PETERS, MILLER CO-STAR IN HEAD WIND AT MILANE

Picture Adapted From Widely Read Story by Universal; Deals With Unusual Situation in an Unusual Manner

"Head Winds" the Universal feature co-starring House Peters with Patsy Ruth Miller, which opens at the Milano Theater Wednesday, is a thrilling story of the sea, its people and its romance, thanks to the able hand of Director Herbert Blache.

The keynote of "Head Winds" is novelty, for it deals with an unusual situation in an unusual way. For instance, in the story House Peters is cast in the role of a millionaire sportsman who in order to win the love and respect of the girl he loves finds it necessary to kidnap her and spirit her away to sea. As Peter Rosslyn, the wealthy yachtsman, House Peters is seen in a role which is acclaimed to be his greatest screen characterization.

"Head Winds," adapted from the breezy Saturday Evening Post story of the same name from the pen of A. M. Sinclair Witt, is the third production which Peters has made for Universal, his other two being "The Tornado" and "Raffles."

In "The Tornado" Peters was seen in the role of a lumberjack who battled the elements to save a small northern village from utter devastation from the havoc of a tornado, while in "Raffles" the star portrayed the role of the suave Amateur Cracksman. His versatility is well exhibited in "Head Winds" for the role calls for a difficult interpretation of a difficult character.

Patsy Ruth Miller, who plays the leading feminine role opposite Peters, plays the part of Patricia Van Pelt, the headstrong, impetuous shrew, with whom Peters is in love. Miss Miller, who will be remembered for her work in "The

strative, Ulay W. Black, Georgia, Ala. This federation meetings will consume all of Wednesday afternoon and an hour and a half on Thursday morning.

Local Methodists are making plans to entertain about one thousand persons during the conference. Sam A. Fowles is chairman of the local committee on arrangements.

J. W. Andrews, superintendent of the First Methodist Sunday School of Pensacola, is president of the conference. R. H. Mangum, of Selma, is vice president, and S. H. Blam, of Montgomery, is second vice president.

F. T. Herlong, of Greenville, Ala. is secretary; L. G. Branch, Montgomery, treasurer and Mary H. Jones, Montgomery, corresponding secretary.

Cotton Planting In India Is Favorable

Cotton planting in the Punjab province of India has begun under generally favorable conditions, according to a cablegram received by the United States Department of Agriculture from the International Institute of Agriculture at Rome. The monsoon started a week earlier than usual this season and up to the present time has been generally active and well distributed.

The acreage planted to cotton this year is expected to be 7 per cent above that of last season. The first acreage estimate for India last season was 12,713,000 acres and represented 48 per cent of the final estimate of the total acreage which was placed at 26,461,000 acres.

"We Can't Afford It"

SOMEHOW these words seem harsh to her, but in her heart she knew that he was right when he remarked, "We can't afford it."

TODAY there isn't any one habit that is more costly or one that is undermining so many happy homes as that of buying merchandise on the anticipation and good intent of paying for it in the future, even though "we can't afford it."

IT is a habit that has sounded the death-knell of many happy homes. Folks merely forgot to reckon with time. Days are ushered in and are gone before they know it.

THE tick of the clock, as time passes on, is terribly accusing. We buy something today promising to pay for it PROMPTLY—but—the hands of the clock go 'round and 'round and point to the eloping hours, and e'er we know it the account is due and must be paid. To often there isn't any money with which to pay.

HOW much better it would be to sacrifice the thing our luxury so demands and wait, patiently until "we can afford it."

NOT that the merchants of the Retail Credit Men's Association of Sanford are not glad to extend credit to those who are entitled to it. Not that you are not honest in your intent—BUT—too often "we bite off more than we can chew," and then must suffer the pangs of CREDIT INDIGESTION.

TO maintain your self respect and GOOD CREDIT you must—

Pay Your Bills Promptly

OTHERWISE your record will be spread before every merchant in Sanford.

### Praise in the Highest to Ridicule Unprintable Found in Letters Received by Governor Peay of That State

### Wants Statements People Published

### Majority of Letters Are Com-Mandatory But Many Are Very Caustic Criticisms

NASHVILLE, Tenn., Aug. 20.—(AP)—Praise in the highest to ridicule unprintable is found in letters received by Governor Austin Peay, on evolution from the United States and foreign countries.

The governor opened to the Associated Press a mass of communications, little of which he had read, dealing with the action of the State legislature in passing the Butler bill barring teaching of the theory of evolution from the public schools and with his approving it.

Peay's only comment was: "I want the country to know what kind of people is in it."

Though a majority of the letters are commendatory to the governor's action, causing criticisms are contained, directed toward Tennessee and the South, written by "evolutionists" greet the chief executive of Tennessee with such expressions as "with respects to your office," "to the sorrowing governor" and "Governor? Austin Peay."

Excerpts from one of the letters in the file made public by Governor Peay follows:

**Congratulates Bryan**  
William Jennings Bryan, "Please accept my cordial congratulations on the great service you have rendered in signing the anti-evolution bill. The Christian parents of the State owe you a debt of gratitude for saving their children from the poisonous influence of an unproven hypothesis that gives man a jungle ancestry and chills his spiritual nature. The South is now leading the nation in defense of Bible Christianity. Other States North and South will follow the example of Tennessee."

White E. Gibson, Birmingham, Ala. Some one should start a cheap side show and exhibit you (Judge Raulston) and Peay as antiluvian specimens of intolerance. . . . It appears but a short while before you will be praying to Bryan instead of a Deity."

J. H. Ragsdale, Fort Myers, Fla. "It would be well to order a tail for Scopes from Sears-Roebuck and send him to the woods."

Walter White, Dayton, Tenn., Scopes' former superior: "I am of the opinion that this is the greatest step Tennessee has taken since the saloon was abolished."

The Right Rev. James M. Maxon, bishop of Tennessee, Protestant Episcopal "I consider such restrictive legislation not only unfortunate but calamitous."

Rev. Vernon Hays Covert, Clovis, Cal.: "The great hear of

the Christian public is sincerely with you in the great conflict."

Jeanette M. King, Murfreesboro, Tenn.: "Ignorance is rank enough around here now."

N. Liebschutz, Louisville, Ky.: "What the newspapers tell of your quibbling when signing that nine bill of your legislature proves my favorite definition of the Christian religion as practiced by you and your ilk."

Rev. F. B. McDowell, Paula Valley, Okla.: "I regard this as the most retrogressive act that the state has ever committed."

Thank God  
L. H. Petree, Knoxville, Tenn.: "I thank God for you."  
John Cranston, Wyandotte, Mich.: "No doubt you have received congratulations from Wilbur Glen Voliva, of flat world fame."

Charles L. Hyde, Pierre, S. D.: "Do you honestly believe that the first woman was made from a rib taken from the side of the first man? If so, God pity you and Tennessee."

George F. Crawford, Newark, N. J.: "I hate and despise ignorant lying, bigoted, fanatical religion that has caused more trouble than anything else."

C. W. Cox, Chattanooga, Tenn.: "Any attempt to fetter the human mind is dangerous in a free country."

G. T. Fitzhugh, Memphis, Tenn.: "Hope you will not veto the evolution contrary to Bible bill."

G. L. Mohr, Wahnacht, Stuttgart, Germany: "I read here in Europe of your efforts to preserve the version Klux Klan seems to be of the same of the Bible on the creation. The Ku opinion."

Leonide Joy, Detroit: "The universe is too immense to be easily conceived and explained by any half learned mortal man, but he even Darwin or a Darrow."

Wild Gould, Los Angeles: "The scientists may develop potatoes, but they will be potatoes still."

Is Devilish Doctrine  
Rev. J. C. Coggins, South Norfolk, Va.: "There is absolutely nothing that so paralyzes the moral sensibilities as this devilish doctrine fathered by European infidelity."

Eph A. Karelsen, New York: "The middle ages gave us heretics, witches burnt at the stake, filth and ignorance. Do we want to return to same?"

H. E. Barber, Hollywood, Cal.: "It is the greatest constructive law ever enacted by any state. . . . You have bit the root of your present ills."

R. T. Perry, Washington, D. C.: "To be consistent, I think your schools ought to teach Jehovah's justice—eye for an eye, etc."

Dr. Frederick C. Webster, Chicago: "Go slow! Matthew, Mark, Luke and John are only book titles. No one knows who wrote them, nor when they were written, nor where. Peter and John, the alleged authors of the Gospel and Revelations, could not read or write. . . . Not one single line is in existence written by that traditional, person spoken or a Jesus."

"Good State to Avoid"  
Citizen of Michigan: "Since reading copy of your telegram commending A. T. Stewart and Bryan, I am convinced more than ever that Tennessee is a good state to avoid, where ignorance is at a premium and intelligence is a crime."

Rev. Vernon Hays Covert, Clovis, Cal.: "The great hear of

STATE OF FLORIDA, Ex Rel. Millard B. Smith, State Attorney for the Seventh Judicial Circuit of the State of Florida.

To: CITIZENS AND TAXPAYERS OF THE TOWN OF LONGWOOD, FLORIDA.

WHEREAS a petition has been filed in the above styled cause by the Town of Longwood, Florida, by and through J. A. Bistline, C. B. Searcy, O. H. Frain, G. E. LaVigne and J. H. Menick, comprising the Town Council of the Town of Longwood, Florida, setting forth the fact that an election was held throughout the Town of Longwood, Florida, on the 10th day of June, A. D. 1925, to determine whether that certain ordinance entitled:

"An ordinance providing for the establishment by the Town of Longwood, Florida, of a waterworks system for said Town of Longwood, authorizing said Town of Longwood to acquire such real and personal property as may be required for the establishment of said waterworks system and to enter into contracts and do all things necessary for the establishment of said waterworks system; providing for the borrowing of the sum of TWENTY (20) THOUSAND (\$20,000.00) DOLLARS, by the Town of Longwood, Florida, and the issuance and sale of its bonds as evidence of its indebtedness for said loan; the proceeds of the sale of said bonds to be used for the establishment of said waterworks system; calling and providing for an election to determine whether said bonds shall be issued and sold and

providing for the levying of a tax to create a sinking fund for the payment of said bonds at their maturity and to pay interest becoming due thereon. Interest on said bonds, from the day of May, A. D. 1925, should be ratified, approved and confirmed by the electors of the Town of Longwood, Florida, and whether the bonds provided in said ordinance should be issued by the Town of Longwood, Florida, in the amount and for the purposes in said ordinance provided and set forth, and

WHEREAS said ordinance provides for the issuance of bonds by the Town of Longwood, Florida, for municipal purposes in the total sum of \$21,000.00, said bonds to be each, bearing interest at the rate of 6 percent per annum, interest payable semi-annually on the first day of January and July. Five of the said bonds to mature ten years from the date of issuance thereof;

five of said bonds to mature fifteen years from the date of issuance thereof; five of said bonds to mature twenty years from the date of issuance thereof; and five of said bonds to mature twenty-five years from the date of issuance thereof; both principal and interest of said bonds to be payable at the Chase National Bank in the City of New York, State of New York, in lawful money of the United States of America, and

WHEREAS a canvass of the voters of said election shows a prima facie approval and confirmation of said ordinance and in favor of the issuance and sale of bonds in the amount of \$21,000.00 by the Town of Longwood, Florida, in the manner and for the purposes provided for in said ordinance.

NOW, THEREFORE, in pursuance of an order of the Court hereinafter made, notice is hereby given that the citizens and taxpayers of the Town of Longwood, are by said

order required to be present for the Circuit Court of Florida, on the 10th day of August, A. D. 1926, at the Court House in the County of Seminole, Florida, and there to show cause why said bonds should not be issued and confirmed as provided in said ordinance.

## Work to Be Started Soon on American School in Bulgaria

SAMAKOV, Aug. 19.—(AP)—L. F. Ostrander, principal of the Samakov school, conducted by American missionaries, is hopeful that work on the new school buildings on the outskirts of Sofia will be commenced next spring. His hopes are based on favorable reports received from America.

It is unlikely now that the removal of Robert College to the slopes of Mount Vitosha, in Sofia, which had been talked of, will take place.

It is explained that Robert College, although somewhat harassed by the Turkish government, is receiving better treatment than the other foreign schools in Turkey.

In opposition to the removal of Robert College from Constantinople to Sofia it is pointed out that such an event would make the college a distinctively Bulgarian institution, and not international as it now is. The proposed Sofia site will be devoted to the boys' and girls' schools of Samakov.

**BEAUTIFUL** Apartment House to be erected  
this summer at Miami Shores. Robert L. Weed, architect.

# Conservatively Speaking---

Miami should have a population of 250,000 to 500,000 in three years.

At that time Miami Shores should have, on a basis of equal distribution—approximately 50,000 people.

When Miami had a population of 50,000, Flagler Street property sold for \$6,000 per front foot.

Do you know what business property at Miami Shores is selling for today? If not, why not? It will pay you to investigate—and then, based upon the experience of the early investors in Miami (many of whom are investors today at Miami Shores), you will undoubtedly prove for yourself the fact that Miami Shores presents an unusual investment opportunity.

## And don't ever forget this

Miami is definitely back of Miami Shores. Miami's great era of expansion makes it necessary that Miami Shores be developed to care for the incoming thousands.

Miami's incomparable location and natural advantages alone place it in a supreme position—Nature has completely and unalterably established that fact. To make Miami's tremendous growth and expansion mean the most to you, invest—

Company D of Sanford in the recent machine gun competition in camp at Jacksonville captured the Turkey Trophy for the third successive time and thereby came into permanent possession of it. The boys literally and figuratively "stuck to their guns" to win the coveted award.

Great Days of Development

So far in August the records show a permit for a new home in Sanford has been issued every day. In other words, Sanford is getting ready to take care of the winter visitors by providing a new house every twenty-four hours.

Great surprise is manifested by those driving through the residential sections of the city. In every direction and on every hand are seen new buildings under construction; new houses are springing up, additions are being made to old houses, garages are being converted into two story apartments, fresh paint is in evidence and yards are being beautified.

In the business district new buildings are under way. The actual beginning of construction yesterday of the new arcade at the corner of First Street and Sanford Avenue, marked what is hoped will be an extensive effort to provide sufficient store space and office room for those firms desiring to enter the business life of Sanford.

Dredging operations on the east side have begun. Interested spectators may be seen watching the filling operations as they are under way just east of the Clyde docks. Big pipes are being used and when work begins in real earnest, it is thought fast progress will be made on this important part of the improvement work.

MY FAVORITE STORIES

A green recruit was having his first experience at doing sentry duty at one of the Southern cantonments in 1917. Toward him through the darkness came a captain.

"Halt! Who goes there?" demanded the greenhorn.

"Officer of the day," came the answer.

"Beat it, before I run you in," said the sentry. "What the hell would the officer of the day be doing hangin' round at night?"

This story is matched by one that I heard from a retired captain who vouched for its authenticity.

The officer of the day was inspecting the guard.

## Rollins Campus Is Being Arranged For Forty-First Year

WINTER PARK, Aug. 20.—(AP)—With the opening of her forty-first year only about a month in the future, Rollins College is getting her campus in order and ready to greet the students who last year came from 22 different states in the Union.

Cloverleaf Cottage, the large three-story dormitory for women, which has been the home of Rollins girls for more than three score years, has been freshly painted. The old front porch has been torn away and a new entrance is being completed so that a more hospitable entrance may be presented. The cottage faces on Lake Virginia.

Lyman Gymnasium, the first college gymnasium erected in Florida, has been re-roofed and other buildings of the campus have been painted and improved in many ways.

The Phi Alpha fraternity house, which is the first new dormitory in a number of years, has been entirely completed and will be occupied for the first time this September by the members of the fraternity. It is a brick structure costing \$35,000 and is located near the Dyer Memorial Amphitheater overlooking Lake Virginia.

The big horseshoe lawn is being entirely irrigated and new plants and shrubbery will all completely be set out by the time the students return on September 21 for the fall term.

## Aged Scotchman Finds Native Land Strange

BELFAST, Aug. 20.—(AP)—The saddest man on the liner Cedric which arrived here from Liverpool recently enroute to America was John Neill, an 86-year-old Scot. He left his native Glasgow for the United States in 1863 and fought in the Civil War, and this was his first trip to the land of his nativity.

## Celery-Feds Split Double Header With Tampa Wednesday

**Sanford Team Wins First Contest By Score 4 to 1 With Kelly Doing Mound Work; Team Plays Perfect Ball**

**Smokers Shut Out Feds 1-0 in Second**

**Three Hits in Row in Fourth Inning Give Tampa Team One Run Lead to Win Game**

TAMPA, Aug. 20.—(AP)—Tampa and Sanford broke even in their double-header here Wednesday afternoon, the Celery Feds winning the first 4 to 1, and the Smokers getting a shut out in the second 1 to 0.

Three singles in a row in the fourth inning of the second game put the only run over for Tampa, the Smokers being retired in both the third and fourth with the bases full. In the seventh inning McQue led off with a two-bagger and Bailey beat out an infield hit to put him on third with none out. The next batter fouled out and Culbreath grounded to Weik, McQue being held on third. Casares made a great catch of Hardy's drive to left field to retire the side and end the game.

Tampa's loose playing played a large part in Sanford's victory in the first. McQue tripled in the fifth and scored on a passed ball with the squeeze play on. Three more runs were scored by Sanford in the sixth, two of them as the result of errors.

## GIANTS CHALK UP 4TH WIN IN ROW; TRIM CUBS 7 TO 6

**Dazy Vance Stops Pirates and Dodgers Win Game 8 to 7; Phillies Beat Reds As Braves Dump the Cards**

NEW YORK, Aug. 20.—(AP)—The Giants chalked up their fourth straight victory, defeating Chicago 7 to 6 in the second game of the series. The Cubs tied the score after being five runs behind in the second inning, but lost in the sixth when Lindstrom singled and scored on Snyder's double.

**Score by innings:**

Chicago	011 400 000-6
New York	330 001 000-7

Batteries: Alexander, Bush and Gonzales; Bentley, Winger, Dean, Huntzinger and Snyder, Hartley.

## SENATORS BEAT SPEAKER'S CREW BY SCORE 12 TO 8

**Browns Trim Athletics 9 to 8; Detroit Tigers Down Yanks Score 4-3; White Sox Beat Boston Crew 3 to 1**

CLEVELAND, Aug. 20.—(AP)—Washington made it two straight from Cleveland Wednesday, winning 12 to 8. Reuther helped to win his own game with three hits, including a home run with one on. Smith retired with a lame ankle, but Karr, who replaced him was knocked out of the box. With the bases full and two out in the ninth, Reuther gave way to Marberry; who pitched two balls to retire McNulty. Third baseman Hodapp, recently purchased from Indianapolis, joined the Indians today and made two hits, one a double.

**Score by innings:**

Washington	120 025 011-12
Cleveland	002 020 103-8

Batteries: Reuther, Marberry and Severid; Smith, Karr, Cole and L. Sewell.

**St. Louis Trims Philadelphia Club While Dodgers Take Number of Pittsburgh Crew**

CHICAGO, Aug. 20.—(AP)—The progeny of William Penn, desirous of barring the descendant of Father Knickerbocker from any more world's series, took a couple of lusty socks flush on the jaw Wednesday in which Chicago defeated Boston, 3 to 1. The White Sox bunched their hits in the first and the seventh innings. Robertson allowed only two scratch hits until the eighth inning when a base on balls a single and a double gave the visitors their lone run.

**Score by innings:**

Boston	000 000 010-1
Chicago	100 000 20x-3

Batteries: Zahnizer and Bischoff; Robertson and Crouse.

## DETROIT 4, NEW YORK 3

DETROIT, Aug. 20.—(AP)—Detroit evened the series with New York by taking the second game, 4 to 3, behind steady pitching by Wells and with the aid of six blunders by New York. Every Yankee infielder made one error, and Dumas and Winger each distinguished themselves with two. In the second inning the visiting infield went to pieces, with three errors that allowed the Tigers as many runs.

## DODGERS TROUCE PHILADELPHIA

BROOKLYN, Aug. 20.—(AP)—Brooklyn defeated Philadelphia, 8 to 7 Wednesday and as the Giants humbled the Cubs, the lead of the Phillies in the National League scramble was reduced to two games.

Dazy Vance stopped the Carstairs, and although he was batted for 11 hits, he fanned eight batters. The Robins chased Lee Meadows of the mound in the fourth inning when they scored four runs. Oldham replaced Meadows and held the Robins in check until the seventh when they scored their last three tallies. Sheehan finished the game. It was Vance's eighteenth victory of the season and his third straight.

## PHILLIES BEAT REDS

PHILADELPHIA, Aug. 20.—(AP)—Philadelphia won the third game of the series with Cincinnati Red, 5 to 4, here Wednesday. The defeat marked the end of Donohue's string of twenty straight wins over the Phillies.

## DETROIT 4, NEW YORK 3

DETROIT, Aug. 20.—(AP)—Detroit evened the series with New York by taking the second game, 4 to 3, behind steady pitching by Wells and with the aid of six blunders by New York.

## Southern League Baseball "Scandal" To Be Investigated

NASHVILLE, Tenn., Aug. 19.—(AP)—We will court an investigation of the rumors that Nashville baseball players were "approached" to leave the team, J. A. G. Sloan, president of the Nashville Baseball Association, said late Tuesday.

"We knew nothing about it and when our attention was called to the rumors we decided to ask Commissioner K. M. Landis to look into the matter for the the of the game.

"Settlement will rest with President John D. Martin at an investigation to be held tomorrow when the players are summoned to appear before him.

"If there is nothing to the rumors, the players should be exonerated."

An investigation was welcomed also by James Hamilton, manager of the team, who declared that he would have no formal statement until after Martin arrives.

**SAME FINE STUDEBAKER**  
Prices Reduced—Quality Maintained

THESE low prices are not for new cars built to sell at new prices. They are for Studebaker cars identical with those which have been in tremendous demand at higher prices during the past eleven months.

They are for Studebaker cars so well built of such high quality materials that net profits during the past six months have averaged only \$140.64 per car. The rest of the money the public paid us went into making a car with scores of thousands of miles of excess transportation.

These earnings are a triumph for the one-profit basis of manufacture. No manufacturer on a less efficient basis could have a dollar selling cars of Studebaker quality at Studebaker prices.

Studebaker is the only one-profit car in the fine car field. Only Ford and Studebaker make for all their cars all bodies, all engines, all gear sets, clutches, springs, differentials, axles, steering gears, gray iron castings and drop forgings.

Thus we save and pass on to purchasers profits which many other manufacturers must pay to outside parts and body makers.

No "yearly models" makes sales jump

Thus we were able last January to reduce prices already low.

Then we announced that Studebaker would have no more "yearly models" to artificially depreciate cars in the hands of owners.

Sales instantly started to soar and have forced the vast Studebaker plants to maintain peak production throughout the summer, in the face of declining production for the industry in general.

To one-profit savings we thus add savings due to long continued peak production. These savings we share with customers in the price reduction announced August 1st.

We still use genuine leather, mohair upholstery,

Superiorities—both hidden and many of the most important superiorities are hidden until revealed by miles of usage, but here are some to prove our statement that every 1 more up to date than the newest.

On all present Studebaker models, automatic spark control, safety lighting, the steering wheel, 8-day clock and the dash, improved one-piece steering gear, central lock of ignition unit and electrical cranks, hood ventilator, water pump and oil drain valve beside the engine.

Studebaker pioneered the steering Top with roller-side enclosures which closed car protection to open car in seconds.

Studebaker pioneered the use of tires, for which steering mechanism body lines have been especially designed.

Come in and see these sturdy, dependable "profit" cars. Today, more than ever, Studebaker is a big money's worth.
