

Seminole Again Bow To Leesburg In Contest Featuring Another Of Those Versatile Player Lineups

Sanford lost its second tilt to Leesburg last night by the score of 15-7, while using four pitchers.

After the Anglers had gotten four hits and two runs in the first pair of innings, Bill Daugherty was taken from the game and the hurling assignment given to Ray Ashton. Sanford caught up in the third inning by scoring six runs and batting Pitcher Joiner from the mound.

Ashton lasted one inning and gave up five hits and a couple of walks to put the Anglers in the lead. Hardman was brought in from centerfield to pitch and limited the opposition to three hits in two and a third frames but Leesburg continued to score in each inning except the seventh

when Girk took the mound. Joe Justice was pulled from the sidelines where he is recovering from a case of lumbago and put in the outfield when Hardman was sent in to pitch. Charlie Girk, though suffering from an infected toe, went out again and took his place on both ends of the battery during the game.

With Gainesville coming here to play tonight there is not a pitcher in the club that has not seen some service in the last three games so the hurling assignment is uncertain.

OLD RELIABLES By Jack Sords

1942 Licenses Will Be Orange And Blue

TALLAHASSEE, June 4.—(AP)—The 1942 automobile license tags, which will cost most car owners \$5 more than before, will be produced more cheaply by the State than the 1941 tags.

The cabinet today authorized purchase of 2000 gallons of navy blue background enamel and 800 pounds of orange lettering ink for \$3124.

The blue is cheaper than the white used on 1941 tags. The same orange lettering ink cost about the same as the red used this year.

Colonial Club Course Okey For U. S. Open

FORT WORTH, Texas, June 4.—Final official sanction and approval Monday was given the par-70 Colonial Club course, where cattle were grazing and corn was being grown six years ago, but where the 45th U. S. open golf championship will start on Thursday morning.

Harold W. Pierce and Francis Quimet of Boston, respectively president and acting chairman of the championship committee of the U. S. Golf association, toured the layout with them went Joseph C. Doy, Jr., the association's executive secretary, Marvin Leonard, the Fort Worth business man who built the course, and Dean Woods, the golf course engineer who worked for a year to change it from just another course to championship specifications.

Leesburg's Melons Damaged By Drought

LEESBURG, June 4.—(Special)—About half of Lake county's 3,500-acre watermelon crop has been lost because of the drought, growers said yesterday.

The drought has likewise badly damaged melons throughout the entire Southeast, they said. California melons, which do not compete with those of the Southeastern United States, escaped injury, it was said.

In some cases, damage has been so severe that growers have abandoned their fields.

BIBLE VERSE FOR TODAY

WENT ABOUT DOING GOOD;

eases among the people.—Matthew
4:23.

LOOK AT A GREEN THING

Look at a green thing long
enough
To feel your heart fill up with
love—
To feel your breast so strangely
altered
It might be by a singing bird.
And is, indeed, the waking word.

Look longer, look exceeding long
And listen to the whispered song
The blood goes singing as it goes
And glowing, as it always does,
Love, as the wisest song it
knows.

DAVID MERTON.

MIRRORS

(From The Washington Post)
How dark it is beneath all sound;
How dark it is beneath all light;
How grave it is beneath all
laughter,
How true beneath all flight.
All things live by more than
news;
All things stir with more than
news;
There is no mercy in the deep;
There is no love in the lion's
prow;
It is a false and shallow vision
That finds but one face in the
looking;
The snowstorm of its
flowers,
The fiercest rose of its mass.
It is a false and shallow mirror
That shows but wrong or right;
Robbing the bride of her despair,
The doomed of their delight.
—TOM DOGGS

DISPELLING THE FOG

By CHARLES MICHELSON

There is no use spinning over
past neglect or error but the fact
remains that we are now ahead
with the Lake States. The railway
this country would now be in
rather better shape to meet the
emergency that confronts it.

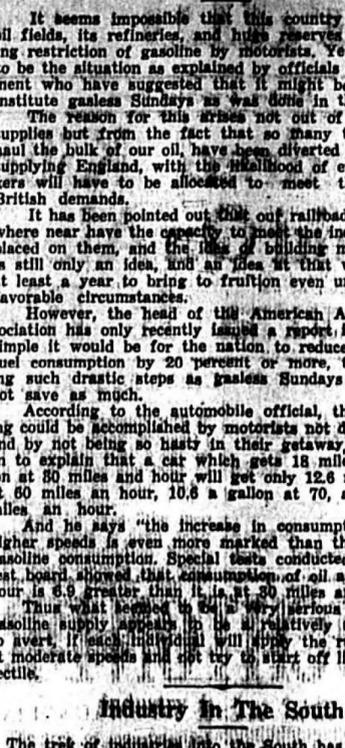

Our Gasoline Problem

It seems impossible that this country with its vast
oil fields, its refineries, and huge reserves could be
facing restriction of gasoline by motorists. Yet that appears
to be the situation as explained by officials of the govern-
ment who have suggested that it might be necessary to
institute gasless Sundays as was done in the last war.

Industry in The South

The trek of industry into the South has shown an in-
creasing trend during the past two decades, but with the
nation's re-armament effort pushing into full swing this
section will undoubtedly receive added impetus in its for-
ward march as an industrial area.

2 Departments of Club Are Combined

The Literature Department and the Music Department of the Woman's Club were combined under the Fine Arts Department yesterday at the last business meeting of the year held in the club lounge following the luncheon which was served at 12:30 o'clock in conjunction with the meeting.

Mrs. S. D. Higleyman was elected to serve as chairman of the newly formed department, with Mrs. W. M. Scott as chairman of the Division of Art, and Mrs. J. L. Ingley as chairman of the Division of Music. Mrs. R. W. Ruprecht was elected to serve as chairman of the Division of Literature.

Other officers elected to serve in the Fine Arts Department include Mrs. W. A. Leavitt as secretary, Mrs. F. E. Roundhill as treasurer, Mrs. James Moughton as program chairman, and Mrs. E. S. Lamson as membership chairman.

Mrs. B. C. Moore was elected to serve as first vice president of the Woman's Club, to fill the vacancy caused by the resignation of Mrs. W. B. Shippy, who was elected in the office in March, but was unable to serve.

A talk was given by Miss Eleanor Morrison who asked for 20 volunteer workers to assist in the drive for the USO which will be inaugurated soon to provide diversified recreation, drama, dance, reading and writing rooms, counsel and guidance for the soldiers in Army camps.

For completing 50 hours of sewing for the Red Cross, service pins were awarded to the following: Mrs. J. W. Hall, Mrs. J. T. Newby, Mrs. R. Dawson and Mrs. Irene Hunt.

It was announced that approximately 50 pounds of tin foil had been collected for defense purposes, and that a total of 1000 garments have been completed by the Red Cross sewing room which is sponsored by the Woman's Club. As a result of the recent benefit bridge party for defense, the club has subscribed to the following magazines to be sent to the Orlando Air Base:

One year subscription to Life, Reader's Digest, one year subscription to Time, two one-year subscriptions each to Saturday Evening Post, Liberty and Collier's.

The club voted to sponsor five badge and photo checkers parties during the summer, in order to raise funds to maintain the upkeep of the club so that it can be left open for the Red Cross to carry on its first aid courses, knitting and sewing projects.

A yearly budget was introduced and adopted by the club, and it was announced that the sum of \$100 has been given during the past year to benevolences.

An interesting talk was given by Mrs. Ralph Austin Smith, on the Goodwill Industries Convention of the General Federation of Women's Clubs which was held recently in Atlantic City, of which she was a delegate.

Out-of-town people for the luncheon included Mrs. J. G. Patterson, Mrs. J. E. Courier, Mrs. M. W. Dearie, Mrs. B. B. Crumley, Mrs. A. J.

Britain Club Ships 37th Carton Abroad

The 37th carton of clothing, layettes, razor blades, household linens and knitted garments have gone forward in the past few days to New York where they were put aboard ship for England to be distributed wherever needed, it was stated by Mrs. L. D. Martin, Seminole County chairman for Bundles for Britain.

Seminole County high school girls in Sanford and Ocala have made the layettes under the supervision of Mrs. Louise Heasley and Mrs. Allen Stone.

Lake Monroe school girls have made children's dresses under the supervision of Mrs. B. A. Goodspeed and Mrs. Rex Packard. The Upsala and Guck groups have finished several quilts and pieces of warm clothing.

Mrs. Martin issued the following statement: "The cooperation of all our county people has helped materially in the work and I wish to express my appreciation to all who have helped and are helping in this great work."

Upsala women who have worked include: Mrs. Wallace Peterson, Mrs. John Burrell, Mrs. Alfred Ericson, Mrs. Ruth Lundquist, Mrs. John Bolton, Mrs. Grace Wells, Mrs. N. Quateman and Mrs. B. B. Bollinger. It is estimated that a total of more than \$50,000 will be realized from the London drive. Advices from London.

Clar Lee Wheeler Honored At Parties

Mrs. R. L. Wheeler was hostess Tuesday when she gave a lovely luncheon in honor of her niece, Miss Clara Lee Wheeler, whose marriage to John Wesley Evans, of Chicago, will be an event of June 18 at the Ovidio Methodist Church.

The house and table were beautifully decorated with roses and dahlias. The bride-elect wore a lovely dress and white garden.

Circle Three Meets At Strickland Home

The home of Mrs. M. R. Strickland on Elliott Avenue was attractively decorated with mixed garden flowers for the meeting of Circle Three at the Women's Society of Christian Service of the Methodist Church on Monday.

Try the recipe for Delicate Rolls you'll find in the folder. Then, for refrigerator rolls, save part of the dough when you're first time. Knead dough lightly, place in large greased container. Grease top of dough, cover with two thicknesses heavy wax paper, tied down securely, and store in refrigerator for several days or a week. About 8 hours before rolls are wanted, shape this dough into rolls and place in greased pan. Let rise in warm place (about 80° F.) until doubled. Bake in fairly hot oven, 400° to 450° F.

Bread and Cake Packages Called Economical Buy

By MARGOT ADAMS
Once upon a time it used to be just plain good common sense to be economical, but now it has also become a patriotic duty. It stands to reason that if you can save money on the everyday things of life without stinting yourself on sacrificing quality, you will have just that much more money left over which you can put into savings in the form of defense bonds.

This defense program has made us more thrifty-minded than we have been in a long time. We're watching our pennies a little closer and we're cutting out unnecessary waste wherever possible. Perhaps that's the reason the new money-saving bread and cake packages are especially interesting at this time.

The new packages are designed to give you more for your money. They save pennies each week that amount up to dollars during a year. Take bread for instance: most all bread nowadays is sliced for convenience and quick serving, and because it's sliced it allows the air to circulate freely once the package is opened. This naturally dries the bread, and causes the bread to become stale before it is completely consumed.

One baker solved this problem by dividing the loaf into two twin halves, each twin individually wrapped, then both halves wrapped together in a waxed wrapper.

It's a thrifty idea because you can serve one half and save the other half still wrapped in the two protecting wrappers. This new twin packed loaf keeps bread fresh cake without home baking.

The baker who designed this package first bakes a large size two-layer gold cake and fills and bakes it. Then he departs from regular packaging routine by dividing the cake into eight equal portions. Each portion is placed in a separate compartment and the entire cake is covered with a delicious chocolate wrapper which is held to the base of the tray by a cardboard collar that snaps off and on again.

This, if the housewife wants to serve two or three portions, she simply lifts the collar, lifts the cake, and removes the desired number of servings. To preserve the moist and fresh, she merely replaces the collar on and snaps the collar on and it's firm.

Blinding Soldiers Take Guards Course

CAMP BLANDING, June 5.—(Special)—Six Florida men are here with the 51st (Dixie) Division are among the 83 who began Monday a six day life saving and life guards course conducted under the auspices of the American Red Cross. They are: Sgt. Howard A. Bishop of High Springs, Sgt. Emanuel G. Richardson and First Class Private Lucien H. King, of Tampa all with the 18th Field Artillery, and Corp. Russell E. Hall of St. Augustine, First Class Private William T. Ellington of Miami, and First Class Private Clarence A. Andrews of Bartow, the latter three members of the 15th Infantry.

Citrus Group Ends Radio Advertising

LAKELAND, June 5.—(Special)—Heavy criticism from citizens yesterday caused the Florida Citrus Commission to discontinue its radio advertising campaign effective July fourth. Contrary to the Columbia Broadcasting Company and Mary Margaret McBride, the commentator, provided for continuation of the program during a 15-week cycle starting July 1 unless CBS and Miss McBride were notified to the contrary by today.

13 Cases Appear On Court Docket At Police Station

Thirteen charges were listed on the docket for the regular session of the Municipal Court at the Police Station Monday afternoon, with Municipal Judge Frank L. Miller presiding.

Charges against white persons include one against Waldo Carson for running a red light. He was convicted and fined \$5 or 10 days. C. A. Hardy, charged with drunkenness, was found guilty and fined \$5 or 15 days, which was suspended. Mr. Hardy also was charged with disorderly conduct, found guilty and given a suspended fine of \$5 or 15 days.

Charges against negroes included: Janie Sykes Lawson, charged with selling liquor, was found guilty and fined \$75 or 90 days. Onay McCoy, accused of having one head light, was found guilty and given a suspended fine of \$2 or 10 days. McCoy also was charged with transporting unlicensed liquor, found guilty and fined \$25 or 90 days. Henrietta McCoy, accused of breaking glass on the streets, was found guilty and fined \$5 or 15 days.

David Merchant, charged with petit larceny, was convicted and given a sentence of 60 days. Frank Williams, charged with running through a service station cutting a corner, estranged a \$5 bond.

Jako Johnson was arraigned on three charges, the first of which was drunkenness. He was found guilty and sentenced to 60 days. He was also charged with disorderly conduct, found guilty and sentenced to 75 days. On another charge of making threats, he was found guilty and sentenced to 90 days. Ed Rawls, alias Ed Ross, accused of being drunk and disorderly, was convicted and sentenced to 60 days.

Sanford Picks Up In 5-2 Defeat By Gainesville Team

Kettles Pitches 8 Hit Game, Fanning 7 GMen Batters While Walking 3

Opponents Get 8 Hits To Locals' 10

Four Rabbit Feet Fail To Produce Run Rally In 9th

Behind the eight-hit pitching of Al "Goose" Kettles, Sanford played its best game of baseball in a week to hold the Gainesville team to a 5-2 victory after two bad innings early in the game. No change in the lineup was made during the game and every man played his position from beginning to end. Kettles pitched his old style of ball after the first and third innings, when he gave up six hits and five runs, and made it three up and three down in the fourth, sixth and seventh frame while striking out seven batters.

Sanford had every edge during the game and should have made 20 hits to win as they got 10 hits to Gainesville's eight; had three more men up to bat and 11 men die on base to the opponents six. With the exception of the last frame when the locals got three hits their bingles were limited to one an inning.

Kettles not only did his stint on the mound but he also shared the honors at the plate, getting two hits on four times up and his double in the ninth drove in one of the Seminoles' two tallies. Rick Gillespie batted .500 last

night by getting two singles out of four trips to the slab but he died on base both times as his team mates failed to connect. He made an unassisted double play in the fifth, catching a line drive and tagging out a runner off second.

Toughest break of the contest came in the last inning when Sanford started what looked to be a rally. Delfino singled to lead off but was put out at second on a force play leaving Daugherty on first. Kettles came up with his usual and drove in Daugherty for the second Sanford score. Ernie LaValley got to first on a free trip and Justice singled putting three men on bases. Jim Booth tried to drive in the run but hit the pitcher who threw to home for a force out. With bases loaded the sweetest hitter on the team stepped to the plate. Pete McRaney. After running the count to three balls and two strikes through one swing and a foul, McRaney hit a beautiful drive to the outfield that brought the crowd to its feet shouting, "A double," but Rightfielder Thompson of the Citrus sprinted after the ball and caught it in a full gallop for a flyout, ending the game.

Charlie Morrison was back on the job last night after a one day lay-off to watch his son graduate from high school. The baseball enthusiast and faithful fan went out for the full nine innings to talk the boys up a bit. A bit of comely was featured in the last inning when every fan was tense with excitement. The bases were loaded and the fans were yelling for a rally when, from behind the negro stands, brayed a brown rabbit. The fellow was confused by the noise and headed for the only

shelter on the brightly lighted field, the pitcher's legs. Crossing the base line he leaped into the infield and settled down contented between the pitcher's outspread legs.

Daytona's Carroll Is Versatile Man On Baseball Field

DURHAM, N. C., June 5.—(Special) A batting leader of two college teams, outfielder Erby Carroll of the Daytona Beach Islanders is doing a pretty good job of hitting in professional ball as a beginner without previous experience.

A very versatile young man who pitches, catches or plays the outfield, Carroll first went after his higher education at Harding College up in Arkansas.

Playing outfield for the Harding varsity team, he amassed a batting average of .528 to lead the team and set a new school record. He also brought the college some fame on the basketball court, being selected on the all-state team.

Two years later, Carroll decided to turn his quest for knowledge in another direction and enrolled at Arkansas College, Pithoung for the varsity there, he won five games without a defeat and when he was not on the hill he was back of the plate handling some other hurler's slants.

During the summer months, Erby looked up with various independent clubs and in the late summer of 1939, he went to Miami, Fla., to join the local club on the strong Ben Johnson league of that territory.

He won five games and lost two as a pitcher, and his totals were a 2 to 2 victory over Junction City, the league champion, all losing only three hits.

Last summer, around home at Vicks, Ark., the Islander handled most of his time on the mound, working for two different clubs. He won 16 games without a defeat, filling in behind the bat and in the outfield when not hurling.

Signed by Springfield of the Western Association last winter, he was sent to the Islanders for experience, but judging from his early season batting he doesn't need much of it. As long as he continues to pitch, he's not likely to be removed from the outfield but it's nice to have a fellow around who can catch or pitch if an emergency arises.

Senate Adopts Compromise On Tax Plan

Way Is Cleared For Adjourning 60 Day Session Tonight; Filibuster Ended

Power Intended For State Cut

Provisions Of New Tax Collection System Softened

TALLAHASSEE, June 6.—(AP)—A compromise was adopted in the Senate today by Governor Holland's program for a tighter county tax assessment and collection procedure, thus ending a filibuster and clearing the way for prompt adjournment tonight of the 60 day session.

After a seven hour night session ending at 3:00 A. M. today failed to settle the hotly debated bills, the Senate was called to meet at 9:00 A. M. today.

However, President Beacham delayed the proceedings and called into conference administration leaders and chief opponents of the program, urging them to get together.

Under his prodding, the antagonists arranged a conference with the Governor and brought before the Senate a complete accord, softening the provisions of a new tax collection system that would have given the State broad powers to enforce procedure.

Quickly and quietly, the Senate ratified the agreement, without dissent, but those who opposed the plan passed the Senate 19 to 17.

Under the terms of the agreement, the counties will be required to value property for taxation at 100 cents on the dollar, tax deeds will be issued two years after a tax sale, penalties for nonpayment of personal or real estate taxes will be increased, and expensive homes now enjoying \$5,000 homestead exemption will be brought into the tax paying class.

Out of the two bills applying to the State and personal property taxation came broad powers for the State comptroller to fix standards for assessments and also authority for the Governor and the comptroller to control county budgets.

Completing the compromise, the Senate passed a third bill imposing penalties on the property of railroads, telephone companies and telegraph companies, which now have no interest for delinquency, thus placing them on a parity with other property.

The Florida Senate, which today had endorsed the Holland program throughout the session, broke loose last night, on the (Continued on Page Two)

Draft Call Issued; Seminole Quota Is 1

ST. AUGUSTINE, June 6.—(Special)—The tenth call for Florida selected service trainees was issued yesterday by Adj. Gen. Virgil Collins, calling for 200 to report to Camp Blanding June 23 and 24. No call was made for negro trainees.

Because of the relatively small quota, a number of counties were exempt. Dade county (Miami) leads with a requisition for 60 men; Hillsborough is second with 50 and Duval (Jacksonville) third with 25. None was called from Collier, DeSoto, Glades, Hendry, Manatee or Oklawaha.

By counties today's call included: Hillsborough, 21; Marion, 3; Orange, 12; Osceola, 1; Palm Beach, 4; Pasco, 2; Pinellas, 14; Polk, 1; Seminole, 1; Volusia, 2.

Steps To End Labor Trouble Are Studied

Way To Make Workers Conscious Of New Responsibility Are Investigated

WASHINGTON, June 6.—(AP)—President Roosevelt asserted today Ambassador John G. Winant had brought from England not even "a tenth cousin of a peace offer," and added Nazi propaganda is responsible for peace talk.

Told by a reporter there was an impression being spread that Britain had said she could not last more than a few months without increased American help, Roosevelt declared this never had been said unless by Berlin.

WASHINGTON, June 6.—(AP)—President Roosevelt said today he was considering new steps to reduce labor stoppages in defense industries, but was not prepared to do anything more while the Defense Mediation Board was working on the west coast aircraft lumber dispute.

A reporter at a news conference wanted to know whether the President was considering anything to make labor aware of its "new responsibility" in the present emergency.

The Chief Executive replied he believed that could be answered in the affirmative.

A walkout at North American Aviation Corporation plant at Inglewood, Calif., halting production of \$200,000,000 of military fighters, shut the current total of strikeable defense workers in a 1941 high of 52,000 yesterday and touched off a series of demands in Congress for instant action to restrict work stoppage in industries vital to the armaments program.

Like the continuing wave of lumber workers in the Pacific Northwest, the order issued by the C. I. O. United Automobile Workers to its members to lay down their tools in the aviation plant was in defiance of President Roosevelt's injunction that recommendations of the Defense Mediation Board be accepted.

Consequently, it started an immediate burst of speculation in Washington as to what the President might do in response to the White House brought only the statement from Stephen Early, presidential secretary, that Roosevelt had not been officially apprised of either situation.

Contract Awards Made At Meeting Of School Board

Single Room Building & Scaffolding For Negro Pupils

Contract for school bus fuel and a garage were awarded and a single room building for Negro pupils at E. R. Reed appeared at a meeting of the Sanford County School Board yesterday at the superintendent's office.

The first bid was awarded to H. B. Pappas Company and H. B. Pappas Company to furnish fuel for four buses under a contract of \$2,000 while the bid for the construction work was awarded to E. R. Reed.

The board members decided on the one-room building at E. R. Reed after making a tour of the school building. The building is to be erected providing it can be financed. The board hope to have the building under way by the end of the year.

Mrs. Mae Sheffer, county at-large officer, gave a report on her work for the past four years and presented figures of her visits to homes of children in the county. She also presented a general health condition of the homes and reported her findings to the Welfare Board and the Health Department for further investigation.

The resignation of E. S. Douglas as commercial teacher at the Lyman School was accepted by the board and Robert Jones Kannon was appointed as a substitute until a successor can be named.

In answer to a request by Paul Kelly of the State Department to be a representative of the county to be appointed to attend the meetings of the All-Southern Health Committee at Daytona Beach this week and next week Prof. R. E. Kipp was asked to attend the meetings this week and Mr. Lawton is to attend the week of June 7-14.

Since Mr. Lawton will be out of town next week the meeting of the school board yesterday is to take the place of the one scheduled for next Wednesday and the board will meet again at a date later in June, Mr. Lawton concluded.

Prisoner's Parcels Sent Without Charge

Parcels sent to prisoners in concentration camps in any country are allowed to go free of duty, it was pointed out today by a letter sent by The Sanford Herald to a reader.

It is revealed in the letter that the nephew of two former Sanford residents, Mr. and Mrs. W. S. Leak, has been a prisoner of war in Germany since May, 1940.

Mr. and Mrs. Leak are now residents of Sarasota, but lived here many years and still own a place on the east side.

Their nephew, Michael Bussy, who was 21 in January, writes cheerfully from the camp, but adds that he has not much faith in personal parcels reaching him. Red Cross parcels are irregular, he says, inferring that parcels are arriving from the United States to individuals quicker than through organizations and that is how he would like them sent.

U. S. Engineers Will Investigate Water Hyacinths

Removing Hindrances To Boats Requested By Sanfordites

Sanfordites have requested that the U. S. Army Engineers investigate the water hyacinth problem in the area of the Wekiva River.

The water hyacinth problem has become a serious hindrance to the navigation of the Wekiva River and the U. S. Army Engineers are being asked to investigate the problem.

Rotary Club Enjoys Boat Trip On River

Approximately 35 members of the Rotary Club and their guests enjoyed a boat trip on the Wekiva River aboard P. E. Rounhill's cruiser, the "Sylark," and a fish fry at Rord's Camp yesterday.

Roy Williams furnished a "sneak shooting outfit, and target matches were enjoyed by those present.

Earl Turner and Clyde Parker had charge of the fish fry and H. B. Pope headed the activities committee of the club, which arranged the party. Fishing, swimming and boating were enjoyed by the guests.

At the conclusion of the fish fry, G. E. Rollins presented the past president's pin to J. L. Ingley, retiring head of the club. The pin, which is gold with a small diamond in the center, has upon it the words, "Rotary International," and "Past President." It is an annual custom to present a pin to the past president.

Campaign To Bottle Up England's Fleet In Mediterranean May Be In Motion

Germans Report Taking Damascus

British Position In Middle East Described As Serious

Italian bombers were reported today to have attacked Britain's great rock citadel of Gibraltar, guarding the western entrance of the Mediterranean Sea, while the Germans forecast aerial blows at the Suez Canal in the east.

Linked with Wednesday night heavy assault on the main British naval base at Alexandria, these reports indicated the Axis campaign to bottle up the British Mediterranean fleet may already be in motion.

Meanwhile, France's high military officials in a cabinet session at Vichy discussed U. S. Secretary of State Cordell Hull's blunt warning that French cooperation with the Nazis is "utterly inimical to the just rights of all our countries."

Avoid indications that British troops might move in Syria at any moment, reports at Ankara, Turkey, asserted that German soldiers were said to have occupied Damascus, capital of Syria, only 60 miles from British-ruled Trans-Jordan.

In London, the press warned that Britain's position in the Middle East was grave. Once more a clamor was made for decisive action to beat Adolf Hitler's bid to win the punch.

Those started last night with the German attack on the British-occupied zone in North Africa, and was that the German and Romanian were threatening to attack Soviet Russia.
