

Sanford Postmaster Cecil Heard said today that post offices will be on holiday schedule Wednesday, Veterans Day, and Nov. 26, Thanksgiving Day. Post offices will be closed; there will be no regular mail deliveries.

Most of us are reveling in the glorious weather of recent weeks (you know, the ones AFTER the hurricanes!). This is the type living that we tell our friends "up north" about. But not everyone is happy as the thermometer soars around the 75-80 span. Had you ever thought of the merchants whose racks and shelves are loaded with winter stock? Here it is the season when he should be "going great guns" making people happy with new garments that are stylish and that in the "cold" weather will keep them warm. But the ladies are still wearing cottons and the men are comfortable in shirt sleeves. So, not ALL of the fine folks hereabouts are delighted with the "unseasonable" weather.

Well, come to think of it, we can shed a tear for the automobile dealers, too. In a year when literally millions of us Americans are convinced that nothing short of the latest—the very latest—automobile style will satisfy us, what happens? The men who make the appealing vehicles decide that this is just the time to strike and go fishing. Maybe the so called BIG THREE manufacturers can weather the storm that will melt their profit potential for the year, but pity the "little" fellow who sells and services these cars for a living. How do you pay the help, the rent, the lights—and the myriad other expenses when there just isn't any income? Deserving people lose their jobs because the firm can't carry such non-productive expenses. And the other types of merchants all over the land are feeling THAT pinch, too. As the budget of the unemployed is whacked to meet the reduced income—or living out of savings. And so in the economic climate of willing buyers who even in the soft goods field have upped the volume by five percent this year, the "big ticket" items in the hard goods lines are not even available. Ask your friend, the auto dealer how HE feels about this.

Many patriotic people answer the criticism in this column that they did not have their American flags flying on election day by pointing out that in the morning when the colors were supposed to go up (and then down to half mast), the weather was quite inclement. Flag " etiquette" says that the colors are not to be flown in inclement weather. So—few flags were waving on election day. Of course, we hear that later that night some of the Democrats did some flag waving!

Petitions qualifying Longwood council chairman R. C. Carlson and former councilman Jim Reiter as candidates for council posts open in Dec. 1 elections were turned in Friday. Petitions are out for Mrs. B. R. Gray as city clerk and Gray as tax collector.

The Merchants and Professional division of DeBary Chamber of Commerce will meet at 7:30 p. m. Tuesday in the conference room of the First National Bank of DeBary. Members are urged to attend.

A potluck supper is planned for Nov. 19 by the Minnesota Club at the First Federal Savings & Loan Association, Church and Magnolia, Orlando. Supper will be served at 6:30 p. m.

A yen for wine was satisfied over the weekend when a thief made off with three cases of wine from the Hole-in-the-Wall Tavern, 122 W. 13th St., early Sunday morning. An undisclosed amount of money was also taken, police report.

NEARLY 50 PER CENT of the goal of the 1965 United Fund drive has now been reached, as pointed out by James Kinsey, chairman of the Seminole Plaza United Fund committee. Totals to date have reached \$19,432.13, with closing date set for Thursday. The chart shown in this photo is located in the Seminole Plaza shopping center. Little Jimmy Kinsey is mainly interested in the photographer. (Herald Photo)

2nd Mariner Mars Launch Next Week

CAPE KENNEDY (UPI)—America's second Mariner Mars probe is tentatively scheduled for launch on Nov. 17—two weeks before Mars moves out of shooting range for two years.

Grocer's Death Is Accidental, Autopsy Shows

Edward Flowers, 48-year-old Sanford grocer, died late Friday night after being involved in a bar fight at Cloud 9 near DeBary.

Shriners Help Fire Victim

Local and area Shriners have come to the aid of a two-year-old Negro girl, critically burned Friday afternoon in a car fire which claimed the life of another tot.

Two Admirals Tour Air Base

Farm Census Enumerators Are Named

Enumerators have been named in Seminole County for the 1964 agriculture census, crew leader P. R. Pierson said today. Enumerators in Seminole belong to a force of some 23,000 throughout the nation for this year's census.

Enumerators will locate every farm within a district, determine if the operator of the farm has completed a questionnaire mailed by the Census Bureau, explain any unanswered questions and deliver the forms to the Bureau. The census is taken every five years to obtain information on the nation's agricultural resources and production. Information will include the number and size of farms, acreage and harvest of crops, livestock, inventory, equipment and improvements, farm products sold and some production expenditures. Farmers will also be questioned on use of fertilizers, insecticides and herbicides.

Census enumerators in Seminole will include R. W. Ruprecht, Mrs. Jannie Gray, E. D. Alexander, Mrs. Gurtrude Lukas and Charles Lamb.

Ouster Talks By Communists Near Conclusion

MOSCOW (UPI)—The Communist summit talks on the ouster of Nikita S. Khrushchev headed toward an end today, but informer sources said the Soviets might soon announce agreement to continue private conferences with Communist China.

Reds Want Jets

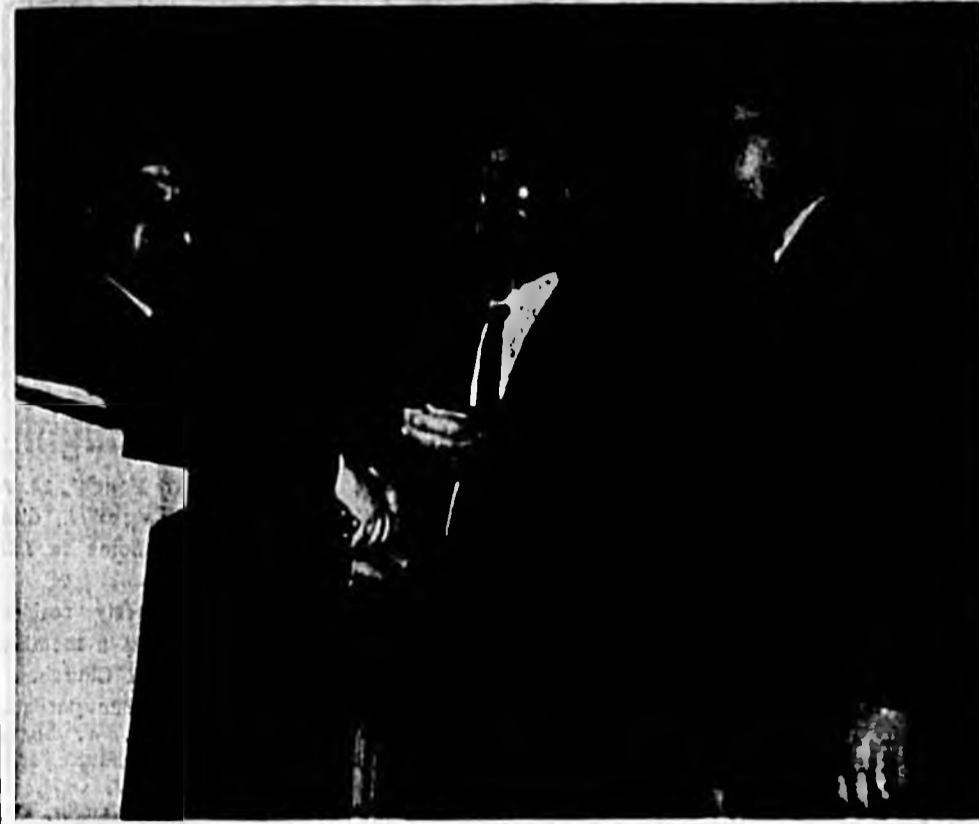

LONDON (UPI)—Communist China wants to buy long range jet planes from Britain to operate a direct route to Cuba through Pakistan and Africa, it was learned today.

By Smathers

Cabinet Aides Summoned To LBJ Ranch

JOHNSON CITY, Tex. (UPI)—President Johnson opens top-level talks on defense plans and foreign policy today with cabinet officials summoned to his LBJ Ranch from Washington.

Defense Secretary Robert S. McNamara and Deputy Defense Secretary Cyrus Vance were expected to arrive at the ranch at 3 p. m. (CST) to talk about the size of the military establishment and the department's spending priorities.

Secretary of State Dean Rusk and McGeorge Bundy, presidential assistant on national security affairs, will arrive Tuesday at the ranch, where the President has spent the past week.

Acting Press Secretary Malcolm Kilduff said McNamara and Vance were expected to stay overnight at the ranch and join the foreign policy session Tuesday.

Kilduff said "the whole gamut of defense matters and foreign policy" would be covered in the talks.

The President wants to keep the budget below the \$100 billion mark in the next fiscal year. Half of the current \$97.3 billion federal spending goes for defense, and the President's conversations with McNamara and Vance will include ideas on defense economy.

The foreign policy talks are expected to center on the stalemate in Viet Nam, the rift in the Atlantic alliance over development of the multilateral nuclear force and the forthcoming meeting of the United Nations General Assembly.

Florida Mother Wants Mother

LONDON (UPI)—Mrs. Diane Davies of Hallandale, Fla., called her mother over when her baby wouldn't stop crying.

Her mother, Mrs. Eloise Conroy, lives in Bournemouth, England.

The call cost 15 pounds (\$43) and the subsequent flight ticket another 200 pounds (\$500). But Mrs. Davies, a former beauty queen and now wife of swimmer and Miami hotel swimming instructor John Davies, needed her mother's aid. "I can't stop baby crying," London papers reported her as telling her mother.

So Mrs. Conroy, a mother four times over and a grandmother once more than that, took off from London Airport with her English equivalent of Dr. Spock's Baby Care book.

Said Mrs. Conroy: "I suspect she was a bit homesick as well, but I'm not worried about her. I just think she wants a bit of motherly advice."

Parson's Prayers Provoke Protests

SANTA FE, N. M. (UPI)—The Rev. William F. Crews will be back in the state legislature next year, offering prayers that sometimes raise eyebrows and protests.

In the past, members of the New Mexico House of Representatives have charged that the minister mixes a little par-

Masons Invited To Join Club

By Mildred Haney Program for the next meeting of the High Twelve Club of Deltona, to be held Wednesday, is to be one of much importance.

The club wishes to make it clear to all Masonic members in the area that the charter is still open for charter membership and will remain so until the gathering at Stetson University Union Building Saturday.

Plans for the Charter Night party are virtually complete. A catered dinner will open the festivities with Florida State High Twelve officers in attendance.

Joseph Wickham, Oriental Guide of Bahia Temple, Mystic Shrine, will be master of ceremonies. The speaker is a well known Deltona personality.

Thomas Crammer (1533) was the first Protestant Archbishop of Canterbury.

Legal Notice

NOTICE FOR BIDS The Board of County Commissioners of Seminole County, Florida, will receive bids at the office of Arthur H. Beckwith, Jr., Clerk in the Courthouse at Sanford, Florida, up to 4:00 p. m. Monday, November 23, 1964, for furnishing the following materials during the twelve-month period ending December 31, 1965:

Parson's Prayers Provoke Protests

Almighty God, we who spend \$10,000 for a bus so our children will not have to walk and then budget \$200,000 for a gymnasium so they can get exercise, do not seek your guidance in all matters financial."

"Put far from their (the legislators') minds the vested interests of particular counties and give them a vision of the Republican process of government so that by their action in vote they do not make a lie of our representative system."

That one almost caused his expulsion, but Crews said his chaplain's job was to represent the conscience of society through prayer.

Crews, a 1953 graduate of the University of Oklahoma, said his prayers in the legislature have brought no adverse comment from his Santa Fe congregation at St. Bede's Episcopal Church.

Legislators may expect to hear more prayers like one he spoke in the special 1964 session on state finances. That one caused such a fury, many legislators left the assembly hall.

City Board Faces Full Agenda

Sanford's City Commissioners face a busy schedule today with two meetings slated. The first is at 10 a.m. with the marina engineers and a regular commission meeting at 8 p.m. in City Hall.

At the 8 p.m. session, commissioners will consider the transfer of funds to cover the loss of \$4,400 in parking meter revenue which will be incurred when downtown parking meters are covered for 90 days as requested by the Sanford Merchants Association.

Other items on tonight's agenda include consideration of the monthly pay estimates of the water improvement program; consideration of a county assessment for taxes on municipal industrial park property.

English Driver Makes Hole In 1

SANWICH, England (UPI)—An unidentified driver landed in a bunker near the 11th hole on a golf course in this town of Wright community — and couldn't get out for hours. The embarrassed motorist drove onto the golf course with his car in the dark by mistake. It fell into a 15-foot deep sand-trap.

Report of the status of school traffic crossing problems; report on status of combined county-city voting procedures; a second reading of a rezoning ordinance.

At the 3 p.m. session, commissioners will meet with marina engineers on various points, policies and plans in order to proceed with the engineering report.

To Visit RAM

Frank DeBarnio, district grand deputy high priest of Florida Royal Arch Masons, will make his official visit to Monroe Chapter 15, Royal Arch Masons, at 7:30 p.m. Tuesday at Masonic Temple.

Battle Memento Has Only Cash Value For Yeggs

NEW YORK (UPI) — As a memento of battlefield honor and courage, the Seventh Regiment's book of remembrance had sentimental value not assessable in terms of money. But its gold-burnished, jeweled cover was worth \$75,000 and it, therefore, fell prey to men more impressed by wealth than valor.

Two hooded gunmen sneaked into the regimental armory off Park Avenue Sunday, handcuffed a guard and battered open the case containing the book enshrining the names of the regiment's 810 war dead. They ripped the cover from the volume and fled, leaving the book itself amid splinters of glass on the floor. A 21-inch gold-threaded bookmark also was stolen.

Charles Searcy Funeral Today

Funeral services for Charles Blanchard Searcy, 76, of 693 Markham Road, Longwood, who died Friday, were held today at Christ Episcopal Church with Rev. Charles W. Stewart officiating.

Born March 17, 1888, in Longwood, Searcy was a former member of the Seminole County Commission and a former clerk for the city of Longwood. He was a retired ACL agent, a Mason and a member of Christ Episcopal Church.

Survivors are his wife, Mrs. Berta Searcy of Longwood; sons, John of Ft. Lauderdale and Charles B. Jr., US Navy, San Diego, Calif.; daughters, Mrs. Mary Lav of Longwood and Mrs. Charlotte Voorhies of Eugene, Ore. and eight grandchildren.

Garden Club Has Party

By Margaret Coshy

The North Orlando Garden Club held its annual Halloween Party at the home of Mrs. Ewrightson Harville, 81 N. Third St., with some 20 members and their husbands attending, all in costume.

Traditional games were played such as searching for your own shoe, opening dainty packages while wearing clumsy work gloves and dunking for apples.

Prizes given for most original costume went to witch Jane West, ugliest, Jack the Ripper, dripping blood, Jack West, and most original, Urban Jack Blanton.

The rooms were decorated in colorful streamers, skeletons, ghosts and goblins, and refreshments served also were in the Halloween theme.

Experts Probe Fatal Air Crash

GOOSE BAY, Labrador — (UPI) — Some 35 U. S. aviation experts arrived today to begin an inquiry into the weekend crash of a U. S. Air Force transport that killed all seven crewmen aboard.

The crash specialists, consisting of Air Force officers and a dozen civilians, will piece together the charred wreckage of a giant C-133 Cargomaster that crashed seconds after takeoff Saturday.

The Air Force plans to attempt recovery of the remains of the seven victims.

Russia, today, is only one of 16 republics which make up the Soviet Union.

Love Conquers All; Couple Finally Married

NEW YORK (UPI) — Love always finds a way, and an American couple paved it Sunday to help write the final chapter in the romance between a non-Jewish British girl and her Israeli Romeo.

Hym Menasha Frenkel, 23, and Dianne Brandon, 26, were married Sunday night in a typical Jewish traditional religious ceremony in the home of Rabbi Louis Newman here.

Attending the ceremony were retired clothing manufacturer

Jack Spitzer, of Englewood Cliffs, N. J. and his wife, Lucille. They supplied the \$1,000 bail to get Frenkel out of jail where he had been ordered by U. S. Immigration and Naturalization Service officials.

Not attending the ceremony was the bride groom's mother, Mrs. Anne Frenkel, wife of an Israeli industrialist. She got her son into jail in an attempt to prevent his marriage to a non-Jewish girl.

The Spitzers, who read of Frenkel's plight in a local newspaper, had a special interest in the case because theirs is a mixed marriage, too. Spitzer is Jewish and his wife Catholic.

People Have Spoken

The people have spoken and another milestone in the progress of American history has been passed.

True, all of us may not agree with the results but in the truest sense of Americanism the time again has come for us to join together in an effort to make the next four years the best in our nation's history.

Although our constitutional form of government is only 177 years of age, it is still the oldest charter of government in existence in the world today.

Maybe its success can be attributed to the fact that no matter how divided the people might be during an election, citizens of various political beliefs have always been able to accept the will of the majority and knot tightly the bonds of unity to keep this nation strong and free.

Probably the most significant utterance of the entire election came when President Johnson told the American people, "There are more things that unite us than divide us."

This, we believe, is the secret of success enjoyed by America's democratic system.

Binding differences in political beliefs has become a national habit. And, as we all know, habits are difficult to change.

While The Herald congratulates the winners in Tuesday's election, we also applaud the losers and maintain our highest respect for all.

After all, our only differences were based on how best to keep the nation great and the lesser political subdivisions effective.

Election Roadblock

We hope that by now the County Commission will pay heed to the need of its constituents, reverse its stand and buy some extra voting machines.

The long, long lines of Election Day should not be necessary in such a progressive county as this.

There is no question that the roadblock to the machines in use caused many persons to shirk their responsibility, their duty. They just lost interest when confronted with the lines. Business men, laborers, etc., just didn't have time to stand in lines for hours.

We in the United States continue to urge citizens to "Be sure and vote." Yet, with the same breath, we put an unneeded barrier before them.

We should be—we must be—consistent and make voting as easy as possible.

Our commissioners have shown remarkable restraint on careless spending in this county. They have been conservative to a high degree, cutting the costs of government wherever possible. They should be commended for this.

But at the same time, conservatism can be carried to an extreme. We firmly believe such obstacles as lack of voting machines should be removed virtually at all costs. Buying more machines will help.

Or should we extend the time each precinct is open?

Something must be done and we hereby call on the County Commission to see this is accomplished.

Thought For Today

The end of the matter; all has been heard. Fear God, and keep His commandments; for this the whole duty of man.—Ecc. 12:13.

The duty of man is plain and simple, and consists of but two points: his duty to God, which every man must feel; and his duty to his neighbor—to do as he would be done by.—Thomas Paine.

Lyle C. Wilson Says:

Skull-Busting Battle

Opposing Republican elements are maneuvering for a skull-busting battle for party control. It could be so prolonged and angry as to keep Democrats in the White House and in control of Congress for much of the next generation.

Republicans are confronted with two alternatives—both distasteful. They can compromise their differences quickly under leadership which can be accepted both by party liberals and conservatives. Or they can sacrifice their status as a national party in a long war of leadership succession. The opposing factions are not in a compromising mood.

All is far from well with the Democrats. But it was the Republican party that was left prostrate in the litter of the election returns. The so-called Grand Old Party wound up as a regional political outfit based, of all places, in the Deep South.

The enormity of the Republican calamity was better reflected by the loss of strength in Congress than by the defeat of Goldwater which had been expected.

The rule of reason would dictate a Republican compromise with reality whereby the party could get up off the floor under new leadership committed to a program sufficiently in contrast to the Democratic Great Society as to give

Dr. Crane's Worry Clinic

Contract Bobby with Jimmy. They have very different personalities but not due to heredity! In fact, if they had been reversed in sequence of birth, the personalities would probably also be reversed. For the first-born has a very different environment than the second child!

Letters

Request that you put the following in your "Letters to the Editor" column if you see it proper.

Two very recent letters mentioned "Dept. of State Publication 7277" titled "The U. S. Program for General and Complete Disarmament in a Peaceful World."

Under this program all military might in the world and all responsibility for it would be transferred to the U. N.

On March 1, 1962, Sen. Joseph Clark said on the floor of the U. S. Senate that this document represents the fixed and determined policy of the executive arm of the U. S.

Anyone interested in our future military power will find this Publication unbelievable. Government Printing Office states that this Publication is out print. I have available some copies for anyone interested.

Lake Mary

CASE U-62: Bobby, aged 8, has a brother Jimmy, aged 7. "Dr. Crane," their mother protested, "the boys are as different in their personality as can be."

"Bobby is quiet and timid. He is slow to make up with strangers."

"Jimmy, however, talks to everybody and pushes himself forward into conversation or the social activity of any group he meets."

"The older boy is also slow to get dressed. He is more cautious, too, and carefully boards his toys or even his candy."

"The younger, however, gobblers all his candy and then is soon wheedling some of his older brother's supply."

"Dr. Crane, since these two boys have the same environment, isn't the remarkable difference in their personality due to heredity?"

No, indeed!

And this mother is wrong in saying the two boys have grown up in the same environment.

On the contrary, their home surroundings have been radically different.

For their sequence of birth has made a tremendous difference.

For example, when Bobby was born, he had the family spotlight all to himself.

As the only child, he had no youngsters to placate or hoodwink or coax to give him a piece of their candy or one of their toys.

And in his play, he tended to play alone, for he lacked companions.

When he turned away from building a castle out of wooden blocks, nobody knocked it down or seized his toys.

But as soon as the second child entered the home, notice what happened!

The newcomer found an older, stronger brother who had already staked out privileged rights to the home.

So the younger child learned that he had to use psychology to gain his ends.

Thus, he would cry loudly just for effect. Then his weary mother would tell the older child:

"Bobby, let your little brother have that toy for he is just a baby and you are a big boy."

Reluctantly, Bobby might comply. But he kept his eye on his possessions and tended to become a tabulator of his toys just to make sure he got them all back again.

The younger child is not likely to be the accountant or tabulator type but becomes the talker. He learns that he can get along by use of words.

In the Bible we have the story of two famous brothers. One was the Prodigal Son, who talked his father out of an early share of the family fortune.

And this Prodigal Son was the younger boy. The older son was the careful worker, meticulous and not very sociable. But probably much more likely to be a "financier" of the ches on the farm.

Oldest children thus tend to be introverts while the younger ones are more likely to be extroverts.

Incompetents Or Maniacs?

By K. C. Thaler

LONDON (UPI)—An East European diplomat, angered by the unceremonious ouster of Nikita Khrushchev from supreme Soviet power, summed up his feelings in these words:

"Our friends in Moscow will have to practice more self-restraint, unless they want to convey the impression to the outside world that in the last 40 odd years of Soviet rule Russia has been run by traitors, maniacs, murderers and fools."

He was referring to the debunking of Josef Stalin, the

ouster of his immediate successor Georgi Malenkov, and the dismissal of Khrushchev. In each case the new regime in the Kremlin was out to destroy the reputation of its predecessor.

Russia's allies are becoming increasingly sensitive to these practices and feel they reflect unfavorably on their own Communist regimes and leaders.

Next month Russia celebrates the 47th anniversary of her revolution.

During this half century purge upon purge has debilitated the ranks of Soviet leadership, down from the Kremlin to the army and low level officialdom.

Stalin ousted Leon Trotsky, the creator of the Red army, branding him and arch traitor.

When Stalin—venerated as a god-like creature during his life-time—died in 1953, he was carried to his burial place in the honored mausoleum in Moscow's Red Square only to be thrown out of it in disgrace several years later by Nikita Khrushchev.

The debunking of Stalin was accompanied by official disclosures of his crimes and failings during his reign. The god-like creature who had used every maniac device to pervert honest and effective government.

Malenkov who succeeded him was dismissed from supreme power for incompetence and reduced to the ranks, to run in total disgrace a power station in the interior of Russia.

When Khrushchev took over and pushed through his policy of destalinization he was hailed in Russia as a liberator and the first man to allow a breath of fresh air to penetrate into the hermetically sealed Soviet concentration camp.

Having thus led the "new Russia" for more than a decade, he was suddenly ousted this month on the grounds of senility, half-brained policies and mistaken strategy.

These developments seem to bear out that East European diplomat's complaint that on its own admission the Kremlin has been led for many decades past by either maniacs or unbalanced, incompetent politicians.

President Eyes Strengthened Stand In Foreign Affairs

WASHINGTON (UPI) — President Johnson said today that his election victory will strengthen the country's hand in foreign affairs by indicating to all the world there will be continuity of U. S. policies.

The President, in a copy-right interview in U. S. News and World Report, said that "no American election can of itself solve complicated foreign policy problems and issues." But he added: "America's role and influ-

ence for peace and freedom in the times to come will be strengthened by the unity and agreement demonstrated by our elections."

Johnson said he was not surprised by the size of his election victory. He noted the outcome in national popular vote and state-by-state was very close to the forecasts of public opinion polls.

"Considering the size of the crowds which greeted us throughout the nation, the

depth and enthusiasm of support for our campaign, and other such indicators, I could not say that the outcome was a surprise," he added.

Asked how he explained his victory, the President replied:

"I believe the people like the climate in the country and wanted to preserve it. They had confidence in themselves and in their government—and realized their government had confidence in them."

Johnson said he interpreted his victory as a mandate "for responsible, constructive and progressive programs to meet the problems of America's agenda."

The President, who was in-

terviewed by the magazine last Thursday, said he felt the Republican party "has an im-

portant and vital role to fill in our system and in the making of our national policies."

Oviedo Bank Gives Party

By Evelyn Lundy
Citizens Bank of Oviedo recently honored all employees, their families, the directors and their families at a steak supper held at Lee's Ranch.

After the delicious steak supper, guests were delighted to see several deer and other wild life at the ranch. Mr. and Mrs. George A. Speer Jr. of Sanford were also guests at the party.

PTA To Sponsor Chicken Dinner

The South Seminole Junior High School PTA will sponsor a chicken supper Saturday from 4-7 p.m. in the school cafeteria. There will be two prices for the dinner with either a half or quarter chicken being served. Also on the menu will be baked potato, peas, cole slaw, roll, cake and coffee or tea.

Ways and Means Chairman Leo Voskan and PTA President Betty Rhodes are planning this first fund raising event of the year.

Initial Meeting Foreshadows Inter-County Football Rivalry

Indians Take Lyman 26-6 In First Tilt

By Jim Beaman
 Herald Sports Writer
LYMAN FIELD, LONGWOOD — Until a point when the clock registered three minutes and 20 seconds remaining in the third period, the contest between the SHS Seminoles and the Lyman High Greyhounds was exactly that — a contest.

And the initial full-fledged meeting in the history of the two county high school eleven was quite a ball game.

Friday night's event — captured by the Seminoles, 26 to 6 — was any indication of what's to come in the long series of this between the two football teams a gigantic inter-county rivalry will be something to behold.

The scene itself was not at all indicative of how closely the two clubs were matched. It was obvious the Greyhounds were "up" for the game with the Metro Conference Seminoles. By the same token, observers were in agreement that the Sanford eleven was "down" and did not play up to par.

Nevertheless, Lyman was right in the ball game until the Tribe punted over its third touchdown in that third stanza.

In the opening frame, Head Coach Jim Pigotti's Warriors ran into all kinds of problems. A charging Lyman line was making it rough for quarterback Ron Hinson and associates, namely Les Sparkman, Bud Burton and Chuck Scott. Some terrific hard-nosed football on the part of the Greyhounds forced the Pigottmen to take to the air. But Head Coach Dick Copeland's 'Hounds still refused to heel to the odds and intercepted two passes to stop the aerial game of the Tribe.

After Lyman's sophomore halfback Paul Lambert intercepted one of Hinson's passes, the 'Hounds couldn't move the ball and punted to the SHS 22. Sparkman suddenly broke into the Lyman secondary and outsped Lyman's defensive backs on a 78-yard race to the twin stripes. Bill Kuykendall booted the extra point but Seminoles was penalized 15 yards. His second try failed and the Tribe led 6 to 0.

Late in the period, Hinson tried the airman again and this time a 125-pound senior, Andy Hinely — starting his first game for Lyman — intercepted. As the two clubs entered the second period the Greyhounds had started a 57-yard drive with fullback Terry Toole — a transfer to Lyman from Winter Garden Lakeview — spearheading the movement. He got help from halfback Phil Ferrault and Toole — who racked up 83 yards for Lyman on the ground — blasted over from the three to knot the game at 6 all. The kick for the PAT failed.

Late in the second stanza, the Seminoles took over on the Lyman 33 due to a short punt which took a Seminoles bounce and was good for a net of four yards. Sparkman moved to the Lyman 22 and Burton sped 22 yards for the second score. This time Kuykendall split the uprights and Sanford took a 13 to 6 margin.

After the intermission — which featured a lively show by the SHS and LIS bands — a penalty against the 'Hounds gave Seminoles possession on the 'Hounds' 34. Sparkman and Sonny Messer alternated to carry to the Lyman 10 but a penalty put the Tribe back to their 25. But Hinson, on a roll-out to his right, fought his way for the distance and a third SHS touchdown. Hinson tried to run the PAT but the Lyman line stopped him.

Leading 19 to 6, the Tribe began to wear down the Greyhounds. Lyman's defense remained effective but their offensive punch began to wane. This was evident when the 'Hounds fumbled on their own 14-yard line. But four plays later Seminoles had moved the ball only two yards, to the 12, and lost it on downs, and Lyman punted out of danger.

Finally, in the fourth quarter, Sparkman and Burton got the Seminoles offensive game into gear again and from the three, Burton went over for the final Tribe tally.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

What is expected to be a long rivalry between Seminoles and Lyman got underway last Friday night and both SHS and Greyhound patrons got their money's worth.

The game, a much closer contest than the score indicated, provided a thrilling affair for most of three quarters before the bigger Tribesmen began to wear down the offensive abilities of the much smaller 'Hounds.

We dug up some interesting facts we'd like to pass along. Such as, normally Lyman would have dressed out only 18 or 17 men for the contest. However, Coach Dick Copeland and his aides told the entire junior varsity crew that they could move up to the varsity if they desired. They all accepted the invitation and quite a few of them saw plenty of action.

Lyman's Joe Pennebaker, a 307-pound tackle who saw some action this Fall in Lyman's four JayVee games, played most of the night on the Greyhound's defensive team. This is the youngster's first season of football.

Except for Pennebaker, Lyman's line Friday night wasn't as big — poundage-wise — as Head Coach Jim Clark's South Seminoles Junior High Hurricanes.

The blocking of Lyman's Larry Lott and the ball carrying of Paul Lamber — both sophomores — was almost inspirational against the much larger Seminoles.

Lyman's pass defense was most effective. They limited the Tribe to only one completion in six attempts — one of the poorest nights of the current season for Sanford's aerial game. Meanwhile, Lyman — which doesn't have a passer (they claim) — connected on four out of seven tries.

To say the least, we're looking forward to next year's tilt. And the 1966 game should be one of the highlights of the Seminoles state. It will be for Lyman, that's a certainty.

Lyman fans were highly complimentary about the Seminoles Band. Many of them remarked that it was one of

SEMINOLE HIGH'S QUARTERBACK RON HINSON rolled out on a keeper and sped 25 yards for the Tribe's third touchdown against the Lyman High Greyhounds Friday night in Longwood. Hinson (11) is being pursued by Lyman guard Larry Chubb (66) and halfback Andy Hinely (21). SHS grabbed the inter-county affair, 26 to 6.

5 Of Top 10 Crack Under Strain

By Fred McMane
 UPI Sports Writer

The big time pressures of college football were never more evident than in last Saturday afternoon's contests. No less than five of the nation's top 10 teams cracked under the strain of their rugged schedules and three more were nearly knocked from the ranks of the elite.

Ohio State, Georgia Tech, Louisiana State, Purdue and Florida were all casualties of the first order with the first three suffering their initial setbacks of the season. Notre Dame, Nebraska and Texas, three other members of college football's select group, barely managed to escape.

The Buckeyes' loss was the most shocking of all. They were ranked second in the nation and had a 6-0 record but were humiliated in a 27-0 loss to Penn State. The Nittany Lions held Ohio State to five first downs and only 33 yards rushing. The win was Penn State's fourth in four tries against Ohio State.

Sixth-ranked Georgia Tech fell victim to a three-touchdown barrage in the final eight minutes of play in its 22-14 loss to Tennessee.

LSU also was the victim of a fourth period rally as it lost to third-ranked Alabama, 17-9. The win clinched the Southeastern Conference title for Alabama.

Purdue, which was ranked tenth along with Florida, saw its hopes for the Big Ten championship spoiled in a 21-7 loss to Michigan State, which came back from a 7-7 halftime score to devastate the Boilermakers in the second half.

Grenadiers Whitewash Eagles

The Colonial High Grenadiers threw the Metro Conference into a real tizzy Friday night when they slapped a 7-to-0 whitewash job on the Edgewater Eagles and took sole possession of the circuit's top spot.

The Grenadiers now have a record of five wins against one loss (that one to Sanford) and must play the Trojans of Evans in their final league tilt. Meanwhile, the Eagles must still face Evans and the Braves of Boone in two remaining conference engagements.

In other loop contests, Bishop Moore's Hornets hiked their league record to three wins and three losses by knocking off Evans 19 to 14. It was the Trojans fourth loss in five Metro games.

Winter Park racked up its first conference win by mowing out the Oak Ridge Pioneers 14 to 13. Winter Park now has a record of one win and six losses while the Pioneers have grabbed only one of six loop games.

Both Sanford and Boone made successful trips out of

Dick Schnitzler Rolls 560 Series

Dick Schnitzler was red hot last week in the Businessmen's League at Jet Lanes as he blasted a 543 game and 560 series while bowling for H.H. Products "A" team to grab high game and series honors for the night. In other league play, the Automotives team won three from Pioneers Ligtgett Rezall as Neal Maxwell rolled a 501 series and Howard Williams set the pace with 201/529.

For the Ligtgett Rezall team it was Jim Bussard with a 188/533 showing the way. The Glass-Met team won three points from Lance despite a fine 214/546 by John Fischer. Bob Workman was the star for Glass-Met with 195/531.

Wall Plumbing held their third place spot in league standings as they took three from Dick's Appliances. Bill Halback shot 182/508 for Wall and Ralph Betts rolled 189/508 for Dick's Appliances. Rex Liquors swept all four from Ben Ward Jr. Realty.

Cook's Corner Wins First Place

A little shuffling was going on in the City Bowling League as a new team took over first place. Cook's Corner took all four points from Wisdom 808 Service as Andy Patrick rolled a 213/566. Tom Hunter was high for Wisdom's with a 473 series. Lake Monroe Inn fell from their top spot as Fryor's State Farm Insurance team stung them with a four point loss. Jerry Farrell helped the Fryor's team to move from fifth to third-place with a good 223/580 while Harry Pentecost was high for Lake Monroe Inn with a 205/531.

In other league action, Bob's Restaurant won three from the Jet Lanes five-some with Jim Valentine rolling a nice 582 series for Bob's.

Basketball Clinic Begins Tonight

City Recreation Department Director Jim Jernigan today reminded Biddy and Intermediate Basketball League officials and coaches that a three-night clinic will begin this evening at 7:30 at the Recreation Department's offices in the Civic Center.

Jernigan said the second and third sessions will be held Tuesday and Wednesday night, respectively.

In addition to the Biddy League, this winter the department will also sponsor an intermediate circuit for older boys who will not be playing junior high basketball.

NOW...

Get a free check-up on your car, home or business insurance this week!

The professional independent agents listed below can save you money, give you better protection

If you haven't had the insurance on your car, home or business reviewed by an independent insurance agent recently, you may be in for a shock! You may find you are paying needlessly high premiums... or that you are under-insured because the policies you bought in the past may not give you the protection you need today.

This week—November 8 to 14—is Protection Week throughout the nation, a perfect time to check up on your car, home or business insurance protection.

For a free analysis of your coverage (including an accurate appraisal of the present worth of your home) call one of the Big "I" insurance agents listed below, a member of the Florida Association of Insurance Agents. You'll find him an experienced insurance specialist who must meet professional standards designed to protect you. Because he represents not one but several strong, reliable insurance companies, he is free to select the best insurance policies for you at the best price.

An independent insurance agent offers you other big advantages, too. His services, for example, continue long after you've bought a policy from him. When you have a loss, he's on your side. He uses his professional skill, knowledge, and independent position to make sure you are paid promptly and fairly. And there are no charges for these services!

Why settle for less? Get your free Protection Week insurance check-up this week from a Big "I" agent who displays this seal.

iceberg

Nine-tenths of the Cortina can't be seen: beneath its quiet surface, it is all performance. This cool-looking five-passenger family car has frozen out the competition in winning over 200 firsts over other competition-equipped cars in races and rallies. Cortina is the winner of the 1964 Auto-Universum "International Car of the Year" award, for "outstanding performance, reliability and versatility in competition around the world." Imported and distributed by Ford Motor Company, it is available in the United States in the GT, the deluxe 2- and 4-door sedan and the station wagon. Every Cortina offers you five-passenger comfort, foam-padded bucket seats, American size nuts and bolts, ample luggage room and up to 32 mpg. 4-speed synchromesh and floor-mounted gearshift are standard, and automatic transmission is available on most models. The two-door sedan lists for only \$1755* (Cortina's counterpart, the new four-passenger Anglia deluxe, offers many Cortina advantages and lists for \$1559*.) Meet Cortina, International Car of the Year, the new economy compact that is nine-tenths hidden performance. Your English Ford Line dealer has one on ice—for you.

*Manufacturer's suggested retail price, East Coast P.O.E. dealers. Destination charges, heater, other optional equipment and state and local taxes and fees, if any, are extra. Whitewall tires shown, \$24.95. Overseas delivery available at substantial savings.

Oviedo Downs Dunnellon 26-7 For Sixth Straight Victory

Lions Run Record To 6-1-1

By Marshall Lingo
Herald Sports Writer
Oviedo High roared back Friday night to beat the Dunnellon Tigers 26-7 giving the Lions their sixth victory. The Lions now have a record of six wins, one loss and on tie.

The running of Billy Mikler and Ted Bellhorn along with the pin-point passing and running of Jimmy Courier was too much for Dunnellon and the Lions outplayed the Tigers all the way around.

Courier completed six out of six passes and Bob Fugate, a second string quarterback, completed two out of three, giving the Lions a total of eight completions out of nine tries and 86 yards in the air.

Mikler led the Lions in rushing, picking up 104 yards.

The Lions started early in the first period when a ground drive covered 75 yards and put them on the Dunnellon seven. Courier hit Mikler with a short pass to score for the Lions. Tim Colbert kicked the extra point and the Lions took a 7-0 first quarter lead.

Late in the second stanza the Lions drove to the Dunnellon 30 where Courier hit Mikler again for the second Oviedo touchdown.

Midway in the third quarter, the Lions started another drive. This one ended when Courier ran for 10 yards and the score.

When time ran out in the third, the Lions had the ball on their own 27-yard line. On the first play in the fourth quarter, Mikler grabbed the ball, broke through the line, and raced 73 yards for Oviedo's final touchdown. Tim Colbert split the uprights again for the extra point.

The Tigers lone touchdown came in the last period against Oviedo's second unit. Dunnellon capitalized on an Oviedo fumble and quarterback Billy Roland went 15 yards for the touchdown. Roland also kicked the extra point.

The Lions racked up 12 first downs, 286 yards on the ground and 96 in the air on eight of nine completions as compared with Dunnellon's five first downs, a minus 27 yards rushing, 68 in the air on six connections in 14 aerial attempts.

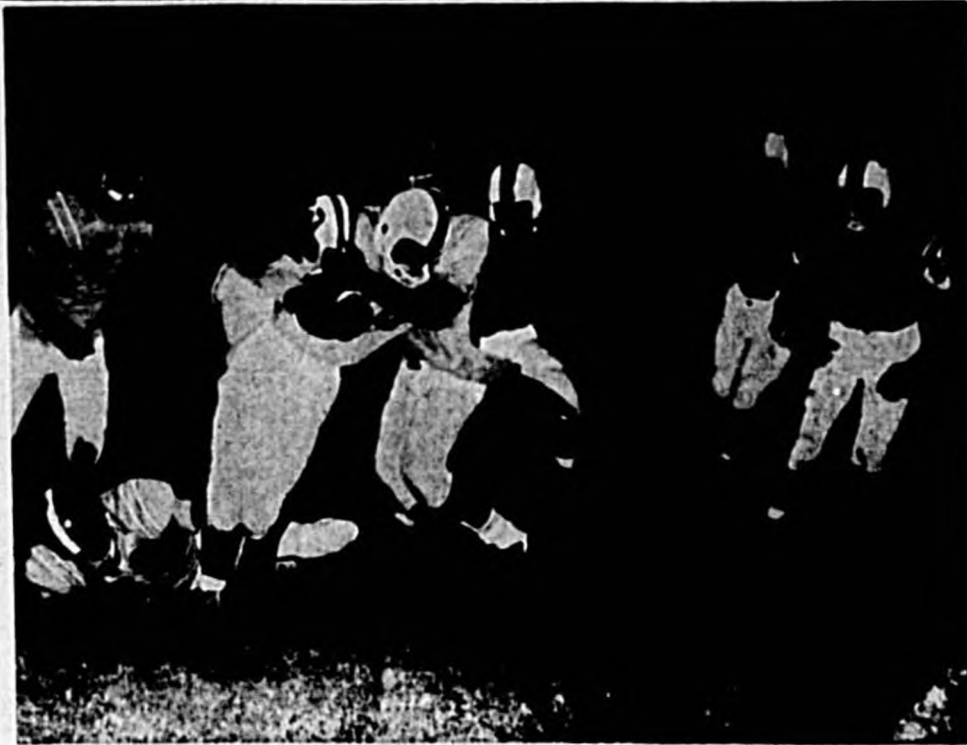

Confers On Bowl

SPRINGFIELD, Ohio (UPI) — Coach Bill Edwards of the undefeated Wittenberg Tigers plans to speak to his team today about the prospects of accepting a possible post-season NCAA tournament invitation. The Tigers are the nation's No. 1 small college football team.

Bucholtz Loses

CAIRO (UPI) — Australia's Rod Laver defeated Earl Buchholtz of St. Louis 6-2, 6-2 in the semi-finals of the Egyptian professional tennis tournament Sunday.

The Herald Weekly Mon. Nov. 9, '64—Page 7

JOHN PRITCHARD (20), a Crooms back, skirts his own right end for six yards and a first down to set up a 25-yard pass from quarterback Andrew James to David Peterson for the Sanford school's second touchdown against the Centipedes of Daytona Beach's Campbell Street High. The 33-0 Crooms victory was their sixth in a row and their seventh of the season against one loss.

Panthers Claw Campbell 33-0

By Bob Thomas Jr.
Herald Sports Writer

Perleman Brinson scored three touchdowns as the growling Crooms High Panthers clawed the Campbell Street High Centipedes of Daytona Beach by a score of 33-0 Friday night for their sixth straight win and the seventh of the season. It was the fourth Big Nine North Conference win for the red-hot Panthers who have a seven win and one lost record.

Brinson began the scoring early in the first quarter when he took a handoff, ran laterally to his left got two good blocks, cut sharply to his right and scored on a 40-yard center. The try for extra point was good.

Later in the period, John Pritchard and Brinson combined to drill for a first down. David Peterson followed with another first down as he slant ed off tackle. Quarterback Andrew James hit Peterson with a 45-yard pass and he rambled 10 yards and a score. The conversion attempt failed.

In the waning seconds of the initial period, the Centipedes gambled on a fourth and 12 on their own fifteen yard line and lost.

To begin the second stanza James was on target again as he whipped a bullet to Tyrone Henderson for the tally. John Pritchard ran for the PAT.

Moments later Campbell ran into trouble as Crooms recovered a fumble plus a penalty which moved the ball to the eleven yard stripe. On two conservative plays, Brinson scored his second TD. The try for the point after failed.

A good runback of the kickoff by Centipede James Sampson to his own 45-yard line seemed to inject new spirit into the Daytona Beach eleven. But the Panthers' tough defensive unit forced them to punt. The rest of the quarter consisted of intercepted passes—one by the Centipedes and two by the Panthers—penalties and exchange of punts.

Crooms led 26-0 at halftime. Ebbe Jackson took the second half kickoff and returned it to the Panthers 35-yard line. A 15-yard penalty against the Centipedes moved the ball to mid-field. John Pritchard, Ransom Browdy, and Peterson punched out a first down. Another 15-yard penalty against Campbell for illegal use of hands moved the ball to their thirty five yard marker. From that point, Brinson, behind a wall of blockers, dashed for thirty-five yards and a TD. The try for the point after was missed.

The fourth period was scoreless. Coach Holt cleared his bench with substitutes and the Panthers defense—led by Lewis Witherspoon who made tackles all over the field and Robert Walton—was just too much for the 'Pedes. John Knight, Terry Williams, Ernest Neal, Leonard Davis, Ernest Payne, Robert Jackson, Eddie Brown, Roy Montgomery were up to par as usual.

Crooms will close out the campaign November 20 when they tangle with arch rival Jones High in the Tangerine Bowl in Orlando. Game time is slated for 8 p. m.

Yogi Silent On Prospects

MONTCLAIR, N.J. (UPI) — Yogi Berra's silence may be telling the baseball world today what it wants to know. Asked to comment on a report that he will join the New York Mets as a player-coach next season, the depressed New York Yankee manager said, "there's nothing I can say about that story now."

Berra admitted his Yankee contract contains a clause permitting him to accept another job but added, "as of now, though, I'm still a member of the Yankees."

Reports that Berra may become a member of the Mets have been circulating since the former all-time great catcher was dropped as manager of the Yankees after the World Series. Berra had refused to confirm the reports but hasn't denied them either.

The latest report says that Berra has been offered \$40,000 by the Mets — \$5,000 more than he made last year as manager of the Yankees.

McKinley Wins

BUENOS AIRES (UPI) — Chuck McKinley of San Antonio, Texas, won the 17th South American tennis championship Sunday when Manuel Santana of Spain was forced to retire while leading in the fifth set of the final singles match because of a heel injury.

Milwaukee Move Halted To '66

PHOENIX, Ariz. (UPI) — Major league club owners centered to their home cities today after a three-day series of meetings at which the only formal action taken was to bar Milwaukee from moving its franchise until 1966.

But the groundwork was laid for a series of actions which will be brought up at the major-league meetings in Houston, Tex., later this month.

Looming large among the proposals under consideration was one to restore the power of the commissioner of baseball so that he has the authority that originally was vested in the first commissioner, the late Judge Kenesaw Mountain Landis.

Saint Peter's in Vatican City, is the largest Christian church in the world.

TV Time Previews

Dear Abby: By Abigail Van Buren

DEAR ABBY: We have two teen-age girls who read your column so maybe if you answered this in the paper it would help. Why can't they be in bed with their homework done and their clothes laid out by 11 o'clock on school nights? At 11:00 they are poking around, just starting to wash their hair, and I know all their homework isn't finished. The next morning it's a madhouse deciding what to wear. I have all I can do to get a bite of breakfast down them with all that rushing around. If you can solve this problem, you're a genius.

Jacoby On Bridge By Oswald Jacoby

The United States team that finished second in the World Bridge Olympiad produced some mighty courageous bids, but none was more so than Bobby Jordan's three-no-trump call with today's South hand.

We The Women: By Ruth Millett

If you're a wife, chances are you do a little back-seat driving occasionally. Chances are, too, that your husband doesn't appreciate your help.

Well, if it is any consolation to you, the Chicago Motor Club has come out with a good word for back-seat drivers. Intelligent back-seat driving can be a big help to the driver of an automobile, says the motor club.

Horoscope Forecast

GENERAL TENDENCIES: The morning brings you a chance to work out whatever concerns property interests, after which you are able to reach a new standpoint regarding friends and the means by which you can gain your own personal hopes and wishes.

ARIES (March 21 to April 20) You can still have time to visit with friends if you do yourself quickly of important obligations. See that your credit is on a solid foundation. Add to worthwhile contacts.

TAURUS (April 20 to May 20) You are able to get fine ideas this morning, so be sure to study them carefully. A new contact can give excellent advice. Higher-ups are also very helpful in your ambitious endeavors.

GEMINI (May 21 to June 21) Handle obligations mindfully so that you can later get into new interests that help you to advance more quickly. Watch, be sure you please a partner. Then off to new places and things.

MOON CHILDREN (June 22 to July 31) New associates will give you ideas that can be placed into operation by early evening. Others will be cooperative, but you have to labor more. Study new material very well.

LEO (July 23 to August 23) You have to plan your work more intelligently if you want to accomplish much this morning. Get all the hard work done quickly. Then be sure associates give their approval in PM.

VIRGO (August 23 to September 23) You are able to enjoy through with creative work in AM and do a bang-up job by evening. Forget about recreation. Keep plodding steadily at important things and get ahead.

LIBRA (September 23 to October 23) Going to advisors concerning family affairs is wise, so that you have time to delve into creative matters later. Know what is needed at home. Plan time for amusements as well.

SCORPIO (October 23 to November 21) Getting the physical data you require is fine at this time and be sure to please him by providing what is needed. Be more fundamental. Then improvements are possible.

SAGITTARIUS (November 22 to December 21) You can get corners here and there as well as increase income by serious application to business affairs. Make new friends. Property could stand improvement.

CAPRICORN (December 22 to January 20) Complete any duties which you have begun and come to right decisions in important matters. First handle personal affairs. Future should be planned with wisdom.

AQUARIUS (January 21 to February 19) Establish order about you so that you can keep off work ahead with maximum efficiency. Prepare for future quietly. Set wheels in motion this evening with perfect poise.

PISCES (February 20 to March 20) Others give you fine ideas how best to get social affairs running smoothly, and you can test them tonight. Make some good friend of standing. Delving into new course can be very successful.

IF YOUR CHILD IS BORN TODAY, there is apt to be a morose streak early in this nature which requires assurance from you as parents in order, basically, to be able to face life courageously, since there is an innate understanding of the seriousness of life. Give good spiritual training and then later the personality becomes sunny and the accomplishments can be varied and satisfying, successful.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's individual forecast for your sign for December is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast (The Sanford Herald), Box 1021, Hollywood 29, California.

Catholic Prelate Succumbs At 88; Rites Wednesday

NEW ORLEANS (UPI) — The body of Archbishop Joseph Francis Rummel, the German-born prelate who headed the Roman Catholic New Orleans archdiocese for 23 years, lay in state today at Notre Dame seminary.

Rummel drew nationwide attention in 1962 when he ordered Catholic schools in his archdiocese desegregated. He died Sunday in Hotel Dieu Catholic Hospital at the age of 88.

He was admitted to the hospital Saturday for treatment for double pneumonia. He was put under oxygen and costly reports said he was responding well to treatment. However, a few hours later he was listed as critical. He died at 1:30 p.m.

His body will lay in state at the seminary until Tuesday afternoon. Then it will be transferred in a special cortege to the St. Louis Cathedral, the scene of Rummel's silver jubilee as New Orleans archbishop in 1960.

Catholic school children will have part of the route followed by the cortege and they will say the rosary aloud as the procession passes.

Funeral services for the archbishop will be held at 4 p.m. Wednesday in the cathedral. Archbishop John Patrick Cody, Rummel's successor, will celebrate the Pontifical Requiem Mass.

He will be buried beneath the cathedral sanctuary. Six other archbishops and two auxiliary bishops are buried there.

Segregationists protested vigorously in 1962 when Rummel ordered all Catholic schools in the archdiocese's 11 civil parishes counties desegregated.

He ordered three of the segregationists excommunicated — the most severe penalty the Roman Catholic church can impose.

Barry Removed From Wax Works

LONDON (UPI) — The likeness of defeated Republican presidential candidate Barry Goldwater has been removed from Madame Tussaud's Wax Works.

The Sunday Mirror quoted a spokesman at the wax works as saying, "Goldwater will not be melted down. We will put him to one side in case he comes in useful later on."

SANFORD HERALD Publisher Walter Gielow chats with George Glevis, new promotion director of the Winter Park Mall. Mall merchants are getting ready for their Christmas advertising promotion and art sketches of overall decorations were displayed at a press reception.

Pro-Western Sato New Japan Leader

TOKYO (UPI) — The Japanese Parliament today elected pro-Western Isaku Sato as

prime minister to succeed the ailing Hayato Ikeda. Sato was handpicked by Ikeda in a dramatic bedside conference that broke a political deadlock.

Sato is expected to maintain Japan's close relationship with the United States, and keep the country firmly in the Western camp. But he is not expected to halt Japan's increasing trade with Communist China, started in the Ikeda regime.

The new prime minister assumed office at a time of unrest among militant Japanese students. More than 20,000 staged a demonstration Sunday in the southern port city of Sasebo against the scheduled visit of American nuclear submarines. Six persons were arrested in clashes with police. A similar clash occurred Saturday in Yokosuka.

No Rude Noises BLANTYRE, Malawi (UPI) — An official of the ruling Malawi Congress party announced today that anyone making rude noises or signs as Malawi Premier Hastings Banda passes by in a motorcade will be "reported and dealt with" by the authorities.

Adams Transfer and Storage, 200 N. Holly Avenue, Sanford, has been appointed an agent of United Van Lines, Inc., world-wide household goods carrier with headquarters in St. Louis. W. A. Adams is owner of the company.

As local agent for United Van Lines, Adams Transfer and Storage will offer customers United's exclusive household goods moving service, which includes such special safety and convenience features as "Sanitized" vans and equipment, complete "Pre-Planning" of every step of the move, and United's unique "Uni-Packing" system for the safe, clean handling of precious and fragile items.

Customers of Adams Transfer and Storage also will have the benefit of advice and helpful hints on moving from United's nationally-known moving consultant, Bette Malone.

Shortened Campaign Urged By Candidates

WASHINGTON (UPI) — Vice President-elect Hubert H. Humphrey shares his Republican opponents' belief that the election campaign is too long and should be shortened.

Humphrey, who is vacationing in the Virgin Islands, said in a taped television interview Sunday that he thought most voters had made up their minds at least two weeks before last Tuesday's balloting.

He suggested that there is "a little bipartisan soul-searching and bipartisan reasoning and negotiation" to hold the national party conventions in September rather than in July or August.

Both Sen. Barry M. Goldwater and Rep. William E. Miller, the defeated Republican ticket, have said the election campaign was too long. Miller has said it was "too long, too expensive, too arduous and too boring to the public."

Rag Exchange NOTTINGHAM, England (UPI) — Mothers are complaining about ragmen who have been collecting their wares from young people in exchange for pinup pictures.

BACKACHE & NERVE TENSION SECONDARY TO URINARY IRRITATION After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondary, you may lose sleep and suffer from headaches, backache and fretful, tired, depressed, in such irritation. GYSTER usually brings fast, relaxing comfort by soothing irritating germs in strong, acid urine and by analgesic pain relief. Get GYSTER as drugstore. Feel better fast.

Here are three kinds of tigers. We sell two. (Have you priced a tiger lately?)

The quick ones are ours. The agile ones. That's a Pontiac La Mans, top left. Fierce. You can get it with 250 hp like most people. Or 285 hp like some. That's a Pontiac GTO, above. Ferocious. Comes complete with 335-hp Trophy V-8. Bucket seats. Hurst floor shifter. Dual exhausts. Heavy-duty springs. Redline tires. Even a real walnut dash. The whole package. Lite. Lean. Nimble. That other tiger? A puzzled cat. He checked out a "sporty" kind of car, learned it doesn't come with fangs at that stripped-down price. You look around. You'll see.

City Approves Further Action On Marina

Free Auto Park OKd

By Dottie Austin
Shoppers may park free for two hours in downtown Sanford now—but they had better synchronize their watches, or keep a sharp eye on the clock on the bank corner.
Overtime violations will now draw a fine of \$2 instead of the former 25 cents.
City Commissioners voted Monday to remove the heads from all parking meters for 90 days, including those in the parking lots, and install two-hour parking signs some time this week. At the same time, they raised the overtime parking fine to the \$2 figure.
Discussion and action was a continuation of problems which arose a week ago when the Sanford Merchant's Association appeared before the commission to request that meters be capped for 90 days beginning during the week of Nov. 9 and a 50-cent fine levied for overtime parking.
Commissioners at that time agreed to go along with the request, but delayed action on the setting of fines until it could be determined if a new ordinance was necessary. City attorney William Hutchinson reported Monday that no new ordinance was necessary.
At the end of the 90-day trial period, Merchant's Association chairman B. L. Perkins Jr. promised to give commissioners a written report of the effort of the meter capping on downtown business. Merchants felt the move necessary in order to compete with shopping centers' free parking lots.

Heavy Demands Deplete Funds

In order to cope with heavy demands on the contingency fund of the city budget, City Commissioners Monday voted to transfer \$8,000 which would have air conditioned the Sanford Public Library and \$4,325 from the materials account of the West 13th Street reconstruction monies to the contingency fund.
The "leeway" contingency account was set at \$12,000 for the fiscal year which began in October but has already been heavily depleted by many demands which were made on it, and others which have been promised.
Included were school crossing guards' salaries, Conservation Week expenses of the Sanford Chamber of Commerce, care of new police dogs, architectural fees on the proposed new youth recreation building and two watches.
Funds not yet taken out of contingency, but promised include highway signs for the Seminole County Chamber of Commerce, actuarial studies on the firemen's pension system and the balance of Conservation Week expenses.
These demands will decrease the \$12,000 contingency fund by \$11,833, leaving only a few dollars to offset the parking meter revenue loss, which has been estimated at approximately \$4,472 for the three-month trial period.
Still to be considered for financing this year is the activation of a traffic signal at Third Street and French Avenue and an overhead crosswalk at Sanford Junior High School.
Commissioners have expressed hope that the county school board and the state road department would give some assistance on these two projects, but neither one has made any commitment to do so.

Housewife Lost In Mud Slide
United Press International
Rain and gale winds today lashed parts of the Pacific Coast.
The weather bureau warned of heavy snow and 40 to 60 mile an hour gales in the Sierra Nevada Mountains.
Rain drenched the burned-out hills around Burbank, Calif., Monday and loosed mud slides that converged on at least nine homes and left one housewife missing. The woman's daughter fled the home just ahead of a wall of mud.

Rain Damage Disaster Aid Seen By Bush

Septic tanks will not be allowed in the second section of English Estates since adequate sewer lines are available, the County Commission ruled this morning.
The action follows a recommendation from the zoning director, Robert Brown.
In an otherwise routine meeting this morning, commissioners were advised by William Bush, county engineer, that the county stands a "good chance" of getting financial help to correct damage caused by the recent heavy rains.
Bush said the areas in question—in the Casselberry and Bear Lake areas—were inspected by C. J. Walker, of the Florida State Board of Health, and he said he would support Seminole's bid for disaster aid.
Bush said his office is in the process of filling in the proper forms to get the financial help.
The finances would be used to correct road damage and flooded areas, Bush reported.
In other action, the Commission:
—Directed Commissioner John Fitzpatrick to check into the advisability of "controlled burning" of the Oseola airstrip.
—Delayed action on a plan to make a beach at Crystal Lake in Lake Mary accessible to the public. The plan would have an unused portion of Wilson Drive opened to the lake.
—Opened bids on various road improvement equipment and referred them to Bush for study.
—Asked the road department to submit a progress report covering the past several months.
—Approved the addition of a telephone line to the offices of County Agricultural Agent Cecil A. Tucker.
—Okayed tomorrow, Veterans Day, as a working day for county employees but will give them the Friday after Thanksgiving as a holiday thus making a four-day weekend.
—Gave its support to the Florida Development Commission and Gov. Farris Bryant to "Buy Florida First".

CHRISTMAS CLUB checks in the amount of \$156,000 are being mailed by Seminole County's four banks to members. Sanford Postmaster Cecil Heard watches as Harold Rowland (left) and Ray Daniel, cashiers, respectively, of Sanford Atlantic and Florida State Banks, drop the first checks. (Herald Photo)

Yule Cheer En Route

Nov. 11 may be Veterans Day but it's also a big day for the Sanford Atlantic National Bank and the Florida State Bank and the 1,582 members of the two banks' Christmas Clubs.
On Wednesday, the Florida State Bank will mail checks amounting to more than \$65,000 to 849 Christmas Club members. Meanwhile, the Sanford Atlantic will mail checks totaling more than \$31,000 to 713 club members.
On Nov. 15, the Citizens Bank of Oviedo will mail some \$15,000 to the 130 members of that institution's Christmas Club and Nov. 17, the South Seminole Bank in Fern Park will mail almost \$25,000 to its 272 club members.
All of the banks, according to their officials, will immediately begin promoting Christmas Club memberships for next year.
All told, 1,964 members will receive their shares of about \$156,000.

City Balks At Tax Imposed By County

Sanford City Commissioners, presented with a tax bill from the County on the Lake Monroe Industrial Park for \$674.85, called it "ridiculous" and vowed they would not pay it.
The assessment was made under a state law whereby the county assessor has interpreted the City of Sanford's action as holding the land for investment.
This is held by the City Commission to be "not true" because the cost of filling the land, providing streets, water and sewers far exceeds the value of the land and makes it difficult to classify it as an investment.
Commissioners instructed City Attorney William Hutchinson to appeal the matter to the County Commission immediately.
Hutchinson replied that he may have to take it to court to prevent the county tax assessor from levying the tax, and commissioners instructed to go ahead and "do what is necessary," adding, "we are not going to pay this ridiculous tax."

Weekend Thefts Probed By Police

County police are continuing their investigation of a safe-cracking which netted thieves \$1,638.72 from the new Windjammer Restaurant on Highway 17-92.
The restaurant was entered sometime over the weekend and the theft was discovered Monday by workmen at the scene.
Police said the burglars opened the safe and took the weekend receipts from it.
Deputy J. Q. (Slim) Gallows also reported someone entered Freddie's Restaurant across the highway and made off with an undisclosed amount of change from a vending machine. He said he believes the two thefts are unrelated.

DeGaulle Adamant

PARIS (UPI) — President Charles de Gaulle has told former West German Chancellor Konrad Adenauer he will not relax his opposition to the American-sponsored multi-lateral nuclear force (MLF) project, French government sources said today.

TV Manager Will Speak To Chamber Meet

Tom Gilchrist, vice president and general manager of Telrad, Inc., the corporation which owns and operates WESH-TV (Channel 2), of Daytona Beach and Orlando, will be the featured speaker Thursday night at the quarterly meeting of the Seminole County Chamber of Commerce.
Manager John Krider said today that the affair will be held at the Civic Center in Sanford, starting at 6:30 p. m.
Also featured will be a report by Byron Kimbal, co-chairman of the trade body's long range planning committee, on the progress being made relative to the proposed community college.
Chamber President Karyl Housholder said today, "Gilchrist is one of Central Florida's most civic minded and dynamic personalities, and I am sure our directors will not want to miss his appearance before our group."
Housholder added, "This meeting is open to all members of the Chamber of Commerce and their wives."

City Balks At Tax Imposed By County

In 1952 he assumed the management of WJHP in Jacksonville and built and managed WJHP-TV in 1953. In 1957 he built and became vice president and general manager of WESH-TV.
He is one of three senior members of the Florida Association of Broadcasters and has served on its Board of Directors and in various offices numerous times.
Gilchrist is currently a regional director of the Florida Chamber of Commerce, a member of the board of governors of the Daytona Beach Area chamber.

State Canvass

TALLAHASSEE (UPI) — The State Canvassing Board will meet Wednesday or Thursday to certify officially the results of last week's election in Florida.

Girl Suffers Broken Back

Judy Kinnard, 13-year-old daughter of Mr. and Mrs. O'Leary Thomas Kinnard, Geneva, remains under treatment at Seminole Memorial Hospital with injuries suffered Monday afternoon when she was hit by a pickup truck on Lake Harney Road.
Judy is suffering from a back fracture and multiple cuts and bruises.
Charged in the hit and run accident was Charles Kettering of Geneva. The 41-year-old man was caught by Constable Bob Carroll about a mile from the accident scene. Carroll said he was asleep in the truck and that the crash victim's sweater was still on the hood.
Kettering is charged with hit and run, driving without an operator's license and driving while intoxicated.
The child had just left a school bus and was walking down the road to her home when she was hit.

Weather Halts Guerrilla War

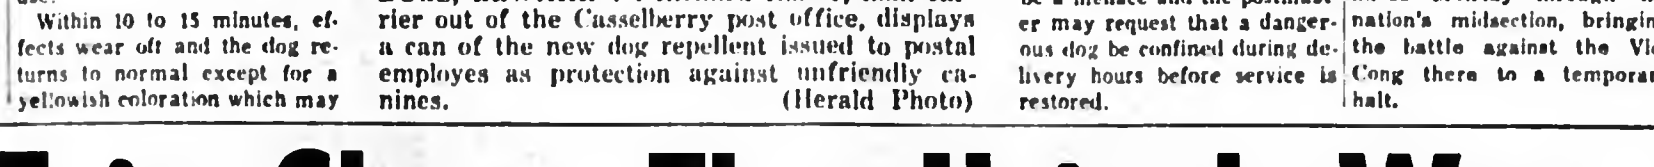

SAIGON (UPI)—American and South Vietnamese troops found a new enemy today in their war against Communist guerrillas — the ravages of violent weather.
A tropical storm spread havoc Monday through the nation's mid-section, bringing the battle against the Viet Cong there to a temporary halt.

Engineer Proposes New Plan

By Julian Stetrom
Associate Editor
"You must plan at least 20 years ahead although you only build for the next 10," declared R. Clark, representing Maurice H. Connell and Associates—a Miami firm of consulting engineers, when he asked for a policy decision concerning plans for the proposed marina at a special session of the City Commission Monday afternoon.
The Commission agreed and authorized Connell to continue his work on a marina plan which differs slightly with the original renderings of the project.
Clark suggested that the entrance to the marina be relocated in such a manner as to channel marina patrons to the downtown business area. He pointed out that even though facilities in the marina's own shopping district would take some business from the downtown area it would be business that the downtown district doesn't have now.
Clark's plan next would channel visitors to the Civic Center and finally to the lake-front park recreation area.
The engineer also pointed out that his firm's investigations revealed that the marina's living accommodations must be directed toward the idea of a "boater" instead of a motel and added that it should be a combination facility.
His reasoning was "A motel does not attract traffic—traffic attracts motels." But he emphasized that a marina would attract boaters.
On this premise, Clark displayed drawings which would provide an initial marina unit consisting of some 134 acres. The project could be expanded as necessity dictated by adding sections in units of one or more acres. The Commission agreed with this plan and gave Clark a green light to proceed on this basis although Commissioner J. H. Crappa told the engineer, "We're as far away from this thing as we can be, because we don't have any money at this time to do anything."
Clark told the Commission that he would proceed as fast as possible since the policy had been set.
He estimated that the cost of the initial unit would be in the neighborhood of \$1 million for everything but commercial buildings. Land would be leased and operators would construct their own buildings. The pier, Clark said, would accommodate 306 boats.
"This is something that should have started 20 years ago," Clark concluded.

Carriers 'Going To The Dogs'

By Jane Casselberry
Long at the mercy of ill tempered canines, the mailman is at last fighting back.
Postmaster Edgar Siler, of the Casselberry post office, has announced that local postal employees are now equipped with aerosol cans containing a new dog repellent which consists of 15 per cent extract of cayenne pepper and 85 per cent mineral oil.
When sprayed into the eyes, mouth or nose of the attacking animal from a distance of up to 12 feet, the spray will cause the dog to make a hasty retreat. It has been identified by the U. S. Department of Agriculture as both safe and effective and the Humane Society has not objected to its use.
Within 10 to 15 minutes, effects wear off and the dog returns to normal except for a yellowish coloration which may be removed by washing. This coloration is a help in identification if a check for rabies is necessary.
A major problem to postal employees, dog bites account for 18 per cent of all injuries each year with more than 7,000 painful bites annually resulting in serious loss of sick leave and in costly medical treatment. Estimated costs of such injuries has been reported at approximately \$1 million.
The new repellent offers an advantage to dog owners as it lessens the possibility of their pet biting the carrier with the resulting difficulties that may occur. However, the repellent does not replace the policy of non-delivery of mail where there is a dog known to be a menace and the postmaster may request that a dangerous dog be confined during delivery hours before service is restored.

DOGS, BEWARE !! Richard Kaiser, mail carrier out of the Casselberry post office, displays a can of the new dog repellent issued to postal employees as protection against unfriendly canines. (Herald Photo)
