Sanford Naval Academy drill team and the Seminole High School will entertain the kiddies of Pinecrest Kiddie Korner kindergarten at a Christmas party on Dec. 15 at 2 p.m. at the Sanford Civic Center.

The seventh and eighth grade combined choir clubs of all South Schools will present a Christmas program of music at the Winter Park Mall this evening beginning at 7.

Note to transplanted Yankers who complain about lack of seasonal change in Florida: The autumn leaves have been exceptionally colorful this year here... as pretty as you'll find anywhere.

Our citizens who use Elm Avenue as a traffic artery by which to get 'down town' say they do not know who is responsible for repairing the railroad crossing at Fourth Street, but ask that before too many auto frames are bent, will the city's Mr. Knowles or the railroad's Mr. Rice (boy) they go right to the head men, eh?

As we go to press one of the Sanford city commission jobs is up for grabs between Jimmy Crapps and Gordon Meyer. Just whichever one gets it, the clock hopes he will remember that progressive Sanford has been moving ahead in recent years.

Have you noticed how attractive the triangular lot north of Chase and Company's office looks? And contrast that with the 'pile' that used to occupy the space. This is real progressive thinking — and it helps our city's efforts to be more beautiful.

Speaking of dressing rooms and restroom facilities at the Civic Center — well, SOMEBODY mentioned it! — do you remember at an early symphony concert the long queues? Orchestra artists and members of the audience contended for places in them as they leaned forward toward the only two facilities available?

United Fund is still receiving contributions to help their battle the agencies who are members. And by the way, just in case you've overlooked it, these contributions are tax deductible — something to think about as you come to the close of your fiscal year.

# Voters Turn Out In Four City Elections

## 80% Ballot In Altamonte

Biggest turnout in the four municipal elections being held in Seminole County today is expected in the City of Altamonte Springs. City Clerk Dorothy Barden today predicted an 80 per cent turnout of voters or better in the hotly contested races for two seats on the City Council.

# County OKs Orange Detention Use

## Compromise Is Reached

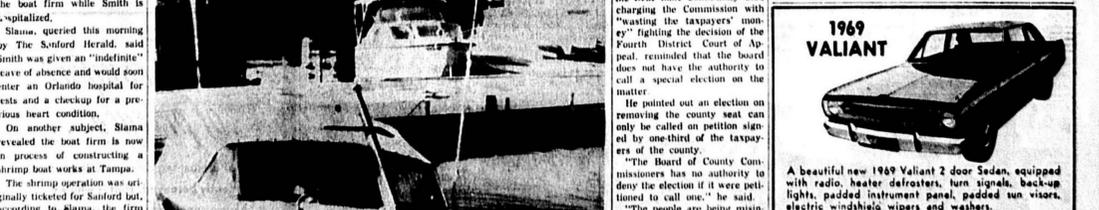

Some \$3,000 was budgeted by the County Commission today to cover costs of detaining juvenile offenders in the Orange County detention facility at the request of Juvenile Judge Wallace Hall. Hall's plan to use the neighboring county's facility until a similar one is available in Seminole was unanimously approved by the Commission. At the same time, the county governing body gave its official "thumbs down" to the suggestion of a citizens' group headed by Baptist minister Rev. Jack Lindsay that the county approve a proposed privately financed and operated detention structure. Commission Chairman John Alexander had indicated to the Lindsay group yesterday that this would be his board's judgment.

# City Hall Site Is Given N. Orlando

By JUDY WEISS North Orlando will receive a property site from General Acceptance Commercial Corporation for its proposed municipal building. The city council has approved the plan, which calls for a 100,000-sq-ft building on a 10-acre site. The building will house the city's administrative offices and will be a landmark in the city's new downtown area. The site is located on the corner of 10th Street and 10th Avenue North. The building is expected to be completed in 1970.

# 'Romance Of Words' Offered

'The Romance of Words,' a stimulating, humorous and highly thought-provoking adventure into the world of words, is being offered on Wednesday at 8 p.m. in the City of Casselberry. City Clerk Mary Hawthorne predicts a 90 per cent turnout of the city's 1,125 registered voters to name three new councilmen at the polls at the Women's Club. None of the three incumbents, Dr. Eugene Ellis, Donald Wilton and Charles Woodruff, are seeking reelection.

# County Seat Question Explained

Taxpayers of Seminole County are not being denied their right to vote on the issue of the location of a county seat. County Commission Chairman John Alexander declared today that the county's former formal agreement is executed.

Thrift: More Services For Fewer Tax Dollars?

This is that time of year when thrifty house holders are looking over their own budgets and thrifty-minded citizens are eyeing proposed govern- mental expenditures for 1967 with the usual care.

management and administration, when first viewing bureaucracy in action is a sharp shock! Thus it is with considerable interest the various indications that the Democratic controlled legisla- ture but the Republican group are seeking to improve value received for tax dollars spent can be observed.

The August stable of untidiness which the legisla- ture is being ordered to clean-up by the revisions of the state constitution approved by the voters on Nov. 8th contains about 300 agencies which do, inevitably and unescapably, overlap and bloat governmental costs.

These must be reduced to 25. Such a task involves a complex of political action as well as the highest grade of judgment. Gov. Claude A. Kirk is, of course, well aware of this. He is also aware of the difficulty inherent in any change of key personnel for party leadership exists with several experienced, capable and ambitious personalities eyeing 1970 with heads yearning to wear the tall hat of gubernatorial office.

Election Day

Well: Have you voted? If so, congratulations! If not (and you can) — Get along with it!

Yes, we know that there have been a lot of election days. Sure, it does take time! Indeed, for the privilege of voting, men and women have given more than time! Much more!

But there is no need to remind our readers in Seminole County of the basic facts which make citizen participation the unique privilege of our political system.

Yet, the percentage of eligible citizens who fail to register and the usual large number of those who have registered and then cast no ballot is an American shame.

Today, here in our county municipalities there is every logical reason for every voter to be up and on his way. For those who are not into office this day will be those who will be involved in local government during a critical period in our county and in our city.

If 1968 is the year of crucial voter decision on the highest level, 1968 bids fair to be the year which will pass judgment on the quality of the judgment.

No one would deny that the policy decisions made in Washington and Tallahassee will be dominant in the major re-adjustments to be expected.

Yet, nearer at home and much more easily discernible, will be the judgment which will be based on the wisdom and good sense used by Seminole citizens voting today.

Interpretive Report

Nixon-Kissinger And Security

By RICHARD WILSON WASHINGTON, D. C. Saigon's delicate tactics suggest very strongly that Thieu-Ky government is gambling on a better deal in the Nixon administration than at the end of the Johnson administration.

Others believe Nixon would have moved faster. The Thieu-Ky government has gained nothing but time, and it can gain time indefinitely by stubbornness over what are called the "immunities" of the Paris peace probe.

Helen Fuller Says:

Small Airports Needed Now

WASHINGTON — If you are one of the millions who have been delayed or stranded on an out-of-control airplane, you will know that something has gone wrong.

United States to become clear about the nature of our strategic interest in the world. In the same context, Professor Kissinger concludes that we will eventually be expelled from Asia, the Middle East, and perhaps even from Europe, if we do not adopt a more dynamic conception of world affairs and create an initiative of our own to which the Soviet Union will have to respond, instead of the other way around.

Henry Kissinger's broad approach to these subjects — until now at least, has not been quite so close to the center of power as in his conversations with President-elect Nixon, although Kissinger has been from time to time a high level governmental adviser.

Perhaps it is something of this kind which underlies the Saigon delaying tactics, some conclusion that Nixon is essentially "harder" than Johnson. At best, this is a risky proposition for Saigon, if only because Nixon's election was undoubtedly due in significant part to his support of the American position in Vietnam.

The Federal Aviation Agency understands that we have no more planes for the low airports. But it is not politically palatable for Washington to authorize for Tallahassee by private airplane, owned and operated by business corporations, a number of flights per day. It is tough on local airports. And it is tough on airline customers who want to fly to some-

Campus Violence Increase

By BRUCE HENRAT NEA Washington Correspondent WASHINGTON (NEA) — It will surprise no one that racial disorders in American schools are on a sharp increase. Disconcertingly, reports studying violence say the rise may prove to be a long-range phenomenon.

The Lemberg Center for the Study of Violence, Inc. at Brandeis University in Massachusetts, reports that in the whole of 1967 some 17 per cent of all disorders recorded involved schools at various levels. In the first four months of the year, 20 of these disorders were not connected with the King affair, but a whopping 71 instances occurred between the night of April 4 and April 6, the day of King's funeral.

Authority at the Lemberg Center, while making plans for the extraordinary consequences of the assassination, nevertheless stress the fact that disorders unrelated to it happened in that month. In April of the previous year there were only seven in the Southwest and Midwest.

Praise For Elderly Housing

By GEORGE W. CRANE PH. D. M. D. CASE REPORT: Rev. John R. Ginn is a Presbyterian clergyman in Columbus, Ohio. At our recent luncheon, he surprised me with his appreciation of a housing project for elderly folks.

"Dr. Crane," he began, "many church denominations have erected hostels for their retired members. But in many cases, only the fairly wealthy can afford them. So we have tried to meet the need of men and women of very modest income. And this is psychologically well to have people living in close quarters, close to health of the elderly!"

One of the complaints voiced about the recent Presidential campaign was that while the three candidates were sufficiently glib, they failed to improve with simple security, in making the important things which would affect the maintenance of freedom in the American people. The movement deserves credit for the simple of freedom are nearly always prepared to be sold out to make an impressionable audience to advance their cause. Friends of freedom are seldom to be found who are not prepared to be sold out to make an impressionable audience to advance their cause.

### KNEE DEEP IN OUTDOORS

With the week's fish in full swing for the past six weeks, it's still not letting up, with well over 100 boats taking to the water Saturday and Sunday, and half that many Monday morning.

One fisherman got a real treat this weekend when he landed a 14 pound snook while he was speck fishing. A. O'Neil, the lucky man, and he also caught 14 blue specks, and his friends, Mr. and Mrs. Marshall Langston caught around 30 specks in Lake Monroe. He says you can see that the fish is in the upswing.

Another good speck catch was Agatha Walker got 24 specks while fishing in the St. Johns River.

**FISHING BIG WATERS**

Fishing a large river for the first time can be exhilarating. There's water everywhere, but the fish are not. Large streams pose problems because only a fraction of their waters are productive. It's essential to learn to understand and recognize those areas which actually contain fish.

To help reduce the hours spent casting in barren territory, consider such large rivers to be a complex of little streams and tributaries within itself. They are more numerous when the river is swift and turbulent; fewer when the river is broad and sluggish.

Picture many ribbons of water variously flowing side by side or intertwined. Each ribbon is an individual stream, complete with many of the characteristics of a typical mountain brook.

To locate a place to fish, select a spot where the river visibly changes its pace. Usually this is where a series of rocks interrupt the even flow. If floating, drift on past and secure your rig below one of the water "runs." If you can anchor everything in your tackle box. You'll catch fish quicker here than by hit or miss exploring over miles of water.

**BACKWOODS BOATS**

For fishing backwoods lakes and streams, "cartoppers" are the answer.

These compact, lightweight floating packages provide the only solution to fishing streams too deep for wading and small inaccessible backwoods lakes seldom visited by most anglers.

While most of the emphasis these days is on glamorous large runabouts and cruisers, by no means has the small fish-fishing craze let the outdoors scene. They are available in a wide variety of designs and sizes to fit a multitude of tasks, say the authorities at Mercury, outdoors who offer a few pointers in selecting the proper hull.

Since portability is the basic requirement, consider your search for boats weighing under 125 pounds. They're being designed plenty of lifting and carrying, so the fisher can better. Aluminum construction seems to be the best all-around choice, but strip - canvas designs that will accommodate an outboard and certain fiberglass hulls are suitable.

Canoes, the original backcountry quest, are natural counterparts. Easy to handle, they're ideal for fishing rivers or small lakes. Aluminum canoes are especially light, won't soak up additional pounds and can take a beating. Canvas a common stern model, hitch on a small outboard, and you seldom have to pick up a paddle.

Small fibreglass boats, too, and they offer more freedom of movement by occupants. The flat-bottom, square-ended hull boats are the best fishing platforms in calm waters. However, they can be tough to maneuver when a strong wind starts blowing to obnoxious.

Send your fishing rig with an eye toward the type of waters you'll be fishing most often and keep it light, advise the Mercury Lads, then start looking for those little spots frequented by the best adventures. You'll discover a lot of action that's observed exclusively by outcasts.

### No Leader Yet...

## Ohio State Looking For Top Place

**By THE ASSOCIATED PRESS**

That Dream Match—the No. 1 team against the No. 2 team in the Rose Bowl—remained a reality today... but just barely.

Ohio State solidified its hold on the top spot in the Associated Press' major college football poll, but the Buckeyes' New Year's Day foe, Southern California, had only a precarious hold on second place after last weekend's 11-11 draw with Notre Dame.

The Buckeyes, who wound up their regular season on a 9-4 record Nov. 23, drew No. 2 Penn State, 4-0 and Orange Bowl bound.

A week ago, Ohio State held only a 16-point margin over Southern Cal.

Because the race is so tight, the final AP poll of the season won't be released until after the Jan. 1 bowl games.

Georgia Tech, which polished off arch-rival Georgia Tech 47-4 last weekend, remained fourth, 12 points behind Ohio State.

**By Joe Sterling**

We won our fifth straight game in the opening round of the Thanksgiving Holiday Tournament by soundly defeating Columbia State College of Tennessee, 96-70. The Raiders shot 71 times and made good on 40 for 56.3%.

In the final game Saturday, Broad beat us on the final shot of the game. It was the second close game we have played this season. We won by two points in Ft. Worth and by one in Memphis. We were the season opener. Broad has a fine shooting team. The Seahorses hit 80 out of 130 attempts while we completed 22 of 45 attempts.

I want to thank the Sanford Jaycees and the United State Bank for a job well done in conducting the first junior college tournament ever held in Sanford.

**Longest NHL Streak**

**NEW YORK (AP)**—The St. Louis Blues are unbeaten in 20 straight games, the longest streak ever for an expansion team in the National Hockey League, and the goaltending statistics tell why.

St. Louis goalie Glenn Hall has been the key to the team's success. He has allowed only 15 goals in 20 games, a league-leading average of 1.5 goals per game.

Second are the Boston pair of Ed Johnson and Gerry Cheevers, who have yielded 36 goals for a 2.37 average.

Bobby Hull of the Chicago Blackhawks continues to hold a six-game lead in the scoring race. Hull picked up two goals and four assists last week to boost his total to 39 points on 17 goals and 23 assists.

### Unanimous Choice...

## Rick Fordham Receives Peter Schaal Trophy

Rick Fordham, explosive two-way tackle for Ralph Stump's Seminole High School football team, was the unanimous choice today in nine judges' selection of the 41st Peter Schaal Trophy for the nation's Most Valuable Player.

The judges, among the county's most devoted football followers, agreed that he was indeed the player the team could simply not have done without, and that, its most valuable asset.

The strikingly explosive senior whose aggressiveness made him the 37th player to win the award since it first went to tiny end Lofton Enderfield in 1928, was showered with praise by the judges who had observed him and his mates since early August practice sessions began.

He is the finest college potential athlete to be developed at Seminole High in years.

Another said, "Rick was 75 per cent of the team's offensive and defensive strength."

"A third witness added, "I wish I had a son like him."

All were agreed that only illness or injury will prevent his being one of the great gridders of the future.

Fordham already has been eyed by numerous recruits for major colleges and his parents have already or will soon be contacted by others.

The award, long since the oldest consecutively presented sports trophy in the entire south, will be continued by the donor, a former Sanford Herald sports editor now owner of an Orlando advertising agency.

The four two-time winners were Lofton Enderfield in 1928-29, the late Billy Fleming in 1942-43, Willis Anderson of 1945-46 fame, and Frank Whigham, the 1965-66 recipient.

**Coach's Comments**

**By Joe Sterling**

We won our fifth straight game in the opening round of the Thanksgiving Holiday Tournament by soundly defeating Columbia State College of Tennessee, 96-70. The Raiders shot 71 times and made good on 40 for 56.3%.

In the final game Saturday, Broad beat us on the final shot of the game. It was the second close game we have played this season. We won by two points in Ft. Worth and by one in Memphis. We were the season opener. Broad has a fine shooting team. The Seahorses hit 80 out of 130 attempts while we completed 22 of 45 attempts.

I want to thank the Sanford Jaycees and the United State Bank for a job well done in conducting the first junior college tournament ever held in Sanford.

## SHS Cage Five Looking Good

**By SCOTT KIRK**

Seminole High is over and players are hanging up their heavy pads for a skimpy black basketball uniform.

This year Sanford fans have their fingers crossed for the team to be a strong year for the Seminoles.

Three excellent starters return to combine with the promising boys coming up from last year's Junior Varsity squad. The team is ably coached by Coach Center Ricky Fordham.

"Ricky's rebounding will be a major asset to us," continued Coach Mills.

Both of Sanford's fine forwards of the 47 team graduated and set the background for this year's starting positions. The spark plugs of last year's successful JV squad, senior Loyd Wall and junior Andy Adcock, will be back to lead the team in the running, although they are hard pressed by gritty Tommy Sandage who seems determined to have a starting forward slot.

One of the pleasant surprises to come out was six feet four inch junior Larry Reaser. Coach Mills reported, "Larry's a little rough right now, but if he smooths out he will be a help towards the end of the schedule." Two other juniors that add depth and skill to the Seminoles are guard Bill Parker and center Dana Yallock.

The Seminoles are facing a tough district. State-ranked Lytle, DeLand and Bishop Moore all have powerful teams too. "It will be rough," added Coach Mills.

## Baseball Meetings Continue

**By RON RAPPAPORT**

Associated Press Sports Writer SAN FRANCISCO (AP)—The baseball meetings continued today with the national leagues in San Francisco, Calif., and the minor leagues in St. Louis, Mo.

The meetings are part of the annual winter meetings, which are held in San Francisco, Calif., and St. Louis, Mo., each year.

The meetings are held to discuss the business of the game, including player contracts, free agency, and other matters.

## Mooney Red Hot

Rich Mooney of the 300 Plus team in the Jet Lines Junior Bowling League bowled the high game of the league this past Saturday with a 223-572 series in leading his team to a three point win over the undefeated fourones.

Tim Rollins of the Jet Set made it easy for his team to also take three points over the Pioneer Punter group with his 171 game.

The Vulcan's Eddie Adams show a 102, 177-525, which was more than enough striking power to be another one of those teams picking up three points at the expense of their opponents, the Question Marks.

Jack Humphrey, a student at the Sanford Naval Academy and member of the Anchor Clubers team bowled a 187, 170-525, making it a clean sweep over the Foul Lines team.

A 180 game by Gary Almond bowled 187, 170-525, which also took all four points in their match with the Rain Drops.

Earlier in the day, the younger Bantam bowlers had a couple of century bowlers... those who cracked over 100. Patty Bell was right on the money with a 100 game while Kookie Hawkins did it three times in a row with games of 103, 101, 112.

Some of the other young bowlers who were in the one-three pocket with their eight-pound-bowling balls were Pam Boucher, 187, 170-525, and Larry Cox, 187.

Vernie Rubeck shot a 141 and 151-416 series, the highest in the Bantam's League this week.

## Louisiana State Paces SEC Cage Parade List

**By RON SPEER**

Associated Press Sports Writer Pistol Pete is still shooting the eyes out of the basket for Louisiana State despite obvious premature reports that he planned to concentrate on passing the ball this winter.

Pistol Pete, of course, is Pete Maravich, whose 43-point average as a sophomore last year was an all-time college basketball high.

He and his dad, Coach Frank Maravich of LSU, said before the season that the Tiger ace would do more passing and rebounding this year.

But Pete started the campaign Monday night with a 52-point outburst that swept Louisiana State to a 109-23 rout of Loyola of New Orleans.

The 6-foot 8-inch sharpshooter hit 22 of 31 shots from the floor, 18 in the first half, and 4 in the second half, and was credited with 11 assists and 7 rebounds.

Maravich, selected as 11 of 18 shots after the half, apparently more accurate this year than he was a year ago.

Louisiana State was one of four Southeastern Conference teams that scored victories against outside foes, with Kentucky clipping Miami, Ohio, 86-77, Mississippi State trimming Louisiana College 79-69, and Vanderbilt slipping Southern Methodist 97-91.

Mississippi Coach Bob Jarvis and Alabama Coach C. M. Newton both were beaten in their debuts.

Ole Miss defeated 67-61 by visiting Texas, and Alabama was trounced 66-18 at Duke.

In other SEC games, Florida State started its campaign with a 128-75 shipping of Mississippi State, and Utah beat North Carolina 103-89.

Kentucky, ranked third nationally, lined up for its Saturday night scrap against the Wake Forest team with a 52-point outburst that swept Louisiana State to a 109-23 rout of Loyola of New Orleans.

The 6-foot 8-inch sharpshooter hit 22 of 31 shots from the floor, 18 in the first half, and 4 in the second half, and was credited with 11 assists and 7 rebounds.

## Oakland Oaks Upset In ABA Action

**By THE ASSOCIATED PRESS**

The Phoenix Suns, who are used to it, and the Oakland Oaks, who are not, both came off Monday night, but in different leagues.

The Dallas Caparrals nipped Oakland 112-111, handing the NBA's Western Division cellar to the Oakland Oaks.

Meanwhile, the expansion Phoenix Suns, who are used to it, and the Oakland Oaks, who are not, both came off Monday night, but in different leagues.

## Skilled Craftsman Joins Powell Office Supply

Newest addition to the Powell Office Supply Company family is Leland (Skip) Vandiver, a graduate of the Institute of Springfield, Mo., with 2,600 hours of training as well as an alumni of several manufacturing schools. His training involved all types of American-made typewriters and most adding machines.

Vandiver is a disabled veteran of the Korean Conflict, is married and the father of five young Vandivers ranging in age from two-to-ten.

Service available in the shop at Powell's includes complete overhaul of office machines, chemical cleaning and adjusting, and repairs of all sorts. All service work is guaranteed.

Powell's Office Supply Company has been in business in Sanford for nearly 12 years, 11 of which have been at their current location.

The business began and still operated by James W. (Sonny) Powell and his sister, Dot, has a full range of office supplies, office furniture, typewriters, adding machines and other office needs.

In addition to the sales of office supplies, Powell's has a rental service on typewriters and adding machines available on a daily, weekly or monthly basis.

Powell's is a dealer in Victor and Burroughs adding machines as well as Smith-Corona.

NO JOB is too difficult, when it comes to typewriter repair or adding machine adjustment, for Leland (Skip) Vandiver, expert craftsman and service manager at Powell's Office Supply Company located on Magnolia Avenue. Holding a machine needing the skilled touch of Vandiver (right) is James W. (Sonny) Powell, co-owner of the business. (Herald Photo)

Seminole County Mutual Concert Association Proudly Presents The Fourth Annual Champagne Ball On December 7th At 7 P.M. In The Sanford Civic Center

MIDNIGHT MADNESS is depicted in this stunning black formal ensemble from Sanford's VILLAGE SHOP, modeled by Mrs. Clifford McMillin. A ruffie highlights the side wrap and bottom of the skirt designed with a tapestry look. The black velvet top reflects the Nubia look. Village Shop has a complete line of these separates, yummy after-five frocks and a complete line of exquisite hostess pants.

FLOWER POWER—From the daintiest of posies to the maximum of a blossom, SANFORD FLOWER SHOP fills the bill for your every floral desire. Mrs. Harry Eichelberger is all smiles over the vast selection of flowers here. Corsages for those all-important occasions, such as the Champagne Ball, are created with TLC, and ordinary flowers are transformed into masterpiece arrangements here.

MRS. THOMAS LARGEN is bubbling with excitement over elegant diamonds shown to her by John Kader of KADER JEWELERS. Pretty Pat knows that Kader's is THE SPOT for quality diamonds and other precious gems. It's true that diamonds are still a girl's best friend and also the hallmark of the fashion-conscious female, everywhere, any time.

PLANNING TO ENTERTAIN after the ball or during the Holiday Season? Do you have someone extra-special on your gift list who has a flair for distinctive home furnishings? CARROLL'S FURNITURE STORE has the answer to all your questions regarding sophisticated home settings. Here, Mr. and Mrs. Robert Jackson sent a lamp from Carroll's for a gift for the person who has everything.

FOR MILADY who has a champagne taste in her home decor, day in and day-out, BERTA HALL INTERIORS makes her dream become reality. She'll have a tall year-round with the distinctive decorating recommended by Berta and at a budget price. Brimming over with ideas, Mrs. Hall, right, helps Mrs. Gonzalo Human with an upholstery problem and you can be sure that all home accessories chosen from the fashionable shop will rate a champagne toast.

IVEY'S SHOE STORE presents a fashionable selection of footwear for milady for every occasion from the most rugged of sports to the drama of after-five. While shopping for the ideal sparkling slipper to wear to the Champagne Ball, John Ivey shows Mrs. Hank Johnson other footwear modes from America's leading manufacturers. You can be sure of the ultimate in fashion and comfort in your new shoes from Ivey's.

BEFORE, DURING and after the ball, it's the Holiday Inn for fun, fun, fun. The ultimate in Continental catering is provided by the master himself, Bernie Meyer, left. Mastering the entertainment these days are Ray Wood, a wizard at the banjo, center, and Inge Spinner, vocalist. Throughout the Holiday season, let Holiday Inn be your host and you'll really be in, in, in.

WALLY PHILIPS of PHILIPS CLEANERS AND LAUNDRY, assists his lovely wife, Jane, with her mink stole, after removing it from his fur storage vault in time for the Champagne Ball. One of the many features of the ultra-modern cleaning and laundry plant is maximum protection for valuable furs. Not only furs, but all cleaning and laundry work done here sparkles with cleanliness.

THE GRECIAN INSPIRED alhoults is reflected in this sophisticated ball gown worn by MARY ESTHER'S which Mrs. Walter A. Gielow (above) will wear to the Champagne Ball. Fashioned of Empire green gossamer sheer over matching pearls, jewels and trills enhance the modified yoke. Whether her majesty chooses the long or short for the after-five gala, Mary Esther carries a dazzling selection, complete with accompanying accessories.

# To North Orlando Area North Orlandoans Welcomed

**BY MARY HEAVY**  
Newsletters to North Orlando are the Robert Bell family: husband Robert, James DeArc, and four children Marie de Teulia, Francisco de Paula, Paulo Roberto and Giovanni. Mr. Bell and his four children are all from Brazil.  
Bott, a native of New York, was working in Brazil with Indian Transportation and Shipping when he met his wife in Recife, a coastal city north of Rio. They have been married nearly a year, and they came in Florida from Brazil six months ago.  
Mrs. Bott is very much impressed with the weather in Florida as well. She finds that the conveniences Americans take for granted are not as widespread in Brazil.  
Learning to speak English has occupied much of the family's time. Mrs. Bott still does not speak the new language too well, but she is improving each day. Maria de Paula is now attending Lyman High School, while four-year-old Giovanni speaks almost like an American already. The boys are in grade school.  
The Botts are now residing in North Orlando, but they are in the process of buying a home.

**VISITORS**—Mr. and Mrs. Carl Hyatt hosted their granddaughters, Vicki Ann and Mary Jacqueline Hyatt, and great-granddaughter Laura Jean Doolittle (center) this weekend when the little girls came from Orlando to spend the holiday in the Hyatt's Ranchland home. During their stay they attended the matinee at the Seminole Plaza Cinema with their grandmother to see the Christmas movie, "Santa Claus."

North Orlando Ranch Estates residents welcome Mr. and Mrs. James T. Oliver and sons, John and Richard, and daughter Patricia Sue to their new home at 647 Tradewinds Road in Ranchland, the former home of Mr. and Mrs. Edward Glenn, who recently moved to Orlando.  
The Olivers moved to Florida from Leslie, Mich. Oliver is a retired engineer having been employed at Michigan State Prison for 22 years. This is his first trip to Florida and he likes it very much, especially the climate and the beautiful plants and flowers. Other members of the family are equally pleased.  
The Olivers have a married daughter living in Lincoln, Neb.

## Dear Abby: By Abigail Van Buren

**DEAR ABBY:** I am 30, my wife is 28, and her mother is 50. My mother-in-law is a divorcee and lives with us. My wife works days and my mother-in-law works nights, and my mother-in-law stays home and looks after our two small children. Well, my wife is P.D. and so is her mother. I am responsible for both, but my wife doesn't seem about her mother's condition. My mother-in-law plans to leave town pretty soon and keep this whole situation quiet. She has a sister she can live with in west Texas.  
Do you know where I can get my wife a respectable middle-aged woman who will live in and take care of our kids? I would like to fix your own bird, or be prepared to cook your own goose.  
**DEAR ABBY:** You are usually very fair to service men, so I hope you'll print this.  
Some girl wrote in saying her brother, who was in the service in Viet Nam, hardly ever writes home, and their mother went around worried to death all the time. Well, I'm also a service man away from home, but I write home often after I'm sure how to think hard to write a decent letter. I'm in-law begged me to let her know how to write a letter.  
**DEAR ABBY:** My husband's family always come by for Thanksgiving dinner because I have the biggest house. I don't need any decorations, but everybody brings something toward the meal. Well, I'm always and I always have my special turkey. I'm in-law begged me to let her know how to write a letter.

## Beauty for Forty

**TO YOUR HEALTH**  
Two small books have appeared on the scene which can be of great value to you. "You Can Improve Your Vision" by Robert A. Kravkin, D.O.F., A.A.O. is a must to those whose vision is impaired. It can be helpful to everyone from infants to the aged. If you are so many women, after forty, do have trouble with your vision and want to help yourself, read this book. Dr. Kravkin is a nationally recognized leader in the field of visual training. He says, "Visual training is not simply a way to solve a problem. It is a way to surpass, to excel, to achieve and enjoy MORE."  
"Better Life with Your Uterus" of such help. Written by H. Phelps, Jr., F.A.C.P., this is a book for those who suffer with uterus. You will find the way to live with greater comfort. Dr. Phelps' book is good, not to sleep, but to live. He advocates a diet, after the popular ulcer has been controlled. He writes, "Recent evidence indicates that ulcer patients eating strictly bland meals do not feel better than comparable patients on a liberal diet." Dr. Phelps is an experienced gastroenterologist. And if you have an ulcer, this is the book for you.  
**TO YOUR HOME**  
"Creative Home Decorations You Can Make" by Karen McCann with Don E. Gammon is a book for you. The instructions are excellent and any woman can follow them and produce delightful results. The price includes a golden spinning wheel and \$2,500. Last year Jacobs, Mrs. Clarence Dossinger, Mrs. Jack Poole, and Mrs. Stanley Rappaport.

The calendar is playing havoc with your Christmas shopping this year.

We don't want to alarm you procrastinators, but we consider it a public service to remind you that there are just about THREE WEEKS between Thanksgiving and Christmas this year—FIVE FEWER DAYS than last year.

Personally, we believe that this is the year to make good on the resolution to SHOP EARLY.

Don't you agree?

Sanford Flower Shop's 6th annual Christmas Show last Sunday was reportedly the best yet. Many items are still on display if you missed a visit on Sunday.

Speaking of Sanford Flower Shop they received their most exciting order ever Tuesday. The card was to be signed "Pat and Dick Nixon." Seems the president-elect has a sick friend around Sanford.

Sanford Five Chief G. M. Harriott Sr. and Assistant Chief W. C. Oakey stated to The Herald today their "heartfelt appreciation to all those who supported and attended the recent annual Hospital Fire program sponsored for the Firemen's Benefit Fund, Inc. Support of the public in years past and this year contribute to complete success of the programs."

Three cadets from the Seminole Composite Squadron of the Civil Air Patrol were singled out Saturday to receive honors at the annual Florida Wing Meeting in Orlando. Receiving the Amelia Earhart Award, one of CAP's highest cadet honors, were Capt. Barry Eller, C/1 Lt. Michael Patey, and C/1 Charles Pfeiffer. Awards were presented by Major General Walter R. Putnam, USAF, national commander of CAP, and Col. William R. Bass, CAP, Florida Wing Commander.

A movement connected with the SDS (Students for a Democratic Society) is understood to be organizing off campus comprised of Seminole Junior College students. This group was responsible for the closing of Columbia University in New York last year and also many other campus demonstrations throughout the nation. Students who are interested in joining this group might be shocked to learn that this organization has been placed on the subversive activities list by the FBI.

One of the voting machines broke down in the City of Longwood for the first 1 1/2 hours of the city election yesterday. It seems the machine was programmed to permit the electors to cast only one vote in the Council race when it should have permitted two votes to be registered.

An enclosed walkway—bridge, in any case—could provide passage over the alley. And the prospective is that the ex-county commissioner has disposed of this piece of his considerable real estate holdings! Could this be true?

# J. H. Crapps Wins By 100 Votes

VICTORY SMILE - Mr. and Mrs. J. H. Crapps Jr. have just been apprised that he won election to the Sanford City Commission in Tuesday's municipal voting. (Herald Photo)

## Meyer To Run Again In '69

Former Sanford City Commissioner and Mayor J. H. (Jimmy) Crapps was elected to a three-year term on the City Commission Tuesday after a hard fought battle with Sanford insurance man Gordon Meyer.

Mayor Crapps, who served during 1960-65 as a commissioner and two terms as mayor in 1962 and 1965, was returned to the city's governing board on the basis of a 100-vote victory over Meyer, a political newcomer.

With approximately 38 absentee ballots still to be counted, the figures taken from city's two voting machines at 8 p.m. last night gave Crapps a total of 600 votes to Meyer's 706.

This was considered by several old time city politicians as a good showing for Meyer, who took on an old pro in challenging Crapps for the group one seat of retiring Commissioner M. L. (Sonny) Raborn Jr. Meyer indicated he would be out for another try at one of the two commission vacancies in 1969.

In a post election statement, Meyer said he was "seriously considering the possibility of running for either A. L. Wilson's or Earl Higginbotham's place which comes open next year."

Benedict made the statement in answer to a query as to the possibility of advertising a sign on Interstate 4 overlooking Big Tree Park such as the sign at the SR 436 cut-off showing direction to the Jai-Alai Fronton.

Benedict said the Jai-Alai sign at the intersection is only temporary in nature and is placed there because of the amount of traffic generated by the sports arena. "The sign will be there only during the time the fronton is open," he said, pointing out like signs in other parts of the state showing direction to similar frontons are also placed on state roads.

A sign also will be put up to show direction to the Sanford-Orlando Kennel Club when it opens, Benedict said. "It is done as a service to the motorist not familiar with the area," he said.

Present Sanford Mayor W. Vincent Roberts ran unopposed for the group two seat he held in Tuesday's election. He would especially like to thank all those who worked in my behalf," he continued.

Crapps will succeed Raborn on the five-member board the first Tuesday after the first Monday of the new year, or Jan. 7, at the commission's organizational meeting.

## Ken Brown Wins In Landslide

By DONNA ESTES  
Landslide victory of Kenneth Brown in his bid for a full two-year term in office as chief administrative official of the South Seminole City of Longwood was termed a "mandate by the people for aggressive, positive leadership"

By the youthful mayor today, Brown defeated his opponent, H. H. Haynie, by nearly five-to-one with 306 votes to 62 for Haynie.

Brown was elected as mayor last Aug. 27 to serve the remainder of the unexpired term of the late A. R. Lorman. During his few short months in office, he has spearheaded a clean-up program throughout the municipality. He was prominent during the recent general election campaign when he served as South Seminole underwood, lone opponent of the incumbents, polled 166 votes.

Mrs. Onnie Shomate, city clerk ran unopposed for her sixth term in office and received 360 votes. At the same time, Tax Collector Roy Shomate, tallied 356 votes.

The five officials will begin their new terms of office on Jan. 2.

By THE ASSOCIATED PRESS  
Rain soaked the middle Atlantic states today as another in a series of autumn storms swept toward New England.

Travelers warnings were issued for northern New England in expectation of snow, sleet and freezing rain. Gale warnings flew along the New England coast.

## Seminole Get Excellent

Seminole High School Band brought back an excellent rating from the recent district 3 Florida Bandmasters Association Marching Festival held at Merritt Island.

The Marching Seminoles had worked for two weeks preparing the show they presented to the music from the finale of "The New World Symphony."

The inspecting judge praised the band highly, saying it was the best looking group he had seen and had the most military bearing, an important factor in a marching group. The Seminoles also were complimented on their uniforms for originality, their colorfulness, and condition.

In the immediate future, band members are looking forward to performing in area Christmas parades, a concert, and the Gasparilla Parade in Tampa during the Florida State Fair. A major trip is being planned for later in the year, with details to be announced.

MIAMI (AP) — No bids were offered today for \$3 million worth of bonds to build a new bridge and causeway system as the "central connector" linking the Orlando area with the airport at Cape Kennedy.

## Yuletide Parade Thursday

Annual Christmas Parade sponsored by the Sanford-Seminole Jaycees in cooperation with downtown merchants will take place at 7 p.m. Thursday starting at the lakefront at the corner of Park Avenue and Seminole Boulevard.

Handa will line up west of the intersection and all other units will form east of the intersection.

Line of march will be south on Park Avenue to First Street, where the judges' stand will be located, then east on First to San Juan Avenue at point of dispersal.

Map showing line up, positions and route, along with complete list of units and bands as they will appear, is on page 7B of today's Herald.

## Town Meeting

Town meeting in Lake Mary for discussion on annexation to Sanford or incorporation as a municipality of the area, originally scheduled for Monday, has been postponed tentatively until Jan. 9. At that time, a panel qualified to present both sides of the question will lead discussion and a question-answer period. Residents are advised to fill out the questionnaire which have been distributed by the Chamber of Commerce and return them prior to the meeting. Collection boxes for the questionnaires are located conveniently throughout the community.

## Zoning Fight Boiling Over

South Seminole property owners near the Granite Road/Maitland Avenue intersection near Altamonte Springs are concerned over the condition of the third floor 150-person capacity of the county court house.

Apprehension stems from the possibility that an expected 200 to 300 persons cannot be allowed to attend the County Commission meeting room because of the 150-person limit.

Accordingly, many protesters, who reportedly want to appear at the zoning hearing scheduled for Dec. 17 at 11 a. m., will not be allowed entry unless the hearing is adjourned to another place, which is not likely.

For the fourth time, this proposed zoning change has been brought before the County Zoning and Planning Commission. This time, James Avery, owner of the property, is seeking to rezone the 1 1/2 acres from R-1A residential to R-3 multiple family.

Last attempt was to rezone present R-1A status to commercial, according to Thomas Freeman, attorney representing the property owners who are seeking to keep the present property designation.

Freeman said, "It appeared the Planning and Zoning Commission already has decided to approve the change, as normal procedure would be for the zoning board to hear a request one month and the County Commission act on its recommendation the following month."

As a matter of fact, the notice advertising the public hearing scheduled for Dec. 11 by the zoning group was received by property owners Nov. 27 same manner.

Social hour will follow the county commission had "a meeting."

## Open House

Open house in the new Deltona Junior High School will be at 7:30 p.m. Thursday.

A meeting will be held in the multiple purpose room during which Principal Wayne Myatt and his assistant, William Feuchter, will give brief explanation of the school set up and general assignments.
