Soviets Recover Space Animals

MOSCOW (UPI)—The Soviet Union has launched and recovered safely another space ship with a dog and "other biological subjects" aboard, the official Tass news agency said today.

The Tass announcement said the launching and the landing took place today.

Probers Ask About Right Of Way Profit

WASHINGTON (UPI)—House highways investigators today asked Millard Davidson to explain how the state of Florida let hundreds of houses dribble away to contractors working on super-highway projects.

The House Highways Investigating subcommittee summoned Davidson, head of the properties management division of the Florida Road Department, as one of the last witnesses at public hearings dealing with Florida road scandals.

The subcommittee also planned to call W. C. Peterson, division engineer for the Bureau of public Roads in Tallahassee.

In five days of extensive hearings, the subcommittee has attempted to establish that the state of Florida deprived itself and the federal government of hundreds of thousands of dollars.

Chief Counsel Walter May has repeatedly pointed out that the state failed to sell houses on rights of way, only to have contractors realize huge profits on the removal and sale of the same buildings.

The subcommittee aimed its questioning Wednesday at Ross Stanton Jr., resident attorney for the Florida Road Department. Stanton's duty is to acquire rights of way.

Stanton said buildings on the right of way have value if they are removed. "Our job was to get the highway constructed," he added, "and we might have hindered the program by waiting around a long time getting rid of the buildings."

Thomas T. Cobb, general counsel for the Florida Road Board, assured Rep. William C. Cramer (R-Fla.) that the new administration did not plan any radical changes in highway policy.

Jessup Causeway Survey Complete

The State Road Department has completed its survey of the proposed Lake Jessup Causeway from Ovidio to Sanford, County Engineer Carlos Elias said today.

The causeway was included under a five-year improvement program suggested by the county commission in late 1959.

Manager Jack Ledoux and the staff for the careful security precautions and alert work in apprehending Panaro.

The staff of Seminole County Sheriff J. L. Hobby, Kenneth Noe Jr., director of racing for the state of Florida, Tom Parker, chief investigator for the Racing Commission, and track security chief David Ward were among those working on the case. Panaro is charged with breaking and entering and with conspiring to pervert the result of a race by stimulating or depressing a dog. The latter charge is under a state statute which is a felony carrying a penalty of one to 15 years in prison upon conviction.

Linsay and Collins joined to issue a statement following their own investigation of the case. "The 24 greyhound tracks in our association are promoting a solid front in an aggressive security program to protect and

maintain confidence in our great sporting industry.

"We will meet this problem of attempted fixing of races and fight it wherever we find it; we will stamp it out wherever it affects. We have been, we are and we will continue to keep this game clean.

"We pledge to maintain the confidence of over eight million people who enjoy racing at our 24 member tracks annually.

"We have implicit faith and confidence in our greyhound owners and trainers. We feel that the pay sum of them are honest to the highest degree, but we will not hesitate to eliminate those few who might consider tampering with greyhounds."

One of the most important points in the new security program is the placing of a \$5,000 reward by the association for information leading to and resulting in the arrest and conviction of any person or

News Briefs

Heat Record

MIAMI (UPI)—Miami's 87 degree temperature Wednesday broke an all-time high for March 8, topping the previous high for the date of 85 in 1953.

Alabaman Approved

WASHINGTON (UPI)—The Senate has approved President Kennedy's nomination of Alabama segregationist Charles M. McIlwether to the Export-Import Bank, although a Democrat warned the appointment would come back to haunt the president. The

Polio Cases Fewer

JACKSONVILLE (UPI)—The State Health Board said Wednesday only two polio cases had been diagnosed in Florida during the first nine weeks of the year, an all-time low for the period. The board said 16 cases had been diagnosed at the same time last year. No new cases were diagnosed last week.

Fire Traps 91

FUKUOKA, Japan (UPI)—Ninety-one Japanese coal miners were trapped today by a fire 1,400 feet underground and officials feared the blaze might touch off a gas explosion. Rescue teams brought 20 of the miners to safety. Police said 71 other miners took shelter behind a compressor room in an effort to survive the raging inferno deep in the mine.

Rocket Studied

EGLIN AIR FORCE BASE (UPI)—Air Force officials today studied information gathered by a research rocket shot to an altitude of 80 miles over Eglin Gulf Test Range. An Aerobee-300 rocket was fired by the Air Proving Ground Center Wednesday. It was to study the density and distribution of ultra-violet rays, ions and cosmic rays in the atmosphere.

Duke To Marry

LONDON (UPI)—The Duke of Kent, 26-year-old cousin of Queen Elizabeth II, will marry 23-year-old Katherine Worsley Jones at St. Peter's Cathedral in York, it was announced today. The announcement said the duke, who is eighth in line to the throne, gave his fiancée a platinum engagement ring set with a large sapphire

Snow, Sleet Storms Unload On East

By United Press International Eastern snow and sleet flailed New York and southern New England today with a backlash of flurries from Tennessee to Wisconsin.

Thousands of midwestern factory workers and school children were idle for the second day in the wake of a mammoth storm that unloaded up to a foot of snow in Nebraska and Iowa, 11 inches at Milwaukee, Wis., and drifts measured at 18 feet.

The U. S. Weather Bureau predicted six to 12 inches of snow in Massachusetts, New Hampshire, Maine and Vermont before the storm retreated into higher elevations of New England and the Middle Atlantic states.

Persons guilty of administering, attempting to administer, or cause to be administered, any stimulant or depressant to any greyhound engaged in racing at this association, for the purpose of affecting or influencing the racing performance of such greyhound.

"We mean business with this reward and it applies in this case," Linsay said. Collins added that the Sanford-Orlando Track would add to the reward.

Deputy Seeburger detected the Kennel break-in at 3:45 a. m. when he found that the lock and door removed from the Ryan Kennel, since his previous check 55 minutes earlier at 3:30 a. m.

Seeburger entered the kennel and found two men there. One man was able to jump the rear fence and escape into the woods, but Seeburger captured Panaro in the outside pen where he also

School Board Demands Apology For Question Of Its Motives

The County School Board today demanded a public apology and retraction from members of the United Citizens League of Casselberry, which, in a newsletter printed Feb. 18, mentioned "graft and corruption."

Supt. of Schools R. T. Milwee recommended that the board turn

the matter over to attorney Douglas Stenstrom and warned a member of the league present at the meeting that "everything you say now could be held against you at a later date."

Milwee hammered questions at Rohn Lady, of the league and also a member of the Casselberry town

council on what he meant in the article concerning the amount of sewage dumped into Lake Trout. The newsletter, which Milwee said was circulated throughout the county and had done considerable harm to the "reputations of this board," questioned the board's action on building "a filter bed at

the Lyman School which is to dump thousands of gallons of sewage daily into Lake Trout. "Just what are these men trying to do?" the newsletter asked. "Are they so uninformed that they think this is an equitable and honorable thing to do. Or is it an item of graft and corruption? If none of these questions would answer the workings behind this, just what is the answer?"

Lady said that he did not write the newsletter, but said it was a cooperative venture with eight persons of the league.

"I have not the authority to apologize for them, but as for myself, if I have said anything that is libel then I am sorry and I'm

sure the league will go along with me in printing any kind of retraction.

"These are not statements, but questions we wanted the board to answer," Lady explained.

"We stopped construction on the filter bed long before this newsletter appeared," Milwee said. Milwee explained that the board is considering a solution whereby the sewage could seep into the lake and not come directly into it.

Sanitarian Val Robbins said there is a possibility of building the filter bed or constructing a sewer system, "but we must be practical and economical."

Milwee emphasized that the board will seek a solution that will be beneficial to all concerned.

SCHOOL BOARD MEMBERS and officials today looked over plans for a new Bear Lake Elementary School. Left to right, W. A. Patrick, architect John Burton, James Birkenmeyer, Walter Teague, administrative assistant, Roy Mann, school board chairman, and Supt. of Schools R. T. Milwee. (Herald Photo)

Bear Lake School Plans Approved

The County School Board today approved preliminary plans for a new Bear Lake Elementary School to be located on a 20-acre site west of Forest City.

The school will be off Bear Lake Rd., between Gleaves St. and Curtis Drive and will accommodate 600 pupils and have 20 classrooms, library, administrative suite and cafeteria.

Architect John Burton, in explaining the plans which will be sent to Tallahassee for approval this week, said that it will be a one-story ranch type building using pre-stressed concrete instead of steel "to speed up the construction."

Milwee said that the board

hopes to advertise for bids sometime in May or early June and that he hopes the plant will be ready for occupancy during the early part of 1962.

Construction funds will come from the sale of State Department of Education bonds to be marketed this spring.

At the same time, the board approved final plans for a new 11-classroom Hepper Academy to be constructed on Bay St. in Sanford.

Burton said the board hopes to advertise for bids sometime next month and that the school will be ready for occupancy by October of this year.

The new school will accommodate 100 pupils. Besides 11 class-

rooms the school will include a cafeteria and library. Funds for this school will come out of capital outlay funds.

Truman Greeted

WASHINGTON (UPI)—Former President Harry S. Truman visited President Kennedy at the White House today and got a special welcome from the chief executive's three-year-old daughter, Caroline.

Williams To Speak

Capt. Arnold Williams of the Sanford Police Department will be the speaker at the Civitan meeting at the Sea Shell Restaurant at 7 p. m. today. The program chairman is Joe Davis.

Star Better

LONDON (UPI)—Elizabeth Taylor is "virtually" out of danger and may be out of bed in two or three weeks, her doctor said today.

It was the most optimistic statement yet made since the 29-year-old movie queen was stricken with pneumonia last Saturday.

Did Killing For Friend, Holzapfel Testifies

JOHN PIERCE (UPI)—An ex-convict calmly related in detail Wednesday how he carried out one of Florida's most baffling murders, not for money, but out of friendship for the man charged with murdering the crime.

Confessed killer Floyd A. (Lucky) Holzapfel returned to the witness stand in the St. Lucie County Courthouse today to resume his testimony in the trial of former Municipal Judge Joseph A. Peel Jr., who is charged with hiring Holzapfel and a convicted Negro bootlegger to kill West Palm Beach Circuit Judge C. E. Chillingworth and his wife in 1955.

Prosecutor Phil O'Connell indicated he might call the Negro, George Lincoln, at today's session.

Holzapfel, under oath in the musty courtroom over which Chillingworth once presided, pointed to Peel as the man who hired him and Lincoln to dispose of Chillingworth. The ex-convict said Peel had been using his office as a West Palm Beach jurist to cover a numbers and moonshine racket and that Chillingworth planned to start disbarment proceedings against him.

Carlton Welch, defense attorney for the 37-year-old Peel, asked Holzapfel in cross examination if

"revenge" caused him to name Peel as his employer in the killings. The Jacksonville attorney asked if it were true that Peel had been having an affair with Holzapfel's wife which could have caused a "lust for revenge". Holzapfel told the 12-man jury he killed the Chillingworths on June 14, 1955, "out of friendship for Joe."

Circus Coloring Contest Rules Set

Members of the Seminole Swim Assn., sponsors of the FSU Flying High Circus here Saturday, have completed regulations for the children's coloring contest to be held in conjunction with the performance.

The program of the performance will be printed so that it may be used for the entries in the contest. The circus committee has selected simple "Circus Characters" for the program. These characters are to be colored with the crayons furnished and returned to the recreation office at the Civic Center for judging.

All entries must be in by noon, March 20, and should show the name, age and address of the child submitting them. A \$25 savings bond will be awarded to the winner of each age group, one through six and seven through 12. Programs are available only at the circus.

Tickets are on sale at Touchton's Roumiller and Anderson's, the Civic Center or from any member of the Swim Assn. Adults admission is \$1 and students 50 cents. A few reserved seats are still available for an additional 50 cents.

Nine Americans Held In Congo

LEOPOLDVILLE, The Congo (UPI)—A U. S. Embassy official headed today for the Oriental Province capital of Stanleyville to intercede in behalf of nine American missionaries blockaded by pro-Lumumba forces.

Frank Carlucci, a second secretary at the embassy here, said he had hopes of getting the Stanleyville leaders to support his request to free the Americans who are missionaries for the World Grace Testimony group.

The Americans are being held with nearly 300 Europeans at Kinshasa in Kivu Province. All have been refused exit permits, according to U. N. officials.

The American missionaries who are being prevented from leaving Kivu belong to two families. They are Mr. and Mrs. Samuel R. Vinton of Ebersburg, Pa., their son, Frederick Vinton, his wife and eight-month-old son, Frederick Jr., all of Lynwood, Calif., and Mr. and Mrs. Carl Anderson of Chicago and their two daughters, Elaine and Sally.

Tank Collapses

KANSAS CITY, Mo. (UPI)—A diving tank and platform collapsed Wednesday night during a circus performance in Municipal Auditorium, injuring three former Olympic divers and pouring 24,000 gallons of water on the arena floor.

Archers To Meet

There will be a meeting of the minute Archers at 7:30 p. m. in the Civic Center. This is an organizational meeting for all members, new and old, and those interested are urged to attend.

Track Officer Halts Greyhound Doping Attempt

An attempt to dope greyhounds in the Sanford-Orlando area Monday morning has resulted in the capture of a Miami man and has brought in the top echelon of national racing executives to help up the case.

Joseph Linsay, president of the American Greyhound Track Operators Assn., Taunton, Mass., flew in along with Jerry Collins, Sanford-Orlando Kennel Club board chairman and national racing security chairman, and Frank Winchell, association executive secretary, on learning of the incident.

Carl George Panaro is being held under \$1,000 bond in the Seminole County jail after being caught by Karl Seeburger, special Sanford-Orlando Kennel Club security deputy, with a bag of meat balls in the Ryan Kennel at 3:45 a. m. Monday.

Linsay hailed the importance of developments at the Sanford-Orlando Kennel Club, citing

persons guilty of administering, attempting to administer, or cause to be administered, any stimulant or depressant to any greyhound engaged in racing at this association, for the purpose of affecting or influencing the racing performance of such greyhound.

"We mean business with this reward and it applies in this case," Linsay said. Collins added that the Sanford-Orlando Track would add to the reward.

Deputy Seeburger detected the Kennel break-in at 3:45 a. m. when he found that the lock and door removed from the Ryan Kennel, since his previous check 55 minutes earlier at 3:30 a. m.

Seeburger entered the kennel and found two men there. One man was able to jump the rear fence and escape into the woods, but Seeburger captured Panaro in the outside pen where he also

U.S. Appears To Have Reached Dead End To Improve Chinese Relations

WASHINGTON (UPI) — The United States appeared today to have reached a dead end in its renewed efforts to get improved relations with Red China.

Officials said the Kennedy administration would keep trying, but had little hope after the new Communist refusal to release American prisoners and to permit U.S. newsmen to enter the Red-held mainland.

President Kennedy told his news conference Wednesday that he would like to see a "lessening"

of tension between the two countries, but "we are not prepared to surrender in order to get a relaxation."

He was referring to the fact that the Red Chinese continue to demand as the price for any improvement in relations U.S. acknowledgment of Peking's right to the Nationalist-held island of Formosa.

The United States is firmly committed to hold Formosa and has no intention of abandoning that position.

Barring a dramatic and unexpected change in the Chinese Com-

munist position, the deadlock appears certain to continue.

Chinese Communist Ambassador Wang Ping-Nan at a meeting in Warsaw Tuesday with U.S. envoy Jacob D. Beam again rejected a request of release of the five Americans held by the Peiping regime and turned down a State Department proposal that 32 U.S. newsmen be permitted to enter Red China.

Wang told Beam it would be "difficult" to deal with the question of admitting newsmen so long as U.S. forces "continue" to occupy Formosa.

4-H Girls Plan Demonstration Day

Activities of Seminole County's 4-H Club girls climaxed National 4-H week with their annual Demonstration Day Saturday.

The program, at the Home Demonstration Center, 401 E. 25 St. in Sanford, opens at 9:30 a. m. with the public invited to hear demonstrations which have been limited to five minutes for each girl.

These demonstrations will consist of various phases of 4-H work including foods, clothing, health, good grooming, family life, recreation, home improvement and dressing foods.

District Demonstration Day has been set in Orlando's County Agricultural Bldg., March 18. All 4-H girls, 14 years of age or more, will have an opportunity to participate in the district meeting.

Welcome Wagon Plans Meeting

The Sanford Welcome Wagon Club will meet March 15 at the Sea Shell Restaurant for installation of officers and a business session followed by luncheon which is offered at a nominal charge.

Richard Keogh of the Florida State Bank will be guest speaker using as his topic "Family Money Management."

Nursery service, including transportation from the restaurant, will be available for children.

DeBary Firemen Plan Dance

The DeBary Volunteer Fire Dept. will hold its ninth annual dance in the Sanford Armory, March 17 from 9 p. m. until 1 a. m. to the music of Pete Bukur's Populars.

Henry W. Klepper, president of the firemen, says that all DeBary merchants as well as members of the departments have tickets on sale.

Second Grade Studies Birds

Study of birds is underway in Longwood Elementary's second grade taught by Mrs. Lambert. Students are learning to identify the various kinds of birds by observing and reading. They are learning, too, how the feathered friends help man, where they live, what they eat and about their protection and conservation.

Lake Monroe Jottings . . .

By MRS. H. L. JOHNSON
Have you heard the song, "Oh What a Beautiful Morning?" Well it has been true this whole week hasn't it? It was so wonderful that several of the men from here went down and cleaned up their camps on the river. Now the women folk have to clean and polish pots and pans and wash blankets and linens. * * * Hope you

Business Briefs

The appointment of W. F. (Fred) Yeackle to the position of general sales manager at Strickland-Morrison, Inc., was announced this week by W. A. Morrison, owner. Yeackle will be in charge of both new and used car sales for the agency, local dealer for Ford, Falcon and Thunderbird.

FRED YEACKLE

In making the announcement, Morrison said "Yeackle's outstanding ability and extensive background in the auto sales field account for his rapid advancement since joining our sales staff in December."

The newly appointed sales manager is well known in the Sanford area, and before going to Strickland-Morrison, was associated for a number of years with Heller Motor Sales.

Blood Mobile Visits DeBary

By MRS. ADAM MULLER
Blood donations were received by the Volusia Flagler-Daytona Chapter Bloodmobile at the DeBary Community Center last week. Assisting at the center during the afternoon were Bess Buchanan of Daytona Beach; Harry Whitaker, Miss Ethel Johnson, Mrs. R. Harrison, Mrs. Ell Yoder, Miss Beth Miller, Viola Padgett, Fred Kammerer, Cress Walters, H. P. Newton, James Richard, John Dicks, Mrs. John Byrn, Mrs. W. Seikman, Mrs. H. P. Newton and Mrs. Thomas Howard, of DeBary.

Donors were Naomi Jackson, Edgar E. Corson, Jane Silth, Pauline Kessenich, Grace and Ernest Walako, Rodney Sharp, Thomas J. Endres, Beatrice Hart, Sally Neider, May Davis, Karl Murr, Harry Schob, James Zavinsky, Alice Crowder, Jeannette and Ellsworth Ogden all of DeBary, and from Enterprise, Allan Sain, Harvey Dunn, Katherine Sellar, Ralph Coulllette, Robert Goetzinger, Harvey E. Dunn, Helen Snodgrass and Edward Cunningham.

Chuluota Gets Ambulance Service

Chuluota's George Boulden, seeing the need of an ambulance for the community, has equipped his station wagon and stands ready to take any person to the doctor or hospital, as the case demands.

His home is located at the corner of Seventh St. and Ave. E or he may be reached by telephone at 70-5354.

went to the Fair in Orlando and especially looked at the Seminole County exhibit. Mr. Tucker, Mr. Lundberg and Miss Myrtle Wilson worked hard on the booth and it was certainly nice. The demonstration chair caused a sensation among the children. They said they were going to have their dentist get one for them. * * * Come Friday afternoon I bet there were a lot of differently arranged closets, shelves and drawers after the Monroe Home Demonstration ladies listened to Kay Sassman give an excellent demonstration on storage. We met with Daisy Dowell as Lucille Fitzgerald's baby had the measles so it was impossible to meet with Lucille. * * * Sorry to hear that Gary Griffin had injured himself accidentally in the right leg by a gun discharging. At last report he was doing fine. Gary and his family now live in Holly Hill. * * * Sammie Lou Keel's mother and dad are visiting with her. Last year after Easter, Sammie and I went to Bainbridge, Ga., to see the Kendricks. They were most hospitable and friendly and I have known them for ages. Mrs. Kendricks is resting from a stay in a Bainbridge Hospital. * * * the J. C. Sappes took their houseguests, Mr. and Mrs. H. W. Holdridge of Daytona Beach on an enjoyable weekend trip. First the Fair in Orlando on Friday and on Saturday they went to Ben White Raceway. * * * Emory Krainbrink is the first lucky one to catch one of those tagged fish from Monroe. He took it to Orlando to register it. * * * Bob Mero's Easter Cantata is coming along fine. Monday night's rehearsal was just grand. * * * Claude and Mary Hittell and children took off last weekend on a short trip. Guess they had a nice time because the weather (which I especially ordered for everyone) was just perfect for those that went on picnics, fishing or over to the beach and I see some of my teenagers have some sunburn to prove it. * * * Has anyone riding on the Paula Rd. noticed the pear trees in bloom? They're surely pretty. * * * I will have the pleasure of accompanying the High School Glee Club to Daytona Friday night and hear them compete for state honors. And then Saturday Grace Edwards and I will go with the Band to Winter Park for the district meeting. I have all of my fingers crossed that both groups will win in every category. Miss Whittle and Mr. Cowley both have a wonderful group of boys and girls and I know they will make their directors proud of them. Good luck young'uns. * * * The Girl Scouts gave a nice program at the School P.T.O. meeting Tuesday evening. * * * Frankie Wheatland and girls motored to Gainesville, Sunday, to see Mr. Miller Hospital there. Don't know when he will be able to come home as he has been quite ill. Speedy recovery, Perry. * * * Good to see the boys playing baseball now. I think that is my favorite sport. Son Bob is playing for high school and I hope to be able to go to the games. * * * When Bess Hawkins and I came home from the Fair Saturday her two sisters and families were at her home. Myrtle and Florence and families left Tuesday to return to their respective homes.

LONGWOOD 4-H CLUB members received prize money Wednesday to go with the ribbons their work won at the County Fair. SIGNING THE CONTRACT to lease warehouse space for the new Anderson Moving and Storage Company are, seated, Claud Anderson, president, and Mrs. Ann Starkey, secretary. Standing, Marvin Meltzer of Sanford Manufacturers and Ned Julian of Stenstrom Realty. (Herald Photo)

Moving, Storage Firm Leases Building

The most recent new business to open in Sanford this month is the Anderson Moving and Storage Company.

Representing the Global Van Lines, a national and international moving and storage company, the new business will have 9,000 square feet of warehouse space to store furniture and household goods. It will be located in a new fire-resistant building which was recently added to the Sanford Manufacturers plant on W. First St. The contract for lease of the

building has been let to Claud Anderson, president of the corporation, by Marvin Meltzer, president of the Sanford Manufacturers.

The vice president and treasurer of the corporation is Mrs. Claud Anderson and Mrs. Ann Starkey is secretary.

Ned Julian of Stenstrom Realty Company handled the lease transaction.

Assembly Guest

Mrs. I. E. Kirkland, program guest at a recent Enterprise School assembly, presented an interesting and enjoyable talk on Alaska and used color slides to illustrate the account of her travels in that state.

Longwood Girls Begin Observing National 4-H Week Program

By BETTIE SMITH
This week is National 4-H Week and the Longwood girls have been making plans and exhibits to observe it properly.

On display at Ted's TV Store on Church St. are the individual and group ribbon-winning exhibits that the club showed at the Seminole County Fair.

Mrs. Carl Lommler is the Longwood leader and her daughter, Carla, is junior leader. This week, the club meeting is scheduled at the home of Mrs. Forrest Baines on Second Pl. Demonstrations will be given before the local club in preparation for County Demonstration Day at the Center in Sanford Saturday.

Catherine Willis will demonstrate how to make a dust cloth and Joyce Peterson and Carla Lommler on how to make a "three star" powdered milk formula for sweet milk, butter milk and whipped cream.

Mrs. Lommler says her girls have worked very hard for the observance of National 4-H Week and that they only wish they could interest everybody in the work.

"These girls," Mrs. Lommler added, "are walking advertise-

ments for the achievements that 4-H work can give the young people."

Seminole Band Trip Running Into 'Trouble'

The scheduled trip of the Seminole High School Band to the Cherry Blossom Festival in Washington, D. C. in April, is running into financial difficulties. Bandmaster Ernest Cowley told the Lions Club at their Tuesday meeting.

A shortage of about \$1,500 stands between the present balance and the amount needed to take the 55 member band and majorette corps to the national festival.

Lions Club President Milton Smith told Cowley that the Lions Club was proud of the high school band and said, "We are willing to help, and with the help of other people in this town, somehow we will make sure that our band takes this trip to Washington."

A fish fry is being planned by the Lions Club, under the direction of Cecil Carlton, and the definite date and place will be announced soon.

The band is planning several projects on their own, including a Majorette Show, with majorettes from all over Central Florida, in the gymnasium on March 26.

Another project will be the sponsorship of a special movie at the Movieland Drive-In Theatre in the near future.

Saturday, the band and majorettes go to Winter Park to compete in Florida Bandmasters District Meet, which is the elimination trials for the State Band Contest in May.

Gator Causes Concern To Buffalo Lawyer

BUFFALO, N. Y. (UPI) — Attorney Eugene J. Ouchie of Buffalo was relieved today that he was in court when a package arrived at his office from a friend in Florida.

A curious bystander opened the package Tuesday and a foot-long alligator jumped out and nipped an office girl before it was caught and taken to the city zoo.

"I'm not going to claim it," Ouchie said, "but I may visit it on weekends."

Former Sanford Resident Dies

Word has been received here of the death of Carl Taguch, former Sanford resident.

Known to his friends as "Bo," he once ran a pressing shop in Sanford, and lived here most of his life.

Details of the time and place of his death are not available at this time.

Miss Martha Francis Beeler To Marry Jerry Schack

Mr. and Mrs. Charles R. Beeler, Forest City, announced the engagement and approaching marriage of their daughter, Martha Francis, to Jerry Schack, son of Mr. and Mrs. Leo Schack, of Toltoy, S. D.

Miss Beeler is a graduate of Forest Lake Academy, at Forest City, and is now attending Union College, in Lincoln, Neb. She is a junior class officer and a representative in the Associated Student Body and also teaches Spanish in an elementary public school in Lincoln.

Her fiancé will complete his pre-dentistry course at Union College in May and plans to enter the University of Nebraska School of Dentistry, next fall.

Mr. Schack is also a class officer and one of six band members known as "The College Players," who recently toured several central and southwestern states, representing the college.

He is active in intra-collegiate baseball and basketball activities. The wedding will be an event of June 15 at the Orlando Central Seventh-day Adventist Church.

with Miss Beeler's father officiating. Pastor Beeler is public relations

director of the Florida Conference of Seventh-day Adventists, in Orlando

MISS MARTHA FRANCIS BEELER

Oviedo

Personals

By MARIAN E. JONES

Members of the Jones family, Mr. and Mrs. J. M. Jones, Mr. and Mrs. Bill Morgan and son, Chuckie, of Orlando; Mr. and Mrs. J. B. Jones and son, Jimmy Robert A. Dewberry, Mrs. Ruby U. Jones, Mr. and Mrs. Ben Jones and little daughter, Mary, were together at the Ben Jones home for a hamburger fry recently.

Judge Theodore Aulin has been a patient at the Winter Park Memorial Hospital.

Mrs. M. M. Kees was a patient at the Winter Park Memorial Hospital for a few days.

Mrs. Clifford Parker underwent eye surgery at the Florida Sanitarium Tuesday.

Two lovely plastic parties were held recently and enjoyed by large groups each time. Mrs. Tommy Moon was hostess at one party while Mrs. G. S. Moon hosted the other.

County Superintendent and Mrs. J. Allen Thompson of Vero Beach, were visiting in Oviedo Sunday with their mother, Mrs. J. N. Thompson, who was here for a few days.

Mr. and Mrs. Gorman C. Wilson visited Mrs. J. N. Thompson on Sunday and Mrs. Thompson returned to St. Augustine with them.

William Hart, who was called home due to the sudden death of his father, Lincoln (Lak) V. Hart, has returned to Ft. Hood, Texas for a month before being transferred to another post of duty.

Mr. and Mrs. E. T. Bailey Jr., of Atlanta, Ga., flew to Orlando to meet their daughter and friends to be with Mrs. L. V. Hart.

Mr. and Mrs. E. T. Bailey Jr., and family, Mr. and Mrs. Johnson and family, and Mrs. Bailey's sister, of Rome, Ga., drove from Atlanta to Oviedo to be with Bailey's sister after the death of Mr. Hart. They returned home Friday evening accompanied by their father, Mr. Bailey Sr., who will remain with her daughter for a while.

Members of Oviedo Masonic Lodge No. 243, F. and A.M., enjoyed a chicken barbecue supper last Monday evening.

Mr. and Mrs. J. B. Jones, son Jimmie, of Oviedo, and Mr. and Mrs. Walter E. Ralston, of Sanford, motored to Daytona Beach Sunday afternoon to visit with friends.

Remove spots on walls as they appear. For pencil marks and light smudges on paper walls, use art gum. Crayon marks can be sponged lightly with cleaning fluid on a soft cloth.

Mrs. Stock Honored At Surprise Shower

A surprise stork shower for Mrs. Joseph Stock was the main event of the evening when members of the Ethel Root Circle of the Congregational Christian Church met Monday at the lovely home of Mrs. Howard Rollins 1705 East Fourth Street for their regular meeting.

Potted pink azaleas were artistically arranged at the entrance and other flower arrangements were used throughout the pine paneled rooms, carrying out the pink and blue theme. The serving table was overlaid with a beautiful lace cloth centered with a pastel arrangement and booties held pink and blue tapers and tiny flowers.

Refreshments of sheet cake, ice cream, coffee, tea, and miniature baby carriages containing minis and assorted nuts were served to the guests by the hostesses, Mrs. Rollins and Mrs. Helen Remusat assisted by Mrs. Harold Herbst.

Entertaining games were played and those winning prizes were, Mrs. G. O. Nordgren, Mrs. Max Cokerly, and Mrs. Eddie Simpson.

Lake Monroe

Personals

By MRS. E. L. JOHNSON

Mr. and Mrs. H. W. Holdridge, of Daytona Beach, spent the weekend at the J. C. Sapp home, Friday evening the Sapps and guests visited the Central Florida Fair and Saturday evening visited the Ben White Raceway.

Mr. and Mrs. Claude Hawkins had as their guests the past weekend Mr. and Mrs. John Pickett of Jacksonville and Mr. and Mrs. Mike Mancini and children from Oldbrook, N. J.

Friends of young Gary Griffith, of Holly Hill and formerly of Lake Monroe, will regret to learn that he had a painful accident. He shot himself in the right leg.

The honoree was greeted by Mrs. Stork and his gifts as she pulled a pretty colored ribbon to which they were both attached.

A brief business meeting preceded the party at which time reports were made by the various officers. Mrs. Rollins announced that Mrs. Harold Herbst would serve as publicity chairman for another year as this position had not yet been filled. The ladies decided to make and take orders again this year for the sale of hot cross buns. Anyone wanting any of these delicious homemade buns should place their order early with Mrs. Rollins.

Those attending were the honorees Mrs. Stock, Mrs. Cokerly, Mrs. Oscar Ziltrower, Mrs. H. Thurston, Mrs. T. R. Alford, Mrs. Alice McMillan, Mrs. Norma Cook, Mrs. William Bailey, Mrs. Maurice Corbett.

Mrs. Agnes Boyd, Mrs. Earl Monley, Mrs. James Bedenbough, Mrs. Simpson, Mrs. Nordgren, Mrs. Herbst, Mrs. Larry Adye, and two guests, Mrs. Minnie Salisbury and little Miss Sue Tyson.

Mrs. Gus Schmah will be hostess to the next meeting, March 20. The meeting place will be announced at a later date.

DeBary Garden Club Plans Election At April Meeting

Plans Election At April Meeting

The DeBary Garden Club met Friday afternoon at the Community Center, with Mrs. Taiman Van Arsdale presiding.

Guest speaker was Mrs. J. Smith of DeLand. She discussed the various types of grasses in Central Florida.

The nominating committee presented a slate of officers for the coming year. The officers will be elected at the April meeting.

Those nominated included: Mrs. H. P. Newton, for president; Mrs. James V. Richards, first vice president; Mrs. William Hibbard, second vice president; Mrs. Nicholas Muller, third vice president.

Mrs. Clarissa McPetridge, fourth vice president; Mrs. John Byrn, treasurer; Mrs. Charles W. A. Braun, recording secretary and Mrs. Frank Eakin, corresponding secretary.

Serving on the nominating committee were Mrs. Harold Lynch, chairman assisted by Mrs. Lynn P. Reed and Miss Alma Johnson.

Osteen

Personals

By MRS. CLARENCE SNYDER
Mr. and Mrs. J. L. Hutchison of Quincy, recently visited his sister, Mrs. J. S. Peterson and family. Hutchison, as editor and publisher of the Gadsden County Times at Quincy was enroute to West Palm Beach to a managers meeting of the John H. Perry newspapers.

Miss Sally Snyder of New Springfield, Ohio, has returned to her home, after a months visit with her grandmother, Mrs. Clarence Snyder.

Lowe Pierce and son Harry, of Bradenton, visited Mrs. Frank George recently. They enjoyed some shad fishing while they were here.

Mrs. George Carter, Harbor Oaks, spent a day with Mrs. Frank George, recently.

Mrs. Alma Walker has returned home, from Daytona Beach, where she spent two weeks with her niece Mrs. Louise Malley.

Mrs. Agnes Darras, Mrs. Katherine Johnson and Mrs. Olive Robb, all of Belfast, Maine, have returned to their homes after a ten day visit with Mrs. Walter Darras.

Mr. and Mrs. Grant Clutter called on Mrs. Eric Roberts who is a patient in the Holiday House, Sunday.

The WMS of the Osteen Baptist Church, observed the week of prayer for Baptist missions, with meetings at the church, Tuesday and Wednesday mornings.

Mr. and Mrs. F. T. Plety were dinner guests at the MQ ranch, Sunday.

New Arrivals

Mr. and Mrs. Britt Rogers, Gainesville, announce the birth of a 15 lb. 10 oz. daughter, March 7 at the J. Hillis Miller Health Center, in Gainesville.

They have chosen the name Lori Lynne, for the new arrival.

Mrs. Rogers is the former Betty Varnum, of Sanford. She made her home with her aunt, Mrs. Betty Cox, 1204 Forest Drive.

Paternal grandparents are Mr. and Mrs. Robert Rogers, of Winter Gardens.

A GOING AWAY PARTY FOR KATHY HARRISON was given by Ethel Todd and some other friends at the home of Mrs. J. M. Dingman. The guests had a pancake breakfast and spent the morning bidding Kathy farewell as her family is being transferred. Shown are, from left, Sue Ann Stoffer, Sue Price, Linda Lee, Janice Rahn, Kathy and Ethel. (Herald Photo)

WILMA SIMS

"THE FRIENDLIEST CORNER in town" is not just an idle phrase with Frank and Wilma Sims, owners of Wilma's Grocery at the corner of Celery and Mellonville. Total strangers who stop in passing, attracted by their large display of locally-grown fresh fruit and vegetables, are soon chatting over personal and family problems as though they had known each other for years.

The Sims are grocers of many years experience, both in Florida and in their home town of Memphis, Tenn. They moved to Sanford two years ago and Frank was the first manager of the Jackson's Minute Market here. A few months ago they purchased the old Touchton Corner store and changed the name to Wilma's Grocery.

A very interesting sideline to the grocery business, which is almost approaching the proportions of a full-time business is their "bird farm."

Three bird houses, directly behind the store house over 800 parakeets, plus a dozen other rare species of feathered fowl, such as cockatoos, mynah birds, finches and Japanese Bunnies. The latter are chickens with silky feathers like rabbit fur. They also raise rabbits, Chihuahuas and toy French poodles, with a pen of common Seabright bantam chickens for good measure.

Wilma Sims, a member of the Audubon Society, is the bird specialist of the family and Frank is the grocer and super-salesman. His specialty is homemade soups and his standing boast is that he has never yet given away a sample of his special soups that the customer didn't return for more.

In the accompanying photographs Mr. Sims is shown with a pet Venezuelan parrot, called Senorita. She sits on a perch in front of the store and greets all comers. The neighborhood children love to feed her peanuts and she talks to them.

Mrs. Sims is holding two pet toy poodles.

ATTENTION ALL LEPRECHAUNS and Women's Clubbers. On Friday, March 17, the American Home Department plans to entertain the husbands of club members in a way befitting St. Patrick's Day.

It is the suggestion of the committee that everyone come dressed as their concept of a leprechaun. There will be a grand march with prizes for the most original and imaginative costumes.

Nazarene Class Enjoys Fish Fry At Wilkins Home

The Mr. and Mrs. Class of the Nazarene Church enjoyed a fish fry at the home of Mr. and Mrs. John Wilkins, Saturday night.

Twenty-three members were present for the supper and meeting. The fish were provided by Bobby Carter.

During the business session officers were elected for the coming year. They were John Wilkins, president; Bobby Carter, vice president; Monica Dickey, secretary-treasurer and Pauline Brumfield, party chairman.

Farewells were extended to Mr. and Mrs. Darrel Ethridge who are being transferred to Maryland.

Rev. and Mrs. I. W. Justice and Virgil Singleton and Mr. Singleton of DeLand were welcomed as guests.

Group singing, accompanied by David Wayne Mathes on the guitar, concluded the evening.

Girl Scout Diary

BROWNIE TROOP 106
Besides battling mumps and measles, which have kept at least three girls absent from each meeting, recently Brownies of Troop 106 have been working hard preparing for the Girl Scout Fair to be held in April. They are making leis to wear. A Hawaiian scene for their exhibit and learning the Hula.

Mrs. Dorothy Anglin, who studied under the famous West Coast Hilo Hula has been teaching the girls the Hula. A visit was also made recently to Joan Johnson's Dance Studio for further instruction in the dance.

Other activities includes an exhibit entered in the Seminole County Fair, stressing their small contribution to the community; participation in the Girl Scout cookie sale and selling 38 cartons of cookies. They worked with Mrs. Eloise Sorokowski on tenderfoot requirements for the eight fly-ups in the troop and said good-bye to leader Dorothy Anglin and her daughter, Teresa, who are going to Pensacola to live.

Besides Mrs. Anglin, other leaders of Troop 106, which meets at the Lake Mary Elementary School, are Mrs. Ruth Boutwell and Mrs. Eloise Sorokowski.

Members of the troop are Teresa Anglin, Ella Boutwell, Cheryl Cavitt, Carin Chapman, Irish Dominey, Cathy Dunn, Deborah Goerz, Candy Hartwig, Susan Hartwig, Linda Kilpatrick, Kathy Kimmons, Jan McCracken, Donna Manfre, Phyllis Mitchell, Jay Morrison, Patti Parsons, Peggy Rabun, Patti Riley, Elizabeth Rogers, Patty Rowell, Diane Sorokowski, Barbara Tamm, Lucia Wallace and Beth Williams.

St. Louis manufacturers of children's wear see a many-colored spring ahead. Dress skirts come in three colors, like ribbons on a maypole, or a strong color, such as apricot, is used with beige or other neutral in a linen combination. Cottons come in awning stripes and oversized checks.

FRANK SIMS

on potato chips and all the other goodies that suit the occasion.

Co-hosting the beach party were Terry Miller and Nickie Constantine. The group joining them included Jack Boone, Sherry Lee, Danny Brumley, Frankie Bullard, Sunny Skinner, Ricky Gleason, Susan Tanner, Pat Place, Richard Walker, Don Harvey, Pat Smith, Linda Daniels and John Baumier. Chaperones were Mr. and Mrs. Jim Martin.

Color, density, thatch, quality, and nematode resistance are desirable traits to consider in selecting grass for the home lawn.

Ladies' auxiliary of the Florida Cattlemen's Association are known as "Kowbells."

Safety Check

The Safety Council and the School safety patrol of the Pinecrest School is to be complimented for starting a bicycle safety check this week at the school.

We should all work toward teaching our youngsters the importance of safety—and it might be a good idea for us adults to take advantage of the instruction too.

Many accidents are caused by careless cycling and especially in the case when two or more youngsters are on a bike.

We have seen as many as three youngsters on a bike and this is probably the main cause of all bicycle accidents.

We hoped that the youngsters pay heed to the advice of the council and made all proper repairs on the bicycles—in an effort to stamp out careless accidents on our streets.

WORRY CLINIC by Dr. G. W. Crane

Phyllis is shy because she lacks social experience. On the test items named below, she scored only 46. She is really a "handicapped" child as regards personal contacts with the normal child's games. Confidence is based on familiarity, plus reasonable skill, at the social situations to be faced. Parents, send for the Rating Scales mentioned today.

CASE H - 428: Phyllis G., aged 9, is a brilliant child. "But, Dr. Crane," her mother exclaimed, "Phyllis seems to shun other children."

"She makes straight 'A' grades in School and practices her violin strenuously."

"But she seldom goes out to play with other girls and boys. And when we do get into a group, as of her cousins, Phyllis generally stands on the sidelines."

"Why isn't she sociable like the other youngsters?"

Strange as it sounds, children need to be taught how to play. If left to their own resources, they stand around asking, "What can we do?"

Adults should thus furnish ideas to youngsters by which they can express their surplus energy in wholesome play.

Phyllis, because of her studious nature, has never learned how to harmonize with children.

Without detracting from piano or violin lessons, we psychologists consider it more important for a child to harmonize with other people than to harmonize in the field of music.

Check your own youngsters on

these vital tests of grade schoolers:

Can they ride a bike? Roller skate? Ride a pony? Swim? Square dance?

Have they ever played baseball, tennis, football, volleyball, golf, or been bowling?

Are they members of a Sunday School class, or the "Y," or GYO, 4-H Club, and Scouts or Camp Fire Girls?

Have they ever gone fishing, rowed a boat, paddled a canoe, water skied, visited an amusement park or carnival, ridden on a merry-go-round?

Did you parents ever let them take a bus trip alone? Or a ride on a train or airplane?

Have they spent the night with classmates or cousins, or vacationed away from home as with their grandparents or other relatives?

Have they attended a summer church camp, or a "Y" camp, Scouting jamboree, etc?

Have they ever tried to sell Scout cookies or magazines, school tickets, etc?

A child naturally will stand on the sidelines, watching, if she is inexperienced in what they are playing.

Phyllis will also shy away from joining her classmates in a pool if she is unable to swim.

Social poise is thus based on wide experience. Every parent should check the many test items listed above. Allow 4 points a piece and thus see what your child's rating amounts to in "Social Poise."

Being a good parent means we must accept the role of home tutor in the many simple but vital games and sports which are necessary to give our children confidence in a group.

Part of this job can be "farmed out" to a Scout leader or a YMCA secretary, but not all of it.

Dads don't run off to the golf links every spare minute, at least till your children rate a minimum of 80 points on the test items named above.

And send for my 200-point "Tests for Good Parents," enclosing a stamped return envelope, plus \$6c. It lets you rate yourselves, too.

Going Up

The most expensive single volume purchased by the University of Kansas Library back in 1905 was "An Essay on the Early History of Charts and Sailing-Directions" by the Swedish scholar Periplus. Its price was \$31.25, and some academic eyebrows went up.

More than 12,000 firms in the United States are in the business of producing oil.

SIDE GLANCES

"To make it easier on the treasurer, I move we change our dues from \$2.95 to \$3.00!"

"See What Happens When You Let People Vote?"

POLITICAL NOTEBOOK

By Peter Edson

WASHINGTON (NEA) — A collection of cute sayings by President John F. Kennedy, printed in this space recently, has drawn from readers vehement comment of two exactly opposite types.

It seems that people either like the president's pretty wit, or else they think it's terrible, and he ought to cut it out.

Letters from two Pittsburgh Press readers are typical of the lot. And because this question of injecting humor into politics seems to have stirred up a minor controversy, it may be worthwhile letting both sides of the argument have a fling at it in approximately equal space, as a nightcap to the Kennedy-Nixon great debate.

First, here is what a lady reader has to say:

Brisk Easter Trade May Add Jobs

WASHINGTON (UPI) — Mild weather and brisk Easter trade may reduce unemployment this month from the 20-year high of 5,705,000 recorded in February, Labor Department economists said today.

They based their forecast on the hope, expressed Tuesday by Labor Secretary Arthur J. Goldberg, that expansion of construction activity, farming and trade would absorb some of the long-term unemployed.

Goldberg cited the unemployment figures to the Senate Banking Committee today in prepared testimony urging immediate approval of President Kennedy's emergency program to extend jobless benefits.

"All of these facts and figures are not just cold statistics in charts and tables," he said. "They tell a graphic story of human distress and suffering, of problems and needs, which the individual workers who are the basis of these statistics cannot solve alone."

The Cabinet officer told the committee that "clearly the current situation is grave enough to warrant immediate attention by the Congress." He said the jobless pay measure was a "very crucial part" of Kennedy's anti-recession program.

"In fact, I believe that I can scarcely overstate its importance in meeting the needs of the unemployed and providing purchasing power to those who will use it," Goldberg said. "This program will quickly put into circulation almost a billion dollars of purchasing power to get the necessities of life."

PERFECT JANITOR SER. And WINDOW CLEANING

Commercial And Residential

PH. FA 2-7017

"I should begin this letter with a greeting, 'Sir,' but to me that name implies respect and, after reading your columns concerning President Kennedy's 'sense of humor,' I'm afraid any appropriate greeting for you escapes me.

"It is obvious at this point that I am a Republican. But let's not digress. What you consider humor on the part of Mr. Kennedy, I consider rank sarcasm, which is one brand of humor I can't appreciate at all. It is usually a trade-mark of people who seek to belittle others in order to raise their own stature."

"To my mind it has exactly the opposite effect. One of the things I dislike intensely about J.F.K. was his constant belittling of Mr. Nixon and his remarks during the debates. It showed me what kind of a man he really is.

"I was also proud of Mr. Nixon's composure during all this. He did not stoop so low as Mr. Kennedy in his remarks.

"With that off my chest—and since I am not at all interested in a Kennedy scrapbook—humorous or otherwise—let's find something a little more interesting to write about—hmmmm?"

For the other side of this argument, a male reader writes:

"Dear Sir: Speaking of jewels of humor during the presidential election, don't forget to remember the gems flashed by the commentators. Specially, I might mention Huntley-Brinkley interviewing Richard M. Nixon 10/15.

"Mr. Brinkley (in his inimitable fashion) said to Mr. Nixon, 'I understand that the people of Whit-

ter, California, are so certain that you will be elected president of these United States that they have already started to build the log cabin you were born in.'

"Mr. Nixon (not catching on in his inimitable fashion) 'Well, I never count my elections until I have won them and that is why I have never lost an election.'

"Being a Kennedy rooster, I did not refrain from writing Mr. Brinkley, asking him to tell the people of Whittier to hold off ordering the syrup until after the result of the election."

"To which Mr. Brinkley replied: 'It may, indeed, have been a mistake to inject even a small touch of humor, because Mr. Nixon is not particularly noted for his wit. But it seems to be a terribly humorous campaign so far, and I think an occasional light touch is called for.'

"What do you think? I think Mr. Brinkley's humor is precious but he obviously was not following the John F. Kennedy speeches where humor and wit are abundant . . .

"I think humor—good, clean wit—is a stopgap for boredom and is a vote getter, even in a presidential election."

Both sides having now been heard in rebuttal, the argument will be considered closed.

But President Kennedy goes right on poking fun, in his own way. When he spoke to the National Industrial Conference Board of big businessmen here the other day he observed: "It would be premature to seek your support in the next election, and inaccurate to express thanks for your support in the last."

CROSSROADS OF THE WORLD

By William Drury

My horoscope in the newspaper said it was a fine day for meeting new friends making important changes and impressing those in authority who might advance my position in life.

The horoscope hinted at more but I did not finish reading it because at that moment I began changes and impressing those in authority I ought to impress most and suddenly realized that my banker had a head start on all the rest since my life's savings were in his clutches and I needed a small slice.

If you wish to impress a banker into handing over a couple of nuggets of your gold you have to present yourself at his cash register before 3 p. m.

They quit dashed early, those birds.

Driving into town I heard a loud explosion and a disturbing sort of "whoosh!" Then the car began to wobble drunkenly.

A blow-out, I told myself. And coaxed the limping vehicle into the nearest service station.

"That tire's finished," said the service station man. He looked at the spare. "That's finished too."

Fact is they're all finished. You need a whole new set of tires. They're all going bald."

Frankly I thought his reasoning a bit odd. After all the fellow was going bald himself but that didn't mean he was ready for the machine.

He said he would find me five new tires.

My horoscope was right. I was about to make important changes. Five important changes to be exact.

"But I must get into town quickly," I said. "A banker is sitting there, waiting to be impressed. Even now, he is biting his fingernails impatiently and thinking longingly of golf."

The service station man offered to lend me a car.

Again my horoscope was right. I had made a new friend.

And hour later, I returned to the service station and picked up my newly shod chariot.

It was the peak hour and the road was crammed with traffic, heading suburbward in short, spasmodic bursts, traveling all of five feet an hour.

They were a jolly lot of drivers. When my hub cap fell off and I stopped the car to walk back and retrieve it, everybody honked their horns in the friendliest way.

I waved back, of course.

"Absolutely amazing," I thought, "how right those horoscopes are."

I made one more friend. That was when the traffic stopped rather suddenly and I hit the bumper of the car in front.

Not much damage was done. One of my headlights smashed and a front fender dented, but that was all. The other car suffered even less. About two inches of paint scraped off.

The driver said he wasn't worried because he didn't think his wife would notice.

Reaching home, I saw the newspaper lying where I had dropped it. And remembered that I had not finished reading the horoscope.

I picked it up.

"Be very careful today," it warned, "when driving."

GOODYEAR

You can trust this low-priced 3-T NYLON

Not just another nylon tire: This is Goodyear's exclusive 3-T triple-tempered nylon with the extra strength and safety not found in other tires. Get the low priced Nylon tire you can trust!

Guaranteed 15 Months

1. Road Hazard Guarantee
All new Goodyear auto tires are guaranteed by written certificate against normal road hazards, i.e., blowouts, fabric breaks, cuts — except repairable punctures. Guarantee limited to original owner for number of months specified.

2. Lifetime Guarantee
All Goodyear tires are guaranteed for their tread life against any defects in workmanship and material without limit as to time or mileage. Any Goodyear dealer will repair without charge or make allowance on a new tire based on original tread depth remaining and current "Goodyear Price".

Kennedy Asks County's Help

President John F. Kennedy has urged Seminole County to "make every effort to accelerate essential building and expenditure programs to help reinvigorate our economy."

President Kennedy, in his letter which was addressed to the County Commission and read at the meeting Tuesday emphasized that local construction provides approximately 40 percent of the total federal, state and local construction outlay of the U.S., including that for the military.

"I have already directed executive agencies of the federal government to speed their work to provide jobs and business support for the country," Kennedy said.

"The key role of local government in our national life can now most tangibly be demonstrated by accelerating its construction, purchasing and other needed program," the president said.

Dr. Forman Heads Altamonte Club

Dr. Gertrude Forman has been elected president of the Altamonte Springs Civic Club for the 1961-1962 term.

Serving with her will be Mrs. A. M. Burke, vice president; Mrs. Chester Seymour, secretary; Mrs. W. C. Morrell, treasurer; Mrs. Glenn Humes, corresponding secretary and Mrs. W. W. Rasmann, historian.

HER MAJESTY, QUEEN BEE MARTHA CASON, sits on the throne under the SealBees symbol of a fighting bee. Her attendants are (left) Marie Nengel and (right) Ann McEntyre.

Junior GA's Give Baby Food

The Junior Girls Auxiliary of the First Baptist Church of Lake Mary brought donations of baby food to their meeting Monday afternoon to be given to a baby in the community as their mission project for the month. They also studied the third chapter in their mission book, "Sawgrass Missionary," taught by Mrs. Marquerite Boman, counselor. The girls are making an Indian village for their hand work project.

Refreshments were served following the program. Members present were Billie Lynn Norden, Cheryl Avery, Janet Gainey, Linda Stafford, Sheila Davis, Wanda Nixon, Patricia and Delores Flannigan, Elizabeth Koehler, and Mrs. T. N. Stafford, assistant leader.

The Baltimore oriole was named for its orange and black plumage, these being colors of Lord Baltimore's family.

SeaBees Celebrate Anniversary

The men of the SealBees (Construction Battalion) celebrated the 19th anniversary of the founding of the battalion and the 94th anniversary of the Civil Engineer Corps at a party at the Naval Air Station Ballroom.

Highlight of the ball was the anniversary ceremony and the crowning of the Queen Bee, Martha Carolyn Cason wife of Charles Cason, EON-2. Attendants to the Queen Bee were Marie Nengel and Ann McEntyre.

An anniversary cake depicting the activities of the SealBees was cut and the colors retired at the conclusion of the ceremony.

The anniversary shows the experience of the battalion through World War II, continuing through Korea and up to the present day, symbolized by their insignia of a fighting mad bee, showing how they often "fought with one hand and built with the other," so close-

ly did they follow the assault troops onto the beaches.

Present at the celebration were members of the Reserve CB Unit from the USNR Training Center in Orlando.

Honored guests included Capt. and Mrs. Robert Slye; Capt. and Mrs. Thomas Jefferson of Patrick AFB, CEC officer in charge of down range construction; Capt. and Mrs. Gordon, (ret.); Cdr. and Mrs. Paul Speltz, chief of staff of Hatwing One; Major R. C. Wood, CO Marine Barracks; Cdr. and Mrs. Hansell, CO of Orlando Reserve Unit, and the staff of Capt. Jefferson, Cdr. Bear, Lt. Kappel and Lt. Fortie; Lcdr. Edwin Michael, CEC resident officer at SNAS, and the Catholic chaplain, Lt. R. M. Laurensano.

The color guard was composed of Paul Spangler, EON2; Charles Cason, EON2; Charles Gay, EO-L EO-1 and Manuel Gonzalez, EON2.

RANDALL ELECTRIC COMPANY'S new Frigidaire line was among the big displays Wednesday when the firm held open house. Miss Lucy Nowlin, home economist for Florida Power and Light Co., is shown explaining the new Frigidaire pull out stove and eye level oven units to one of the visitors. Sid Vihlen was host all day and helped pass out souvenirs and serve coffee. (Herald Photo)

Job Of Employment Service Discussed At Meet

Harry R. Van Brunt, state director of the Florida State Employment Service, was the speaker at the Kiwanis meeting Wednesday.

With the assistance of Danny Hahn, program chairman and local manager of the FSES in Sanford, a film was shown to the group entitled "A Man Is a Job."

"There are 40 full time offices of the FSES in the state," Van Brunt said, "and our basic aim is to assist in making the best use of human assets for the betterment of the community and society and

the happiness and progress of the individual."

Van Brunt emphasized that the Employment Service deals with every field of work, from unskilled through skilled, professional and technical jobs. The service has an eight point program that consists of the following services:

Placement in jobs; Compensation for unemployment; Counseling job-seekers; Guidance in career training; Finding jobs for the handicapped, for youth, and for the older worker; and Job Analysis and staffing of personnel for industrial groups.

The office also gathers and distributes labor market research data and works out details of the farm placement program.

Van Brunt pointed out that these services are free to both employer and employee.

Business at the Kiwanis meeting included the awarding of perfect attendance tabs to a large number of men.

Longest attendance records were led by Sanford Doudney with 28 years perfect attendance, Dr. Luther Doss with 23 and Ed Lane with 20 years. Ralph Smith, secretary of the club pointed out that the total of all the men equalled 245 years.

No meeting will be held next Wednesday because of the divi-

sional meet, encompassing 14 clubs from Central Florida which will meet for dinner and program at the Civic Center, March 18.

FEA Program Outlined To Club

Ernest Cowley, Seminole High bandmaster and member of the Florida Education Assn. Program Action Committee, presented to the Lions Club an outline of the legislative program that the FEA is bringing before the state legislature when they meet in April.

Some of the programs and requests that FEA is asking for are aimed at reducing the shortage of classrooms and relieving overcrowded conditions.

Other requests that the FEA feels would improve the education system in Florida, which is tenth in size of population, but ranks 23 in educational facilities, teaching materials, and salaries include; a library unit for each 500 students to provide research sources and a separate principals unit to free one more teacher per school.

Adjusted salaries to attract better qualified teachers, 10 days sick leave a year for teachers, instead of the present six, increase in growth appropriations and guidance units are also needed.

Research figures show that in spite of the hue and cry of the cost of education, in 1960, the average amount per household for public education was \$249, while the average amount per household for alcoholic beverages and tobacco averaged \$470, which shows that sufficient income is available in Florida to support schools equal to the best in the nation.

Recent emphasis on science and math should not exclude music. Cowley told the Lions Club. Band participation helps train youth to better citizenship, through strict regulations, stringent application to learning teamwork. Band students spend one hour before school and many hours after school in practice and study.

"I would like to hear more emphasis and publicity on juvenile delinquency, to help overcome the public image of juvenile delinquency," Cowley said.

OUTLET HANNAH

"A sandwich is merely a poor attempt to make both ends meet," observes Hannah.

INTERIOR LATEX PAINT gal. \$3.39

This advertisement is one of a series that won national recognition for Florida. The Freedoms Foundation awarded it the George Washington Honor Medal for dramatizing freedom's vital importance in every field of American endeavor. A similar program in 1955 also captured this coveted award.

FUTURE FLORIDA BUYER: Today, Smile-getter...Tomorrow, Style-setter!

A born coquette, this youthful charmer revels in ribbons and lace-trimmed hats. Ectically, her sparkling eyes reflect the lovely, clothes-conscious adult she is to become.

But what of tomorrow, when her fashion flair has been trained to the business of buying, perhaps for a department store's millinery department?

Will she be free to choose? Will she select styles of the season from competitive lines... judging comparative merits of materials and workmanship, weighing cost against value? This is

the role of the commercial buyer in an economy where free enterprise with boundless energy and miraculous ingenuity goes all out to please the selective shopper.

Socialism warns free choice. Bureaucracy ignores individual preference. These are subtle dangers to our free enterprise system which has made America so great. Be alert to any influence that would endanger our free and thriving economy and high standard of living. In this way you can help to keep all of your personal freedoms intact.

Just as our apparel industry is creating better things in fashion, so Florida Power & Light Company is creating better things electrically. Great new plants and generators, new substations and additional lines now under construction soon will supply literally thousands of added kilowatts for HAPPIER FLORIDA LIVING...ELECTRICALLY!

Lucas Named Top Cager

NEW YORK (UPI)—Jerry Lucas, the 6-foot, 8-inch star around whom Ohio State has constructed an unbeaten season, today was named college basketball's "Player of the Year" for 1961 in a nationwide poll conducted by United Press International.

The junior center, who also topped the voting last week for the UPI All-America team, spread-eagled the field in balloting by 292 sports writers and broadcasters throughout the country.

Lucas received the votes of 242 writers, a stunning 82.9 per cent. Fellow All-America Tom Stith of St. Bonaventure was a remote second place finisher with only 19 votes and All-America Terry Dischinger of Purdue was third with nine.

"I consider it quite an honor, with players like Dischinger and Stith in the country," said Lucas today when informed of his selection. "It's something to live up to the rest of the year and next year."

This latest honor comes at a time when Lucas is getting ready to lead Ohio State into its final game of the regular season Saturday against Illinois and then into the NCAA tournament next week where Ohio State is the defending champion.

Lucas has averaged 24.5 points per game this season, and also is battling for the national title in rebounds with the outcome of that struggle hinging on his closing games.

But either way the "Power Tower" from Middletown, Ohio, has undeniably been the dominant figure in this college basketball season. Coming back from an amazing sophomore year in which he won All-America honors and then went on to become one of the top stars of the all-conquering United States basketball team in the 1960 Olympics, Lucas led Ohio State to victory in the Holiday Festival Tournament and then to the Big Ten title.

Coch Fred Taylor of Ohio State saluted Lucas' selection as "Player of the Year" and expressed the thoughts of many when he said, "I think it was almost a foregone conclusion before the season started on the basis of his record last year and in the Olympics."

Although Lucas' individual statistics are compelling, Taylor stressed another facet of big Jerry's talents by saying, "He is a team player almost to a fault."

"We, as coaches, can appreciate a guy like that who channels his efforts into a team game," said Taylor. "We're glad he's on our side."

As a junior Lucas has a chance to make the All-America team three straight times — an honor achieved in the past by only two stars, Tom Gola of La Salle and Oscar Robertson of Cincinnati.

But after that Lucas has drawn the line at following Gola and Robertson into professional basketball.

Patterson, Ingemar Wrap-Up Title Go Glove Preparations

MIAMI BEACH (UPI)—Champion Floyd Patterson, finishing his glove preparations today, indicated he may make Monday night's third title fight with Ingemar Johansson a battle of right hands.

Never before has the 26-year-old champion thrown so many straight rights in training as during the current campaign.

Patterson and trainers Dan Florio and Buster Watson know that Ingemar will be watching this time for Floyd's booming left hook, which floored Ingemar twice for a fifth-round knockout in their second fight last June 20. Hence, the straight right could prove a violent surprise.

Floyd demonstrated that his left hook is still lethal Wednesday in a workout before 500 persons in the plush Napoleon Room of the Deauville Hotel. He buckled the knees of sparring partner Hannibal in their first round.

However, during most of his two sessions with 185-pound Hannibal of New York and one round with New Yorker John Henry, a 210-pounder, Floyd concentrated on repeated left jabs that made openings for the straight right.

Meanwhile Johansson's chief sparring partner, after his last session with the former champion today, didn't say it directly, but there was little doubt that he thinks Floyd Patterson will beat Ingemar next Monday.

Everybody, including Johansson, has made it no secret that he expects to win by landing another right-hand crusher, as he did in their 1959 fight. But listen to Solomon McTier, the only heavyweight left in the camp after Alonzo Johnson departed last week:

"It's easy to slip his right, or to block it. He telegraphs the right every time—he cocks his right hand. I don't think he ever hit me in the head with a right, although he landed some good rights to the body."

In his 3 1/2 weeks in camp McTier boxed 42 rounds against Ingemar.

Cepeda Raps Rigney For Giant Flop

United Press International

Orlando Cepeda weighed in today with his version of the San Francisco Giants' 1959 collapse and laid the blame for the loss of the National League pennant squarely on ex-manager Bill Rigney.

"That man lost the pennant for us," said Cepeda. "He has no guts, he can't manage, he doesn't know baseball or baseball players and he always was picking on me."

Cepeda's outburst came when he was confronted with a quote attributed to Rigney that said Orlando didn't want to win enough and objected to a 1959 switch to left field. Cepeda moved to left field in the 1959 campaign in order to make room at first base for rookie Willie McCovey.

"If I didn't think much of the idea why would I volunteer to play left field?" asked Cepeda. "I played good in 1958 but when things went bad in 1959 Rigney turned on me and called me a troublemaker."

The Giants appeared to have the 1959 pennant won going into the final 10 days of the season but faded and the Los Angeles Dodgers and Milwaukee Braves went on to tie for the flag and create a post-season playoff won by the Dodgers. Rigney was relieved of his post last season and

now manages the Los Angeles Angels of the American League.

Camp Notes: Old pros Jackie Jensen and Vic Wertz enlivened the Boston Red Sox' first intra-squad game of the spring with some long-range hitting. Jensen, returning after a self-imposed one-year retirement, went three for three and drove in four runs. Wertz connected for a three-run double.

Young pitchers starred for both the St. Louis Cardinals and the Milwaukee Braves in their squad games. Ray Sadecki, 20, and Bob Miller, 22, combined in a two-hit six-inning shutout in the Cardinal game.

Frank Herrera, who led the club in homers and runs batted in as a rookie in 1960, agreed to terms with the Philadelphia Phillies and said: "I got a good raise and I'm very happy."

Liston Ready For Title Bout

MIAMI BEACH (UPI)—Burly, big-listed Sonny Liston of Philadelphia, who scored his 25th straight victory Wednesday night on a repeat knockout over Howard King, plans to challenge for the heavyweight crown next week.

Liston, No. 1 contender, will challenge the winner of Monday night's Floyd Patterson-Ingemar Johansson title fight and will file the challenge with the National Boxing Association, manager Joseph Pep Barone said today.

Sonny, weighing 219 1/2 to 204 for King, of Reno, Nevada, floored King for a count of eight in the second round and for the full count in the third round of their 10-rounder at the Miami Beach Auditorium.

It was the 26-year-old Liston's 32nd victory in 33 fights and his 22nd knockout. King suffered his 22nd defeat in 66 bouts.

Rocky Picks Patty To Win

PORT LAUDERDALE, Fla. (UPI)—Floyd Patterson will stop Ingemar Johansson within eight rounds Monday to retain his world heavyweight championship, a champion Rocky Marciano said Wednesday.

Marciano, who retired undefeated, said he thought it would take Patterson about four rounds to warm up "and I figure Ingemar can hold him off another four at the most, but that's all."

Brother, Sister Clash At SOKC

Hobby Hour Kennels and trainer C. Beales have two greyhounds entered in tonight's featured ninth race at the Sanford-Orlando Kennel Club and if their records look similar, they should.

Now Pauline is a 52-pound female who has won five times and finished second five times. Earnhart is a 65-pounder who has six victories and three seconds.

Both were born in April of 1959. They are litter-mates out of Gena O'Murphy by On The Line, but the brother-sister relationship won't stop them from going all out tonight to track another victory onto their impressive records.

Friday night's special event looms as the big event of the week with \$450,000 Flagler International winner Velvet Sis pacing a quick trio of Jacksonville dogs against three of SOKC's best.

Teaming with Velvet Sis for the Jacksonville team will be Wayside Draw and Major Rye. Running for SOKC will be Neptune's Rocker, Features Fair and Wayne Roberts.

HALL OF FAME Paul Waner has the attention of Phillies pitcher Art Mahaffey during spring training session at Clearwater, Florida. Waner knows what he speaks. He drove in 1,308 runs, got 3,151 hits in an illustrious 2,539-game career. Mahaffey compiled a 7-3 record in 1960 after being brought up from Buffalo in mid-season. (UPI) Telephoto

Added Race Set For Sebring

Another race has been added to the Sebring Race Schedule for Mar. 24. Karts, the newest in racing will be running their own 1 hour American Kart Race of Endurance on the short 2.2 mile course starting at 1:30 p.m. Mar. 24.

The race, open only to invited entrants and manufacturers, already is assured of the top Kart manufacturers and engine companies throughout the world. The field has been limited to 100 cars, using the famous Le Mans start, the winner will go to Europe this summer as part of The American Kart Championship Drivers Team.

The four hour race for cars under 1000cc starts at 9 a.m. Pat Moss, 26-year-old sister of Stirling Moss, England will be competing against her famous brother. Both will be driving Austin Healey Sprites especially tuned for this race.

Entries in the Formula Junior race starting at 3 p.m. will be run 20 laps over the full 5.3 mile course. The Formula Junior Car originally designed as a poor man's race car and for the novice racing driver, has taken the fancy of the racing world by storm. Friday's entry list already includes such top U. S. name drivers as Walt Hanagan of Montclair, New Jersey, Jim Hall, Dallas, Texas. Hall was winner of the Formula Junior race here at Sebring in 1959.

For advance sale ticket sales information write Automobile Racing Club of Florida, Box 71, Sebring.

Palmer Favored At Pensacola

PENSACOLA, Fla. (UPI)—Arnold Palmer, his sights set on his fourth tournament win of the year, teed off today with 149 other top golfers as the 72-hole Pensacola PGA Open got off to a booming start.

Palmer, defending champion and 1960's top money winner, was the odds-on favorite to take the lion's share of the \$20,000 purse after his blazing practice rounds. The Liongier, Pa. golfer, who now plays out of Miami, shot a sensational eight-under-par 64 over the 6,400-foot Pensacola Country Club course earlier this week.

All indications were that the putting trouble which bothered him in the Greater New Orleans Open last week, where he finished out of the top five for the first time in over a year, had cleared up.

Non-Title Bout

PARIS (UPI)—Solomon Boysaw of Cleveland, Ohio, and Gracieux Lampert, European featherweight champion from France, will meet in a 10-round bout here March 20. The non-title bout will be staged at 132 pounds—just a bit over the featherweight limit.

Marathon Race Revision Rules Discussed By Boat And Ski Club

A revision of rules for the St. Johns River Marathon outboard race coming up in May was discussed at a meeting of members of the Sanford Boat and Ski Club, Winter Park Yacht Club and Palatka and DeLand Boat Clubs at Shell Harbor.

Revisions dealing with the various classes of entries are being printed and will be distributed later throughout Florida and to the whole roster of last year's drivers from all over the U. S. Copies of the new rules will be placed in distribution at sporting goods stores and other boating centers.

The clubs also had a discussion with Coast Guard Auxiliary officers about a method of patrolling the river during the race to prevent accidents and creation of boat traffic hazards.

Another meeting of the clubs will be held April 8 to complete plans for the Sanford to Jacksonville and return race scheduled May 7.

The big changes in the race this year will be that it will start at Sanford instead of at Jacksonville and will be held on Sunday instead of Saturday.

Represent East

PROVIDENCE, R. I. (UPI)—Rensselaer Polytechnic of Troy, N. Y., and St. Lawrence University in Canton, N. Y., were chosen Wednesday as the East's representatives in the NCAA hockey tourney March 16-18 at Denver.

Name All-East Team

NEW YORK (PI)—Tom Stith of St. Bonaventure and Bill Smith of St. Peter's head the 10-man Eastern College Athletic Conference's All-East major college basketball squad for the 1960-61 season. Other players picked were Ron Warner, Gettysburg; Bruce Drysdale, Temple; Bill O'Connor, Canisius; Pete Chudy, Syracuse; Joe Steiner, Bucknell; Jack Egan, St. Joseph's; Art Hicks, Seton Hall, and Jim Huggard, Villanova.

How safe are your shock absorbers?

Shocks are as important to safety as they are to comfortable riding. They absorb the jolts and bumps from the road, prevent excessive steering and side sway.

Shock absorbers wear so gradually that you often don't realize that your car's ride qualities are deteriorating. If your speedometer now reads more than 20,000 miles, there's a good chance you're already driving on "dead" shocks—shock absorbers that are worn to the danger point. And dead shocks are deadly!

GET NEW MONRO-MATIC SHOCKS TODAY

They're the only shock absorbers with automatic adjustment for all roads and loads. Installed in just 30 minutes.

TV Tonight

The "Women's Special" on NBC is "Mother and Daughter," a dramatized documentary look at mutual problems in a family with a rebellious 16-year-old girl. Prominent actors Patricia Neal, Arthur Hill and Lynn Loring are involved. "Make Room For Daddy" and "Here's Hollywood" are pre-empted.

"The Untouchables" story on ABC is "The Antidote" in which a bootlegging ring tries a new process to reclaim industrial alcohol.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: What is a 96-pound wife supposed to do when her husband and son get into a knock-down drag-out fight in the house? My son is 16 and he is as big as his father. Last night they went at it again over a difference of opinion. I kept out of it until they started knocking over furniture and pulled the curtain off the window. I ordered them to stop but they didn't pay any attention to me. I called the police because the neighbors on both sides said if I didn't—they would. Now neither my husband nor son will speak to me. Frankly I am sick of both of them. Should I walk out?

READY TO LEAVE

DEAR READY: Yes, and on the way out tell them to let you know when they are ready to settle their differences in a civilized manner and you'll be glad to return.

DEAR ABBY: We have been married

quite a few years and I have always had to be the first one up in the morning when the alarm went off. If I didn't get up and wake my husband he would never get to work in the morning. He says he would rather lose a day's work than be a little late.

We have had both coal stoves and coal furnaces. More recently we have had gas and oil heat. But, believe me, a coal stove was no fun. When I had been sick and was just home from the hospital, it didn't matter—I was STILL the first one up. But on Saturday, oh boy! If he had a fishing date, getting up all by himself at 3:30 A. M. was no problem at all. Why?

DAILY READER

DEAR READER: You can't blame a man for bouncing out of bed faster to go fishing than to work. You are married to a spoiled little boy. But don't be too hard on him. You spoiled him.

There's Always
Time For Success

You can achieve what you want, even though you don't begin until after forty! There is always the opportunity for success. If you have a secret ambition, something which you have always wanted to do, to see, to hear, to trot out that ambition now. Go to work on it. If you concentrate hard enough, you can win and maybe you will win because you are after forty.

Women of the stage, screen, TV and radio are often more successful in maturity than before. Especially is this true of radio and movies. These women have something to say, to give, and in the movies they look the parts that they play and that is important.

Make-up, no matter how cleverly done, fails when it comes to a young woman playing the straight role of a mature character, such as a mother or grandmother. This requires a mature actress, who looks the part in real life as well as before the camera. TV is beginning to realize this, also.

I am always impressed by the women who achieve anything after forty and particularly am I glad that it is a woman doctor, a mature woman, who has been chosen as the White House physician. That's a real accomplishment for us!

Look around you, if you are in need of stimulating your ambi-

modern way. You will enjoy the whole thing.

COUNTY NEWS

THURSDAY, MARCH 9, 1961

Seminole Area
Edition

PAGE 12

EDITORIAL COMMENT

Caution Needed

Forest Rangers of the County headquarters station in Longwood have issued an appeal to residents to be especially cautious with trash fires during these windy days.

With the windy season upon us—any fire escaping control can spread into a large costly fire in a matter of minutes.

Since Jan. 1, rangers have answered 52 calls to wild-fires and 29 to other kind.

Anyone allowing a fire to get out of control can be held responsible for all property damage—in the past two weeks fires have involved property containing three-tenths of an acre to 120 acres.

Women's Federation Sets Barbecue Supper

The Seminole Federation of Women's Clubs are making plans for a chicken barbecue supper at the Elks Club grounds, April 4. Eunice Kinlaw will be in charge of the barbecue. All proceeds from the project will be added to the Federation Scholarship Fund.

Third Graders Study Manners

The third grade students of Longwood Elementary School, Mrs. Winkle, are taking part in a "good manners" project by making posters. Magazine pictures illustrating courtesy on the street, in stores, on buses and in church are used and students have learned to watch the blackboard for a daily quotation as reminder to be friendly and thoughtful to others.

In this classroom the children also have a mail-box in which they "mail" notes concerning any school behavior problem which they think needs attention.

Last week, pupils made parallel lists of proper and improper conduct on the school walk-ways, the assembly, the lunchroom and the school office. From the combined lists in these lists, one group of accepted school manners was compiled, attractively lettered and placed in a prominent position in the classroom to serve as a constant reminder.

Musicians Needed For New Orchestra

Announcement was made last week that the Central Florida Community Orchestra, organized early this year, is to be included in the Orange County Adult Education program.

Rudolph Fischer, musical director and conductor of the orchestra, says that rehearsals now are underway for the first concert, tentatively planned for early April. This first concert will include the works of Handel, Beethoven and Wagner.

Donald R. Rhodes, president of the organization, advised that a number of qualified instrumentalists are needed, particularly in the violin, viola, string bass, bassoon and euphonium sections. All persons interested are urged to contact Fischer at his home, 831 Hensel Circle, Winter Park or telephone MI 7-1700.

Rehearsals are held each Tuesday from 7:30 p. m. until 9:45 p. m. in the band room of the Glenridge Junior High School on Glenridge Way in Winter Park.

Party To Benefit Altamonte Library

Mrs. Milton Tinsley, Hattaway Dr., Orlando Gardens, will be hostess to a housewares products party at her home Friday for benefit of the Altamonte Springs Library.

The party, beginning at 1:30 p. m. is open to the public. A door prize will be awarded and refreshments of coffee and cake are to be served.

GA's Organize At Forest City

Miss Nancy Cleveland gave a program on the "American Indians" to the G.A.'s of the Forest City Baptist Church.

As this is a newly organized group the Convention gave the girls their membership cards, and made plans to devote Annual at the next meeting.

Casselberry Response Heavy On Dog Control

Casselberry officials report that residents are responding to a statement issued last week warning that the town's dog control ordinance would be strictly enforced.

Mrs. Hope Bennett, member of the Board of Aldermen, said Wednesday that dog owners are building fences, some are building dog houses and others are tying the animals in order to comply with the regulation and escape a \$50 fine or possible jail sentence.

Mrs. Bennett said, too, that much progress is being made in a voluntary clean-up campaign throughout the area and that business officials and residents are to be commended for their evident pride in their town.

Longwood Mayor Praises Firemen

By BETTIE SMITH
Longwood Mayor A. R. Lormann Tuesday praised the Volunteer Fire Dept. for its cooperation in a town clean-up campaign which has been underway since late January.

The firemen have burned off a number of wooded and unsightly lots during the project, Lormann said, adding "they've backed Longwood up all through the work, now it's our turn to back them up by being at their annual dinner Saturday."

The event will be held in Shady-side Park with serving of a southern fried chicken dinner and all the trimmings to begin at 4 p. m. Carl Lommier, chairman, says that prices are \$1 for adults and 75 cents for children under 12 years of age. Take out boxes will be available.

Lake Harriet Civic Association Names Officers

By ATLANTA MCGINNIS
William Kelley Jr., has been elected president of the Lake Harriet Civic Assn. of Forest City.

Other new officers include Charles Jackson, vice president and Mrs. Allen Actor, secretary-treasurer.

The organization, meeting now at the Florida Power Club House on Bear Lake, plans to build its own club house and barbecue pits on Lake Harriet. It is the only civic group which possesses a fogging machine with which the area is sprayed two or three times weekly, as the necessity demands.

Members have built a fenced-in playground area for the children which is in much use when they meet at the lake for special occasions.

Male Chorus Gives Concert

The Progressive Male Chorus of DeLand, sponsored by the DeBarry Civic Assn., presented a concert at the Community Center last week.

Prof. J. Dandridge, director and accompanist of the group, was introduced by Robert N. McGee, Civic Assn. entertainment chairman.

A free will offering, collected during intermission, went toward the Community Center Expansion Building Fund.

Club Sets Meet At Lake Brantley

The next meeting of the Lake Brantley Home Demonstration Club will be held at the home of Mrs. Martin Dunn, March 22.

Guest speaker at the February meeting, held at the home of Mrs. Edward Ancher, was A. N. Stanton of the State Health Dept., who spoke and showed a film pertaining to important facts that should be remembered in the purchase of bedding.

Calls Requested

Mrs. Fay Lee, Enterprise chairman of Heart Fund collections, has asked that area residents who wish to make a contribution, who have not been contacted, call her at home or at Lee's Grocery.

GARNETT WHITE is one of the Jaycees working on a shelter in the new Crystal Lake recreation area in Lake Mary. The Jaycees are building up the picnic area as one of their projects for the year. (Herald Photo)

Unincorporated Areas Show Big Gains

(One of a series of articles on growth and progress of Seminole County communities)

Three unincorporated communities closely integrated with Sanford life are Lake Mary to the southwest, Paola to the west and Lake Monroe to the northwest.

In Lake Mary, civic leaders, placing emphasis on developing one of the county's most desirable residential locations, have done much in the past few years to accomplish this objective.

Shores of its crystal clear, sand bottom lakes have become dotted with custom built homes and many new residences have gone up in all sections of the community. Due to its proximity to Sanford, a number of Lake Mary homes are owned by Sanford professional people or by Navy personnel. Here, too, a number of Armed Forces families have retired.

Speculations fly like geese heading south in the winter concerning new industries to locate along W. First St., interchange to Interstate 4, and in the Lake Monroe business district, but as yet no definite announcements have been made.

All three communities have schools—Wilson School in Paola, grades one through four, an elementary school in Lake Monroe, grades one through six and a newly enlarged elementary school in Lake Mary serves students through the sixth grade from five nearby communities.

Lake Monroe and Lake Mary have their own post office and religious services are held weekly in at least nine churches of the three locations. In Lake Mary the Catholic Church of the Nativity, recently established, is holding masses in the Chamber of Commerce Bldg. until its church and school are constructed.

A host of civic, church and social organizations, for young people and adults, function in each community and residents of each also take active parts in Sanford and Seminole County activities.

Future growth in these locations, as in all parts of the county will be increased by the completion of the Interstate and its interchanges.

Recent years have seen the steady addition of new homes and the development of a river front tract on the St. Johns near the Lake Monroe Bridge. Here the building is done to order and developers foresee it as one of the county's most exclusive home sites.

Speculations fly like geese heading south in the winter concerning new industries to locate along W. First St., interchange to Interstate 4, and in the Lake Monroe business district, but as yet no definite announcements have been made.

Bear Lake Road Project Nears

County Engineer Carlton Bliss hopes to complete plans and a survey for widening Bear Lake Road from SR 436 to the Orange County line within the next 30 days.

Bliss said today that the County commission had decided to do the project with money out of the road and bridge funds even though the project had been included in the \$500,000 road bond program that was approved this week.

"By doing it by ourselves, we can release some of that money for other projects in the program," Bliss said today.

Bliss also reported that work started today on constructing an access road from English Estates to Hwy. 17.82 on a cooperative basis with the developers of that area. The road will be an access road from that development to the new school property that was donated by the Clayton Brothers.

The road will be a quarter-of-a-mile long, Bliss said.

Audubon Chapter Hears Naturalist

By MRS. ADAM MULLEN
Miss Carol Beck of Highland Hammock, Sebring, spoke on Florida Wild Flowers at the Monday meeting of the Seminole Chapter, Florida Audubon Society held at the Sanford School Farm Building.

Miss Beck illustrated her talk with many colored picture slides for the fifty members and seven guests present.

Mrs. and Mrs. Louis Schultes of DeBarry were welcomed as new members.

Mrs. Lucile Norton and her mother, who served refreshments of donuts and coffee for the recent field trip to Persimmon Hammock, reported seeing more than 200 white pelicans in flight.

Plans made include a field trip for Sunday with Winter Park members to meet those of DeBarry at Jackson's Service Station at 5:45 a. m.

Also announced was the regular State Trip Meet which will be held in DeBarry, convening at noon. Refreshments will be served at the home of Miss Clarissa McPetridge, 258 Ponce Lane.

Leaders for this meeting will come from Audubon House, Maitland and will be assisted by John Boldman and Dr. Lois Wells of DeBarry.

Behavior Traits To Be Work Of Committee

Mrs. Virginia Huffman recently was appointed chairman of a Character Building Committee at Longwood Elementary School.

This committee was formed with appointments by Principal John Angel, to help the students establish definite desirable character traits. The committee aims to foster cooperative relationships between all members of the faculty and so until in each child a sense of his obligation, both to himself and to the school.

Serving with Mrs. Huffman will be Miss Fannie Reese, Mrs. Lee Richardson and Miss Barbara McGinnis.

First Graders Study Spelling

Longwood Elementary first grade students of Mrs. Wheelers room are beginning spelling work using the knowledge acquired in reading classes.

The students very proudly take part in spelling tests as the older students do and in this manner it is believed that good spellers will develop.

Library Closed

Mrs. Katherine Barton, chairman of the Chuluota library, has announced that due to apparent disinterest of residents, the facility will be closed until further notice.

'Genius Kits' Prove Interesting

By BETTIE SMITH
Highlight of the recent Blue and Gold Annual Banquet of Cub Pack 540 was the "genius kit" display of members and their fathers.

Prior to the banquet, each Cub and his father received identical kits containing a clothes hanger, a doll, piece of cloth, two empty thread spools, two corks, one foot of string an empty can, a piece of wood, six pipe cleaners, nails and thumb tacks.

With these materials, each father-son pair was told to fashion an article using only the kit items.

The creative and original displays shown at the banquet proved of such interest that the project is being considered for repeat work.

Enterprise Troop Gels New Brownies

By HELEN SNODGRASS
New Brownies of Enterprise Troop 41 took part in Investiture Ceremonies at a recent program given by the Brownie Troop and Intermediate Girl Scout Troop 102.

New members accepted included Ella Jane Angel, Carol Chappin, Patricia Godly, Donna Groover, Doris Goodwin, Linda Morgan, Roberta Murr, Vonnle Smith, Brenda Woodruff and Chyera McBride.

The Brownies made all decorations for the event and fashioned lapel name pins from chestnut and shells for favors. Clown candy dishes added much to the colorful refreshment tables which also were under the direction of troop members.

Intermediate Troop 102 added skits on "Girl Scout Thinking Day" and the "World Association of Girl Scouts and Girl Guides." Each girl received a World Association Pin and an interesting display of a World map and articles made in foreign countries was displayed.

These troops, with DeBarry Troop 20, will be in charge of the program at the Enterprise P.T.O. meeting, March 21. Members of all three troops attend this school.

Bear Lake Women Name Officers

By ATLANTA MCGINNIS
Officers named at a recent meeting of the Bear Lake Manor Civic Betterment Assn., Inc., Women's Auxiliary were Mrs. Allen Wentworth, chairman; Mrs. Burnell E. Huston, co-chairman and Mrs. C. L. Brunk, secretary-treasurer.

Programs for future meetings were discussed and will be set up at the March meeting to be held at the home of Mrs. Dean Hendricks on Bonnie Drive.

Mrs. DeVoe of the Patricia Stevens Charm School will speak to the group on "General Make-Up, Tricks, and Posture."

Nurses To Hear Talk On Cancer

Dr. John Morgan will discuss cancer and its care at the meeting of Registered Professional Nurses next Monday.

The group has invited all registered nurses living in Seminole County, regardless of whether or not they hold a state license, to be special guests at the meeting which will be held in the Health Center Auditorium beginning at 8 p. m.

Area Garden Club To Meet Thursday

Members of the North Orlando Garden Club will meet Thursday to appoint a nominating committee which will select a slate of new officers for the group.

Mrs. George Sommers, 70 N. Second St., will be hostess at the 1:30 meeting with Mrs. Melvin Campbell, co-hostess.

MARTHA DEAN of North Orlando's 4-H Club teaches younger children of the community safety measures as her project for the year. Here she shows Tim Grinstead and Christie Dunlap the safe areas for play with their wagon. (Herald Photo)

Navy Bomber Crashes In Lake; Eight Missing

JACKSONVILLE (UPI) — Searchers spotted the tail section and other wreckage today of a Navy patrol bomber with eight crewmen aboard which crashed in a fog-shrouded lake. There was no sign of survivors.

All eight were missing and presumed killed when the plane plunged into the water while making a simulated attack on a mock submarine Thursday night.

A search of the crash scene was launched at dawn by units from the Sanford Naval Base. The P2V-7 Neptune bomber was based at the Jacksonville Naval Air Station.

CDR. CHARLES B. SMITH will relieve Cdr. David A. King as commanding officer of VAW-11. Smith is a graduate of the Naval Academy. King will depart for London where he will serve on the staff of the Commander-in-Chief, U. S. Naval Forces, Europe. Prior to reporting to VAW-11 as executive officer in December of 1959, Smith served as research and development project officer in the F4H in the Bureau of Aeronautics.

Bulletin

The State Road Board today day reinstated Come Brothers Contracting Company of Tampa to the list of eligible bidders on state highway projects and reduced to a 60-day suspension the revocation of the bid rights of J. W. Conner and Son and W. L. Cobb Construction Co.

News Briefs

Seven Perish

LUMBERTON, N.C. (UPI) — An Indian woman and her six small children perished Thursday night when a tenant farm house burned. Firemen found the seven bodies in the ashes of the small house.

Strike Brews

MILWAUKEE, Wis. (UPI) — A dispute that could affect union strikebreakers nationwide brewed today over a federal decision to refund more than \$1 million in strike benefit taxes to present or former employees of the Kohler Co.

71 Bodies Found

FUKUOKA, Japan (UPI) — Rescue workers today brought to the surface the bodies of 71 Japanese coal miners killed by an underground fire in Japan's worst post-war mine disaster.

Only 20 of the 81 men in the Ueda Mining Co. mine escaped.

Policy Intensified

WASHINGTON (UPI) — President Kennedy has intensified his administration's review of policy on Berlin and Germany in an effort to speed a decision on a possible new approach to solution of these problems. This was disclosed today by diplomatic officials who said Kennedy conferred early in the week with armed services leaders on the military aspects and later met with diplomatic experts to discuss the political phases.

Tensions Eased In Congo Strife

LEOPOLDVILLE, The Congo (UPI) — Closer cooperation between United Nations officials and Congolese authorities eased tensions today and lessened the threat of an all-out conflict in the strife-torn republic.

Western observers said one of the reasons for the easing of tensions was the disclosure that U. S. Secretary General Dag Hammarskjöld's personal representative in the Congo, Rajeshwar Dayal, was returning to New York.

Action Against Former Road Board Is Urged

TALLAHASSEE (UPI) — The Legislative Roads Committee recommended today that authorities take action against the whole Collins Road Board for alleged law violations involving over-expenditures of highway funds.

The committee asked Atty. Gen. Richard Ervin for a ruling on procedures to use. The action was recommended by Senate President designate Randolph Hodges.

Assistant Atty. Gen. Joe Jacobs said his preliminary opinion would be that there is no criminal penalty for over-expenditure of road monies. He said he thought all the state could do would be to try to recover on the board members' "faithful performance" bonds.

Hodges said the Collins board over-spent the primary road fund by \$9.3 million, including \$6.3 million which it borrowed from secondary road funds and has not repaid.

An auditing firm told the committee today the Collins board over-spent primary money by \$9.3 million in the face of a state law requiring a 20 per cent "cushion" in this fund at all times.

Accountant Charles Jordan of Miami said he did not feel the 20 per cent law should be on the books. He said the Road Department and not the Legislature should be the judge of how much of a cushion is needed for a sound road program.

But he said the Collins road board "juggled the figures" to make it appear there was a cushion when there was none from July, 1959, through February 1960.

Sen. James Conner of Brooksville noted that every road board member is under \$50,000 bond and the chairman under \$100,000 bond. "Senator Hodges thinks the proper authorities should be contacted about this," Conner said. He said borrowing from secondary funds to build primary roads is unconstitutional.

Secondary Funds In Good Shape, County Is Told

Seminole County is one of the few counties with secondary funds in such good condition that the State Road Department will be able to let bids on secondary projects without too much delay, the County Commission was told Thursday at the State Road Department budget hearing in DeLand.

Officials from Seminole as well as from 11 other counties in the fifth district presented primary and secondary budget requests and were advised that a policy of sufficiency ratings will be followed.

Road Board member Max Brewer, presiding at his first budget session, declared the road situation critical in some areas. He said it "is not merely a question of need but of most need."

H. E. Helton, SRD comptroller said that Seminole County's secondary funds available through June 1962 after payment of bond requirements were \$841,700.

Seminole placed construction of SR 436 from Altamonte Springs to Turkey Farm Rd. and SR 418 A from the St. Johns River to SR 40 as the top of the primary requests.

After County Commission Chairman J. C. Hutchison presented the resolution designating the primary and secondary requests, Brewer said the SRD expects to let bids of SR 434 (Molnar Ave.) from Longwood to Oviedo in April providing the rights of way are cleared.

FSU Circus Set Saturday Night

Flying High" the Florida State University's Circus will be presented at the Memorial Stadium Saturday at 8 p.m.

The two hour performance includes many sensational high wire and trapeze acts by the college student performers, who have become nationally known in the past few years.

This circus is being sponsored by the Seminole Swim Assn., and tickets are available at Touchton's, Roumillat and Anderson and the Civic Center.

A program coloring contest for children up to 12 will be a special feature in conjunction with the show, with \$25 savings bonds going to the winners in two age groups.

The Sanford Herald

WEATHER: Fair and cool tonight. High today, 70-75. Low tonight, 45-55.

Commission Asks Retraction Of Report Of Closed Session

County Commissioners, meeting in a special session Thursday afternoon, authorized County Attorney Mack Cleveland Jr. to "correspond with the publisher of the Orlando Sentinel demanding an immediate retraction" of part of a story that appeared in Thursday's Sentinel.

That story referred to a closed door session of the commission

and said that "one commissioner reported that Commissioner Ted Williams proposed the paving of additional strips of the Wekiva Springs Rd." The story stated that "Williams and his brother Robert, own property adjacent to the property in question."

The vote was 4-1 in favor of asking for the retraction. Voting against the motion was Vernon

Dunn who declined to comment on why he opposed it.

"I'm getting sick and tired of all this controversy," Dunn snapped, adding "first it was taxes, then zoning and drainage, and I'm about ready—I better not finish," he said.

District 3 County Commissioner James P. Avery was the most outspoken critic of the article.

"This piece of property is in my district and never was discussed in my presence, whether at an open meeting or closed," Avery said.

"I take offense to this story and find it false and irresponsible in intent. The honesty and integrity of this board is at stake and I abhor this type of reporting," he said.

Chairman J. C. Hutchison and John Fitzpatrick also denied having any knowledge of that subject being discussed.

The commissioner most concerned was relatively quiet. The only comment Williams made was that he wished "the press would leave my relatives out of it—I don't care how much they pick on me."

A DELAND MAN, Roland McKee, was killed Thursday afternoon when his truck was struck by a train at the crossing at Enterprise Road in DeLand. Officers reported that the engine struck the truck and rolled it over, throwing McKee out.

Two Giant Fires Destroy Timber

More than 350 acres of "valuable" timberland in South Seminole County was destroyed by two raging forest fires within a 10 mile radius Thursday, the Florida Forest Ranger Service in Longwood reported today.

The first fire started near the Sanlando area and destroyed 200 acres of land while the other fire damaged 150 acres of timberland west of Altamonte Heights.

Cause of the fire was not known, rangers reported.

The first fire in the Sanlando area started at about 10:30 a. m. and was finally brought under control at 3 p. m. A short time afterwards rangers and crews from four South Seminole communities fought the blaze near Altamonte.

Rangers gave the all clear at about 3:30 a. m. this morning. Officials said that more than 50 men fought the two blazes including volunteers from Altamonte Springs, Lake Mary, Longwood and Casselberry.

No one was believed injured in the fires, rangers reported this morning.

Taxpayers Assn. To Hear Chairman

County Commission Chairman J. C. Hutchison will speak to members of the Taxpayers for Better Government in Seminole County Assn., Monday at 8 p. m., at the Altamonte Springs Community House on Maitland Ave.

The group was recently organized by taxpayers of the area who are interested in learning more of how the county government functions. Plans to incorporate as a non-profit organization and to elect officers are underway.

Invitation to join the association is open to all taxpayers of the county and all are invited to attend the meeting series being held each Monday.

Parents Hold Teenager Captive

SANTA CRUZ, Calif. (UPI) — The parents of a 13-year-old girl were jailed Thursday for holding her a virtual prisoner in her bedroom for seven years—permitting her to leave only to attend school.

Police said they stumbled on the story after the father, Elmer J. Keneinger of Santa Cruz, reported that the girl, Elaine, had run away from home.

When the girl was found at the home of a friend, she told police she had been locked in her 10 by 12-foot room upon returning from school for the "past six or seven years."

The teenager said her meals were brought to her room and she was not permitted to take a bath.

Charter Discussion Set In Casselberry

Members of the Board of Aldermen and Casselberry residents will discuss the proposed new charter at the regular board meeting Monday.

Copies of the charter were distributed for the first time last week and have been publicly posted all this week.

The meeting will be held in Town Hall beginning at 7:30 p. m.

Had To Hurry To Escape Fire, Residents Say

Included in residents' reports of the fire was the account of Mrs. David Carr who was forced from her home in W. Altamonte Springs. Mrs. Carr said she had no advance warning because high winds fanned the fires so rapidly. She said "All I had time to do was get my baby from the crib, get some diapers and bottles and my little boy out to the car. The whole area was black with smoke."

Mrs. Edna Smassey, also of W. Altamonte, said "My children were playing at a neighbor's home about a block away and the smoke was so bad we couldn't see to drive the car over there. My husband, who came home from work to dig ditches around our home and spray everything with water, had to catch a ride on a fire truck to get to the children."

Mrs. Augusta Knuck of Sanlando Egg Ranch said "I was home alone and the fire burned within 50 feet of our place. The only thing that saved us was the high green Bahia grass, which held the flames back until the firemen came."

It was estimated that some 100 families all through the area were forced to leave their homes at sometime around 1 p. m. Thursday. One family in W. Lake Brantley said that the fire broke out again about 10 p. m. Thursday but was brought under control by the Altamonte Springs Fire Dept.

All the housewives have this to say: "Our homes are nothing but soot and ashes! I'll take weeks and weeks to get them clean again!"

Committee Names Nominating Group

The board of directors of the South Seminole Development Committee today named a three-man nominating committee to present a slate of officers for the new organization.

Phil Gabler, executive secretary of the Winter Park Chamber of Commerce, John Krider, mayor of the Seminole County Chamber of Commerce, and Mayor Wilbur Hawkins of Altamonte Springs were chosen to nominate officers.

An election will be the next order of business for the group next Friday at Jim Spencer's Restaurant.

Gabler advised the directors today that the Winter Park Chamber of Commerce has agreed to give the new organization office space in its building.

Temperatures Dip To 45 Degrees; Cold Forecast

Temperatures in Seminole County dipped to 45 degrees Thursday night and more cool weather is forecast tonight and through the weekend, the weather bureau reported.

Temperatures are expected to be 45 to 50 degrees tonight but a warming up trend is forecast for the early part of next week.

Around the nation a full-scale snowstorm that dumped up to 14 feet of snow on New England blew out to sea today, but a new batch of rain and snow pushed eastward from the Pacific Northwest.

As the storm winds subsided, northern Maine found itself buried under 40 or more inches of old and new snow.

Showers from the Pacific spotted the coast from Canada into northern California, changed to snow in the Rocky Mountains and turned back into cold rain as they drove eastward into the northern plains.

The New England storm Thursday packed winds of 50 miles an hour that pushed tides two to three feet higher than normal. Schools closed in Maine, New Hampshire and northern Massachusetts.

Behind the storm, gale winds swept Ohio, New York and the South. Gusts up to 40 miles an hour smashed plate glass in downtown Cleveland, the wind toppled a 15-pound coping stone from a New York City five-story apartment house, critically injuring a woman passerby, and high winds caused temporary power failures at Columbus, West Point and Atlanta, Ga.

In Iowa, hope dimmed for a 4-year-old boy missing since the storm hit there. Nearly 200 volunteers waded through waist-deep snow in a hunt for Jimmie Franks, a Winthrop farm boy last seen Monday just by foot from the doorstep of his home.

Work On Clearing Howell Creek To Start Monday

Work on clearing Lake Howell Creek from SR 419 to the Orange County line will start Monday, County Engineer Carlton Bliss said today.

Bliss and District 4 County Commissioner Vernon Dunn attended a meeting in Fern Park Tuesday night to explain to property owners along the creek the merits of the plan.

The work will be paid from a Federal Civil Defense grant as an emergency measure as a result

of damage from Hurricane Donna which hit the area late last year. The work will be a joint Orange and Seminole project with Orange County to furnish the equipment.

Bliss said that the majority of the property owners favored the plan although there were a few objections to it.

The major objections came from property owners who were afraid of the lowering of the lake and that the project would destroy the natural beauty of the lake.
