Commencement Address Given Lyman Graduates By Judge E. Housholder

"Life does not owe you a thing, but you owe life everything," County Judge Ernest Housholder reminded the 22 graduates at commencement exercises last night at Lyman School.

"I recently read a booklet entitled, 'It's Hard to Be a Teenager,'" Judge Housholder continued. "I could not understand the title and did not agree with the book.

"I think that it is a wonderful age. It is not hard. It represents a period of a number of happy years. I wish I were one—yes, a teenager—like you, and I keep young by loving your way of life. I believe in it."

Judge Housholder pointed out that the graduates were "entering into an age of wonderful opportunity" and told them: "Just believing you can do things is not enough. Studying and working for them will do it."

Recalling that 44 years ago "about this same time" he received his diploma from Sanford High School, Judge Housholder said he had found "that education then was the same as education now."

"The ways, means and advantages have been greatly enhanced through experience which has given you much better advantages and opportunities," he said. "Yet we might say the fundamentals of reading, writing and arithmetic education—will always be the same."

He said life has "to a certain degree" been divided into a series of milestones. The first milestone, he said, is the creative age, "the time of our birth and the few years thereafter, known as the pre-school years."

From this pre-school age, Judge Housholder said, "we pass to another period, 'which we might liken unto the experimental age or the age of exploration. During this age the parent and school work hand-in-hand in creating the future viewpoint of the child.'"

The third milestone, he said, is that of the high school years, "which may well be likened unto the age of understanding, the age of responsibility."

Judge Housholder added: "The ballad of Davy Crockett is popular today, but in the months to come it will be out by (Continued On Page Three)

L. D. Plante, Inc. Destroyed By Fire
The L. D. Plante Inc., a rendering company 12 and one-half miles southeast of Sanford on the Oviedo road, was totally destroyed by a fire undetermined origin early today. Damage was estimated at a quarter million dollars.

The Sanford Fire Department was at the scene for more than five hours. The fire broke out about 8:45 a. m. Yesterday evening, flames swept a frame house at 908 Bay Ave. No estimate of damage was available. The owner of the house was Clarence Darby and it was occupied by Theodora Hardy.

The fire, which started at 8:30 p. m., was attributed to a defective wood stove.

Two Extremes Seen In Bitter Dispute
ATLANTA (AP)—Two extremes in Southern opinion have come to light in a bitter dispute over the U. S. Supreme Court's ruling against racial segregation in public schools.

At Fayetteville, N. C., where Negro and white pupils have already been integrated, the superintendent of city schools said "We feel we have done the right thing."

At Summerton, S. C., the Board of Education has decided to close all schools, if necessary, rather than mix the races.

Summerton is in Clarendon County, one of the five cases which resulted in the court's decision against segregation.

Officials of the National Assn. for the Advancement of Colored People planned to meet in Atlanta Saturday to decide what action to take under the Supreme Court's plan for implementing its ruling.

PARTIAL COLORED STREETS LOS ANGELES (AP)—A proposal that Los Angeles paint its streets partial colors such as pink and mauve was made in the City Council by Miss Elizabeth Black, retired general manager of the Municipal Arts Department.

She said this would beautify the city, cut down the glare from blacked streets and save money on accidents.

The City Council yesterday took a short look at the \$2,000,000 expense involved and rejected the proposal.

Downtown Building Collapses

DALLAS (AP)—At least three persons were killed and eight injured when a downtown building collapsed on top of another structure last night. Rescue workers dug through the rubble today searching for others who might have been trapped inside in the wreckage.

Early estimates said as many as 15 might have been trapped in a music store and a combination cafe and beer tavern which were smashed by the falling building. The two businesses were in a story-and-a-half building. The edifice that first fell was a vacant, three-story structure being razed.

Besides the victims in the building, Charles Morris, 35, an employee of the music store, tripped and broke his collar bone while trying to help with rescue work. Fireman C. E. Hunt, 22, was overcome by gas and exhaustion and had to be carried out.

Killed were Luther Gonzalez, 32, Alvis B. Simmons, 40, and William E. Kirby, 42, all of Dallas.

One of the injured was a woman, Miss Mary Henjy, 36, of Dallas.

Swimming Classes Started For Troops

Swimming classes which began two weeks ago are being conducted at the Sanford pool for G.I. Scouts and Brownies in Sanford. Directing the course is Miss Frances Cobb.

Approximately 80 girls are taking part with Miss Jean Wilson, Mrs. Deba Clark, and Mrs. I. J. Butler offering their experience and time to help teach them to become better swimmers.

Troops Eight, Three, Nine, and Five are swimming on Wednesday and Troops One, Two and Four on Friday. Present plans have classes scheduled to run through June 15.

Day Camp is slated to begin soon and all girls are urged to return their registration forms as soon as possible if they plan to attend. New forms may be obtained by contacting the leader or calling Miss Cobb at 614.

Commission Alters Familiar Theme; Urges Spending

WASHINGTON (AP)—The Hoover commission, altering its familiar economy theme, today urged more federal spending, bigger staffs and better pay in research programs, both military and civilian.

The commission in-effect scolded Secretary of Welfare Hobby and the Budget Bureau, an arm of the White House, for not seeking funds to carry out 22 approved research projects at the National Institutes of Health in the coming year.

And the 12-member commission headed by former President Hoover offered proposals for military reorganization which it said might increase the effectiveness of weapons research by 25 percent in five years.

Even so, it said, "may be too slow . . . to maintain our leadership in weaponry."

Bill Is Introduced Into Legislature

Assistant State Attorney's Post Still Undecided

TALLAHASSEE—Brevard and Seminole counties probably will be without an assistant state attorney until July 31, it developed yesterday.

Apparently Gov. Collins has decided to do nothing about filling the post until suspended Asst. State Atty. Hubert Griggs' term expires in July although at one point it had been decided to appoint W. C. (Bill) Hutchison, Sanford, to the post.

There is a conflict of stories among legislators and the governor's office in what has happened lately in the search for a man to appoint to the job, all which adds up to utter confusion.

Reps. Volie Williams and Mark N. Cleveland, Seminole, say the governor told them neither William nor Algie Spoor, Sanford, both of whom wanted the job, would be named and that Hutchison would be.

W. Robert Fokes, the governor's administrative assistant, said yesterday "Hutchison is not a candidate." He refused to clarify for the record why Hutchison was not a candidate or if he ever had been.

Fokes said no names will be sent to the senate, "that means neither suspension of Griggs' appointment of his successor will be sent up for confirmation."

It further means Griggs will be automatically reinstated when the senate adjourns and it then will be up to Collins to reappoint him or up to Griggs, who was indicted on income tax evasion charges, to take leave of absence or resign.

Collins held a conference Monday with Reps. Williams and Cleveland, and Reps. O. L. Burton and Max Brewer, Brevard, Hutchison and Griggs.

Go-Between Group Shapes Feeler

LONDON (AP)—A trade union go-between committee shaped new peace feelers today in Britain's nationwide railroad strike, now in its fifth day.

Prime Minister Eden also called his Cabinet into session to weigh possible government moves in the rail walkout and a second deadlock strike involving some 20,000 dock workers in seven seaports.

The government faced further possible trouble from a Scottish coal miners' demand for more pay.

Eden appeared to be relying chiefly on the peacekeeping effort by the powerful British Trades Union Congress, British labor's central body. Although a state of national emergency was declared Tuesday night, government efforts so far were directed toward maintaining public utilities and other essential services.

Senator Stenstrom Presents Proposal To State Lawmakers

A Sanford annexation bill introduced in the State Legislature yesterday by Sen. Douglas Stenstrom, was expected to clear the House and reach the Senate today.

The bill, however, isn't like the one the City Commission wanted. It eliminates a referendum of residents now in the city and allows only those in areas to be annexed to vote.

The bill doesn't have the approval of the Commission, which informed the Seminole County legislative delegation that the city "could not and would not accept a substitute bill."

Under the city's proposal, both residents of the city and of the annexed areas would vote in a referendum. The legislators agreed to this at a Tallahassee hearing provided the city would exempt the annexed areas from present city bonded indebtedness.

The City Commission rejected the legislators' proposal at a special meeting Monday night, pointing out that exempting the areas "would create a tax belt around the city in which property owners would enjoy a favored position."

Rep. Mack Cleveland Jr. said yesterday the bill now in the Legislature would pass the House. City Manager Warren Knowles, who talked with Senator Stenstrom by telephone today, said the present bill does not make it compulsory for the city to hold the annexation referendum in November. The word, "permissive," is used instead, Knowles said.

Military Decision Told By Officer

MONTREAL (AP)—The chief of Canada's air force strongly implied here yesterday that there has been a military decision—but no political action—to guard North America with a unified U. S.-Canadian air defense command.

The Canadian commander, Air Marshal C. R. Slemmon, told visiting U. S. and Canadian aviation writers that Canada's Air Defense Command and that of the United States already are moving in the direction of a single, over-all unit. Headquarters for Canada's air defense is at St. Hubert, near here. The U. S. Command operates at Colorado Springs, Colo.

Jaycees Are Out To Seek Revenge

The Jaycees and Jaybees will meet in the second game of a softball series at 7:30 tonight at Ft. Mellon Park softball diamond. Carl Overstreet is manager of the Jaycees and Larry Bates is chief of the Jaybees.

The Jaycees took the first game in the series last Thursday night, and Overstreet said the Jaycees will be out for revenge tonight.

Henry Morgenthau Tells Investigators Of No Suspicions

WASHINGTON (AP)—Henry Morgenthau Jr. has told senate investigators that during his long tenure as secretary of the Treasury he had no reason to suspect that Harry Dexter White was a Soviet spy.

Morgenthau was a witness yesterday before the Senate Internal Security subcommittee. For about a year, with his cooperation, it has been examining the detailed diary he kept while a Cabinet member from 1934 until mid-1945.

The portion of the testimony made public after the closed-door hearing dealt with White, a former assistant secretary of the Treasury, now dead.

Attorney Gen. Brownell asserted in a speech Nov. 6, 1953, that former President Truman promoted White early in 1945 after the FBI notified the White House that White was a Soviet spy.

"Truman accused Brownell of 'cheap political trickery.'" He said he had permitted the promotion of White to U. S. director of the International Monetary Fund so that White and others accused as spies could be kept under surveillance.

Twelve Majorettes To Lead SHS Band

The Seminole High School Band will march 12 majorettes in front of its ranks next year with Sgt. Carol Nutt as head majorette. SHS band director Ernest Cowley announced today.

For the first time the majorettes will not be required to play a musical instrument in the organization.

Merle Smith, a former national twirling champion, will instruct the group twice a week. They will be taught dancing and flag twirling.

Included in the group besides Miss Nutt are Delores Jones, Nancy Richards, Mary Rose Speer, Gerri Spivey, June Jennings, Bobbie Crutchfield, Dotie Williams, Sandra Peterson, Mary Tanner, Harriett Hedding, Mary Cameron, Joyce Rock, and Pat Harrington.

Senate Is Called Early Into Session

WASHINGTON (AP)—The Senate was called into session two hours early to start voting on President Eisenhower's \$4-billion-dollar foreign aid program.

Prospects appeared bright for passage by nightfall, sending the bill to the House.

A half dozen or more amendments, most of them seeking sizable reductions in the big authorization measure, seemingly forced an uphill battle. The senate had already agreed to limit discussion to a maximum of two hours on each.

Sen. Ellender (D-La.) sought to reduce the over-all total upwards of 800 million dollars and require that any military aid program for free Asian nations some funds be provided by Britain, Australia and New Zealand.

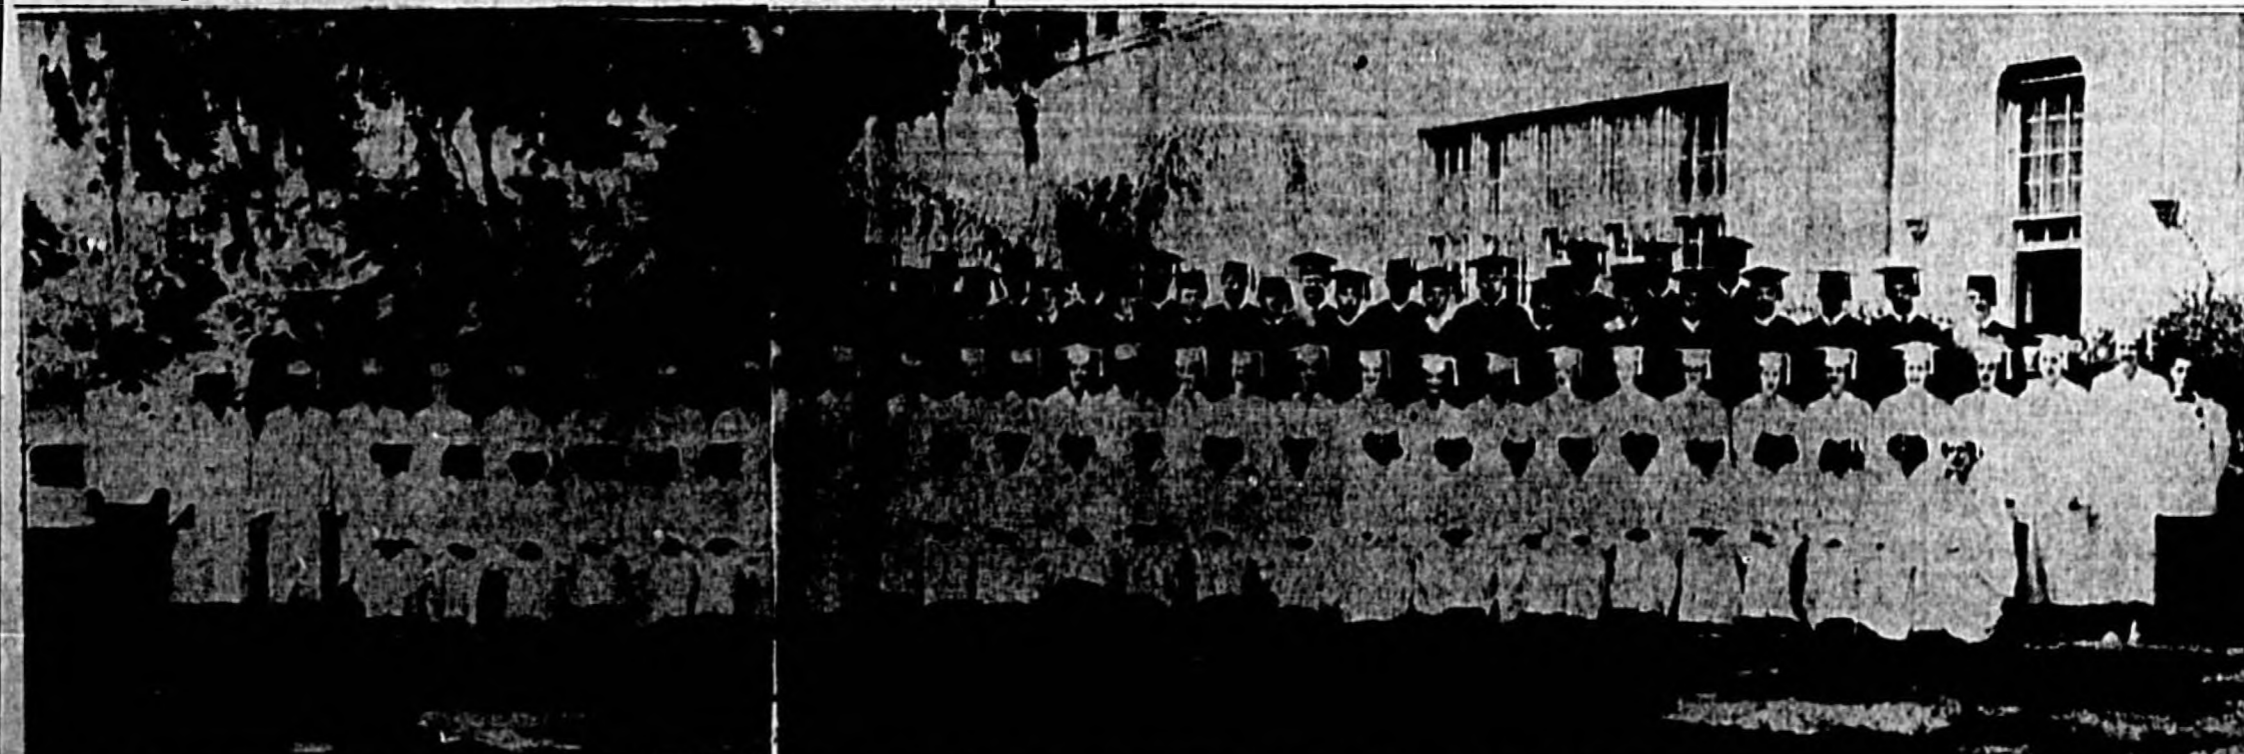

Jeannie Is Found In Deserted Woods

KALAMAZOO, MICH. (AP)—An autopsy showed today that little Jeannie Singleton had been raped, beaten and apparently choked to death by a sex deviate.

The bruised body of the 8-year-old school girl was found late yesterday in a lonely pine wood 15 miles north of Kalamazoo.

Jeannie, left lame by an attack of rheumatic fever four years ago, was last seen 10 days ago resting on a curb a half block from her home here. She was returning from school. Relatives said Jeannie had a sunny disposition and "a smile for everybody."

She was the third little girl to die at the hands of a brutal killer in Michigan in the past four months.

THE 1955 SHS graduating class will receive diplomas tomorrow night at commencement exercises at the school auditorium. Seated, left to right, Laura Donaldson, Colleen Engelbrecht, Addie Prevatt, Elizabeth Hardy Baker, Wanda Lee, Patsy Tank, Cays Stubbings, Mickey Spivey, Minnie Lee, Lennie Rotundo, Terrell Jane Nelson, Sonja Montforton, Sandra Montforton, Ruth Maxwell, Mary Frances Henderson, Donna McTeer, Jamie Bennett, Barbara Evans, Betty Jean Martin, Jackie Ervin, Faye Beckham, Patty Brown, Rebecca Cain, Betty Bryan, Marilyn Calhoun, Mildie Row, left to right, Marshal, Randall Robbins, Marianne Strickland, Jess Kennedy, Carol Beckner, Frances Scarborough, Barbara Humphrey, Shirley Patrick, Lucille Hall, Alice Andos, Fajay Haught, Mary Jo Robinson, Shirley Wall, Eleanor Butler, Mary Ann Roxton, Barbara Brown, Martha Jo Jennings, Ora Ray, Gladys Hasty, Rochelle Eubanks, Barbara Love, Geraldine Wilkinson, June Conner, Clarice Craft, Shirley Dandridge, Barbara Stevens, Dorothy Wade, Shirley Tyre, Joan Wilks, Helen Alexander, Wanda Bridges, Jean Wilks, Marshall Henry Cason. Back row, Charles Patterson, Bud Davis, Wendell Bridges, Donald Hampton, Roger Garner, C. R. Flowers, Wesley Giles, Leroy Taylor, Jimmy Brown, Bobby Billhimer, Bobby Dekle, Alan Maffet, Louis Bullard, Dallas Turner, Jack McGill, Robert Gonzales, Terry Smith, Al Phillips, Charles Swann, Curtis Hughes, Bill Crouch, Johnny Higgins, Robert Miller, Robert Harvey, Donnie Clark, Ralph Flowers, Larry Bates, Bob Shoemaker, Johnny Jones, Robin Brown, Tom Norris, Ray Henderson, Ronnie Newton, Walter Harris, Mickey Durak, Harold Geiger, Ronnie Robison, Harold Pate, Joe Hunt, Grady Johnson, James McKee. Atomic Spending

Atomic energy is already big business in the United States. Spending on research in this area by non-governmental organizations has rapidly increased in the past year, and still greater sums are scheduled to be spent.

Activity in this field is the result of last year's Congressional action permitting private industry to share the government's atomic know-how. Manufacturers, electric utilities, research institutions and other non-governmental organizations have earmarked \$800,000,000 for atomic energy research in the next four years, an amount about six times the investment made prior to 1954.

It is predicted that in the next ten years more than \$7,500,000,000 will have been invested in this country on construction of atomic reactors.

A survey by the Atomic Industrial Forum indicates that large reactor power plants will become economically possible some time after 1962. It also indicates that by 1963 manufacture of component parts for reactor plants will be a lot more than \$700,000,000-a-year business, and by 1965 the atomic program will require between 30,000 and 40,000 engineers and physicists or twice the number in both fields today.

American industry is working hard to

TODAY'S BIBLE VERSE

Be patient therefore. — James 5:7.— Every farmer knows that the result of his toil is not immediately apparent. It is amazing to look back over the results of years of sincere effort and fidelity. Often the fruit appears long after we are gone and forgotten. Take it a day at a time.

JAMES MARLOW

Court's Order Will Take Time

WASH. TO — It will be years before racial segregation in public schools is wiped out every where in this country—in spite of the Supreme Court's order in 1954—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the cooperation or defiance of individual states with the high court's decision.

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But it did not say how and when.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their school systems.

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U.S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation as later than September 1954. Generally, the order asked the court not to fix a deadline. Rather, they said, the court should let federal district

judges work out the problem with officials in their states and local communities.

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

Yesterday the Supreme Court gave its decision. It did not say precisely how or when segregation should be ended.

The court, addressing itself to the Supreme Court of Delaware and the district judges whose jurisdiction covered the other four original defendants, told them to require the authorities in their area to make a "prompt and reasonable" start toward ending segregation. It said a reasonable time could be allowed for carrying out the desegregation plans.

The federal judges outside those five areas were not told by the Supreme Court to require any action by the authorities in their territory. One of the best informed lawyers in the government said this could happen.

The judges don't have to do anything unless Negroes appeal to them to carry out the Supreme

Court's order against segregation. Once that starts, if the local authorities protest, a court fight begins.

How many such fights are possible? No one can say. In the end the states will lose because the court yesterday said that any state or local laws which conflict with its ruling are unconstitutional.

But still the court fights are not only possible but may be forced on the Negroes by states which do nothing to end segregation.

The National Assn. for the Advancement of Colored People said last night it is prepared to fight whole batches of these cases if necessary. Georgia indicated that the NAACP may have to fight.

The skin of an octopus has many microscopic sacs of different colored pigments which can be expanded to as much as 60 times their smallest size and thereby change the color of the animal.

Bookie Eddie Pitcher Ed Roebuck of the Dodgers led the International League last year in complete games with 34.

harness atomic energy for peaceful purposes. For the next ten years huge investments paying little or no return will be needed. But final benefits are expected to be far more valuable than the dollars-and-cents profits involved.

Vacation Reading

Many people will be fortunate enough to enjoy vacations in far off places this summer. Some will seek the excitement and beauty of scenery, others will visit points of historic interest, still others will vacation at resorts where recreation is planned for the guests.

A great many people, however, will not be able to get away from work for long, may not even get a vacation until fall or winter. Such people have to console themselves with other pursuits—the golf course, the picnic, the stroll through the park. For these people the pleasures of the imagination—the vacations in books—can provide entertainment and some escape from the summer heat.

Check with the librarian. The library offers all kinds of books, some of them particularly suitable for the fellow spending an idle hour on the porch or in the backyard hammock. There is this to be said for the vacation that books can provide—whereas most vacations end in one week or two or three, books give diversion and entertainment whenever you want it or need it.

The good stuff in good books stays by the reader. It builds strength and knowledge. Many a tireless trip to work in the winter is enlivened by memories of the book read last summer.

From Samson To Subways

A city destroyed in 1270 and mentioned in the Old Testament as well as in the Assyrian annals of the seventh century, B. C., is now to be rebuilt. This is Ashkelon or Ascalon on whose site the Israeli government plans a modern city for a population of from 40,000 to 50,000.

If an Ascalon Inn had survived throughout the city's history, its register would have included some extraordinary names ranging from Samson and Delilah to Antony and Cleopatra. King Herod was born there and erected many handsome buildings. Over 1,000 years later the Crusader, Godfrey de Bouillon, won a battle there from the Saracens enabling him to capture Jerusalem and set up a Christian kingdom that lasted nearly 200 years.

Now a new era has begun for the heap of ruins that was Ascalon. Its future history might be exciting but would have some difficulty in attempting to rival the drama of its past.

KEEPER OF THE BEES

HAL BOYLE

World Is Full Of Many Things

NEW YORK — The World is so full of a number of things, why is it a guy can be over 40 and still never in his life have—

Met a fellow who has been struck by lightning?
Eaten a pomegranate?
Encountered a color blind woman?

Hit the jackpot in a slot machine, or won the daily double at a racetrack?
Learned to wear a raincoat on the days it rains, and to leave it home on days when it doesn't rain?

Found a can opener anywhere in the world that will open two cans in a row?
Had a cigarette lighter that will light one cigar in a row without running out of fuel?

Owned a fountain pen that will right above water?
Located a laundry that will sew back on the buttons it rips off?
Been lucky enough to walk behind a millionaire with holes in his pocket?

Met a politician who didn't think he was more honest than the average voter?
Read the symptoms of a strange disease without feeling immediately those were the very things he'd noticed in himself lately?

Patted the head of a cat and felt it really liked him?
Spent a day at the beach without getting sunburned?
Found a pearl in an oyster?
Opened an envelope and had an unexpected bill fall out (after 40 you expect every envelope to have a bill in it.)
Been left money by a stranger—or a close relative?
Met a wife who approved of every member of her husband's family?

Known a man who, if really pressed, wouldn't concede he was a better Christian than his neighbor?

Found an extra shoelace in his drawer when a shoelace he was wearing broke.

Heard of a woman who didn't believe her husband secretly liked to wear a tux?

Been offered a seat on a bus by a lady shopper when his feet were really hurting on the way home from work?

Signed an insurance policy application without wondering if it wouldn't turn out to be his death warrant?

Felt any genuine yearning to live his life over again?
Learned to spell etiquette — let alone practice it?

SAM DAWSON

People Are In Big Spending Mood

NEW YORK — Businessmen are counting on consumers making June a month of roses. Retail sales may well set a new high for the month. Some expect sales to total 15 1/2 billion dollars.

Industrial leaders at the same time are well aware that the month will have some thorns. Labor-management bargaining will come to a head in both the auto and steel industries. And production in both is expected to reach its peak and could start tapering off by the end of the month, even if labor peace is maintained.

But what is confidently expected is that the nation's greatest vacation season will begin this month. Resorts, hotels, hotels, transportation companies and the like will prosper.

People are in a spending mood. Merchants expect summer clothing to sell well this month. Gasoline dealers expect to pump more fuel than ever into the nation's cars. Grocers report consumers buying freely of better quality food.

The home building boom is rolling along with as much momentum

that the construction industry expects this June to be one of its best.

Purchasing agents report that new orders are on the upgrade, insuring good industrial activity this month. A tendency to increase inventories has replaced the former drive to cut them. And this too will help keep factories busy.

Industrial production in general, back now to its 1953 peaks, is expected to hold high in June before the usual summer vacation slump in July and August. Unemployment has been declining slowly.

Car dealers with inventories of new cars at a record high, look for June to be a record sales month. That is the seasonal pattern. This year some customers may be influenced to buy because of worry over the labor outlook.

If a strike develops in the industry, dealers might do a land office business for awhile.

There are other thorns besides the labor strife. Some observ-

ers say that the record sales earlier in the year could mean that the usual June buying fever won't develop on schedule.

Last Union Veteran Rests Comfortably

DULUTH, Minn. — Albert Woolson, 106, last surviving Union Army soldier of the Civil War, was hospitalized early Tuesday with bronchial pneumonia.

An attendant at St. Luke's Hospital said Woolson was resting quietly and that his condition had improved slightly since his arrival at 2:15 a.m. He was placed in an oxygen tent immediately.

His general condition was regarded as fair. Woolson appeared to be in about the same condition as when he was hospitalized for a week last February due to a similar condition. His illness then was diagnosed as lung congestion.

If Skin Bothers Baby, Baby Will Bother You

By HERMAN H. SCHWENK, M.D.

YOUR baby's skin is much more sensitive than yours, so naturally, it is more likely to become chafed from simple irritations. Chubby babies, as a rule, suffer from chafed skins more often than thin infants. If your baby is heavy, you've got to be especially watchful.

Fresh Clothes
Failure to change wet diapers quickly enough probably is the most common cause for chafed buttocks. Leaving rubber diapers on your tot for a long time also might make his skin red and sore. Diapers can cause chafing, too, if they are not washed properly, or if the soap has not been thoroughly rinsed from them.

The most important thing to remember is that clean clothing and clean skin are the best means of preventing chafed skin. The next thing is to treat the condition as soon as it occurs.

Bathe Him Carefully
You probably can continue to bathe your baby with warm water, even if he has chafed skin. Some doctors, however, will advise you to clean him with oil instead of water until his skin has cleared. If you do use water, be careful not to rub the chafed sections; don't use soap on them.

Use Talc
You can use talc or dusting powder to help soothe the irritated areas. Sprinkle the powder lightly on a piece of cotton and smooth it onto his skin. Do the same for his groin, buttocks, under his arms and around his neck to help prevent chafing. Cod-liver oil ointment or zinc oxide ointment might be used on the chafed area.

If the weather is suitable, expose his chafed skin to the sunlight for several hours each day. But above all, keep his clothes clean. Change his diapers frequently. If his skin irritates your baby, your baby is going to irritate you.

QUESTION AND ANSWER
B. S. T.: What would cause a four year old child to drink water in large quantities all day long?
Answer: This condition may be due to diabetes of the ordinary type or to a condition known as diabetes insipidus. It also may be due to habit. In any event, there is need for immediate study so that proper treatment may be instituted.

Try and Stop Me

—By BENNETT CURT—

SENATOR BARKLEY concludes his memoirs with this characteristic story about memory: "It seems that a fine, healthy, husky baby was born in Kentucky. Its parents were inordinately proud of their new child, and they invited neighbors from all around to come and see it. Among the visitors was a 91-year-old matron, who approached the crib, examined the baby carefully at great length, and finally, from the wisdom of her years, pronounced judgement."

"It's a fine baby, a splendid specimen," she said, as the parents and neighbors listened breathlessly. Then, leaning closer to accommodate her tired old eyes, she added: "And—if my memory serves me correctly—it's a boy."

A Hollywood star tossed her pretty head impudently and confided, "I'm leaving my husband. He makes me nervous, and causes me to lose weight. The minute I'm down to 115, out I march!"

Play About Trial Center Of Battle Over Play Rights

DALLAS — A play about a famous trial was itself the center of a court war a while yesterday but went off on schedule last night.

Herman Shumlin, New York producer-director of the current Broadway play "Robert the Wind" failed to pay Dallas' Theater 13 from giving four performances of the drama here this week.

Dist. Judge Dallas Sankenship denied Shumlin an injunction.

The play is about the Scopes trial of the 1920s, in which a Tennessee high school teacher was brought into court for teaching Darwin's theory of evolution.

Shumlin testified he has exclusive rights to the play. Margo Jones, managing director of Theater 13 and Shumlin's business associate in the New York production, said a contract lets her produce the play until June 4. She first produced the play here last January.

Many Sanford Parents To Attend College Graduation Exercises

Several of Sanford's students who have completed their college studies will receive degrees at graduation exercises to be held within the next week.

The following lists several of the graduates.

Davidson, N. C.
John Darnall Fite, son of Mr. and Mrs. Kirby Wilson Fite of Sanford, received the B. S. degree in Psychology at Commencement exercises this week at Davidson College, graduating cum laude. He is a member of the Kappa Alpha Order (social fraternity) of Phi Beta Kappa scholastic fraternity, of Delta Phi Alpha German fraternity.

He is a member and has served as secretary of the Concert Band, as managing editor of the yearbook, Quips and Cranks; as chairman of the College Union Social Committee; and as a member of the Chapel Choir. He has held a Social Research Council Undergraduate Research Fellowship, and has been awarded an \$1800 United States Public Health Service Fellowship for graduate study in psychology at Duke University.

Henry Sholars Brown Jr., son of Mr. and Mrs. H. S. Brown of Sanford, received the B. S. degree in business administration at Commencement Exercises at Davidson College this week. He is a member of Sigma Alpha Epsilon serving as Interfraternity Council representative; of Business-Economics Association serving on the board of directors; and of the varsity football team for four years.

Gainesville
Approximately 941 candidates have applied to receive degrees from the University of Florida during formal Commencement exercises to be held Sunday and Monday, June 9 and 10.

University President Dr. J. Wayne Reitz announced that the calendar of commencement activities includes a reception in the official residence from 4-6 p. m. Sunday, Baccalaureate services Sunday evening, and Commencement at 8 a. m. Monday.

Baccalaureate services are scheduled for Florida Field and Commencement exercises for the Florida Gymnasium.

Dr. Ernest Cadman Colwell, dean of faculties at Emory University in Atlanta, Georgia, will deliver the Commencement address and Dr. J. Wallace Hamilton from the Pasadena Community Church in St. Petersburg will be guest speaker for the Baccalaureate services.

Parents, relatives, and friends of graduates are invited to attend the activities.

Sanford graduates to receive their degrees are Miss Elizabeth E. Billheimer, BSE; Alan Doris Hestel, BA; Raymond Arthur Kader, BSE, and Leslie Bruce Thompson, BS.

Tallahassee
Commencement exercises for approximately 800 students at Florida State University, Tallahassee, were held this week in the University's Doak & Campbell Stadium.

Dr. Kenneth McFarland, educational consultant and lecturer for General Motors Corporation, was commencement speaker. Baccalaureate services were held in the University's Womont Auditorium, with the Right Rev. Hamilton West, D. D., Episcopal Bishop, coadjutor of Florida and president of the Florida Council of Churches, delivering the sermon.

Candidates from Sanford receiving degrees were Miss Donna Lee Harper, BS; Harold E. Kestner Jr., BS; and Miss Margaret A. Wilson, BS.

Richburg, Va.
Gov. Thomas E. Stanley will make the graduation address at Virginia Tech's commencement June 5 in Richburg, Va.

Dr. Walter S. Newman, Tech president, will confer degrees upon 577 candidates at the ceremony which will conclude the 53rd academic year. The degrees expected to be conferred are divided as follows: 477 bachelors of science, 50 masters of science, 51 masters of education, and seven doctor of philosophy.

Also on the program with Governor Stanley will be Thomas J. Blair, Charleston, W. Va., president of the senior class, who will bring greetings from the graduating class.

Rev. Barton Shuter, Bishop of Christ, Indianapolis, Ind., will preach the baccalaureate sermon at 10 a. m. Sunday, June 5 on "This Nation Under God."

Albert Sumler of Sanford will receive his degree in business administration.

Atlanta
Edward L. Southworth who resides in Sanford will be graduated from Atlanta University at Commencement exercises to be held at 8 p. m. on Monday, June 6, in the Liberty Gymnasium. He will receive the degree of Master of Arts in History from the Graduate School of Arts and Sciences.

Dr. Henry G. Gannon, Dean of the College of Education, Georgia Tech, will address the commencement exercises.

Officers Installed For Woman's Club At Annual Meeting

The annual meeting of the Woman's Club for the installation of officers was held yesterday afternoon with a general business luncheon.

Mrs. B. B. Crumley was in charge of the installation. Those taking part were Mrs. F. T. McRivether, president; Mrs. Joe Corley, first vice president; Mrs. Bill Kirk, third vice president; Mrs. John Lee, recording secretary; Mrs. Forrest Breckenridge, corresponding secretary; Mrs. Eacot Ellerby, treasurer; Mrs. Basil C. Moore, civic department, Mrs. W. J. Pascock, American Home department chairman, Mrs. J. A. Young, special department chairman; Mrs. George Wells, fine arts department chairman.

Mrs. James Bosard sang several selections which included "Trees" and "Christophers Robins is Saying His Prayers". She was accompanied on the piano by Mrs. N. V. Farmer.

As this was the last meeting of the year, yearly reports were given by the officers and department heads. The invocation was said by Mrs. Ralph Austin Smith.

With the resignation of Mrs. D. B. Watkins, as corresponding secretary, Mrs. Breckenridge was elected in her place. Mrs. Moore announced there would be a benefit party at the home of Mrs. Laura Platt Brown in DeBary on June 8 in the form of a covered dish luncheon.

Mrs. Ralph Austin Smith said that every set of minutes of the club with its beginning in 1913 had been compiled and that a yearbook was made for every year from the club's origin.

It was decided to divide the club into teams with the finance chairman of each department at the head. This is for the purpose of raising money next year. Mrs. McRivether gave a going-away speech, wishing the members a happy vacation.

Hostesses for this event were Mrs. Douglas Stenstrom, Miss Alice Cooper, Miss Adelaide Conley, Mrs. James Huff, Mrs. G. A. Sweeney, and Mrs. Lamar Echols.

JOHN FITE

Personals

Mr. and Mrs. O. T. Pearson spent the weekend in Miami visiting their son and daughter-in-law, Mr. and Mrs. Donald K. Pearson. Their grandchildren, Donald Jr. and Kathy Pearson, returned to Sanford with them. Miss Sylvia Pearson visited her aunt and cousin, Mrs. Flora Marsh and Miss Jessie Kersey. While there they visited Mr. and Mrs. Emmet Pearson and children, Debbie and Barbara, at Key Biscayne and also spent a day on the Keys.

The Misses Martha Owen, Peggy Wright, Ellen Lyon, Nancy Rountree and Rosemary Garner, all students at Florida State University, have returned home to visit their parents through the summer.

Ronnie Anderson, Eugene Estridge, Edward McCall, "Bubba" Bibbes and Junior Motte, students at Florida State University, Tallahassee, have finished their freshman year and are home for the summer vacations.

Mrs. W. P. Brecken of 417 W. Second Street left Wednesday for Savannah, Ga., to visit her daughter, Mrs. R. F. Curry and also attend the graduation of her grandson, Jimmy Curry.

Dr. Ernest Cadman Colwell, dean of faculties at Emory University in Atlanta, Georgia, will deliver the Commencement address and Dr. J. Wallace Hamilton from the Pasadena Community Church in St. Petersburg will be guest speaker for the Baccalaureate services.

Mrs. Fred Colton has been removed from the Farnold Loughton Memorial Hospital to her home where she will be confined for several days after an auto accident.

James Davis, who has successfully completed a year at Florida State University in Tallahassee, is home for the summer to stay with his parents, Mr. and Mrs. J. C. Davis.

Mr. and Mrs. Harold Appleby will fly to Atlanta, Ga., today to be with their little son, John, who will undergo surgery in the Georgia Baptist Hospital Friday.

Dr. and Mrs. A. W. Epps are leaving today to attend in Atlanta, Ga., the graduation of their son, John W. Epps from Emory University School of Dentistry.

Bringing meat? Take your choice of seasonings. Here are seasonings you can choose among: oregano, chili powder, bay leaves, curry powder, garlic, Tabasco sauce, soy sauce.

MISS JEANNE LANE MILLER (Photo by Cox)

Jeanne Lane Miller, Donald Baron, Plan Early July Rites

The Rev. and Mrs. John L. Miller are announcing the engagement and approaching marriage of their daughter, Jeanne Lane, to Donald Baron, son of Mr. and Mrs. D. O. Olson of Phoenix, Ariz.

The bride-elect was born in Sanford and attended local schools graduating as an honor student with the class of '34. She was accom-

panied for the High School Glee Club three years and was chosen as one of the six outstanding girls in the Senior Class.

She is presently employed by the J. C. Penney Co.

Mr. Baron was born in Phoenix and attended schools there. He entered the U. S. Navy in '32 and will be discharged on May 1, 1935. At present he is stationed at the Sanford Naval Auxiliary Air Station with VC-8. After his discharge he plans to attend Law School at the University of Arizona.

The wedding will be an event of July 8 at the First Baptist Church. Complete plans will be announced at a later date.

Philathea Class Of Baptist Church Honored With Party

Mrs. M. C. Stone, whose home is located in the Mayfield section, was hostess to a party for the Philathea Bible Class of the First Baptist Church.

Mrs. J. E. Andrews presided over the business session. Colleagues were Mrs. A. D. Hollo-way and Mrs. G. L. Parkhurst.

Games were played and prizes won by Mrs. E. M. Smith. Refreshments of fruit salad and punch were served.

Those present were Mrs. Volie Williams Jr., Mrs. J. E. Phillips, Mrs. G. L. Parkhurst, Mrs. R. A. Cohen, Mrs. W. J. Pascock, Mrs. E. M. Smith, Mrs. A. D. Holloway, Mrs. A. E. Haines, Mrs. E. C. Cowan Jr., Mrs. E. C. Nelson, Mrs. W. T. Kelley, Mrs. A. G. Van Ness, Mrs. J. E. Andrews, Mrs. M. C. Stone and Mrs. Michael Wayne Budd.

Girls assisting with the serving were Miss Joan Smithson, sister of the bride-elect, Leona B. Hart, Kay Estes and Betty Millikan. Mrs. J. E. Andrews presided over the business session. Colleagues were Mrs. A. D. Hollo-way and Mrs. G. L. Parkhurst.

Games were played and prizes won by Mrs. E. M. Smith. Refreshments of fruit salad and punch were served.

Mrs. Babe Ruth Opens Baseball League For Boys In Deland

She Remembers Famous 'Called Shot'

R. CLAUDE ROSE
Herald Sports Writer

"The most thrilling experience for me in Babe's long career came that day out in Chicago in the '32 World Series when he hit a home run off Charlie Root," says Mrs. George (Babe) Ruth.

The widow of the famed Sultan of Swat was on hand last night in officially opening the Babe Ruth baseball league for boys in Deland.

She was referring to the famous "called shot" incident when the Babe took two strikes, then pointed in the right field stands and announced that he would put the next pitch in them for a homer. He did, and it not only broke up the ball game but helped the Yanks toward another of those World Series victories which have come with such monotonous regularity over the years.

"After that game," she said, "Babe told me that 'God was with me today. I could just as easily have struck out and they'd have called me a bum.' Of course, he gave me many opportunities to be thrilled, but I believe that was the greatest."

In answer to the question that is rehashed year in and year out by sports writers and fans the country over, "Will anyone ever break Babe's record of 60 homers in a season?", Mrs. Ruth says that "it's stood since 1927 and I don't look for anyone to do it this year."

She commented that it's too early to tell this season but also remarked that in the Babe's day there weren't as many pitchers and 280 hitters putting them over the fences.

She's looking for another "subway series" between the Yankees and Brooklyn. Of course, she's con-

fident about the Yanks but says she thinks the Dodgers will have trouble with the Cubs, Braves and Giants before they make it. Right now the Yankees hold a 2½ game lead over 2nd place Cleveland and the Dodgers are in first place by 5½.

"Babe was supremely confident but he was very high strung off the field," she says in commenting on what made him great. Once he got out on that field, though, it was a different story. He was loose and nothing bothered him. He knew he was good. Ted Williams is a lot like that. He doesn't let the pressure of the game get to him."

The 1926-1927 Yankees were the greatest teams Babe ever played with, in her opinion. "Of course, I wasn't around until after the 1928 season was over," she muses, "but from what I've heard and read they must have been good. Babe always said those two

years were the best."

When asked whether she thought Casey Stengel or Miller Huggins was the greatest Yankee manager, she very diplomatically declined to make a comparison. "Of course, Huggins was just about through when the Babe and I were married and Stengel I've never gotten to know. I couldn't answer that," she said.

Yogi Berra, Yankee catcher, would be her choice for a favorite present-day major league ballplayer. The work of the Babe Ruth Foundation in establishing Babe Ruth leagues for young boys in 46 states and Canada is "just wonderful" in her opinion.

"Words just can't express how it makes me feel," she said. "These are the boys who will be getting their names on the front pages for doing something worthwhile. You won't see them mentioned in juvenile delinquency stories."

Babe Quit Baseball 20 Years Ago Today

NEW YORK (AP)—Twenty years ago today an era ended. Babe Ruth hung up his spikes for good.

It should have been a day of celebration. The Babe should have stepped down proudly, the cheers of the

crowds that once idolized him ringing in his ears.

But it wasn't to be that way. It was more like a tragedy.

He had played his last game May 30 against the Philadelphia Phillies. He went to bat only once and did nothing, so he retired to the clubhouse. That

was the last time the Babe's name appeared in a major league box score.

He was with the Boston Braves at the time as vice-president, assistant manager and sometimes player.

His sight was failing and he was hitting only .181 when the end

came. It came slowly, though. It wasn't until three days later, June 2, that Ruth officially ended his baseball career—and he was beaten to the punch.

Officially, he quit. But he admitted later that he was fired by Judge Emil Fuchs, president of the Braves.

Standing in the clubhouse, he told a boy to ask Fuchs to come see him. He told the boy to inform Fuchs he was quitting. He had gone as far as he could.

A few minutes later, some newsmen trooped into the clubhouse and Babe asked them what was up. They said they were sorry

and he asked them why.

They told him he had been fired.

"So I got fired before I could quit," he said later. That was a stormy season, that 1935, for Babe. He signed with the Braves and years later admitted it was a nightmare. He played

only 28 games.

Ruth's last day of glory was in Pittsburgh when he stroked three home runs, including the only ball ever hit over the right field roof in Forbes Field. It was only the fourth time in his career that he had hit three home runs and he was proud.

Shortstop Ernie Banks of the Chicago Cubs played the entire game on April 18 without a fielding chance.

West Palm Again Tops Cards, 3-2

Three straight first-inning singles and an error gave West Palm Beach all its runs and a 3-2 Florida State League victory over the Sanford Cardinals last night at Memorial Stadium.

Dave Cortright, Bill Basata and Carl Medley had the hits and Manager Dan Keith booted a grounder at first base to let in the decisive run. Frank Alvarez also singled before Howard Peterson retired the side.

Only 250 fans turned out for Sanford's 10th defeat in 12 games. Leading Orlando ran its string to nine straight on a two-hitter pitched by young Howie Trapp and Cocoa won its eighth in a row on a three-hit effort by Joe Petriello.

Trapp struck out 11 batters and retired the first 15 men in order as Orlando whipped St. Petersburg 8-1. Petriello struck out four and walked four in Cocoa's 2-0 victory over Daytona Beach.

In other action, Gainesville broke a six-game losing streak by beating Lakeland 4-4.

Sports Roundup

NEW YORK, (AP)—The day when the big leagues will sit down together and draw up a hard and fast rule against travel of entire clubs by chartered plane probably was brought measurably closer by the near miss in which the Milwaukee Braves figured two days ago above the outskirts of Montreal.

No matter how safe the air lanes have become, especially on scheduled flights in the great new liners, too much is at stake for individual teams to continue to subject their entire playing personnel to unnecessary risks. It would take only one serious accident to a long-distance club such as the Braves to tear a league apart for years and cause inestimable financial loss.

In the event you missed the details, the Milwaukee club, including manager Charlie Grimm, was flying to Quebec on an off day for an exhibition game with its farm team in that city.

There is a continuing debate over details, but there is no escaping the fact that the long transport carrying the Braves had a brush with a jet fighter flown by a Canadian test pilot, and that both craft pulled away to avoid a collision. The fighter pilot claims the club plane was 15 miles off its course, in cloudy weather.

So nothing happened—this time. It might never happen. The only injury was to the nerves of a number of players who saw the fighter flash past and were scared stiff. But it still seems almost inconceivable that so great and sober an industry as major league baseball continues to lay itself open to a crippling disaster.

It would ever be somewhat different if it were possible for clubs always to book passage on scheduled flights, whose equipment is the most modern and whose every safety factor is rigidly involved. This is not possible, though, and so they take several million dollars worth of athletes and frequently in adolescent craft which long since have been withdrawn from crack cross-country service.

Only the New York Yankees, we believe, have steadfastly refused to fly, although each club has a number of players who refuse and no pressure has been put on them to do so.

GEORGIA GOLF PEACH - - By Alan Meyer

LOUISE SUGGS, THE VETERAN PRO FROM SEA ISLAND GA., SEEMS TO BE HEADED FOR ANOTHER GREAT YEAR IN THE LONG GREEN DEPARTMENT—AFTER A LITTLE OVER THREE MONTHS SHE LED THE GIRLS WIN \$1828

Fans Hail Pep's Sportsmanship

BOSTON (AP)—Willie Pep the boxer today was hailed as Willie Pep the sportsman as a result of his fourth round technical knockout of Joey Cam of East Boston.

Pep opened an inch and a half gash over Cam's left eye midway in the third round of their scheduled 10-rounder at Boston Arena last night—then danced away to avoid hitting his bleeding opponent.

The 2,486 fans on hand roared approval of Pep's gesture which was seen also by a national television audience.

Cam went back to his corner at the end of the round but the fight was stopped before the bell for the fourth round. The cut was deep and required four stitches.

"I could tell right away it was a real bad cut," Pep said afterward. "I didn't want to take advantage of the kid. He's a good tough kid but I don't like to win fights that way."

Pep didn't know whether it was a punch or a butt that opened the gash but when the two broke from close quarters in the third, blood was streaming down Cam's nose which Pep had reddened in the first round.

On the Massachusetts scoring system in which 10 points is awarded to the winner of a round and 10 or less in his opponent, Referee Eddie Curley and Judge Joe Santapio had Pep leading 20 to 27 when the bout was halted. Judge John Norton had it over, 20-27.

The victory was the 18th for the veteran Pep who is twice former world welterweight champion. He's back to back again with Cam's record of 25-4.

Roberts Keeping Phils Out Of League Cellar

By THE ASSOCIATED PRESS
Without collegiate-looking Robin Roberts, the Philadelphia Phillies could give the Pittsburgh Pirates a good run for the National League cellar.

But so long as Robin persists in winning 20 or better games a season, the Phillies will stay out of the basement. Roberts has won 20 or more games the past five years and 1955 will be no exception if he continues at his present pace.

The Phillies have won just 19 games as they ride along in seventh place, and Roberts has won eight of them, including a neat six-hit 3-1 decision over the Chicago Cubs last night.

For a time, it appeared that the Michigan State alumnus might not make the charmed circle. He spluttered to a 3-3 mark on May 7, hardly the pace for a 20-game winner. But in less than a month, he has won five games and shows a fine 2.30 earned run average.

The only teams he hasn't beaten are St. Louis and Cincinnati and that little matter should be taken care of during current western invasion of the East.

In fact, the Phils themselves seem to be snapping out of the doldrums they've won 9 of their last 11 games, and, although they are just above the Pirates in the standings, they are only four games behind the third place New York Giants.

After the Phils scored two runs in the fourth, it was merely a matter of Roberts protecting the lead, which he did with no particular trouble. Ernie Banks hit a home run for the Cubs in the fifth for their only run.

Elsewhere in the National League, the Brooklyn Dodgers trimmed the Milwaukee Braves, 11-8; the Red Sox whipped the New York Giants 5-2, and the Cardinals slapped down the Pirates, 6-2.

In the American League, the Cleveland Indians shut out the Baltimore Orioles, 5-0; the New York Yankees won a doubleheader from the Kansas City A's, 2-1 and 6-1; the Chicago White Sox edged the Boston Red Sox, 4-3, and the Detroit Tigers blanked the Washington Senators, 5-0.

Duke Snider was the big gun in the Brooklyn victory, hitting three home runs and narrowly missing No. 4 his fourth try hit the right field screen and he had to settle for a double. Once before, Snider hit three home runs and just missed a fourth. He now has 15 home runs for the season.

Neither starter—Carl Erskine of the Brooklyn Gene Conley of the Braves—was around at the finish what with all the hand-pinning.

The Red Sox got one of their rare wild pitches again and aided by home runs by Ted Kluszewski and Ray McMillan, had no trouble with the Giants. Joe Nuxhall held

Grimm Shrugs Off Rumors About Him

BROOKLYN (AP)—Charlie Grimm has been in baseball 36 years so it wasn't surprising when he shrugged off rumors that his days as manager of the Milwaukee Braves were numbered unless the club perked up real soon.

Sure he's read those ugly rumors in the gossip columns, but they haven't disturbed him in the least.

The only time there's cause for worry, according to Grimm, is when the front office loses confidence in the manager. And only last week Milwaukee General Manager John Quinn declared he was stolidly behind Charlie.

"I'm more concerned with trying to improve our position," said the 56-year-old Grimm, whose fourth place Braves were expected to be a strong factor in the National League pennant race after finishing second and third under his direction the past two years. "That's the foremost thing on my mind. I've been around too long to pay attention to rumors. Now what do you want to know about the Braves?"

"This is a good club . . . too good to stay where it is. Some of the boys just haven't been hitting like I know they can."

"That's what we'll get going I'm sure of that," he added. "Our pitching hasn't been bad and our hitters are beginning to loosen up. I saw signs of that over the weekend." Grimm conceded the Braves faced a tough task to overtake the Dodgers but he refused to count his club out.

"Remember we got off to a poor start last year and we almost pulled it out," he reminded. "This club of mine is as good, if not better, than last year. Baseball is a funny game. You never can tell."

Leo Durocher's men to five hits, Nuxhall had a four-hit shutout until the ninth when Willie Mays hit a homer with Don Mueller on base.

Standings and Results

Team	W	L	Pct
Orlando	11	1	.917
Daytona Beach	10	2	.833
Cocoa	9	3	.750
West Palm Beach	8	4	.667
Gainesville	7	5	.583
Sebring	6	6	.500
Lakeland	5	7	.417
St. Petersburg	4	8	.333

THESE WERE THE RESULTS OF THE FLORIDA STATE LEAGUE GAMES PLAYED YESTERDAY:
Orlando, St. Petersburg 1-0
Daytona Beach 2, Cocoa 1
West Palm Beach 6, Sebring 0
Gainesville 5, Lakeland 4
St. Petersburg at Orlando postponed at Sebring
Cocoa at Lakeland postponed
Daytona Beach at West Palm Beach

Belle Walsh has won the National AAU Senior Women's Pentathlon championship five consecutive years.

When Carl (Babe) Ruth, world heavyweight champion, was 9 years old he was named to become a lawyer.

Stan Bank, manager of the Chicago Cubs, played a hard ball in 1908 when he was 16 years old.

Good Luck Has Ended For Pilot

MOUND CITY, S.D. (AP)—Luck ran out for an Air Force radar observer who once lived to tell how he shot himself out of a closed canopy of a jet plane at low level.

Lt. Myron F. Farb, 28, formerly of St. Louis, Mo., and Airman 1-C Donald L. Chapman, 23, La-Crosse, Wis., were killed yesterday when the light plane they were flying crashed in flaming wreckage near here.

Farb survived a "one-in-a-million chance" last Feb. 13 when he shot himself out of a jet trainer flying at 1,500 feet. Clearing jet pilots said his chance of survival was one in a million. His only injuries at the time were a bruised head and a broken leg.

Farb ejected himself from the jet plane when the pilot dropped the craft from 30,000 to 1,500 feet. Farb was unable to contact the pilot on the ship's intercom radio and thought something was wrong.

Andrews Pleads Guilty Before Commissioners

Smiling Joe Admits He Helped In Theft Of Alabama's Bank

TAMPA (AP)—Smiling, hearty Joe Paul Andrews admitted he helped rob the Jacksonville, Ala. bank of \$36,727 May 20 and was placed under a bond almost as large as the amount taken from the bank.

Andrews pleaded guilty when arraigned before U. S. Commissioner Paul Pinkerton yesterday. Bond was set at \$55,000.

He was arrested with his wife, Burma Nell, 23, and her two brothers, Preston Henderson, 26, and Elbert Henderson, 21, as the four ate in a Clearwater restaurant.

FBI Agent C. E. Weigle said \$25,000 was found in a false bottom to the trunk of Andrews' automobile.

Andrews and his wife were charged with transporting stolen money from Jacksonville to Clearwater. The Henderson brothers were charged with concealing knowledge that Andrews and others had robbed the bank.

Mrs. Andrews and her brothers were placed under bonds of \$10,000 each.

John D. Ellis, a former Clearwater insurance man, was arrested in Las Vegas, N. M., and charged with robbery. The FBI said \$3,000 was found in his possession.

The bank was robbed by four men.

Strolling In Sanford

Beginning tomorrow, the summer program for Sanford's Municipal Swimming Pool is as follows: Sunday, 24 p. m.; Closed all day Monday; Tuesday through Saturday, 9:30 a. m. to 1 p. m., 3-6 p. m. and 7-9 p. m.

Jaycees' Attempt Is Again Foiled By Junior Team

The Jaycees took the second straight softball game 1-3 from the Jaycees last night at the Ft. Mellon diamond.

Carl Overstreet, manager of the Jaycees team, said the club showed tremendous improvement over the previous engagement.

"It looks like we might start looking around for some out-of-city competition," Overstreet said.

He said the team had been hampered by lack of control on the part of the mound staff. One hurler, Cliff Ables, has been sidelined with an injured foot, which "has hurt the mound staff considerably," Overstreet declared.

He said that the Jaycees were looking for games with DeLand and Eustis Jaycees and "possibly others."

The next local game will be staged next Thursday night at Ft. Mellon Park.

Man Regains Sight In Fit Of Anger

ST. FAITH'S, England (AP)—Peter Barr had a row with his wife and regained his sight after 10 years of blindness.

The 34-year-old veteran was blinded while flying in the closing months of the war. He was married after his return home.

Arguing with his spouse this week, he smashed his right fist into his left palm to hammer home a point—and suddenly caught his first glimpse of Mrs. Barr.

"In 10 to 15 minutes I could see properly," Barr related yesterday.

Demos Start Drive For Free Vaccine

WASHINGTON (AP)—State Democrats have set in motion a drive to make free folk vaccines available "to every American child."

It would go well beyond President Eisenhower's plan to pay for antipolio inoculation only of children whose parents can't afford the shots.

A bill to carry out the rival Democratic proposal was introduced last night by Chairman Hill (D-Ala.) and the other six Democratic members of the Senate Labor and Public Welfare Committee. At the same time, Hill called a meeting of the committee for Monday to consider the proposals.

Adjustment Board Will Hear Appeals

Appeals will be heard by the new Board of Adjustment and Appeals, headed by E. C. Harpen. Other members of the board are Lowell Cole, vice president; Roy Wall, secretary; William A. Kestner and P. D. Johnson.

Certain Settlement Seen By Barretta

MANILA (AP)—A member of the Philippine technical reparations panel said last night there is a very good possibility the Philippines will receive 800 million dollars in reparations from Japan.

Prospero Uy-Barretta of the National Power Corp., said he was "90 per cent sure" the war indemnity issue would be settled in the forthcoming high-level negotiations in Manila.

Barretta arrived from Tokyo where he had taken part in preliminary talks.

LEAVES AFTER VISIT

TOKYO (AP)—Foreign radio said Japanese Prime Minister All Satomura left Peiping today by plane for home after a seven-day visit.

Funds Needed

Mrs. Clara Jobe - A Deserving Case

"God grant me a clear mind that I might guide my girls" is the wish of a 38-year-old Mother, racked in pain and faced with an incurable disease.

Doctors have told this friend of ours that there is no hope for a cure . . . no hope for a long life . . . only hope for some respite from the pain . . . discomfort and clouded mental attitude accompanying a long struggle.

With the hope of some relief . . . Clara Jobe . . . who dedicated her life to serving our community . . . is without funds to gain the short pause . . . for which she so fervently prays.

Our dear friend appeals to us . . . appeals for help that she may have an intermission in the tormenting pains . . . to guide her two daughters . . . Mona and Francis.

There must be funds to provide transportation . . . medical care . . . nursing care . . . even sleep wear and toilet articles.

With the funds . . . Clara Jobe will be given an opportunity to visit a hospital where doctors say "only chance" may be. And Clara Jobe wants that "only chance" . . . the one avenue . . . the answer to her prayer . . . that she may dedicate a clear mind . . . an eased body . . . to her two daughters.

Clara Jobe is in Macon, Georgia . . . cared for by her Mother. She is waiting for an answer from her "loved ones".

If you feel that Clara Jobe has meant a "guiding light" to you so many times here in our community . . . then you are asked to contribute to a fund that is being founded for her in Sanford . . . a fund that will provide the necessities that may mean "a clear mind and pain-eased body" . . . so that she may guide her girls. Mrs. Ruth Scott is trustee of the "Clara Jobe Fund" . . . at the Sanford Atlantic National Bank. Will you help answer the prayer of an anxious Mother . . . a friend of ours? (Contributions may also be mailed to The Sanford Herald.)

Tense Auto Talks Continued Today

DETROIT (AP)—Tense auto industry labor talks centered today on the extent of employer liability under a supplemental jobless pay plan which one large producer, Ford, has reportedly accepted in principle.

Ford acceptance of the basic ideas behind the CIO United Auto Workers guaranteed annual wage demand—that employers foot part of the bill for maintaining workers' income when they are laid off—provid d hope that a strike Monday among Ford's 140,000 workers could be averted.

However, Ford has reportedly agreed to provide its laid-off workers with weekly payments, supplementing their state unemployment compensation benefits, for only a maximum 26 weeks, or half a year.

Cornel Wilde Comes To Defense Of Movies In Violence Attack

HOLLYWOOD (AP)—Violence in Hollywood films has been hit from all sides. Here's one man who defends it.

He's Cornel Wilde, actor, producer, and now a director. He starred in and helped produce "The Big Combo," one of the films which brought forth a wave of protest about too rugged action in movies.

"You can't get away from violence in drama," he said, "when you have two people in conflict, it is bound to result in violence, either in words or action. If you do not have conflict, you do not have drama."

"There is nothing new about violence in the theater. 'Oedipus Rex' is certainly a violent play, and it has withstood the test of centuries."

"Shakespeare is replete with violence. Look at 'Hamlet'. The stage is littered with corpses at the end of the play."

"When Queen Wilhelmina did 'King Lear' on TV, they showed an eye gouging. I was shocked by it, but not repelled. It was good theater."

Wilde admitted that the decryers of Hollywood had a case—"when violence is presented for violence's sake. If a brutal scene is shown for no reason except to shock, then it is bad. I think 'The Wild One' was an example of meaningless violence."

Long-Awaited Day Here For Seniors At Seminole High

Commencement exercises for the graduating class of 1955 will start tonight at 8 o'clock in the Seminole High School auditorium. The Seminole High Band will play the valedictory and the recessional. Valedictorian is Elizabeth Hardy Baker and salutatorian, Donna McTeer.

Several awards will be presented including the Florida State Bank Award by Supt. R. T. Milwae, the Peter Schaal Trophy, by Peter Schaal, the Junior Chamber of Commerce Award, M. L. Raaborn Jr., the American Legion Award by Gordon Frederick, and the Rotary Award by J. P. Holtclaw.

H. E. Morris, principal, will present the diplomas. Sponsors for the '55 class are Miss Rebecca Stevens, Mrs. Nellie Coleman, Miss Ethel Riser, and Roger Harris. Marshalls for the event are Handal Robbins and Henry Gason. Ushers will be Nancy Cash, Nan Cushing, Ann Davis, Mary Grace Hobby, Dotty Metta, Pat Harrington, Dottie Bollinger, Betty Carpenter, Carol Arwood, Kathleen Bauman, Sue Karraker, Joyce Body, and Kaye Jenkins.

Class officers are Harold Pale, president; Donald Hampton, vice president; Terrell Gilling, treasurer; and Carol Buckner, chaplain.

Gasoline Dealers Pay Out \$54,633.46 During Last Month

Ray E. Green, State Comptroller, reports that gasoline dealers paid \$54,633.46 to his office in May for the seven cents per gallon tax on their April sales of gasoline in Seminole County, which totaled 720,478 gallons. He distributed \$20,806.23 of this tax for road bonds or building purposes in this county.

Sales of gasoline in the entire state totaled 107,525,730 gallons in April and the tax collected was \$7,526,900.41. This is approximately \$68,000 more than the same month last year, and represents an increase of 13 per cent.

Cornel Wilde Comes To Defense Of Movies In Violence Attack

"The Big Combo" was criticized in England and elsewhere because of a scene in which gangster Richard Conte tortured Wilde. Conte put a hearing aid in the hero's ear and played a radio loudly. Wilde defended the scene as being subtle and less brutal than the senseless beatings in many films.

"I don't think movies incite people to violence. Far from it. Kids seeing 'The Blackboard Jungle' would be repelled by the juvenile delinquents pictured in it, not inspired to follow their example."

What is the outlook for film violence in the future?

Producer head Eric Johnston and chief censor Geoffrey Shurlock say they are trying to convince movie makers to tone down brutality. The results of more careful censorship of violent scenes may not be apparent for several months.

"But the code doesn't deal in source material," Shurlock explains. "We can't tell producers what kinds of pictures to make. We can only suggest that the movies should return to the family type of picture which has the backbone of the industry."

There seems to be no trend in the direction of less violence in the movies, Shurlock said. He said that the Hardy family series would be a step in that direction.

RED ARRESTED

TOKYO (AP)—Tokyo police Thursday arrested Tunesaburo Takenaka, 46, one of nine Communist leaders who went underground in 1950 to escape an American occupation order to report to police for questioning.

Lower courts have ruled the order has no legal status since the end of the occupation.

Court Of Appeals Orders Hearing

WASHINGTON (AP)—The U.S. Circuit Court of Appeals has ordered the State Department to issue a formal hearing by next Tuesday on a passport application filed by Dr. Otto Nathan, executor of Albert Einstein's estate.

The Appeals Court set aside yesterday a District Judge's order that the department issue a passport "forthwith" but set a rigid time table for action by the department and directed that the court be notified of the result, with the reasons for it.

Dr. Nathan, who first applied 2 1/2 years ago, sought court aid to get the passport in time for a scientific meeting in Bern, Switzerland, opening July 11.

If enough Boy Scouts are interested in earning a merit badge in bookbinding, special classes will be conducted on Friday mornings from 10:30 until 12 o'clock. A minimum of four lessons will be required to earn a badge. Special attention will be given to those Boy Scouts who wish to qualify for a merit badge in reading.

The SHS library will be open each morning from June 10 through July 30. The vacation Reading Club is a part of the summer Recreation Program sponsored by the City of Sanford and the Seminole County School Board.

Peacemakers Say No Progress At All In Railway Strike

LONDON (AP)—Britain's nationwide railway strike ground into its sixth day today with labor peacemakers reporting "no progress at all." Industrial plants were slowing down from lack of materials from warehouses jammed with finished products.

Talks between leaders of the striking Associated Society of Locomotive Engineers and Firemen and the General Purposes Committee of the powerful Trades Union Congress broke down last night.

Nine of the nation's top trade union leaders left the meeting to report to Labor Minister Sir Walter Monckton "no progress at all has been made."

Key States Survey Show GOP Chances

WASHINGTON (AP)—Sen. Goldwater (R-Ariz.) said today that surveys in key states in next year's election show "Republicans now have an excellent chance" of recapturing control of Congress.

Goldwater, chairman of the GOP Senatorial Campaign Committee, said in an interview that he had revised estimates he made last February that the odds were "heavily against" a GOP congressional victory.

DEMAND INCREASE

TOKYO (AP)—Workers at a pan's three major breweries stipulated a 72-hour strike today, halting production. They demanded a wage increase.

RECEPTIONIST GERRI LATHAM helps demonstrate a new kind of radioactive cobalt bomb to be used to treat throat cancer. The machine's designers, Dr. Cheng Wu Li (left) and Dr. Melville L. Jacobs, direct the demonstration at the City of Hope Medical Center in Duarte, Calif. The 2 1/2-ton mechanism rises from the floor by a hydraulic lift similar to one in a gas station used for raising cars. The new cobalt bomb is capable of spraying up to 2,500,000 X-ray volts against deep-seated cancer in the human body. (International)

Vacation Reading Program Announced

Under the direction of Seminole High School librarian Miss Edna Chittenden, a Vacation Reading Club will be formed this year for pupils who are in grades five through 11. At the beginning of the 1955-56 school year certificates will be presented to each one completing the program.

Requirement for certificate qualification are as follows:

read at least six approved books, one of which must be travel and one biography; write a brief summary of each book read, giving author and title and reasons for liking or disliking the book; summaries must be at least one notebook page in length, only one half page for those below the seventh grade, written on one side of the paper preferably in ink.

All summaries are to be turned in to the SHS or Sanford Library not later than July 29; keep a record of books read during the vacation period.

A certificate with a gold seal will be awarded to all who read at least 10 books and write acceptable summaries.

If enough Boy Scouts are interested in earning a merit badge in bookbinding, special classes will be conducted on Friday mornings from 10:30 until 12 o'clock. A minimum of four lessons will be required to earn a badge. Special attention will be given to those Boy Scouts who wish to qualify for a merit badge in reading.

Parents Of Airman Believed Dead Give Back Award

LEMONT (URNACE, Pa. (AP)—The parents of an American airman presumed dead in Korea, have restated their belief that their son is a Communist prisoner and have returned his Purple Heart Award to the White House.

Ottley R. Coulter and his wife, Ethel, called the medal awarded to their son, 1st Lt. John R. Coulter, an empty honor.

Coulter said his last definite information was that his son was a prisoner in North Korea. The Air Force verified that the airman had been on a prisoner of war list but was presumed dead Jan. 31, 1954, after exhaustive investigations failed to reveal his whereabouts.

In a letter sent yesterday to President Eisenhower and signed by both parents, they declared: "We do not want this medal under the present circumstances. It does not honor our son or his country."
