 Sermon subject: "One of These." "A prize-winning flower in a recent contest for school children attracted much attention, not so much for its beauty, which was apparent, but because it had been raised in an almost sunless, tenement flat instead of a greenhouse. It was but a narrow strip of sunlight that peered through between the high buildings upon the dwelling. But the girl made the best use of it, moving her flower pots from windows every day, always where the light would be, and so her endeavor was crowned and she could glory in her prize. It is the same with our souls. They need the sunlight of righteousness. Every Lord's Day is a window through which that "Sun of my Soul" is shining, and our souls being moved from Sunday to Sunday to keep in the beauty-developing light. The flower does not understand the power of the sun's rays, but it prospers under them. We may not always fully understand the meaning of "remember the Sabbath day to keep it holy," but to do so will bring beauty to life."

 "Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, April 30.
 The Golden Text is: "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts ye double minded" (James 4:8).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "A good man out of the good treasure of the heart bringeth forth good things; and an evil man out of evil treasures bringeth forth evil things" (Matt. 12:35).
 The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Every day makes its demands upon us for higher proofs rather than professions of Christian power. . . Ye who can discern the face of the sky, — the sign material, — how much more should ye discern the sign mental, and compass the destruction of sin and sickness by overcoming the thoughts which produce them, and by understanding the spiritual idea which corrects and destroys them?" (233:1-2, 17-22).

TAX REDUCTION
 WASHINGTON, Apr. 28. — (AP) — The House Ways and Means Committee voted today to make night-clubbing less expensive. The members changed their minds, reversed their previous decision, and voted to cut the cabaret tax in half from 20 to 10 per cent. And there wouldn't be any tax at all in dance halls where soda pop is the only liquid refreshment.

RAIL STRIKE
 CHICAGO, Apr. 28. — (AP) — Federal mediators talked with union and railroad spokesmen today in separate sessions but without reported progress toward averting a strike set for May 10.

FOR A PROGRESSIVE AND EFFICIENT STATE GOVERNMENT ELECT VOLIE A. WILLIAMS, Jr. YOUR REPRESENTATIVE (GROUP 2)

"In determining the candidate whom you will support in the coming election, I do not feel that a person should be elected to the House of Representatives upon the basis of where he was born or where he might live at the time of the election—geographical location has never before determined ability—but rather upon his qualifications for the office which he seeks. Seminole County is entitled to TWO representatives, not one—just as every person and every community in Seminole County is entitled to TWO representatives—and not one."

Giants Fumble Fifth Straight To Red Hatters

DeLand Pushes Over 2 Runs In Eighth To Take Victory

DELAND, Apr. 28. (AP)—A triple by DeLand First Baseman Don Allen and a single by Pitcher Raoul Villamea provided two tie-breaking runs here last night as the Red Hats edged Sanford 5-3.

The Giants knotted the ball game in their half of the eighth on two safeties and a pair of DeLand errors but the Hats came back to regain an advantage established in the fourth frame on a trio of hits good for two runs.

The game was delayed 45 minutes while a thunderstorm swept the diamond.

The Giants met the Red Hats tonight at 8:00 P. M. at Municipal Ball Park.

WOMEN WIN
 GAINESVILLE, Apr. 28. (AP)—The Gainesville G-Men squeaked out a 17-16 victory over Palatka here last night in a wild and woolly game that saw 11 hurries parade to the mound.

The G's, who rapped out 23 hits in all, won the game in the bottom of the ninth with a three run outburst. Gus Ramos punched a single into right field to score the winning run.

Mr. Lou Kahn caught the first part of the game, then took over the mound in the seventh inning to gain credit for the win. George Rivers, the last of five Palatka hurriers, was charged with the loss.

Stetson Football Team Ends Spring Training Tonight

Letterman from the 1949 football season will form the nucleus of both the Green and the White football teams which will play a practice game at 8:30 P. M. tonight in Memorial Stadium to conclude spring practice.

Fred Hogan, Dave Bean, and Billy Meeks are veterans in the Green backfield. The fourth member of this group is Will Han, of Toledo, who enrolled at the beginning of the Spring Quarter.

Ron DeLalla, Palmer Armstrong and Bobby Marks are the "B" men for the Whites, with Harry Kertz, of the "B" squad last year, being the fourth back.

Familiar faces in the Green line are Walter Nichols at end, Clarence Hughes and Dick Henry at tackle, Paul Odum at guard and Neil Nelson at center. Newcomers include Mason Wharton at end and Bill Peck at guard.

For the Whites, Joe Raffaele is at end, George Oserio and Bob Doty at tackle, and Al Sanna and Kermit Coble at guards. Tom Taunton will start at end and Bill Peck will be at the center end.

A host of reserves, all who are expected to see action, include Charles Willis, Don Allen, Carl Lin, and John Manning, ends; Martin Padgett, Gordon Larkin, Bill Taylor and Melvin Smith, tackles; Bobby Garwood, Henry Cooper, Lon McMillan and Carl Cole at guards; Sol Israel and Jerry McCoskey at center; Bous Jerrigan, Bubber Widener, Bob O'Connell and Don Coffin at halfback and Jim Nance at fullback.

NEW YORK—The New York Giants waited on Bob Hooper but they didn't wait long enough.

The rookie pitching prospect with the Philadelphia Athletics was the property of the Giants from 1941 through 1948.

The Giants signed him out of Columbia High in South Orange, N. J., in 1941 and he put in a few weeks with Toronto, N. C.

The following year, they couldn't make up their collective minds on Hooper. He was with four clubs — Port Smith, Ark.; Salisbury-Lexington in the North Carolina State League, Jacksonville and Oklahoma City.

Then the six-footer from Verona, N. J., went into the Army. He was a gunnery instructor at Ft. Belvoir, Ill., where he played with Birdie Tebbetts, Hoot Evers, Sid Hudson, and later became a pilot.

After three years in the Army he went back to the Giants' farm club, the New York Yankees, where he played with Birdie Tebbetts, Hoot Evers, Sid Hudson, and later became a pilot.

Emma Scally Wins 1st Round Match In Golf Tourney

TALLAHASSEE, Apr. 27 — A putt, which hung for fully a minute before dropping in the eighteenth hole, today won a long wait in winning an opening round match for Emma Scally in the Women's State Amateur Golf Tournament being played here.

Miss Scally, 31-year-old stenographer employed by the Pensacola Naval Air Station, holed the hole with Mrs. George Wilcox of Miami, both getting par fours, and then went on to win on the nineteenth green to enter second round play tomorrow.

On the nineteenth, Miss Scally, a 70 shooter in qualifying for the annual event, got on in two, while Mrs. Wilcox was also with her second. Mrs. Wilcox chipped up but missed a 16-footer, while her opponent, several times a runner-up in the tournament, putted to force into an extra hole, which she missed for a par to win the match.

Mrs. Wilcox, who shot a 73 at Hollywood in 1940 to win the medal and also set a tournament record, has been a runner-up three times. She carded an 82 today.

Miss Scally shot an 81 today over the regulation 18-hole route. She was one down at the turn, but won the match by winning the eighteenth and sixteenth. However, Mrs. Wilcox sank a 20-footer for a birdie on 17 and the match was forced into an extra hole when they holed the eighteenth.

Burses scored. No one equalled woman's par 76 over the 9,000-yard Tallahassee Municipal course.

In other championship flight matches, Emma Lou Prince of Gainesville, defeated Babs Hulpitt of St. Petersburg, 2 and 1; Mrs. Mark McGarry of St. Petersburg won over Mrs. Paul Miller of Westwater, 1 and 0; and Carol Gallagher of West Palm Beach, nosed out Heacie Martin of Tallahassee, 1 up.

K Evelyn Odum of Miami, the defending champion, had an easy time with Mrs. Cullen Talton of Daytona Beach, 8 and 6; Evelyn defeated Frances Owen of Jacksonville, in last year's tournament held at the Memorial Stadium, incidentally failed to make the championship flight this year and withdrew.

Tampa's Ann Sparrow, one of the pre-tournament gallery favorites, who could come through with a victory in this year's edition of the classic, whipped Mrs. John Senuta of Jacksonville, by the same margin. Senuta was the lone Gateway City golfer to make the championship flight.

Eleanor Allen of DeLand, turned back Mrs. Lee Andrews of Tallahassee, 5 and 4, and Mrs. C. H. (Billie) Hartung of Miami, three-time winner of the title, whipped Mrs. Arthur Harrison of Clearwater, 5 and 4.

Quarter-final pairings for tomorrow pit Miss Sparrow against Miss Odum, Miss Scally and Miss Prince, Mrs. McGarry and Miss Gallagher and Miss Allen with Mrs. Hartung.

Southern College Crew Is Odds-On Regatta Favorite

LAKELAND, Apr. 28 — (Special) — Lake Parker became the new training site for Florida Southern's crew last week as they abandoned their traditional nine-month mile course on Lake Hollingsworth in preparation for their forthcoming encounter with the University of Tampa and Rollins College in the state championship regatta at Winter Park on May 15.

Coach Roy Couch whose 36 years of experience with the sport has enabled him to bring his Moccasin crewmen to a fighting pitch just before they swing into action, came to the decision last week.

"We face a long course at Winter Park," he said. "We can't train for a two mile event on a nine-tenths mile stretch unless we row a circular pattern and the state championship is too important to trust to unconventional training methods."

"On Lake Parker we can lay out two, three, and five mile courses. We're out to win if we have to carry the shells between the boathouse and the new site on our backs."

Last week the new phase got underway with boats carried between sites at shoulder height until construction of a trailer designed to carry four of the 60-foot, 240 pound shells is completed.

The May 15 championship regatta on Lake Maitland, Winter Park, will climax a trio of state meets. Florida's newest intercollegiate sport got off to a resounding start on Feb. 6 in the Tampa Gasparilla Regatta. Southern crews swept the field on that one, returning on March 2 in their own Founders Week Regatta on Lake Hollingsworth to edge out the hard pulling Tampa crew for first place.

On the basis of the season record set by the three state colleges Southern's Moccasin appear to be the team to beat for the state crown. Several factors have tempered Moccasin's enthusiasm, however. Southern's only loss this season

STUDENTS, PARENTS AND FACULTY MEMBERS ARE FRIENDS

Students, Teachers, Parents relationship are those of real democracy in the Midway School.

The teachers and parents have dedicated themselves to the development of children and the establishment of wholesome, worthwhile atmosphere wherein children might grow toward greater individual and social maturity.

In order to accomplish this, well-planned P.T.A. and faculty meetings are held, each twice a month. An atmosphere of sociability and friendliness prevail at these meetings.

At these meetings they strive to plan programs that are designed to meet the needs of boys and girls in the school community.

They strive to make their school more functional in community life. They feel that the enrichment of their curriculum through the utilization of community resources will be a natural by-product. They believe that the following are objectives for education in their school, and these objectives may serve as a broad framework for school policy in the Midway School's Community.

Objective of Education:
To create an educational environment for children, and to develop a program within it, to promote the fullest healthy growth of each individual as a social being.

To assist each child to develop the self-confidence, respect for himself, command of the knowledge, skills and appreciation that lead him to be a good citizen today and prepare him for his larger responsibilities of citizenship tomorrow.

To emphasize five concepts in their roles as teachers: Thoroughness, freedom, guidance, honesty, and respect for God and their fellow citizens.

To make parents partners with them in the educational enterprise.

SPIRITUAL VALUES IN THE SCHOOL
Today the world is seeking for spiritual values to illumine mankind's efforts to build a united, cooperative society. In this search for spiritual values, what is the role of the school? When attained, these values which, when attained, make a finer person, are spiritual values, be they generosity, fellow-feeling, responsibility, integrity, appreciation of beauty, personal expression through the arts or some related quality of living.

The world needs better people and the schools can help in developing them. Healthy bodies and alert minds lay a foundation for good living, but they are not enough. The direction toward which the good body and the good mind are turned are what give life its meaning and these directions are determined by spiritual values.

Schools have a profound responsibility for providing the best possible environment for children of all ages who will lead them into lives of rich appreciation, creative expression, noble action and self-fulfillment. Creative services and activities are essential to this process.

Spiritual values are cultivated through creative expression and directed through noble action.

As noted from "The N.C. Education" - "Through the development of spiritual values, the child is prepared for his life's work."

YOU know many things about the man behind the wheel when this bold front comes winging your way.

He knows style—he is traveling behind the boldest and freshest forecast of things to come that is on the roads today.

He's a practical person—likes the idea of plenty of protection out front without spending money on such extra items as bumper guards.

He likes convenience—the easier parking made possible through the precious inches of over-all length saved by this design—not to mention freedom from "looking horns" with the car ahead.

And he's foresighted—knows that accidents do happen sometimes—and he goes for the idea of a front-end design that can be repaired by replacing single bars instead of a whole grille work.

You could add that he likes power—for behind this smart forefront there's a big bonnetful of Fireball horsepower.

You Must Have A Certain Feeling To Compose A Good Nonsense Song

By SAUL PETT (For Hal Boyle)

NEW YORK — (AP) — Not everybody could write, "Sailaga Doola Menchika Boola Bibbidi Bobbidi Boo."

It takes an intuitive sense, a feel, a touch, or something. You got it or you haven't got it.

This is the secret of such creation, say Mack David and Jerry Livingston, two rational young men who wrote the current song hit, "Bibbidi Bobbidi Boo" (copyright Walt Disney Music Corp.)

If you're wondering what "Sailaga Doola," etc., means, don't. It means nothing except about \$50,000 to David and Livingston, who wrote the music for the movie, "Cinderella." These boys are experts. They have a case history of irritating hits, having turned out "Mairzy Doots" and "Chi Baba, Chi Baba."

Millions Of People Meet For May Day

Militant Violence Is Carefully Averted In Most Capitals Throughout World

BERLIN, May 1 (AP) — Five thousand West Berlin Germans started stoning East zone police today in Potsdam square where the western sector meets the Berlin sector of the city. The stoning started after a huge West Berlin anti-Communist May Day demonstration broke up and people were making their way home across town. The East Berlin police retreated in the face of the stoning and police reinforcements were called up from both sides to disperse the crowds.

BERLIN, May 1 (AP) — More than a million Berliners massed near the East-West borders in this nerve center of the cold war today in rival May Day demonstrations, but calm police action on both sides prevented major violence.

In this shattered city where East meets West across piles of rubble, swirling crowds estimated to number at least 500,000 on each side staged the biggest May day demonstration in Berlin's history.

Stones flew and there were some minor fights, but police dispersed the unruly elements in time to prevent rioting.

On the Communist side of the Brandenburg Gate—on Unter Den Linden, where Hitler's legions once marched—Berliners once again heard the thunder of marching feet in regimented union. The Communists were staging a Moscow like six-hour parade featuring the newly trained Soviet zone police army. It looked like a dress rehearsal for the forthcoming 28th anniversary of May 28, 1928, in which some fear the Communists may try to take over all Berlin.

On the other side of the gate, a multitude of at least a half million—Berlin's anti-Communist mayor said there were 700,000—heard Western German speakers blast Russia and the Communists. Between the two opposing multitudes were thousands of East and West sector German police lined up along the sector borders, backed on the Western side by thousands of allied occupation troops alerted for trouble, and guided by reconnaissance teams and helicopters.

It is reported that both sides are prepared for a fight.

2 Railroad Men Speak In Behalf Of Geo. Smathers

Two Sanford railroad men publicly endorsed the candidacy of George Smathers for United States Senate in a radio broadcast Friday night.

A. O. Roberts, a member of the Brotherhood of Locomotive Firemen and Engineers, said that Senator Pepper is doing a better job of trying to bring about the economic collapse of America than the Communists themselves, and declared that whereas American workmen have the highest standard of living in the world today, under Communism they would suffer more than any other group.

J. L. Hobby, a member of the Brotherhood of Locomotive Engineers, said that he did not trust Pepper on the FEPC bill. "His record is too plain for us to forget," he said. "And the FEPC bill, if enacted into law, would ruin every workingman in America."

"It would tell us what we've got to work with, and what we've got to associate with. It would end segregation, open up our schools to members of all races, and force the repeal of our laws against intermarriage."

When Communism takes over, Mr. Roberts declared, "but goes for our trade union, our right to strike, our right to bargain for wages and better working conditions, our choice of work, our choice of where we will work and who we will work for, our right to work for ourselves, and our right to work for ourselves as we please."

Sanford, May 1 (AP) — Three score arm-fisted men gathered in the basement of a Meenice Bank early today awaiting the signal to start a "Communist insurrection."

The revolution was a mock uprising but to Wisconsin legionnaires who planned it, the affair was a serious one to be staged realistically. The demonstration is the first of its kind in this country of what could happen as it has in many European countries. It has been in the making for a long time by those who are taking part.

Sixty-odd men who are ready to carry out the "uprising" have prepared well and long for it. They are legionnaires from various Wisconsin posts and local residents who want to demonstrate what would happen if Communists actually took over.

Directed by two former Communists, the maneuvers are patterned after successful operations in Europe.

The zero hour was set for shortly before dawn when men were to break up into "command teams" of six and descend upon homes of Mayor, Chief of Police, Clergy-men and others and take them into custody.

All "enemies of the state" were to be put into a concentration camp.

Wisconsin Village Is Taken Over In Communist "Uprising"

MOSINEE, Wis., May 1 (AP) — Three score arm-fisted men gathered in the basement of a Meenice Bank early today awaiting the signal to start a "Communist insurrection."

The revolution was a mock uprising but to Wisconsin legionnaires who planned it, the affair was a serious one to be staged realistically. The demonstration is the first of its kind in this country of what could happen as it has in many European countries. It has been in the making for a long time by those who are taking part.

Sixty-odd men who are ready to carry out the "uprising" have prepared well and long for it. They are legionnaires from various Wisconsin posts and local residents who want to demonstrate what would happen if Communists actually took over.

Directed by two former Communists, the maneuvers are patterned after successful operations in Europe.

Citizens Hear Final Speeches For Candidates

Sanford Courthouse Is Scene Of Last County Gathering Prior To Voting

All but a few seats were occupied in the court room of the Court House. More than 400 citizens turned out Saturday night to hear candidates or representatives of candidates make their final pleas for support before the May 2 primary election.

Through the use of loud speaker facilities, those remaining outside or in their automobiles were able to hear the candidates.

Andrew Carraway, secretary of the Seminole County Democratic Executive Committee had charge of the program, and Mrs. Mavis Hodgkin served as moderator, limiting the 11 speakers to 15 minutes each.

Bill Kirk, speaking in behalf of George Smathers for senator, described Mr. Smathers, with whom he went to school as a crusader who believes that this country is in danger and seeks to keep it free. He pointed out that more than three-fifths of the world's area had been taken over by Communist dictators and declared that there are 100,000,000 Communists in the United States.

He attacked Senator Pepper's statement that one can "inalienably trust Stalin," and told of the 10 American fliers recently shot down over Latvia in a Naval plane. "Would the parents of these men trust Stalin?" he asked. Mr. Kirk described Mr. Smathers as a liberal Democrat who is against monopoly by either labor unions or big business.

Speaking in behalf of Senator Pepper, Mrs. Justice Tally, widow of the late E. M. Tally of Lake County, cited Pepper as a "great American statesman" with 11 years of experience. One of his first speeches in the Senate, she declared, was to seek to have the minimum wage boosted from 25 to 40 cents an hour, and later to 75 cents.

Pointing out the need of better health as necessary to the defense of the nation, she told of Senator Pepper's work for the extension of hospital construction. The national health plan is not settled medicine, she asserted. Mrs. Tally told how Senator Pepper had stood by President Roosevelt during World War II.

Mrs. Helen Alice, Orange, spoke in behalf of Wilbur C. King for railroad and public utilities commissioner in Group No. 1 and told of his five years as a legislator. (Continued on Page Two)

Georgia Voting Law Is Upheld By Supreme Court

All Citizens To Be Required To Take Education Tests

WASHINGTON, May 1 (AP) — The Supreme Court today refused to interfere with a year old Georgia law designed to curb Negro voting by requiring prospective voters to meet educational tests.

The law was described as Governor Herman Talmadge's "pat" measure in the 1949 legislature. It required a complete re-registration of Georgia's 1,200,000 voters. This total includes 120,000 Negroes.

On Apr. 17 the Supreme Court refused to consider an attack on another Georgia election law—the state's county unit system. It is somewhat like the national electoral college. Its opponents call it "an instrument of Negro disfranchisement."

The high court turned down that case, saying federal courts have no right to interfere with the way a state apportion its voting strength.

The appeal attacking the re-registration law was dismissed with the comment that no substantial federal question is involved.

Talmadge said the re-registration act fulfilled a campaign promise he made to end "the evils of bloc voting" by Negroes.

The 1949 law requires a prospective voter to satisfy registrars that he can read any section of the Constitution of Georgia and with the comment that no substantial federal question is involved.

Dennis, general secretary of the Communist Party of the United States, was convicted for refusing to appear before the House un-American Activities Committee. (Continued on Page Six)

Admiral Claims Guided Missiles Should Be Used

Operations Chief Declares Navy Wants 40 Million Dollars

WASHINGTON, May 1 (AP) — Admiral Forrest P. Sherman said today the Navy has developed guided missiles to the point where they should be put into the fleet immediately, ready for use.

The Chief of Naval Operations explained to the House Armed Services Committee that is the reason the Navy wants to spend \$40,000,000 on converting a heavy cruiser into a guided missile ship.

Chairman Vinson (D-Ga.) had asked whether Sherman felt guided missiles had reached a development stage that justified spending the \$40,000,000.

"Very definitely," the admiral replied. "We have guided missiles which are sufficiently advanced that they should be introduced into the fleet as soon as possible. We are not warranted in delaying any longer in getting this essential element aloft."

After hearing the admiral, the committee approved a \$350,000,000 Navy modernization program. It includes the conversion of the cruiser, modernization of other vessels and construction of 112 ships. Among them an atomic-powered submarine.

Vinson wanted to know what a guided missile ship would be used for. "Primarily against aircraft," Sherman replied.

His statements in combination suggested that the Navy now has in the working stage a missile which through electronic or other devices, will seek out and destroy an airplane.

Rep. Elston (R-Ohio) asked whether a cruiser guided missile is large enough to handle guided missiles in their ultimate development.

Sherman replied that he did not think so, that larger ships would be needed when larger missiles were developed.

Vinson suggested that Sherman (Continued on Page Six)

Chilean President Is Having Great Time Visiting Texans

LUBBOCK, Tex., May 1 (AP) — News of strikes rioting in his country failed to dampen the spirits or dull the charm of President Gabriel Gonzalez Videla of Chile today.

Continuing his brisk scheduled alert, bright eyed chief executive planned to visit an irrigation project, appear in a football stadium and attend a luncheon before leaving by plane for New Orleans at 3:30 P.M. He is not programmed to speak at the stadium, but last night he expressed a desire to say a few words to the Texans there.

Gonzalez Videla was heavily watching security details and a search for cowboy hats as a ranch near Lubbock last night when a reporter brought him news of strikes trouble in his country.

The interior minister had been informed at Lubbock that 60 national police and a number of military units were being sent to Lubbock to help in the strike.

After giving the comment, the President went on watching the games and talking to the cowboy band. Apparently he was having a great time. He laughed heartily at the antics of a cowboy clown and some of the 600 persons present at the open air performance.

The Chilean President was in Lubbock for the first time since he was elected in 1946. He is the first Chilean President to visit the United States. (Continued on Page Two)

Florida Senatorial Candidates

Both Candidates Express Confidence As They End Final Drive Of Campaign

MIAMI, May 1 (AP) — The heaviest vote in Florida history, tomorrow will decide the bitter Democratic senatorial race between Claude Pepper and George Smathers.

Secretary of State R. A. Gray predicted 600,000 of the 1,006,560 registered Democrats will choose between the incumbent, Pepper, and the young Miami congressman who has waged a stirring three-month campaign to unseat him.

Both put in a busy final day of campaigning and expressed confidence of victory. Democratic nomination is tantamount to election in Florida.

Smathers made a nine-speech tour from Tallahassee to Pensacola Saturday and said, "I feel very good about West Florida now."

He expected a lumpy vote in his home county of Duval, where 206,000 are registered.

"I feel very confident about the outcome," Pepper said. "That's all I want to say."

The final campaign between Pepper and Smathers was being watched for a possible national trend. The veteran of 14 years in the Senate has espoused what he calls the Roosevelt-Truman program.

Smathers, completing his second term in the House, lashed at Pepper for what he said was his association with Communist-front organizations. His stand on the (Continued on Page Six)

3 Beauty Queens Are Crowned At Jaycee Ceremony

2 Auto Accidents Occur In Sanford During Weekend

The Jaycees celebrated the success of their cleanup, night-up and fix-up campaign for Sanford last week by the crowning of three small beauty queens at the Jaycee's annual Jaycee Beauty Contest, Saturday night, with Godwin Bradley, chairman of the campaign in charge of the coronation ceremony.

The three small misses, all of them from the North Ridge Primary School, were: Miss Mary Ann Watson, Miss Clean-up Girl Howell as Miss Paint, and Sandra M. Kinney as Miss Fix-up. In addition to the three beauties were three great prizes donated by Touchdown's Drug Store.

School children have had a large part in the cleanup campaign, and Mr. Bradley this morning urged the parents of school children to do as much as possible on the work done by children and their mothers around the town in order to determine how much work has been done.

There has been a few responses to the beauties. Miss Watson has been crowned Miss Fix-up of Sanford in the cleanup-up and Mr. Bradley, in behalf of the Jaycees, congratulated the three beauties and thanked them for their work of cleaning up the town. (Continued on Page Six)

Sanford Entry In Spelling Contest Takes 9th Place

Grace Marie Stineschke, Seminole County's champion school girl, placed ninth among 15 contestants in the Miami Herald's spelling contest in Miami Saturday. E. C. Steele, Sanford Grammar School principal, announced this morning.

Virginia House of Longwood, runner-up in the local contest, placed 20th in the Miami contest.

Both girls, in company with Mr. Stineschke and Mr. and Mrs. J. Martin Stineschke, had a fine time in Miami and enjoyed a radio party at Station WQAM Saturday afternoon. During the morning they enjoyed a swimming pool at the Henry Clay Hotel pool.

Betty Lou Rosen of Duval County was the winner of the Miami contest. (Continued on Page Four)

New Industry For Florida Looms In Newsprint Mill

TALLAHASSEE, May 1 (Special) — Recent shipments of newsprint made from Southern pulp to Florida newspapers from the Coosa River Newsprint Co. of Coosa Pines, Ala., points the way toward greater prosperity for Florida as well as the rest of the South in the opinion of State Forester C. H. Coulter.

Coulter said the establishment of the newsprint mill in Alabama provided a new outlet for Southern natural resources of the South.

"The mill in Alabama and one in Lufkin, Tex., assures some annual supply of newsprint," the State Forester pointed out, "and at the same time creates jobs and increased payrolls for the South."

Editor and Publisher, trade journal of the newspaper publishing business, in an editorial in its Apr. 22 issue said establishment of other mills in the South and Rocky Mountains are "imperative."

Coulter said Florida's forest resources could supply all the pine timber needed by a big newsprint mill in addition to woods industries now operating, but he explained that in order to do so the people of the state would have to prevent the annual widespread burning of the state's woodlands which annually takes a toll of some hundreds of thousands of acres and destroys trees—some of them worth \$5,000,000.

Actually, the volume of wood in the trees grown every year would be more than enough to supply a mill as large as the \$25,000,000 Coosa River Newsprint Co. Company, reported by Raymond Tryman announced today.

The Florida News-Union in Jacksonville was the first newspaper in this state to use newsprint made at the new mill. (Continued on Page Two)

Liquor Stores Must Be Closed Tomorrow

All liquor stores in the County closed during the time the polls are open tomorrow, Sheriff P. A. Mero stated this morning.

This ruling does not apply to places that confine their sales to beer and wine, he added.

Sheriff Mero, who returned Friday night from a fishing trip at Key West, had a bad cold and was unable to attend the program held by sheriffs of five counties at Daytona Beach Sunday. He sent Constable Herman "Toots" Brumley in his place.

Stationed at the radio headquarters of Sheriff Alex Littlefield of Volusia County, Constable Brumley listened to reports on a "stolen car" was taken by deputies from New Smyrna and driven by devious ways into action and in 55 minutes the automobile was "located" at one of the road blocks.

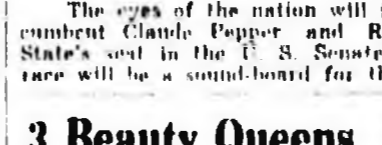

DAV SALE

The entire chapter of the Disabled American Veterans, aided by members of the Seminole High School Band, will observe For-Get-Not-Days tomorrow by selling for-get-me-nots in the downtown section. Chapter Commander Raymond Tryman announced today.

Proceeds of the sale will be used for disabled veterans in Seminole County, with a portion to go toward a campaign of uniforms for the high school band.

Florida Senatorial Candidates

The eyes of the nation will focus on Florida tomorrow when incumbent Claude Pepper and Rep. George Smathers vie for the State's seat in the U. S. Senate. Political observers claim that the race will be a sound-bond for the present trend in national politics.

In Sanford, those living west of Park Avenue will vote at Precinct No. 1 at the Girl Scout Headquarters in the old depot building on Commercial Avenue East. Sanford voters will vote at the Florida Center, Precinct No. 3.

Voting will take place at the following county precinct polling places: No. 2, Lake Monroe School House; No. 4, Wilson School House; No. 5, Oviedo Town Hall; No. 6, Geneva Community Center; No. 7, Chuluita School House; No. 8, Goldenrod Community House.

Other polling places are: No. 9, Longwood Town Hall; No. 10, Oklawaha State at Lake Mary; No. 11, Altamonte Springs Community Center; No. 12, Mrs. L. Hodges' home at Forest City; No. 13, St. Ann's School House; No. 14, Haverhill, at 7th Park; and No. 15, East N. Roth Garage at West Lake.

This is a Democratic Primary election and only those registered as Democrats may vote in it. Those registered as Independents or as Republicans cannot vote in this election, but will have to vote in all the general election in November to cast their ballots.

According to State law, the voter is required to sign his name on the ballot, or if unable to sign his name, he shall place his mark with the assistance of one of the inspectors. The marking official will place his initials on both sides of the ballot.

This law provides that upon (Continued on Page Four)

2 Auto Accidents Occur In Sanford During Weekend

Police were notified Friday night of two Florida Highway Patrol Officer's Dodge sedan stolen May 1 from in front of the home of Mr. and Mrs. Roy Gason 794 Palmway Avenue, and later located in a Kalamazoo garage. The stolen car was referred by the police to the H. James Giff International Agency.

It is planned to return home next morning, after the period of waiting tomorrow. Police Chief Roy G. Williams said today.

G. H. Mitchell Dies In Macon Hospital

G. H. Mitchell, father of J. C. Mitchell, died Sunday in a hospital in Macon, Ga. Funeral services and burial will take place Monday afternoon at 2:00 p.m. at the funeral home of J. C. Mitchell, 100 N. Duval St., Sanford.

Survivors include the widow, Mrs. J. C. Mitchell of Sanford; one daughter, Mrs. John R. Roberts of Barnsville, Ga.; and 10 grandchildren.

J. C. Mitchell, a member of the Herald staff, is expected back in Sanford late today or early tomorrow.

Stassen Informs Chambermen That U. S. Is Being Undersold

WASHINGTON, May 1 (AP) — Harold E. Stassen told business leaders today that as far as the world's working people are concerned capitalism "is the most undersold economic system in all history; and Socialism and Communism are the most oversold."

He said the job of reversing that situation rests with American industry. If it succeeds, he added, the result could be an end to the cold war with Russia—and the possibility that a "third hot war" need never be fought.

In an address prepared for a meeting of the United States Chamber of Commerce, the University of Pennsylvania president declared:

"It is my view that the most important single informational job that needs to be done in America is to develop a better understanding by American workmen of the modern capitalistic economic system of which they are a part. If they get to thoroughly understand it, they will never change it. If they get to thoroughly understand it, they will force both major political parties to stop the drift toward Socialism in America. If they get to thoroughly understand it, this country will retain its leadership and economic power and it will definitely win the cold war, and roll back the tide of Communism and oppression. Above all, the winner of the cold war will make it more and more unlikely that a third hot war will be fought."

Stassen, a former Minnesota governor who was an unsuccessful contender for the Republican Presidential nomination in 1948, addressed some 2,500 delegates to the Chamber's 38th annual convention.

His address followed one by Chamber President Herman W. Steinkraus which had as its theme that "A United Nation at home is the best answer to the world situation."

Stassen said the American workman is "grossly misinformed about the operation of his own economic system," and added:

"It is not surprising. He has (Continued on Page Two)

Odham Endorses Volie Williams For Legislature

Rep. Bradley Odham in a radio broadcast Friday night endorsed Volie Williams Jr. for Democratic nomination to succeed himself in the State Legislature.

Pointing out that he and Volie Williams Jr. would make Seminole County an able representative, said Mr. Odham, "I think he would be a credit to this county and to the state of Florida. I believe that the most able people like Volie Williams, and my good friends, Ferris Bryant and Tom Cobb, that we have in the Florida Legislature, the better state government we will have. Florida needs Legislators whose principle interest lies in good government and not in how much money they can make as a legislator."

N. Y. RIOTS STOP

NEW YORK, May 1 (AP) — Students trooped peacefully back to classrooms today, following a week in which thousands of them had joined in riotous demonstrations.

Today was the first school day that no disorders were reported since last Tuesday, when student revolts broke out in a demand for higher teacher pay and restoration of extra-curricular activities.
