NATION TODAY

Neighbors Come Through

THOMPSONVILLE, Ill. (AP) — "I didn't realize there were so many kind and helpful people in the United States," Angus Gaither, 18, says.

Valuedictorian of the class of 1974 in this rural southern Illinois town, Gaither managed to study and tend the family's 400-acre farm. He's the sole support of his widowed, invalid mother and his partially paralyzed brother.

But he wanted to attend Harvard University without neglecting his family, and he had until Monday to tell Harvard officials whether he'd accept a \$5,250-a-year scholarship or remain at home.

His quondam business public, his high news accounts, and within 24 hours, he'd received about 35 phone calls. "Some are just wishing well, some are offering financial contributions," he said Monday.

The money will go into a trust fund to support his mother and brother and to hire a nurse or housekeeper while Angus is away at Harvard. He'll leave the farm to a neighbor.

Rockefeller Breaks Hip

TAIPEI, Taiwan (AP) — Chairman David Rockefeller of Chase Manhattan Bank has cut short an Asian tour after he fell and broke his hip.

A spokesman said no surgery would be required, but Rockefeller is being flown back to the United States. He arrived here Sunday and was to go on to Japan and South Korea.

Kerner Hospitalized

CHICAGO (AP) — Former Illinois Gov. Otto Kerner has been admitted to the intensive care unit of Illinois Masonic Hospital after suffering chest pains over the weekend, hospital officials said.

A spokesman said Kerner, a judge of the U.S. Court of Appeals now on leave pending an appeal to the U.S. Supreme Court of a bribery and tax fraud conviction, was in satisfactory condition Monday at the hospital.

Kerner and his former state revenue director, Theodore J. Isaacs, were convicted in 1970 on bribery and tax fraud charges in a race track scandal.

Porter Leaves Jail

LOMPOC, Calif. (AP) — Herbert Porter, a former presidential aide, has been released from the Federal Correctional Institution after serving 27 days of a 30-day sentence, a prison spokesman said Monday.

The former scheduling director of the Committee to Re-elect the President was released Friday with his term reduced by three days for good behavior, the spokesman said.

Murder Trial Resumes

HOUSTON (AP) — A state district court jury resumed deliberations today in the murder trial of Robert Lacy Campbell, 35, accused of killing a Texas man.

The nine-man, three-woman jury in Judge I.D. McMaster's court received the case about mid-afternoon Monday but retired for the night without reaching a verdict.

The defendant is charged in the Oct. 18, 1973 beating death of Robert Ray Campbell, 50, a Houston used car salesman. The two men were not related.

Educational Bill By House

WASHINGTON (AP) — The Senate has passed a \$34 billion education bill, but it faces many problems in conference with the House and when it reaches President Nixon's desk. The big issue in the conference will be how far Congress should go in trying to restrict busing for school desegregation purposes. The House measure passed in March virtually would end such busing. The Senate bill contains the same limitations, but it adds language continuing the authority of federal courts to order busing if necessary to meet equal rights requirements of the Constitution.

Magruder Sentenced

WASHINGTON (AP) — Jeb Stuart Magruder, the No. 2 man in President Nixon's reelection campaign, was sentenced today to serve 10 months in prison for helping plan the Watergate break-in, bugging and cover-up.

U.S. District Judge John J. Sirica ordered that Magruder serve a 10-month to four-year term in a minimum security institution and gave him until June 4 to surrender himself.

Magruder was the first Nixon insider to publicly admit his own involvement in the Watergate case and the first to publicly accuse others in the cover-up.

"My ambition obscured my judgment," Magruder told Sirica in a brief statement. He said he still doesn't know he surrendered "my moral precepts."

"I know what I have done," he said. "I'm confident the country will survive Watergate and Jeb Magruder."

Magruder's lawyer James E. Sharp told the judge that Magruder has already been punished in the 13 months since he first told of his role in Watergate to federal prosecutors.

Magruder was the sixth former White House aide to be sentenced to prison. He pleaded guilty Aug. 16 to a single count of conspiracy to unlawfully intercept communications, to obstruct justice and to defraud the United States of America.

Sirica could have sentenced Magruder to a maximum five years in prison and fined him \$10,000.

Airline Earnings Soar

MIAMI (AP) — Miami-based National Airlines has announced record earnings in April of \$4.5 million, or 53 cents per share, up over \$2.3 million and 27 cents from April 1973.

National also said Monday that operating revenues were up 24 per cent to \$44 million and that traffic was up 12 per cent to 573 revenue passengers in April.

Tainted Wheat To China

WASHINGTON (AP) — American wheat tainted by microscopic plant disease spores was shipped to the People's Republic of China last year because no one in the Agriculture Department knew how strict that country's sanitary requirements were for imported grain.

Richard E. Bell, deputy assistant secretary of agriculture, said a U.S. delegation now in Peking is expected to return next weekend with a report on how such shipments can be avoided in the future.

Although the disease, a wheat smut, is not considered by USDA experts as harmful to humans, Peking officials are alarmed that introduction of the spores would be a threat to China's wheat crop.

Government officials say they do not know how much wheat was tainted by smut spores was involved, but trade reports have indicated several shipments were turned back.

Bell said the department's Animal and Plant Health Inspection Service had approved sanitary certificates for wheat going to China that showed the grain had been free of the disease.

SLA Parents Ask Children To Surrender

LOS ANGELES (AP) — As lawmen continued their search for Patricia Hearst and William and Emily Harris, the distraught parents of the suspected Symbionese Liberation Army members pleaded with their children to surrender rather than face possible violent death.

With the memory of last Friday's flaming deaths of six SLA members vivid in her mind, Mrs. Betty Bunnell, Harris' mother, said, "All of us just can't bear the thought of seeing anything on film like we saw this past weekend, and to think that it might happen to my son is almost unbearable and I do wish he would give himself up."

Mrs. Harris' father, Frederic Schwartz, flew to Los Angeles from Chicago Monday night to plead with his daughter to surrender to him. In a statement aimed at Emily, 27, Schwartz law officers said their search

for Miss Hearst and the Harris was still centered in Southern California, although Los Angeles Police Cmdr. Pete Hagan declared, "If they've got any sense, they'd have left. Things are getting hot here."

The three are wanted on FBI complaints, filed Monday, for investigation of illegal use and possession of automatic weapons.

The FBI decision to classify Miss Hearst as an SLA participant capped a wild weekend in which six members of the SLA, including its top leader, Cinque, died after an hour-long gun battle with 500 police at a south Los Angeles hideout.

The FBI said it concluded that Miss Hearst had joined the revolutionary clique which violently kidnaped her 3½ months ago after an 18-year-old youth identified her and the Harris as the persons who

kidnaped him for 12 hours and stole his truck in a getaway from a sporting goods store last Thursday. The FBI said it believed Miss Hearst fired 30 rounds of automatic rifle slugs into the store after Harris allegedly bungled an attempt to shoplift a 40-cent pair of socks.

William Sullivan, an FBI official in Los Angeles, said the tangled shopping started police into the rapid series of weekend developments in which they began to close in on the SLA for the first time. "If these people didn't make mistakes, it would be hard as hell to catch them," he said Monday.

Miss Hearst, who had been studying art history at the University of California and planning a summer wedding when she was kidnaped, "will be given the opportunity to surrender," Sullivan said. But he added solemnly: "If she opens fire on FBI agents or police, the fire will be returned."

In Hillsborough, Miss Hearst's father, Randolph A. Hearst, who vainly sponsored a \$2 million food-grocery-in-a-ransom effort, said he did not believe his daughter would help herself up, but clung to his belief that she has been brainwashed or coerced.

Hearst emphasized that "so far, she hasn't done anything, really. She's fired a gun. She's been at a bank, she didn't fire anything in the bank and, at that point in time, it was quite debatable whether she was in this thing of her own free will."

National Insurance Talks Open

WASHINGTON (AP) — Under pressure from President Nixon and Democratic leaders in Congress, a Senate panel is opening hearings on rival plans to establish a national program of health insurance.

Heading the witness list today before the Senate Finance subcommittee on health was Caspar W. Weinberger, secretary of Health, Education and Welfare.

Senate Democratic leaders are said to be pushing for quick action on health insurance, and Nixon on Monday repeated his similar call. He cautioned that with the end of wage-price controls, doctor bills threaten to increase by as much as 22 per cent this year.

The President's health plan would rely more on private insurance companies than would rival Democratic proposals.

Even some of the strongest backers of health-insurance reform are expressing doubts that a bill can be passed this year. The House Ways and Means Committee, which must originate such legislation, is holding hearings on health insurance and this has not begun work on writing a bill.

But Rep. Wilber D. Mills, D-Ark., Ways and Means chairman, is a chief sponsor of the broadest health bill with Sen. Edward M. Kennedy, D-Mass. Basically, the Kennedy-Mills plan would set up a national health insurance program as part of the Social Security system. Persons under 65 would be covered through higher payroll taxes, an expanded Medicare program would protect the elderly and disabled.

Nixon also must reply Wednesday to an earlier committee subpoena for 11 Watergate tapes.

Nixon's deepening tale troubles overshadowed today's resumption of the Judiciary Committee's impeachment hearings, now zeroing in on the cru-

Ford Backs Jaworski In Bid For More Tapes

TACOMA, Wash. (AP) — Vice President Gerald R. Ford says President Nixon should give special prosecutor Leon Jaworski those portions of Watergate-related tapes which are relevant to a criminal proceeding.

Although Ford's words at a news conference Monday at nearby McChord Air Force Base were in line with previous remarks, they took on added significance in light of U.S. District Judge John J. Sirica's order that Nixon surrender 64 tapes demanded by Jaworski.

The White House said it would appeal Sirica's decision on the tapes, which Jaworski wants for an upcoming trial.

"I would urge the White House to cooperate to the maximum," said Ford, who flew here from a two-day respite in Hawaii and then returned to Washington, D.C., on an overnight flight.

Ford's first visit as vice president to Washington state was to boost the congressional candidacy of Republican Secretary of State A. Ludlow Kramer.

The committee, continuing in closed session despite White House demands that hearings be opened, is expected to hear today a tape of a March 13, 1973, presidential conversation with John W. Dean III and onetime White House chief of staff H.R. Haldeman.

The panel will then hear today if time permits or otherwise on Wednesday — a tape of Nixon's March 21, 1973, conversation with Dean, his former White House counsel.

Nixon also must reply Wednesday to an earlier committee subpoena for 11 Watergate tapes.

Nixon's deepening tale troubles overshadowed today's resumption of the Judiciary Committee's impeachment hearings, now zeroing in on the cru-

President Does As Note Asks

PHILADELPHIA (AP) — When a skeptical William Staples finally took a phone call from Richard Nixon, he told his wife, "It either has to be the President or Rich Little."

It was no impressionist, such as Little, on the line when President Nixon called the Staples in suburban Havertown on Sunday night. While waiting along the beach on Grand Cay Island in the Bahamas, Nixon found a green whisky bottle with a note inside from the Staples' grandson, Airman Apprentice Larry Metvier.

The note had asked the finder to telephone his grandparents to say hello. Metvier said he tossed it overboard from the USS Guam last March while sailing from Norfolk, Va., to Jacksonville, Fla.

But preclams arose because the Staples' phone number is unlisted. It took the pleading of the Florida White House operator to get Staples to allow the number to be given out.

Staples said he thought the call was a hoax until Nixon's friend, C.G. "Bebe" Rebozo got on the line. Rebozo got another Nixon friend, Robert Abplanalp, had accompanied the President on his walk.

Council Meeting Minutes: Must They Be Approved?

By DONNA ESTES Herald Staff Writer

Longwood — What effect does unapproved minutes of city council meetings have on the legality of council actions?

City Atty. Joe Davis was asked for an opinion on the question Monday night by Acting Council Chairman Donald Schreiner after Councilman B.H. Ferrell balked at approving the minutes for a special meeting on April 16.

At the April 16 meeting with only Ferrell, Schreiner and Councilman June Lormann present, the minutes of the contested April 12 special meeting were approved over Ferrell's objections. Also approved at the meeting was a motion requesting the zoning board to request the CALNO land use plan as a guide in all annexation and rezoning requests.

The April 12 meeting was called by Mrs. Lormann, Schreiner and council chairman at that time E.E. Williamson who died earlier this month.

At this meeting, the three adopted resolutions authorizing defense of a lawsuit filed by Mayor Eugene Jaques which has been dropped since. Also adopted were resolutions promoting Police Chief Thomas Hennigan to public safety director and creating a citizens financial advisory committee.

Councilman B.L. Helms is suing Mrs. Lormann and Schreiner, challenging the legality of the council meeting. Schreiner said today that Davis' opinion will not only determine the stance of the April 16 council minutes, but also the validity of all council minutes for the 1972 year when Jaques was council chairman.

To speed up council meetings that year the council took no action to approve minutes the entire year. Jaques signed all the minutes after he took office in May 1972.

Attorney Assigned Sanford Collections

By BOB LLOYD City Editor

LONGWOOD — With city offers so bare only certain bills can be paid, city council Monday night instructed City Atty. Joe Davis to collect \$17,225 in sewer connection fees from Skylark subdivision builders.

The city's building official, James McCollum, was also ordered to stop issuing building permits to Highland Hills, Nader homes and Sandalwood until \$2,225 in special water connection fees are paid to date.

The city under an agreement with CAM Construction Co. must refund half the sewer connection fees collected.

The city's most recent financial statement — the six months ended March 31 — shows that revenues are far below anticipation and that general income may be off as much as \$130,000.

While the city is currently spending \$45,000 monthly, it is receiving about \$32,000.

The same financial troubles exist in the utility department although revenues are higher than expected from water sales. Sewer revenues during the first six months total \$6,970 while expenses from that department total \$18,947.

In other business, council — Turned down annexation and commercial rezoning requested by Tom Binford for a 10-acre tract on the E. E. Williamson Road. Opponents from the surrounding residential areas filled the council chamber to protest the request, noting in particular the Woodlands Elementary School property immediately adjacent.

Tabled for further study the request for preliminary plan approval of Village Wood, a proposed 30-house subdivision near SR 427, 1st Place and 14th Street. The plan was approved by the council in memory of the councilman who died last year as a result of a shooting accident.

Sanford Man Named In Rape Case

A 27-year-old Sanford man will appear in county court today in connection with the rape of a Sanford woman shortly after midnight, police said.

Johnny Sam McCoy, 709 W. 11th St., is in county jail under \$10,000 bond charged with rape. The 24-year-old victim told Sanford police she was walking along French Avenue early today when a man asked her if she needed a ride.

The man, driving a late model Lincoln Continental, picked her up, took her to a deserted area and assaulted her and then drove her to the corner of 13th Street and Olive Avenue, she said.

Sanford Sgt. Eddie Hughes and detective Eugene Fogle arrested McCoy four hours after the incident was reported.

BARBECUE BENEFITS SCHOOL BUILDING FUND
APPROXIMATELY 700 persons were served at the barbecue held at Lake Golden Recreation Area by Sanford Christian School to promote the sale of \$400,000 in revenue bonds for building new school facilities. The school, which has an enrollment of 450, presently is housed in Fincrest Baptist Church and plans to move into new building next year.

Sanford Sets Parking Meet

Sanford officials are scheduled to meet Tuesday at 7 p.m. with W. 13th Street merchants to outline a proposal for off-street parking in the congested traffic area.

A recent study by consulting traffic engineers recommended a ban on on-street parking on the south side of W. 13th Street in the Goldsboro business district.

City Manager Warren Knowles told city commissioners Monday that the off-street parking proposal utilizes a city-owned former railroad right-of-way between W. 13th Street and 13th Place and would provide 80 parking spaces. Costs to the city for paving the lot and lighting it are estimated at \$9,900.

Commissioners authorized Knowles to proceed with negotiations with the State Federation of Senior Citizens Organizations for use of city-owned property in Ft. Mellon Park on Seminole Boulevard for a 12,000 square foot recreation building for the groups.

Knowles said federation officials say they can get a state grant to build the facility if it is attached, even by a covered walkway, to an existing public building. The plan was suggested by the building could be connected to the lakefront city center youth wing or the nearby shuffleboard club building.

In other business city commissioners: —Authorized Knowles to charge attorneys \$50 an hour when city employees are required to research public records in connection with civil suits not involving the city.

Knowles said lawyers "take this means of getting information to save themselves the time and trouble or to save obtaining and paying research help."

He said the situation has become a time consuming nuisance and city employees are being taken off their jobs to do the lawyers' work and then have to work overtime to catch up on their city duties.

—Were told plans for the new city dog pound, proposed on city property on W. Sixth Street, have not been finished because

 THINGS YOU ALWAYS WANTED TO ASK ABOUT
HYPNOSIS
 BUT DIDN'T KNOW WHO TO ASK
 QUESTION — Is a Psychosomatic illness a sign of a weak or unstable mind?
 ANSWER — NO! Intellect or mental stability has no bearing on a person's susceptibility to psychosomatic illness. Having no organic origin, functional, worry, anxiety, etc., can and do produce physical symptoms that are just as real as those having an organic origin. Anecdotes, a great 19th century physician said, "Imaginative can fascinate and modify a man's body either making him ill or restoring him to health." This is just as true today as it was then. As the precursors of "Living" increases day by day, so does the incidence of psychosomatic illness.

Don't Be Half Clean Be Extra Clean-Whirl Clean

If you're dissatisfied with do-it-yourself carpet cleaning that only removes surface dirt, then it's time for you to call Mr. Whirl Clean at 323-4203. Using a dry foam method applied with their double action machine, they will remove all the ground in, deeply embedded dirt in your carpet and leave it looking like new.

Mr. Whirl Clean is owned and operated by Dale Zuelch, with wife Charlene handling the books and minding the office. They moved to Florida from Ohio. Zuelch has had over four years experience in this line of work. He attended school on the "Rudiments of Maintenance and Inspection of Carpets and Rugs" conducted by Lawton Bros. Inc. In addition to carpet cleaning, he also does pressure cleaning of outside walls, gives complete floor care, cleans up after fire damage, and handles specialized janitorial work.

In the carpet cleaning operation, the area to be cleaned is thoroughly vacuumed, then the ingenious machine first releases the dry foam using the forward action and then applies a backward motion for scrubbing and bringing up the nap of the carpet. This method crystallizes the dirt making it easy for the final vacuum operation to remove it. This method can be safely used on all carpets.

Unlike other cleaners, the dry foam will not harm woodwork, walls or fabrics. Since the foam is dry, you can walk on your carpet minutes after it has been cleaned.

Heavy furniture is moved, then replaced. The carpets are spot cleaned if necessary before shampooing. A special dirt repellent for carpets is available and can either be sprayed on or added to the foam. Zuelch says, "He's never found a carpet he couldn't clean."

Furniture cleaning service is also offered, and all work is guaranteed. Zuelch feels that customer satisfaction is a must, and his guarantee states that if you are not completely satisfied he'll redo the job at no extra cost.

Through the month of May, Mr. Whirl Clean is offering two specials: \$10.00 on any carpet cleaning job, and a pressure cleaning special of 10 cents a square foot.

Pressure cleaning takes care of mildew and mold, and leaves the outside of your building clean and sparkling like new. Instead of a new paint job, probably all your walls need a good cleaning. If you suffer smoke damage from a fire, Mr. Whirl Clean will clean everything but the drapes.

Mr. Whirl Clean also cleans floors. Including tile and terrazzo. They wash, strip, seal and buff them into shining beauty, using top quality industrial type products. They handle complete janitorial work for commercial accounts.

If you're not satisfied with a mop and bucket cleaning service, and would like to try a thoroughly professional organization using highly specialized products and equipment, then call Dale Zuelch at 323-4203. Don't be half clean. Be "Whirl" Clean. Adv.

The Fixit Shop Bikes, Locks & Lawnmowers

Need a new bike or want an old one fixed? Want a new lawnmower or need your old one repaired? Need some lock service? If the answer to any of these questions is yes, hurry on down to The Fixit Shop, 906 French Ave., Sanford.

The Fixit Shop is really two businesses in one, since the Reynolds Lock and Safe Service is also at the same location. Both businesses are owned and operated by Bill Reynolds, with the assistance of wife, Kathleen, son, Pete, and the occasional help of daughters, Pam and Kelly, and grandson, Jamie. It is truly a family-run business, and also has two other full-time employees.

Bill is retired from the Navy where he did the same type of work. He moved to Florida from Alabama. The Fixit Shop was established in 1945, and the Reynolds look it over in 1960.

The Fixit Shop is an authorized dealer for Raleigh bicycles, made by the "Bicycle Craftsmen of the World." Raleigh is precision made from the finest quality components to last for years. It carries a one year warranty. Raleigh combines precision craftsmanship with computerized testing and inspection, and is 28 times as efficient as a car and a lot healthier for you. So why not recycle yourself with a Raleigh?

Mr. & Mrs. Reynolds went to Europe and visited the Raleigh plant, and Mrs. Reynolds has attended a Raleigh repair school.

The Fixit Shop has both Raleigh racing and touring bikes, including such names as the Superbe, the Chopper with gear shift, banana seat and high handle bars, the Space Rider, Record, Sprite, Grand Prix, Super Course, Gran Sport, Triumph and Sports. No bikes leave the shop in boxes; all are assembled and custom fitted to your size and needs. Why buy a 10 speed when a 5 speed may suit you better?

The Fixit Shop repairs all makes of bikes and offers a wide assortment of accessories and supplies such as paints, lacquers, pumps, seats, baby seats. Also, horns, gear parts, generator and battery operated lights, speedometers, odometers, rear bag supports, baskets, reflector kits for night safety, and reflector vests.

Jacobson and Simplicity, two of the better brands of lawnmowers on the market, are available in various sizes and prices at The Fixit Shop. Both brands carry a one year warranty. Service on all lawnmowers is offered, and the Reynolds are authorized service dealers for Briggs and Stratton engines, Power engines, Tecumseh power products, MTD products and Firststone, Western Auto and Husky mowers. Not only do they repair these, but they also have the parts, and therefore can give you faster service.

Bill Reynolds is a licensed and bonded locksmith, and is a 10 year member of ALIA—Associated Locksmiths of America. He can open safes and

Horse & Rider-Kactus Korral Western Gear And Cacti

There's a new filly in the old corral so, saddle up and mosey on down to Horse and Rider Western Store, 2858 S. Sanford Ave., you'll find a new face alongside Bill LaBree and Duane Harrell, owners. It's that of Dee Gebhardt. She's willing to help in your selection of Western wear, tack, horse equipment etc.

Dee and horses go hand in hand. Formerly the owner of Deer's Tack Room and Hillbilly Riding Stables, she has been involved with horses for over 10 years. Dee, her husband and daughter, plus their 16 horses live in Sanford. They moved to Florida from St. Louis, Missouri five years ago. Along with extensive knowledge of horses goes many first place trophies from showing her horses.

Horse and Rider offers a fine selection of Western wear for the entire family, including boots, hats, slacks, shirts and jeans. The store carries a beautiful selection of tack for both Western and English riding as well as animal feeds and medicines.

If Western boots are your style, you should do your shopping at Horse and Rider where you'll find all the famous brand names including the Tony Lama line considered to be the "Cadillac" of boots. These come in men's, women's and children's sizes. Also in stock are beautiful gift items and Western accessories including ties, pipe and belts.

Once you've selected the clothing items and feed requirements for your day in the saddle, ask Dee to direct you over to the Kactus Korral stocked with the largest selection of cacti in Florida.

Duane Harrell travels far and wide to stock his Korral. He not only gets them from the American Southwest, but also imports cacti from South America, Africa and the Orient. Harrell's pride and joy is a 200 year-old barrel cactus. He and Dee have a collector for life.

Each new specimen seems more interesting than the last, and soon you'll find yourself with a valuable collection. They're refreshingly different from the usual indoor and patio plants. Their unusual shapes and subtle colors let them blend in with any decor, and their unique growing and flowering habits make them great conversation pieces.

So, trot on down to Horse and Rider and get acquainted with Dee. She'll help you satisfy your Western needs, and don't forget to enjoy the beautiful cacti displays at the Kactus Korral. Adv.

Editorial Let The Parents Turn Off Tube

British-born commentator Alastair Cooke has been a U.S. citizen since 1941, so he is not an outsider butting into our business when he casts a critical eye at trends in American society. In an interview in U.S. News and World Report, he vented the opinion that television is the medium which has made him familiar to millions of viewers as an urbane and thoughtful "host," is wielding more influence in the development of children than their school or church, and not all of the influence is good.

"Television has produced a generation of children who have a declining grasp of the English language," says Mr. Cooke, and yet they have a "visual sophistication" that is denied to older generations. He suspects that the intelligence and judgment of young viewers is being bypassed by the direct appeal to the emotions in the television image and sound track.

Television has taken some significant strides in recent years toward developing fare for children that is educational and designed to improve social behavior. As Mr. Cooke points out, it has responded wonderfully well to the challenge of getting more programs of worthwhile cultural value into its programming. However, it is an exceptional home, according to audience surveys, where viewing by children is limited to children's shows or cultural fare, and the industry is currently under fire for a swing toward violence and entertainment of questionable taste in prime-time evening hours.

Publicity Could Help Prevent Watergates

By HAY CHROMLEY
The Herald Staff

The question, of course, is what we should do to prevent future Watergates. Or at least what we can do to reduce their likelihood of occurring.

From discussions these past few months with top officials in government and Congress who face similar problems daily, one point stands out:

Publicity does work. More publicity works better—publicity for campaign contributions, publicity for the personal economic interests and holdings of major office holders and legislators, publicity on contracts with high officials, publicity on those being investigated for wrongdoing or questionable favors.

As a result of the interviews mentioned above, this reporter believes:

- 1) That all campaign contributions should be by check.
- 2) That making campaign contributions greater than \$50 per family should be required to report annually each contribution made to and from, with records open to public inspection.
- 3) That a simple listing should be made of all meetings with and phone calls to the attorney general, deputy attorney general and White House counsel being investigated or under indictment by the federal government and that these records be open to the public. That all meetings and phone calls to the administration in behalf of these persons and companies by congressmen and others should

DOONESBURY

NEEDED MEDICINE

Oval Office Indecisiveness Shattering Nixon's Image

By BRUCE BLOSSAT
The Herald Staff

Television can be a powerful tool for education, provided parents are mindful of what it teaches and how. Learning the jargon of commercials is not learning to read and write, or to analyze arguments, or to get at the truth. There is much more to moral education than watching fast-fights and gun-play in ritualized drama showing that crime does not pay.

A seriously adverse spinoff from President Nixon from his released transcripts of White House Watergate conversations is the impression he has given many Americans of a man who is inept, indecisive and highly vulnerable to the pressure judgments of his key aides.

I have just spoken with a public figure of substantial status who, while asking for anonymity, eagerly volunteered evidence for this criticism. The harsh word of Richard Nixon is not a new phenomenon.

One of the episodes he recalled was second-hand to him and would be put down in a court of law as "hearsay." Nevertheless, I regard this man as an honorable and trustworthy witness. The other incident involved him directly.

Let's take the second-hand item first. My source says a top cabinet officer, the secretary of a sprawling department, emerged from a private conversation with President Nixon totally convinced that Mr. Nixon had made a major decision affecting — an important

Black Political Power Increases

By JAMES CARVY
The Herald Staff

WASHINGTON — The number of black elected officials in the United States has increased dramatically in the last five years from 1,185 in 1969 to 2,951 as of April 1, 1974, a jump of 150 per cent.

This information, demonstrating previously unimagined progress on the civil rights front, has been released by the Joint Center for Political Studies here.

Sponsored by Howard University and the Metropolitan Applied Research Center, the nonpartisan nonprofit organization attributes the increase directly to the Voting Rights Act of 1965. That legislation, coupled with a five-year extension and some revision in 1970, struck down such impediments to black voter registration as literacy tests and similar restrictive practices.

Car Cure Becomes Worse

By DON OAKLEY
Copyright, 1974, by United Feature Syndicate, Inc.

Owners of 1974 automobiles think they have problems, what with having to wrestle with lap and shoulder belts, and the darn cars will even start. Wait until they talk to the owners of the forthcoming 1975.

Most 1975 model cars must be equipped with catalytic converters in their exhaust systems, a \$150 item that changes hydrocarbon and carbon monoxide emissions into harmless carbon dioxide and water—and which requires the use of unleaded gasoline in the engine.

The Environmental Protection Agency has decreed that about a third of the nation's 365,000 service stations must be selling unleaded gasoline by July 1, and the oil companies are scrambling to meet the deadline. To make sure that the 1975s do not use ordinary leaded gas, which would ruin the converters, their cars will have smaller fuel tank filler pipes to match the narrower nozzles on unleaded gas pumps.

One can already foresee this kind of scenario: A motorist low on gas 50 miles from nowhere, and the only station around has no unleaded gas. To heck with the catalytic converter and the \$150 item that changes hydrocarbon and carbon monoxide emissions into harmless carbon dioxide and water—and which requires the use of unleaded gasoline in the engine.

For paragraph after paragraph, Caldwell's testimony and the committee's conclusions agree so precisely that only an occasional word has been changed.

The Pentagon: "Events in Vietnam over the past year have taught us that a lasting peace is possible only if there is a stable balance of power between the opposing sides. A military equilibrium will, we believe, deter new offensives and gradually induce a shift in priorities away from war."

The Pentagon: "While the North Vietnamese have increased the conventional capability of the main forces, the cost has been great, and the Government of Vietnam has thus far managed to turn back all their challenges in the past year."

Herbert: "While the North Vietnamese have increased the conventional capability of the main forces, the cost has been great, and the Government of Vietnam has thus far managed to turn back all their challenges in the past year."

FLORIDA Sonnys May Slash State Spending Bill

TALLAHASSEE, Fla. (AP) — Rep. Eugene Tubbs, R-Miami, says he will offer the House the chance to cut its 1974-75 appropriations bill by 10 to 15 million.

Both houses debated appropriations bills Monday, but they put off final decisions until today.

Tubbs' amendment, slashing spending by 10 per cent, was the first slated for action when the House resumed debate of its budget.

The Senate, slightly ahead of the House, adjourned Monday after the House failed to pass a bill to spend on transportation projects \$120 million earmarked by Gov. Reubin Askew for buying environmental equipment.

Environmentalists are working for a House bill for action today.

Natural Resources Director Harmon Shields, who was criticized by some environmental groups before his appointment in February, asked the Cabinet to create a council on conservation and the environment.

Shields would be chairman of the group, which would advise him on natural resources policies and procedures.

Membership would range from Hal Scott of the Audubon Society and Marjorie Carr of the Florida Audubon Society to the Florida Petroleum Council and Ronald Spencer of the State

Department of Conservation. Shields said the council would open communications between federal agencies and business groups and between him and conservation groups.

Shields would be chairman of the group, which would advise him on natural resources policies and procedures.

House Expected To Approve Bargaining Bill

TALLAHASSEE, Fla. (AP) — After five years of controversy and a Supreme Court decision, the House is expected to approve a bargaining bill for state and local government employees.

The bill would give state and local government employees the right to organize and bargain with their employers.

The bill would also give state and local government employees the right to strike.

Dear Abby

Games' Can Make You Pregnant

By Abigail Van Buren

DEAR ABBY: I nearly weep every time I read a letter from a pregnant teenager pleading for help. So few people know that the sex act need not be completed in order to impregnate a female.

I was a devotee in the service. When I got married, my ward doctor loaned me a medical book that he'd used in counseling young people. From that book I learned that when a man starts to get excited, a few drops of neutralizing fluid is released to neutralize any urine acid in the male urinary canal. It is nature's way of clearing a safe path for the delicate sperm cells to pass through at termination of the sex act.

Lab tests have shown that occasionally a few sperm cells are present in the fluid. It occurs most frequently in teenagers, since this is when the male is at his peak of fertility.

Abby, please tell young people, if they plan to go beyond kissing and holding hands, they should take all the necessary measures a couple would (or should) take in preventing pregnancy. "Fooling around a little" can be just as dangerous as "going all the way."

I am a father and grandfather who is concerned about our youth, so if this information can help someone, you have my permission to change it any way you like so as not to offend anyone.

UNCLE STANLEY

DEAR UNCLE: I've not changed a word. I've written to thousands of frightened teenagers personally advising them of this fact. Thank you for giving me the opportunity to publicize this valuable — but little known — information more broadly. Of course the ideal means of preventing pregnancy is abstinence, but realistic people know that the flesh is weak. I am not advocating "fooling around" but the punishment of unwanted pregnancies far outweighs the "crime."

DEAR ABBY: Concerning the expiration "to" of someone having come to the word "gypsy": My personal pet peeve is the phrase "the Jewed me down." And in this day

Patricia Dianne Boles Engaged to Walter Jerome Sanders

Boles-Sanders

Mr. and Mrs. Robah H. Boles, 15 Bayberry Branch, Casselberry, are announcing the engagement and approaching marriage of their daughter, Patricia Dianne, to Walter Jerome Sanders, son of Mr. and Mrs. John Fowler, 601 Palmetto St., Longwood and Alan Sanders, Jacksonville. Born in Winston — Salem, N.C. the bride-elect is the granddaughter of Mrs. Candis Wilcox, Oldtown, N.C. She attended high school at Miramar High School in Miramar, Fla. and is a graduate of Lyman High School. While there she was active in the Pep Club.

She is also a graduate of Florida College, in Jacksonville, where she majored in Medical Assistance. She interned with a local doctor and is now a Medical Assistant Nurse.

Her fiance, born in Eclectic, Ala. is a nephew of Mrs. Elizabeth Holladay, Eclectic, Ala. He is a graduate of Bay High School, in Panama City, where he was a member of the Key Club and active in sports. He is presently employed as a building contractor.

The wedding will be an event of June 22, 1974 at First Baptist Church, Longwood.

WOULD THIS INTEREST YOU?

THE LUNGO WASE? NOT ON YOUR LIFE!

TOMORROW, POLICE?

TONIGHT'S TV

Editor's Note: Open sessions of the impeachment hearings are scheduled to start today, with ABC-TV first to cover in the rotating plan set up by the three networks. CBS-TV will be second tomorrow and NBC-TV third Thursday. That rotation will continue for all open sessions.

8-8:30 CBS MAUDE (RERUN) Always-butting-in Maude tries to play matchmaker and psychiatrist to a friend. This also turns into a disaster. Vivian moves in with the Finlays while her own apartment is being renovated. Maude fixes her up with a blind date, and it backfires so terribly Vivian irately tells Maude to mind her own business. Maude can't very well do that. She invites Dr. Arthur Harmon to the house to calm Vivian down. More sparks fly.

8-9 PBS BILL MOYERS JOURNAL "Dr. Henry Steele Commager" Dr. Commager, long before it was fashionable, was an outspoken critic of the Vietnam involvement, and he repeatedly warned, too, of the dangerous expansion of presidential powers. History professor at Amherst, Dr. Commager represents a strong-minded, penetrating subject for Moyers.

8:30-9:30 CBS HAWAII FIVE-O (RERUN) "One Big Happy Family" Slim Pickens plays stars. He plays the ruthless leader of a small-time gang that terrorizes the island and leaves

8:30-10 ABC TUESDAY MOVIE OF THE WEEK "Love You, Goodbye" Hope Lange is starred as a married woman who desperately feels the urge to be freed of her housewife chains. So she leaves her husband and three children. She moves in with a girl friend, takes a job with a publishing company and becomes infatuated with another man. But he rejects her—not wishing to be involved. Meanwhile, the kids and husband are pleading for her to return.

9:30-10 CBS THE NEW CBS TUESDAY NIGHT MOVIES (RERUN) This TV drama examines the pathetic aftermath of rape. A victim is reluctant to have justice pursued because of the embarrassing, denigrating situation where the victims are made to feel like culprits during the investigation and trial. The cast was purposely picked from unknown New York actors to give the story greater believability on the assumption that familiar faces would dilute its impact. It is the story of a young woman who is raped, the police who talk her into pressing the complaint, and the attitude of people who show little sympathy for such acts of crime.

10-11 ABC MARCUS WELBY, M.D. (RERUN) "The Panic Path" This provocative subject concerns an impotent husband and the crisis his condition creates in his family. The story focuses on Carl Downey, Paul Burke, who seeks outside satisfaction when he encounters problems with his wife Vera Miles. His daughter encounters her father with another woman, and she shares the pathetic aftermath of rape. A victim is reluctant to have justice pursued because of the embarrassing, denigrating situation where the victims are made to feel like culprits during the investigation and trial. The cast was purposely picked from unknown New York actors to give the story greater believability on the assumption that familiar faces would dilute its impact. It is the story of a young woman who is raped, the police who talk her into pressing the complaint, and the attitude of people who show little sympathy for such acts of crime.

More British Troops In Ireland

BELFAST, Northern Ireland (AP) — British officials brought more troops into Northern Ireland today and vowed to protect persons who return to work in defiance of a crippling general strike now in its seventh day.

The strike already has crimped power supplies and has virtually paralyzed commerce and industry in the British province.

A 15,500-man British force in Ulster was bolstered by 500 reinforcements from England in preparation for a showdown with militant Protestants manning 50 barricades across Belfast's major roads.

Moderate union leaders called on workers to assemble at two points in East Belfast to march under guard to jobs in two industrial areas, one a giant shipyard.

But Sammy Smyth, a Protestant extremist leader, told newsmen: "We will keep the barricades up until the country is on its knees."

"The government is not seeking a confrontation, but if it is necessary to take action this will be done," the British secretary of state for Northern Ireland, Merlyn Rees, told parliament Monday.

Butkus Hinting At Retirement

NEW YORK (AP) — Dick Butkus, the premier middle-linebacker of the Chicago Bears who has been plagued by an arthritic knee, hinted Monday night that he would retire from pro football after nine seasons in the National Football League.

After receiving the Most Courageous Player Award at the New York Pro Football Writers dinner, the burly Butkus said, "I am sorry it has to end this way," but he did not say specifically that he was retiring.

He said that some players have the opportunity to retire voluntarily, but others are forced to retire when they no longer can contribute.

Meanwhile, in Chicago, Bears' officials, including George Halas, long-time owner of the club and now board chairman, said they had no in-

Hawks Grab Meminger In Draft

ATLANTA (AP) — Coach Cotton Fitzsimmons says the Atlanta Hawks chose Dean Meminger and Bob Kauffman from the National Basketball Association expansion draft because they "can help us or help some other team."

"It was important to get two players from the expansion who are marketable," Fitzsimmons said after the draft Monday.

"That's not to say we are taking them just to trade them. But if the players we have don't do the things we are looking for, then we have other directions we can take."

The Hawks are loaded with players as a result of the deal which sent "Pistol" Pete Maravich to the new franchise in New Orleans. Atlanta will get pick-the Hawks will own 14 players before the second round of that draft next week.

With two first-round draft choices in this year's college draft-including New Orleans' pick—the Hawks will have 16 players before the second round of that draft next week. That includes 10 players from last year's roster, Meminger and

Kauffman and the two first-round picks. Each NBA team can carry only 12 players during the season.

Meminger was pleased at the news that he would be coming to Atlanta after three seasons with the New York Knicks.

"I consider it a compliment that the Hawks look me as the No. 1 guard in the expansion draft," Meminger said in a telephone interview from his New York apartment. "I feel with Pete

Maravich gone, now they need a guard who can be a playmaker and floor leader. I just hope I can come down there and help win a few more games."

Knicks' Coach Red Holzman said: "He did a lot of things for us. We had to protect ourselves. We had to protect ourselves. We had to protect ourselves. We had to protect ourselves."

Kauffman, a six-year veteran from Georgia College, has played both ways and forward in his years with Seattle, Chicago and Buffalo.

Hopes Up For Golan Agreement

JERUSALEM (AP) — Hopes remain high for a quick agreement to separate the warring Syrian and Israeli forces on the Golan Heights, despite reports that some "extremely complex" details were still to be worked out.

United States officials said that for all practical purposes Henry A. Kissinger said he was working out a disengagement line, but State Department spokesman Robert Anderson told newsmen, "There isn't a line yet."

Anderson commented Monday night after a two-hour meeting in Jerusalem between Kissinger and the Israeli negotiating team.

"There are some minor issues to be resolved, but the overall agreement is in place," Anderson said.

Kissinger had succeeded in working out a disengagement line, but State Department spokesman Robert Anderson told newsmen, "There isn't a line yet."

Anderson commented Monday night after a two-hour meeting in Jerusalem between Kissinger and the Israeli negotiating team.

"There are some minor issues to be resolved, but the overall agreement is in place," Anderson said.

Gunman Frees Hostages

GOTEBERG, Sweden (AP) — An youth armed with a submachine gun released five women hostages apparently unarmed and surrendered to police early today.

Accompanied by the women, the unidentified gunman walked out of the drugstore where he was holding the hostages and was bundled into a police car. Officers said the man was taken to police headquarters.

The youth entered the store in downtown Goteberg on Monday. He took seven women clerks hostage, but police said two escaped during the night.

Four Killed After Clash In Korea

SEOUL, South Korea (AP) — South Korea reported today that three North Korean infiltrators clashed with South Korean forces on an island off the country's southwestern coast, leaving one Communist and four islanders—a policeman, two reservists and one village official—dead.

The government said security forces sealed off the island of Chuja in the Yellow Sea, about 50 miles south of Mokpo, and were hunting for the remaining two North Koreans.

It was the first reported clash involving North Koreans in South Korean territory this year.

The government said the clash began Monday night.

The slain infiltrator was found carrying a North Korean-made pistol, a hand grenade, a radio and a forged South Korean resident registration certificate, the ministry said.

ST. LOUIS (AP) — A Fort Lauderdale man is free on bond after being arrested on charges of violating federal laws against transporting women across state lines for purposes of prostitution.

FBI agents said they were continuing an investigation into associates and operations of Edward James Franger, who also listed a Mishawaka, Ind., address. He was freed on \$10,000 bond Monday.

Agents said Franger's arrest came after they looked into an alleged ring that advertised for "attractive women who like to travel" for "personal services" in South Florida.

Girls answering the ads were told there was prostitution involved and that they would pay 25 per cent of the earnings to organizers who promised them between \$600 and \$1,000 a week working in Nassau.

Most Believe Dean

NEW YORK (AP) — Pollster Louis Harris says a nationwide survey of 1,555 adults shows 52 per cent of the nation believes charges by John W. Dean III that President Nixon knew about the Watergate cover-up.

Thirty per cent of those queried on May 7 and 8 did not believe the former White House counsel's allegations, Harris said Monday.

Harris said the respondents felt Dean "has been more truthful about the Watergate cover-up than President Nixon" by a 45 to 32 per cent margin, with 23 per cent undecided.

Dean was a government witness at the criminal conspiracy trial of former Atty. Gen. John N. Mitchell and ex-Commerce Secretary Maurice H. Stans.

Fifty-two per cent of Harris' sample said they were "shaken in their estimate of Dean's veracity" after Mitchell and Stans were acquitted. Twenty-six per cent felt Dean's credibility declined and 22 per cent were not sure.

Only 28 per cent of those polled accepted Nixon's claim that edited White House tapes prove Dean was guilty of improper and illegal acts. Forty-six per cent said they did not believe Nixon and 26 per cent were unsure.

O'Malley Probe Widens

TALLAHASSEE, Fla. (AP) — Prosecutors investigating an alleged donation of \$40,000 to Insurance Commissioner Thomas O'Malley issued two new subpoenas today for financial records.

The records relating to a loan payment of \$38,645.37 by Biens Arms Corporation to the State Bank of Jacksonville on Aug. 29, 1972, were subpoenaed along with all bank records of the Petroleum Marketing Association, Inc., from Jan. 1, 1971, through the present.

The Leon County grand jury is reportedly looking into allegations that O'Malley used a \$40,000 donation raised by the Marketers Association in a campaign to keep self-service gas stations out of Florida to finance his Tallahassee home.

DAV BANTAM LEAGUE WINNERS

TROPHY WINNERS for the disabled American Veterans' Bantam Bowling League are: (seated) Peggy Clayton, High Game Scratch, 202; and (1-r) Bill Batten, High Game Scratch, 274; and Richard Salmon, High Series Handicap, 686.

New Orleans' Guards 'Best Pair In Basketball'

NEW ORLEANS (AP) — The latest entry into the National Basketball Association walked away from the expansion draft with the best back court combination in the league, according to its owner.

Fred Rosenfeld, owner of the New Orleans franchise is particularly jubilant when he refers to the team selected to team up with superstar Pete Maravich on the back-line—Stu Lantz.

"Stu, along with Maravich, gives us arguably the best back court in achievement for us to claim this," he said.

Lantz, a six-year veteran from Detroit, averaged 8.9 points last season.

Rosenfeld also believes the team has excellent balance.

"We have good big forwards and good small forwards; we have good big guards and good first-year players, a fact Rosenfeld cited when he said he ex-

'Toy Cannon' Hot For LA This Year

PHILADELPHIA (AP) — Phillies downed the St. Louis Cardinals 2-1.

Cubs 2, Mets 1

Bum Hooton pitched a four-hitter and Billy Williams drove in both Chicago runs with a sixth-inning single to lead the Cubs past the Mets.

Expos 4, Pirates 2

Bob Bailey scored two runs and drove in four more runs and drove in four more runs to spark the 5-3 Los Angeles victory over the Cincinnati Reds, raising his major league-leading homer total to 14. The Astros tied in Cliff Johnson's runs batted in boosted his total to 41—tying him with Jeff Burroughs of the Texas Rangers for the major-league lead.

Other National League games, the Chicago Cubs edged the New York Mets 3-1; the Montreal Expos trimmed the Pittsburgh Pirates 4-2; the San Diego Padres clipped the Houston Astros 8-6, and the Philadelphia Phillies downed the St. Louis Cardinals 2-1.

Left-hander Steve Carlton pitched an eight-hitter and singled for 3½ runs off the Deer Lake, Pa., training camp before going to the African nation of Zaïre to fight George Foreman.

"This is serious," the 32-year-old Ali says of his effort to win back the world heavyweight boxing championship. "No more playing around."

All spoke Monday night at a building fund dinner for the YWCA in Louisville. Before the dinner he indicated he's not worried about the match with Foreman.

"I got my reputation by doing people—Joe Frazier and Ken Norton, both of them who gave me trouble—he's racked them up real easy."

"He's supposed to be too strong for me," Ali added, "too great for me. I'm supposed to last two rounds with George Foreman."

All talked with many people in his home town crowd and hugged Penelope Fisher, who taught him seventh-grade English at Russell Junior High.

"He didn't like books," she added. "He liked to talk."

AS I SEE IT... by Dave Hill

'HIT' IS THE WORST WORD IN GOLF

THE HERO OF THE GOLF CLUB STRIKES THE BALL. YOU DON'T HIT IT. YOU SWING THE SHIRT, AND ON THE END OF THE SHIRT IS A HERO WHO DOESN'T HAVE A GOLF SWING.

BEFORE YOU CAN LEARN TO STRIKE A GOLF BALL, YOU HAVE TO GET THE FEEL OF THE SWING. AND YOU CAN'T GET THE FEEL OF THE SWING UNTIL YOU KNOW HOW TO HIT IT. WHEN YOU HIT A GOLF BALL, YOU DON'T HIT IT WITH YOUR RIGHT SHOULDER. YOU HIT IT WITH YOUR LEFT SHOULDER. AND THEREFORE YOU DON'T HAVE A GOLF SWING.

IF YOU'RE A BEGINNER, YOU SHOULD ESPECIALLY CARE TO GET A FEEL FOR THE SWING. THE SWING YOU'RE DEVELOPING WILL TAKE CARE OF THE BALL.

JCPENNEY PASSENGER TIRE GUARANTEE
ROAD HAZARD AND WORKMANSHIP GUARANTEE
 Our Passenger Tires are guaranteed against failures caused by road hazard and defects in material or workmanship for the life of the original tread until worn to the wear indicators which appear when 2/32" of tread remain. If a tire fails before 10% of the original tread is used, we will replace the tire at no extra charge.
HOW ADJUSTMENT IS MADE
 In return for the tire, JCPenney will, at our option, repair or replace it charging only for the proportion of the current selling price plus Federal Excise Tax that represents tread used.
WEAR OUT GUARANTEE
 Our Passenger Tires are guaranteed against wear out for the number of months specified. If the tires wear down to the wear indicators, which appear when 2/32" of tread remain, we will adjust the tire. Wearout caused by misalignment is excluded.
HOW ADJUSTMENT FOR WEAROUT IS MADE
 In return for the tire, JCPenney will replace it charging Federal Excise Tax plus the current selling price less the following allowance for the new tire.

Monthly Guarantee Period	Allowance	Monthly Guarantee Period	Allowance
18	10%	36 to 38	25%
19 to 26	15%	40 and over	30%
27 to 35	20%		

This guarantee applies to tires used on private passenger cars and other non-commercial vehicles only.

Sale prices effective thru Monday 27th

Patty, SLA Survivors Facing New Charges

A youth says Miss Hearst told him she joined the SLA of her own free will.

LOS ANGELES (AP) — Patricia Hearst and two comrades faced additional charges today stemming from two alleged kidnappings as hundreds of police searched for the three believed to be the remnants of the Symbionese Liberation Army.

Heavily armed police swarmed into the Los Angeles suburb of Van Nuys and into a neighborhood in Sacramento Tuesday night in response to some of the scores of citizen reports claiming to have seen Miss Hearst and two SLA members, William and Emily Harris.

Neither report checked out. But FBI agent Charles Bates, in charge of this case since Miss Hearst was kidnapped 3½ months ago, said early today a tip will check out sooner or later. He appealed to the three to surrender to avoid more bloodshed.

A youth who said Miss Hearst and the Harrises

kidnaped him last week was quoted by the Los Angeles Times today as saying the 20-year-old newspaper heiress told him she joined the SLA of her own free will.

Tom Dean Matthews, 18, reportedly said Miss Hearst told him she had nothing to do with her kidnapping, but decided to join forces with her abductors because of dissatisfaction with her father's sponsoring of a \$2 million food giveaway that was to win her release.

Los Angeles Dist. Atty. Joseph Busch said Miss Hearst and the Harrises would be charged today in a shooting incident at a suburban sporting goods store, the commandeering of several vehicles and kidnapping of two men. They already are charged with unlawful use and possession of automatic weapons.

Authorities allege that the kidnappings followed an abortive attempt by Harris, 29, to shoplift a

pair of 49-cent socks last Thursday. That episode, in which police allege Miss Hearst sprayed the store with automatic rifle fire, started police on an intensive manhunt in Los Angeles. Friday, six SLA members died in a fiery shootout.

A spokesman for Catherine and Randolph Hearst said the parents feel "it's going to end soon, that it's going to be resolved imminently."

Los Angeles Police Chief Ed Davis said the trio could surrender to either the local Press Club or the Los Angeles County Bar Association acting as gobetweens. Bates said any sincere surrender attempt would be honored, but warned that FBI agents had no intentions of walking into an ambush.

The police manhunt continued across the state.

Squalid Lifestyle For SLA

SAN FRANCISCO (AP) — In a trail of cluttered nesting places, the Symbionese Liberation Army left behind signs of a squalid and increasingly spartan existence fed by revolutionary dreams.

For six SLA members, the trail of their hideouts began, and ended, in flames.

The search began after two alleged SLA "soldiers" were arrested Jan. 10 for the murder of a schools superintendent. Police say the small terrorist group tried unsuccessfully to burn down a nearby bungalow in suburban Concord that night.

In the smoke-damaged rooms, authorities found a cache of clues about the mysterious group which had claimed responsibility for killing Oakland Schools Supt. Marcus Foster last Nov. 6.

Judging by documents in the house, police say, the SLA had kept busy making surveillance reports on Foster, writing communiques and compiling dossiers on prominent local businessmen for kidnapping warrants. One name found on papers there was that of Patricia Hearst, a college sophomore in nearby Berkeley.

Doors and windows in the house were reinforced with plywood, and local newspapers were kept nearby for quick barricading. Revolutionary posters adorned many walls.

Beneath a mantle full of books on guerrilla warfare, weaponry and Marxism, the occupants evidently constructed pipebombs and practiced shooting a wall target with an air pistol. Gas masks were kept next to their beds; heavier ammunition was scattered all around.

For recreation, they apparently played rock music on the stereo, and sipped beer or wine. An empty case of plum wine, which the SLA's late leader Donald DeFreeze reportedly favored, was found along with several Molotov cocktails made with the empties.

The cupboards and refrigerator were well stocked with staples and health foods from a Berkeley store. But stacks of dirty dishes overflowed the sink, and bags of garbage spilled across the floor.

Their clothing — mainly Levi's, Army fatigue jackets and other military surplus — was haphazardly stored in drawers and closets, or tossed in a corner. "They didn't seem to care much about their material possessions," said Oakland Homicide Sgt. John Agler.

Six days later, on Jan. 16, police reported discovery of a second SLA hideout. The three-story Oakland apartment was rented from September through November by a woman calling herself Lynn Ledworth. Police believed her to be the late SLA member Nancy Ling Perry.

Less than six blocks from the Foster assassination site, the apartment was an ideal spot to plot and launch the murder, as well as a good sanctuary later, police said.

The SLA vanished after the Feb. 4 kidnapping of Miss Hearst, reappearing into known public view with the newspaper heiress on April 15 during a \$10,690 bank robbery.

During that period, police say SLA members had moved into a rundown apartment building on the edge of San Francisco's Western Addition, a predominantly black neighborhood about 1½ miles from the FBI office here.

Demolition of former police headquarters at City Hall should be completed Tuesday, Sanford officials said today.

'Misunderstanding' Kills County Trees

By CHRIS NELSON
Herald Staff Writer

A "misunderstanding" has been cited by a Winter Park building mover charged by Seminole County commissioners with destroying 42 trees valued at more than \$40,000 apparently in violation of the county's tree protection ordinance.

The commission voted Tuesday to seek civil and possible criminal action against George Saunders, and lifted

permits necessary for his Building Movers Inc. firm to continue work on the old Altamonte Elementary School. Saunders, irate at the commission action, at first claimed "only two trees were cut down," but later said he felt he had given permission to cut "whatever trees are in the way" of his \$475,000 moving project.

The former Orange County Democratic chairman, removed by Gov. Reubin Askew after an attempt to "pack" the

East-West Expressway with his own people two years ago, was hired last year by the Seminole County School Board to move the old Altamonte Elementary buildings to a new site in The Woodlands, off E.E. Williamson Road.

School Board auxiliary services director Hugh Carlton, informed of Saunders' claims of a blank check, said the only agreement the board had with Saunders was a pledge to seek waiver by the county of a

permit fee for cutting down trees.

While telling the commission he "agreed 100 per cent" with its desire to save what trees remain after a secret Sunday harvest observed by Commissioner Dick Williams, Carlton warned that any delay caused by the permit holdup could delay the opening of school this fall.

Saunders, saying he "didn't want to make something out of nothing," added he didn't understand all the fuss over the

tree since his moving project will be saving the taxpayers \$500,000 — the difference between the cost of building an all new school and the costs of his contract.

Williams said he personally intervened Sunday when he caught Saunders' people cutting trees along the Douglas Road right of way in defiance of previous commission warnings to stop.

A sheriff's deputy was dispatched to the scene, but

no arrests could be made because no trees were cut in his presence.

County Atty. Howard Marree, "documenting" the tree cutting, pointed to pictures and estimated values of all 42 trees cut prior to Sunday.

Marree said the county arbor ordinance makes each tree cut down a possible misdemeanor offense punishable by a \$500

fine and or 60 days in jail.

Marree was ordered to send a letter to Saunders today warning him of the county's action.

On May 7, Saunders wrote Commission Chairman John Kimbrough that he was aware his people "allegedly cut" some trees down, called it a "misunderstanding," and promised "after we have concluded our investigation and if we are at fault, we will take appropriate action on this matter."

Chase Forced Out Of Celery Market

By J. RICHARDS
Herald Staff Writer

Chase and Co. general Manager Lee Moore said today the Sanford-based agricultural business will soon be forced to drop its Belle Glade celery production which annually produces from \$1 million to \$2 million.

Moore said, but only 30 year-round workers there will lose their jobs and only a few

Sanford employees will be let go, he said.

"We won't lose more than 10-15 people here," he said.

The company, one of Seminole County's oldest businesses, had left Sanford celery fields for the warmer South Florida climate in 1956 when local celery production began its steady decline.

Sanford was then "The Celery Capital of the World."

Payroll during peak celery and sweet corn production in Belle Glade had been \$35,000 a week, Moore said, and dropped to as low as \$3,000 a week during other periods.

Chase leased its 1,200 acres of celery land in Belle Glade from Florida Sugar Corp., which sold its land recently and Chase officials have not been able to locate more usable celery fields there.

Moore said the state has about 12,000 acres in celery now.

Celery is the major interest in Chase' produce efforts which include sweet corn and cabbage, Moore said.

Moore added he felt the company would not actively seek out more celery land either in the South Florida area or the Zellwood-Sanford area.

Soybean, field corn and silage will be produced on Chase's 1,000 acres of Sanford land, Moore said.

In a good year the company had produced up to 500,000 crates of celery, Moore said.

The impact of Chase's loss of celery lands would not be appreciable, Moore predicted.

"Other producers will make up what we used to grow," he said.

Moore declined to speculate on whether sugar cane producers might eventually gobble-up the existing bottom lands in Belle Glade for sugar production, causing further erosion in state celery production.
