

Film Star Suffers Second Sunstroke

SANTA BARRERA, Calif., July 29.—(AP)—Bette Davis, blonde film star, collapsed from sunstroke yesterday at Carpinteria, a beach resort.

Dr. J. E. Coshaw, her physician, announced she would have to remain in seclusion for a month.

Last week Miss Davis suffered severely from sunburn. Three years ago she had a similar sunstroke.

The film star went to Carpinteria two weeks ago with her husband, Harmon Nelson, orchestra leader, for a vacation. She recently completed "I'm Love 'm After" with Leslie Howard and was due to return to her studio next week to start production of "Jezebel."

Life Term Captured After Night's Freedom

TALLAHASSEE, July 29.—(AP)—Joe Williams, life term robber from Palm Beach county, escaped from a state road department prison camp near Branford recently, but he had only one night of liberty.

Upon notice to the state prison bureau yesterday that Williams had escaped came another telegram reporting his recapture. Details of the escape and recapture were not reported.

Williams and Fred Houswert were sentenced to life imprisonment Feb. 13, 1935 for robbery while armed.

OLYMPIC STAR WEDS CLASSMATE

A romance which began when he carried her books between classes, led Forrest (Spee) Towns, Olympic hurdling champion, and Miss Martha Eberhardt, a classmate at the University of Georgia, to the altar. Towns and his bride, shown above, were married in a ceremony on the university athletic field.

Florida Dairymen To Witness Varied Program Aug. 5-6

Dairymen of Florida will witness a varied program and hear many prominent speakers of the nation at a two day educational program of the State Dairymen's Association sponsored by the University of Florida to be presented August 5 and 6 in the auditorium of the new P. K. Yonge laboratory school in Gainesville.

Presiding at the meeting will be M. C. Houser, president of the Association, who will introduce the speakers. The meeting will be opened with an address of welcome by Dr. John J. Tigert, president of the University of Florida, who will be followed by talks concerning modern developments in dairying and the problems associated with the industry, round table discussions and group singing.

Mr. Houser stated that the gathering will be very important to the dairymen of the state, especially due to the fact that a revision of the by-laws and the constitution of the association will be conducted.

A hearty welcome has been extended to all Florida dairymen to attend the meeting in order that it might be one of the most successful educational assemblies at the University of Florida, according to Hamlin L. Brown, extension dairymen.

Visitors Learn More Of State Advantages

JACKSONVILLE, July 29.—Several hundred West Virginians today know more about Florida, the Air-Conditioned State, and her friendly feeling toward the other States of the Union.

That has been the message brought them by Harold Cole, president of the Florida State Chamber of Commerce who has spoken before many West Virginians while on vacation there.

In a telegram to State Chamber headquarters here, Mr. Cole said he had appeared before the White Sulphur Springs Rotary Club, the Lewisburg Rotary Club and the Business Men's Club, the State Board of Military Academy, and city officials' meetings in several West Virginia cities.

The theme of his addresses has been Florida, closer cooperation between the States, statewide advertising, and business promotion throughout the Nation, Mr. Cole said.

Mr. Cole is accompanied by his family and expects to be home the middle of next week.

How To Tell Horse's Age Arouses Debate

BOONE, Ia., July 28.—(AP)—The problem of how to tell a horse's age has divided Boone county residents into two camps.

One argumentative farmer, challenged the historic method of "looking at a horse's teeth." He said the wrinkles on a horse's neck were the proper gauge of its years.

A pony was brought out to test the theories, and when both schools of thought had finished they were only one year apart on the age.

England Leads World In Beer Exportation

BERLIN, July 29.—(AP)—Great Britain is the world's largest exporter of beer, the business report for the year 1936-37 of the German export breweries stated.

After Britain come Germany and Japan. The export figures for the year, according to the report, are: Great Britain, 8,508,000 gallons; Germany, 8,217,000 gallons. Britain's beer export increased by 8.70 percent in 1936, that of Germany by 10.49 percent, Japan's fell by 1.93 percent.

To solve construction problems, two exhibit palaces for the 1937 Golden Gate International exposition were built "from the top down" with roofs completed before walls.

LITTLE LORD FAUNTLEROY DIES HERO

Vivian Burnett (above), who spent his life attempting to disprove the popular belief that he was the sissy, "Little Lord Fauntleroy," portrayed in his mother's novel, died a hero. He collapsed from a heart attack after directing rescue of four persons in danger of drowning.

Resignations Of Park Commission Accepted

TALLAHASSEE, July 29.—(AP)—The governor's office said recently Governor Cone had accepted the resignations of members of the Everglades National Park commission, but had not appointed successors.

One resignation, that of Frank Dominick of Miami, has not been received.

Governor Cone said he had not decided whether any of those whose resignations he requested and accepted would be reappointed to the commission.

"I'm going to reorganize the commission and get it on a good working basis," he said.

Governor Cone asked for the resignations before he signed a legislative act appropriating \$37,500 a year to operate the park commission during the two years which began July 1.

Handwriting Is No Key To Character

Lexington, Ky., July 28.—(AP)—Don't judge a man's character by his portrait or his handwriting, advises Prof. Herman W. Martin of the University of Kentucky department of psychology.

While he believes there may be some truth in the old saying that the camera doesn't lie, "it doesn't say much either," Professor Martin says.

Tests conducted by his classes, the psychologist asserts, have demonstrated that it is impossible to judge general ability and character by a photograph and that handwriting is not an accurate means of analyzing character.

Pigs Are Rated Among Cleanest Of Animals

AMHERST, Mass., July 29.—(AP)—Pigs are among the cleanest of all animals, according to Victor A. Rice, professor of animal husbandry at Massachusetts State college.

"Pigs like to roll in mud to keep themselves warm," he explains. "Pigs have no sweat glands and this is a process of heat radiation whereby the body temperature of the animal is regulated. They are far cleaner than either horses or cows."

China Orders Crack Central Army Into Fray Against Japs

American Lives En- dangered By Shell- ing Of University By Heavy Artillery

Airplanes Take Part In Attack

Shek's Troops Are Re- ported To Be Well Equipped Fighters

PEIPING, July 30.—(AP)—
J. L. Stuart, American president
of Yenching University, came
through the new Sian-Jiao
Japanese battleground today to
report the group of Americans
taking refuge at the university
was safe.

PEIPING, July 30.—(AP)—
Heavy artillery fire started
suddenly this afternoon
southwest of here at Yenching
University, where a group of
Americans are taking refuge.
The Japanese reported to have
ordered their crack central
army into action to drive the
Japanese army out of North
China.

Grave apprehension was felt
for the safety of Americans at
the university. The group was
believed to number five women
and three men including President
J. L. Stuart who had refused the
warning of the American embassy
to leave. "It is my duty to stay,"
he told diplomatic officials.

Fighting was general once
again all about the ancient walls
of the Manchou capital. The Japanese
army was reported to be engaged
in a relentless "sweeping up"
operations against the remnants
of the 29th Chinese army, which
now holds positions across the Yung-
ting River to the west.

All communication was severed
with Yenching University as
fighting there began. The university
is supported by American
missions and is one of China's
outstanding educational institu-
tions.

Firing was especially heavy
west of the city indicating a ma-
jor engagement might be in
progress.

Japanese troops were reported
attempting to force a crossing of
the Yungting River at the Wan-
ping and Marco Polo bridges.

To support the 27th and 132nd
divisions of the 29th Army which
are entrenched on the west bank,
Generalissimo Chiang Kai-Shek,
premier and commander in chief
of the Chinese Army, was reported
to have ordered up 50,000
highly trained and well equipped
troops of the central army.

Japanese sources declared they
had learned an attack in force
had been ordered against their
positions around Peiping with
the main body of the Chinese
army supported by the Nanking
government's modernized air-
force.

Japanese artillery and air
planes pounded the Chinese sections
of battered Tientsin with
shells and bombs in a renewal of
the attack which devastated a
large area of the Chinese city
yesterday.

The assault followed what the
Japanese said was a Chinese
counter attack. Chinese and Japs
were reported to have fought
along the fringe of the Japanese
concession during the afternoon.

Kiwianians Have Fun At Joint Festivity

Approximately 150 Central Flor-
ida Kiwanians representing Win-
ter Park, Deland and Sanford
gathered last night at SanLando
Springs for a fun, festival and
chicken barbecue, according to
Alice Nix, secretary of the local
club.

Swimming and games were en-
joyed during the late afternoon
and after supper, a program was
presented by Walter Winterwiel,
president of the Winter Park
Kiwanis Club.

A short talk by Lieutenant
Governor J. Corlyle Rogers of
Leesburg, and another by H. V.
Coulter of Orlando, former gov-
ernor of the Florida District,
preceded the entertainment.

FAVORS CAMP

City Commissioner M. J. Lodge who is heartily in favor of the location decided upon for the proposed Sanford Trailer Camp.

Lodge Is In Favor Of Trailer Camp On Lake Location

City Commissioner M. J. Lodge, city commissioner, stated in an interview today.

"I have personally inspected quite a number of trailer camps in Florida and find that except in instances where they operated as private enterprises, the closer they are located to the downtown section of the city the more agreeable it is to tourists and the more satisfactory to the business concerns. In instances where the camps were remotely located, the operators will at exception stated that it was the biggest mistake they had made."

Although Mr. Lodge believes the acreage from Park Avenue to Sanford Avenue to be sufficient for the coming year, he said, "If we find that the large number of trailers which patronize our camp necessitates an enlargement of the grounds, we may expand it east toward the Mayfair Hotel."

"The camp should have every possible convenience, such as police protection, fire protection, and various recreational facilities. We have a fine zoo for tourists' enjoyment, and we can construct a swimming pool, and courts for playground games," he said.

In reply to the question as to whether or not the brick winds coming from across the lake would be too cool for the comfort of the tourists, Mr. Lodge said that he didn't believe the weather would ever be too cool. Even if the temperature were almost frigid, winter tourists from the north are accustomed to that kind of weather, he declared.

"It has also been said that a trailer camp so near town would be an eyesore, and that the large number of tourists would make the grounds unattractive. If we cater to the wealthier classes of trailer tourists, we would not have a very serious problem in that direction."

"I am very much in favor of the project and sincerely hope to see it become a successful enterprise," Mr. Lodge concluded.

Red Cross Members Attend Daytona Meet

A meeting of "disaster preparedness" of the Red Cross held recently in New Smyrna was attended by several Red Cross members of Sanford, according to Mrs. F. D. Scott.

During the meeting, reports were heard from the United States Coast Guard and the weather bureau at Jacksonville. Mrs. F. D. Scott, Mrs. M. W. Scott, Mrs. Harry Woodruff, and the Rev. Martin J. Hram, head of the Red Cross Chapter, New Smyrna, attended the meeting.

All But 4 Of Those Aboard Ship Rescued

Ninety-Two Persons Survive Night Of Horror As Flames Sweep Entire Ship

BALTIMORE, July 30.—(AP)—
All but four of the 96 passengers and crew, driven by flames from the liner, City of Baltimore, in a night of horror on Chesapeake Bay, reached land today with tales of amazing rescue.

Of the four not counted among the survivors, two were known dead and two unaccounted for. The dead are J. R. Polikoff, Aiken, South Carolina lawyer, and an unidentified member of the crew. Missing are H. Raige, passenger, address unknown and Cy Haynie, oiler.

Three navy seaplanes began an aerial survey of the bay shortly after dawn seeking the bodies of possible victims.

The liner sliding down the bay to Norfolk burst into a floating furnace 14 miles below Baltimore.

The flames, passengers said, roared from the lower holds and within three minutes after the first alarm had wrapped two thirds of the boat in fire.

Boats put out from beaches and picked up persons as they were forced to leap from the burning ship.

Cause of the fire was not determined immediately. Survivors landed at Annapolis, Md., said it apparently started about 7:25 P. M. in the hold. It spread so rapidly that the ship was soon an inferno.

Some life boats filled with passengers were lowered—the number not known. Other passengers and members of the crew were trapped or jumped into the bay.

Reports from the scene were conflicting. Baltimore police said an explosion caused the blaze, that there was a blast and the entire craft was enveloped in flames.

They said reports reaching them were that 60 persons had perished. This was entirely without confirmation.

President Roosevelt, apprised in Washington, of the disaster, immediately ordered the navy academy at nearby Annapolis and the navy department to offer all as

(Continued on Page Two)

Jenkins Attends Annual Meeting Of Church Group

Jno. D. Jenkins, chairman of the Board of Deacons of the First Baptist Church here and member of the Board of Trustees of the Florida Baptist Children's Home in Arcadia, attended the annual meeting of the Board of Trustees in Arcadia yesterday.

During the meeting, attended by trustees from all parts of the state, Professor T. M. Johns was re-elected supervisor for the ensuing year and many improvements to the home and grounds were discussed.

The supervisor of the home which cares for 100 children, reported that 1937 had been one of their best years. "The finances and good will of the people," he said, "have kept the home in splendid condition."

In the financial report, Mr. Jenkins stated that it was learned that the Sunday Schools of the state were the chief source of income and also that the Florida W. M. U. S. had supported in a very liberal manner.

New Members Voted Into Sea Scout Body

Four members voted into the Sanford Sea Scout Troop and plans for acquiring water craft for the use of the group were discussed last night at the regular weekly meeting in the Junior High School, according to Clifford Bell, skipper.

The scouts who have an enrollment of 13 members and will soon apply for their charter. It was decided that all boys in the troop would pass their tests for the rank of apprentice seaman as soon as possible.

Included in the group who were voted into the troop last night were James Trawick, Hank Lester, Harry Jameson, and John McElshon.

SURGING JAPANESE DRIVE CHINESE FROM PEIPING

The crushing Japanese army took a firmer hold on North China with the sudden collapse of the Chinese defense at Peiping. The defenders retreated 80 miles to the southwest, leaving the ancient city and its environs without a Chinese soldier in sight. This picture, made before the retreat, shows soldiers of the 29th Chinese army defending historic Marco Polo bridge 14 miles southwest of Peiping. The photo was flown from China and is one of the first pictures of actual combat to reach the United States.

Andrews Attains Amendment Curb To Wage Measure

Recommendation Ad- opted To Exempt Seasonable Labor

WASHINGTON, July 30.—(AP)—
An amendment to exempt Florida's seasonable citrus workers and several other types of labor from certain blanket provisions of the Administration's wages and hours bill, offered here today by Senator Charles O. Andrews of Florida was adopted in the Senate as part of the measure.

Senator Charles O. Andrews, Florida Democrat, however, re-asserted opposition to the wage-hour bill last night despite the adoption of the amendment. "But I'm still against the bill," Andrews said. "We're just trying to put as many patches on it as we can."

Senator Claude Pepper of Florida, a member of the Education Committee, said he would support the amendment.

Franco Sees Plot To Spread Germs Amid Rebel Ranks

By The Associated Press
Charges that international plot (Franco) sought to cause disease epidemics in insurgent Spain were put before General Francisco Franco's military court today.

Two Frenchmen were sentenced to die but Franco ordered their executions delayed until an international commission could investigate whether there was an international plot to loose typhoid and sleeping sickness germs behind insurgent lines.

In the Spanish war itself, two unidentified submarines rose out of French waters to take a prominent freighter with gunfire and left her blazing with 23 of floors and men missing.

Captain Obdulio Castel who reached shore near Mimes, France, in a small boat with 10 of the crew, described how the submarines appeared, one on each side, and for 20 minutes pounded his vessel.

Two government tankers, the La Yoleta and La Zorroza, were also shelled by submarines, but managed to continue their course for Valhala.

Franco charged the alleged poisoning plot was organized in London and involved Englishmen, Frenchmen and Spaniards.

Community Singing Class Will Perform

An auditions of the Sanford Community Singing Class will be held Sunday afternoon at 2:30 o'clock in the Undenominational Tabernacle, according to an announcement made today by Alvey Bailey, president.

The singing will be led by Prof. L. L. Dewey, and E. H. Hayes, of Geneva, and the public is cordially invited to attend. The Irish Times, the only Dublin paper to comment on the

JAPANESE BULLET CAUGHT HIM

Hospital attaches are shown bearing a wounded Chinese soldier from a train at Peiping following severe fighting with Japanese in that vicinity. He and many others were wounded and hundreds were reported killed before the Chinese retreated from the city.

King George Confers With His Prime Minister About Violence In Ireland

LONDON, July 30.—(AP)—Prime Minister Neville Chamberlain spent an hour with King George VI at Buckingham palace yesterday after the monarch's return from a coronation visit to northern Ireland, where terrorism and violence struck a discordant note in the general acclaim.

Indignation over the shooting, dynamiting and arson Wednesday in Belfast and on the Free State border was expressed on both sides of the Irish sea. It was known that Chamberlain and the king discussed Wednesday's disorders among other subjects.

Some authorities said they believed trouble in Ireland had been anticipated, pointing out that the visit of the king and Queen Elizabeth there was much briefer than any other coronation trip. They spent three days in Wales, a week in Scotland and less than 12 hours in Ulster.

The British press was divided between expressions of anger over the northern Ireland demonstrations and the peril to which the king and queen were exposed by being permitted to visit there.

"What next?" demanded the Daily Mirror, "a trip to the borders of Abyssinia? A call on Mr. Gandhi? A visit to Peiping?"

The conservative Morning Post declared, "the civilized world is now so familiar with the notorious character of Irish gangster politics to feel anything but disgust."

The Irish Times, the only Dublin paper to comment on the

Work Continuing On Re-Laying Of Bricks On Street

Slight Delay Caused By Non-Arrival Of Gutter Materials

Although re-laying of the brick on Magnolia Avenue is being slightly delayed until materials for the concrete gutter have arrived, the project will not exceed the allotted time of four months, it was stated today.

A cover, which will lessen the accumulation of water on First Street during heavy rains will also be completed soon. The pipes will continue out to 13th Street.

The complete re-laying of the street will be accomplished with out the need of additional bricks, according to Fred T. Williams, civil engineer, who pointed out how present-day methods differ from those of earlier times.

Magnolia Avenue was laid in 1910, and, according to the custom of the time, the 4 x 3 x 8 bricks were placed on edge with their 3-inch surface uppermost. It was believed at that time that the greater depth from the surface of the sandy base would cause it to be stronger and more resistant to use.

The brick that has been recently taken up will be replaced with the 4-inch surface uppermost, which gives the same number of bricks a greater coverage, and will also create a stronger road surface due to the fact that the pressure from the tires of automobiles will be evenly distributed along a wider surface.

Mr. Williams also said that asphalt would be sandwiched in between the bricks in the place of the sand which was formerly used. He explained that the chief difficulty from the use of a sand filler is that rubber tires pull the sand from between the bricks, eventually causing the entire street to sink.

Two others were arrested in connection with the dynamiting of a Belfast policeman by a crowd that destroyed banners hailing the king and queen. Un-dercharged explosives were discovered under a railroad bridge 15 miles from Belfast shortly before a train was scheduled to pass.

Investigators of the potential had mine that exploded at a warehouse near the route of the royal procession said they believed the terrorists had tried to damage the main Belfast power plant rather than harm the king and queen.

Heavy guards remained on duty and armed officers searched the mountains, although the border between the Free State and northern Ireland was quiet.

SNOW AT NORTH POLE

SOVIET NORTH POLE CAMP (By Radio to Moscow) July 30.— (AP)—The temperature was just frozen yesterday. Snow and fog limited visibility to about 650 feet.

City Accountant H. N. Sayer resumed duties at the City Hall today after an 8-day vacation.

Superintendent of Public Instruction T. W. Lawton will return to his office tomorrow after a vacation at Daytona Beach.

N. O. Garner yesterday was granted permission to tear down the old Ex Klux Klan building on Melbourne Avenue.

(Continued on Page Three)

Groups Rally To Push Wage Hour Measure

Labor Throws Its In- fluence In Opposi- tion To Legislation Affecting Workers

Measure Was On a 'Desirable' List

Defeat Would Rank In Gravity Second Only To Court Reversal

WASHINGTON, July 30.—
(AP)—Two determined
groups rallied today around
administration leaders trying
to push the wage-hour legisla-
tion through Congress be-
fore the session ends.

A non-partisan group of
House members headed by
Representative Healey of
Massachusetts, Democrat, was
organized to stave off adjourn-
ment until the labor standards
bill is passed.

William Green, president of the
American Federation of Labor,
threw his influence against the
move which gained headway in
the Senate late yesterday to re-
turn the bill from the Senate
floor to the labor committee.

Labor's influence had been
counted upon heavily to put the
bill across, and many legislators
expressed belief the measure is
now in jeopardy. For Adminis-
tration forces, who have urged
the measure high on their "desir-
able" list, a defeat would be
second only in gravity to their
reversal on the court revamping
bill.

John P. Free, president of the
A. F. of L.'s postal trade de-
partment, disclosed he had asked
a number of senators to delay
consideration of the wage-hour
bill until next year.

While he favors the wage and
hour provisions, he said, he is
opposed to the powers the bill
would give a proposed adminis-
tration.

Local Jaycees Will Attend State Meet

Four delegates from the San-
ford Junior Chamber of Com-
merce will attend the mid-sum-
mer conference of Florida Jay-
cees in Daytona Beach, according
to Edward Kirchhoff, president
of the local body.

Features of the conference will
be a consideration of whether or
not the state organization should
employ a full-time secretary, and
a discussion of many state proj-
ects.

Among those from Sanford
who will attend are Henry White,
Jr., Edward Kirchhoff, Harry
Bradham, and E. E. Lacey.

DeLand Will Study Trailer Camp Idea

DELAND, July 30.—DeLand
City Commissioners recently ap-
pointed three members of the
board to investigate the expedi-
ency of spending \$5,000 to build a
modern municipal trailer camp.
They will render a report Sat-
urday. If the expenditure is ap-
proved, work will begin at once,
the camp to be completed in time
for early tourists this fall.

CITY NEWS BRIEFS

Circuit Judge Edward B. Smith
was in Sanford today on official
business.

City Accountant H. N. Sayer
resumed duties at the City Hall
today after an 8-day vacation.

Superintendent of Public In-
struction T. W. Lawton will re-
turn to his office tomorrow after
a vacation at Daytona Beach.

N. O. Garner yesterday was
granted permission to tear down
the old Ex Klux Klan building on
Melbourne Avenue.

R. L. Robertson, of the San-
ford clinic, left yesterday for
North Carolina where he will
be attending a conference.

Sanford Game With Deland Reds Called

Patterson's Outfit Comes To Sanford To Clash With Lookouts In Game Tonight

Daytona Beach Islanders Defeat Saints While Gainesville Downs Palatka In Only Games Played

The game between the Sanford Lookouts and the Deland Reds in Deland last night was called off because of rain. Managers "Haw Meek" Rodgers and Pat Patterson talked things over and decided not to play the game. The game will be played on Aug. 15.

Owen Wright was due to be on the mound for the Lookouts with Lefty Harper was slated to start for the Deland Reds. Wright has been able to get to Wright this season. Wright has won every time he has pitched against the Reds.

The Lookouts will play at their own field tonight, entertaining the Deland Reds in the last game of their two-game series. Probably Wright and Harper will start the game. Harper is a young southpaw and has earned in some past pitching for the Reds this season. Wright has won fourteen games and lost six this season.

Daytona defeated St. Augustine in one of the only two games played in the league yesterday. The Islanders got nine hits good for six runs off Davis, pitcher for St. Augustine. Charkey on the mound for the Islanders allowed the Saints but four hits and received a credit for a shutout win. Rufus Jackson pitched out a long trip to the eighth with the bases loaded. Buck Rodgers, former Sanford second baseman and son of Bill Rodgers played second base for the Saints.

In the other game played, Gainesville defeated Palatka 3-1. This win left Sanford's chances of getting the league lead back open. Until last night, Sanford was one game out of first place. Right now Sanford is two games out of the lead and is fighting hard to work away the gap between it and the G-Men.

Blind Student May Coach Blind Teams

FULLMAN, Wash., July 30. (AP)—Chauncey Rahn, 22-year-old Washington State college student, has an almost clear field in his chosen profession. He wants to be a blind athletic instructor for blind students.

Rahn, with 6 percent vision in his right eye only, is well on the way toward his goal. He was graduated from the Vancouver (Wash.) school for the blind.

Althetically, he specializes in the 100-yard dash and the high jump.

Double Bill To Be Played Tomorrow

The Sanford Lookouts and the Gainesville G-Men will play a double bill at the Sanford Municipal Athletic Field tomorrow. The first game will be played at 3:00 o'clock and the second game will begin at 8:15 o'clock tomorrow night. These two games will probably decide whether or not Sanford will be back on top of the league soon. Sanford is two games out of first place trailing the G-Men. If both teams win tonight, a double victory would place the Lookouts in a tie for first so all Sanford fans should be on hand for these important games tomorrow.

Schedule Of Coming Games

Friday, July 30—Deland at Sanford, 8:15 P. M.
Saturday, July 31—Gainesville at Sanford, 3 games, 3 P. M., and 8:15 P. M.
Monday, August 2—Sanford at Palatka, 1 game, 3 P. M., and 8:15 P. M.
Tuesday, August 3—Palatka at Sanford, 11 P. M.
Wednesday, August 4—Sanford at Leesburg, 8:15 P. M.
Thursday, August 5—Leesburg at Sanford, 8:15 P. M.
Friday, August 6—Orlando at Sanford, 8:15 P. M.
Saturday, August 7—Sanford at Orlando, 8:15 P. M.

Bugle Corps To Try For Crosby Memorial

SPOKANE, Wash., July 30. (AP)—Bing Crosby, crooning race track tycoon, is planning a memorial.

The memorial, he recently advised the American Legion post here, will be in the form of a trophy to be competed for annually by legion drum and bugle corps of the Department of Washington.

The trophy will memorialize Raymond Harrigan, Crosby's cousin, who lost his life in the world war.

Rollins Selects Alex Waite To Be Assistant Coach

Former Star Athlete To Leave Job At Duke University

WINTER PARK, July 30.—Again Rollins College has reached into the Carolinas to find a football coach. This time the selection is Alex Waite who is leaving a job under Wallace Wade at Duke University to join the Rollins Staff in the Fall as an assistant to Coach Jack McDowell and to teach in the Department of Psychology.

Waite, who made a name for himself as an all-around athlete in football, basketball, track and swimming at the University of South Carolina between 1919 and 1923, being captain of the football, track and swimming teams in his senior year, has been an assistant to Wallace Wade at Duke for the past six years. Formerly he coached at Asheville High School, first in 1923, and later from 1926 to 1931. He has also coached at the University of Texas from 1924 to 1925, and at Brockensridge High in San Antonio, Texas, in the year 1925-26.

But Waite is much more than a football coach. He was an outstanding student at South Carolina where he received his A. B. degree in 1922, and for the past six years he has pursued graduate studies in psychology and education in 1934.

Waite will be tied up with coaching responsibilities at Rollins in the Fall term but will become a dignified instructor of psychology in the Winter and Spring terms, the same schedule with his colleague, Jack McDowell.

The particular job McDowell will assign to his new assistant in the Fall will be to develop the line of the Tar's squad. The Rollins team which won seven of its eight games last season, has bright prospects for the coming season. Waite will probably also take over the development of the freshman squad.

Jack McDowell, former North Carolina State star, has long been an admirer of Waite's ability as a line coach and a scholar. Both coached at Asheville High and both studied psychology and education at the graduate school at Duke University. McDowell has been highly successful as director of athletics and coach at Rollins since he took charge in 1929.

Double Bill To Be Played Tomorrow

The Sanford Lookouts and the Gainesville G-Men will play a double bill at the Sanford Municipal Athletic Field tomorrow. The first game will be played at 3:00 o'clock and the second game will begin at 8:15 o'clock tomorrow night. These two games will probably decide whether or not Sanford will be back on top of the league soon. Sanford is two games out of first place trailing the G-Men. If both teams win tonight, a double victory would place the Lookouts in a tie for first so all Sanford fans should be on hand for these important games tomorrow.

Schedule Of Coming Games

Friday, July 30—Deland at Sanford, 8:15 P. M.
Saturday, July 31—Gainesville at Sanford, 3 games, 3 P. M., and 8:15 P. M.
Monday, August 2—Sanford at Palatka, 1 game, 3 P. M., and 8:15 P. M.
Tuesday, August 3—Palatka at Sanford, 11 P. M.
Wednesday, August 4—Sanford at Leesburg, 8:15 P. M.
Thursday, August 5—Leesburg at Sanford, 8:15 P. M.
Friday, August 6—Orlando at Sanford, 8:15 P. M.
Saturday, August 7—Sanford at Orlando, 8:15 P. M.

Survey Shows Rise In Drinking Girls

NEW YORK, July 30. (AP)—Young women drink less regularly in smaller amounts than young men, they incline more to mixed drinks, do less drinking in bars and restaurants and are more likely to drink because "others do" but their taste for hard liquor is about the same as the young men's and they have increased their drinking in the last two years, more than the young men. These were among the results of a study conducted by the Federal Bureau of Investigation, which surveyed drinking habits.

AMERICANS RECLAIM DAVIS CUP AT WIMBLEDON

Having won possession of the coveted Davis cup for the first time in 10 years, the United States tennis team is shown leaving the courts at Wimbledon, England, with the trophy after their 4-1 defeat of the British. Left to right: Don Budge, Frankie Parker, Walter Pate, non-playing captain, who is holding the cup; Bitzy Grant of Atlanta, Ga., and Gene Mako. This picture was radioed from London.

Round Trippers By Dickey And Gehrig Give Yankees Win Over Detroit Tigers

Dickey's Homer With Two Men Out Gives New York Club Victory In Ninth Inning

NEW YORK, July 30. (AP)—The Yankees did it with home runs yesterday and whipped the Detroit Tigers 7 to 6, to take the odd game of their current series.

Afflicted once again with faltering pitching, Murderers' Row produced on its specialty, particularly the four-base wallop Bill Dickey parked in the Tiger bullpen with two out in the ninth inning to break a tie and win the ball game.

That was Bill's 17th round-trip blow of the season. Earlier, Lou Gehrig kept the Yanks in the ball game by smashing out his 19th of the year with Joe Di Maggio aboard in the fourth frame.

Aside from those two round-trippers, the Yanks did everything but lose the ball game. They collected only seven hits off the combined pitching of "Poo" Poffenberger and Ruzia Lawson, the latter being charged with the defeat, while the Tigers banged Monte Pearson and Johnny Murphy for a dozen safeties. Murphy, who took over when Pearson was belted out in the fifth, received credit for the victory.

Featuring the Tigers' attack was a homer by Rookie Chet Laubs with a mate on base in the second inning.

The Yaper got away to a three-run start in the first inning, on a hit batsman, two walks, Red Rolfe's single, Dickey's fly-ball and Billy Rogell's error. The Tigers pulled up to a tie by the second, however, scoring one in the first on three hits, and two more in the second on Laubs' home run.

The Yanks added two more in the fourth on Gehrig's circuit singles by Jake Powell and Tony Lazzari, and Myril Hoag's ground-out, and another in the fifth on er. The Tigers came back to tie again in the sixth with a two-run rally, featuring Goose Goall's pinch-double, after getting one tally in the fifth on Hank Greenberg's double.

Things went along then until Dickey broke up the ball game in the final chapter.

The defeat dropped the Tigers back into third place after a one-day stay in the runner-up spot.

Junior Lookouts Are Defeated By Georgia Crackers

The Sanford Junior Lookouts overpowered the Georgia Crackers for their eighth win recently in a tight game with a score of 14 to 12.

The Lookouts was Hughie Wheelchel. On the mound for the young warriors, recreational supervisor of the Works Progress Administration, who sponsors the games.

Included in the lineup for the Cracker were: Ralph Betts, second base; W. E. Betts, third base; Hughie Wheelchel, pitcher; Al Brock, center field; Singletary left field; Gene Singletary, first base; and Joe

There are more than 1,000 asteroids, or minor planets, revolving around the sun. Gambrinus, a mythical Flemish king, is credited with the first brewing of beer.

Solon Sees War If U. S. Enforces Its Neutrality Laws

Says Country Could Be Involved With Both Japan And China If Act Is Carried Out

Japs Continue To Bombard Chinese Heavy Shelling Adds To Panic Among Citizens Of Tientsin

WASHINGTON, July 31.—(AP)—Senator Lewis, Illinois Democrat, said the United States could be at war with China or Japan or both "within an hour" if it complied with demands for immediate enforcement of the neutrality law.

He made the statement to the Senate in discussing recent demands that the United States enforce the neutrality law against Japan and China as it is doing against the Spanish civil war combatants.

Plans Completed For Broadcasting By County Talent

Plans were completed today for the Seminole County "Good Neighbor" program to be presented over radio station WDBO on Aug. 2, from 11:15 o'clock to 1:30 o'clock. It was announced today by Ralph Bagwell, secretary of the Seminole County Chamber of Commerce.

Russi Sisters Are On Townsend Program

The Russi Sisters will appear on the program of the regular monthly supper of the local Townsend Club to be held next Friday night at 7:30 o'clock.

MAIL PLANE DOWN

BREKIN, July 31.—(AP)—Engine trouble caused a German Luftwaffe mail plane to land on the sea 125 miles off the West African coast yesterday.

Company D Wins Davis Trophy For Machine Gun Fire

Local National Guard Unit Gains Honor In Camp Competition

The Fred H. Davis trophy, offered annually to the winner of a machine gun competition while at National Guard camp, was captured Wednesday by Sanford's Company D, 124th Infantry, First Battalion of the Florida National Guard, according to information received here today from Fort McClellan, Alabama.

Although Company D had not been victorious in recent years, Captain Harold Washburn, commanding officer of the group, had hoped to attain the honor at this year's camp.

The firing team for the winning company consisted of Second Lieutenant P. M. Vickery, Corporal squad leaders Clyde Tanner and Frank Ray, and the following privates: Byron Fox, Britt Raburn, William Owen, Owen Ferguson, Robert Goodlow, Ralph Monger, Jack Denton, Otis Badger, Herman Echols, and Ward Kendall.

Commanding officer for the machine gun section was Second Lieutenant Karl Nordgren, with private William Glenn, and Sergeant C. B. Schirard, as runners.

Dutch Queen Opens Boy Scout Jamboree

VOGELZANG, Netherlands, July 31.—(AP)—Queen Wilhelmina opened today the fifth Boy Scout world jamboree with 29,000 scouts from 21 countries standing rigidly at attention.

Children On Program Of Salvation Army

The young people of the Salvation Army will take a prominent part in all meetings Sunday and music will be furnished by the string band.

TWO DIE, TWO MISSING, 150 IMPERILED IN SHIP FIRE

J. R. Polkoff, an attorney of Aiken, S. C., and an unidentified member of the crew were imperiled by an explosion and fire that destroyed the Chesapeake Bay liner, City of Baltimore, en route from Baltimore to Norfolk, Va. The smoldering hulk of the vessel is shown beached on Sandy Shoals 14 miles southeast of Baltimore. Standing by are police and fire boats.

Georgia Governor Blames Hurley In Escape Epidemic

Refusal To Grant Extradition Given As Cause Of "Breaks"

ATLANTA, July 31.—(AP)—As officers pursued the third band of fugitives to break from Georgia changings this week, Governor E. D. Rivers sent a letter to Governor Charles F. Hurley of Massachusetts blaming his refusal to extradite an escaped convict for the situation.

Rivers wrote Hurley that the extradition refusal has resulted in "many prison breaks" this week with the reported showed determination on the part of those escaping to make their way to Massachusetts in order to be safe from return to Georgia.

CITY NEWS BRIEFS

Approximately 60 boys will return from Camp Winona this afternoon, as the camp ends its twelfth session.

Mrs. W. J. Morrison received word today that her parents, Mr. and Mrs. Cummer, of Palatka died this morning.

The regular weekly meeting of the Woodmen of the World was held last night at the Odd Fellows Hall. J. G. Sharon stated today.

T. W. Lawton, superintendent of public instruction for Seminole County, returned to his office today after two weeks vacation at Daytona Beach.

The Municipal Court session which is regularly held on Monday afternoon has been postponed until Tuesday, Police Chief Roy G. Williams reported today.

The Rev. W. P. Brooks, Jr., pastor of the Baptist Church, has returned from a trip to Forsyth, Ga., and Blue Ridge, N. C. He was accompanied by his wife and mother.

The Seminole County Commissioners will meet in the Court House Monday at 10:00 AM for their regular monthly meeting. O. P. Herndon Clerk of the Circuit Court reported today.

W. E. Kirshoff, Jr., left this morning for Tallahassee.

FRIENDLY YACHTING ENEMIES

On the eve of the contest that matches their craft in the classic of all yacht races, Harold S. Vanderbilt (left) and Tom Sopwith came together for a friendly chat. Vanderbilt's American cup defender, the Ranger, and Sopwith's Endeavour II, the British challenger, start the historic races July 31.

Three Prisoners Shot Way Out Of Georgia Jail Camp

LA GRANGE, Ga., July 31.—(AP)—Three prisoners shot their way out of a Georgia changings yesterday and later commandeered the new automobile of a prominent young woman to continue their flight.

Miss Katherine Parsons, district supervisor of State child welfare work with headquarters in Columbus, Ga., reported last night the trio forced her machine to the side of a highway, and left her to hitchhike to Thomaston.

Warden L. E. Bowles, in Atlanta, when the escape occurred, said the trio led by Vincent T. Baker, many times a changings fugitive, sawed a bar out of a hull-pon and raided the prison camp arsenal.

He said they were armed with a shotgun, a rifle and two pistols with plenty of ammunition. They shot Claude Robinson, an unarmed guard in the leg when he entered the arsenal to investigate.

Besides her car, Miss Parsons reported the loss of money and baggage. She said the escapes pulled aboard her machine and threatened her with their guns.

Before they left they told her she could "catch a ride with a car we passed a while ago if you don't care to ride with us."

Bowles listed the other escapes as William Rose, 25, under 40 to 50-year sentence and Deman McKeenan, 18, serving a short car-larceny term. Yesterday, three escapes brought the week's total missing from Georgia changings to eight.

Plans Launched For New Union Of Laboring People

Group To Battle Both CIO And American Federation Of Labor

HERSHEY, Pa., July 31.—(AP)—Plans for a national federation of "independent" unions were projected into America's labor picture yesterday.

Eighty delegates, described as from more than a dozen states, gathered behind closed doors at the call of the independent chocolate workers of Hershey.

One leader unofficially made plain the Federation will battle both the American Federation of Labor and John L. Lewis' Committee for Industrial Organization, for members.

Attorney J. F. Traynor of Rochester, N. Y., who said he was legal representative of several independent unions there, said:

"The independent unions throughout the United States and workers not represented by any union must have a vehicle sufficiently strong to impress the National Labor Relations Board."

"At present, the representatives of an independent union, regardless of the percentage of total workers represented, have a double burden when either the CIO or the AFOL are in the picture before National Labor Relations Board representatives."

Another of those present asserted there were 40,000,000 American workers "who either are not organized or who are members of unaffiliated groups."

He said the new organization—the "third national labor union"—would center its efforts upon that group.

Registered for opening sessions were persons listed as representatives of unaffiliated groups in New York, New Jersey, Pennsylvania, Maryland, Ohio, Delaware, Maryland, Indiana, Michigan, Illinois and the New England States.

Hershey, raised by Milton S. Hershey from what once was a cornfield near his boyhood home, is a normally quiet little town of 3000, thronged by tourists and visitors attracted by its five golf courses, its swimming pools, its palatial hotel, its palace, park and zoo.

Last April dairy farmers and others forcibly evicted CIO sit-down strikers from the Hershey chocolate factory. The company has a contract with both the CIO and the unaffiliated group. The CIO was defeated, two to one, in an employe election.

DEST TO NEW HIGH
WASHINGTON, July 31.—(AP)—The public debt increased \$50,075,511 on July 28 to a new record high of \$366,707,757,744.

Defeat Is Seen For Wage-Hour Bill In Voting Late Today

Loyalists Report Revolt Spreading Amid Rebel Ranks

Discontent Is Said To Be Mushrooming In To Open Rebellion

HENDAYE, Franco Spanish Frontier, July 31.—(AP)—Spanish government sources today asserted a revolt is spreading through the insurgent rearguard.

They declared the discontent has mushroomed into fighting with Generalissimo Franco's forces at Morfif and Malaga on the southern coast.

The outbreaks are said to be similar to that which the government previously reported within ancient Granada, another southern Spanish city.

However, an insurgent radio announcement flatly denied the Government's reports of discord within Franco's troops.

"Tranquillity is complete along the Madrid front, but we must not forget that after the calm comes the storm," the radio announcer said. This was taken to mean Franco plans another drive on Madrid.

Both government and insurgent headquarters reported in insurgent victory in Eastern Spain.

Commission To Study Administration In Turbulent Palestine

GENEVA, July 31.—(AP)—Britain's request for immediate discussion of its Palestine partition plan was rejected yesterday by the League of Nations mandate commission, charged with reporting on the plan to the League council.

The commission, which began its hearing yesterday in an atmosphere tense with the animosity of Jews and Arabs to the partition project, decided instead to proceed to a study of the Palestine administration during the last two riot-torn years.

It was decided privately after a public session that the commission later will begin examination of the report of the British royal commission, which recommended establishment of a Jewish state and an Arab state in Palestine, these to be separated by a British corridor including the holy cities of Jerusalem and Bethlehem.

Price Increases Are Announced By Ford

DETROIT, July 31.—(AP)—The Ford Motor company announced price increases of \$15 to \$35 on several passenger models in its 1937 line. A formal statement attributed the move to "rising costs."

The base price of the Ford line remains unchanged, a spokesman said. Five passenger car models and the entire truck and commercial series will continue to sell at existing prices. The revised schedule becomes effective Monday.

Automotive manufacturers generally, some of them beset by labor difficulties as well as by higher material costs, have discussed informally the possibility of increased sale prices in connection with new 1938 models.

The Ford company became the first to announce a definitely revised schedule, effective in 1937.

Senate Rejects Proposal To Exempt Employees Paid On Commission Basis

Southern Solons Carrying Attack

Pat Harrison Shouts Measure Would Be Business Ruination

WASHINGTON, July 31.—(AP)—The Senate rejected today "a it neared a vote on the Administration's wage and hour bill a proposal to exempt from the provisions, employees paid on a commission basis. The amendment, offered by Senator Davis, Pennsylvania Republican, who argues that many workers obtain only a few days employment at irregular intervals and would be handicapped by wage and hour regulation.

A vote on the much debated bill is due late in the afternoon. Opponents of the measure said they felt sure the bill would be killed and added it would be the second major defeat for the President recently.

The Senate's rejection of the President's reorganization bill was the first major defeat for the administration.

Led by Senator Harrison of Mississippi, a candidate last week for majority leader, and Senator Smith (D-SC), the Southerners almost to a man banded together in an outright revolt against the measure.

Harrison shouted that the bill would set up a labor standards board which could destroy "business, large and small, by its administrative fiat."

Smith declared the measure is intended to "check the inevitable rise of the South from the lowly condition in which the War Between the States left it."

"If South Carolina living conditions are so kindly," he said, "that it takes only fifty cents a day to live reasonably and comfortably, and in New England it takes a dollar and a half, then must we raise the wages in the South to a dollar and a half?"

"Why don't we call in God and tell him to stop this business?" (Continued on Page Two)

Florida Tobacco Prices Increase

LIVE OAK, July 31.—(AP)—Tobacco sales increased here yesterday with a slight rise in price.

Stanley N. Reeves, sales supervisor, said 332,000 pounds were moved at a price of \$24.50 per 100 as compared to 312,000 pounds Thursday at \$24.15.

He said the market looked stronger than when it opened three days ago, especially in the medium grades.

By midnight, he said, 800,000 pounds would be on the "warehouse floor for sale Monday and Tuesday."

Sales so far this year have averaged the same as last year, he said.
