"Cat on a Hot Tin Roof" tells the story of a divided family and the conflict between its members when they are faced with the impending death of the father. The crisis brings to the surface the innate character of the two sons and their wives revealing in one instance greed and opportunism; in the other unselfishness and devotion. It is also the story of one of these couples, Brick Pollitt (Paul Newman) who takes refuge in alcoholism in an effort to escape adult responsibility, and Maggie (Miss Taylor), obsessed with a passion for her disturbed husband and as determined as a cat on a hot tin roof to break

There's a difference of opinion here. Both of these Little Leaguers stand ready to put up a good argument, even though it is a foregone conclusion that the "ump" is going to win. But when the game is over, differences will be forgotten and umpire and catcher will go down to the drug store together for a banana split. In doing so, they will be reflecting something that is a basic part of our heritage

- the ability to lose, without holding a grudge . . . the ability to yield. These are qualities important not only to sportsmanship but to life. And this importance is stressed in the most powerful of terms again and again throughout

Little Leaguers learn the rules of sportsmanship - and of life - in one way on the playing field and in another, deeper way when they attend church with their

families on Sunday. Are you taking your Little Leaguer to Church?						larly and read your Bible daily.
