

This Is Time When Men Begin Their Annual Madness Buying

By HAL BOYLE.

NEW YORK, Jan. 26 (AP)—This is the month when an annual madness comes upon men.

This is the month the lady of the house greets me with a sigh of relief each night I come home without a bundle under my arms.

This is the month of January sales in men's furnishings. In thousands of men's stores across the land about now the prop. (shop, or proprietor) goes up to his head salesman and says, "Well, Joe, it's time to get ready for the crazy ones."

"What, already again it's time?" groans Joe. He knows what lies ahead.

So he goes into the basement with the stock boys and they begin to haul out merchandise. They bring out pre-civil war shirts and the pearl button shoes popular when people wore "Vote for McKinley" buttons. They fetch up two pairs suits with five-button coats, and the lovely old dust-covered neckties illustrated with daring pictures of the Eiffel Tower.

They pile up this wonderful historical men's wear waist deep on the counters. They put ads in the papers and hang big signs in the windows.

Big annual sale in gents' wear. One-third to one-half off. Bargains, bargains, bargains!

By now the "crazy ones" are milling around outside, eyes popping, hands full of dollar bills, waiting for the door to open. In this town Joe is likely to not turn to the proprietor and sigh: "These look who's out there again—that fat guy who needs his skull reforested."

He means me. Because the only thing that has kept me away from January sales in the last 11 years was the Second World War.

When I bulldoze through a milling mob of bargain-hunters to a counter now, the salesman usually just shoves a stack of shirts my size off on the floor and says:

"Go ahead, and select the ones you want. You always end up by knocking them off on the floor anyway. This way I'll only have to stoop over once—when you're through."

And I end up an hour later by staggering out with a Santa Claus size sweater, a pair of rainbow-hued shirts, Tibetan socks with individual toe spaces like gloves, and a dozen neckties resembling the starboard side of a fasted lady.

Through the years I have learned I had to organize these goodies into the house unattended and hide them. If Frances detects them she will return them to the store the next day and get credit toward the purchase of a sensible suit.

This custom began after Frances burrowed into my closet one summer and came out with strange fancy garment with long tails. She held it up with that mute query wives get in their eyes just before the verbal disbandment pours out.

"It's an English style sport shirt I got half price. You poor things, you," she said. "This is a night shirt. You don't wear night shirts."

Now clerks at the stores where men choose refuse to take the price tags of sales fetishists.

"What's the use?" they say. "The stuff'll all be back here tomorrow."

Anyway once a year we guys get the fun of buying it and carrying it home. Women shoppers exercise that delicious shopaholic all year round.

Rotary Meets

(Continued from Page One)

Pointing out that the Florida Airways is a pioneer in its field, Mr. Bacheider said that it is the first certified "feeder line." It has regular scheduled stops and is certified by the federal government and feeds the major air lines of this country. It is operated by Florida people and some of its stockholders live in Sanford.

Through the local office of the Florida Airways, he continued, a person can get his reservations and begin his flight to any part of the world. More important to people here, he said, is the fact that anyone can fly to Jacksonville in an hour and 15 minutes in the morning, spend the day, and return home in the evening. Similarly he can fly to almost any other city in Florida.

Speaking of the importance of air mail, he said that if it is worth writing, it is worth a ticket. He explained that air mail as well as air express is an "expedited service" and that whenever planes are grounded mail and express move by the next fastest service.

Roy Hatter presided over the meeting in the absence of Gordon Brison. Visitors included Herbert Sheets of Indianapolis, Ind., A. D. Lampton of Jefferson, Ohio, C. G. Martin of Lakewood, N. H., H. H. ChamNess of Jacksonville, Harold Nabell of Orlando and the Rev. Douglas Charles of Sanford.

Shredded cabbage may be prepared in a number of ways. It is best if it is very moist. The finely cut vegetable should be placed in a heavy skillet in which three tablespoons of fortified margarine or butter to every quart of the vegetable has been added. The cabbage should be covered tightly and steamed over full heat until steam begins to form. Then the heat should be lowered and the vegetable cooked a few moments.

Red Ambassador Raps Allies' Job In Defeated Japan

WASHINGTON, Jan. 26 (AP)—Soviet Ambassador Alexander G. Panyushkin is critical of the job the Allies are doing to prevent a rebirth of militarism in defeated Japan.

The new Russian envoy told a reporter in his first formal interview here that he wants to draw serious attention to the record of the 11-nation Far Eastern Commission in promoting democracy in Japan.

"In this regard the situation cannot be considered as satisfactory," he said.

In addition to his duties as ambassador, Panyushkin also serves as Russian representative on the commission which supervises allied occupation policy toward Japan.

His criticism was interpreted by diplomatic officials as the possible prelude to a full-fledged Russian attack within the commission against the policies carried out by General Douglas MacArthur.

Replying in person to a series of questions submitted in writing by this reporter 24 days earlier, Panyushkin also struck out at what he considers discrimination by the United States government against Soviet-American trade.

He said this is something "certain circles in the United States are trying to develop."

"As far as the Soviet is concerned," he asserted, "it has never refused the development of trade with the United States on conditions of normal business practice."

The volume is the first complete history of man's evolution, comprising all the discoveries made since Darwin set up the doctrine of evolution. Gates is a research fellow in biology at Harvard.

The book offers evidence for a new idea about human origins. Man has been considered a single species coming from one origin. Instead, Prof. Gates' evidence shows several different species of men from different origins. He traces three or four.

Not true, also, he says, on the face of the present records, is a widespread scientific dictum that different species can not, or do not, cross-breed. He says these human species did cross-breed.

The human species, he says, were as different as lions and tigers, or as gorillas and orangutans. And evolution there was not just one missing link, but many.

He finds three main species of men originating from a half million to a million years ago. One is Sinanthropus, or Peking man. From him the fossil bone records the present Australian Bushman and the American Indians, both North and South American and possibly the Eskimos.

Second, in Java, was Pithecanthropus, from whom came the Australoid peoples. They developed into many races, including the present Australian Bushman and possibly the Pacific Ocean Melaneans and Polynesians.

Third, in South Africa, was Africanthropus. From this species came a big-brained race of men, that divided. One offshoot appears to be the African negro, and the other adaptation to tropical climate, Hottentots and Bushmen of Africa seem to be present descendants. Their brains are not so large.

Another possible descendant was Cro-Magnon man who originated in the Sahara when that desert was fertile and rich in animals.

Cro-Magnon migrated to Europe and came into conflict with Neanderthal man, and possibly wiped out that race after it had flourished for about 100,000 years.

There was a fourth species, Dawn Man, of southern England. This human had a smoother skull than Sinanthropus and Pithecanthropus which had heavy ledges of bone across the front and the rear.

Cro-Magnon and Neanderthal men had brains as large as present humans. Prof. Gates says ancient man could make little use of his brain capacity due to the conditions under which he lived.

Probably he says no increase in the size of human brains could take place without some reconditioning.

Florida State News In Brief

SH IN TREE FARMING
TALLAHASSEE, Jan. 26 (AP)—Florida holds fourth position in tree farming among southern states, State Forester C. H. Coulter announced today.

These state has 923,797 acres in tree farming, with 37 land owners participating. Two more will be added shortly. Tree farmers are required to practice fire control, reforestation and approved cutting methods.

PETERSON QUALIFIES
TALLAHASSEE, Jan. 26 (AP)—J. Harwin Peterson of Lakeland, veteran democratic member of Congress from the first Florida district, qualified with Secretary of State R. A. Gray today as a candidate for reelection. He has no announced opposition.

Ray Kaltenborn of Fort Lauderdale filed his oath and fees as a Republican candidate for Congress in the sixth district, now represented by Democrat Dwight L. Rogers of Fort Lauderdale.

RAIL MAN KILLED
STARKE, Jan. 26 (AP)—Joseph Olin Gill, 42, of Waldo, a signal helper on the Seaboard Airline Railway, was killed at 5:55 A. M. today when two railroad motor cars ran together near here.

No one else was reported hurt in the accident. Gill's body was taken to Seaboard Funeral Home, Jacksonville, pending funeral arrangements.

Will Some Colored Race Replace Caucasian In Evolution Process?

By HOWARD W. BLAKESLEE

NEW YORK, Jan. 26 (AP)—A question whether evolution will give world dominance to some colored race to replace the Caucasians may exterminate themselves is raised by R. Reginald Gates, emeritus professor of botany in the University of London, in a new book, "Human Ancestry."

The volume is the first complete history of man's evolution, comprising all the discoveries made since Darwin set up the doctrine of evolution. Gates is a research fellow in biology at Harvard.

The book offers evidence for a new idea about human origins. Man has been considered a single species coming from one origin. Instead, Prof. Gates' evidence shows several different species of men from different origins. He traces three or four.

Not true, also, he says, on the face of the present records, is a widespread scientific dictum that different species can not, or do not, cross-breed. He says these human species did cross-breed.

The human species, he says, were as different as lions and tigers, or as gorillas and orangutans. And evolution there was not just one missing link, but many.

He finds three main species of men originating from a half million to a million years ago. One is Sinanthropus, or Peking man. From him the fossil bone records the present Australian Bushman and the American Indians, both North and South American and possibly the Eskimos.

Second, in Java, was Pithecanthropus, from whom came the Australoid peoples. They developed into many races, including the present Australian Bushman and possibly the Pacific Ocean Melaneans and Polynesians.

Third, in South Africa, was Africanthropus. From this species came a big-brained race of men, that divided. One offshoot appears to be the African negro, and the other adaptation to tropical climate, Hottentots and Bushmen of Africa seem to be present descendants. Their brains are not so large.

Another possible descendant was Cro-Magnon man who originated in the Sahara when that desert was fertile and rich in animals.

Cro-Magnon migrated to Europe and came into conflict with Neanderthal man, and possibly wiped out that race after it had flourished for about 100,000 years.

There was a fourth species, Dawn Man, of southern England. This human had a smoother skull than Sinanthropus and Pithecanthropus which had heavy ledges of bone across the front and the rear.

Cro-Magnon and Neanderthal men had brains as large as present humans. Prof. Gates says ancient man could make little use of his brain capacity due to the conditions under which he lived.

Eisenhower Club To Stay In Business

HARRISBURG, Pa., Jan. 26 (AP)—The Pennsylvania Draft Eisenhower League—left without a candidate, said today it nevertheless "will stay in business, for the time being under the same name" and "will go back to the people" for instructions on future moves in the 1948 presidential campaign.

In another political development, the CIO-Pennsylvania Industrial Union Council announced it will oppose "any third party" whether or not Henry A. Wallace is its candidate for president.

Gladioli Cargoes
(Continued from Page One)

high as \$1.50 per dozen for fancy and special grades. Gladioli shipped on consignment have returned as much as \$2.50 per dozen. The Florida Gladioli Association's representatives have set up their assembly packing house on our platform.

"Shipments are moving from Fort Myers to all parts of the country, and Market Manager Nohrling reports 'Business is picking up.' Cold and rainy weather have combined to damage, and retard vegetable production in the Fort Myers section however, as in other affected areas.

Light offerings of good quality tomatoes are bringing top prices but movement has been about completed, and poorer quality offerings have found little demand. Pepper offerings have been light, partly it seems because growers' fields as clean as possible just preceding the recent cold threat. Combination grade pepper sold up to \$6.50 per bushel at this last week. Eggplant offerings have been light, with prices up to \$5.95.

"The Florida City State Farmers' Market has handled a light volume of tomatoes during the last week—4,500 field bushels in one three-day period—with a price average of \$5.57. Peak price of the week was \$6, ranging down to a low of \$1. Market Manager C. E. Phillips of the Florida City State Farmers' Market reported fair quality squash selling from \$5.50 to \$6 and light offerings of beans at \$4 to \$5.

"Manager J. L. Warren of the Pompano State Farmers' Market, in a week-end report noted that damage from the recent cold in that area . . . was a lot greater than we first thought. His latest information indicates damage to beans and squash at least 75 per cent, cucumbers 80 to 90 per cent, lima beans 75 to 80 per cent, peppers 40 to 50 per cent loss of bloom and young fruit. Most bean and squash acreage will be replanted by next Friday, though farmers now face an apparent shortage of bean seed.

"Strawberry offerings on the Plant City State Farmers' Market during the last weekly report period were one-third below the preceding 6-day period, due to cold and rain. Market Manager J. Johnson has reported offerings totaled 44,794 plants, with daily price averages ranging from 30¢ cents to 33¢ cents per plant. Growers received a total revenue of \$14,484.78 during this report period.

"The Fort Pierce section, where the tomato harvest was at its seasonal peak when the cold weather of January 15 struck, experienced an additional setback from heavy rainfall, this mid-week. This delayed salvaging of tomatoes left after the cold. Light offerings of tomatoes, handled this week brought prices ranging from \$1 to \$2. Manager E. Williams of the Fort Pierce State Farmers' Market reported at the week end that the cold damage to mid-winter tomatoes has approached 90 per cent, and 90 to 95 per cent of spring tomato plantings that were up and growing, were killed or damaged so severely as to require replanting. Hope was held that seed in the ground would come through undamaged.

The Fort Pierce Market had handled 1,200 crates of lima beans during the last week.

"Jacksonville offices of Florida State Markets were visited this week by E. W. Galphin, A. G. Seitter, and C. F. Seitter, Jr. of Wilmington, N. C., who have gone on tour-State for a hour of our government's inspection of conditions throughout Florida's winter vegetable producing areas. Mr. Galphin is a county agent and A. G. Seitter is President of the Hannover Mutual Exchange, Wilmington, N. C., which C. E. Seitter, Jr. is Director."

Stassen Demands
(Continued from Page One)

congressional subcommittee so that supplies for essential needs abroad are obtained with a minimum impact upon the American market.

Stassen, too, came out for a "prompt extension of rent control."

The former Minnesota governor, launching a week-long tour of New England for support of his campaign for the Republican presidential nomination, told the Vermont business and professional men:

"If these major measures are coupled with economy in civilian activities of government, with only a small cut in taxes and the meaning productivity of the natural resources, we can successfully without the tragic mistake of adopting overall centralized controls to the economy."

THE WEATHER
LAKELAND, Jan. 26 (AP)—Florida's cold snap will give way to warmer weather tomorrow, the Federal State Frost Warning Service predicted.

Partly cloudy and slightly warmer weather is forecast for tomorrow in northern Florida, with mild temperatures on tap in the southern section. No frost danger is in sight through Thursday.

Temperatures:
Atlantic City 15 28
Boston 12 20
Chicago 9 25
New York 10 25
St. Louis 12 25
Washington 10 25
Wilmington 12 25
Orlando 30 70

Vegetable Market

JACKSONVILLE, Jan. 26 (AP)—Early New Year prices on Florida fruits and vegetables as reported by the Federal State Market News Service:

Snap beans bu plentiful and very wide range in quality and prices fair to good quality \$5.00-\$6.50, overmature \$2.00-\$4.50, few \$1.00-\$1.50, Valentines \$5.50-\$6.50, few \$7.00, poorer quality and condition \$2.50-\$4.50, Fla. Belles few ordinary quality \$2.50.

Lima beans bu \$5.00-\$5.50, few \$6.00, poorer quality some hold-over \$1.40-\$4.50.
Collards 1 3/4, bu boxes \$3.00-\$3.50.

Cucumbers bu fair to good quality \$4.00-\$4.50, few \$9.00, poorer quality \$2.00-\$4.00.

Strawberries per pint few 47c-48c, few 45c, poorer 30c-40c.

Cabbage domestic round type bound boxes approximately 60-65 pounds \$2.00.

Caulliflower pony wirebound crates 10-12a \$1.75-\$2.00.
Eggplant ordinary to fair quality and condition \$1.75-\$2.25, Endive-Chicory bu \$1.75-\$2.25, poorer \$1.25-\$1.50.

Escarole bu \$1.52 1-2-32.00. Lettuce eastern crates Big Boston \$1.50-\$2.00, I. A. Crates lettuce 4-5 dozen \$3.00.
Peas bu \$4.50, few \$4.75.

Peppers bu Calif Wonders \$8-10-\$9.00, fair quality \$8.00-\$8.50, other Bullnose type \$7.00-\$8.00, fair quality \$6.50. Beds few \$5.40, few poorer \$6.00.

Peppers wirebound crates Gold-heart 2 doz few \$3.00, 2 1/2 doz few \$3.50, 3 doz \$3.50-\$4.50, 4 doz \$3.00-\$4.00, 5 doz \$2.25-\$3.00, 10 doz \$2.00-\$2.75, XX's \$1.50-\$2.00, Pascal 2-3 doz \$2.75-\$3.00, Potatoes 50 pound sacks Bliss Triumph USOne \$3.50-\$3.75, Seabrooks low sale to quote.

Squash bu yellow \$5.00-\$6.00, Italian type \$2.50-\$4.50, bu \$2.50-\$3.50.

Livestock Market

THOMASVILLE, Ga., Jan. 26 (AP)—(USDA) Livestock arrivals at the market today included 3,700 hogs at eight major packing plants at Albany, Columbus, Moultrie, Thomasville and Tifton, Ga.; Dothan, Ala; and Jacksonville and Tallahassee, Fla.

Hog trading was fairly active, but prices turned steadily to 50 cents lower than Friday. Good quality quotations at eight plants for soft and semi-hard hogs were as follows: medium to choice grade barrows and gilts, 180-240 lbs., \$23.50-\$24.25. Weights 240-270 lbs., \$23-\$24.1; 270 lbs and up, \$22-\$23.50; 160-180 lbs., \$22-\$23.25; 120-140 lbs., \$18-\$21. Medium and good sows, \$19.50-\$21.25.

In cattle, trading in Georgia, Florida, and Alabama opened on an active note. Prices were quoted very unevenly, but around steady. A few good slaughter steers and heifers weighing 500-1,000 lbs were quoted from \$25-\$28. Medium grades ranged from \$18-\$24, common, \$14.50-\$19.25, and canners and cutlers, including bulls, \$10-\$16.

"When the black roof of a large factory was painted white, the refinery was an interior which was cooler by several degrees in 500 weather."

Egg Market
TAMPA, Jan. 26 (AP)—Egg market: current weight and price per dozen:

Sales to Retailers
Grade A Net Wt. \$.70
Extra Lge 24 oz .68
Large 24 oz .65
Medium 21 oz .63
Small 18 oz .55

Grade AA (U. S. certified) 2 cents higher than Grade A.
Live poultry market (Grade A) quoted at 17¢ per pound (Produce sales direct to retailers.)
Broilers, under 3 lbs., 41 cents; fryers, 2-3 lbs., 41¢; hens, heavy breeds, 39¢; light breeds, \$71; roosters, 20.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY NO. 2198 DIVORCE

DORIS FISHER
Complainant.

ARN H. FISHER
Respondent.

THE STAFF OF FLORIDA
TO: ARN H. FISHER; whose residence is 53 West Monterey Rd., Daytona, Florida; who is hereby notified that a bill for divorce has been filed against you in the Circuit Court for Seminole County, Florida, in Chancery No. 2198. You are hereby required to file your answer with the Clerk of said court at Sanford, Florida, on or before the 15th day of March, 1948, at 12:00 o'clock, noon, and to appear in person at said court on the 15th day of March, 1948, at 10:00 o'clock, a.m., for the purpose of hearing and determining the merits of the bill. If you fail to do so, the court may proceed to grant the bill for divorce and to make such other and final orders as it may deem proper. Witness my hand and the seal of said court this 15th day of January, 1948.

CLERK OF COURT
Clerk Circuit Court, Seminole County, Florida.
By D. L. Hunt, D. C. Attorney at Law, 111 E. E. Davis, Orlando, Florida.

Tax Cut Favored
(Continued from Page One)

debate Thursday and pass the bill next Monday."

Other Republican leaders agreed that Knutson's schedule is what to look for. They said the bill will pass the House with only two or three Republican votes against it from the Democratic side.

But they said they do not expect the measure to get the two to one margin which would be necessary to pass it over President Truman's disapproval. Mr. Truman has left little doubt he will veto the bill if it reaches him in its present form.

After House action, the measure will be in the Senate where it may be revised.

Frozen foods should be kept solidly frozen in the freezing unit of the refrigerator until they are to be used. If the whole box or package isn't needed it may be cut in two, and one-half returned to the freezer unit at once. The exposed end of the package should be wrapped securely in waxed paper.

Although carrots and onions and potatoes are usually used with greens, other vegetables make them interesting. For instance, green beans, whole grain corn, cabbage, tomatoes, peas and cauliflower or Brussels sprouts may all be added to good advantage.

One cup of jelly mixed with one-half cup hot water makes an excellent glass for a ham. Or brown sugar moistened with left-over sweet pickle juice may be used.

NOTICE TO APPEAR
TO: ELIZABETH BROWN; whose place of residence and address is unknown. You are hereby notified that a bill for divorce has been filed against you in the Circuit Court for Seminole County, Florida, in Chancery No. 2199. You are hereby required to file your answer with the Clerk of said court at Sanford, Florida, on or before the 15th day of March, 1948, at 12:00 o'clock, noon, and to appear in person at said court on the 15th day of March, 1948, at 10:00 o'clock, a.m., for the purpose of hearing and determining the merits of the bill. If you fail to do so, the court may proceed to grant the bill for divorce and to make such other and final orders as it may deem proper. Witness my hand and the seal of said court this 15th day of January, 1948.

Five French Airmen Die In Crash, Fire

ROMAINVILLE, France, Jan. 26 (AP)—Five airmen were killed when a four-engine transport crashed into a junkyard and burned alday in this Paris suburb.

The plane was used by Air France as a training ship for civilian airmen.

Although the crash and flames destroyed five houses and damaged a blacksmith shop, only one person on the ground, a blacksmith, was injured.

NO. 63

Eccles Ousted As Chairman Of Bank Group

President To Appoint Thomas B. McCabe As Head Of Federal Reserve Board

WASHINGTON, Jan. 27 (AP)—President Truman today shook up the leadership of the Federal Reserve Board of Governors, demoting Chairman Marriner S. Eccles and disclosing his decision to name Thomas Bayard McCabe of Philadelphia to the post.

An exchange of correspondence released by the White House, showed that Eccles was to be replaced by the board as vice-chairman.

Mr. Truman wrote Eccles that he had decided to appoint a new member to the board and to designate the new member as chairman as soon as the Senate confirms the nomination.

MCCabe, now chairman of the board of the Federal Reserve Bank at Philadelphia, was nominated to the board yesterday to fill the board vacancy created by the death of Ronald Ransom.

The letter to Eccles from the President which was not dated, said:

"As I explained to you last week, it is now my preference to appoint a new member of the board to fill the vacancy by the death of Vice-Chairman Ransom, and, when confirmed by the Senate, to designate him as chairman."

About the time the correspondence was made public, Senator Caphart (R-Ind) told reporters he had been informed by "a very reliable source" that Mr. Truman planned such a move.

Asked why, Caphart said he did not know, but added he has heard that bankers "look upon Eccles as being too idealistic."

"I am told," Caphart continued, "that they feel his policies have been wrong and have been responsible in part for inflation. Eccles is Secretary of the Treasury Snyder have been on opposite sides of the fence on (Continued on Page Two)

High School's Safety Driving Course Is Launched At Mayfair

Seminole High School's new course in safety driving under the instruction of C. F. Kettles was officially launched last evening at a dinner given at the Mayfair Inn by the Holler Motor Sales Company for 40 pupils taking the course, and their parents, and attended by officials of the Chevrolet Division of Jacksonville, American Automobile Association, school officials and representatives of law enforcement agencies. Dinner music was provided by the Kenny Kay Orchestra of DeLand.

Principal Herman E. Morris, amid much applause, was presented by "Bill" Holler with the keys to the brand new, cream colored Chevrolet automobile which was "unveiled" at the east end of the ballroom, and which is provided with dual controls for the easy instruction of pupils. Alvin Odham represented the local Holler Sales Company in the presentation.

Loaned by the Chevrolet branch of General Motors Corporation as part of the nationwide campaign in co-operation with the AAA to lessen the appalling accident and death rate on the nation's highways by proper instruction of young drivers in high school, the car may be kept either for six months, or until it has been driven 8,000 miles, after which another car will be provided for the next term.

Supt. T. W. Lawton, in outlining the purpose of the driving

course, stressed the need of practical experience in driving by pupils, also the importance of having respect for the rights of other people. By respecting the rights of other drivers, very few accidents would occur, he pointed out, and emphasized the need of teaching people to have a calm mind, rather than a frantic attitude when behind the steering wheel. He also stressed the need of learning all rules of the road.

Principal Morris, who presided at the dinner, read a telegram from Mayor Robert A. Williams commending the school for starting its new course in safety driving.

Benson Barker, branch manager of the AAA, in Orlando, congratulated the City of Sanford on its adoption of the course in driving, and pointed out that more than 10 years ago the AAA had started the movement after

200 Million Asked From Austria To Satisfy Russians

French Assembly Group Votes Down Free Gold Trade Act Jeopardizes Monetary Program Of Premier Schuman

WASHINGTON, Jan. 27 (AP)—State Department officials predicted today an early meeting of Big Four representatives to consider the new Russian proposal for an Austrian peace settlement.

A statement setting out the Soviet program was reported yesterday by the department from representatives of the Deputy Foreign Ministers' Council in London.

Officials began an immediate study of the formula, evidently in hope that it may clear the way to end Austria's occupation and restore the country's independence.

LONDON, Jan. 27 (AP)—A Soviet embassy spokesman said today Russia has asked Austria to pay \$200,000,000 in two years as full settlement of Soviet claims to former German assets.

He said this was part of an eight-point plan for resolving the four-power deadlock over the Austrian peace treaty.

Ambassador Georgi N. Zarubin asked for an early meeting of deputy foreign ministers of the United States, Russia, Great Britain and France to debate the Russian plan. The proposal was based on views of Soviet Foreign Minister V. M. Molotov, as expressed to the Big Four Foreign Ministers last fall.

British sources said they expected the Russian plan to be rejected.

70 Killed In Riots In Iraq In 24 Hours

BAGHDAD, Iraq, Jan. 27 (AP)—The Iraq cabinet resigned tonight after 24 hours of rioting in which 70 persons were reported killed.

BAGHDAD, Iraq, Jan. 27 (AP)—Hospital estimates tonight more than 70 persons had been killed in riots between civilians and police in the last 24 hours. Fighting erupted after Premier Saleh Jabr expressed his determination to remain in office and enforce the British-Iraqi treaty he negotiated recently in London.

More than 300 were reported wounded.

Students opposing the treaty have rioted intermittently for a week or more. The Iraqi Regency Council also expressed its disapproval.

37 Greek Guerrillas Killed, Hurt Or Taken

ATHENS, Jan. 27 (AP)—Press dispatches from Lania today said 37 guerrillas were killed or wounded and 10 captured in fighting between Government and rebel forces. The skirmishing occurred in the Mount Glionas area of north central Greece.

Other informants said 48 guerrillas were killed during recent operations on Mount Pieris, southwest of Salonika.

One loyalist commander said three high level leaders were killed in a skirmish with guerrillas.

Proposed Ban On Oil Exports Hit By Foster

Administration Official Opposes Plan Because Of Needs In Foreign Nations

WASHINGTON, Jan. 27 (AP)—The Administration, objected today to a ban on all oil exports, proposed because of the fuel shortage in this country.

Undersecretary of Commerce William C. Foster told the House Commerce Committee "in our opinion it would be a very dangerous thing at this time."

He conceded that there is an oil shortage in the United States, but argued:

1. The United States imports more oil than it exports and a ban on exports might "adversely affect" imports.

2. This country has "a moral responsibility" to countries depending on it for oil shipments.

"To stop could mean complete collapse in these countries," he said.

The House committee recommended yesterday that Congress legislate for that purpose was introduced in the Senate and a Senate committee suggested that the states fix new low speed driving limits, similar to the 35-mile-an-hour wartime limitation, to save gasoline.

Foster presented statistics on petroleum exports which showed that during the fourth quarter of 1947 the department permitted exports of 12,200,000 barrels. He said this was slightly more than half of what foreign governments said were their minimum essential needs.

He said that for the first quarter of 1948 the export quota is 11,850,000 barrels, which compares with 17,000,000 barrels exported in the first quarter of 1947.

Foster said the shortage of heating oils in the east was aggravated for a time by exports to Canada, upon which there are no controls. But he said the petroleum industry of Canada would be effective in 1948 to reduce imports of heating oil from the United States to 50 percent or less of the monthly average of imports during the first quarter of 1947. He said that this voluntary limitation would be extended through next April 30.

March Of Dimes Cards Are Mailed To Local Citizens

Only 750 March of Dimes cards were made available to the Seminole County chapter of the Incomplete Paralysis Foundation for this year's campaign, though 2,000 were ordered. The Rev. Mark Carpenter, county director, stated today as he stressed the necessity for all those who have received cards to return them with their contributions as early as possible.

He also urged all those who do not receive cards to mail their contributions anyway either to I. I. Frazier who is in charge of special gifts or to P. O. Box 1691 because it may not be possible to contact them on account of the shortage of cards. Last year (Continued on Page Two)

Ernest J. Scott Of Longwood Dies

Ernest J. Scott, 75, a resident of Longwood for the past 25 years, died Sunday evening following an illness of four months.

He was born Dec. 23, 1872 at Florence, S. C. He is survived by the widow, Mrs. Ann Scott of Longwood; one daughter, Mrs. J. R. Freeman of Longwood, three sons, T. W. and Lawrence Scott of Longwood and H. A. Scott of Washington, D. C.; three grandchildren, Harry Scott of Washington, D. C.; James Scott of Longwood, and Cheryl Freeman of Longwood; a sister, Mrs. Daisy Holmes of Mt. Olive, N. C.; and two brothers, Fred Scott and Guernsey Scott of Mt. Olive.

The Erickson Funeral Home has charge of arrangements for funeral and burial.

Funeral services for Mr. Scott will be held Wednesday afternoon at 8:00 o'clock at the grave-site in Longwood. The Rev. A. B. Marks of Washington, D. C. and the Rev. Joseph Crews of the Church of God, will officiate.

Colin English Visits Friends In Sanford

Colin English's successor as State School Superintendent will find a public school system which is "one of the best organized and administered in the state," Superintendent English, candidate for Governor, stated in an interview at the Herald office yesterday morning. Superintendent English stopped over in Sanford for a few minutes on a "quiet trip" around the state before launching his speaking campaign.

"As Governor of Florida it will be my purpose to bring to the State the same high degree of efficiency which has characterized the administration of Florida education during the last decade," he added.

An overseas veteran of World War I English entered the teaching profession upon his return to the States in 1920. He taught American Literature, French, Geometry, and General Science at Ocala High School. Since then he has been a school principal, supervising principal of schools, instructor at the University of Florida, and Lee county Superintendent of Public Instruction.

Ernest J. Scott Of Longwood Dies

Ernest J. Scott, 75, a resident of Longwood for the past 25 years, died Sunday evening following an illness of four months.

He was born Dec. 23, 1872 at Florence, S. C. He is survived by the widow, Mrs. Ann Scott of Longwood; one daughter, Mrs. J. R. Freeman of Longwood, three sons, T. W. and Lawrence Scott of Longwood and H. A. Scott of Washington, D. C.; three grandchildren, Harry Scott of Washington, D. The Erickson Funeral Home has charge of arrangements for funeral and burial.

Funeral services for Mr. Scott will be held Wednesday afternoon at 8:00 o'clock at the grave-site in Longwood. The Rev. A. B. Marks of Washington, D. C. and the Rev. Joseph Crews of the Church of God, will officiate.

Admiral Dies

BALTIMORE, Jan. 27 (AP)—Retired Rear Admiral Yates Stirling, Jr., many times killed the stormy petrel of the service, died of a heart ailment today after a three-month illness. He would have been 78 on Apr. 30.

House Group Votes To Cut Taxes 6 Billions

Hilter Promised Japanese Third Of World To Launch U. S. Attack

WASHINGTON, Jan. 27 (AP)—Norman Thomas, the Socialist leader, today urged adoption of the European Recovery Program but told the Senate Foreign Relations Committee it would be "monstrous folly" to try to use the plan to stop what he called "Democratic Socialism."

The House Foreign Affairs Committee, also holding hearings on the same proposal, heard Philip D. Reed, General Electric board chairman, declare that one ton of steel within \$5,000,000,000 how much the plan eventually will cost. Reed said that despite the uncertainties, he is convinced the aid must be extended.

Senator Taft (R-Ohio), who says the \$6,800,000,000 asked by President Truman for the first 15 months operation should be reduced, told a reporter he expects some help from Democrats in the drive to trim the fund. Taft himself has said he would like to cut it by \$2,000,000,000.

Reed said that despite uncertainties as to the cost he is "convinced that we must proceed with the program."

Without it, he said, Western Europe will be converted into "a political and economic concentration camp."

Reed spoke from a background as a businessman who has spent four of the last seven years in government service. For a year he was with the War Production Board in Washington and for two-and-a-half years in England as deputy and then chief of the U. S. Missions for Economic Affairs in London. He has made four trips to Europe since the war.

Reed said no one can figure Marshall Plan costs accurately for several reasons:

American prices have not been stabilized and no one knows where they will be in two or three years.

Food waste will mean a large difference in European food needs.

And a third factor, Reed said, (Continued on Page Three)

CIO Leader Raps New Punchboard

Electrical Union, Censures Truman

WASHINGTON, Jan. 27 (AP)—A spokesman for a big CIO union asserted today both the Democratic and the Republican Congress have been "seriously derelict" in fighting inflation.

Russ Nixon, Washington representative of the United Electrical, Radio Workers, told the Senate Banking Committee price controls should be restored immediately.

Along with it, he said, should be power to allocate, ration and pay subsidies to producers, especially farmers, where necessary to assure production at reasonable profit.

Nixon, who said he spoke in behalf of 600,000 members of (Continued on Page Three)

1,500,000 Disabled Civilians Could Be Made Employable

CHICAGO, Jan. 27 (AP)—More than 1,500,000 disabled American civilians could be restored to employment through rehabilitation services now available, the American Academy of Orthopaedic Surgeons was told today.

Michael J. Shattley, director of the U. S. Office of Vocational Rehabilitation, Washington, urged Academy members to bring their war and civilian rehabilitation experiences directly to state rehabilitation agencies in the form of professional advice and guidance.

The half he was with the problems faced in clearing up the accumulated backlog of the disabled, he said in a talk prepared for the Academy, are "the finding and encouragement of medical and hospital resources, and the early and purposeful union of medical with other vocational rehabilitation services to produce a balanced rehabilitation of the whole man."

'Voice' Bill Signed By President Truman

WASHINGTON, Jan. 27 (AP)—President Truman today signed legislation giving legal backing for the "Voice of America," radio weapon in the State Department's duel of words with Russia.

The program, by which the department broadcasts counter-Soviet propaganda in foreign countries, has been operated in the past on a year-to-year basis but has lacked a permanent statutory footing. Currently it is financed with a \$12,000,000 appropriation which Congress soon will be asked to raise by \$5,000,000.

The legislation signed today cleared the Senate and House without dissenting vote, scores of congressmen who visited Europe last summer reporting they found the United States on the losing end of the propaganda war with Russia.

Stassen Said Gaining General's Supporters

MANCHESTER, N. H., Jan. 27 (AP)—Harold E. Stassen, seeking support from members of New Hampshire's "Draft Eisenhower" movement, was told today he had a better chance than other aspirants to gain such backing.

Stassen will "probably get the bulk of the Eisenhower supporters," Publisher Leonard V. Finner of the Manchester Evening Leader said in the presence of Stassen and reporters. Finner, the man to whom General Eisenhower wrote his "not available" letter, was one of the first to meet the former Minnesota governor in New Hampshire.

THREE KILLED

NEW BUFFALO, Mich., Jan. 27 (AP)—State police reported three persons were killed and at least eight or 10 others were injured today when a south shore life bus collided with an automobile and overturned near here.

Income Taxes For 7 Million Lower Income Persons May Be Ended By Act

WASHINGTON, Jan. 27 (AP)—The House Ways and Means Committee voted 15 to 9 in a straight party split today for the Republican \$6,300,000,000 tax-slashing measure. That sends the bill to the House where a vote is expected next Monday.

The House expects to take the measure up Thursday. After it acts, the bill will go to the Senate. Republican leaders forecast the House will pass the bill "as is" but say the Senate may reduce the amount.

Chairman Knutson (R-Minn.) of the Ways and Means Committee is sponsor of the legislation.

The measure would end income taxes for 7,000,000 low-income persons among the 52,000,000 Americans who pay income taxes and would cut the taxes on 30 percent for smaller tax payers to 10 percent for those in the highest brackets.

The cuts would be effective as of last Jan. 1.

The measure provides for a cut back in deductions from wages and salaries, if Congress finally approves it, with tax payers to get refunds for any overpayments prior to congressional action on the measure.

Other main features:

1. Raise personal exemptions from \$500 to \$600;
2. Extend to all states the community property principle under which husbands and wives may divide the family income equally for tax reporting purposes, holding the income at lower tax rates;
3. Give special exemptions to (Continued on Page Two)

Several Changes Are Announced In Citrus Regulations

LAKELAND, Jan. 27 (AP)—The Federal Citrus Marketing Agreement Committee made only slight changes today in the type of fruit which Florida shippers can send from the state.

Consumers were made to obtain River shippers to permit shipment of "regular" No. 2 grade oranges instead of the "improved" No. 2 fruit. The change in grade permits a "little more distribution."

Industry and fruit men also will be allowed to send out larger oranges. The committee recommended that boxes containing from 125 to 250 oranges be shipped in the No. 1 russet or better grade. Interior fruit sizes and grades remained practically unchanged.

A. V. Sherman of Clearwater, chairman of the Growers Administrative Committee, said he approved the slight changes in the "Inland" River regulations with different regulations tending "to throw the two areas out of balance."

Smaller sized tangerines would be shipped under the recommendation permitting size 348 to five packing houses. At present only size 210 or larger are shipped.

J. C. Calhoun, 70, Died This Morning

John Caldwell Calhoun, 70 year old resident of 219 West Fifth Street died at 1:30 A. M. today in the local hospital. He was taken ill suddenly yesterday.

Born Aug. 19, 1877 in Cotton, Ala., Mr. Calhoun moved to Sanford about 19 years ago from Camilla, Ga. where he was engaged in farming. He was a member of the First Baptist Church in Sanford.

Survivors include the widow of Sanford; four daughters, Mrs. R. L. Beard and Mrs. J. T. Hardy, both of Sanford; Mrs. I. G. King of Albany, Ga. and Mrs. H. S. Campbell of Charleston, S. C.; three sons, J. A. Calhoun, Sanford; C. H. Calhoun, Montgomery, Ala.; E. W. Calhoun, Fort Mitchell, Ala.; two brothers, S. E. Calhoun of West Palm Beach and Hall Calhoun of Fort Mitchell, Ala.; one sister, Mrs. Sterling Coonan of Fort Mitchell; nine grandchildren and one great grandson.

Funeral services will be held Wednesday at 4:30 P. M. at the First Baptist Church with the Rev. W. P. Brooks, Jr. and Rev. J. E. McKinley officiating. Interment will be in Evergreen Cemetery.

Check Is Made On Air Mail Service

A check of air mail service between Sanford and Los Angeles, Calif., was started yesterday afternoon by the mailing of a letter from Postmaster Joel Field to the Los Angeles postmaster at 4:30 o'clock.

Charles Barchelder of the Orlando office of Florida Airways, Inc. co-operated in the project and G. D. Brooks, Station WTRR announcer, reported the sending of the letter on a plane that left the Sanford Airport at 6:15 P. M.

The message was due in Jacksonville at 6:30 P. M. and in Los Angeles this morning. A report from the Los Angeles postmaster is due here Wednesday morning.

RATES HIKED

MOBILE, Jan. 27 (AP)—Because of increased production costs, the Mobile Press-Register announced today its subscription rates would be increased slightly, effective Feb. 1.

In announcing the new rates, the jointly owned Press-Register since prewar years, and that other production costs had advanced sharply.

THE WEATHER

LAKELAND, Jan. 27 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Wednesday morning was partly cloudy and mild with scattered showers in southern districts.

The Wednesday forecast was partly cloudy to cloudy and mild showers in southern districts; rain in north in afternoon becoming cooler by night.

The outlook was colder in north and central districts Wednesday night but no frost danger Thursday. There was a risk of frost in northern districts Friday morning.

BIBLE VERSE FOR TODAY

MEMORY IS ETERNAL; WE CANNOT ESCAPE IT, SO LET US MAKE AMENDS FOR OUR WRONG DEEDS.—Mark 9:44

Colin English was a visitor in The Herald office Monday morning, exuding confidence that he will be in the runoff in the governor's race.

The French government has devaluated the franc so that you can now get 277 of them for one American dollar, instead of only 119.

The University of Oklahoma law school refused admission to a colored girl who the Supreme Court of the United States held should be admitted.

Florida newspapers have been speculating over what Joe Hendricks is going to run for in this Democratic primary.

It is interesting to note that, according to the Gallup Poll, President Truman is the strongest in the South of any other presidential candidate.

General Eisenhower has ruled himself out as a presidential possibility in no uncertain terms.

Reading The Stones

Niagara Falls had a rival -- the outlet for a vast lake that covered much of New England and stretched from Hartford, Conn., over Brattleboro, Vt., Springfield and Amherst, Mass.

The man largely responsible for digging out this fact of a prehistoric Niagara Falls, is Richard J. Lougee, professor at Clark University, Worcester, Mass.

By concentrating for years on what had happened in New England 20,000 years ago, the professor escaped involvement in annoying events in the current era of this region.

Court-Martial Rules

The House passage of the bill reforming Army court-martial brings out the fact that civilians and the Army have two entirely different ideas of the purpose of these trials.

The new bill interferes with this old-time doctrine by setting up an independent Judge Advocate General's Corps over which a field commanding officer has no control.

New Liberty Bell

Philadelphia is to have another Liberty Bell. And this one, like the old historic bell, is also cracked.

The bell is smaller than the old one, weighing only 15 pounds. It was carefully packed by the Rotary Club of Florence, and consigned to the care of the Rotary Club of Philadelphia.

It's a pleasant story, and the bell will be welcomed. It will peel good tidings, the song of friendship of two nations.

March Of Dimes
Seminole County collected 91 cents per capita and ranked 44th in the entire state.

Safety Driving
Mr. Barker stated that of the 25,000 high schools of the nation, two million well trained drivers could be turned out annually.

Tax Cut Vote
President Truman's substitute of the Florida Sheriff's Association at Daytona Beach, cited recent instances of accidents he had been called to, especially at night.

THE WORLD TODAY

By LARRY ALLEN (For Dewitt MacKenzie)

WARSAW, Poland, Jan. 27 (AP)—It may be called the "Eastern European Plan," but whatever it is, Poles say they and neighboring countries in Soviet Russia's orbit have beaten America to the punch.

The United Nations Relief and Rehabilitation Administration, pouring \$480,000,000 worth of food, industrial equipment and other aid into Poland in 1945 and 1946, with shipments still coming, generally is credited with laying the foundation for Poland's recovery.

The Poles claim their currency is sound. They say every shily issued brings one shily's worth of production. They assert inflation has been avoided through strict control of government expenditures and a gradual increase of banknotes in circulation as industrial recovery is speeded up.

With Czechoslovakia, Poland has opened her Baltic ports for Czechoslovakian imports and exports. She plans, with a aid of the Czechoslovak and Danubian countries, to link the Oder River by a canal through the Danube, thus providing an outlet to the Black Sea.

The Czechoslovakia have sent the Poles machinery for setting up factories for the production of tractors and farm machinery. They have supplied equipment for shoe-making factories.

Czechoslovakia and Poland have announced they'll build and jointly operate a big electric power plant at Nowa Dzwina, near Oswiecim.

Poland is supplying the Czechs with vast quantities of coal. The Czechs are sending in vast quantities of machinery. The two countries have an agreement for the "closest economic and industrial collaboration," which seems to be based on a virtually every branch of industry.

The pattern of integration is noticeable in more than industry. Poland has signed cultural conventions with practically every country in the Russian orbit.

Poland has a similar agreement with Yugoslavia. The pattern of integration is noticeable in more than industry.

Poland has a similar agreement with Yugoslavia. The pattern of integration is noticeable in more than industry.

THE WAR OF IDEOLOGIES

Escapee 23 Years Will Be Returned

ANNAPOLIS, MD., Jan. 27 (AP)—Brent L. Merrick, 63-year-old seaman who retired to his boyhood home on Maryland's eastern shore and lived quietly after escaping from a Florida prison 23 years ago, was ordered returned yesterday to face the remainder of a five-year sentence.

QUAKE RECORDED

NEW YORK, Jan. 27 (AP)—A sharp earthquake about 3,800 miles from New York was recorded today on the Fordham University seismograph.

Eccles Ousted

(Continued from Page One) how to curb the expansion of bank credit.

Mr. Truman, in his Nov. 17 message to the special session of Congress, asked for legal power to restrict bank credit.

To carry this out, Eccles asked the Senate and House Banking Committee to require banks to set up a "special reserve."

President Truman also created an emergency board to investigate a wage dispute between the railroad and railway unions. Under the Railway Labor Act the President is empowered to appoint a fact-finding board which has 30 days to hold hearings and report back to the White House.

A White House announcement included a long list of carriers involved in the dispute with the Brotherhood of Locomotive Engineers, Brotherhood of Firemen and Enginemen and the Switchmen's Union of North America.

The order said the dispute threatened to interrupt commerce to such a degree as to deprive the country of essential transportation service.

SHIP SENDS 808' MANHA, Jan. 27, (AP)—Globe-wireless reported tonight it had intercepted a message from a steamer identified as the Lindell, asking for immediate assistance but giving no details.

The vessel's position was given as 34.39 north latitude and 125.6 east longitude. (The American Bureau of Shipping does not list any vessel named Lindell. An Eben H. Lindell, a 250-foot single-screw vessel owned by the U. S. Maritime Commission, is listed.) The position given would place the ship in the Yellow Sea between China and Korea.

Advertisement for The Florida State Bank of Sanford. Includes the slogan 'SOUND, FRIENDLY ADVICE.....' and an illustration of a man and a woman sitting at a table. Text: 'When you visit our bank, we would like you to think of it as a visit to the house of a friend... a friend you feel free to confide in. Talking things over with someone in whom you have confidence enables you to clarify your thoughts and often solve your problems.'

Social And Personal Activities

Social Calender

TUESDAY
The Sanford Story League executive board will meet at 7:30 P. M. at the Presbyterian Church.

WEDNESDAY
The Fine Arts Department of the Sanford Woman's Club will meet at 8:00 P. M.

THURSDAY
Seminole Rebekah Lodge No. 43 will have their regular meeting and installation of officers at 8:00 P. M.

FRIDAY
The W. M. U. will be held at the First Baptist Church of Deland at 10:00 A. M.

SAT. CAL
A turkey supper will be held at the First Methodist Church from 5:30 P. M. to 8:00 P. M.

SUNDAY
The W. M. U. of the First Methodist Church will meet at the following places:

MONDAY
The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Monday afternoon in the church annex.

TUESDAY
Reports were heard from the various committees and Mrs. T. E. Wilson gave the financial report.

WEDNESDAY
The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Wednesday afternoon in the church annex.

THURSDAY
The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Thursday afternoon in the church annex.

FRIDAY
The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Friday afternoon in the church annex.

SATURDAY
The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Saturday afternoon in the church annex.

Mrs. Brailey Odham Hostess To Circle

Mrs. Brailey Odham was hostess to members of the Elsie Knight Circle of the First Baptist Church at her home on Magnolia Avenue last night.

Mrs. Henry Jameson, chairman, presided after the meeting opened with a prayer offered by Mrs. R. L. Garrison, advisor of the group.

Mrs. Odham read a letter from the Baptist Foreign Mission Board concerning Mrs. Knight, a missionary to Nigeria, for whom the circle is named.

Sixty years in Royal Service was the topic of the program which was directed by Mrs. Walter Feeler.

Others taking part were Mrs. Joe Koke, Mrs. A. L. Thomas and Mrs. Cliff Ables.

Mrs. Feeler recounted some interesting facts concerning missions, stating that the first Baptist Women's Missionary Union was formed in 1802 in Boston by a woman who was confined to a wheel chair.

The watchword, "At the name of Jesus every knee should bow" was given by Mrs. Jameson and the missionary song, "Jesus Shall Reign" was read by Mrs. Odham.

Mrs. Odham, Mrs. Feeler, Mrs. Koke, Mrs. Thomas, Mrs. Ables, Mrs. Hal A. Colbert, Mrs. W. A. Cagle, Mrs. Thomas, Mrs. Koke, Mrs. Jameson, Mrs. E. B. Carter, Mrs. Feeler, Mrs. John Kader, Mrs. Laurine Boal and Mrs. Frances Granger.

Following the meeting Mrs. Odham served refreshments to the following: Mrs. Garrison, Mrs. Ables, Mrs. Hal A. Colbert, Mrs. W. A. Cagle, Mrs. Thomas, Mrs. Koke, Mrs. Jameson, Mrs. E. B. Carter, Mrs. Feeler, Mrs. John Kader, Mrs. Laurine Boal and Mrs. Frances Granger.

The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Monday afternoon in the church annex.

Reports were heard from the various committees and Mrs. T. E. Wilson gave the financial report.

Following the business session a social hour was enjoyed. Those present for the meeting were Mrs. C. C. Priest, Mrs. C. A. Ponder, Mrs. D. E. Guerry, Mrs. C. F. Ellis, Mrs. B. T. Dyal, Mrs. George McCrum, Mrs. J. C. Holton, Mrs. R. M. Mason, Mrs. Nettie Tilla, Mrs. Percy Chapman and Mrs. A. D. Shoemaker.

Also Mrs. Flossie Goodson, Mrs. Nellie Vaughan, Mrs. J. D. David, Mrs. W. S. Thornton, Mrs. L. P. Harkey, Mrs. T. E. Wilson, Mrs. J. C. Waites, Miss June Waddell, Mrs. Lor and visitors, Mrs. D. B. Scott, Mrs. Ida, Yeomans and Mrs. Nellie Wills.

BISHOP MOORE SPEAKS
LAKELAND Jan. 27 (Special)—Lishop Arthur J. Moore, president of the General Board of Missions of the Methodist Church and presiding officer of the Florida Methodist conference, will be the speaker for Religious Emphasis Week, Feb. 1-6, at Florida Southern College, President Ludd. M. Spivey announced today.

Ginger snaps spread with apple butter make an excellent after-school snack.

Personals

Mrs. Earl Higgenbotham and daughter returned recently from Jacksonville where they spent ten days.

Friends of Mrs. H. E. Weekly will be sorry to learn that she continues to be ill at her home in Orange City.

Friends will regret to learn that Mrs. John Andes, Jr. is confined to the Fernald Laughton Memorial Hospital as the result of an accident in her home last Friday.

Mr. and Mrs. Charles Parsons of Amsterdam, N. Y. plan to arrive on Friday by plane to spend some with Mr. and Mrs. Clyde Terwilliger, Jr. at their home at 120 West Sixteenth Street.

Mrs. E. H. McMillon of Healdton, Okla. is the guest of her brother, W. M. Fox, of Sanford. Both Mrs. McMillon and Mr. Fox are natives of Newport, Tenn.

Mr. and Mrs. A. C. Madden and children, Theron, Edwin and Myra Jane, and Miss Hazel Routh spent Sunday in St. Cloud with Mr. and Mrs. Ted Hasty. They attended a birthday dinner honoring Mr. Hasty and Mrs. Harold Madden.

Lieut. Walter M. Turner left this morning after spending the past two months with his parents, Mr. and Mrs. R. W. Turner, at their home on Park Avenue. He plans to visit for some time with his sister and brother-in-law, Mr. and Mrs. H. G. Drake and family, in Gastonia, N. C. and with Mr. and Mrs. Frank L. Woodruff, 111 E. Hendersonville, N. C. before leaving on Feb. 1 for Fort Benning, Ga. where he has been assigned to the 37th Infantry Regiment.

Following the meeting Mrs. Odham served refreshments to the following: Mrs. Garrison, Mrs. Ables, Mrs. Hal A. Colbert, Mrs. W. A. Cagle, Mrs. Thomas, Mrs. Koke, Mrs. Jameson, Mrs. E. B. Carter, Mrs. Feeler, Mrs. John Kader, Mrs. Laurine Boal and Mrs. Frances Granger.

The monthly meeting of the Truth Seekers Class of the First Methodist Church was held on Monday afternoon in the church annex.

Reports were heard from the various committees and Mrs. T. E. Wilson gave the financial report.

Following the business session a social hour was enjoyed. Those present for the meeting were Mrs. C. C. Priest, Mrs. C. A. Ponder, Mrs. D. E. Guerry, Mrs. C. F. Ellis, Mrs. B. T. Dyal, Mrs. George McCrum, Mrs. J. C. Holton, Mrs. R. M. Mason, Mrs. Nettie Tilla, Mrs. Percy Chapman and Mrs. A. D. Shoemaker.

Also Mrs. Flossie Goodson, Mrs. Nellie Vaughan, Mrs. J. D. David, Mrs. W. S. Thornton, Mrs. L. P. Harkey, Mrs. T. E. Wilson, Mrs. J. C. Waites, Miss June Waddell, Mrs. Lor and visitors, Mrs. D. B. Scott, Mrs. Ida, Yeomans and Mrs. Nellie Wills.

Rotary Club Will Have Annual Dance

Plans are being made and committees were appointed yesterday for the first Rotary Club dance to be held in a number of years. These dances were an annual affair for the club but were discontinued during the war years.

The dance will be held on Saturday, April 7, at the Mayfair Inn. James C. Higgins is serving as chairman of the dance committee, and others making up the group are Robert Harris, Jack Ratigan, George A. Speer, J. L. Ingley and Lind Weber. The special invitation committee is under the direction of Roy Hopper and serving with him are George Touhy, Robert Cornell, Edward Higgins and R. L. Dean.

Covered Dish Supper Is Given At Center

A covered dish supper was enjoyed last evening at the Tourist Center by more than 100 winter visitors.

A regular meeting of the Sanford Rotary Club followed and plans were made for an inter-city shuffleboard match Friday afternoon at 3:00 o'clock, said E. M. Armitage, director of tourist activities.

Following the match, the visiting players and guests will be invited to a supper with the club members.

At 8:00 o'clock, they will attend a performance of the "Lest-Is" who will display magic and sleight of hand. Non club members are invited to attend this show, said Mr. Armitage.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Norman E. Wedekind of Deland announced today the birth of a daughter, Norma Jean, on Jan. 26 at the Deland Memorial Hospital. Mrs. Wedekind will be remembered by her friends here as the former Virginia Perold.

Mr. and Mrs. W. F. Freeman today announced the birth of a daughter, Jean Louise, on Jan. 18 in the Fernald Laughton Memorial Hospital. Mrs. Freeman is the former Louise Melton.

STETSON BROADCAST

The broadcast Theatre by the Radio Workshop of Stetson University will be heard over Station WTRR, Sanford, Wednesday at 7:45 P. M. The players will present the third in their series of famous tales by renowned authors, "Mammon and the Archer," a short story by O'Henry, will be dramatized Wednesday evening.

Seminole Hi

Tuesday's meeting of the Seminole High School Key Club will be presided over by the new president, Fred Rosetter. At the luncheon last Tuesday Porter Lansing, our president for last semester, reviewed the many outstanding projects promoted and executed by the Key Club and complimented them on their cooperative spirit. He presented the three sponsors of the club, Margaret Partin, Lillian Moran, and Joanne Williams, with pins of the Key Club for their help in the Clubs projects last semester.

The senior play cast is giving everyone a fair warning that if anything goes wrong it will be because they are presenting it on Friday the 13th. If you notice Margaret Partin going around with a long face, cheer her up because it isn't her fault that she's in such a mess (in the play, of course).

Everyone in town should plan to attend Seminole High School's first Band Concert Thursday night at 8:00 o'clock. Don't reach for your pocket-book. It's really free. (Free-will offering, of course).

Friday in chapel the Pep Club presented another skit. Myra Madden, Frances Pavlick, Martha Hogan and Margaret Von Herbig portrayed the parts in the City Slicker. In a contest between Coach Ganas and Coach Tyler the two teams to play Friday night were given nipped bottles of cold drinks. Coach Ganas finished first, he represented our team.

Everyone in school anxiously awaits the volley ball game Tuesday morning between the faculty and the sophomore class. Everyone expects it to be a humdinger.

Dot Whitner, took the Pepsi-Cola test in Orlando Saturday morning. If Dotty Ann wins she will be awarded a scholarship for four years in the United States college and back paid for each year, plus \$25 a month spending money. Everyone in school is wishing Dotty Ann good luck. Dotty Ann said that she doesn't know yet how she did on the test but she certainly hopes she wins.

HISTORICAL MEETING

All historically minded residents of the state are invited to attend the sessions of the Florida Historical Society to be held in the ballroom of the George Washington Hotel in Jacksonville on Feb. 6-7. Each ticket of \$5.00 will include the dinner and a night's lodging. Tickets are on sale at the hotel.

Don Amehs cannot the most promising film of the new year. Built along "Gaalight" lines, it has enough original touches to offset its familiar theme.

Squares of hot cornbread make an excellent base for creamed chicken or turkey a la king and save bread.

SMILING AS THEY DANCE at the Navy Relief Society Ball in Washington are Margaret Truman, daughter of the President, and Robert Taylor, movie star and a lieutenant in the U. S. Naval Reserve. The society, organized in 1904, aids needy Navy families.

Commodore Perry's Flagship 'Niagara' Being Rebuilt As Pennsylvania Shrine

By WILLIAM G. SMOCK
AP Newsfeatures
ERIE, Pa.—Old salts from the days of "wooden ships and iron men" are expected to help the state of Pennsylvania finish restoring one of the nation's most famous sailing ships—Commodore Perry's Flagship Niagara which played a thrilling role in the Battle of Lake Erie during the War of 1812.

It was on the stout decks of the Niagara on Sept. 10, 1813, that Oliver Hazard Perry wrote his famous message: "We have met the enemy and they are ours." These words marked the end of the British threat to the United States' northwest frontier.

The Niagara now is being rebuilt in the Erie harbor as a state shrine. The hull—containing the original black oak keel of the famous ship—was virtually completed by 1911 but since then, the war and inability to find anyone able and willing to duplicate the rigging have left the work at a standstill.

The state advertised twice for bids on the rigging but received not a single nibble. It looked like the end of the romance of sailing days and officials began to think the modern age had won a final triumph.

Then old sailors, many of them deep water fishermen from down east, began to express interest. A trickle of inquiries grew into a deluge of offers to reconstruct the rigging. Many women offered to do the job for expenses only.

The hull, now resting in a cradle at the water's edge in Presque Isle Bay here, is an exact duplicate of the original. No nails or spikes were used in its deck structure. Wooden pegs do the job as they did when the first Niagara was built. All ironwork was hand-forged.

The Niagara, built on Clipper lines adapted to the Great Lakes, is 110 feet long, 29 feet in beam and has a nine foot draught. She is a two-masted, square rigged brig built to sail before a fresh breeze. Twenty guns will be mounted on her deck.

The Niagara and five other ships which made up the largest part of Perry's nine-ship fleet were built in the spring and early summer of 1813 on the shores of the Erie bay when what are now the city limits of the virgin forest, purchased at the rate of a dollar a tree, fell to axemen constructing the fleet dedicated to driving the British from the lakes.

The fleet was back at Erie within a month after leaving the roadstead to sail before a fresh breeze. Perry's fleet, hailed as one of the world's most significant naval engagements.

In 1813, after the fledgling United States went to war with England, the northwest frontier was in a perilous state. The enemy maintained a provincial navy on the lower lakes and constantly menaced such towns as Buffalo, Erie and Detroit. Indian tribes, many of them inflamed against the Americans, marauded regularly.

Realizing the nation must protect its own backyard, President Madison ordered a fleet built. The 27-year-old Perry, a resident of Newport, R. I., arrived to direct the work and take command. Powder was hauled in Conestoga wagons from the duPont powder plant in Delaware. Iron came from Buffalo and Bellefonte, Pa., and rigging from Philadelphia.

Perry's fleet, carrying less than 400 able-bodied men including many landsmen volunteers, set sail Aug. 15 to find the British fleet. The British, with 490 trained crewmen and six ships, were found near the present city of Sandusky, O., and battle was joined in Put-in-bay, Ohio. The British were armed with 63 guns and the Americans with 54.

The American forces took a bad beating in the early stages and the brig, Lawrence, which carried Perry at the head of the line, was almost battered to pieces. About 25 of her crew of 103 were killed or wounded. Perry draped his battle flag—reading "Don't Give Up The Ship"—over his shoulder and

H. G. Lundquist Is Honored At Meeting

H. G. Lundquist, president of the Townsend Club, was honored with a surprise birthday party in celebration of his 67th birthday anniversary at the meeting of the club held in the Tourist Center on Friday night.

During the business session presided over by Mr. Lundquist, plans were made to celebrate Dr. Francis F. Townsend's 81st birthday. W. S. Thornton was appointed chairman of a membership committee.

After the business session a social hour was enjoyed and the birthday cake presented to Mr. Lundquist was cut and served with other refreshments to the large number of members and visitors attending.

MAGUIRE HONORED

GAINESVILLE, Jan. 27 (Special)—Raymer Maguire, Jr. of Orlando, a law student at the University of Florida, has been elected president of Florida Blue Key, student leadership fraternity, succeeding Mark Hulsey, Jr., Jacksonville.

Cramped flaked fish, spiced with individual baking shells and sprinkled with cheese before going under the broiler is a good dish to serve for Sunday night supper. Accompany the fish with a green salad and a hearty dessert of hot apple pie and cheese.

JAYCEE MEET

Announcement was made today that the Junior Chamber of Commerce luncheon scheduled for Thursday at noon will be held in the ballroom of the Mayfair Inn instead of the usual meeting place in the coffee shop.

Glorifies, highlights and lusterizes all shades of hair with abundant color. MOREEN colors are TEMPORARY... are intended to wash out of the next shampoo.

Giant Executives Decide To Re-Work Municipal Park

Clay On Infield To Be Removed, Hauled Away And Replaced With Better Soil

By ARTHUR BECKWITH, JR., Herald Sports Editor

Work is progressing on the Municipal Baseball Park.

John Lobert and Hal Gruber have undertaken the task of reworking the infield at the park so that it will be in first class condition for the 1948 Florida State League baseball season.

The day after a recent rain, Lobert inspected the eight new fields at the Municipal Airport and found that the diamonds were in playing condition. He also went to the Municipal Park, only to find the field nearly under water.

Lobert and Gruber then decided to investigate why the water was staying on the field. Upon digging several holes in the infield, they discovered heavy clay, through which no water could drain.

Yesterday the Giant executives went to work to renew the infield at the park.

The top soil has been taken off and set aside for use on the reworked field. The heavy clay will be removed, and hauled away, then a rotor-tiller will be employed to mix the five inches of clay and sand that lie under the clay that is being removed.

When the underground work is completed, a new surface will be placed on the infield, which will be ready for use by the time that the Minneapolis Millers arrive for their spring training schedule.

The fence rebuilding program is underway, and the left field and right field wall will be 330 feet from the home plate, Lobert stated. Centerfield will be 375 feet from the plate.

Work is continuing on the eight fields at the Airport. Gruber stated that the fields will not be quite as good as they should be, but they will be good enough to hold spring practice on. "Next year they will be in swell condition," Gruber added.

Lobert reported that several men are already here awaiting the try-out school. "We are going to have a large group of youngsters here for the school," Lobert asserted. The school is slated to open next Sunday.

R. C. Carter Reports Large Bass Catch

R. C. Carter of 417 West Twelfth Street brought a string of 14 black bass to The Herald office late yesterday afternoon. The smallest bass on the string weighed slightly over three pounds and ranged up to seven pounds.

Carter was fishing with his wife and small son Donnie. He reported that he was fishing with shiners on a True Tomper rod with a Shakespeare reel. His wife used similar equipment.

Where were the fish caught? That's right—on the St. Johns River between the Osteen Bridge and the Geneva Bridge. It took only one and one-half hours to make the catch.

Five for their spring training schedule.

The fence rebuilding program is underway, and the left field and right field wall will be 330 feet from the home plate, Lobert stated. Centerfield will be 375 feet from the plate.

Longwood Dogs Will Clash At Track Tonight

A pair of Longwood greyhounds, Flovine and Leapy Leah, will clash for top honors in the ninth and feature event tonight at the Sanford-Orlando Kennel Club. The native canine products are trained by the veteran Ed Willard of Longwood and tonight's headline event brings them in competition together for the first time this season.

Several large mutual refunds were returned last night when the 8-3 combination in the daily double netted \$119.40. The winning dogs were Hilt Step and Gypsy Doll. The quinela on the sixth race paid \$112.40 when the 6-8 combination romped in. The greyhounds figuring in this payoff were Huffines and London By.

It was announced tonight by General Manager Robert B. Baird that a special March of Dimes handicap would be run as the feature event Friday night.

Tonight's Entries

First Race-Parity
Jack Sherwood, Key Note, His Image, Johnnie's Choice, Dauntless, Drum Boy, Laura's Daughter, Hilt Step.

Second Race-Parity
My Dandy Boy, Gabby Lad, Greyhound, Betty Doo, Flight C, Lenox, Matron, Gray Dust, Sarah Lennox.

Third Race-5/16 Mile
Blackwell, Rural, J. J. Bean, Girl, Never Fear, Betty Shay, Never Fall Me, Lady Fortune, Peggy O'Leary.

Fourth Race-Parity
Mac's Red Night, Lucky Max, Corby's Blitz, Pecky Hippo, Candy Lane, Sir William, Tribune Chief, Brave Life.

Fifth Race-Parity
Captain Hagen, Sunola, Town Ship, Pool Proof, Bombed Red, Pioneer, Rocky Doo, Flight C, Lenox.

Sixth Race-5/16 Mile
By Geric, True Girl, Police Patrol, Red Wagon, My Jelly Bean, Taunton Girl, Just A Wac, Tree C Pak.

Seventh Race-5/16 Mile
Sheryl, Red Thunder, Afloat, Tippy Guide, Merry Hatch, Longwood Boy, Town Ace, Barney Brown.

Eighth Race-Parity
Lotta Reaske, Ritaie Roll, Country Town, Tropic Wind, Lady's Shadow, Paddy Squak, Mokanna, Blue Judgment.

Ninth Race-5/16 Mile
Hand Out, Little Shooter, Happy Leah, Flovine, Black Larry, Honey Matron, Sheltee, Grand Bud.

Tenth Race-5/16 Mile
Miss Sandusky, Rocky Lad, Baby Hound, Golden Matron, Zip, Ciel, Lady Boots, Town Boy, Lane Twister.

Navy Director Says Coach Will Be Named Soon

ANNAPOLIS, Md., Jan. 27 (AP)—The odds seem to run high today that the Naval Academy's first civilian football coach will hail from the western plains—land of the Big Seven.

Capt. E. B. (Whitey) Taylor, director of athletics, said a name probably would be ready for submission to the Academy superintendent by early next week.

The field of possibilities was narrowed down considerably when Charles (Bud) Wilkinson, University of Oklahoma mentor, reported here for an interview yesterday, and Taylor intimated there would be talks with "one or two others" before the final choice.

There was no word on whether or not the "one or two others" consisted of more than Coach George Sauer of Kansas, slated for an interview today.

Asked if conferences would be held with any others, Capt. Tom Hamilton, retiring coach who will succeed to Taylor's post shortly when the latter goes on sea duty, replied: "I refuse to answer that question."

Oklahoma and Kansas were tied up last fall for the big seven championship.

The Navy has been looking for a mentor in football since it announced two weeks ago its intention to scuttle the tradition of using Annapolis alumni as head coaches.

OLYMPIC COACH

By Jack Sords

MacPhail Says He Will Not Go Back To Diamond

BEL AIR, Md., Jan. 27 (AP)—Larry MacPhail, living the life of a gentleman farmer on his magnificent 600-acre estate near here, swears he never will return to baseball.

"Nineteen years of working 12 to 18 hours a day is enough," declared the former boss of the Yankees as he gazed through the picture window of his vast living room. "I'm through, and you can bet your last dollar on that."

"In a few weeks Jean (Mrs. MacPhail) and I are going to head for Florida, and we're going to sit up in the grandstands down there and eat peanuts and enjoy ourselves for the first time—just watching baseball and not worrying about broken legs. We have invited Sam Breardon to sit with us."

The former stormy petrel of baseball, who received a check for \$2,000,000 for his Yankee interests last October, expects to clear as much money breeding and selling Aberdeen Angus cattle as he could running a ball club, and to have a lot more fun in the process.

His herd of the black, squatly animals now numbers 150, including a short-tempered bull from Scotland which set him back \$10,000. His huge establishment is the most modern that Agrarian science—plus Larry MacPhail—could devise. Best of all, there is a foreman who knows how to conduct a cattle hatchery.

"Why should I go on taking a beating in baseball when I can live like this?" Larry asked, reasonably. "There are a lot of steaks in the frozen food locker downstairs, and more where they came from. The swimming pool is great in hot weather, and by next summer we'll have a two-acre lake stocked with fish."

Pittsburgh Is Scene Of Brawl After Tilt

PITTSBURGH, Jan. 27 (AP)—A near riot flared at the close of the Duquesne-Texas Wesleyan basketball game in The Gardens when a heckling spectator last night accused a Duquesne player of throwing the game.

The contest, in which Wesleyan, an downed hitherto undefeated Duquesne 57-53, was barely over when fists began to fly, chairs were overturned, and a large part of the crowd of 4,193 fled out on the playing floor.

After they had quelled a 10-minute melee, police said no one had been seriously hurt and nobody had been arrested. They did not identify any of the persons who took part in the fracas.

Fed Cagers Invade Leesburg Tonight

The Seminole High School Celery Fed basketball five will invade Leesburg tonight for a twin engagement with the Yellow Jackets.

The Feds are slated to return home on Friday night to meet the Palatka High School Maroons at the high school court.

Japanese and German teams are barred from the 1948 Olympics.

At Umpire School

August Buro, 27, hails from Brooklyn, where he has been employed as a bank clerk. He served in the Army and has played baseball in industrial leagues.

Robert Carley is a bus driver from Ashville, Ohio. He is 31 years old.

Charles Carr worked in a factory in Philadelphia. He is a veteran of Navy service and is 32 years old.

Sidney Carik has umpired while in the Army. His home is Cambridge, Mass. He is a basketball official and is 25 years old.

James Coe makes his home in Owosso, Mich., where he has been employed as a welder. He is 19 years old.

Jack Collins, 29, is a student from East Providence, R. I., and has served in the Army.

Ralph Collins hails from Pleasantville, N. J., where he has been employed as a carpenter. He has umpired in service baseball.

Frank Comfort of Westley, R. I., is a mill hand. He is 34 years old and has umpired seven years.

Carl Cook, 35, is from Worthington, Ohio, and has been a painter. He served in the Army.

Grammar Tourney Is Won By Group Three

Group three won a recent round robin touch football tournament held at the Sanford Grammar School.

Group four placed second among the four teams competing. The tournament winners won all games played.

The roster of the winning team included: Dickie Westwoodland, Dicky Moss, Randall Renolds, Randall Ferrell, Richard Barineau, Ronald Sorna, Joel Moss, Stanley Katz, Johnny Carter, J. C. Melice, Rodman Brumley, John Benton. Co-captains were Stanley Katz and Richard Barineau.

Captains of team four were Milner Osborne and Ross Mannum.

Sports Roundup

Names In Names

Most appropriately named college athlete we've heard about since Frank Merriwell left Yale is Swift Noble, who'll return to the Western Michigan College basketball team next semester. It's a cinch he'll do a lot of scoring (he's 6-5) and never will foul out. On the same subject, Paul Mall is the new swimming coach at De Paul U. . . . just watch his smoke.

One-Minute Sports Page

Heavyweight Glad Buotvino, who weighed 194 pounds when he came over from Italy last spring, ate himself into a 215-pounder before Charlie Johnston put him on a diet. . . . Jim Lacey, who scored 667 points for Loyola of Baltimore last basketball season and is going at the same clip this year, never has come close to his father's one-game record. . . . Jim, Jr., once made 37 points; Jim,

Pasquel Will Invade Cuba To Get Players For Mexican Circuit

NEW YORK, Jan. 27 (AP)—Peace between organized ball in the United States and the Mexican League apparently is a long way off.

Jorge Pasquel made that clear yesterday during an interview with reporters in his sumptuous hotel suite.

Pasquel, who induced a number of players to jump their organized ball contracts three years ago, said he was going to Cuba next week to sign players for the coming season.

"I don't care what they are, American, Cuban, Mexican. If they want to play baseball and have a good time, I will pay them," Pasquel said.

Pasquel terminated the recent peace talks between Mexican commissioner Alejandro Aguilar Reyes and Walter Mulhry, secretary to commissioner A. B. Chandler as inconsequential.

"If Chandler wants to do anything he must talk to me personally. Nothing can be done by a tourist," the monied magnate said.

"I thought you no longer were the head man in Mexican baseball," remarked a reporter.

"Jorge Pasquel is the head man," he replied. "When Pasquel runs a business, he runs it."

"Last year, I did not have much time for baseball. I was busy buying a newspaper. Now I am going to get some players. I will organize the league in the spring. Then the commissioner will run it. This year we will have eight teams, not six like last year when we lost a million pesos (\$250,000). Too many rainy nights."

Pasquel also flared up when he saw his league dubbed as "outlaw" in a newspaper. "Who says outlaw? What international board decides that? Bah, outlaw. I say your baseball is a monopoly. How about the people in California. They try to get into your big leagues and you say no. Why? Are they outlaws, too?"

Mr. hit 37 field goals for 74 points in 1922 as Loyola High School beat Park School, 162 to 4.

Clyde King, the young Dodger pitcher, has worked all winter developing a knuckleball. . . . that show the change from the days when the Dodgers specialized in knuckleheads.

Unusual Weather

The Tulane U. athletic dept. reports the receipt of a letter from Southern California (home of "usual" weather) offering "a machine which will prevent rain from falling inside your stadium and, therefore, will eliminate all rain checks." . . . The inventor also offers, for a small additional fee, to "lower the temperature on hot days from 20 to 30 degrees without the use of expensive machinery." . . . Reading about the California drought, we wonder if the rain-preventer could have gone out of control.

Circus Lion Wounds 2 Trainers Critically
MAON, GA., Jan. 27 (AP)—A circus lion turned upon its trainer today, wounding him critically, and then wounded another circus employee before a boss canvasser killed it with a shotgun.
Floyd King, owner of King Brothers Circus, listed the men as Joe Cook, 47, the trainer, of

Cincinnati, and Steve Fanning, 36, Milton, Wis. Both were admitted to Macon Hospital in serious condition.
King said the animal was being exercised in a large cage at winter quarters when it suddenly leaped snarling onto Cook, gashing his throat and tearing his flesh in many places. Fanning, an assistant boss canvasser, rushed to his aid and was attacked also.
Edoch Braddock of Gastonia, N. C., boss canvasser, ran for a large-gauge shotgun, and killed it with four charges.

Rural Common Sense
By SPUD JOHNSON
MANY ADVANCEMENTS FORESEEN FOR FUTURE OF FLORIDA FARMING

When it comes to farming in Florida, "the old gray mare ain't what she used to be." And in the future it probably will be different from what it is now as advancements continue to be made with the years.
Perhaps the most important change is from general policies which depleted—soils, forests and other natural resources—to those which conserve and improve. Soil conservation has come into widespread prominence in recent years, but Florida soils require more than conservation. Holding what we have is not enough—we must improve and add to what we have. Better winter and summer cover crops and farming practices are helping to bring about improvements.
Farms are larger now than they were some years ago, and probably will continue to increase some in size as the economy of large-scale operations appeal to farm operators. However, small farms—family or subsistence farms—will continue to be important for a long time to come.
Industries will develop in rural

areas to give off-season employment to the farm workers, and thus will enhance the value of subsistence farming.
Livestock is constantly growing in importance in farm operations throughout Florida. Improved pastures and better cattle, hogs and other livestock have made a noticeable mark already, but even better methods almost certainly are destined to come with the years.
Restocking farm forests and the sale of pulpwood and other timber products will be more important in the future. The South-east is now looked upon as the source of this country's future timber supply, and Florida will be playing an important role. Timber grows rapidly here when given a chance, and landowners are becoming timber conscious.
Temporary setbacks, such as the leaf spot disease which nipped

a thriving oak industry in the mid during the past two years, will be encountered, it's true, but research by the University of Florida Agricultural Experiment Station and other agencies will overcome them. Breeding and selection will continue to give new and improved varieties of crops. Research is fast bringing better methods of disease and insect control.
Marketing problems will be licked one way or the other, and Florida agriculture of the future will be on a constantly progressive scale.

SINUS SUFFERERS
FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE
The relief of sinus trouble is now possible. A formula which has been developed by the University of Florida, and which has been found to be effective in the treatment of sinusitis, is now available in a form which is easy to use. It is a powerful, yet gentle, remedy which relieves the most distressing symptoms of sinusitis, such as nasal congestion, headache, and general misery. It is a true sinus cure, and is available in a form which is easy to use. It is a powerful, yet gentle, remedy which relieves the most distressing symptoms of sinusitis, such as nasal congestion, headache, and general misery. It is a true sinus cure, and is available in a form which is easy to use.

Legal Notice

IN COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, STATE OF FLORIDA, IN PROBATE.
IN RE: THE ESTATE OF CARL J. BENSON, Deceased.
TO ALL WHOM IT MAY CONCERN:
Notice is hereby given that N. MOONEY filed his final report as administrator of the estate of CARL J. BENSON, deceased, that he filed his petition for final discharge, and that he will apply to the Honorable H. W. Ware, County Judge of Seminole County, Florida, on the 17th day of February, 1948, for approval of same and for final discharge as Administrator of the estate of CARL J. BENSON, deceased, on this 17th day, January 27, 1948.
N. Mooney, Administrator of the estate of Carl J. Benson.
To: ETHEL M. PEMBERTON, whose residence and address is Unknown.
You are hereby notified to appear in court on the 17th day of February, A. D. 1948, in a certain divorce pending in the Circuit Court of Seminole County, in the County of Seminole, Florida, in the case of Ethel M. Pemberton, Plaintiff, vs. Ethel M. Pemberton, Defendant. Wherein said Court and official seal at Sanford, Florida this 12th day of January, A. D. 1948.
C. P. Herridon, Clerk of the Circuit Court, Seminole County, Florida.
By: E. L. Burdick (SEAL) Deputy Clerk M. B. McEggor Attorney at Law DeLand, Florida

What Kind Of Insurance Do I Need. If My Office Is Robbed?

For the best protection a Dishonesty, Disappearance, Destruction Policy will give you all risk coverage on money and securities, by fire, loss, stolen, forgery, fraud dishonesty and disappearance, and furniture and supplies against damage by robbery and theft.
The next best is a Money, Securities and Merchandise Policy which will give you the same protection as the DID Policy with the exceptions of dishonesty, forgery and fraud.
If you now have an Office Burglary and Robbery Policy, why not find out about the more modern DID and MSM Policies.
IT HAPPENED TO ME. IT MIGHT HAPPEN TO YOU. If so I hope you will have the right coverage.
Let me take your money for burglary insurance before burglars get it.
Phone C. M. Boyd, 101. Ad.

Trumans May Attend Mardi Gras' Ball Not Far From White House

WASHINGTON, Jan. 27 (AP)—Even though she won't be able to see the New Orleans Mardi Gras ball this year, Mrs. Truman, wife of the President, will have a chance to view a sample of it.

As far as that goes, so will the President.

The invitation to President and Mrs. Truman to attend the Mardi Gras celebration which the Louisiana State Society will present in Washington the night of Feb. 10 was suggested by Mrs. Allen J. Ellender, wife of the Louisiana Senator.

Mrs. Ellender told a society luncheon at which plans for the ball were discussed, that Mrs. Truman is to be in New Orleans with her daughter, Miss Margaret Truman, Feb. 7 for a ship launching.

Mrs. Ellender said Mrs. Truman had told her regretfully that she was sorry she could not remain for the Mardi Gras ball since she would like to attend such an affair.

That was all Rep. Larcade (D-La.) society president, needed.

"She'll be invited to attend our party," he said, and a minute later added that the President will be asked also.

Although the President seldom announces acceptances of invitations of this sort, he has been known to drop in on such state society celebrations. And this one will be very handy—at the Hotel Washington which is just around the corner, so to speak, from the White House.

The Society is planning a dance complete with a Mardi Gras ball, costumes and all. In addition to the "king" and "queen," to be announced later, the ball will have as guests the Louisiana sweet potato, rice, sugar, orange and strawberry queens and the Maine potato queen.

200 Million Asked

(Continued from Page One)
pect the deputies to meet by Feb. 1.

The Russian spokesman read this partial text of Russian demands:

1. Russia to receive concessions to oil areas equivalent to two-thirds of current oil production in Austria, plus property rights to all buildings, plants, equipment and other property forming part of these production areas. Russia to receive oil prospecting concession rights to two-thirds of all undeveloped areas in Eastern Austria formerly owned by the Germans. The Soviet Union was represented as entitled to this under the Potsdam accord.
2. Oil concessions to run for 50 years.
3. Russia to receive oil refineries with a total capacity of 450,000 tons annually of crude oil.
4. Russia to receive those undertakings concerned in the distribution of oil which now are at her disposal.
5. Russia to receive all former German assets in the Danube Shipping Company, including ships now in Hungary, Romania and Bulgaria plus a 25 percent share in the company's assets located in Austria proper.
6. The big four to cede to Austria property rights to all former German assets in Austria except those specified in the oil and shipping clauses. Austria on her part to pay Russia 200,000,000 U. S. dollars in currency freely convertible within two years. Austria to pay to the United States, France and Great Britain amounts to be agreed upon within a period to be fixed.
7. All former German assets which have come into Russian possession not to be subject to alienation without Russian consent. These undertakings to be covered by the definition of German assets and to operate in accord with Austrian law, on condition that Austria raises no difficulty in regard to the export of profits in the form of output or freely convertible currency. The foregoing German assets to be transferred to Russia free from any obligations which may have accrued to the date of actual transfer.
8. Any disputes arising over German assets to be subject to bilateral negotiations between the parties involved.

Vienna dispatches quoted an Austrian government spokesman as saying the provisions brightened the prospect of a peace treaty. The British foreign office withheld comment.

AFL Council Asks Thorough Probe Of Profiteering

MIAMI, Jan. 27 (AP)—The AFL Executive Council today proposed a sweeping congressional investigation of profiteering and asked for Presidential authority to impose limited price controls and ration scarce commodities.

Under existing conditions, wages cannot be stabilized until prices are controlled and stabilized, the council, added in a formal statement.

President William Green told a news conference that he was not at all hopeful prices could be restrained or rolled back in time to discourage unions from making vast new wage demands in negotiations this spring. He sounded a similar warning before the Senate Banking and Currency Committee last week.

Green explained the AFL was opposed to general price control OPA, because that would necessitate creation of "a tremendous bureaucracy." The controls should be slapped on those items which are found to be in short supply, he said.

The council, in its statement, urged for the congressional inquiry into "the vast and unjustified spread between the price the farmers receive for their product and the price consumers are forced to pay for food at the retail level."

Punchboard Law

(Continued from Page One)
than three weeks.

City Manager H. N. Sayer was directed to contact three firms of appraisal engineers relative to making a survey to determine the cost of appraising Sanford property in order to re-value it for tax purposes.

The Wilson Packing Co. was granted a lease of the cold storage facilities at the Municipal Airport, and P. M. Campbell of Oviedo was granted the lease of the airport garage.

Payment of \$1,100 to the FWA toward the purchase of the Tourist Center was approved. Two more payments remain, said Mr. Bradley.

D. C. Stafford, master electrician, was named as head of the Electrical Inspection Board with J. C. Jobe as journeymen. They are to set up rules and examinations for electricians. M. G. Hodges, master plumber, was appointed to head the Plumbing Board with John Baker as journeyman.

Park Superintendent Sidney Richard's estimate of \$522 to move the Municipal Baseball Park fence in 20 feet, rebuild it and erect a new score board, was approved and the improvement was authorized. This improvement is made necessary by the fact that just before the baseball season ended the fence and score board were blown down, and were temporarily patched together.

The request of the Sanford State Farmers Market officials for a traffic light and additional street lights at Thirteenth Street and French Avenue was referred to Police Chief Williams for recommendation of type to install.

Request of the Seminole County Sportmen's Association to close Seminole Boulevard from Sanford Avenue to the Mayfair Inn on Feb. 23 for a shooting demonstration by a Winters-Winchester expert, was granted.

J. F. Harrison Bakery, 207 West First Street and The Laundry, Oak Avenue and Second Street, were granted 15 minute zones in front of their places.

The Mayor and City clerk were again instructed to sign application for airport and personal property to be submitted to the WAA.

Purchasing of one refunding Series B water bond at \$80, 10 refunding Series A bonds at \$33 each and three refunding Series E bonds at \$18. It was announced that the City had purchased the last two lots to be acquired in Ft. Mallon Park.

City Manager Sayer was instructed to secure new equipment for the Fire Department, including a new refrigerator sink and stove for the kitchen in the rear of the station.

CIO Leader

(Continued from Page One)
the union, criticized President Truman for asking only "standby" price control powers; as though this problem were an "ifly" matter.

He called the Administration's anti-inflation bill "a feeble, too little, too late, unimportant approach to an urgent problem" and added in his statement:

"The Republicans, with few exceptions, continue their support of the position taken by big business through the National Association of Manufacturers and the Chamber of Commerce, and oppose price controls generally."

Nixon said "the American people pay \$150,000 a day for their Congress -- at that price we should be getting better service on this problem which runs so deeply in terms of the welfare of the common people of the country."

Workers in the electrical industry, he declared, are \$13 a week worse off in terms of real wages than in January, 1946.

"They are getting about \$25 a week -- they need \$38 a week to buy as much as their average wage of \$24.48 bought in January, 1945," Nixon said.

Before today's committee session began Chairman Tobey (R-MI) said he "wishes to understand that ever" after hearing two weeks of testimony for and against the Administration bill.

Formation of the Pontiac marches near Home with their banners is believed to have hastened the downfall of the Roman Empire.

Florida State News In Brief

ROBBER HUNTED
GAINESVILLE, Jan. 27 (AP)—J. K. Mumford, agent in charge of the Federal Bureau of Investigation Office at Mobile, Ala., said through agents here today that the FBI was seeking a man listed as Henry Randolph Mitchell in connection with the \$10,353 robbery of the Perkins State Bank at Williston last Wednesday.

A complaint charging Mitchell with the robbery, Mumford reported, has been filed here with William Chandler, U. S. commissioner for the northern district of Florida.

AIR LINE STRIKE
JACKSONVILLE, Jan. 27 (AP)—Eight policemen have been assigned 24-hour duty at the municipal airport where a four-day-old strike of clerical workers is in progress against national airlines.

There have been no disorders and the move was purely precautionary, police headquarters said.

MURKIN PROPERTY SALE
JACKSONVILLE, Jan. 27 (AP)—The WAA said today it would hold a \$900,000 surplus property sale on a veterans' metaid and competitive bid basis at Wainwright Shipyard, Panama City, Feb. 4-6. Items included are plumbing and heating equipment, hardware and building materials and various metal castings.

CREWS QUALIFIES
TALLAHASSEE, Jan. 27 (AP)—State Rep. P. Guy Crews of Jacksonville today qualified as a democratic candidate for attorney general of Florida.

He is opposed by Grady Burton of Vauclava and R. W. (Dick) Ervin of Tallahassee and Palatka. Attorney General Tom Watson is running for Governor.

Weather Sub-Normal Except In Florida

By ASSOCIATED PRESS
The Midwest got a new batch of frigid weather from central Canada today, the third cold wave in a week, a week in which 150 deaths were attributed to the cold and snowy weather.

The fresh mass of cold air centered in the Dakotas and Minnesota and moved into other sections of the Central States and the Rocky Mountain region. The Federal Weather Bureau in Chicago said temperatures across the country, except in southern Florida, were below normal.

Minimum readings included Kallispell, Mont., -43; Big Piney, Wyo., -35; Craig, Colo., -32; Butte, Mont., -24; International Falls, Minn., -30; Amerigo, Tex., five above; Seattle, Wash., 30 above and San Francisco 36 above.

Free Gold Trade

(Continued from Page One)
publicans (MRP) and the Radical Socialists, which are Rightists, voted for the measure.

The Socialists joined the Communists in opposing free trade in gold within France.

Schuman told the National Assembly in a speech yesterday the gold bill would permit the deputies to express themselves on the entire monetary program, which included devaluation of the franc. He also sought approval of the free money market.

The devaluation itself was by cabinet decree and did not require approval of the assembly.

Socialist deputies declined to vote before the finance commission meeting that they would vote against the gold trade bill. Party members said, however, they had no desire to provoke a cabinet crisis.

Help Given To Marshall Plan By LaFollette

U. S. Independence Said Endangered If Europe Falls Under Communism

WASHINGTON, Jan. 28 (AP)—Former Senator Robert M. LaFollette (Prog.-Win) said today that if Western European nations and their dependencies fall "under Communist" control, we may not be able to maintain our effective independence.

LaFollette told the Senate Foreign Relations Committee, considering the Administration's proposed four-year recovery program, that "today in Europe there is a close race between recovery and social disintegration."

He said that economic recovery of Western Europe will be "dangerously delayed if not jeopardized" without substantial help from the United States, but made clear that basically "only the European can save Europe."

If Europe is to be saved, he continued, "The Europeans must act vigorously to bring inflation under control in ways that are well understood but far from painless. Nothing the United States can do will be effective unless the Europeans do more."

LaFollette has been mentioned as a possible director of spending under the Marshall Plan. On the subject of funds and Administration, he told the senators:

Risks involved in authorizing or appropriating too small a sum to spur European recovery "are greater than the risks in the opposite direction."

Real economy can be achieved "only by tough, businesslike administration and not by setting

Labor Group Will Push Request For Farm Camp Here

The Seminole County Labor Association met yesterday morning at the City Hall to discuss the making of a new and higher bid to the Department of Agriculture labor branch for the Farm Labor Camp and facilities on the West Side. It was reported today by C. R. Dawson, secretary, D. L. Harper, president.

H. W. Rainey, Department operations chief, called Mr. Dawson Monday and declared that a previous bid made by the local group had been low for acceptance, also that they would have to get a charter as an association in order to qualify under law for the purchase.

The association voted to "raise the ante" said Mr. Dawson and expect to make a new bid within a few days in order to secure the camp and facilities for migratory labor.

Following to elect board representatives for the Seminole Soil Conservation District will take place next Saturday at Mr. Dawson's office, at the City Hall at Longwood, City Hall at Oviedo, Community House at Oviedo and the grocery store at Ocala.

The following have been nominated for the election: P. T. Marwether, Mrs. Ender Curlett, C. A. Wales and Victor Green. C. S. Lee of Oviedo, former nominee, has resigned and has not yet been replaced by a nominee, said Mr. Dawson.

American Legion Will Distribute Victory, American Defense Medals

Victory Medals and American Defense Medals (pre-Pearl Harbor) will be distributed to Army World War II veterans, Thursday at from 10:00 A. M. to 5:00 P. M. at Legion headquarters at the Valdez Hotel by Cedric C. Benz, past district commander of the American Legion and present adjutant of Orlando Memorial Post No. 19. This does not apply to Navy and Marine veterans who received medals direct from the Navy Department.

"Service medals are awarded for honorable active federal military service only. No service medal will be awarded to any individual who has been dismissed, dishonorably discharged, or who deserted subsequent to performance of the specified duty.

The American Defense Service Medal will be awarded for service between Sept. 8, 1939 and Dec. 7, 1941, under orders to active duty for a period of 12 months or longer. Foreign service clasp, with the words "Foreign Service" to be placed on the suspension ribbon of the medal, will be given with this medal for service outside the continental limits of the United States, including service in Alaska, as a member of a crew of a vessel sailing ocean waters, or as a member of an operating crew of an airplane participating in regular and frequent flights over ocean waters.

World War II Victory Medal

Schuman Stakes Political Life Up Atlanta Stores; On Gold Program

Socialists Announce They Will Not Vote; Only Reds Opposed

PARIS, Jan. 28 (AP)—Premier Robert Schuman's gold program edged today toward possible victory by a slim margin. Socialists in the National Assembly decided to abstain from voting on the Premier's monetary program, a party spokesman said.

This might give Schuman the slight margin he needs in the Assembly for his gold proposal, upon which he has staked the life of his coalition government. But it left doubt whether the Socialists, now in the cabinet, could continue to function with the coalition.

The bill to permit free gold (Continued on Page Eight)

New Strike Threat Of 4 Million Looms In Ruhr, Rhineland

FRANKFURT, Germany, Jan. 28 (AP)—A new strike threat which might involve 4,000,000 workers appeared to be developing today amid German unrest over food shortages.

About 1,000,000 workers in the American zone state of Wurttemberg-Baden may strike Friday.

The same day, union leaders from the Ruhr and Rhineland will meet in Muelheim to decide whether to call out the 3,000,000 workers in those British industrial zones. These threats followed hunger strikes of 1,000,000 Bavarians and some 400,000 Ruhr workers in recent weeks.

A strike call for Wurttemberg-Baden was sounded at Stuttgart meeting of 3,500 representatives of workers councils. Final decision will be taken today or tomorrow at a meeting of the Wurttemberg-Baden Trade Federation. William Kleinkecht, secretary of his federation, said strikes against "unreliable"

Communists played an active role at the Stuttgart meeting. A resolution demanding strike action was introduced by Communist Karl Moesmer. It unanimously carried, although most of the council members are members of other parties.

REJECTS APPOINTMENT
WASHINGTON, Jan. 28 (AP)—George P. Baker, director of Harvard's School of Transportation, turned down today the chairmanship of the Civil Aeronautics Board.

The White House announced that President Truman offered him the job. But Baker said he could not get along on the \$10,000-a-year pay.

SHUFFLEBOARD—PET
Orange City tourists will play shuffleboard here Friday afternoon at 3:00 o'clock with members of the Sanford Tourist Club, and following the match will be entertained at the Tourist Club with a pot luck supper. At 8:00 o'clock they will enjoy a program of magic put on by The Lotos, a couple who specialize in sleight of hand.

28 Mexicans Feared Lost In Plane Crash

Air Transport Carrying Farm Workers Is Found Burned Near Fresno, Cal.

FRESNO, Calif., Jan. 28 (AP)—Thirty-three persons were believed to have perished today as a chartered airliner crashed in the Diablo section of the coast range near here. There were no survivors. By 11:30 A. M. (2:30 P. M. Eastern Standard Time) fifteen bodies had been removed from the wreckage.

FRESNO, Calif., Jan. 28 (AP)—The Fresno county sheriff's office reported that a large transport plane crashed and burned near Coalinga in Los Gratos canyon of Fresno county this morning and that ten bodies have been removed from the wreckage.

Attendees at Oakland airport said the plane left that field at 9:45 A. M. (PST) today with 28 Mexican nationals aboard.

The plane was reported carrying also an immigration department guard and a crew of four.

Immigration officials said the Mexican agricultural workers were being flown to El Centro, Calif.

The plane crashed 20 miles west of Coalinga, and about 75 miles from Fresno.

Mel Willmarth, superintendent of the Fresno county Industrial Road Camp, reported the crash. It occurred about two miles from the camp. Willmarth dispatched an ambulance and fire truck.

He said 10 bodies had been removed and others were seen in the crashed plane.

Joe Tracy Charged With Robbery Of Bank At Williston

GAINESVILLE, Jan. 28 (AP)—Joe Tracy, last of an old-time gang that operated in South Florida, was charged yesterday at Williston with the robbery of the Perkins State Bank at Williston last week. It was announced by J. K. Mumford, agent in charge of the FBI in this area.

Tracy, who was recently paroled from the State Penitentiary at Bayport, has been operating a leather-working shop in Gainesville. He is now in custody here, Mumford said.

The FBI agent said that authorization has been received from Assistant U. S. District Attorney Hayford O. Evans in Federal court charges before U. S. Commissioner William Chandler in Gainesville. He said this would be done as soon as Chandler could be located.

A complaint had been filed with Chandler here yesterday by the FBI, which charged a man listed as Henry Randolph Mitchell with participation in the robbery. Agents would not divulge further identification of Mitchell.

The Perkins State Bank was robbed of \$10,353 by two armed men shortly after noon last Wednesday.

The two men, R. P. Perkins, bank president reported, ordered himself and two employees in the bank to "back off and lie down." They then proceeded to take all the money in the tellers' cages and some silver from the vault.

Joe Tracy, 52 years old, was the last known surviving associate of the Ashley gang which terrorized the lower Florida East Coast in the early days of the boom.

The Parole Commission granted (Continued on Page Four)

Revolutionary Plot Is Discovered In Bolivia

LA PAZ, Bolivia, Jan. 28 (AP)—Bolivia is under state of siege (martial law) today. The government announced it had discovered a "revolutionary plot."

The siege was proclaimed yesterday upon publication of photostatic documents which the Government said indicated a revolt was to have started at 5 P. M. Sunday.

The Attorney General ordered court martial proceedings against a number of persons arrested. Documents published by the Government showed a rebel plot to capture the national palace, chief of staff headquarters, police stations and other key points at a time when much of La Paz population would be at sport events.

U. S. NAVY SOBBED
LONDON, Jan. 28 (AP)—Photographic equipment worth \$22,000 was stolen last night from the U. S. Navy's ship store here. The loot included 30 cameras. A Navy announcement said Scotland Yard is investigating.

21 NAZIS HANGED
WABAW, Jan. 28 (AP)—The Governor said today 21 convicted former German SS (Elite Guard) officers of the Auschwitz (Czestochowa) Concentration Camp had been hanged.

Housing Probe May End With Contempt Case

New York Building Materials Dealer Refuses To Answer Senator's Questions

WASHINGTON, Jan. 28 (AP)—Senator McCarthy (R-Wis.) wound up a tumultuous hearing today by saying he will ask the House-Senate Committee on Housing to cite Theodore Ginsberg, 310-pound New York building materials dealer, for contempt.

McCarthy, the committee chairman, said he would ask the action on grounds that Ginsberg, also a lawyer, refused to answer questions concerning some of his business and personal affairs.

Ginsberg retorted that in the committee's efforts to uncover information on the housing shortage McCarthy was trying to "trick" him into testifying against himself.

The session was a sequel to hearings Jan. 14 and 15 during which Ginsberg told McCarthy that "men like Ginsberg are as proud as men like McCarthy."

Their heated exchanges continued today, committee members squabbled, and Ginsberg often talked so loud the loud speakers quavered.

Ginsberg tried to complete a statement he began at the earlier session. McCarthy interrupted to begin reading into the record what he described as information on Ginsberg's background.

McCarthy said three complaints of grand larceny have been issued against Ginsberg and attempted to question the witness on this point. Ginsberg denied (Continued on Page Two)

Safety Factor In Flying Is Stressed At Pilot Luncheon

Speaking at the interest of Air Line Week at the meeting of the Pilot Club last night in the Tourist Center, Charles Bachelder of Orlando stated that 53,000,000,000 air miles are safely flown during the first nine months of last year with only four major disasters in certificated Airline passenger planes.

Mr. Bachelder explained the advantages of the three services offered by Airlines including passenger, mail, air mail and air express, all of which the Florida Airways has to offer.

Mrs. Joel Field, president, introduced the speaker and recounted several instances wherein air travel and air mail had benefited her and others.

Mrs. M. H. Smith, civic education chairman, conducted a short quiz on Pilot Education. Mrs. W. E. Hollyhead, chairman of the Milk Bank, a major project of the club, reported that a total of \$48,400 was spent on milk last (Continued on Page Eight)

3 Americans Missing On European Flight

FRANKFURT, Germany, Jan. 28 (AP)—All U. S. Air Force rescue agencies were ordered tonight to hunt a missing C-47 transport plane which had three American women and five children aboard.

The American craft also carried a crew of four. It was lost soon after leaving Italy, France, Tuesday morning for Udine, Italy. The passengers were dependants of U. S. servicemen and were en route to the Trieste occupation area.

Air Force officials said they feared the plane had fallen into the Mediterranean.

The aircraft left later, near Marseille, yesterday at 10:37 A. M. and had not been heard from up to 2 P. M. today.

8 Greek Guerrillas Killed, 24 Captured

ATHENS, Jan. 28 (AP)—Greek military authorities said today eight guerrillas had been killed and 24 taken prisoner in a clash at Neochorion, Thessaly.

Another report from the Greek government said 30 guerrillas were killed, 18 were captured and 22 surrendered during the night of a driving north wind, and an eight-degree temperature.

Avery Drumsage, vice chairman of the U. S. Olympic Committee, announced after hearing the decision to throw out both hockey teams that "all the other United States competitors will take part in the games."

FREEDOM TRAIN IN WEST
ENID, Okla., Jan. 28 (AP)—The Freedom Train rolled into this northern Oklahoma wheat center yesterday. With it rolled more than a driving north wind, and an eight-degree temperature.

Only 17 less than the number of persons who visited the train in Oklahoma City—eight times larger. Enid has a population of approximately 50,000. Police treated nearly 20 acres of frostbite.

Proposed St. Lawrence Seaway May Be Factor In Next Election

WASHINGTON, Jan. 28 (AP)—Senator Aiken (R-Vt.) asserted today the fate of the bitterly contested St. Lawrence seaway measure "might well be the determining factor in the November presidential election."

The bill would authorize construction to make the St. Lawrence River navigable to ocean shipping and create a 2,200,000 horsepower hydroelectric plant.

Aiken, a staunch supporter of the legislation, said: "If the Republican leadership lines up against this measure, after President Truman has taken the lead for it, I can't conceive of the Republicans carrying next November those central states to which the seaway is so vital."

Mr. Truman's support of the gigantic international development, first broached more than 50 years ago, was contained in identical letters sent Monday to Senator Vandenberg (R-Mich.), President of the Senate, and Speaker Martin.

He wrote that he "strongly recommended" the Congress enact legislation authorizing "this great project."

Aiken identified the three states to which he said the seaway "is so vital" as Minnesota, Michigan and Wisconsin.

Senator Taft (R-Ohio), chairman of the Senate Republican Policy Committee and announced candidate for the Republican presidential nomination, again told reporters he is still undecided as to how he will vote.

Asked if the Republicans have a policy on the seaway issue, Taft said that they "did not." He added that it is a non-partisan measure, and, to illustrate, said: "I note that it has even split some Republicans in New York state."

His remark had obvious reference to the conflicting seaway positions taken by Governor Thomas E. Dewey of New York, like Taft an avowed GOP presidential aspirant, and Senator Ives (R-N.Y.).

Dewey has declared his full support for the seaway while Ives, a close personal and legislative friend of the Governor, announced yesterday he would vote against the project.

Taft said he "hoped" that a (Continued on Page Eight)

CIO Speeds Drive For Third Round Of Wage Raises

CLEVELAND, Jan. 28 (AP)—The Brotherhood of Locomotive Engineers reported today that it had called off the Feb. 1 strike date following appointment of an emergency board into the dispute involving three rail unions and the nation's railroads.

WASHINGTON, Jan. 28 (AP)—The CIO today stepped up its drive for 1948 round of wage raises. The steelworkers, in Pittsburgh, set a date for preparing their wage demand.

This big union, often a pacemaker in factory wage rates, will hold a meeting of its 170-man wage policy committee on Feb. 18.

This was the first positive announcement that the Steelworkers will reopen their contracts for wages this spring but everybody expected it. The CIO has already (Continued on Page Two)

U. S. Hockey Teams Ordered Banned In Olympic Games

ST. MORITZ, Switzerland, Jan. 28 (AP)—High jumping ice hockey factions from the United States were ordered banned from the winter Olympic games today, opening the way for American participation in other sports at the ice and snow carnival opening Friday.

The executive body of the International Olympic Committee, sitting as a "jury of honor," notified the Swiss to reject the hockey entries of both the U. S. Amateur Hockey Association and the U. S. Olympic Committee.

If the decision stands, it leaves the United States free to participate in the other sports of the winter games—figure skating, speed skating, skiing and bobsledding—but there were indications that the much-publicized dispute was not yet settled.

The Swiss organizing committee, in charge of the winter games, was called into session immediately amid strong but unconfirmed reports that it would refuse to abide by the executive committee's decision.

Avery Drumsage, vice chairman of the U. S. Olympic Committee, announced after hearing the decision to throw out both hockey teams that "all the other United States competitors will take part in the games."

BRADLEY CONFIRMED
WASHINGTON, Jan. 28 (AP)—The nomination of General Omar Bradley as Army Chief of Staff was confirmed by the Senate today.

Bradley will take over the post now held by Gen. Dwight D. Eisenhower sometime this spring.

SCOUT CHAIRMAN
R. B. Crumley, insurance executive, has been selected to head the Sumner Council of Boy Scouts of America, and is expected to soon name a committee to carry out plans for scout activities.

The nominating committee that selected Mr. Crumley included Gene Tucker, Jack Raligan and Ralph A. Smith.

Reduction In National Debt Seen Possible

Republican Insists Federal Indebtedness Can Be Cut 11 Billion Dollars

WASHINGTON, Jan. 28 (AP)—Republican members of the House Ways and Means Committee said today taxes can be cut \$6,300,000,000 and the government still can pay \$11,000,000,000 on the national debt in the next two fiscal years.

The GOP members made that declaration when formally reporting to the House that the committee has approved Rep. Knutson's (R-Minn.) tax-lashing bill.

They said their calculation is based on a planned \$3,000,000,000 cut in President Truman's \$39,700,000,000 budget estimate.

The 10 committee Democrats filed a statement saying the Republican-backed bill presents a "threat of deficit spending for fiscal year 1949, and a substantial risk to our fiscal solvency, national security and fulfillment of our international responsibilities."

The House Rules Committee ordered the tax bill brought to the floor under procedures barring amendments but letting the Democrats offer one substitute proposal.

Appearing before the rules group, Rep. Doughton of North Carolina, senior Ways and Means Democrat, said he is for tax reduction in the neighborhood of \$4,000,000,000. But he said he is against both the Republican bill and President Truman's proposal.

Mr. Truman has proposed a \$40 tax cut for each taxpayer and each of his dependents. He asked that a tax in corporation income go with it.

Doughton told the Rules Committee, Republicans that if Congress sends a \$6,300,000,000 tax (Continued on Page Eight)

250,000 Made Idle By Gas Shortage Caused By Cold

By ASSOCIATED PRESS
Winter's surge of snow and bitter cold that extended from the Rockies to the Gulf and the Atlantic seaboard left nearly 250,000 workers idle in gas-starved industries today and caused a death toll of nearly 60.

As a new cold air mass spread south and eastward from the mid-continent, bringing temperatures as low as 50 below zero in Colorado, new orders were issued in scattered industrial areas for the conservation of gas.

Hardest hit was Detroit. The Michigan Consolidated Gas Company cut off fuel deliveries to industrial plants for at least a week. The order crippled auto production and made some 200,000 workers idle at General Motors, Chrysler, Ford, the Briggs Manufacturing Co., and scores of smaller companies.

The move, which Henry Flak, gas company president, said resulted from "the most critical situation the company ever faced," came only a day after 200,000 auto workers returned to their jobs following a week-end suspension of fuel supplies to industrial users. Industrial gas curtailments also made 15,000 idle in the Pittsburgh steel producing area. In Ohio, 10,000 were idle at Cincinnati, 3,500 at Dayton, 1,100 at Toledo, 4,000 at Warren, 800 at Youngstown and 1,000 at Steubenville.

General MacArthur May Return To U. S.

WASHINGTON, Jan. 28 (AP)—Another rumor about the return of General MacArthur from Tokyo bobbed around the Capital today.

Rep. A. L. Miller (R-Neb.) told a reporter he expects the General back around Apr. 15.

He would not say why he thinks so, but hinted that a congressional committee may invite MacArthur to report on the situation in Japan.

"He undoubtedly will address a joint session of Congress," Miller said.

MacArthur, he added, "is my choice for President."

Speaker Martin (R-Mass.) told newsmen later that he had heard nothing of any such plan. By custom, joint sessions are arranged through the leaders of the House and Senate.

UNION DEFEATED
ST. JOHN'S, Nfld., Jan. 28 (AP)—The Newfoundland Convention defeated today a motion to place the question of union with Canada before the electorate.

The vote was 29 to 16.

The convention was set up in 1946 to consider and recommend a future form of government for the island, now governed for Britain by a Royal Commission. Canada proposed union to a Newfoundland delegation recently.

CHASE IS ELECTED TO BARNETT BOARD
JACKSONVILLE, Jan. 28 (AP)—Ralph Chase, vice president and treasurer of Chase and Company, was elected as a director of the Barnett National Bank of Jacksonville at the annual meeting of the stockholders of the bank yesterday afternoon.

W. R. McQuaid, president of the bank, reported with sorrow the death on Jan. 7 of Joshua C. Chase, a director of the bank for 34 years and chairman of the board of directors of Chase and Company.

Bion H. Barnett, chairman of the board of directors of the bank, spoke briefly on general conditions.

ACTRESS' FATHER DIES
HOLLYWOOD, Jan. 28 (AP)—Walter Edward Withers, 67, father of Actress Jana Withers, died tonight. He was born in Atlanta, Ga.

THE WEATHER

LAKELAND, Jan. 28 (AP)—The Federal State Frost Warning Service forecast for peninsula Florida tonight and Thursday morning was cloudy with occasional rain and colder in northern sections; cooler in central districts and mostly cloudy and mild in southern districts.

Lowest temperatures Thursday morning were forecast as between 50 and 55 degrees near the Georgia line.

Thursday's forecast was partly cloudy to cloudy, rather cool northern; cool central; and mild extreme southern districts.

Outlook: cold northern, cool south and central districts Thursday night. Temperatures near freezing in northern districts Friday morning. No frost danger other sections through Saturday.
