DRILL TONIGHT
The Headquarters Company of the Florida National Guard will hold a special drill meeting tonight at 7:30 o'clock at the Armory. Every man in the company is ordered to be present and to be on time.

"Tax Congresses" To Be Held Many Cities
WASHINGTON, Feb. 18.—American bankers in the league announced Monday that "tax congresses" meetings be held in various cities to give the tax payers an opportunity of expressing their views on the pending revenue legislation. Jacksonville, Fla., is among the cities listed for meetings after which the general congress will be held in Washington and the results be presented to the senate finance committee.

DENBY RESIGNS

(Continued from page 1)
House Adopts Walsh Resolution
Before the senate met, the house without discussion or a record vote, adopted the Walsh resolution directing that proceedings be instituted for the recovery of sections 16 and 18 within the confines of naval reserve No. 1 in California now operated by the Standard Oil Company of California under a grant from the state.
These were the only concrete developments Saturday in the oil matter. The oil committee is in recess until Feb. 25 and Chairman Lenroot said no subpoenas for additional witnesses would be issued in the meantime. Government auditors will continue their work on the books of stock brokerage firms in an effort to determine whether government officials traded in oil stocks about the time of or subsequent to the Fall oil leases.
There was a sharp controversy in the senate both in open and executive session over the proposition as to whether the nominations of special counsel should be considered in open executive session, but once that issue had been settled, the debate proceeded with little of the fervor that usually characterized senate discussion.
Coilidge Assailed By Both Sides
President Coilidge was assailed from both the Republican and Democratic sides of the chamber for his failure to consult beforehand with Senator Walsh regarding the counsel he selected and there were suggestions that he also should have conferred with Senators LaFollette of Wisconsin, leader of the Republican insurgents, and Kendrick, Democrat, Wyoming, pioneers in the oil investigation.
In the course of this discussion intimate details of the manner of the selections of both Mr. Pomeroy and Mr. Roberts were given to the senate by Senators Walsh, Pepper, Republican, Pennsylvania, who proposed Mr. Roberts, and Curtis of Kansas, the assistant Republican leader.
Practically the only objection raised to Mr. Pomeroy was that he lacked experience and ability to handle the cases at issue. All senators attested to his honesty and integrity, his courage and fidelity, while a number of senators, Republicans as well as Democrats, contended that he had ample ability and the necessary experience to handle the cases.

MASS MEETING

(Continued from page 1)
Whereas (we believe a debt of everlasting gratitude is owed them by the people of the United States, and that the measure now pending in Congress and known as the Bonus Bill is only a reasonable and just recognition of our debt past due and for a long time owing, and
Whereas, we regret the delay on the part of our Government in not sooner compensating, in a measure, our ex-service men for their heavy losses incurred while serving their country in the time of our country's peril, and
Whereas, the provisions of the Bonus Bill have been approved by an overwhelming vote of both the Senate and Congress of the United States, and
Whereas, we believe that the Bonus Bill should be passed without further delay. Now Therefore,
Be It Resolved: That we are heartily in favor of the enactment into law of the Bonus Bill.
Be It Further Resolved: That to instruct our Congressmen and United States Senators to vote for and use their utmost efforts to secure the passage of the Bonus Bill.
Be It Further Resolved: That copies of this resolution be mailed to our Senators and Congressmen, and a copy published in the Sanford Herald. Passed by the unanimous vote of the people of Seminole County, Florida, in public meeting assembled on Feb. 16, 1924.
Chicago teamsters are striking. When teamsters fall out chauffeurs get more than their due.

WORK PREPARED BY GIRLS' CLUBS FEATURE OF FAIR

DAINESVILLE, Fla., Feb. 19.—Handiwork of Florida's home demonstration club girls is among many interesting exhibits from the state being shown at the all-Florida Fair at Madison Square Garden, New York, this week.

Mrs. Nellie W. Taylor, in charge of the home demonstration work in Orange county, reports that "we packed and shipped nine boxes" of beautiful products for the fair, "of which everybody around here is mighty proud."

With the report of Mrs. Taylor came another from Mrs. Mary S. Allen of Hillsborough county that her home demonstration milk booth at the fair was a complete success in every way. The electric milk-drinking doll worked out well and should be in every county show.

Requests for clubs were made at the fair; the first one I shall organize will be the new Canadian colony, which is so anxious to learn to be Floridians."

Several schools in Duval county, reports Miss Elise Lafitte, are preparing the state health poster and booklet contest. Nearly every teacher in the county has given splendid co-operation in teaching the children to keep the daily health rules, writes Miss Lafitte.

From Suwannee county comes the report by Miss Josephine Nimmo that girls of the Hawkins Club are making attractive rugs out of ransyacks and are dyeing them to match their bed-room sets.

The Wrights school in Okaloosa county, according to Miss Bertha Henry, has combined money it has previously won at a county contest with that raised locally and with local labor, and made such improvements that it was recently awarded the "standard rural school certificate," the only school to win this honor in this county.

Eustis Now Making Plans for Washington Birthday Celebration

Final arrangements have been completed for the great Washington birthday celebration at Eustis. Never before has there been such interest manifested by the merchants towards having a monster affair on this day. All committees have done remarkable work.

The headliner will be the Lake County Floral parade in which close to 100 beautifully decorated cars and floats will participate representing all sections of this county. Many will remember the floral parade last year which drew hundreds of people from all sections of Central Florida, when the competition was so close, that it proved very difficult for the judges to award the trophy for this event.

Invitations have been issued by Ben and Mrs. W. M. Igou for a reception at the club house of the Lake County Country Club in honor of the visit of Gov. and Mrs. Cary A. Hardee. This will be a brilliant event and take place on Thursday evening. A fine orchestra has been secured for this occasion, and vocal numbers will be

FRECKLES AND HIS FRIENDS

BY BLOSSER

rendered during the evening by C. W. Williams of Eustis.

Those interested in motor boat racing will have opportunity to see some fast boats perform on Lake Eustis during the afternoon. Many entries have been received and some keen competition is looked for. Motor boat races will be programmed including from the 10 mile to the 40 mile class. These races will go over a course of one mile just opposite the E. L. Ferran Park where there is ample room for several thousand onlookers.

Governor Hardee will render the dedicatory address for the Ernest Westbrook Post of the American Legion, when Memorial Library will be dedicated to the boys that fell in the late war.

The younger set of Eustis have their hearts trained on winning the prize offered to the automobile making the most noise during the torchlight procession to be held in the evening. This character of events was held several years ago and proved very amusing and was an important asset in providing a feature that appeals to young people.

TO WIDEN STREETS

LAKELAND, Feb. 19.—The city commission has taken the first steps toward the widening of business streets in Lakeland by adoption of a city ordinance setting the building line on Leonon Street between Iowa Avenue and Lake Baulah five feet back from the

present property line. Buildings erected on this street last year between Kentucky and Missouri Avenues confirmed to provisions of the new ordinance, and other structures put up in the future will be required to meet the new conditions.

SECURED RELIEF THROUGH FOLEY PILLS

John R. Gordon, Danville, Ill., writes: "I have suffered with kidney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease, became stronger and could sleep better." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle

Fort Myers Plans For Big Mardi Gras Upon Opening River Bridge

FORT MYERS, Feb. 19. (Special)—The great Tamiami Trail Mardi-Gras staged for the night of Wednesday, March 12, 1924, at Fort Myers, celebrating the opening of the last frontier of the Nation, is assuming such monster proportions as to warrant the belief that it will be the greatest spectacle of the type ever shown in Florida.

Over a majority of the leading cities along the route of the West Coast highway from High Springs to Miami have entered floats representing their respective communities.

High Springs, coming 280 miles to participate was the first entry with a float from an outside city. Prof. Fred Phillips, chairman of the Mardi-Gras committee says "It has been decided to invite every city in the state to take part in this great spectacle. Suitable prizes will be awarded to the floats best typifying the spirit of the Mardi Gras."

The Mardi Gras parade will form at 7:30 o'clock, P. M., Mar. 12 on the north side of the new bridge across the Caloosahatchee river, four miles distant from the heart of the city of Fort Myers and with its carnival of four hours of fun, will pass over the bridge, through East Fort Myers and the city of Fort Myers, along the entire line of which it will hold way until the midnight hour.

bureau, showing that the prices have more than doubled during the last six months, and "prices may be taken to indicate arguely the extent of the use of drugs." It is stated, "Six months ago, an ounce bottle would have cost \$25 to \$30. Now it costs between \$60 and \$70."

"A WORLD BEATER"

"FOLEY'S Cough Medicine is a 'World Beater' for speedy relief," writes Milton A. Lyre, 200 Evans Avenue, Evansville, Ind. "Last month I was down with a severe cold, and getting worse. I bought a bottle of FOLEY'S HONEY AND TAR COMPOUND, and the next night was well and O. K." If you want a quick, reliable remedy for coughs, colds and hoarseness insist upon FOLEY'S HONEY AND TAR COMPOUND. It has all the curative qualities of pine tar and honey. Sold everywhere.

Good Advice to Property Owners

Let me tell you sir that the Sun Proof Paint is made by the government formula and is The Paint that resists the climate of the South. Don't waste your money on poor paint, consult the paint man, H. A. Halverson, who has had a life long experience in the paint business. You will not go wrong.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Tex. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Theford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

FLORIDA

Twenty Million Boxes Oranges and Grapefruit For the Health and Happiness of the Nation

Twenty million boxes of Florida citrus fruits this season will convey joy to the people of other sections.

Increasing production gives a supply sufficient to afford Florida oranges and grapefruit for every family at every meal.

Florida oranges are superior because of the greater juice content—the food and health values of citrus fruits are in the juice, and weight is an indication of juiciness.

The juices of oranges and grapefruit grown in Florida are rich in the tonic vitamins, which aid digestion of other foods, contain liberal amounts of body-regulating mineral salts and have abundant quantities of predigested natural fruit sugar.

Other tropical and semi-tropical fruits are produced in large volume by Florida growers. Among these, leading places are held by avocados, blackberries, dewberries, grapes, guavas, figs, Japanese persimmons and plums, mangoes, pineapples and papayas.

"Florida Has the Goods and Can Deliver Them"

—B. C. FORBES

The truth of this assertion by Mr. Forbes, a noted investigator and investment authority, is demonstrated by Florida contributions to the nation's needs through general farm crops, deciduous fruits and vegetables, and natural resources like lumber, resin and turpentine, phosphate and sea foods, in addition to fruits.

Fruit growing in Florida is highly profitable when intelligently and scientifically carried on. A well-managed citrus grove is one of the best-paying investments in the horticultural field, considered in a "year in and year out" basis. Other fruits that succeed in Florida afford handsome returns on money and labor.

The Florida Development Board, which is the State Chamber of Commerce, is a non-partisan, non-profit organization, supported by banks, business men, boards of trade and chambers of commerce. It will furnish dependable and unprejudiced information about Florida, direct and through its affiliated membership of local trade bodies. Address

Wife Thought For Today: The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid...

Hymn of Trust: Love Divine, that stooped to share our sharpest pang, our bitterest tear...

What finer weather could a man want? They say Louise Lawson was hounded for her jewels.

Secretary Denby quits 'under fire' and saves the president the embarrassment of relieving him of his job.

Along with Californian oil, Alaskan coal has joined the long list of suspicious characters to be investigated.

'Binding and gagging' in New York apartments is getting to be quite as fashionable as 'breaking and entering' in Sanford.

An exchange contains the story of a man 'run over and killed by a train.' What chance would a man, run over by a train, have of living?

If you have money, invest in Sanford real estate; if you haven't money, advertise your business in the Sanford Herald, and you soon will.

The American Medical Journal says that there is little danger from germs on 'filthy lucre.' And there is, it is usually overlooked in a crap game.

State Highway Commission proudly announces that during 1923 it has built almost two hundred miles of roads.

The Melbourne Chamber of Commerce has just issued a handsome book, well edited, thoroughly illustrated and reflecting credit upon that east coast city.

The Lakeland Star-Telegram deserves great credit for its enterprise in publishing a handsome special edition January which depicts the growth and development not only of Lakeland but other progressive town and cities in Polk county.

The Miami Herald says that Mr. Bryan is not only backing Dr. Murphy for the presidency, but has also pledged himself to support respectively the 'favorite sons' of Kansas, Alabama, Texas and North Carolina.

After repeatedly declaring that he would not resign 'under fire,' the resignation of Mr. Denby came somewhat as a surprise.

The chief physician came up to an inmate in a private insane asylum, slipped him on the back, and said in comforting accents: 'Well, old man, you're all right. I've just pronounced you cured of all the delusions which afflict you.'

After repeatedly declaring that he would not resign 'under fire,' the resignation of Mr. Denby came somewhat as a surprise.

After repeatedly declaring that he would not resign 'under fire,' the resignation of Mr. Denby came somewhat as a surprise.

After repeatedly declaring that he would not resign 'under fire,' the resignation of Mr. Denby came somewhat as a surprise.

Avoiding Bad Investments

According to figures compiled by the Federal Trade Board, five hundred million dollars is the startling total of worthless securities sold to the American public in a year.

Almost anybody can make money but taking care of it is another thing. It seems harder for the average American to invest wisely his funds than to accumulate them.

The Treasury department recently issued a warning to investors making the following statement as to proposed investments:

- 1. Mining Stock. The best looking mine in the world may prove a "white elephant." Mining is a very expensive undertaking and the risks are unusually great.
- 2. Oil Stocks. Drilling for oil is costly. The hazards are great. Oil investments are speculative and in a class with mining investments.
- 3. In the wake of every important discovery or invention there comes a host of schemes—"airplanes," "radio," "wireless."

At this time of the year Florida is flooded with confidence men, fake stock salesmen, people who take hard-earned cash and give in return only a worthless scrap of paper.

Be Fair to the Boy

Thousands of boys are losing the opportunity to get a high school education because of the short-sighted view taken by their parents, in taking them out of school and putting them to work in the shop or on the farm in order that a few dollars may be earned for the family.

The worst part about it all is that the great majority of these boys could well be spared from work until they have finished high school.

We are told by the Department of Education that there are glaring instances on every hand where fathers take their sons out of school using the argument that they worked when boys, and then why shouldn't the boy do the same thing.

The boy is the community's greatest asset. He is the man of tomorrow. He will be at the helm of the ship of state. He will run our stores, our factories, and all our big industries.

THE BRANCH OF THE TREE

BY W. L. BRANN IN FORWARD

It had every right to be proud of itself—this grafted branch. In the blooming season, its flowers were large and creamy white and red on the edges, while the other blossoms on the tree were small and scraggly, and dirty-white.

When autumn came the flowers on the tree were big, deep-red, with hearts as white as snow. And the branch, seeing this, was swollen with pride.

"Why should I remain a part of this poor tree? I give more fruit than the rest of the branches combined. I will be a tree unto myself, that men may know me, and give me credit for my fruits."

The next time a strong wind blew, the branch strained and pulled and twisted, and finally tore itself from the tree. The tree bled at the wound a little time, but the gardener came along and grafted another branch in the place.

MY FAVORITE STORIES

By IRVIN S. COBB

The chief physician came up to an inmate in a private insane asylum, slipped him on the back, and said in comforting accents: 'Well, old man, you're all right. I've just pronounced you cured of all the delusions which afflict you.'

After repeatedly declaring that he would not resign 'under fire,' the resignation of Mr. Denby came somewhat as a surprise.

As Brisbane Sees It

No One in Jail. Why? Androcles and the Lawyer. Livermore Says "Sell." "The Sons of Apes." Copyright, 1923

THE ENTERPRISING insiders were really earnest workers, selling public property while they had the chance. A charge is seriously made that naval coal fields in Alaska were transferred to the Interior Department later to be transferred to private owners, as were naval oil fields also.

THE AVERAGE American is a good-natured, long-suffering person. But he begins to wonder why nobody is put in jail. The time for merely talking seems to be long drawn out.

THE PRESIDENT withdraws Mr. Strawn, of Chicago, as one of special counsel to prosecute bribe-takers in the oil scandal. Mr. Strawn is an able lawyer, with an excellent reputation.

THE PEOPLE want action. They remember the story of Androcles and the lion that licked Androcles' feet in the arena instead of eating him up. Androcles had once patted a thorn from the lion's foot.

MR. JESSE L. LIVERMORE, young man with light hair, big back head and solemn face, knows more about stocks and such things than all others put together. So it is said. He sells or buys tens of thousands of shares at a time.

WILLIAM JENNINGS BRYAN says that universities are "the great degradation of youth" by teaching evolution. He defies to open discussion "the sons of apes," as he calls the evolutionists.

A NEW country does new things. The government of Ireland actually feels responsible for those out of work. There are only 40,000 of them now, yet the Free State Government will spend a million dollars in public highway building at once to supply work for them.

THE FRENCH will vote to increase the taxes, realizing that that have been lately selling francs, predicting that the price will drop to two cents, should proceed cautiously.

GENERAL DAWES and others investigating Germany's capacity to pay reparations, say she can pay but it all depends on the absorption of German products by other nations.

In other words, if the Allies are willing to give employment to German workmen instead of giving it to their own workmen, they will get in reparations part of what they pay to German workers.

Win or lose, war doesn't pay. ADVERTISE IN North Carolina's newspapers if you want to sell 50,000 washing machines, electric light outfits, or kitchen cabinets this year.

A certain percentage of the voters know only that Catts is being derided by the press of the state in general. In the instinctive feeling for fair play in every man's breast they seek an opportunity to hear the other side of the question.

Are You Getting Yours?

TWO KINDS OF DEMOCRATS

PENSACOLA JOURNAL

In Florida there are two kinds of Democrats—conservatives and progressives. This natural division among the Democratic party in Florida is nothing unusual.

Back in the old days, the conservatives objected to the primary system and wanted to hold to the old convention system. The conservative element objected to the direct election of U. S. Senators and similar progressive movements.

There are two elements and among the presidential candidates there are conservatives and progressives. The Pensacola Journal is a progressive, supports progressive candidates and stands for progressive legislation.

Oscar Underwood, of Alabama, is a conservative, and in Florida the conservative element of the Democratic party will support him. This element ought to support him, but they should not expect the progressive men and women to become enthusiastic about him.

That Mr. Underwood is a CONSERVATIVE, one can gather from the literature being sent out by the Underwood campaign committee. For example: "Mr. Underwood is the kind of Democratic candidate who would suit CONSERVATIVE people in the north."—The Gloucester (Mass.) Times.

The Springfield Republican says of Mr. Underwood "He is probably the best national leader by virtue of sheer capacity for public service that the CONSERVATIVE wing of the Democratic party could offer to the national convention."

NO MENACE HERE

FOLK COUNTY RECORD

Many of the editorial writers through the state, either through an overestimation of their own power in convincing the dear public that Catts is not deserving of another term as governor, or through a biased vision, are evidently convinced in all seriousness that Catts is not a factor in the present race.

Although not espousing any particular candidate at the present time, with the exception of opposition to Catts, the Record believes that this attitude is a mistake. The Florida votes is of that starchy American stock that always entertains a secret sympathy for the under dog and Catts occupies this position now just as he did eight years ago and he is a past master at playing it to its full value.

Experience has proven it to be the most effective stand for his peculiar manner of fighting. The American stock that always entertains a secret sympathy for the under dog and Catts occupies this position now just as he did eight years ago and he is a past master at playing it to its full value.

A certain percentage of the voters know only that Catts is being derided by the press of the state in general. In the instinctive feeling for fair play in every man's breast they seek an opportunity to hear the other side of the question. The largeness of the percentage of this type of voters is shown in the increasing numbers attending meetings where

DAN DOBB SAYS: A wise man never goes out hunting with an enemy of his. Tut is being dug up faster than the money for a soldier's bonus. Henry Ford employs 162,792 men and worries many more. Audience threw eggs at the actors in Rome. This is a quaint old American custom. City hall caught fire in Philadelphia, maybe from a fiery speech made by General Butler. Rum runners are not fish even though the biggest ones do get away. None being government official five Dallas, Tex., oil men have been sent to the penitentiary. Should the golf ball be lighter? We doubt it. But a pedestrian tells us the auto should be lighter. Senate is considering a \$729,000,000 postoffice appropriation, so we can get our bills on time. Presidential slogans are being coined. Here's ours: More action and less faction. Ireland is competing with Egypt. A skeleton dug up near Dublin is said to be 3,000 years old. A radio expert in Marlboro, Mass., broadcast his engagement announcement. That's the way love makes you feel. A ring of leather thieves is operating in St. Louis, possibly shipping the leather out disguised as steaks. Some men buy loud speakers, some marry loud speakers, and some loud speakers are elected to office.

Joe Boyer Is First Pilot Named for the Indianapolis Race

INDIANAPOLIS, Feb. 19.—Joe Boyer, wealthy Detroit speed devotee and one of the most skillful and daring of the automobile race drivers, is the first pilot announced by the Indianapolis Motor Speedway for its twelfth annual 500-mile International Sweepstakes on May 30. Boyer will drive a Duesenberg Straight-Eight for Fred S. Duesenberg.

Boyer's car will differ mechanically from the previous Duesenbergs which the famous brothers have put on the speedway in recent years. During the fall and winter months Fred Duesenberg has been developing the car until it is expected that when the car is ready for practice its speed and mechanical changes will surprise the motor-wire race fans, engineers and drivers.

Boyer has furnished many of the thrills for four of the last five of the 500-mile classics, and were the steels of his cars as stout as his heart and commensurate with skill he should have won two of the five races. In 1919 he battled with the leaders for the first 150 miles, only to break an axle and be eliminated. In 1920 his Frontenac was first over the wire ninety-two times in the initial 100 laps. A small spring did not withstand the strain and the time lost in locating the trouble, followed by an accident in the closing laps, cost the Detroit his chance to win the classic. In 1921 he drove his first Duesenberg and put up a stiff fight for the first 200 miles, only to have a right rear axle shaft break and eliminate him. His driving earned him a place on the Duesenberg team for the French Grand Prix, the only American team ever to enter the classic, which was won by his mate, Jimmy Murphy, and a Duesenberg. In 1922 Joe was assistant starter for the big race, handling the flags for his mates.

Last year he was a member of the Packard team and the trio of Detroit-made cars were among the fastest cars entered, but ill-luck followed Boyer, De Palma and Resta in their chase for cash and glory and Boyer's car went out with a broken universal joint.

Boyer is out only a start at the wheel of a fast motor car, but is a pilot of international note in power boat racing, has taken up flying, is an accomplished yachtsman and has owned several racing sloops. He enjoys any sport with a thrill, particularly where it is a contest of skill and speed.

Notre Dame Star May Coach North Carolina State

RALEIGH, N. C., Feb. 19.—L. T. (Buck) Shaw, all-American tackle, for several years star of the Notre Dame University football squad, will be offered the position of head coach in football and track at North Carolina State College and probably will take up his work there this year, according to announcement Saturday night by college athletic authorities.

Election of G. K. (Gus) Tobell, formerly three sport star at Wisconsin, as basketball coach and assistant coach in football, and W. C. Parker, of Springfield Training College, as assistant director of athletics, also was announced by the college.

Tennis Tournery All This Week Beginning Today

MIAMI, Fla., Feb. 19.—The first big tennis tournament of the 1934 season in the United States will take place on the famous Flamingo courts here Feb. 19 to 23, inclusive.

Tennis in the South has developed to such an extent that there is now a regular circuit of tournaments in which most of the stars compete. Miami is the first stop for these celebrities. The local tournament this season will be more important than heretofore because of the entry of several Olympic team eligibles and of others who have hopes of winning places in the outfit which will be sent abroad next summer.

R. Norris Williams 2d, of Philadelphia, former national champion and Davis Cup player; Vincent Richards of New York, former national doubles champion and internationalist; the Kinsey brothers—Howard and Robert—who consider this tournament so important they are making the trip all the way from California, and Francis T. Hunter of New Rochelle,

OPENING OF THE OLYMPIC GAMES

Flags of all nations saluted when Olympic games opened at Chamonix, France.

runner-up in the world's championship at Wimbledon, are the leading Olympic team candidates whose play in the Miami meeting will be watched with considerable interest.

Manuel Alonso, Spanish Davis Cup star; B. I. C. Norton of British South Africa, national doubles champion; Clarence J. Griffin of San Francisco, former national doubles champion; Harold A.

Throckmorton of New York, former national inter-scholastic titleholder, and S. Howard Voshell of Brooklyn, ex-national indoor champion, are some of the other noted players who have signified their intention of taking part in the coming meet.

The women's tournament, which will be held in conjunction with the men's meeting, will be equally

attractive, with at least two Olympic team candidates in the list.

SWIMMING TEAM PREPARES
ST. PETERSBURG, Feb. 19.—Six regulars and three substitutes from the 17 girls who have been practicing for the high school swimming team, will be taken to the Winter Park state tournament in April. Under training of T. J.

Howland, competition has been keen among those trying to make the team. The boys' team also is rounding into form, but only six regulars and one substitute have so far entered the trial tests.

ADVANCE GUARD SOON
BRADENTOWN, Feb. 19.—Twenty members of the St. Louis Cardinals, under the charge of Scout Charley Barrett, are expected to arrive here Feb. 25 to begin spring training. They will be, for the most part, youngsters who will be given their first tryout for positions in the Cardinal line-up this season. The baseball park is being rapidly put into shape for the training season.

PLAN FORMATION.

WEST PALM BEACH, Feb. 19. Plans are under way for the formation of a Florida East Coast Motorboat Racing Association, and a meeting will be held at Miami or Miami Beach on March 9 when the matter will be taken up. A. A. Schantz, commodore of the Detroit Yacht club, who is wintering here, is one of the men behind the project. Miami, Miami Beach, Palm Beach, St. Augustine, Daytona and Havana will be invited to join the association, it is stated.

Young Stribling May Meet Mike McTigue in Newark Next Month

MACON, Ga., Feb. 19.—"Young" Stribling, Georgia school boy fighter, is to get another chance at the world's light heavyweight title that Mike McTigue won from Battling Siki, according to "Pa" Stribling, father and manager of the previous pugilist.

"Pa" said here Saturday night he had been informed by telephone from Newark, N. J., by promoters of the championship match that they had obtained McTigue's signature to a contract to meet his son March 31.

The Striblings have not signed to meet McTigue, but will leave Sunday for Newark ready to agree to almost any terms, "Pa" said.

In a bout at Columbus, Ga., last October, "Young" Stribling was given a draw, then a victory, and finally a draw with McTeague by Harry Ertie, Newark referee. The police escorted Ertie from the ringside and he and McTigue and the Irish fighter's manager hurriedly left for the north.

Since then Stribling has engaged in a series of victorious bouts, and, his friends say, has made rapid strides in his profession.

Australian Boy proves Marvel As a Swimmer

(By The Associated Press)
NEW YORK, Feb. 19.—Australia is grooming Andrew Charlton, a 16-year-old college student to swimmer honors and many believe he will prove the greatest middle-distance swimmer since the discovery of Johnny Weissmuller, the Chicago star a few years ago. Charlton will represent Australia in the 100 and 1,500 meters free style swimming events in connection with the Olympic games at Paris. Recently at Sydney, competing against Arne Borg, the Swedish champion, he swam the 880-yard event in the world's record time of 10:51 4-5.

Using the American crawl stroke, Charlton has amazed the water experts of the Antipodes. He stands more than six feet, weighs more than 200 pounds and has an ideal build for swimming. He has broad shoulders, a tapering body and his greatest asset is his judge of pace.

White Sox Boss Is Holding Managership Open For F. Chance

CHICAGO, Feb. 19.—Charles Comiskey, owner of the Chicago American League baseball club, announced Sunday night he would hold the club managership open for Frank Chance until Chance has had time to recover from his present illness and take charge.

Until he is able to assume direction of the club, Chance's place will be filled by Johnny Evers, former manager of the Chicago Cubs, and "Big Ed" Walsh, who were signed this season as assistants to Chance, Comiskey said.

Chance sent in his resignation yesterday from Los Angeles after physicians informed him his present health would not permit him to leave with the club for spring training and possibly might keep him inactive until after the start of the season.

The White Sox will leave February 29 for Winter Haven, Fla., the scene of the pre-season training period.

TRACK MEN CALLED OUT

GAINESVILLE, Feb. 19.—All candidates for track and field events participated in by the University of Florida this season, have been directed by Athletic Director White to appear on Fleming Field Monday for a workout, the first of the year.

Not Very Intelligent
---Is It?

Why Throw Away Money--

INTO THE MAW OF THE MAIL-ORDER HOUSE; WHY LET IT BE LURED FROM SANFORD BY THE DAZZLE OF DISTANT MERCHANDISE

Sanford merchants are the purchasing agents of our community. They are our own people; they live among us; they know our needs; they do their utmost to satisfy those needs; to give us helpful and conscientious service.

Our retail merchants have proved their confidence in this community by investing many thousands of dollars; by staking their all on Sanford's future.

THEY'RE ENTITLED TO A SQUARE DEAL

They deserve our whole-hearted support and patronage. And every fair-minded man and woman will concede that preference should be given to goods made in Sanford and that all trading should be done in Sanford shops.

BY TRADING AT HOME YOU NOT ONLY

show a proper civil spirit—You Serve YOUR OWN BEST INTERESTS. For it's a wise person who spends a dollar where he has a chance to get it back... A foolish person is the "penny-wise" mail order buyer who buys a "pig-in-a-poke" every time he patronizes one of these foreign enemies of the home merchant.

BE SQUARE WITH YOURSELF AND WITH YOUR NEIGHBOR, THE SANFORD MERCHANT WHO SERVES YOU FAITHFULLY, HONESTLY, INTELLIGENTLY.

KEEP YOUR DOLLARS AT HOME!

EVERT TRUE—By CONDO

NOW, LISTEN, MR. AGENT: YOU'RE TRYING TO SELL ME AN ATTACHMENT GUARANTEED TO SAVE GAS AND OIL AND ELIMINATE CARBON AND GIVE MY CAR MORE PEP AND POWER. DO YOU KNOW HOW I STAND ON THAT PROPOSITION?

I DON'T STAND
