House Group Slices Funds For Agencies

Labor Department, Welfare Get Cuts

By WILLIAM F. ARBOGAST WASHINGTON (AP)—The House Appropriations Committee today slashed deeply into funds both President Eisenhower and former President Truman requested for the Labor Department and the new Department of Health, Education and Welfare.

It sent to the House floor for debate next week a bill to appropriate \$1,065,581,750 for the two departments and related agencies for the 1954 fiscal year, which starts July 1.

Without counting such fixed expenditures as \$1,340,000,000 for public works, the bill cuts \$100 million from the total amount of \$1,440,000,000 from Truman's January budget request and 9 per cent from revised estimates of the Eisenhower administration.

The new funds recommended by the committee compare with \$2,096,062,861 requested by Truman and \$2,027,013,470 sought by his successor.

By agencies, here's how the money would be distributed:

Labor Department—\$251,424,000 compared with \$298,818,800 requested by Truman and \$284,915,800 by Eisenhower.

Department of Health, Education and Welfare—\$1,117,857,750 compared with \$1,786,528,701 requested by Truman and \$1,722,544,870 by Eisenhower.

National Labor Relations Board—An even nine millions compared with \$9,800,000 requested by Truman and 9 1/2 millions by Eisenhower.

National Mediation Board—\$1,240,000 compared with \$1,168,000 requested by Truman and \$1,083,000 by Eisenhower.

Federal Mediation and Conciliation Service—\$3,210,000 compared with \$3,747,500 requested by Truman and \$3,470,000 by Eisenhower.

No cuts were recommended in the \$40,000,000 for grants to states for public assistance payments which are fixed by law.

Compared with the current year's appropriations, the allotments over which the committee had discussion were \$1,000,000 less for the Labor Department and \$1,000,000 more for the new department.

In a report drafted by Rep. Bushev (R-Ill.), the committee said the affected agencies have been upgrading jobs—giving employees federal titles and more pay for the same work—and demanded that the practice be stopped.

It found fault with handling of the seasonal rehabilitation program, particularly spending money on a young man who became

Freedom Gets Boost In Talk By President

Eisenhower Is Given Degree By College

WILLIAMSBURG, Va. (AP)—President Eisenhower said today "the true way to uproot communism is to understand what freedom means."

Speaking to an audience of about 5,000 persons at the College of William and Mary, the President declared that uprooting communism in that way would help give this nation an impregnable defense against it.

Eisenhower also told his audience there is "no security for a free nation in the sword alone." He said security must spring from free hearts and free minds.

The President spoke after receiving an honorary Doctor of Laws degree at ceremonies inaugurating Alvin Luke Chandler, a "deceased" rear admiral, as the 22nd president of William and Mary, the nation's second oldest college.

Eisenhower came to historic Williamsburg after a week-long cruise aboard the presidential yacht Williamsburg, and a short motor trip from nearby Yorktown.

He planned to utilize the last cruise of the yacht for a week-end on Chesapeake Bay, including a visit to the Norfolk Naval Base and the Naval Academy at Annapolis, Md., and a chance to confer with staff advisers on the radio address he will deliver Tuesday night on taxes and the budget. The yacht will be turned back to the Navy after this trip for decommissioning as a needless luxury.

10,000 People Expected To Witness Parade Which Will Form At 9:30 A.M.

Principals And Teachers List Is Given For '53-54

Police Chief Roy Williams expects up to 10,000 people on hand in downtown Sanford tomorrow morning to watch the Armed Forces Day parade which will form at 9:30 a.m. and commence moving promptly at 10:00 a.m.

The parade will touch off a day-long program concluding tomorrow night at the Municipal Stadium with a Boy Scout benefit game between the Sanford Cardinals and the Orlando Senators.

Following the parade, the huge throng will gather at the reviewing stand at the intersection of Magnolia Avenue and East First Street to hear General J. P. Morlarity and other notable deliver talks as a feature of Armed Forces Day.

The official program for tomorrow's celebration was announced today by Chairman John Pierson.

Mayor Randall Chase will give a welcoming speech to be followed by the invocation by Rev. J. E. McKinley, president of the Seminole County Ministerial Association and pastor of the First Methodist Church.

Introduction of the following military officials and distinguished guests will be by J. Bralley Odham, master of ceremonies:

Capt. J. L. Chittenden, commanding officer of the Naval Air Station and chairman for the day; Commander G. R. Pearson, executive officer of the Air Base; Lt. Gen. J. C. Hutchison, retired, reception committee; Lt. Col. A. Plunkett, executive officer of

Sherman Concrete Pipe Co. Pledges \$500 To Campaign

The Sherman Concrete Pipe Co., through T. A. Vaughan, local manager, today contributed \$100 to Sanford Industries, Inc. and pledged \$400 more to be paid as needed. Satisfactory results are expected in the campaign, Vaughan stated today.

"This is the first tangible result of the trip which Bradley Odham and I took to Jacksonville early this week where we contacted a number of chain store headquarters and big business organizations," Mr. Vaughan said. "I have every reason to believe that the other groups will come through in similar fashion."

While in Jacksonville Mr. Odham and Mr. Vaughan interviewed J. B. Spaulding, vice president of Taylor, treasurer of the Sherman company and were promised that the matter would be presented to the board of directors.

Today Mr. Vaughan received authorization to up to \$100 and pledge another \$100.

Others contacted by Mr. Odham and Mr. Vaughan while in Jacksonville were H. J. Scott of Pineaux Stores, J. P. Jones of Good-year Tire and Rubber Co., Mr. Law of the Atlantic and Pacific Tea Company.

"We believe we will hear something from them in a few days," Mr. Vaughan stated.

I. Herman Kanner Dies In Los Angeles

Israel Herman Kanner of Los Angeles, Calif., died last night at the age of 68 after a long illness.

Born in Sanford in 1884, Mr. Kanner was the son of the late Mr. and Mrs. Charles Kanner. He attended the local schools and graduated from the Georgia School of Technology in Atlanta, Ga. He was married to the former Pauline Goshert of Jacksonville about 25 years ago.

Survivors besides the widow are two daughters, Mrs. S. C. and Mrs. J. L. Kanner; two sons, Dr. Harry Kanner of Mountview, Calif., and Judge A. O. Kanner of Stuart; two sisters, Mrs. Lee Kanner of Sanford and Mrs. Ruth Kanner of Titusville.

STEEL IS TRANSFERRED School Board Accepts Bid For \$65,000 Oviedo School Building

The Seminole County School Board at a regular meeting yesterday afternoon at the Court House accepted the bid of the High Construction Co. of Orlando for the construction of a five room school building at Oviedo for colored children. Cost will be \$65,333.

The School Board went along with the several recommendations of the County Trustees who met on Monday in connection with the appointment of two new principals and the transfer of two others.

Nominations of F. Stewart Gattal as principal of the Oviedo school, and of Roy A. Allen at Crooms Academy principal were approved.

Despite the appearance of a delegation of 10 mothers who presented a petition signed by 75 other persons, the Board approved the transfer of B. C. Steele, principal of the Sanford Grammar School, to the Lake Mary school.

Approval was also given for the shift of Principal H. R. Hecken to the Florida East Coast Line for an assessment on the railroad property running across the Goldboro colored school grounds.

Two high school seniors, Sammy Jacobson and George Harden, requested that two attic fans be placed in the high school auditorium before graduation ceremonies for the first week of June. Architect H. J. L. Stanley, chairman of the Board of Trustees, retained

Man Acquitted On Rape Count Jailed Again For Offense

OCALA (AP)—James E. Deas, 20-year-old married man who was acquitted one month ago today by a Circuit Court Jury on a charge of rape, is back in the county jail this time charged with raping a 14-year-old girl Thursday.

Sheriff Don McLeod said the girl and her mother reported the crime to him, advised her in writing, and condition physically and emotionally, and is under a physician's care.

When he saw her, the sheriff said, the girl's eyes were bruised and swollen shut and she had other bruises on her face.

She told him Deas struck her in the eye with his fist, and slapped her about the face as she struggled.

She had accepted an offer from Deas to take her home from a local eating place, Sheriff McLeod said, but instead of taking her home Deas drove out on a lonely road. He took her home afterward, McLeod said.

Deas is a draftsman in an engineering firm and the father of two children, one three years old and the other an infant.

The earlier charge against Deas on which he was acquitted, was made by a 17-year-old high school girl.

Capt. J. L. Chittenden To Be Transferred

Capt. John L. Chittenden, who has been commanding officer of the Sanford Naval Auxiliary Air Station since its reactivation April 20, 1951, has received orders which will transfer him to the Naval War College at Newport, R. I. on Aug. 15.

According to Capt. Chittenden, no replacement has yet been named.

When Capt. Chittenden assumed command of the Air Station two years ago, the field was a home for propeller-driven, carrier type fighter planes. Later the station was home for jet fighters and most recently has undergone expansion to accommodate the larger aerial reconnaissance aircraft.

McGranery Says Crummer Case Was Out Of Line

WASHINGTON (AP)—James P. McGranery told House investigators today the Justice Department dismissed a big mail fraud case in 1946 without his knowledge at the time he was top assistant to Attorney General Tom Clark at the time.

He declared the case was not handled in a "normal" manner and expressed the opinion that the department made a "mistake" in dismissing it.

McGranery testified before a House Judiciary subcommittee which is investigating operations of the Justice Department.

He said that despite his high position in the department he never even learned of the case until last fall when the subcommittee was

Children's Group RAMPAGING TORNADOES Scientists Don't Know Why But U.S. Is Taking Beating From Bad Storms

By ROBERT GOLDENSTEIN CHICAGO (AP)—Scientists don't know precisely why, but the U. S. is taking a heavy beating from tornadoes this year.

The season for twisters, generally running from April through July, got off to a roaring start when tornadoes struck somewhere on 14 days during April. Another rash, including the disastrous twister that crushed the Waco, Tex., business district, followed in early May.

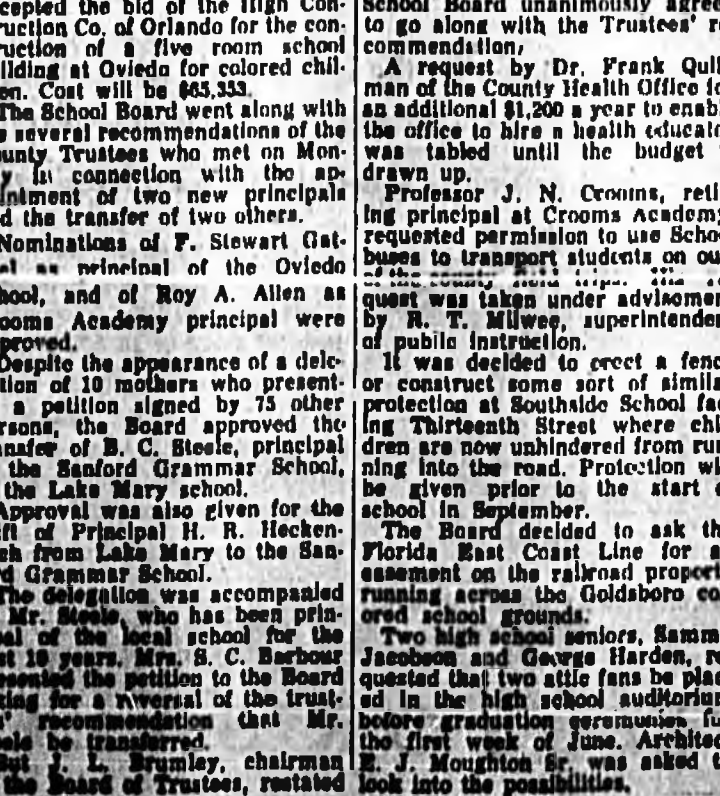

Since 1918, April has had an average of 8 1/2 tornado days. The last record of 10 tornado days was set in 1929.

Tornadoes are the smallest—but sometimes the most violent and death-dealing—of all storms.

Experts know the weather conditions favorable for breeding these ominous black funnels, but they don't know the exact cause. The U. S. Weather Bureau and Air Force are conducting studies to help them in forecasting their occurrence.

Generally, an explosive situation occurs when a layer of cool, dry air spreads over a thick ground layer of warm, moist air. This warm air is lighter and creates a turbulence when it attempts to rise suddenly.

Affecting a much larger area than the tornado, a Spanish word meaning twister, are the hurricane or typhoon and the cyclone. Harry Maynard, research assist-

Arthur Godfrey, radio and TV star, entered the operating room at Massachusetts General Hospital today for surgery to correct his hernia suffered in an automobile accident. In his remarks before this morning's hospital midday "Godfrey is in the operating room now, to be operated on this morning." The hospital has announced it will issue only two bulletins a day.

Move Appears In Making To Have Committee Reconsider Rejection Of Dog Track Bill

TALLAHASSEE (AP)—A move to get a Senate committee to reconsider its rejection of the administration dog track profits reduction bill appeared today to be in the making today.

Chairman Branch of the Miscellaneous Legislation Committee said he hasn't reported the group's 9-5 rejection of the key administration bill to the Senate and will hold it up "for a little while."

As long as the report hasn't been filed, the committee may soon reconsider its vote. Branch said he had no plan to call a meeting for reconsideration "unless someone asks for it."

Once the adverse report is filed with the Senate, it will take a very difficult two-thirds vote to get the bill on the calendar for floor debate and action.

Gov. McArty and his legislative leaders were miffed at their strategy but they made it plain they were not through fighting.

The bill stayed in the background today as the House and Senate worked on other matters.

Senators completed legislative action on two bills to exempt Christian Science children from school classes on disease stamp-outs and from compulsory immunization against contagious diseases. They also sent to the governor a bill which would make possession of a federal gambling stamp prima facie evidence that the holder is violating state gambling laws.

The administration scored another victory in the House with 62-21 passage of the bill to abolish the Live Oak Sanitary Board and

Medical Society Favors Dr. Park For Trustee On Hospital Board

Dr. Charles L. Park has been recommended by the Seminole County Medical Society for appointment as trustee on the Seminole County Hospital Board.

Dr. Wade H. Garner, chairman of the Society, who made the announcement, said members of the group felt "every effort should be made to appoint a doctor to the board" to fill the vacancy created by the death of Dr. F. E. Seaman.

The Society named Dr. C. L. Park as a committee of one to take the proper steps to present the name of Dr. Park to Governor Dan McArty.

Dr. Park graduated from Frank L. Quilliam secretary of the Society, who was requested to wire the governor immediately, and write letters to the County Commission and the local Democratic Committee soliciting their aid.

Gov. McArty is currently considering a number of prospects who have been recommended for the position of hospital trustee.

The county commission is in a deliberative mood on the subject, which is expected to be decided by the board of directors.

However, a commission meeting next week, Chairman J. F. McCallahan brought up the name of Dr. C. L. Park, president of the County Medical Society.

Mr. Park is the embosment of the Seminole County Medical Society.

Arthur Godfrey, radio and TV star, entered the operating room at Massachusetts General Hospital today for surgery to correct his hernia suffered in an automobile accident. In his remarks before this morning's hospital midday "Godfrey is in the operating room now, to be operated on this morning." The hospital has announced it will issue only two bulletins a day.

2 Winter Park Men Are Charged With Illegal Sparring

Two Winter Park men were charged with illegally spearing eight 25-pound catfish by Wildlife Officer A. M. Anderson today. Burlie Bledsoe, 23, and Claude Patterson, 25, were caught today on the Wekiva River while spearing the fish with a cane pole.

The youths also were caught on their boat all weighing 90 to 25 pounds with the exception of one 15-pounder. According to Mr. Anderson it was the second time in the past year that the same two youths were arrested for spearing fish.

Mr. Bledsoe speared the fish from the boat while Mr. Patterson jumped into the water and speared the fish on the shore before flipping them into the boat. Mr. Anderson declared.

"One will believe they caught these fish by spearing them unless they saw these boys," Mr. Anderson stated pointing to the nine large black catfish in the rear of his truck. "It was a trick mastered only by the Indians."

The two men will stand trial in county court on June 17.

Poppy Day Slated By Legion Auxiliary

Two downtown stores will devote window space to memorial scenes tomorrow as part of the Poppy Day drive being sponsored by the American Legion Auxiliary. Both the Sears store and Harpur Seed Co. will have displays.

Mrs. R. Z. Johnson, chairman for Poppy Day, yesterday announced a list of high school girls who will assist in solicitation in downtown Sanford. They include: Verne Ann McGinnis, Marjorie Johnson, Marian Davis, Laura Ann Anderson, Edna Cowan, Harriet Redding, Barbara Mattan, and Dolores Berry.

Assisting Mrs. Johnson is Mrs. James Singletary. The sale is being held in conjunction with the observances of Armed Forces Day and the parade of veterans' organizations.

This is the theme of Christian Science services next Sunday when the subject is "Mortals and Immortals." A verse from Paul's epistle to the Romans (8:1) furnishes the Golden text—"He is carnally minded is death; but to be spiritually minded is life and peace." Bible passages to be read include: "Thou wilt keep him in perfect peace, whose mind is stayed on thee, because he trusteth in thee" (Isiah 26:3). Included in references from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is this: "To be immortal, we must forsake the mortal sense of things, turn from the lie of false belief to truth, and gather the facts of being from the divine Mind" (p. 370).

This Gospel contains a warning to all who would follow Christ. You can expect contradiction, opposition, persecution. Why even your own self will rebel at times. That is the meaning of the cross. One beam reaching skyward, is the idealism in all of us, the "wanting to be good, to love God. It is the only thing that keeps the cross beam, our earthiness, or sinfulness, from falling and swiveling, the mundane mud. Keep the upright standing and keep the crossbeam nailed tight to it even if it hurts.

CONGREGATIONAL CHURCH Park Avenue and Third Street J. You suffer, yes. And I suffer, too. And if I see you gallantly bearing your cross, I am reproached for my weakness, my whining, my stubborn irreconcilability. It is your way of meeting your grief that gives me heart to meet mine. It is the fact that SOME men and women walk so bravely into the shadow and come out with radiant hope—it is this fact which gives the rest of us courage when our turn comes. This is the deepest of hope which life brings—this awakening of the moral clarity that is in every soul." —Charles Clayton Morrison

Baptist Circle Meetings

An inspiring program was presented Monday evening at the first Baptist Church by the Young People's Auxiliaries of the Women's Missionary Union. The program was presided by the W.M.U. Circle meetings and a covered dish supper.

Mrs. C. A. Anderson Jr. of the First Baptist Church was in charge, assisted by Mr. and Mrs. A. B. Tedford and Mrs. C. W. Ergle, counselors for the Young People.

The topic of the program was "The Excellent Way for Excellent Youth". A pantomime of the Girl's Auxiliary song "We've a Story To Tell To The Nations" was presented by the following Junior and Intermediate G.A. girls: Misses Jilda Eggle, Barbara Routh, Eva Jo Wynne, Barbara O'Harr, Ann Turner, Carolyn Wyatt, Elizabeth Wyatt, Patricia Sykes, Trudy McCarty, Jackie Ashley, Kathy Estell and Eleanor Sykes.

The Royal Ambassadors, part in the R.A. Allegiance, Order of the Chapter, and the explanation of the R.A. flag were Richard Sykes, Johnny Alfred, James Reed, Clifford Able, Billy Colbert, Jimmy Cohan, Lennie Himes, Charles Koke, and Donald Yost.

The devotional was given by Y.W.A. member who also told

what it meant to her to belong to the Young Women's Auxiliary. Mrs. Anderson conducted an interesting questionnaire on Young People's activities with Mr. and Mrs. Tedford and Mrs. Ergle taking part in the panel discussion.

The meeting was then turned over to the W.M.U. president, Mrs. A. J. Peterson. She made several announcements, especially emphasizing the "W.M.U. Anniversary Party" to be held next Monday afternoon from 3:30 until 5:00 in the Educational Building.

Mrs. J. H. Cunningham of Circle No. 7 was awarded the "Attendance pin" for the circle for having the most members present at the circle and program meeting.

Circle No. 1
The W.M.S. Circle of the First Baptist Church met this month for their regular business meeting at 1:45 o'clock in the afternoon followed by a covered dish supper at 5:00 and a program meeting at 7:00.

Circle No. 1 was presided over by the chairman, Mrs. B. F. McWhorter. Mrs. W. P. Yozley gave the devotional, the subject being "Men are always to Pray and not to Faint". The Stewardship lesson on "The Family" was presented by Mrs. John L. Miller. Mrs. Charles Park reported on Community Missions and made plans to take the Sunbeam children out to the County Home next Monday afternoon present a program.

The chairman welcomed Mrs. C.

Blues In The News

A total of 206 men aboard the station have each volunteered to donate a pint of their blood in the Armed Forces Blood Drive to be held at NAAS Tuesday. Of these, there will undoubtedly be some who will have to be accepted because of colds, fevers or other minor ailments on the day blood is to be given.

Li E. R. Browneller, MC, and Mrs. J. L. Chittenden are once again in charge of the drive and they are pleased to see such a large number of men pledge a pint of blood. The 206 volunteers consist of 77 men of Composite Squadron 9, 44 men of Photographic Squadron 62, 46 men of Station Personnel, 12 men of FANRON 51, and 37 men of Composite Squadron 5. It is indeed heartening to appreciate a true representation from every unit aboard the Air Station.

Four new men to check aboard NAAS recently are Thomas McKillop, Alan J. Ashley, Peter L. Hartman, and Timothy D. Pauley. Tom and Alan are both aviation machinist's mate airman, reporting to Sanford after completing a course of instruction in the Class "A" Aviation Machinist Mate School in Memphis, Tenn. Tim, who has also completed this course, is an aviation machinist's mate airman apprentice. Tom and Alan are from the Bronx, N. Y. while

Alan is a Texas man who calls Fort Worth his home town. Tim is from Levitt, W. Va. They have been assigned to the Operations Department.

Pete Franconi is a ship's serviceman third class and has come to Sanford directly from a tour of sea duty. His home is in Dobbs Ferry, N. Y., and he will perform duty with the Navy Exchange Division while attached to NAAS.

"Power for Peace" has been chosen as the slogan for this year's Armed Forces Day which will be celebrated tomorrow by Americans all over the world. The slogan is one with which, I am sure, we are all in agreement. A full day's celebration has been planned here in Sanford beginning with a parade downtown at 10:00 a.m. The Naval Auxiliary Air Station is proud to join in celebrating Armed Forces Day by holding an open house aboard the station tomorrow afternoon. Various hours for the general public will be from 1:00 p.m. until 4:00 p.m. and all the residents of Sanford and surrounding communities are cordially invited to come aboard. The building which will be open to the public include the canteen where housewives will be especially interested in seeing the various equipment and methods necessary for serving three meals

a day to such a large group of men. The newly redecorated Chapel and Library will also be open and you will also be able to inspect an enlisted men's barracks. Of special interest to children will be the fire-fighting equipment at the Station Fire House and adults and children alike should enjoy the many demonstrations and displays of Navy life rafts, gas masks and other "warfare" paraphernalia. The Memorial Stadium, the Parachute Loft, The Air Station's main hangar will be open from 10:00 a.m. until 4:00 p.m. See Station's main hangar will be open from 10:00 a.m. until 4:00 p.m.

FRIDAY MAY 15, 1953
TODAY'S BIBLE VERSE
But heeds do not pursue us far. We must not let little annoyances and difficulties deter us from a manly task. They chased you as bees do.—Deut. 1:6

Don't forget the Armed Forces Day parade tomorrow morning at 10:00 o'clock.

Buy a Poppy tomorrow to help disabled veterans. His sacrifice meant security for you. Your little contribution can help to mean security now for him. Do your part in order that those who gave so much that you might enjoy the better things of life may be repaid in some small way for their sacrifices.

The Supreme Court is expected to rule on segregation in public schools within the next three or four weeks. They have ruled on this question before but there is a new court now which may not see eye to eye with the old. The Constitution never changes, but judges do, and the way they interpret the Constitution changes. And so the "separate but equal" doctrine may be reiterated, or it may not.

Tremendous impetus to the proposal for constructing a toll turnpike from Jacksonville to Miami was given Wednesday when the Senate voted 27 to 11 in favor of the bill. For many this is looked upon strictly as a lower East Coast proposition, something to speed the tourists along to Florida's Gold Coast, but the important thing for us to remember in Central Florida is that the same road which takes them down can also bring them back.

General Matthew Ridgway, whose battle attire has been dramatized by strings of hand grenades worn around his torso while touring the forward areas in Korea, will now find his new role as Army chief of staff not one lending itself to glamorization. His duties will be more like those of the business executive, less of physical action, more of office routine, conferences, and policy making, not a particular happy spot for a former paratrooper who liked the feel of grenades about his neck.

Paint rollers are now coming equipped with automatic feeders which make the once formidable task of re-decorating the living-room mere child's play. Now, the only thing left to ease the burden of the painter is for some inventive genius to come up with a self-propelling paint brush which can be operated with a key board from the center of the room. When this is accomplished we can almost see ourselves surprising the little woman with a new decorative scheme whenever the whims of fashion dictate.

What this country needs is more brains, says President Eisenhower. But it costs too much to go to college, says Rep. Keesel of Orange county. "I don't know where the poor man can go to college," he adds in explaining why he intends to vote for every university appropriation bill that comes along. He says it is cheaper to send his daughter to a college in Ohio than to the University of Florida. However, education would not cost so much in this state if only those who take advantage of it were allowed to go to college.

Governor McCarty has set a good example to other ambitious office holders in promising to turn his salary increase over to charity even though agreeing to sign the bill. In our opinion \$15,000 is not too much to pay the governor of Florida, but Mr. McCarty knew what the salary was when he announced for office, did not have to run if he did not want to. If he thought he could get along on \$12,000 then, there is no reason why he should change his mind now, and that is apparently his own conclusion. Public servants who vote to raise their own pay while in office are not helping their fellow citizens.

Armed Forces Day

Tomorrow is the fourth annual Armed Forces Day to be held in this country. Upon the occasion of the unification of the armed services it was decided to set aside one day each year when all the various branches of the armed forces, the Army, Navy, Air Force, Marine Corps and Coast Guard could be honored, instead of upon separate occasions as had been the practice in the past.

And so tomorrow the people of Sanford will join with civilians of the rest of the nation in paying tribute to all those young men and women who are sacrificing their time and money and of being their lives for this nation. They remain strong enough to resist aggression and in honoring as well those heroes of former wars who have fought and bled in freedom's cause.

Under the able chairmanship of John Pierson an outstanding program has been arranged for Sanford beginning with an elaborate parade at 10:00 o'clock, and including an address by Lt. General Moriarity, retired Marine general now living in Orlando, open house in the afternoon at the Naval Air Station, and a baseball game in the evening between Sanford and Orlando for the benefit of the Boy Scouts.

"The traditional march of men, parade of armament and words of praise on Armed Forces Day are not the trappings of arrogant pomp and ceremony," says the Secretary of Defense. "They have a deep significance. They emphasize the unexcelled power of teamwork to beget power. They likewise serve to remind us that teamwork is not exclusive to the military services. Full scale national teamwork is dynamic in the generation of power, and just as important."

It is well for us to be reminded of the importance of unity, as well as the necessity for strength, on this Armed Forces Day.

Senatorial Sniping

Three good men declined to join the Hoover administration "in view of the treatment accorded nominees by the Senate, treatment which amounts to a trial before the public on ex-parte evidence and upon any charge an enemy chooses to make."

This state of affairs, which sounds like the 1950's, held true, as the reference to Hoover indicates, 20 years ago. It was described by Charles G. Dawes, whose life, "Portrait of an American," has just been written by Bascom N. Timmins, a Washington newspaper correspondent.

Dawes' many posts, as Comptroller of the Currency, Budget Director, framer of a reconstruction plan for Europe, vice-president and ambassador to Great Britain, gave him plenty of opportunity to see Congress in action. He records this Senate sniping as something, no doubt blame-worthy, but bound to occur.

The fault of course is not with the senators so much as with the voters who send them. As long as senators are chosen purely because they are on the right ticket and as long as publicity, no matter how gained, is a political asset, just so long will we have unworthy senators. It is up to us.

De Gaulle's Retirement

General Charles De Gaulle, chagrined at his defeat in the recent French elections, has announced his withdrawal from the field of active politics. His defeat is in many ways a victory for the democratic forces in France. His ambitions caused many Frenchmen to fear a possible dictatorship and his immense personal popularity at the end of World War II contributed to that fear.

De Gaulle wanted a greater degree of power for the French national government. His ideas were not all un-sound, France has suffered a great deal from the conflicts between the various splinter parties which have helped to make all its recent governments unstable. But the General also opposed French co-operation with the other Western powers in the European armies — this would not have been good for France.

It is sad to get that the old soldier will not completely fade from the political scene. He will be around to give advice to other politicians who may share his own political convictions. For all his faults the General is a fighter of the sort that does not quit easily.

Irving Pryor Opens Insurance Offices

Irving I. Pryor with offices in Room 211 of the Meisch Building will be the exclusive representative in the Sanford area for the State Farm Insurance Co. It was announced today.

Mr. Pryor comes here from Daytona Beach where he spent three and a half years in the insurance business. His home was originally in Maryland. Mrs. Pryor will assist him in the office. The couple are making their home at 1505 Palmetto Avenue.

The new insurance representative here has been a frequent visitor in Sanford during the past few years. According to Mr. Pryor, the State Farm Insurance Co. now writes more full coverage automobile insurance than any other company with more than 3,500,000 members. The company also handles fire and life insurance policies. Headquarters for State Farm are in Bloomington, Ill.

Oscar Bryant Wins Promotion To PFC

BERLIN (Special)—Oscar Bryant, son of Mrs. Freddie Lee Bryant, Sanford, was recently promoted to private first class while serving with the 7700th Composite Service Battalion in Berlin.

His unit is part of the strategic security force that is providing protection for American installations in the former German capital.

Pfc. Bryant, a member of the battalion's 530th Infantry Rifle Platoon, has been in Berlin since April, 1951.

He entered the Army in September 1950 and received basic training at Fort Devens, Mass.

ECONOMY HITS AIR BASES

WASHINGTON (AP)—A governmental economy program has cancelled 150 million dollars in air base construction at 13 sites over the country including Dwyane Air Field, Lakeland, Fla., 18 million; and Charlotte County Airport, Punta Gorda, Fla., three million.

Money Vies With Taxes As Topic In Today's News

By SAM DAWSON
NEW YORK (AP)—Money is the root of most of today's news. Billions of dollars in the confusion over the federal budget. Thousands of dollars in individual business firms may have to pay—or, on the other hand, might save—on the outcome of the battle over corporation taxes.

Dollars that business finds added to its cost of borrowing money to operate or expand—and the chances that some business firms may postpone building plans because of higher interest rates.

Dollars that every one has at stake in the fight in Congress over cutting individual income taxes. Dollars that individuals would have to spend if the talk about a federal sales tax should get a ear neck.

And dollars that individuals have at stake if all of the battles over money should end in affecting the cost of living—since the question of inflation of deflation is mixed up in most of the present uncertainty over financial trends and policies.

Businessmen's immediate worries are over the fate of the excess profits tax which is reported that a hike in the regular corporate income tax might be sought. Some 50,000 firms pay an average of 2 1/2 billion dollars a year in profit taxes. This levy is due to die next month unless Congress renews the administration's wish that it be extended.

The majority of business firms are not subject to EPT. But all corporations pay 52 per cent tax on their income—EPT being added on top of that for the 50,000 firms that pay it.

The report that Congress might be asked to raise the regular levy to 58 per cent from its present 52, if EPT is allowed to die, is bringing loud squawks from businessmen who think they pay more than enough as it is.

The battle of the budget—and the confusion over it in recent days—hasn't soothing business nerves either.

Prospects of a continuing federal deficit and of an increase in the already huge federal debt, not only makes tax cut less likely but also holds the possibility of a last lashing of the tail of inflation.

This comes when the dollar has begun to harden in purchasing power. But businessmen are wondering: If the Treasury has to borrow heavily from the commercial banks later this year to meet a mounting deficit, won't the "dew money" this creates once more cheapen the dollar and tend to send the cost of living on another climb?

Many businesses at the moment, however, are being hit by the hardening dollar—as shown in the jump in interest rates on the money they borrow from banks.

The tight money market is brought on by the unusually high demand for money for expansion and operations on the one hand, and the Federal Reserve Board's tightening of the money supply in its effort to raise the purchasing power of the dollar.

The season of the big demand for business and agricultural loans is just ahead. And some banks and corporations are urging the federal reserve to ease its policy and make more money available.

A Bargain In History

Sanluis Magazine

The United States stands to lose a spot more genuinely historic than almost any other in the country. That is, unless the 1953 Florida Legislature passes an appropriation bill enabling the Florida Board of Parks and Historic Memorials to spend about \$40,000 for the purchase of the old Kingsley Plantation on Fort George Island, near Jacksonville.

Unhappily, Sanluis Magazine has been about spending money. In fact, we use up a lot of editorial space in favor of eliminating all items that seem unimportant and some that even seem important but not vital.

However, this \$40,000 seems to us to be one of the biggest bargains the State of Florida has ever had the chance to grab off before some speculator finds out what he's missing!

In brief, here's the rundown on the bargain facts:

1. Eight acres of historic land, which contains seven buildings;

2. Three of these buildings are genuinely historic spots;

3. And the story of the background of this land in its significance to the American scene, begins back in 1565, when Father Pedro Martinez, first missionary to reach Florida after the founding of St. Augustine, was murdered here by Indians.

The rest of the dates of significance run like this: 1587—site of mission of San Juan del Puerto, where Father Pareja wrote his Indian grammar; 1730—General Oletorpe built Fort St. George here; 1812—The oldest remaining plantation house in Florida still stands. It was used as the headquarters for the First White House of the Republic of East Florida.

1820—Zephaniah Kingsley, colorful slave trader, built his great plantation here, and left buildings for us to see.

And sometime in the past, an old sugar mill was buried in the ground on this site.

These are but a few quick facts about this eight acres of land. Florida History books will give you many more. The question before the House (and Senate) is—are we Floridians going to be stupid enough to let a bunch of Northern speculators come down and make us pay through the nose to keep up this ground that is hallowed with the memory of our own ancestors? If we miss this bargain we're cheating not only ourselves but the children of tomorrow who will never get to see an honest non-commercial Floridian memorial.

State TB Allowance Derided At Meeting

JACKSONVILLE (AP)—The Florida Tuberculosis and Health Assn. was told Thursday that even if Florida's daily allowance for each TB patient were boosted to \$8.56 as asked of the Legislature it would still be lower than the national average.

The present per diem is \$6. Dr. William L. Polk, medical director of the Southeast Florida TB Hospital at Lantana, said. The Florida Tuberculosis Board has asked the Legislature to raise that to \$8.56.

Another speaker at the association's annual meeting, labeled "false and vicious" reports that walls are crumbling at the Southwest Tuberculosis Hospital at Tampa. W. T. Edwards, president of the State TB Board, reported, however, that recently three members of the hospital's administrative staff were discharged in connection with maintenance.

A formal statement on the Tampa hospital situation will be issued after a meeting of the board here Monday, L. L. Lanier, a member of the board, said.

The association went on record as favoring a legislative bill making treatment compulsory in sanatoria until a TB patient is cured. Dr. Leslie M. Carlton Jr., Tampa, was re-elected president and Judge Ernest E. Mason, Pensacola, vice president. All other officers were re-elected.

CLIMBERS WARNED

NEW DELHI, India (AP)—The Indian government radio today broadcast a "possible snowstorm" warning to the British Everest expedition, which had planned its final assault on the 29,000-foot peak for today.

A special weather forecast beamed to the climbers predicted cloudy skies with one or two snowstorms during the evening, followed by fair weather. The climbers were advised they would encounter west to northwest winds of 20-25 knots and temperatures ranging from six to two degrees below zero Fahrenheit at levels above 20,000 feet.

Celery Crate News

There was a small but very enthusiastic crowd at the Celery Crate on Friday night. Everyone entered in to all the activities and really had some fun!

Mr. Gordie, our director, was taking on several ping pong enthusiasts and they had some good games. A couple of those enjoying games with him were Buddy Correll and Robert Samuels.

Another one of our chaperones, Mr. Azzarello, who really seems to enjoy the Crate, played several games of checkers with Tom Norris. He's a tough one to beat, huh, Tom?

An exciting game of pool was played by Minnie Lee Meets, Rochelle Eubanks, Roger Garner and Ray Day.

Randall Ferrell and Tommy Kuhn played a good game of ping pong while Dallas Turner and Nancy White enjoyed a game of checkers.

This coming Saturday night at the Crate is going to be a big night! We're having a square dance—the last and the best square dance of the year!

We have the finest square dance orchestra anyone could have—Dave Shannon—and Depton Prevatt will do the calling. The cost is only 25 cents a person and the hours are from 8:00 till 11:00 p. m. Be sure and come up to the Crate Saturday night for a grand time!

Plans are also in the making for a big affair the last Saturday night of the year—a party and dance honoring the seniors and the incoming freshmen. Everyone make plans now for this wonderful affair!

Grammar School

Room 8 is presenting "A Midsummer Night's Dream" Tuesday May 19 at 8:00 P. M. in the Grammar School Auditorium. Everyone in the class has some part except our two new children. We are trying to get them to take part in it also.

This is the fifth year Room 8 has given "A Midsummer Night's Dream." There are four big reasons why we give plays. It is fun to dress up and pretend we are fairies and gnomes, we are learning literature that is of lasting value, we have to make money so we can support our little girl in Germany, and we want our audience to enjoy our play. We overheard Mary McKinley and some Room 9 girls that they were watching us practice and they were just as excited as a picture show!

Stanley Stevens is our new boy from Volusia County. We are happy to have him.

Miss Mary Ellen Maskey who is our intern spent last Tuesday morning with us and watched us rehearse. We are glad she is pleased with our May Day bulletin board.

She is the one that gave us the idea and taught us to make the flowers we used on the bulletin board. We think Miss Maskey is a very fine teacher.

We had fun at our May Day program. We enjoyed having our parents with the room afterward and rest with us. Mrs. W. F. Harriet, Mrs. R. C. Miller, Mr. and Mrs. E. O'Leary, Mrs. H. N. Pyle, Mrs. F. Yeackle, Mrs. A. M. Romuald, Mrs. S. O. Chase, Mrs. C. D. Bass and Lamar came to our room after the May Day and listened to Charmion Miller, and Miss Campbell read "The Water Babies" to us.

The Saturday girls received letters from Vera, our little girl in Germany. She explained how they celebrated Easter in Germany.

The school day Foremost Dales brought us a movie about the way modern dairies pasteurize milk and make ice-cream. They brought one Walt who has a good radio program for children. They furnished the whole school with ice-cream at recess. It was really good!

Orchids this week go to Tommy Williams, Randall Pelest, and Martin Stevenson Tommy, and Randall brought moss to decorate the stage with Martin has been staying after school to practice his part. They are willing to work overtime and that is a good thing.

We have been struggling over the force of lie and lay and have almost conquered them.

Personals

Dramatic Reunion Enacted As Oatis Meets Wife In US

Customs Formalities Omitted For Scribe

By JAMES DEVLIN
NEW YORK (AP) — William N. Oatis, freed after more than two years imprisonment in Communist Czechoslovakia, was dramatically reunited with his wife here today. She was waiting at Idlewild airport when the Associated Press correspondent flew in aboard an American World Airways plane and was permitted to go aboard for a few first private minutes with him.

Even customs formalities were held in abeyance so there would be no delay in their first meeting in almost three years. The newspaper's news editor, Laurita Oatis, and other passengers had left the plane. The reunited couple spent about 15 minutes together aboard the plane, then stepped out onto the ramp holding hands.

Oatis looked serious when he first emerged but soon broke into a big grin when he saw the throng of newsmen and photographers awaiting him. "Kiss her, kiss her," shouted the photographers. "I already did," he said, shaking his head. But they posed smiling, with their arms around one another. To continued pleas that he kiss her, he laughed and said, "Later."

They paused several times as they walked down the ramp to allow cameramen to shoot pictures. Oatis, imprisoned on spy charges, suddenly released Saturday, appeared physically in good shape, although somewhat taken back at the sight of the reception. His hand shook as he waved repeatedly to the several hundred newsmen and onlookers.

Greeting Oatis at the airport was Frank J. Stuzel, general manager of The Associated Press, who had escorted Mrs. Oatis to Idlewild. Oatis was accompanied on his flight from Frankfurt, Germany, by Mrs. Oatis, a secretary and editor of The Associated Press, who had been visiting AP bureaus in Europe.

A brilliant sun shined down on the airport and the silvery plane during the welcoming ceremonies. Two small birds landed on the craft and perched on it. Oatis and his wife were embracing inside.

Several Arrests On Weekend Reported

"I didn't put salt in anyone's battery," cried Irah Pringle, 21-year-old Negro who was charged with "assault and battery" Sunday night when he was booked at the Police Station following a cutting scene.

It seems Irah, who lives at 1000 West Sixteenth Street, got mad at his 22-year-old colored girl friend, Emma Mae Bice, and attacked her with a calico knife in her backyard at 1000 West Twelfth Street last night.

Emma was cut from her forehead down the side of her face to the chin. She was treated at the Fernald-Laughton Hospital. Patrolman C. C. Dotson arrested Pringle at 8:30 p. m.

Tray Duncan, 34, 1300 French Avenue, was arrested by Patrolman Joe Hickson at the Yellow Cab Stand on Second Street for carrying a fire arm Saturday night. Police Chief Roy G. Williams reported today.

A native of Heljona, Greece who now lives in Jacksonville, Nick Emmanuel Loukettis was arrested for speeding between Twenty-fourth Street and Twenty-fifth Street on Park Avenue Sunday. Also these drivers, Mrs. James Williams, Loukettis posted \$10 of a \$17 bond yesterday and wired the other \$7 this morning.

W. W. Turner, 66, Dies At West Side Home

J. W. Turner, 66, died suddenly at his home on West First Street on Thursday. He was born on May 2, 1887 in Clearborn County, Alabama and had lived here for 33 years. He was a farmer and cattle raiser.

He is survived by one daughter, Mrs. Olan Warren of Birmingham, Ala.; four sons, Edwin, Woodrow and Archie, all of Alabama; and Merrill Turner of Sanford; two brothers, Richard of La Grange, Ga. and Dewey of Clearwater, Fla. Also these sisters, Mrs. James Jones, Hefflin, Ala. Mrs. Hester Henderson of West Point, Ga. and Mrs. Norma Gallagher of Hefflin, Ala. and nine grandchildren.

Funeral services will be held at 2:00 p. m. Tuesday at the graveside in Evergreen Cemetery with the Rev. B. L. Whaley officiating.

NAME OMITTED
The name of Mrs. Della Coleman was inadvertently omitted from the list of respondents given to the Board of the Sanford High School faculty which was published Friday.

FUTURE BANQUET
The Future Farmers of America will hold their annual banquet at Sanford High School tomorrow night starting at 7:30 o'clock.

Armed Services Program Draws Large Turnout

Sanford was back to normal today after a well-packed Armed Forces Day celebration on Saturday which saw something happening practically every minute from the time Police Chief Roy Williams started the parade moving at 10:00 a. m. until the last "milt" was made at Municipal Stadium at 10:40 o'clock that night.

Approximately 30 marching units and bands participated in the parade which took place on the main thoroughfare from the city hall to the reviewing stand at the foot of Magnolia Avenue on First Street. A crowd estimated at between 3,000 and 10,000 watched as civilian and military groups passed by.

Although Irah General J. F. Moriarty, U. S. Marine Corps, retired, gave the main address at the speaking program which followed the Rev. Lloyd King of Orlando and his adopted son, Cpl. John King, captured the hearts of those gathered around the speaker's platform.

Cpl. King, a prisoner of war of the North Koreans for two years, was released recently and only a week ago returned to his Orlando home.

The Rev. King, a veteran of World War I, told how he and his wife had thrown open their home to servicemen and in so doing had become acquainted with a young man whom they adopted during the Korean War.

Two years ago Cpl. King was reported missing in action, but the minister and his wife never gave up hope. With his voice breaking, the Rev. King told how exactly 24 months to the day after his serviceman had been reported missing, they had been notified that their son was one of the exchanged prisoners.

Cpl. King spoke saying briefly that "I am very glad to be home again."

General Moriarty, who is director of Civil Defense for the Central Florida area, told of the workings of that organization and declared that Florida plays a more important part in the Civil Defense program than any other state east of the Mississippi River.

Because of the excessive heat and a failure of the public address system, General Moriarty shortly ended his prepared talk, but to the several hundred who remained throughout the program he pointed out the possibility of Russian submarines operating off the Florida coast.

The 3rd Battalion is composed of units from Sanford, DeLand, Kissimmee, Orlando, and Daytona Beach. It is the largest unit in the 1st Infantry Division.

Major Lee, whose tour of duty with the battalion is up shortly, will continue to live in Orlando and commute in his office here every day.

With Major Lee is SFC Earl C. Cole, his assistant. SFC Cole has just returned from four of duty in Korea and he will live in Sanford.

GOOD WORD FOR TOLL ROAD

Simpson Says Two-Thirds Could Be Built During Dan McCarty Regime
TALLAHASSEE (AP) — Road Chairman Richard Simpson said today if the go-ahead is given on construction of a state-wide toll road, two-thirds of it can be built during the McCarty administration.

Simpson forecast the Legislature is going to pass some kind of a toll road bill either for a short road version from Stuart to Miami or one that will run the length of the state.

The shorter one would run 110 miles, the longer version would be 200-300-mile one.

The Senate last week amended for creation of a toll road authority to construct the Stuart to Miami road, to empower the authority to build a toll road all the way to the Georgia line if necessary.

Members also removed from the bill any reference to the State Board of Administration — the governor, comptroller and treasurer.

The Seminole High School band is shown performing in front of the speaker's platform Saturday morning while dignitaries behind them wait for the crowd to gather. The parade had just passed when the picture was snapped. Marchers dressed in uniform and carrying rifles went through their antics while military bands were being rendered.

Rotarians Hear Spirited Debate On Charity Drives

Four recent graduates of the Dale Carnegie Institute debated the subject, "Should Sanford Have One Annual Drive for Consolidated Charities?" The affirmative was upheld by Mrs. D. Cordell and Bob Brown; the negative by Mrs. Ruth Scott and W. A. Adams. The debate was a feature of the noon session of the Rotary Club today at the Yacht Club.

Mrs. Cordell said that the business men of Sanford are hit from every direction by one charity drive after another and by solicitors in the shop, in the home and in the schools. And the same little group of civic leaders are called upon again and again to lead the various drives through out the year.

Mrs. Scott, speaking for the negative, declared that the Community Chest would have to set up a big organization, hire a permanent chairman and pay him a big salary. Then it would have to have a Community Chest anyway, but that all the drives could be held at one time under a system of consolidated charities. He cited (Continued on Page Four)

FUNERAL SERVICES FOR J. L. HURT TO BE HELD TOMORROW

Jennings L. Hurt Sr., 64, deputy collector of internal revenue at the Orlando office, died Friday afternoon in the Sanford Hospital following a short illness.

Prior to his 20 years with internal revenue, Mr. Hurt served 25 years with the Atlantic Coast Line Railroad as dispatcher of the Sanford office and chief dispatcher of the Lakeland office. He was a member of All Souls Catholic Church, Mike Club and Kiwanis Club. He made his home at 1011 Oak Ave.

Born in Pleasant Grove, Va., he moved to Sanford 47 years ago. Survivors include the widow, four daughters, Mrs. G. A. Spear Jr., Sanford; Mrs. Ross Anderson, Tampa; Mrs. E. E. McKeever, Tenney, N. J.; Mrs. Herbert Hill Jr., St. Petersburg; three sons, Jennings L. Jr., Sanford; Carl Charles C. USAF, Japan; and Edward H. Hurt, Orlando; two sisters, Mrs. Blanche Rappadora, Norfolk, Va. and Mrs. R. H. Hamilton St. Petersburg, and 16 grandchildren.

Funerals will include James C. Higgins, W. Henry Wight, George Andrew Spear, Nelson Dickson and L. B. McLeod, Jr. Funeral mass will be held at 11:00 a. m. tomorrow at All Souls Catholic Church with Father Richard Lyons officiating and burial will follow in the Catholic Cemetery.

DALE CARNEGIE CLUB

A regular meeting of the Dale Carnegie Club International will be held tomorrow night at 8:00 o'clock at City Hall. President Ed Sainholzer announced today. Guests at the session will be recent graduates of the latest graduating class. R. L. Perkins is chairman of the program committee.

Sanford's National Guard Unit Company 1 of the 121 Infantry Division was well represented in last Saturday's Armed Forces Day celebration with this show of strength in small weapons. Guardsmen, standing left to right, are Floyd Spickman, an unidentified new member, Jimmy Whaley, H. C. Prevatt, James Wilson, John Reider, Jr. and Denton Prevatt.

Discarded Cigarette Causes Minor Fire

A discarded cigarette was given the cause of a mattress fire in the frame home occupied by George Parramore, colored, at 104 1/2 East Eighth Street early Sunday morning, according to Fire Chief M. N. Cleveland today.

No one was injured and the only damage in the smoke-filled room was a large charred hole in the mattress. A defective kerosene stove brought flames out Saturday afternoon to extinguish minor flames in the home of Negro Quincey L. Patterson, 1302 Williams Avenue.

Meeting Scheduled By Farm Bureau

The May meeting of the Seminole County Farm Bureau will be held in Geneva at the Community Building tomorrow night.

A covered dish supper for Farm Bureau members and friends will start at 7:00 p. m. After the business meeting which commences at 8:00 o'clock, there will be a program of folk music.

W. W. Linz, president today urged everyone to come and bring a covered dish. Plenty of orange and grapefruit juice will be provided.

McCarty Dog Track Profit Bill Seems On Comeback Trail

Orlando Confab Well Attended By Local Women

By MRS. W. E. BAKER
Secretary, Sanford Business and Professional Women's Club
Sanford business and professional women were well represented at the State Convention of Business and Professional Women's Clubs which opened Thursday with registration in the early afternoon followed by several meetings on state level. At 8:00 p. m. an informal get-together meeting was held in the Sky Room of the Angelo Hotel, headquarters for the convention. A program of entertainment followed introduction of club officers and gave Mrs. W. E. Baker, president of the Sanford club, Mrs. R. E. True, president, Mrs. Marguerite Graham, past president, Mrs. J. T. Pearson, Mrs. Gertrude Gilbert, Mrs. Mary George, Mrs. C. E. Hunter, Mrs. Ellen A. Harsh, Mrs. W. E. Baker, Mrs. V. H. Grantham and Mrs. Catherine Hill.

The first general session was held Friday morning by Mrs. Catherine Hill, president of the Florida Federation of Business and Professional Women's Clubs. At this time, an address was given by Carol Lane, travel representative of the Shell Oil Company. Mrs. True, Mrs. Graham and Mrs. Baker, attended the luncheon Mrs. Carhart was also present during the afternoon session.

Friday afternoon was devoted to general session followed by work shops conducted by various state chairmen. The nominating committee also met on Friday afternoon to present candidates for state officers for the ensuing year. Mrs. True was a member of this committee.

Dinner on Friday evening was highlighted by an address by Dr. Elwood C. Vance, president of Tampa University, whose subject was "Americanism in a World of Change." He also reported on the state of the union in regard to the state of Florida.

The dinner meeting was attended by Sanford members including Mrs. True, Mrs. Baker, Mrs. Graham, Mrs. Gilbert, Mrs. Hunter, Mrs. Carhart, Mrs. Booth and Miss Noyes.

Voting for state officers for the coming year began after lunch. During the afternoon there were various committee meetings. The convention closed Saturday evening with a formal banquet at the Edgewater High School. Seats at the speaker's table were the retiring and the incoming state officers, the speaker for the evening, Mrs. V. H. Grantham, third national vice president, and the coming district chairman. Following the banquet the federation (Continued on Page Four)

Chance To Reconsider Is Given Committee

TALLAHASSEE (AP) — The Senate passed House Bill 1172 regarding the Sanford city limits. TALLAHASSEE (AP) — The McCarty dog track profit, reduction bill appeared to be on the way to recovery from a Committee setback today when the Senate voted without objection to give the group a chance to reconsider.

Administration leaders, who they had sought and went along with the recommitment move in the Senate, said they would like to change its mind and put the bill on the calendar.

Sen. King, Winter Haven, who voted against the bill when the committee rejected it, D. S. made the motion to send it back for reconsideration. Sen. Rodgers, Winter Garden, who also voted against, said he would vote for it with modification approved by the governor.

With both their votes changed, the committee decision would stand 77 Sen. Roggely, Palmetto, who was not present when the committee voted, could cast the decisive vote. He has a dog profit curb bill of his own authorship also pending.

Roggely said "to all probability I'll go for the governor's bill." He also said he would support consideration as a substitute if the administration measure should fail.

The governor's bill, as it stands, would take 2 1/2 million a year from the tracks and give it to the counties and old age assistance program. Mr. King has agreed to a reduction of about 1,000,000 a year. Roggely's bill would take about \$1,200,000 away from the tracks.

King said his position hasn't changed on the 2 1/2 million bill which the House passed last, and will offer amendments upon reconsideration to make the bill conform to the reduction conceded by McCarty.

"I had the amendments ready when the committee first took up the bill but didn't offer them because they would not have passed. They are acceptable to a majority of the committee now," he said.

Roggely said he also believed the original bill was too severe on some of the smaller tracks, but he is in accord with the bill as the governor has agreed to reduce it.

McCarty had asked for a roll call today on a motion to override the committee and put the House-approved bill on the calendar. However, administration leaders apparently felt they would have a better chance to get two-thirds of the senators to vote to third of the committee.

Opponents of the bill apparently felt the same way. They didn't vote their hands by offering any opposition to the recommitment move. The vote was 37 to 20. Roggely was out of the chamber and didn't vote.

Sen. Branch, chairman of the Miscellaneous Legislation Committee which rejected the bill, said he would try to get the group to get together today for a reconsideration.

In making his motion to second it, Sen. King said he had told (Continued on Page Four)

Industrial Groups Mapping Campaign

The Sanford Industrial Board and Sanford Industries, Inc. were meeting in a joint session at City Hall this afternoon to make plans for an "S Day" on Friday on that day, an intensive drive to be made to collect signatures on the petition to amend the constitution.

The vote was 37 to 20. Roggely was out of the chamber and didn't vote.

A public meeting is planned for the Court House Thursday night at which time speakers will explain the program for the following day.

Disposal Method For Rubbish Shown Again

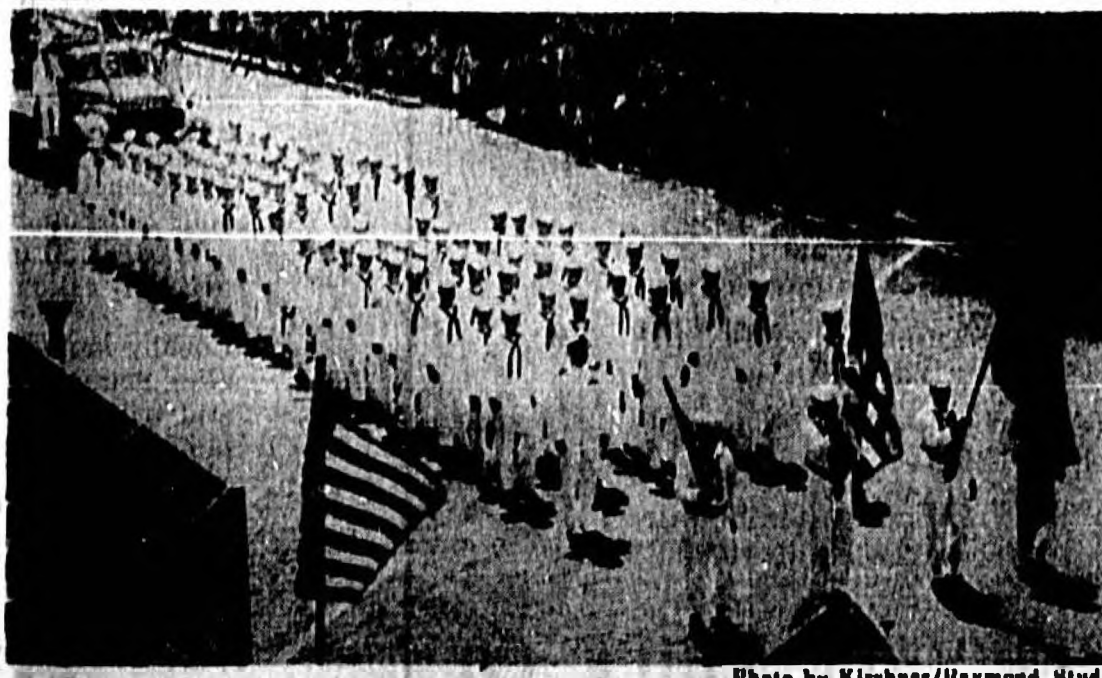

Another land fill demonstration was being staged today at the shell pit off Seminole Boulevard. Use of a D-6 catapill bulldozer in disposing of rubbish was being shown by representatives of the Florida-Georgia Tractor Co. of Orlando.

City Manager Tom Lemon upon his return on Wednesday from a two-week vacation is expected to take immediate action on recommending purchase of a Drott bulldozer for use by the City.

At last week's meeting of the City Commission, Commissioners favored purchase of the shovel costing approximately \$11,000, but decided to await the return of Mr. Lemon before taking final action.
