GERMAN GOVERNMENT FEARS COMMUNIST BANDS MARCHING ON ESSEN WITH RADICALS

ASK PERMISSION FRENCH GOVERNMENT TO SEND GERMAN POLICE

MUCH RIOTING

And Disorders of All Kinds Oc- cur in Many Districts of In- dustrial Germany

(By The Associated Press)
PARIS, May 25.—The entire chamber of deputies with the exception of communists gave Premier Poincare a great ovation when he entered the chamber today for continuation of yesterday's interpellations on the Ruhr. Communists hooted the premier but this seemed only to increase the enthusiasm of the remainder of the deputies.

LONDON, May 25.—The German government is alarmed at reports that armed communist bands are marching on Essen, says Central News dispatch from Berlin this afternoon. It has asked permission of French authorities to send forces of German police from occupied districts to Essen and Gelsenkirchen.

GEISENKIRCHEN, Germany, May 25.—Eight persons are dead—seven men and one child—and between 70 and 80 are suffering from wounds due to bitter fighting which broke out here last night in clashes between communists and the defense troops. The trouble had its origin in the seizure of police headquarters in which much destruction was wrought. The building was then set on fire. The members of the defense force who were holding the building, were driven out after hard fighting, which was resumed in the streets. The casualties were about equally distributed between the communists and the members of the defense force. The communists today were still holding the portion of the police headquarters which was not damaged by flames.

Negotiations have been begun by the communists and their sympathizers with the burgomaster, with a view to forming a commission of four to take over the policing of the city.

PARIS, May 25.—Premier Poincare deputies today, that France would not reduce her share of reparations due from Germany, except insofar as the Allies war debt were cancelled, and repeated the determination of the government to remain in the Ruhr, until France's share was paid. A precedent for such action, he said, was furnished by the Germans themselves, who remained in France, after the war of 1871, until the last centime indemnity was paid.

The premier declared conditions in the Ruhr so far as they concerned operations of the railroads, and transportation of seized products were improving. He denied that reduced deliveries of coal and coke were seriously crippling the French iron trade and asserted that France was in a position to wait as long as Germany was disposed to resist.

The premier's declaration made a marked impression on the Chamber and many of the deputies wanted an immediate vote on propositions of the Ruhr occupation problem, and other policies, but M. Tardieu demanded a continuation of the discussion, which was put over until tomorrow.

POLICE SEEK PISTOL OWNER MURDER GUN

REVOLVER NEAR SCENE OF SHOOTING NOT THE GUN OF BENNETT

(By The Associated Press)
TAMPA, May 25.—Police are seeking to determine the ownership of a thirty-two calibre revolver found near the scene of the killing of H. M. Caruthers for which R. O. Bennett, Jr., is in jail here, and thus hope to find the key to the mystery surrounding the cause of shooting early yesterday. Caruthers was killed by a twenty-five calibre steel bullet through the heart. The revolver from which the shot was fired was not found although Bennett is said to have told police he threw it away five blocks from where Caruthers fell.

W. A. Pattishall is Named Orlando's First Municipal Judge

W. A. Pattishall, Orlando attorney, was today handed the plum by the city council as the city's first police judge. The salary was fixed at \$75 per month the young lawyer to take his seat on the figurative bench the first of June. Mr. Pattishall had but one runner up in the contest, and that was Chauncey Boyer. The mayor cast his vote for Boyer, on the ground that he has been longer here in Orlando, and is a graduate of Rollins, although Mr. Duckworth made it plain that he was favorable to Mr. Pattishall, saying the latter would have been his second choice.

Pattishall was nominated by Commissioner Sutherland. Mr. Sutherland said he had canvassed the field and determined that this representative of the bar here was the most logical candidate. At that point Mr. Duckworth flung Chauncey Boyer's hat into the ring, so that Commissioner Manuel cast the deciding vote.

He voted with Commissioner Sutherland, although both the commissioners said they thought very highly of Mr. Boyer.

Orlando's first police judge—chosen under a bill just passed the legislature, relieving the mayor of the arduous task of sitting on the police bench—Pattishall, was born in a section that was at that time Orange county, coming from the Geneva district.

He is a graduate of the law school of Stetson University, taking his degree three years ago. He came at that time—in 1920—to Orlando practically as a stranger. For a year he was in the office of Davis & Giles, and for two years has been practicing alone.

He is 27 years old and married. Orlando Reporter-Star.

Seminole county is proud of Judge Pattishall. He is a Geneva boy, the son of Mr. and Mrs. H. H. Pattishall, of that little city, and a boy of whom all his Seminole county friends are fond and they know that he will make good in his chosen profession.

Woodcock & Rigney are in today with a big advertisement quoting prices on groceries of all kinds. Woodcock & Rigney have it on them in the fact that they not only sell at very reasonable prices for cash but they deliver to any part of the city. They also make a specialty of fine fresh vegetables. Read their advertisement and note the very reasonable prices on groceries. Woodcock & Rigney, three blocks from high prices.

MAN ARRESTED FOR NOT TELLING ALL HE KNEW

(By The Associated Press)
ST. JOSEPH, Mo., May 25.—Walter Nelson, Detroit attorney was sent to jail today for thirty days by Judge Dingeman of Detroit following Nelson's appearance before the state's one man grand jury investigation here into the House of Davison. As Nelson was being taken to the county jail by the sheriff he said "I've told everything I know."

WHIPPING BOSS FIGHTING CHANGE OF VENUE TODAY, WANTS TRIAL IN DIXIE COUNTY

Says He is Not a Citizen of County and Has No Friends There Now

CROSS CITY, May 25.—Walter Higginbotham, convict whipping boss, on trial here charged with murder in connection with the death of Martin Tabert, signed an affidavit protesting against a change of venue from Dixie county as has been asked by the state. The defense also read into court about twenty-five other affidavits declaring that a fair and impartial trial could be obtained in this county. In affidavit Higginbotham declared he was not a citizen of Dixie county and that he had resided here only a short time and has no political influence in any way and that is not now in the employ of the Putnam Lumber Company at whose camp Tabert is alleged to have been whipped so severely he died four days later. For almost an hour the court listened to affidavits from Taylor citizens and representatives of the Putnam Lumber Company offered by defense to combat the state's charges of intimidation of the legislative sub-committee at the time the search was made for Tabert's grave at Clara and Mingo cemetery, April 25th.

NEWSPAPER MEN'S RESORT WILL BE ESTABLISHED ON THE EAST COAST AT COCOA

Brossier Twins and Other Orlando Men Are In- terested in the New Beach

The following story from Cocoa, Florida, recently was sent out over the state and was given space in many of the newspapers. It is one of the new enterprises of Florida and one in which Sanford people will no doubt be interested at some future date:

"A company has been formed, consisting chiefly of Orlando business men and capitalists, to create near here a new seaport city for Florida. The site selected lies east of this city, at a point just south of the site of Cape Canaveral. It was announced from Orlando some months ago that a company was forming there to build a railroad to penetrate the fruit belt of the state, with a terminus at the deep water harbor formed by this cape.

The site of the new city lies to the south of the proposed railroad terminus on the broad area of high land between the ocean beach and the Banana river. The new company starts with a site nearly two miles long extending along the beach to a depth of about half a mile inland.

"It is conceded that this is one of the finest ocean front sites on the coast of the state, the rare combination being realized there of high in-

SHERIFF DOWLING OF DUVAL COUNTY IS RE-INSTATED

TALLAHASSEE, May 25.—W. H. Dowling, sheriff of Duval, who has been under suspension for nearly two years, was reinstated last night by the senate, on a close vote.

Dowling's case was admittedly the hardest one that the senate had to deal with of virtue of the prominence of the official and the length of time he had been out of office, for which ordinarily, he must be reimbursed. It is understood that his claim bill for compensation for the time he was under suspension, will approximate \$22,000. He was suspended July 27, 1921, by Governor Hardee, following the return of an indictment against him by a federal grand jury charging that he with others prominent in Jacksonville conspired to operate a gigantic liquor ring. The indictment was quashed on a technicality, and another indictment met with a similar fate. Federal officials testifying at the senate hearing said they had not pushed the charge further because of their inability to get any substantial evidence.

CHATTANOOGA MAN IS PUT ON NATIONAL G. O. P. COMMITTEE

CHICAGO, May 25.—C. H. Huston of Chattanooga, Tenn., former assistant secretary of commerce, was appointed chairman of the ways and means committee of the Republican National committee. His appointment was announced by John T. Adams, national chairman of the party who was here conferring with Fred W. Upham, national treasurer.

MUNSON RECITAL AT HIGH SCHOOL GREAT SUCCESS

THAT NUMBERS AND SOLOS WERE GREATLY ENJOYED BY LARGE CROWD

A capacity audience assembled in the large auditorium of the High School Thursday evening, May 24th, to hear the recital honoring the Senior class of 1923, piano pupils from Fannie Munson's studio.

After a few introductory remarks from Mrs. Munson, including expressed appreciation for the beautiful grand piano furnished by Mr. Hintermister, of the Hintermister Piano Co. the program opened with a group of solos from piano students of the Senior class.

The entire event was a notable success. Such programs selected from the world's best composers are not merely pleasurable giving but are educational. The piano numbers were from High School students, including a little folk group. Each number was intelligently and musically rendered, smoothness, grace and poise characterized the entire performance.

The juvenile group was an interesting feature and little fingers moved in remarkable ease and clear tone. The song numbers were from Mrs. (Continued on Page Eight)

MANY PEOPLE OF HIGH RANK ARE EXECUTED

IN REPUBLIC OF GEORGIA FOR REBELLION AGAINST SOVIET

(By The Associated Press)
MOSCOW, May 25.—Fifteen persons, all princes, generals or noblemen, have been executed as the result of the discovery of an active counter-revolutionary plot in soviet republic of Georgia says a dispatch from Tiflis to the Pravda today. The names of those executed were not given but it is said all were active participants in the movement.

MOSCOW, May 25.—Counter-revolutionary activities in Georgia alleged to have begun early last year with a combination of five non-Bolshevik parties, including a general uprising for last September. They employed bandit leader Chelokoff for their purposes, accounts state, but the plot failed when his bands liquidated with the aid of peasant force and ringleaders arrested.

Sanford Paint and Wall Paper Store ON THE NEW PRIMARY SCHOOL BUILDING WAS LEFT OUT OF WRITE UP

No sir, we would not find fault with our Editor, because he has the first chance at you when you come into this world and the last chance when you pass out. And all the chances in between. We would in a mild way remind our Editor that in the writing up of the new primary school building he forgot us. When G. E. James of Jacksonville, who was in charge of the building found he could buy Patton's Sun-Proof Paint in Sanford, he desired to use it for the outside.

In decorating the interior he used the Pitcairn-Water Spar varnish of which we are very proud. Mr. W. T. Hadlow and Mr. James found that we could furnish the material just as cheap as they could buy it in Jacksonville and the Sanford Paint and Wall Paper Company are very proud of the fact that they furnished all the material for our beautiful new school building.

GOVT. TROOPS ENGAGE BANDITS IN THE HILLS

HANDITS MOVE CAPTIVES FAR- THER BACK IN THE HILLS

(By The Associated Press)
TSACHWANG, May 25.—Gunfire heard near here today is taken to indicate that government troops are engaging the bandits in the hills, or the bandits are fighting among themselves as a result of a disagreement at their conference which was scheduled for today. It was learned from different sources today, that the bandits have taken their captives from Paotzuku mountain and have moved them two miles further back into the hills.

The sudden retirement appears to indicate that the troops, acting under orders from Tsao Kun, inspector general of Shantung, are following the plan advocated by the Tschun of the province to "dig the bandits out."

SHANGHAI, May 25.—Panic seized the bandits of Paotzuku today as Chinese government troops launched a determined advance against the outlaws in an effort to break up their communications and force an issue in the international problem revolving about the kidnaping of foreigners from the Shanghai-Peking express May 6.

The Peking government's plan to release the captives by force apparently is to be put into operation at once.

The cordon of troops about the Paotzuku stronghold today was tightened in all directions. Messengers traveling to and from the outlaw hills have been stopped.

Chiefs of the brigands are said to be greatly discouraged at the refusal of the diplomatic corps at Peking to deal with them and are reported to be anxious to come to some sort of terms before it is too late to save their own lives.

Fresh parleys are expected to be opened immediately with the Chinese government representatives.

A bandit envoy accompanied by one of the captives as mediator is said to have left Paotzuku to reopen negotiations, but so far it has not arrived at Tsachwang.

The outlaws, who are declared to have been planning their hopes to Changtso-Lin, director of Manchuria, and head of the Fengtai party that was in control at Peking prior to its defeat at the hands of the Chihli party last summer, has been discouraged in that direction as well. They had expected aid from Teo-Lin's lieutenant, the notorious Chang Ching Yao, former military governor of Hunan province, but the leaders of the gentry in all the surrounding villages have discounted this hope, and have urged the outlaws to settle with the Peking government as quickly as possible.

These local leaders have pointed out to the brigands that the inrush of government troops will prevent completion of the harvest, and thus bring ruin to the entire territory in which the outlaws have operated and on which they must depend for a living.

THE TAMIAMI HOTEL

While in Miami recently Mr. and Mrs. H. A. Neal were guests at the Tamiami Hotel, which is one of the best medium-sized, most home-like hostleries in the state. The manager, Mr. S. D. McCreary, is a Mr. Jolly, portly cuss and puts in all his time seeing that his guests are comfortable. The clerks are all patterned after him in this respect and any one stopping at the Tamiami are assured of the very best treatment. The Herald can recommend it in the most glowing terms.

During his visit to Miami H. A. Neal visited both the big newspaper offices and met many of the men who are responsible for issuing these really metropolitan newspapers. They are certainly a bunch of genial gentlemen, who believe in making visitors welcome and showing them every courtesy. The Herald man remembers with much pleasure the courtesies shown him by Mr. Agnew Welsh, state editor of the Metropolis, who conducted him through the city plant, which is one of the largest and best equipped in the entire south. To him to see much of the pleasure of our visit.

PIPE ORGAN CLUB PICNIC.
The members of the Pipe Organ Club had a most delightful picnic on Monday afternoon in celebration of the final payment on the pipe organ. The picnic was planned to have been held at Palm Springs but the threatening weather caused the young ladies to change their plans, and they motored out to Hazelton's where a most delightful afternoon was spent with games, swimming and a sumptuous supper was enjoyed.

BIRTHDAY PARTY
Little Miss Lucile Cameron was the charming young hostess yesterday afternoon when she entertained a number of her little friends at her home "The Wigwam" on Park avenue, in celebration of her eighth birthday.

The color motif of pink and white prevailed in both living and dining rooms. Quantities of roses and ferns and gay Japanese lanterns being effectively used.

Games and contests for which attractive prizes were given caused the afternoon to pass all too quickly. At a late hour refreshments of pink and white cream and cake were served.

The young hostess was assisted in entertaining her guests by her mother Mrs. L. C. Cameron, and was the recipient of many lovely gifts. About twenty children enjoyed this happy event.

A FAREWELL PARTY.
Mrs. R. A. Howell was the delightful hostess last evening at her attractive home on French avenue. The party was given in honor of Mrs. J. M. Mitchell and daughter, Elizabeth.

The rooms were a scene of beauty, being decorated with ferns and cut flowers.

Games, music and dancing were enjoyed and at a late hour delicious refreshments were served, consisting of sandwiches, hot chocolate and cake.

Florida Crops Are Affected by Rains

WASHINGTON, May 24.—The weekly weather and crop bulletin, issued yesterday by the Department of Agriculture for the week ending May 22 covers the southern field as follows:

"The first half of the week was generally cool in the cotton growing states, but the latter half was somewhat warmer. The temperatures for the week as a whole averaged two or three degrees below normal, except in much of Texas where the weekly means were normal or slightly above.

"The rainfall was normal in both sections of the belt, except in Texas where the precipitation was heavy in many sections.

"Growing conditions for the crop were unfavorable because of wet weather, and cool nights in Texas and part of the Carolinas.

"Lack of sunshine and cool nights were decidedly unfavorable for the crop in Georgia where the weevil was prolific.

"White potatoes were growing good in the Atlantic states and harvesting was begun in South Carolina. Transplanting of sweet potatoes continued heavy in the latter state, but slowly in Tennessee, while rains were favorable in Florida.

"Melons and tomatoes were damaged in Florida by heavy rain and unfavorable weather for shipment prevailed in the central division of the state. Sugar cane and peanuts made good progress in Florida but cane was needing cultivation in the lower Mississippi valley where the soil was mostly too wet for field work.

"Strawberry harvesting was begun in the extreme south while large shipments were being made from Tennessee. Rains were most beneficial for citrus in Florida.

"Florida: Progress of crops very good, condition fair. Excessive rain unfavorable on lowlands and complaints of weedy growth and need of cultivation. Early plants fruiting."

CALKINS INTRODUCES BILL TO MAKE RAILROAD CROSSINGS SAFE

TALLAHASSEE, May 23.—A measure designed to give the railroad commissioner authority to require railroads to provide subways or viaducts or safety devices at grade crossings was introduced in the senate Monday afternoon by Senator James E. Calkins.

The Calkins bill is modeled along the same lines of one which Representative F. O. Miller recently introduced in the house and which was lost. The senate measure attempts to cure some of the defects which a majority of the house membership apparently found in the bill. He provides that the railroad shall in every case pay 50 per cent of the cost of constructing an underpass or viaduct, and that the city or county, or state road department (if it is a state road) shall pay the remaining 50 per cent of the cost. The measure also gives the railroad commission discretion in the matter of ordering installation of safety gates or other safety devices, in lieu of viaducts or subways.

Correct this sentence: "She gave the house its spring cleaning and did not move the davenport to the other side of the room."

Presbyterians End Assembly; File Protest

CHURCH LEADERS OPPOSE ASSEMBLY IN CONDEMNING DR. FOSDICK'S PREACHING.

(By The Associated Press) INDIANAPOLIS, May 25.—Sixty-six leaders of the Presbyterian church of the United States of America, filed with the general assembly today a protest against the assembly's action yesterday in condemning the doctrines preached by Dr. Harry Emerson Fosdick in the First Presbyterian church of New York.

An attempt was made, by fundamentalists, to vote the protest out of the record, but Dr. Charles F. Wisheart, the moderator, ruled a protest was admissible without consent of the assembly.

The assembly completed its eight day session and adjourned at 4:15 p. m. to meet at Grand Rapids, Mich., May 22, of next year.

One of its last official acts was to send down to the Presbyteries for their consideration a proposal to amend church law to permit individual presbyteries to sanction the regular employment of ministers of other denominations, such as Dr. Fosdick, who is a Baptist.

While the overture, if approved would legalize the employment of Dr. Fosdick and other outsiders in special cases, it will not change yesterday's mandate to the First Presbyterian church of New York, and all other churches of the denomination

French Cabinet Resigns as Result of "Red" Trial

SENATE REFUSES TO PROCEED WITH THE TRIAL OF COMMUNISTS.

PARIS, May 25.—Premier Poincare and his colleagues in the cabinet yesterday submitted their resignations to President Millerand, but the president declined to accept them.

The action of the ministers was the outcome of the refusal of the senate to proceed with the trial of Marcel Cachin, and other communists charged with illegal acts against the French republic. M. Poincare informed the correspondents that he interpreted the vote in the senate as proof of want of confidence in the cabinet, which made it impossible for the cabinet to act against the communists. President Millerand held the vote was purely of a jurisdictional nature, and without political effect.

Immediately after the meeting of the senate, M. Poincare called a council of ministers. A brief discussion took place, and then the premier and his colleagues proceeded to Elysee Palace to place their resignations in the hands of the president.

The senate sitting as a high court in secret session, voted relative to the trial of communists on the following points:

First—Can the court declare itself competent or incompetent;

Second—Should the question of competency be referred to a committee;

Third—Is the court competent?

The senate voted in the affirmative on the first question and negative on the two last, the final vote being 148 to 104.

The high court formulated its decision in substance: "The matter before the court is not of a nature reserved for its consideration. The case against M. Cachin and the others should therefore be sent before a competent body for its decision." The senate's vote was a complete surprise.

President Millerand, when the cabinet called on him at the Elysee Palace, explained to the premier and his colleagues that the senate was sitting as a judicial body and that its votes were not of a political nature, but took on the effect of rulings from the bench.

The votes, therefore were not to be considered as ones of confidence or of censure, and he therefore declined the resignations.

Not in a long cycle of blue moons has the legislature put over such a grave injustice—we had almost called it a barefaced steal, for this is what it really amounts to—but let it go as an injustice, in deference to the tender feelings of our west Florida masters, as is that incorporated in the 3 cent gasoline tax. It is estimated that it will raise about \$3,000,000. It is bad enough to slap a tax of that size on the already over-taxed people of the state, but if it were done for a worthy purpose we would strain a point, or several of them, to pay it, even though it might come hard. But it is in the distribution of the tax that the head of the African concealed in the wood pile comes into view, and merits a vigorous swat.

Two million dollars of the three millions raised by the tax is to go to the state road department, and will presumably be used for the building and betterment of the state roads. The remaining million is to be divided into 63 equal parts and turned back to the counties. Not in proportion to the population, mind you; not in proportion to the tax collected in the different counties, not that at all. The little counties of west Florida which have a scanty population, and that largely negro, and very few automobiles, contributing an amount to the tax which may justly be termed infinitesimal, will get just as big a slice of that million as the populous counties of Duval, Hillsborough and Polk. Could any measure be devised more unjust and unfair than this? If the legislators from the "backward counties" had spent the whole session in thinking it over they could not have devised a more outrageous scheme to mulct the southern counties of their just dues, under the forms of law.

Governor Hardee can gain a vast credit with the fair-minded people of the state by vetoing this iniquitous measure, and he will in all probability save the courts some trouble if he prevents it from becoming a law. It is incredible that the courts would justify the taking of money raised by taxation in one county, and transferring it to another for its special use and behoof.—Tampa Times.

Rediscount Rate of Reserve Bank Will Stand Unchanged

BOARD SAYS BUSINESS CONDITIONS DEMAND NO CHANGE.

WASHINGTON, May 25.—Federal Reserve rediscount rates will be maintained at their uniform level of 4 1/2 per cent for the present because of satisfactory business conditions throughout the country, it was announced today at the conclusion of the meeting of the board's advisory council.

Members of the council as well as the reserve board maintained strict secrecy regarding the council's discussion and aside from the announcement relative to rediscount rates, nothing official was forthcoming. It was known, however, that the two days' discussion had included every phase of the economic conditions obtaining throughout the country, together with the question of extending federal reserve banking activities into foreign lands and the proposition of abolishing the present list of services performed free by the reserve banks.

There was nothing to confirm reports that the council had made a recommendation to the board relative to the granting of the right to any reserve bank to establish an agency in Havana. Applications for that privilege filed by the Boston and Atlanta banks are pending before the board and it was stated officially that the policy involved had been gone into thoroughly.

The silence observed by participants in the session gave rise to belief in some quarters that a hitch had occurred and that the board would have to hold further hearings on the Cuban agency proposal. Governor Crisinger's only comment was that the question was still pending.

In its discussion of the rediscount rates the council had before it data from every section of the country, which the official statement said "indicated that business is progressing conservatively and on a sound basis."

The commercial banking houses appear able, it was said, to meet the calls upon them and there has been therefore, no tendency toward an unusual draft on the reserve banks for rediscount accommodation.

THE GASOLINE TAX A RANK INJUSTICE.

Not in a long cycle of blue moons has the legislature put over such a grave injustice—we had almost called it a barefaced steal, for this is what it really amounts to—but let it go as an injustice, in deference to the tender feelings of our west Florida masters, as is that incorporated in the 3 cent gasoline tax. UPSALA AND GRAPEVILLE

Fine weather for sweet potato planting just now.

Little Donald West has had the whooping cough this week.

Mr. Swan did not leave after all, as we heard but expects to go next month.

Charles Cramer and wife spent part of Sunday at "camp as you please."

Charles has been repairing Mr. Green's auto.

Mr. and Mrs. Elmer Lundquist and children, Emil Lundquist and Mrs. Hilmer Lundquist and daughter, and Gardner Lundquist enjoyed the day Sunday at Coronado Beach.

School opportunities are over now until next fall. We hope none of the children have failed in their work.

Two of our Upsala children's marks were so high they got out of all of their examinations. They are: Margaret Herschi and Elenor Taylor.

Rev. O. O. Eckardt, of Pierson, Fla. will be here at the Lutheran church next Sunday at 10:30 for the Bible reading and at 11:00 for preaching. He will be entertained at the home of Mr. and Mrs. Hilmer Lundquist.

Mr. and Mrs. Henry Peterson and daughters drove over in their car on Sunday from Holly Hill and spent the day at the home of her brother and family in Grapeville. Mr. and Mrs. Edwin Lundquist were also callers there after service.

Miss Lila West, who has had work and study at the Hillsdale Sanitarium at Chicago this past year, and after spending a few weeks with her father at their school at Fountain Head, Tenn., arrived Saturday to keep her mother company. We are all so glad she has come as she is fond of Florida. Her sister and husband, Mr. and Mrs. Geo. Fuller came with her to Chattanooga.

Rev. Wahlberg was a supper guest Saturday at the home of Mr. and Mrs. August Swanson being later entertained at the home of Mr. and Mrs. Stedt.

Rev. Clark and wife were with us giving us a good sermon on "The Three Gardens," taking his text from 2nd Peter, 3rd chapter. They also sang sweetly the beautiful song, "In the Garden." He preaches on Thursday evening at Lake Mary.

Mrs. Andrew Bertleson and little daughter returned home Sunday from Palatka much to Andrew's delight. Andrew was a dinner guest Sunday at the home of Mr. and Mrs. Henderson and his wife called on Wednesday.

Miss Eva Malm spent a day or so with her cousin, Mrs. Alma Neese, the last of the week. She is having a couple of weeks vacation from the Ormond post office and is spending this one in Orlando.

Elmer and Clarence Berquist came with their sister, Miss Mildred from Pierce, Fla., and spent a few days with Mr. and Mrs. Edwin Lundquist. The boys left Thursday in Elmer's new Ford and will drive through to Rock Island, Ill., where they have relatives and expect to get work. They are fine young men and will be missed here.

Mr. and Mrs. August Swanson are looking for their son and his wife who are coming through in their car from Topeka, Kansas. They have been held up by the rains. They are coming by Memphis, Tenn.

DRASTIC DRIVING LAW IS ENACTED

TALLAHASSEE, May 24.—The senate yesterday passed in amended form a house bill making it unlawful to drive an automobile while under the influence of liquor. The bill would provide a discretionary jail sentence or fine of no damage is caused, but if any damage or personal injuries occur, the driver would be subjected to a minimum jail sentence of 30 days in addition to a fine. If he killed anyone he would be subject to conviction for manslaughter. The measure goes back to the house for concurrence in the manslaughter feature, which it did not originally have.

KIDNEY TROUBLE BECOMES SERIOUS

"Suffered with severe headache, backache and pains in my legs and under my shoulder blade. My kidneys and bladder were in bad condition. I was weak and nervous and felt tired and worn out. Walking made me short of breath. Every morning my face and hands were bloated. Medicine failed to help my condition and doctors advised an operation," writes Maggie Nelson, Mossdale, Fla. "Fortunately I read about Foley Kidney Pills, tried them and got relief." Sold everywhere.—Adv.

RAILROADS TO MAKE TAX RETURN ON WAREHOUSE EQUIPMENT

TALLAHASSEE, May 24.—Railroads which balked on making tax returns for their equipment in warehouses, will be confronted with a law requiring them to do so in the future, the house yesterday passing a bill already passed by the senate amending the tax laws to cover "the stores."

Give it a Good Home

To keep your car running smoothly and looking its best you should give it a good home. You can economize on rental by owning a garage and its convenience is also a great advantage.

Select your garage with these points in mind; it should be fireproof, reasonably low in first cost, attractive in appearance and easy to clean. Moreover, it should require little or no upkeep.

"Choosing the Garage" is the name of a booklet that you should read before deciding on the type you will build. We'll be glad to give you a free copy.

OVIEDO

The whole community is grieved over the death of Mrs. E. G. Hancock which occurred at the Orange General Hospital in Orlando May 23rd. Mrs. Hancock has made many friends in Oviedo since her residence here who will miss her greatly and who sympathize deeply with her bereaved husband and family. Mrs. Hancock leaves besides her parents and several sisters, her husband and a tiny baby girl. The funeral services will be held at the Oviedo Methodist church Sunday morning of which church and Sunday school Mrs. Hancock was a member. She was also an active member of the Woman's Club and has helped greatly with the organization of the Camp Fire Girls.

Miss Wana Pope left Saturday for her home in St. Augustine after spending a few days with her aunt, Mrs. J. N. Thompson.

The Oviedo school had its closing exercises Thursday morning at the school auditorium there being no graduates this year except Gladys Relsey from the 8th grade.

Miss Catherine Young, of Rollins College, spent the week end with her parents, Mr. and Mrs. W. H. Young.

R. M. W. Sturdivant spent Sunday at Stetson University the guest of Edward S. McCall.

G. S. Brown, of Bertha, entertained the Men's Bible class of the Methodist Sunday school at his home Monday

YOUNG HOME BUILDERS

One of the most encouraging evidences of returning prosperity is the demand among young married people for homes of their own.

Nothing could be better. Family combinations are often necessary, or seem so, but they are seldom as satisfactory as individual establishments.

THE HOME OWNER

One of the solid banks of Gainesville, in its advertisement, has this fine and commendable paragraph: "In order to continue her growth, Gainesville must have more houses and, in order to encourage the building of homes, we will be glad to render financial assistance to any one who will build."

TO FANNIE S. MUNSON.

As we sat in the High School Auditorium last night and listened to the finished musicians performing the most difficult selections on the musical program that varied from the smallest tot to the oldest girl, we could not help but feel like uttering a prayer of thanksgiving that Sanford had been blessed with such a wonderful woman as Mrs. Fannie Stenbridge Munson.

PARKHILL, THE MAN.

We commend Judge Parkhill, candidate for governor, on his outspoken position with reference to constructive policies that spell for all Florida a greater statehood and an undivided citizenship working for the progress and intensive development of the commonwealth.

THE GASOLINE TAX.

The senate is supposed to be a more deliberate body, not as impulsive as the house, but the senate on Tuesday passed the three-cent gas tax bill.

Good roads are wanted throughout Florida. None save the shortest slighted would oppose the expenditure of large sums to make the state's highways the equal of any in the south.

Now that the anti-whipping measure has been signed by the governor and the convict lease also we can safely allow the matter to rest knowing that we have done our full duty in the matter.

And while they are all talking about annual sessions of the legislature and the number of days we would rise in the corner and remark in a subdued voice that if we could elect certain men to the legislature we would be very much in favor of the legislature meeting all the time.

Eustis is making preparations to entertain a record crowd June 6 and 7, when the State Pharmaceutical Association and the Commercial Secretaries' Association meet here for their annual conventions.

The very latest dope on the Chinese bandits is they have moved the captives farther back where they can not be shot by the cameras and the bandits are now preparing to defend the captives from the Chinese soldiers who are trying to recapture them and hold them for higher ransom.

Big headlines in Jacksonville Journal says "Keep the Milk Bottle Filled." We are trying to—also, the refrigerator with ice, the house with food, the children with clothing, the garage with cars, the cars with gas and the banks with notes.

Upton Sinclair the noted writer socialist was spirited away from a meeting in California yesterday to keep the police from getting him. Our advice to the friends of Upton would be to allow him to talk, allow him to be arrested, allow him to serve about six years in the convict camp, allow him to put in ten hours of hard labor every day, allow him to get down and work like other people among the common people and he will forget all about his "pet theories."

Luis Firpo Enroute to Havana to Meet His Lesser Lights

NEW YORK, May 25.—Luis Firpo, South American pugilist, sailed yesterday on the Munson liner Christenson for Havana to fill two and possibly three ring engagements before June 22 and to prepare for his bout with Jess Willard on July 7 in New York or vicinity.

Firpo is matched to box Joe White, of New York, in Havana, on June 3, and Jim Hibbard, of Buffalo, N. Y., in Mexico City on June 17, five days earlier than the contest originally was scheduled.

Jimmy DeForrest, his trainer and ring mentor, was not with him but reports that they had disagreed over financial matters and might separate were denied authoritatively.

FOR THE MOVIE FAN

A good picture again last night.

And another good one tonight.

Mary Miles Minter holds the board tonight. And will be seen in "Drums of Fate," supported by George Fawcett.

The story of a woman who loved once and married twice. And then risked honor and life to win back her first love.

A drama of woman's faith and youth's glorious courage that will warm your heart. This is highly recommended as being Miss Minter's greatest picture.

Also International News as a side-liner.

And tonight Harry Kent and family will be the honor guests and see "Drums of Fate" without cost.

Mary Miles Minter in "Drums of Fate" will also be the feature for tomorrow night.

Wrestling Match at Monroe Tonight

Tonight's show at the Seminole Athletic Club in Monroe promises to be the most interesting match ever arranged in this vicinity.

Londos announces that he relies upon his head scissors which he says has beaten far better men than Collie Biggers.

Biggers, on his part, declares that Londos will be easy picking for him. The local favorite will need no introduction to the local fans.

A special program of preliminaries will be included in tonight's program. Be sure and come out to see this match, you will be royally entertained.

Pirates Found Three Card Pitchers Furnishes Paint

PITTSBURGH, May 25.—Pittsburgh founded three pitches yesterday, and kept their home slate clean, by defeating St. Louis, 11 to 2. The score: St. Louis 002 000 200-4 10 2 Pittsburgh 000 331 40x-11 15 1

EXTRADITION PAPERS FOR CLARA PHILLIPS EXPECTED THIS WEEK

(By The Associated Press) TEGULCIGALPA, Honduras, May 25.—Extradition papers for Clara Phillips, escaped California hammer murderess, are expected to arrive from the United States before the end of the present week.

Mrs. Phillips and her sister, Mrs. Etta Mae Jackson, were started for Omoa Castle on Tuesday for safe keeping, while Jesse Carson who came here with the woman, remains in the penitentiary.

CELERY SEED

DeMolay takes the first!

Both pitchers were in fine shape.

And they both got in some mighty light pinches but they were then airtight.

Carraway and Conner made the two runs.

Tonight Londos and Collie Biggers will wrestle at Monroe. Londos is champion of his weight in this part of the country, but he will have to go some if he is going to keep Collie from winning it.

Several preliminaries will also be held tonight. Everyone who wants Friday night had several hours of excellent entertainment and another one is assured tonight.

The Seminole Athletic Club has charge of this match and they extend a hearty invitation to everyone to come out.

MAGIC NAMES...

The influence of advertising is apparent in every turn of my daily life. I find I cannot disregard it. It is always with me, guiding me in my pleasures and in my duties, telling me what I should eat, wear, and use and what I should buy for my family.

I find that there is on the tip of my tongue a multitude of names the mention of which will bring from some shelf nearly everything that I can use in my daily life and in the daily life of my family.

In every instance that name means a very definite promise and assurance of something substantial and which will make me feel completely satisfied about having exchanged my money for it.

Let me say a few things which these names—these old friends of the newspaper and magazine pages—mean to me.

They mean good taste. For certainly I desire to

do the thing that I believe discriminating people have judged best.

They mean convenience. It is not necessary to describe the thing I want. Even the most intimate articles may be purchased without embarrasment since the advertisers have given us handy names.

They mean assurance in shopping. There is no indecision. Even before I enter the shop I know what I want to buy.

And certainly they mean satisfaction. For the advertiser whose product is not good cannot continue to advertise. The fact that I have seen a name repeated over and over again assures me that it stands for a product of quality. In speaking that name to the clerk I know I am asking for the best.

I am a more judicious shopper because I buy advertised goods. I patronize the shop that sells them.

LOUISIANA SEEKS CHANGE OF VENUE IN KU KLUX KLAN CASES

New Orleans, May 25.—Attorney General Coco said today that if opinion in Morehouse parish had not changed since the open hearing at Bastrop last summer, he would seek a change of venue for the trial of 18 persons in the parish against whom bills of information have been filed.

The charges grew out of the activities of hooded bandits in the parish last year which culminated in the abduction and slaying of Watt Daniel and T. F. Richard of the parish. The attorney general and Governor

Parker hold the Ku Klux Klan responsible.

"If Morehouse parish people show me they are willing to give justice a square deal then the trials of those charged in connection with the hooded outrages will be held in Bastrop this fall," said Mr. Coco.

WHY NOT GET AT THE SOURCE OF THE TROUBLE?

In a communication to The Star-Telegram, given space in Friday's issue, Elvy E. Callaway makes some observations that afford an opportunity for serious thought. In commenting on the abolition of the convict lease system in Florida and its attendant evil, the lash, he asks the question: "Why stop at abolishing the lash?"

Basing his comment on his varied and extensive experience as a lawyer, he endeavors to get down to the root of things by digging below the surface of such outward manifestations of the evils connected with our convict camps as, the severe whipping of the unfortunate prisoners, a custom, or practice that is in reality a by-product of the system. Mr. Callaway points out wherein the system itself is horribly wrong, reverting, in this state, almost to the low level of past centuries that saw cruelties so fearful as to be almost unbelievable in this enlightened age. The argument is for reformation and correction, rather than punishment. As pointed out in the article, punishment does not meet the situation and never has. The universal law of kindness and of love is presented as a far more potential agency for bettering conditions in society than the infliction of more pain and suffering.

But it might be well this Sunday morning to go a step further. The statement is more or less often repeated from pulpit and rostrum that we have sin and suffering and evil in that world that poverty is a fixed liability standing against the human race; that the rich should open their hearts to the extent of being condescending and gracious to the beggar and the less fortunate. There is no hope, no comfort, no progress in such a viewpoint. The world is not yet ready to say there shall be no poverty, nor the ills that follow in poverty's wake. But it is arousing itself and beginning to wonder if it is true, as the speaker says, that because we have had poverty and suffering, that condition must always exist. There has come into being a feeling that if man did his full duty to his fellow man this thing would not be so. Those like Mr. Callaway, who, through their professional duties, come into contact more or less with the criminal element in society, have had ample opportunity to obtain first-hand knowledge of the elemental circumstances that have terminated in disaster. They know perfectly well that prevention is worth all the cures in the world. They admit that if poverty could be banished through a sane and sensible plan of providing work for every man able to work in an honorable way and under decent surroundings, crime would become almost a negligible quantity. They will state it as their conviction that idleness is the chief cause of the mischief that comes so often into the lives of men and women. People with a mission in life have not time for evil or for mischief; when society plays the role of selfishness and self-seeking at the expense of the masses, when men rise to power and influence and wealth through the sweat and toil and suffering of their fellows, the door is then opened for all sorts of wrong things to happen. And they do happen, else why would our jails and our reformatories be filled with men and women of like natures and like passions as ours?

It is a heresy and more than that, it is a libel on humanity, to say that because these things have always been, they must continue to be. Of course they will just so long as we go our way complacently, taking no thought for others; caring only for our own comforts and our own conveniences. But when men and women are willing to believe and to act on that belief, that things are wrong because we are wrong in our viewpoint and our practices and that things will be better when we will it so to be, then, and then only will there be no need for prison camps, for reform schools, for penitentiaries, for the lash or for any other of the generally accepted methods of correction.

To supply the proper environment is the first task facing the world.

DAUGHTERS DIE TRYING TO SAVE MOTHER IN FIRE

MOUNTAIN LAKE PARK, Md., May 25.—Fate today interfered in summer vacationing plans of Mrs. Mary O'Connor, 94, and her three grown daughters who arrived here this morning, and as a result tonight the four are dead.

They met death when the cottage occupied by Mrs. O'Connor was destroyed by fire.

The daughters were some distance from the cottage when a slight explosion occurred. When they reached the cottage it was a mass of flames. Disregarding their own safety, the daughters rushed into the cottage in an attempt to rescue their mother. They never came out.

The explosion was the result of jarring of some small explosives that had been used in building levees nearby.

When rescuers removed the bodies from the debris, late today, \$2,000 in gold was found hidden in a chimney. It was turned over to the authorities.

Several other cottages near the one occupied by the victims also were destroyed.

EDGE ENTERTAINS HOUSE MEMBERS AT A BANQUET

TALLAHASSEE, May 24.—The members of the house laid aside their momentous lawmaking for a while last night and with newspaper men and attaches of the lower house went through a round of good will and eat at the expense of Speaker L. D. Edge, who entertained at a banquet.

Nearly 100 persons attended the affair. Speaker Edge was lauded by several speakers for the fair and excellent manner in which he has administered the lower house in the present session. Representative Arthur Milam served as toastmaster and prompted the various members to do their stuff. He introduced Messrs. Taylor of Highlands, MacKenzie of Lake, Amos Lewis, Lake and Stokes as fellows who were seldom heard on the floor and the house journal cracked under the fun of it.

Hatching Times Vary From 17 to 42 Days
New Laid Eggs Will Hatch 8 to 10 Hours Sooner Than Older Ones

By **SETH W. SHOEMAKER**, Director of the School of Agriculture, International Correspondence Schools, Scranton, Pa.

The period of incubation in eggs differs not only with the kind of bird but also with other conditions. The eggs of fowls of middle and large sized breeds will ordinarily hatch after twenty-one days of incubation, but there is some variation.
For example, fresh laid eggs will hatch in fewer weeks than eggs that are kept two weeks or longer before incubation is started. Eggs that are kept more than four weeks may not produce chicks at all.

Fresh laid eggs, that is, eggs placed for incubation within twenty-four to forty-eight hours after being laid, will often hatch in from eight to twelve hours less than older eggs. Eggs for hatching that have been kept at an even temperature of about fifty-five degrees Fahrenheit for two weeks should hatch in about twenty-one days.

The vigor of the hen makes a difference in the eggs. The more vigorous hens will produce eggs of good vitality. Such eggs can be kept longer than others and are also likely to have a somewhat shorter period of incubation.
The following table gives the average period of incubation for fowls and other poultry and birds, the figures given being average of a large number of eggs.

OLDSMAR GROWERS WILL HAVE PICNIC AND BIG MEETING
OLDSMAR, May 24.—President F. H. Coleman and Secretary William E. Bolles, of the Oldsmar Growers' Association, are planning to attend the annual picnic of the Plant City Growers' Association at Hopewell, six miles south of Plant City, on June 14. This meeting will bring together a large number of winter vegetable farmers and strawberry growers from many of the truck farming districts. Closer cooperation between the different sections is expected, with the probability of a South Florida association being organized. It may take in the entire state eventually. Among the speakers will be Hon. L. M. Rhodes, of the Florida State Marketing Bureau.—C. W. Hauck, of the United States Department of Agriculture, and many of the growers from different sections are expected to give five-minute talks. Florida growers have long recognized the advantages which would be secured by a larger and more powerful organization for mutual benefit, and the leadership of Plant City in this movement has been heartily approved by the growers in the Oldsmar district.

Convict Lease System to End in State Jan. 1
ALL EXISTING CONTRACTS TO BE VOID THEN.

TALLAHASSEE, May 24.—A conference committee agreed upon a bill to abolish the county convict lease system in this state and will report to both houses, following which it is expected that final legislative prohibition against the practice will be enacted. January 1, next, was the date agreed upon by the committee as the time when the law should become effective. This has been the only point in dispute. At that time it would be unlawful for any contracts to be made and should there be any existing with further time to run they would automatically become void.
The committee which was composed of Senators Stokes, Russell and Anderson and Representatives Mayo, Lewis and Milam drew up an entirely new bill which covered all the ground in the bills passed by both houses, as relating to the housing of prisoners and payment of money when they are discharged from prison.
The measure provides that county and state prisoners be worked and housed separately, the inmates of each county turns its convicts over to the state road department for work on the roads, the misdemeanor prisoners must be worked in one squad and the felony prisoners in another. The bill takes care of the smaller counties with insufficient prisoners to maintain a road force by permitting them to turn them over to another county or to the road department.
The convict lease bill, which would ban corporal punishment of prisoners state or county, reached the governor's office, but did not get before the executive in time for his action on it.

BIRMINGHAM, May 24.—At a meeting here last night definite plans were laid to inaugurate a plan looking toward wiping out the convict lease system in Alabama. The meeting was called under the auspices of the league of women voters and was attended by representatives of leading civic organizations and clubs of the community.
Alabama's convict lease system pictured by speakers as worse than Florida's was shown to be in a recent investigation.

JUDGE BROWNE NOT TO LEAVE SUPREME COURT
TALLAHASSEE, May 25.—Judge Jefferson B. Browne has definitely decided not to leave the supreme court bench for a circuit judgeship, his close friends made known today. He has considered the proposition of accepting the judgeship recently created for Dade, Monroe and Broward counties in order that he might return to his old home, but the fact that he was prevailed upon by admirers of his work on the high tribunal not to relinquish that position coupled with other considerations was said to have caused him to definitely dismiss any contemplation of resigning.

With Judge Browne removed from the speculation as to who will receive the appointment for the circuit judgeship, interest shifted to Key West and Miami. Representative Willard of Dade county is understood to have told the chief executive that a Dade county man should be appointed while Representative Bust of Monroe thinks the appointment should go to this county.

Irving Harris, an attorney of Key West, is understood to also be a candidate.

Europe may be a kind of Lazarus, but she can't live on the scraps that fall from the conference table.

Ford TOURING CAR

Better Than Ever Before

At the lowest price ever made, the Ford Touring Car is even better than before. The one-man top, slanting windshield, improved seats and refined chassis construction have won instant admiration.

Already the demand for this model exceeds our ability to meet prompt delivery. In a few weeks we will have to disappoint many who are holding off.

Order now to protect yourself. A small payment down and the balance in monthly installments.
