All Will Not See Congress Until Friday

Adjourning Until
Thursday Out of Respect
to Former President
Wilson Makes Fall's Reap-
pearance Before Senate Un-
necessary Before Friday.

By The Associated Press.
WASHINGTON, Feb. 5.—The
late oil investigating committee
only briefly Tuesday, having
plan to probe deeper into the
middle until Thursday,
its accountants continued to
the books of W. B. Gibbs
Company, Washington banking
brokerage institution, to de-
termine whether any government
deals have dealt in the stock of
mammoth oil company organ-
ized by Harry F. Sinclair to take
the Teapot dome lease.
The committee will ask the Sen-
ate for a new grant of authority
to reassemble Thursday and
to notified former Secretary Fall
to reappear before the commit-
tee on Friday. The committee
is questioning as to the
relations with Sinclair
which will be deferred until Fri-
day.

Prompt action of the Senate on
the committee's plea for redoption
of the resolution authorizing an
enquiry expected in view of the
statement of Fall challenging
authority.

WASHINGTON, Feb. 5.—Albert
Fall, central figure in the naval
lease investigation, was not
Monday that his reappearance
before the senate investigating
committee would be deferred until
Friday because of the ad-
journment of the senate until
Thursday out of respect to the
memory of former President
Wilson.

The one-time secretary of the
interior, who has challenged the
authority of the committee to pro-
ceed with its inquiry, had been
summoned for tomorrow but fur-
ther efforts to examine him will
be postponed until the senate has
given the committee an additional
grant of authority. This will be
asked for Thursday with the ex-
pectation of prompt and favorable
action.

Meets Tuesday, Adjourns Till
Thursday
The committee will meet Tues-
day and adjourn until Thursday
when Carl P. Biggsman, assistant
attorney of the Chase National Bank
of New York, is expected to bring
to Washington the records of the
bank's National Bank relating to
remittances of funds by that
bank to any bank in Washington
payable to the order of Harry F.
Sinclair or his personal counsel,
W. Zevely, between Sept. 1, 1921,
and June 1, 1923. Mr. Sinclair ob-
tained the lease to the Teapot
dome reserve on April 7, 1922.

Such an examination now is
being made of the books of W. B.
Gibbs & Co., a Washington bank-
ing and brokerage firm, on the
basis of a list of names in posses-
sion of the committee. The ac-
countants will probably be able to
report at the end of this week or
early next week.

Meanwhile the special counsel
appointed by President Coolidge to
initiate court proceedings in the
all lease cases under the authoriza-
tion of congress in the Walsh an-
tecedent resolution is pressing his
word forward. Former Senator
Cummings of Ohio, who accepted
appointment last Saturday in place
of former Attorney General Gre-
gory, conferred today with members
of the senate committee.
Probably the first step to be
taken by Mr. Pomeroy and his
Republican associate, Silar H.
Strawser, will be the filing of in-
junction suits to prohibit the fur-
ther extraction of oil from Cali-
fornia reserve No. 1 and the Teapot
dome field. The filing of such
suits is directed in the Walsh
resolution, but they probably will
not be brought until President
Coolidge has signed the resolution
which still awaits the signature of
President Cummings of the senate.
To Remain at Zevely's Home
Until he is recalled on Friday
former Secretary Fall plans to re-
main at the home of his friend, Mr.
Zevely. Arrangements to have him
spend some days in seclusion at a
nearby suburb having been aban-
doned. His counsel, Levi Cooke,
conferred with several senators
today regarding his constitutional
rights in connection with his re-
fusal to testify before the com-
mittee on the ground that his
answers might tend to incriminate
him in any future court proceed-
ings.

Mr. Cooke is understood to have
received little encouragement in
the position taken by Mr. Fall.
Continued on page 3.

TOKIO HONORS EX-PRESIDENT

(By The Associated Press)
TOKIO, Feb. 5.—The admiration
and esteem with which the late
Woodrow Wilson was regarded in
Japan was testified to by scores of
messages pouring into the Amer-
ican embassy here from the leading
Japanese citizens, statesmen and
diplomats of other nations. News-
papers and other publications
largely devoted stories to his death
and obituaries and tributes to him.

WORST BLIZZARD IN MANY YEARS HITS MID WEST

Associated Press Reports to Radio
for News Dispatches When
Telephone Lines Break.

(By The Associated Press)
CHICAGO, Feb. 5.—Chicago and
other points are practically isolated
from the rest of the world early
Tuesday, as far as wire communi-
cations were concerned, by the most
severe sleet of the winter. The
press associations and commercial
telegraph wires in all directions
went out of commission except the
Northwest where facilities were
badly crippled. The Associated
Press resorted to radio to broad-
cast the news it was able to get
there. Papers were unable to main-
tain communication with Chicago,
the largest news relay in the world.

DETROIT, Feb. 5.—The weather
that ran gamut from mild tem-
peratures in sections of lower
Michigan to drifted snows farther
north and sleeted streets, wires
and rains brought a toll of at least
three dead and damage upwards of
a million dollars and demoralized
traffic and communication in many
places. Trains were reported
stalled in some parts of Wisconsin
and drifts were said to be 10 feet
deep. Motor and rail traffic is
practically at a standstill in the
area. The sleet in lower Michigan by
the close of the day had covered
the ground a solid sea of ice.

ST. LOUIS, Feb. 5.—Severe
sleet and snow storm, sweeping
Missouri, indicated the approach of
a blizzard raging in the West. The
gale sweeping the country and
bringing snow and ice is increas-
ing in velocity.

MILWAUKEE, Feb. 5.—Loss of
telephone, telegraph and trans-
portation lines as a result of the
storm in this section Tuesday esti-
mated at a million dollars. It is
said to be the worst blizzard of re-
cent years.

BIRMINGHAM, Ala., Feb. 5.—
The home of Rev. Wallace Cen-
ter, Presbyterian minister, was
demolished near here by a cyclone
and his wife and oldest son instan-
tly killed. Six other members of the
family, including Rev. Carpenter,
were badly hurt and are in a local
hospital.

\$100,000 Damages
EVANSVILLE, Ind., Feb. 5.—A
tornado, accompanied by rain and
hail, struck at Haubstadt, Ind., 17
miles north of here, late Monday,
causing damage estimated at \$100,-
000. Orchards, outbuildings and
barns were destroyed. Telephone
communication was cut off.

Whole Village Destroyed
CONWAY, Ark., Feb. 5.—The
village of Conway, eight miles
north of here, was almost totally
destroyed by a storm Monday
night. Three general mercantile
stores, two blacksmith shops, the
school, postoffice, three residences
and a number of barns were parti-
ally or completely destroyed. No
one was injured seriously.

Severe Blizzard
PUEBLO, Colo., Feb. 5.—A se-
vere blizzard is raging Monday in
eastern Colorado and western Kan-
sas, delaying railroad traffic, play-
ing havoc with wire communica-
tion and causing considerable prop-
erty damage, according to reports
here.

Big Still and 1,000 Gallons of Mash Are Seized by the Sheriff

Two large gasoline tanks used
for distilling of liquor together
with 1,000 gallons of mash were
seized in a raid made by Sheriff
C. M. Hand together with Deputy
J. M. Vickery on Sunday morning
at a place near Geneva, it was an-
nounced today.
For some time the sheriff has
been aware of extensive moon-
shining activities going on near
Geneva, he said Tuesday but never
had any concrete evidence. On
Friday and Saturday he came into
possession of information telling of
the still that was captured. Ac-
companied by Mr. Vickery, he went
to the scene of action and lay in
wait to capture the person oper-
ating the place.

Early Sunday they raided the
place but there was no one pres-
ent. They seized mash and the
paraphernalia was brought to the
office in Sanford. Sheriff Hand
stated that at present he and his
men are at work on good clues
which may lead to the arrest of
parties in connection with the af-
fair.

MARKETS
NEW ORLEANS—March 34.39;
May 34.05.
CHICAGO—Wheat—May 112 1/4;
to 113; July 112 to 113. Corn—May
83 1/2; July 80 1/2. Oats—May 49 1/2;
July 47 1/2.

Board Defers Awarding of Road Contract

Action On Matter Is Deferred
And May Be Settled in Af-
ternoon Session—Insurance
on Court House and Fix-
tures Is Increased to \$50,-
000 and \$10,000 Respec-
tively.

Bids for the hard surfacing of
the Osceola Road were opened at
the morning session of the County
Commissioners Tuesday but no
contract was awarded. The matter
was deferred for the time being
and maybe settled during the af-
ternoon although it may be post-
poned until a later date.
Two bids were received, one
from the Hutton Engineering and
Contracting Company and the other
from the Langston Construction
Company. The bid of the former
was as follows: Lime or ojus rock
41 per cubic yard; grading, 40
cents per cubic yard; concrete,
\$35 per cubic yard; 5,000 pounds of
steel, 8 cents per pound and 35
cubic hard-surfaced treatment, 35
cents per square yard. The bid
of the Langston Construction Com-
pany was: Rock base, \$1.08 per
square yard; grading, 45 cents per
cubic yard; concrete, \$25.50 cubic
yard; steel, 8 1/2 cents per pound.
A. W. Moreman appeared before
the board in behalf of the
Maitland-Goldsboro road and asked
that it be put in good shape.
No action was taken in regards to
ordering an ad to be placed in the
special edition to be published by
the Sanford Herald. The Herald
was designated to publish a list of
the lands on which the taxes have
not been paid by April 1.
The clerk was instructed to in-
crease the insurance on the court
house to \$50,000 and to increase
to \$10,000 the insurance on the
furniture and fixtures.

W. M. Vann was ordered to be
admitted to the county home.
G. M. Jacobs appeared before
the board and asked that straw be
placed on the road near Chulota
for a distance of one-half mile.
This was ordered done at an ex-
pense not to exceed \$20.
Commissioner Wheeler was au-
thorized to spend \$30 in opening
up the road at Goldenrod. The fire-
arm bond of J. F. Smith was ap-
proved.

Commissioner Wheeler was asked
to confer with railroad offi-
cials concerning the crossing on
the Oviedo-Geneva road.
Present at Thursday's meeting
were: John Meisch, chairman, H.
F. Wheeler, F. Curlett, G. F. Bled-
soe and G. W. Entzinger.

Pall Bearers Are Selected For The Funeral of Wilson

(By The Associated Press)
WASHINGTON, Feb. 5.—The
list of honorary pallbearers at the
funeral of former President Wilson
were announced Monday night
by the committee and include rep-
resentatives of his class of 1879 at
Princeton, personal friends, mem-
bers of the house and senate, and
members of his cabinet. In the
latter case where more than one
person held a portfolio in his two ad-
ministrations one was selected to
represent that office.

The list follows:
Cleveland H. Dodge, of New
York; Cyrus H. McCormick, of
Chicago; Dr. Edward P. Davis, of
Philadelphia, and Dr. Hiram Woods
of Baltimore, all members of his
Princeton class; Frank L. Polk,
former under secretary and at one
time acting secretary of state; Dr.
Vil H. Houston, former secretary
of agriculture; Vance C. McCor-
tomer secretary of war; Josiah
Daniels, former secretary of the
navy; Albert S. Burleson, former
postmaster general; John Bar-
ton Payne, former secretary of the
interior; Thomas W. Gregory, for-
mer attorney general; William C.
Redfield, former secretary of com-
merce; William B. Wilson, for-
mer secretary of labor, and Ed-
win T. Meredith, former secretary
of agriculture; Vance C. McCor-
tomer secretary of war; Josiah
Daniels, former secretary of the
navy; Albert S. Burleson, former
postmaster general; John Bar-
ton Payne, former secretary of the
interior; Thomas W. Gregory, for-
mer attorney general; William C.
Redfield, former secretary of com-
merce; William B. Wilson, for-
mer secretary of labor, and Ed-
win T. Meredith, former secretary
of agriculture.

Whereas, Woodrow Wilson,
the embodiment of the highest
ideals, served the nation with the
best that was in him despite
harsh criticisms from his
enemies, and
Whereas, he represents the
finest example of American
manhood, and
Whereas, his body will be
laid at rest Wednesday af-
ternoon at 3 o'clock in the
city of Washington,

Russian General And 20 Followers to Die

(By The Associated Press)
MOSCOW, Feb. 5.—General
Pejtersky, former commander of
the Siberian army, and 20 follow-
ers were sentenced to death by a
military tribunal at Chita for their
counter revolutionary activities in
Siberia after Kolchak's defeat.
Fifty-seven others were given vari-
ous prison terms. The sentences
have not yet been carried out as the
general asked for mercy which it
is thought will be granted.

The late cold wave—18 degrees
at DeFuniak and with the govern-
ment thermometers registering 13
degrees at a somewhat lower level
—was a desirable thing from every
viewpoint," declares the DeFuniak
Springs Breeze.

WHERE EX-PRESIDENT WILSON DIED.

Scene at Wilson home, when death was momentarily expected.

Charles Herbert Levermore Former College Professor Declared the Winner Of The \$100,000 Bok Peace Contest

(By The Associated Press)
PHILADELPHIA, Feb. 5.—
Charles Herbert Levermore of
New York, student of international
relations, writer and former col-
lege professor, Monday night was
announced as the winner of the
\$100,000 prize offered by Edward
W. Bok, Philadelphia publisher,
for the best plan to preserve peace
among the nations of the world.
Dr. Levermore was announced as
the winner by John W. Davis of
the policy committee of the Amer-
ican peace award, at a meeting at
the Academy of Music. Mr. Davis
also presented him with \$50,000,
half of Mr. Bok's prize, and the re-
minder will be given only if the
plan is accepted by the congress
of the United States. Dr. Lever-
more's plan was number 1,409 in a
total of 22,165 received.

Long Student World Affairs
The winner of the plan, the text
of which was made public some
weeks ago, the name of the author
being kept secret, has long been a
student of international affairs
and has written a number of books
on that general subject. He has
been an instructor in various col-
leges, including the University of
California, and the Massachusetts
Institute of Technology, and for
18 years was president of the
Adelphi college, Brooklyn. He was
born Oct. 15, 1866, in Mansfield,
Conn., and was graduated from
Yale college in 1879. He also
studied history and politics at
Johns Hopkins University and re-
ceived the degree of Ph. D. in
1886. He is a member of the Re-
publican party. In 1913 Dr. Lever-
more left Adelphi College to be-
come director of the College and
University Bureau of the World
Peace Foundation in Boston. He
returned to New York in 1916 to
do secretarial work for the World
Court League and later for the
League of Nations Union. Since
1917, he has been secretary of the
New York Peace Society and the
League of Nations Union.

Named Secretary
When the American Association
for International Co-operation was
formed he was named secretary
and with other officers of that
body helped form the League of
Nations Non-Partisan Association
in 1923. In addition to numerous
other publications, Dr. Levermore
is the author of a series of year
books on the League of Nations,
chronicling the achievements of his
league during each 12 months.
Three of these have been published
and a fourth is being prepared.
Only through organized co-operi-

tion with the rest of mankind can
America promote the cause of last-
ing peace, Mr. Davis declared in
presenting the prize to the author.
Melville E. Stone, councillor of
the Associated Press, presided over
the meeting at which other speak-
ers included Esther Everett Lape,
member in charge of the policy
committee of the award, and Henry
L. Stimson, former secretary of
war.

How Conceived
The winning plan, Mr. Davis
said, was conceived "with a clear
conception of conditions both at
home and abroad."
In failing to "bring forward
anything fundamentally new and
startling," he asserted, the plan
demonstrates its practicability in
that "it takes account of things
as they are and does not strain
after the more than doubtful merit
of mere novelty."
"Realizing," continued the for-
mer ambassador, "that 51 nations
of the world were already organ-
ized for the purpose of peace, he
(the author) brushed aside as be-
longing to the sphere of pure
fancy and not of practical politics
any effort to induce them to
abandon the structure they had
built and start afresh from a new
foundation."
"Conscious of the fixed de-
termination of America to main-
tain the Monroe Doctrine inviolate
and to preserve its own independ-
ence of action, he makes adequate
provision for both."

PROCLAMATION Holly Is Selected As Rote President

Whereas, Almighty God, in
his infinite wisdom, has seen
fit to take from our midst the
soul of our beloved former
president, Woodrow Wilson,
and
Whereas, Woodrow Wilson
led this country through
the period when all the world was
in the throes of a mighty con-
flict, and
Whereas, Woodrow Wilson,
the embodiment of the highest
ideals, served the nation with the
best that was in him despite
harsh criticisms from his
enemies, and
Whereas, he represents the
finest example of American
manhood, and
Whereas, his body will be
laid at rest Wednesday af-
ternoon at 3 o'clock in the
city of Washington,

He it resolved, that we, as
citizens of the foremost nation
on earth, do bow our heads
with grief and pay solemn
tribute to the memory of a
leader now gone.
Be it further resolved, that
by virtue of the power vested
in me as mayor of the city of
Sanford, I call upon the people
of this city to cease their
business activities for the pe-
riod of one hour beginning at
3 o'clock and join in reverence
for the memory of the dead.

FORREST LAKE,
Mayor of Sanford.

GERMAN EMBASSY IGNORES WILSON

(By The Associated Press)
WASHINGTON, Feb. 5.—By
direction of the Berlin government
the German Embassy has refrained
from making any display of
mourning for Wilson. No flag has
been flown over the Embassy at
any time since his death although
other Embassies and Legations
have had colors at half mast since
the official notifications reached
them before noon Sunday. Baron
Leopold Plessen, third secretary
of the Embassy made this explana-
tion: "The German government
considers the late Mr. Wilson a
private citizen and therefore has
instructed the Embassy to refrain
from any official display of mourn-
ing." The State Department offi-
cials would not comment.

John G. Leonardy Will Be Candidate For County Judge

John G. Leonardy of this city
will be a candidate for the office
of county judge according to an
announcement made Tuesday and
which appears elsewhere in this
issue. With Mr. Leonardy's one
trance into the race there are three
candidates that are seeking that
office.
Mr. Leonardy, in addition to hav-
ing practiced extensively, has also
served the public in several ca-
pacities. In 1913 he was a mem-
ber of the state legislature as rep-
resentative from Volusia county.
He was an ardent supporter of the
bill which created Seminole coun-
ty during that session.

Mr. Leonardy was graduated
from the Stetson Law College in
1916 and for a year following
served as an assistant in the office
of C. M. Trammell at Bartow, who
at that time was serving as county
judge of Polk county. He then
returned to DeLand where he en-
gaged in the practice of law.
During the war Mr. Leonardy
served as a member of the Volusia
County Draft Board. On May 8,
1918, Mr. Leonardy moved to San-
ford and opened his office in this
city. He has engaged in the
practice of his profession ever
since. He is admitted to practice
in all state and federal courts, hav-
ing passed the examination shortly
after his graduation from Stetson,
permitting him to practice in the
latter.

Mr. Leonardy is a native of this
state having been born and reared
near Osteen in Volusia county. If
elected to the office of county
judge, he promises to fill the
duties to the best of his ability
trying at all times to administer
justice as prescribed by the laws
of this state.

January Report Of Sheriff C. M. Hand Is Given To Board

According to the monthly report
of Sheriff C. M. Hand handed to
the County Commissioners at their
meeting Tuesday, there were 40
convictions turned in by the office
and a total of \$2,052.95 was col-
lected in fines.
Of that total \$840.94 was turned
in as cash, \$673.33 in labor on
county roads, \$418.03 in labor on
private roads and \$110.35 from a
90-day bond fine.

Miami Banker Found Guilty of Conspiracy

(By The Associated Press)
WASHINGTON, Feb. 5.—First
conviction in Florida for conspiracy
to violate the prohibition laws was
reported at the prohibition divi-
sion Tuesday by R. Q. Merrick, divi-
sion chief of New York, who has
been working in Miami on cases
pending for several months. Mer-
rick was formerly in charge of the
Florida division. Four men, a
banker named Clayton Miami, now
dead, Wilbur Phelps, T. N. Lewis,
and Foster Sloan were found guilty
of all counts in the indictment.
Merrick was informed by tele-
graph early Tuesday and each one
was sentenced to one year and a
fine of \$500.

POTATOES ARE GOOD
PALATKA, Feb. 5.—D. A. Arm-
strong, county demonstration agent
for Putnam, reports that Irish po-
tatoes are up at Federal Point and
are showing a normal stand.

Wilson Funeral Arrangements Are Complete with Selection Of Military Guard of Honor

WILSON REMAINS WILL BE HOUSED VAST CATHEDRAL

Beautiful Structure to be Tem-
porary Entombment of For-
mer President Not Yet
Finished.
WASHINGTON, Feb. 5.—West-
ward above Washington, where
barrier hills etch a high, broken
sky line of billowing green in sum-
mer, of twisted leafless branches
in winter, "the labor of an age in
piled stones," is rearing the cathed-
ral that for a time will house
what was mortal of Woodrow Wil-
son. The vast building is yet in
the making. Only the great east-
ern arch of the sanctuary is built;
but already the structure towers
in graceful lines and striking
Gothic pinnacles bathed at sunset
in a glory of coloring all its own.
From the city below, down the
long sweep of rolling hill land, the
cathedral seems even now a com-
pleted, fairy structure. The migh-
ty proportions of its bulk are re-
fined by distance, its great buttresses
seem but lines of delicate tracery
against an ever changing sky.
There is no hint about it to those
looking up from the wide avenues
of a thing unfinished, no ugly,
sprawling network of staging to
mar its symmetry of line and arch.

Beautiful Setting.
The building is growing on a
bold promontory that juts east-
ward from the rim of the ridge.
Standing at the base of the com-
mander arch, a wonderful, colorful
panorama spreads under the eye.
The city itself becomes a thing of
beauty with its clustering red
roofs and the grayish white bulk
of its great buildings softened by
distance.
Beyond roll the hills of Mary-
land away to the far horizon,
green and yellow and gold in the
scenty haze of the rule hand of
winter has left to them. A little
to the south sweeps the broad tide
of the Potomac in its twisting
ninety-mile flow to Chesapeake
bay. Bridges that bind the North
and South together with healing
bonks of commerce seem far
spans at that distance, and wide
craft were chipped on the quiet
water above the river.
Far down the river, dim in the
distance, are the promontories near
Mount Vernon on the Virginia
shore where Washington rests,
while southward, across the Poto-
mac and its crowding fringe of
buildings loom the hills of Arling-
ton National cemetery and Fort
Myer with the terraced front of
the Memorial Amphitheater and
the pillared dignity of the Lee
manor standing out as twin sentin-
els above the glorious dead
around them.

Colorful Maryland Hills.
Swinging westward again the
eye glimpses the bold heights along
the south shore of the river rising
above the nearer bank of the wide
chasm in which the Teapot dome
lies, while beyond rest on fold.
The northward only from the
cathedral runs level land, the nar-
row back of the ridge on which it
stands. Up and down that ridge
along the busy way of Wisconsin
avenue flows an endless traffic, for
there lies the western outlet,
Washington, the highway of motor
traffic, the route of Braddock's
march to Ohio.

In its surroundings there is
great up a stately house of God
with the impulse for its structure
springing from all that man has
found best through the years in
the church building artistry of the
old world. And in a deep marble
vault beneath will lie among men
and women who like him saw men
and fought for lofty ideals
Woodrow Wilson, war president of
the United States.
As in the stately old cathedrals
abroad, the crypt chapel covering
the vault for honored dead is set
below the main floor of the build-
ing. All services are now held in
its deep recesses, dim in the half
light of high windows that give
only an upward glimpse through
carved stone walls to the open air.
There is an air of great peace and
quiet about it, remote even from
the city.
(Continued on page 3)

Services will be held at Wash-
ington Cathedral before
Casket is Lowered into
Vault Under Chapel—Will
be Conducted by Bishop
Freeman Aided by Two
Presbyterian Clergymen.
WASHINGTON, Feb. 5.—Wood-
row Wilson's guard of honor which
will convey his body from the
scene of his last activities and
death to its place of entombment
will be represented by the fight-
ing arms of three nations. Eight
sailors from the crew of the Presi-
dent's yacht, Maryflower will sym-
bolize the great Armada of Amer-
ican fighting ships that went to
war under the dead president, eight
soldiers will perform the final in-
stallations in the name of the mil-
lions that had places in the
war army of which he was
commander-in-chief, eight mar-
iners will add to his entombment
the fresh memories of the glories of
the far battlefields like Belleau
Wood. From among these many
four will be selected as those who
will actually carry him forth from
the quiet house where he sought
and found solace after the war
days and will lower him in the
great cathedral.
And yet after another day, he
will be laid to rest for a space in
a marble vault on the hills over-
looking the city with naught but the
brief ritual of the church to solem-
nize his entombment. The shout-
ing and clamor ended for him and
with it all the pomp and circum-
stance of greatness of place when
the heavy burden of the presiden-
cy slipped from his tired shoulders
nearly three years ago.
That was the decision reached to-
day by Mrs. Wilson. The day of
her long, brave fight for her stricken
husband's comfort and peace
could not end, even with his death.
Upon her must fall the duty of de-
cision as to the manner and place
of entombment, the weighing of
the claims of the nation to pay
highest honors to the dead against
her knowledge of his dislike of the
show and stir of heavy ceremonials.

Coolidge Offers Every Honor
The whole machinery of govern-
ment stood ready to surround the
fallen chief with all the honors
men have devised to tender their
greatest respect. President Coolidge
placed every agency at his com-
mand at the disposal of the bereav-
ed family in arranging for the fun-
eral. The army, navy and marine
corps stood ready to play their
part in a great pageant of sorrow
such as only men who have been
commanders in chief of America's
fighting forces may know.
There were those in high places
who as guests of the White House
were betting that Woodrow Wilson, the
war president, should be given up
for a time in death to the keeping
of his countrymen that he might
be rendered the homage they would
do him for the greatness of the
place he had held. For his entom-
ment was offered that shrine of
American patriotism, the memorial
amphitheater at Arlington where
American unknown from France
holds his faithful watch forever.
No quibble, Mrs. Wilson was told
would be permitted to keep this
fallen war leader from sharing that
glorious vigil in the Virginia
hills.
"But Not to Be."
But it was not to be, and for a
time at least, Woodrow Wilson will
lie in an honored American
citizen may sleep, in a vault set
in sacred surroundings. Men may
decide later that a great memorial
shall rise to his honor, but for his
present he will go forth from his
home for the last time to lie deep
in a marble vault beneath the foot
of Bethlehem chapel at Washing-
ton Cathedral, while the faithful
women and children come and go
to the prayers above him.
The only military touch at the
funeral, aside from the uniforms of
the diplomats and high officers who
will attend, will be the little squad
of men of non-commissioned rank
of the army, navy and marine
corps who will bear the body and
form the immediate escort from
house to chapel. There will be for
this dead chief no notional
honor guard about his casket night
and day, no filing past of shuffling
thousands for a last glimpse of the
dead. But the fighting men into
whose careful hands he will be given
in the last journey will be world
war veterans as was he.

Simple Rites at Home.
Before the services at the chapel,
there will be simple rites of the
Presbyterian church at 3 p. m. on
Wednesday in the home on "S"
street where death found him. The
family service will be held there
and only a few of those closest to
him in life will share in it.
To represent the American peo-
ple in this brief service, President
and Mrs. Coolidge will attend but
there will be many who know
of this dead chief and whose room
great personal loss for whom room
cannot be found. Details of the
home ceremony, beyond the fact
announced today, beyond the fact
of James H. Taylor, pastor of
Central Presbyterian church where
the former president worshipped
in Washington, and Rev. Sylvester
Beach, in whose congregation he
was buried, will be given later.

CITY NEWS PARAGRAPHS

AT THE MILANE

One who elopes without knowing... Before you answer you'd better visit the Milane theatre today when Tom Mix appears in "Mile-a-Minute Romeo."

Obstacle number one is met when the lady in question refuses to accompany him to the rendezvous where the expectant lover awaits her. Obstacle number two offers another jolt when the kind lady smits a howl at being forced to mix's horse.

Obstacle number four arises "natural like" when the lover who doubts becomes suspicious and double-crosses Mix. Obstacle number five happens to be more violent than the rest.

The girl hidden in a haunted house, Mix is trapped in a lonely cabin which is surrounded by a formidable posse out for his capture. He fires the cabin and escapes behind a smoke screen.

WILSON THROGS

Continued from page 1. Came to the door with the wish in her heart to pray for the sick man. The police officer on watch questioned her gently.

A very few came to seek admittance. Bernard Baruch was among those and he spent most of the day in the house seeking some way to be helpful.

During the afternoon, Joseph Wilson, brother of the former president, came from the house, hastening to meet Miss Margaret Wilson hurrying to her father's bedside from New York.

Toward evening Secretary Weeks' car stopped at the bottom of the hill and he walked up to leave his car at the door. A little later Chief Justice Taft walked down the hill with his message of sympathy, and later A. Mitchell Palmer, attorney general in Mr. Wilson's last administration was admitted to the house for a few minutes.

An night fell, a cold wind rustled through the street chiving the watchers. The group slowly broke up except for a knot of enlisted men from the non-commissioned officers staff school whose uniforms made a spot of color under the dim street lights.

To most of these observers he has appeared during recent weeks to have been somewhat improved in health. He took on flesh after he left the White House, and the faded appearance of his face often was mistaken as a sign of returning health.

TEA POT DOME

Continued from page 1. He thought debate should be dispensed with owing to the condition of former President Wilson.

In the senate the Robinson resolution demanding the resignation of Secretary Denby for his part in the oil lease was laid aside until Monday after Senator Robinson had offered a substitute, which would limit it wholly to the naval secretary.

The oil leases got into the senate debate, however, Senator Heflin, Dem., Alabama, speaking again on them and making a general attack on the Republican party. He suggested a new title in place of Grand Old Party—great Oil party.

A denial that he ever was consulted by any one as to the wisdom, merits or legality of the California or Teapot Dome leases was made today by Attorney General Denby in a telegram from Miami, Fla. The message said:

"I beg to advise your committee that I was never consulted by any one as to the wisdom, merits or legality of the California or Teapot Dome oil leases now under consideration by your committee, nor was the department of justice ever asked for an opinion or consulted in regard to the report. The attorney general is permitted to render his opinions only when requested to do so by the President and heads of governmental departments. I give you this information in justice to your committee, the department of justice and all concerned."

WILSON FIGHTS

Continued from page 1. Another of those who called in the constant flow of humanity that transformed the quiet residential street and kept it crowded throughout the day was John W. Weeks, secretary of war.

Some of the former president's old friends admitted to the house, but none of them were permitted to enter the sick room.

The sudden collapse of the former president meantime had started many rumors of his death, and at one time late in the afternoon, the flags at the great State, War and Navy buildings across from the White House were lowered to half-mast. The order was recalled a few minutes later.

Throughout the day and into the night, Mrs. Wilson, at her long-

COMMITTS SUICIDE RECENTLY

Miss Margaret Harding, daughter of W. P. G. Harding, former governor of the Federal Reserve Board, took her own life, according to an announcement given out by her father at Boston shortly after the act, was committed. Too much society, drinking and cigarettes are characterized as the reasons for Miss Harding's act.

The world has become too scientifically magnificent, for mere theory to rule it. We want hard facts and results. And the truth is that theology, as a fighting issue, has lost its appeal.

Hence, of course, this enlightened movement. The decay in faith is largely due to the dimensions within. It is the churches which have lagged behind, not the people.

The quest for new forms of belief is general. Europe has no longer a faith. Man consequently is rudderless, awaiting he knows not what. Assuredly this is the hour for a spiritual reaffirmation.

Man Simpler, Wiser. Yet as man has grown simpler, so also he has grown wiser. The world today can read. That is the lesson that the churches must learn, if they would secure results.

We laymen are not concerned with grey dogma or heretical forms of bondage. Thought is free. It must remain so in a world that is pre-eminently scientific. It is not hate we look for, but love. It is some truer interpretation of Christianity.

The pre-condition of success must, therefore, be full recognition of rights, which is the only ground on which a connective formula can be found. It is really a practical question, affecting the validity of the protesting churches on the one hand and the claim of papal primacy on the other.

Both would seem amenable to modern methods of thought. The churches will or if they think that man is willing to return to theological battle.

The laymen will go on, seeking his God in his own opportunities. And his interest will wane or wax according to the candle that is lit in the recess and primacy of his own heart rather than in the scrolls and pontificals of this or that dogma.

LONDON, Feb. 2.—Although the land under cultivation in England and Wales during 1923 showed a decrease of 129,000 acres, there are still as many acres being cultivated as before the war, according to the 1923 report of the Board of Agriculture.

The acreage of wheat in 1923, the report says, was 1,749,000 acres, or practically the same as the average of the 10 years immediately before the war.

1,405,200 are apple trees, 4,642,000 plums, 1,757,000 pears and 787,000 cherries. The sugar beet acreage was 16,900, just double that of the previous year.

Dealing with the question of live stock the report points out that the number of cattle—5,233,000—was returned was 21,638,000, of which 100,000 greater than the previous years and adds that the additions of the past two years have brought the cattle herds back to the pre-war level. The total number of sheep reared shows an increase of 398,000, the number now being 13,835,000, the big population increase by 313,000 to 2,912,000, the largest number recorded since 1911.

The worst feature of the report was the slump in the number of persons employed on the land, there being a decrease of 97,000. Nearly 60,000 of these workers were in regular employment, the remainder being only casuals.

Not only in the higher places of the government, but among the ablest and ablest of the citizens of Washington, was further news from the sick room awaited anxiously. In the days of his residence here, and particularly during the time he had resided almost in seclusion at the house to which he went from the inaugural ceremonies of Warren Harding, Mr. Wilson had been a figure always of greatest interest to thousands who live in the capital. He has been greeted with many a wave of the hand by his fellow Washingtonians as he took his daily automobile ride through the city, and crowds have gathered to watch him enter and leave his favorite theatre during his weekly visits there.

To most of these observers he has appeared during recent weeks to have been somewhat improved in health. He took on flesh after he left the White House, and the faded appearance of his face often was mistaken as a sign of returning health. Those who believed his condition materially improved have been further deceived by his recent activities in public affairs; by his old political friends on subjects of current interest to his party; by his recent visits with the distinguished men of Europe on tour here; and by the fighting speech he delivered by radio on Armistice Eve.

But to his physicians and a little circle of his friends the unfeigned condition of the man has been fully apparent, and they have understood but too well that his delicate hold on life might at any time be loosened forever.

MANILA, Feb. 2.—When news of the serious illness of Woodrow Wilson became known here Saturday the Senate Insular Legislature adopted a resolution of sympathy expressing the hope of speedy recovery.

LONDON, Jan. 31.—To the lay mind, religious controversy has long been grey matter; indeed, it is difficult today to realize the terrific doctrinal war waged by churchmen about manifestations and interpretations, and whether Rome really possesses the mystic keys given to St. Peter.

Even before the war the controversial theologian was hardly interesting. We who stand outside the gates of controversy, who take our Christianity simply, who no longer tremble before the casuistry of some ingenious divine—we can only say to any movement of reunion: "Why not? To us, there is only one God or principle of divinity. And this is generally recognized in these days as love.

Thus religion has become simplified. The layman can legitimately claim in this respect—in this scientific sense—to be ahead of his teachers. He will surely welcome any process of doctrinal simplification.

Religion Not Schism. One may even go further. "Why not?" is hardly enough. The old terrors of our ancestors have gone. Religion is no longer a schism or fight about words and their meanings.

Except for the fact that S. Ernest Philipit is engaged in giving a series of concerts in five cities of the state, and is able to give the Quartet five engagements, it would be impossible to hear them in Orlando, as otherwise, they could not arrange to make a trip so far south for an isolated engagement.

To fall of hearing this concert is to be deprived of one of the most delightful experiences a music loving person can have.

By The Associated Press. BUENOS AIRES, Feb. 1.—An American taxicab concern which operates large fleets of taxicabs in New York and other cities, sent a dozen of its vehicles to Buenos Aires a few months ago, and has found the enterprise profitable despite the fact that taxi fares are far cheaper than in New York, and the price of gasoline is higher.

The cars are reported to have made a net profit of 800 pesos each a month, or about \$275 at current exchange rates. American visitors to Buenos Aires say taxi fares are so cheap here that the people use them more, hence the profits.

LONDON, Feb. 2.—Although the land under cultivation in England and Wales during 1923 showed a decrease of 129,000 acres, there are still as many acres being cultivated as before the war, according to the 1923 report of the Board of Agriculture.

Make Your Dollars Stretch

The purchasing power of a dollar bill has shrunk considerably in the last ten years. There has never been a time when discriminate buying paid bigger dividends.

Every day this newspaper contains information that you should have to increase your buying power. The advertisements are intimate little lessons in every-day economy. They teach you how, when and for what your dollar will go farthest.

To those who know how to use it, newspaper advertising is a watchdog of dollars—a continuous source of economy and satisfaction.

Merchants tell of their bargains through the advertisements. Almost every new opportunity is offered through an advertisement. Practically every unusual buy is advertised.

You can stretch your dollar to its elastic limit by keeping abreast of the opportunities to get full value.

There's Just One Way to Do This Read the Advertisements

NICKELS GRANTED WATERMELONSTO A NEW TRIAL BY BE PLANTED SOON SUPREME COURT BY THE FARMERS

Court Rules That Youth's Trial Was Not Held in Accordance With State Laws.

TALLAHASSEE, Feb. 4 (Special)—The supreme court late Saturday evening reversed the order made by Judge J. W. Perkins, in Volusia county circuit court denying motion for writ of error coram nobis in the case of Aubrey Lee Nickels against the state.

Nickels contended that he pleaded guilty to the charge of rape and was sentenced to death on such plea out of fear of being killed unless he plead guilty.

The supreme court finds from the record that the accused was misled into believing that only the death penalty could legally be imposed on him after a verdict of guilty without recommendation to mercy by the jury; and that his surroundings were such that he reasonably may have believed and feared that his life was in imminent danger of fatal mob violence if he did not plead guilty, and that by pleading guilty he had a chance of a sentence of life imprisonment.

This being his state of mind, the plea of guilty was not entered with a full appreciation of its consequences and was not voluntary.

Without fear, but was entered because of fear, misapprehension, ignorance or inadvertence, which would render the plea and the subsequent proceedings of the trial court null and void. The opinion is per curiam.

Judge Ellis filed a dissenting opinion.

Nickels was represented before the supreme court by Attorney James H. Bunch of Jacksonville.

Government Expert Will be in Sanford To Meet Farmers

E. E. Conklin, standardization expert, representing the Bureau of Agricultural Economics at Washington, will be in Sanford this week according to P. D. Rupert, head of the local government inspection bureau.

Mr. Conklin, who is an expert in his line, will arrange to meet a large number of the growers in conference with reference to his work and in addition will do extensive field work.

Government inspection, as has been pointed out before, will insure a uniform pack which also insures better prices for the products.

These standards must be set according to conditions prevailing at both points, namely, the shipping and receiving or market point, according to Mr. Rupert.

Mr. Rupert will be associated with Mr. Conklin during his visit here and those who are interested are requested to get into communication with the former at once.

"The Pinellas County Power Company is planning the erection of a new \$1,500,000 electric power plant to be located at Hayboro, and it is hoped to have the new plant in readiness for operation next year," says the St. Petersburg Independent.

Vance Douglass To Enter The Race For Circuit Court Clerk

In another column of this issue will be found the announcement of Vance E. Douglass, for the office of Clerk of the Circuit Court. For some time it has been generally understood that Mr. Douglass would make the race this election.

As in such an event it was generally known that his father, E. A. Douglass, who at present holds the office, would not make the race for re-election.

Vance E. Douglass, was born and raised in this and Orange County, and has been a resident of this County since its creation. For the past ten years he has served as Deputy Clerk in the office which he now seeks, under his father and is in every way thoroughly familiar with the duties of the office.

Under the guidance of his father the office of Clerk of the Circuit Court for this County has been well conducted, and Mr. Douglass states that if elected to the office he will maintain the same degree of efficiency, and when possible improve on the conduct of the office.

He has served for the past several years as clerk of the different courts when in session, and as clerk of the board of county commissioners. If elected, Mr. Douglass promises the best of service and the same courteous treatment to all who have business with the office.

GAINESVILLE, Fla., Feb. 5.—Watermelon planting already has begun in Florida for the 1924 season, and reports are that the acreage will be increased over last year in at least one county.

The county agent for Marion reports that planting has started in that county, while it is reported from Hamilton that the melon growers there are planning to increase their acreage over 1923.

The melons grown in Bay county, will, to some extent, be co-operatively marketed, 11 farmers and nine club members having agreed to ship co-operatively.

Co-operative efforts on the part of the farmers featured the past week's reports from several counties by the demonstration agents. In Madison county the farmers ordered 280 tons of fertilizer, and an unestimated amount, the third so ordered, was co-operatively ordered in Wakulla county. G. C. Hodge, agent for Wakulla, reported that all tobacco beds are out there and that the land is being prepared for all crops.

Other features of the weekly reports included: Walton (J. W. Mathison): Held some fine co-operative fruit meetings throughout the county this week; good crowds and much interest. Have about 20 farms being stumped this week, getting ready for fruit orchards. One people are organizing to grow a sweet potato crop for the early market.

Oskaloosa, R. J. Hart): Held one of the best farmers' meetings ever held in the county, at Laurel Hill on Saturday. Arranged plans of work, home mixing of fertilizers, acreage and kinds of truck crops to grow featured the discussions.

Notice is hereby given to any and all persons interested in the Special Assessments against the various pieces of property above described that said assessments are payable in full within thirty days after the above and foregoing special assessment rolls have been equalized, approved and confirmed, or in fifteen equal annual installments with interest at 8% per annum from and after the time said special assessments stand approved and confirmed.

A meeting of the Equalizing Board of the City of Sanford, Florida, will be held at the City Hall at 2:30 P. M. on the 25th day of February, A. D. 1924, at which meeting said Board will hear any and all complaints and objections as to such Special Assessments, and will at said time adjust and equalize said assessments on a basis of justice and right and when said special assessments are so equalized and adjusted, same will then stand confirmed and be, and remain binding liens upon the property against which said assessments are made until paid in accordance with provisions of Resolutions of the City Commission, adopted on the 10th day of Dec. 1923, No. 110, 114, 115, and 116 of the City Commission of the City of Sanford, Florida, adopted on the 14th day of January, A. D. 1924.

(SEAL) L. R. PHILLIPS, City Clerk.

SPECIAL ASSESSMENT ROLL PREPARED UNDER AUTHORITY OF RESOLUTION NO. 115, ADOPTED ON THE 14TH DAY OF JANUARY, A. D. 1924 BY THE CITY COMMISSION.

The following is the estimated cost of paving Palmetto Ave. with sheet asphalt on a 6" rock base, 24 feet in width from Hughey St., south to Franklin St.

1900 Cu. yds. grading @ 50c	950.00
2720 Lin. ft. concrete curb and gutter @ 85c	2312.00
200 Lin. ft. flush curb @ 35c	70.00
3440 Sq. yds. paving @ \$2.00	6880.00
600 Lin. ft. storm sewer @ \$1.10	750.00
2 Monuments at street intersections @ \$6.50	13.00
3 Manholes @ \$50.00	150.00
8 Inlets @ \$35.00	280.00
Engineering, legal expenses, advertising, etc., 8%	913.00
Total estimated cost	\$12,327.00

To be borne entirely by adjacent property. Number of feet frontage, 2309.55. Assessment per foot frontage \$5.3374.

FRED T. WILLIAMS, Engineer.

SPECIAL ASSESSMENT ROLL PREPARED UNDER AUTHORITY OF RESOLUTION NO. 116, ADOPTED ON THE 14TH DAY OF JANUARY, A. D. 1924 BY THE CITY COMMISSION.

FRED T. WILLIAMS, Engineer.

SPECIAL ASSESSMENT ROLL PREPARED UNDER AUTHORITY OF RESOLUTION NO. 118, ADOPTED ON THE 14TH DAY OF JANUARY, A. D. 1924 BY THE CITY COMMISSION.

The following is the estimated cost of paving Franklin Street a width of 24 feet with sheet asphalt on a 6 inch base, from Sanford Ave. west to Park Ave.

1200 Cu. yds. excavation @ 50c	\$ 600.00
1500 Lin. ft. of concrete curb and gutter, @ 85c	1275.00

150 Lin. ft. flush curb @ 35c	52.50
1980 Sq. yds. paving @ \$2.00	3960.00
540 Sq. yds. alley returns @ 25c	135.00
325 Lin. ft. 15" storm sewer @ \$1.40	455.00
675 Lin. ft. 12" storm sewer @ \$1.10	742.50
1 Manhole	50.00
300 Lin. ft. 3" drain tile	25.00
5 Inlets @ \$35.00	175.00
Engineering, Legal Expense, Advertising, etc., 8%	597.60
Total estimated cost	\$6087.60

To be borne entirely by adjacent property. Number of feet frontage 1500. Assessment per foot frontage \$5.3784.

FRED T. WILLIAMS, City Engineer.

Lane's Addition to Sanford.

SPECIAL ASSESSMENT ROLL, PREPARED UNDER AUTHORITY OF RESOLUTION NO. 114, ADOPTED ON THE 14TH DAY OF JANUARY, A. D. 1924.

The following is the estimated cost of paving Magnolia Ave. 24 feet in width from Central Street south to Franklin Street, with sheet asphalt on a 6 inch rock base.

2950 Cu. yds. excavation @ 50c	1475.00
4220 Lin. ft. concrete curb and gutter @ 85c	3587.00
320 Lin. ft. flush curb @ 35c	112.00
6310 Sq. yds. paving @ \$2.00	10,620.00
9 Inlets @ \$35.00	315.00
3 Manholes @ \$50.00	150.00
1500 Lin. ft. 12" storm sewer @ \$1.10	1650.00
3 Monuments at street intersections @ \$6.50	19.50
Legal expenses, engineering, advertising, etc., 8%	1434.50
Total estimated cost	\$19,363.00

To be borne entirely by adjacent property. Number of feet frontage, 3626.15. Assessment per foot frontage \$5.3398.

A Story of Success

How Studebaker Cars became leaders

145,000 people last year paid \$200,000,000 for them

THE most talked-about cars among fine cars are the Studebaker Sixes — at \$975 and up. Sales have almost tripled in the past three years. The demand for these cars, growing by leaps and bounds, has been Motordom's chief sensation.

Over \$200,000,000 was last year spent for Studebaker models.

Now we wish to explain, to all who are interested, the reasons for that success.

Studebaker has always led

For 72 years the name Studebaker has stood for quality and class. Studebaker equipages, in the carriage days, held premier place. The White House owned them in the days of Grant and Harrison.

Now we make motor cars only. But the Studebaker name, in this modern field, simply had to maintain its prestige.

We had the money, we had the incentive — we who now control. And our one ambition has been to maintain the Studebaker place.

\$90,000,000 assets behind us

Studebaker assets are \$90,000,000. We have \$50,000,000 in modern plants and equipment.

Not old plants re-adapted. We have spent \$32,000,000 in new plants in five years. We have equipped them with 12,500 up-to-date machines.

Over \$8,000,000 was spent on drop forge plants alone. Another \$10,000,000 on body plants, to maintain our prestige in coach building.

We believe that no other plant in the country is so well equipped to build quality cars as Studebaker.

Engineering—\$500,000 yearly

We created an engineering department which costs \$500,000 yearly.

There are 125 skilled men there who devote their time to studying betterments in cars. They make 500,000 tests yearly.

There is a department of Methods and Standards. They decide and fix every standard in these cars.

We spend \$600,000 yearly to machine all surfaces of crank shafts, just as in Liberty Airplane Motors. That is the reason for that perfect balance, that absence of vibration.

Every Studebaker car is Timken-equipped. The Special-Six

STATE'S SUPREME COURT DECISIONS ANNOUNCED HERE

TALLAHASSEE, Fla., Feb. 5.—The supreme court, Division B, has handed down the following decisions without opinion:

Affirmed the decree of the circuit court of Calhoun county in the case of J. R. Richardson, tax collector of Calhoun county, appellant, vs. Blountville Manufacturing Company and Louisville and Nashville Railroad Company, appellees.

Affirmed judgment of the circuit court for Osceola county in the case of Elizabeth Waring, joined by her mother and next friend Mary E. Waring, plaintiff in error, vs. W. C. Phillips, defendant in error.

Affirmed the Dade county circuit court in the case of the Mills Corporation et al., appellants, vs. P. Sebastian Scherer, appellee.

Affirmed the circuit court of Santa Rosa county in the case of W. W. Wright, appellant, vs. Lizzie Wright, appellee.

Affirmed circuit court for Hillsborough county in case of C. B. Eatherly, appellant, vs. Grass Fibre Pulp and Paper Corporation, appellee.

Affirmed circuit court of Hillsborough county in the case of Harry W. Smith, appellant, vs. Margaret C. Smith, appellee.

Affirmed judgment of circuit court for Jefferson county in case of G. C. Mills, plaintiff in error, vs. D. A. Finlayson, defendant in error.

On the authority of the case of Garcia vs. Pardo, 63 Fla. 420, 57 South, Rep. 974, the supreme court also has affirmed the order of the circuit court of Highlands county denying an injunction against a judicial sale of an automobile in the case of Howard Thompson, appellant, vs. R. H. Hancock, as sheriff of Highlands county, appellee.

MUNICIPAL GOLF COURSE SOUTH JACKSONVILLE, Feb. 5.—The city fathers of this city have been called upon to decide whether the Southside City shall have a municipal golf course. The necessary land upon which to construct the course has been guaranteed from the city if the city will guarantee to build the links.

WILSON FUNERAL

Continued from page 1.

sat in his years at Princeton, will conduct the service.

For the rest of the honors to be rendered a conference at the White House was required during the day. President Coolidge calling Secretary Weeks in after the latter had been to the "S" street home to reiterate the tender of cooperation.

Rear Admiral Cary T. Grayson again spoke for the bereaved family telling of the desire of Mrs. Wilson that the public service be as simple as possible and her wish that the casket should rest for a time in the vault below the great cathedral that looms partly completed over the city from the ridge of hills to the west. There could be no questioning in many quarters that a solemn and imposing public display of mourning should follow the service at the house.

Little to Be Arranged.

As the plans stood last night there was little still to be arranged beyond the precautions necessary to keep the way clear from the house to the cathedral. It is scarcely more than a mile up the broad sweep of Massachusetts avenue to the gray stone edifice that even in its uncompleted state juts boldly up against the western sky line of the city. Among that road-line of the city, soldiers and marines will be stretched to aid the police in keeping back the crowds, and these and the twenty-four non-commissioned men marching beside the hearse will be all that the united services can do to honor the bier of this former commander in chief.

Bethlehem chapel lies beneath the main floor line of the cathedral of which only the imposing eastern facade is yet in place. Within the gothic circle of stone work is the sanctuary with the nave and the north and south transepts still to be erected. All about are the temporary structures of the builders, but directly beneath the sanctuary lies the crypt chapel, deep amid the massive stone work of the foundations and with great stained glass windows facing eastward to the rising sun. The shape also is known as Nativity chapel and throughout the decorations of its stone and wood work runs the story of the birth of Christ.

TEA POT DOME

Continued from page 1.

Senators said that in their view the statute, which provides that testimony given before a senate investigating committee, cannot be used in any criminal court proceedings, was a bar to this objection raised by Mr. Fall.

Sinclair Sails for U. S. Wednesday
PARIS, Feb. 5.—Harry F. Sinclair has decided definitely to sail on the Berengaria from Cherbourg for New York on Wednesday, prepared to go before the senate committee investigating the Teapot Dome oil lease again if required, or to meet any other form of official inquiry.

Mason Day, European manager for the Sinclair interests, will remain here, going to Russia later on business.

TAX FREE ITEMS ARE INCLUDED IN INCOME RETURNS

Statement Issued By Collector of Internal Revenue Regarding Tax Free Items

(By The Associated Press)

JACKSONVILLE, Fla., Feb. 5.—Frequently taxpayers include in their income tax returns items that are specifically exempt from taxation. Among these are the following:

Proceeds of life insurance policies paid upon the death of the insured.

The value of property acquired by gift, bequest, devise or descent. The income from such property, however, is taxable.

Returns of premiums on life insurance, endowment, or annuity contracts. Amounts received through accident or health insurance, or under workmen's compensation acts for personal injuries or sickness, plus the amount of damages received, whether by suit or agreement, on account of such injuries or sickness.

Amounts received as compensation, family allotments and allowances under the provisions of the war risk insurance and the vocational rehabilitation acts.

Pensions from the United States for the services of the beneficiary or another in the military or naval service in time of war.

A bonus paid by a state to its residents who served in the military or naval services during the war with Germany.

Allowances, whether paid by the government or a person to one who performed no duties, as, for example, to a widow in recognition of the services rendered by her husband, are considered gratuities, or gifts, and are not taxable. The rental value of a dwelling and appurtenances thereof furnished a minister of the gospel as part of his compensation is exempt from taxation.

Dividends or interest, not in excess of \$20 received by individuals during the years 1922 to 1926, inclusive, from domestic building and loan associations, operated exclusively for the purpose of making loans to its members, are exempt from tax.

Salaries paid by a state to its officers and employees.

Tax free incomes need not be included in gross income, nor need it be mentioned in an income tax return.

Taxpayers who prepare and file their income tax return for the year 1923 early have a decided advantage over procrastinators. A little time and thought now in the preparation of a return is excellent insurance against errors, which result to the detriment of taxpayer and government alike. The filing period ends at midnight, Mar. 15, 1924.

Film Stars Sensation At Yale Junior Prom

NEW HAVEN, Conn., Feb. 5.—Excitement was rife Monday when the names of Gloria Swanson and Madge Kennedy appeared opposite the names of John Dodge Hough of Chicago and Walter Jewett Currie of Greenwell, Conn., in the lists of hosts and guests for the annual junior prom tonight.

The list was published by the Yale Daily News.

Hough and Currie declared that they knew nothing about it and were in fact to attend the prom as "stags."

While rumors spread that the two students had been called before the faculty, the official prom program appeared with blanks opposite their names.

The Former President's Physician

Dr. Cary T. Grayson, the former president's personal physician, talks with newspapermen on his way to the Wilson home.

Okeechobee May Become Famous Commerce Path

Engineers Planning To Cut Route Through Lake Between East and Gulf Coast

(By The Associated Press)

WASHINGTON, Feb. 5.—Lake Okeechobee, Fla., which has cost the state several millions of dollars in its efforts to reclaim the swamp area surrounding it, may become famous not many years hence as a short cut for small boats from the Atlantic Ocean to the Gulf of Mexico.

Commerce now flows up and down the canals which lead from this great inland body of water to the sea on both sides, and villages have sprung up around the lake as a direct result of this commerce. The canals, intended and constructed originally to drain the lake and reclaim the waste areas between it and the coasts, have become so potentially important that the state of Florida has asked the United States Coast and Geodetic Survey to chart the canals as well as the lake as an aid to navigation.

The state of Florida was wise in its choice of the Coast and Geodetic Survey, for that branch of the government makes a business of keeping in advance of the progress of commerce, and as a result two parties of trained engineers in small vessels are now at work on the first stages of what is to be an important piece of work in opening this inland portion of Florida to the sea.

The engineers are now "fixing" points in the lake in relation to the coast line—their first step in making a map of the whole area which will dovetail with maps al-

ready made of the Florida coast line. When this job of establishing control points is completed, engineers will go about making accurate charts of the canals leading to the lake and of the lake itself. Depth of the water at all points will be shown, channels will be indicated with their breadth and direction of all currents. In addition, the usual aids to navigation, such as lights and bell buoys will be shown on the first chart ever made of this area.

Engineers of the Coast and Geodetic Survey report that the state of Florida is co-operating in every way with the work now being done.

One cause of trouble is fall is so pleasant you have to cuss other things besides the weather.

WILSON REMAINS

(Continued from page 1)

the busy sound of the building work above and around.

"The Man of Peace."

A low doorway opens into the corridor that leads down into the chapel, its arched top below the level of the eyes as one turns to the steps that lead down to it. And above that door, through which Woodrow Wilson will be carried tenderly next Wednesday to sleep in the place of beauty and quiet, runs this legend, carved deep in the graying stonework:

"The Man of Peace."

His surroundings will not be strange to the war president as he sleeps beneath the chapel floor. He stood in this place many times in life, although of different faith, to pay honor to great occasions. It was there he went in 1918, less than a week after the Armistice that ended hostilities of the great war was signed, going as president to attend a victory service of thanksgiving. And now he will come again in the democracy of death to sleep a while among these fellow Christians of another faith who so gladly make him welcome.

OVIEDO

Mrs. H. B. McCall is visiting relatives at Lakeland this week.

Miss Katherine Lawton entertained a few friends at a mah jong party Tuesday evening.

The civic department of the Woman's Club is working up a most amusing play for Friday, Feb. 8. The title of the play is "Twelve Old Maids," and some of the parts are taken by the "real article." "Selma Fling, who loves to sing," represented by Mrs. C. L. West and "Eliza Toots, who clocuts," by Miss Janet Macfarlan are two characters whose performance alone would be more than worth the price of the tickets. Then there's "Orann, the Wooden Man," played by F. W. Swope to such perfection that the onlookers wonder if he will ever move again without being wound with a key.

Then there are others equally as good but too numerous to mention. On the whole the play will be unusually good and very enjoyable to both old and young.

Mrs. R. W. Lawton entertained the rook club Thursday afternoon.

Mrs. Joe Lienhart of Lake Charn died Monday evening Jan. 28, at the Florida Sanitarium, where she had been ill for several weeks. The funeral was held in the Catholic cemetery in Orlando Wednesday morning.

Miss Mabel Swope of Stetson University is spending several days at home this week.

Mrs. Alice Raleigh on Feb. 1, assumed control of the Oviedo Hotel, Mr. and Mrs. Andrew Aulin

having moved to their new home on Graham Avenue.

Dr. and Mrs. Hopkins left Friday for their home in Nashville, Ariz.

Mr. and Mrs. S. W. Swope, F. W. Swope and Miss Mabel Swope spent Friday afternoon in Orlando.

Mr. and Mrs. Jack Sheahan of Iowa, left Thursday after a 10 day's visit to Mr. Sheahan's sister, Mrs. A. D. Sauer and family.

L. E. Jordan is building on one of his lots on Park Avenue and Sanford road.

Mr. Kitcher of Oskaloosa, Iowa, spent several days in Oviedo this week looking over farms and groves.

E. A. Farnell has closed out the Oviedo Mercantile Company and is giving his entire time to his grove work.

Several of the Oviedo boys enjoyed the banquet given by the DeMolay in Sanford Wednesday evening.

Miss Mabel Swope spent Thursday in Sanford.

A number of the Oviedo Epworth League attended the union meeting in Orlando Friday evening.

The slight increase in the prices of fruit has set the pickers and packers to work again this week.

S. B. Wainwright and little son, Benny, spent Tuesday and Tuesday night in Orlando where the latter was under the care of Dr. C. D. Christ for the removal of his tonsils and adenoids.

W. T. Dodd has purchased a

new Ford touring car from Ward Higgins of Seaford. C. A. Brannon left for Waldo to be gone weeks.

Make Your Dollars Stretch

The purchasing power of a dollar bill has shrunk considerably in the last ten years. There has never been a time when discriminate buying paid bigger dividends.

Every day this newspaper contains information that you should have to increase your buying power. The advertisements are intimate little lessons in every-day economy. They teach you how, when and for what your dollar will go farthest.

To those who know how to use it, newspaper advertising is a watchdog of dollars—a continuous source of economy and satisfaction.

Merchants tell of their bargains through the advertisements. Almost every new opportunity is offered through an advertisement. Practically every unusual buy is advertised.

You can stretch your dollar to its elastic limit by keeping abreast of the opportunities to get full value.

There's Just One Way to Do This
Read the Advertisements

THAT PRESSING NEED

Did you ever notice that often you need a certain thing or a certain person at a certain time?

The need is urgent, pressing and must be met at once if you would accomplish the end you have in view.

Whenever you find yourself up against such a situation, do not fret and scold and complain—for there are ways provided to meet just such emergencies—they are **HERALD WANT ADS.**

The next time you need extra help quick; you must have expert assistance at once—or you must immediately sell something you have.

Try the service of **HERALD WANT ADS** and be convinced.

To reach all the people effectively—leave your **Want Ad** at **The Herald Office**. Phone us to send for it or phone it to the **Want Ad Department**.

PHONE 148

... A TALK ON RENTALS ...

We are prepared to rent your property, take care of repairs, pay your taxes, in fact to relieve the owner of all responsibility, making prompt returns. An inquiry at any Bank in Sanford will show OUR responsibility. This service will be at a very small cost to owner.

H. B. LEWIS & CO.

107 PARK AVENUE

REAR FIRST NAT'L BANK

Published every afternoon except Sunday by The Herald Printing Co., Sanford, Florida.

TUESDAY, FEBRUARY 5, 1924

BIBLE THOUGHT FOR TODAY THE LORD is the portion of mine inheritance and of my cup; thou maintainest my lot.

A STRANGE TRUTH. Life is worth while to every man who daily does the best he can; when the best he can is done he feels that he has just begun; for as he presses toward the goal his vision grows, so does his soul.

Why does Sanford. McAdoo doesn't clear himself of oil soon, he will be slipping in his chances for president.

Walter Camp and Secretary Mellon should get together and write a book on how to reduce.

The young man who opens a savings account at a bank takes a safe and sure step towards real prosperity.

A graft scandal now being investigated in Paris is said to overtop Teapot Dome. It may be in some connection with Eiffel Tower.

The little girl down the street starts to "cave man" her, a shoe falls and he says good night instead.

Wassell Cornwell made millions from his lectures on "Acres of Diamonds" and the best part about it is he spent these millions in helping others.

A great work is being done by the University of Florida at Gainesville. It's a great pity more Floridians do not show more interest in their university.

Real estate in a growing town is one of the best possible investments and this is the reason why so many people are beginning to invest in Sanford property.

Republicans are planning a convention in Palatka some time next April. We have not been informed as to whether aforesaid convention is for the lily whites or blacks and tans.

Senator Capper, Republican, says that Doheny should resign. From all accounts it looks as if Mr. Coolidge will yet have the privilege of selecting his own cabinet for the remainder of his term.

The Republicans are trying to smirch the Democrats with some of their oil. This only goes to show that the G. O. P. is beginning to fear they are about to take a terrific slide.

Candidates for governor should tell the people where they stand on the problem of good roads. The administration of the state highways during the Hardee regime has been displeasing to almost everyone, regardless of who is to blame.

To date we have heard nothing from Palm Beach with reference to whether or not the sheriff and prosecuting attorney have closed any of the alleged gambling resorts there. Perhaps they are waiting for somebody to swear out a warrant.

Florida has more than two hundred state banks with resources amounting to one hundred twenty-seven million dollars and fifty-three national banks with resources in excess of one hundred million dollars. This makes a per capita of two hundred twenty-seven dollars. Florida grows!

Taking the South to New York.

New Yorkers are eagerly looking forward to the Madison Square Garden exhibit to be staged this month in the metropolis, when the South will have one of its greatest opportunities to present her merits before the world.

Every section of Florida will be represented and Sanford and Seminole county will not stop at merely conducting an exhibit, but will interest homeseekers and investors in buying city and country property at the exhibit.

That New Yorkers are evincing considerable interest in the forthcoming exhibit is shown by a recent editorial in the New York Commercial which says:

"Since it has not proven convenient for all citizens of the Metropolis to journey through the sunny South, even in these days of excellent train and steamer service, and good roads over which to spin in our limousines, it is proposed to bring samples of all its products, except climate, to New York.

"It was a happy idea of those enterprising Southerners connected with various chambers of commerce that prompted them to start a movement to hold an all-southern products exposition in the Grand Central Palace next winter. The plan is to have all the Southern states join in a comprehensive exhibit of all products of the South, available at that season of the year.

"One special feature of the exposition is of an appealing nature. A banquet is to be provided at which the food served is to be grown in the South. The tables and chairs will be manufactured in the South of Southern woods, the linen woven on Southern looms, and the fruits, vegetables, and even the toothpicks 'made in America' will come from the South.

An opportunity will be presented at this great exhibit to place Sanford and Seminole county before the country in a big way. Every citizen should do his share. Every man, woman and child should do his bit in helping the Chamber of Commerce put on a creditable exhibit.

The Deer-Killing Preacher.

Nobody wants to make a blanket charge against all hunters, but our Dumb Animals says that when a man sets himself up as the preacher of the Christian Gospel, especially demanding in its name the most rigid conformity to orthodox claims, and poses as a devout disciple of Him who marked even a sparrow's fall—when such a man between his fervid, acrobatic, perspiring, wildly-sensational attempt to persuade men to repent of their sins, takes a gun and with his 'sweet gospel singer' and other assistants goes out to kill a defenseless deer, we judge him a fit subject for condemnation.

Shall we be ashamed because our ancestors were trading colonists; because they bought and sold and exchanged the products of the new world for the riches of the old? Nay, rather let us have a care that they have no cause to be ashamed of us. Let us see to it that amid the broadening of our enterprises and the increase of our wealth we do not lose those principles of uprightness and strict justness and old-fashioned honor which made the merchants of New York and New England respected and renowned.

MY FAVORITE STORIES

By IRVIN S. COBB

The other day somebody directed my attention to the old story of the fisherman who had been called for jury service in the trial of a person of a sly and a bad reputation. The charge was murder in the first degree.

"Mr. Ryan," asked one of the lawyers, "have you any conscientious scruples against the infliction of the death penalty?"

"Not in this case," he answered with great emphasis. To which he was reminded of two other courthouse incidents, both of them of actual occurrence and one of them an occurrence with in my own personal observation.

"Juror, look upon the prisoner. Juror, look upon the juror. What say you?" The defendant, prompted by his lawyer, is supposed to reply: "Swear him," or "I object," according to whether the candidate for jury service, is, or is not, acceptable to the side of the defense.

In a murder case, in Colleton county, a member of the panel was an unshrewd countryman, who never before had been called upon to serve the state in this capacity and who was unfamiliar with the routine.

When his name was called he stepped briskly forward and at the words of the clerk: "What say you?" he turned to his honor on the bench and said: "Judge, I think by gum, he's guilty!"

The incident of which I have personal recollection came to pass in the first trial of Harry Thaw for the murder of Stanford White.

As Brisbane Sees It

"I am Ready." Reputations Die. Mr. Doheny As Samsen, Wise Old Standard Oil. Copyright, 1923

AS THIS IS WRITTEN, late on Saturday afternoon, there is, unfortunately, no better news of Woodrow Wilson's condition. The doctors say that death is slowly conquering in the fight.

Unable to eat, conscious but too weak to speak, Mr. Wilson lay waiting for the last call in his active life.

His last words, reported by the doctors, are "I am ready." Liked by the man who can say that with full confidence. Undoubtedly Woodrow Wilson feels that he is ready. He did his best with the great power put in his hand and is ready to go.

Every human being in this country will sympathize deeply with his wife and his children. Woodrow Wilson was stricken with an illness which he fought courageously, while engaged in the public service and carrying on his shoulders the heaviest load that any man has borne since Lincoln died.

THE NATIONAL CAPITAL watches two tragedies—one in which a life that has influenced the whole world goes out, another in which not men but reputations die.

MR. FALL'S DOCTORS said he was too ill to appear before the Senate committee. The Senate sent other doctors who found that Mr. Fall was able to appear, and sure enough he did appear.

WHAT ABOUT the first batch of doctors who testified that Fall was not able to appear? Is that a part of medical ethics? Have doctors the right to deceive the Senate for a fee? Or is their work only guessing?

MR. DOHENY of the big oil company gave a good imitation of Samsen when he pulled down the columns of the temple. The Democrats announced the investigation as a sort of political purification.

CONSIDER old Standard Oil. Henry Ford said to this writer a couple of years ago "Standard Oil is the most vital managerial concern in the United States."

AS THINGS STAND, Democrats have ordered for wear during the 1924 campaign, a great many little teapots, to remind the public of the Teapot Dome scandal, which perhaps left the little teapots for what ever they will bring.

NOW CHANGE to Lingo: Over there they are just getting ready to take off the last cover, open the great sarcophagus, and peek in at the actual body of Old Tutankhamen himself.

HIGH FINANCE is often, first indignant, and then violently and pleasantly surprised. You remember high finance in the United States when the Federal Reserve Bank was suggested. Wise bankers rolled up their eyes, lifted up their hands, and said, "It will mean ruin."

OVER IN ENGLAND the Labor Party came in. That was bad enough. Financial eyes rolled upward, respectability almost fainted. Then came talk about the labor government actually recognizing the government of Russia.

BRITISH and American high finance in solemn unison said, "that would be the last straw."

NOW THE LABOR government of Great Britain does recognize the government fully, without any reservations. What happens? The pound sterling jumps up violently in value. Recognition of Russia means selling more British goods, employing more British labor, and that the old British pound more solidly on its feet.

Starting Out Like a Real Jumper

Let None Guilty Escape Punishment

SENATOR ARTHUR CAPPER

President Coolidge's statement that criminal prosecutions will be instituted in every instance where evidence disclosed in the government oil lease investigation indicates criminal guilt and that every public interest shall be amply safeguarded is most assuring.

THE President is right in his proposal that these measures shall rise above concerns of party expediency and that none guilty of breach of public trust shall escape.

With a determination that set aside all efforts to stifle the inquiry, with commendable and patient industry, a senate committee pieced out the story of the leasing to private interests of 3,000 acres of Wyoming and 37,000 acres of California oil lands, reserved stores of future oil supply for the American navy.

THE Wyoming tract, known as Teapot Dome, was leased to Sinclair. The California tract, Elk Hills, was leased to Doheny, to Mr. Fall of \$25,000—money Sinclair had loaned Zevoly.

ASIDE from the scandalous inferences of the affair, aside from grave suspicions of criminal turpitude to which it gives rise and the evidence of gross neglect of public duty it has disclosed, the investigation reveals that a quarter of a billion barrels of government oil has been turned over to private exploiters. The whole affair is a bold and frontal attack upon the policy of conservation of national resources.

TESTIFYING before the committee, the Secretary of the Navy said he signed papers in these leases of fished without knowledge of what they contained. They were "too technical," he said. Because of these technicalities the Secretary of the Navy couldn't understand how private interests came into possession of a vast store of oil.

IMMEDIATE steps should go on. If there is guilt, it should be punished unsparringly. None should be shielded. None should escape just penalties of either criminal acts of official negligence. The good name of the government is compromised if the investigation stops short of a thorough job of scavenging. It isn't an enviable job, but it's necessary. Government must set an example of inflexible justice. Otherwise we may expect more and not less of that disrespect for law and authority which all good citizens deplore.

TAX REDUCTION

ST. PETERSBURG INDEPENDENT.

St. Petersburg recently saw a movie picture called "The Covered Wagon," and within a few weeks the people here may see a real covered wagon that is to tour the country in a crusade for lower taxes.

An organization called the Lower Taxes and Less Legislation League has been formed in Ohio. It expects to start three prairie schooners out over the state, and then the nation, bearing such legends as these: "Let's go back to the days of our fathers—simplicity, honesty, economy in government" and "Get into the fight for lower taxes and less legislation."

The method of propagandizing may seem somewhat spectacular but the organization has a great issue—perhaps the greatest issue there is—the reaction against the costly and futile trend toward paternalism which has marked the course of events in this country during the last few years. It is a protest against the expansion of government, which has reached the point, it is said, where one citizen in every 12 is on the public pay-

DAN DOBB SAYS

Mongolian discovery is great known in paleontology. They found what that word means. All of these dinosaurs dug in Mongolia lived in a cave, pre-ling rents were high then.

Discoveries only date back a million years so first coal strike is not among them. If they bring these Mongolian fossils into America the thin may run for Congress.

Had King Tut dresses last year. Found dinosaurs now. Dinosaurs went naked. Look out! Seems as if scientists are a dig to dig up about everything except the pre-war prices.

Imagine an ancient little but carefully trudging homeward with an egg on his shoulder. When huge dinosaur eggs were probably a ham and an egg. Ancient picnics were bad. That of forgetting the salt for a bread egg six inches long.

Fossils a million years old had good teeth. Wonder what kind tooth paste they used. Dinosaurs walked on four feet hope their discovery doesn't start a dinosaur dance.

VINNIE ELOPES

Vincent Richards, internationally known tennis star, was married a few days ago at Greenwich, Conn. He is shown here with the happy young woman, formerly Claremont Gushee. They will honeymoon in Palm Beach.

DATE OF DINNER-DANCE CHANGED.

The dinner-dance to be given by the House Committee of the Woman's Club scheduled for Thursday evening has been changed un-til Friday, on account of the open-ing of the Mayfair sub-division on that date.
 All those having made reserva-tions are asked to note change of date.
 Reservations can be made by phoning Mrs. Howard Overlin (9082). Positively no reservations will be taken after Wednesday evening.
 The committee is planning for thirty tables, there will be good music, and favors appropriate for the various dances will be on sale. As this is Leap Year, special dan-ces will be featured. The ladies are asked to bring their pocket-books, so as to be able to buy fa-vors for their dances. This is an event that you don't want to miss. Remember the date, Friday eve-ning, Feb. 8th at 8 o'clock.

A FAREWELL PARTY.

Misses Esther and Margaret Luffgen of Chicago were delight-fully entertained at a farewell party given by their cousins, Misses Margaret and Ruby Martin on Friday evening at the home of Mrs. C. A. Anderson, Jr., 915 Elm Avenue.
 Games were played after which refreshments consisting of straw-berries with whipped cream and cake were served by the hostesses mother, Mrs. J. C. Hall, assisted by Mrs. J. H. Luffgen, Elizabeth Hoehan and Mrs. Anderson.
 Those invited to enjoy this af-fair were: Esther and Margaret Luffgen, honorees, Loice Martin, Helen Jenkins, Betty Brown, Geor-gin Calhoun, Pearl Robson, Mary Nixon, Mary Helen Morris, Vir-ginia Barber, Martha and Pauline Wallace, Harriett Rossiter, Trilxie Franklin, Florence Flowers and Pauline Echols.

ST. AGNES GUILD

Mrs. Julia Takach entertained the members of the St. Agnes Guild Monday afternoon at her home on Celery Avenue, this being the regular social meeting, though many matters of much im-portance were discussed.
 The treasurer read her report, and the reports from the Sub-scription bridge party were also given, forty-eight dollars being made. Plans were also made for card party to be given the Tues-day before Ash Wednesday.
 After the business had been transacted, a social hour was en-joyed, during which Mrs. Takach and Mrs. W. R. Leake delighted the members with a number of songs and duets.
 Refreshments of fruit salad, wafers, cakes and hot chocolate were served late in the afternoon. Members present Monday were Mrs. Joe Lee, Mrs. Archie Betts, Mrs. J. B. Coleman, Mrs. Paul Big-gers, Mrs. W. R. Leake, Mrs. Ray-mond Phillips, Mrs. Wilbur McKee, Mrs. Jarrott, Mrs. Benjamin Whit-ner, Jr., Miss Sarita Lake, Mrs. Wm. Helting, Mrs. Adams and Mrs. J. N. Robson.
 The next meeting of the Guild will be held Monday afternoon at the home of Mrs. George McRory on Palmetto Avenue.

PIPE ORGAN CLUB.

The Pipe Organ Club met Mon-day afternoon with Mrs. Gardiner in the Walaka apartments. Each member answered roll call with a gift for a charity shower. The rummage chairman gave a fine report as to the proceeds of the rummage sale Saturday. The members decided to give their an-nual May Pole dance, which is al-ways looked forward to with a great deal of interest. With the repetition of the Lord's prayer, the meeting adjourned. Mrs. Maines favored the members with a piano solo and Mrs. Barnes gave a number of readings in her usual charming manner. The hostess, assisted by Mrs. W. M. Scott and Mrs. Craig Harris served light re-freshments. The next meeting will be with Mrs. Dickinson with Mrs. Dickinson and Mrs. Farrell as hostesses.

WOMEN'S GUILD

Holy Cross Guild met Monday Feb. 4, with Mrs. Peck at their new home on Park Avenue, where Father and Mrs. Peck are com-fortably and pleasantly located.
 A very interesting meeting fol-lowed.
 Mrs. Whitner's idea of gift bas-kets being carried out, three gifts received as a start, these gifts, to be sold and go to buy pews and hassocks for the new church. The Guild have taken these for their aim in the wonderful work to be accomplished this coming year.
 Committee to select and decide upon these pews, Mrs. Chase, Mrs. Lake, Mrs. Martin and Mrs. Wight, to consult with Father Peck.

Entertainment Committee, mon-ey to go for pews, reported the following of interest to the pub-lic:
Thursday afternoon, for the ben-efit bridge, Mrs. Vaughn, Saturday afternoon, benefit bridge, Feb. 9, Mrs. Connelly and Gonzalez.
Monday afternoon, Feb. 11, Mrs. B. F. Whitner, progressive silver tea.
Mrs. Chase, Mrs. Loucks and Mrs. Turner at home of Mrs. Chase, some evening next week, benefit bridge.
Mrs. Hill has promised to sell tickets for a Special Picture, the Guild to get 10 per cent of all tickets sold.
Father Peck offered his home open to the people of the Episcopal Parish for a benefit Valentine party, Feb. 14. This to be a house warming also and give the Parish a chance to see how pleasantly lo-cated they were.
Announcement by Father Peck of yearly opera by Men's Club of Stetson University, Milane Thea-ter, Feb. 26.
 One of the most interesting fea- tures of the afternoon were the reports from the convocation held this year at Tampa. Delegates' reports made by Mesdames Vaughn and Wight.
Diocesan officers reports, made by Mrs. Barrett, chairman of Lit-tle Helpers, Mrs. Krupp, chairman of Church Periodicals, in Mrs. Key's place, and Mrs. Turner's re- port of Box Work. Mrs. Turner also explained to the Guild the growth and progress of the Church Service League.
Mrs. B. F. Whitner has been added to the list of officers as sec- retary. We should be proud to know that out of the eight or ten officers of the whole Southern Diocesan four of the officers are from Sanford.
MOTHERS' CLUB
 The Mothers' Club will be enter-tained Friday afternoon at 3:30 o'clock by Mrs. R. R. Deas and Mrs. Fred Daiger at the home of the former in Rose Court.
 All members are asked to be present.

University To Offer Splendid Course In Physical Education

BERKELEY, Cal., Feb. 5—Thirty-four courses in physical educa-tion will be offered at the next summer session of the University of California. There will be classes in boxing, wrestling, swim-ming, baseball, basketball, track, dancing and pageant organiza-tion.
 Students also will be offered courses in theory, dealing with the direction of school playgrounds, massage, corrective gymnastics, applied anatomy and in the or-ganization of activities for girls and boys in elementary and second-ary schools. In connection with the physical education program there will be a "demonstration school" for physical training, with a limited number of children from 6 to 16 years of age enrolled. These children will be divided into groups and given instruction in

LIBRARY CLOSED

The Library will be closed to-morrow afternoon between three and four o'clock, during the hour of the funeral services of the late President Wilson.

DINNER DANCE

Friday evening at 8 P. M. there will be a Dinner Dance at the Woman's Club under the auspices of the House Committee. Phone Mrs. Howard Overlin (9082) for res-ervations.

 Wednesday, February 6th and Closes Saturday, February 9th.

In The World Of Sports

TRACK MEET FOR GIRLS OF STATE SCHEDULED SOON

FLORIDA STATE COLLEGE FOR WOMEN, Feb. 5.—The third annual high school meet for girls to be held here Mar. 29, is expected by those in charge of the event to greatly surpass the meets of previous years, by reason of the fact that this year for the first time physical education is a requirement in the public schools of Florida. All entries must be in before Saturday, Mar. 15.

Entrance blanks have been sent to every high school in the state and a larger representation is looked for from all parts of Florida, although each school is limited to six contestants in the track and field events, and to one in the declamation contest.

The declamation contest will take place on Friday evening, Mar. 28, at 8 p. m., and will be followed at 9 a. m. the next day, by preliminaries in the other events.

There will be contests in the following athletic events:

Fifty-yard dash, 75-yard dash, javelin throw, 60-yard low hurdle (four 2-foot hurdles), basketball throw, baseball throw, putting 8-pound shot, standing broad jump, running broad jump, throwing discus, 220-yard relay race (four runners).

Points will be awarded, five, three, two, one, for all events. There will also be a volley ball game.

The prizes will consist of a loving cup to the winner of the meet, the cup to become the permanent possession of the school winning it three consecutive years.

Florida State College awards blue, red, gold and white ribbons to the winners of first, second, third and fourth places, respectively, in the scheduled events. The College Athletic Association loving cup will be given to the individual athlete winning the most points. In case of a tie the contestant winning the most first places will be given the prize.

Strict eligibility rules have been laid down governing entrance, both as to scholastic requirements and physical fitness. Only students who have maintained a passing average, as determined by the faculty of the school represented, in each of four unit subjects, and who passed four unit subjects during the last semester in attendance before the meet, will be accepted for competition; and then only when the application is accompanied by a physician's certificate.

Ray Greene Will Direct the Winter Park Aquatic Meet

WINTER PARK, Fla., Feb. 5.—(Special) — Announcement was made Friday evening by the governor, A. A. U. Commissioner, Ernest C. Shugrue, chairman of the Inter-scholastic Aquatic Meet that Ray Collins, former athletic director of Rollins College, had been secured to direct the State Intercollegiate Aquatic Meet which will be held at Rollins the fourth week in April. Mr. Greene, though busy with plans for preliminary Olympic tryouts for Florida and the southeast, was again found willing to assist in putting on this big aquatic event.

Starting with seven teams in 1920 and a few over 50 contestants, last year's meet numbered 31 and nearly 250 contestants and alternates. High School swimmers have lowered records each year and continue to train. Reports coming in from many sections of Florida indicate that teams are now preparing for the big event in April.

The announcement that Commissioner Greene is to direct this year's meet will be welcome news to the hundreds of contestants and friends from all over Florida who will attend the meet this year. Mr. Greene organized the first meet and has directed the four contests that have been held and his many friends will be happy to meet him on duty again when the meet is held in April.

Yanks Didn't Want Joe Jackson, Says Col. Jake Ruppert

NEW YORK, Feb. 5.—Col. Jake Ruppert, owner of the New York Yankees, emphatically denied Saturday that he, his manager, Miller Huggins, or any one concerned with the club, had made Joe Jackson, former Chicago outfielder, an offer after the 1919 series to give him a place if he could get away from the White Sox. Ruppert said he resented having the name of his club drawn into the resurrection of the old scandal at Milwaukee and he said that Jackson's war record was enough to keep the Yankees away from him even if nothing else could have been said about him.

GOVERNOR HARDEE INVITED EUSTIS, Feb. 5.—Governor Hardee has been invited to take part in the celebration here on Feb. 22, incident to the dedication of the Eustis public library, an event which is planned to eclipse any celebration of the sort yet staged in this section. An elaborate program has been arranged which will include the landing of King Leonidas and his bride, Queen Orange in an impressive manner. The royal couple will be accompanied by an extensive retinue and their arrival will be honored by a brilliant ball as the closing feature of the day after the fireworks display at night.

DUNDEE KEEPS TITLE

Featherweight Champ Johnny Dundee won the decision over Pal Moran of New Orleans after 15 rounds of fighting at Madison Square Garden, New York City. Photo taken during 14th round.

BIG MOMENTS OF SPORT

Willie Jackson, hero of hundreds of stirring battles and one of the greatest fighters the game ever knew, was dropped by "Doc" Bagley, who had made a fair sized fortune as his manager. Bagley thought Willie was all through and he sold his contract. His new manager matched Willie with Johnny Shugrue, of Waterbury, Conn., and they met at the 4th Regiment Armory in Jersey City. They were to go 12 rounds.

That Bagley was right when he said Willie was all through was plainly evident when Jackson came out of his corner for the first round. There was nothing left of the old Jackson but the wonderful fighting spirit. He fought that night on nerve alone, but when a fight he put up before being counted out for the first time in his life!

Shugrue, a vicious hitter with both hands, tore into Jackson and literally swept him off his feet by the fury of his assaults, but each time Willie came back from the rim of defeat to batter Johnny to the ropes. In the sixth and seventh rounds Jackson was down for varying counts, but just when it seemed that he was about to roll over for the fatal 10 he would regain his feet and continue the struggle. It was one of the most amazing exhibitions of gameness and bulldog courage in the history of the ring. Sick, bleeding and weak, Jackson fought on until the crowd cheered him to the echo and forgot that Shugrue was their favorite.

YOST WILL LOSE 5 GRID PLAYERS

ANN ARBOR, Mich., Feb. 5.—Five men who have been named on Walter Camp's first, second and third All-American teams will leave the University of Michigan at the completion of their student work this year. The men are Ernie Vick and Jack Blott, first team centers; Harry Klocke, first team halfback; August Goetz, second team tackle, and Irwin Uteritz, third team quarterback.

Vick and Uteritz are the first to go, receiving their degrees at the end of the present semester. These men are the only students on the campus "owned" by major league baseball clubs. Vick is the property of the St. Louis Nationals, and has received orders to report to the Cardinals' spring training camp at Bradenton, Fla. Uteritz is owned by the Boston Americans and is expected to play with an eastern club during the coming season.

Klocke and Blott expect to graduate in June. Goetz, who was named an "All-American" in 1920, will complete his internship at the University hospital this year. Klocke is the only one of the five participating in sport at present, although both he and Blott expect to play baseball with the U. of M. line in the Conference race this year.

Scientists found 70 fossil skulls well preserved, showing all fossils are hard-headed.

BASEBALL WILL NOT BE CHANGED

CHICAGO, Feb. 5.—There will be no change in the kind of baseballs used in the major leagues this season.

President Johnson of the American League, in making this announcement today said the reason for the erratic behavior of the balls early last season, which resulted in an epidemic of home runs, was that their newness made them unusually lively. When the umpires were instructed to keep the spheres in play until they actually showed wear and tear, he said, the game slowed down.

"We will make no change in the ball this year," President Johnson said. "There is no need of experiments along this line. It was the new balls constantly in play which caused the injury early last season. After the batters hit the ball a few times they will slow it up just enough to make it normal. Although I think the fans want to see the ball go over the fence at times, the men who are adept at making home runs will have to earn them."

President Johnson intends to leave for Boston Sunday for the spring schedule meeting of the league to be held next Tuesday. Only issues preliminary to the opening of the season will be up for consideration. President Johnson said. The 1924 schedule, which already has been drafted, is expected to be adopted.

American Aviator Is Surveying Site Of An Ancient Chinese City

PEKING, Feb. 5.—Following the example of investigators who recently added to their knowledge of Stonehenge by viewing the site from the air, Carl Bishop, of the Smithsonian Institution, has made an aerial survey of the remains of an ancient city located near the present town of I-Chow, 60 miles southwest of Peking.

The place, according to Bishop, was the site of a city of considerable importance antedating authentic history, which later became known as Yen, capital of the kingdom of that name, and which was burned by Chin Shihwang in 222 B. C.

Insane Man Fought Police Twelve Hours

(By The Associated Press) CLEVELAND, Feb. 4.—After holding squads of police at bay for 12 hours from upstairs in a rooming house, Frank Mule retreated this morning to his last stand in a cluttered closet. He wounded one of attacking party with his last shot and fell with a bullet in his brain. He was taken to the hospital and was reported dying. Mule is believed to have been taken suddenly insane as he slashed his wrists in attempt at suicide while the police were breaking in the door.

WOMAN'S COLLEGE TO ENTER ANNUAL THIS TRACK MEET

FLORIDA STATE COLLEGE FOR WOMEN, Feb. 5.—Florida State College has again this year entered the annual telegraphic track and field meet for colleges, under the direction of the National Women's Collegiate and Scholastic Track Athletic Association, which will be held this year during the period of May 3-17 inclusive. Each school entering this competition, shall according to rules regulating the meet, hold an inter-class meet on the home grounds on any one day during the period designed. Immediately following the meet a telegram will be sent to the director, Howard G. Cleveland at Long Beach, Calif., giving the name and record of first place winner in each event. On the same day will follow a letter giving the complete record of the meet, with order of finish and name, age, weight, height and class in school of each contestant in each event.

After checking the reports sent in by mail, the committee of judges, will release the one and final official report by wire on Saturday, Mar. 24.

Florida State entered this meet the first time in 1922 and won first place. Up to that time, it is said, the competition was confined largely to western colleges. Now, however, it is stated, numbers of eastern and southern women's institutions have participated.

Events for competition follow: Fifty-yard dash, 100 yard dash, 60 yard hurdles (4 hurdles, each 2 1/2 ft.); 100 yard hurdles (4 hurdles, each 2 ft.); 220-yard relay, 4 runners; 440-yard relay, 4 runners; baseball throw for distance; running broad jump; running high jump; running hop, step and jump; eight pound shot put; youth's discus throw; javelin throw; basketball throw—distance.

A. A. U. track and field rules will govern all events covered by them.

SUCCESSFUL MEETING

DEFUNIAK SPRINGS, Feb. 5.—J. W. Mathison, county agent, has been holding successful meetings recently to study fruit growing and improved methods of corn production. Large crowds attended the meetings which, he says, accomplished much good.

HARVARD ALUMNI TO PAY TRIBUTE TO DR. C. W. ELIOT

BOSTON, Feb. 5.—A public tribute will be paid to Dr. Charles W. Eliot, president emeritus of Harvard University, at Cambridge, Mass., on Mar. 30, the occasion of his 90th birthday anniversary. Announcement of the event has been made by J. W. Seymour, secretary of the Harvard Alumni Association. It will be attended not only by representatives of the 45,000 Harvard alumni, but also by leading citizens from all parts of the country who have expressed a desire to honor Dr. Eliot in recognition of his services as "a citizen."

A citizen's committee, now in process of organization and which will include many men of national prominence, will be announced later. Dr. Eliot, who was born in Boston in 1834, was president of Harvard 40 years, from 1869 to 1909. His election as head of the university was considered remarkable because of his youth—he was only 35 at the time—and because he was a layman and a scientist. During his administration he led in the development of graduate schools and the elective system in undergraduate work. Under his direction the medical and law schools of Harvard University largely grew to their present importance and influence.

The raising of the entrance requirements of universities, which has led to a corresponding raising of the standards of graduate schools, and the introduction of choice of entrance requirements have had a nation-wide influence under Dr. Eliot's leadership. As chairman of a committee of 10 of the National Educational Association in 1890, he exerted a strong influence on secondary education throughout the country.

Dr. Eliot has received many honors from European governments. He belongs to a number of educational and scientific societies in this country and Europe. Besides his bachelor and master of arts degrees from Harvard, that university was also conferred upon him the degree of doctor of medicine and doctor of letters. He also has received degrees from several other American universities and the degree of doctor of philosophy from Breslau University.

Blind Man Nearly Wins In Race For Doorkeeper Office

JACKSON, Miss., Feb. 5.—The Mississippi House of Representatives, in organizing for the legislative session now in progress, almost scored the height of something or other by coming within a hair's breadth of electing a blind man as one of its two doorkeepers.

Doorkeepers in a modern legislative assembly are about as useful as a parachute to a jaybird, but every assembly must have them, and in Mississippi it is the custom to bestow the sinecures upon confederate veterans. There were seven candidates for the two jobs when Representative John Collins, of Jones county, placed in nomination the name of a Mr. Cox.

"He is blind," explained Mr. Collins, "but the duties of a doorkeeper are such that a blind man could perform them easily." Representative Jesse Austin Adams, of Montgomery county, himself blind, eagerly seconded the nomination. "The things that are easy for you who can see," Mr. Adams declared, "are difficult for those who are blind. But the blind ask no odds of anyone."

There was only one direct protest against electing a sightless man to guard the portals of the House. It was from Representative John K. Stennis, of Kemper county.

"The gentlemen are right in declaring that a blind man could discharge the duties of a doorkeeper in the House of Representatives," said he. "In fact, a deaf man could do it. I move the office of doorkeeper be abolished."

There was no second to Mr. Stennis' motion and balloting began. Cox, the sightless man, polled the highest vote on the first ballot and remained in the lead until

the seven candidates had been weeded down to three. On the final ballot he was eliminated.

EXTENSIVE PAVING PROGRAM

MIAMI, Feb. 5.—The city commission has authorized construction of new streets and paving, principally in Riverside, to cost according to estimates \$400,000. The work will be divided into two projects on which bids will be opened at an early date. One contract represents a cost of \$208,052.43, and the other \$189,609.70. Ernest Cotton, director of public service, showed in figures submitted to the commissioners.

ORDINANCE NO. 72

AN ORDINANCE MODIFYING IN PART THE RATES NOW CHARGED BY THE SOUTHERN UTILITIES COMPANY FOR ELECTRICITY FOR LIGHTING PURPOSES.

Be It Enacted By the People of the City of Sanford, Florida:

Section 1. That from and after the passage of this ordinance, The Southern Utilities Company, a public utilities corporation, now furnishing electricity to the City of Sanford, Florida, and its inhabitants for lighting and other purposes, shall furnish electricity to the City of Sanford, Florida, and its inhabitants for lighting purposes at the rate of Thirteen Cents (13c) per K. W. hour for the first 300 K. W. hours, Twelve and one-half Cents (12 1/2c) per K. W. hour for the next 300 K. W. hours, Twelve Cents (12c) per K. W. hour for the next 300 K. W. hours, and Eleven Cents (11c) per K. W. hour for the next 300 K. W. hours, with a minimum reading monthly meter charge of One & 50/100 (1.50) Dollars. Otherwise the rates to be charged by The Southern Utilities Company for electricity furnished the City of Sanford, Florida, and its inhabitants for lighting, power and other purposes, shall, until modified by ordinance, be and remain the same as prescribed and set forth in that certain contract made and entered into on the 15th day of July, A. D. 1920, by and between the City of Sanford, and The Southern Utilities Company.

Section 2. This ordinance shall be and become effective immediately from and after its final passage and adoption.

Adopted this 28th day of January, A. D. 1924.

FORREST LAKE, S. O. CHASE, C. J. MARSHALL, As the City Commission of the City of Sanford, Florida.

Attest: L. R. PHILIPS, City Clerk.

CHILDREN'S COUGHS

Children's Coughs are delicate and sensitive. In play, at school or work they are exposed to chilling drafts, their little bodies are overheated from exercise, they cool off too quick and cold sets in. The minute your child commences to cough get a bottle of Leonard's Cough Syrup (Crossed). It is good for children's delicate throats, protects the lungs, raises the phlegm, and gives quick relief. A harmless, safe, pleasant remedy for coughs, colds, grippe, croup, whooping cough and bronchitis—that is healing and soothing. Fine for adults too! Sold at your druggist.

REAL ESTATE WANTED

WANTED—To get in touch with the owner that has from 200 to 1,000 acres of unimproved land for sale. Write full particulars. Griffith-Millican Co. 403 1st National Bank Bldg. 6t

In the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County.

City of Sanford, Florida, a municipal corporation, by and through Forrest Lake, S. O. Chase and C. J. Marshall, comprising the City Commission of the City of Sanford, Florida, vs. The Citizens and Taxpayers of the City of Sanford, Florida.

Whereas, a petition has been filed in the above entitled cause by the City of Sanford, Florida, by and through Forrest Lake, S. O. Chase and C. J. Marshall, comprising the City Commission of the City of Sanford, Florida, setting forth the fact that an election was held throughout the City of Sanford, Florida, on the 11th day of January, A. D. 1924, to determine whether that certain ordinance numbered 67, entitled "An Ordinance Providing for the Acquisition and Establishment of a Water Works Plant or Plants," should be maintained and operated as a Public Utility, and whether the same should be ratified, approved and confirmed by the City of Sanford, Florida, in the sum of Three Hundred and Seventy-five Thousand Dollars, and the proceeds to be derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 68, entitled "An Ordinance Providing for the Acquisition and Establishment of an Electric Light and Power Plant or Plants by the City of Sanford, Florida, to be Maintained and Operated as a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 69, entitled "An Ordinance Providing for the Acquisition and Establishment of a Gas Plant or Plants by the City of Sanford, Florida, to be Maintained and Operated as a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 70, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 71, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 72, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 73, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 74, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 75, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 76, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 77, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 78, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 79, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 80, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 81, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 82, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and Construct a Water Works Plant or Plants," and that certain ordinance numbered 83, entitled "An Ordinance Providing for the Acquisition and Establishment of a Public Utility, and Proceeds to be Derived from the Sale thereof be used to Acquire, Establish, Purchase and
