

FRANCE REMAINS ARMED UNTIL SURE OF PEACE SAYS FRENCH PREMIER

In an Address to the French People at St. Nazaire

STATUS OF RHINE

DEPENDS ALSO UPON THE GUARANTEE OF THE ALLIES

ST. NAZARIE, France, Oct. 10.—"France must remain armed as long as her security has not been assured"

"My voice must carry high and far," he said. "Tomorrow, beyond seas we are invited to examine into certain problems."

"We will discuss the great problems of the day coolly and impartially. If guarantees of security are granted France, she will be among the first nations to enter into the policy of disarmament, for France loathes war and imperialism."

"This government has confidence in the government of Dr. Wirth (the German chancellor). The undertaking entered upon by the present German government, has been fulfilled. France's attitude in these different moments is: No aggressiveness, but no timidity."

M. Briand touched lightly on the critics of the Versailles treaty and its execution by his government saying a poor instrument had been placed in his hand and he had used it to the best possible purpose, but that he shunned political controversies and would not enter into any of them.

"The country must weather these stormy days by the strength of its labor and work in developing its wealth and resources."

BUILDING COLLAPSED FIVE MEN ARE KILLED AND MANY INJURED.

LYNCHBURG, Va., Oct. 10.—Five white men were killed and two others injured here today when a brick wall of a building at Fifth and Church streets collapsed while the building was being torn down by the city.

YOUNG LEEDS AND PRINCESS XENIA FULLY WEDDED NOW.

PARIS, Oct. 10.—The final rites in the marriage of Princess Xenia of Greece and William B. Leeds, Jr., of New York, were carried out today.

After the last church function the bridal party held a reception at one of the leading Paris hotels, and the couple left immediately for the Isle of Wight, where a houseboat on which they will spend their honeymoon is awaiting them.

NINETY-SEVEN MEMBERS FOR CHURCH IN TAMPA AFTERMATH OF REVIVAL.

TAMPA, Oct. 10.—As aftermath of a recent religious revival here conducted by student ministers of various colleges, ninety-seven new members were received in one church and eighty-one persons baptized yesterday in the river by a minister of the suburb. More than one hundred negroes also was baptized yesterday.

CANAL TOLLS REPEALED IN NEW BILL

BOTH PARTIES ARE SPLIT ON QUESTION OF VIOLATION

WASHINGTON, Oct. 10.—Another chapter is to be written today by the senate in the controversy over the Panama Canal privileges. Passage by the senate of the Borah free tools bill is scheduled, even the opponents of the measure conceding a majority vote in favor of it.

The bill, which would exempt American coastwise vessels from canal tolls is expected by leaders to lie in the house indefinitely, at least until after the armament limitation conference.

The toll measure does not apply to American vessels in foreign commerce, but only to those in coastwise trade. It confirms to a plank in the Republican platform of 1920 and to another plank in the Democratic platform of 1912, but both parties are divided on the question.

Senator Borah will speak today in favor of the bill, and Senator Lodge, Republican leader, in opposition. Senator Underwood, of Alabama, Democratic floor leader, and a number of other Democrats have declared they will support the bill.

The Borah proposal would undo the tolls repeal bill passed in 1914 at the request of President Wilson, who told congress that the repeal measure was a diplomatic necessity. The reason for Mr. Wilson's request has never been made public officially.

MESSANGER FOR BANK HELD UP

MANY THOUSANDS STOLEN FROM ST. LOUIS BANK ON STREET

ST. LOUIS, Oct. 10.—Robert Hardaman, negro messenger for the Grand Avenue Bank, was held up today by two men who escaped with a sack containing \$17,650 cash and \$51,000 in non-negotiable paper. The robbery was committed on a crowded street car near the downtown quarter.

DESTROYER FLEET LEAVES NEWPORT FOR CHARLESTON.

NEWPORT, R. I., Oct. 10.—This was moving day for the destroyer force of the Atlantic fleet. Fifty destroyers under command of Rear Admiral Robertson, left their summer quarters in Narragansett Bay for their winter base at Charleston, S. C.

HELD UP BANK AND GOT SIX THOUSAND CASH AT DYER, IND.

DYER, Ind., Oct. 10.—Five bandits held up the First National Bank here this morning and escaped with six thousand cash and four thousand in government bonds.

It is unpleasant waiting for your ship to come in there is a revenue cutter in the vicinity to grab the hootch.

"Peace" Train Comes From Mexico

Here is the first Mexican passenger train to cross the border at El Paso, Tex., since June 4, 1918. The engine was decorated with the Mexican and American flags.

BASEBALL—Today's Game

LOOKS LIKE GOOD WEATHER FOR FIFTH GAME.

NEW YORK, Oct. 10.—Good weather is indicated about noon for the fifth game. Early signs of rain had disappeared and the sun is shining, but the air is somewhat chilly.

Table with 2 columns: Team, R H E. New York Giants 4 9 1, New York Yankees 2 7 1.

TODAY'S GAME

The New York Nationals will be the home team and go to bat last. The probable line-up will be:

Americans—Miller, cf.; Peckenpaugh, ss.; Ruth, lf.; R. Meusel, rf.; Pipp, 1b; Ward, 2b; McNally, 3b; Schang, c.; Hoyt, or Harper p.

Nationals—Burns, cf.; Bancroft, ss.; Frisch, 3b; Young, rf.; Kelly, 1b; E. Meusel, lf.; Rawlings, 2b; Snyder, c.; or Smith, c; Nehf or Toney, p.

Umpires: Rigler, Nationals at the plate; Moriarity, Americans at first base; Quigley, at second base; Chill, American, at third base.

Weather clear and warm, light wind from right to left field. Thermometer 70; attendance 30,000.

Batteries: American, Schang, Hoyt; Nationals, Smith and Nehf.

First Inning: Yankees up first. Miller up, ball 1, called out, pop fly to short; Peckenpaugh, out 3rd to first; Babe Ruth fanned. No runs, no hits, no errors.

Giants up second: Burns, strike 1; call, ball 1, grounds to third who fumbles the ball, safe at first. Bancroft up, fouls back, strike one. Hits to short, forces Burns at second. Frisch up, singles, off the pitcher; Young up, foul, first base line, strike one, ball one, ball two, ball three, ball four, fills bases. Kelly up, foul back, strike one; ball one, singles to short right center, scores Bancroft, bases still full; Meusel up, strike one, call, ball one; strike two, call; strike three, out; Rawlings up, strike one, fan; grounds to short, forces Kelly at second. One run, two hits, one error.

Second Inning: First half second: Yankees up. R. Meusel up, ball one, strike one, ball two, strike two, fan; singles to short right; Pipp up, sacrifice bunt to third to first and out, Meusel on second; Ward up, ball one, ball two, strike one, fan, ball three, strike two, out strike three fan. Meusel stole third. Third baseman drops ball and Meusel tries to steal home and is caught at the plate. No runs, one hit, no errors.

Giants up, second half second: Smith up, lined out to second; Nehf up, one strike, flied out to right; Burns up, bunts safely towards first base, pitcher gets the ball, but Burns beat it to first, gets a hit; Bancroft up, ball one, ball two, singles to right field, Bancroft overran first and was caught. No runs, one hit, no errors.

Third Inning: Yankees up: McNally up, ball one, ball two, ball three, strike one, call, ball four, walks; Schang up, ball one, doubles to left field; McNally on third. Hoyt up, strike one, call, strike two, fans, out short to first, both runners held on bases; Miller up, sacrifice fly to left field, McNally scores, Schang goes to third; Peckenpaugh up, ball one, ball two, ball three, strike one, call, foul back, strike two, fouls to left; retires the runner at plate. One run, one hit, no errors.

Last half third: Giants up: Frisch up, strike one, call, ball one, singles to right field; Young up, grounds to third forces Frisch at third; Kelly up, strike one, call; ball one, ball two, strike two, call; out, strike three, call; E. Meusel, strike one call, ball one, doubles to left, Young goes to third; Rawlings up, foul back, strike one, strike two call, pop fly and out. No runs, two hits, no errors.

Fourth Inning: Yankees up: Ruth up, bunts to pitcher and beats it to first, pitcher goes back for play, it's a hit; R. Meusel up, ball one, strike one, foul back, strike two, ball two, doubles to left center, Babe Ruth scores; Pipp up, strike one, call, out, second to first. Meusel goes to third; Ward up, out sacrifice fly to center, Meusel scores; McNally up, ball one, flied out to center whom ade a great leaping catch for it, it was sailing over his head. Two runs, two hits, no errors.

Last half fourth: Giants up: Smith up, ball one, ball two, ball three, strike one, call; ball four, walks; Nehf up, strike one, call, strike two, fan, strike three, fans out; Burns up, ball one, ball one, ball two, ball three, strike one, call, strike two, call; foul back, out, strike three, call. And Smith was doubled off at second. No runs, no hits, no errors.

Fifth Inning: Yankees up: Schang up, strike one, call; ball one, four back, strike two, out, foul fly to left; Hoyt up, ball one, foul back, strike one, out third to first; Miller up, ball one, strike one, call; foul back, strike two; (umpire Moriarity ran over to third New York Nationals bench and warns the players to keep quiet), ball two; doubles to left center; Peckenpaugh up, ball one, flied out to left. No runs, one hit, no errors.

Last half fifth: Giants up: Bancroft up, strike one, call; fan; ball one, flied out to right field, who made a great running catch; Friesch up, lined out to short; Young up, foul back, strike one; ball one, ball two, grounds out to first. No runs, no hits, no errors.

Sixth Inning: Yankees up: Ruth up, strike one, fan; foul back, strike two, ball one, strike three, fanned out; R. Meusel up, strike one, call; foul fly, tip up, out; Pipp up, ball one, ball two, strike one, fan; strike two, call; foul back, out, pitcher to first. No run, no hits, no errors.

Second half sixth: Giants up: Kelly up, strike one, call; singles to short center; Meusel up, grounds to second, forcing Kelly at second; Rawlings up, strike one, call, out, fly to center field; Smith up, ball one, fouls to right, strike one; strike two, fan; fouls back; ball two, foul back, out second to first. No runs, one hit, no errors.

Seventh Inning: First half seventh: Yanks up: Ward up, strike one, call; out, flied out to short right; McNally up, pop fly out to short; Schang up, strike one, call; strike two, call, ball one, out, fly to left. No runs, no hits, no errors.

Second half seventh: Nationals up: Nehf up, fouls to left, strike one; strike two, fans; out, fly to left; Burns up, strike one, fan; out, pitcher to first. No runs, one hit, no errors.

SNOW FALLING OVER NORTH DIXIE STATES.

BRISTOL, Va., Oct. 10.—Snow falling at several points in east Tennessee and Virginia was reported here this morning over long distance telephone.

to first; Bancroft up, fouls to left, strike one; ball one, grounds out to first. No runs, no hits, no errors.

Eighth Inning: First half eighth, Yanks up: Hoyt up, fouls back, strike one; strike two, call; strike three, fans; Miller up, ball one, ball two, strike one, call; out third to first; Peckenpaugh up, ball one, ball two, ball three, strike one, call; fouls to left field bleachers, strike two, grounds to third who knocks it down, but cannot field it, it's a hit; Ruth up, strike one, fan; foul back, strike two, out, strike three. No runs, one hit, no errors.

Last half eighth: Giants up. Frisch up, ball one, fouls back, strike one, ball two, strike two, call; grounds out to first who covers base unassisted; Young up, hits on ground to third base, who knocks it down, but beats it to first. It's a hit; Kelly up, foul back, strike one; ball one, ball two, strike two, call; fouls back; singles to right, Young goes to third. Kelly out at second trying to stretch it; E. Meusel up, strike one, call; ball one; out foul fly to first base who made a sensational catch, against right field boxes. No runs, two hits, no errors.

Ninth Inning: Yanks up: R. Meusel up, ball one, foul along third base line, strike one; out, third to first; Pipp up, strike one, call; strike two, fan; ball one, foul back, out, first to pitcher, who covers the base; Ward up, out second to first. No runs, no hits, no errors.

Last half ninth: Giants up: Rawlings up: Strike one, call; ball one, doubles to left; Smith up, pop fly and out to second base; Snyder up, batting for Nehf, bats right hand; strike one, call; strike two, fan; fouls back; strike three, fans! Burns up, strike one, call; strike two, call; foul along third base line; ball one, ball two, strike three, fans. No runs, one hit, no errors.

The Score: R H E. Yankees 3 6 1. Giants 1 10 1. Time of game, one hour and fifty minutes.

Tomorrow's game at 2:00 p. m. Eastern standard time. New York Americans will be the home club tomorrow.

RETURNS AT STAR THEATRE

The returns of the World's Series are being given by plays at the Star Theatre all this week. Nominal sum charged for admittance to theatre every afternoon. Sit down and be comfortable and hear the returns.

Counsel Announces it Would File Motion Wednesday

NEW JURY OUT

TWO HUNDRED NAMES DRAWN FOR TRIAL OF RAWLINS, THE ACTUAL SLAYER.

JACKSONVILLE, Oct. 10.—Council for Pope today announced that he would file a motion Wednesday in circuit court asking for a new trial for the local attorney convicted Saturday for murder in the first degree with a recommendation for mercy in connection with the killing of Hickman, by Rawlins last month. The sheriff was given names of two hundred veniremen for jury duty in the trial of Rawlins, which begins Thursday.

Jacksonville, Oct. 10.—John H. Pope, conceded to be one of the most capable criminal lawyers in Florida, was convicted today of murder in the first degree, with a recommendation of mercy by the jury before which he was tried in connection with the shooting to death here September 4 by Frank Rawlins of George H. Hickman, manager of the Palace theatre during an attempted robbery. The verdict automatically carries a sentence of life imprisonment.

Pope was indicted as a result of a statement by Rawlins that Pope had planned the holdup of the theatre while the box office receipts were being checked up.

Edgar W. Waybright, leading council for Pope, said that the defendant had four days in which to file a motion for a new trial and that such a course would be followed. Mr. Waybright added that in all probability a new trial would be refused and that in such an event an appeal would be taken to the state supreme court.

Judge Gibbs selected next Thursday as the date for the beginning of the trial of Rawlins and the names of 200 men were drawn for the venire from which to obtain a jury.

UNEMPLOYMENT CONFERENCE ON PROGRAM

FOR PERMANENT MEASURES TO OFFSET IDLENESS IN THE U. S.

WASHINGTON, Oct. 10.—The national conference on unemployment turns today to the task of whipping into shape a general program of permanent measures designed to combat involuntary idleness throughout the country and effect the return of the nation's business and commerce to normal.

Various sub-committees are scheduled to meet and the full conference is to reassemble Tuesday. While some of the committees have practically decided upon their recommendation for permanent measures, it is the opinion of conference officials that at least a week will be occupied in the study of the county's economic problems before action is taken upon the complete program.

Upon reconvening the subcommittees are to receive a report from the executive secretaries setting forth the progress made toward relief of the unemployment situation under the emergency measures adopted by the conference.

WOULD CLOSE DOOR TO CHARLES.

BUDAPES, Oct. 10.—Dethronement by legislation of the Hapsburgs and proclamation of Hungary's right to free election of rulers is being urged by the Farmers' party. This activity has been intensified by rumors that friends of former King Charles are ready for another effort to return him to the throne.

## REPUBLICANS WILL FIGHT ON TAX BILL

SENATE LEADERS ANNOUNCE SEVERAL NEW PROPOSALS

WASHINGTON, Oct. 8.—Amendment to the pending tax revision bill agreed to by Republican leaders in the senate were made public yesterday formally in advance of their consideration today by majority members of the finance committee. They would provide for:

A maximum surtax rate of 50 per cent on that part of incomes in excess of \$200,000, in lieu of the committee plan for a 32 per cent maximum on the excess over \$66,000.

Repeal of the express, freight, passenger and Pullman transportation taxes, effective at the passage of the bill.

An increase from \$2.20 a gallon to \$4 a gallon in the tax on distilled spirits produced, imported or withdrawn from bond for use for industrial, medicinal or other purposes.

Restoration of the capital stock tax of \$1 on each \$1,000 of invested capital. A graduated increase in the estate tax rates to a maximum of 50 per cent on the excess over \$100,000,000 in lieu of the present maximum of 25 per cent over \$10,000,000.

Repeal of the excises on sport goods, chewing gum, perfumes, essences, tooth and mouth washes and pastes, toilet powders and soap and soap powders and other miscellaneous taxes sufficient to make up a cut of \$37,000,000 annually.

Elimination of the proposed tax on hotel accommodations.

Reduction in the tax on candy to 3 per cent with elimination of the committee proposal for a 10 per cent tax on candy selling at wholesale for more than forty cents a pound.

The other excise provisions of the senate bill would stand, including repeal of the excess profits tax next Jan. 1, a flat tax of 15 per cent on corporation incomes and increased exemptions for heads of families and on account of dependants.

While repeal of the \$2,000 exemption allowed corporations is not included in the program as announced leaders were endeavoring last night to work out a plan which would protect small corporations, at the same time remove the exemption from large corporations. The suggestion meeting with the most favor was to allow the exemption in the case of corporations having net incomes of less than \$20,000 or \$25,000.

Opposition to the proposed increase in the surtax rates developed yesterday among a group of senators from Eastern states and they were understood to be preparing to wage an active fight against a 50 per cent maximum. There also was some opposition among these senators to increased estate tax rates.

House leaders also declared against increasing the surtax rate beyond the 32 per cent maximum fixed in the bill as it passed the house.

Representative Mondell, of Wyoming, the Republican leader, and Chairman Fordney, of the ways and means committee, expressed themselves very frankly on this subject before going into a conference with Chairman Penrose of the senate finance committee to discuss the changes agreed to by the senate leaders.

## ARMISTICE DAY PARADE

WHICH WILL BE STAGED BY THE LOCAL POST OF THE AMERICAN LEGION

The following business concerns, fraternities and clubs, of Sanford have liberally subscribed their names in agreement to enter a decorated float or automobile to represent their respective lines of business. Names will be added from time to time and from the floats already listed it will be a parade of magnitude never before witnessed in the city:

- American Legion.
  - Ball Hardware Company.
  - Lloyd Shoe Store.
  - West Side Grocery.
  - Bryan-Wheeler Motor Co.
  - Wight Tire Company.
  - B. & O. Motor Co. (2 floats)
  - Sanford Cycle Company.
  - Haynes & Ratliff.
  - City of Sanford.
  - Mobley's Drug Store.
  - Ruth Bros. Bakery.
  - Cates' Crate Company.
  - Coca-Cola Company.
  - Woodruff & Watson.
  - Haight & Welland.
  - Cates Grocery Company.
  - Deane Turner.
  - Newberry's Drug Store.
  - Carter Lumber Company.
  - T. J. Miller & Son.
  - Union Pharmacy.
  - Sanford Shoe & Clothing Co.
  - Hanson's Shoe Repair Shop.
  - Roberts Grocery Co.
  - Baumel's Specialty Shop.
  - Raffeld-Honig Co.
  - F. P. Rines.
  - J. H. Tillis.
  - A. Kanner.
  - F. Schwartz.
  - Chero-Cola Co.
  - Brown's Market.
  - Caldwell Furniture Company, Inc.
  - L. C. Leonardy Meat Market.
  - Water's Candy Kitchen.
  - Surprise Shoe Store.
  - Bandel's Emporium.
  - Seminole Market.
  - Rivers' Bros (2 floats).
  - Pure Food Market.
  - Kent Vulcanizing Co.
  - Miller's Bakery (4 floats).

  - Blackshear Mfg. Co.
  - The Herald Printing Co.
- Any one welcome to enter a float or decorated car. Suitable cash prizes will be awarded by the First National Bank, Seminole County Bank and Peoples' Bank of Sanford.
- Anyone wishing to enter call Lloyd's Shoe Store. 168-1f

## Will Investigate All Secret Orders In United States

WASHINGTON, Oct. 8.—Investigation of "each and every secret order in the United States," was called for in a resolution offered yesterday by Representative Upshaw, Democrat, of Georgia.

Proposed as an offset to have investigated the Ku Klux Klan, Mr. Upshaw declared in a statement that he felt "a sort of wounded pride in hearing so many criticisms hurled at the Klan which was organized in his district and whose imperial wizard is one of the knightliest, most patriotic men I have ever known."

Declaring the public would commend the fairness of his resolution to investigate concurrently with the Ku Klux all other organizations holding meetings behind closed doors, Mr. Upshaw added:

"If Imperial Wizard and Grand Goblin are titles to make the plain people shudder (and they are) then these same plain people have a right to know the meaning of such other startling titles as 'Imperial Potentate,' 'Most Puissant and Illustrious Grand Master,' 'Grand Exalted Ruler,' 'Mighty Chief of the Wampum,' and a full thousand other weird titles of secret order officials who seem about to fascinate a majority of the American free men into joining mystic conclaves of inscrutable words and deeds."

Investigation, he said, might cause embarrassment to some, inconvenience to others and temporary strife among foolish factions, "but the clouds will soon blow away, public confidence will be restored, and it seems to me every good sport and every American will welcome the light."

## RED CROSS GIVES ANNUAL BUDGET

\$19,361,657 Allotted for Current Program of Relief and Service.

MILLIONS FOR VETERAN AID

Medical Aid for European Children Will Cost \$6,000,000 This Year.

Washington.—Expenditures totalling \$19,361,657 for carrying through its program of relief and services in the United States and overseas are outlined in the budget of the American Red Cross for the current fiscal year. This total is more than \$5,000,000 lower than the expenditure during the last fiscal year, when the disbursements reached \$24,402,741, it is announced at National Headquarters in a statement calling attention to the necessity of continued support of the organization by response to the Annual Roll Call, November 11 to 24, if the vital work of the society is to be effectively carried on.

Outstanding among the items of the domestic budget is the appropriation of \$3,989,258 for work in behalf of the disabled ex-service man and his family. This appropriation represents the amount allotted to this work from National Headquarters only and does not take into consideration the millions being spent in chapters for relief of the World War veteran. It is in the chapter that the greater amount is spent in meeting this obligation of the Red Cross, the announcement continues, as manifested by figures of the fiscal year 1920-1921 when the total was approximately \$9,000,000, of which \$2,992,094 represented the disbursement of National Headquarters while the remainder was the chapters' contribution to this field of Red Cross service.

### Vast Work for Disabled

Chief among the sub-divisions of the appropriation for work with veterans is that which concerns itself with assistance to disabled men and women in government hospitals. This item of \$1,790,000, an increase of more than \$600,000 over the appropriation for the same work in last year's budget, will provide those personal services for the disabled and their families which are indispensable to supplement those provided by the government. The director of the Veterans' Bureau has recently expressed his desire that the Red Cross should continue and extend these "humanizing services."

Other items of the appropriation for veterans' relief are proportionately increased. An additional appropriation of \$469,600 has been made for Red Cross work in connection with regular Army and Navy hospitals and with the regular Army and Navy.

For disaster relief, the Red Cross has set aside for the current twelve months an appropriation of \$548,976, virtually doubling the appropriation for the same purpose for the fiscal year 1920-1921.

More than \$2,000,000 is provided for service and assistance to the 8,000 Red Cross chapters by the national organization.

### Helping Destitute Children

Other items of the domestic budget include \$498,540 for miscellaneous activities, including contributions restricted for special purposes and \$768,600 for management. Each of these items represents large reductions over similar appropriations of the previous year.

From a fund of \$10,000,000, \$5,000,000 of which was contributed through the European Relief Council campaign and \$5,000,000 allotted by the Red Cross for child welfare work in Europe, there remains \$5,705,108 still available, of which it is estimated that \$6,000,000 will be required for this work during the current year. For Red Cross participation in the joint effort to relieve famine conditions in Russia, for final work in the China famine, for Junior Red Cross and other overseas activities including the closing of the old general relief program in Europe \$4,078,000 is made available.

In announcing the national budget, the Red Cross makes it clear that the figures do not include chapter expenditures or place any cash estimate on the invaluable service of volunteers in chapters.

**CARRYING ON SERVICE FOR DISABLED VETERANS OF THE WORLD WAR THAT IS COSTING \$10,000,000 A YEAR, THE AMERICAN RED CROSS IS HELPING FULFILL THIS NATION'S OBLIGATION TO ITS DEFENDERS. HELP THE RED CROSS CONTINUE THIS WORK BY ANSWERING THE ANNUAL ROLL CALL NOVEMBER 11-24, 1921.**

## Mallory Line Folks Go On To Sanford

President H. H. Raymond of the Mallory Line and Freight Traffic Manager W. P. Lewis of the same organization, left yesterday for Sanford, where they were to attend a meeting of business men of that town and section, including Orlando, who are interested in securing better service by water from New York and other points touched by the Clyde-Mallory ships, and through the St. Johns river to Sanford.

Messrs. Raymond and Lewis were the guests of Mr. and Mrs. T. Ed. Bryan on the trip to Sanford, which was made in Mr. Bryan's automobile. Previous to leaving for the Seminole county capital, the visitors were taken down the bay by Capt. O. N. Ble, resident government engineer, on the government launch DeSoto, for a view of the harbor.

Wednesday evening Mr. Raymond, Mr. Lewis, Walter C. Thomas and Mr. and Mrs. A. W. Perkins were dinner guests of Mr. and Mrs. Bryan.

The visit here of the Mallory officials was in connection with the request of merchants and other shippers to and from this city and section, for better steamship service and the inauguration of shipments of fruits and vegetables out of South Florida, thru Tampa, by boat. The result of the conference is a quickening of the Tampa-New Orleans service over the Gulf & Southern to a boat each week, and assurance of a Baltimore-Tampa water rate through means of the new service the Mallory Line is instituting and which will complement its New York-Tampa service.

The rate on fruits and vegetables to New Orleans, from Tampa, will be less than half the present all-rail rate, and the New York rate, while not announced, will probably be equally as great a cut.

Shippers regard the conference here as having good results.—Tampa Tribune.

Inverness has authorized an election on the matter of a bond issue which contemplates the construction of a water plant and sewerage system. The city council recently set the date for the election, which will be held October 25. The amount proposed to be raised is \$75,000, and the bonds, if issued, will be twenty-year bonds bearing six and one-half per cent interest.

the Holy Cross chapters of the Brotherhood of Saint Andrew, which is holding its 37th annual convention in that city from the 12th to 17th of October.

Mrs. Howard Overlin returned home Saturday evening from Evansville, Indiana, where she spent the past month with her father.

Mr. and Mrs. Sherwood Harvard and family motored to Orlando yesterday.

Messrs. Howard Smith, E. A. Douglas and R. B. Deas were business visitors in Arcadia for the week end.

Mr. and Mrs. Howard Overlin were among the Sanford folks motoring to "The City Beautiful" Sunday afternoon.

Dr. and Mrs. J. N. Robson and children motored to Orlando Sunday afternoon.

Misses Eleanor and Margaret Roberts, Mrs. J. D. Roberts and Ernest Gormley were a congenial party motoring to Orlando Sunday afternoon.

Mr. and Mrs. Harry Herron and party of friends motored to Orlando yesterday where they spent the afternoon very pleasantly.

Dr. L. R. Phillips has returned home from St. Petersburg where he attended a meeting of the Wesley Brotherhood classes.

Mrs. Howard Smith, Mr. and Mrs. L. C. Kolb, Miss Louise Kolb and Bryan Higgins made up a congenial party motoring to Orlando yesterday afternoon.

Mrs. M. Minarik and children returned home yesterday from Lakeland where they spent several days as the guests of Mrs. Tom Getson.

Mr. and Mrs. W. Belding, and Mr. and Mrs. Baker spent the day yesterday very pleasantly at Daytona Beach.

Mrs. Tom Getson left Friday for her home in Lakeland after spending some time here with her mother, Mrs. H. B. Connally.

Misses Clara Miller and Sara Madro are spending the winter at the Temple's Girls Home.

Mr. and Mrs. O. D. Farrell are pleasantly located at the Temple's Girls Home on Park avenue.

Mrs. S. G. Messer, Miss Violet Messer and Horbert Messer, of Sistersville, W. Va., are spending the winter here at the Temple Girls Home.

Dr. J. C. Deen returned Sunday from Barley and Douglas, Ga.

Lieut. A. Bivins, of Arcadia, spent the week-end here as the guest of Mr. and Mrs. B. W. Herndon.

### ANNOUNCEMENT

W. H. Treadwell, the electrical man, wishes to announce to his friends and former patrons, that he has just opened up an electrical business on Second street in the DeForest building and that he is now in position to give you service in electrical lines, including contracting, supplies and fixtures, also that he has on exhibit a fine line of the latest electrical fixtures at prices that will pay you to investigate.

## Dr. Hyman Gives Out Names of Pleasant Ladies, League Chooses

Five of the Most Pleasant Ladies in Sanford Named at the Baptist Church Last Night

As advertised Dr. George Hyman names the five ladies that were selected by the Smile and Fellowship League at the Baptist church last night. The following letter was received by him from the League and he read it as follows:

Dr. George Hyman,  
Pastor of the First Baptist Church,  
Sanford, Fla.  
Dear Sir:

We wish you to announce to the congregation at your church the names of the five most pleasant women in Sanford. In our canvass of the city we find that there are more women suggested as the most pleasant than there were men.

We also found that it was necessary to call in three extra judges to decide by secret ballot the most pleasant ones to be named. We give the results of the vote below:

Mrs. A. P. Connelly, Mrs. Orrie King, Mrs. W. M. Thigpen, Mrs. W. T. Langley, Mrs. Loretta Brotherson.

There was one other whose vote was so close as to warrant special mention but same will not be given as her husband was among those mentioned last Sunday night.

Please state also that the names of the five most pleasant clerks in Sanford will be given next Sunday night.

Respectfully,  
SMILE AND FELLOWSHIP LEAGUE.

### MEETING OF MEN'S CLUB OF HOLY CROSS PARISH TO BE HELD, WEDNESDAY NIGHT

After a rest of a few months, the Men's Club of the Holy Cross Parish will resume their monthly meetings the first to be held Wednesday night, October 12th at 8 p. m. at the Club rooms. This club is promoting clean and decent sports for the younger set and the Parish House, as in the past, will be the scene of many affairs for both young and old during the coming season. Plans, that cannot be divulged at the present time, are under way to afford better facilities in the operation of a plant of the kind now operating so that every necessary thing required of a place of this nature will be available. There are many things to be accomplished for the boys and girls in this and any city and the Men's Club requests that you join in with them regardless of your faith and enjoy the benefits of such an association with men and feel the satisfaction of having promoted something good for your family or the other fellow's family. Real men, you're welcome.

### BOB HERNDON'S STUNT.

The way the tickets are going for the entertainment at the Catholic hall on the Knights of Columbus Day shows that the Sanford people have learned what kind of stars such men as Bob Herndon are. Mr. Herndon is going to put on something entirely new for that evening. We have all heard him in other shows in the past and know without a doubt he is one of Sanford's best, but he tells us that he is going to out-do all past efforts in his stunts Wednesday night. It will be new and you will enjoy it. Be at the entertainment.

### QUARTETTE NUMBER.

No musical entertainment is complete without a good quartette, and Sanford has one of the best amateur quartettes in the State, and this same quartette will entertain you for fifteen minutes as their part of the programme, at the Columbus Day celebration, at the K. of C. hall on Oak avenue, Wednesday, October 12, eight o'clock.

### BAUMEL'S SPECIALTY SHOP.

Mr. Baumell conducts a specialty shop, but that ain't all. He can do a specialty act. And that is what he intends to do for the show at the Catholic hall this coming Wednesday night. Mr. Baumell is newer than the rest of the Sanford people but what few times he has been seen has proven that he knows how to shake his feet. And his voice is there, too, and if you'll be wise, see and hear him, Wednesday night, October 12.

### NOTICE.

There will be a box supper and ice cream supper at the Moore's station church, Friday, October 14th.

### NOTICE

The Ladies' Union of the Congregational church will give a Cafeteria supper on the lawn of the church Friday night, October 14th, beginning at six o'clock. Should weather be bad it will be given in the club room at the parsonage.

### NEW REFRIGERATOR FACTORY FOR EUSTIS.

Mr. A. L. Gibbs, of Tulsa, Okla., the inventor of the Gibbs Automatic Refrigerating system, is in Eustis, having been induced to come to this city by R. W. Cogadill, who became acquainted with the prominent inventor during his travels in Oklahoma during the past year. Mr. Gibbs will offer to Eustis the opportunity of manufacturing his product in this city.

It is contended that Mr Gibbs has discovered the method of refrigeration that science has searched for for over forty years, and it has proven so simple after discovery that he is able to produce refrigeration in small or large quantities covering a range from a practical small machine in the home to the largest plant in existence without a moving part in the entire operation. It is estimated the cost of construction, installation and operation of these plants are one-half cheaper than any other now being manufactured.

The first cost of the machine is practically all the expense attached and this will be but a minimum expense, ranging at first cost to build, from approximately \$75 for a machine affording one hundred pounds of refrigeration, to about \$250 for a ton machine, with a cost of less than four cents per hundred pounds.

The matter of establishing a factory in Eustis to manufacture these machines will be placed before our people at an early date.—Lake Region.

### DO NOT BURN THE WOODS.

Scientists and other people who know tell us that the life of our soil depends upon the continuous addition to it of humus, particularly that grown thereon. They also tell us that the most destructive agent of this humus is fire.

They tell us these things, and we know they are right. Knowing this, it behooves us to discredit the burning of woods and forests, grass and trees. Knowing that it is not for the best good of the individual, the community and the state for any person to burn to ashes the grass and trees that Nature grew for us, we cannot stand idly by and not proclaim this the destructive practice it really is.

A farmer wants fresh "burns," or fresh grass, for his cattle in the spring. He sticks a match to the grass, says "let 'er burn" and goes on about his business. He is justified in wanting fresh grass for his cattle. In fact, that desire in him is commendable. However, there is another side to this story. First, there is a better way of getting this grass. Second, there are other generations following the present one and the destructive practices of one generation result in added hardships for their children and their children's children.

Do not burn off grass and humus. Let it stand to shade the earth and finally to die, rot and form more soil that will be full of life. So treated it will not take long for the soil to multiply over and over in fertility and productivity. From such a soil will grow grasses that will be ten times more valuable for all purposes of the farmer and cattleman than the grasses he gets by "burning the woods."

## Come in and Let Us Talk it Over

If I knew you and you knew me, better co-operators we would be.  
If I knew you and you knew me, 'tis seldom we would disagree;  
But never having yet clasped hands, both often fail to understand  
That each intends to do what's right, and treat each other "honor bright,"  
How little to complain there'd be, if I knew you and you knew me.  
Whenever we ship you by mistake, or in your bill some error make,  
From irritation you'd be free, if I knew you and you knew me,  
Or when the checks don't come on time, and customers send us nary a line,  
We'd wait without anxiety, if I knew you and you knew me.  
Or when some goods you "fire back," or make a "kick" on this or that,  
We'd take in good part, you see, if I knew you and you knew me.  
With customers two thousand strong, occasionally things go wrong—  
Sometimes our fault, sometimes theirs, forbearance would decrease all cares;  
Kind friend, how pleasant things would be, if I knew you and you knew me.  
Then let no doubting thoughts abide of firm good faith on either side;  
Confidence to each other give, living ourselves, let others live;  
But any time you come this way, that you will call we hope and pray,  
Then face to face we shall see, and I'll know you and you'll know me.

### BELIEF COST HIM HIS JOB

Reporter Was Discharged Because He Had Faith in Practicality of Edison's Electric Lamp.

"Did you ever hear of the New York newspaper reporter who lost his job, only a few years ago, because he wrote an article for his paper about Edison's demonstration of his first electric lamp? The publisher said he had no place on his paper for a darned fool who would believe you could spirit electricity through a wire that had no hole in it, and fired the reporter unceremoniously.

The speaker was a grizzled old electrical engineer, who has attained the age when he is inclined to look back on things as they were and to attempt to understand the forces that have brought about the marvelous changes he has witnessed within his lifetime. "You know," he continued, "as I look back upon the development of electrical engineering, it seems to me that advertising has had more to do with it than any other factor. Electrical companies are willing to go almost any length in the development of new conveniences because they have learned not only about electricity, but have also learned what is more important—how to tell the people about their products, through advertising.

"Suppose I have an idea for a new kind of electric lamp. I could afford to spend nearly any amount in perfecting it, because, within a few weeks after it is ready for the market I can, through advertising, get it on the shelves of thousands of merchants, and I can have millions of people asking for it by name."

### MEANT TO HOLD PRISONERS

CHINESE POLICEMAN TAKES CHANCES ON HIS CHARGES GETTING AWAY FROM HIM.

"The late Willard Straight," said a Cornell professor, "often used to tell a story which typified, he said, China and the Chinese.

"Straight, in his official capacity in China, once had occasion to hand over to a Chinese policeman nine Chinese delinquents. This happened in a small, inland village, and Straight that night walked round to the policeman's quarters to see how his prisoners were getting along.

"He found them holding hands in a ring—or so, at least, it seemed—and dancing round and round a tall flagstaff, like children playing ring-around-a-rosy. Straight drew nearer, and saw that the men were not really holding hands, but were handcuffed wrist to wrist.

"The policeman then came out and stirred them up with a long pole, whereupon they danced a little faster. The policeman explained to Straight that there was no village jail, and so he had adopted this flagstaff method of detaining his prisoners.

"But why," said Straight, "do you keep them dancing all the time?" "That," said the policeman, "is to prevent them from climbing up the flagstaff and escaping."

"Straight tried to explain that nine men, handcuffed together, could scarcely climb up a flagstaff simultaneously, but the policeman thought it was best to be on the safe side, and his nine prisoners danced their weary dance round the flagstaff all night long."

**Buying and Selling Without Money.** The difficulties in conducting trades without money are illustrated in the following, reported by the United States Trades commission at Higa:

According to current news from Soviet Russia, the Council of the People's Commissariat has established arbitrary exchange values for certain commodities, with one pood (36 pounds) of rye grain taken as the basis. It is stated that this move has been made necessary by the reintroduction of freedom in private trade.

From these arbitrary commodity exchange values, as established in June, it appears that one pound of rye grain is fixed as the equivalent of 12 poods of salt, 25 poods of petroleum, 12 packages of matches, 3 metal pails, 4 iron spades or 6 arshins (1 arshin equals 28-inches) of calico.

Office supplies of all kinds at The Herald Printing Co. When you want anything in this line see The Herald. We have it or can get it.

## SPORT WORLD

(By The Associated Press)  
NEW YORK, Oct. 10.—Cloudy weather at seven o'clock this morning with official forecast of rain. Forecaster is of the opinion, however, that rain would hold off until the Giants and Yankees had completed the fifth world series game. On even terms the two teams met again and both may try for edge with hurlers they used in the second contest, Hoyt for the Americans and Nehf for the Nationals. Hoyt appears to be Huggins only hope to put Yankees in front again. Giant partisans declare he cannot possibly maintain hurling pace he set last Thursday when he held the Nationals to two hits, one of them a scratch, while the Giants themselves vow they will pummel the shoots of any pitcher Huggins sends in. "Tell the folks down in Birmingham I'll win the world's championship for the Giants if I am called upon to pitch the deciding game," was the message Phil Douglas gave the Associated Press today. And the Giants believe it will be just about Douglas' turn to twirl again when all important games comes around. Huggins declared today the Yankees far from beaten. He said he was naturally disappointed at May's defeat yesterday but added Mays would come back. Hoyt is Huggins' choice to pitch today while McGraw said he would pitch either Nehf or Shea.

### GOVERNMENT'S PART OF BASEBALL PROCEEDS TO BE HIGH.

WASHINGTON, D. C., Oct. 10.—The government's revenue in war taxes from the world's baseball classic will amount to more than \$100,000. Internal Revenue Bureau officials today estimated that if the series in New York goes 8 games, or the limit of nine games, the government's income will be increased by not less than \$150,000.

War tax is applied on receipts of the games in several directions. First, it applied upon all admissions. Revenue experts estimated that before the windup, the receipts will go to \$1,000,000. That sum would bring in to the treasury an average of ten per cent, or \$100,000 on admissions alone. If eight or nine games are played, the players will receive as their share of the proceeds of the first five games not less than \$800,000. All of it will be taxable under the law. Another \$20,000 in war tax, or possibly more, would be added on that score.

Uncle Sam will go after his revenue from the baseball club's share of the receipts. The clubs will take not far under \$400,000 out of the gate receipts in the end. Excess

## Boxing Mentor of Coney Island

Young Edward Hoff of Coney Island, who recently had the privilege of facing Benny Leonard, has become such an enthusiast of the gloves that he has made himself the self-appointed boxing instructor of Coney Island. The young man, who is only six, cheerfully imparts his knowledge of the boxing game to little Ethel Dugan, an eighteen-month-old young woman of Philadelphia, who is already an adept at the art of self-defense.

profits tax upon those earnings will apply at the rate of 10 per cent.

Revenue officials today said that both New York clubs have made big money during the past year. Their earnings probably will run into large figures. They had no figures on which to base accurate estimates of the probable net profits, the clubs will show, but surmised that probably all of their share of the world's series money will be subject to the tax. That would mean another \$40,000.

Thousands of dollars more will be collected by revenue agents now on the ground from concessionaries, and from ticket scalpers. The scalpers are liable to a fifty per cent tax on the excess paid above the established price at the gate.

## IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder, disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

Fro mArcadia comes information regarding the reopening of the Gaskins mills, an industrial plant which had been shut down for a long time. The place has new owners and will extend activities to include milling meal and grits, hulling rice, and also will be a market for the purchase and sale of produce and other things, such as crate materials and fertilizers.

### ASK FOR YOUR RECEIPT.

Subscribers to the Daily Herald should ask for a receipt when the carrier boys collect from you. It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way. 168-3p.

## ARMISTICE DAY PARADE

WHICH WILL BE STAGED BY THE LOCAL POST OF THE AMERICAN LEGION

The following business concerns, fraternities and Clubs, of Sanford have liberally subscribed their names in agreement to enter a decorated float or automobile to represent their respective lines of business. Names will be added from time to time and from the floats already listed it will be a parade of magnitude never before witnessed in the city:

- American Legion.
- Ball Hardware Company.
- Lloyd Shoe Store.
- West Side Grocery.
- Bryan-Wheeler Motor Co.
- Wight Tire Company.
- B. & O. Motor Co. (2 floats)

## SAGE TEA TURNS GRAY HAIR DARK

ITS GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

Autumn is here, and the house shortage will soon become more acute as people resume the practice of starting fires with kerosene.

**PRESENT FREIGHT RATES DISCOURAGE DEVELOPMENT**

Protest against existing freight rates in Florida is rapidly crystallizing, with individuals, communities and newspapers not under railroad control joining in the chorus, and concentrated sentiment is bound to force action of some kind.

Railroads are always regarded through eyes of suspicion, and sometimes are judged unjustly, but The Metropolis believes the cause of Florida farmers is entitled to first consideration in the public mind. Many criticisms of the railroads are not justified, for, playing on the common fear, little attention is given to the arguments of the railroads and emphasis placed upon the charges against the carriers, but the railroads are not the mild-tempered servants of the public as pictured by their organs. They are in the field to monopolize transportation facilities when possible, and after establishing this monopoly rates are determined pretty well by agreement, which makes the producer powerless in reckoning the cost of reaching the markets with their crops.

The railroads are "eating up" millions of profits which would, were rates reasonable, go to Florida farmers—the class entitled to the major slice of profits, because it is by the sweat of their brows that these crops are planted, cultivated and harvested. When crops fail, the losses are borne by the producers; no one ever heard of the railroads offering to share in these losses!

It is not up to the public to tell the railroads how their rates are to be reduced. This is strictly a problem of the railroads. But the Florida public knows the rates now in effect cannot be maintained and not deliver a shattering blow to the agricultural interests of the state. The producers are already asking themselves "Why should we work for the railroads?" and the question is based on past and present experiences. In some sections of the state shipping corporations are being organized, which will be owned by local capital and operated on sort of a co-operative basis, but some sections are not accessible by water and must remain dependent upon the railroads for the transportation of their crops. The railroads are big factors in Florida; there is no need of minimizing their importance, for the future of the state is bound up with its transportation facilities—but the regulation should be a 50-50 proposition and not a one-sided deal, such as it now is. Florida is dependent upon the railroads and the railroads are dependent upon Florida. All considerations must be based on this fact.

Aside from the immediate effect, high prohibitive rates will strongly discourage development in the state. Only five per cent of the land is under cultivation, and the other ninety-five per cent will remain untouched if the impression becomes established that the railroads will benefit more by development than those who invest their resources and energies in the work of development. Florida's greatest asset is the future, which holds far greater things than are now being enjoyed, and the people of Florida should not permit a handicap to be placed upon this wonderful future. The continuance of present freight rates will do more than any other one thing to burden Florida with such a handicap.

Something must be done.—Jacksonville Metropolis.

**FISHING IS GREAT ASSET**

Fishing is one of Florida's greatest assets. Whether it be in the waters of the ocean or the gulf or in the running streams or the clear water lakes of this great state, whether it be commercially or for the pure sport of fishing it is an asset that should be carefully guarded and nursed and cultured for fish, like game, will soon disappear if they are not protected by the proper laws. On the other hand Sanford as well as other cities should pay more attention to the tourists who come here to fish and find the people so apathetic about the sport that to the mind of the visitor is the greatest thing in the world. We, who live here on the shores of Lake Monroe, and near to the Wekiwa and Lake Jesup and Harney and thousands of smaller lakes and rivers and grown familiar with their face are apt to look with contempt upon the mere idea of fishing and we do not realize the zeal and enthusiasm of the folks who have come from a state where there is little water of any kind and a lake like Monroe looks like the Atlantic ocean to them. We have made no preparations for the coming of the sportsman. We have no guides or boats or place where he can obtain bait and tackle and all the paraphernalia that goes with fishing and for which the real sport will pay any price. He comes here and sees no enthusiasm on the part of the home people for his favorite sport and he goes where there are more people of his kind. We should awake to our opportunities here, built a boat basin, have boats and tackle and guides and offer prizes through the winter for the

big catches, stop seining out of season, protect the fish and foster this great asset that means millions to us if fostered and hardly anything if we do not pay more attention to it. The Times-Union of Sunday had the following about this phase of Florida life that is to the point:

"Under the caption, Fishing in Florida, the Lakeland Telegram some time ago talked of the wonderful opportunities afforded in this wonderful state for the enjoyment of the sport of fishing. It is rarely mentioned, although a potent fact, that the fisherman usually enjoys eating the fish he catches, or a part of the catch, if it be too great for a single appetite. The Telegram is of the opinion that not half of the fame of Florida as a fishing ground has become known. Not a fraction of the streams and lakes and rivers and brooks and ponds and bays and inlets are given a try-out with rod and line—to say nothing of the twelve hundred miles of sea and gulf coast.

The Telegram says that there are some things that should be taken in hand by the state that are evidently not yet considered of importance. For instance the newspaper declares that fresh water game fish should not, under any circumstances, be caught with a seine or be permitted to be sold on the market." The special article is designed to call attention to fishing as a diversion and declare for it the attention that belongs to all such sports. Florida offers unusual chances for fishing, and the plea is for the protection of the game fish, which are sought by sportsmen. Declaring that a common mistake is made in regard to one of the gamiest of fish, the Telegram says:

"Then, the people should quit calling the black bass a trout, even if it takes an act of the legislature to make them do it. It is not a trout, nor any kin to one. The bass itself is known the world over as a game fish, one of the gamiest, according to some authorities, that ever flapped a fin; and to refuse to call such an aristocrat by a name other than his own is an insult to his dignity and reputation. There are no trout—that is, no fresh water trout—in Florida; but there are millions of the finest bass that ever grabbed a hook!

Editor Harry L. Brown thinks that in the average town and city the importance of the fishing possibilities in each special vicinity are often overlooked. This he declares is a bad idea and should be corrected. Local people can discourage an enthusiast in a hurry if they appear uninformed and indifferent.

"Right here it is just as well to repeat that people will keep coming to Florida in the fall and winter and will remain until late spring, without any further urging. But of the thousands who come South for a few months or even weeks, few have their time fully planned ahead. The towns and communities that put forth some effort to entertain their winter guests keep them longer, and they come back regularly and bring their friends.

"One of the biggest features in our entertainment program for the tourist season is fishing, and would be well to play it up to its fullest understanding."

**MR. BRYAN AND FLORIDA**

With mixed emotion leaders of the Democratic party have been speculating as to whether William Jennings Bryan, who has deserted Nebraska and taken up his permanent residence in Florida, is seriously contemplating offering himself as a candidate for the United States senate from his adopted state. Senator Trammell's term expires on March 4, 1933, so there will be an election for senator next year. When asked as to his attitude toward this situation, Mr. Bryan merely remarks that he has no plans, which may mean much or little. He expects to vote in Florida at the next election, having by that time qualified as an elector.

There is a rather general belief that the voters of Florida would be inclined to look upon Mr. Bryan as a carpetbagger if he aspired to the senatorship after only a year's legal residence in the state, notwithstanding his eminence in the party councils and the prestige he might add to Florida. The people down there appear to have a notion that a senator ought to win his spurs before taking a seat in the upper branch of congress, Senator Duncan U. Fletcher, for instance, previous to his election to the senate, was a member of the Florida legislature, mayor of Jacksonville, chairman of the Board of Public Instruction of Duval county and chairman of the state Democratic executive committee. Senator Trammell, before coming to Washington, was mayor of Lakeland, served in both the house of representatives and the senate of Florida and was attorney general and governor of the state.

This would indicate that the Democrats of Florida are committed to the policy of promoting their public officials, demanding that they work their way up from the bottom. If they intend to apply this policy to Mr. Bryan, it might be well for the young orator

to look the situation over with a view to running for mayor of Miami for a start and stepping from that into the governorship. These two offices attained, the senatorship might properly be considered within his reach. Florida doubtless appreciates the honor of Mr. Bryan's advent to its citizenship, and properly so, but it is not yet clear that she is pleased to the point where she is ready to hand over to him one of her most important public offices.—Washington Times.

**GOOD ROADS ESSENTIAL TO DEVELOPMENT**

No community can be really a great community unless it has good roads. Progress demands good transportation facilities and transportation begins at home—right at our front door. A town may have railroads running in all directions, but if the wagon roads leading into that town are impassable, the town cannot be a good shipping point.

The town may be filled with live business men, it may have fine stores with large stocks of goods; the prices may be right; the accommodations may be all that could be desired. But if the roads leading to that town are impassable it cannot be a good trading center.

A farmer living within four or five miles of that town may have a large number of cattle or hogs to ship, or perhaps some corn or other produce. The market may be high. But if the country roads are in such condition that he can not get his products to town, except at a great expense of time and money, he cannot ship even though a dozen railroads run through the town.

Every year bad roads cause the loss of many times as much as would be required to build good roads, and the loss falls upon both the farmer and the town merchant.

To have a greater country we must have better country schools. We may erect modern buildings and hire competent teachers, but our children can not get the full benefit of these better things if they are unable to attend school regularly because of bad roads.

The greatest thing on earth is humanity. Humanity demands companionship. We cannot be happy and contented if we are isolated from our neighbors. And we must be more or less isolated if we have bad roads. Only when we have good roads can we have real community development.—Tampa Times.

**SEPTEMBER FOOD PRICES DOWN**

Retail food prices during September were found by the labor department to have declined in all but two of fourteen cities in which it conducts investigation. Decreases amounted to two per cent in Milwaukee, Minneapolis and Portland, Maine; and one per cent in Atlanta, Birmingham, Cincinnati, Little Rock, Louisville, Norfolk, Philadelphia and Salt Lake City. San Francisco foods retailed at prices two per cent above previous findings, while in Dallas there was a fractional increase, and in New Haven a fractional decrease.

In the average city, retail prices were found on September 15 to be about twenty-five per cent less than one year previously, but were still between thirty-three and fifty-six per cent above the 1913 level.

At any rate, the cynics can't say Fatty did it in the hope of getting into the movies.

The brave go where duty leads, even when it is a tariff duty leading to the poorhouse.

Frank B. Shutts, of the Miami Herald has been appointed on the governor's staff with the title of Lieut.-Colonel. Bet he will be unable to keep any buttons on his coat after he starts swelling up.

We want to add twenty more daily subscribers this week to bring up our list to an even thousand daily subscribers. We set this mark for the first of January but we did not anticipate the rush of new people and the fine support of the home people. Twenty more this week makes an even thousand.

At the Good Roads Meeting in Orlando Saturday it was discovered that the State Road Department was in politics. Impossible! All of which reminds us that it has always been in politics and always will be as long as the members are appointive. And what public business in Florida is not in politics, we pray?

The Reporter-Star tells of a window display in Orlando of a mountain lion shot near Fort Christmas. We suppose the "mountain lion" was shot with one of the big guns that are mounted at Fort Christmas in preparation for the uprising of the Indians near there, yes. And we would like to ask if the "mountain lion" had any literature on his person relative to Asheville and Hendersonville and Apopka and Ocala, and other mountain resorts.

Goode Quarry, of the Palatka News, has started a campaign to save the Ocklawaha Valley Railroad from the sale and he has started something for the good of the community. The state could do nothing better than buying the road that is in the hands of a receiver and that will be sold for taxes. Under the proper management the state could make money out of this road that traverses some of the best farming land in Central Florida and is close enough to the St. Johns river to make water and road transportation meet in the proper manner.

**S. J. SLIGH—RIGHT MAN FOR PRESIDENT**

No better man in Florida is to be found for the office of president of the Florida Water Traffic League than S. J. Sligh, of Orlando. The prominent Orlando grower, shipper and packer of citrus fruits and vegetables has been honored by this office. He is a student of railroad freight problems and his long residence in Florida has given him an insight into the true conditions which confront the people of this state. If there is any man in Florida who can save the people millions of dollars in exorbitant freight rates, J. F. Sligh is that man, and the railroads know it. He has the "drop" on the railroads and the steel rail magnates have a reason for sending all their representatives into the Panhandle state to know why the business is going via water routes. Orlando gets the office of secretary-treasurer in W. M. Tarpley. All inland Florida must aid the League in countering the high transportation charges and indications are that the recently formed association will be a tremendous success.—Orlando Sentinel.

In and About The City

THE WEATHER

For Florida: Generally fair tonight and Tuesday; warmer in North and Central portions tonight.

World's Series by plays in this issue of the Herald.

D. A. Brisson, of Daytona Beach, was a business visitor here Saturday.

The Ladies of the Presbyterian Church will hold their Christmas Bazaar, Dec. 2 and 3, 1921. 187-oa-w-lfe

H. R. Maskeel, of Knoxville, Tenn., spent the week end here on business.

Get your battery filled with distilled water free at the Hof-Mac Battery Co., "Foot of First Street." They make their own. 107-8tc

M. Whitman, of Atlanta, was in this city Saturday transacting business.

After you have tried other laundries then try us.—Sanford Branch Lakeland Steam Laundry. Phone 475. 160-2tc

The Sanford fans are real fans and we want to give them all the fan fodder they can digest.

O. D. Ferrell, of West Virginia, is now on the Herald Printing Co. force in the job department.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

Tavarez is making preparations for a rousing meeting of the Water Traffic League on Wednesday night. Many from Sanford are going over.

ROOFING, Red and green slate surface, 3-ply \$3.25 per square. Tiger brand, plain, 3-ply \$3.25; 2-ply, \$2.75; 1-ply, \$2.25. Free delivery. Address M. E. Ginn, Box 391. 189-20tp

School lunches started at the Grammar school today and were just in time for the little ones that needed hot lunches. This was a step in the right direction.

Mr. and Mrs. R. J. Holly, Robert Holly and Mr. and Mrs. Henry McLaulin went to Eustis, Mt. Dora, Aopka and other points yesterday afternoon, making the trip in the Holly Ford.

We have paid our city license of \$25 and county license of \$5.00. Now we are in shape again to handle your Laundry for another year and we mean to take care of you if high class work will do it.—Sanford Branch of Lakeland Steam Laundry. Phone 475. 160-2tc

Mr. and Mrs. N. J. Lillard and Mrs. H. A. Neel left Saturday for Oklawaha City where they will sojourn for several days. Mrs. Neel will remain until Mr. Neel decides to return to Sanford and take up his work on the Herald, which will be in a few weeks.

I have secured the service of Leo Butler, a clean, neat appearing young man who will take charge of the wagon next Monday. He will be pleased to call on you for your Laundry and deliver the same promptly.—Sanford Branch Lakeland Steam Laundry. 100-2tc

Cold weather makes fires. The fire department was called out twice yesterday and twice today, the fires being small and only grass fires at that but defective flues at this time of the year give the department trouble and often burn up valuable property. See that your fire places and chimneys and stoves are all right before you start your fires.

"EXIDE" BATTERIES, the Giant that lives in a box. We can now furnish six Volt Batteries at \$24.50. We buy, sell, exchange, recharge and repair all makes Batteries.—Ray Brothers. Phone 548. 150-tfc

NOTICE G. I. A.

There will be a regular meeting of G. I. A. Tuesday, October 11th at 8:30 p. m. at Masonic Hall. All members requested to be present.

FANNIE MCCONNELL, President. 159-2tp

For office supplies, stationery, etc., come to the Herald office.

Summary of the Flaming Small Talks Succinctly Arranged for Herald Readers

SANFORD'S TEMPERATURE

Ah, ha, you rascal, we hooked you that time. The old bulb had to go down yesterday whether it wanted to or not and today we take great pleasure in recording the fact that Sanford's maximum temperature in 80, yassum, 80 in the sun, too. That old touch of fall is in the air and the folks in the north who recognize the signs of an early and a hard winter are coming to Florida right now. October is a fine month in Florida. Just that little tingle in the air that puts the pep in the wine of pepain and makes you feel like taking an ax and cutting down a sand spur tree before breakfast. 5:40 A. M. OCTOBER 10

SHIP BY WATER AND TRUCK

There will be a mass meeting of Lake County Shippers and Growers at Tavarez, Wednesday, October 12, at 8 p. m. sharp to be held in the Court House Auditorium under the auspices of the Central Water Traffic League. This meeting will be attended by some 50 of the foremost citizens of Orange and Seminole counties, including President Sligh, Vice-President Geo. W. Knight and Secretary-Treasurer Tarpley.

Mr. Tarpley is traffic manager and rate expert and will prove to Lake county shippers that they can save thousands of dollars.—Mr. Sligh will show how he saves 53 cents a box on shipping by water to New York. Does this interest you? There will be truck owners present who will guarantee you truck-service from Sanford to Lake county points and save you 20 per cent on the Sanford-Lake county haul and deliver the goods to your door. Does this interest you?

If so, be present. We want 200 to 300 Lake county representative citizens present to meet those of our neighboring counties.

Each town with a commercial body will be entitled to three directors. Name your directors and present their names at this meeting.

This meeting is by invitation of the Lake County Chamber of Commerce.

EVERY HOME SHOULD HAVE RUNNING WATER.

Running water in the farm house is no longer considered a luxury, but a necessity and a possibility. It is true that some homes can have more elaborate system than others, but every far mean and should have running water at least in the kitchen. This not only idealistic but a business proposition that faces every farmer, says Professor Frazier Rogers of the Florida Agricultural College. Every farm has some source of water to draw upon and the man of the house should in justice to his family devise some means whereby this water will not have to be carried to the house in buckets. Such would eliminate much of the drudgery, especially to the women, who deserve every consideration.

To have running water does not necessitate the outlay of much money. One can begin with a common pitcher pump and sink placed conveniently in the kitchen. This is far better than carrying the water in a bucket. Later an improvement over this can be made. The hand-force pump with a barrel tank might come second. Finally would come a gasoline-driven pump and an elevated tank, which is much better than either of the former. The time saved in going to and from the well with buckets to carry water and the satisfaction derived will soon pay for the best system.

ASK FOR YOUR RECEIPT.

Subscribers to the Daily Herald should ask for a receipt when the carrier boys collect from you. It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way. 108-3tp.

Buy it with a Herald Want Ad.

Better Base Ball Dope For Readers of Daily Herald Started Today

Believing that the readers of the Daily Herald are interested in the world's series sufficiently to enjoy reading about the game play by play, the management of the Herald has made arrangements to get the entire game just as it happens fresh by wire. The game by innings was all right, but it was not sufficient food for the fans who, unable to get it all, wanted to sit down at night and read about their favorites and just how they played the game. We take this step because the games are getting exciting as the Giants have won two games and the Yanks have won two games, and it is a close race all 'round. This leased wire costs more money and will be much more expensive but the Herald thinks nothing is too good for the readers and we are giving you all that money can buy in the way of service. In this respect, the Daily Herald gives the readers as much as any daily paper in the United States. It may not be as much of any one happening as the larger dailies, but the readers get it fresh from the wires and about ten hours ahead of any other paper that comes to Sanford.

The Daily Herald is a real daily—don't forget that. If you are not subscribing for the Daily Herald, stop reading your neighbor's paper, and take one for yourself and help the Daily Herald to grow into one of the largest papers in the State.

SCHOOL LUNCHEONS READY TODAY

The lunch pavilion at the grammar school opened today at noon, and served two hundred and fifty teachers and pupils. The menu was hot mashed potatoes, hamburger gravy, homemade rolls, and ice cream cones. Everything went off admirably with the lunch committee from the woman's club and the teachers of the school in attendance.

Tickets for ten lunches may be bought at the grammar school for one dollar, or pupils may pay ten cents upon entering the pavilion. Teachers will be served daily with a change of menu each day.

CENSOR BOARD.

Cut scene where husband kisses wife. There is no marriage license on the wall and these things have a wrong influence on the young.

Cut scene where wife kisses husband. She should just ask for a new hat without any manifestations of domestic bribery.

Cut scene where man puts coin in subway slot machine and actually gets stick of chewing gum. Not true to life.

Cut all drinking scenes. They have a tendency to make the audience restless—not to say remissent.

Cut scene showing woman in cotton stockings. Nothing but silk is acceptable in refined pictures.

Cut scene where husband comes home early, hugs his wife, gives her a box of candy and a bunch of violets and promises to take her to the theatre in the evening. Such scenes eat bad examples.

Cut all scenes showing spooning in public parks. Too private to be disclosed on the screen.

Cut all references to lingerie, midnight suppers, taxicabs and chorus girls. The audience might not understand.

The world news the day it happens, delivered at your door each evening 15c the week.

EAT MORE HONEY. There is no doubt that honey, sweets of the blossoms, as produced by nature, is superior to our artificial sugars. We should use more honey and advise all our friends to do the same, knowing that we are thus to secure better health and longer life. Pure honey contains the most fragrant and delicious, as well as the healthiest, properties of the vegetable kingdom. It is impossible to manufacture, by any chemical process, any sweet and expect it to be as healthful as that which is produced naturally from the blossoms of flowers. The nectar of flowers is an essence gathered by the busy bee from the sweet flowering plants of the fields and forests and converted into honey by a process no chemist can successfully imitate. It is Nature's own product—man has no part in its production. "Sweeten Up" and "Keep Sweet" With Florida's pure honey: "Twill give you health That's worth more than wealth—Worth more than all your money."
