

STOPS PROPOSAL TO ALL CHINESE TREATIES BEFORE THE FAR-EAST COMMITTEE

Although Agreed to in Principle Several Days Ago ACTION WAS NOT EXPECTED

Senate Becoming Anxious to Know About Late Developments

(By The Associated Press) WASHINGTON, Jan. 21.—The American proposal to lay openly before the world all the treaties and understandings that relate to China met with an unexpected set-back yesterday when it came before the Far Eastern committee of the arms conference for formal adoption.

Although such a stop had been agreed to Thursday "in principle" the problem of defining the exact scope of the agreement precipitated a long debate and after several changes had been made in the draft presented by the American delegation final action was postponed at the suggestion of Japan.

The committee did adopt, however, a resolution expressing the hope of the powers that China speedily would reduce the large military forces now maintained within her borders. That action, the resolution declared, was considered requisite to any real financial rehabilitation of the Chinese government.

Meantime, in another subdivision of the conference, the groundwork was laid for another international gathering which some delegates seemed to regard as a partial realization of President Harding's plan for a continuing series of meetings to discuss world affairs. The sub-committee on draft, headed by Ellhu Root, approved a resolution putting over a revision of the rules of warfare to a future conference, which it is contemplated shall be called by the United States in the near future.

For the first time in several weeks discussion of the Washington negotiations broke out during the day on the floor of the senate, where a resolution was presented by Senator Walsh, Democrat, Montana, asking information about the status of the Shantung controversy. Both Senators Lodge and Underwood, members of the American delegation, told their colleagues the Shantung conversations were near a conclusion and that if they failed, there seemed to be no hope of bringing the question before the conference proper.

On the naval side of the conference the situation continued unchanged, with Japan still withholding assent to the article dealing with Pacific fortifications. It developed, however, that the hitch was over inclusion of the Japanese islands of the Boniu group under the fortifications "status quo" and that a difference of view on the question had arisen between the Japanese delegates and their home government.

RED CROSS MEETING TO ELECT OFFICERS FOR ENSUING YEAR

At the annual meeting of the Seminole Co. Chapter A. R. C. which was held at the Woman's Club the following officers were elected:

Mrs. Endor Carlott, Chairman, Mrs. H. C. DuBose, Vice chairman, Mr. W. M. Haynes, Treasurer, Miss Virginia Smith, Home service secretary, Mrs. E. M. Galloway, Chairman Volunteer Service, Miss Allie Trafford, Mrs. Fred Williams, Mr. J. T. Hutchinson.

Although the roll call chairman worked faithfully in the line the response from the whole county amounted to only \$372.00 and half of this must be sent to headquarters.

Because of the poor response to the roll call and the small amount on hand the Home Service Secretary who is getting only a small salary voluntarily asked that it be still further reduced.

SOUTH CALIFORNIA FREEZES --- WINTER'S CHILLY BLASTS NEW NOTE IN SUNSET STATE

Two Days Cold Wave Gives Way to Warmer Weather

LOS ANGELES ICE CAUSES ACCIDENT

Woman Slipped on Ice, Causing Her to Fall and Break Wrist

(By The Associated Press) SAN FRANCISCO, Jan. 21.—Central and Southern California residents chilled by two days of cold awoke to warmer temperature this morning. Temperatures of 25 to 28 degrees ef-

fective throughout most of the citrus growing district has been sufficient to cause heavy loss to crops. The coldest weather aside from the usual low marks in the mountains was 19 degrees at Willows, Glenn county, on Thursday. How much orange and lemon crops suffered cannot be determined for several days. Orange shipments from San Bernardino ordered stopped last night by growers organization and county authorities expected to issue formal orders today that all fruit which might have been frost bitten be inspected before shipment.

LOS ANGELES, Calif., Jan. 21.—Freezing temperatures today caused what is believed to be the only accident of its kind ever occurred in Los Angeles. A woman slipped and fell on the icy pavement and broke her wrist.

COUNTY FAIR AND EXHIBITS OPENED AT LAKE FRONT LAST NIGHT, BIG CROWD EXPECTED

Will Be Running Full Blast Tonight With All the Carnival Attractions Going

Seven o'clock last night witnessed the opening of the Seminole County Agricultural and Industrial Exhibit, and while things are being done in a small way this year it means, from the success of this first venture, a fair for Seminole county each year from now on.

Crowds of Sanford people as well as those from the country thronged the exhibit tents and admired the many nice booths and after getting a big eye full took in the different attractions on the carnival grounds.

The exhibits are located on the lake front at the foot of Park avenue. The first building at the entrance is devoted entirely to the display of Seminole county farm products and is in charge of Frank Miller. Mr. Miller is well qualified to handle this particular end as he has for the past several years had charge of Seminole County's exhibits at the Mid-Winter fair in Orlando as well as the Seminole County Fairs. At this particular time of the year he is not able to get together a fair sample of what Seminole county raises as it is now between seasons, but from the little to be had he has done remarkably well with his exhibits.

After passing through the Produce Exhibit building you enter the large tent erected to cover the many booths and in this, the main feature of the fair will be found. Mrs. E. Curlett, of Geneva is in charge. Congratulations are due Mrs. Curlett for the fine work displayed in this tent. She has worked long and hard for the success of this fair, being a Geneva woman but with interests of Sanford at heart, and has brought exhibits to Sanford that will benefit the retail merchants as no other form of advertising would have done.

Space will not permit a detailed account of the many booths in this tent, but most every line of business is represented there and it is not only interesting to the public but of a great educational value, and all of the peoples of Seminole county should by no means miss seeing this.

After passing through the big tent you then reach the entrance to the carnival grounds where fun and frolic holds sway from early in the evening till late at night. There are many different attractions on the midway, all local talent, headed by local people. Charlie Britt is in full charge of the carnival and has working for him an able body of assistants.

Amongst the carnival features will be found a twelve act vaudeville show with S. S. Baumel commander-in-chief. He is known throughout the country for what he can do in the entertaining line and he has arranged a number of acts that keep you on your toes from the time the curtain goes up until the finish. He has such artists displaying their talents as Miss Mildred Holly, Master Schirard, Sid Rive, Billy Hoffman, Tom Eagan, Charles Brady, Mr. Chase and many others. Master Schirard is the boy wonder with the cornet.

The Bachelor's Reverie is one of the attractions that drew a large crowd last night and is the talk of the carnival. This show is in charge of Mrs. R. E. Tolar and words here will not do justice to their show. You will have to see this to appreciate it.

Then the regular carnival games will be found along with the paddle wheels and so on. At these wheels only useful articles are being raffled off such as flour, hams, baskets of groceries, etc.

The dancing holds sway on the city pavilion with fine music and is being conducted as a jivey dance. Bots are on the lake to take you for a boat ride if you want to enjoy the ride.

The success of this first venture is due to the fine efforts of Mrs. Curlett. The Sanford people and the Sanford merchants as a whole should appreciate these efforts of a lady whose home is not Sanford and who comes here willingly to help the Sanford merchants. Every man, woman and child of Sanford should turn out and patronize this fair, and even if this one is not as large as most fairs, it is the stepping stone to something bigger later on, and we must crawl before we walk.

This affair lasts until Tuesday night. Make no dates for those nights but take your family and your friends and help swell the crowds. Be at the carnival grounds, enjoy all that is there for you, and by lending your presence you are doing a big thing for Seminole county and especially Sanford! The committees in charge are counting on you.

CITY MANAGER NOT DECIDED ON NEW CHANGE

PRESS REPORTS WERE RATHER PREMATURE AS MANAGER RYAN MAY REMAIN HERE

While it is true that the city of Ocala has offered C. J. Ryan, the city manager of Sanford, the position of city manager of Ocala, it is not true that Mr. Ryan has accepted the position as yet and is undecided as to whether he will leave Sanford or not. The Herald asked Mr. Ryan about the press reports from Ocala about the change and he gave out the following statement:

To the Citizens of Sanford: Recent press reports state, and state correctly, that I have been elected city manager of Ocala. I deem it proper that I should state frankly to the people of Sanford that I have not accepted this offer from the City of Ocala, although I expected to do so when first approached by the representatives of the City of Ocala with the offer of a very substantial increase in salary over what I am receiving at present.

As the city commissioners of the City of Sanford have requested me to remain here, and my many friends have urged me to do so, I have reconsidered my decision and have decided to decline the Ocala offer and remain in Sanford.

I believe in Sanford, and am thoroughly interested in her future, and have proved my faith by my works, as I have invested in Sanford real estate and built my home here.

Having decided to remain in Sanford as your city manager, I wish to assure you that I will give you the same honest and faithful service in the administration of city affairs in the future that I have in the past; and in this connection I would like to thank my many friends who have come to me these last few days with words of appreciation and assurance of their continued co-operation, should I remain in Sanford.

I have given my very best thought and ability to the affairs of the city, and the appreciation and confidence expressed by my many friends has played a very strong part in deciding me to continue to serve the city as its city manager, and I shall make every effort in the future to fully justify the confidence of the City Commissioners and of the people of Sanford by advancing the interest of the city in every way possible.

Yours faithfully,
C. J. RYAN,
City Manager.

All Hope For His Life Was Given Up Early This Morning

BERLIN DISPATCH SAYS HE DIED AT 3:35 THIS AFTERNOON

(By The Associated Press) LONDON, Jan. 21. 5:00 P. M. The Exchange Telegraph dispatch from Rome says consultation held by physicians this forenoon owing to the fact that the Pope appeared to be sleeping caused the report to be circulated momentarily that he was dead. This was officially denied.

ROME, Jan. 21.—3:55 p. m.—The Pope has lapsed into a state of coma says the Epoca in edition just issued. The newspaper says another consultation of physicians was to have been held at noon but after seeing the pope, Dr. Marchisava declared further consultations were useless and that he did not intend to make another visit.

PARIS, Jan. 21.—A Berlin dispatch to the Havas agency quotes the Wolff Bureau was saying the Pope died at 3:35 this afternoon, Rome time.

LONDON, 6:53 p. m.—Cardinal Bourne, arch-bishop of Westminster, stated this evening he officially notified by telegraph from Rome that the Pope was dead.

ROME, Jan. 21.—1:00 p. m.—Dr. Battistina, one of the Pope's physicians, said at one o'clock the end was approaching, being a question only of hours. In his slight delirium during the noon hour the pontiff resisted the efforts of physicians to listen to his heart action and expressed a desire to rise and perform his usual duties. The belief that the pontiff's life might be prolonged until late afternoon was expressed by physicians.

ROME, Jan. 21.—2:00 p. m.—The Pope became appreciably weaker about mid-day and hopes which had arisen after his period of slumber in the morning disappeared. His general condition had become worse and he seemed slowly expiring.

Pope Benedict XV. Pope Benedict XV was born in Pegli, in the diocese of Genoa, Italy, November 21, 1864.

Giacomo Della Chiesa, as Pope Benedict XV, was christened, spent all of his boyhood in the little Italian town. He was born an aristocrat, scion of a Democratic aristocracy, the ancient Ligurian nobility, members of which are prominent in the learned professions of Italy.

His father was the Marchese Giuseppe della Chiesa and his mother, the Marchessa Giovanna Migliorati. Both are dead. His elder brother, the Admiral, inherited the title. The Pope was a puny, delicate boy and grave doubt was expressed when he was born that he would live many hours.

He was educated in Capranica college in Rome and four years later he was ordained a priest.

He at once entered the Academy for Noble Ecclesiastics from which the then Monsignor Rampolla took him to be his private secretary. In 1898 Rampolla was made papal nuncio at Madrid, a post of the greatest importance at that time. The young priest won the affection of Rampolla who gave him a training in diplomacy such as probably could have been obtained from no living man. When Rampolla returned to Rome, as secretary of state to Leo XIII, he took Monsignor Della Chiesa with him and made him under secretary.

Following the death of Leo XIII Cardinal Merry Del Val took the place of Rampolla as secretary of state. Monsignor Della Chiesa remained, however, at his post. He was made Cardinal May 25, 1914.

When Cardinal Della Chiesa went into the Conclave after the death of Pope Pius X there were few who believed that his election was a possibility. But he was elected.

BRIDGE AND SEWING PARTY.

The card and sewing party given yesterday afternoon at the Parish House was an unqualified success in both a financial and a social sense, and served also to bring the work of the Mother's Club before a sympathetic audience and set forth its generous aims.

Tables were reserved by Mrs. Holly, Mrs. Henry Wight, Mrs. Baumei, Mrs. Vorce, Mrs. Stanley Walker, Mrs. Forest Lake, Mrs. John Smith, Mrs. C. R. Kirtley, Mrs. Bennett, Mrs. Hinos, Mrs. DeCottes, Mrs. Ed. Lane, Mrs. Howard Smith, Mrs. J. B. Coleman, —sixty players enjoying the bridge game while a group of twelve ladies served and took part in an original contest making a poem from the program Kindergarten. High score in the card game was made by Mrs. John

Smith, who was awarded a handsome card table cover. In the contest for the poems Mrs. Leslie Bryson won the prize of a half dozen hand embroidered tea napkins for the following clever little verse.

Kindly give us money
In vain we work
Not so very funny
Do not shirk
Endless toll and labor,
Run from day 'till dark
Get the neighbors' children
And take them to the park.
Read them little stories,
Teach them while they're young
Ever in the future,
Note the good that's done.

Everybody took part in cutting for the last prize, a dainty bridge set, won by Mrs. Bryan Stumm.

At the conclusion of the game and contest a most inviting salad course was served.

The hostesses for this delightful occasion whose cordiality was for each guest in turn were Mrs. Roy Bower, Mrs. W. Morton Thigpen, Mrs. M. Minarik, Mrs. Fred Daiger assisted by Mrs. D. C. Marlowe, Mrs. R. R. Deas, Mrs. A. M. Phillips, Mrs. L. C. Kolb, Mrs. W. J. Thigpen and Mrs. W. H. Singletary.

Mrs. Takach, whose lovely voice has gained additional depth and tenderness through her own young motherhood, sang an appropriate group of songs which went straight to the many mother hearts among her hearers. She was followed by Mrs. A. M. Phillips who in a brief talk, outlined the work of the Mother's Club in opening a Kindergarten for the little children of Sanford. There has been a fair response in the way of attendance, but there is room and a demand for more pupils if the work is to be self-supporting. At present the expense attached to the work is considerably in advance of the income hence the necessity for augmenting by this entertainment.

Mrs. Roy Bower as chairman of the Kindergarten committee, will be glad to answer inquiries.

Too much praise cannot be given the Mothers Club for their efforts in filling the long felt need for a Kindergarten, and it is earnestly hoped that full success will come to the work.—Contributed by Mrs. Wight.

ST. AGNES GUILD

The St. Agnes Guild will meet Monday afternoon at 3:30 at the Rectory, with Mrs. Jonathan Peck as hostess instead of Mrs. Earl Burdick as previously announced.

As there are several matters of much importance to be discussed it is earnestly desired that all members should be present.

WESTMINSTER CLUB

The Westminster Club will meet Monday afternoon at the "Sunbeam Cottage" on West First Street, the home of Mrs. John Baker.

Mrs. Frank Akers and her mother Mrs. J. R. Walker of Atlanta, are spending the day today in Orlando.

Mrs. Mary Higgins left Sunday evening for Lansdale, Pa., where she will spend some time with her daughter Mrs. Julius Stryker.

THE SEMINOLE CAFE

SANFORD'S NEWEST PLACE

On January the 1st, the Seminole Cafe opened with a Mid-day Dinner. Eighty-eight Turkey dinners were served at the first meal. The evening meal of the first day was equally well attended. Since the opening day the patronage has steadily increased, from home folks, as well as from the tourists. From the opening day, to January 15th, inclusive, 4,167 meals were served—an average of 245 meals daily. The patronage from Sanford and Seminole County is especially appreciated; for the management is not insensible to the fact that the tourists stay but a short time, and it is, therefore, the purpose of the Seminole Cafe so to cater to the Home Trade, that a permanent patronage may be merited and maintained twelve months in the year from this immediate locality.

Therefore, with a view to getting better acquainted locally, the public is especially invited to try our Dinners.

MEMBER THE ASSOCIATED PRESS

Charley is all right but for Sanford and Seminole county to endeavor to take care of all the charity cases that come in on the trains at the rate of twelve or more a day is preposterous. All of these people have a home somewhere. Let them stay where they belong instead of "touring Florida."

If any more visitors to Bimini get lost they ought to cut it out of the papers.—Sanford Herald.

Visitors to Bimini are important people in Miami. If we ever go to Miami again, we shall visit Bimini ourselves.—Ocala Star.

So will we, Brother Benjamin, but we will not get lost and if we do they do not need to send any airplanes after us or publish any reports in the newspapers.

CHURCH, SCHOOL, NEWSPAPER

We chanced to ask the principal of a local school this question: "For the good and best interest of a community, what three institutions are first?" He replied: "The church, the school and the newspaper."

He was exactly correct and this is why. The church has to do with the spiritual and social uplift of humanity, the school is a mental, physical and moral developer of the child and youth, the newspaper, while first comes last. It is the servant of both school and the church in the forwarding of the things they stand for and further, is the civic and commercial heart of the community.

The minister is usually furnished a "home" and an "office" and is paid a living or liberal salary, also. This is true with the teacher except the home, while with the publisher it is another story—he must invest from \$3,000 to \$6,000 in equipment, pay office and house rent, bear the whole expense of the undertaking without assistance from the outside and if he makes over and above his expenses, a "laboring man's salary," he wears a grin that will not come off, yet, he is as much a public institution and public benefactor as either of the others named, if not more.—Lake Worth Herald.

HOW TO ADVERTISE

To the man who buys space in a newspaper, this editorial means nothing or anything, depending upon how he reads it. If he has ordinary intelligence the advertiser realizes that when he buys space he is no nearer the crop of results than if he merely bought a farm and expected nature to produce his fruit, his corn or his live stock. Intelligent treatment is required for the farm and intelligent treatment is required for the newspaper space. Herber N. Casson, a writer in Forbes Magazine, has touched this fertile subject clearly in the following:

The Cleverest of all advertisements is the one that has been woven into the warp and woof of the news of the day.

The news is daily; it is fresh—that is why we call it the "news". And that is why advertisements should be new and fresh.

A timely advertisement, written on the spur of the moment, is usually far more effective than a larger one, elaborately illustrated, that has no news value.

Most artists, I am sorry to say, are

Fancy Groceries

Fresh Fruits and Vegetables

DEANE TURNER

Phones 497-484 WELAKA BLOCK

temperamentally opposed to timeliness. They prefer linking the advertisements to Egypt and Olympus, rather than to the gossip of the daily press. As artists, they are quite right; but as advertisement makers, they are quite wrong.

It is mark of the highest skill in advertising when a manufacturer can get the benefit of the news.

It was a superb advertisement, for instance, when Waterman's told the public that the pen that Lloyd George used to sign the Treaty of Peace was a Waterman.

The great basic fact is that a nation is a vast herd of people—thoughtless, indifferent, self-absorbed, happy, and miserable people, who are thinking the same things at the same time.

The nation lives day by day. It says—"Give us each day our daily daily gossip," and if you wish to attract the favorable attention of this herd of people, you must go with it and talk about what it is interested in.

There's a fortune for the advertiser who can make the best use of this tip—follow the news.

HOME SALE DAYS

Every merchant in every hamlet or metropolis is interested in two things: Holding the trade he has, and extending his trading sphere. Trade extension, we call it; Old home week, others have named it; Home sales day, others say it is all of these, and more. It is the day, or the week, of honest cooperation between citizen and citizen, merchant and merchant and merchant and citizen.

The Atlanta Constitution says, "The spirit of cooperation has contributed to make sales days throughout the state highly successful from every point of view."

A great home sales week was "pulled" in a Cobb county, Ga., town and the Times of the county said of it: "The thing has succeeded because the merchants have cooperated and have been above board in all their transactions with each other and with their friends who live in the country."

This spirit of cooperation—which means you are doing something as well as expecting the other man to do something—is so well organized as the salient factor in successful merchandising on a large scale, that the Worth County, Ga., Local, calls attention of its readers to the fact that: "Merchants and business men of a town must cooperate with one another if they would hold the trade that belongs to them. All business institutions and property owners of a town, to be permanently prosperous, must be always working together to bring the trade of the territory in their direction, or see it go elsewhere when more alluring inducements are offered."

What these county papers in another state have said is true of every attempt to foster merchantile extension in Tampa, or in New York. The only difference is in the amount and form of cooperation to be used.

Go out and bring in the trade that property belongs to Tampa; and the trade over every community center store in the state will be also increased.—Tampa Tribune.

DON'T GIVE UP THE SHIP.

When that brave American commander thought his crew about to fall into the hands of the enemy after he had been wounded, he cried to his men: "Don't give up the ship."

C. S. Hoskins, traffic manager of the Tampa Board of Trade has returned from a meeting where the ten per cent reduction of railroad freight rates was discussed. He loses no opportunity to urge the Tampa and all Florida shippers to "continue shipments by water rather than by rail."

We quote from a letter Mr. Hoskins has sent to the shippers of the Tampa territory:

"The ten per cent rail-rate reduction on agricultural products, effective Jan. 1, 1922, while welcome in itself, is, we fear, serving to entice receivers of grain and grain-products to diversion from the water lines who have heretofore made Tampa's position secure in the field of competition and to whom we must look to maintain our supremacy in the future.

"The reduction is confessedly a temporary one, and we are still confronted with the fourth extent (long and short haul) adjustment which will just about put us out of business if we have to rely solely upon the railroads.

"You should protect your own future in boat lines to the fullest extent, for when this flurry is over we will be needing them very badly. See if you cannot find some high class merchandise to give them also."

The Mississippi-Warrior self-propelled barge service has met the situation for that section of the far south. The Birmingham Age-Herald says editorially:

"Effective January 10, the Warrior river barge service between river

It was the Judgment Day, and throngs of people were crowding around the Pearly Gates trying to convince St. Peter that they were entitled to enter Heaven.

To the first applicant St. Peter said, "What kind of a car do you own?" "A Packard," was the reply, "All right," said St. Peter, "you go over there with the Presbyterians."

The next in line testified that he owned a Buick and was told to stand over with the Congregationalists. Behind him was the owner of a Dodge, who was ordered to stand with the Baptists.

Finally a meek little individual came along, "What kind of a car do you own?" was the question.

"A Ford," was the answer. "You just think you own a car. You go over there with the Christian Scientists."—The Arklight.

Spooners a Nuisance?

Everybody loves a lover—that is, everybody except residents near Wilmington, Del. The people there have appealed to authorities to stop spooners from parking their cars along the road and keeping them awake at night. The question is—what keeps the residents awake? Spooners usually are as boisterous as graveyard mice.—Illinois Motorist.

Chas. Brady could not have picked a better time to sing the "End of a Perfect Day." It was and also a perfect night.

The Mule's All Right

We sometimes think that the mule ain't a darned fool after all. He at least makes people respect him if they don't love him. Generally speaking, it's the kicker that gets things. People toss him a bone now and then because they know he will kick if he doesn't get it. On the other hand, the good natured every day old gink who goes along doing his best, saying things the best way he can, gets meager thanks. He may get more flowers on his coffin than the kicker, but their fragrance will mean nothing to him. He may get rewarded in the life to come but he is taking a longer shot than the mule who goes on the theory that the time to get his is when the getting's good and kicks if the pie ain't passed his way. Yessir, we believe a mule is a pretty wise animal and a good judge of human nature.—Winter Haven Chief.

VAUDEVILLE PERFORMANCE AT DEMONSTRATION FAIR

The vaudeville part of the Demonstration Fair on the lake front promises to be a big part of the fair. Sam Baumel has charge of the vaudeville features and Sam is working night and day with the usual handicaps for putting on such an entertainment but he announces that he has at last arranged his program that might have some changes but will be a first class performance in every way and of a high order. The fair and the features are all home products and put on by the Woman's Club and the Chamber of Commerce and starts tonight. The following program will be given every night in the vaudeville tent:

Billy Hoffman in mirthful melodies. S. A. Rive in Beautiful Ballads. Master Schirard, boy wonder cornets.

Mildred Holly, Sanford's sweet song bird. S. S. Baumel, entertained De Luxe. Charles Brady, our own Irish tenor. Tom Egan, character impersonator.

points and the ports of Mobile and New Orleans will become semi-weekly. The benefit of regular sailings at these frequent intervals is apparent to shippers in Alabama, Mississippi, Tennessee and Georgia within the territory enjoying a 20 per cent freight reduction by use of the river.

"This twice-a-week service will be provided by four self-propelling barges, the last having recently been completed. Each of these freighters has a capacity of 2,000 tons, thus enabling the simultaneous movement up and down the river of 8,000 tons of miscellaneous freight. This equipment is in addition to that of power boats and barges used primarily in carrying coal, steel and iron products. The self-propellers are peculiarly adapted to the service of merchants."

This, reduced to terms of Tampa, means that through the Gulf and Southern and the Mallory lines plying between Tampa and Mobile and New Orleans, this port also has the advantage of an all-water rate from the coal mines and the steel mills of the Birmingham district and from the Mississippi river points for grain and grain-products, as well as for shipments of its own products of fruit and vegetables, and naval stores, if we want it.

Mr. Hoskins in his letter calls attention to this, saying:

"The Mississippi-Warrior service met the situation, effective January 10, 1922, at St. Louis, Cairo and Memphis (proper) on all-water movement from these points, expecting later to apply the reduction to joint rail-and-water movement via those points. This makes the all-water rates via Mississippi-Warrior service in connection with Gulf & Southern S. S. Company via New Orleans to Tampa on grain and grain-products in carloads: From St. Louis (proper) 33c cwt.; from Cairo (proper) 30 1/2c cwt.; from Memphis proper, 26c cwt., giving a differential against the reduced all-rail rates: From St. Louis 6 1/2c cwt.; from Cairo 6c cwt.; from Memphis 4 1/2c cwt."

Mr. Hoskins is right. The fight for reduced rates, or for water competitive ratings, has not been won by Tampa yet. Shippers must be alive to the fact that impediment after impediment has been thrown in their way by the rail lines, and that still others are being prepared for them. We must do our part in overcoming these impediments. One way is to stand firmly by our guns and "Don't give up the ship" which has showed us the way to transportation independence. The other is to insist that shipments from Birmingham and the Mississippi valley territory, so far as is possible, be made via all water from those points.

Some day we will realize what Birmingham has accomplished by putting in its self-propelling barges, and Tampa will have them. Then this port will be the distributing point for a great tonnage of water-collected freight, and Tampa will have come into its own as a port and as a distributing center.—Tampa Tribune.

"THE BIRTH OF A NATION"
OPENS TODAY AT THE
STAR THEATRE—SEE IT

It is estimated that over twenty million people have seen the production since it was originally brought out.

Mr. Griffith was eight months making this wonderful picture. He employed 18,000 people and 8,000 horses and the total cost of the work reached the figure of half a million dollars.

The story is one of romance and adventure, linked to the most vital periods of American history. It records its facts with the rapidity of lightning and yet never departs from the fundamentals of true drama. Love and conflict are its basic theme but a myriad of details illumine the narrative and lift it so far beyond anything our stage has ever known that the usual avenues of comparison do not offer a road to follow in this instance. Linked with the drama is an operatic score which carries recurrent themes with every vital scene and character in the epic. This wonderful score which is synchronized to the drama is in itself an incomparable work of art.

That part of history dealing with the rise and fall of the slavery problem is the vital spark upon which Griffith has built his story. The conflicts which this question caused are reproduced in great battles and in all thrilling things which are a part of war.

IN SPRING SAYS HOOVER

WASHINGTON, Jan. 20.—Secretary Hoover declared today the stage appears to be set for a general strike in the bituminous coal industry at the end of March when existing contracts expire.

Mr. Hoover said lack of progress made in negotiations looking towards averting a break between coal operators and miners indicated that the situation was moving toward a strike.

Mr. Hoover indicated that negotiations carried on by administration officials with representatives of both sides in the coal industry had not produced any concrete results and the impression was given that further negotiations were not contemplated at present.

THREE YEARS FOR HIGAMY

MIAMI, Jan. 18.—J. C. Buttersworth who came to Miami from Waynesboro, Ga., about one and one half years ago was sentenced today by Judge Tom Norfleet to serve three years in the state prison camp at Raiford after pleading guilty to a charge of bigamy. Buttersworth was arrested on the charge a few days ago after his marriage in this city Dec. 28 to Miss Beatrice Morris twenty, on complaint of the young woman's father, W. C. Morris. The defendant admitted to the court that he has a wife and two children in Waynesboro.

ST. PETERSBURG, Jan. 19.—Although possession of moonshine liquor is prima facie evidence of its sale or transportation, which is in violation of the city laws, possession itself is not a violation and the local police should not bring such charges, Municipal Judge C. E. Spear ruled recently in dismissing two men charged with having had whiskey in their possession.

Should arrests be made on the strength of possession of liquor, Judge Spear held, it would be the burden of the defense to show that it was not transported or sold, and charges should be made accordingly.

STARKE, Jan. 19.—The oil stove as a smoke screen is the latest progressive addition to the moonshine whiskey industry of this section. Sheriff Epperson recently discovered an unusually large copper still about four miles from here on Wolfe Bay, with an oil stove furnishing the required heating energy, thus eliminating the telltale smoke. Should this method come into extensive use, the sheriff avers, his force will have to put its collective nose to the ground, as it were.

WASHINGTON, D. C., Jan. 20.—"I have no information that Mr. Bryan intends to oppose me, except the circumstantial story published in the Baltimore Sun," said Senator Trammell today. "I have no comment to make at this time on Mr. Bryan's reported intentions. You may say, however, that should he get into the race I will make arrangements to take care of myself as I have in the past. For the present I will let my comment stand at that."

From other sources, it was learned that Senator Trammell is not yet convinced that Mr. Bryan intends to oppose him. The junior Florida senator has practically killed off all other prospective opposition.

Representative Frank Clark, of Florida, who has been in the house for nearly 20 years, was at one time regarded as a possible opponent of Senator Trammell. However, it is now understood that Representative Clark is content to offer again for the house.

Emissaries of Mr. Bryan recently have been in Washington feeling out members of the state delegation in congress and Floridians in the capital. They are said to have returned home confident that Mr. Bryan can expect some assistance from one or

HELPING THE COUNTY'S NEEDY SICK

Whenever a case comes up in the county where help is needed for those who cannot afford medical attention realization is forced of the lack of funds necessary for giving such aid.

The general supposition is that the Red Cross and the County Physician, to say nothing of the hospital, can look after such things. As to the hospital, one may briefly dismiss it in this connection since it has no free beds and is limited in many ways regarding "charity cases."

There is in fact, no institution in the county where the very poor, either white or black, can be taken care of—not even the county home, and as we have no county nurse, it has, so far, devolved chiefly upon neighbors to give help to the very sick poor in the outlying districts. It is impossible in these busy days for farm-women to do as much as they would be glad to do to relieve such people but it is not their place and they should not be expected to give time and strength and material help as well, individually, and it is certainly not fitting that they should have to go about asking money or other help from the public.

The county should have a fund to provide for such cases—and the Red Cross and the County Physician should be given help to carry on their work instead of even their having to beg such aid from individuals or the public.

But, as to the Red Cross, although called upon frequently for pitiable cases, it is simply not able to give the help needed because the Red Cross lack funds. We are in a peculiar situation just here: one of which the public seems to be ignorant. All money given the Red Cross must be halved, that is, one-half sent to headquarters, the other half kept for county charity. And this one-half is very small indeed because so little is paid into the Red Cross now. As a result, the few who realize this condition are beginning to cut off entirely the amount usually given the Red Cross so that it may be applied on individual cases of county cases of sick-poor. But as a consequence of having little in the Red Cross treasury locally and no county fund for such things it works

a hardship upon the few individuals who must give to neighborhood cases.

But we should have such a fund by means of a special county tax for this purpose; a millage that would not be felt by the many paying an infinitesimal amount each. Not only have we at present no such county fund but the county physician is expected to do the impossible. He is given but \$30 a month for his services and nothing at all for gasoline, yet the latter item amounts to a good deal since he must go to all points, no matter how far, when called. This sum does not cover—cannot cover—the services he is expected to render the convicts, the county farm and private indigent cases and is anything but adequate to make it possible to many times give up private practice for "charity patients." A physician is obliged to make a living and even \$100 per month for what is expected of him would not be much for what he is expected to do.

We should have a county nurse whose attention would, by prevention, lessen the county physician's work; we should have a place to put the sick poor and we should have a fund upon which to draw for the food and medicine and special nursing required in addition to doctor's and county nurse's supervision, whether in an institution or in private homes.

It is unfair that we expect so much of the few who realize conditions and are willing to help neighbors and it is unfair to the county physician and to the Red Cross and to the sick-poor themselves.

What are you going to do about this?

Will you help talk and work for a fund for county charity work—a millage which will relieve the general situation and put our county "on the map" as a civilized community where physical suffering and other wrong conditions are helped by up-to-date, progressive team-work or are you going to let it drop?

What are you going to do about this? Think it over. You may need money and medicine yourself some day and every bit of co-operative work you do along this line will help prevent your own possible suffering. At any rate, put yourself down as one interested in your county's welfare.

A COUNTY WOMAN.

SEVENTH SECTION F. F. W. C. MEETS AT WINTER PARK

Interesting Program Was Given Yesterday—Will Close Today

The first convention of section seven of the Florida Federation of Women's Clubs opened yesterday in Winter Park, members of the Women's Club of Winter Park acting as hostesses. The convention will close today.

Yesterday's sessions, beginning at 8 a. m., were presided over by Mrs. L. M. Johnson of Leesburg, vice-president for the section. Following the invocation by the Rev. Pardee there was a musical program consisting of patriotic songs led by Miss Susan Dyre of Rollins College. In the absence of Mayor Kezel of Winter Park, the address of Welcome for the city was delivered by Mr. M. H. Ward, for the Winter Park club by Mrs. List and for Rollins College by Dean Sprague, acting president. Response was made by Mrs. A. B. Whitman, president of the Sorosis Club of Orlando.

The principal address was delivered by Miss Elizabeth Skinner, president of the State Federation, who spoke on the organization's problems and urged cooperation of all the departments. Miss Skinner also told of the club's new publication, The Bulletin, which will be sent to members of all the Women's club in the federation for a small charge. Miss Sarah Partridge, State Home Demonstration Agent spoke of the work her department is doing and outlined the department's plans for the current year.

In the business session which followed, Miss Grace Edwards was elected secretary of the meeting and the Resolutions committees was named as follows: Mrs. E. L. Schumaker Eustis Mrs. F. J. Fripp, Kissimmee and Mrs. Lawton, Oviedo.

The session will continue today opening at nine o'clock and closing with a luncheon given by the Women's Club of Winter Park.

CUT LICENSE FEE TO LET STRODE SHOWS PAY THEIR WAL OUT

DADE CITY, Jan. 19.—W. A. Strode's Carnival Shows, which were tied up here Monday because the city, county and state license taxes were not paid, were released about noon, and the show people departed for Winter Garden, where they are scheduled to show this week under the auspices of the American Legion.

The city council met and rebated part of the fees, and the claim of the county was reduced, making the amount small enough to fit the pocket-book of the show people, and they readily paid up and procured release of the attachments that had been levied upon their property.

schools. There are eight—counted from six of the accredited schools. The contest was inaugurated several years ago by Irving Bacheller, the author. Mr. Bacheller, who is a resident of Winter Park and a trustee of Rollins College, offered two prizes of \$25 each, stimulate interest in good English and sound Americanism, one prize for girls and the other for boys. They will be presented to by Mr. Bacheller in person.

MIAMI, Jan. 19.—The submission recently of a bill for some \$300 for medical services rendered a negro, shot by a deputy officer, through mistaken identity caused the commissioners to opine that "promiscuous shooting" by law officers should cease.

"This is becoming entirely too frequent," declared Chairman J. W. Carey. This promiscuous shooting of the wrong man might decrease if the county refused to pay the costs. We cannot be responsible for these unnecessary accidents. Officers ought to know their men before they shoot." The commissioners then decided they would not pay the bill but it developed that the county physician had approved it and they begrudgingly authorized its payment.

WINTER PARK, Jan. 19.—Founders Week at Rollins College here will begin Friday afternoon, January 20, with the Bacheller prize essay contest open to Students of Florida High

SEAMEN SHARE PROFITS

NEWPORT NEWS, Va., Jan. 18.—The wooden steamer Coorvalls has signed officers and some men as a profit sharing basis and will leave Hampton Roads today for Cuba with a cargo of coal. The steamer is one of the five wooden craft recently purchased from the shipping board by Pendleton brothers. The officers and men sharing profits receive a small flat wage and take their chance with the operators in making a profit on the voyage.

THE SEMINOLE CAFE
SANFORD'S NEWEST PLACE

On January the 1st, the Seminole Cafe opened with a Mid-day Dinner. Eighty-eight Turkey dinners were served at the first meal. The evening meal of the first day was equally well attended. Since the opening day the patronage has steadily increased, from home folks, as well as from the tourists. From the opening day, to January 15th, inclusive, 4,167 meals were served—an average of 245 meals daily. The patronage from Sanford and Seminole County is especially appreciated; for the management is not insensible to the fact that the tourists stay but a short time, and it is, therefore, the purpose of the Seminole Cafe so to cater to the Home Trade, that a permanent patronage may be merited and maintained twelve months in the year from this immediate locality. Therefore, with a view to getting better acquainted locally, the public is especially invited to try our Dinners.

PERSONALS

Nice weather right on.

The lake front is an animated scene these days.

The beautiful yachts, Dawn and new Era give our lake a fine appearance.

W. B. Talley prominent architect of Florida with headquarters in Lakeland is in the city today on business.

Reg S. Holly left today for Tampa and Palmetto where he will be located in the produce business for several weeks.

Mrs. Neely and the children have returned from Ocala where they were called on the sad mission of the death of Mr. Neely.

B. A. Howard of Okeechobee City is here the guest of home folks. Mr. Howard reports everything flourishing on the "big lake."

Frank Baker of the "Night in Honolulu" company is in the city billing the place for this big attraction that will be at the Princess on January 27.

SEMINOLE CAFE CHIEF IS WORLD TRAVELLER AND KNOWS THE GAME

The excellent service that the Seminole Cafe enjoys is due in a great measure to the chef, W. W. Baylор, who has traveled all over the world in his position as chef, steward and caterer. He was with the St. Clair Hotel in Michigan and with many other hotels in that state before getting the wanderlust. He has visited practically every part of the civilized globe and can talk about the hotels of Europe as comprehensively as about the hotels of Sanford. For many years he was steward on some of the big transatlantic liners, he served hotels in France and Holland and other countries and his knowledge gained was not only gleaned from books but from experience in some of the largest cafes in the world. Sanford and the Seminole Cafe are fortunate to secure his services.

POLICEMAN WALKER'S FINE RECORD.

Policeman E. E. Walker who has served the City for a long time as a Patrolman, and who serves his connections with City today, has made a fine record for himself.

Space here will not permit a detailed write up of the many things he has done in connection with his position, but his last achievement was made when he rounded up the gang that had been looting the store of Perkins and Britt. This firm notified him that there were things missing and could give him absolutely no clue on which to work and within two days after he was notified he had the entire gang rounded up and they are now doing time on the county roads.

All of Mr. Walker's friends regret to learn that he will be a policeman no longer but we believe that he, being the business man that he is, along with his abilities as a sleuth, will do much better for himself in his new fields. No definite announcement has been made by him as to his future intentions but the Herald joins hands with all his friends in wishing him the best of luck.

SEMINOLE CAFE MAKES WONDERFUL RECORD IN SERVING MEALS

The Seminole Cafe has an advertisement in this issue calling attention to the Sunday dinners and giving the menu for tomorrow. The advertisement also states that 80 Turkey Dinners were served the day the cafe opened and from opening day to 15th the Seminole Cafe has served 4,167 meals—an average of 245 meals daily. When one considers the service at this cafe, the well cooked food, the excellent cuisine, the sanitary kitchen, the immaculate appearance of this place at all times it is not so wonderful that the patronage should be extended in such a bounteous measure. People go to eat where they can be served with the best for the price. The Seminole gives real service. Read the menu for tomorrow and get your dinner at the Seminole.

DADE CITY, Jan. 21.—At least one carnival company operating in Florida this winter has been hard sledding for the sheriff of Pasco county has taken it in charge. The show opened here for a week but failed to pay the city license tax. Payment was postponed a few days and last Saturday, when the carnival expected to wipe the slate clean with its earnings, the day was so cold the expected crowds failed to materialize. The city then had a writ of attachment issued and the sheriff took charge of the show.

A Japanese delegate says he wishes to "spik" our language well enough to span the distance between races. "Spik and Span" is a good motto.
