Pace Bluntly Raps Proposed Plan For Pensions For Vets

It Is Not Possible To Justify Benefit Program, Budget Director Declares

WASHINGTON, Mar. 8.—(AP)—Budget Director Frank Pace, Jr., bluntly told Congress today it is "not possible to justify" a proposed veteran pension which he estimated would cost \$125,000,000 over the next 30 years.

His statement, read to the House Rules Committee by Rep. Carroll (D-Colo.), referred to a bill already cleared by the House Veterans Committee and awaiting a go-ahead signal which would send it to the House floor.

It proposes payment of a \$90 a month to all veterans of the two World Wars, at age 65, regardless of need and physical condition. It was sponsored by Rep. Rankin (D-Miss.), chairman of the Veterans Committee.

Pace expressed the hope that Congress would move forward with a broadened Social Security program to meet the needs of veterans and non-veterans alike. All legislation in the Senate remained stalled by a Southern filibuster.

The House appropriations committee, however, approved a \$135,000,000 fund to help states handle unemployment compensation programs.

The committee, noting an upward trend in jobless figures, voted this sum for the Bureau of Employment Security for the year starting July 1.

And if more money is needed, the group said, it will raise the limit to \$187,500,000. However, the committee said despite the present rise in unemployment the prospects for the coming months "appear relatively good."

The employment fund is one of the large items in the \$2,211,794,085 money bill the committee sent to the House floor for debate tomorrow. Other agencies aided by the bill are the Labor Department, Federal Security Agency, National Mediation Board and Railroad Retirement Board.

Meanwhile, the senate filibuster cast an ominous shadow on the fate of rent controls.

Southern democrats—given a breathing spell by a western Republican—squarred off to talk for a full day each in the Senate's filibuster.

By agreement with the Southern Senator Cain (R-Wash.) was given time for a lengthy attack on President Truman's nomination of Mon C. Wallgren as chairman of the National Resources Security Board.

When Cain gets through, the Southern Senator, McCallister of Arkansas and Lyndon Johnson of Texas on tap for talk about a motion by Lucas to take up a proposed change in the Senate rules.

Dislike lawmakers said one of their number had brought back word from a White House conferee. (Continued on Page Six)

F. E. Bolls Purchases Paint And Glass Co.

Fletcher E. Bolls has purchased the Sanford Paint and Glass Co., 117 South Park Avenue, from R. E. Elsberry, who will leave in the near future for Pine Bluff, Ark. to assume the position of vice-president and assistant manager of the Standard Lumber Co., Mr. Bolls announced today.

The local company and store was purchased two years ago by Mr. Elsberry from his father-in-law, Mr. Bolls. The latter is now restocking the store with new supplies of paints and glass and accessories.

"Sanford is growing," said Mr. Bolls. "I traveled last year all over Florida and still think Sanford has the best climate and has as good or better possibilities than any town of its size in the state."

Mr. and Mrs. Bolls live at 1431 Valencia Drive.

Bill Odom Sets Flight Mark For Light Air Planes

36 Hour Trip Estimated To Be Little Over 5,000 Miles

TETERBORO, N. J., Mar. 8.—(AP)—Big Bill Odom soared in from Honolulu shortly after noon today setting a 5,000 mile world's non-stop record for light planes.

The 29-year-old former World War II ferry pilot, already holder of the world-circling speed record, touched down his tiny monoplane at this north Jersey airport at 12:06 P. M. (EST), 36 hours and one minute after leaving Honolulu.

It was Odom's second attempt to bring his single engine, 185-horsepower plane non-stop from Honolulu to Teterboro, which is about four miles west of New York City across the Hudson River.

He carried 288 gallons of gasoline. The exact mileage of the long distance hop awaits an official check of his sealed instruments, but flight sponsors estimated it between 4,999 and 5,010.

Odom streaked over the field at 12:05, exactly 36 hours after taking off at Honolulu.

He circled the field, then came in for a perfect landing.

The lanky pilot taxied his Lockheed B-10A biplane "Walkie" leech along the runway, stopping at a hangar.

His plane was followed by an ambulance and two fire trucks. Hundreds of persons immediately swarmed around the plane as Odom brought it to a stop at 12:09 P. M.

A bright sun shone through and there was a crisp north to northeast breeze as Odom swooped onto the field. To the east New York's towering skyscrapers were clearly visible.

Odom hopped out of the plane and crouched on the right wing for pictures and well-wishing handclaps.

The pilot was hatless when he emerged from the plane's door but quickly put on the grey homburg which he wore when he left Honolulu.

His first comment: "Feel just like a business man, coming home on an easy trip. The only trouble I had was over the Rocky Mountains, where I had some bad weather."

"Once I let my tank go dry while I was making a recording here in the plane, and I found my engine went dead."

"The plane dropped down (Continued on Page Six)

Two Men Are Held On Rape Charge

WINTER HAVEN, Mar. 8.—(AP)—Two Haver men were held today on a charge of raping a young woman.

Police Chief O. W. Hansford identified the pair as William B. Smith, 24, and Leonard Baker, 31, a taxi driver.

The officer said the woman called for a taxi Sunday to take her to the bus station.

Stenstrom Given Award

Douglas Stenstrom, right, county judge of Seminole County, is shown receiving a Junior Chamber of Commerce award as the outstanding young man in the county for 1948. Mr. Stenstrom was presented the distinguished service award by Dan Townsend of Haines City, a president from the fourth Jaycee district in Florida.

Mid-West Floods Are Alleviated By Cold Weather

Freeze Moves Into North Dakota, Nebraska From Canada.

Cold weather moved into the North Central states today giving hopes to temporarily alleviating flood conditions in Iowa and Nebraska.

The mass of cold air from Central Canada hit into North Dakota and Northern Minnesota today, sending temperatures to as low as 10 below zero at Pembina, N. D.

The chilly weather was expected to extend over the central section of the country and cold waves were forecast tonight for Minnesota, Wisconsin and Iowa.

Meanwhile, streams in Nebraska and Iowa spilled over their banks and forced hundreds of persons to flee from their homes.

Flood conditions were reported as "extremely critical" at Creston, a community of 3,038 in south-east Nebraska. Water from the rampaging Big Blue River overflowed several city blocks. Students from Doane College joined National Guardsmen in relief work.

Some 40 families were driven from their homes as the Big Blue swept over an area two miles wide edging towards Heward, a town of 2,800. At Beatrice, a city of 11,000 downstream, residents made emergency preparations.

In Nebraska, the Missouri river. (Continued on Page Six)

Mary Emma Gardiner Died Here Saturday

Mrs. Mary Emma Gardiner, mother of Dr. W. D. Gardiner of Sanford, died Saturday after an extended illness.

Born Jan. 30, 1869 in Lafayette, Ind., the daughter of the Rev. and Mrs. W. W. Jones, Mrs. Gardiner moved to Candler, Marion county, near Ocala where she resided for more than 25 years. She had been here with her son and daughter-in-law since Christmas.

Mrs. Gardiner was educated at Purdue University and Green-castle Conservatory in Indiana. Her husband, W. T. Gardiner died in 1915. Besides her son, Dr. Gardiner, she is survived by two nieces, Mrs. Theodore Tice of Longwood and Mrs. Emily Moler of Fargould, Ark., and one nephew, W. E. Jones of Joplin, Mo.

Funeral services and burial took place Sunday at 9:00 P. M. in Candler.

PROTOGRAPHER BEATEN

PARIS, Mar. 8.—(AP)—A French army captain accused of being a Communist spy beat up a newspaper photographer who snapped his picture today.

4 Churchmen Get Life Terms In Sofia Trial

11 Other Defendants Are Given 15 Year Sentences By Bulgarian Government

SOFIA, Mar. 8.—(AP)—Communist Bulgaria today sentenced the four top defendants in her spy trial of protestant churchmen to life imprisonment.

The other 11 defendants in the trial, which has aroused indignation among churchmen throughout the western world, received sentences ranging up to 15 years.

The four leading defendants were sentenced additionally to loss of civil rights and confiscation of property.

They are Vasil Zapkov, 48, Congregationalist minister; Kanko Ivanov, 48, Methodist; Nikola Naumov, 49, Baptist; and Georgi Chernov, 4, Pentecostal. Each was fined 1,000,000 leva, or about \$3,750.

The Moscow trained prosecutor, Dimitar Georgiev, had demanded death terms for each and long prison terms for 11 other churchmen—trial with them. All were accused of spying for the United States and Britain and of black market currency dealings. Zapkov also was accused of treason.

Zapkov, the main defendant and religious representative of the protestant denominations, was accused of leading an organized intelligence net for the two West ern Powers. Added to his life sentence was a five year term on a count of spreading rumors about the country's economic life. He got a 15 year sentence for allegedly trying to incite against the government.

All the 16 ministers had abjectly confessed during the trial. Several with copiously as how professed their guilt and said they had become convinced during their imprisonment. Communist judges pronounced their sentences.

Other sentences were: Lambor Mishkov, 41, Congregationalist, 15 years for spying, three years for spreading false rumors, 200,000 leva fine on the same charges, and an additional fine of 4,000,000 leva for black market in dollars.

Yonche Dimov, 41, Pentecostal, and Ivan Stankov, 41, Baptist, each was sentenced to ten years for spying and 100,000 leva fines on the same charges. Additionally, they were deprived for 15 years. (Continued on Page Six)

Florida Industrial Group To Hold Meet In Orlando

ORLANDO, Mar. 8.—(Special)—Representatives from the Florida Industrial Commission begin a public hearing on proposed amendments to laws administered by the agency at 9:00 o'clock Thursday morning in the meeting room of the San Juan Hotel.

The morning session will include consideration of Florida's Employment Compensation Law while the afternoon session will be devoted to the Workmen's Compensation Law. Suggested amendments to the Elevator Code, Private Employment Agencies, Child Labor and Apprenticeship laws will also be presented at the hearing.

Mr. Evans pointed out that the new road link would provide more incentive for visitors from Winter Park and Orlando to play golf at the Seminole Country Club. He was advised by the Commission that in order to get the co-operation of the State Road Department in paying the new link, it would be necessary to secure a 100 foot right of way instead of the present 50 foot right of way which Mr. Evans has secured with the exception of a few properties.

H. B. Gray, County road superintendent, was complimented by Mr. Evans on the good condition of the Country Club road at the turn north of Lake Mary. George Swartz, president of the Seminole Country Farm Bureau, asked the co-operation of the Commission in approving the hiring (Continued on Page Six)

MONKEY CAUGHT

A Rhesus monkey, which escaped from its cage at the Zoo last week, was captured at 518 West First Street by Zoo Keeper Davis and assistants at 9:30 o'clock this morning.

The Zoo keepers took along a female monkey in a cage; the escaped monkey entered the cage and the door was closed behind him. No complaints of damage by the monkey during its period of freedom have been received, according to Park Supt. Sid Richard.

President Attacks Communism In Talk At Rollins College

Wins \$25 Prize

Kenneth Ramsey, 10 (center), son of Mr. and Mrs. H. C. Ramsey was recently awarded a \$25 U. S. bond by the George L. Thurman, Co., publisher of an anti-Communist for children, as a prize for his speech, "The Fight Against Communism," which he made at Rollins College, DeLand, Fla., on Monday, March 7, 1949. Other boys in the class of Mr. J. E. Thurman at Rollins College are shown in the background, left to right: Alan Miller and Bobby Johnson.

Evans, Gleason J. Q. Galloway Is Seek Lake Mary Named To Head Road Extension Local Legion Post

Driskell Tells Commission Of County Home Improvement

James Q. Galloway, filling station operator, was elected Legion commander at Campbell Legion Post #3 of the American Legion which he served during the past year as vice commander. He succeeds James Wright.

Mr. Galloway has lived in Sanford for the past 16 years and came here from Gadsden, Ala. During World War II served with the Tenth Army Infantry in Texas. He is married, has two children and lives at 119 Poplar Avenue. He attends the First Baptist Church.

A striking resemblance to former governor Millard Caldwell has caused people on a number of occasions to greet him as the "governor." His present home is at 401 West First Street.

More than 100 members of the Post attended the fish fry and the meeting that followed. A lively discussion of pending bonus and pension legislation brought many members to their feet to voice their sentiments. Senator L. F. Boyle and Representatives J. Bradley Odham and M. U. Smith answered questions regarding pending legislation in the state affecting veterans.

John Sauls was re-elected first vice commander of the post and Charles Vodopich was elected second vice commander. The latter is commander of the local DAV post.

R. W. "Bob" Deane was re-elected. (Continued on Page Two)

CIVIL SERVICE

Civil Service examinations for patrolman, motorcycle patrolman, truck drivers and firemen will be held on March 24 at 2:00 P. M. at the City Hall, N. O. Garner, examiner, announced today.

C OF CMET

The Board of Directors of the Seminole County Chamber of Commerce will meet tonight at 7:00 o'clock at the Tourist Center.

THE WEATHER

Sanford and vicinity—clear to partly cloudy through Wednesday. Little change in temperature to night. Warmer Wednesday. Moderate north to northeast winds becoming northeast to east Wednesday.

People In Front Of Iron Curtain Offer Best Hope For Peace, Truman Says

WINTER PARK, Mar. 8.—(AP)—President Truman declared here today that the intelligence of struggling people in front of the "iron curtain" offers the world's "best hope" for peace.

"We do not know what is behind the iron curtain," Mr. Truman said in a new attack on Communism. "But we do know that the intelligence of the people in the embattled democracies of Europe, who live in front of the iron curtain, is the world's best hope today."

The captioned speech President spoke from the pulpit of the chapel of Rollins College after receiving a degree of Doctor of Humanities.

He was described by Governor Fuller Warren as a "liberal" trying to lead the world "to higher and happier levels where justice and peace reign."

Mr. Truman said that there is a "new world" in the English language—a word of "democracy" that "some people make a travesty of that word" he went on.

"That is one of the greatest words in the history of the English language, and it should stand for exactly that, and not for a counterfeit."

Mr. Truman did not refer to his civil rights proposals in his brief Southern talk, but he did say that Governor Warren's speech was a "misapprehension" which "covers the situation with which we are faced."

Governor Warren said the President is a "liberal" who has assumed the role of a "leader" of race, economic and peace issues, which he said were "fundamentally issues of justice."

Warren called the two issues the "issue of law to substitute justice and hopefulness for uncertainty and despair in those parts of the world where there are no more laws together in the same or proximate territories."

Mr. Truman went on to say that education is the first line of defense in evaluating the tenets of Communism and Fascism.

"Neither of these totalitarian forms of government can survive examination by educated men and women, men and women free to search for truth and guided by the principles of liberty set forth in the preamble to the constitution of the United States," the President continued.

Mr. Truman spoke from a brief prepared text, but interpolated frequently. He spoke for 23 minutes available in advance.

The "unfettered" soul of free men offers a spiritual defense "unconquered and unconquerable," he said at one point.

Mr. Truman reiterated his plea. (Continued on Page Six)

THE WEATHER

LAKELAND, Mar. 8.—(AP)—Florida's cold snap will start abating tomorrow, the Federal-State Frost Warning service predicted.

Its advisory said: Forecast for peninsular Florida for tonight and Wednesday morning: clear to partly cloudy and slightly warmer with lowest temperature 38 to 42 degrees in the colder localities of North and Central districts. Partly cloudy and cool in Southern districts.

Forecast for Wednesday: partly cloudy and warmer. Future temperature outlook: warmer Wednesday night. No frost danger through Friday morning.

Extended Florida forecast for period beginning at 7:30 P. M. tonight and ending at 7:30 P. M. Sunday, Mar. 13—temperatures will average near 65 degrees in extreme North Florida and near 65 degrees in South Florida with warming Wednesday followed by a cooling trend about Friday. Precipitation for the period will average one-fourth inch or less in North Florida and one-half inch in South Florida probably occurring Friday and Saturday.

SHIRK VERNE TODAY

We cannot see the hands of the Infante, but we know of his amazing purpose which no force can stay.

Elmer Davis, one of the nation's truly great radio commentators, delivered a lecture Sunday night in the Winter Park high school auditorium.

Prominent Americans visiting in Florida this week include President Truman who flies up from Key West today to receive an honorary degree at Rollins College.

The State Commission on Organized Crime in California reveals that the Capone syndicate of Chicago controls a nation-wide horse racing news wire system serving illegal gambling operations of race track bookmakers.

Even though Southern senators have succeeded in blocking civil rights legislation for the time being, it would be well for the Southern states to accept their victory as a warning.

Indicative of the difficulties confronting Florida municipalities since passage of the Homestead Exemption Amendment and the failure of successive legislatures to provide alternative sources of revenues for them, is the advertisement in the Orlando Sentinel telling householders in various sections when they can water their laws.

That unadulterated education is not the sole answer to the problems of the day is illustrated by the betrayal of her country by Miss Judith Coplon, 27-year old employee of the Justice Department who stole secret files from the U. S. government and gave them to a Russian spy.

The Next To Go

What is happening to language study in our schools? Many years ago Greek disappeared from the course. Latin has gone from all but a few. French and German are not widely taught.

His belief came from a survey of 375 graduates of leading secondary schools who at school were honor students in English, and were doing college or graduate work.

English and American literature are often presented unwittingly in the schools. Great masterpieces have been so taught as to repel their readers. What most students seem to dislike most, however, is English composition.

Reviving Press

A survey made during the past two years and recently presented to the United Nations in Paris by UNESCO, the Educational, Scientific and Cultural Organization, takes an optimistic view of the state of health of the press of the world.

Twenty-nine countries whose printing plants were laid waste and printers and journalists dispersed during the war are reported to be rebuilding press establishments. Journalists are being trained and facilities for obtaining and transmitting news are being perfected.

The coming to life of newspapers and magazines is a vitally important aspect of post-war return to normal. A healthy press is necessary to a well-informed public.

Cities And Money

The owner of city real estate is getting some tax relief. A more accurate way of putting it would be to say that having got all the money they can out of real estate, cities are now looking for other sources of revenue.

Admissions to amusement places, incomes and sales are the subjects of most of the new tax ventures. These have two fundamental objects, to catch the non-resident who works in the city, and more fundamentally to get the dollar, wherever it may lurk, and transfer it to the city treasury.

Sanford Forum

Sanford Herald, Sanford, Florida

Gentlemen:

I have just received a copy of fine edition of Monday, Feb. 28, 1919.

You have come a long way since I was ink "roller boy" on the little old Washington hand press that printed the first newspaper in that section, published at Sanford.

D. L. Way, a lovely man of Quaker origin, was the editor. One kid memory I have that will never leave me, is:

The "City of Sanford," the first good size wheeler to navigate the St. Johns, was due to come around the bend. A large crowd had assembled to see the arrival of this boat. Mr. Way left the office to join the crowd at the lake, as he said to me, "You stay here and watch the office, but do not touch my telescope."

Temptation was too strong. I raised the window, which was supported by a wooden catch, and stuck out the big telescope. The catch gave way and the window came down on the telescope. When Mr. Way returned he viewed the wreck and said, "Boy, I told you not to touch my telescope." That was all he said. I burst out crying. He laid his hand on my shoulder and said, "Boy, always overcome temptation."

Those words have carried me over many hard places. I always loved D. L. Way, the gentle Quaker.

With best wishes, J. W. Tucker, The Tucker Printing House, Jackson, Miss.

P. S. I am past president of Chamber of Commerce and Rotary Club.

Editor, The Herald, Sanford, Florida.

Your editorial, "Record Revolution" in the January 17, 1919, issue of the Herald, comments on new instrument and records recently introduced. This editorial followed RCA Victor's announcement of its new 45-rpm system for reproducing records made in the home.

THE WORLD TODAY

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

There has just come to my hand this time a copy of the story of a sensational French killer whom I encountered in 1910 during a never-to-be-forgotten visit to France.

There are three little islands in this group—St. Joseph, St. Joseph and St. Joseph. They are usually situated for imprisonment, for about such is a matter of witty swiftness and treacherous ocean currents.

There was a man who came to the hospital on a wheelbarrow, and he had a very peculiar way of carrying his money and then marrying her own sister, whom he had purchased.

Philipponet was a mysterious man, and was forever surreptitiously slipping me messages from other prisoners who wanted help for this, that and the other thing.

After my visit I heard nothing more from Philipponet until a few weeks ago when he wrote me from the prison colony, saying he was soon to be released and asking if I could help him get to America.

Philipponet was a man with his record wasn't stand a chance back home, and wanted to get a fresh start. He thought he would try to get to Canada and then apply for admission to the United States.

Philipponet figured a man with his record wasn't stand a chance back home, and wanted to get a fresh start. He thought he would try to get to Canada and then apply for admission to the United States.

Philipponet probably would write to me in due course. Then came appearing in the press. But we are confident that the public will recognize their many advantages and when they have seen and heard them, will be as enthusiastic as we are.

I can assure you that a good deal of soul-searching and a most extensive, thorough, sincere consideration of all factors took place before we made our decision to introduce this new system and record to other manufacturers in the industry.

With best wishes, J. W. Tucker, The Tucker Printing House, Jackson, Miss.

P. S. I am past president of Chamber of Commerce and Rotary Club.

TRYING TO MAKE ENDS MEET

Virginia Senator Takes Stand Against Debate Rule Change

WASHINGTON, Mar. 8 (Special)—Democratic Senator Harry F. Byrd of Virginia took his stand against changing Senate rules of debate in testifying before the Senate Rules Committee.

The proposed change of rules, said Senator Byrd, would be the most drastic since 1917, when restriction of debate was eliminated.

When I entered the Senate 16 years ago," said Senator Byrd, "I was very impatient at the delays. The longer I have stayed, the more I am impressed with the fact that, at least here, there should be reasonable freedom of debate."

Philipponet was a man with his record wasn't stand a chance back home, and wanted to get a fresh start. He thought he would try to get to Canada and then apply for admission to the United States.

Mexican League Leaders Say U. S. Loops Are Enticing Top Players

MEXICO CITY, Mar. 8.—(AP)—Turn about's not fair play—not when J. S. baseball takes Mexican players, say the Mexicans.

Three years ago the ambitious little Mexican League was raiding U. S. clubs for players. Now, says the league, U. S. minor league clubs are enticing away their home-grown swatters and fielders. And they want it stepped.

Eduardo Quijano Pittman, president of the Mexican League, said yesterday he had been writing about it for two months to U. S. Baseball Commissioner A. B. Chandler and George Trautman, top man of the minors. Chandler's secretary said Sunday the case was ready to tell U. S. clubs to stop it.

The Mexicans are especially wrought up about two cases—Jose Becha, shortstop under contract to the Nuevo Laredo, Mexico, club, and Felipe Montemayor, Monterrey's outfielder. They showed up in uniforms of the Los Angeles Angels for an exhibition game against Oakland Sunday.

The Los Angeles club said they were only there for a try-out. But Mexican fans asked: "Why a try-out if they aren't thinking of signing them?"

Quijano, who succeeded Jorge

Pennant Winning Waycross Faces Player Problems

ATLANTA, Mar. 8.—(AP)—Eleven men from the pennant winning Waycross Bears of the Georgia-Florida League have moved to higher classification teams and their absence leaves a big question mark.

To offset such wholesale losses Manager Mickey Katakavek has several promising rookies and he expects to get a fair supply of players from the Atlanta Crackers with whom Waycross has a working agreement.

However, such help may not make up for the loss of George Fisher and Charlie Weathers to Atlanta; Jeff Bell, Bobby Lyons, Jack Ingalls and Ray Saldel to Pensacola; Normal Galkin to Burlington, N. C.; George Fultz to St. Petersburg; and Harry Raulerson to Winston-Salem, N. C.

Herbert Bradshaw, president of the Bears, isn't too sure the team will be stronger than last season, nor is he convinced the Bears will be weaker.

Katakavek has a habit of turning out teams which appear mediocre on paper into pennant contenders and he may do this year, what he did in 1948—come up with a powerful late season spurt.

He's in Pensacola attending the Atlanta Crackers spring training so he'll be familiar with the players Atlanta sends to him in time for opening day.

Whether Waycross wins another Georgia-Florida pennant or not the scenery is sure to be better at Newton Field. A new modern stadium is under construction which will seat 8,000 fans. When it's completed the field will be among the best in Class D baseball.

EXPERIENCE MAY HELP - By Alan Mavor

Players Are Divided On Course To Follow In Baseball "Suit"

NEW YORK, Mar. 8.—(AP)—Baseball's chastened children—the players who jumped to the Mexican League—were divided today on the course to follow in the game's struggle in the courts.

John L. Flynn, New York attorney, said suits totaling millions would be filed sometime today in behalf of a group of men on the banished list.

He declined to identify the players or say how many are in the group. He conferred at length yesterday with Pitchers Max Lanier and Fred Martin, formerly of the St. Louis Cardinals.

Meanwhile, Mickey Owen, former Brooklyn catcher who also is one of those sweating out five-year suspensions, has been carrying on a vigorous campaign to influence his companions to forget about the courts.

"We all want to play baseball and it's a cinch we never will again if we try to sue the game," Owen said.

There has been talk that baseball Commissioner A. B. Chandler might lift the ban.

Already pending in the courts is a \$300,000 suit filed by Danny Gardella, former New York Giant outfielder, who contends his banishment deprived him of a chance to make a living.

Wildlife Service Announces Increase In Ducks And Geese

WASHINGTON, Mar. 8.—(AP)—There apparently are a good many more wild ducks and geese this year than last, the Fish and Wildlife Service said today.

But the count has declined in number so greatly the total 1949 waterfowl population is about the same as in 1948. The count is a slow-moving barometer.

Albert M. Day, director of the agency, said the annual waterfowl inventory, taken in mid-January, brought to light the "encouraging increase" in ducks and geese, and the count declines.

The inventory was taken by 180 observers in wintering grounds from Alaska to Guatemala, Jan. 11 to 14.

"The government no longer lists water fowl population figures. Day said no predictions can be made about 1949 hunting regulations until summer breeding grounds have been surveyed "but it does look encouraging."

RABSON'S MEDITATIONS

Kennel Club Entries

TOURNAMENT ENTRIES
FIRST RACE—PURITY
1. Troy Jess, 2. Jessie Andrews, 3. Smart Boy, 4. Fotted Money, 5. Speed Jess, 6. Navy Pal, Only four, Bird's Land.

SECOND RACE—4/16 Mile
1. Two Is Tommie, 2. Julian Lee, 3. Jacky Fiddle, 4. Gladys Equal, 5. Mitten, 6. By Jingo, 7. Claire Girl, 8. Red Chain.

THIRD RACE—4/16 Mile
1. Dark Moment, 2. Grey Speedster, 3. Our Ducky, 4. King, 5. Midge, 6. Ducky Beat, 7. Mike, 8. Peppy, Hippie, 9. Chat and Chik, 10. Morris Mac, 11. Jimmie.

FOURTH RACE—4/16 Mile
1. Bill of Ioli, 2. Fitter, 3. Bear's Best, 4. Northwestern, 5. Dunlop's Best, 6. Big Border, 7. D. Fallon Boy, 8. Rosamire Invader.

FIFTH RACE—4/16 Mile
1. Graefen Prince, 2. Whirligig Baby, 3. Tuff Stuff, 4. Swing Fast, 5. Big, 6. Deum Hot, 7. Gay Tate, 8. Classy Cass.

Huggle's Image, 52. Andy Lane, 53. K. C. Key, 54. Tea Hittler, 55. Augusta, 56. Pete's Pak, 57. Miss Chicago.

Rookie Outfielder Shows Up Well In Giants' Training

PHOENIX, Ariz. Mar. 8.—(AP)—One of the most promising rookies in the camp of the New York Giants is Outfielder (left) Henley from the University of Southern California. Henley has been described as "another Eno Slaughter" and is expected to reach the main stem in a few more years.

Southern And SEC Track Stars To Meet In Atlanta

ATLANTA, Mar. 8.—(AP)—The top track stars of the Southern and Southeastern Conferences will meet at the Georgia Tech track in their first inter-conference meet.

Track committees of each conference will pick teams, normally selecting the first, second and third finishers in earlier conference meets.

Fifteen events—six field and nine running—will be included in the Atlanta meet.

In 1933 twelve colleges in Louisiana, Kentucky, Tennessee, Georgia, Florida, Alabama and Mississippi (divided) themselves from the Southern Conference and named their new league the Southeastern.

Colleges in Virginia, Maryland, and North and South Carolina retained their Southern grouping.

Prior to the 1933 break up an annual track meet was held but the two conferences never have competed directly against each other. This year's meet is expected to be the first of annual events.

Events to be held in Atlanta are: shot put, pole vault, high jump, discus throw, javelin throw, broad jump, mile run, 440-yard run, 100-yard run, 120-yard hurdles, 880-yard run, 220-yard run, two-mile run, 220-yard hurdles and one-mile relay.

Scores will be kept by conference and by teams. The high point will be announced at the finish. First, second and third medals will be awarded in each event except the relay. Four gold medals will be given to members of the winning relay team.

A victory stand will be erected in the center of the field where medals will be presented.

Sports In Brief

Track—Montreal—ariston Dillard United States Olympic star, broke the Canadian indoor record in winning the 60-yard high hurdles in the Dominion Indoor Track and Field Championships, Dillard set new marks in both his heat and the final, taking the heat in 6.4 and the final in 6.3 against the Canadian open record of 6.5 and meet record of 6.7.

W. A. Pagan, West Palm Beach amateur, fired a one under par 69 to pace the field in the qualifying round of the 42nd annual South Florida Golf Tournament.

St. Augustine—Marjorie Lindsay Decatur, III, shot a 74 to win medal honors in the qualifying round of the Florida East Coast Women's Golf Tournament.

Corvallis, Ore.—Lon Stiner resigned as head football coach of Oregon State College after a 10 year stay.

Horse Racing—Miami—Speedy Lee (\$46.20) won the six furlong Coconut Grove Purse at Gulfstream in 1:12 2/5.

Orlando, Fla.—O. G. Kelly (\$27.70) captured the six furlong Winston Purse at Sunshine Park.

Hot Springs, Ark.—Play Hanks (\$8.50) won the featured six furlong Allowance Race at Oaklawn Park in 1:12 1/2.

Bowling Problems—ATLANTIC CITY, March 8.—(AP)—The executive directors of the American Bowling Congress begin today a three-day meeting with a "hot potato" in their hands.

They are to decide whether to recommend admission of negroes and other colored persons to the congress.

In the past two years they have opposed a change in a constitutional clause that restricts membership to "individuals of the white male sex."

Georgia's Johnny Rauch, Alabama's Ed Salom and Auburn's Russell Inman each had 33 passes intercepted during 1948, more than any other Southeastern Conference passers.

STALLIONS FAVORED

TIPTON, Ga., Mar. 8.—(AP)—The Abraham Baldwin Stallions are the favorites in the Southeastern Regional Junior College Basketball Tournament which opens tomorrow on the Stallions' home grounds.

Coach Bruce Trisette of Abraham Baldwin said that six Georgia and two Florida teams are expected in the tourney which continues through Friday.

He listed the other Georgia teams as Armstrong, Brewton-Parker, Young Harris, South Georgia College and Georgia Military College. The two probable Florida entries are Chipola College of Marianna and Walker College of Jasper.

Delaware Park will operate from May 28 to July 4 during the racing season.

ST. PETERSBURG, Mar. 8.—(AP)—Outfielder Gene Woodling, up from San Francisco, stands a good chance to stick with the New York Yankees, says Manager Casey Stengel. Woodling won the Pacific Coast League batting championship last year. Stengel says Woodling is "fast and he can field and throw and from the looks of it average (.285) he has learned to hit, too."

VERO BEACH, Mar. 8.—(AP)—Injured Brooklyn Dodgers players will wear grey caps to distinguish them from those who are physically fit. Last year some players were shipped out when they didn't live up to past performance. Later it was learned they were playing while injured. Last year the hat and name will wear grey caps.

SAN BERNARDINO, Calif. Mar. 8.—(AP)—A battle for the first-base starting assignment is developing in the Pittsburgh Pirate training camp. Ed Stevens is fighting off the challenge of Les Fleming, ex-Cleveland Indian who performed with Indianapolis last season.

WEST PALM BEACH, Mar. 8.—(AP)—Everyone in the Philadelphia Athletics training camp is appalled at the showing of 26-year-old Joe Astroth except Connie Mack.

"I'm not surprised," said the A's manager-president. "Scouts last year told me Astroth was the best catcher in the minor leagues."

Pasadena, Calif. Mar. 8.—(AP)—Luke Appling, the ageless shortstop for the Chicago White Sox, has some high praise for Rookie Fred Hancock.

"That Hancock lad is the best understudy I've ever seen in a Sox camp," says Luke, who has been with the Sox since 1931. Luke is on the watch for somebody to give him a helping hand on doubleheader days.

LAKELAND, Mar. 8.—(AP)—General Manager Billy Evans arrived in the Detroit Tiger camp today with continued optimism. The Detroit still might make a deal for added strength a second day.

"We still have hopes of getting Garry Friddy from the Browns for cash and two players," Evans said. "Our offer is still in."

SARASOTA, Mar. 8.—(AP)—Boston's Red Sox now are all present or accounted for except outfielder Tom O'Brien, a slugger with the Southern Association's Birmingham Barons' last season. Auxiliary Infielder Lou Stringer arrived yesterday. General Manager Joe Cronin has wired O'Brien at his home in Anneton, Ala. "Any right-hander who hits like and drive in 1B, needs to be looked at closely," said Cronin.

Thomas H. Connolly, umpire-in-chief of the American League, is a native of Manchester, England.

POOR RABBITS

WASHINGTON, Mar. 8.—(AP)—What's the most hunted animal in America? The rabbit.

Daniel L. Loopy, Ohio State University research specialist, told the North America Wildlife Conference today that in the past decade "more persons hunted the cottontail rabbit than any other species."

For every 100 hunters who hunt rabbits, said Loopy, 67 hunted pheasants, 59 gray squirrels, 44 bobwhite quail, 28 whitetail deer, 11 black bear, 10 mourning doves, eight ruffed grouse, seven snowshoe hare, four mus deer, three black-tailed deer and wild turkey, two Hungarian partridge and jackrabbit, and one valley quail.

Ken Loeffler, coach of the Providence Steamrollers of the Basketball Association of America, is a scout for the New York Yankees during the baseball season.

BOWLING PROBLEMS

ATLANTIC CITY, March 8.—(AP)—The executive directors of the American Bowling Congress begin today a three-day meeting with a "hot potato" in their hands.

They are to decide whether to recommend admission of negroes and other colored persons to the congress.

In the past two years they have opposed a change in a constitutional clause that restricts membership to "individuals of the white male sex."

Georgia's Johnny Rauch, Alabama's Ed Salom and Auburn's Russell Inman each had 33 passes intercepted during 1948, more than any other Southeastern Conference passers.

Greyhound Racing

TONITE'S ALL STAR FEATURE

Ninth Race—5-16 Mile
1. Maple Chole
2. Flying Luck
3. Pleasant Dreams
4. Corcoran's Blue
5. Caravan Star
6. Brownie
7. Brownie Royal
8. Tuffy Hill

Greyhound race is on the air tonight every week at 8:30 and new race at 9:30 with all the action on the dogs at the Orange-Sanford Kennel Club.

HOW'S YOUR OVERHEAD?

Expensive if it permits rain to leak through and ruin the interior of your home. Better attend to these small leaks now than pay for expensive damages later. Hill's recommends Barrott or Ruberold roofing materials to do the right job. Come in for more information and advice.

Medina Shortens Hours For Trial Of 11 Top Reds

Selection Of Jury To Take Week, Federal Judge Says

NEW YORK, Mar. 8—(AP)—Federal Judge Harold R. Medina, announcing he was "grievously fatigued," today temporarily shortened hours at the conspiracy trial of 11 high U. S. Communists.

Medina said he expected selection of a jury, which began yesterday, would take at least a week, and added:

"I have become grievously fatigued during the long hours I spent from morning until evening examining exhibits and for the period that we are examining witnesses, x x x we will start at 11 and adjourn at 4."

Previously, court has been in session from 10:30 A. M. to 4:30 P. M.

Defense attorneys introduced almost 500 exhibits in their five-day challenge to the jury system which Medina rejected last Friday. He frequently accused them of stalling through this period.

The judge also denied an application to excuse one of the defendants, City Councilman Benjamin J. Davis, Jr., to attend a council meeting.

He asserted "there will be no moment of this trial when the proceedings are under way without the presence of all the defendants."

Defense lawyers scraped the bottom of the legal barrel yesterday in a last-ditch fight to delay the trial.

But Federal Judge Medina turned down a batch of motions and called in a group of prospective jurors.

The panel of 60 that walked into court included four negroes and about 20 women—two of the groups the defense has charged are discriminated against in jury service.

Almost all the time since the trial started, the defense has been engaged in a series of motions and appeals, many of them successful, to delay the trial.

The judge told the panel the trial might last two months or more.

China War

(Continued From Page One) que. (Whampoa is the old Chinese military academy.)

Selection of Ho, it was pointed out, would weaken the control over the cabinet by Chiang and other ultra-conservative elements of the Kuomintang (government party). Chiang's weight has been felt in the government despite his retirement since Jan. 21 at his ancestral home in Fenghuang.

Ho is said to be closed to acting President Li in Nanking. He and the generalissimo have had an uneasy truce in recent years.

Sun's announcement that he and his cabinet had resigned came suddenly at a meeting of the legislative Yuan, which has had his bollocks under fire. The legislators cheered Sun's announcement.

Sun, whose father was Dr. Sun Yat-Sen, "father of the Chinese Republic," stepped into the premiership as Chiang's choice last Nov. 2. That was during the battle of Suhow. Chiang's regime was falling apart under the cumulative weight of Communist victories that gave them all China north of the Kangtze River.

Sun and acting President Li had seen eye to eye. Li had been seeking to end China's three-year civil war at almost any price. Sun had balked at stiff Communist demands.

Sun moved the cabinet to Canton after Chiang left in January, leaving Li in Nanking. Last month, Li flew to Canton to persuade Sun to return to Nanking.

At the time, Li's close associate said it was the acting President's "final effort." They said Sun did not return. Li would have Sun from the premiership.

Despite their attitude toward peace with the Reds, Sun and his cabinet had been doing some spadework for forthcoming negotiations. Sun himself had been slated to lead the government's 10-man delegation to the peace talks.

Fort Sumpter Battle To Be Re-Fought In Fireworks On Apr. 19

CHARLESTON, Mar. 8 (Special)—Reenactment of the battle of Fort Sumpter, in fireworks, will be one of the major events of the Analea Festival in Charleston Apr. 19-24.

The fireworks display is scheduled for Apr. 20 on the battery, where Charleston residents promenade and watched during the attack on the harbor fort Apr. 12, 1861. E. Milby Burton, director of the Charleston museum, who has been announced chairman of the mock battle, says plans are for replicas of the forts involved to be moored near the battery for the mock conflict.

The battle of Fort Sumpter, which marked the opening of the War Between the States, lasted two days, before the fort fell to the Confederates under General G. T. Beauregard.

Another historic event of the festival will be the dancing tournament. This sport is a revival of community games of the Old South. Horsemen titled and dressed as "knights" carry nine-foot lances on which they try to catch three metal rings as they gallop down a course.

In Charleston and other parts of South Carolina arrangements are shaping up for other events of the festival: the mammoth parade of floats, the sports and waterfront events, dances, children's pet parades, and selection of the queen.

Visiting queens provide the hub around which the entire festival revolves. Once chosen by their respective communities, they will be included in Analea festival advance publicity and once the festival opens, they will become the darlings of the city and the state and will be royal visitors at all events of the six-day festival in Charleston.

Visiting queens provide the hub around which the entire festival revolves. Once chosen by their respective communities, they will be included in Analea festival advance publicity and once the festival opens, they will become the darlings of the city and the state and will be royal visitors at all events of the six-day festival in Charleston.

John Payne has a smart plan to fit current conditions. "Whenever I sign for a picture, I promise to help exploit it by tours or any other means," he tells me. That's wise in these times when producers are more conscious of exploitation.

Dean Martin and Jerry Lewis start their radio show in a week or two. The night club comics are part of NBC's plan to regain listening power lost by CBS talent raids. They'll have the prize time following Bob Hope and Fibber McGee.

Charles Colburn keeps busy around at 7. He goes from "The Western Story" at U-I to "Every Body Does It" at 20th-Fox to "Bodies and Souls" at MGM. Later is a father-son doctor story starring Glenn Ford and June Allyson.

Quirkies... Ricardo Montalban is hoping for a flight picture as his next at MGM. He's got the build for it... Linda Darnell will display her shapely gams again in "Everybody Does It." Long time no see.

Angel Dinovy, 40, also Pentecostal, was acquitted of spying last year for spreading false rumors. He was fined 10,000 leva, his property was confiscated and his civil rights were lifted for two years.

Alexander Zahariev, 45, Methodist minister, was acquitted of espionage but sentenced to a year in prison for spreading false rumors. He was fined 5,000 leva and deprived of civil rights for two years.

All the churchmen stood before the three judges in the Palace of Justice listening to their sentences. There was no visible emotional reaction from any of them.

The courtroom had added decoration for the sentencing. Court bailiffs had wheeled in a big white banner for Premier Georgi Dimitrov, the old line Communist.

Several dozen spectators had been in the court room an hour before the sentencing began. The trial had been held in public.

The report of Supl. L. P. Driskell concerning improvements at the County Home drew commendation from Mr. Pope. Recent improvements include new fencing installation of new lights in the barn and a new swing built by Mr. Driskell under a tree outside the home. He reported that the farm dairy is in good condition and that milk produced at a cost of 25 cents a gallon. Eggs from the poultry farm cost the county 15 cents a dozen, he said.

Hollywood

HOLLYWOOD, Mar. 8—(AP)—Paramount seems to be soaring ahead in the race to get a jet flight picture on the screen.

"Jet Fighter" is getting high priority on Alan Ladd's busy schedule. It may start the film after he finishes "After Midnight." Meanwhile RKO's "Jet Pilot" is still in the scripting stage and no starting date is announced for Warners' "Jet."

There's an interesting problem in connection with the jet subjects. Air pictures have featured the dramatic power of roaring engines and vibrating planes. First-hand accounts indicate jet flight is something like sitting in space. Apparently there's not much drama in a whoosh.

Clark Gable's vehicle being whipped up by Preston Sturges sounds like a dilly. The king will play a tycoon who suffers a breakdown and is told by his doctor to slow down. So Clark goes to a small town for a rest. He ends up by reorganizing the town and working as hard as ever.

Paramount got out a lot of its dials for its sales convention party, but guess who got the most attention—Mack Bennett. The comedy king's biography is being planned by the studio. John Lund will play Bennett and Betty Hutton the Mabel Normand role.

MGM routed out its stars again for a portrait by a national magazine. To avoid any protocol, the names were seated alphabetically. "That Gable is always in the middle of any picture," said Spencer Tracy. "He picked the right initial."

John Payne has a smart plan to fit current conditions. "Whenever I sign for a picture, I promise to help exploit it by tours or any other means," he tells me. That's wise in these times when producers are more conscious of exploitation.

Telephone Rates For State Hospital Hiked

TALLAHASSEE, Mar. 8—(AP)—The St. Joseph Telephone and Telegraph Company today was authorized to increase its charges for services to the State Hospital at Chattahoochee from \$18.75 a month to \$123.

The Florida Railroad and Public Utilities Commission said the present monthly charge is "unjustly and unreasonably discriminatory" against other subscribers.

The hospital operates its own switchboard, but has six trunk lines connected with the telephone company's switchboard at Chattahoochee.

The commission said a survey showed that 21.62 percent of all calls through the Chattahoochee exchange are handled for the hospital.

The commission said a survey showed that 21.62 percent of all calls through the Chattahoochee exchange are handled for the hospital.

President's Speech

(Continued From Page One) for passage of a federal aid-to-education bill.

And the president urged Congress to speed action on aid to education.

"If our country is to retain its freedom in a world of conflicting political philosophies," he said, "We must take steps to assure that every American youth shall receive the highest level of training by which he can profit."

Enroute from the Orlando base to Winter Park, the President dedicated the Mills Street Causeway in honor of the late Senator Charles O. Andrews (D-Fla.), who died on Sept. 19, 1948.

Mrs. Andrews, widow of the Senator, stood beside Mr. Truman during the dedication surrounded by members of the Andrews family and about 25 leading civic and political figures of Orange County. The Senator's son, State Rep. Charles O. Andrews, Jr., introduced Mr. Truman. Mayor William Beardall of Orlando made the presentation speech.

President Truman was the second Chief Executive to visit Rollins in the last 13 years to receive an honorary degree. On Mar. 24, 1936, President Franklin Delano Roosevelt received the honorary degree of Doctor of Literature.

At the same ceremony, Mrs. Roosevelt received the Algerton Sydney Sullivan Medalion, considered one of the college's highest awards.

In 1930, almost two years after he retired as President, Calvin Coolidge and Mrs. Coolidge visited the college but did not receive a degree.

First presidential visit to Winter Park was made by Chester Arthur in 1883 and the second by President and Mrs. Grover Cleveland in 1888.

The sky was cloudless and hundreds of townspeople, students and members of the college lined the Rollins campus an hour or more before the President arrived.

Military policemen were stationed at scores of corners and wide areas were roped off and guarded for the official party.

To The Chief" and the "Star Spangled-Banner."

Orange Avenue, the main street, was lined by cheering thousands.

The President wore a black hamburger hat, striped trousers and a black semi-formal coat. There was a temperature of 60 to 64 degrees.

At one point a couple of boys held up a crudely painted sign reading: "Thurmond."

As the parade reached the causeway, several Confederate flags could be seen in the crowd.

The President back to normal after his late sleep yesterday, beat most of his staff down to breakfast, reporters were told.

Radioactive carbon-14 loses half its radiating power in 5,000 years.

THE FOURTEEN crew members of the United States Air Force's B-50 bomber, "Lucky Lady II," banked by a map of their historic non-stop "round-the-world flight," tell the story of the epic trip to businessmen during a press conference at the Carswell Air Force Base, Fort Worth, Texas. The big plane made the 22,483-mile flight in 94 hours and one minute. At left, a B-50 tanker plane refuels the "Lucky Lady II" in the air during practice maneuvers over Arizona prior to the final blinding flight. This is how the B-50 was refueled in the Azores, Tharun in Saudi Arabia, the Philippines and Hawaii. (Associated Press)
