County Board Votes To Receive Applications Up To End Of Current Month

City Receives Many Requests

Scheduled Meeting Of Sanford Board For Tonight Postponed

Applications for an adjustment of back taxes can be filed with the Sanford County Tax Delinquent Board up to midnight of Mar. 31, the County Commissioners voted this morning. Under the law the board cannot function after March 31 and to act on applications filed during March 1 was considered, therefore, that a meeting of the board can be held in April if those remain unfiled upon which action has not been taken.

The board was in session from 9 o'clock until noon today and adjourned to meet again on Mar. 12. Many applications for adjustment of delinquent taxes were received and acted upon, though some were passed to a later meeting.

The largest block of applications received today were submitted by E. A. DeLoach, administrator of the A. E. and C. S. DeLoach estate. He agreed to reduce some 250 acres of property in the Lake City area by an adjusted basis, whereby he was granted a reduction of 25 percent. There are some of the properties are delinquent for six or seven years, but on some of the same property property taxes have been paid up to within the last year or two.

Deaf Persons Can Now Hear Talks In Local Theater

In the days of silent motion pictures, persons deaf of hearing could go to the movies as much as they wished and enjoy the program as well as persons who were not afflicted with deafness. Now, when the talks come before, these persons were unable to enjoy the program with the rest of the audience.

In this city such a condition is being met by the Deaf Theater, which has just completed the installation of an RCA System Phonograph Hearing Aid System, at the all persons who are deaf of hearing may enjoy their favorite motion picture shows, as well as the music and speech which is characteristic of silent.

A person deaf of hearing can obtain an RCA Hearing Aid System by applying at the Deaf Theater. These are available under the same, permitting anyone to own such the hearing device. In the days of the deaf there is a volume control knob "loud" and "soft," with a number of gradual buttons, so that the volume may be adjusted.

NEW YORK, Mar. 5.—(AP)—Governor Franklin D. Roosevelt today said he would not further reprieve the execution of the death sentence of the man who shot the president.

Early Approval Of Fruit Pact Is Anticipated

Program To Be Voted On By Growers At District Meetings In Citrus Sections

Early action by Secretary of Agriculture Wallace in approving the proposed Florida citrus marketing agreement and order is believed by growers to be indicated in an announcement by the United States Department of Agriculture that plans are being made for a series of meetings throughout fruit sections to give growers an opportunity to vote on the program.

These growers meetings are expected to be scheduled and conducted by the University of Florida agricultural extension service immediately after Secretary Wallace tentatively approves the agreement. Provisions of the agreement and the accompanying order will be explained to growers at these gatherings by county agents and Agricultural Administration representatives.

From Washington it is reported that the agreement is being revised in accordance with suggestions made at the public hearing in a late land. As soon as these changes have been made and the agreement is tentatively approved by Secretary Wallace, copies will be distributed among Florida growers and shippers for their consideration.

John W. Tapp, director of the division of marketing agreements, emphasized that before the program can be put into operation it must have the approval of growers.

The Agricultural Adjustment Act, as amended July, August, specifically provides that before an order can be issued to enforce on all Florida citrus shippers, the secretary of agriculture must find that majority of the growers by number or volume. Mr. Tapp explained, "The agreement itself must be signed by growers, on their own behalf."

An additional 25 to 30 per cent to be built in the Mr. Tapp's estimate. The Mr. Tapp's estimate is based on the fact that the program is being put into operation in the fall of 1936.

The Municipal Tax Adjustment Board was in session on Mar. 4, 1936, at 2:30 o'clock this morning.

School Principals Must Be Chosen Before April

Principals of the various public schools in Sanford County for the 1936-37 school year must be selected before April 1, as the County Board of Education can act on the recommendations at the April meeting, the board voted at its monthly session yesterday.

Doxy 4's rat board of education is therefore expected to hold a meeting some time this month.

Upon the receipt of notification from W. S. Cashton, state superintendent of schools, that Sanford County will receive \$82,450 for the teachers' salary fund, instead of \$82,425 as estimated last September, the clerk of the board was instructed to write in the minutes that "the difficulty will be experienced in operating the schools for the full term of nine months as planned at the beginning of the year."

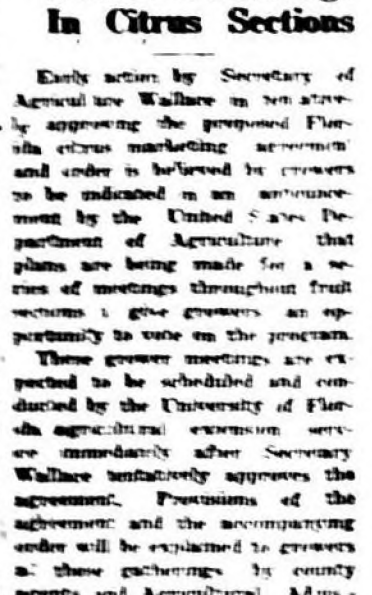

County Tax Collector Jno. B. Jenkins reported to the board that he had received to the state the sum of \$54,361 for 4,162 automobile license tags bought by Sanford County motorists, and the state has sent back to the schools of this County \$36,200 out of the state license fund, or more than \$22,000 more than was paid into that fund from this County.

President Calls Conference In White House Tonight To Consider New Relief Needs

WASHINGTON, Mar. 5.—(AP)—President Roosevelt has announced a White House conference for tonight to consider the important question of new relief needs.

Mr. Roosevelt is expected to meet with his cabinet members, including Secretary Morgenthau, Henry L. Hopkins, works program administrator, and J. Edgar Hoover, director of the Federal Bureau of Investigation.

It is generally regarded as the last major step in the Roosevelt program for the relief of the unemployed.

Two billion dollars has been appropriated for the relief of the unemployed, and the sum which might be sought.

Primary work on the new relief program was on hand in the office of a cabinet member.

Chairman D. C. Johnson of the House ways and means committee told reporters "it would be difficult for Congress to raise the needed revenue by taxes on corporations, earnings and income of individuals."

In a separate move, the government obtained approval of the House from lower courts in the case of the PWA plan clearance and cost housing program.

Investigation Ordered Into Reported Sale Of Secrets Of Navy To Foreign Power

One Arrest Is Made; Alleged German Spy On Trial In London

LOS ANGELES, Mar. 5.—(AP)—Suspected thief of valuable United States naval secrets and their sale to a foreign power was today here as the subject of a Federal investigation.

United States District Attorney Bill said the evidence has been submitted to the State and Navy departments at Washington. Informants from there are awaited.

William James Furness, Long Beach youth was held as a government witness. He is under house arrest in Long Beach. Harry Thomas Thompson, is held in the county jail as a government prisoner on a charge of illegally wearing the uniform of the Navy.

Alleged Spy On Trial LONDON, Mar. 5.—(AP)—A mad leagued German lawyer was today accused of espionage upon Great Britain's air force, heard testimony read in Old Bailey court tending to implicate him in spying against American air forces during the World War.

The trial, Great Britain's first case of espionage since the war, saw the defendant, Dr. Hermann Goert, "think what he heard" as a "dangerous intelligence officer" turned against him.

The crown presented a document government describing intelligence work during the World War and mentioning that he lived for a year and a half in the United States and three and a half years in London.

During that period, the letter said, he was "again in contact with American and English war-time agents" and "I am even now still in touch with military aviators on the active list, or I probably can get in touch with them again."

The crown said Goert applied in 1915 to the German air ministry for a job as a spy but was refused.

One document quoted Goert as saying of his World War service: "On two American air force officers who were shot down was found a warning referring to me as a particularly dangerous intelligence officer and containing an exact personal description of me."

One Schmebl Enters Commission Race In District Two

One Schmebl, West Side celery farmer, today announced his candidacy for County Commissioner from District Two. The "unofficial habit" of the district is to hold a caucus in the home of the candidates in the same district—J. J. Cates, Victor Check, J. D. Davidson and Fred A. Dyson. Mr. Schmebl was born in Pok County, and moved to Sanford in 1911, making that section his home since that time.

Mayor T. L. Demas suffered a relapse yesterday and his condition was reported this afternoon as being "very critical." The attending physician who remained overnight at his bedside in Ferns-Laughton Memorial Hospital today held out little hope for his recovery.

Puerto Rican Leader Held On Charge Of Attempting To Incite Insurrection

Man Arrested Is Harvard Graduate

SAN JUAN, Puerto Rico, Mar. 5.—(AP)—United States Marshal Draughton today arrested Pedro Albizu Campos, Nationalist leader, on a charge of recruiting soldiers in a conspiracy to overthrow the government of the United States in the island by force. The warrant for arrest also charged Campos, a Harvard and Harvard graduate, with inciting an insurrection.

Warrants on similar charges were issued for six other nationalists.

Albizu reported at the marshal's office today when he heard a warrant had been issued.

A grand jury today summoned Albizu to face a charge of inciting to Nationalist activities which were charged by the slaying of General F. Francis Riggs, chief of the Insular police, Feb. 23, by two self-confessed Nationalists who later were killed by the police.

During the past several months there have been frequent incidents involving Nationalists who seek independence for Puerto Rico from the United States. During the election registration period in January, 12 persons were killed and more than 100 were arrested.

The other six Nationalists were arrested later.

National Guard units were mobilized against possible emergency.

Fate Of Oversea Railway Will Be Decided March 27

JACKSONVILLE, Mar. 5.—(AP)—Federal Judge Louis W. Strom today continued until Mar. 27, a hearing to determine whether the hurricane-wrecked Oversea railway connecting Key West with the Florida mainland is to be rebuilt or abandoned. He said he granted the extra time to allow Scott M. Loftin and William R. Kenan, Jr., receivers for the Florida East Coast Railway Company to continue negotiations for disposition of the property. The judge indicated, however, he will rule on the matter shortly after Mar. 27 whether the receivers should rebuild the line at a cost estimated between \$1,800,000 and \$2,910,000, depending on type of reconstruction, or dispose of the property subject to Interstate Commerce Commission sanction.

MORE AIR MAIL WASHINGTON, Mar. 5.—(AP)—Postoffice Department figures showed that 1935 airmail postage nearly doubled that of 1934.

WHY ITALY DEFIES WORLD IN FIGHT ON OIL SANCTIONS

Here are some of the giants of war and the stalwarts of transportation for which Italy must have oil if she continues to carry on her war in Ethiopia. Without oil burning ships, tanks, planes and trucks, the invasion would come to a halt just when it appears the Italians are on the brink of triumph. Therefore, Premier Mussolini stood firm in his defiance when Great Britain renewed pressure before the League of Nations for oil sanctions against Italy. These planes and tanks were photographed on the Ethiopian front. The steamer is shown loading trucks bound for the war zone and the destroyer is in war maneuvers in the Mediterranean. EVERYBODY WALKS UP BUT BABY!

Marsoned in their penthouses far above ground, New York's cliff dwellers puffed and grumbled mightily at the building workers' strike that halted elevators—especially when it came to taking baby up and down stairs. For example, here's Al Grossfeld and the whole family trying to get Junior and his perambulator back home after a morning sling. (Associated Press Photo)

YOU can trust advertisements . . . and the companies that advertise. Because written selling is a pledge of faith. No established business can afford to put a wrong in writing. To advertise an inferior product is simply to hasten its failure.

Make the hard part of your shopping easy— as you sit in a comfortable chair at home. This newspaper reviews the shopping news of the day. Advertisements point the way to genuine bargains. They recommend variety for menus . . . they present the honest merits of products you need.

A few quiet moments spent with the advertisements will save you many hectic hours of shopping around. And when your buying is done, you'll find that you have reliable things, bought at fair prices and giving genuine service as promised.

Hagood's Case Is Not To Be Investigated

Military Committee Says General Did Wrong In Criticizing The President

Doherty Sold, Employes Bought

Magnate Disposed Of Valuable Oil Stock, His Attorney Says

WASHINGTON, Mar. 6.—(AP)—Investigations dominated the capital scene today, with one Senate committee developing that Henry L. Doherty sold \$20,500,000 worth of his own company's stock early in 1929, and another voting against an inquiry into the Major General Johnson Hagood case.

Robert Burns, attorney for the Citrus Service Company, told by investigators that Doherty was selling Citrus Service stock at the same time his employes were being permitted to buy it.

The proposed investigation of the removal of General Hagood from his command after criticism of the military affairs committee, 14 votes to 2. It upheld a decision of a sub-committee that Doherty's sale of stock was a violation of the anti-trust law.

General Hagood declined at his press conference to comment on the Hagood affair. He discussed relief, however, explaining he planned to confer again with advisors before deciding how much to ask Congress for an early discharge.

Other Washington developments: Farmers were told their emergency crop and food loans for this year will be available within 10 days. Seven Texas utilities companies asked for an injunction against government aid for electrical developments in connection with conservation and reclamation projects.

Robbers Loot Price & Warren General Store

\$200 Cash And About Half Of Stock In Lake Monroe Store Taken During Night

Robbers last night battered down both doors to the Price & Warren general store in Lake Monroe and looted the establishment of \$200 in cash and about half the stock of merchandise.

The robbery occurred between the hours of 8:30 o'clock last evening, when the store was closed, and 6:30 o'clock this morning when a clerk arrived with the intention of opening it for the day's business. However, he found it already opened, as the glass was broken out of the front door and the rear door was practically demolished.

The sheriff's office was notified immediately upon discovery of the robbery, but deputies were unable to find any finger prints or other clues of the robbers.

A complete check of the Sea had not been taken at noon today, but one of the proprietors of the store said that the robbers got about half of the stock. The ice box was looted, an unbroken barrel of flour was taken, several three and at least 15 gallons of oil were stolen, a slot machine was carried away, and \$200 in cash was taken from the safe and cash register.

An unsuccessful attempt was made to rob the Price & Warren store about three weeks ago.

Tourists Injured As Blowout Sends Car Into A Ditch

Two Women, Little Boy Taken To Local Hospital Today

Mrs. George H. Garlick of 19 Slater Street, Ottawa, Canada, her grandchild, Ronald Burns, four and one-half years of age, and Mrs. Charlotte Blythe of 115 Waverly Street, Ottawa, were admitted to Fernald-Laughton Memorial Hospital shortly after noon today, suffering from severe injuries sustained in an automobile accident. Up to the hour of going to press the full extent of their injuries had not been determined.

The car in which the two women and the little boy were riding was driven by Mr. Garlick who said that the heavy Packard went into a ditch when a tire blew out. The machine did not turn over, but the windows were broken and the shattered glass inflicted deep wounds on the occupants of the car. Mr. Garlick escaped injury.

The Canadians have a winter home in Mt. Dora and were driving to Sanford when the tire blew out as the car neared the Wekiva bridge.

Ambitious Program For '36 Mapped By Local Chapter Of Future Farmers Of America

With "Co-operation and Community Service" as the keynote of the program, the local chapter of the Future Farmers of America in Sanford has outlined a schedule of work for this year that will keep the club more than busy.

The program is divided under seven heads—supervised practice, co-operative activities, community service, leadership activities, earnings and savings, scholarship recreation, and conduct of meetings.

In community service the boys hope to do their greatest good and have set up nine goals. These are: upkeep and additional beautification of Seminole High School grounds; encourage planning work at other schools in county; encourage home beautification; encourage home production of meat for home use; plant permanent school

forest plot on school property; promote forest fire prevention; make a list of trees and shrubs to be planted; and advertise community, Seminole County and F. F. A.; and promote best eradication.

To accomplish these nine goals the boys adopted these ways and means: grow ornamental and flower plants on school farm for use on high school for other county school grounds, and for free distribution to chapter members for home planting. Operate Future Farmer owned meat curing and smoking plant for accommodation of community. Prepare and exhibit cured meat exhibit at the Florida State Fair and Seminole County Fair. Hold high school chapel programs on "Fire Prevention," pest eradication, and (Continued On Page Three)

All Candidates Except Sharon Endorse Canal

Huge Ditch Won't Hurt Water Supply In South Florida

Nine of the ten candidates for Congress from the new Fifth District attending a conference in Palatka yesterday of the Democratic Committee for the district went on record as favoring construction of the Florida ship canal. But the tenth candidate, Judge Jas. G. Sharon of Sanford, alone withheld his endorsement.

In an address to the committee Judge Sharon did not voice opposition to the canal, but said he could not endorse it until he was shown that the big ditch would not be harmful to the water resources of South Florida.

Judge Sharon also told the committee he favors the "revolving plan" of raising money for old age pensions as included in the Townsend Plan. Three other candidates also spoke in favor of the Townsend Plan, and three expressed vigorous opposition to it. The three were James S. McCawley of Leesburg and O. Raymond Ellars and James J. Banks of Orlando.

One of the main addresses was delivered by Mrs. Hortense K. Wells of Tampa, national Democratic committeewoman from Florida, who declared that Alfred E. Smith should be "tied with a pink ribbon bow and delivered to the Republicans lock, stock and barrel." She charged that the party's 1928 nominee for president had been guilty of "desecrating Democratic principles."

Praising Democratic women all over the country working in harmony, Mrs. Wells said she was confident of President Roosevelt's re-election.

Earlier, the committee had passed a resolution condemning preachers who criticize President Roosevelt and other government officials from the pulpit. The resolution called the practice un-American and unfair.

From the Daytona Beach Ministerial Association came a telegram denouncing the resolution. Signed by the Rev. Milford H. Lyon, president, it said: "We affirm our stand for free speech for platform, press and pulpit. While recognizing that personalities and party politics have no place in the pulpit, nevertheless we vigorously protest against the proposed resolution."

Treaty Of Locarno May Be Abrogated By Germany, Italy

Suggestion Of Breach In Pact Adds Most Important Angle To East African War

By The Associated Press

Suggestions in Berlin that Germany may denounce the Locarno treaty gave a greatly important angle to the Italo-Ethiopian war, it was hinted that Germany long most drastic critic of the League of Nations, might be joined by Italy. Both nations are signatories of the Locarno pact which binds them with Britain, France and Belgium to refrain from aggression by another signatory.

Hitler previously declared he had no intention of abrogating the Locarno treaty, but now it is suggested with the prospect of Italy's friendship with the resulting Central European bloc of Germany, Italy and Austria may cause him to change his mind.

Prince Ernst Von Starbuck, Austrian vice-chancellor, conferred with Mussolini in Rome.

Germany contends the Soviet mutual assistance pact is a violation, while Italy says the mutual Mediterranean military agreement, signed in Rome, France several other powers.

The Italian contention is a conference between the French and British general staffs in the past.

For Germany, the pact for four courses appeared possible.

1. She might be content to stay to stay in principle, she considers herself free to do as she pleases in the Rhineland, not follow up the step with initiative action.

2. She might declare the pact null and void as part of the national emergency.

3. She might send several battalions to that area as an outward demonstration of her military independence.

4. She might take the extreme step of dispatching one or four divisions to the area thereby placing the thickly populated Rhineland on the preparedness basis as the rest of Germany.

Another possible representation from the Fascist African position was indicated by a report from Addis Ababa that a British major, G. A. ... was killed by an Italian as he served with a unit behind the Ethiopian front.

U. S. Minister To Yugoslavia Has A Narrow Escape

WASHINGTON, Mar. 6.—(AP)—Charles E. Wilson, United States minister to Yugoslavia, narrowly missed being shot today when an opposition deputy began shooting at Premier Milan Stojadinovich. Wilson was sitting in the diplomatic gallery, and the bullet passed close to him. Other diplomats ran, but Wilson remained composed.

The premier was reading a message regarding next year's budget when deputy Damian Armanovich drew a pistol and suddenly began firing. After the first shot he was seized. Three more bullets went into the floor. The assailant was overpowered and led away. Several other deputies drew pistols, but none of them fired.

Better Business Is Forecast In Spring

WASHINGTON, Mar. 6.—(AP)—Forecasting better business ahead, Secretary Perkins said yesterday she was "strengthening the federal employment services in the belief that they are going to be busy this spring."

A plan for cutting unemployment came from a committee in George L. Berry's Industrial Council, which proposed creation of a new federal commission to regulate wages, hours and child labor in industry.

Two Jacksonville Women Disappear, Foul Play Feared

JACKSONVILLE, Mar. 6.—Working on the theory that Mrs. M. C. Powell and her mother, Mrs. Lou E. Speer, who have been missing from their home, 1421 Laurel Street, since Sunday afternoon, have met with foul play, officers yesterday and last night continued to question Mark C. Powell, husband of one of the missing women.

No arrests have been made in the case but definite clues have been unearthed by investigating officers that lead them to believe that both women were slain. Detective Inspector E. L. Acosta said last night.

Powell was questioned by the officers in the hope that he might throw some light on the whereabouts of the women.
