AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

Blanche Sweet Tonight
To secure realistic scenes of a miners' strike and an attack upon a mine office, which appeared in the Jesse L. Lasky production of "The Black List," which will be seen at the Star Theatre tonight, with the beautiful Blanche Sweet in the leading role, William C. DeMille, the director of this picture took his company to a small mining town in Nevada. There the superintendent of a mine was induced to give his men a holiday and permit them to take part in the scenes.

The miners enjoyed every moment they worked for the camera and carried out their respective roles in a most realistic manner. In fact, the attack upon the door of the mine office of the superintendent was so realistic that that gentleman stuck his head out of the window during the middle of a scene to make sure that all was well.

At the conclusion of the day, the Lasky Company gave a huge barbecue to the entire town, men, women and children.

In the cast supporting Miss Sweet are such prominent artists as Charles Clary, Horace B. Carpenter, William Elmer, Jane Wolf, Ernest Joy and others.

When Costuming is Not Quite

The fashion writers of fairyland must have a terrible struggle to keep their departments interesting, if the advance promises for "Undine," the Bluebird Photoplay, to be seen at the Star Theatre on Saturday, Mar. 4th may be taken at face value. The screen version of Pierre De La Motte Foquet's fairy-tale classic has been made true to the legendary description of mythological modes and dresses. Mermaids are mermaids, and fairies are all or that little; they are presumed to be, in the photoplay.

In the first place Henry Otto, who directed Undine for Bluebird Features, picked out the nice, warm waters of the Pacific Ocean in which Miss Ida Schnall and a few score attendant swimming experts, of faultless physical proportions might disport themselves while acting the part of satellites to Queen Unda-

mistress of the under sea. The shores of Catalina Islands, off the California coast, furnished the settings of sandy beaches, rugged and jagged rocks and picturesque grottoes with their mirroring pools.

As nymphs and mermaids know absolutely nothing about high heeled shoes, short skirts, flowing trains and evening gowns, the matter of costuming became at once a problem that was not. With the girls wrapped in seaweed, sheltered by the brightest rays of the sun or hidden close to the surface by the clear rocks of the Pacific, the camera man took every possible advantage of his opportunity to picture the graceful lines and equally graceful contortions of the swimming, diving and playful nymphs.

Miss Ida Schnall, who enacts the title role in "Undine" is famed for her physical perfections—in those charts that papers print, showing in inches the length of the nose, the distance from chin to elbows and the various other angles in tape line testimony of divine formations, the "Undine" of the movies is put at the first class in Venue competitions. She bears upon her chest numerous medals won in swimming contests, has trophies galore to prove that she is an athlete, and in the photo play displays her daring as a high diver by gracefully glancing from the top of a cliff at a height of 130 feet.

"Out of the Drifts," Thrilling Alpine Drama

Marguerite Clark, the exquisite little Famous Players star, has been seen in many different characters but she has never done anything more absorbingly interesting and more thoroughly sympathetic than Elise, the delightful little Alpine shepherdess in "Out of the Drifts" which is the next Paramount Picture at the Star, Monday, Mar. 6.

"Out of the Drifts" is a big story of the great Alps and of the everlasting snows in which this superb little star is seen battling not only for life itself against the elements but to save herself from a young man with whom a great avalanche has parted her in a deserted cabin. We have laughed and cried with

Margaret Clark in many funny and some touching situations, but in this story she gives us something entirely new—the fearless, lunsapped girl of the mountains whose simple trust in mankind and her Maker steels her courage in times of peril and wins our heartfelt sympathy in moments of distress.

Happy little Elise first learns the meaning of sorrow when her father loses his footing in the St. Bernard pass and dies in her arms leaving her alone in the world. Rudolph, an Alpine guide is desperately in love with Elise, but she does not return his affection. There arrives at the monastery a young Englishman named Reggie Van Rennselaer, who has come to Switzerland to forget his past follies in London.

Thus the story begineth.

"Lure of Heart's Desire"
The "Lure of Heart's Desire," with Edmund Breeze, the eminent dramatic star in the principal role will be seen here at the Star Theatre on Tuesday, March 7th.

This wonderful five part feature is another Metro achievement, and was produced for the Metro program by the Popular Plays and Players. The story is a gripping one, of startling and interesting contrasts, dealing first with a colorful phase of New York society, and again with the intense life of the miners and Indians in Alaska.

There are scores of big scenes, made in the Adirondacks, where an entire Alaskan town was built for this production. A decidedly novel and interesting scene of a New

DREDGE BOAT BURNED UP LAST NIGHT

HAD BEEN DREDGING AND FILLING IN ON THE LAKE FRONT OF SANFORD

The dredge boat, Clovis, that has been here for the past year engaged in dredging and filling in the bulkhead on the lakefront caught fire last night about seven thirty from the back fire of the gasoline engine and burned to the water's edge, being a total loss.

The explosion caught the woodwork and as the local fire department could not reach the boat and the crew had to jump for their lives there was no opportunity to save the boat.

The dredge boat was the property of the Seminole Dredging Co., the members of the company being citizens of Sanford, C. R. Walker and F. W. Mahoney being most heavily interested. The dredge and the machinery totalled over \$16,000 on which there was only \$5,000 insurance; the loss falling most heavily on the owners who had not finished their contract with the city and were not through with the filling of the bulkheaded property on the lake shore. It is not known at this writing whether the company will purchase another dredge to finish the contract or will get another dredging company to complete the contract.

In a conversation with C. R. Walker last night he said with his customary brotherly spirit and Christian character that he was glad none of the boys on the dredge had been injured and that the company would pocket the loss but that he did not know just what they would do. The men employed on the dredge had a narrow escape as the first explosion was entirely unexpected and the crew had to jump to save themselves. The loss of the dredge is a sad blow to the hopes of the citizens generally, as the bulkhead is the pride of the city and the completion to be given here the week of the 20th was partly to celebrate this great event and to show the visitors what Sanford was doing to beautify this beautiful expanse of water. The dredge was engaged at the time of the fire in dredging out a basin for the new boat works while throwing sand over into the bulkhead and will also retard the boat work in the way of the new turning basin and boat harbor. The fire brought out the department and many of the citizens and expressions of sympathy were freely expressed for the Seminole Dredging Company and those who lost their boats in the fire.

Near the dredge were anchored the yachts of
Several Sanford citizens and tourist. The fine yacht, Lucille belonging to Harry Beaman of Orlando was destroyed.

Man Missing

It is rumored at this writing that one of the men on the dredge boat named Jameson has not been accounted for and there is a possibility that he was drowned last night when he jumped from the burning boat.

C. R. Walker states that the dredging will be resumed at once, either by contract or by a new dredge.

The Brady boat and several other smaller yachts were saved last night by the men who arrived on the scene and pushed them out of danger but the Beaman yacht could not be moved in time and is a total loss.

Bible Student Helps

Can you answer these questions about the Epistle to the Romans?

1. What person holds chief place in its pages? Ch. 1:3.
2. How many chapters in it?
3. What is the subject of the first three chapters?
4. Define "the Righteousness of God" and explain how it may become ours. Chs. 4, 5.
5. What are the wages of sin? The gift of God? 6:23.
6. "Is the Law sin." 6:7-25.
7. How often do the words "Faith, Righteousness and Justify" occur in Romans.
8. Dwell on Paul's idea of the in-

separable love of Christ. 8:35-39.
9. What is Paul's attitude toward the use of our liberty in the presence of weak ones. Ch. 14.

10. Give a Pauline test for doubtful questions. 14:23.

The above questions on the Epistle to the Romans is taken from the Weekly Bulletin, a four page sheet published by the Presbyterian church. The last page of this weekly is devoted to suggestive Bible studies, and as the prayer meetings of the Presbyterian church have been devoted to a study of Romans for several weeks, this page has had some very interesting and suggestive helps. The above might be of interest to Bible students generally.

CELEBRATION IS ASSURED

City Council Grants Permit and All Citizens Favor the Project

The grand celebration to be held here the week beginning March 20th started by the Woman's Club and fostered by several prominent citizens is now assured. The city council last night ratified the action of the Woman's Club, the Commercial Club, the Fair Association and the Parish House Club and decided to allow the attractions to be held on the streets, preferably on Commercial street and part of the bulkheaded property on the water front. Since the celebration was started primarily to celebrate the bulkhead the position is excellent. The idea of having the state candidates here for joint debate will bring a large crowd here during the entire week and the many different attractions will bring the crowds from neighboring cities.

The Democratic County Executive Committee endorsed the movement last Saturday and made formal invitations to all the candidates to come here and it is expected that county commissioners will add their endorsement to the movement today at their meeting. In fact the idea of a grand celebration for Seminole county to be held here at this season of the year is taking root in the minds of all the people and they will join whole heartedly in the movement.

Moving Pictures Don't

The Park World people will be here in celebration with the moving pictures of the candidates and also of the bulkhead, the boat races and many other attractions and these films will go broadcast over the state and the United States, giving this city a bunch of advertising second to none.

Lent at Holy Cross Church

The following are the church services at Holy Cross for Lent, which begins tomorrow—Wednesday, March 8th, known as Ash Wednesday, Ash Wednesday, 6:30 and 10 a. m. 7:30 p. m.

The weekly schedule is as follows: Sundays, 7:30 and 11 a. m. 7:00 p. m.

Mondays, Tuesdays, Thursdays and Saturdays, 4 p. m.
Wednesdays, 7:30 p. m.
Fridays, 10 a. m. and 4 p. m.

Every Monday 3 p. m. at the Rectory there is to be a Woman's Auxiliary Study Class on "Church Missions in China," Mrs. Alexander Vaughn, directress.

These Lenten services are always a privilege, enabling a person to follow Christ's life more closely. This opportunity at Holy Cross is extended to all.

Rev. Arthur Searing Peck, Priest.

Mr. and Mrs. Wallace Here

The many friends of Mr. and Mrs. Henry Wallace are pleased to see them back in Sanford to spend the remainder of the season. They are old Sanford residents and think the city is the best ever. With their daughter, Miss Blanche and Miss Porter of Lansing, Michigan they have been spending the winter in Tampa but will be here for several months.

Free Lecture on China

Rev. J. R. Graham of Tsing-Kiang-Pu, China, will speak at the Presbyterian church Wednesday night at 7:30. Mr. Graham has lived in China for twenty years as an evangelist of the Presbyterian church, and by this long acquaintance is competent to speak with authority. Public cordially invited.

EXECUTIVE COMMITTEE MEETS HERE

INTERESTING MEETING OF DEMOCRATIC COURT OF LAST RESORT

The Seminole County Democratic Executive Committee met in the court house last Saturday morning at ten o'clock with the following members present: S. Runge, G. W. Spencer, J. H. Huddleston, C. A. Dallas, C. C. Pearson, W. B. Dunn, J. H. Hartley and D. H. C. Rabun. Chairman S. Runge called the meeting to order and ordered the secretary, R. J. Holly to read the minutes of last session. The question of holding the primary election in June and the matter of assessments were taken up. It was decided upon resolution introduced by C. C. Pearson that the candidate be assessed at the rate of one and one half per cent at a very low valuation on their salaries and the following figures were submitted:

State Representative	\$ 5
Sheriff	15
County Clerk	25
Tax Assessor	25
Supt. Pub. Inst.	20
Tax Collector	25
County Judge	15
Supt. Repts.	3
County Com.	2
School Board	1
Just Peace	2

The following resolution introduced by G. W. Spencer was passed:

The week of March 20th having been set aside as the Spring Festival Flower Show and Bulkhead Celebration in the city of Sanford and Thursday, March 23 of the same week being Candidates Day, therefore be it

Resolved by this committee that all candidates, state, county and national are hereby officially invited to Sanford to participate in the festivities and grand barbecue to be given in their honor, and the members of the Democratic Executive Committee of Seminole County, in every way possible in making the visit of the candidates pleasant and show them the proverbial hospitality of Seminole county.

Resolved that the secretary of this committee be instructed to write or wire each and every candidate cordial invitation to be present in Sanford during that week.

The following resolution was introduced by G. W. Spencer and passed:

Be it resolved by the County Democratic Executive Committee in session at Sanford, Florida, this 4th day of March, 1916, as follows:

That this board does hereby extend a vote of thanks to the Honorable Forrest Lake, for action taken in State Democratic Executive Committee in session at Jacksonville, in rescinding sections 4 and 5 of the Sturke Resolution, governing primaries in this state.

We believe that Mr. Lake's resolution which was a supplement of the Sturke Resolution is just and correct and that religion or religious prejudice should not be drawn into political party actions.

The following resolution was introduced by G. W. Spencer and passed:

Whereas, God in His infinite mercy has seen fit to take from our midst our fellow member and co-worker in the ranks, Mr. J. M. Williamson, therefore be it

Resolved that we as members of the Democratic Executive Committee of Seminole county feel deeply the loss of our fellow member and brother and that despite the fact that he suffered for years he was ever active in the ranks of the party, alert to the best interests of the community and a good citizen of the county and state.

Resolved that a copy of these resolutions be sent to his family and one to the Sanford Herald for publication that the memory of our fellow member may be kept green in the hearts of his friends and family.

Don't Forget—The Free Lecture on China at the Presbyterian church Wednesday night, 7:30. Rev. J. R. Graham of Tsing-Kiang-Pu, China.

LONGWOOD OIL FIELD IN EMBRYO

EXPERTS THINK THAT POSSIBLY THERE MAY BE SOME IN SEMINOLE

A big barbecue and general good time in Longwood brought many people to that thriving little city yesterday when the big lot sale was pulled off by the Purton Bros., Realty Co., of Wilson, N. C. The lots were in the heart of the city and brought good prices at auction sale. About one o'clock a big barbecue took place east of the depot and there was roast pig, roast beef, tomatoes, pickles, coffee, bread, etc., to feed the multitude and every one had plenty to eat.

The candidates were there in force, as this is the first big gathering of the spring campaign.

Longwood is coming right along and will be one of the biggest places in Seminole county ere long. W. Caldwell, an experienced oil man from Pittsburg has taken an option on 11,000 acres of land in that vicinity and expects to start drilling for oil in the near future. Mr. Caldwell bored wells at Beaumont, Texas, in California and many other places, and having seen signs of oil in the region around Longwood is willing to back his judgment. The war in Europe has prevented Mr. Caldwell getting the skilled labor and the necessary machinery on time and he is desirous of beginning work as soon as possible.

The Herald is willing to give them the benefit of the doubt regarding an oil well in this vicinity.

The Manufacturers' Record, the leading publication on southern industries and the general development of this section, says that a number of leases have recently been reported as having been made of large tracts of land in Florida by oil operators from other states who are planning to bore test wells to find out whether oil-bearing strata can be found in this state. It is said that many oilmen give promise of oil in quantities. It would be something immense for Florida if oil in pay in quantities should be developed here, for it would bring a stream of men and money into the state which, taken with our present advantage of soil and climate and the large immigration already coming in, would easily put Florida in the lead as the most rapidly developing and prosperous state in the Union.

We have no patience with the theory that there is no oil under the surface of Florida. They could have said as much and did, with equal basis about Texas and Oklahoma, and California and Louisiana, where immense discoveries were made by men who had the faith and capital to stick and were laughed at as cranks who were throwing their time and money away in a futile quest.

There is a homely old saying out in the mining regions of the far west that "gold is where you find it," no matter what the geologists say, and the same is true of oil. Some so called cranks is just as likely, from our present knowledge to discover it in Florida as old Captain Lucas was in Beaumont, Texas, before he tapped the stupendous oil reservoirs deep down under the soil of Spindle-Top and made the country gasp with the immensity of the discovery.

We are told that there is no mineral wealth in Florida outside the phosphates and that we must rely on our agriculture and fruits and vegetables and timber and cattle and winter climate for our riches. A good strong basis indeed, but there is no warrant for the assumption that we have no oil beyond the fact that none has thus far been discovered. In that connection the following from the Manufacturers' Record is to the point:

"It may be interesting to mention that just before the discovery of oil in Louisiana some years ago the Manufacturers' Record received a letter from one of the best posted business men in the state, in which, referring to the future of Louisiana, he said: 'You know there are no minerals in Louisiana,' and he indicated his belief in the fact that Louisiana would have to depend upon its agricultural and timber re-

sources for its future development. Since then, Louisiana has become one of the great oil producing and refining states of the Union, a center of great natural gas activities, a producer of about one half of the world's output of sulphur, and is now recognized as probably the best place, natural advantages being considered, known to scientists in this or any other country for the manufacture of chemicals on a very large scale."

Preston Sustained

In the general mix up over the status of the city treasurer and assessor Judge Perkins sustained Mr. Preston in his contention that he should not be removed from office without sufficient cause being shown. A few days ago Dickenson & Dickenson representing Mr. Preston had Judge Perkins issue a writ of mandamus for the city council to show cause for their action in refusing to appoint A. A. Preston to the position of treasurer and assessor and last Friday the case was called in DeLand, all the members of the city council and the mayor being present. The city council was represented by Attorney T. E. Wilson and each side had their hoarding. Judge Perkins decided that insufficient reason had been shown for the council's action and that the case rests at present. The council will take the case to the supreme court and meantime the end is not in sight.

Donation Day

Donation Day for the Children's Home Society has been set for Thursday, March 9th.

The Presbyterian C. E. will have this in charge and hope to send a well filled box on that day. All those who have anything to donate in the way of clothes, soap, towels, groceries, toys, etc., will please send them to the residence of Mrs. R. C. Maxwell, at 127 W. 9th St., on or before Thursday. If you have no way to send them phone Miss Mae Doyle, phone No. 10, and your donation will be sent off. Nothing is too small to be of service.

Remember that a thousand helpless and homeless children each year are absolutely dependent on the Children's Home Society of Florida for care, homes and attention. Just think what it would mean if this great work should have to stop for lack of support. Surely you will do just a little to keep it up.

Remember Tag Day, Saturday, March 11th.

Co. School Board Notes

Messrs. O. P. Swope, W. A. Howard and H. B. McCall, comprising the Board of Trustees of the Oviedo Tax School District were in Sanford Monday attending the meeting of the County School Board. This local board with the county board devised plans whereby the Special Tax School District No. 3 is to be considerably enlarged, which act will ultimately result in the Oviedo school being enlarged to a high school, an act that Oviedo deserves, as it is one of the best towns in Seminole county. Oviedo District has a board of trustees that are wide awake, and a board that are ever on the alert for the betterment of their schools and the improvement of the district as a whole. It can be safely said that this board will leave nothing untaken that will develop their schools and place them on a plane of higher standardization.

Mr. W. A. Raulerson, a member of the board of trustees of the Geneva District was a visitor to the city Monday. Mr. Raulerson appeared before the county school board in the interest of his district and school.

At a meeting of the school board Monday it was determined that the schools of Paola, Monroe and Gabriella should have a term of eight months. This action on the part of the school board will certainly meet with favor in the eyes of the patrons of the above mentioned schools.

The program Sunday night was rendered by the Orange Blossoms. Rosamond Redford acted as leader. The subject was "Jesus Tried" and many interesting points were brought out by the members.

A treat is promised all that will come—6:15 every Sunday night.

R. R.

Modern Woodmen and Royal Neighbors are requested to bring their friends to hear the great lecture on "Modern Woodcraft."

Card of Thanks

To the many friends who were so kind to us in our recent bereavement and during the illness of our little daughter, Dorothy, for the warm sympathy and beautiful floral tributes we extend our grateful, appreciative thanks.

Mr. and Mrs. Wm. Draddy.

Head Banker M. W. A. to Lecture

Hon. J. D. Vols, Head Banker Modern Woodmen of America, will lecture in Eagles Hall Thursday night, March 10, at 8 p. m.

CANDIDATES WILL SPEAK IN SANFORD

GRAND COMING OUT CONVENTION WILL BE HELD HERE THIS MONTH

The county, state and national candidates will speak here on Friday, March 24th and not only speak here but will, be here several days to mingle with the crowds that are coming to this city the week of March 20th.

This week will be the Spring Festival and Celery Fair and the Woman's Club will have their annual Flower Show in conjunction; the ladies also taking a prominent part in making the entire affair a grand success.

There will be boat races on the lake, auto parades, merchants' display and floats, celery show, flower show, grand barbecue for the candidates and visitors. Also many side attractions furnished by the Majestic Amusement Co., fire works display at night, dancing on the streets and many other forms of harmless amusements.

The coming of the candidates will itself bring a monstrous crowd, as it will be the "coming out convention" of all the candidates and listen—the Fathe Weekly Moving Picture man will be here to snap the candidates, get the boat races and make pictures of Sanford in gala attire.

Just think of the fun and pleasure to be crowded into one week. Just think of the advertising our city will get from this event and just think of keeping our city in the public eye at no expense to any one. The idea is worthy of the unqualified support of every citizen of Sanford and each and every one should get behind the movement and push. All that the gentlemen who are trying to organize for the affair want is the hearty cooperation of every citizen. The Commercial Club, the Fair Association, the Woman's Club and Parish House Club are all fostering the idea and all of them expect to get something from the proceeds for their various organizations. It is a grand opportunity for the people to get together and work for a grand celebration—the kind that have made Sanford famous in the past.

Presbyterian C. E.

The Presbyterian C. E. met on Friday evening, March 3rd with a good attendance. The meeting was in charge of Co. A, Mr. Arthur Greene leader and a fine program was rendered.

The president announced the new division of companies as made by the executive committee. The following new captains and lieutenants were elected:

Capt. Co. A, Miss Annie Lee Caldwell; Lieut., Miss Virginia Smith.
Capt. Co. B, Miss Lucy Whitner; Lieut., Miss Esther Woodburn;
Capt. Co. C, Mr. Kent Rosetter; Lieut., Miss Alice Whitner.

Capt. Co. D, Mr. E. J. Moughton; Lieut., Miss Muriel Harrold.
The Lookout Committee reported one new active member, Mrs. Robt. Powell; and one new honorary member, Dr. Bouchelle.

Tag Day

Don't forget to carry some extra money on Tag Day, Saturday, March 11th. We know that business conditions are not the best, but we cannot believe that for this reason little helpless, homeless children will be refused and, when just a mite from each person in Florida would provide a home for all.

Card of Thanks

To the many friends who were so kind to us in our recent bereavement and during the illness of our little daughter, Dorothy, for the warm sympathy and beautiful floral tributes we extend our grateful, appreciative thanks.

Mr. and Mrs. Wm. Draddy.

Head Banker M. W. A. to Lecture

Hon. J. D. Vols, Head Banker Modern Woodmen of America, will lecture in Eagles Hall Thursday night, March 10, at 8 p. m.

ROLLINS COLLEGE NOTES

At the annual meeting of the Board of Trustees of Rollins College which was held last week the following resolutions were adopted: 1. Whereas, William Freemont Blackman, for thirteen years president of Rollins College, found it necessary to resign the office by reason of failing health, September 30, 1915; therefore, be it Resolved, That this Board express its appreciation of the services of President Blackman in the up-building of the College. During his administration there has been added to the campus, Carnegie Library and equipment, Knowles Hall and equipment, Chase Hall, Sparrell Cottage, the power plant,

the boat house, and the removal and repair of Ladies' Hall and the dining room and the campus enlarged and beautified. There has also been raised an Endowment Fund of \$245,000, for the support of the College. President Blackman has presented the needs of the College, both in and out of the state, and has been recognized as one of the foremost educators in the state of Florida. The Board therefore expresses the hope that his change of occupation may completely restore his health, and extend sincere thanks to him for services which he has rendered the College. Wm. R. O'Neal, Secretary of Rollins College.

2. Whereas, William Freemont Blackman resigned the presidency of Rollins College September 30, 1915; therefore, be it Resolved, That this Board express its sincere appreciation to Mrs. Lucy Worthington Blackman for the unselfish, capable and loyal service which she has rendered Rollins College during the presidency of her husband, Wm. Freemont Blackman. Always ready, willing and anxious to do anything and everything for the good of the College, her assistance has been invaluable in the upbuilding of the school. Wm. R. O'Neal, Secretary. The following letter was sent to the Board of Trustees in recognition of the foregoing resolutions: "To the Board of Trustees of Rollins College: Gentlemen: I wish to thank you on behalf of Mrs. Blackman and myself for the resolutions adopted at your last annual meeting, with reference to our work in the college during the last thirteen years. I wish also to make record of the unflinching sympathy and cooperation I received, from the Board during the whole term of my administration. From the day when I assumed the duties of the presidency to the day when I laid them down, I do not now recall a single word of criticism or serious dissension uttered by any member of the Board. Every policy adopted; and every situation faced was fully and frankly discussed, and so far as I can remember the final action taken was unanimous, entirely or practically, alike in the meetings of the full Board, and in those of the executive and investment committees. I believe that such a condition of affairs and such unanimity of feeling and action in any similar body of strong men and women is unusual, and I mention it with profound gratification and gratitude. I also wish to place on record my appreciation, in which the Board of Trustees, I am sure, concurs—of the generous gifts which friends of the institution, in all parts of the country have contributed to its support during the past thirteen years. These gifts, for endowment, buildings, equipment and current expenses, amount to about \$400,000, and by far the greater part of this sum was given by donors not residents in Winter Park or in Florida, nor connected in any way with our community or college. I have only one cause of regret as I sever my official relation with the institution, namely, the debt which now rests upon it. This debt, according to the treasurer's report covering the last year of my administration, and presented at your last meeting, after deducting amount due the college, amounts to \$43,441.90. If this indebtedness be subtracted from the Endowment Fund of the college, all of which was collected during my administration, there remains about \$200,000 of invested funds over and above these obligations, in addition to the campus, the buildings, and the equipment of the institution. The policy of adding to the Endowment Funds, erecting buildings and providing necessary equipment, even at the risk of incurring a deficit in the current expense account, seemed to be forced upon us some years ago by the precise terms of the conditional gifts of Dr. Pearson, Mr. Carnegie, and other benefactors of the institution, and the disastrous fires which destroyed two of our buildings, leaving us without a chapel, a single recitation room, or a single implement of scientific or musical study, while the serious financial stringency of the past half dozen years, and the war in Europe, together with my own greatly impaired strength made it impossible for us to meet this accumulating deficiency. However, I am confident that with returning prosperity in the country my successor will be able, with your own hearty cooperation to clear up this obligation speedily, and to add still further to the equipment of the invested funds of the institution. I was never more sure than now that Florida has need of a Christian College like Rollins, of high standards and fine character. Be assured, dear friends, that the president of Rollins College, whoever he may be, and its Board of Trustees will have Mrs. Blackman's and my own earnest prayers, and our active help to the limit of our strength in all future efforts to advance the interests of the college so dear to us all. Cordially yours, William Freemont Blackman."

club boys. Some of the railroads have given prizes in counties in which they own property, and other institutions have offered local prizes which will amount to more than the value of the pig for a single county, but Mr. Ramsey's offer covers the whole state if every county has a corn club. Mr. Ramsey has a small farm which he is devoting to purebred Duroc-Jersey swine. He has some of the best stock in the state and cannot supply the demand for animals. A number of litters have been engaged before they were old enough to ewan. He has recently leased more land and purchased more breeding animals to develop the business. Station Completes Silage Test It is false economy to starve cattle through any period of the year. It costs more to get them over the effects of starving than it does to keep them in good flesh during the period of scarce feed. During the winter from December to March there is always a shortage of pasture in some sections of the state. Cattle suffer for food during that period and in some years the loss is heavy. John M. Scott, animal industrialist to the University of Florida Experiment Station began an experiment, December 8, 1915, to determine the relative value of sorghum and Japanese cane silage for wintering young cattle. No attempt was made to fatten the cattle. The object was to maintain the initial weight and to keep the animals in good condition. Grade Jersey heifers from fifteen to thirty months old were used in test. They were divided into two lots as equal in weight and quality as it was possible to make them. One lot received all the sorghum silage they would eat and the other received all the Japanese cane silage they would eat. Each heifer was allowed a pound of cotton seed meal a day. At the beginning of the test the animals in the lot receiving sorghum silage averaged 355 pounds and those in the other lot 353 pounds. At the end of sixty days the sorghum fed animals had gained 8.25 pounds a head. Those fed Japanese cane silage had merely kept their original weight. The results are in favor of sorghum, but Japanese cane can be used to winter cattle with little or no loss of weight when it is supplemented with a small amount of cottonseed meal. The cost in either case is but eight cents a head a day. The difference in favor of sorghum was probably due to the seed, but it is not likely that the small gain would justify the use of sorghum where the cane can be produced considerably cheaper. Para Grass Improves Native Pasture Farmers who are looking for a forage plant with which to improve native pastures will find Para grass suitable. According to A. P. Spencer, district agent for the University of Florida Extension Division, it is well adapted to improvin native pastures which are subject to overstocking. Under such conditions it is perhaps the best forage plant. It can be used for soiling or hay, or it may be pastured. If it is to be used for pasture, animals should graze on it continuously to keep the stems from becoming woody. R. A. Conklin, who has charge of the agricultural development of the Fellsme Farm Company, planted Para grass three years ago. He cut the grass and disked it in. Now the improved pasture is at least 100 per cent better than the native pasture over the fence. Mr. Conklin has been grazing horses, mules and cows on the grass. Good Poultry Feed Backyard poultrymen and those who are in the business for a livelihood are continuously looking for feed. The more feed they have to buy the smaller their profits will be just as in any other kind of animal production. A. P. Spencer, district agent for the University of Florida Extension Division recommends Kaffir corn and shallu sorghum for their consideration. These two plants will produce an abundance of grain for poultry. Shallu is especially good because of the thin coat of the seed and because of the open head which is not so apt to mold during the rainy season as the close head varieties. These two crops may be planted by March 10 in the northern part of the state and a week or two earlier in the southern part. Plant in rows, about 30 inches apart. Plants should stand about 8 inches apart in the row when a large yield of grain is desired. They both do best on rich soil, but will yield well on average soil. Valuable Nut. British scientists have discovered that a nut allied to the nutmeg that grows in Brazil yields an oil of much value in the manufacture of soap.

The Spray That Sticks 'ADHESO' Celery is injured by gritty spray materials that wash off and run down into the heart of the celery. 'ADHESO' is absolutely free from grit—as smooth as butter. It sticks to the leaves, protecting the celery against rust, both during and after rain, the time when the rust spreads. It destroys the Celery Caterpillar; stimulates the crop. Big celery growers in Florida with as high as 400 acres to the grower, are using it on their entire acreage in preference to anything else. 'ADHESO' has often increased profits 50 per cent and more on POTATOES, TOMATOES, EGGPLANT, PEPPERS, BEANS, CUCUMBERS, MELONS, ETC. It is not THE COST PER POUND, but THE COST PER SPRAY TANK and INCREASE IN YIELD that counts. Write for further information. STATE BOARD OF HEALTH

The relations of the negro to the white race, in the matter of public health in Florida are complex.

The relations between the races are many, but in this respect they are so interwoven that what affects either affects the other. In this, all questions of sentiment may be dismissed and that of economic interest alone may be considered. A few basic facts control the situation.

With appreciable exceptions, the negro is not educated to the point of being fitted to administer his own sanitary interests. He must be guided by more intellectual advice than his own, formulated in laws that conserve the mutual interests of both races.

In Florida, as in other southern states, the negro of both sexes is the manual laborer. This relation brings both sexes into close contact with the employing race as farm and mill hands, as porters and in minor clerkships, as cooks, nurses and laundresses.

The majority of these workers live by themselves and largely as tenants in homes, owned by white proprietors, upon whom depends in large measure the providing and enforcing of sanitary conditions.

With such existing conditions the white employing race owes a plain duty to see that the surroundings of the employed are constructed more sanitary than at present in Florida. He owes it to see that higher standards of living are maintained, and this debt is based on no idea of sentiment alone, but quite as much as that of economy, of dollars and cents.

An epidemic of smallpox among the negroes of any community can by no probable means be confined to that race; it must almost inevitably spread through the entire neighborhood, including whites and blacks alike. The more dangerous and subtle diseases of tuberculosis and typhoid fever, because they are less easily detected are the more likely to be spread regardless of race, from the cook and

nurse employed in white homes. To put the facts even more bluntly the negro as a race is a charge upon the intelligence of the white race in the south, in much the same sense as the young child, who is ignorant of his own best interests and who must be advised, restrained and protected, by a higher intellectuality than his own. Particularly is this true in sanitary matters, in the congested centers of population, where the closer density of population induces insanitary living conditions, which in rural communities and on farms are offset in some degree by wider separation and purer air.

It is a duty of the white race in Florida to insist on and provide homes for the negro tenant that are sanitary and that favor sanitation, to provide against the probability of disease infection. These should be screened; the toilet should be water flushed, if it be possible; it should be so far removed from the house and the water supply as to avoid all possible infection of either. The closet should be screened to prevent typhoid infection; and the water supply should be plenty and pure.

More than this the landlord should keep a constant oversight of the tenant and his living methods. He should insist that the premises be maintained in sanitary condition. He should be more than an adviser; he should insist that his orders for good sanitary conditions be obeyed and he should take means to enforce these orders.

To carry out this program he should be informed as to the best methods of sanitation, and distrustful of his own information he should advise with local, city or state authorities.

The economic value, even the necessity of such oversight of negro employees and tenants cannot be too strongly emphasized. It is an economic obligation that the white race owes to the other, besides being a moral debt that cannot be repudiated.

The Tatting Brigade

The last issue of the Florida Rambeau, published by the Woman's College of Tallahassee, prints a choice parody on Tennyson's "Charge of the Light Brigade," written by a member of the three hundred as follows:

Half a stitch, half a stitch,
Half a stitch onward,
Down in the Chapel Hall
Tat the Three Hundred.
"Hurry, you tatting brigade,
Make another ring," they said,
Tat the Three Hundred
Down in the Chapel Hall.
"Hurry, the Tatting Brigade!"
Was there a girl dismayed?
Not though the girls knew
Her thread had blundered,
How not to make reply,
Hers not to reason why,
Hers but to tat or die,
Down in the Chapel Hall
Tat the Three Hundred.

Shuttles to the right of them,
Shuttles to the left of them,
Shuttles in front of them,
The line we're in sundered,
Tatting with pink and blue,
Some using white thread, too,
Tatting they're bound to do,
Tireless Three Hundred.

Flashed all their shuttles bare,
Flashed as they turned in air,
Seniors are tatting there,
Making another ring, while
All the school wondered,
Plunged in with valiant stroke,
Pop! there a thread is broke,
Seniors and Juniors
Heard not the man who spoke
Tatted, some blundered,
Then they took it out, but not,
Not the Three Hundred.

Tatting to the right of them,
Tatting to the left of them,
Tatting in front of them,
Some one has wondered,
"Were all the lessons said,
Was all the parallel read?"
Tatting they do instead,
BUSY! Three Hundred.

Who Am I?
Colonel George W. Burr, Commandant at the Rock Island Arsenal has had the following "sermonette" placarded in all the shops there, and it is an appeal which is directed to everyone:

I am more powerful than the combined armies of the world.
I have destroyed more men than all the wars of the world.
I am more deadly than bullets, and I have wrecked more homes than the mightiest of siege guns.
I steal in the United States alone over \$300,000,000 each year.
I spare no one, and find my victims among the rich and poor alike; the young and the old; the

strong and the weak, widows and orphans know me.
I loom up to such proportions that I cast my shadow over every field of labor from the turning of the grindstone to the moving of every train.
I massacre thousands upon thousands of wage earners in a year.
I lurk in unseen places, and to most of my work silently and unwarmed against me, but you, heed not.
I am relentless, I am everywhere, in the home, on the street, in the factory, at railroad crossings, and on the sea.
I bring sickness, debilitation and death, and yet I go on to avoid me, I do not mind, I give nothing but good, all I am your silent enemy.
I AM CARELESSNESS. C. E. P.

MOTHERS' LECTURE

Dr. Oliver Miller to Deliver Lecture Before Woman's Club
At the Woman's Club on Saturday afternoon at 3 o'clock Dr. Oliver J. Miller will deliver a lecture to mothers, in which he will give a few hints on infant mortality and follow this up with the welfare and care of babies into childhood. Dr. Miller is intensely interested in this line of thought and in view of existing conditions and the celebration of Baby Week the subject is timely. The lecture will be entirely free and is given through the courtesy of Dr. Miller and the Welfare Department, Woman's Club. The mothers and all others interested are cordially invited to come and hear the valuable message that Dr. Miller will bring to us Saturday afternoon at 3 o'clock. The result of the Better Baby Contest will be announced at this time. The final examinations will be held in the office of Dr. Miller Saturday morning at 9:30. He will be assisted by a member of the State Health Board and a dentist. Certificates will be given every baby examined. There will be three in each division, making highest scores in the preliminary examinations, sent to the final examining board.

Geneva on the Boom
The saw mill man Barber and gang of McCleeny have arrived and soon will be erecting a 25,000 capacity per day saw mill. They have two locomotives and will put in ten miles of tramway, and later they will install a crate material factory. They will employ several hundred men. Mr. Barber says that he has about five years work here and we are glad to have these people locate here.
Mr. Levy has just built an up to date garage and is doing a good business. He also built a meat market

and is selling razor backs and long horns.
There have been nearly 50,000 boxes of oranges shipped from here this year and a few to go yet. The prices have been good.

Thanks Sanford People
Be it resolved that the thanks of the Florida Drainage Association, in convention assembled at Sanford, Florida, the 28th and 29th of February, 1916, be tendered to the people of Sanford, and the Commercial Club of Sanford, for their hospitable reception of this convention and the many courtesies shown to the individual members thereof.
That to the Press of the state we extend our thanks for its attention to the proceedings of this convention.
That the thanks of the convention are tendered to the gentlemen who have prepared and delivered instructive addresses pertinent to the objects sought to be accomplished by this Association.
Respectfully submitted,
R. E. Rose,
Frank Baker,
A. K. Powers,
Committee on Resolutions.
Adopted at Sanford, Fla., Fe. 29, 1916.
Benj. Getzoff,
Secretary-Treasurer,
Florida Drainage Association.

Wekiwa and Ethel Items
Mrs. Vermillion has been quite sick at her home since Sunday. Dr. Denton was called from Sanford and pronounced her quite sick and she has not been able to leave her bed yet. She is improving and her friends hope to see her out soon.
Mrs. Eugene Brown is slowly improving at her home, yet her friends are very uneasy about her condition.
Mr. and Mrs. P. J. Coates re-

turned home Thursday from Home-land home Thursday from Home-land after attending George M. Coates' wedding, who was married on the 29th to Miss Floy Brown of Homeland. They also visited the mother of Mr. Coates who lives a Fort Meade and other relatives in and around there. They report having a lovely time while gone.

There was a box supper given at Glen Ethel again last Saturday night for the benefit of the church there.

Sunday school is doing nicely at Ethel church, also prayer meeting is doing well every Wednesday night.

There is a birthday party to be given at Mr. Tom Boyd's Saturday night, 5th, in honor of his daughter, Eva, also his nephew, Mr. Carl Deas, to which everybody in both Wekiwa and Ethel are invited, and I am sure all who have the pleasure of being present will have a jolly good time.

Mrs. Will Lee gave a treat to all the little children of Ethel school on the 3rd of this month, in honor of the birthday of her second daughter, Gertrude. Mrs. Lee is so thoughtful and kind to the little ones in making their little hearts glad. Such is a mother's love.

Mrs. Andrew Rush spent Thursday afternoon with Mrs. P. J. Coates. Mrs. Rush's health is much improved to what it has been for quite a long time.

Mr. P. J. Coates is working very hard in order to be able to prove up his homestead on the 16th of this month. Will ring off.

Turkey's Prime.
The Turkish empire reached its greatest glory in the reign of Solyman the Magnificent, who held the throne from 1520 until 1566. Besides his North African possessions his territories extended from near what is now the border of Germany to Persia. There was at that time no other state that approached the Turkish in extent or wealth.

THE UNIVERSAL CAR

Over a million Ford cars in use today is your best guarantee of satisfactory service. Serving everybody—bringing pleasure to everybody—the Ford car is a utility—your car. The same high quality, with lower prices. Costs least to operate and maintain. Ford service everywhere. The Touring Car is \$440; Runabout \$390; Coupelet \$590; Town Car \$640; Sedan \$740, f. o. b. Detroit. On display and sale at the Sanford Machine & Garage Co.

EDWARD HIGGINS Salesman
C. F. WILLIAMS Agent

Peculiar Flint Rock.
J. C. Oliver of Woodstock, Vt., has a white flint rock somewhat smaller than a man's fist. Through one end of it is an irregular hole smaller than a lead pencil, caused by a vein of iron which had rusted out. The long root of a lock point has grown through the hole, flung it solidly and extending some distance in the ground beyond.

Bird Importations.
The number of birds imported into the United States annually amounts to about 500,000, and as many as 17,000 have become dwellers in America within one day. The half million feathered strangers represent 1,500 different species, but the greater number of the importations are of canaries, parrots and game birds.

Office in Herald Building Telephone No. 148

Hon. Forrest Lake of this city is being urged to make the race for Governor by his friends all over Florida. He is much too busy to give his time to politics at present but there is no doubt about our Forrest Lake being heard from in the near future. He is the liveliest wire that is sparking in politics in Florida today.

Before the Round Table society in Orlando the other day J. Hugh Reese, editor of the Reporter-Star read a paper on Florida Newspapers and Editors. It was a fine description of journalism from the early days to the present. Modesty prevented Joe from giving a history of Orlando editors and some day we will write up Joe Reese in the proper manner and place him in the Hall of Fame where he belongs.

The Herald expresses sympathy today to the Seminole Dredging Co. in their heavy loss by fire last night of the dredge boat that has been doing the great reclamation work on our lake front. This work was more of a work of love than of profit and our right hand of fellowship and friendship is extended to Messrs. Walker and Mahoney today. We hope they will be able to proceed with the work at an early date and will not lose everything.

TRAMMELL AND BRYAN
Trammell and Bryan are talking about a public sparring match and up to date have not been able to agree upon the place but now since Sanford has decided to hold a "coming out" convention the week of March 20th they will meet here in this city. Sanford is in the middle of Florida.

LIVEN UP THE CITY
Anything in the way of a celebration tends to liven up the city and brings people to town that would not come unless some form of amusement was offered to them. The Ft. Pierce Tribune sums it up in the following:
The Johnny Jones show livened things up in Fort Pierce this week and brought in a lot of people, who have done considerable trading in town. The aggregation spent nearly as much in town as they took away and they have given us a little diversion. The Jones show is a clean one and it will patronized every where.

ST. AUGUSTINE'S TURN
It is now eight or nine years since St. Augustine had the honor of entertaining the members of the Florida Press Association. This year the organization will meet in Kissimmee. When the 1917 session will go is only a matter of conjecture. Key West was disappointed last year at Miami when Kissimmee walked away with the 1916 convention tucked in its pocket and the Key West delegation vowed to be in the running the next time. West Palm Beach also had an inclination to get in the race and promised to give Key West a contest. Secretary Kidder of the St. Augustine Chamber of Commerce has started the ball rolling to put St. Augustine prominently before the members of the association as a contestant for the honor of being selected for next year's gathering. He has addressed a letter to the newspaper fraternity asking that. Augustine be given consideration when the time comes for making a selection of the convention city. It would be a great honor to again have the Fourth Estate in the Mother City. Many important changes and improvements would be noticed by the visitors and a cordial welcome would be extended by each and every citizen.—St. Augustine Record.

ALL RECORDS SHATTERED
The Indianapolis Star publishes the following news item as which is of interest. It virtually hands the palm to Florida as being the Nation's greatest and most popular playground. It is true—every word of it. But central Florida is not mentioned to any extent. Gradually the north will awaken to the fact that inland Florida exists and is as great a playground as the East or West Coasts. The number of visitors in central Florida has been greater this year than in past years. There are reasons for this, one of

which is the improvement in the highways.

The Indianapolis viewpoint follows:
According to old time tourists the world's social apex has been reached in Florida this winter. Not only have all records for numbers of tourists to that state been broken, but the high water marks for new expensive and entertaining functions have been eclipsed.

On the East Coast the great wealth of the northern cities has been poured into the cauldron of pleasure. On the West Coast, in addition to the millionaires there have been probably 50,000 moderate circumstanced northerners. W. H. Richardson, passenger traffic manager of the Dixie Myer route, said that this year on account of the closing of Europe and Western expositions, as well as the increased popularity of winter tours, travel has been measured only by the ability of the railroads to haul cars.

In the East Coast hotels 90 per cent of the guests are from New York. On the West Coast 90 per cent of the tourists are from the middle west cities and towns. Among the latter are 40,000 retired farmers from Indiana, Illinois, Iowa and Wisconsin.

The immense increase in travel to both Florida and California is also attributed to the growing custom of northerners to take vacations in winter. The increasing wealth of the country is creating a class who can vacate any time and will vacate in both seasons. Also, there is the medium income man, who feels that he can do better work by embracing the European custom of more recreation.

French Army Corps.
A French army corps is made up of 24 battalions of rather over 1,000 men each. These are sectioned into eight regiments, each of three battalions, and these again are formed into four brigades, two of which compose a division.

THE TIME IS SHORT AND IS GOING FAST

ONLY 10 MORE DAYS IN HERALD'S CAMPAIGN...TRIPLE VOTES GIVEN ON NEW SUBSCRIPTIONS THIS WEEK. LOTS OF TERRITORY HAS NOT BEEN WORKED WHERE YOU CAN GET MANY SUBSCRIPTIONS ...ONLY DOUBLE VOTES GIVEN ON NEW SUBSCRIPTIONS ON THE LAST DAY

The people who have always been waiting for a better opportunity to come to them are still waiting for it. Twenty-five years from now they will still be waiting for it. All of us want something better than is before us, and we are inclined to wait for better things, but the most successful grasp every opportunity that is presented to them, and bring better things to themselves. Those who waited have let many a good opportunity slip by them with which they could have made themselves successful.

Waiting, from the standpoint of a candidate in the campaign, or a subscriber should now be at an end. This period is the best time to get the subscriptions in, for during this period they count for more votes than they will the last day of the campaign.

Triple Votes on New Subscriptions
Three times the regular number of votes will be given you on every new subscription that you send or bring in to the circulation department between the dates of Tuesday, March 6th and Monday, March 13th. Candidates living outside of Sanford may mail subscriptions any time Monday, Mar. 13th and they will receive the triple votes.

Subscriptions to count on this offer must be new. They may be for one year or more, up to five, and if you mail the report on or before midnight Monday, Mar. 13, it will count on this offer.

Candidates, Attention
A new subscriber is a person who was not taking the Sanford Herald by carrier or mail when the campaign was announced Feb. 4th. A subscriber who has started the paper during the campaign and extends his subscription will count as a new subscription during this offer. Candidates are warned to be careful in marking their subscription stub old or new. Remember, a new subscriber is one who was not taking the Herald when the campaign started. The changing of names or addresses of an old subscriber will not be counted as new.

The regular schedule of votes will be given on renewal subscriptions and you should get every new and old subscription possible during this offer. See schedule for new and old subscriptions in display ad in this issue.

Realize Your Opportunity
This offer gives the candidates who failed to take advantage of the previous offer an opportunity to secure a bunch of new subscriptions and catch up in the race.

This is absolutely the largest offer that will be made during the remainder of the campaign. In other words subscriptions that are turned in this week will count more votes towards the winning of that Ford car than the last day of the campaign. Yes, we mean exactly what we say.

Candidates, that means hustle

Hustle today. Hustle tomorrow. Hustle every day, especially towards the close of this offer. Many of the people whom you have seen perhaps prefer to give you their subscription when it will count the most for you. The time is here. The most their subscription will ever count is just what it counts this period.

Impress this fact upon the people you meet. Show them in figures just what it will mean to you to get their subscription this period. Just suppose: Here is a bunch of new subscriptions that have been promised to you, but the people want to wait. If you get them during this period they will count three times the regular number of votes. If they wait until the close of these same new subscriptions will only count double votes for you. These triple ballots may mean the Ford auto.

Get Subscriptions Now
Keep this in mind and remember it is the same with every subscription. Of course you can't get all of them now. That is beyond reason, but you can get a large number of them, and it is up to you to get each and every one of them that you can.

Above all be persistent. Keep awake all the time and always remember that you are after a Ford car. You can't expect to glide along on the waves of delight without pulling the oars once in awhile.

You Must Keep Going
No matter what you undertake, you will find that there are times when it is pretty hard to keep going. It is hard, but the thing to do is to keep going. Keep right on and then the former ease with which you were working will return. There may be times when your chances for that car look slim. They are not, though, there is perhaps some other candidate who feels more down hearted than you do. Just keep right on going, and soon

the path to that car will be perfectly clear to you, and you can only see how YOU can win.

Have Confidence in Your Ability
Just to show you, we will recall the well known race between the tortoise and the hare. The hare went so fast that he left the tortoise out of sight. If the tortoise had stopped he would have lost right there, but HE KEPT GOING AND HE WON THE RACE.

Always confident in your ability. You can win just as well as any one else, and it is better to be aware of the fact at all times. When you go to see a person, make up your mind beforehand that you are going to get his subscription. Make yourself sure of it, and you will succeed.

If a person gets to thinking that he can't do a thing, he finally gets so certain of it that he can't. If he thinks he can do a thing he gets so sure of it that he does it.

This week should find you the busiest person in Seminole county. Remember, now is the time, so do your best while this offer is in force—and be at the head of the list March 18th.

Remember, three times the regular number of votes are given on new subscriptions and the regular number of votes on renewals.

Only ten more days to work for the prize of your choice. You must hurry.

Taxpayers please take notice that state and county taxes become delinquent after April 1st.

Mr. D. J. JINKINS, Tax Collector, Seminole County, 55-8to

Mrs. Forrest Lake. "Your husband," I said to her, "has the most beautiful name."

Read Richard le Gallienne's essay, "The Woman Behind the Man" in Munsey's for March.

Forrest Lake was a leader in the legislature of 1911. In 1913 he came near being speaker and he succeeded in creating a new county for himself.

Do it for her and her only, only to lay at her feet; Yet in his talk to pretend, shyly and fiercely maintain it.

That all is for love of the work— toil just for love of the toll; Yet was there never a battle, but side by side with the soldiers.

As in and out through the corn go the blue eyed shapes of the flowers; Yet was there never a strength but a woman's softness upheld it.

Never a Thebes of our dreams but it rose to the music of woman; Iron and stone it might stand, but the woman had breathed on the building;

Yes, no man shall make or unmake, for some woman hath not made him a man. Harry Floyd in Tampa Tribune.

ABOUT PEOPLE AND EVENTS

A RESUME OF SANFORD HAPPENINGS UP TO DATE

Shrove-tide Parties. An unusually interesting season of social activities will close this week with a series of games by the card clubs.

Merry Matrons. Mrs. F. L. Miller entertained the Merry Matrons and two other tables of players on Saturday afternoon at her attractive home on Magnolia avenue.

Dutch Supper. Mr. and Mrs. R. W. Terheun entertained on Friday evening with an informal little Dutch supper on the premises of Mr. T. P. L. Daughtry.

Rummage Sale. The Literature Department Women's Club will hold a rummage sale Saturday night for the benefit of the club fund.

The playlet, "The Theft of Thistle-down" in part celebration of Baby Week, which was to have been given at the Woman's Club on Friday evening has been called off because of existing conditions.

Watch the columns of The Herald for further announcements relative to the play.

Mrs. O. W. Brady Entertains. At Hotel Carnes on Thursday afternoon Mrs. O. W. Brady entertained the Auction and Every Week Bridge Clubs.

COMING EVENTS. Leap Year Party. Elaborate plans are being made by the B. Y. P. U. for a "Leap Year Party" to be given in the Baptist Temple parlors Thursday evening, March 16th.

Party" to be given in the Baptist Temple parlors Thursday evening, March 16th.

Birth-day Party. In honor of the ninth birthday of her little daughter, Lewa Bell, Mrs. L. P. Hagan entertained with a charming children's party.

Mr. Fraser and daughter, Miss Verdie Fraser of Charlotte, N. C., are guests of Mrs. L. A. Brunley and Mr. D. R. Brisson of Celery avenue.

Fifth Lyceum Attraction. The fifth and probably the last Lyceum attraction for this season to be given at the Baptist Temple, March 11th will be Wallace Bruce Ambary.

Mr. and Mrs. V. Price and young daughter of Wauwatosa, Wis., are guests of Mrs. Miles A. Camp.

Miss Roberta Purse of Savannah, Ga., the attractive guest of Mrs. F. D. McJobby left yesterday for Jacksonville.

Mrs. H. H. Patti Hall and daughter and Mrs. Reed Dooley of Geneva were the guests of Mrs. R. E. Toiar on Tuesday.

Mrs. Myron Vorce of New York and Mr. Ridgely of Detroit, Mich., who have been visiting Mrs. C. M. Vorce left on Wednesday for Miami and Cuba.

Miss Mabel Henry, a representative of the Frontier Press Company of Buffalo, N. Y., is stopping at the home of Mrs. S. O. Shintolser.

Mrs. M. Frank left yesterday for Key West to attend the Grand Temple session of the Pythian Sisters.

Mrs. J. D. Davison leaves today as Grand Representative of the local Pythian Sisters, to be present at the Grand Temple session of Knights of Pythias and Pythian Sisters at Key West.

Mrs. Anna Townsend, who has been visiting her niece, Mrs. C. O. McLaughlin returned to her home in Augusta, on Saturday.

Mrs. Thomas A. Neal returned Sunday from a delightful visit to Miami and West Palm Beach.

Dr. J. F. Winnard, secretary of Home Missions for the St. Johns Presbytery was the guest of Mr. and Mrs. J. N. Whitner while in the city.

Mr. T. R. L. Daughtry of Jacksonville spent the week end in Sanford.

Mr. and Mrs. Henry McLaughlin left this morning for Cuba to attend the Grand Temple session of the Knights of Pythias.

Mrs. R. H. Seymour of Bristol, Tenn., leaves today for her home, after a pleasant visit to Mrs. W. P. Fields.

Miss Elizabeth Kennedy of Jacksonville is the guest of Miss Annie Hawkins on Celery avenue.

Mrs. L. P. Hagan and little folk have returned from a short visit to Deland.

Mrs. T. C. Witten returned Saturday from a visit to friends at Inverness.

The families of Mr. L. A. Brunley and Mr. D. R. Brisson of Celery avenue formed a congenial party attending the barbecue at Longwood yesterday.

Mr. Fraser and daughter, Miss Verdie Fraser of Charlotte, N. C., are guests of Mrs. L. A. Brunley.

Mrs. Frank Lane of Deland was the week end guest of Mrs. M. C. Doyle.

Mrs. Oscar Conklin and two children arrived Saturday from Miami and will be the guests of Mrs. R. J. Holly, until the return of Mr. Conklin from New York.

No Cause for Worry. A New Jersey pastor announced from the pulpit: "God hasn't any use for a bachelor and neither have I."

Easy to Take No Pain or Ache. It's no longer necessary to bear the weakening sickness and terrible nausea that always follows a dose of calomel.

LIV-ER-LAX cleanses the torpid liver and livens up the whole system by ridding it of the clogging poisons.

LIV-ER-LAX, being purely vegetable, is absolutely harmless, and does not tear up the system like calomel.

Department of the Interior. U. S. Land Office at Gainesville, Fla., January 29, 1916.

Notice is hereby given that John H. Coates of Wekiwa, Fla., who on January 29, 1913, made Homestead Entry, No. 011649, for W/4 of NE 1/4, Section 4, Township 20 South, Range 29 East, Tallahassee Meridian, has filed notice of intention to make three year proof to establish claim to the land above described before Clerk of Circuit Court at Sanford, Florida, on the 16th day of April, 1916.

Department of the Interior. U. S. Land Office at Gainesville, Fla., March 4, 1916.

Notice of Election. Notice is hereby given that under the power and authority vested in me as Mayor of the city of Sanford, Florida, a special election is hereby called to be held in the city of Sanford on the 28th day of March, 1916, for the purpose of electing one Alderman, to fill the vacancy created by the resignation of R. C. Maxwell; said election will be held at the Fire Station, beneath the city hall on Palmetto avenue, in the city of Sanford; said election to be held in accordance with the ordinances of the city of Sanford and the general laws of the state of Florida, inasmuch as same is applicable to the city of Sanford, and I do hereby appoint C. C. Woodruff, Ed O'Rourke and J. L. Anderson, inspectors of said election and W. W. Long, clerk of said election; this notice to be published in the Sanford Herald for a period of not less than fifteen days.

Notice of Application for Tax Deed Under Section 8 of Chapter 488, Laws of Florida. Notice is hereby given that Ray F. Syme, purchaser of Tax Certificate No. 893, dated the 2nd day of June, A. D. 1912, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to wit: Lot No. 27, Florida Land and Colonization Company's Celery Plantation.

Warrior's Finery. George has become much interested in playing soldier. At first he was content to march around merely with a stick for a gun; then, at his request, his mother made him a paper hat, to which later he added a plume picked up in the chicken yard.

HIS SLIPPERY SHOES

RETIRED MERCHANT TELLS TALE OF DIRE DISASTER.

With New Pair of "Boxes" on His Feet He Left the Store, Feeling Important, but Pride Had a Downfall.

"The shoemaker ought to glue a piece of sandpaper on the sole of each new shoe," said the retired merchant. "I bought a pair of boxes for my feet this morning, and thought I'd wear them home to get them broke in. I stepped from the store into the street feeling all dressed up. It beats all what a difference it makes in a man's self-esteem when he is wearing something new. If it's only a necktie that costs 25 cents, he feels cheery over it and is satisfied that it's the finest necktie in the United States."

"When I purchased a clean shave at the tonorial parlor, I always feel 100 per cent more dignified and am not so approachable as I was before. I expect a certain amount of deference on the part of the proletariat."

"With those new shoes on my feet I realized that I am an important citizen, and my chest was pushed forward, and my head tilted back. Mrs. Wagoner and Mrs. Binnacle were standing in front of the store. They are the smoothest women in town, and I am proud of their acquaintance. I stepped up with old-school courtesy, lifting my hat and smiling unobtrusively, and then those new shoes gave me away. They just naturally slid out from under me, with malice aforethought, in the county and state fore-said, and I sat down on the concrete pavement right between the two women."

"They are perfect ladies in every respect, and they tried their hardest to look as though nothing unusual had happened, as though their gentlemen friends made a practice of kerplunking themselves down on the sidewalk right at their feet."

"Perhaps if I had got up promptly, and had treated the matter as a joke, they wouldn't have been overpowered. But the jolt I got when I sat down must have unsettled my faculties, for I just sat there looking at those shoes trying to figure out what object they had in handling me such a deal. I suppose I must have been a humorous spectacle. Anyhow, after writhing around for a minute, trying to keep from laughing, Mrs. Wagoner entered a shriek, and then Mrs. Binnacle began to gasp and gurgie like some strong swimmer in his agony, and then they just leaned against each other and let go all holds and yelled with merriment. About forty thousand women came up to see what the fun was, and I never felt so cheap in my life."

"I climbed to my feet, having regained my reason at last, and determined to make the best of it, so I explained, as I brushed the dust off my raiment, that my shoes were not equipped with emergency brakes, and while I was explaining the blamed things did another tango stomp and I sat down in the same place with a zeal worthy of a better cause."

"Well, they just simply had to carry some of those women into a rest room and pour ice water over them. I don't see anything so thundering funny in a man having a hand-to-hand conflict with his feet, but I guess I have no sense of humor."

"Before I got those shoes home I had fallen in all the popular styles. There's no sense in making shoes with soles like greased glass, and I am going to write to our congressman and have him introduce some sort of a bill."

"About five hundred people have told me of your ground-and-lofty tumbling on the public streets," observed the hotel keeper, "but nobody said anything about new shoes. They all seemed to take it for granted that you had been blowing your savings for hard cider."

Treatment of Pyorrhea. It is well known that the disease of the gums called pyorrhea is responsible for certain diseased conditions of the body, aside from the diseases of the gums themselves. When pyorrhea is well established it is a difficult condition to cure; but Professor Fischer has recently pointed out that a solution of Ipecac used as a mouth wash is an effective preventive. A few drops of the tincture of Ipecac, or two drops of the fluid extract of the same drug, should be dissolved in a half glassful of water, and the mouth rinsed thoroughly with this mixture before retiring.

This treatment will not cure a case of well-established pyorrhea, but it is said to check the condition in the earlier stages, and will prevent the spread of the disease with great certainty.

Warrior's Finery. George has become much interested in playing soldier. At first he was content to march around merely with a stick for a gun; then, at his request, his mother made him a paper hat, to which later he added a plume picked up in the chicken yard.

"Mother," he asked, "got any old brushes I can have?"

"I've been looking at a picture of Napoleon—and he has scrubbing brushes on his shoulders."—Picture Progress.

5 years.....	10.00.....	10,000

TRIPLE VOTES

Three times the regular number of votes will be given on all new subscriptions turned in between the dates of March 7th and Monday, March 13th, at 8 P. M.

Under this splendid offer you will receive triple votes on your new subscriptions. Just think of it---we give you three times as many as the schedule usually allows. If you are a live wire candidate, there is absolutely no limit to what you can accomplish during this extraordinary offer---nothing but the lack of time can stop you. Do your very best. This is indeed a fit chance for a real hustler---an opportunity to boost your reserve vote away above the clouds. Energy and enthusiasm are the qualities that will put you at the head of the list. Develop them and you are bound to win. Get busy NOW---show us what you can do to boost yourself. Remember, this is the largest vote offer that will be made during the remainder of the campaign. Candidates, here is your opportunity and now is the time when you must "go some" if you have any expectations of winning that Ford Roadster. Go after subscriptions with all your might, and turn in every subscription possible during this offer. The regular number of votes will be given on renewal subscriptions.

Only Double Votes Given On New Subscriptions on the Last Day of the Campaign

Only 10 Days More in Which to Win Herald's Prizes

Here are the Candidates. Vote for Your Favorite Now!

Mr. Subscriber: Now is the time to pay your subscription in favor of your candidate---the race is rapidly drawing to a close and it may be that your subscription will win a prize for your favorite---the race will be a close one.

LIST OF CANDIDATES AND STANDING

Next list will be published Friday. Send in your name and begin an active campaign at ONCE.

Each candidate in this list has an equal opportunity to win the Ford, Kitchen Cabinet, Watch, Parlor Suite, Merchandise Order or Camera. Every candidate who fails to win a prize will be paid 10 per cent cash commission on the gross amount of money that he or she turns in during the campaign for new subscriptions, providing they remain active in the campaign until the close and make a cash report each week.

Melville Tyler, Altamonte Springs	30,000
Harvey L. Geiger, Geneva	61,000

Laura Jean Libbey's TALKS ON HEART TOPICS

UNSUCCESSFUL IN LOVE. Had she they those longing lips...

Had she they those longing lips... Waiting, waiting, suffering much!

through a hitherto untrodden path. I have done my best to figure out why some deserving hearts go through life unloved...

It has been tacitly conceded in civilized countries that it is man's privilege to choose a mate...

UNEXPECTED INFLUENCES. Were you fair, but cautious whom you loved...

Mismatched hearts in marriage would be few and far between if there was less haste in rushing into betrothals...

WHY BRIDES ARE DISSATISFIED. You may bluster and blow, but we know what is bliss!

It's amusing often to hear engaged couples planning their future. If they have wealth, where they shall go on their honeymoon...

Be sure we shall have every one of our big crowd of friends at it! We will go straight to our own cozy little flat...

In a burst of confidence, she confides to her young women friends that she need never be ashamed to have her Harry bring home unexpectedly any number of friends for dinner...

The ceremony is scarcely over ere her friends begin to throng their modest little flat. Acquaintances, friends, and cousins flock to see her by the dozens...

This is especially the case if hubby is fairly tearing his hair with worry over the terrible expenses and debts that are piling up...

CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

The Candidate
The following from the Washington Star is of considerable interest in these days of political agitation and candidature:
Talk to him tenderly. Treat him with care.
Pack up his suit case and hand him his fare.
Give him a full book of speeches to quote,
Put in some flannel to bind his throat.
Bring forth the liniment. Heal up the twist.
Voters will leave in his hand-shaking wrist.
Listen politely and don't let him see you're wondering what your appointment will be.
Many are watching his march in the fray.
Who look for advantage if things go his way.
He must toll and stand guard over your hopes and your fears,
And you think you've done well if you give him three cheers.

Charley Chaplin, the movie comedian has just signed a new contract and thereby saved the motion picture magnates from nervous prostration. They have been negotiating with him for several weeks, and now John R. Fugeler, president of the Mutual Film Corporation has caught the big fish for:
\$4.46 a minute; or,
\$268 an hour; or,
\$2,147.00 a day; or,
\$22,884.00 a week;
\$670,000.00 a year.

No Person in the world, other than a king or an emperor, unless Charles M. Schwab is president of the United States Steel Corporation was an exception, has ever received half that salary.
Charley Chaplin is twenty-six years old.

I hope this does not start any Sanford youngsters to emulating Charley, even if the wages are enticing.

Sometimes I speak softly about the appearance of some of our streets and alleys. It is always done with the gift postal in my hand, there are 14¢ in it, is almost impossible to keep our yards and houses as clean as we would like. But that the back yards generally suffer in the big clean up is self evident not only in this city but every city, hamlet and village in the country. It evidently happens in Starke because the following is copied from a Starke paper:

Starke has her share of what is called "nasty men" people. Their idea of cleanliness comes to light every time the ladies of the Civic Club are forced to declare a clean-up of the town. The front yards are raked, also sometimes the streets in front of the premises, but, mercy on the backyards! There the filth, gathers up to stay forever and day. Some of the women of Starke screen their rooms and keep everything as "neat as a new pin," then—pour dish water out of the kitchen windows. Some of our merchants keep their stores very clean and orderly, but their backyards are so littered up with old boxes, barrels, gunny sacks, old paper and sweepings, till the customers, did they enter the stores through the back doors, would be disgusted and look for cleaner places.

I understand that the city dock will not be repaired any because it will soon be torn up and a brick street laid there. This is all right but at the side landing place where the ferry boat is obliged to land in rough weather there could be some repairing done that would keep the passengers from breaking a leg or falling into the water. Nothing expensive, but just a few boards nailed down across the holes and bad places. The strangers coming over in the ferry boat every day do not know that the dock will soon be torn down to make place for a new one and the dilapidated appearance of the landing place does not speak well for the city at present. We should hurry on this work and get the city dock in good shape as soon as possible, for this lake front is the face of Sanford and every stranger is looking at it.

There is talk of a celebration here the week of March 20th, just to liven up the old town and keep all of us from getting rusty and I think it would be a good thing.

Sanford should have a celebration at least once each year and keep the town on the map. The real benefits of these big celebrations cannot be computed in dollars and cents. It brings people to this city that would not come here otherwise and while the shows take out some money they also leave money here and put other money into circulation that is idle money unless started in circulation. I believe in entertaining not only strangers once a year but also in entertaining our own people once a year. If we do not entertain them they go elsewhere to be entertained and spend their Sanford money in other places. It is nice to talk about a quiet city with no noises but the noises get the money and that seems to be what all of us are after, and it is useless to deny the charge. Let us have a big celebration and enjoy ourselves for a week and no one will be any the worse for the joy ride after it is over. It will also get us together on the question of a Seminole county fair and other good things for the city and county.

The following from the Arcadia Enterprise is worthy of more than passing notice here in Sanford:

We understand the Commercial Club is considering the matter of getting out some expensive literature to boost the town and country and attract home seekers. In our humble opinion we need promotion much worse than publicity and the money we might spend for expensive literature could be used to better advantage in other ways.

We have not been able to permanently locate all the home-seekers who come among us without being attracted by publicity and until we are able to do this why waste money for literature?

Would not a small leaflet setting forth the attractions and advantages that appeal to the prospector, be useless with correspondence, answer every purpose? All inquiries concerning lands should be available to real estate members of the club and they should be able to give the prospector any detailed information concerning the country.

One can find stacks of antiquated literature, gotten out by former or present members of the club, and that is a good dollar and a half from the use made of it. It was gotten out more for the benefit of the printer than for publicity purposes. The erstwhile Chamber of Commerce directed its efforts during the past year to promoting its industry in this vicinity. The results of that work was worth more to the business interests of the town and the development of the country, than all the money yet spent by our people for publicity purposes. Yet the work was seriously handicapped for lack of funds. With our new and united organization at work along this line of promotion the results would be tremendous.

In order to encourage investments in our lands we must promote and develop the trucking industry and insure the permanent success of those already engaged in it. We cannot and should not locate a new citizen where an old one has made a failure. We cannot assure any great measure of success in the trucking industry until the growers are organized into a systematic working body. They must adopt cooperative methods of growing, gathering and marketing, just as other trucking centers have done before they can hope for large results. When this is done our lands will sell without publicity.

They need all the help the Commercial Club can render. The funds of the club devoted to this work will be well spent and prove more effective, even in the matter of publicity than any literature they might scatter abroad while they are neglecting this important promotion work at home.

Just at this time when there are wars and rumors of wars the subject of partitionism is one that is near and dear to our hearts. Lyman Abbot expresses it in the following: "A nation is made great, not by its fruitful acres, but by the men who cultivate them; not by its great forests, but by the men who use them; not by its mines, but by the men who work in them; not by its railways, but by the men who build and run them. America was a great land when Columbus discovered it; American ships made of it a great nation."

In 1776 our fathers had a vision of a new nation "conceived in liberty and dedicated to the proposition that all men are created equal." Without an army they fought the greatest of existing world empires, that they might realize this vision. A third of a century later they fought the greatest navy in the world that they might win for their nation the freedom of the seas. Half a century later they fought through an unparalleled Civil War that they might establish for all time on this continent the inalienable right of life, liberty, and the pursuit of happiness. A third of a century later they fought to emancipate an oppressed neighbor, and victory won, gave back Cuba to the Cubans, sent an army of schoolmasters to educate for liberty the Filipinos, asked no war indemnity from their vanquished enemy, but paid him liberally for his property. Meanwhile they offered land freely to any farmer who would live upon and cultivate it, opened to foreign immigrants on equal terms the door of industrial opportunity, shared with them political equality, and provided by universal taxation for universal education.

The cynic who can see in this history only a theme for his egotistical satire is no true American, whatever his parentage, whatever his birthplace. He who looks with pride upon this history which his fathers have written by their heroic deeds, who accepts with gratitude the inheritance which they have bequeathed to him, and who highly resolves to preserve this inheritance unimpaired and to pass it on to his descendants enlarged and enriched, is a true American, by his birthplace or his parentage what it may.

AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

Edmund Bresse Tonight
"The Lure of Heart's Desire," a marvelous five part Metro wonder-play, produced by the Popular Plays and Players and starring Edmund Bresse, the powerful dramatic actor will be seen here tonight at the Star Theatre. This photoplay abounds with novel and interesting scenes. The story deals with romance and intrigue, in the Alaskan wastes and in sharp contrast, life in New York's fast society set. Mr. Bresse is supported by a strong cast including Arthur Hoops, Jeannette Horton, Evelyn Brant, John Mahon and other stage and screen artists of prominence.

"The Plunderer" a Famous Actor
Few American actors are better known both here and abroad than William Riley Hatch, who takes the powerful part of "Bully" Presby in the Fox Film Corporation's, William Fox, President, production of "The Plunderer" by Roy Norton. His last stage triumph was PAID IN FULL in which he played Captain Williams. Mr. Hatch has been on the stage thirty years and had played more than 300 parts. He had been before that an artist, a church singer, concert performer, musical comedy star, in "The Chinese Honey-moon" and legitimate actor. Now under the management of William Fox, who has enlisted in his service practically every great star, Mr. Hatch has turned to the silent stage. His work as Lon Cronk in the Fox production of "From the Valley of the Missing" will be recalled with pleasure by all lovers of the photoplay. His work in "The Bird of Paradise," "The Master Mind" and "The Squaw Man," as well as in the leading roles with William Gillette, all combine to make Mr. Hatch the most eminent of character actors. Few who have admired the splendid oil portrait of William Gillette in the lobby of the Empire Theatre, New York know that it is the work of this versatile actor.

The Great Divide
Under the direction of Edgar Lewis, the newly engaged producer for the Lubin Company, the company numbering sixteen with camera men, carpenters and guides were quartered at the bottom of the Grand Canyon of Arizona for more than four weeks in the taking of the remarkable exterior scenes of the

production, which have been generously praised as the most beautiful scenic views ever shown on the screen.

"The Great Divide" is heralded as one of the most expensive productions which has been produced by any of the makers of motion pictures and it abounds with thrill upon thrill and a standard of photoplaying which bespeaks credit for every one of its cast from the stars to the most humble player.

Manager Herndon of the Star Theatre has booked "The Great Divide" as the attraction at the Star Theatre on Thursday, March 9th.

Exquisite Marie Doro Stars in "Diplomacy"

If you had married the most beautiful girl that you had ever seen in your life, after a romantic courtship in which you never even stopped to ask her who she was or where she came from, and if, after you had been married only a short time, every bit of evidence that you could find pointed to the fact that she had betrayed you and stolen war plans with which you had been entrusted for a foreign spy—would you believe her guilty?

That is the situation in "Diplomacy," the adaptation of the great

Sardou drama in which Marie Doro is being starred by the Famous Players Charles Frohman Company on the Paramount Program. It is the attraction at the Star Friday, March 10. This is not the first time that the exquisite Miss Doro has played the role of the mysterious Dora, for she co-starred with William Gillette and Blanche Bates in the celebrated revival of the play at the Empire Theatre last year, when she was declared to be the star of the production.

THE GREATEST FARM SECTION IN THE STATE

PEOPLE OF SANFORD DO NOT KNOW OF THEIR POSSIBILITIES

C. M. Berry, our efficient county demonstration agent is one of the happiest men in the county today.

The agents attended a group meeting at Eustis, Tanawha and Leesburg on Monday and Tuesday and were chiefly interested in the growing of Natal hay in Lake county.

Mr. Berry is also greatly interested in the silo proposition as this section raises better corn than any other section of the south.

The proposition is a good one and will be tried out here this season. It undoubtedly means that another good field has been opened for profit for the stock raiser and the grower.

The demonstration agents here Wednesday told Mr. Berry that the St. Johns river valley was undoubtedly one of the best cattle ranges in the entire south and backed up by the productive farms, cattle, hog and sheep ranches, citrus fruits and general farming propositions the Sanford section had untold possibilities.

R. B. Fox Leaves Sanford. R. B. Fox, Jr., who has held the position of bookkeeper and clerk in the offices of the Virginia Carolina Chemical Company of this city for the past two years will leave March 25th for Dallas, Texas, where he has accepted a very fine position with the Stone & Webster Engineering Corporation, former employers.

While the many Sanford friends of Mr. Fox will regret to lose him as a citizen of Sanford, they all wish him well in his new position. A young man with a pleasing personality, he has made many friends here and it is only on account of the fact that his people are living in Dallas that he is leaving.

The position made vacant by the resignation of Mr. Fox will be filled by a Mr. Davis, who comes from Columbia, S. C.

Stetson Won Debate. Members of the Stetson Literary Society won a very interesting debate last night at the University auditorium from Sanford High School.

The question, "Resolved: That it is unnecessary for the President Commission to increase the Facilities for National Preparedness" was treated in every phase possible, the arguments were good, as was the delivery.

After the debate the 20 or 30 Sanford people who had come over with the speakers, gathered in the hall for a social hour.

Two Men Hunt Home. The two men who were hunting for a home in Sanford, Fla., were Mr. J. H. Roberts and Mr. J. H. Roberts.

Poor Sanford Celery. The poor Sanford celery is a poor thing. It is a poor thing because it is a poor thing.

Takes Personal Charge. S. J. Carnes, owner of the Carnes Hotel in this city has arrived from Tampa and will take personal charge of his property in this city.

Death of Masey Robinson. Word was received in the city this week of the death of Masey Robinson, who died in Lakeland the early part of the week.

Building New Home. J. B. Calder, the genial agent for the Clyde Line is having a nice home erected on Sanford avenue, having recently purchased the lot from the Realty Trust Co. S. O. Shiholzer has the contract and it is rumored that this is only the beginning as several other homes will be built in this subdivision in the near future.

DELEGATION OF FLORIDA WITH WILSON

OUR REPRESENTATIVES VOTED WITH OUR PRESIDENT

All of the Florida members of the house of representatives who are here—Sears, Wilson and Sparkman—stood by President Wilson, and voted for the adoption of the rule of the armed ship resolution.

Washington, March 7. President Wilson's stand that congress should not advise Americans to abandon their rights to travel the seas on merchant ships armed for defense in accordance with international law was endorsed in the house today by two heavy test votes on the much-discussed McLemore resolution.

By substantial majorities the administration forces defeated attempts to amend the resolution to the effect of the President's opposition and put it squarely before the house without amendment, for a 219-185 vote.

The resolution will have to pass the senate and the president's resolution and amendments they voted in the two preliminary tests indicate they will pass.

AUTO PARADE FEATURE OF BIG FESTIVAL

VALUABLE PRIZES TO BE GIVEN FOR AUTOS ON TUESDAY

All the auto owners in Seminole county are requested to get busy and study up on decorations for on Tuesday, March 21st, the second or Opening Day of the big Spring Festival and Celery Fair there will be a big auto parade that promises to eclipse anything that has ever been arranged in this part of Florida.

The auto parade given here at the Seminole County Fair was one of the best advertisements that this city ever had and received favorable comment from all the visitors.

The committee has written to the auto supply houses and a nice list of prizes will be given to the winner. Sanford merchants will also give prizes and with the cash prizes the auto owners will be amply repaid for their time.

on the 6th of March, A. D. 1916 at 7:30 p. m. Present: B. W. Herndon, president; Alder: C. H. Dingee, F. L. Miller, D. G. Monroe, Jno. Adams, W. W. Abernathy.

Minutes of last meeting read and adopted.

Communication from Zachary Crate & Novelty Works and Virginia Carolina Chemical Co., in regards to fire hydrant, was read and clerk instructed to notify the same that their request will be attended to.

Mr. Lake and others came before the council and asked the council if they had any objection to the promoters of the Spring Festival using certain streets for the fair.

Mr. Lake also asked the city council to donate \$150.00 for Fair, and on motion said request was granted, provided the county donated \$250.00.

Mr. Fitts came before the council and stated he wanted a phone at his home and asked the council if they could get the Southern Bell Telephone Company to put one out there.

The clerk was instructed to refer the above to city attorney and get his opinion as to what the council could do in the matter.

Mr. Dulose came before the board and asked the city council to place the Ragsdale property at a nominal assessment, and he would clean up all taxes now due on same.

On motion carried Mr. Dulose and R. C. Maxwell, the assessor to go over the property in question and report at next meeting.

The communication of Jay H. Beck in regards to Marshall Laundry, stating being dangerous on account of flying sparks was read and referred to fire committee for attention.

Report of sanitary inspector was read and ordered filed.

Report of chief of police was read and ordered filed.

Report of clerk and collector was read, showing collections for the month of February, 1916, to be \$1804.44 and ordered filed.

Treasurer's report was read and ordered filed.

An ordinance amending Section 243 of the Revised Ordinances of the city of Sanford was placed on its first reading and passed.

Moved and seconded that the rules be waived and placed on its second reading by title only.

It was then read in full and passed.

An ordinance amending Section 246 of the Revised Ordinances of the City of Sanford, of 1914, was placed on its first reading and passed.

Moved and seconded that the rules be waived and that it be read by title and placed on its second reading.

PRESIDENT DOES NOT WANT WAR

SEN. STONE SAYS THAT HE IS ANXIOUS FOR WORLD PEACE

Washington, D. C., March 9.—Senator Stone of Missouri, chairman of the senate foreign relations committee, declared in the senate today after a conference with President Wilson last night: "That so far from the President desiring to involve this country in this disastrous European war, his supreme wish is to avoid that calamity."

"I have a notice standing on the calendar that I would on tomorrow address the senate on the subject of armed merchant ships," Senator Stone continued. "With much care I had prepared a speech which I purposed to deliver. There are potent reasons why I would be glad to lay these matured views on this and correlated subjects before the senate; but some of my colleagues have expressed to me their belief that it would be better if I should defer the delivery of this address for the time being."

"I recognize the force of what they have said to me and in fact sympathize with their suggestions. Last night I had another very frank talk with the President. I am sure I will not offend if I say that so far from the President desiring to involve this country in this disastrous war his supreme wish is to avoid that calamity. I may not be in accord with some of his views but it should be impossible for any senator to believe that the President has so changed the attitude he has so long maintained as an advocate of peace as to wish now to make this country a party to this conflict."

"I have from the first been earnestly opposed to having any of these questions presented in any formal way to the senate and I have been equally opposed to any public discussion of these questions while they were the subject of diplomatic negotiations. In this view I have determined that I could better serve the cause that I have at heart—that is the maintenance of peace in this country—by withholding any expression of my opinions so long as the questions at issue are the legitimate subject of diplomatic negotiations."

"I profoundly hope that no occasion will arise when I shall feel obliged to take these subjects up in a public way, but if perchance such an occasion should arise I will speak and act as I think. In the meantime I shall give the President what ever support I can in the discharge of those duties devolved upon him by the constitution."

Mate Still Missing. Mate Jameson of the dredge boat Clovis burned here Monday night is still missing and the hopes of his comrades that he had taken to the water and made his escape are dashed to the ground by his continued absence. There seems no doubt now about Jameson being burned to death in the fire. His companions saw him last as he was leaving his room with some of his clothes and it is supposed he either succumbed to the smoke and fell in the room or fell down stairs and was burned to death on the lower deck.

Aye's, B. W. Herndon, John Adams, C. H. Dingee, D. G. Monroe, F. L. Miller and W. W. Abernathy, No's, none.

Chief of police report: Number of arrests 55 Discharged 9 Sentenced on street 1 Ordered leave town 1 Fines assessed—\$406.50 Uncollected 3.00 Suspended 27.50 By each to treasurer 469.25 By work on street 7.00 \$486.75

The bills against the city were audited and vouchers ordered drawn for same. Council adjourned. B. W. Herndon, President City Council. Attest: Jas. C. Roberts, City Clerk.

CITY COUNCIL MEETS

HELD TWO SPECIAL AND ONE REGULAR MEETINGS

City council met in special session on March 2, 1916, at 4 o'clock p. m. Present, B. W. Herndon, president, and C. H. Dingee, W. W. Abernathy, Jno. Adams, Absent, D. G. Monroe and F. L. Miller.

The purpose of the meeting was for the purpose of approving bonds of clerk and collector and treasurer and assessor, and such other business as may come before the council.

The bond of clerk and collector was here placed at \$2500.00 and the bond of treasurer and assessor was placed at \$5000.00.

The bond of Jas. C. Roberts, clerk and collector was presented, read and approved, Sureties, Fidelity and Deposit Company of Maryland.

The bond of R. C. Maxwell as treasurer and assessor was presented, read and approved. Sureties, Fidelity and Deposit Company of Maryland.

The personal bond heretofore given by R. C. Maxwell is hereby returned and his bondsmen released.

The clerk is hereby authorized to draw vouchers for premiums of bonds of clerk and collector and treasurer and assessor.

F. L. Miller offered the following resolution which was read and adopted:

Whereas, Certain clerical errors have been discovered in the assessors books of 1915, therefore be it

Resolved, by the city council in special session this 2nd day of March, 1916, that the collector be instructed to make such correction in the several totals where mistakes have occurred, collecting such amounts as are correct.

Council adjourned. B. W. Herndon, President City Council. Attest: Jas. H. Roberts, City Clerk.

City council met in special session on the 4th day of March 1916, at 2 o'clock p. m. Present, B. W. Herndon, president; C. H. Dingee, D. G. Monroe, F. L. Miller, W. W. Abernathy. Absent; Jno. Adams.

The president stated the object of the meeting was for the purpose of considering the case of A. A. Preston vs. City of Sanford.

Frank L. Miller offered the following resolution which was unanimously adopted:

Whereas Judge Perkins has seen fit to sustain contention of A. A. Preston that under his appointment by D. L. Thrasher, Mayor of the City of Sanford, in 1914, that the said Preston can hold office of treasurer and assessor of said city for an indefinite term, unless removed for cause, and that because the Honorable J. D. Davison, Mayor of the City of Sanford did not appoint a new treasurer and assessor on the day he was sworn into office, therefore the old treasurer and assessor held over for another term, and whereas we consider this is contrary to our charter and a section of the state Constitution which provides that the legislature cannot create any office the term of which is longer than four years, and contrary to another section thereof which provides that officers must hold over until their successors are appointed and qualified, therefore be it

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

Council adjourned. B. W. Herndon, Attest: President City Council. Jas. C. Roberts, City Clerk.

City council met in regular session on the 6th of March, A. D. 1916 at 7:30 p. m. Present: B. W. Herndon, president; Alder: C. H. Dingee, F. L. Miller, D. G. Monroe, Jno. Adams, W. W. Abernathy.

Minutes of last meeting read and adopted.

Communication from Zachary Crate & Novelty Works and Virginia Carolina Chemical Co., in regards to fire hydrant, was read and clerk instructed to notify the same that their request will be attended to.

Mr. Lake and others came before the council and asked the council if they had any objection to the promoters of the Spring Festival using certain streets for the fair.
