## Victory is Won In French Vote By De Gaulle

### New RPF Party Leads Communists Tho Red Vote Strength Is Not Weakened

PARIS, Oct. 20 (AP)—Candidates nominated by General Charles De Gaulle's six-month-old Rally of the French People (RPF) were leading 29 out of 37 major municipalities today as returns from yesterday's balloting rolled in from all over France.

De Gaulle's party held a substantial lead over all other parties, including the Communists, in the early returns.

"There's no doubt about it. De Gaulle has won," said Maurice Schuman, parliamentary leader of the Popular Republican Movement (MRP) which lost ground heavily in yesterday's voting. De Gaulle's RPF, although leading the Communists, did not appear to have denied Communist voting strength in any substantial amount.

Running an anti-Communist platform, and competing in a French election for the first time, RPF was averaging between 38 and 40 per cent of the total vote, as against 30 per cent for the Communists, 19 per cent for the Socialists and less than 10 per cent for MRP.

A tabulation of the first 38,266 votes counted showed:  
RPF—1,588,784, or 38.4 per cent  
Communists—1,108,843, 30.6 per cent

Socialists—698,467, 19.5 per cent  
Popular Republican Movement—337,690, 9.8 per cent  
Various—84,492.

## Disaster Predicted From Petrillo Edict

CHICAGO, Oct. 20 (AP)—James C. Petrillo's newest edict, banning again the making of recordings by his 226,000 AFL musicians after Dec. 31, was described as the mould of disaster for some segments of the radio and recording industries.

One disc jockey for a Chicago radio station said that eventually the directive will mean oblivion for the many recording programs mastered over by some 2,500 sound masters of ceremony "as a major part of the entertainment industry."

With new recordings shut off, he said, "the public will be so sick and tired of hearing the records on our shelves, we'll have to fold up."

Band leader Ted Weems expressed the belief the edict might boomstrang on musicians of this country and result in popular favorites being replaced by foreign, and in California a spokesman for one recording company suggested the making of master records might be done in Mexico.

## Secretary Marshall Given Freedom Award

NEW YORK, Oct. 20 (AP)—Secretary of State George C. Marshall—elected particularly for projecting a plan for European reconstruction and praised by President Truman as "great in war and great in peace"—received the 1947 freedom award presented by Freedom House last night.

In a brief response at a dinner at which more than 1,000 guests heard him praised by international figures, Marshall said the world needs more of the American brand of friendship.

He said it is "a very tragic consideration" that the people of the United States have difficulty in convincing those of other nations of the Americans' "real sincerity and desire to be friendly."

**LONDON STRIKE**  
LONDON, Oct. 20 (AP)—Four thousand transport workers went on strike today in sympathy with 580 cold storage workers employed with them.

**TB BROADCASTS**  
The Seminole County Tuberculosis and Health Association is sponsoring a series of weekly broadcasts over Station WTRR at 8:45 o'clock, Tuesday afternoons and entitled, "The Constant Invader." The initial broadcast tomorrow will be the transcription of "The Family Doctor" by A. J. Cronin. It was announced today by George Touhy, president of the Association.

## New City Budget Shows Costs Nearly Double Pre-war Period

Total expenses of the City government, as indicated by the 1947-48 budget recently adopted by the City Commission and published in a full page advertisement in The Sanford Herald today by the Junior Chamber of Commerce, are nearly double those of the pre-war year of 1941. During 1947-48 the total expenses are estimated at \$446,025, whereas from Oct. 1, 1940 to Sept. 30, 1941 they were \$270,575.

Total anticipated revenue from all sources is estimated at \$446,025 for 1947-48 as compared with total revenue of \$270,575 in 1941. During the coming year, \$250,025 is to be raised from taxes and other sources for general government. Of this amount, \$122,925 will be miscellaneous revenues, \$75,000 will be raised by the 1947 ad valorem tax roll, \$37,500 from utilities tax, \$20,000 surplus in the department of general government during 1947-48 and prior years' operating expenses, \$1,600.

Gross revenues from operation of the water utility are anticipated at \$45,000. Profits estimated at \$31,750 are used to meet expenditures in the department of general government.

For debt service \$105,000 is to be raised by taxation. During 1941, the sum of \$96,000 was required for this purpose.

## Value Of Florida Forests Is Told At Rotary Lunch

### Industry Brings In \$100,000,000 Annually, Says Moore

Forests, which are one of Florida's most valuable resources, support an industry valued at more than \$100,000,000 a year, Ed Moore of the State Forestry Service, who was introduced by Program Chairman A. C. Sims, told the Rotary Club at its regular weekly luncheon today.

There will be no meeting of the club next Monday, as Secretary R. W. Ruprecht announced, but instead a Ladies Night entertainment beginning at 7:00 o'clock will be held at the Seminole Country Club on the following Thursday night. Charles Morrison announced that Rabbi Morris Skop of Orlando will be the speaker on Nov. 10.

There are three ways in which Florida should take the lead among all the states in the nation in (Continued on Page Eight)

## Chinese Communists Take Strategic Post

PEIPING, Oct. 20 (AP)—Chinese Communists, completing a wide encirclement of Changchun and Kirin, Manchuria, have captured Nungun and Tehweh, strategic cities which had been Changchun's northern defense outposts, pro-government dispatches said today.

Nungun is 45 miles northwest of Changchun (Manchurian capital, Tehweh, 50 miles northwest of Changchun, provides a base from which the Communists might mount a direct assault on Changchun. Its successful defense last winter was credited with blunting the Communists' fourth offensive.

**TWO DROWN**  
NORFOLK, Va., Oct. 20 (AP)—Two persons drowned early today when the yacht, Lone Star was rammed by an oil barge and sent to the bottom of the harbor in a matter of seconds, the Coast Guard reported.

They were Mrs. Frances Girard of Jacksonville, wife of the yacht owner, A. H. Girard, and crewman Dick Barl, New York.

The Girards and Barl were asleep when the collision occurred at 4:40 A. M. about 200 yards off the grain elevator pier. The yacht was enroute from New York to Florida.

**FISH APPEAL**  
TALLAHASSEE, Oct. 20 (AP)—The Supreme Court today was asked to determine if the State Game and Fresh Water Fish Commission has authority to close waters of Lake Okechobee and the St. Johns River to commercial fishermen.

**WAIL MURDER**  
CHICAGO, Oct. 20 (AP)—Cook authorities said they planned to ask a grand jury today to indict Wallace Cromwell Bearden, 31-year old roofer, on a charge of murdering Mrs. Catherine Wail, 35-year old mother of three whose body was found stuffed in the trunk of her automobile last week. Wail, arrested last Friday near the spot where the woman's body was found, was held by police on a murder charge after, they said, he told of striking Mrs. Wail with a crow-bar while in a stupor.

## Jack Warner Testifies In Movie Probe

### Film Producer Says There Are Persons With "Un-American Leanings

WASHINGTON, Oct. 20 (AP)—Jack L. Warner, Hollywood movie producer, told the House Committee on Un-American Activities today that people "with un-American leanings" have infiltrated into the movie industry.

But he carefully declined to say under questioning from committee members that these people are communists and insisted on using the description "un-American."

When Robert E. Stripling, chief investigator for the committee, wanted to know where Communists have invaded the film capital, Warner said:

"The answer is that there are people with un-American leanings. They are mostly in the 'writing division.'"

"I know they're un-American in their method. I've seen, explaining that they endeavor to put into scripts 'certain things which in my

## Atlantic Storm Is Reported Hovering In Bermuda Area

HAMILTON, Bermuda, Oct. 20 (AP)—A tropical hurricane of howling, 100 mile-an-hour winds, with gusts up to 155 M.P.H., caused considerable property damage to Bermuda before noon today and then veered on in a northward direction, imperiling ships in its path.

By ASSOCIATED PRESS  
Reconnaissance planes from Hamilton, Bermuda reported early today that high winds had been encountered 200 miles from the center of a tropical hurricane moving northward toward Bermuda from the South Atlantic.

Latest reports are that the hurricane was expected to pass some 200 miles south of this British island colony early today.

Civil and military aircraft, including U. S. service planes, have been evacuated from Bermuda and two ships of the British fleet have steamed 40 miles to sea to ride out the approaching storm. Other ships have been made secure in the dockyard.

Throughout the United States the weather was fair with temperatures ranging from 10 to 20 degrees above October normal.

The Weather Bureau at Chicago said the mercury would climb to near 80 in all sections of the country except parts of Washington and Oregon where a shower period has prevailed for several days.

From the Atlantic to the Pacific and from Canada to the Gulf of Mexico, the skies generally were clear, the Weather Bureau said, following readings last night no lower than 35 to 40 degrees in the middlewest.

"This very beautiful weather appears to have settled down on an indefinite stay," the forecaster said, adding that there was no immediate change in sight.

## President Seeks New VA Administrator

WASHINGTON, Oct. 20 (AP)—President Truman is hunting for a top-flight civilian to head the Veterans Administration when General Omar N. Bradley succeeds General Dwight D. Eisenhower as Army Chief of Staff.

The well-posted associate of Mr. Truman who disclosed this today said the big difficulty will be in finding a man willing to make the financial sacrifices the appointment will entail. The VA post pays \$12,000 a year.

Asking that his name not be used, this associate said the President already has the problem of filling three vacancies created by the resignations of men who said they could no longer afford to work at \$10,000-a-year government pay.

**JAYCES BOARD**  
The Board of Directors of the Junior Chamber of Commerce will meet Tuesday evening at 8:00 o'clock at the Tourist Center.

**TOURIST BOOTH**  
Mrs. H. H. Duncan of the Palm Circle of the Garden Club was on duty today at the Tourist Information Booth where headquarters of the club have been established.

## UN Assembly Fails To Break Deadlock Over Council Seat

### Spending Policies Of Bureaucrats Hit By Governors

### Texas Governor Pans Court Decision In Tideland Oil Case

ASHEVILLE, N. C., Oct. 20 (AP)—Two blasts against the federal government—one aimed at its spending policies and the other at its position in California's tideland case—were sounded today by southern governors at opening business sessions of their annual convention.

Presiding over the conference during a discussion of National Guard re-enlistment and veterans affairs, Virginia's Governor William M. Tuck termed the federal government's appropriations in the last 15 years as a "wild orgy of spending which will eventually lead to a national bankruptcy if not curbed."

An even more defiant note was sounded by Governor Beauford J. Hester of Texas in speaking on the tideland case.

The Supreme Court's decision in the case, he declared, will "become a potent weapon for proponents of the nationalization of the entire oil and gas industry as well as other vital natural resources and industries. Oil is merely in the lead-off position in the line-up of nationalization of vital natural resources."

The case, Governor Hester asserted, "lightens what he termed 'the strangling loop of super-federal control at the throats of mere property owners, the sovereign states of the union.'"

The Virginia and Texas were leaders on a program which states (Continued on Page Eight)

## Analysis Shows Reds Have Low Income

NEW YORK, Oct. 20 (AP)—The New York Times says, "A month's analysis of official Russian statistics, portraying the Soviet Union as a country with a 'dreadfully low level of welfare.'"

The analysis, initiated by Prof. Seymour E. Harris and done by a group of statisticians, indicates that the Soviet report is a "grossly distorted" picture of the nation's economic progress, the Times says.

The story continues that Russia has a greater output for military purposes than the Soviet industrial position might indicate.

"A distressingly low level of welfare" reported in the survey, the Times says, "is indicated by an average consumption, measured in 1940 dollars, of \$111 a year, against \$600 in the United States (where, unlike war-damaged Russia, average consumption now has risen to \$300 such dollars)."

## Farmers To Meet At City Hall Thursday

All farmers and shippers of this district who are interested in a co-operative plan for operating the USDA Farm Labor Camp here are requested by C. R. Dawson, county agent, to meet at the City Hall Thursday morning at 10:00 o'clock. W. W. Montgomery of the West Palm Beach headquarters of the State Department of Agriculture is due to be present at the meeting to outline the plan for disposal of the camp.

The annual meeting of the Seminole County Farm Bureau will take place on Oct. 31 at which time officers will be elected and delegates to the State Farm Bureau convention at Miami will be named. It was announced by Harry Thurston. He reported also that the Farm Bureau Insurance Corporation of which H. E. Cordell is local representative, is doing very well.

## Russians Accused Of Kidnaping Children

BERLIN, Oct. 20 (AP)—The Roman Catholic bishops of Germany, an authoritative informant said today, have filed with the Allied Control Council a protest against what they called the "kidnaping" of more than 8,000 German boys and girls in the Soviet zone since the occupation began.

The informant said the protest was filed after private efforts of parents to learn the whereabouts or fate of their children from Soviet authorities proved fruitless.

**THE FACE IS GONE**  
NEW YORK, Oct. 20 (AP)—John Henry Titus, 94, who claimed authorship of the original version of "The Face On The Bar Room Floor," died last night in Bellevue Hospital of injuries suffered from the hurricane which swept West Palm Beach, Fla., Sept. 18.

Prof. lecturer and one-time leather merchant, Titus never established clear title to authorship of the famous ballad. Meet of the glory went to Hugh Antoine D'Arny, an actor late in the last century, who died in 1888.

Marshall, (left) shakes hands with CIO chief Philip Murray. In center is Jacob Potofsky, garment union official. ## Heart Disease Is Declared To Be No. 1 Killer Of Americans

WASHINGTON, Oct. 20 (AP)—Heart disease is the No. 1 killer of Americans, yet "very little" federal research is directed toward the malady, says John K. Steelman, chairman of President Truman's Science Research Board.

And Steelman, in a weekend report to the President, added that an earlier disease which has hit large groups of the population—such as rheumatism, kidney disease, influenza, the common cold, asthma and hay fever—are not getting the attention they deserve in government medical studies.

"Cancer, venereal diseases and tuberculosis—all important causes of death and disability—are high in the list of diseases under investigation in Federal Research," Steelman asserted, but he added, "Other diseases which are principal causes of death and disability in the general population are not equally stressed."

"There is no national policy for research," the report stated. "Government agencies do research within their own laboratories and support it in outside institutions. While these activities are coordinated informally to a limited extent (Continued on Page Eight)

## Herman E. Hood Dies In Norfolk, Va.

Mrs. Mattie Horne, 410 West Twelfth Street was recently called to Norfolk, Va., to attend the funeral of her brother, Herman E. Hood, postal employee, and a frequent visitor to Sanford.

Mr. Hood was an active member of the Free Masonic Baptist Church and of the Knights of Pythias. Burial was in the family cemetery in Bennettsville, S. C. He is survived by the widow, Mrs. Margaret Twiss-Hood of Norfolk; two sisters, Mrs. Horne of Sanford and Mrs. Flora B. Rogers of Lumberton, N. C., and several nieces and nephews.

## Eggless Thursday Is To Be Continued

WASHINGTON, Oct. 20 (AP)—Eggless Thursday will continue even if poultryless Thursday is abandoned, Citizens Food Committee officials predicted today.

They told reporters it is probable that chicken and turkey would be restored to Thursday menus as a result of conferences starting today between Chairman Charles Luckman and spokesmen of the poultry and feed industries.

Opposition to dropping the "eggless" feature of the day was strong in both the agriculture department and the food committee.

**KILLED AT CROSSING**  
HOUSTON, Tex., Oct. 20 (AP)—Four children were killed instantly at their parents' critically injured last night when their automobile was demolished by a Missouri Pacific freight train four miles south of Trinity, Texas.

Justice of the peace Bert Dunlap identified the family as that of Mr. and Mrs. Buck Fyench, whose home is a half mile from the crossing.

## Russia Demands U. S. And Britain Get Out Of Greece; Border Watch Hit

NEW YORK, Oct. 20 (AP)—The United Nations Assembly failed today in a new effort to break the three-week deadlock between India and the Soviet Union in the contest for the Security Council seat which Poland will vacate Dec. 31.

Today's ballot, the tenth since the contest began Sept. 30, gave the Ukraine 29 and India 24. A two-thirds majority of those present and voting—35 votes—was necessary for election.

The ninth ballot on Oct. 1 gave the Ukraine 32 and India 24.

On a second attempt, the 11th ballot, the vote was:

The Ukraine—30, India—25.

Dr. Oswaldo Aranha of Brazil, Assembly president, then postponed further voting on the contest. The Assembly turned to the election of two new members to the trusteeship council.

Earlier today Russia formally demanded that the United Nations Assembly reverse a decision of the Security Council committee and order United States and British military personnel out of (Continued on Page Eight)

## Heckenbach Is Declared Winner Of Grid Contest

H. R. Heckenbach of 205 1/2 East Eighteenth Street was declared the winner of The Herald's pick-the-winner contest for the past week which was sponsored by the Hill Hardware company and the Ritz Theatre.

Mr. Heckenbach selected 12 of 13 contestants correctly, missing only the 13 contestants correctly, missing only the Richmond V. M. I. battle which was a 21 to 20 upset victory for Richmond. He received the first prize, which was a Pilgrimage Akron fishing reel.

W. E. Priddy of 1310 Oak Avenue selected 11 contestants correctly and was named second runner-up. The second prize of a fishing tackle box was offered by the Hill Hardware company.

Most Hipson, 1115 North Avenue, S. H. Templeman, 909 Park Avenue and Terry Smith, 104 W. Nineteenth Street won the third through fifth prizes of one pass for two to the Ritz Theatre. Each of the last three winners selected eleven contestants correctly and were equal winners in the order in which the ballots were received.

The St. Johns Electric Company will award the first two prizes for the coming week. The prizes will be a waffle iron and a flower-vent bed lamp.

The Ritz Theatre will again offer for the third through fifth prizes of one pass for two.

Many of the ballots missed the Alabama-Tennessee contest, but 12 persons indicated that Florida would win its first game of the year. The Miami Herald tilt was classed as a loss up by those submitting ballots.

## Patricia's Trial Is Postponed To Oct. 31

HAVANA, Oct. 20 (AP)—Venerable Judge Cristobal Muro postponed the murder trial of sobbing Patricia (Satira) Schmidt today until Oct. 31 because none of a long list of witnesses appeared for the hearing.

The Toledo, Ohio, dancer, accused of fatally shooting her lover, John Lester Mee of Chicago, last April aboard the yacht Satira, wept and exclaimed: "Until Oct. 31!"

Nearly 100 witnesses had been summoned by the defense and prosecution. Their absence was not explained.

Patricia plainly was shocked by the 11-day postponement, the second of the trial.

**HOTEL BURNS**  
ASTORIA, Ore., Oct. 20 (AP)—A landmark hotel structure on the waterfront of this Columbia River port was leveled by fire early yesterday while city and navy firemen fought to save adjoining industrial property.

**TEACHER EXAMS**  
Scholarship examinations will be held at Tallahassee, Gainesville and Winter Haven, Friday morning at 9:00 o'clock. It was announced today by Supt. T. W. Lawton, Seminole County has one vacancy to fill, a house teacher's scholarship that is open for a college senior boy.

BIBLE VERSE FOR TODAY

WITH GOD AS OUR BACKER
AND DEFENDER FEAR IS
WHOLLY OUT OF PLACE.
Gen. 15:1: Fear Not... I am
thy shield and thy exceeding great
reward.

Did you notice that picture of
John L. Lewis the other day?
Didn't he look like the devil?

This is no time for a hurricane
to tangle with Lake Monroe, at
least not from our point of view.

In Florida's little town of Indian
Springs a juke box sounded funny.
The operator opening it up to see
what was the matter found a four
foot chicken snake coiled around
the record, which oddly enough,
was "Feudin' an' A-lightin' an'
A-fusin'."

We see where the bakers have
been prevailed upon to cut down
the size of bread loaves in order
to save wheat, thus necessitating
the housewife's buying two loaves
of bread instead of one. Now if
Al Smith were alive today, he
would probably say, "No matter
how thin you slice it, it is still
baloney."

We do not agree with the growing
opinion in the United States
that the invention and development
of the atomic bomb is a bad thing,
as indicated by the Gallup Poll.
It is the use to which the bomb
may be put that may be bad.
If it is used to prevent aggression
by any nation anywhere
in the world, and to slay down
quickly with the least possible loss
of life any nation which starts
a war, (and it could be), wouldn't
that be a good thing?

Another one of President Roosevelt's
most ardent supporters is
going to jail. Eugene Casey, a
war-time executive assistant with
a passion for anonymity, has been
sentenced to pay \$30,000 in fines
and serve a term in jail for failure
to pay income taxes. We have no
doubt that he deceived our late
President into believing he was
honest, clean and decent and a
guy, lover of the common man,
but it's funny how many times
these loudly professed liberals turn
out to be crooks.

The qualification of three
candidates for City Commission in one
group points up a defect in our
municipal voting laws which ought
to be changed. Under the present
system the winner is determined
by the plurality of votes, not by his
majority. In other words, Candidate
A, B, C might get 102, 101,
and 100 votes respectively, and
Candidate A, who got 102 votes
would be elected, though the 201
people who voted for the two other
candidates might be bitterly
opposed to Candidate A. A better
way, it seems to us, would be for
the two high men to go into a
runoff election in December...
the same as is done in the State
Democratic primaries.

Every time the subject of the
swimming pool comes up, some
one always comes in to say that
"The kids wouldn't use the swimming
pool if they had one" and
besides, "They aren't sanitary" and
the kids will get fungus in their
ears." That has not been the
experience of thousands of other
swimming pools all over the
country. Anyone who goes to Daytona
Beach, Miami Beach, or Point
Vedra will find swimming pools
right on the ocean, with as many
people (per square foot) in the
pools as in the ocean. Anyone
who thinks that swimming pools
cannot be operated in a sanitary
manner should wonder why nearly
all the schools and colleges in
the country, all the Y. M. C. A.'s
in the cities, and most of the big
health resorts and sanatoriums
have swimming pools.

Christmas For Veterans

Christmas plans already are under way at veteran's
administration hospitals. One suggestion is a scheme to
help the patients obtain gifts to send to their families. It
is impossible for most hospitalized veterans to go to stores
to do their shopping. Also, they operate on very slim bud-
gets in most cases the compensation and pension money
received is sent to dependents.

An Ohio veterans' hospital inaugurated a program last
year that will be copied in the main in many other hospitals
this year. Veteran and civic organizations were appealed to
to underwrite the purchase of attractive small gifts. These
were distributed through a hospital gift shop. The patients
selected what they wanted for their relatives, wrapped and
mailed the packages. Authorities reported that a definite lift
was given the men from this device which permitted them to remember their families at home.
For once they were giving something, and were not merely
on the receiving line themselves.

Cornell As Cleopatra

Katharine Cornell's revival of Antony and Cleopatra re-
minds theater goers and Shakespearean students of the
long-time neglect of this romantic and dramatic creation
of the Bard of Avon. Critics in the cities where Miss Cornell
has appeared are loud in praise of her portrayal of the
glamorous Egyptian queen, who, a few years before the
birth of Christ, captivated both the stern Caesar and Mark
Antony.

The play is less well known than it deserves to be for
here are all the ingredients for entertainment: the spell
of a beautiful and brilliant woman; political intrigue; the
suspense of battle fortunes; love so strong it could cause
the suicide of the principal actors. The appeal is enhanced
by the fact that the action is based on actual history.

Possibly the present run of this play is due to the popu-
larity at the moment of historical subjects. The war
awakened interest in the story of conquest and defeat in all
countries and in all ages, and in the effect on the individuals
caught up in war's mesh. The royal Cleopatra and her high
born lovers had the same problems that wars bring to all
human beings. And it's always interesting to see how the
prominent conduct themselves in the thick of stirring events.

Dying For Rutgers

Sixty-six wins to two losses is not a fair distribution of
prosperity. Till the other day this was the record of the
Princeton-Rutgers football series, Princeton being the top
dog. Rutgers evidently thought this an unsatisfactory state
of affairs, for it has just beaten Princeton for the third
time.

This is the oldest series in college football. It goes back
to 1869 when Rutgers won. Not till 1938 did Rutgers win
again, and among the spectators is said to have been an
alumnus who saw the 1869 victory. Let us hope he lived to
attend this year's victory. Then he might be content, in the
well-known words, to "die for dear old Rutgers."

Little did the undergraduates of the two colleges think
when they amused themselves on an afternoon in 1869, that
they were starting a great spectacle of sport which would
over the years draw millions into huge stadiums.

NEW YORK - It was just a week ago, I re-
member, I wrote something about it. I was
sitting in Ann Lane's dance studio on Madison
avenue. Remember Ann—the one who yelled out
the window, danced, sang, cracked jokes and
otherwise livened up the sad autumn afternoon
for us?
You never quite know what to do with the
first few days of autumn; the men suddenly are
wearing topcoats and the windows are closed on
the buses, and you figure well, now that cold
weather is here, you might as well start in on
the job in real earnest and make something of it.
However, for a few days, you aren't quite sure
where to begin, so you drift along. You sit
around, say, in places like Ann Lane's and you
kind around and try to listen just to people talk,
and in a manner of speaking you try to keep smiling just a bit more
at the last row of summer before giving up the ghost.

Anyway—it was a week ago, in Ann's studio, and this big guy
walked in. He had dark, curly hair and the flat nose of the fighter;
big shoulders and big hands, and he had a new pearl-gray fedora
on his head and a pair of green slacks and a tan sport jacket. No
tie.

The big guy's name was Jerry Florella and he was a middle-
weight prize fighter in his early thirties who had done pretty well
until he ran into Rocky Graziano. After the Graziano fight, he
seemed to have shined a little, but he still was an attraction; he
still could make more money in the ring than he could, say, as a
parking-lot attendant, or a truck driver.

YOU'D HAVE THOUGHT Rex Harrison and Ronald Reagan had
come in the door hand in hand, the way Ann fussed over Jerry.
She explained proudly that he was her prize pupil and that he could
tango right out of this world, as she would show us, but first she
wanted him to talk about the time the cop on Long Island gave him
a ticket for speeding.

The big guy wanted to shrug the whole thing off, but Annie kept
after him and finally he sat there, on a thin little chair in the
studio, and told the story, and it was real funny, the way he pieced
it out.

Florella had a good sense of timing, and while his talk was the
rough language of the prize ring, you laughed while he told the
story. He had what you call a nice personality; after a few minutes
talking with the big guy, you felt you liked him. He didn't seem to
be mad at anybody.

After a while, Ann went over to the vic and put on a tango
record, and she got Jerry up out of the chair and they tangoed. I
can take tango or leave them—or as they put it, on Broadway,
"so it's a tango, so that's good?"—but there was something about
that lazy day that made that particular tango appealing. The sun
came into the room at one corner and as they tangoed, they would
pass through this little patch of sunlight.

ANN IS ABOUT AS BIG as a medium-sized button, but she and
the big guy moved around beautifully, easily. I don't think I've
seen three dozen really good ballroom dancers in my life, but these
two were right in there.

After a while, the big guy began to sing in Italian, to the tango
music. He had a warm, rough voice, the way most Italians seem to
have, and he went for the high notes and reached them easily,
naturally.

Outside in midtown Manhattan, cars poked along and feet shuf-
fled on the sidewalk; the notes came up to the studio room faintly,
and made a sort of counterpoint to the big guy's singing.
Everybody was having a fine time; Jerry was singing and Ann
was dancing, and I was sitting there swinging my legs over a chair
and loafing. It was a good day, you know?

That afternoon was all I could think of, this morning, when I
picked up the paper and saw the little item that began, "Jerry
Florella, 33, a middleweight boxer, and Mrs. Minnie Hernandez, 33,
mother of two children, were found dead last night on the kitchen
floor of the former's apartment at 290 Sackett street, Brooklyn.
Police said four gas jets were open. The two were found by..."

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

What with roar of battle be-
tween the Democracies and the
Red bloc in Europe and the con-
stant effervescence of Russia's
chief U. N. representative, Andrei
Y. Vishinsky, it's small wonder
that the western world's attention
is diverted from affairs in
Asia.

However, that's a dangerous
situation for the Occident to be in.
For while we are engrossed in the
defense of Democracy in the west,
a terrible menace is developing in
the Far East—the threat of a
Communist dominated Asiatic bloc
comprising more than half the
population of the whole world.

The crux of this Oriental crisis
is mighty China—torn by civil
war between the Chinese Com-
munists and the Nationalist gov-
ernment, and in the grip of a
protracted economic upheaval
which has taken the lives of mil-
lions by starvation. China has
reached that state of chaos which
renders her prime for Commu-
nistic conquest.

In token of this listen to Lieut.
General Albert C. Wedemeyer,
who recently made a special in-
vestigation of the Chinese situa-
tion as special emissary of Presi-
dent Truman. The General says
that "unless drastic reforms, par-
ticularly in the economic field,
are implemented soon, China will
be drawn into the Soviet orbit
in spite of the assistance that we
Americans must extend."

This statement was contained in
a letter to Mrs. John Gardner
Coolidge, of the Boy's committee
for United Service to China. In-
cidentally this was the first in-
dication of the nature of the Gen-
eral's report to the President.
Wedemeyer stated in his letter
that China is passing through
conditions of "evolution and re-
volution," and that the Soviet
Union is maintaining an "dis-
organization and chaos in the
area exactly as she has done in
Europe."

And just what does this signify
in terms of the Communist world
revolution? Well, it means plenty.
For one thing Russia lies up
against the northern frontier of
China and has got military
forces stationed there. For
another, the Chinese civil war is
rendering the country vulnerable
to Bolshevism.

Whether the Chinese Com-
munists are working in sym-
pathy with the Russians is a
matter of debate. The Chinese
Reds say they are not, but the
Chinese government says they are.
Many impartial observers
agree with the government. Any-
way, the dragon's teeth which
the Chinese Communists are sow-
ing will grow crops which will
be grist for Moscow's mill.

China is the main base of west-
ern Democracy in the Orient.
Supporting a vast country with
its 100,000,000 population should
fall under Russian domination,
and to this should be added most
of the rest of the oriented peoples.
If you join Russia's 200,000,
000 to that bloc you have con-
siderably more than a billion
people—over half the world's
population.

There's nothing outlandish about
that thought, for the idea of an
Asiatic bloc has been running
strong among the Far Eastern
countries. The great Nehru, head
of the new dominion government
of India, is an exponent of an
Asiatic confederation, and also is
Socialist with sympathy for some
Russian ideas, though he is
thumbs down on dictatorship.

Quite apart from that, Moscow
has been trying ever since Bol-
shevism came to power to thrust
its influence into India through
Afghanistan which lies on the
former's northwest frontier. May-
be the Russians think there's an open
in the fact that the Khyber Pass
between Afghanistan and India
provided the route of invasion
into Hindustan for Alexander and
other conquerors.

This is a crucial moment in the
fight between Democracy and ag-
gressive totalitarian Communism.
It is truly a World War, with two
great fronts to be held—one in
Europe and the other in the
Orient. Neither can be neglected.

Senator Coleman Du Pont con-
ceived and built at his own ex-
pense a 98-mile highway from
Wilmington, Del., to the Mary-
land-Delaware state line which
presented it as a gift to his state.

THE FRESH AIR FEND

LIKE FATHER, LIKE SON
CHARLOTTE OBSERVER

No less an authority that New
York university has decided to
make a serious study of comics
and comic books to determine
whether this form of recreation is
leading our youth to take the im-
proper path to perdition.

The comic book, says the Uni-
versity, must be subjected to
dispassionate scrutiny, and it is
in that same dispassionate mood
that we venture upon the dis-
sertation on a corresponding vice
by an older generation, the dime
novel.

That literary phenomenon, which
reached its peak a few years
after the turn of the century, was
universally condemned by all
educational authorities, uplift
societies, and everyone who was
against sin in general. It was de-
nounced from the pulpit, inter-
dicted by the school, interdicted
by the library, banished from the
home, burned by the public hang-
man, until it could be mentioned
only in a hoarse whisper behind
the hand and out of the corner of
the mouth.

It became almost sacrilegious
even to speak the names of Nick
Carter, Buffalo Bill, and Billy the
Kid, but this universal excommu-
nication served only to give the
novel the irresistible lure of for-
bidden fruit. As no boy from a
respectable home could be seen
buying one from a news stand or
at a drugstore, a thriving black-
market grew up in which the
youths from the other side of the
tracks reaped unconscionable pro-
fits.

With the clandestine deal com-
pleted, the new owner of the com-
plicated and settled secretly to the
bath loft and settled himself in
the hay, while the family bugy-
horse munched contentedly in the
stall below. Soon the culprit was
so engrossed in counting the num-
ber of redskins who bit the dust
that he did not hear the quiet
approach of the ladder by a dis-
approving elder until a stern par-
ental voice started him to jump
out of his skin with the same ter-
ror as if Geranimo himself had
materialized, complete with feath-
ered headdress, war paint, and
tomahawk.

Over the next scene we merci-
fully draw the curtain.

Yet, we cannot recall a single
youth whose morals were cor-
rupted, whose career was blighted,
whose soul was eternally damned

because of the dime novel. On the
contrary, many a wayward son
who was addicted to this pro-
scribed literary genre grew up to
be a respected and solid citizen.

For the dime novel had the high-
est moral tone. The hero was
honorable beyond words, the
heroine reeked of chastity, and
past hope. The hero had a super-
natural sense of time that brought
him always upon the climactic scene
just a bare instant before the
trembling heroine was to be sub-
jected to hideous torture to bend
her to the will of the mustachioed
and grinning villain. Dramatically
shouting, "Take that, and that,
and that, you cad," he pummeled
the innocent into submission, de-
livered him to the sheriff, tenderly
placed the fainting maiden on his
horse, and carried her away to
safety and happiness—with him.

Wickedness invariably brought
condign retribution, virtue was
always rewarded, and good, with-
out exception, triumphed over evil.
The moral stood out like a neon
sign so that the veriest dullard
who had to spell out every word
could not possibly miss it. Most
modern comics, we notice, have
the same time of morality and a
similar finesse in illustrating it.
Even though the method varies
somewhat on a catholic literary
taste, the devotee of either form
can have no excuse for not know-
ing the elementary difference be-
tween right and wrong.

HOME COLLAPSES

PHILADELPHIA, Oct. 20 (AP)—
A couple and their three-year-
old son were unhurt when the
second floor of their home col-
lapsed, hurling their beds to the
floor below.

William Swirsdending, 40; his
wife, Pauline, 23, and their son,
William, were asleep when the
rear of their home gave way.

As the double bed and crib
fell 10 feet in a shower of plaster,
Swirsdending threw himself across
the child to protect him from
debris that continued to fall.

Overeating Can Be
Harmful To Health

By W. V. Blitting
Touchee Drug Co.

It is said that more people
would live longer if they knew
when to put down their knives
and forks.

Physicians agree that over-
eating, a poorly balanced diet,
is responsible for much illness.
Also, an excess of weight puts
a great strain upon the heart.

Give your physician a chance
to check your weight and
health, at regular intervals,
and advise an adequate, well
balanced diet. When you realize
to be over-weight, your step
becomes lighter, your thinking
clearer, your health better.

Whenever your doctor recom-
mends medicine, make sure you
receive all the curative value
intended by having your pres-
criptions filled with fresh, ef-
fective drugs by a competent,
trusted druggist.

## Sanford Womens Golf Association Formed

The Sanford Womens Golf Association was organized recently with Mrs. E. B. Smith being elected president. The officers and committee chairman who form the board of directors include Mrs. Price Heard, vice president; Mrs. John Ivey, recording secretary; Mrs. Earl Higgenbotham, corresponding secretary and Mrs. Jack Horner, treasurer. Also Miss Dorothy Powell, membership chairman; Mrs. John Stuck, golf; Mrs. W. H. Williams, handicapper; Mrs. C. W. Terwilliger, publicity; Mrs. W. G. Fleming, trophy; Mrs. George Thurston, entertainment; Mrs. Harold Kastner, year book.

An organizational luncheon will be given on Oct. 29 at 12:00 o'clock at the Country Club for all women golfers who are interested in becoming members. Members will play golf each Wednesday at 1:00 P. M. at the local club except on the third Wednesday of each month when a luncheon and business meeting will be held at 12:00 noon and golf games will follow.

Clyde Terwilliger, local golf pro, opened the meeting by explaining that the purpose of the organization was to create interest among the women golfers. The various officers needed and their duties were also explained by Mr. Terwilliger and he stated that tourists should be allowed to join as seasonal members.

Mr. Terwilliger also said that the officers of the Sanford club have been invited to attend a luncheon with the Orlando Womens Golf Association on Oct. 28 at the Orlando Country Club and at that time will make plans for inter-city matches to be held this winter. DeLand, Winter Park and Howey-in-the-Hills have also extended invitations to the local club this winter, he declared.

The group voted to place the dues at \$5.00 per year which would be used for the publication of the year book and prizes to be given each week to the winner of the monthly tournament.

Reservations for the luncheon on Oct. 29 may be made by telephoning Mrs. George Thurston and women who are interested in joining the association are to contact Miss Powell, membership chairman.

## Hollywood

**HOLLYWOOD, Oct. 20 (AP)**—Little-known facts about a well-known town:

In 1904 the staid community of Hollywood passed an ordinance prohibiting the sale of liquor except by pharmacists on prescription for horses, automobiles and bicycles was set at 12 miles per hour.

Hollywood has 45 churches, one cemetery. Later is adjacent to RKO and Paramount studios.

The town was incorporated in 1903. It became part of Los Angeles in 1910 in order to get a water supply.

About 30,000 people work in motion picture studios, which are scattered around the Los Angeles area. Paramount, RKO and Columbia are the only big studios located in Hollywood.

Population of Hollywood is somewhat over 150,000. In 1910 it was 1,000. Most film players, except for some outsiders, live in other areas at altitude, 285 feet.

Famous Vine Street is actually less than two miles in length.

No studio has a stage 13, fifth workers being a superstitious lot. The 13th stage is called 12A.

There are 18 houses on Hollywood Boulevard, no regular legitimate theater, no burlesque show.

The first movie made here was "Her Indian Lover" in 1911. Among its stars was Jack Conway, who later directed "The Lucksters."

After attending the football game between Sanford and New Smyrna in five years the yearly studio payroll was estimated at \$20,000,000.

There are areas named North, East and West Hollywood, but no South Hollywood. Aside from movies and radio programs, Hollywood, also manufactures automotive parts, medicine, stationery, phonograph records, fruit drinks, plumbing, Alabama, Arkansas, Florida, Illinois, Maryland, Mississippi, Missouri and New Mexico also have towns named Hollywood. There is only one daily newspaper here, the Citizen-News.

The original Indians in Hollywood effected marriage by an exchange of money, which consisted of shells, and other valuables between two parties. This was a primitive forerunner of what is now done with four lawyers and the community property law.

## LYMAN HIGH SCHOOL NOTES BY HELEN FARINA

School has started off with a bang!!!! Dances—Hayrides—Plays—Hot Dog Boast and stuff. Things are really popping!!!!

In assembly Oct. 2, the officers of the Student Council were elected as follows—President, Harry Mason; Vice President, Eugene Sexton; Secretary, Edith Howell; Reporter, Helen Farina.

The SOPHOMORES are really getting sporty!!!! Their hayride proved to be a big success, rain or all. Some cute hayrides seen on the hayride were NANCY JACKSON-TONY HUNTER, OPAL WILLS-FLOYD KENNEY, EMILY TOWERS-MITTON HELMAN, JACKIE GOUDARD, CLAYDE WALKER.

The FRESHMEN are right on the ball this year also. Their dance last Saturday night was heaps of fun. The Lyman School Library was decorated with pink and blue rubrics. Hot dogs, cold drinks, rube and potato chips were served as means of keeping us alive. The music, how beautiful!!!!

With football season here already, we shall have to have more school spirit than ever before. The team looks tough and ready and those during practice and with the cheerleaders leading them up, they are bound to come through with flying colors.

Plans are getting under way now for the big Junior-Senior Halloween Carnival on Oct. 31. All the gals and boys are planning to attend and who else do you join them?

At PTA Oct. 11, the Juniors and Seniors put on a play, "Mrs. Lonesome Throat," it proved to be quite a success.

Some of our new kids this year which come from all around the country are Emily Towers, Bill Snyder, Janet Simpson and Gordon Burnett. Welcome to L. H. S. kids!!!!

Boy the Juniors and Seniors really get around. On Monday night, Oct. 13, the Seniors had an ice cream party. Then Tuesday, the Juniors and Seniors continued and gave a party at Chris Buckingham's home in Winter Park after a very busy day, looking and game were good and entertainment. Cookies and cakes were served as refreshments. Fun was enjoyed by everyone present.

## MARRIED AT LAST, Eugene Harp, 18, Panna, Col., and his bride of a few hours, Shirley Campbell, 15, Venice Beach, Cal., are all smiles as they pose with the marriage certificate following their wedding in Haton, N. M. The couple were twice pieced from getting married in California, Colorado, and New Mexico because of their ages. They were united Shirley became 15 and Eugene 18, then with his last week's pay from a job in a steel mill the young couple finally were wed. (Inter-tribunal Staffphoto)

Deer Causes Havoc In Yonkers' Grill

YONKERS, N. Y., Oct. 20 (AP)—Everything was pleasant and peaceful yesterday in Brophy's Bar and Grill. Three men stood at the bar nursing their beers. Suddenly one glanced at the plate glass front window. His eyes bulged. "Look out!" he yelled—and dove under a table.

ATTRACTIVE Mrs. Betty Dunlavy, 40, Salem, Oregon, is now asking for her 15th divorce. Mrs. Dunlavy, whose marital ventures included remarrying the same man five times, is seeking divorce from her present husband, whom she wed in 1946, on grounds of cruel and inhuman treatment. She asks ownership of restaurant they both operate. She was 17 at the time of her first marriage. (International)

Free Will Holiness Church Needs Aid

An appeal for gifts of furniture, bedding, dishes and other household necessities, was today made in behalf of the Free Will Holiness Church. For the aged, a home for elderly, sick or indigent colored people. A small group of members of the Free Will Holiness Church started the project over a year ago, and by dint of self-sacrifice and hard work they have erected a frame building for this purpose at Mulberry Avenue and Eighth Street. It is almost ready for occupancy but still lacks many things to make it not only complete but comfortable as well, according to R. L. Wilson, pastor of the church. Cash gifts will also be gratefully received. R. L. Wilson or Rosa Boynton, secretary, can be reached through P. O. Box 524 or telephone 866 R.

Stray Calf Is Given Chicago Trolley Ride

CHICAGO, Oct. 20 (AP)—Motorman William Elwood stopped his street car in Ashland Avenue at 40th Street yesterday, picked up a stray young calf and took her for a trolley ride. The calf, a black and white heifer, apparently wasn't disturbed by her new surroundings on the floor alongside Elwood's driver's seat, so the motorman drove seven miles to a street car barn. There the animal was transferred to a patrol wagon and taken to the Shakespeare Avenue police station. She was locked up in a cell and was to be turned over to the anti-cruelty society unless the owner claims her. The calf had jumped from a cattle truck.

HORN COPS RACE

WILLIAMS GROVE, Pa., Oct. 20 (AP)—Ted Horn, of Paterson, N. J., won the 50-lap final feature of the auto racing season, here, setting a new track record on the half-mile oval. Horn covered the distance yesterday in 23 minutes, 42.04 seconds, besting the mark of 23 minutes, 19.72 seconds set by Duke Nalon, of Chicago, earlier this year. Tommy Hinnershitz, of Reading, Pa., finished second, followed by Jackie Holmes of Indianapolis.

TRY THE RIDE YOU HAVE NEVER KNOWN! YOU ARE INVITED TO DRIVE AMERICA'S LARGEST-SELLING FINE CAR—

THE FRAZER MANHATTAN Truly Luxurious Transportation at a Price You Can Afford to Pay

If you are in the market for a fine postwar car, drive the Frazer Manhattan before you buy! Try the ride you have never known! You owe it to yourself to learn what this great car delivers—in beauty, in comfort, and in smooth, superabundant power—before you invest your money. In the six months since the Frazer Manhattan was announced last March, tens of thousands of men and women have become proud owners of these newest of fine cars. These people were used to quality automobiles, for among the cars they turned in was every leading American make—and several world-famous foreign models. That these new owners like the Frazer Manhattan is best indicated by the way they send their friends to Kaiser-Frazer dealers! Nearly every Frazer Manhattan sale made is the result of an owner's recommendation! The Frazer Manhattan is today America's largest-selling fine car. Willow Run has never yet been able to make enough of them to take care of the public demand—despite the fact that production has been increased more than 500% since the car was announced! The reasons go beyond price. They include medal-winning beauty, fully postwar engineering, extraordinary economy of operation, and above all, motor car value! Here, indeed is luxurious transportation at a price you can really afford to pay!

YOU PAY ONLY THE REGULAR PRICE • NO TRADE-IN NECESSARY • CALL ON THE KAISER-FRAZER DEALER IN YOUR NEIGHBORHOOD AND TAKE A RIDE! COOTS MOTORS, INC. --- SPEEDY SALES & SERVICE 125 S. Court Street, Orlando, Fla. 301 West First Street Sanford Phone 160

### Fight Between Scheduled Air Lines And Independents On Rates Revealed

By JAMES J. STREIB  
WASHINGTON — The Civil Aeronautics Board (CAB) usually disposes of petitions regarding rates by what it terms a "summary order"—that is, a thousand words of legalisms, built around one of two words: "granted" or "denied."

But it has just noted an exception to that custom in writing what appears certain to be a highly important document in the destiny of aviation's youngest and fastest growing department—the freight business.

There was some experimenting with air cargo before the war. During the war some of the larger airlines made a start on it.

But the business really developed into something worth fighting for after the war, when a great many former military fliers bought up surplus transports at bargain prices and filled them with the passengers and freight which overflowed the capacity of the scheduled airlines.

airlines are using mail pay "subsidy" to stage a rate war. They asked the CAB to refuse to let the new rates become effective. The board declined to interfere.

With respect to the independent carriers' charge of "undercutting," it said the airlines' rates still are higher in many instances.

"Undercutting" as such is not an evil, the board said. "The public interest is served by the lowest, economical tariff. That is both the theory and the virtue of competition. When the uncertificated carriers sought and were granted the right to compete on a scheduled common carrier basis with the certificated carriers, they asked and received the right to compete."

The contention is made that the disputed tariffs are aimed specifically at the uncertificated carriers. Admittedly this is the case. But what this proves is merely that the disputed tariffs are competitive tariffs.

No Evidence on Costs  
The board commented that there is no substantial evidence as to the costs of flying cargo on a scheduled carrier. It stated that "all industry goes through the experience of promotional rates—of rates initially set below costs in the hope of attaining volume business."

"In the light of the vast potential market for air cargo, a reasonable promotional rate is not unjustifiable," the CAB said.

The board said "The argument that the tariffs filed by the uncertificated carriers (airlines) are supported by mail subsidies is wholly unsound."

The board noted that railroad mail rates are eight to nine times higher than carload freight rates. It said that a "purported offer" by the independents to carry the mail for 18 cents a ton-mile "is merely an unanalyzed offer having no relationship to costs and intended simply to confuse the issues in this proceeding."

**How Fight Started**  
As the airlines rebuilt their fleets, much of the heavy demand for air transport melted away. The issue is now between the airlines and a relatively few large independents.

This latter group has won a temporary right to give scheduled cargo service. The airlines made a big move to meet the competition by reducing their rates to 20 cents a ton-mile Aug. 1. This compared with an average of about 18 cents for the uncertificated operators, some of whom promptly cut their rates to an average of about 15 cents.

Three airlines—American, United and Capital—were most directly affected by that rate slash. They countered with a reduction to about 12 cents, and the independents began screaming to the CAB for help.

**Mail Subsidy Charged**  
The independents asserted in general that the airline cargo rates are below cost and that the

for wartime movement of freight. The brief declared that shipments "moved to a substantial extent upon rates far lower than those accorded the general public."

During the last year, the Department of Justice, alleging overcharges, has filed with the commission a series of reparation claims against the carriers. Altogether, millions of dollars are involved. Counsel for the railroad paid the claims have been variously estimated as high as three million dollars.

"This," the brief stated, "compares to the net income of all the railroads during the war years of \$3,092,000,000." Any such reparation awards "would destroy the solvency of a large majority of the railroads," the brief asserted.

It claimed further that testimony "before committees of Congress" showed that the government "saved upwards of \$200,000,000 through the medium of reduced rail rates which were requested and granted."

Carrier counsel also argued in the brief that land grant rate reductions on government traffic during the war years are estimated at approximately \$900,000,000 or a total of more than \$1,000,000,000.

In addition, the brief claimed that "the government, through its heavy wartime taxation rates, already has received up to 85 per cent of this carriers' taxable income."

The railroads "increased cost of operation, coupled with heavy income and excess profit taxes, not only prevented any such excessive earnings as the petitioners have contended, but actually operated to deny the carriers a fair return notwithstanding an unprecedented volume of business," the brief declared.

The brief also asked the commission to deny the Department of Justice request for separate hearings of each case, contending cases should be consolidated, as ordered, the brief stated, by the commission when it directed consolidation and joint hearing on five of the cases.

"No invention of pleading can obscure the fundamental fact that the multiple complaints seek reparation on different theories in different complaints on the very same shipments," the brief stated. "The handling of, these complaints necessitates the presentation and consideration of identical factual evidence."

The series of cases "constitutes an effort to repudiate the agreements by which special rates were obtained from the carriers through a committee which has set up the request of the government, the functioning of which was formerly approved by the Department of Justice."

"This sum, measured on the basis of national wealth, is equivalent to some 14 or 15 billion dollars paid out by you."

Lord Inverchapel declared "we have done more than our full share" in trying to "recreate the system of multilateral trading in the world."

He cited as post war production accomplishments in England "the rapid revival of our merchant marine and production at the present time of 25 per cent more trucks, 55 per cent more rayon yarn, 55 per cent more steel, 45 per cent more electricity than we did in 1938."

Meanwhile in London King George VI, formally ending one of the busiest parliamentary sessions in British history, declared today that national economic recovery cannot be achieved without international cooperation.

The King's propeation speech—written by ministers, of the Labor government and read by Lord Jowitt, the Lord Chancellor—reviewed the legislative year.

Tomorrow the King will appear before a joint meeting of the House of Commons to open a new parliamentary session, third since the Socialists came to power in 1945.

Though today's meeting was only a perfunctory session clearing the decks for tomorrow's ceremonies, the speech mentioned the dollar crisis, suspension of convertibility and other developments since Parliament recessed Aug. 13.

"My government have been fully aware that our own difficulties cannot be overcome except in conjunction with other governments," the address stated. "These have, therefore, warmly welcomed the initiative of the United States in seeking to promote joint action by the governments of the European nations to increase production and extend international trade, and they have given this initiative their strongest backing."

Prime Minister Attlee's cabinet is expected to decide today, Labor informants said, whether King George VI will call for legislation at the opening of Parliament tomorrow to scrap the House of Lords. Attlee's cabinet is known to have discussed possible action against the Lords in the past and the Prime Minister has said repeatedly that the "Upper House" would not be permitted to obstruct any Labor party plans.

The House of Lords, consisting of some 800 peers, has defeated the government on minor issues in the past, but always has fallen into line on major legislation.

### Hollywood Probe

Continued From Page One  
opinion are un-American."

"Would you admit there are people in your studio, who are un-American?" Stripling asked.

"Yes," Warner replied.

But he emphasized that whenever un-American ideas creep into scripts, the studio cuts them out.

At the outset of the hearing, Chairman Thomas (R-N.J.) refused to hear a motion to quash subpoenas for 19 Hollywood personalities to appear before the committee during the next three weeks of hearings. The subpoenas are orders for the 19 to appear as witnesses.

Robert W. Kenny, counsel for actor Larry Parks and 18 writers and producers, sought to move that the subpoenas be quashed. This would mean freeing the 19 from any necessity to appear before the committee.

Warner was then called as the first of the industry witnesses.

He was accompanied to the witness stand by Paul V. McNutt, his attorney.

The 55-year-old thin-mustached Warner wore a dark blue business suit. So did McNutt.

Thomas denied McNutt permission to cross examine witnesses.

You are no different from any of the other attorneys who have appeared before this committee at other hearings," Thomas told the former head-of-War-Motionpicture Commission.

As Stripling pressed questions as to the "un-American people" in Hollywood, Warner commented: "I have never seen a Communist and I wouldn't know one if I saw one."

Warner declared he had seen Fascists abroad "but didn't recall having encountered them in Hollywood."

The "un-American" infiltration in Hollywood, Warner said, first was noticed in 1936 and 1937 "in our studios and studio there."

Warner said he has been in the movie business "40 odd years" as writer, director and producer. He was born, he testified, in 1902 in London, Canada.

The House Un-American Activities Committee's Hollywood investigation formally opened with Chairman Thomas (R-N.J.) asserting "there is no question that there are Communists in Hollywood."

What the committee wants to know, the chairman told the audience jammed into the chamber, is "the extent of Communist infiltration in the Hollywood motion picture industry."

In the crowd were many movie luminaries to testify during the three weeks of hearings. But most of the 400 spectators were women who crowded into the large caucus room of the old house of office building more than an hour before the hearing opened. A line that extended more than an hour before the session got under way.

From preliminary investigations, Thomas said, the committee has learned that Communists have had "considerable success" in wedging into the motion picture industry. But that, he added, is no cause for condemnation of the entire industry.

"With such vast influence over the lives of American citizens as the motion picture industry exerts," he continued, "it is not unnatural, in fact, it is very logical, that subversive and undemocratic forces should attempt to use this medium for un-American purposes."

But he said he has "every confidence that the vast majority of movie workers are patriotic and loyal Americans."

lent there is no over-all planning authority which has either the responsibility or the resources to insure the effective coordination of the several research programs."

As a move toward formulating such a "national policy," Steelman recommended prompt establishment of a committee of government and non-government scientists to "examine the national medical research program and, in broad scope, suggest a comprehensive program to utilize most effectively all of the nation's resources for medical research."

In the fifth and last of a series on "Science and Public Policy," Steelman recommended that the nation by 1957 raise to \$300,000,000 its annual outlays for all medical research. This would mean almost tripling the current \$110,000,000 outlay by public and private sources.

"Most of this expansion must come from public funds," declared Steelman. "Industrial research can and probably will expand, but it

### UN Assembly

(Continued from page one)  
The new Soviet demand came as Soviet Deputy Foreign Minister Andrei Y. Vishinsky prepared to begin a last-ditch fight against formal creation of an American sponsored UN border watch in the Balkans.

The Russian proposal to revive the already defeated Soviet resolution was submitted in a letter to Dr. Oswaldo Aranha of Brazil, assembly president, asking that the question be placed on today's calendar for the plenary sessions at the Flushing Meadow Park.

A Soviet source said Vishinsky expected to speak for about an hour and forty minutes on the Greek-Balkan issue.

Revival of the original Soviet move to blame the Balkan troubles on the United States and Britain, and Russia's fight against the "watchdog" committee, foreshadowed a double Soviet defeat.

Russia's prime interest in the assembly debate was manifested at a Security Council meeting here this morning when Soviet Deputy Foreign Minister Andrei A. Gromyko requested a postponement so he could attend a plenary session scheduled to run simultaneously.

The council meeting, called for continuing debate on the Dutch-Indonesian conflict, was then postponed until 10:30 A. M. tomorrow. This was the third recent postponement of debate on the Indonesian case. British delegate Sir Alexander Cadogan, (this month's council president, had asked for the first two delays while Russia had pressed for council action.

In Washington, the United States formally rejected Russia's proposal that Soviet and American occupation troops withdraw simultaneously from Korea.

The State Department made public a message from Under Secretary of State James C. Dorn on Friday.

"It is a great comfort to have strong and capable National Guard" units, he declared, adding that reorganization of the militia in the various states is being hampered by the lack of armor for the Guard's increased post-war strength.

Joining the National Guard discussion, Governor J. Strom Thurmond of South Carolina advocated a merit system for the promotion of officers above captain's rank over the present seniority system. Such a system, he told the other governors, "would put all officers on their toes."

emphasized the need of a regionalized system of specialized education for southern students if the South's industrialization is to continue unimpeded.

In 1941 the sum of \$10,565 was budgeted for fire protection of which \$7,710 went for salaries of six men.

The sum of \$25,000 is budgeted for operation of the Municipal Airport. Of this sum, \$10,550 will be paid to workers including the superintendent, firemen, guards, utility men and laborers.

Street lighting and water supply, estimated at \$15,050 does not show much increase over the \$12,700 budgeted for this purpose in 1941. Salaries and expenses of the City Manager's Office are anticipated at \$14,555 as compared with \$9,815 in 1941.

Other estimated outlays as compared with 1941 are as follows:

only 6 months. Thus, Florida can grow trees faster.

(3) Florida has the easiest logging conditions, no mountains, no ravines or valleys.

New developments in wood utilization are making it possible, Mr. Moore said, to use Southern pine for almost anything. Forest fires, however, are this state's greatest drawback in forest production, he stated, adding that Florida has the poorest record in fire control of any state in the Union. This, he explained, is hard not only on forests but also on game land fishing.

About one-half of the forest acreage in Florida is burned every year, he said, while in protected areas less than 1 percent is burned over. This is a loss, he said, of about 300,000,000 board feet of lumber every year, or enough to build 40,000 6-room houses.

Following his speech, Mr. Moore showed a motion picture called "Trees For Tomorrow." President Gordon Hrisson welcomed Ed Levy to meet mounting costs of living. Whither back to the club.

## Brazil Severs Relations With Soviet Russia

### Russian Press Slaps At Brazil And Its President Given As Reasons For Break

RIO DE JANEIRO, Oct. 21 (AP)—Brazil, second largest country in the Western Hemisphere, announced today she had severed diplomatic relations with Soviet Russia.

The announcement set diplomats speculating that Brazil might eventually extend the break to countries in the Soviet sphere of influence. They recalled Chile's recent break with Yugoslavia.

The break with Russia formalized a situation already virtually in effect. Brazil resumed relations with Russia in 1945 but there have been no commercial or cultural exchanges. Rio's Ambassador to Moscow, Mario Pimentel Brandao, has spent much of the time in Stockholm for reasons of health.

Moscow's Ambassador, Jacob Suriz, left Brazil following the official outlawing of the Communist Party here several months ago.

Brazil took offense at Russian press attacks on this country and on President Eurico Gaspar Dutra. One of the Russian periodicals called Dutra an incompetent soldier and a fascist.

Vice President Nereu Ramos had declared the break was "unpleasant for national honor."

In Moscow yesterday Pravda anticipated the break, said that

## New Elections Seen In DeGaulle Win

Paris, Oct. 21 (AP)—General Charles De Gaulle, his new anti-Communist party holding a steady lead in returns from Sunday's municipal elections, will press for national parliamentary elections as soon as possible to open the way to his return to power, a De Gaulle spokesman said tonight.

Many Frenchmen expressed belief De Gaulle's victory was responsible for the ending of the week-long Paris subway and bus strike, which had been looked upon as a struggle between the non-Communist government and the Communist-directed General Confederation of Labor.

Dionede Catroux, a spokesman for the General, said De Gaulle's Rally of the French People (RFP) has nearly a third of the national assembly's 618 deputies pledged to him prior to the election, and now more were expected to support him.

## Curb On False Charges Asked By Australia

### Evatt Objects To Indiscriminate Use Of War-mongering As Attack On Leaders

NEW YORK, Oct. 21 (AP)—Australia formally demanded today that the United Nations act to curb propaganda which "falsely" accuses national officials or other responsible persons of "war-mongering."

The Australian proposal was submitted to the U.N. General Assembly by Australia's minister for external affairs, Dr. Herbert V. Evatt, as an amendment to Russia's resolution on "war-mongering" which comes up for discussion later this week at Lake Success.

The Soviet resolution, as originally proposed by Deputy Minister Andrei Y. Vishinsky, specifically accused the United States, Turkey and Greece of "war-mongering" and demanded action to halt their alleged propaganda.

The key section of the Australian amendment provides that the Assembly condemn "all forms of propaganda, in whatever country conducted, which falsely imputes to officials or other responsible persons of any nation the desire of encouraging any acts of aggression or the use of any measures for the purpose of aggression."

A note accompanying the amendment said "the object of the Australian amendment is to strengthen freedom of expression and of opinion as set out in the charter, by suggesting positive measures to counter war propaganda and to counter the type of propaganda which falsely attributes to other powers a desire of aggression."

Harilaos Trikoupi, Foreign Minister of Greece, repeated his charges that Russia's Balkan sat-

## Hollywood Is Seen As Center Of Reds By Adolphe Menjou

### Forrestal Tells Of Necessity For U.S. War Strength

NEW YORK, Oct. 21 (AP)—America must remain militarily strong to give the world time to achieve stability and lessen the threat of a new world war which may strike with "lightning speed," James Forrestal, Secretary of Defense, said last night.

Declaring that Russia is clinging to one idea of government while the United States holds fast to another, Forrestal said that "it is better to live in two worlds than to accept, for as the means to improve our view of our system."

Addressing the 16th annual New York Herald Tribune Forum, Forrestal said that the "external world is not now in equilibrium," and added:

"I am confident that most of our citizens are also in agreement that the surest way to avoid war is to have any possible group of enemies know that the risks of engaging us are too great to make it worthwhile."

Asserting that "Americans hate the very idea of war," Forrestal said "we have the deepest revulsion against its brutality, its economic waste and its sacrifice of the young and brave. Yet there are some alternatives to war which obviously none of us will accept."

Concentration camps, life in a police state where every man lives in constant fear of the midnight knock on the door and the summons to answer for the alleged crime of having his own opinion—these are some of the alternatives to which we believe even war is preferable."

The new Defense Secretary said that the nation must rely upon "the best general preparation that we can devise so that our young men in case of war—which can be assured will come with lightning speed—will not be called upon to fight without adequate training."

John G. Winant, former American ambassador to the Court of St. James, told the forum that

### Moscow Seeks To Use Moving Pictures As Propaganda Medium For U. S. Revolt

WASHINGTON, Oct. 21 (AP)—Adolphe Menjou says Hollywood "is one of the main centers of Communist activities in America." And that "it is the desire of the masters of Moscow" to use motion pictures as a propaganda medium "for their purpose, which for the overthrow of the American government."

This opinion from the dapper actor was made public today as Menjou took the stand in a House Committee's second day of hearings in an investigation of Communism in Hollywood. He gave it at secret hearings by a House subcommittee on Un-American Activities in Los Angeles last May 15.

Menjou and movie critic John Charles Moffitt agreed that Communists are acting in Hollywood and both pointed to John Howard Lawson, film writer.

The dapper Menjou told the House Committee on Un-American Activities that he has "heard" that Lawson was head of the Communists there, but cannot prove it.

Moffitt, following Moffitt to the House Committee's witness chair, described Lawson, once head of the Screen Writers' Guild, as an average Communist worker. He said Lawson urged writers to try to get five minutes of the Communist's attention, five minutes of the party line, into every movie script and tell the actors "it is your duty to further the class struggle."

The plump, mustachioed Moffitt, whose home is Los Angeles, hit, too, at Communists on New York's Broadway.

He said that Broadway "is

## King Calls For Nationalization Of Gas Industry

LONDON, Oct. 21 (AP)—King George VI has opened a new session of Parliament today in a speech written by his Socialist ministers called for nationalization of the British gas industry and for a curb on the powers of the ancient House of Lords. He gave top priority, however, to economic recovery.

Both Houses sat together in the Lord's chamber for the ceremony starting the third legislative year under the Labor government.

Seated on a gold throne, the King read his 15-minute speech slowly and deliberately with scarcely a pause. On his left sat the Queen; on his right, Princess Elizabeth, attending her first state opening and looking demure in a long-skirted dress of dusty pink crepe.

In ten words the King announced

## Truman Summons Leaders To Meet On European Aid

WASHINGTON, Oct. 21 (AP)—President Truman today summoned congressional leaders to the White House for a conference Thursday on Europe's financial plight.

The White House said invitations are going out today for the meeting at 2:30 P. M. Thursday for what Presidential Secretary Charles G. Ross described as a "further discussion of emergency foreign aid."

The group is the same as the one which met with Mr. Truman Sept. 29.

In addition to the Republican and Democratic leaders in both houses, it includes the chairman and ranking minority members of the Foreign Affairs and Appropriations Committees and Senator Taft (R-Ohio), chairman of the GOP policy group in the Senate.

Presumably the conference will canvass the outlook for emergency stopgap aid to Europe as well as the outlook for a European recovery plan based on Secretary of State Marshall's self-help proposal, and the possibility of a special session of Congress.

Ross would not elaborate beyond his brief assertion that emergency

## Goal For Drive Is Set At \$3,000 At Association Dinner

SANFORD'S goal for the annual drive and seal sale conducted by the Seminole County Tuberculosis and Health Association was set at \$3,000 at a supper and meeting of the committee chairman held last evening at the Tourist Center with George Louby presiding. The county goal was increased.

Jack Ratigan, the new seal sale chairman, declared that this is the first time he has had the opportunity to join in this sort of work, and that he was glad to do so.

"We are now getting on top of the disease of tuberculosis," he asserted, and predicted that if the work of prevention is continued, the funds spent 20 years from now will not be spent on actual cases but upon educational work. He stated that the tuberculosis work is now well known, its value is accepted, and that it is no longer necessary give "sales talks," especially to employers, to get donations for the program.

George Austin, chairman of the Large Gifts Committee, told plans to raise \$1,500 this year as compared with \$911 last year by putting a little more effort reported progress in the health field.

After Edward Kircher, secretary, education program in a night school, told of her 12 years of Salvation Army experience prior to assuming her present position, and declared that she did not look upon her work as a job but as a sort of ministry.

President Louby declared that almost all of Mrs. Kircher's time is taken up in running the Association, which work she does very creditably, he said. He exhibited a poster of the new seal sale stamp showing a winter outdoor scene. He conferred with committee chairman in regard to new county goals and pointed out that the \$4,350 raised last year should be exceeded.

New goals set were: Lake Monroe, \$75; Chuluota, \$25; Lake Mary, \$75; Altamonte Springs. (Continued on Page 31a)

## Latin American Investments Are Highly Endorsed

ST. LOUIS, Oct. 21 (AP)—United States citizens who invest their money in industrialization of Latin America, will insure their own and hemispheric prosperity, Ramon Beteta, Secretary of Treasury of Mexico, and Nelson Rockefeller agreed today.

Secretary Beteta, in a speech prepared for the Americas luncheon of the National Foreign Trade Convention, contended such investments mean hemispheric solidarity at the economic level.

Rockefeller, pointing out that "there exist in many parts of the hemisphere critical shortages of food and widespread poverty," said in a speech prepared for delivery before the same organization, "the time has come when business has also got to think and plan in terms of social needs and the broad development of the economy in which we live."

Rockefeller advanced a three-point plan to raise the standards of living of the people of Latin America by the use of private capital and management in Latin America, creation of the Inter-

## 19 Year Old Youth Of Oklahoma Wins Star Farmer Award

KANSAS CITY, Oct. 21 (AP)—Nineteen-year-old Ray Gene Cinnamon of Garber, Okla., was named the Star Farmer of America for 1947, this afternoon.

Sharing the spotlight with Cinnamon at the 20th annual Future Farmers of America convention were Marvin Krull of Lake Mills, Wis.; Francis Stull of Yakima, Wash.; and Hoopes T. Yarnell of Cochranville, Pa., named Star Farmers of the Central, Pacific and North Atlantic regions.

The Star Farmer award presentation was made in the arena of the American Royal Livestock Show.

Representing the highest achievement in the FFA, the Star Farmers were selected from 100 youths awarded the American farmer degree. Only one boy in one thousand FFA members may receive the American farmer degree in any one year.

Cinnamon has already netted \$2,454 from 120 acres of wheat; this year, pastures about 100 cattle, and has hogs, sheep and goats. Last year, his first out of high school, he had a net income from his combined farming of over \$5,000.

Since his start as a freshman vocational agriculture student in 1942, Cinnamon has netted more than \$25,000 from his supervised farming program.

## World War II Ace Dies In Plunge

BEARSPORT, Me., Oct. 21 (AP)—A World War two ace went down to death with his falling plane yesterday rather than let it ram homes in this little village.

Mal. Kenneth G. Smith, 33, of Boise, Idaho, who downed six German planes in World War II, was killed when his Thunderbolt crashed in a stream bed, exploded and burned.

Event witnesses said Smith stayed at the controls until the fighter was clear of any buildings. He was out on a wing, ready but too late to parachute, when the craft hit.

He was a squadron commander at Dow Field, Bangor. Officials said his ship went into a flat spin at 10,000 to 12,000 feet from undetermined cause.

## Cold Weather And Snows Hit Montana

By ASSOCIATED PRESS  
The mercury dropped to freezing and snow fell in Montana today but clear skies and temperatures near midsummer levels were forecast for most of the country.

The snowfall at Cutbank, Mont., near the Canadian border, came after the cool weather which has prevailed in the Pacific northwest spread into Montana, Idaho and Wyoming.

Another day of temperatures in the 90's was forecast for South Dakota after yesterday's high marks, including 98 at Tyndall in the southeastern section of the state. The reading equalled the nation's high at Phoenix, Ariz., and two degrees above the 96 at Yuma, Ariz.

Temperatures throughout the Midwest were 10 to 25 degrees above normal, including 89 at Omaha, Neb., 88 at Cleveland, St. Louis, Sioux City, Ia., Rapid City, S. D., and Wichita, Kan., and 87 at Des Moines and Kansas City.

A SLIGHT MISTAKE  
WASHINGTON, Oct. 21 (AP)—Samuel Goldwyn of Beverly Hills, Calif., the moving-picture producer, over-paid his 1945 income tax by \$383,407, the Internal Revenue Bureau disclosed today. The Bureau said the over-payment would be credited against Goldwyn's tax liability for later years.
