ON THE WAY UP

Four years out of college... assistant to a department head... the junior executive considered most likely to succeed.  
Fifteen years from now—or twenty—do you think he'll be president of the company?  
We haven't the slightest idea. All we know is that, right now, he's on the way up.  
Many things determine a man's potential for positions of responsibility and trust; one of them is character.  
Character isn't easy to define—it is much easier to recognize.  
This man goes to church every Sunday... not because he is seeking character... but because he is seeking God.  
And the people who know him best figure that is one of the clearest marks of his character.

## Woods Fire Warning Issued

FOREST FIRES plagued South Seminole Sunday. This one near Tusawilla Road burned 75 acres and took seven hours to subdue. (Herald Photo)

It sounded good when we reported that Seminole motels are booked solid because of the heat fishing and the Daytona races... but we found we "goofed." It was only a temporary booking as the result of a spot survey. "Bookings are good," say the motel owners, "but we can accommodate anyone who comes in."

The Orange-Seminole-Osceola Joint Planning Commission's plan recommended last Friday to Seminole County that it should expand its park facilities, especially Big Tree Park. Seminole County's own long range recreation planning committee—Fred Gattas, chairman—made the same recommendation to county commissioners four years ago.

## State Educators Updating Survey

By MARJORIE GREEN  
Smoke filled South Seminole Sunday as forest and brush fires fanned by the wind kept firefighters busy into the night. County Ranger Jim Marquis said the team is updating an existing Seminole County school facilities survey.

The team will meet in the School Board room with Supt. William Phillips and his staff, said Walter Teague, administrative aide for Seminole County schools.

The team is composed of seven educators from the State Department of Education and various counties in the state. This group will determine needs for the next five years, and how much money the county will ask for in a bond issue in the May primary election.

## CofC Drive Set Tuesday

A "one-punch" membership drive will be conducted by the Seminole County Chamber of Commerce with a kick-off drive at 8 a. m. tomorrow at the Sanford Civic Center.

Cecile P. Heard, Sanford postmaster, heads a team comprised of captains Charles Robinson, William Hemphill, Arthur Jewett Jr., John Mercer and Scott Burns.

Robert Bessner, Seminole Memorial Hospital administrator, heads a second team including captain Clyde Robertson, Gordon Bradley, Garnett White, Ralph Pezold and Clyde Long.

Ned Julian captains a team for the Oviedo area and Julian Stensom for the Casselberry area.

## Oviedo Moves To Sell Bonds

Resolution to put the machinery in motion for the sale of \$200,000 plus worth of bonds for the City of Oviedo, was adopted at the meeting of the City Council at 7:30 p. m. today at City Hall.

Council Chairman W. H. Martin said today work on the water system is proceeding on schedule.

Other items of business on the agenda include adoption of a franchise with Southern Bell Telephone Co. and scheduling of a work session to continue discussion of revising ordinances to comply with the new charter.

## Rangers Offer Aid

By JANE CASSELLBERRY  
County Ranger James Marquis has appealed to residents to take precautions to protect their property from woods fires in the face of the threat of expected drought conditions and windy weather, which may result later in a ban on burning.

The Florida Forest Service men and equipment are available to assist property owners in control burning and plowing fire lines.

## Brush Fires Sweep County

Fifteen minutes of free blowing are usually sufficient to cut fire lines around 10-20 acres, Marquis reports. After that, the charge is \$10 an hour for the big tractor and \$8 for the small one.

There is no charge for control burning.

Only seven tenths inches of rain were recorded by the Forest Service in the county during January as compared to two inches during the same period last year. The weather here is predicting a below average rainfall this spring.

Residents are also warned to use extreme caution in burning trash, burning only in a barrel with a screen over the top.

## County's Attitude On Public Utilities: 'All Or Nothing'

By DONNA EYTES  
"All or nothing" is the attitude taken by the Board of County Commissioners concerning proposed local bills to place regulating of private utilities in the county under the Florida Public Service Commission.

Commission Chairman John Alexander reported to the Board that the Board, following a conference with County Attorney Harold Johnson on his recent meeting with members of the legislative delegation, has indicated that if the legislative delegation will not place regulating of all utilities of 25 or more customers in the hands of the PSC, then it would prefer to regulate all utilities itself.

## Record Sales Hit By Sheriff

The sheriff's department has received indications that a "fly-by-night" organization is circulating throughout the County, selling records door to door.

Those people go under the name of All State Record Distributors, Orlando. A salesman will sell a casset on the idea of a Top Gun Best Seller package. He will take a deposit, shortly thereafter records will be delivered to the individual and the balance of the amount due demanded.

## Courthouse Schematics Up Again

Schematics for the proposed courthouse for Seminole County are expected to be approved at the meeting of the Board of County Commissioners at 9 a. m. Tuesday.

In the past week since the preliminary plans were presented to the Board by John Burton IV, architect of the project, meetings have been held with department heads and Burton to work out problems with space allocations.

Bids are expected to be let for the new \$2 million first phase of the facility within six months after approval of the schematics.

Other items of business on the lengthy agenda include discussion of report on county road operations, report on speed limits for five county roads and report from Commissioner W. Lawrence Swafford on alleged zoning violations.

Bids on recreational facilities materials are scheduled to be opened at 11 a. m. and public hearings on zoning changes are also planned for that time.

THOMAS D. FRIDDLE, of Longwood, was fatally injured late Friday when his automobile (above) and a Seaboard Coast Line freight train collided at SR 434. (Herald Photo)

## Two Seminole Men Die In Weekend Accidents

Two Seminole County men were killed in separate traffic accidents over the weekend.

Dead are Thomas D. Friddle, 46, of Longwood, and Harry B. Starr, 63, of Altamonte Springs. Friddle was the driver of a 1964 Ford 2-door hardtop which was involved in a collision with a northbound train at the Sandal Springs railroad crossing on State Road 434.

Friddle was removed from the wreckage with multiple injuries, and taken to the Florida Sanatorium and Hospital by Niblack's Ambulance Service. A heart massage operation was performed on the victim for approximately 20 minutes but he was pronounced dead by the Orange County coroner at 12:35 a. m.

The investigating officer is Dale and Willie, all of Montevideo. Friddle was a resident of 1200 Lorranan Circle in Longwood and was currently working as a weekend security guard in Plymouth. He was a retired chief petty officer from the U. S. Navy and came to Longwood seven years ago from Quantico Point, R. I. He was a member of the Sanford First Reserve and attended Meashah Lutheran Church in Casselberry.

Survivors are his wife, Mrs. Darlene Friddle, a son, Thomas Bryan, and a daughter, Gayle Rose, all of Longwood; a brother, Carey, of Greenboro, N. C., and four sisters, Mrs. Ruby Wilson of Stokeland, N. C., Mrs. Ira Jones of Greenboro, N. C., Virginia Sabha of Norfolk, Va., and Mrs. Joy Dickson of Alexandria, La.

Memorial services will be at 2:30 p. m. Tuesday at Sanford Naval Air Station chapel with Chaplain Roy Fullilove officiating. Burial services will be Wednesday afternoon in Marietta National Cemetery, where a son, Army SSG Glenn Mark Friddle, who was killed in August in Vietnam, is also buried. Greenbow Funeral Home is in charge of local arrangements.

## Pre-Trial

Pre-trial conference in the damage suit brought by Enoch Smith against Seminole County and Seminole Memorial Hospital is scheduled for 11 a. m. this Friday.

The conference is the expected final step before the suit goes to trial. Smith has charged negligence by the hospital while he was a patient there which resulted in his suffering extensive burns.

**NEW CHEF**  
North Orlando Village Council will administer the official oath of office to Thomas R. Hennigan, new police chief, at today's 7:30 p. m. meeting in the village offices.

Routine business matters and reports are only other items on the agenda, according to Mrs. Helen Green, village clerk.

# 'Pueblo' Return Pact Denied

WASHINGTON (AP) — An agreement has been reached for the return of the Pueblo to the United States, but the return of the ship to the United States is being denied.

The agreement was reached after a series of negotiations between the United States and North Korea. The Pueblo was captured by North Korean forces in January 1968.

The United States has agreed to return the ship to North Korea, but North Korea has refused to return the crew members. The United States has also agreed to return the ship to North Korea, but North Korea has refused to return the crew members.

WASHINGTON (AP) — The Pueblo, a U.S. Navy intelligence ship, was captured by North Korean forces in January 1968. The ship was carrying a crew of 83 men.

The United States has agreed to return the ship to North Korea, but North Korea has refused to return the crew members. The United States has also agreed to return the ship to North Korea, but North Korea has refused to return the crew members.

# Demo Blasts Fellow Solons

TALLAHASSEE (AP) — Supporters of the 1977 constitutional amendment blasted fellow legislators today for opposing the measure.

The amendment would give the governor the power to appoint and remove judges. Supporters argue that this is necessary to ensure the independence of the judiciary.

# Teachers Give New Warning

TALLAHASSEE (AP) — Florida legislators moved today to pass a law that would give teachers a new warning before they can be removed from their jobs.

The law would require that teachers be given a written warning and a chance to improve before they can be fired. This is a significant change from the current law.

# Senate's No. 1 Dove Attacked By Marine

WASHINGTON (AP) — Sen. W. Fulbright, who has been called the Senate's No. 1 dove, was attacked today by a Marine officer who says he is unwilling to accept anything short of victory.

The Marine officer, who is a member of the Senate's Foreign Relations Committee, accused Fulbright of being a traitor to the United States.

# Sugar Beet Worm vs. 'Love Bug'

WASHINGTON (AP) — When the love bug bites the sugar beet worm from now on it could be the death of him.

Scientists reported today that the love bug bites the sugar beet worm, which is a major pest of sugar beets. The love bug is a small, black insect that is found in large numbers in the Midwest.

# Lettery Drive Closed-Milliot

ALOMA (AP) — An investigation begun about six months ago, through State Attorney Donald Kall's office, came to a close last Saturday afternoon with the arrest of three persons for violation of State Lottery Laws.

The arrested individuals were Russell Smith, Stanley Smith and his wife, Donna Joan Smith, 5216 Newhall Street, Orange County. The arrests were made at the apartment of Russell Smith, 300

# The Political Scene

**Nixon, Romney Engage In Hand-To-Hand Fight**

WASHINGTON (AP) — Richard M. Nixon and Ronald Reagan engaged in a hand-to-hand political fight today in a speech to Congress.

Nixon, the Republican incumbent, and Reagan, the conservative Republican challenger, both criticized the Democratic administration's handling of the Vietnam War.

# Solon's Son, E. J. Gurney, Ends Life

NEW SMYRNA BEACH (AP) — A self-inflicted bullet wound in the forehead Saturday caused the death of the 22-year-old son of Rep. Edward J. Gurney, R-Fla.

The body was found in a small van, converted into a camper, in a desolate area south of New Smyrna Beach, officials said.

# Oviedo's Lions Are Still Sizzling Hot!

BY LARRY HEBBLE  
Sports Staff

The last year of the mighty Oviedo Lions added twice over the weekend as they cruised to their seventh and eighth straight victories, Friday night, the Lions surprised the century mark as they rolled over the Black Knights of Florida Military 46 points on Saturday night. A fourth quarter upsurge enabled the Lions to spread the Wildwood 76-66.

Elmer Harper, Oviedo's all-around athlete and Central Florida's leading career scorer, led the offensive effort for the Lions with 46 points Friday night and 36 Saturday. All five of the seven points were scored in the fourth quarter.

Phillip Walker pumped in 18 points in Friday night's effort in addition to Harper's 46-point output with Olin Wilson scoring 14 points. Joe McClain and Roy Johnson also were in double figures with an even 12 points each. Jimmy Harrison, Oviedo's boy attending Florida Military, led the Black Knights in scoring with 16 points.

It was a complete comeback for the Lions with four scoring enough points for double figures on Saturday night's contest.

Phillip Walker pumped in 18 points in Friday night's effort in addition to Harper's 46-point output with Olin Wilson scoring 14 points. Joe McClain and Roy Johnson also were in double figures with an even 12 points each. Jimmy Harrison, Oviedo's boy attending Florida Military, led the Black Knights in scoring with 16 points.

## Young-May Split Kegler's Tourney

A first place tie developed between Jay Young of Deland and Bob May of Sanford in the 10 game marathon bowling tournament at Jet Lakes this past Friday when both of the leaders rolled a 210 in their final hand.

In all, there were 40 bowlers competing for the seven prize pay off positions with the top two places paying \$67 each to Young and May.

Doug Owens was only three pins out of the top spot with a 3101 series score for \$37, followed by Len Clark and Ken Lewis, John Beag and Jun Harlan as money winners in this tournament.

There was also an individual game payoff for each of the 10 games based on the scratch score.

In winning their top positions, May carried a handicap of 270 and rolled a 210 as his high individual scratch effort.

In the meantime, Young with a 300 handicap, started strong in his first four games with scores of 236, 236, 234 and 204.

Of the forty entries, there were four women competing, Marie Hester, Mary Ann Owens, Jane Aducci, and Marjorie Augusto. Another marriage is planned to be run in three weeks.

# Cox-Too Good! It's Happened Again!!

By WALTER HESTLIE  
Sports Staff

It took Deland 12 foul shots in the last quarter to do it, but the Bulldogs managed their two year jinx over the Lyman Greyhounds Friday night, 80-68.

The game was much closer than the final score indicates. The game was tied at the half, and Lyman led during much of the third period. Deland held onto a four point lead through the fourth quarter and then sprang ahead in the final 10 minutes when Lyman was forced into frantic fouling.

The Seminoles team had their troubles in the opening minutes of play as the S. J. team moved out to a 3-0 lead and Lyman led during much of the third period. Deland held onto a four point lead through the fourth quarter and then sprang ahead in the final 10 minutes when Lyman was forced into frantic fouling.

Deland super senior Bob Bradley drew his fifth foul in the third quarter. Lyman was penalized 25 times while Deland was hit with only 20 personal fouls.

The first quarter opened slowly as each squad tested the other. Deland popped in six field goals but was unable to score at the charity stripe, while Lyman was the opposite, hitting only once from the court but collecting six field goals. Deland took a 10-4 lead at the end of the first quarter.

Senior guard Mike Hargis sunk 20 points for Lyman as the Bulldogs record dropped to 10-4. Deland now stands 16-3. Lyman was slightly more accurate on shooting, but the Bulldogs earned more shots and used the advantage to take the win.

On the backcourt Deland's talented center set back the Bulldogs 41-29. Cox nabbed 12, while "Big" Bruce Stuart grabbed eight for Lyman.

Throughout the first three quarters Deland was in foul trouble, but the last period turned the tables when Lyman stars, Hargis and Stuart, along with Rob Means fouled out.

## Seminole Hold Off Big Cowboy Surge

The Sanford Seminoles High Seminoles came back in the second quarter to move into the lead and then held off a fourth quarter rally to roll to 69-60 win over the Ocala Cowboys here Friday night.

The Seminoles were held behind 16-16 in the first period came back in the second quarter to lead the shooting of Bill Westbrook and Rick Forthman to take a 26-16 lead to the locker room.

The Cowboys played determined basketball all through the contest but the unshrinking Seminoles cracked a man to man defense to usher themselves to their 12th win of the season.

Bob Lamquist, 5'10" guard for the Seminoles added 20 points to his tally. Westbrook, 6'7" forward, added 15 points to his tally. Forthman, 6'7" forward, added 15 points to his tally.

The fourth quarter almost proved to be the downfall of the swift S.H.S. team as the Kowboys' defense kept the Seminoles from scoring on the verge of sending the game into overtime when time ran out.

The Seminoles tried to contain the Kowboy offense in the fourth quarter by passing the ball off and around to run out the clock. This proved unsuccessful as the Kowboys kept control long enough to assure themselves of the win.

Throughout the first three quarters Deland was in foul trouble, but the last period turned the tables when Lyman stars, Hargis and Stuart, along with Rob Means fouled out.

## Daytona Knocks Crooms

By L. R. SPALLS  
Sports Staff

Daytona Beach Campbell struck to a six-point lead for six minutes remaining in the game and successfully employed their "pass and dribble" defensive tactic to deny Crooms possession of the ball while time was rapidly expiring.

The anxious Panthers aggressive attempt to win the game was foiled by the Seminoles' defense. The Seminoles' defense kept the Seminoles from scoring on the verge of sending the game into overtime when time ran out.

## Porsche-One, Two, Three...

DAYTONA BEACH, Fla. (AP) — If this isn't the year of the Porsche in international sports car racing, some better step forward quickly with news and faster machinery than they showed in the 24 Hours of Daytona season opener.

Forche's 1-2-3 finish and distinguished record of giving five drivers turns in the winning car Sunday night, is a new and durable German car are on top of the heap heading into the 12-hour Sebring race March 23.

"We will have a slightly different car at Sebring," said Hans Herrmann of Germany who drove the second place car with Jo Siffert of Switzerland and also took a brief turn in the eventual winner. "It will be the same engine but a slightly stronger body."

Alfa Romeo of Italy, whose three small car entries at Daytona finished fifth, sixth and seventh, is reportedly ready to unveil a bigger, three-liter engine at Sebring.

"We have always had competition," says Porsche manager Heusche Von Hanstein's reaction. "He admitted Porsche, too, is working on a larger engine than the 2.2-liter used in its three-car victory sweep. But it won't be time to see them until the month of May for any of the races on this year's international calendar.

While there, an American crowd of 23,867 watched \$128,844 for the 11-hour program. The previous high for a daylight out event was set when the handle hit \$111,984 on a Saturday afternoon.

At least two track records are in danger this week—heralded name and the 7/10th mile. The Seminoles won the 1000 yard course mark already last Sunday when they won and still own the 2000 yard mark.

At least two track records are in danger this week—heralded name and the 7/10th mile. The Seminoles won the 1000 yard course mark already last Sunday when they won and still own the 2000 yard mark.

# Raiders Blast St. Johns

By TOM ALEXANDER  
Sports Staff

Sanford's Raiders assured themselves a tie for first place in Division III as they rolled over St. Johns 37-15 Saturday night.

Earl Stokes, city forward of the Sanford center managed to flip in 10 points and along with the rest of the starting five hit the double figure mark. St. Johns was also unable to score.

Tommy Whelan was the only starter to score for the Raiders with 10 points and a rebound. The visiting Vikings also ran into trouble from Raider center Ed Bevanston, as he dropped in 13 points and was second in the rebounding department.

## UNDER THE BLUE ENSIGN

U. S. COAST GUARD AUXILIARY  
BILL JACOBS  
Division Public Relations Officer

BOAT OWNERS TAKE NOTICE

After Jan. 1, 1968, according to the Florida State Board of Conservation, owners of motorboats 10 or more h.p. must apply to the State Board of Conservation for a Certificate of Title.

After such date it is unlawful to operate a boat without a title proving ownership and a builder's number.

The Act also provides that liens against motorboats will not be enforceable in Florida Courts unless recorded with the State, so that they can be noted on the certificate of title.

Further information may be had by writing to Harold Parr, Administrative Assistant of the Board of Conservation, 107 West Gates Street, Tallahassee, or call Curt Dunaway at 322-7671. Curt is Training Officer of Florida's U. S. Coast Guard Auxiliary in Sanford.

## Rudy Partin's Still Leading

Rudy Partin's victory managed only one runner behind him last week at the Sanford, Orlando Kennel Club will lead the kennel managed to hang onto the lead for the track championship.

Partin now has 25 victories for the most with Francis Paul Jimini and Cecil Austin are tied for second with 21 each.

Don Abernathy and Paul Stone had the best of it for the week's action—Abernathy scoring six wins and Stone eight.

Both speedsters were a pair of Grade A winners. Abernathy collected three Grade A winners last season when the handle hit \$111,984 on a Saturday afternoon.

At least two track records are in danger this week—heralded name and the 7/10th mile. The Seminoles won the 1000 yard course mark already last Sunday when they won and still own the 2000 yard mark.

# Norman Wins Mayfair

Although he's an excellent artist, the only one pulled from his long yesterday was in his straight one in his roping rodeo.

Tommy Whelan was the only starter to score for the Raiders with 10 points and a rebound. The visiting Vikings also ran into trouble from Raider center Ed Bevanston, as he dropped in 13 points and was second in the rebounding department.

## Arnie Wins Hope Classic In Playoff

PARM SPHIMMS, Cliff Adams, who asked too much, but Deane Benson, a former two-time U.S. amateur golf champion and a sophomore in college, was the victor in the 12-year history of the Hope Classic in a playoff Sunday.

Arnie won the playoff 3-2 over Benson. The playoff was held at the Hope Country Club in Hope, Ark.

Cliff Adams, who asked too much, but Deane Benson, a former two-time U.S. amateur golf champion and a sophomore in college, was the victor in the 12-year history of the Hope Classic in a playoff Sunday.

## Knickerbockers Had Lots Of It

BOSTON (AP) — The New York Knickerbockers had faith once again today in the old adage: "If at first you don't succeed, try, try again."

The Knicks staged a dramatic comeback, behind rookie Walt Frazier and Bill Bradley, to beat Boston 110-108 for their first victory since Dec. 22, 1962.

"We've been in the playoffs last year, but you still might call it a long haul," said New York Coach Red Holman said.

The Knicks had lost 25 straight National Basketball Association games in Boston except for the playoff triumph last season.

In other NBA games Sunday, Philadelphia doubled San Francisco 141-117 to open up a 3 1/2 game lead over second place Boston in the Eastern Division.

Philadelphia broke open a close game in the third period and coasted home behind the scoring of Hal Greer, 29, and Cliff Walker, 27. Bill Chamberlain, 19, had 19 points to the Philadelphians and handed out 16 assists. Rudy Lattin led San Francisco with 25.

Don Ohl spotted the St. Louis victory, scoring 12 of his 18 points in the fourth quarter. Len Wilkens led St. Louis with 20 points and 10 rebounds.

# Marijuana Plentiful At SFU - Coed

TAMPA (AP)—An 18-year-old coed says marijuana is so easily obtained on the campus of the University of South Florida that she is dropping out.

And school officials and the Hillsborough County sheriff's department are apparently at odds over what to do about it.

In a taped interview, the coed told the Tampa Tribune that her sales of marijuana have been influenced by a glut on the "market" this quarter.

"It's gotten pretty hot since Christmas," the girl said. "Everybody went home and found how easy it is to get, and they all brought back just tons of it."

She said, "The university is flooded with it now and the market has gone down a lot."

The girl said the price she has been able to get for the weed has fallen off from \$35 to \$18 an ounce. She said she pays \$3 an ounce to wholesalers.

Much of it is homegrown in Florida, she said, and a lot of it comes from Vietnam by way of returning war veterans.

She said GI, whose duffel bags escape customs inspections, have brought back as much as 300 pounds of marijuana for resale to friends on campus.

Sheriff Malcolm Beard said relations between law enforcement and school officials have been strained because "the impression has been given by persons in responsible positions that the university is a sanctuary as far as law enforcement is concerned."

After a recent forum at the university on "Why Not Put" State Attorney Paul Ashford said he told USF President John Allen "extremely undercover work" would be conducted at the school.

Allen said he had heard rumors of marijuana activities on campus, but found little of which to act. He added that it would be unrealistic to assume there is an experimentation among young people in an academic community exceeding 10,000.

In Hue, South Vietnamese planes bombed the walls of the ancient citadel Sunday in an unsuccessful attempt to open a breach for assaulting infantrymen. A low mist kept the planes away this morning but U.S. 7th Fleet fighters off shore joined the battle for the first time, firing at enemy positions with their eight-inch guns.

Allied forces claim they have killed nearly 1,200 enemy soldiers in the Hue fighting. U.S. Marine casualties there are estimated at 35 killed and 230 wounded so far, and a dozen U.S. civilians still are not accounted for.

Field reports said one South Vietnamese military hospital in Hue had 1,000 casualties including both government soldiers and civilians.

Lengel said U.S. Marines broke through a house where 39 U.S. Army and Air Force men had been trapped for five days and some of the 39 were hurt.

Salgon appeared almost normal for a while Sunday, with Vietnamese women, including food vendors resuming business, but Viet Cong troops were attacking government forces in the city today. Some government troops set up machine guns on roof tops and fired up and down alleys and into buildings.

The heaviest fighting was taking place near the International Convention Center, surrounded by four blocks from the central market place. Thousands of civilians were evacuated from the area.

Upwards of 500 Viet Cong troops were believed still in Saigon and there were reports of "second wave" enemy battalions outside the capital, where fighting began Wednesday. The government's curfew included orders for soldiers to shoot anyone on the streets after 7 p.m.

Vice President Nguyen Cao Ky told a news conference the Viet Cong still have three uncommitted regiments near Saigon and he expects another attack on the capital "within the next few days."

If the three regiments are at full strength, this would provide 7,500 men for new assaults. Allied authorities estimate that about 4,500 soldiers slipped into Saigon to unleash the first attack on Wednesday.

# U.S. Ready For Reds At Khe Sanh

SAIGON (AP)—U.S. Marines drove back 300 to 350 North Vietnamese troops who attacked a hill overlooking the northwest frontier fortress at Khe Sanh, Meadeville, Monday.

Street fighting continued in Saigon, Hue and other targets of the Viet Cong offensive against the U.S.

It was too early to know whether the 31-hour ground assault on Hill 90A, accompanied by a heavy artillery attack on the northern sector "to be prepared for any contingency."

Since the first of the year, the U.S. Command has shifted about 8,000 Army troops to the northern sector to back up 40,000 Marines already there. Intelligence officers estimate at least 32,000 North Vietnamese troops are massed in the frontier region.

The North Vietnamese attacked a Marine company holding Hill 90A with Bangalore torpedoes, explosive charges and bazooka-type rockets. The hill is a bald patch of scorched earth that dominates the northwest approach to the Khe Sanh Marine base three miles away.

AP correspondent John T. Wheeler, with the Marines at Khe Sanh, reported that the Leathernecks crushed the attack with the help of artillery and jet air strikes that sent the Communist assault waves reeling back.

Six North Vietnamese bodies were found inside the company's perimeter and about 150 more were just outside. The Marines also reported capturing two prisoners and 64 weapons. The company defending the hill reported seven Marines killed and 24 wounded.

Wheeler said that during the battle Communist gunners fired more than 300 rounds of rockets and artillery on the main Khe Sanh base 16 miles below the demilitarized zone, the airstrip and other hill positions three miles from the base.

A U.S. spokesman in Saigon said the assault "looks like probing attack to test our defenses."

U.S. B-52 bombers flew six raids Sunday and today in support of the 4,000 Marines at Khe Sanh, who face an estimated 30,000 North Vietnamese soldiers. U.S. commanders feel that if the Communists can push through Khe Sanh, they could move on through the Quang Tri and Cam Lo Valleys 30 miles into Quang Tri, capital of South Vietnam's northernmost province.

The U.S. Command said the Communists have lost 18,078 men killed since launching the cities campaign last Tuesday. It said 1,477 allied soldiers have been killed, 471 of them Americans.

British Sub Visits Cape  
CAPE KENNEDY, Fla. (AP)—Britain's first Polaris firing submarine was at Cape Kennedy today, preparing to fire two missiles down the Atlantic missile range.

The sub, the HMS Resolution, arrived Sunday to the use of a barge of the Royal Scots Greys. The barge, Lance Corporal David Cairns, piped out "God Save the Queen" and "Highland Laddie" as the submarine docked.

RETURNS from annual March of Dimes "Mothers' Match" in South Seminole area were counted in Longwood by (seated, from left) Mrs. Arlene Barnes, Mothers' Match chairman; Mrs. Virginia Bosch, March of Dimes chairman; North Orlando chairman, and Longwood Police Chief Jerry Pierce. Approximately \$700 came in from the area with total county-wide returns still being received. (Herald Photo)

**Free-Spending Tourist Major Target Of Solons**

WASHINGTON (AP)—The wide-spread, two-week-long U.S. tourist is a major target at Congress is urged to plug at least partially the outflow of dollars that reached some \$3.1 billion last year.

House Republican Leader Henry H. Fowler heads a delegation of officials to appear before the House Ways and Means Committee today seeking additional legislation for parts of President Johnson's program to cut the payments imbalance by \$3 billion.

For some measures, such as restrictions on investment abroad, the authority is already on the books. But the administration is seeking legal tools to trim the tourist outflow by \$300 million.

Details of the proposal have been guarded, but it is believed to include an excise tax on tickets for overseas travel and a tax on tourist spending, probably with an exemption intended to help low-budget travelers like students and teachers, and probably exempting travel in the Western Hemisphere.

Some tax arrangements intended to stimulate exports and discourage imports also may be proposed.

Congress' initial reaction seemed to be that the travel tax would be a second dose of little medicine after the still unswayed proposal for an income tax hike.

But Chairman Wilbur D. Mills of the House Ways and Means Committee, which has reported twice the tax increase while demanding more spending cuts, has shown himself more favorable at least to the principle of the balance-of-payments program.

Structure  
1,000 Years  
JERUSALEM (AP)—Israeli archaeologists digging under the West Wall have uncovered a 1st century B.C. structure which may have housed a synagogue about 1,000 years ago.

The building appears to have had square arched ceilings. Government archaeologists who found only the top of the structure decided to continue digging until the entire structure was uncovered. Old books had mentioned a structure in the West Wall but it had been thought to be a synagogue at the site.

The archaeologists said they could also attempt to uncover the lower levels of wall under some of the West Wall has been excavated.

Colorful wooden candles have been placed in front of the library to keep the public informed of current totals in the building fund.

### Young Women Keeps Him On His Toes

BOSTON (AP) — Walter Jacobson, 71, who made a living for 53 years playing piano for strippers, divas and ballerinas, says his constant contact with young women has kept him young.

"When you're around young women like that all the time, well, it keeps you on your toes," Jacobson is a "business piano player." Since 1914 he's played piano around Boston for anybody who wanted him—bullet schools, grand opera companies, hotels, burlesque.

One of his first jobs was in the pit at the Old Howard in Boston's seedy, lawdy Scollay Square, pounding out the music for the strippers' bumps and grinds.

"There was nothing wrong with burlesque," he says. "Nothing was shown that shouldn't be shown. The mini skirts are a darn sight more disgraceful than the old burlesque shows."

"The shows were always the same," he recalls. "First there would be the stripper, then the comic and the straight man, then the stripper and the comic again. They'd alternate between the two. And that was the show."

### VFD Women To Meet

General membership meeting of the auxiliary to the Delany Volunteer Firemen's Association will be held at 7 p.m. Thursday in the Firemen's Recreation Hall.

At meeting of the executive board, it was reported that the ways and means committee has sent out some 200 annual activities calendars to members. Enclosed with each was a "Christmas Stocking" in which monthly donations will be deposited until November. Mrs. William Ogden is chairman of the committee. Assisting her in sending out the calendars were Mrs. Thomas Morrison, Mrs. Harry Freeman, Mrs. Charles Meeking, Mrs. Frank Klepper and Mrs. William West.

Mrs. Otto Hartwig, program chairman, announced that Mrs. Pearson Little, Americanism chairman, will be in charge of a program on Lincoln and Washington at Thursday's meeting.

### Geneva PTO

Monthly meeting of the Geneva Parent-Teacher Organization will be at 7:30 p.m. Tuesday in the school auditorium. Guest speaker will be Charles Kampff, president of the association for the Little Red School House for mentally retarded children in Sanford, who will give a discussion on exceptional children.

state's 200,000 hotel and motel units plus more modern business buildings, the construction industry will move off a state-wide dead center in a hurry.

Unemployment in the state was a little higher in late 1965 than it was the year before but at 2.3 per cent of the work force in October, the latest available, it was well below the national rate of about 4 per cent.

Although few figures are available yet for all of 1965, reliable estimates based on partial data indicate Florida's economy continued the steady pattern of improvement established in the second half of the year after the drastic boom of the late 1950's.

## Nigerian Women Demand Equal Rights

LAGOS, Nigeria (AP) — President Shibu Tsire is trying to persuade Nigerian males to marry only one wife.

It's an idea unlikely to spread in Nigeria, West Africa's largest Moslem country. In fact, in Nigeria there is even a whisper of support for the female version of marriage, polyandry.

"Wake up fellow women and let us march to freedom," a determined feminist has written in the *Dashin* newspaper, *Daily Sketch*. "Let us show our male counterparts that we are also capable of managing and directing them... polyandry is the only answer."

Similar letters have appeared in other newspapers.

Polyandry is common in Nigeria where about 13 million Moslem males are allowed four spouses by the Koran and where non-Moslem tribes observe traditions of many wives.

The practice is common enough to inspire the first automobile manufacturer to advertise a new compact model as exactly what "a man with four wives needs." The maker claims the compact "is big enough to seat yourself and four women in complete comfort."

Women with several husbands are hard to find.

The *Dashin* letter writer, lamenting the sad state of women in Nigeria, said, "Perhaps it would be a happier life if the women were to have more than one husband instead of the men having many wives."

"I am not advocating that all these husbands should stay under the same roof because I know this will not be practical—the woman may live alone. All she has to do is to rotate her husbands as to whom should spend the night with her and on what day."

By a quirk of British colonial law, bigamy actually is illegal in Nigeria.

Persons who marry at the registry, the same as British civil marriage, are subject to laws of bigamy. Persons who marry according to numerous, different tribal laws are not. Customary marriages far outnumber registry marriages.

"Marriage according to the Marriage Ordinance is very African," a newspaper columnist, Bid Bamigbetan, recently wrote. "I think that when a couple sign the marriage registry and contract to love each other for better or worse, it is like signing one's death warrant... The truth is that men are polygamous by nature."

Possessing several wives is acceptable, especially in the six Northern states where about 21 million of Nigeria's 28 million Moslems live (of a total population of 8 million). A Northern newspaper, the *New Nigerian*, recently published on its society page the photo of two wives of an eminent citizen sitting side by side, each displaying her new infant, born a week apart.

The custom of marrying several women goes back to farm society when a man, needing all the help he could get for his crops, married 12. Herbert Ogunde and Kola Ogumola, two of Nigeria's most widely known actors, keep their troupe outfitted with leading ladies by marrying them all.

Polygamy also filled a need dictated by custom. A woman is likely to have nothing to do with her husband during her pregnancy and until she weans her child—a period of two years or more. The man solves his problem by finding another wife.

According to one male student: "A man having two wives can hardly get peace of mind, and can take but minor part in world affairs. If these wives are so jealous of each other, one may kill the other or the husband will die instead. And Africans keep dying in this way, how can they concentrate on their unity?"

### FLORIDA IS TO SEE.

This Florida environment of ours is a year-round haven for many of nature's most beautiful and unique achievements. Trees, shrubs, flowers in rich and colorful profusion... wildlife in a tropical array of brilliant colors and graceful forms. Florida's world of living beauty is a heritage of opportunity... an invitation to visitors and residents alike to pause... appreciate and DISCOVER FLORIDA.

At FPL, we constantly work to help preserve Florida's matchless natural beauty. Our Colonial Substation in Fort Myers is enhanced by colorful landscaping and a decorative concrete wall. The site, which has earned a beautification award from the Lee County Chamber of Commerce, is another example of our continuing program to maintain the appealing environment which awaits all who EXPLORE FLORIDA.

*The Roseate Spoonbill*

Although a year-round Florida resident, the roseate spoonbill rarely makes it an unusual sight. This brilliant bird and its nest are visible from the shore. Roseate spoonbills are found in large numbers along the coast and in the interior. They are particularly abundant in the coastal marshes and mangrove swamps of the Florida peninsula and in the mangrove swamps of the Gulf of Mexico.

## Miss Connie Lee Royer, M.A. Smith Married In Double Ring Ceremony

Miss Connie Lee Royer became the bride of Michael Alexander Smith Dec. 28 at 7 p.m. at the First Presbyterian Church, Vero Beach.

Rev. Virgil Bryant and Rev. Blair McCarvey officiated at the double ring, candlelight ceremony.

Mr. and Mrs. Donald D. Royer, the bride is the daughter of Mr. and Mrs. Alexander Smith.

The church was decorated with white gladioli, mums and carnations. Garlanded pines, flanked by two seven-branched candelabra, highlighted an arch adorned with two white mums and greenery.

Organist, Mrs. Blanche Medley, presented a program of nuptial selections and accompanied Mrs. G. B. Drake, who sang "I Love You Truly" and "Perfect Love." "White Ribbon" and "The Wedding Prayer."

The bride, given in marriage by her father, wore a formal length gown of white tulle and Chantilly lace featuring a fitted bodice overlaid with lace. Her long pointed sleeves and full length train were made of Chantilly lace.

Her fingertip veil of silk illusion fell from a cluster of white satin and lace trimmed with pearls and sequins. She carried a star shaped bouquet of pale pink roses centered with a removable orchid on a small white Bible.

Miss Colleen Royer, sister of the bride, was maid of honor. She wore a formal length gown of pink satin with the shocking pink bow fastened in the back with a large bow and a removable orchid on a small white Bible.

Mrs. Colleen Royer, sister of the bride, was maid of honor. She wore a formal length gown of pink satin with the shocking pink bow fastened in the back with a large bow and a removable orchid on a small white Bible.

### MR. AND MRS. MICHAEL ALEXANDER SMITH

casade bouquets of shocking pink carnations.

B. D. Baggs Jr., brother-in-law, carried the bride.

### Geneva Personals

By MRS. JOS. E. MATHEUX

It is with much concern that I report to you that Glen Horton Jr. is very seriously ill at the Semple Memorial Hospital. Little Glen is a member of the Methodist Church of this community along with his family and they have many friends in this area. Glen's dad is the manager of our new Winn Dixie store in Sanford.

It was like old times having Rev. Lee Barnes fill the pulpit at First Baptist Church Sunday. His lovely wife, Mary, accompanied him. It surely would be a lucky day for us if we can persuade Brother Barnes to return to us—however, let us not forget to say a big thank you to Rev. M. D. Jackson who has been like a daddy to us all while we are looking for a pastor and you know what, I miss the R. G. Keys, too, life does get tedious.

I don't know how many of my friends believe in miracles but I am telling you that I saw a miracle and not too far from home. Several night ago I changed to go into one of our local stores and happened to see a most lovely young girl standing near me, whereupon we greeted each other as people will when they meet (but not with a smile) and I was approaching I was puzzled as to the identity of the girl in question. I asked the young lady if she were Lucille Baxley, sister to which she replied that she was Lucille. I tell you that it was a miracle—there she stood without braces or any type of help and to know the suffering this child endured just a few months ago when she fell victim to a stroke and a crippling paralysis certainly leads me to believe that I have been witness to a miracle indeed!

Guests at the Methodist parsonage have been Mr. and Mrs. Maurice Walters of Kissimmee and Mr. and Mrs. Umbra Pierce of St. John's River. Mr. Ward tells me that she and the good person never know when some of their friends will drop in for a visit, long or short, and I reckon that is the reason for the recent addition to their lovely home. The trouble is that the wards have such a charity way of making a body feel so at home it's a wonder to me that they don't have permanent guests!

Mr. and Mrs. A. Dewey Smith are just returned from a trip to Auburndale to visit the Dewey's brother and sister-in-law, the Harry Smiths. Moseley is seriously ill at Winter Haven Hospital. The Smiths informed me that she is slightly improved, but still very ill. Speaking of the Dewey Smiths, recent guests at their home were Mr. and Mrs. John P. Poth, Jacksonville, Ohio. The Poths are friends of a long time.

I saw Mrs. Ethel Curtin the other day and am happy to say that she is much improved from the flu but a little lonesome for son and daughter-in-law, the Jack Curtins, who have returned to their home in Manilla. Cheer up "Miss Ethel" you still have me!

Brother-in-law Orle Matheux is almost "all well again" from a recent bout with the bug and is back at work.

While we are reporting the ill of the community I hear that Mrs. Daisy Williams is also down with a bad cold. Daisy is now living in Orlando at the San Juan Apartments. Why don't she drop her card?

Mr. and Mrs. Eric Swanson and Mrs. John Otton were the recent guests of my very dear pal, Mrs. Emma York.

While we are on the subject of pals, the big grin on my face indicates that two of my dearest friends, Walk and Anna Kettinger, are out of Seminole Memorial Hospital and are really doing as well as can be expected. So, now that we have the poetry out of the way, let's get down to what really matters. Changing things.

If you really believe you "must take them as they are," then perhaps you are afraid of rocking the boat in your own personal lake. Of course, it could be that you've missed the boat completely.

And now you want me to be a member of the Band Society? I simply cannot fill the membership requirements. Oh, you'd like to know why I cannot resign myself to taking things as they are? Well, how can I explain it? I'm certain you'd consider it just too square if I brought up obvious things such as penicillin and measles vaccine and heart transplant operations so I will not mention working for that kind of change.

Now, let's see. Perhaps it would be wise to remind you of those people who so believed in change for the better that they were willing to give up the lives they knew in order to journey across an uncharted ocean to a place called America.

Perhaps I'll just tell you about my son in the second grade who took a prying machine science book to school for the science table and how, to his dismay, it hatched in the warm room in the middle of winter instead of waiting until May.

When he wanted to call pet stores, I helped him look up numbers instead of saying "Forget it, it's hopeless!" He even talked with an entomologist before we gave up trying to find some way to feed those hundreds of little insects born too soon in a coffee jar.

Perhaps you think it cruel, not nothing that I'd be resigning myself to that I learned a far more important lesson.

Filter papers are now available for use in the top-of-the-range or the electric kind. The filters help keep coffee clear.

### We The Women:

By Betty Canary

I received an unsigned card today. On the front was a beautiful line drawing of a willow tree, reminiscent of the detail in a Chinese painting. And, inside, was written a quotation attributed to Confucius. Apparently the sender wished to soothe me with these words: "No lake so still but that it has its waves; no circle so perfect but that it has its blur. I would change things for you if I could; as I can't, you must take them as they are."

And, to you, dear card sender, I say, "Oh, no, I don't!"

Much as I'd like to take on the burden of change, there are a couple of details we can clear up here. I must point out that, literally, there are lakes without waves and that kind of stagnant pool has all the life choked from it. As far as a perfect circle goes, there are devices capable of drawing as many as 12 life lines. So, now that we have the poetry out of the way, let's get down to what really matters. Changing things.

If you really believe you "must take them as they are," then perhaps you are afraid of rocking the boat in your own personal lake. Of course, it could be that you've missed the boat completely.

And now you want me to be a member of the Band Society? I simply cannot fill the membership requirements. Oh, you'd like to know why I cannot resign myself to taking things as they are? Well, how can I explain it? I'm certain you'd consider it just too square if I brought up obvious things such as penicillin and measles vaccine and heart transplant operations so I will not mention working for that kind of change.

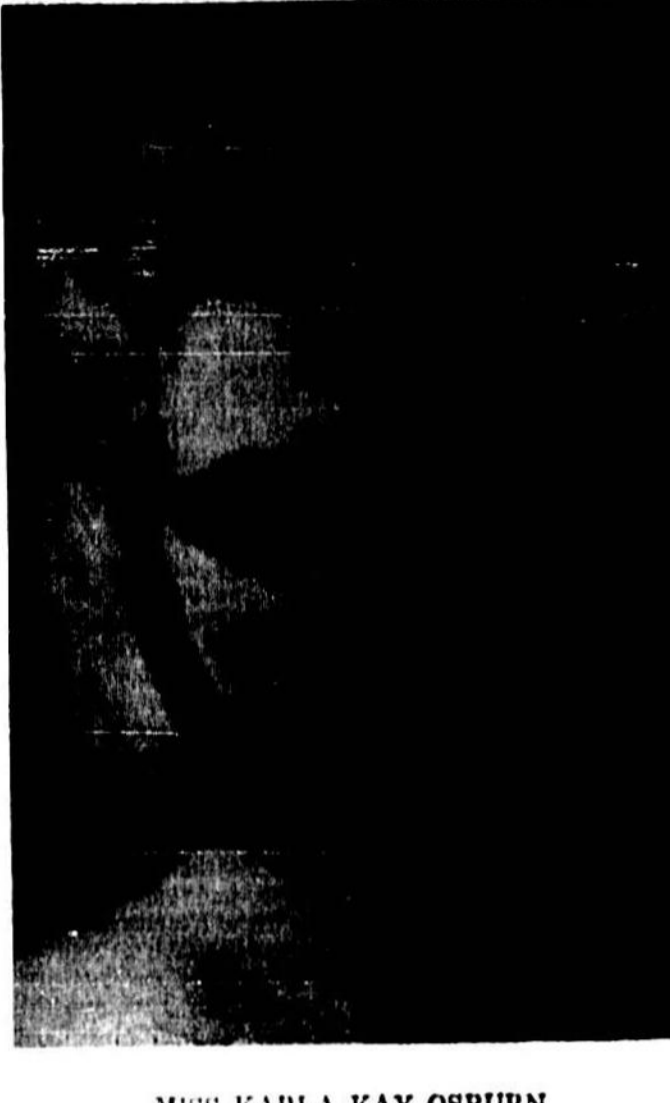

Now, let's see. Perhaps it would be wise to remind you of those people who so believed in change for the better that they were willing to give up the lives they knew in order to journey across an uncharted ocean to a place called America.

Perhaps I'll just tell you about my son in the second grade who took a prying machine science book to school for the science table and how, to his dismay, it hatched in the warm room in the middle of winter instead of waiting until May.

When he wanted to call pet stores, I helped him look up numbers instead of saying "Forget it, it's hopeless!" He even talked with an entomologist before we gave up trying to find some way to feed those hundreds of little insects born too soon in a coffee jar.

MISS KARLA KAY OSBURN

## Osburn-Flowers Engagement Told

Mr. and Mrs. Grant G. Osburn, 2401 Grandview Ave., Sanford, are announcing the engagement, and approaching marriage of their daughter, Miss Karla Kay Osburn, to Bobby Gene Flowers, son of Mr. and Mrs. Willie F. Flowers, of Kissimmee.

The bride-elect was born in Hockingport, Ohio, and attended Seminole County Schools. Mr. Flowers was born in Tampa and is a 1964 graduate of Osceola High School in Kissimmee. He is currently serving a tour of duty with the U. S. Navy, attached to NAS, Sanford. The marriage will be solemnized on April 13 at the Sanford Alliance Church at 7:30 p.m. and immediately following the ceremony a reception will be held at the Sanford Women's Club. All friends of the couple are invited.

The bride's mother wore a gown identical to those of the honor attendants. Ringbearer, Stephen Baggs, a nephew of the groom, carried a heart-shaped white satin pillow trimmed in lace and pink ribbon.

The bride's mother wore a mint green ensemble of fabric with matching accessories and a corsage of champagne carnations. The groom's mother wore an orange brocade taffeta ensemble with beige accessories and a champagne carnation corsage.

Immediately following the wedding the reception was held at the Church Hall. The tables, covered with white linen and white floral centerpieces and all-weather appointments. A four-tiered wedding cake, topped with bride and groom, was featured on the cake table.

The cake was cut and served by Mrs. B. D. Baggs and Mrs. Wilbur Hartman. Punch and coffee were poured by Mrs. Dennis Hall, Miss Rhonda Pierce and Mrs. Kathy Smith.

For her going away outfit the bride wore a lime green suit with matching accessories and the corsage from her bridal bouquet.

Following a wedding trip to Jamaica, the newlyweds are residing at 2014 Iroquois Ave., Sanford.

### Mrs. K. Hosack Guest Of Honor At Shower

By MRS. CLARENCE SVEDER

Mrs. Kenneth Hosack was the honored guest of a shower given by Mrs. Richard Brooke at the Educational Building of the Osceola Baptist Church.

The received many beautiful gifts, and refreshments of cake, nuts, minis, punch and coffee were served from a table centered with the traditional stork and baby, surrounded by greenery.

Attending were Mrs. Eva Williams, Mrs. Hugh Hawkins, Mrs. Guy Bell, Mrs. L. W. Jones, Mrs. Albert Clark, Mrs. Gerald Howell, Mrs. Janice Howell, Mrs. H. A. Stone, Mrs. H. B. Nixon, Mrs. Albert Pell, Mrs. Nolan Osteren and Miss Karen Osteren.

Also Mrs. Paul Brooke, Mrs. Richard Brooke, Miss Pam Brooke, Mrs. J. J. Redditt, Mrs. Ernest Skinner, Mrs. J. C. Carpenter and daughter, Debbie. Mrs. Marvin Riggs, Miss Sharon Tucker, Mrs. Robert Hart, Mrs. Shirley Gibson and Mrs. Lois Gibson.

### Goodbye, Hello Coffee Slated

RV4H-12 Enlisted Wives Club is planning a Farewell and Welcome Aboard coffee this Wednesday 8:30am at 2 to a meeting in the Party Room at the NAS Ballroom.

They will be bidding farewell to the skipper's wife, Mrs. Kitty O'Garra, and welcoming Mrs. Marcela Foy, who will take her place as first lady of the squadron. Both women are very well liked and wives of all RV4H-12 personnel are urged to come and meet the women behind the men.

New members are always welcome so all RV4H-12 wives are invited to attend, both members and non-members of the club.

### "problem" perspiration solved

Thousands who perspire heavily have an antiperspirant that really works! Solve underarm problems for many who had tried other antiperspirants. Keep underarms absolutely dry for thousands of grateful women. With complete gentleness to normal skin and clothing. This new type of formula from a laboratory 65-year-old laboratory is guaranteed to satisfy or dealer will refund purchase price. Be get the positive response of Miltum Anti-Perspiration Cream, \$3.00, 30-day supply.

# Social Security Increases Benefit 7,100 Residents

The changes in the social security law signed by President Johnson on Jan. 2 will mean a benefit increase of at least 15 per cent in the social security checks of about 7,100 men, women, and children in the Seminole County area.

With this increase in benefit amounts, social security benefit payments coming into Seminole County will amount to approximately \$540,000 per month.

The Social Security Administration's high speed electronic computers are figuring the increases for all 38,700,000 social security beneficiaries around the country and will finish the task in time to include the

increase in the checks delivered early in March. Beneficiaries need not take any action to get the increase. It will be sent to them automatically.

Residents of the Seminole County area can expect the first increased check on Saturday, March 2, one day earlier than the usual third of the month delivery of social security benefit checks. Under a recent arrangement with the Treasury Department and the Post Office, social security checks are delivered a day early instead of a day late when the third of the month falls on a Sunday or holiday.

Some social security beneficiaries will receive more than a 15 per cent increase. The minimum

benefit for workers retiring at 65 is increased from \$44 to \$55.

The average benefit payable to a retired worker, about \$86, will be raised to \$96, an increase of \$12 a month. The average couple's benefit, now \$145, will go up to \$165; and the average aged widow's benefit will rise \$11, from the current average of \$75 to \$86.

The last increase in social security benefits amounted to seven per cent and was effective January 1965.

About three of every 10 beneficiaries receiving an increased check early in March will be someone

under 65, many of them the children of working fathers who have died.

The value of social security survivors is often overlooked. Social security is more than just a retirement system. But it is also income protection for the family in case of the breadwinner's death or disability.

Under the amended law, maximum payments to families now on the social security benefit rolls will go up from the currently payable maximum of \$309.30 a month to \$322.60. In the future, the maximum payable monthly to any one family can be as high as \$424.40.

## 'Outstanding Young Men Of America'

**SEVEN MEMBERS** of the Sanford-Seminole Junior Chamber of Commerce have been selected for inclusion in the 1968 edition of "Outstanding Young Men of America," an annual project of Outstanding Americans Foundation. President Lyndon B. Johnson has said of the book, "The Decision to honor in this manner the outstanding young men in our country is most welcome; it serves to spur these future leaders of our land to even greater accomplishments."

## 400 Area Workers Walk Out

Four hundred Sanford area railroadmen were not working today as members of the Brotherhood of Railroad Trainmen struck the Seaboard Coast Line, Florida's largest railroad.

Members of other rail unions refused to cross the BRT members' picket lines here in Sanford and at Jacksonville, Tampa, Savannah and other points.

A company spokesman said there are approximately 400 railroad men in the Sanford area out of work because of the strike.

He also said that supervisory personnel will operate some passenger train service but all freight service is closed down pending outcome of the strike.

Pickets first appeared between 2 and 3 a.m. this morning at the Jacksonville terminal, where a union spokesman said the strike was called in protest of reduction of train crews.

A spokesman in Jacksonville for the line told Associated Press, "Trains under way will operate to their destination. After that—we don't know."

With modernization of railroad engines, the railroad companies have been endeavoring to reduce the size of train crews for years. The unions have been fighting this move.

Congress in 1963 passed a law believed to have solved the situation, becoming effective in January 1965.

Thus, it is that the railroads and the unions have been at odds over what has been termed "feather-beding" for more than five years. "This is the same old squabble," a rail spokesman said today.

The Seaboard strike began at 3:30 a.m. EST, less than 12 hours after a strike crippled the Missouri Pacific Railroad and its subsidiary, the Texas Pacific.

Brotherhood spokesmen said the strike was called because the MoPac refused to negotiate the issue of crew sizes.

A Seaboard spokesman at the line's operating headquarters in Jacksonville said Seaboard trainmen walked out for the same reason.

The Seaboard, operating between southern Florida and New York, employs 23,000 persons.

The line's Champion, which runs between Florida and New York, will not run today, the spokesman said.

In Miami, the Seaboard's Silver Meteor left on schedule at 8 a.m. for New York but the scheduled 11 a.m. departure of the South Wing, bound for Chicago, was cancelled.

Seaboard, a merger of the old Seaboard Air Line and the Atlantic Coast Line railroads, competes along Florida's Atlantic coast with the strike-bound Florida East Coast Railroad and in sections of north Florida with the Southern Railway.

The union asked three years ago that crews on railroads be restored to the level prevailing prior to a 1953 congressional arbitration board settlement on the issue. The railroads have opposed this.

Seaboard, the Missouri Pacific and the Texas Pacific were among eight railroads seeking further reductions.

## Two Hold Up Oviedo's Water Plan

Two property owners out of hundreds are holding up progress on Oviedo's water system by refusing to donate easements for water pipes. It was announced at the meeting of the Oviedo City Council last night.

W. S. Garey, owner of the property, which is located on the property of the Sanford Minit Market is one of the two owners holding out, appeared in attempt to explain his position in the matter.

Garey said his attorney has advised him not to sign the easement deed unless a reverter clause is included to assure no assessment will be charged against the property in the future for sewerage, roads or sidewalks.

City Attorney G. Algerson Speer told Garey he would reconsider the city not to consider the reverter clause. Council Chairman W. H. Martin further explained to Garey his own request, that the city pay for the water hook-up from his property line to the place of business, cannot be done by the city under its present contract with the federal government.

Martin assured the city is not trying to harm Garey or cheat him out of anything. "I'm sorry you do not know Oviedo better than you do," Martin said.

It finally was agreed after lengthy discussions that the city will attempt to negotiate with the Minit Market owners to give a percentage of revenue collected by the company within the city to be returned to the city, was compared by the board.

"In view of the growth expected in Oviedo, I do not believe it would be to our advantage at this time to sign a 50-year agreement," Mayor C. D. Thompson said.

Under the agreement as submitted by the telephone company one per cent of revenue must be returned to the city. Prior agreements did not carry this stipulation.

Council Chairman W. H. Martin appointed the mayor and Councilmen Edward Kasell and Rex Clontz to look into franchises in other municipalities and to give recommendations at the next Council meeting.

## Phone Co., Oviedo In Stalemate

Negotiations between the City of Oviedo and officials of Southern Bell Telephone Company on a franchise agreement seemed to hit dead-end Monday evening with both sides appearing to have taken immovable positions.

Southern Bell officials headed by Robert Shedd, manager, submitted a \$50,000 franchise agreement for consideration and indicated the company is insisting on nothing less than 30 years in franchise.

Meanwhile, Councilman Rex Clontz declared emphatically, "I won't vote for more than a 10 year franchise."

Recent franchise agreement with Florida Power and Light Company which requires four per cent of revenue collected by the company within the city be returned to the city, was compared by the board.

"In view of the growth expected in Oviedo, I do not believe it would be to our advantage at this time to sign a 50-year agreement," Mayor C. D. Thompson said.

Under the agreement as submitted by the telephone company one per cent of revenue must be returned to the city. Prior agreements did not carry this stipulation.

Council Chairman W. H. Martin appointed the mayor and Councilmen Edward Kasell and Rex Clontz to look into franchises in other municipalities and to give recommendations at the next Council meeting.

## Courthouse Schematics OK Delayed One Week

By DONNA ESTES

Final approval of the schematics for the new two-building courthouse complex for Seminole County was delayed this morning by the Board of Commissioners at request of architect John Burton IV.

Burton told the Board of his problems in discussing the plans with the various department heads and being given the impression all were satisfied, only to learn yesterday afternoon that many had complaints they had not related to him.

"I feel further work sessions should include the County Commission as well as department heads and you, to whom we are responsible," Burton said while assuring the schematics with further revisions will be available next Tuesday for reconsideration.

Meanwhile, Commission Chairman John Alexander expressed "misgivings" as to the size of the new complex. "I feel additional space will be needed," he said.

"To accommodate the department heads, it is obvious more square footage would have to be added. There is simply not enough space as now planned," Burton said while pointing to the additional 2,500 square feet requested by the circuit judges alone. Cost per square foot has been estimated at \$20.

Earlier in the meeting, Alexander and Commissioner W. Lawrence Swafford locked horns over the policy or lack of a set policy as to which county roads will be maintained.

Swafford termed the county's current policy as "rotten" and declared miles of county roads are being improved to serve one or two houses. The district three commissioner suggested the people in Rolling Hills, in particular, are getting little in return for the tax dollars they are paying. "Money ought to be spent where it will serve the most people," he said. "If this Board will not serve the people, the people will get another Board that will."

## Shomate Hearing Set

Arraignments before Peace Justice W. Thomas Lovell on charges of molesting a minor, were set for Mrs. Onnie R. Shomate, Longwood city clerk, at 1 p.m. Thursday at Lovett's office in Altamonte Springs.

Warrant charging the clerk with the misdemeanor punishable upon conviction with removal or impeachment from office, fine of \$100 and/or 90 days in jail was signed by ex-Longwood Police Chief H. D. Shinn on Jan. 23.

Shortly after the warrant was issued, Mrs. Shomate was arrested by Constable Grady Hall. She posted a bond of \$100 and was released pending the arraignment.

## Club Robbed

A robbery at the Club Two Spots at Midway was reported by the Seminole County Sheriff's Department.

The club was entered between 7:30 p.m. Sunday and 8 a.m. Monday. Several \$100 bills, whiskey, \$50 in cash and money from two music boxes were taken.
