## Fear Growing Of Some New Red Attack

**Split Between East And West Increases As Hour Of Decision Approaches**

**WASHINGTON, Mar. 18 (AP)—**The State Department said today reported Russian demobilization moves do not change the size of the Soviet army. Press Officer McMurrott told reporters there is "no significance" in Russian announcements that all men in the Red army are being returned to civilian life, except those in 21-22 year age group.

**WASHINGTON, D. C., Mar. 18 (AP)—**Some fear was expressed here today that Russia might hasten to extend control over one or two more countries before the United States can act.

Diplomatic circles here agreed that President Truman had flashed a spotlight on Prime Minister Stalin. The question was whether Stalin will—or can—stop Communist aggression.

Congress appeared split down the middle on the draft and military training proposals. The 16 Marshall Plan nations started exploring in Brussels the chance of establishing a customs union, as urged here today by Winthrop Aldrich, chairman of the Chase National Bank.

German Communists announced in Berlin their intention of replacing the four-power allied council with a "German government." Socialist newspapers in Berlin said the Russians and Germans

(Continued on Page Two)

## President's Speech Praised As Hope Of Peace In West Europe

**LONDON, Mar. 18 (AP)—**President Truman's preparedness speech met with general approval from Western Europe today, but the Communist East maintained almost complete silence.

The general view in the West was that the President had taken a step in the right direction in asking Congress for universal military training and the draft and urging opposition for "free nations" against Communism.

Some quarters concluded he had laid down a historic United States policy. Others commented the pay-off was up to Congress.

The Soviet Union took its people about the speech over the Moscow radio, but did not comment.

Czechoslovakia, where the Communists took control last month, produced the first Communist criticism. The Prague government radio said last night, "There are other ways to preserve peace than to introduce universal military service."

Italy, where the Communists are campaigning for an election April 19, finds the speech very interesting, a spokesman for Christian Democratic Premier Alcide de Gasperi said. He said the message held good news for Europe's democratic countries.

Approving comment came from spokesmen of some of the five countries which signed a 50-year mutual defense treaty in Brussels yesterday. The signers were Brit-

## Shands Outlines Financial Plight Of Florida Cities

**Says State Aid Needed For Municipalities To Solve Crisis**

Most of Florida's cities and towns are on the verge of financial collapse, W. A. (Bill) Shands, businessman candidate for governor, told an attentive audience in Sanford Wednesday night, as he advocated legislation to assure relief to these municipalities.

"The cities and towns are reaching out to impose extra taxes in a frantic effort to provide streets, sewers, sidewalks and other public services; the people have a right to expect," Senator Shands said.

"Sixty-five per cent of Florida's people live in cities and towns and contribute 65 per cent of the taxes collected by the state, while providing 90 per cent of the public services," he added. "As your governor, I will sponsor legislation to provide a fair return of state taxes to the municipalities."

Senator Shands explained that the basic plank of his platform calls for a greater Florida and will include his sponsorship of legislation to lift the fund ceiling for improvement of schools and maintenance of highest salary levels for teachers; immediate acceptance of the \$200,000,000 flood control program outlined by U. S. engineers for a 10-year period; higher pensions for the aged; exemption from taxation of gasoline used by commercial fishing boats and for farm equipment; earmarking of all revenue derived from gasoline taxes and sale of auto-

**NEWS PAPER STRIKE**

**COLUMBUS, Ga., Mar. 18 (AP)—**Type from linotypes appeared on the front pages of the Columbus Ledger-Enquirer Newspapers yesterday for the first time since composing room employees walked out.

A. H. Chapman, president of the Ledger-Enquirer Publishing Company, said the type was not been hired and trained by the company since the strike began.

Mr. Chapman, president of the Ledger-Enquirer Publishing Company, said the type was not been hired and trained by the company since the strike began.

President Truman declared that the meeting place for next week will be the Tourist Center and Mrs. G. H. Carlton will prepare the food. "We are buying an interest in the dishes and other equipment at the Tourist Center and we will meet there," Carlton stated.

## 3 Persons Found As Captives By Women

**VENICE, Calif., Mar. 18 (AP)—**Circumstances of the virtual captivity of a 27-year-old woman and two emaciated children in a strange house at 7 Avenue 20 unfolded in police records today.

Two elderly women who kept the three-room apartment just off the beach were jailed on charges of false imprisonment and inhuman treatment of their charges. They are the Miseses Josephine Vella, 66, and Mari Cleavy, 60.

Juvenile Officer Dolores Perkins and Deputy Dist. Atty. James F. Fredericks, who investigated the bizarre case, said it began a week ago when a 13-year-old boy, dressed in girl's clothing, was found huddled on a verurbation, in a weakened, emaciated condition. He had been living at 7 Avenue 20.

## THE WEATHER

**LAKEWOOD, Mar. 18 (AP)—**Florida will bask in warm weather through Sunday, the Federal-State Frost Warning Service predicted.

## Nation's Press On The Whole Commends President's Speech

**By Associated Press**

President Truman's proposal for strengthening America's armed might to deal with the "menace" of Russia brought swift approval today from a wide cross-section of the nation's press. Many of the newspapers, wholly supporting the President's recommendations in principle, called for an even more drastic program of rearmament.

The Florida Times-Union of Jacksonville, referring to Mr. Truman's congressional speech as "a grim recognition that the time for being diplomatic has passed," said:

"It put the United States on notice that the time has come for action—the kind designated to guarantee us that unbridled Soviet aggression will not run its ruthless course in Europe."

The President's program, commented the Portland Oregonian, "is not sufficiently drastic to meet a situation already almost out of hand." Said the Portland (Me.) Press Herald:

"These are straight-from-the-shoulder recommendations that ought to bring prompt favorable response from Congress, and from all the people save those who let

(Continued on Page Two)

## G.O.P. Decides To Go Ahead With Tax Cut

**Thirty-Two Republicans Agree To Push Tax Reduction Plan Despite War Needs**

**WASHINGTON, Mar. 18 (AP)—**Thirty-two Republicans senators decided today to go ahead with the income tax cutting bill despite possible boos in military expenditures. Chairman Millikin (Colo.) said the GOP conference decided, without objection, to push for passage of a \$4,000,000 reduction bill. Senate debate begins on the measure today. Millikin said he hopes it can be concluded this week.

The Republicans agreed, Millikin said, to oppose all major amendments to the tax cutting bill. He listed these as: (1) a Lemoine substitute to cut only \$4,000,000; (2) a Democratic proposal to restore the excess profits tax; (3) a move to wipe out the oleomargarine tax.

He said the conference took no position on the merits of the plan. But he said an amendment to wipe it out would be opposed on the grounds that this action is not proper in the present bill.

The House Foreign Affairs Committee voted yesterday creating a congressional "watch dog" committee to keep check on the European Recovery Program.

The Senate provided for such a committee in the \$5,000,000 ERP bill it passed.

The House group voted unanimously to take that provision out and substitute a requirement that Senate and House Foreign and Appropriations Committees must be kept advised on how the program is operating.

**TAMPA, Mar. 18 (AP)—**Ten men were killed and four injured early today when a B-29 from the Spokane, Wash., airbase crashed and burned on landing at MacDill Field here. The four survivors were admitted to the base hospital. Their condition was described as "good."

The bomber was coming in for a landing in a dense fog when it hit the edge of the runway at the southwest corner of the field, it was reported by Capt. George G. Byrnes, MacDill Field public information officer.

The big craft hit the ground, bounced once and then crashed and burned. Wreckage was scattered over a wide area.

Fog was rolling in from the bay and hugging the ground about 180 feet thick, Capt. Byrnes said. Apparently it was impossible to pick out the runway quickly.

The plane had stopped at MacDill Field (Montgomery, Ala.) and was arriving at Tampa from there. It was attached to the 82nd Bomb Squadron at Spokane.

(Continued on Page Four)

**GREEK MOBILIZE**

**ATHENS, Mar. 18 (AP)—**The Greek government took its first step today toward civilian mobilization with a measure giving cabinet ministers full power to take emergency action.

Premier Themistokles Bophoulis signed a proclamation of civil mobilization last night, empowering cabinet ministers to act. The decision was based on a compulsory law passed in 1939 and amended last year.

Mr. Chapman, president of the Ledger-Enquirer Publishing Company, said the type was not been hired and trained by the company since the strike began.

President Truman's proposal for strengthening America's armed might to deal with the "menace" of Russia brought swift approval today from a wide cross-section of the nation's press. Many of the newspapers, wholly supporting the President's recommendations in principle, called for an even more drastic program of rearmament.

**SPORTS MEET**

All members of the Sportsman Association and those interested in game and fish conservation are invited to attend the meeting of the Florida Wildlife Federation to be held Saturday morning at 10:00 o'clock in the Angelini Hotel, according to Porter Lansing, Fifth District vice-president of the Federation.

**COSTA RICAN REVOLT**

**BAN JOSE, Costa Rica, Mar. 18 (AP)—**President Teodoro Picado said last night Costa Rica is in a serious national emergency due to the revolt of Jose Figueras.

Government troops were said to have attacked Dominical, on the Pacific coast, where the rebels have a foothold.

Charles H. King, 36, who is

represented by police to have run away from home, is being held by Palm Beach police, who arrested him on suspicion of being a runaway. He is the son of Mr. and Mrs. Foster King who are not injured. Her body was identified by her husband, John, 38, an electrician.

Hundreds of merrymakers were walking off the floor at the end of a dance number when a large section of the floor collapsed. Guests were hurtled headlong to the second floor. As the floor settled, parts of the false roof caved in.

**KING HELD**

Charles H. King, 36, who is

represented by police to have run away from home, is being held by Palm Beach police, who arrested him on suspicion of being a runaway. He is the son of Mr. and Mrs. Foster King who are not injured. Her body was identified by her husband, John, 38, an electrician.

**St. Patrick's Day Is Celebrated At Tourist Center With Program**

**By WILLARD CONNOLY**

The feast day of St. Patrick, patron saint of Ireland, was fittingly observed last evening at the Tourist Center by the Sanford Tourist Club in a program of music and entertainment. Sixty guests were present.

Irish green was the keynote of the decorations, including the

well known shamrocks. Even the ice cream served was green, and the

huge cake had green frosting. During the refreshments at the

long, candle-lit table, everyone

had a chance to "sample his or her beers" with favorite Irish

jokes.

Some of Sanford's best juveniles

dancing talent from the Coburn

School of Dancing was on hand to

entertain, including amazingly co-

ordinated little Sally and Judy Robb,

Jon Saunders with a difficult baller-

## Forrestal Calls For 340,000 More Men For Armed Services

### Caldwell Seeking Delegate Seat In Demo Convention

**U. S. Military Faces Problem Of Backing Up Red Halt Order**

By ELTON C. FAY

Associated Press Military Affairs Reporter

**WASHINGTON, Mar. 18 (AP)—**Can American military force be made strong enough to back up the order for marching Russia to halt?

This was the stock question posed by the high command today by President Truman's declaration that the United States has become the principal protector of the free world.

Defense Secretary Forrestal emphasized that was on peace, not war. But the

chief executive declared that the risks involved are "perhaps greater than any this country has been called upon to assume."

Secretary of Defense Forrestal and his Army, Navy and Air Force chiefs can measure some of the American strength in exact figures in terms of men and weapons. And they know too of the needs in the armed forces.

"We must abandon a leadership which is dedicated to policies, whether under the guise of civil rights or any other designation, which must inevitably entail misunderstandings, strife and

hostility."

The statement broke a long silence on the Southern states' protest against the President's program for anti-discrimination, anti-segregation, anti-lynching and anti-poll tax laws.

The House Foreign Affairs Committee voted yesterday creating a congressional "watch dog" committee to keep check on the European Recovery Program.

The Senate provided for such a committee in the \$5,000,000 ERP bill it passed.

The House group voted unanimously to take that provision out and substitute a requirement that Senate and House Foreign and Appropriations Committees must be kept advised on how the program is operating.

Under arms in regular service, the Army, Air Force, Navy and Marines are 1,392,

## Legal Notice

NOTICE TO APPEAR  
TO CLARA M GOEBERT, Esq.  
Walnut Street, Philadelphia, Pa.

You are hereby required to appear in the Circuit Court of Seminole County, Florida, in Chancery on the 1st day of April, 1948, at a certain suit for damages herein pending, and abbreviated title of which is Edward J. Goebert, Plaintiff versus Clara M. Goebert, Defendant.

Witness my hand and official seal at Sanford, Florida, this 25th day of February, 1948.

O. P. HERNDON  
Clerk Circuit Court

JANET COLLEEN WOODRUFF,  
Plaintiff.

WAYNE FRANKLIN WOODRUFF,  
Defendant.

Offices of publication:

To: Wayne Franklin Woodruff,  
Ward County Jail, Waycross, Georgia.

You will please take notice that the Complainant, Janet Colleen Woodruff, in this cause, has instituted a suit for annulment and divorce against the defendant, the substituted Court on this date. The abbreviated title of the suit is Janet Colleen Woodruff, Plaintiff, vs. Wayne Franklin Woodruff, Defendant. You are hereby required to serve your appearance or other pleading in said cause, or before the Return Date, April 1, 1948, and upon your failure to file same, a decree pro confesso will be entered against you and the cause will proceed ex parte.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at Sanford, Florida, this 3rd day of March, 1948.

O. P. HERNDON  
Clerk of the Circuit Court

(Seal)  
H. A. Whittaker, Atty.,  
Orlando, Florida.

IN THE UNITED STATES DIS-  
TRICT COURT FOR THE SOUTH-  
ERN DISTRICT OF FLORIDA  
United States of America,

Petitioner,  
vs.  
No. 259-Orlando Civil  
Eight (8) Lots of Land in  
Seminole County, Florida,  
et al.

NOTICE OF CONDEMNATION  
PROCEEDINGS

TO WHOM IT MAY CONCERN:  
WHEREAS, a Petition for Con-  
demnation has been filed on January  
2, 1948, in the above entitled Case  
against the UNITED STATES  
OF AMERICA, as Petitioner, pray-  
ing for the condemnation upon pro-  
per compensation of an perpetual  
easement to enter upon, dig out  
of way and remove any part  
of the land hereinabove described, as  
may be required for the construc-  
tion and maintenance of the im-  
provement to the St. Johns River,  
Jacksonville to Lake Harney Proj-  
ect, via Woodruff Creek and Canal,  
and to maintain a portion  
so cut away and removed  
as a part of the navigable waters  
of the United States, and to open  
up and occupy any portions  
of the land, not so cut away and  
converted and that public naviga-  
ble waters, for the deposit  
of dredged materials, together  
with other purposes, as may be  
needful for the preservation and  
maintenance of the improvement  
work; reserving, however, to the  
owners of said land, all rights and  
privileges in such rights and  
privileges in the lands as may be used  
and enjoyed without interfering  
with or abridging the rights and  
easements above described; over the  
following tract(s) of land:

TRACT NO. 56-(d)

A parcel of land, with all riparian  
rights appurtenant thereto, lying  
in the unsurveyed part of Section  
29, T-19-S, R-31-E, Seminole County,  
Florida, more particularly de-  
scribed as follows:

Point of Reference is the S. W. corner of said Section 29.

**South's Regional Education Plan Appears To Be Headed For Use**

By MALCOLM R. JOHNSON

TALLAHASSEE, Mar. 18 (AP) — The South's regional education plan, a subject of talk among educators for many years, appears to be headed for actual operation.

What's it all about?

The idea is based on the realization that the South isn't providing adequate training, if any at all, in some of the more highly specialized technical and professional fields—petroleum engineering and wildlife conservation, for example.

No single Southern state and few private colleges in the South can afford to match facilities of some richer Northern institutions. So they want to pool their money and set up interstate schools in selected subjects that will be as good as any in the country.

That way, they hope to fill their own need for trained specialists, provide still opportunities for education of Southern youth, and accept the region's brightest young men and women from going north to study and never coming back to practice.

The educators have been joined by the governors and members of Congress from 14 Southern states in an effort to put the plan into effect. The governors already have signed a compact agreeing to details for financing and operating the regional colleges.

A temporary council has been organized as a non-profit corporation to finance and conduct a study of just what training fields should be undertaken first on the interstate basis. It also will draw up a long range plan.

The council has marked out as the greatest immediate needs the fields oferonautical, ceramic, mining, petroleum and textile engineering; forestry, wildlife conservation, medicine, dentistry, pharmacy, nursing, public health, optometry, veterinary medicine and graduate music and fine arts.

There is a dearth of training schools and facilities for Southerners in all these subjects. What's more, the South needs more men

and women trained in these fields.

Here is an example of how regional education might work:

The agricultural South is changing from a cotton economy to a livestock and forest economy. Yet

trained veterinarians and foresters are at a premium.

Hundreds of rural counties have no veterinarian doctors. The only one of veterinary medicine is at the Alabama Polytechnic Institute at Auburn. It has applications right now for admission of 785 students next fall. It can accept only 70 of them.

Instead of the states individually trying to finance the only establishment of veterinary medicine schools of their own, they might meet the regional need by cooperatively taking over and expanding the school at Auburn.

Another state might furnish the nucleus for a regional forestry school. Still another would be chosen as the location for graduate music training. Most states have some specialty school that could be developed to meet the needs of the whole South.

Advocates of the system insist they can get really fine institutions with top notch faculties for less money than they would have to pay for independent schools singly.

There could be more than one interstate college in a field of learning. The governors' compact provides that any two or more states can contract to establish a jointly operated school.

There would be separate schools for negro and white students. On

**Retail Stores Will Do More Advertising**

NEW YORK, Mar. 18 (AP)—The National Retail Dry Goods Association and today department and specialty stores will spend more for advertising in 1948.

Howard P. Abraham, manager of the advertising division of the NRDA said, "Another wide area of individual stores will put the bulk of the additional spending."

"A 10 per cent increase is the amount generally reflected by stores although many retailers indicate as much as 15 per cent and 20 per cent extra dollar expenditures," said Abraham.

**DAILY NAMED BISHOP**

VATICAN CITY, Mar. 18 (AP)—Msgr. Edward Daly, member of the Dominican order and formerly attached to the Apostolic delegation in Washington, has been named Bishop of Dabous, Nigeria.

Msgr. John Edward Donelan, rector of the Cleveland Dominican Seminary, has been named Msgr. in liaison of Seminary and candidate to Msgr. Charles Burke, Bishop of Pittsburgh.

In the regional plan, council members say a south-wide Negro professional school would be able to meet all the requirements of Supreme Court decisions ordering equal educational facilities for Negroes.

Supporters of the regional movement maintain the system was not imposed with the race question more than incidentally in mind. They recall that discussions on the subject started years before the Supreme Court began breaking down its series of decisions on racial discrimination in college training.

Florida Governor Millard Caldwell, chairman of the regional council, says it is our dual purpose to furnish the finest in education for Southern youth—white and negro alike.

THURSDAY, MAR. 18, 1948  
THOSE WHO REALLY SEEK  
THE TRUTH ARE MOST APT  
TO FIND IT, BUT WE MUST  
WELCOME TRUTH AND LIGHT.

—P. E. L.; Send out thy light and  
thy truth; let them lead me.

The Russian newspaper Pravda  
says that Russian scientists dis-  
covered the drug penicillin nearly  
80 years ago, some 10 years before  
the British Dr. Fleming, who  
was given credit for it. Let's  
see now, that was during the  
czarist regime, wasn't it?

Baron Mannerheim of Finland,  
who has led Finnish forces in  
three wars against the Russians,  
certainly knows which side his  
health is buttered on. He has  
recently departed from his native  
land for Switzerland "for reasons  
of health".

Another "crack at the South"  
was taken Tuesday when the  
House Agriculture Committee  
voted to shelve the bill to repeal  
the special tax on oleomargarine.  
They will repeal the tax on oleo  
when, if ever, they discover that  
the South's votes are worth fight-  
ing for.

General Meier got 20 months  
to five years, not for stealing  
from the government during war-  
time, not for profiteering, not for  
lying under oath, but for inducing  
another to lie. It is a serious  
offense to lie under oath, or to  
induce another to commit per-  
jury. It should be a serious of-  
fense to lie when not under oath.

Marshall Field, Chicago multi-  
millionaire, is trying to unload his  
New York newspaper PM. That  
is the one he launched a few  
years ago just to show that news-  
papers didn't need advertising to  
exist. He spent a good deal of  
money trying to find out how  
much it costs to run a newspaper.

As we pointed out the other  
day, efforts at coercion only  
bring reaction. The Mississippi  
legislature has recently approved  
a constitutional amendment chang-  
ing a voting requirement from  
being able to read "o" interpret  
the Constitution to read "and"  
interpret the Constitution. A very  
significant difference!

Beware of prejudices. They  
can drive you crazy. A New  
York man hated Catholics with  
such intensity that he took his  
pistol and began firing into a  
crowd of students emerging from  
a parochial school, killing one  
and wounding six. He was, of  
course, insane. But he probably  
began by "mildly" hating Cath-  
olics.

Income tax payers should be in-  
terested in the report from the  
Treasury Department on Mar. 15  
showing that the government's  
surplus this year is already five  
billion dollars with several more  
months to go. By the time the  
fiscal year ends on June 30, it is  
expected to total \$7,500,000,000.  
So if your taxes seem high, this  
budget surplus may have some-  
thing to do with it. The govern-  
ment is collecting more than  
it needs to meet current expenses.

Summer is coming on and soon  
hundreds of local boys will be  
heading for the lakes, beaches,  
springs and the "old swimming  
hole" . . . just any place at all  
to get wet. It is not too early  
for the Health Unit to be warn-  
ing that not all bathing areas  
are safe, and that suitable pre-  
cautions should be taken before  
going swimming. Nor is it too  
early to be making plans to teach  
the boys to swim. During the  
war a number of sailors were  
drowned in Silver Lake almost  
within reaching distance of shore  
because they did not know how  
to swim. Like walking swimming  
is something which everyone  
should learn to do. You never  
can tell when you are going to  
find it necessary.

## World Crisis

President Truman has taken the only sensible course  
of action in appealing to Congress for the prompt enact-  
ment of a universal military training law and a temporary  
Selective Service Act in the face of continuing Russian  
aggression abroad. The latter, it is indicated, will be in  
effect only so long as may be necessary to enable military  
training to provide the Army and Navy with adequate  
manpower.

It is not pleasant for young men to contemplate the  
possibility of again having to don the khaki, nor is it likely  
that many teen-agers will relish the thought of military  
training. The hard discipline of Army life is not something  
which naturally appeals to most Americans. But we hope  
that they will see it is the lesser of the evils which offer  
the only alternatives today.

The policy of isolation and appeasement was given a  
thorough workout by this country, as well as other nations  
of the world, during the 1930s, and was proved to be com-  
pletely futile in the case of Germany, Italy and Japan.  
One nation after another fell before their treacherous dagger  
thrusts, until finally America too was stabbed in the  
back in the sneak attack on Pearl Harbor. There is no  
reason to believe that the hands-off strategy will work any  
better today than it did then.

That Stalin is following in the footsteps of Hitler  
should be fully apparent to everyone by this time. Since  
the war ended one nation after another has fallen before  
Russian aggression. The technique is the same as that  
which Hitler repeatedly used. In no country, even his own,  
did he ever command a majority of the voters. The Nazis  
gained power by violent overthrow of the recognized govern-  
ments. So it is with the Communists.

If this country makes it unmistakably clear to the  
Russians that further aggression by them will not be toler-  
ated, and if we provide the Army, Navy and Air Force to  
back up our strong words with even stronger acts, it is  
quite possible that Italy, Austria, and Western Germany  
may be saved from the fate of Czechoslovakia. We do not  
believe that Russia wants war, and must realize the disastrous  
consequences to her of causing a war at this time.

If war can be avoided for the time being by quick and  
strong action now, it is not too much to hope that time  
itself will help to heal the wounds which now appear so  
dangerous and that three, five or ten years from now the  
United Nations will become a workable organization and  
that agreements among nations may be reached which will  
preserve the peace for another generation.

## 500,000 Houses

Half a million housing units in four years is the goal  
of a public housing program which has been approved by  
a joint congressional committee. The probable cost is reck-  
oned at four billion dollars.

The proposal is to make federal funds available in loans  
to private or co-operative groups for construction of houses  
for rental at low rates. A program of such size should  
have excellent results in one major phase of the housing  
problem, which is the need for housing space which can  
be rented. The increase in the number of rental units  
would be substantial, and since it would take place in the  
low-rent field the whole effect should be to depress rents  
by the natural and healthy method of increasing the supply  
of housing.

But the program also would create a large amount of  
new credit in the construction industry, and new credit is  
inflationary. The idea is for the government actually to  
lend the money, and experience has been that government  
lending tends to be more reckless than bank lending. These  
influences will have their fullest effect in house construc-  
tion, and could actually worsen the other phase of the  
housing problem, namely the need for homes for ownership  
by moderate income families at prices they can pay.

The possibility of two opposite results of the same  
measure indicates the complexity of the housing problem.

The basic need, however, is for more and yet more  
shelter units. If all possible resources, public and private  
both, are thrown in, if rental and purchase units both are  
built in large numbers, perhaps in a few years the deep  
hole of need which has been accumulating for nearly twenty  
years can be filled. Normal building may then be left  
to normal private enterprise.

## KARLYLE HOUSHOLDER

## Forrestal Calls

(Continued from Page One)  
forces there could not stop them.  
2. There are less than 30,000  
"useable" army combat troops in  
the United States at this time.

Secretary of the Army Royall  
and Secretary of the Navy Sullivan  
were before the committee with Forrestal.

They were not able to give  
definite answers to questions  
about how it is planned to oper-  
ate a draft.

Forrestal estimated there is a  
"gross reserve" of about 3,000,  
000 men available for Selective  
Service.

Royall said this includes (1)  
men who are eligible for World  
War II draft but who, because  
(2) youths who became 19 prior  
to any establishment of USMT,

Royall said, too, that some  
thought is being given to making  
men who served only a month  
or two in the last war eligible  
for the next draft.

But Royall emphasized that no  
definite decision regarding Sel-  
ective Service manpower has been  
reached by the military chiefs.

"We're just discussing it," he  
said.

Senator Maybank (D-S.C.) asked  
Royall how long a term of  
service is contemplated under  
Selective Service.

"Our present thinking is that  
it should not be less than two  
years," Royall replied.

Until Forrestal's testimony,  
there had been no talk of rais-  
ing the figures for authorized  
strength. The talk had all been  
of getting the 300,000 needed to  
reach the present authorized  
strength.

Forrestal also said:

1. He favors expanded air power  
(urged by some Congress  
members as all that is needed)  
but believes it necessary to main-  
tain "balance" between air, land  
and sea forces.

2. Government defense experts  
now are at work on industrial  
mobilization plans, the stockpiling  
of strategic materials and  
scientific research and develop-  
ment.

3. His department is busy  
developing a "strong, mobile  
striking force of balanced land,  
sea and air components."

He said that effective air  
power requires adequate air  
bases, a strong Navy and a well  
equipped Army to meet any  
emergency.

"All are essential and all cost  
money," he added.

## U. S. Military

(Continued from Page One)  
occupied zones in Germany and  
Austria, in tense Trieste and at  
the 86th parallel in Korea United  
States soldiers face either Red  
Army forces themselves or troops  
of Russian satellite states. How  
many?

The Army estimated for the  
House Foreign Affairs Committee  
last December that the Russians  
had 1,700,000 troops in Western  
Russia and the occupied zones of  
Europe. This did not include an  
estimated 1,121,000 soldiers of  
satellite countries.

## 10 Killed

(Continued from Page One)  
ane. The crash occurred at 2:32  
A. M.

The MacDill field accident  
board began an immediate investi-  
gation. The injured men were  
listed as First Lieut. Roy M.  
Walsh, believed to have been  
the pilot; First Lieut. R. H.  
Hannay, Staff Sgt. C. Miller  
and Capt. J. M. Miller. Their  
home addresses were not im-  
mediately available. Names of  
the dead were withheld pending  
notification of next of kin.

Taylor was returning to Nuern-  
berg after conferring with Gen-  
eral Lucius D. Clay, U. S. military  
governor for Germany.

The plane carried 10 persons, in-  
cluding the crew. The pilot and  
co-pilot stayed with the C-47 to  
make a forced landing rather  
than abandon it in the city.

They landed safely at the Gatow  
Airport, in the British sector of  
Berlin. They were not injured.

Army personnel rushed out to  
answer calls from landed passen-  
gers in distant sections of the  
city.

## RED CONCESSION

LONDON, Mar. 18, (AP)— Rus-  
sia made minor concessions today  
in her price for an Austria peace  
treaty, an American observer said.

N. P. Kokkinos, Russian dele-  
gate in the four-power meeting  
of deputy foreign ministers, said  
the Soviet Union was willing to  
lower its 50-year claims on Aus-  
trian oil production from 65 per cent  
to 64 or 65 per cent.

He said Russia also was pre-  
pared to lower demands for cash  
payments from Austria from  
\$200,000,000 to \$175,000,000.

### Miss Browning Wed To Capt. Stovall

### Personals

M. J. Meeks left today for Alma, Ga. because of the death of his sister-in-law, Mrs. Walter Holton.

Mr. and Mrs. T. C. Wagner returned today to their home in Montclair, N. J. after spending some time at the Valdez Hotel.

Mr. and Mrs. H. P. Sheets plan to leave tomorrow for their home in Indianapolis, Ind. after spending the past two months as guests at the Valdez Hotel.

Ferns, sweet peas and arrangements of white gladioli and carnations formed a lovely setting for the double-ring ceremony before the fireplace. Branched candleabra held lighted tapers and a program of nuptial music was presented by Harvey Harding, New York organist and harpist, cousin of the bride.

The bride, who was given in marriage by her father, wore a powder blue wool crepe suit fastened with a ballerina skirt. She wore navy blue accessories and a white orchid formed her corsage.

Severing the bride as matron of honor and only attendant was Mrs. Frederick W. Thimm of Delray Beach. Mrs. Thimm wore a beige suit with a corsage of red roses. Mr. Thimm acted as best man to the bridegroom.

Following the wedding a reception was held. Plated on the bride's plate was a tiered wedding cake. Assisting in serving were Mrs. S. H. Graham, Mrs. Edward Hoffman and Mrs. Forrest E. Flottman. Mrs. Ted Cash presided over the bride's book.

After a wedding trip to New Orleans, La. and Texas Capt. and Mrs. Stovall plan to make their home in Bilex, Miss., where he is stationed. Out-of-town guests included Mr. and Mrs. Alfred E. Regan, Covington, Ky.; Mr. and Mrs. Frederick W. Thimm, Detroit and Delray Beach; Emil Angelou, New York; Mr. and Mrs. Forrest E. Flottman, Fort Mitchell, Ky., and Mr. and Mrs. Edward Hoffman, Cincinnati and Miami.

### Elsie V. Brenner Weds Peter Brown

In the beautiful setting of the Delary mansion on Plantation Estates Mrs. Elsie V. Brenner of Enterprise, formerly of Middle Island, Long Island, N. Y. became the bride of Peter O. Brown, formerly of Chicago and now of Plantation Estates, at 6:00 o'clock on Mar. 15, in the presence of members of the immediate family and close friends. The civil ceremony was performed by the bride's daughter, Mrs. Josephine B. Schmieder, Justice of the Peace, before a background of palms, ferns and a profusion of spring flowers.

The bride wore a sheer navy blue sleeve length dress with touches of soft white at the neckline. Her accessories were white and her corsage was of white gladioli, carnations and orange blossoms. The bridal couple was attended by Mr. and Mrs. George Stedronsky of Mt. Dora.

Following the ceremony a wedding dinner was served at the Orange City Hotel. Centering the table was a beautifully decorated wedding cake. After the dinner a reception was held in the DeBarry Mansion.

Guests for the wedding and reception included Mr. and Mrs. George Stedronsky and daughters; Mr. and Mrs. James Stout and son of Mt. Dora; Mrs. Marie Kilmartin, Mt. Dora; Mr. and Mrs. James Woodward, Tangerine; Mrs. Paul Johnson, Mt. Dora; Mr. and Mrs. Frank W. Turner, Plantation Estates and New York; Mr. and Mrs. Charles Kossoff, New York; Mrs. James Klimo, New York; and Mr. and Mrs. Joseph B. Schmieder and daughter of Plantation Estates.

Although the peace of 1783 granted the Minnesota territory to the United States, British fur traders continued to operate and man forts in the area until after the War of 1812.

**MACARTHUR ON FARMS**

MILWAUKEE, Mar. 18, 1948—Farmers must be protected against oppressive government controls and intrusions against liberties and free institutions, says General Douglas MacArthur.

The General expressed his views on agriculture in a cablegram sent to Gavin McKerrow, chairman of a Wisconsin farm group.

Saying that farm problems vary little throughout the world.

MacArthur added that the foremost essentials lie in strengthening of the rights of free institutions and liberties; defense against intrusions of despotic ideologies; conservation of soil; safeguard against oppressive burdens and controls by government which destroy incentive for private enterprise; and an effort to raise standards of living."

**SLAVS ACCUSED**

ROME, Mar. 18, 1948—Yugoslavia stood accused today of "constant violations" of the Italian peace treaty in old Italian territory the treaty gave her.

A telegram from Commandant of National Liberation Forces to Foreign Minister Count Carlo Sforza said Yugoslav authorities are denying Italians "fundamental rights" guaranteed by the treaty.

### Golf Association Has Monthly Meet

The monthly luncheon and business meeting of the Sanford Woman's Golf Association was held yesterday at 12:00 o'clock at the Seminole Country Club with Mrs. E. B. Smith presiding over the business session. Sprays of spring flowers were used in decorating the luncheon tables.

Mrs. Earl Huggenbath told of the local golfers' visit to the Orlando Country Club this week and reported that all Central Florida Women's Golf Associations will be guests of the local association on March 31. Mrs. T. E. McDaniel was welcomed into the group as a new member and it was reported that there is now \$75 in the treasury.

Following several progressions of the high prize was awarded to Mrs. Harry B. Lewis, semiretired, who was won by Mrs. J. G. Sharpen. Mrs. Small also gave Mrs. T. C. Wagner, who left today to return to her home in Montclair, N. J., a small going-away gift.

Late in the afternoon dainty refreshments were served. Guests of the club for the afternoon were Mrs. B. H. Clegg and for Class A group, Mrs. Peleg Head, Class B group and for Class C was Mrs. E. C. Hayman.

Those present for the luncheon were Mrs. John Ivey, Mrs. Thurston, Mrs. R. E. Elberry, Mrs. Hayman, Mrs. Head, Mrs. Robert Ast, Mrs. Harold Kastner, Mrs. Huggenbath, Mrs. Smith, Mrs. McDaniel, Mrs. W. B. Williams, Mrs. John Stuck, Mrs. J. H. Corburn, Mrs. Phil Grashoff, Mrs. Edwin Femburg, Miss Helen Caban, Mrs. Harry Woodruff, Mrs. Harry Tooke, Mrs. Miriam Russell, Miss Dorothy Powell, Mrs. Clyde Terwilliger, Mrs. A. J. Williams, Mrs. Charles Potter.

**CHIANG SPEAKS**

NANKING, Mar. 18, 1948—Chiang Kai-Shek said today this is "the hour of decision" in the government's campaign to defeat the Communists in central China.

Chiang appealed determinedly to fight alongside a United Nations Army into the Communist coup in Czechoslovakia. A decisive East-West clash over Soviet expansion in Europe is in press.

One of the main efforts to defeat the Communists in central China is to turn the tide of war in central China, the last reservoir of Kuomintang (Government Party) power, faces complete collapse," he told a conference of military leaders and governors of six central provinces.

Following the program, Mrs. J. LaRoche and Mrs. O. P. Wade, who served delicious refreshments, those attending were Mrs. Wade, Mrs. William Nolan, Mrs. LaRoche, Mrs. S. Norwood, Mrs. Wilson, Mrs. Minnie Nolan, Mrs. H. A. Steinmyer, Mrs. Leon Steinmyer and Miss Eunice Walker.

**SHOTS RING OUT**

MILAMI, Mar. 18, 1948—Two shots were fired and a burning cross set in front of dwelling in the northwest section of the city, being made by a group of men. The Dale county sheriff's office was informed.

One of the shots struck a dog in the eye. The cross, about six by four feet, was supported by a soft drink box.

Residents said the men after planting the cross and firing the shots departed hurriedly in two automobiles.

There was one physician for every 750 Americans in 1940 compared with one for every 78 in 1930.

Communists campaigning for power in Italy in the elections a month from today heard their chief, Palmiro Togliatti, assert that President Truman's speech confirmed that the United States is making "active preparation for a third World War."

The premier of Sweden, Norway and Denmark met in a closed session to canvas world conditions. They were mindful of Mr. Truman's words that "pressure is now being brought to bear on Poland to the hazard of the entire Scandinavian peninsula."

Poland took steps toward civilian mobilization in its continuing battle against Communist guerrillas.

Poland ordered recruiting started for youths to serve in the army and on reconstruction projects.

### Bridge Club Meets With Mrs. Small

Continued from page one  
members of her Wednesday bridge club yesterday afternoon in the parlor on the second floor of the Valley Hotel, A. St. Patrick's Day theme was used in decorating with lovely arrangements of white gladioli, daisies and roses being placed about the room.

Mrs. Ben Small entertained members of her Wednesday bridge club yesterday afternoon in the parlor on the second floor of the Valley Hotel, A. St. Patrick's Day theme was used in decorating with lovely arrangements of white gladioli, daisies and roses being placed about the room.

Senators Shands added that he will, as chief executive, seek to establish long-range programs for conservation of fish and game and reforestation of timberlands; use every means at his command to aid farmers and citrus growers in harvesting more profitable crops and developing better system of marketing their produce; recommend legislation to develop the growth of the cattle industry, commercial fishing, sports fishing and expansion of the state advertising program.

Following the luncheon a putting contest was held and won by Mrs. George Thurston. Winner in the tournament were Mrs. Smith in the Class A group, Mrs. Peleg Head, Class B group and for Class C was Mrs. E. C. Hayman.

Those present for the luncheon were Mrs. John Ivey, Mrs. Thurston, Mrs. R. E. Elberry, Mrs. Hayman, Mrs. Head, Mrs. Robert Ast, Mrs. Harold Kastner, Mrs. Huggenbath, Mrs. Smith, Mrs. McDaniel, Mrs. W. B. Williams, Mrs. John Stuck, Mrs. J. H. Corburn, Mrs. Phil Grashoff, Mrs. Edwin Femburg, Miss Helen Caban, Mrs. Harry Woodruff, Mrs. Harry Tooke, Mrs. Miriam Russell, Miss Dorothy Powell, Mrs. Clyde Terwilliger, Mrs. A. J. Williams, Mrs. Charles Potter.

**Shands Outlines**

Continued from page one  
would, as governor, institute a regime of strict economy and efficiency in every state department, requiring rigid enforcement of present tax laws. He said he proposed to name a cross-section committee of unaligned citizens to study tax needs and money sources and that from findings of that committee he would make recommendations for tax legislation to the 1948 legislature.

He favored immediate acceptance of the recommendations of U. S. engineers for a 10-year flood control program costing \$200,000,000, before Florida cannot go forward if it is bogged down in the mud," he said.

Pointing out that the citrus industry is one of Florida's chief sources of revenue, Senator Shands said he favors comtable conferences among all segments of the citrus industry, including growers, shippers, packers and canners.

He stated flatly that he is not an advocate of a general sales tax and asserted, "My critics, the apostles of false economy, have misrepresented the tax measure I introduced in the 1947 legislature, by which they seek to label me as an adherent of a general sales tax."

"I knew when I introduced my 1947 tax bill," Senator Shands added, "that there was not enough money to pay for benefits and services the people have a right to expect. I was not then and am not now an advocate of a general sales tax, but the bill I introduced is at that time."

Those who label that bill a sales tax do not tell you that it did not place any restrictions, including staple food. They do not tell you that it provided for a return of money to the municipalities and that it would have been a replacement tax and would have required a loss of real estate taxes and that it would not have imposed any burden on people with small incomes."

Senator Shands added that he

would, as governor, institute a regime of strict economy and efficiency in every state department, requiring rigid enforcement of present tax laws. He said he proposed to name a cross-section committee of unaligned citizens to study tax needs and money sources and that from findings of that committee he would make recommendations for tax legislation to the 1948 legislature.

**Train Curb**

Continued from page one  
that government was making other moves to end the work stoppage, which already has forced the steel industry to cut operations.

Federal conciliation chief Cyrus S. Ching met with Ezra van Horn, spokesman for the mine operators, and arranged to talk later with John L. Lewis, chief of the United Mine Workers.

John Jay, the first chief Justice of the Supreme Court of the United States, was appointed in 1789 and served six years.

The proportion of Negroes in the U. S. population was reduced from 19.3 per cent in 1790 to 9.7 per cent in 1930.

**Millers Trim Nats In "Babe Ruth" Tiff****St. Louis U Cage Squad Romps To Victory Over NYU**By ARTHUR BECKWITH, JR.  
Herald Sports Editor

The Minneapolis Millers of the American Association pounded on the coal to nip the Washington Senators' "B" squad at the Municipal Park in the first exhibition contest of the 1948 season as a part of a "Babe Ruth Day" celebration by a score of 4 to 0.

A howling crowd of over 3,000 persons fled into the local park to witness the contest and get a "look" at the once mighty Babe Ruth, who entered the park after the third canto of the contest.

Sid Hudson, former Sanford Cemetery Fed baseball player, opened the contest on the hill for the Senators and completed his tour of three innings unscathed by the big artillery of the Millers' run-making machine, he did allow three well scattered bingles.

It was in the bottom of the fourth frame that the Millers rolled out their heavy load.

Babe Barnes, in the ninth inning, by stepping on Cal Ermer at second base, Andy Gilbert rifled a hot liner into center field for a two base blow and Jack Maguire worked Dick Wight for a walk. While Don Wheeler was at bat, catcher Hal Keller dropped a fast ball from Wight and Gilbert made a break for third. In the excitement Keller threw the ball into left field and Gilbert scored, Maguire holding up at third.

Wheeler drew a free dust and Ray Carlson took a pass to load the sacks. Pitcher Otto Clarke paled a long fly into center field and Maguire uncorked a wild pitch on the first ball thrown to Anna Ray, advancing Wheeler and Carlson. Ray watched the fourth ball go by and stroked to first, again loading the bags.

Len Schultz rapped a sharp single into right center field, scoring Wheeler and Carlson. Hal Bamberger went down swinging to end the scoring melee.

Manager Frank Shellenbach of the Millers used 20 of his players in the official scorers nightmare.

## "PULLING POWER"

The Continuity of the "pulling power" of newspaper advertising is emphasized by the letter we received March 11 from a lady in Longwood. The one copy which we sent her may be read by countless other persons and your advertisement can be read again and again as long as the paper is preserved. This illustrates the permanency of the written word -- The letter is as follows:

The Sanford Herald  
Sanford, Florida  
Gentlemen:

I enclose 10¢ and ask you if you can send me a copy of the paper published last week, with reports of Longwood.  
Would like this for a souvenir.

Yours truly,  
Mrs. Gro. E. Crosby  
P. O. Box 43  
Longwood, Florida

March 11, 1948

## Florida Has Earthquakes, Says Robert B. Campbell, Geologist

By WILLARD CONNOLLY

Floridians who smugly think that California has a monopoly on earthquakes or tremors of the earth are due for a rude shock. Florida has earth tremors about once a year, according to Robert B. Campbell of Gulf Hammock, noted geologist and past president of the Florida Academy of Science.

Mr. Campbell visited The Herald office Tuesday and mentioned an article we had written in 1945 relative to earth tremors in Florida, following some low rumbling continuous and rattling of windows that started many residents, and was attributed by some to practice tests of "block busters" on the Okaloa bombing range.

These were earth tremors, said Mr. Campbell, and were felt clear down to Hollingsworth on the east coast. In 1944, he repeated, there were tremors which shook windows in the Bradenton area and were felt down in the Glades.

He also revealed that he has been working on an interesting theory that these tremors of the earth are closely related to changes in barometric pressure. Records of the U. S. Weather Bureau, he declared, showed a barometric low in October, 1945, that "lifted" a weight of air amounting to one and a half billion tons off the south end of Florida.

Mr. Simpson recently talked on seismology at a meeting of the Academy of Science at the University of Florida. He has practiced commercial geology in Texas, especially in relation to oil domes or deposits, and expressed the opinion that Florida is "giving away a lot of oil in the Glades region" by turning it over to the government as a national park. The school now has the equipment.

10 BUSINESS OPPORTUNITIES

SMALL BUSINESS, good year around, grossing \$3000.00 per month, cheap rent, good location, some new equipment, \$22,000.00 cash, can handle balance, pay out of business. Sacrifice for quick sale. Have other business to attend. Write P. O. Box 1496.

## Marshall Asks Quick Action On Europe Aid

Secretary Says Critical Situations Are Not Confined To Europe Alone

WASHINGTON, Mar. 19 (AP)—The \$5,300,000,000 European Recovery Program was approved formally today by the House Foreign Affairs Committee, and a Senate committee voted \$275,000,000 military help for Greece and Turkey.

BERKELEY, Calif., Mar. 19 (AP)—Secretary of State George Marshall today accused Russia of using high-handed Nazi methods in the Communist drive to enslave free European nations.

BERKELEY, Calif., Mar. 19 (AP)—Secretary of State Marshall today urged prompt enactment of the European Recovery Program to halt the spread of Communism.

"It should now be perfectly clear that rule based on threats and force instead of on reason and justice must not be allowed to spread further unchecked," the secretary said at a University of California charter day ceremony.

"We cannot evade the issue by the negative procedure of inaction."

Marshall pointed a parallel between the present need for determining "just where and how we should exert our influence" and his wartime problems as chief of staff in deciding the priority of men and materiel for various war theaters.

"Unfortunately, critical situations are not confined to Europe," he said. "They exist in the Middle East, in Indonesia, in China—and we cannot ignore Latin America, or our direct responsibilities in Japan and Korea."

"Rich and powerful as we are, we cannot afford to disperse our

## Wallace Advocates Peace With Reds In "Word War" With Truman

By Associated Press

Henry A. Wallace stuck to his peace-with-Russia guns today as he prepared to fire a fresh salvo in his word war with President Truman.

The Third Party presidential candidate lined up his second radio address in two days (8:15 P. M. EST—Mutual), this one to answer specifically the President's denunciation of "Wallace and his Communists."

The ousted cabinet member made no direct reference to that remark in a talk last night challenging Mr. Truman's St. Patrick's Day call for greater military strength to reassure free peoples against Soviet domination.

But politicians said the Wallace speech left little doubt that he is beginning to chafe under the President's line of attack.

They noted Wallace's complaint that "men who are stirring up hate and fear" are trafficking in a single word.

"That word is 'Communism,'" he said. "They hope that it will provoke a hostile response from great masses of people. They think that it is capable of blotting out reason."

"But you can't fool most of the people any of the time. We know that ideas won't be licked with

## Senate Leaders Study But Delay Action On Draft

### 30 Persons Injured, Firemen Continue Search For Others

CENTRALIA, Ill., Mar. 19 (AP)—The known death toll mounted to six today in an explosion which destroyed a two-story brick building in downtown Centralia last night.

Three bodies were found beneath the pile of rubble by firemen early today after an all-night search. Earlier, two bodies had been found in the wreckage about three hours earlier. One woman died of injuries as she was being carried into St. Mary's Hospital.

Firemen continued to search through the ruins for other bodies after reports by eye-witnesses that some persons had been trapped when the structure collapsed.

Thirty persons were injured. Ten were reported in from serious to critical condition.

The building housed a tavern and a small pool hall-tavern on the first floor and small apartments and sleeping quarters in the nine rooms of the second floor.

Chief of Police O. T. Bounds said that one man who escaped without injury from the pool-hall-tavern told him that about nine men were playing cards in the rear and some of them might have been trapped.

More than 50 firemen, including several from nearby southern Illinois towns, dug through the rubble in the search for additional bodies.
