U.S. Aims Are Said Twisted By Marshall

Secretary Urges Congress To Support American Foreign Radio Broadcasts

WASHINGTON, May 16, (AP)—Secretary of State Marshall told Congress members today that American aims are misrepresented in a "tremendous degree" in some foreign countries and this nation must devise "some method of spreading the truth."

He asked that Congress "get on with the business" of providing the ways and means by authorizing the State Department to go on with its foreign language broadcasts and circulation abroad of printed information about the United States.

Marshall appeared before the House Foreign Affairs committee which is considering legislation to authorize the program.

"No nation," he told it, "has been more generous than the United States, and yet I rather believe that no nation has received less credit for that generosity." "So long as propaganda is engaged in, by other countries, we must take some action," Marshall told the committee. But he said that he was "unalterably opposed" to having that action take the form of propaganda.

Assistant Secretary of State William Benton, who directs the program, told the committee the department aims to "mirror" American life to the world rather than present a "showcase." "Mirror," he explained, "is presenting an actual picture of life in this country while 'show case' is turning out one-sided and strictly favorable types of information, Rep. Lodge (R-Conn.) inquired 'Would the showcase type?' Benton said "Emphatically." Lodge asked "Would you say that Russia is effective with the showcase type?" Benton replied affirmatively. But he added that the "mirror" operation in the long run will win more world understanding.

He quoted Paul Hoffman, president of the Studebaker Corporation, as advising him that he should be asking for \$300,000,000 for the program rather than \$10,000,000.

Hits Gamblers

Seminole County Rep. Bralley Odham, who charged in the House of Representatives this week, that gamblers were offering bribes in the Legislature to influence legislation.

2 Killed, 3 Hurt In Running Gun Fight At Court House

Rejected Bar Applicant Shoots Law Official, Policeman

WASHINGTON, May 16, (AP)—A patrolman and a law association official were killed and three others wounded today in a gun fight started at the Municipal Court House by a disgruntled bar applicant.

The dead were identified by police as: Hubert Estes, a patrolman, and Ray Devendorf, 65-year-old clerk for the District of Columbia Bar Association's committee on admissions and grievances.

The wounds reported by police are: Attorney George W. Dalzell, of Chevy Chase, Md., 69, executive secretary of the grievance committee, Cecil Claig, a guard on duty at one of the doors of the court house building about five blocks from the Capitol and an unidentified negro, whom police described as the unsuccessful applicant for admission to law practice.

The first shots were fired in Devendorf's office on the third floor of the building which houses municipal courts. Persons in the building at the time said the negro fled in which the mine was ranked number 14 among the nation's tennis professionals.

Club Completes Plans For Tennis Matches Sunday

Final arrangements for the series of exhibition matches sponsored by the Sanford Bath and Tennis Club on the courts at the Mayfair Inn have been completed, according to an announcement by Lind Weber, Manager of the Mayfair Inn.

A group of topflight Rollins College neters who have won all their matches played with school teams throughout the state with the exception of the University of Miami, to whom they lost twice this Spring, will take to the courts at 8:30 P. M. Sunday when Betty Rosenquest, former Eastern Inter-Collegiate women's singles champion, will meet Jean Clark, popular young stylist who is ranked number six in Southern Tennis.

Enrique Buse, Peru's National Singles champion, will take on Rollins Tennis Coach, Eddie Copeland who has recently been ranked number 14 among the nation's tennis professionals.

A mixed double match will feature Betty and Gus Peables, recent finalist in the Florida State Public Courts Championships, against Jean and Enrique. The matches will be free to the public and will find Charles Morrison as the Umpire's Chair with a group of local tennis fans officiating as line men.

News Syndicate Head Leaves \$10,923,366

WHITE PLAINS, N. Y., May 16, (AP)—First intermediate accounting of the estate of Joseph McMillan Patterson, president of the News Syndicate Co., Inc., who died last May 26 at the age of 67, lists gross estate of \$10,923,366.53, exclusive of real estate.

The company publishes the New York Daily News. Listed as the principal asset was Patterson's estimated \$4,500,000 interest in the McCormick-Patterson Trust, holding concern for shares of stock in the Chicago Tribune which owns the News Syndicate Co.

House Asks Inquiry Into Odham Charge

Senators Question Who Offered Bribe; Huge Building Program Is Approved

TALLAHASSEE, May 16, (AP)—Reps. Smith and Odham introduced H.R. 848 relating to definition and enlargement and governing city liens on property for unpaid taxes and special assessments.

TALLAHASSEE, May 16, (AP)—Legislative moves were started today which may lead to investigation of charges made on the House floor that bribes were offered for votes against a bill to curb race bookmaking in Florida.

The Senate and House independently took under consideration a statement made by Rep. Bralley Odham of Seminole County during debate on the bill that he had been approached to vote against it and that "money was on the line" to defeat the measure. The bill, which had overwhelmingly passed the Senate, was defeated in the House by four votes.

Members of the Senate voted 19-16 to call for appointment of joint committees from both branches to investigate the charges. Meeting independently later, the House Rules Committee adopted a motion notifying Rep. Odham "if anyone else" that it would hear any statement they would like to make at a session immediately after adjournment of the House Monday afternoon.

Rules Chairman Collins of Sarasota brought the matter "up by asking whether the group wanted to do anything about Odham's statement. At the same time, it named a three-man committee of lawyers to see what could be done legally if the House were to undertake an investigation. It is composed of Reps. Luckie of Duval, Johnson of Gadsden and Bryant of Marion.

Rep. Clement of Pinellas, sponsor of the House bookie bill, said: "What can this committee do?"

Nitti Requested To Form Italian Cabinet

ROME, May 16, (AP)—President Enrico De Nicola today assigned Francesco Saverio Nititi, 70-year-old pre-fascist premier and financial expert the task of forming a new Italian cabinet.

Emerging from De Nicola's office after a one-hour conference, Enrico De Nicola today assigned him the task to "form a new government."

He indicated that he would undertake the task but said he would "reserve decision" on accepting the premiership until he had ascertained whether he could assemble a cabinet, the usual parliamentary procedure.

Nititi is an independent, and it was assumed he would attempt to form a broadly-based government of "national unity" to succeed the three-party coalition headed by Christian Democrat Alcide De Gasperi, who resigned on Tuesday.

Babe Ruth Has No Luck Tarpon Fishing

MIAMI BEACH, May 16 (AP)—A dozen tarpon virtually leaped over the boat from which Babe Ruth was fishing, but baseball's bambino was back home empty-handed today from a two-day fishing trip in the Florida Keys.

"They were playing all around us, leaping and splashing, but not one took our line," said Raymond Kithau, Ruth's host on a Florida vacation.

They next tried bone fishing, but these wily gamblers also avoided the lures.

Ruth and Kithau spent today walking a couple of dogs at the end of leases.

British Royal Family Home From African Tour

WAVING TO THE HUGE CROWD of well-wishers who assembled outside Buckingham Palace, London, to welcome them back to England, are members of the British Royal Family, just returned from their three-month tour of South Africa. Princess Elizabeth is at left, and Queen Mother is at right. (International Radio photo)

138 Superforts Simulate Bomb Attack Over New York City

NEW YORK, May 16, (AP)—An armada of more than 100 B-29s, the most powerful bombing formation ever assembled in the United States, streaked over the city of New York at 12:30 P. M. today.

A total of 138 superfortresses took off from dispersed and distant bases for the target run over New York and subsequent strikes over Newark and Trenton, N. J., Philadelphia, Wilmington, Baltimore and Washington, D. C.

A communication plane reported, however, that 130 of the big four-engine planes rendezvoused with split second timing over Cape May, N. J., at 11:36 A. M. then led a straight course of 130 miles to New York for the full dress training review of the nation's heavy bomber strength. The Army did not announce immediately whether all the planes which momentarily under the command of Gen. George C. Kenney, commander of the Army Air Forces strategic air command, led the formation which he designated "Operation Big Boy."

The B-29s roared overhead in "stacked" formation, stepped from about 3,500 to 4,500 feet altitude and spanning a sky area about two miles long and one and one-half miles wide.

General George C. Kenney, commander of the Army Air Forces strategic air command, led the formation which he designated "Operation Big Boy."

Korean Government Negotiations Renewed

SEOUL, May 16, (AP)—American headquarters announced today that a Soviet delegation, from north Korea, and a secretary of 55 persons will arrive in Seoul Sunday to renew negotiations on formation of a provisional government for jointly occupied Korea.

Conferences are scheduled to start Tuesday on a basis of consultation of all Korean political elements. Previous negotiations deadlocked on the issue of what groups would be consulted. The Russians, in effect, would agree to confer only with Korean Communists. The situation remained stalemated until after an exchange of notes in Moscow recently between Secretary of State Marshall and Soviet Foreign Minister Molotov.

800,000 Vote In Dominican Election

CIUDAD TRUJILLO, Dominican Republic, May 16, (AP)—Nearly 800,000 voters of this tiny Caribbean republic turned out to elect a president today amid virtual certainty that Rafael L. Trujillo would be chosen to succeed himself for a fourth term.

His two opponents, Rafael A. Espallart, nominee of the National Democratic Party, and Francisco Prats-Ramirez, candidate of the National Labor Party, stated yesterday that they expected to lose because their parties did not have sufficient numerical strength. The election has generated little public enthusiasm, since 80 per cent of the voters are members of Trujillo's Dominican party.

PAY BOOST

TALLAHASSEE, May 16 (AP)—Governor Caldwell today issued into law an act by which members of the Legislature in effect doubled their \$5 daily compensation.

ROTARIANS

The Rotary Club will not hold its regular luncheon Monday on account of the boat ride which will be held Wednesday afternoon.

Bevin Declares Britain Remains Important Power

Nation Does Not Intend Withdrawal From Middle East

LONDON, May 16, (AP)—Ernest Bevin several times today today that Britain still regards herself a great power, declaring "I have never seen the British people to apply for a protective order in bankruptcy."

In a speech closing a two-day foreign affairs debate in the House of Commons, the British foreign secretary also declared Britain has no intention of withdrawing from the strategic Middle East.

He also accused the world press, particularly that of the United States, of hampering settlement of Big Four peace problems by re-purporting events so closely that "one cannot even think about without its getting headlines."

"I wish to say," Bevin declared, "that His Majesty's government does not accept the view that we have ceased to be a great power or the contention that we have ceased to play that role."

"We regard ourselves as one of the powers most vital to the peace of the world and we still have our historic role to play. I am not aware that by a sudden stroke of fate we have ceased to be a great power overnight. We have nothing to apologize for."

May And Garsons Described As Patriots

WASHINGTON, May 16, (AP)—Defense counsel at the May-Garson war fraud trial today pictured the three defendants as patriots and men of honor.

Charles J. Margiotti, attorney for the Garsons, produced in an opening defense statement to the jury that former Kentucky congressman Andrew J. May and atomic manufacturer Henry and Murray Garson are innocent of any wrongdoing.

The attorney and the Garson brothers made a war production record "unequaled by any other war manufacturer in the country," including Henry Kniser, and that May helped them with their problems "only out of a sense of duty and in the interest of winning the war."

Margiotti said Henry Garson devised a number of munitions-making techniques that resulted in saving the government \$200,000,000 in war expenses. The Garson firms received \$78,000,000 in war contracts.

"We'll prove to you that Congressman May was justified in every action he took," Margiotti insisted.

Police Hunt Clues To Atlanta Killer

ATLANTA, May 16, (AP)—Police studied the findings of a laboratory examination today for "some clue" that might lead them to the sex slayer of Mrs. Paul Reubens, couple suburb-haired society matron who was raped and strangled at her home Wednesday afternoon. Although it was undetermined at the time her bruised body was found in historic Peachtree Creek, the sex motive was established late yesterday by Dr. Herman Jones of the Fulton county crime laboratory.

Group Recommends 11 Per Cent Cut In Navy's Budget

Germans Warned Of Penalties If Rioting Continues

Union Leader States Confidence In Voters Is Sinking

By DONALD DOANE
WIESBADEN, Germany, May 16, (AP)—Dr. James R. Newman, American military governor of Hesse, warned in a radio address tonight that American military power and the death penalty would be employed if necessary to curb German rioting and prevent their road shuttles.

In his sternest language to date, Newman declared: "There will be no strikes in Hesse nor will there be any tolerance of any other agitation against the policies of the military government, whether the purpose of such is political or otherwise, which in any way impede or tend to impede the occupational requirements or programs."

"Any person or group of persons acting or doing so will be punished, and remember that, under the laws relating to occupation armies and military government, the supreme penalty can be imposed against the offenders."

The latest report of Gen. Augustus G. Clegg, American military governor for the whole U. S. zone, showed that the United States and Britain in the first three and a half months of this year supplied

Reduction In Civilian And Military Personnel Suggested By House Committee

By WILLIAM F. ARBOGAST
WASHINGTON, May 16, (AP)—An 11 per cent cut in the Navy's 1948 budget which may necessitate reducing the planned strength of the Navy and Marine Corps by 40,000 officers and men was recommended by the House Appropriations Committee today.

The committee chopped \$377,519,200 from the \$3,513,000,300 in new appropriations requested by President Truman, but it said it believes the lesser amount will be adequate "without sacrificing any of the efficiency of the fleet" or reducing "essential naval activities."

It called upon the Navy to reduce its personnel, both military and civilian, and to close some of its shore establishments. The committee approved in full the \$34,400,000 asked for research and the \$170,000,000 in contract authority to buy new airplanes and equipment, plus \$90,000,000 in cash for new planes.

The total new appropriations amounting to \$3,133,481,100 compared with \$4,332,781,951 this year.

While the committee did not expressly order a reduction of strength, members interpreted the action as likely to have that result. Chairman Taber told reporters

Knot Hole Club Is Organized For Young Ball Fans

Sanford is to have a Knot Hole Club, George Touhy, business manager of the Celeryfeds announced today. Mr. Touhy also said that the Jaycees under the chairmanship of H. L. Perkins, Jr., will undertake to see that the youngsters are properly looked after while they are at the Municipal ball park.

Obviously a change is made for membership in clubs of this kind, but in order to get it started here and make it interesting to every young baseball fan, Mr. Touhy said the Baseball Association is giving the season passes and membership cards to those who agree to abide by the simple rules.

To occupy a seat in the section of the stands provided for the Knot Hole Club.

2. Remain seated during the game.

3. Conduct himself as a true sportsman and gentleman.

4. In order to get it started here and make it interesting to every young baseball fan, Mr. Touhy said the Baseball Association is giving the season passes and membership cards to those who agree to abide by the simple rules.

Perkins and his Jaycee committee will have you men to look after the boys who will occupy the north end of the bleachers. The sponsors have indicated that they have other plans in the making that will add interest to Knot Hole club membership.

Local Hen Should Be In "The Egg And I"

An egg weighing one-fourth of a pound and eight inches in circumference was recently laid by a New Hampshire Red hen in the chicken coop of Mrs. E. D. Hart of Geneva. In another nest Mrs. Hart found a tiny egg no bigger than a marble.

The Jay birds invariably warn Mrs. Hart when there are chicken snakes around, and that has been quite often of late, she said. As a result of the warning of the birds she recently pulled a huge chicken snake with a vial from the mulberry tree and killed it. The mother hen shot at a snake and missed and a colored man came over and killed the snake. One evening she found a large chicken snake in the coop in the act of swallowing one of the biddies.

Lions Club Plans Junior Ball Game At Park Tonight

The Lions Club made final plans for putting Municipal Softball Park in shape for their Junior League baseball game tonight at 8:00 o'clock between the present winning Giants and the All Stars where it met at the Tourist Center today. Saturday morning at 9:30 o'clock the boys will be taken to a big picnic at Sandford, and awards will be given to the "best player" and the boy who showed the best sportsmanship.

D. W. Swann was appointed by King Leon Henry Witt to contact Edward Marshall, Junior High School instructor, in regard to picking a boy to be sponsored by the Lions at "Boys State" to be held at Tallahassee, June 9 to June 17.

Clyde Ramsey was appointed head of a nominating committee including John Schward and Joe Meisch to select candidates for the annual election of Lion's Club officers, and to report two weeks from today.

James Rivers, who was introduced by Richard Deas, described the equipment at Radio Studio WTRR as of the newest type, and said that he had received letters of congratulation from radio men throughout the state regarding the set-up.

Plans for play-by-play "road-casting" of out-of-town games played by the Sanford Celery Feds, and of broadcasts of programs at meetings of civic clubs, the Sanford Women's Club, senior and Junior Chamber of Commerce and other groups were also revealed by Mr. Rivers.

Stewart Funeral To Be Held Monday

Funeral services for Master Sergeant Robert A. Stewart, son of Mr. and Mrs. W. H. Stewart, who died Tuesday at the hospital at Camp Lowry, Colo., will be held Monday morning at Holy Cross Episcopal Church with the Rev. Mark Carpenter officiating. Interment will be in Evergreen Cemetery.

The remains are expected to arrive at 12:50 P. M. Saturday, according to the Erickson Funeral Home.

The following pallbearers will serve: Theodore Williams, B. L. Perkins, J. Cecil Carlton, John D. Carlton, John Carver and J. M. Moys.

LOCAL OPTION

FRIDAY, MAY 16, 1947

BIBLE VERSE FOR TODAY

WE HAVE A MONITOR WITH US. IF WE RESPOND TO GUIDANCE WE WILL GET MORE GUIDANCE BUT IF WE IGNORE IT WE CAN SHUT OFF CONNECTION WITH ALL WISDOM AND LOVE. Guide me in thy truth.—Ps. 28:5.

Seminole County's representative Brailey Odham made the headlines in the state newspapers when he spilled the beans in the House of Representatives on an old Spanish custom.

The Senate has appropriated two million dollars to combat the spread of the "Texas fever" tick in Florida during the next two years. Two million dollars is a lot of money. We hope the Texas tick is worth it.

Down in Miami they are having a heated argument over who ought to be investigated, the City Commission or the Grand Jury. One thing they both seem to agree about, however, the investigation should be continued.

A House of Representatives official, Kenneth Romney, has been found guilty of concealing some \$143,863 in shortages in the House bank, and a former Florida representative was involved in crime. This went on for 20 years before it was finally brought to light. It is too bad such things cannot be discovered in time to prevent so much loss. It is too bad that more care is not exercised in the selection of public officials.

In his latest speech, former Vice President Wallace advocates a 150 billion dollar program of American exports and investments as the best way to save the world from Communism. A grand idea if it were not for the cost of the thing! The money could be raised only through taxes and higher prices. Suppose it is put on a voluntary basis and all those who like its contribute to the scheme step up and make a contribution. And let Henry Wallace lead the way.

This is a meat-eating country and American farmers received more than one-fourth of their total income from the sale of meat products. Poultry products accounted for about 11 percent more, and dairy products for about 15 percent. Less than half their income came from tobacco, cotton, fruits and vegetables, feed and grains, and miscellaneous crops. The wise farmer is the one who raises chickens, hogs, and keeps a few cows, no matter where his chief interest may lie.

Admirers of Winston Churchill have a real treat in store when the former British Prime Minister's Memoirs are published next Fall. Probably no one in the world today has been so intimately connected with major world decisions during the past half century, or led a more interesting life since the time when he served as a war correspondent in the Spanish-American War. And no one has a better gift for writing, something equally important when great events become a part of literature.

Former Italian Premier De Gasperi went back almost to the Middle Ages when he dug up Vittorio Orlando as a possible head for the new government. The younger generation may think Orlando was the man who founded our neighboring city, but as a matter of fact he was premier of Italy during and for a while after the First World War. At the time of the Versailles conference, the world recognized him as one of the Four—Wilson, Clemenceau, Lloyd George and Orlando. But when Mussolini appeared, he quickly became the Little One.

The Back Yard

School vacations are around the corner. It's time to plan summer occupations for boys and girls. Why not start with the back yard? All kinds of equipment, inexpensive or elaborate, again is available and is now being advertised. Home-side activities could revolve about such things as an outdoor grill, homemade or built upon the place. The picnic table beside it could be used between meals for games.

A tetter totter would help, and of course there must be a swing hung either from a stout tree limb, or one of those separate affairs sold ready to be put up. A sand box is an unfailling bait for the very young. A few jacks, some marbles, balls and a bat, a croquet set or a lawn badminton outfit, if there is space, all will help keep Jack and Jill out of the street and trouble. Glamour may be added with a couple of rabbits and a hutch, well fenced about with a wire runway.

These things encourage visits of neighbor children; playmates are necessary ingredients for luring children into staying at home. A good idea for all concerned is a couple of sturdy garden chairs where Mother and Dad can loaf beside their young. Parents' presence, whether they realize it or not, is an added attraction.

One or two such devices, simple but thought-out with some care; will transform any back yard into a joy center, and a lot of disciplinary problems will never happen.

A good idea is to have sand pile and tetter totter in one yard, swing and croquet in another, badminton in a third and so on. The children visit around and are always happily engaged not far away. A few regular chores make playtime pleasanter because it has been earned.

Geographical Triumph

Little by little the last geographical mysteries are being revealed. For the first time in history the Niger river has been explored from start to finish. This is the final solution of a riddle which has perplexed the world for more than 2,300 years.

Writing in the fifth century B. C. Herodotus, the Greek historian, said that Africa was divided by a great river running from west to east. This he thought might be the Nile, whose exact course was unknown, and which, like this unknown river, contained crocodiles. Later historians pooch-pooched Herodotus, chiefly because they knew of no great east-flowing river in Africa.

It remained for the Scottish explorer Mungo Park to make his way through savage tribes, and in 1796 to come upon the Niger, flowing east. Later he tried to follow it to its mouth, but perished on the way. No one else was more successful until 1831, when two Englishmen, Richard and John Lander, started from the middle of the Niger's eastward flow and followed it till it turned south and finally emptied into the Gulf of Guinea.

The story is now completed by a French exploring party, headed by Jean Rouch, who have voyaged the entire length of the river from source to sea. Parts of it were completely unknown. Thus one of the world's blank spaces has now been filled in.

World's Richest Men

One of the five richest men in the world is dead in his 80's, Simon A. Patino, the tin king of Bolivia. Though few Americans had ever heard of him, they paid him tribute. At one time two thirds of all tin cans and the foil in cigarette, candy and chewing gum wrappers were made of Patino's tin. He is said to have produced 15 per cent of the world's metal.

His death follows closely upon that of the American claimant to the title of the world's richest man. It may be doubted if either Patino or Henry Ford was richer than some of the potentates of India, the Nizam of Haidarabad, the Gekwar of Baroda, or the Aga Khan, the religious leader whose followers lately presented him with his weight in diamonds.

If Patino was largely unknown, so was Sir Basil Zaharoff, the Greek munitions king, who came to attention as a stimulator of wars in World War I and soon after. And when Andrew W. Mellon was appointed Secretary of the Treasury, his very name was unknown to most Americans, though his wealth placed him among the leaders.

"The War Cry" Prints Pictures Taken Here

Salvation Army "Musical Evangelists" who recently visited Sanford, are pictured, together with civic leaders in three illustrations in "The War Cry," official publication of the organization in the South.

Shown in the upper photograph is a group who attended the dinner meeting of the Salvation Army Advisory Board at the Mayfair Inn. Pictured are Adjutant C. William Jaynes, Major William B. Purdue, Major Paul Thornburg, O. P. Herndon, president of the Advisory Board, Capt. Byrd Hudson of the local post, Ralph A. Smith, E. M. Armitage, R. F. Moul and C. G. McBride, treasurer of the

Board. Also shown are Capt. William Goodier, Ray Frierson, Captain Emory Frierson, Capt. Oscar Eckstein, F. Haaky Wight, W. R. Connelly, Supt. of Public Instruction T. W. Lawton, Chamber of Commerce Manager Edward Higgins, Capt. Arthur Ward, Capt. Lewis Mackabee and Capt. Harold Ferking. The other two illustrations show the musicians grouped with E. M. Armitage, tourist director, Edward Higgins, Capt. Hudson and F. A. Easterly, Tourist Club president, in front of the Tourist Center and shows a scene inside the building during the time the musicians entertained there. A volcanic eruption in the Island of Martinique in 1902 killed 40,000 people.

King Of Saudi Arabia Orders 2 Elevators

HARRISON, N. J., May 16, (AP)—The Otis Elevator Company here says it is manufacturing two multicolored, highly upholstered elevators ordered by King Ibn Saud of Saudi Arabia for use in a new palace he is erecting. The elevators will have deep-piled carpeting and will be equipped with chairs upholstered in white, green and gold satin. The company said the two elevators were to be delivered in September to the new structure at Jeddah which it was informed was to be used as a guest palace in anticipation of a visit from King Farouk of Egypt.

Hirohito Expresses Gratitude To U.S.

TOKYO, May 16, (AP)—Emperor Hirohito asked Father Edward J. Flanagan of Boys Town today to "express his gratitude to the American people and assure them of his cooperation and goodwill toward the United States," the well-known priest said. Father Flanagan reported that the emperor also wanted to send "personal greetings to President Truman." The founder of Boys Town, Neb., here at General MacArthur's request to survey juvenile problems, reported at length on child welfare matters to the emperor and empress during a 30-minute audience at the imperial palace. The priest said the emperor ap-

peared particularly interested in education of children while the empress showed especial interest in social welfare.

Garden Club Holds Final 1947 Meeting

Mrs. Endra Carlett will be honored by the Sanford Garden Club with the dedication of a room to her at the Fernald Loughton Memorial Hospital. This was decided at the meeting of the board held yesterday at 9:30 A. M. prior to a general business meeting and covered luncheon which took place in the garden of Mrs. Charles Ginn on Sanford Avenue.

The Women's Society of Christian Service held a Mother's Day Coffee Saturday morning, May 10, at Azalea Lodge. Children taking part in the program were Glenda Stroud, Frances, Hattaway, Mary Ann, Mary, and Eleanor White.

Feds Take Fifth Place In Twin Victory Over Senators

Sanford Wins 6 To 5 And 13 To 3 Tilts From Bevin; Go To Orlando Tonight

The Sanford Celery Feds are slated to meet the Palmetto Aces at the Municipal Park tomorrow night in a single contest and Big Bill Blanton is slated to ascend the mound for the locals.

The Sanford Celery Feds are resting squarely in the fifth slot in the Florida State League standings today by virtue of their twin victory over the Orlando Senators by 6 to 5 and 13 to 3 margins at the Municipal Park last night.

The Feds invaded the Senator home grounds tonight for a return engagement when Joe Tinker, the last survivor of the famed Tinker to Evers to Chance double play combination of the Chicago Cubs, will be honored.

One of the largest turnouts in the history of State League baseball is expected to be on hand tonight to witness the affair at Tinker Field, the diamond that Tinker built in 1925 to honor this state's only Hall of Fame personality. A brief ceremony is slated to precede the contest.

Joe Justice, former Fed second sacker, now playing for the Senators, paced the Orlando attack in both contests. Justice lifted over the left field wall in the sixth frame with Rex Throppe resting on the initial sack. Justice rapped seven safeties in ten appearances during the evening.

Sanford's newly acquired sacker, Bob Lee, smashed a four fly blow in the eighth to knock out the nightcap toasters.

Green tossed the two final frames in the opening tilt.

Sanford came back in the final tilt to make a 13 to 3 drubbing, which was highlighted by Lee's smash on the stikers.

Charlie Bismant, the route for the locals in the last contest.

COMMENTS from the SIDELINES
By ARTHUR BECKWITH, JR.

League Arblers

We certainly are not abating for anything when we say that the umpiring at the Municipal Park last night was not what it should be, because the Sanford Feds captured both ends of a win, bill from the Orlando Senators in the first of two contests seen here in the state.

Glen Garrett opened on the hill for the locals in the first tilt and was relieved for a pinch hitter in the sixth inning. George Green tossed the two final frames in the opening tilt.

Sanford came back in the final tilt to make a 13 to 3 drubbing, which was highlighted by Lee's smash on the stikers.

Charlie Bismant, the route for the locals in the last contest.

Morning: "Paul: Follow Me As I Follow Christ."

Navy Budget Cut

(Continued from Page One)
"some reductions will be necessary."
The extent to which they will be made, he added, will depend on economies the Navy can effect in its own uniformed organization. For instance, he said, they can cut down on the number of high-paid officers and keep more enlisted men, while if they keep the officers, they will have to cut down on the enlisted personnel.
The committee recommended a cut of 7 per cent from budget estimates of \$1,344,171,000 for pay and subsistence of naval personnel and a slightly higher cut in the \$209,000,000 the Marine Corps requests for the same purpose.
"While the reduction in the bill will necessitate a reduction in the total number of men available to the Navy," the committee said, "it is the opinion of the committee that this cut can well be made without harming the effectiveness of the fleet."
On the basis of a planned average enlisted strength of 425,000 for the Navy next year and 90,000 for the Marine Corps, the cuts if carried into effect would amount to approximately 30,000 and 4,300, respectively, plus 3,200 naval and 525 Marine Corps officers.

By ALEX H. SINGLETON
WASHINGTON, May 16 (AP)—Fleet Admiral Chester W. Nimitz contended today that world peace and security depend on a balance of power in which American and British seapower are arrayed on the same side.
Nimitz' opinion disclosed in testimony made public by the House appropriations committee as it sent the Navy's 1948 supply bill to the floor.
In addition to cautiousary remarks from both Nimitz and Secretary Forrestal, the United States Navy has not yet insured peace, Forrestal declared that until the U. S. "is a going concern" with "power to compel the

State Legislature

(Continued from Page One)
I think if anything like that happened, the proper place to put it is in the courts where it belongs. All I can say is I'm sorry I couldn't pass the bill. Nobody offered me any money."
Rep. Cobb of Orange said he felt the matter should be investigated fully because "that remark is believed all over the state of Florida. I think Mr. Brailley Osham should be brought before this committee and asked to name the man who offered him money. I think it should be in executive (closed) session, though." House rules prohibit closed meetings of committees.
Rep. Simpson of Jefferson said he thought the charges should be brought before the rules committee but "I don't see how we can do anything about it without having the man come before us."
He recalled a similar charge was made while he was Speaker of the House. "I told the man if he could prove the charges we would hear him. I never heard any more from him."
A motion to reconsider the Senate resolution was made by Sen. Gray of Panama City. The reconsideration vote will be taken Monday.
The resolution by 11 senators did not refer to Osham by name but said Floridians "have been shocked as a result of the statements to the effect that he had been offered a bribe to vote against the bill."
A report recommending ratification of \$19,053,805 worth of building projects undertaken by the cabinet and assigning top priority ratings for \$8,292,000 in additional construction was ready for filing in the Legislature today. Along with it were amendments to a pending 1945 building act repeal bill in the House which

Gun Fight

(Continued from Page One)
argument ensued and Deverdorff was shot in the face. Then, the assailant turned to another part of the office toward Dalsell who was shot in the shoulder and face.
Eyewitnesses said the negro walked calmly into the hall. A negro court messenger, George Clemons, said the man stopped and reloaded his gun. Dalsell just then staggered to the hallway. Bystanders said the gunman fired wildly in the general direction of Dalsell. Then, the gunman took an elevator to the ground floor and walked quickly out of the building.
Walter Bramhall, municipal court clerk, saw him then. Suspicious, Bramhall ran after him. "The negro was walking rapidly out of the building with his left hand holding his gun in his coat pocket," Bramhall told reporters afterwards. Bramhall said he called out police and bystanders help.
Estes and Claig gave chase, firing as they ran. Two blocks from the building, the fugitive turned and shot back. Both pursuers were hit.
The court building is about five blocks from the Capitol building and a block off Pennsylvania Avenue, which runs from the Capitol through Washington's downtown business section past the White House.

Superforts

(Continued from Page One)
started joined for the run. Busy New York was pushed "Operation Pacific." Its primary purpose, he said, was training.
The bomb bays yawned empty and the B-29s flew much lower than during actual war-time operations, but otherwise the flight was a simulation of the sortie and strike of a heavy bomber force.
The formation droning over the most thickly populated area of the country represented every available B-29 in the United States, Air Force sources said. It had a total bomb capacity of 1,250 tons.
General Kenny's lead plane peeled off the formation as it completed its sweep over Manhattan and wheeled for LaGuardia field where city officials waited to greet the war-time commander of the Far East air forces and entertain him at a city hall reception.
Message received at La Guardia field reported that superfortresses took off in the following strengths for a rendezvous over Cape May, MacDill Field, Tampa, Fla., 25; Tucson, Ariz., 23; Salina, Kan., 28; Selfridge Field, Mich., 12; Roswell, N. M., 25; and Fort Worth, Texas, 20.

RELIEF SENT DAMASCUS, Syria, May 16, (AP)

The Syrian government allotted 100,000 Syrian pounds (\$46,000) and 500 tons of wheat today for relief of North African Arab territories which are short of food. A Red Crescent Commission with drugs and medical equipment also will be sent.

ritories which are short of food. A Red Crescent Commission with drugs and medical equipment also will be sent.

THE BIBLE TEACHES

The cure for sin, Rom. 3:23, "All have sinned and come short of the glory of God." But Christ Jesus, the Great Physician, has revealed to man the cure for sin. There are three complications of the disease of sin that must be cured—the love of sin, the practice of sin, and the guilt of sin. The Great Physician has a cure for each of these complications.

The cure for the love of sin is faith. In Acts 15:9, we read of "purifying their hearts by faith." When the heart is purified by faith, the love of sin is destroyed; and the mind is set on things that are above (Col. 3:2). The affection for sin and its allurements is thus transferred by the falling in love with Christ, and the proof of such love is the keeping of his commandments (John 14:15).

The cure for the practice of sin is repentance. Repentance is a mental act; it is the change of mind or will. "Sin is the transgression of the law" (1 Jn. 3:4). Repentance (change of mind or will) leads men to cease to transgress God's law, and repentance is the cure for the practice of sin.

The cure for the guilt of sin is baptism. The Bible definitely declares that baptism is for the remission (forgiveness) of sins. "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins." (Acts 2:38). Ananias instructing Saul of Tarsus how to wash himself of sin said, "And now, why tarriest thou? Arise and be baptized, and wash away thy sins..." (Acts 22:16). Of course, the term "wash away thy sins" is a metaphor meaning "to have thy sins forgiven." The waters of baptism do not literally wash sins away; but that expression has reference to the fact that baptism is one of the conditions which one must meet before God removes the guilt of sin. The inspired Paul speaking of saved people said, "But ye have obeyed from the heart that form of doctrine (baptism) which was delivered you. Being then made FREE FROM SIN, ye became the servants of RIGHTEOUSNESS" (Ro. 6:17-18). BAPTISM saves us from the guilt of sin (1 Pet. 3:20-21).

Why not appropriate God's cure for sin that you may be made whole?

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT (FOURTH DISTRICT) OF THE THIRD JUDICIAL CIRCUIT OF FLORIDA

FLORIDA, IN AND FOR SEMINOLE COUNTY, AT LAW: SIGNAL MOUNTAIN PORTLAND CEMENT COMPANY, a corporation, Plaintiff

vs.

H. B. McCALL, JR., Defendant

NOTICE OF SHERIFF'S SALE: Notice is hereby given that I, Sheriff of Seminole County, Florida, by virtue of a Writ of Execution, returned out of the Circuit Court of the Ninth Judicial Circuit (Formerly of the Twenty-Third Judicial Circuit), Seminole County, Florida, on the first day of May, 1947, in the said cause wherein Signal Mountain Portland Cement Company, a corporation, was plaintiff, and H. B. McCall, Jr. was defendant, have levied upon the following described property, to-wit:

One undivided one-fourth interest in Lot 8 and the South 1/2 of Lot 7 of Block 4, Tier 3, Sanford, Florida, according to E. R. Trafford's map thereof recorded in Plat Book 1, pages 56-57, Public Records of Seminole County, Florida, as the property of the said H. B. McCall, Jr., defendant; that on the 15th day of May, 1947, the same being between the first day of eleven o'clock in the forenoon and two o'clock in the afternoon, at the front door of the County Court House in Sanford, Seminole County, Florida, I shall offer for sale to the highest bidder for cash in hand, the above described real property, as the property of the said H. B. McCall, Jr., defendant.

Dated at Sanford, Florida, this 15th day of May, 1947.

P. A. Mero,
Sheriff of Seminole County, Florida.

German Workers

(Continued from Page One)
more than 1,000,000 tons of food to their economically-combined zones, 75 per cent going to predominantly industrial British areas. The report held little hope for immediate improvement in rations, but noted an industrial acceleration.
But as they spoke, Max Beyers, chairman of the Peace and Trade union federation, told 7,000 hunger demonstrators in that British-zone city that workers "will under no circumstances accept quietly further cuts" in food rations.
"We have had enough," Peysars, said. "Confidence in the victorious powers is sinking and it will sink further. We if the touch of unreason and hate is thrown among the German people, Germany awaited the victors as liberators, but the opposite came. So far only the reactionary forces have succeeded in being freed."
Will Richter, chairman of the Hesse trade unions association, assured Newman the labor leaders "have repeatedly stressed the utter futility of striking and will do utmost to prevent such a strike." But he succeeded only if all responsible agencies do all they can to lessen the suffering," he said.
Brig. General Walter J. Muller, military governor of Bavaria, urged the Germans to "stop our calling and work together to alleviate the food shortage."
He met with trade union leaders, German officials and farmers and told them the arguments between the different occupation areas "will not bring you more food." He urged union leaders to protest strikes. "Strikes and demonstrations would only make the American taxpayer say, 'Why should we feed the Germans who bite the hand that feeds them?'"
The Flensburg food demonstrators voted a resolution asking the

Truman Seeks Federal Plan On Insurance

Health Program Provides Government Pay To Injured Or Sick Workers

WASHINGTON, May 19, (AP)—President Truman asked Congress today to give "immediate attention" to enactment of a federal health and disability insurance program. In a special message to Congress, Mr. Truman declared such legislation is "crucial to our national welfare."

Under the type of program he envisions, a worker unable to work because of injury or illness, would receive government payments.

Mr. Truman told Congress: "Of the four basic risks to the security of working people and their families—unemployment, old age, death and sickness—we have provided some insurance protection against three."

The President asserted that an insurance plan is the democratic way of coping with the menace of serious illness which requires expensive care and services. "Until it is a part of our national fabric, we shall be wasting our most precious national resource and shall be perpetuating unnecessary misery and human suffering."

He continued: "It is the only plan broad enough to meet the needs of all our people. It is—in the long run—far less costly and far more effective than public charity or a medical dole. Under the program which I have proposed patients can and will be free to participate or to reject participation. And a national health insurance plan can and should provide for administration through agencies, subject only to some national standards for care and services."

Mr. Truman's message renewed (Continued on Page Six)

Nazi Documents On Foreign Policy To Be Published

WASHINGTON, May 19, (AP)—Allied historians have found to be "substantially complete" the seized secret files of the Nazi State office, including foreign minister Ribbentrop's private file and records of Hitler's talks with foreign statesmen.

This was reported today in an announcement that France has agreed to join with the United States and Britain in publishing the record of Nazi Germany's pre-war and wartime foreign policy.

All of the seized German records will be put at the disposal of the three nations for selection and publication, the State Department and British Foreign Office said jointly.

Anglo-American editors, who have been at work on the selection task for months, already have decided to make public first paragraphs covering the years 1937-1941. They are scheduled to meet with French scholars in Berlin next month to complete editorial plans.

The seized records were described as "vast in bulk," covering hundreds of thousands of pages. In the war's closing days, Nazi leaders sought to destroy all dangerous evidence and many files were burned.

Bomb Germans discovered in Ribbentrop and Hitler records were saved, the announcement said. Duplicates also have been found of many of the burned files, since the complex filing system of the German foreign office made it almost impossible to destroy all copies.

Installation Workers Re-establish Picketing

WASHINGTON, May 19, (AP)—Striking installation workers of the Western Electric Company today re-established their picket lines, forcing curtailment of telephone service again in some areas.

In New Jersey, the Bell Telephone Company reported several main exchanges were "heavily picketed." Service was placed on an emergency basis at points where operators refused to cross the picket lines.

Some curtailment also was reported in Illinois, but in New York other workers ignored the pickets and went to their posts.

Lynch-Trial Judge

PRESIDING at the South's first mass lynching trial in Greenville, S. C., is Judge J. Robert Martin, Jr. Thirty-one men, most of them taxi drivers, are on trial in Greenville in connection with the lynching of Willie Earle, a Negro. (International)

Newspapermen Held Not Guilty By Supreme Court

Contempt Ruling Of Texas Judge Is Reversed By Tribunal

WASHINGTON, May 19, (AP)—The Supreme Court today ruled three Texas newspapermen were improperly punished for contempt of court for publication of several news stories and an editorial.

Justice Douglas wrote the court's 6-3 majority decision. Justice Jackson wrote a dissent and Chief Justice Vinson concurred in Frankfurter's dissent.

The decision was given on an appeal by Conway C. Craig, publisher of the Corpus Christi Caller-Times; Bob McCracken, managing editor; and Tom Mulvaney, reporter.

Judge Joe D. Brownning of the Neches county court in Texas adjudged them guilty of contempt after the publication of items dealing with an eviction case which he tried. The newsmen were sentenced to three days imprisonment each, but the sentences were stayed pending the Supreme Court's decision.

In the eviction case, an Army sergeant unsuccessfully sought to hold possession of a building where he operated a cafe, Judge Brownning said that the news stories and editorial were "calculated to prejudice and influence."

Jack Grant Becomes Co-owner Of Paper

Jack Grant, former Sanford resident, and Emmet Peter, Jr., have purchased the Lake County Citizen at Tavares and plan to make it a county-wide newspaper, according to information received by Mrs. J. E. Wathen, mother-in-law of Mr. Grant.

Mr. Grant until recently has served as advertising manager, and Mr. Peter as editor of the Leesburg Commercial. Grant, who served in the Navy during World War II, is the grandson of Mr. and Mrs. C. C. Earl of Sanford.

Armadillo Killed Under Hunt Home

Cricket moles, chickens, dogs, cats and even horses have been reported as destroyers of gardens, and now a new marauder has appeared on the scene, an armadillo which was recently killed by police under the home of Mr. and Mrs. Al F. Hunt at 2455 Palmtoe Avenue.

Armadillo are timid nocturnal animals about three feet long and covered with armor consisting of small, rounded and bony plates. Several have been found near Eustachius and presented to the Sanford Zoo. This is the first time one has been reported as a garden destroyer here. They are not native to Florida but to Central and South America. Capt. Roy O. Yilla and Patrolman George Smith located and killed the animal.

Defense Calls No Witnesses In Lynch Trial

3 Acquitted, 7 Cleared Of Two Charges; Defense Arguments Slated For Tuesday

GREENVILLE, S. C., May 19, (AP)—The defense rested today in the trial of 26 white men accused of lynching a South Carolina negro, without offering any witnesses in its behalf.

The dramatic climax to the week-long trial came a few minutes after Circuit Judge J. Robert Martin, Jr., had directed full acquittal of three of the original 31 defendants, and given acquittal on two of four counts to seven others.

The court, at the same time, announced that statements allegedly made by the defendants in violation of their arrest would be admitted in evidence only against the persons making them, Judge Martin said he would instruct the jury to disregard the allegations as applying to any co-defendants.

The court granted outright acquittal to three men who refused throughout the investigation to make any statement to police. These were Earle Martin, a member of a prominent South Carolina family, Varley Melroe Norris, a taxi driver, and Ernest Stokes, another driver. Other defendants claim Stokes had extracted a confession from the lynch victim, Willie Earle, who was slain in reprisal for the fatal stabbing of a white man.

Judge Martin said evidence was insufficient to convict them on any count. Additionally, the court directed acquittal of seven men on charges of murder, and of being accessories after the fact, but left standing the accusations of being accessories before the fact, and of conspiracy to commit murder.

Those freed on two counts were Woodrow Wilson Clardy and Sammie D. Stewart, who refused to give statements to police; Willie Eugene Bishop, W. D. Oakley and Howard Thompson, whom the court said were not at the scene of the crime; and John B. Marchant and James Arthur Fowler, who were charged with "aiding and abetting" without witnessing the murder.

The decision of the court leaves 21 defendants accused on all counts of the indictment, and seven accused on two counts. Immediately after reading his five-page decision, Judge Martin (Continued on Page Six)

Harriman Declares Economic Revival Of Germans-Japs Vital

LOS ANGELES, May 19, (AP)—Secretary of Commerce W. Averell Harriman said today that peacetime economic revival of Germany and Japan is essential to recovery of all Europe and the Far East.

Pointing what he called a "disturbing picture" of the world which "the over-all picture is one of hardship," Harriman said in an address prepared for the Los Angeles town hall meeting: "Just as a functioning peacetime world is unable to strike again at her neighbors but able to carry on normal peacetime processes of trade, it is essential to European economic revival, so the activation of the Japanese economy is indispensable to general reconstruction and economic progress in the Far East."

"Japan must never again be placed in a position to assault the peacetime nations of the world, but neither must she lay like a dead weight across the channels of economic production and exchange."

"An impoverished Japan, like an impoverished Germany, will not only remain an open sore of resentment and bitterness, but it will frustrate all efforts to rebuild other nations in the region."

Warren Expected To Recover From Wreck

DAYTONA BEACH, May 19, (AP)—Fuller Warren, one time candidate for Florida Governor, is expected to recover from injuries received last night in a head-on automobile collision near here, his physician said today.

Five others, including Charles Jackson, state news editor of the Jacksonville Journal who was driving the car occupied by Warren, were injured. Warren, a Jacksonville attorney, has represented both Calhoun and Duval counties in the Florida Legislature.

EXPLOSION
BRUNSWICK, Germany, May 19, (AP)—Twelve persons, a British soldier and eleven German employees, were killed today when an explosion ripped a munitions dump here.

Snyder Says Tax Cutting Period Nears

20 Major Matters In Need Of Attention In Revising System Aired By Secretary

WASHINGTON, May 19, (AP)—Secretary of Treasury Snyder told Congress today that a period of tax reduction is approaching. But he made no recommendations as to what taxes should be cut or when.

Snyder further told the House ways and means committee that Congress should "consider" how to reduce taxes at some later—and unspecified—time.

The 5,000 word prepared statement by the Treasury head made no mention of the \$4,000,000,000 tax reduction bill passed overwhelmingly by the House despite administration opposition. The bill is now awaiting Senate action. Nor did Snyder's statement say whether President Truman might veto this tax cut bill if it reaches him.

Snyder was the first witness as the committee began hearings on a general revision of the entire tax setup. He did not elaborate on his reference to an approaching period of tax reduction, saying simply: "We are seeing lower peacetime levels of government expenditures and continuing high levels of national income and production. A period of tax reduction is approaching."

Snyder's statement contained thumbnail sketches of 20 issues which have been under Treasury study, but made no recommendations concerning them. "It is highly unlikely that the fiscal and economic situation will warrant enactment of all the ultimately desirable revisions at the same time," he said.

At another point, Snyder said that "at this time we have a unique opportunity to modernize the federal tax system." But he added that "it is not my intention today" (Continued on Page Six)

Truman's Family Joining Him At Mother's Side

By ERNEST B. VACCARO
GRANDVIEW, Mo., May 19, (AP)—President Truman spent another day at the bedside of his gravely ill mother today. His wife, Bess, here to join him. His wife, Bess, here to join him. His wife, Bess, here to join him.

While thin, courageous 94-year-old Mrs. Martha F. Truman maintained cheerfully that she "feels better" attending physicians said there had been "no material change" since yesterday afternoon's turn for the worse following a Sunday morning rally.

The presidential family's annual spring concert for Pittsburgh, Pa., tomorrow night and said her remaining engagements hinged on her grandmother's progress.

TWA officials said Margaret traveled one of their airplanes at Pittsburgh, Margaret, Pittsburgh people who saw her said, was too distressed over the news from Grandview to make an appearance tomorrow.

With his mother's condition so critical, the President hurried to the nation's highest office from his suite in Kansas City's Hotel Muehlebach, 17 miles from here, and from his mother's frame bungalow here where she has been bed-ridden since she fractured her hip in a fall in mid-February.

Mrs. Truman said she "felt better" after a restful night, but Graham said she planned no attempt to get out of bed today, that "she is tired."

Chinese Communists Besiege Capital City

NANKING, May 19, (AP)—A Chinese Communist column moved to a point only seven miles south of Changchun today to place the Manchurian Capital virtually under a state of siege, nationalist dispatches reported.

The Red army unit pushed to the city's suburbs after taking Hwailsh, 25 miles west of Changchun. The fall of Hwailsh exposed the capital city to direct attack. Changchun was under martial law.

Marshall Asks 'Voice' Be Kept

APPEARING BEFORE a House Foreign Affairs subcommittee in Washington, Secretary of State George Marshall (left) and other officials (right) discussed the information and communications program in Africa. Marshall (left) is Rep. Karl E. Mundt, of South Dakota, chairman of the subcommittee. The House turned down a State Department request for \$31,281,220 for the program for 1948. (International)

Greek-Turk Aid Fraud Charges Vanguard Leaves On Istanbul Trip

General L. E. Oliver Heads Group Of 20 Army And Navy Men

WASHINGTON, May 19, (AP)—A 20-man vanguard of the official U. S. missions assigned to administer the \$400,000,000 Greek-Turkish aid program arranged to leave by Army Air Transport Command plane today for Istanbul.

Major General Lumbard E. Oliver of the War Department general staff was in charge of the group. He will lay the groundwork for a projected \$100,000,000 outlay in the next year to bolster Turkey's military defense.

Eleven other Army officers, seven naval officers and a State Department representative made up the remainder of the party. Rear Admiral Ernest E. Herman headed the Navy group.

At Istanbul the military mission is expected to work closely under Ambassador Edwin P. Wilson and to Washington, organized under Oliver for the arms, military equipment, air field and road construction and other projects figuring in the assistance program.

The group's departure was arranged without waiting for President Truman to act on the assistance legislation. The program has been delayed by Mr. Truman's absence from the White House because of the illness of his mother.

Grandview, Mo. This, in turn, has delayed completion of the larger Greek program, including military elements, which will administer the aid program to Greece.

Supreme Court Rules Guards 'Employees'

WASHINGTON, May 19, (AP)—The Supreme Court today ruled that plant guards employed by the National Labor Relations Act and may join unions which also represent production employees.

The decision involved labor disputes affecting plant guards of Jones and Laughlin Steel Corporation's Otis Works in Cleveland, and E. C. Atkins and Company, Indianapolis maker of tools and armor plate.

Jones and Laughlin contended plant guards were "employers" or a part of management under the Act's definition of that term as "any person acting in the interest of an employer, directly or indirectly."

The high court handed down two separate decisions. In the Jones and Laughlin case, the court's 6-4 opinion was written by Justice Murphy. Chief Justice Vinson and Justices Frankfurter, Jackson and Burton dissented.

In the Atkins case, the majority opinion was written by Murphy, with dissents noted by the Chief Justice and Justice Frankfurter and Jackson.

Rep. Odham Names Papy Of Monroe As Bribe Giver

Churches Back Odham's Stand Against Bribery

Messages Of Commendation Are Relayed To Representative

The First Baptist Church of this city went on record during the morning worship service yesterday as standing solidly behind Rep. Bradley Odham of Seminole County, who last week declared that he had been offered a bribe by gambling interests, through a fellow member of the House of Representatives, to vote against a bill that would prevent book-makers from using wire services for gambling purposes in Florida.

Dr. W. P. Brooks, Jr., pastor of the church, denounced legalized gambling declaring, "I'm against it both in theory and all the way through." The pastor went on to describe all gambling, whether legalized or not, as immoral. He commended Representative Odham, a member of the First Baptist Church, for his courage in facing wealthy gambling interests.

The First Christian Church also passed a resolution commending Rep. Odham in his stand against bribery and gambling influence in the Legislature, according to the Rev. W. P. Yesley. A telegram to this effect has been sent to Mr. Odham. A message has also been sent to Rep. Odham by the Rev. J. E. McKinley, as pastor of the First Methodist Church, urging him to "stand by his guns."

Following Dr. Brooks' remarks, Volie A. Williams, Jr., a Stetson University student, commended Rep. Odham for refusing to take the bribe. Mr. Williams charged that our state is gradually falling away from the principles of government of the people, by the people, and for the people.

Another motion to telegraph Governor Millard Caldwell, the Speaker of the House of Representatives, and the chairman of the House and Rules Committee and inform them of the church's action, made by Julian Westcott, also was approved by the membership.

During his sermon, Dr. Brooks pointed out that whenever efforts are made to eliminate various phases of legalized gambling, the gambling interests will always find a way to get around such things as old age pensions and schools. He pointed out that the people behind the liquor traffic expound the fact that the government receives \$2,000,000,000 a year in taxes. The industry, he said, receives some \$8,000,000,000. But we do not stop and consider, he pointed out, that the cost of crime alone to the taxpayers in this country, as a result of the liquor business, far exceeds the revenue derived from the industry. "And," he emphasized, "that is not good business."

As May made this statement he leaned forward and spoke softly, gripping hard the arms of the witness chair.

Mayer asked May if the loan he negotiated for Murray Garrison had anything to do with the Garrison munitions firm.

"Positively not," May answered. "I never thought of such a thing. Mr. Mayer," May replied, "I never entered into a conspiracy with anybody to defraud my country."

May told the federal district court jury in his war fraud trial that as an "accountant" he suggested a note for Murray Garrison to borrow the money from Theisha Walker, whom he identified as a "New York banker" with Kuhn, Loeb and Company. Asked by his attorney, Warren Mayer, if the note was ever repaid, May replied: "I don't know."

May is charged with taking \$550,000 in bribes while he was wartime chairman of the House military committee. On trial with him are Murray and Henry Garrison, key figures in a \$78,000,000 (Continued on Page Six)

U. S.-Soviet Talks On Korea Delayed

SEOUL, May 19, (AP)—Bad flying weather may delay the resumption of American-Soviet negotiations on Korea, scheduled for tomorrow.

The Russian delegation was due from the Soviet North Korean zone yesterday but failed to arrive. American military sources said unfavorable weather will delay the joint commission meeting possibly one or two days.

Other members of the 76-man Soviet staff will travel here by train. Representatives of the two occupying powers will sit around a big table in Duk Soe palace a little more than a year since original efforts to reach an agreement on formation of a Korean provisional government collapsed.

Rep. Odham Names Papy Of Monroe As Bribe Giver

Mayer asked May if the loan he negotiated for Murray Garrison had anything to do with the Garrison munitions firm.

"Positively not," May answered. "I never thought of such a thing. Mr. Mayer," May replied, "I never entered into a conspiracy with anybody to defraud my country."

May told the federal district court jury in his war fraud trial that as an "accountant" he suggested a note for Murray Garrison to borrow the money from Theisha Walker, whom he identified as a "New York banker" with Kuhn, Loeb and Company. Asked by his attorney, Warren Mayer, if the note was ever repaid, May replied: "I don't know."

May is charged with taking \$550,000 in bribes while he was wartime chairman of the House military committee. On trial with him are Murray and Henry Garrison, key figures in a \$78,000,000 (Continued on Page Six)

Camp Of Ocala Joins Odham In Charging Money Offered For Votes Against Bill

TALLAHASSEE, May 19, (AP)—Members of the House voted 46-39 today to deny Rep. Bernie C. Papy of Monroe the right to vote or speak further until a requested grand jury investigation of charges that he offered bribes to other members has been completed.

TALLAHASSEE, May 19, (AP)—Rep. Bradley Odham of Seminole told a tense Florida House of Representatives today that Rep. Bernie C. Papy of Monroe county offered him a cash bribe to vote against the "bookie" wire service bill.

A few minutes later, Rep. Camp of Marion joined Odham in accusing Papy of offering him \$100 bribe, too, to vote to offer the bill to a committee which already had rejected a similar measure.

Papy, a seven term veteran representative from Key West, immediately took the floor to defend himself against the accusations. Papy said he had told both his accusers only that "I've heard they are offering \$100 for a vote against this bill" and informed them that his interest in opposition to the measure was sincere.

The Key West merchant said, "I don't need any money. I have got work I've made a success and I'm a retired man in a very young age."

Odham, referring to Papy as "this unscrupulous crook," told the same story he had related to newspapermen earlier about being offered first \$200 and then \$500 and a case of Scotch whiskey to vote against the bill or to refrain from voting. Only this time he inserted the name he had withheld previously.

Papy flatly denied he had talked to Odham when the young Sanford (Continued on Page Six)

Dr. J.B. Root Elected President Of Teachers Club

The Seminole Teachers Club elected Dr. J. B. Root as president to succeed R. T. Milwee at a meeting held Friday evening at the Junior High School.

Need for continuous professional advancement upon which basis the Legislature should allocate funds for teachers' salaries was stressed by Supt. T. W. Lawton in a talk to the teachers. This advancement is based on securing of new degrees through study, he said.

The teachers' fund for Seminole County although augmented by \$31,000 of 1946 Income Commission funds plus \$44,000 for this year, together with the state allocated transportation fund, will fall from \$46,000 to \$29,000 short of expenditures on teachers' salaries for the fiscal year, Mr. Lawton predicted.

Mrs. Frances Stine was elected as vice-president of the club and Miss Ernestine North as secretary. "That is not good business."

It was announced that Mrs. E. Russell is retiring after 22 years of teaching at the Southside Primary School. She has been teaching the fourth grade, Mrs. J. C. Mitchell, principal of the school, presented Mrs. Russell with a bouquet on behalf of the club.

Three school supervisors, Mrs. Ruth Hand (education), Mrs. Mildred Babcock, art and Mrs. Escar Price, music, were commended by Supt. Lawton for their work.

Nitti Confers With Political Leaders

ROME, May 19, (AP)—Rome newspapers said today that premier-designate Francesco Saverio Nititi probably would be able to say by tonight whether he could form a new Italian government.

Nitti conferred this morning with Communist, Socialist and Christian Democratic leaders. There was no reliable information as to what posts the major parties were seeking.

COMMISSION MEET

The Sanford City Commission will meet Tuesday evening in executive session, Mayor H. J. Galt announced today.

SELKS' PRESIDENT

TAMPA, May 19, (AP)—Cullen H. Tallon, Daytona Beach postmaster, was elected president of the Florida State Elks Association at its annual convention today. He succeeds James A. Dunn of Miami.

W.O.W. MEET
