

Early Wynn Hurls Five Hit Shutout Over DeLand, 9-0.

1500 Fans Expected To See Both Clubs Meet In Crucial Tilt Tonight At Local Park

Lookouts Send McIntyre To Showers, And Pounce On Gene Fisher, Kasso And Holbrook Record Three Hits Each

By JULIAN STENSTROM

Early Wynn, young pitcher of the Sanford club, completely dominated the DeLand side last evening when he let them down with only one hit which was good for no runs while Bill Rogers and his outfit went to work on a pair of the Red's outcasts. The Great McIntyre and old Gene Fisher, the 16 hits and nine runs and a shutout victory 9-0.

Wynn completely whitewashed the Red's as he managed things in his own fashion, firing the entire game except for a single which the DeLand boys got in the base hit. During the game, Wynn based on official bases, and allowed four, six runs, five hits and one error. He pitched for the Sanford club in the game over the Red's last evening when he let them down with only one hit which was good for no runs while Bill Rogers and his outfit went to work on a pair of the Red's outcasts.

The game was the most crucial game of the series tonight here at the Sanford Municipal Athletic Field as the winner of the game will play the winners of the Leesburg-Gainesville playoff series, Sanford and DeLand Baseball Officials are expecting around 1500 fans to see the most important tilt so far this season.

AS THEY RIP

AS THEY RIP, so shall he sew. Opening of football season brought a flood of work to Major Smith, Georgia Tech equipment expert. Gridiron legs were put in readiness for months of practice and competition as candidates reported to all the eggs of the "rambling wreck."

Leesburg Rally In Eighth Beats Gainesville, 6-4

Gondoliers Beat Six Run TV Knot Up Play Game

VENETIAN GARDENS, LEESBURG, Sept. 7.—The Leesburg and Gainesville clubs came from behind last night in the eighth inning to tally six runs and win over Don "Footie" McShane and his Gainesville G-Men by a 6 to 4 score.

Jake Bunch started for the Gondoliers while Rex Swenney was on the hill for the losers. Swenney was knocked out of the box in the eighth inning when the Gondoliers scored six times and was replaced by Albert Padgett. In the first half of the ninth the McShane outfit tallied three times and sent Bunch to the showers and Merrit Hubbell took over the hurling duties to finish the tilt.

Tax Reduction For Seminole Is Anticipated

Budget Estimates Reveal Cut In County Controlled Millage Of Nearly 5 Mills

Homesteaders To Benefit 3 Mills

Net Saving In Total State And County Millage Is 1 5-8

The County tax millage was tentatively reduced 4 3-4 mills and homestead owners are expected to secure the benefit of a three mill reduction in the Road Bond Interest and Sinking Fund, according to budget estimates released by County Clerk O. P. Herndon this morning.

After assembling a 3 mill increase in the General School Fund and a 1 1-8 mill increase in the State Millage the County Commissioners were able to effect a 1 5-8 mill decrease in total taxation for the year of 1937-38 over the year of 1936-37.

Robson Back From Buying Trip Thru Eastern Centers

J. N. Robson, chief clerk at the E. L. Perkins Men's Clothing Store here, returned from an extensive buying tour yesterday during which he visited the leading manufacturing companies in New York and other eastern centers.

"Everybody is talking about Florida up there and from all indications we will have a bumper crop of tourists," Mr. Robson said.

He added that according to the reports in circulation, the industry in the East had experienced their best summer since 1929 and are looking forward to even a greater winter.

During the trip Mr. Robson purchased a large variety of stock which will be offered the public in Sanford this fall.

The local patterns are the most stylish in men's clothing. Mr. Robson stated, with stripes and plaids taking the lead in suits and men. Double breasted suits also seem to be more favored in the Metropolitan than the single breasted type, he said.

Elks Lodge Will Hold Meet Tonight

The regular semi-monthly meeting of the Sanford Lodge B. P. O. E. will be held in the Elks lodge rooms tonight at 8:00 o'clock, according to an announcement made today by Victor Thurston.

Jacksonville City Officials Visit Here

Superintendent of Parks W. L. Bradley and City Commissioner Guy L. Simmons of Jacksonville were in Sanford today on an inspection of the City's parks and Municipal Zoo. James H. Bradburn, local park superintendent, accompanied them.

EVEN IN WAR, A HUMAN TOUCH

Even in war, a human touch is seen as this bridge boy plays his harmonica, unmoved by the stern-faced Japanese warrior beside him. Even as he plays there is death and destruction in the streets before him, but his youthful spirit is undampened.

From Coast To Coast AND BACK AGAIN

By MRS. J. J. BOLLY
So this is California! Hello California, we are Floridians on our way to India, the largest date producing section outside of India; India is situated in the Chowchilla Valley. Just north of the Imperial Valley, the temperature in the summer rises to 120 in the shade. We were fortunate to be conducted through one of India's largest date ranches. The trees were the most beautiful of species, each tree bearing in lines as straight as our celery fields are laid out. The bunches of dates, thousands to the bunch are tied together with a web of pollen on cotton placed in the center, this makes them eatable. Will quote a few authentic facts: They plant 48 trees to one acre one tree bears 250 pounds; 15,000 pounds to an acre; they ship from India 100,000,000 pounds a growing season, which is from October through December, via Panama Canal to New York.

From India via Red Lands and San Bernardino we drove through thousands of acres of grape vineyards, and across the largest grape vineyard in the world, which contains five thousand acres. It was through this section we found our first big Bing Cherries, and a large cherry orchard and bought one-half bushel for fifty cents.

Did you ever hear of a City being built in the middle of a desert Oasis of palm-lined canyons, date gardens, painted mesas and huge cacti? Well, that is Palm Springs, the millonaire's playground, and a rendezvous for many of the movie stars. You do not realize it is a desert, with lawns-like velvet carpets, and flowers every color of the rainbow, and such homes that you only see in Palm Springs, but with an atmosphere of comfort and beauty combined.

The Al Mirado Hotel where Amos and Andy broadcast was lovely, also Amos has a beautiful home here. Harold Lloyd, Bill Hays and many more actors and radio celebrities have winter homes. As we were leaving Palm Springs, a terrific storm hit us, we were forced to stop and seek shelter behind an embankment, to keep

One Convict Escapes And One Recaptured At Georgia Prisons

ATLANTA, Sept. 10.—(AP)—The scales of Georgia's penal system balanced at one escape and one recapture following a what-to-do-about-it session of wardens in Atlanta.

A negro trusty walked away from the Lowndes County "gang" while the warden, A. F. Hood, was in the Capital yesterday.

New Students Asked To Register Monday

Students who were not enrolled in Sanford Schools last year and plan to enter the Sanford Junior High School for the coming year are required to register next Monday morning between 8:00 and 12:00 o'clock. H. E. Morris, principal of the School announced today.

English Views School Year With Optimism

Sufficient Funds Reported Earmarked In Reliable Sources For \$800 Per Unit

An optimistic preview of school activities for the coming year was given by Colin English, State superintendent of public instruction, in his speech before a large number of teachers and visitors at the Junior High School last night.

All but one of the teachers of Seminole County, as well as a large number of visitors and officers of the Parent Teachers Association, were present to hear the addresses given by the state educational leaders.

"So far as the State is concerned, sufficient funds from reliable earmarked sources are assured to pay the State's allocation of \$800 per instruction unit to the various counties during the coming year," the State Superintendent stated.

An instruction unit, was pointed out, consists of one teacher and 30 pupils in daily average attendance. An instruction unit is also allotted for each \$1800 expenditure for pupil transportation.

The State Superintendent and George W. Marks of Volusia county were introduced to the gathering by the Superintendent of Seminole County, T. W. Lawton.

Mr. Marks, in his short address, brought greetings to the (Continued on Page Three)

Orlando To Have New Post Office Costing \$595,000

ORLANDO, Sept. 10.—(AP)—Orlando will receive \$595,000 for the building of a new Post Office in the heart of Orlando, according to an announcement today by Senator Charles O. Andrews.

The deal was definitely closed when the Post Office and the Treasury Departments, signed the order allocating the money for the Orlando project from the \$23,000,000 fund recently appropriated by Congress for expenditure on public buildings.

According to present indications the new edifice will probably be built on the site of the old Court House, the old county jail, and the Christ building.

It is expected that government architects will plan a four or five story structure. The new building will serve as a combination Post Office, Federal Court House, and office building for many federal agencies.

Potatoes To Be Given To Local Indigent

Two thousand pounds of Irish potatoes arrived here this morning from Orlando for distribution among Seminole County relief clients. Annie Mae Calhoun, local commodity clerk, reported today.

The potatoes, the clerk stated, came from the emergency relief commodity headquarters in Orlando and will be distributed only to the clients in this county who have commodity cards.

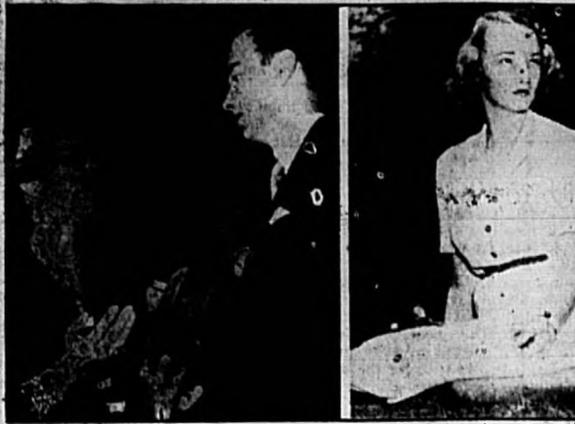

The eligible indigents may receive their quota of the commodity by bringing a container to the distribution headquarters next to the local Fire Station some time tomorrow.

Little Hope Is Held For Missing Child

OAK GROVE, Ark., Sept. 10.—(AP)—Hope dimmed for finding four-year-old Florence Jackson, missing since Monday in this heavily wooded section of the Ozarks.

Approximately 700 police officers, CCC youth, farmers, and trappers searched muddy hills from Harrison, Ark. to Shell Knob, Mo., trying to locate the daughter of Mr. and Mrs. Arthur Jackson of Chelsea, Okla.

NOW, ABOUT THAT WINE THROWING

If Mrs. Franklin D. Roosevelt had any question in her mind about the wine-throwing episode involving her son John and the mayor of Cannes, France, perhaps this little chat settled it. She is shown greeting him upon his arrival in New York after a vacation tour of Europe. Meanwhile, John's return gave rise to talk of romance between pretty Anne Lindsay Clark (right), Boston debutante, was waiting at Hyde Park to welcome him home.

New Jap Assault Fails To Dislodge Chinese Soldiers

U. S. Marines Endangered As Shells Explode Near Them

RIANSHAI, Sept. 10.—(AP)—Japan's streamlined war machine struck at the stubborn Chinese defenders on all fronts today placing Americans and other foreigners in serious danger from the spreading hostilities.

The new assault found Chinese soldiers holding virtually the same position as when the Shanghai warfare started on Aug. 13 United States Marines, guarding the northern boundary of the International Settlement, were endangered today when Japanese shells fragments ploughed into the rear of the barricades.

The new assault found Chinese soldiers holding virtually the same position as when the Shanghai warfare started on Aug. 13 United States Marines, guarding the northern boundary of the International Settlement, were endangered today when Japanese shells fragments ploughed into the rear of the barricades.

Shrapnel sprayed the International Settlement causing a number of civilian casualties. High explosive rained down on the Whangpoo, Shanghai's outlet to the mighty Yangtze. One projectile narrowly missed a British destroyer. Another whizzed over the French flagship anchored across the river from Shanghai at Pootung.

Japan carried the warfare to South China ports with the bombardment of Swatow. Americans there took refuge on the United States gunboat Asher. The first of 7200 American war refugees left Hankow today for Nanking with a prayer that their train would not be bombed.

Secretary Wallace Allots Sugar Quota

WASHINGTON, Sept. 10.—(AP)—Secretary Wallace allotted quotas of about 22,000,000 pounds of sugar to foreign countries which pay full duty on shipments to the United States.

These nations supply less than half of one percent of the total domestic consumption.

Peru received the largest increase over its previous allotment, 12,441,215 pounds to bring its revised 1937 quota to 23,755,315 pounds. The additional quotas may be either raw, or refined sugar.

Other increases included: Dominican Republic, 7,544,752 pounds, to bring its 1937 quota to 14,253,233 pounds; United Kingdom, 598,850 and 464,665; Dutch East Indies, 240,429 and 481,513; Czechoslovakia, 299,480 and 522,782; Costa Rica, 23,427 and 44,024; Colombia, 304 and 571; and Belgium, 284,747 and 629,055.

AAA sugar officials said about 6,000,000 pounds of reserve quota for full duty countries this year remained unallotted.

RODENT BEAUTY

KANSAS CITY, —(AP)—Miss North Dakota just couldn't bring herself to posing in bathing suits, bath tows and such things.

She instead of parading in Atlantic City's beauty contest—she entered a Kansas City business college yesterday.

Insurgents Claim Victory After 15 Hour Engagement

Gijon Defenses Are Declared Smashed; Soviet General Aids

HENDAYE, Sept. 10.—(AP)—Insurgents reported today they had smashed the government resistance in the high Europe mountain section, the bulwark of the Gijon defenses, after a 15 hour battle. The defense line broke and fled in various directions and fighting along the mountain trails more than 1,000 feet above the sea.

Five government planes were shot down. Insurgent commanders said they had considerable reports that a Russian General "Torres" was sent from Valencia to the front to organize the defenses of Gijon, the last government-held port in the Spanish north-west.

Most of the resistance to the insurgent's westward drive was broken by Austrians, deemed the fiercest fighters in the government ranks.

The center of the storm, reported to be accompanied by shifting gales over a small area, was believed east of the position previously plotted. The advisory at 8:30 A. M. said the disturbance apparently centered this morning about 19 degrees 30 minutes north and 67 degrees west.

The storm was said to be moving slowly west-northwestward or northward. Gordon E. Dunn, meteorologist at the Weather Bureau here, said the chances are remote the storm will touch the United States coast.

He said he believed full hurricane winds of 75 miles an hour or more are blowing near the center. The steamer Winamac encountered winds of "just about" hurricane strength at 8:00 A. M. The ship's barometer read 29.41 inches.

Hurricane Reported Moving Northwest

JACKSONVILLE, Sept. 10.—(AP)—Late ship reports caused the United States Weather Bureau at San Juan, Puerto Rico, today to revise the position it previously had charted for the tropical disturbance in the southern Atlantic ocean.

The center of the storm, reported to be accompanied by shifting gales over a small area, was believed east of the position previously plotted. The advisory at 8:30 A. M. said the disturbance apparently centered this morning about 19 degrees 30 minutes north and 67 degrees west.

The storm was said to be moving slowly west-northwestward or northward. Gordon E. Dunn, meteorologist at the Weather Bureau here, said the chances are remote the storm will touch the United States coast.

He said he believed full hurricane winds of 75 miles an hour or more are blowing near the center. The steamer Winamac encountered winds of "just about" hurricane strength at 8:00 A. M. The ship's barometer read 29.41 inches.

F. S. Vernay Is Injured In Accident

F. S. Vernay, local crate material dealer in Sanford, was reported in a serious condition today by his attending physician who stated that he had not fully regained consciousness since his auto accident yesterday.

As Mr. Vernay was driving east on First Street yesterday afternoon he crashed into the side of a Lafayette driven by Joe Thompson and belonging to Eddie Kirshhoff doing considerable damage to both the cars.

Immediately after the accident Mr. Vernay was removed to his home and reports this morning that he had not yet fully regained consciousness.

Sharon To Address Jaycees Meet Soon

An important meeting of the Sanford Junior Chamber of Commerce will be held at Park Plaza on the Orlando Highway Monday, Sept. 13, at 8:00 P. M. E. J. Laney, vice president of the organization announced today.

A majority of the members are expected to attend since several important projects sponsored by the State organization and presented at the summer conference at Daytona Beach recently will be discussed.

Local projects which are of vital interests to our citizens will be discussed, such as the Trunk Camp which, it is rumored, definite financing arrangements have been made for the handling, Mr. Laney stated.

Former Seminole County Judge James G. Sharon, will be the guest speaker of the occasion and his remarks will be served immediately after the meeting, Mr. Laney concluded.

Wilson And Lamson Attend Duval Meet

Definite decision in the proposal that Duval county participate in Sanford refunding program may be made at the regular monthly meeting of the Duval County Commissioners today.

City Attorney Fred R. Wilson and City Clerk Frank S. Deussen left this morning for Jacksonville to attend the session and explain the refunding program under which the City is operating and also to advise them that no program has been arranged whereby bondholders outside the refunding program will be assured any payment on the City's obligations.

Duval county owns \$10,000 in Sanford securities on which the interest at the present time is delinquent. Duval county came into possession of the bonds when the Peoples Bank of Jacksonville closed several years ago. They had been deposited with the bank as security funds held in account.

Roosevelt To Push Button To Formally Open Wheeler Dam

WHEELER DAM, Ala., Sept. 10.—(AP)—President Roosevelt will push a button at Hyde Park, N. Y., today to open formally the \$57,000,000 Joe Wheeler Dam, newest unit in the Tennessee Valley Authority's vast flood control and electrical program.

A few moments later an American flag will be raised over the gigantic structure and water will be allowed to start wheels of steel that had not yet fully regained consciousness.

ROOSEVELT TO PUSH BUTTON TO FORMALLY OPEN WHEELER DAM

WHEELER DAM, Ala., Sept. 10.—(AP)—President Roosevelt will push a button at Hyde Park, N. Y., today to open formally the \$57,000,000 Joe Wheeler Dam, newest unit in the Tennessee Valley Authority's vast flood control and electrical program.

A few moments later an American flag will be raised over the gigantic structure and water will be allowed to start wheels of steel that had not yet fully regained consciousness.

Immediately after the accident Mr. Vernay was removed to his home and reports this morning that he had not yet fully regained consciousness.

Powers Meet In Conference On Piracy Row

Russian Agent Insinuates Italy Is Responsible For Subs In Mediterranean

England Presents Plan For Control

Would Pool Warships And Supply Convoys For Merchant Ships

GENEVA, Sept. 10.—(AP)—Soviet Russia's Foreign Commissar Maxim Litvinoff late today told the nine-nation Mediterranean conference designed to end a submarine piracy that "the government of a European state" was the pirate. It was a thinly veiled accusation of Fascist Italy.

Great Britain and France called upon the seven other powers to adopt "by common accord" a sweeping plan to annihilate pirate submarines.

Yvon Delbos, opening the momentous conference at Nyon near here told the delegates assembled to seek some means of Mediterranean security.

"It is impossible to permit the present situation of insecurity to continue without the gravest of perils," he said. In the same breath he said, "We regret" that (Continued on Page Three)

Play By Play Of Game Tonight To Be Furnished Fans

The Sanford Baseball Association will sponsor a play by play description of the game between the Sanford Lookouts and the Gainesville G-Men tonight that will be played in the University City Through the facilities of the Western Union and the courtesy of the Sanford Herald in furnishing the club with the old scoreboard that has been used here in the past for world series games, the play by play account of the game will be seen.

Played on the descriptive scoreboard exactly as it will be played in Gainesville, the play by play account will come from Harris Field there directly to the scoreboard.

The scoreboard is located on the canopy over the Smoke House and through the cooperation by the Sanford Police Department, First Street, between Park and Oak Avenues will be roped off and benches erected for the many Sanford baseball fans that are expected to attend.

The board was put up this morning through the courtesy of W. C. Hill, W. D. Hoffman, C. A. Haines, E. C. Harper and The Sanford Herald.

Hunted Negro Taken By Local Policemen

John Monroe, Volusia county negro being hunted with bloodhounds for an attack with a knife on a white man near DeLand, was picked up by Policeman Roy Tillis and J. H. Quattlebaum on Sanford Avenue late Wednesday night.

While Sergeant J. A. Howard was finger-printing Monroe yesterday, officers from DeLand called on the telephone for local officers to be on the lookout as it was evident Monroe was on his way to Sanford. Howard identified the man he was finger-printing as the man wanted. An officer from Volusia County returned Monroe to DeLand.

LOCAL WEATHER

Weather Forecast
Fair to partly cloudy tonight and Saturday with scattered showers in the extreme northwest portion and on extreme south coast Saturday. Extreme northwest Florida—mostly cloudy probably local showers tonight and Saturday.

BIBLE VERSE FOR TODAY

ALL THINGS NEW: For, behold, I create new heavens and a new earth: and the former shall not be remembered, nor come into mind.—Isaiah 65: 17.

DOG RACES

The dog was made to be a friend of man, but in this world where money reigns supreme, and all things are subordinate to it, we use the dog for purposes as mean as they are base and hurtful to ourselves.

For in this country where all men are free, and all have equal rights before the law, the dog is sold to slavery for the gain.

That comes from race tracks and the gambler's den. Our laws do not exempt them from this shame.

The dog was nobly made for noble uses. Not for the race track and its gross abuses.

GIRALDA FORBES. Wouldn't it be a good joke on the Japs if the Chinese should win this undeclared war.

The only difference between Charley McCarthy and a lot of those fellows in Washington who are running things is that Charley would be the last person in the world to deny that he has a wood-on head.

We never thought cotton picking was such a awful job until we read in the paper the other day that more than 1,308,330,000,000 (one trillion, 368 billion, 330 million) bolls of cotton would have to be picked this Fall.

"Business is going to get better this Fall," says Secretary Roper. There will be "a major surge in Fall business throughout the entire country." Well, after the last couple of months we could stand a little surge without much trouble.

An animal, 80 feet long and 15 feet high, is being constructed out of clay in Washington to represent the Sauropod, probably the largest dinosaur which ever trod the earth—a creature supposed to have lived between 80 and 180 million years ago.

John Roosevelt again denies he tossed the champagne in the face of the Mayor of Cannes. "It must have been two other fellows," he says. In fact the Mayor of Cannes may have tossed the champagne in his own face.

Involved with their stepfather in a family dispute two young girls told police that he was an ex-convict escaped from prison in Utah. As a result he was sent back to serve out the balance of a 30-year sentence. Now was that a nice way to treat a stepfather?

Gov. Coss turned the first shovel full of dirt, says a news flash in a Miami newspaper, for the Lilliputian exposition. The governor turned the first shovel full of dirt when he announced he was going to let 'em have gambling in Miami if they wanted it. Hal Hal Hal.

We see where an organization is being formed among the British masses for the defense of the Duke of Windsor and his American bride. It is to be called "The Society of Octavians" and is in our opinion the beginning of the movement to draft Windsor for a second time. He may take several years, but the Duke is not popular with the rank and file in England to remain in retirement very long. All it takes is a change of government—easy to accomplish in a Democracy—to make the King's son-in-law a pariah.

Unemployment Insurance Reports

According to the latest reports, there are still nearly fifty percent of the employers in Florida who have not filed their "Report to Determine Liability" with the Florida Industrial Commission under the recently enacted unemployment compensation law. It is estimated that more than 7,500 employers in the state are liable for taxes under this law.

Although the deadline for the filing of reports was first set at September 1, only about \$4,000 reports from employers who are liable had been filed; and consequently the deadline date was advanced to September 15. As it is not likely that any further delay will be granted for the filing of reports and as there are serious penalties for a failure to do so, the Industrial Commission is warning employers to get their reports in immediately.

These particular reports have to do with the liability of employers under the unemployment compensation law of the State of Florida which was enacted by the last session of the Legislature. It was designed as a supplement to the federal Social Security Act so that Florida workmen could receive benefit payments from the government during periods of unemployment. The tax which the unemployment insurance entails was made payable regardless of whether benefits were paid to unemployed workmen in this state or not.

Under the provisions of the federal Social Security Act, the federal government levied a 1 percent tax on all industrial payrolls, where eight or more were employed, during the year of 1936. The percentage increases to 2 percent in 1937, and to 3 percent in 1938 and thereafter. The full amount of this tax is paid by the employer, and only those are exempted, generally speaking, who are employers of farm or domestic labor, or fewer than eight persons.

With the passage of the State unemployment compensation law, 90 percent of the payroll tax levied by the federal government for unemployment insurance is retained by the State for the payment of unemployment benefits within the State. However, the benefit payments do not start until 1939, and the tax by that time will amount to 3 percent of the employer's payroll.

While the employers of eight or less workers are not liable for the tax, they are required to make these "Reports to Determine Liability." In these reports they are expected to show that they are not liable for tax payments, or to admit their liability if they are. It therefore behooves everyone who does not hire as many as eight persons to make his report at once so as to see that he is not subject to this tax.

The Cost Of The Spoils System

It costs the people of the United States \$500,000,000 a year more than necessary because of the growth of the spoils system in public offices and the consequent employment of inefficient help in numerous capacities, according to the National Civil Service Reform League which recently completed a survey of this situation.

The League claims this big cost was caused by placing inefficient and incapable persons in responsible positions and cited as proof its discovery that 18 lieutenants on New York beaches could not swim a stroke. There are now 826,000 employees in the Federal Government alone, an increase since 1916 of 92 percent, the League stated.

"The League foresees a further increase since it is expected that the administration of the social security program alone will ultimately call for 250,000 workers," a statement by the League said. "Forty percent of the employees of the Federal Government are now exempt from the Civil Service Law.

"In the state Governments there are about 290,000 employees. Their annual pay checks total about \$340,000,000. Yet only 12 states operate any sort of merit system. In the county and municipal Governments there are almost 900,000 employees who receive more than \$100,000,000. There are 516 counties in the country. Only 40 operate under the provisions of a Civil Service Law. There are 2,500 cities of over 20,000 population. Fewer than 400 boast any kind of merit system."

The League added that of these 400 cities, the system was ineffective in about 200.

TOO MUCH BUNK

Editor and Publisher, a trade out a struggle. They are helpless, Journal devoted to newspapers and the business of printing a paper, recently published an article in which it was charged that reporters of today write too much bunk.

That charge is justified, in St. Petersburg, or any other city. But it is not so much the fault of the reporters as it is of the persons from whom they get their information. How can the reporter be expected to know that the statements made to him are exaggerated. A real estate dealer tells him of a sale of a house that has been made in St. Petersburg, for example. The agent says the price was \$75,000, and gives other details regarding the deal. Actually the house was sold on a trade with certain other property involved and the price stated was nothing like the amount actually paid for the residence. But the reporter cannot know that. He cannot very well doubt the truth of the statements made by the agent, and even if he feels that he is being imposed upon the only thing he can do is to quote the agent, rather than print the statement as a fact.

Bunk seems to have become a part of our national life, and if the newspapers have helped make it so, they have not done so with-

What To Do - If The Bridegroom Fails To Show Up

- 1. Wait for at least an hour. 2. Have a member of the party other than the bride try to get in touch with the bridegroom. 3. If he can't be located announce that the wedding has been delayed and wait for him at the ceremony of the family. This is the advice of the Rev. Dr. Randolph Ray, rector of New York's "Little Church Around the Corner." It is wise to wait, he argues, for something may have happened. The bridegroom may have forgotten the license—or may not remember that the wedding is scheduled to be held on daylight saving time. A further blunder in connection with weddings: Do not start looking for the bride if she isn't there on the "never falls to show up, Dr. Ray declares. And do not send out an alarm for the bride's mother—the is almost invariably the last person to arrive. One mother held up a ceremony for three hours because she refused to leave home without her new hat.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK, Sept. 10.—"Dear George," writes Albert Stevens Crockett from around the corner, "since I have had my office down here in Murray Hill I have been making discoveries. In the first place this is about the cleanest section of New York. It used to be about the most restricted. But the invasion of Madison avenue left J. P. Morgan, probably its most noted resident, almost isolated, and the great mansions of the Barkers and Loews, in Park Avenue, have been boarded up for years. Murray Hill as a community is contained between Park and Third avenues, and between 55th and 40th streets. It is probably the most thoroughly respectable section of New York. Lots of old families still live in it, and a hotel man tells me that in Murray Hill proper, nowadays, there are probably more private residences than in any other part of east side Manhattan. It is fringed on three sides by skyscrapers, and on the fourth by the Third avenue 'L.' No movies, no anything, and shops even are scarce. "I wanted to show you what is probably the most nearly unique building devoted to an advertising agency you have ever seen. Its offices occupy two corner houses, dwellings adapted to business purposes. Where sit, I think, must have been either a dining room or the drawing room. There are iron casement windows. There is a butler who serves ice tea of an afternoon, and a kitchen where a meal may be prepared. No elevator, just the wrought iron balustrades and stairways, and the offices are more like iron balustrades and stairways, and the offices are more like drawing rooms, save for the desks. "But what I wanted to show you particularly was what you probably didn't know about—the capitol of Murray Hill, a very smart little hotel run like a European establishment by Gaston Laurayssen, a Belgian, and had some years at the Ritz-Carlton and the Savoy Flats. It has just opened a new bar and cafe that looks as well as anything uptown; it also has a big restaurant and a garden in the

1600 See Owen Wright Down Deland 7-2

Big Ace Moundsman In Form As He Allows Reds But Five Scattered Hits During Tilt

Largest Crowd of Season On Hand To See Lookouts Bombard Eddie Harper For Seven Hits To Clinch Series

By JULIAN STENSTROM
Herald Sports Editor

Bill "Raw Meat" Rodgers and his Sanford Lookouts capped their third season and his Deland Reds last evening behind five hit hurling mastered by the big Sanford ace, Owen Wright, by a score of 7 to 2 in which heavy and angry hitting by the Lookouts bombarded the southpaw slants of Eddie Harper right out of the game before the largest crowd of the season, 1600 people.

Wright was in perfect form last night all during the tilt and in the initial inning it was noticeable that he was invincible although DeLand had won the opener of the series from him last Sunday afternoon. Behind Wright was a ball club that played its best baseball game of the season and who were out to win and with their hearts set on going to Georgia.

It was pleasure to see them work and they proved to the Sanford baseball public that they weren't licked.

Wright had no trouble with the Reds as he sent nine of them down via the strike-out route while allowing but two men to reach first base with free tickets. He gave up only five hits and worked with ease all during the game.

Although the Lookouts secured only seven hits off the slants of Harper, the bombardment was with long range extra base blows and with the runners on the sacks. Mayo Langston led the winning attack with a double along in three official appearances at the platter while Ellis "Breeches" Clary, shortstop, poked out the same number of hits, a single and a double in four trips.

Clary did his own bit of shining

during the game when he stole three bases without any trouble whatsoever. Joe Ruggiero, Langston, Swede Martin and George Phillips also were credited with stolen sacks.

The game's tempo was set when Clary, first up, walked, stole second and third, and scored on Martin's single after Langston had walked. Holbrook drew a pass; Phillips hit to Harper to force Langston at the plate; Ruggiero flew out but Prichard walked, forcing the second run over.

With two out in the fourth, Clary doubled and scored on Shimer's bobble of Langston's grounder.

DeLand's lone runs came in the fifth when Adair walked with one out. Didrikson filed out to right but Shimer's long double to center brought both men home.

The Lookouts staged a typical Sanford uprising in the seventh to send newly-wed Harper to the showers. Clary beat out a bunt to open the inning. He went to score on Langston's sacrifice, stole third, and scored on Martin's hit to third. Holbrook's double scored Martin while Phillips' single scored Holbrook.

Swales took over here to hit Ruggiero as the first man to face him. Phillips stole third and came home on Prichard's fly to deep left.

Sanford Opens Series With Gainesville There Tonight

Dan Brainard Is To Get Hurling Call For Contest

Series Will Be Four Out Of Seven Game Affair For Title

Bill "Raw Meat" Rodgers and his Sanford Lookouts will enter their second series in the State League Shaughnessy System playoffs tonight when they venture to Gainesville to meet Don "Foot" McShane and his G-Men at 8:15 o'clock at Harris Field with Big Dan Brainard ready to toe the mound.

The series will be a four out of seven game affair with the Lookouts slightly favored to win due to the fact that it is reported that the G-Men are crippled up and Bob Pitman has not and will not be able to take part in all the games.

The opening game is slated for Gainesville due to the fact that they ended the regular playing season with a higher percentage than the Lookouts who clinched second place.

The G-Men finished a three out of five game series with the Leesburg Gondoliers last evening when they defeated them by a 5 to 2 score while Sanford clinched the series with a 7 to 2 win over the DeLand Reds, who had been classed as the most powerful team in the league.

A record crowd is expected tonight by Gainesville and Sanford officials in the opener of the series and if the Lookouts win the largest Sanford crowd in many years will gather at the Athletic Field tomorrow evening.

Manager Rodgers of the Lookouts will probably start the following players in the lineup for tonight's battle: Ellis "Breeches" Clary on shortstop, Mayo Langston in right field, Ed "Swede" Martin in left field, Sammy Holbrook behind the plate, George Phillips on second base in place of Wes Kingdon who is out with a bad leg, Joe Ruggiero on third base, Bobby Richard on first base, Al Kaso in center field and Big Dan Brainard will do the hurling.

TODAY'S SPORTING WORLD

By JULIAN STENSTROM
Herald Sports Editor

Our Lookouts came through true to form and cheers were given by the members of the club last night in honor of the late John McGraw, manager of the New York Giants for 30 years, whose immortal speech and things he preached about baseball were things that were to be taught to every ball player.

The motto of the team ball club is the same as an old statement that McGraw used all his life and it happened to be the first thing he learned about baseball and that is "when you have got a lead don't coast. Just get two more."

The Sanford outfit has taken up these words, "Let's get just two more," and so far, this past DeLand series has heard it said plenty of times. Some of the boys said that if it had not been for old McGraw, this club wouldn't have been where it is and still fighting to get higher.

According to our friend, Petr Schaal, he is making some more predictions about our Lookouts when he openly stated that Elbert Padgett could win the second series single-handed as he has not been beaten by Mr. Schaal has a little trouble getting wrong now and then

Leesburg Drops 5-2 Contest To McShane Outfit

G-Men Open Tonight At Harris Field With Sanford Club

GAINESVILLE, Sept. 10.—The Gainesville G-Men, pennant winners of the 1937 Florida State League season, defeated the Leesburg Gondoliers 5-2 here last night to earn the right to enter the final series of the Shaughnessy system playoff. Gainesville meets Sanford here tonight in the first game of the second set, which is the best four out of seven. Sanford downed DeLand 7-2 in the other game last night.

Gainesville opened the scoring in the second inning when Livingston let off with a single to center. Livingston taking third. Rogino fanned and Livingston scored to pass the ball. Staub doubled to left to score Bevell.

The third Gainesville run came in the third inning when Beach walked and scored on Livingston's double.

The two Gondoliers runs came in the fifth when W. Davis singled to left with one down. Rogers popped up to short, and McGowan singled to left, scoring W. Davis, who had made second on a passed ball. McGowan made second on the throw in from left field and scored on Cox's single.

The fourth Gainesville run was in the seventh when Staub walked, took third when Rambert errored on Sierra's bunt, and scored on McMullen's fly to right.

The fifth run came in the eighth when Livingston walked. Made second on an infield hit by Bevell and made third on Rogino's infield hit. Livingston was forced at the plate on a bunt by Staub. But Bevell scored when Dace Davis threw wild to first in attempting to get a double play.

Two marriage licenses were issued yesterday from the County Judge's office. It was learned today.
Miss Frances MacDougall, county health nurse, left yesterday for New York where she will attend clinics for children and syphilis patients.
The City Briefer wishes to congratulate Mr. and Mrs. E. Woodcock, 300 Elm Avenue, who celebrated their 50th wedding anniversary yesterday.
The Sanford Rotary Club will hold its regular luncheon in the Valdez Hotel Monday, it was said today.
The Sanford City Commissioners will meet in the City Hall Monday night at 7:30 o'clock, City Clerk Frank S. Lamson announced today.
Violators of City Ordinances will be tried before City Judge Frank L. Miller in a session of the Municipal Court Monday afternoon at 4:00 o'clock.
W. A. Stemper, graduate of Stetson University, yesterday was appointed teacher of mathematics at the Seminole High School to replace Elizabeth Shoemaker who recently tendered her resignation. T. W. Lawton, County superintendent reported today.
An important meeting of the Sanford Junior Chamber of Commerce will be held in Perk's Place Monday evening at 8:00 o'clock. E. E. Lancy, vice-president of the organization, announced today.
Frederick Russell Mitchell, Jr. of Natchez, Miss., and Anna Lenora Brown of Sanford were issued a license. James R. Rogers of Apopka and Ruthy M. Humphrey of Longwood also visited the County Judge who performed the nuptial ceremonies.
Two persons yesterday pleaded guilty to charges before County Judge R. W. Ware. J. C. Locke was given the alternative of a \$10 fine and costs or 90 days in the County jail when he pleaded guilty to drunkenness charges and Albert Williams, negro, was given a choice of a \$5 fine and costs or 90 days in jail on a count of assault and battery.

GENEVA, Sept. 11.

(AP)—Threat of an Anglo-French warship patrol off Italy's western coast emerged ominously today from the "anti-piracy" conference at Nyon.
Informed persons at the Nyon parley, where nine European powers—Italy and Germany self-excluded—were trying to meet potential sprouts of a second world war, said they would be invited to patrol the Tyrrhenian sea against pirate submarines. But if Italy declines to take part in the impending anti-piracy protocol, it was said, British and French warships would be dispatched to the Tyrrhenian.
This grim force of naval power would be employed to sink any pirate submarine that pokes its periscope above the water. Italy's entire western coast fronts on the Tyrrhenian. It was explained, however, that France and Britain, sponsors of the gathering, still hoped strongly that it would join the international police force.
The Anglo-German counter-proposal that the problem of sub-

Miami Pastors May Take Action To End Gambling In Dade

MIAMI, Sept. 11.—Gov. Fred P. Cone's decision to do nothing about stopping gambling in Dade county may cause the Greater Miami Ministerial Association to circulate petitions among church members here to show him "there are some people in Miami who are not Monte Carlo addicts."
The Rev. Glenn C. James, pastor of the White Temple and chairman of the ministerial association's executive committee, Tuesday announced he planned to call a meeting of the group soon to request that some action be taken to prevent gambling.
Calling the governor's stand a "wide-open invitation to gambling," the Rev. James asked, "What does he want us to do—form a vigilance committee to close up the places and prove that there are people here opposed to gambling?"
"We can get out petitions in the churches and show him there are some people here who are not Monte Carlo addicts," he added.
Gov. Cone who left Tuesday for Tallahassee in Labor Day vacation, here, said he would "not attempt to close gambling places in Dade county because the sentiment of the people is in favor of gambling."
This position was a direct reversal of the one taken by the governor shortly after his inauguration last year when he ordered that D. C. Coleman and his associates be removed from the state because of their gambling activities.

Branan Resigns As Cashier of Atlantic

Arthur Branan today announced his resignation as Cashier of the Sanford Atlantic National Bank, a position he has held since the organization of the institution in December, 1927.
When questioned as to his plans for the future, he stated that while in the North recently, he had decided upon another connection. He added, however, a new proposition unexpectedly presented itself this morning, which has caused him to defer action on either one for the next few days. Therefore, any definite announcement is precluded at present, he said.

State Beverage Chief Tenders Resignation

TALLAHASSEE, Sept. 11.—(AP)—Governor Cone announced today the resignation of John N. Allen, state beverage commissioner. He named Thomas W. Long of Turkey, now state motor vehicle Commissioner, to the post.
The Governor said Allen who formerly lived in Barrow gave no reason for his resignation but he believed it was because of private business arrangements.
Long, Cone said, will continue in charge of the tax department until his successor is named and he qualifies for the beverage commissioner's office.

The Dragon Throne

The dragon throne at Peking, China, may be occupied by Emperor Kang Teh (above), of Manchoukuo in a Japanese restoration of the imperial court.

Duval Agrees To Refund Its Sanford Bonds

Commissioners Amenable But Final Decision Awaits Budget Board's Oke

The Duval county commissioners unanimously agreed to participate in Sanford's refunding program in their session yesterday after an extended discussion of the peculiar Sanford situation by City Attorney Frank R. Wilson and City Clerk Frank S. Lamson, who attended their meeting.
The exchange of the bonds, however, is subject to an approval of the Budget Commission of Duval county, but from all appearances, Mr. Lamson stated, their consent can be expected.
The secretary of the Committee was contacted by the City officials who reported that in an unofficial discussion of the matter the members of the committee reacted favorably, and that official action by the group could be expected in the near future.
The county owns \$10,000 in bonds which would have matured in 1934 and on which interest payments have been delinquent since January, 1932. The bonds came into the possession of the People's Bank closed, being a part of the security for funds on deposit in the bank.
The new bonds, maturing in 1937, will bear interest at a rate of from 1 to 2 1/2 percent, based on a graduated scale over the period of years. The old bonds were 5 percent securities and approximately \$4,000 in interest payment were delinquent. The refunding plan gave the county \$55,250 in cash from the interest debt and \$10,000 in new bonds.
The refunding bonds, the old bonds, a check for \$55,250 for interest payments on the new bonds, \$50 covering the September interest payments on the new bonds, are being held in escrow in a Jacksonville bank awaiting the decision of the Budget Commission, Mr. Lamson said.
Attorney Wilson told the commissioners that approval of the county to the refunding program was "assailable" in the future.

Dawson Reports Farmers Voting For Market Pact

Agreement Provides For Proration Periods To Aid Market

According to present indications the majority of celery growers who voted in the referendum which closed this afternoon, voted favorably for the proposed celery marketing agreement which has been tentatively approved by the Secretary of Agriculture Henry A. Wallace, C. R. Dawson, County agent, reported today.
The polls for voting closed this afternoon at 4:00 o'clock and Mr. Dawson expressed a belief that a large majority of the farmers voted to operate under the agreement during the ensuing shipping season.
The agreement provides for proration periods whereby farmers may regulate the shipment of celery in interstate commerce as to maintain a fair price for their products in certain markets.
An agreement similar in many respects to the one in the referendum was in effect several years ago under the AAA program which was later declared unconstitutional by the United States Supreme Court. Numerous farmers, however, contend that during that season many dollars were added to their coffers which they otherwise would never have received.
The present agreement if adopted will operate under the recently enacted Marketing Agreement Act of 1937 and has authority only over produce shipped in interstate commerce. It is believed by many producers that the new agreement will tend to set a minimum price for their product by keeping only a small surplus on the market. This will be done through proration of shipments from this State which is the only celery producer at that time of year.

Engraving Bureau To Release New Stamps

WASHINGTON, Sept. 11.—(AP)—Bureau of Engraving presses rolled off yesterday the first of 75,000,000 new postage stamps commemorating the 150th anniversary of the signing of the Constitution.
The new issue, of the 3-cent variety will be placed on sale first at Philadelphia, Pa., September 17 and elsewhere in the country a day later. It reproduces J. B. Stearns' famous painting of the signing of the Constitution.

SINGER IMPROVED

SANTA MONICA, Calif., (AP)—Grace Moore screen star will leave Santa Monica Hospital Monday, her doctors said yesterday.

Sam Byrd Plans Production of Play

"Sam Byrd of Sanford," who set a record of 1151 consecutive performances of the role of Duke Lester in "Tobacco Road" before giving it up to produce and play the leading role in Hanson, Raphaelson's "White Man" last season, has announced that he has bought the rights of "Journeyman," a new play dramatized from a privately published novel of the same name by "Tobacco Road" author, Erskine Caldwell. Mr. Byrd will begin casting soon with a view to producing "Journeyman" on Broadway early in the present season, but will not play in it himself, it is reported.
Caldwell's "Journeyman" was issued in a limited subscription edition of 1175 numbered copies a little over two years ago by the Viking Press and has long been out of print. The possibility of censorship difficulties are said to have dictated this publication policy. The dramatization by Alfred Hayes and Leon Alexander, which Mr. Byrd has acquired through Maxim Lieber, is said to follow the novel closely in incident, dialogue and characters, and has the approval of Caldwell. "Journeyman" will be the first play with Erskine Caldwell's name on it to reach Broadway since his "Tobacco Road" made him a household word from coast to coast in its nearly four-year run.

NEGRO APPEALS

WASHINGTON, Sept. 11.—(AP)—Hayward Patterson, one of nine negroes involved in the celebrated Scottsboro case, appealed to the Supreme Court today in an effort to escape a 75 year prison sentence imposed by Alabama courts for an alleged attack on a white woman. Twice already the negro has been saved by the Supreme Court from death sentences.

NAZIS REPORTED WORKING TO SEIZE AMERICA

A copyright story in the Chicago Daily Times says three of its reporters, working as secret investigators, have found American Nazis are drilling a secret army in preparation for seizing control of the United States government. The reporters are shown at the left. Left to right: James Metcalfe, William Mueller and John Metcalfe. The report was termed a "joke" by August Klapprott (extreme right), head of the German-American Bund camp at Andover, N. J., who is shown conferring with Fritz Kuhn, national chieftain of the bund.

From Coast To Coast AND BACK AGAIN

By MRS. J. J. HOLLY
Leaving Hollywood we hit the Pacific beach just north of Santa Monica, which was a beautiful drive, the ocean on the left and the mountains on the right. At Ventura we left the coast for Taft and Bakersfield. In Taft there were thousands of oil derricks within 75 very small area. For ninety miles or more this was through a most scenic drive. At times we were far above the clouds, just riding on top of the world. Our next stop would be in Sequoia National Park situated in the western slopes of the Sierra Nevada Mountains. But it was getting late and we did not want to start a seven thousand foot climb at that time of the afternoon, so we found accommodations in a most cozy cabin situated at the very foot of the mountains. Just the place a writer would pick to get inspiration, so clean and contented looking under huge spreading trees, with the Kaweah River dashing over water worn rocks, and the snow covered mountains towering above.
At the base of Sequoia there were apple trees on one side of the road and orange trees on the other, and 7000 feet up was snow.
At the very earliest break of day we were on our way to the top. This I dare not describe. It was so steep and such drops and curves, I had to keep closing my eyes, but what I did see was the river hundreds and thousands of feet below, winding its way through the valley like a silver cord. Far below was the road we had left behind, and far above the road we were yet to travel, some places so steep the car had to go in low but eventually we reached the top, yes the very top of Sequoia National Park, and the first thing I saw was snow blanketed under the trees on the highway.
I will tell you a little about the general make up of this Park. It is owned and operated by the government. It is 600 square miles situated in the Sierra Nevada Mountains. Here the oldest and largest Red Wood trees on Earth grow. There are thousands of these forest monarchs, of which several hundred are more than ten feet in diameter and 300 feet high. Some have base diameters of 25 and 37 feet. The most ancient are between 3000 and 4000 years old. The General Sherman, Red Wood tree, in the Sequoia Park is the largest and oldest of all the giants, estimated to be between 3000 and 4000 years old. It is 275 feet high and base diameter of 35 1/2 feet. Mount Whitney, 14,500 feet, the highest mountain in the United States is closely seen to the east of Sequoia.
There are many kinds of accommodations to be had at Sequoia, the Hotel, the Hotel cottages, the Lodge and the cabins for camping. The cabins took my fancy and what a darling place, too just a rustic log cabin perched on the very edge of the mountain under (Continued on Page Two)

Higher Prices For Chickens Said To Be Expected Soon

Lower Egg Prices, However, Foreseen By Federal Bureau
Higher prices for chickens but egg prices probably not as high as last year, are foreseen by the Bureau of Agricultural Economics in a report on the poultry and egg situation issued today. Chickens made a sharp rise in price during August, but egg prices rose less than is usual at the season.
Market receipts of poultry last month did not increase as usual and in consequence the price of chickens rose to its highest point in 1937 at a time when such prices usually decline. Prices of chickens during the rest of 1937 are expected to remain above those of 1936.
The fact that the average size of flocks declined less than average last month suggests that farmers are beginning to have larger numbers of hens than usual. This probably reflects a somewhat more favorable feed situation than existed earlier in the summer, it was stated.
Stocks of eggs in cold storage are large and are moving rather slowly. It is possible that the effect of these stocks may be intensified in the late fall or early winter, the Bureau said and that the farm price of eggs during the rest of 1937 may not exceed that of last year. With smaller laying flocks in prospect during early 1938, however, a relatively light production of eggs is likely to keep egg prices above those of early 1937.
The feed-egg price situation from the producers' standpoint is expected to improve steadily but during the remainder of 1937 conditions are not likely to become as favorable as they have averaged over the recent ten-year period.

Orange Crop To Be Larger This Year, Indications Show

WASHINGTON, Sept. 11.—(AP)—The agriculture department said today that on the basis of Sept. 1 conditions, the 1937-38 orange crop should be somewhat larger than that of 1936-37 when production was reduced by freezes in California.
Present indications also point to a total grapefruit crop below the record high production of 1936-37.
Condition of California lemons was described as "materially better" the 10-year 1923-32 average. The Sept. 1 condition of oranges in California, the department said, was only 74 percent, compared with a 10-year average of 80 percent, while on the same date the Florida condition was 78 percent compared with 79 percent. Condition of the Texas crop was below that of a year ago.
The department said the condition of grapefruit declined during August in all states except Arizona.
In Florida the Sept. 1 condition was given as 51 percent, compared with the 10-year average of 73 percent but although the rest of fruit is light, groves were said to be in good condition with plenty of moisture for development of the fruit.
The Texas condition was below that of a year ago but better than that of the two previous years, while the California condition was described as "only fair."

Hand To Hand Fight Marks Chinese War

Japs Drive Chinese Four Miles Back From River; Nearly Capture Yanghong

SHANGHAI, Sept. 11.—(AP)—A smashing drive inland from the Yangtze River today brought the Japanese and Chinese hand to hand locked in one of the most important battles of the Sino-Japanese undeclared war. The Japanese legions swept up from the river to push China's troops back to Yanghong four miles inland from the strategic Woosung forts where the Yangtze and Whangpoo rivers join.
For 24 hours the Japanese steadily hammered the Chinese back until Japanese possessed one-third of Yanghong but later they were forced to give up the action under a terrific Chinese attack.
Aerial and artillery bombardment projected the Japanese movement slowly and inexorably forward. When the attacks reached the city, however, they were forced to retire after hand to hand fighting in which the Chinese seemed to have the superiority. Chinese spokesmen blamed the battle a major engagement.

Chinese Rally Is Finally Successful

Japanese Report Capture Of Machang In Northern Campaign

PEKING, Sept. 11.—(AP)—Japanese military authorities today announced the fall of Machang, 30 miles south of Tientsin as the advancing Japanese war machine thrust into new important territory. The fall of the city ended a 24-hour battle one of the fiercest of the two-month-old conflict in which two Chinese divisions and the remnants of the 23rd Army put up bitter resistance to Japan's march southward. Fighting at times in water waist deep the Chinese defenders held out in the fortified city for many hours against a terrific battering from the Japanese forces.

Firemen Spend Week Repairing Equipment

Local firemen have been spending some time the last week overhauling fire apparatus of the Sanford Fire department. Fire Chief Mack Cleveland reported today.
The firemen have already overhauled and tested one of the fire engines and today are working on the other.
"All equipment will be thoroughly checked for defects now to prevent any disastrous loss of time in an emergency," Chief Cleveland said.
