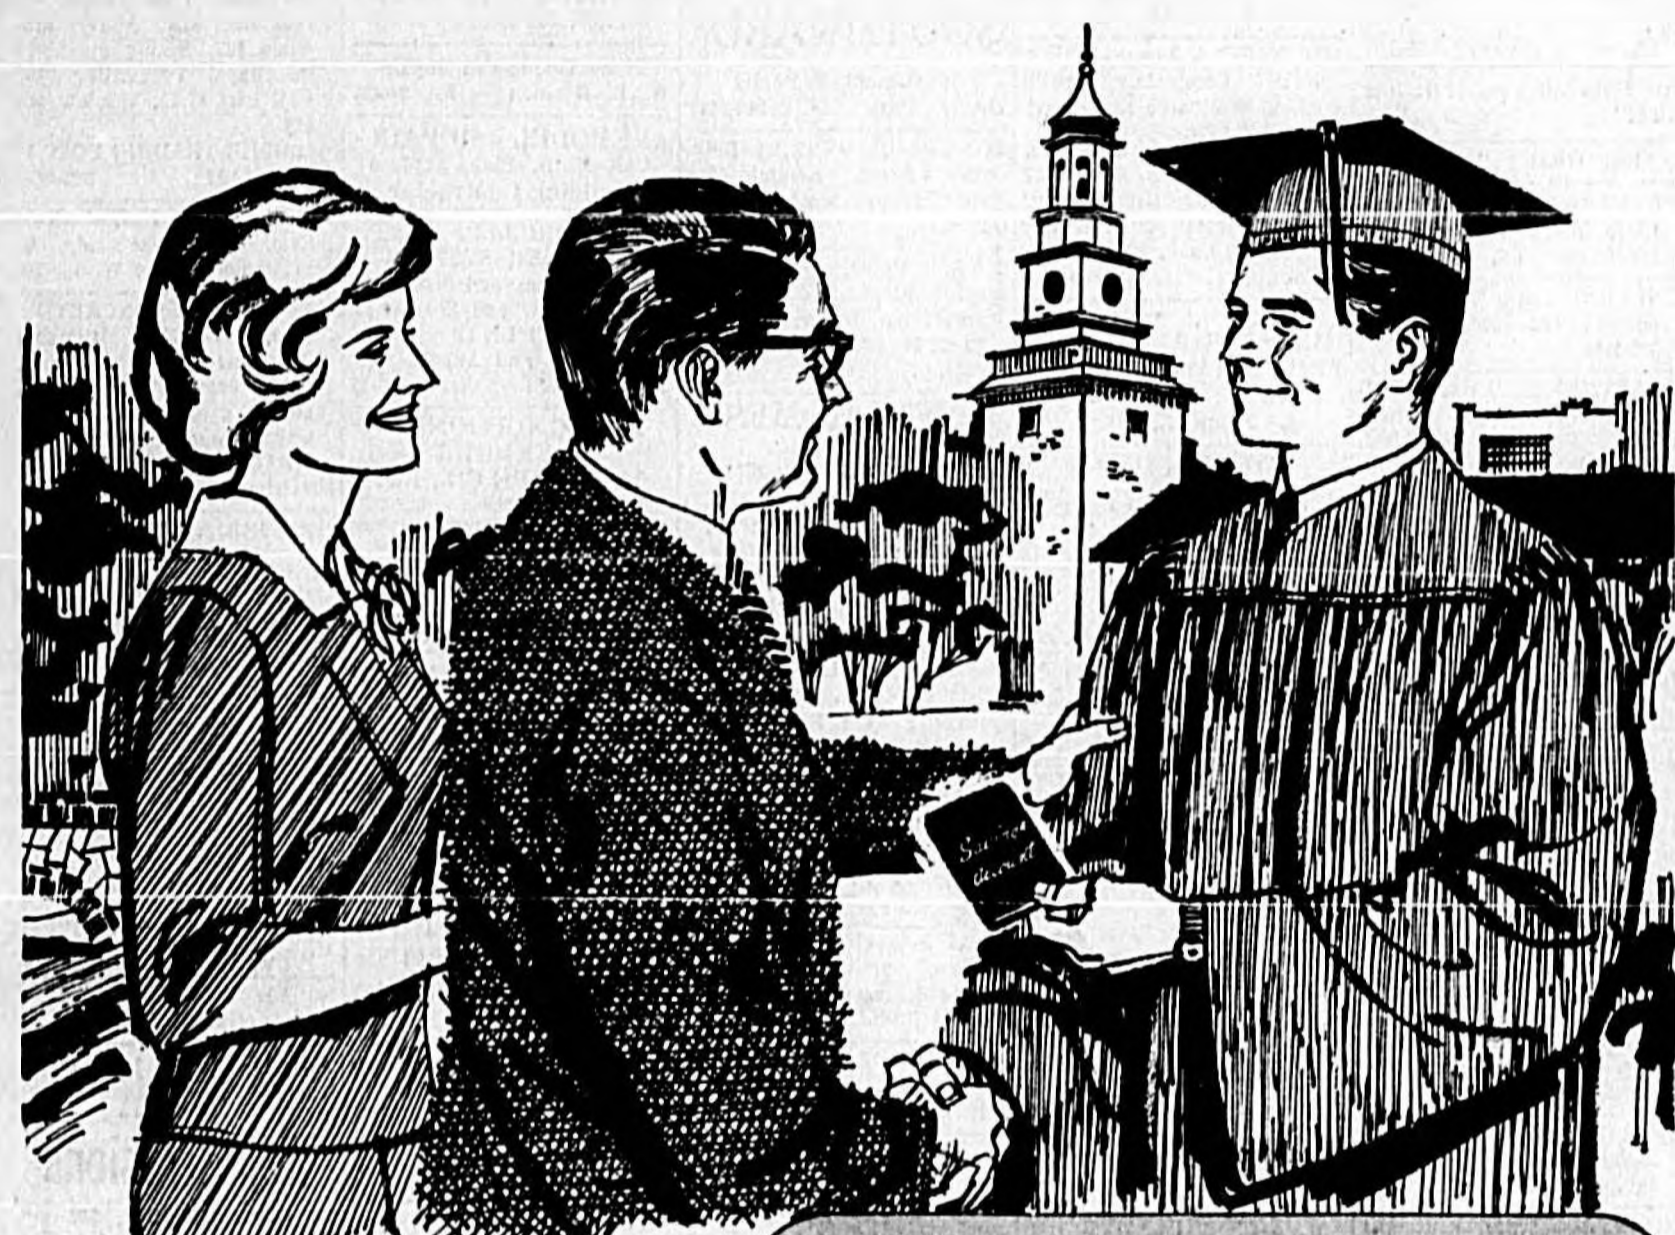

LAKELAND (UPI) — Six white youths were arrested by police Sunday night as bands of white and Negro boys roamed the street heckling each other. There were no incidents of violence. The boys were picked up on charges of carrying concealed weapons, police said, and three of them were turned over to juvenile authorities. The other three — James Holley, Robert Baker and Donald Lineburger, all 17 — were charged with carrying a deadly weapon and released. Police said they found a 22-

caliber rifle, a piece of lead pipe and seven knives in the boys' possession. The trouble followed a series of minor rock-throwing incidents Saturday night in which groups of Negro and white boys — about 100 each — lined up on opposite sides of the street and heckled each other. About fourteen Negroes out of a group of 75 or 80 walking the streets downtown, entered and were served at a restaurant (The Toddle House).

The confusion brought cries of "lynch him" from angry Parisians. But some investigators were known to doubt Leger's confession. Many of the statements in the 58 letters said to have been written by Leger were false. He retracted a claim he had killed four other persons. Jean-Luc's mother said, "It is the end of a nightmare." Leger was arrested because of his threat for publicity. Thin, short and dark-haired, Leger worked at a Paris mental hospital where his wife is a patient. Police said he spat blood on his car and then told them "The Strangler" had telephoned him to report he had stolen it. The car incident was the last of a series of communications with which Leger said he deluged the police, the press and Jean-Luc's father. The letters included false clues to the Taron killing and the claim of

four other murders. Leger took the car to a police station Saturday. After all-night grilling, police said, Leger confessed writing the letters and killing the Taron boy. He said he met Jean-Luc May 28 just after the boy had run away from home because of a spat with his parents. Leger said he followed the boy into the subway, offered to take him to a movie, and finally took him for a ride in his car. At the Verrieres Woods west of Paris, they stopped. "Are there wolves in the woods?" Leger said the boy asked. Then, Leger said, he was seized with pity for a boy who, like himself, had an unhappy childhood, and "had a desire to kill him." He said he grabbed Jean-Luc by the throat and threw him onto the moss-covered ground and smothered him. The boy's body was found in the woods May 27.

County Board Drafting Budget

Cabinet OKs \$1.2 Million Canal Loan

TALLAHASSEE (UPI) — The state cabinet took a major step today to kickoff ultimate construction of the Cross-Florida Barge Canal.

Sitting as trustees of the internal improvement fund, the cabinet agreed to lend the Florida Canal Authority up to \$1.2 million for purchase of right-of-way for the canal for which federal construction funds have been made available.

To secure the loan, the canal authority will give the state a mortgage on surplus lands valued at \$1.5 million which it owns but does not need for the project.

The cabinet authorized Atty. Gen. James Kynes to draw up the necessary legal papers in connection with the loan and mortgage to the Marion County lands.

State Treasurer J. Edwin Larson questioned whether the fund had sufficient cash to make the loan without having to cash in securities at a loss in interest.

Director William Kidd, who previously had told the trustees they'd have to start taking it easy on other loans in view of the canal commitment, said he was trying desperately to get the fund's cash position in shape so that no investments would have to be cashed to make the loan.

He said he believed it could be done since all the money won't be released at once but only as needed to buy lands. He said there is a \$900,000 cash balance now on hand, but explained there were other commitments against it.

Including loans to the St. Augustine historical restoration and for capital center projects, Gov. Farris Bryant pointed out that the loan will be an investment since if it's not repaid, the state cabinet would get the Marion County lands. But he said he fully expected the money would be paid back from millage paid by the counties through which the canal will pass.

When County Commissioner John Alexander saw Tom McDonald tear off the June sheet from a calendar in the courthouse's common room chamber this morning he reminded the former Sanford mayor that it was County Clerk Arthur Beckwith's responsibility to remove outdated calendar pages.

Alexander was referring to a recent clock item in which Beckwith was reported to have removed calendars, plugged in an extension phone, distributed paper cups, etc., as a part of his routine duties.

Speaking of construction, the Central Baptists' new sanctuary is moving right along, too. But too slowly to suit the congregation that is "rarin' to go" to get into it. Lessee now, isn't there a trite saying that "Rome wasn't built in a day"—and neither is a fine building like that sanctuary!

Did you know there are 27 customers in Sanford who use over a quarter of a million gallons of water a month? That's about nine million gallons or more—a lot of water.

Rail Union To Seek Pay Raise
CEDAR RAPIDS, Iowa (UPI)—Notices will be served on the nation's railroads July 15 of new wage increase and extended vacation plans sought for brakemen.

The Order of Railway Conductors and Brakemen (ORCB) seeks a 25 per cent wage increase and 12-week vacations every five years for employees after their 10th year.

ORCB chairman George H. Harris said Monday the order sought to correct "wage inequities" that affect hourly paid workers on miscellaneous runs of 100 miles or less.

The order seeks to increase conductors' pay on such runs to \$3.10 an hour and \$24.80 a day. Brakemen would be raised to \$2.90 an hour and \$23.20 a day, in addition to the 25 per cent general wage increase.

National Guard To Hold Alert
Maj. Gen. Henry W. McMILLAN, adjutant general of Florida, today revealed that the Florida Army National Guard will conduct a statewide practice test alert prior to July 15.

The practice test alert is an annual requirement placed on the modern "minutemen" to test their ability to assemble rapidly, if needed.

General McMILLAN said advance notices on the test alert is being made to prevent misunderstanding by the public of the practice exercise.

Retired Minister New Head of SHEBA

E. P. Richards, retired minister from Casselberry and a member of the Casselberry Lions Club has been named new chairman of SHEBA, the Seminole Hospital Eye Bank Auxiliary.

Other members of the board of directors, some new, some continuing include Mrs. Lynn Reed of DeBary, Mrs. Charles Cole of Geneva; Mrs. W. L. Gramkow, Mrs. Edwin Epstein, Mrs. Grace Fisher, Dr. Frank Leone, Carroll Burke, Dr. Edwin Lindsey and Robert Becker of Sanford. Hubbard Casselberry of the Casselberry Lions Club is also a member of the board.

Mrs. Frank Woodruff, executive secretary and founder of SHEBA reported that nine complete sets of eyes have been sent to the eye bank located in the J. Hillis Miller Medical Center in Gainesville, for surgery to restore the sight of persons who can regain their sight by the use of corneal transplant.

"We now have over 350 persons on the list of those who have signed up to donate their eyes after death in order that the living may have the gift of sight," said Mrs. Woodruff.

"Of all the eye banks in the northern and central section of Florida, our group leads in the number of sets of eyes sent in to Gainesville," she added.

MERIDIAN, Miss. (UPI)—A group of the nation's top civil rights leaders continued their march through Mississippi today undaunted by a setback in nearby Philadelphia where three civil rights workers disappeared 16 days ago.

Works Both Ways
MEMPHIS, Tenn. (UPI)—Negro restaurant and night spot owners "must realize that the civil rights law covers them as well as it covers the white establishments," a Negro leader, Jesse Turner, president of the Memphis NAACP chapter, said Monday.

Avalanche Kills Ex-Ski Champ
CHAMONIX, France (UPI)—An avalanche hush on Mont Blanc today killed former world slalom ski champion Charles Bozon of France and 13 other people, mountain rescue officials announced.

The 14 people were swept 600 yards down Europe's highest mountain to their deaths. They were climbing the beautiful Aiguille Verte slope not far from the 15,771-foot summit.

Cape Picket Slows Work
CAPE KENNEDY (UPI)—A lone Teamsters Union picket today slowed work on part of the huge moon rocket center now under construction at the nation's spaceport.

A spokesman for the Army Corps of Engineers said about half of the work force at the 32-story vertical assembly building being built on Merritt Island was away from work and construction on the rocket assembly building was slowed.

\$10 Million Hike In Tax Base Seen

By Julian Stenstrom
Seminole County's Commissioners this morning began their annual task of building a budget for the 1964-65 fiscal year which goes into effect Oct. 1, with an estimated total tax base of \$207,633,237—an increase of \$10,900,716 over last year's figure of \$196,732,521.

The increase will add approximately \$155,420 in tax income. Based on present rate of 6 mills for the county and 8.23 mills for the Seminole County School Board, about \$65,000 in additional income will be available to the county and slightly more than \$90,000 additional funds for the Board of Public Instruction.

These estimates were presented to the Commission by Mary Earle Walker, county tax assessor. She told the board in a communication that there are still some business valuations to be finalized and that notices will be sent to taxpayers around July 20 which will indicate any increase or decrease in taxes. Further, she suggested that the Commission act as a Board of Equalization Aug. 3.

The board was told by Mrs. Walker that valuation of non-exempt properties amounted to \$188,750,000; personal property valuation was \$100,000,000 and railroad and telegraph properties (established by the state) at \$3,800,237.

Her report to the Board also revealed that in Seminole County the valuation of wholly exempt land, properties owned by municipalities, schools, churches, county and state governments, widows, etc., amounted to \$48,300,000—an increase of \$2,033,670 over last year.

Homestead exemptions in Seminole County last year amounted to \$37,330,300 and for the next fiscal year the figure was estimated at \$39,000,000.

Upon completion of the budget studies the Commission must sit as a Board of Equalization. Later it must hold public hearings and then accept the proposed budget for the forthcoming fiscal year.

"I want to assure you," he told the President in a 10-page, single-spaced report, "that these savings are being achieved without any adverse effect on our military strength and combat readiness."

Barry Votes No On Poverty Bill
WASHINGTON (UPI)—The Senate Labor Committee today approved by a vote of 12-2 President Johnson's \$902-million anti-poverty bill.

Sen. Barry Goldwater, front running Republican presidential candidate, and his close supporter, Sen. John G. Tower, (R-Tex.), cast the votes against the priority administration measure.

Goldwater and Tower were absent from the closed-door session, but registered their opposition by proxy.

Rutledge May Represent U. S.
LAKELAND (UPI)—Florida Citrus Mutual announced Monday that Mutual Executive Vice President Robert Rutledge has been recommended by the U. S. State Department to represent the American Agricultural Industry on an official tour of West Germany.

The West German government will host the group of leading officials from the fields of economics, politics, science and agriculture.

Only 10 persons from the United States will make the trip at the request of the German government. Rutledge said his selection was an honor and he would learn more about German food and processing on the trip.

Ev And Charlie Goldwater Twins
SAN FRANCISCO (UPI)—House Republican Leader Charles A. Halleck has agreed to second the nomination of Sen. Barry Goldwater for the GOP presidential nomination next week, it was announced today.

Lee Edwards, director of public information of the Goldwater committee, said the Indiana Republican talked with Goldwater Monday night by telephone "and agreed to speak for the Arizona front-runner."

Senate Republican Leader Everett M. Dirksen of Illinois announced last week he would place Goldwater's name in nomination.

Frisco Expects 50,000 In Anti-Goldwater March

SAN FRANCISCO (UPI)—Police Chief Thomas J. Cahill said today he expects 50,000 or more people to stage a massive civil rights march through his convention city Sunday to register opposition to Sen. Barry Goldwater's presidential bid.

While expressing guarded optimism that the march will be peaceful, Cahill cautioned Republican convention delegates to avoid incidents with the demonstrators that might touch off violence.

Sen. Thurston B. Morton, permanent chairman of the convention, said on arriving here Monday night that if the demonstrators "try to bust up our convention I shall try to get the police department of San Francisco and other surrounding cities to let us conduct a convention."

Leaders of the march said the 50,000 demonstrators would represent labor organizations and Negro churches in northern California. The protest is under the sponsorship of the Church Labor Conference, a civil rights organization.

A spokesman for the group said the march was organized "to vigorously oppose" Goldwater's nomination, to urge federal intervention in Mississippi and to back a local human rights commission.

The game was played in shirt-sleeve weather with only a few seats left empty as the crowd packed into the home of the New York Mets.

The Nationals drew first blood getting a lone tally in the first inning. The Americans tied it up quickly only to have the Nationals retake the lead by 2 to 1 in the first half of the game.

The Nationals have won 16 games of the All Star classics, the Americans 17. One game ended in a tie.

Today's game could even it up.

Taylor On Job, Pledges Action
SAIGON, Viet Nam (UPI)—Gen. Maxwell D. Taylor arrived in Saigon today to take on the toughest American diplomat post abroad and was greeted with news of another battalion-size assault on U. S. supported Vietnamese forces by Communist Viet Cong guerrillas.

Taylor, 62, who resigned as chairman of the U. S. Joint Chiefs of Staff to become ambassador to South Viet Nam, got the tightest security precautions ever accorded a visiting American notable. Traffic was halted a mile from the airport, which was swarming with armed guards.

Taylor said on arrival that American programs to help fight the anti-Communist war here are "sound" but that they require "vigorous implementation and execution." He promised they would get it.

Only 24 hours earlier, three waves of Communist guerrillas attacked an American Special Forces camp and killed two Americans, one Australian and 58 South Vietnamese soldiers.

Apportioning Meeting Set
TALLAHASSEE (UPI)—The governor's office confirmed today that Gov. Farris Bryant will meet July 17 with the Mayor's Committee on Fair Apportionment to discuss the Florida legislative reapportionment situation.

Mayor Herman Goldner of St. Petersburg said principal object will be to discuss removal from the November general election ballot of the amendment that would put in to the state constitution the 43-senator, 112-representative plan that the U. S. Supreme Court has ruled invalid.

Cigarette Taxes Top \$3 Million
TALLAHASSEE (UPI)—Beverage Director Richard B. Keating reported today that Florida municipalities shared in tax collections from cigarette sales in May totaling \$3.1 million.

The state got \$1.2 million from the five cents a package levy. Cities get the revenue from sales within their borders. Miami got the lion's share, amounting to \$179,373.

All but a few of those polled rejected the idea that Goldwater's probable nomination would make it more difficult to write a platform calculated to win northern and eastern votes.

General Rights Plank Favored
SAN FRANCISCO (UPI)—A survey of Republican platform drafters today disclosed a heavy preference for a generalized plank on civil rights—and a tough one on Viet Nam.

About one-third of the GOP Platform Committee's 100 members responded to a United Press International questionnaire on their attitude toward these and other issues expected to figure in the November presidential election.

Of the 31 who replied, 18 said they would vote for the nomination of Sen. Barry Goldwater. The others ranged from uncommitted to supporters of Gov. William W. Scranton or backers of favorite son candidates.

Woman Driver All Fired Up
LONDON (UPI)—A woman off and firemen had to put out the fire in the engine. Police later showed the lady the gas tank cap at the front of the car.

"Oh," she said, "I thought that was the radiator."

The woman, identified only as a professional car delivery driver, told police she was driving a new rear-engine Hillman Imp to a London dealer when she ran out of gas on a busy street here.

She ran off to get a can of gas, then surveyed the car. "There was this cap at the back of the car," she said, pointing to where the oil-filler cap used to be. "I pulled it off and saw a hole—so I poured in the petrol."

"But when I started the car there was a loud bang and smoke."

"Oh," she said, "I thought that was the radiator."

The woman, identified only as a professional car delivery driver, told police she was driving a new rear-engine Hillman Imp to a London dealer when she ran out of gas on a busy street here.

She ran off to get a can of gas, then surveyed the car. "There was this cap at the back of the car," she said, pointing to where the oil-filler cap used to be. "I pulled it off and saw a hole—so I poured in the petrol."

"But when I started the car there was a loud bang and smoke."

The gas had gone into the engine pump. The cap blew

off and firemen had to put out the fire in the engine.

Police later showed the lady the gas tank cap at the front of the car.
