

# Braddock And Schmeling To Fight In September

## Bill Cates, Third Sacker, Shows Big League Promise

### Youthful Infielder Holds Down Hot Corner Ably; Stick Work For 1935 Hits .279 Average

By JULIAN STENSTROM  
Bill Cates, young third sacker for the Lookouts, seems to have received publicity from a large number of newspapers in the Eastern states.  
Bill was admitted to the Brooklyn Dodgers' training camp at Orlando in 1935, and there he made a great showing and was nearly taken to the Big Show, but for a major league take it was impossible to take him up.  
Cates was sent to Leaksville to hold down third but he did not like the place and asked for

his release to play in the south. He signed up with Gainesville of the Northeast Florida League, but due to a sore arm he was released. Cates was hired by the Sanford Club last year and played every game until the last three weeks of the season when he was called to Key West by his family. Cates was on the last train to go over the over-sea bridge before it was destroyed by a hurricane.  
Cates finished last year hitting .297, which was a good average for this league, and he secured base hits in every game with the exception of seven.  
At the beginning of the 1938 season he received a letter from Bert Chapman, temporarily manager of the Lookouts at that time, asking him to return to the Sanford Club again this season, which he did. He was hitting .441 at the end of the first three weeks of play.  
Although Cates has been a batting slump lately, his defense at third base has been highly commendable.  
All work will be done by feminine employees in the camp of women Olympians, since men will be barred from the feminine sanctuaries.

### Our Kitchen Is More POPULAR Than Ever

For Steaks, Chicken, Chop Suey  
Pick your favorite drink. You'll find it at Perk's Bar. And you'll find it mixed right and served right. . . a result of selected liquor and specialized mixing. That's the secret of the popularity of Perk's better drinks, served the RIGHT way!

## Century, Garden Combine Efforts For Big Battle

### Fifty-Fifty Division Of Gate Receipts Agreeable To Two

NEW YORK, July 25.—(AP)—Then on again, off again world's heavyweight championship fight between James J. Braddock and Max Schmeling was definitely on today.  
It will be held in September in Madison Square Garden's big Long Island Bowl, with the Garden and the Twentieth Century Sporting Club as joint promoters.  
After weeks of wrangling, the two big New York clubs got together yesterday. Everything was satisfactorily settled except the date. It will be between Sept. 24 and Sept. 30.  
The Garden and Twentieth Century will divide the profits fifty-fifty after all expenses have been paid. Mrs. W. H. Hearst's milk fund, which has been closely associated with the past shows of the Twentieth Century, will not be a participant.  
Except to share in the profits, if any, Mike Jacobs, head of the Twentieth Century Club, will not be actively identified with the promotion save in an advisory capacity.

### Townsend Selects Landon For Second

BOSTON, July 25.—(AP)—Dr. Francis E. Townsend, who has endorsed Representative William Lemke, Union Party candidate for president, admitted today that he had a second choice—Governor Alfred Landon, the Republican nominee.  
"Of course, I prefer Landon," the pension leader said in an interview before his address at the Boston Arena. "It would be the most disastrous thing that could befall this nation to have the present Administration remain in power."  
He predicted, however, that the ultimate choice for President would not be Representative Lemke, Governor Landon or President Roosevelt. An electoral college deadlock, he said, would throw the election into Congress where Townsend members would name the President.  
Dr. Townsend told a cheering crowd at the Arena that his organization was planning a petition in every state immediately after the election to ask the various legislatures to memorialize Congress for Townsend amendments for the President.

## Baseball Group To Discuss Important Problem At Chamber

Arthur Brannan, chairman of the local Baseball Committee, today urged all members of the body to attend a special meeting tonight at 8 o'clock in the Chamber of Commerce.  
Following are the men composing the unit:  
Charles Dunn, representing the County Commission; E. H. Laney, Kiwanis Club; W. A. Leffler, City Commissioner; Jno. Meisch, Jr., Lions Club; G. W. Spencer, Rotary Club; J. H. Truluck, Junior Chamber of Commerce; and Fred Zerrmer, American Legion.  
Mr. Brannan is the Chamber of Commerce representative.

People should read and heed these lines!

WE SAY AGAIN: every body likes fresh eggs. Every body likes fresh milk. And everybody who cannot get better like these factory-fresh... Tobacco is not the best when fresh.

What do you do to get cigarettes factory-fresh?

They are they especially fresh! They are the only cigarettes wrapped in the finest moisture-proof Cellophane ob-

The double Cellophane wrapping keeps out dampness, dries out every other foe of cigarette enjoyment. It gives you factory-fresh cigarettes as fresh as the day they were made.

## Mexican Gulf Is Swallowing Tropical Blow

### Utility Employee Dies In Preparation Of Storm Defenses; Lime Trees Struck

## Storm Is Gaining Hurricane Force

### High Tides And Wind Only Effect Felt In South Florida

JACKSONVILLE, July 29. (AP)—The Weather Bureau advisory at 11:30 A. M. said "center of the tropical disturbance at 10:30 was approximately 25 miles off shore from Boca Grande, and apparently moving northwestward at 12 miles per hour or more.

The storm now apparently has shifted hurricane intensity over a small area near the center and will cause a strong northeast to southeast gale on the Florida west coast this afternoon and tonight, possibly reaching hurricane force on the exposed pieces of the coast.

Caution is advised to persons in low places against high tides. The storm's passage brought an unusually high tide, flooding streets in the Everglades but there was no wind damage.

MIAMI, July 29. (AP)—A tropical disturbance blew out into the Gulf of Mexico today, leaving little sign of its short run across the southern tip of Florida.

## Milk Control Board Votes For Enforcement Of Law

### Group Establishes Future Policy In Meet At Orlando; Will 'Crack Down' On All Violators

Recommending that each member of the milk and milk products industry in Florida "set his own house in order," the Florida Milk Control Board, in a policy-making session attracting over 200 persons to the Amphitheater in Orlando Monday, promulgated strict enforcement of the existing Florida Milk Control law "with all the facilities at our command."

Called to Orlando at the request of the Florida Dairy Association and the Florida Milk Products Association, the board which included Commissioner of Agriculture Nathan Mayo lost little time in establishing its future policies in the light of a Supreme Court decision upholding the constitutionality of the Florida Milk Control Law.

Faced by a large group of dairymen and producers gathered from all parts of Florida for the purpose of finding out whether the board would "crack down" on all violators of the price-fixing and other features of the law, the board released a nine-point statement which the chairman, W. Henry Bryant of Jacksonville, termed as "of vital interest and importance to the entire industry as well as to retailers and housewives."

The nine-point declaration: 1. "The Milk Control Board will strictly enforce laws with all the facilities at its command, to the limit of its limited financial abilities by reason of the limited income-producing features of the bill under which we operate.

Under a present ordinance, police have the authority to kill immediately any dog who does not have a license.

## Move Started To Raise Cash For Ball Club

### Wert Says \$1,000 Is Necessary Or Team Must Drop Out Of State League Play

A baseball committee of Sanford citizens today inaugurated a move to raise finances that will enable this city to hold its team in the Florida State League for the remaining days of the season.

Chairman Arthur Hranan called the committee together at the Chamber of Commerce last night and heard Club President Charles Wert say that the local franchise must be dropped unless \$1,000 is procured in the immediate future.

The group unanimously adopted a program of selling blue tickets for the remaining 13 home games of the season. Each book will go on the market for \$4.

President Wert announced the alarming financial condition of the athletic unit by pointing out a \$300 debt now outstanding. He said the club had exactly \$5 in the bank and payday to be met Aug. 1.

There was the qualifying announcement that \$16 in cash is retained by the box office to be used as change which cannot be used for expenses until the end of the season.

Eddie Gilliland of DeLand president of the League, made a strong plea for Sanford to retain her ball club, pointing out that it is one of the best and most economical mediums of publicity. He added that this city is the "best baseball town in the league."

According to the plan formulated last night, committees will cover the city and contact a list of sports enthusiasts, businessmen and all other persons.

It was brought out that baseball is more or less a civic movement and one does not necessarily have to attend ball games if he buys a season ticket.

In reiterating the value of a baseball team, Mr. Gilliland declared a belief that this state league would have a class "C" league or one grade higher than the existing organization.

Five Boy Scout troops are active in Seminole County today and three are in process of forming.

# Tampa Newsman's Kin Is Injured In Spanish Revolt

## County Planning Board Discusses Local Projects

### Hopes To Name Order Of Preference In Future Meeting

The County Planning Board last night deferred making recommendations on WPA projects which have been proposed in Seminole County.

However, the body voted to take action in the near future on proposals already approved or waiting approval in the district office at Orlando.

It was brought out that a certain set of new rules will be in effect when the projects are selected, although board members did not make these regulations public.

Last night's session was attended by Howard V. Lee, director of state WPA district number two, and Alfred J. McKay, chief engineer of the district.

The group thoroughly discussed all approved projects and those tentatively okayed.

Later, the board plans to discuss various projects with city and county officials in an effort to determine which units of proposed work advanced by the two governmental bodies are the most desirable and should be placed at the head of the submission list.

City Commissioners already have indicated their preferences. Widening Magnolia Avenue was given first choice. Improvements to the baseball field and construction of a clubhouse was named second. A local sewer project ranks third, while reconditioning the municipal pier is fourth.

## Kiwanis Hears Of Scout Activity In Seminole County

Five Boy Scout troops are active in Seminole County today and three are in process of forming.

Arthur Hranan, of the Central Florida Scout Committee, told Sanford Kiwanians today.

This city has three troops, Mr. Hranan said. Orlando and Longwood have one each. Chucuta, Lake Mary and Lake Monroe are forming units.

Russell Mason reported on the work of local Girl Scouts, announcing that two masters are taking special work this summer to better equip themselves for leadership.

During the program, J. B. Hagedorn, new Central Florida Council Scout executive, was introduced and H. P. Morris, master of troop five, said he now has 55 members with eight on the waiting list.

## Ex-Crown Prince Lindbergh's Host

Col. Charles A. Lindbergh (right) and former Crown Prince Frederick Wilhelm of Germany are shown in this radiophoto with Mrs. Lindbergh as they swapped aviation tales during the Lindberghs' visit to historic Cecilbuhf castle at Potsdam. (Associated Press Photo)

## Business Houses Pay Tribute To Mrs. G. A. Speer

### Services Are Held In Holy Cross Church At 4 P. M. Today

The greater number of Sanford's stores closed today for one hour as a tribute to Mrs. George A. Speer whose funeral was held at 4 P. M. from the Holy Cross Episcopal Church.

The Rev. Martin J. Hranan officiated during the services which were augmented by special music from the religious institution's vested choir.

Interment was in Evergreen Cemetery.

Active pallbearers were: Dr. L. T. Doss, Arthur Zachary, Jr., W. A. Laffer, Randall Chase, Hawkins Connelly and F. D. Scott.

Those serving in an honorary capacity were: R. A. Newman, D. L. Thresher, Dr. S. Bullock, Walter Hand, J. C. Hutchison, Ralph Wright, Frank S. Woodruff, B. F. Whitner, Sr., G. P. Smith and A. D. Zachary.

Mrs. Speer was fatally injured Sunday afternoon near Greenville, E. G., when the automobile in which she was riding overturned after blowing out a rear tire.

Mr. Speer, who escaped without injury, returned here the following day. He remained at his home yesterday.

## Mayor Calls For Clean-Up Drive Before Winter

### Urges Elimination Of Trash, Weeds For Seasonal Visitors

Mayor Shinholzer today made an unofficial appeal that Sanford residents and property owners get started immediately on a clean-up campaign to make the city as attractive as possible before the winter season arrives.

He pointed out that the City's Street Department for the past few weeks has been actively engaged in cutting weeds on vacant lots, trimming unightly dead branches from trees, and carrying on other operations toward beautification.

One particular point stressed by Mayor Shinholzer was that of allowing wind-blown trash and paper to collect in the front yard of a residence. He declared that only a few minutes each day applied to one's yard would insure its being kept free of foreign matter.

The Mayor especially urged that weeds on private property and in flower gardens be destroyed as quickly as they appear. He said they not only make for a shabby appearance but also threaten cultivated plants in some instances.

"Summer is nearly passed," the Mayor emphasized, and winter will be on us almost before one can realize it. One concerted clean-up effort on the part of our citizens within the next week will put properties into such condition that only a small amount of attention will be necessary to keep in first rate appearance for our winter visitors.

Among the suggestions for beautification offered by Mayor Shinholzer, are trimming hedges, raking leaves, mowing lawns and of course keeping yards free from blowing paper and weeds.

## Dairymen Invited To Attend Meeting

County Agent C. R. Dawson today invited all Seminole dairymen to attend a meeting with H. L. Brown, extension dairymen, in the county farm office Aug. 10.

Mr. Dawson said the session was called for the purpose of discussing the Florida milk laws. Individual invitations are being mailed by the county agent.

## Loyalists Submarine Is Reported Sunk By Rebel Airship; New Drives Begin

## Confiscation Of Schools Ordered

### U. S. Citizens Ready To Evacuate, Will Entrain Tomorrow

(By The Associated Press) The seacoast city of San Sebastian trembled today under a renewed cannonading and the Spanish Government submarine was reported sunk by a rebel seaplane as fresh drives for control in Spain's civil war were launched by Fascists and Loyalists.

Washington announced the American woman wounded last week in fighting was identified as Mrs. Fernando Gallardo, daughter of Colonel D. B. McKay, of the Tampa Times, the only American known to be injured. Extent and nature of her wounds were not revealed. She was a patient at the Madrid embassy after her removal from Guadrapana Sanatorium.

To speed the work of crushing the revolt, now in its twelfth day, the government insisted on page three.

## Twenty-One Local Woodmen Present At District Meet

Twenty-one Sanford Woodmen of the World last night attended the organization's district two meet in Unatilla where Judge James G. Sharon delivered the principal address on "Fraternalism." O. P. Herndon, head of the local lodge and president of the district, was presiding officer.

An address also was given by V. P. Miller, state manager of the lodge.

Next district meeting is scheduled for Oct. 22 in New Smyrna. Those attending last night from Sanford were:

Mr. Herndon, Judge Sharon, C. C. Collins, L. I. Keller, Charles Dorton, I. A. Lane, J. W. Snow, J. M. Vining, Rufus L. Vining, E. B. Phillips, J. E. Fox, C. C. Hincheliff, Ed. Carraway, O. R. Smith, R. R. Floyd, Willie Harper, W. W. Owens, Charles Tew, M. M. Smith, L. Swain and J. Speyer. Ten Woodmen camps were represented.

## Tax Collection Plan Is Held In 'Abeyance'

Special business on the part of the County Commission yesterday prevented City Attorney Fred R. Wilson presenting to the County a plan by which it would cooperate with the municipality in gaining receipts for revenue-producing property on which taxes are delinquent.

Fred R. Wilson, city attorney, said he is scheduling a conference with E. F. Housholder, county attorney, for discussion of the plan which may be offered to the County body at its next regular meeting.

## LINDBERGH BAILS

BERLIN, July 29. (AP)—Colonel Charles A. Lindbergh, inspecting the government glider schools at Rhinow, did a high gliding himself today. A sail plane was placed at his disposal for several flights. He said he enjoyed the experience immensely. The aviator is scheduled to meet Hitler tomorrow.

# Reds Wallop Two Lookout Hurlers For 7 to 5 Win

## Locals Pushed Further Down In Loop Standings

### Davis Is Injured, May Be On Bench For Several Days

By E. H. CULLUM  
The Lookouts were pushed further into the cellar yesterday afternoon when DeLand took the third game in a row by a 7 to 5 score on the local lot.

Wright, on the mound for Sanford, yielded eight hits, which aided by costly errors by shortstop Clary, resulted in six runs before he was retired from the eighth inning by a pinch hitter. Medler pitched the last inning, giving up one hit good for one run.

Duda, the Red's ace hurler, started for DeLand but was shelled from the mound in the fourth inning after giving up three hits and two walks good for four runs. McMullen took up the burden and although the Lookouts secured six hits off his delivery, they were unable to put over a single counter.

The Lookouts drew first blood in the second when they scored one run on one hit and a walk. DeLand came right back in their half of the third and took the lead by securing two runs in the fourth frame. The Lookouts then put over their four runs in the fourth to again take the lead. DeLand countered in the fifth by putting over two runs.

Coming into the eighth inning with the score standing 5 to 4 in favor of the Lookouts, the Red's pitcher over two more runs and sewed up the game. They added one more in the ninth for good measure.

Poynter, catcher for the Reds, sprained his ankle so badly in sliding into second in this frame that he had to retire from the game. Davis, first baseman for the Lookouts, broke a blood vessel in his left foot in the eighth inning and also had to retire from the game. Both players will be out of the line-up several days.

Chiado, newly acquired fielder, was the batting star for the Reds, getting three hits out of four times up, one of them good for two bases. Langston with three for five was the heavy hitter for the Lookouts. Malby's catch in the eighth, and Overstreet's catch of McMullen's hard hit ball to the right field fence in the sixth were the fielding gems of the game. The Lookouts will engage the Daytona Beach Islanders on the local field today at 4 o'clock.

## Miami Team Takes State Pistol Shoot

MIAMI, July 23.—(AP)—Miami captured the open four-man team competition here yesterday in the Southern Regional and State pistol shoot at Tampa. Police range, Miami, won with 1,000 points and the No. 2 team was third with 970.

## Islets Continue Losing Streak; G-Men Win, 7-4

### Leaders Drop Eighth Straight Contest; Fielding Shines

GAINESVILLE, July 23.—Batting in six runs by collecting four trips to the plate, Russell Bevell led the Gainesville G-Men to a 7-4 win over the Daytona Beach Islanders here yesterday afternoon. This win by the locals cut the league-leading Islanders lead in the Florida State loop to two games over the second place G-Men.

The loss by the Daytona Beach nine yesterday was their eighth straight. This tied the losing streak record that the Gainesville Club made in the earlier weeks of the season. The G-Men scored two runs in the first when Bevell tripled to center to score a pair of runners. Another was sent across in the third when Bevell singled to score a runner from third. Two more were racked up in the fifth when Pitman and Beach doubled and Bevell singled. The final two runs came in the seventh as Bevell doubled to score two runners.

The Islanders scored once across the plate in the third on three hits, two more on in the fifth on a pair of hits, and one in the sixth on two hits.

Daytona Beach filled the baselines in the fourth with none down, but failed to score as Hosinski forced Dillingham at the plate, and Mittleman hit into a double play.

The losers collected 13 hits off the delivery of McNamara but excellent fielding in the pinches staved off several scoring efforts.

The Gainesville team will meet the St. Augustine Saints here today at Harris field at 4 o'clock.

## Calumet Evelyn Sets Trotting Mark

OLD ORCHARD BEACH, Me., July 23.—(AP)—Calumet Evelyn, world champion double-gaited mare, set a new grand circuit trotting mark for the 1936 season by stepping off a mile on the kite track here in 2:01 1-4 yesterday.

Calumet Evelyn's performance, winning the second heat of the 2:10 trot, also established a state trotting mark, and a new track record.

In fact, the track record of 2:05 1-4 was smashed in eight of the nine dashes on yesterday's card.

Vic Fleming drove Calumet Evelyn to a straight heat victory in the 2:10. Her record mile was clocked by quarters: 29, 1:01 1-2; 1:32 1-2; 2:01 1-4.

## Art Jarrett Sails To Join Eleanor

BERLIN, July 23.—(AP)—Eleanor Holm Jarrett, dismissed from the American Olympic women's swimming team, yesterday revealed that her architect-leader husband, Art Jarrett, was sailing from New York aboard the Queen Mary to join her.

## ELEANOR HOLM JARRETT IN BERLIN

Eleanor Holm Jarrett, dropped from the Olympic team for violation of training rules, is seen in this picture—telephoned to London and radioed to New York—talking to a policeman in Berlin. Members of the United States team petitioned the Olympic committee to reinstate Eleanor after the group had denied her tearful plea for "one more chance." (Associated Press Photo)

## U. S. Athletes Open Vital Workouts In Berlin Oval

### Track Team In Better Shape Than Eight Years Ago At Amsterdam; Glenn Cunningham's Legs Sore

BERLIN, July 23.—(AP)—The clouds rolled by after nearly 24 hours of heavy rain yesterday, and sun emerged and shed its scorching rays upon sweltering athletic aggregation of talent yet turned loose upon the village greenward put in its best training licks since the weather man cast a restraining hand on Olympic preparations.

Dominating the colorful picture with athletes of a score of nations going through their paces late in the afternoon, the Americans seized the opportunity to make up lost ground, get the kinks out of their ailing systems and shake off some of the effects of a disturbing epidemic of colds.

"If we can just get a few days of sunshine along with a dry track we'll bring most of the boys around," said Lawson Robertson, coach of the American track and field array.

"General speaking the track team is now in better shape than at a corresponding time eight years ago at Amsterdam. That's not bragging, however."

"We could stand considerable improvement. The way it looks now we'll have to do some gambling and hoping in the opening events Sunday."

The Americans were out in force with a few exceptions, such as Glenn Cunningham, 1500 meter star, whose legs still were too sore to permit hard work. Archie San Román, young middle distance runner from Emporia (Kan.) State Teachers College, also took it easy, resting a somewhat tender instep which developed after a sensational mile and a half trial Monday.

Jose Owens, Ohio State negro flash who is aiming at a triple Olympic crown in the 100 and 200 meter sprints and the broad jump, already is tapering off his training and will have only one more day of hard work, Thursday, before he starts his bid.

## MOTION DISMISSED

RENO, Nev., July 23.—(AP)—Harry Baumister's motion to set aside modification of a Reno divorce decree which gave actress Ann Harding, his former wife, exclusive custody of their 7-year-old daughter, Jan, was dismissed without prejudice, his attorney, Samuel Platt, said yesterday.

## WHISKERS RAVE

HUME, Mo., July 23.—(AP)—D. Vin, veteran reporter, estimated that he had covered more than 50 years in news gathering. He said he had been in the news business since 1884, when he was 12 years old. He said he had been in the news business since 1884, when he was 12 years old.

## Jenkins Is Ready To Speed Over Utah Salt Beds

### American Will Try To Better Records Set By Englishmen

SALT LAKE CITY, July 23.—(AP)—Ab Jenkins, bronzed Utah king of American speedways, uncrated a new kind of racing car, a virtual grand plan, Monday and promised an assault within a week upon all noted car speed endurance records from 1 to 24 hours.

"Using an airplane motor for the first time, I intend to hang up records that Capt. George Eyston, John Cobb and the other English drivers won't be able to crack for a long while," he declared.

Eyston broke all the records from 500 kilometers to the 48-hour run in a grind over the famous Bonneville salt flats two weeks ago.

The bullet-nosed, streamlined yellow racer which Jenkins is preparing for a run to start before Aug. 5 embodies several distinctive new engineering principles.

Mounted just behind the rear-leather-cushioned seat are a large stabilizer providing a fish-like, controllable pitch, to be set at an angle to follow the curvature of the course. Just back of the front wheel is an adjustable fin, also designed to aid in guiding the car around the circular salt track.

A 12-cylinder airplane motor provides 700 horsepower at 2400 revolutions a minute, compared with 4000 R. P. M. required in the race Jenkins used last year. Possibility of clutch failures, which marred two previous runs, is eliminated by a device which locks the clutch at high speeds.

Jenkins first established a 24-hour world speed record in 1928—85.2 miles an hour. He bettered his own mark later as follows: 1932, 119; 1933, 117; 1934, 127. In 1935 Cobb took the record away with 134, Jenkins regained it with 135.4, and Eyston captured it with 149, improving the mark two weeks ago to 149.09 miles per hour.

## McLucas Attending Alabama Institution

Leonard McLucas, instructor of physical education in Seminole High School, is a member of the faculty at Camp Cloudcroft in Mentone, Ala., school circles said here today.

Mr. McLucas will leave Alabama this week for New York where he will attend a conference on coaching. Later he will attend a coaching class at the University of Florida until Sept. 1.

## Home Runs

By The Associated Press.  
Yesterday's homers: Averil, Indians; Ott, Giants; Canelli, Phillies; Gehrig, Yankees; 1; Sal Kirk, Yankees; 1; Goslin, Tigers; 1; Hale, Indians; 1; Goodman, Red Sox; 1; Lombardi, Red Sox; 1; Jordan, Dodgers; 1; Werber, Red Sox; 1; Vesper, Browns; 1.

The Meders: Gehrig, Yankees, 21; Foxie, Red Sox, 21; Tronky, Indians, 20; Ott, Giants, 21; Canelli, Phillies, 19; Averil, Indians, 19.

## CREW IS LOST

CHICAGO, July 23.—(AP)—Members of a crew of 21 men strong were believed drowned early today when the lake-ranger barge "Material Service" carrying 2500 tons of gravel, ran into choppy water, listed suddenly and sank in Lake Michigan. Seven of the crew were rescued, but Captain Charles D. Brown of Port Huron was presumed to have died with 16 others.

## Troy Duncan Is Seen As Excellent Local Prospect

### Young Outfielder Has Great Throwing Arm; Shows Ability To Become First Rate Base Stealer

By JULIAN STENSTROM  
Troy Duncan, one of the Lookouts' new acquisitions, is thought of by the local fans as one of the best prospects on the squad so far this season.

Duncan was born and reared in Georgia. At an early age he started baseball in high school. In 1935 Duncan was signed by the Chattanooga Lookouts of the Southern Association and farmed out to the Orangeburg Club of the South Carolina League.

This season he was sent to the Thomaston Club in Georgia. The Lookouts needed an outfielder and Duncan was sent here.

Duncan is 18 years of age, stands 5 feet 1 inch, and weighs 143 pounds. He covers the ground at a remarkable rate of speed. With a little training Duncan should make a first class base stealer.

Since he has been with the Lookouts he has scored from one to two hits in every game he played. One of his greatest feats is throwing out base runners at the plate from the outfield. Recently in Palatka he threw out two men at the plate.

Officials of the club and sports writers of the league believe Duncan to be a great asset to the local club.

## Relief For The Itching of Eczema

It's wonderful the way nothing, cooling Zemo brings relief to itching, burning skin, even in severe cases. Zemo usually stops when Zemo touches tender and irritated skin, because of the rare ingredients. To compare the irritations of Rashes, Ringworms, Eczema and Psoriasis always use Zemo, nothing else. It should be in every home. Made on genuine Zemo. Approved by Good Housekeeping Bureau, No. 4874, 866, 868, 871. All drug stores.

## Plowman Hurls Azaleas To 5-2 Win Over Saints

### Schneider Touched For Eleven Hits, Mates Get Seven

ST. AUGUSTINE, July 23.—Garfield Plowman, recruited by Palatka from the Florida-Alabama League, hurled seven-hit ball here yesterday as the Azaleas finished with a three-run spree to down the St. Augustine Saints in the Florida State League, 5 to 2. It was the same score by which the Saints humbled the Azaleas on Sunday.

With the score standing at 2-1 going into the ninth inning, error, doubled by Hines and Smith, and singles by Andrews and Manager Tom Gallagher, chased three runs home and gave the victory to Palatka.

John Schneider, St. Augustine's ace southpaw, was touched briskly by Palatka for 11 hits. The Azaleas were a constant threat as Schneider gave up seven bases on balls.

The Saints opened with three successive singles but dumb base running prevented a score. Zupanic's double turned into a run by St. Augustine in the second frame and two hits and an error gave the Azaleas another tally in the seventh.

Palatka took a 2-0 lead in the sixth when singles by Andrews and Whire drove home tally. Hines with a double and two singles and Smith with a couple of two baggers topped the Azaleas' attack. Baker and Zupanic, with two hits each, lead St. Augustine's offense.

Notice is hereby given that under and by virtue of that certain Final Decree entered in that cause pending in the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, on the 11th day of July, A. D. 1935, wherein M. C. LYNCH, was plaintiff, and CHRYSLER FINANCIAL HOLDING COMPANY, a Florida corporation, was defendant, same being Case No. 1347 in the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, the undersigned Special Master in Chancery, appointed to the office of said court, do hereby certify that the following described property, located in Seminole County, Florida, to-wit:

West Florida Braces Itself For Big Blow

Hurricane Predicted To Strike Between Pensacola And Apalachicola Today

Gulf Coast Flies Warning Of Storm

Cooler Weather Accompanies Stiff Winds From South

JACKSONVILLE, July 30. (AP)—West Florida waited today for a tropical storm approaching through the Gulf of Mexico.

Shower and cooler weather accompanied the storm. Weather forecasters had expected the storm to hit the coast between Cedar Keys and Apalachicola during the early morning hours but it remained in the Gulf and moved more to the west.

The bureau's morning advisory said the storm center is south of Apalachicola moving north-

ward from Cedar Keys to Pensacola. Heavy rain warnings were up from Pensacola westward to the Mississippi River and from Cedar Keys southward to Tarpon Springs.

Water front property is well protected in advance of the storm.

The storm cut across the extreme southern tip of Florida tonight without doing any appreciable damage.

Baseball Campaign For Funds Started With Ticket Sales

A sale of season tickets for the remaining 13 home games in the Sanford Baseball Club schedule began today with every indication of success.

Tuesday night a baseball committee sat in the Chamber of Commerce and voted a drive for cash before the city would have been forced to withdraw from the Florida State League because of a lack of funds.

Season tickets are being sold at 50 cents.

Sanford must have announced that \$1,000 must be raised to meet obligations or else the franchise would be dropped.

According to plans formed by the committee, ticket sales are being conducted under the sponsorship of various civic organizations who are represented on the body.

Legionnaires Will Attend DeLand Fete

Sanford's American Legion Post will be well represented in DeLand tonight where the Volusia county legion unit is sponsoring a chicken dinner and dance.

The affair begins at 6:30 P. M. with dancing starting at 8:30 P. M.

A large number of Legionnaires are attending the Lookout Mountain baseball game in Daytona Beach today with the hope of returning to Sanford tonight.

Sanford's American Legion Post will be well represented in DeLand tonight where the Volusia county legion unit is sponsoring a chicken dinner and dance.

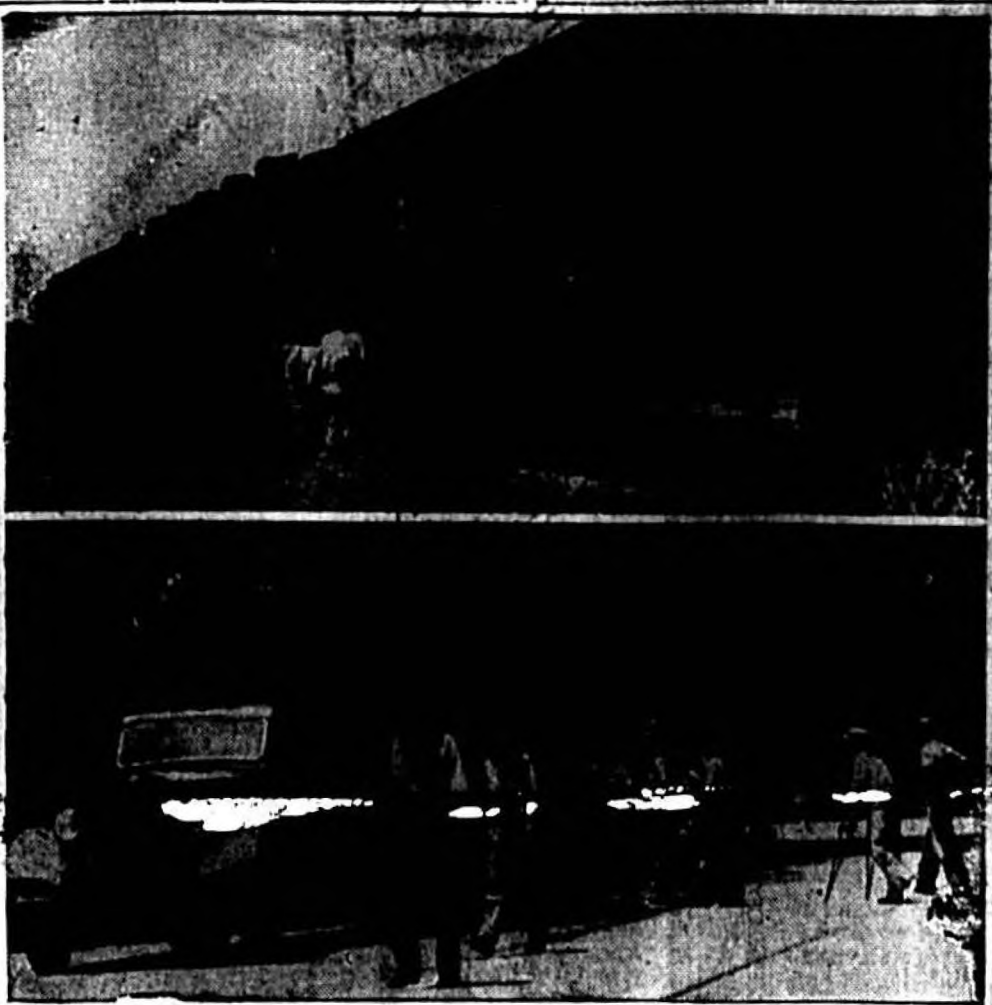

The affair begins at 6:30 P. M. with dancing starting at 8:30 P. M.

MILK EMBARGO TIGHTENED IN DAIRY STRIKE

Bent on preventing shipments of milk into New Orleans until the price is raised a cent a quart, embattled farmers are shown (top) halting a passenger train at Tangipahoa, La., and searching the baggage car for dairy products. Below, another group is seen searching a truck in the same town. Thousands of gallons of milk have been dumped since the embargo was declared. (Associated Press Photos)

Knox To Receive Notification Of GOP Nomination

Formal Ceremony Is Scheduled In Chicago At 7:30 P. M.

CHICAGO, July 30. (AP)—Colonel Frank Knox, Chicago newspaper publisher and former Rough Rider, takes the center of the political stage tonight to accept the Republican vice-presidential nomination and amplify the party's 1936 challenge.

The Chicagoan officially will be notified in ceremonies beginning at 7:30 eastern standard time at the Chicago Stadium, one of the world's largest covered auditoriums.

His speech is expected by party leaders to be the second half of the Republican party's statement of aims in the current campaign, and an outline of what it will do if installed in place of the Democratic Administration.

He will supplement the address his running mate, Governor Alf Landon in Topeka last week.

Ceremonies will last about two and one half hours.

Republicans Delay Senate Nominations

JACKSONVILLE, July 30. (AP)—Florida's Republican Executive Committee today again delayed selection of nominees to oppose Democratic candidates in the November general election for two unexpired United States Senate terms vacated by the recent deaths of Senators Fletcher and Trammell.

A sub-committee was named to recommend candidates to the full committee which will pick nominees at a later meeting, probably in August.

Ford Observes 73rd Birth Anniversary

BIG BAY, Mich., July 30. (AP)—Following a custom he established a few years ago, Henry Ford observed his birthday today at his home in the Huron Mountain Club area, west and north of here, on the rugged Lake Superior coast.

It was Ford's seventy-third birthday, but no celebration was planned.

Ford at 73 looks as well as he did at 60 and apparently has lost none of the vitality and enthusiasm that has characterized his career since he assembled his first successful motorcar in 1892 and fought battles and law suits without number to win success after he was 60 years old.

Harold Goldman, playwright and screen writer, said his first short story was published.

Washington's Funeral Is Told In Paper Found Here

Mrs. H. B. Stevens Discovers Old Publication In Home; Napoleon's Activities Recounted

An Ulster County, N. Y., Gazette, published Jan. 4, 1800, and carrying a story of George Washington's funeral was discovered today in the home of Mrs. H. B. Stevens.

The paper was brown with age, although it was in excellent condition and readily readable. The Stevens family are unable to determine how the copy found its way into their home.

Washington's burial ceremony article was bordered in solid black, a universal custom of newspapers until only recently and still followed by some papers.

There appears the story of Napoleon Bonaparte's activities, mentioning the name of General Murat, the Little Corporal's right hand man who was buried in Talahassee after his exile from France.

A considerable portion of the publication was given to the activities of Congress and messages of President John Adams, one of which deplored the death of Gen. Washington.

The advertisements were somewhat comical when viewed in the light of present day advertising copy. One offered a sawmill for sale, including a "stout, healthy and active negro wench."

One of the advertisers indicated a highly optimistic frame of mind by inserting a "classified" for a "fine gun" which had been lost about one year before the paper went to press.

The editors were highly apologetic because of the incompleteness of their foreign news, asserting that the mail ship bearing dispatches of a war on the continent had not arrived in time to be included in the Jan. 4 issue.

From a mechanical point of view the Gazette was extraordinarily simple. There were no headlines, since that phase of journalism did not come into use until after the Civil War.

Reporting standards, too, have undergone a great change in the 136 years since the old hand press crushed Mrs. Stevens' copy of the Gazette over the hand-set form of type.

Police Department Recovers Lost Pistol

Police Chief Roy Williams today reported the recovery of a pistol stolen sometime ago from the home of George Williams, Jim Williams, negro, is being held on suspicion of the robbery.

Chief Williams expressed an opinion that some other person was involved in the break-in.

2,000 Loyalists Die As Rebel Guns Belch Death; France May Aid Leftists

Sanford Feeling Building Boom Of Mild Nature

\$30,000 Activity Is Estimated To Be Under Way Here

Sanford and the vicinity, apparently, are now in the midst of a mild building boom, a hurried survey today reveals.

In almost every instance the construction is of a residential nature. The building is in all stages of completion.

While it was difficult to obtain the exact amount of money being spent on construction here, the survey makes it safe to set an estimate of \$30,000.

New residences are being erected on Celery Avenue, Cameron Avenue, and on First Street. Extensive remodeling activities are being carried on in a number of homes and apartments on Park Avenue, Cameron Avenue and in the Beville Apartments at Fourth Street and Palmetto Avenue.

A new residence now under construction by Andrew Carraway is expected to be the beginning of another building spurt, since Mr. Carraway was the first to take advantage of the Federal Housing Administration plan.

Henry Watson, local representative of a Jacksonville firm cooperating with the FHA, said recently he had received 35 to 40 applications for loans, guaranteed by the government, which will be used for entirely new construction.

Another construction venture which bids strongly to be a handsome asset to the city is the new National Guard Armory now being built on the waterfront.

Jacksonville Pays Honor To Governor Sholtz On Return

JACKSONVILLE, July 30. (AP)—Florida's National Guard, Naval Reservists, five bands and civil leaders and the public joined today in welcoming Governor Dave Sholtz home from California where he was elected grand exalted ruler of the Elks Lodge.

Following a parade from the railroad station to a downtown hotel, the Governor was honored at a breakfast, reception, luncheon and special meeting of the Elks Lodge.

Amateur Talent Is Wanted By JayCeEs

Amateur entertainment talent in Seminole County wishing to compete for a trip to the Texas Centennial should register immediately with the Rev. Father J. J. Kelleghan, representing the Junior Chamber of Commerce in the organization of a local group of amateurs who will appear before the Orlando JayCee group on Aug. 10.

Andrew Carraway, president of the Sanford Junior Chamber, today said a perfect vacation is in store for the winner of the contest.

Six More Merchants Agree To Sponsor Ritz Beauty Entrant

Six more merchants today had joined a list of 26 to sponsor an entrant in the Ritz Theater "Cavalcade of Beauty" scheduled for Aug. 5.

The new business firms are United Lumber Company, Myrtle's Coffee Shoppe, Monk's Place, Laney Drug Company and the F. W. Woolworth company.

Miss Helen Wellman, organizer of the pageant, said the event will be different from any other ever held here. Formal evening gowns will replace bathing suits used in conventional beauty contests.

Judges are to be selected among out-of-town 4-Hers. Special music will be heard.

Leads Revolution

Here's one of the most recent photographs of General Francisco Franco, leader of the current Spanish Army rightist revolt. It was radiocast from London to New York. (Associated Press Photo)

CITY NEWS BRIEFS

Jim Magee, negro, was arrested by police last night on a disorderly conduct charge proffered by his wife.

R. T. Johnson, member of the Sanford Fire Department, will leave Aug. 1 for a two weeks' vacation in Jacksonville and on the Florida West Coast.

Ward Sloan of Pierson and Miss Jayne Ledger of DeLand, yesterday obtained a license to wed, according to records in the office of the county judge.

Friday's tides: low, 11:45 A. M.; high, 5:50 A. M. and 6:26 P. M. Sun rises at 5:45 A. M. and sets at 7:22 P. M. Moon rises at 4:41 P. M. and sets at 1:56 A. M.

Dr. A. W. Epps today received a post card from Walter L. Cooper, who is in Spitzberger, stating that the writer had seen the sun rise and set within 20 minutes. Spitzberger is 600 miles from the north pole.

A small roof fire on a residence at Thirteenth Street and Clark Avenue about noon today occupied the attention of the City Fire Department. Only slight damage was done. The house is occupied by Garfield Johnson.

Local showers probable tonight and Friday. Probably gales in extreme northwest portion this afternoon and tonight. Extreme Northwest Florida: cloudy with rain tonight and probably Friday morning. Shifting gales, probably reaching hurricane force Thursday, diminishing during tonight and Friday.

Two Men Are Booked By Municipal Police

Rose Holway, white, and Robert Lockett, negro, were booked by police today on a disorderly conduct charge which grew from an alleged fight in a Sanford hotel.

Chief Roy Williams said the case was first handled by county officers but turned over to the city because the alleged altercation occurred within the limits of the municipality.

Huge Scorpion Is Killed In Apartment

One of the largest scorpions ever seen here was killed this morning by Mrs. Essie Howell in a local apartment house.

The insect measured three and one-half inches long. It is on display in the office of C. E. Dawson, county farm agent.

Seminole Begins Negotiation For Refunding Bonds

County Debt Is Reduced \$392,000 From High Peak

Seminole County today had begun negotiations for refunding its outstanding bonded debt of \$2,208,000, according to an official report from O. Herndon, Clerk of the Board of County Commissioners.

While details and figures of the plan have not been made public, it was understood that the movement is designed to make possible a reduction in millages as each year passes.

County officials have pointed out that Seminole's financial position is firm, adding that the consummation of a refunding program will tend to increase that firmness among the state's 66 other counties.

The first step in actually wiping out the bonded debt was taken last Saturday when officials conferred in Tallahassee with the State Board of Administration and succeeded in obtaining the release of \$50,000 in bonds and nearly \$35,000 in coupons, both of which had been held as securities for a loan obtained in 1931.

Clerk Herndon said the peak of the county's indebtedness of recent years was \$2,600,000. This has been reduced \$392,000 by successive stages.

Negotiations now under way are the first attempts in some time to refund the Seminole debt.

Officials did not place any estimate on the time when the refunding program will have been consummated and put into operation.

Judge Andrews To Support Townsend Pension Movement

TALLAHASSEE, July 30. (AP)—The pledge that "I will work unceasingly to further its ideals" was voiced in Tallahassee recently by Judge C. O. Andrews, of Orlando as he discussed briefly the Townsend movement and his long-established policy of favoring "honest and fair compensation to old people."

En route to nearby cities to push his campaign for the United States Senate, Judge Andrews pointed out that "The Townsend movement has been the cause of the crystallization of the desire to do something about the problems of our aged. . . . If it has done nothing more than created the consciousness of a duty owed to these persons, it deserves the commendation of every right-thinking man and woman, and I pledge that I shall work unceasingly to further its ideals."

"As United States Senator from Florida," he said, "I will favor and fight for any bill that may be presented to Congress which provides for an honest and fair compensation to old people without an abominable pauper's oath, and I will oppose any substitute. . . . which provides for the meager \$15 or \$30 a month for the 'civil veterans' of our great nation."

Lt.-Col. Hutchison Returns Home Ill

Lt.-Col. J. C. Hutchison, commandant of the Sanford National Guard Unit returned today from Camp Foster in Jacksonville and was confined to his home with an illness described as "not serious."

The National Guard officer will be able to return to duty within two days, it was announced.

He is assigned to the Jacksonville military camp for a two-weeks' period of duty covering the regular summer training activity of guardsmen.

Americans Evacuate Madrid For Safety Of Cruiser Quincy In Mediterranean

Fliers Are Ordered To Take Up Arms

Ford Motor Company Factory Reported To Be Occupied

(By The Associated Press) Spanish money market today reported at Perpignan, France, that more than 2,000 Loyalist troops were killed when they were ambushed in the hills outside of Zaragoza by the Rebel Army.

Mountaineers told French officials that one of the main Government columns was surrounded and moved down by Fascist machine guns as the Loyalist troops marched down a mountain pass.

Fascist instructors reported revolt of the Government garrison at Valencia, a Mediterranean Spanish seaport, as more Americans fled Madrid toward that city to escape the revolution.

Thirty Americans already are in Valencia. Nine captured at Madrid today for there and 75 more were scheduled to leave tonight. The cruiser Quincy of the United States fleet is to pick them up.

A battle by both ground troops and airplanes for possession of Zaragoza in the rebel area of Northern Spain was launched by the Government. Reports became general that France may aid the Spanish Government in putting down the thirteen day revolt.

French senators said Premier Leon Blum told the foreign affairs committee that France might be forced to aid the Madrid Government with arms to prevent being "surrounded by dictatorships." Blum was quoted as denying that arms or airplanes so far have been furnished Spain.

To bolster its defense forces, the Madrid Government confiscated the Merchant Marine. Authorities ordered all military and civil fliers not on duty to report for action.

The British Government began an investigation to determine whether British and American banks and factories had been confiscated in Spain. The Ford Motor Company said it received a report that its factory at Barcelona had been occupied.

Local Heat Wave Broken By Winds From Gulf Storm

The heat wave in Sanford "broke" yesterday as the official thermometer recording was announced at 86 for the day's top.

During the night the mercury slid quietly and slowly down to 76, a point where it has remained for the past week between sunset and sunrise.

Despite the official recording, there were thermometers in the city that registered higher temperatures. One hundred was chalked up on one of the town's areas where the sun beamed down into a location that was shut off from winds.

Lower temperatures were attributed to the tropical disturbance which rose early Monday morning, swept across the southern tip of the state and howled its way into the Gulf of Mexico.

LOCAL WEATHER

Table with columns for Jan. Average, Feb. Average, Mar. Average, Apr. Average, May Average, and a section for JULY with daily temperature readings from 19 to 29.
