 DECAPITATED BODY OF Carrie May Jackson, of Daytona Beach, is shown covered in front of and behind her car on Interstate 4 south of Deltona late Friday. FHP Trooper Tommy Tomlinson said he chased a bakery van, driven by Edward P. Stoney, 34, Deland, several miles before stopping it. The 35-year-old woman was standing beside her car, which had a flat tire, when she was struck by a hit-and-run. Stoney was charged with driving while intoxicated and with leaving the scene of an accident, Tomlinson said. (Staff Photo)

Two Lost Votes Found In Recount

By FRED VAN PELT
 Two lost votes — and maybe more — in last Tuesday's general election have been found.

Mayor Kenneth Brown, of Longwood, complained that he and his wife, Bettie, cast write-in votes for Titus King for county commissioner and that they were not counted. Brown carried his complaint to the press, the canvassing board, the state attorney and to the secretary of state's office at Tallahassee.

County Judge Wallace Hall, chairman of the county canvassing board, Mrs. Camilla Bruce, supervisor of elections, and Harold Johnson, county attorney, checked the Longwood voting machines Sunday and "found" the Browns' two write-in votes for King.

Judge Hall said the Sunday check was authorized on the canvassing board's request by Circuit Judge Velle A. Williams Jr. Hall said an "official" count of all machines was to be made this afternoon with the third member of the canvassing board present, County Commissioner Edward Yarbrough.

Mrs. Bruce said today that most of the troubles experienced in last Tuesday's voting were with "inferior" voting machines. She said that practically all the trouble was mechanical failures in brand new voting machines.

New State Law Causes Mix-Up
Casselberry Candidates In Bind

By JANE CASSELBERRY
 CASSELBERRY — City Attorney Kenneth McIntosh told *The Herald* this morning that he is preparing a recommendation to submit to the City Council at the 7:30 p.m. meeting today regarding compliance with the new state election law.

The news that an amendment passed by the state legislature effective last July requires candidates in city elections to meet the same requirements as state and county candidates fell like a bombshell on surprised South Seminole officials. Since Altamonte Springs qualifying period did not end until Nov. 7 and Longwood candidates have until Nov. 20, these two cities had a chance to correct their errors but Casselberry ended its qualifying period on Oct. 30.

According to the law, all candidates must set up a depository for campaign funds and all campaign expenditures made through vouchers prior to the candidates formally filing for office. Expenses and contributions thereafter have to be reported promptly to clerk of the Circuit Court and city clerk.

McIntosh is checking with officials in the state capital and the Florida League of Municipalities before making his recommendation. "It may be necessary to re-open the books," he stated.

The city attorney pointed out that "things are not as bad as they could be" as there are no filing fees required in Casselberry, thus there has been no expenditure by the candidates contrary to law, as yet.

Those who have filed for the three vacancies on the city council subject to the Dec. 1 municipal election include John Leighty, William Franklin, Richard Wirz, Donald Wilton, Owen H. Sheppard and Harry Sambrook.

The seats are now held by Wirz, Tom Napier and Louis Kirby. Napier, present council chairman, was defeated in his race for county tax assessor in the Nov. 3 election, but it was then too late to file for his old City Council seat if he had so desired.

Wirz notified City Clerk Mary Hawthorne Friday of his resignation. (Continued on Page 2A, Col. 3)

Boy's Rites Slated In Honolulu

CASSELBERRY — Body of a two-year-old drowning victim, Timothy Lionel Tim, is being returned to Honolulu for funeral and burial services.

The son of Mr. and Mrs. Letwell Tim, 522 Foothill Way, the boy drowned Friday afternoon in a small lake near his home in the Summer set division. He apparently wandered away from his home and his body was found in the lake three hours later by Reno Trippnera, of Orlando, and Gary Horton, of Casselberry, according to Police Chief Don Brumley.

"The Tim family removed here this year from Honolulu, Hawaii. The boy was Catholic.

Surviving are his parents, a sister, Kimberly, and his grandparents, Mrs. David Hazel, of Casselberry, and Mr. and Mrs. Alex Tim, Mrs. Cecilia Ching, Mr. and Mrs. Edward Baker and Mrs. Annie Meyer, all of Honolulu.

Seminole Funeral Home was in charge of arrangements.

 WASHINGTON (UPI) — The Supreme Court agreed today to examine the practice whereby states spend more money on schools in rich districts than they do to educate poor children.

The court will hear the appeal in a Florida case this term and follow with a written opinion. A three-judge federal court in Tampa struck down the state law last May 8. Florida appealed.

North Orlando Studies Building Inspector Job

NORTH ORLANDO — Village Council will meet tonight at 7:30 p.m. in a continued session from last week.

The long delayed appointment of a building inspector for the Village is on the agenda. There were several applicants for the position, who were interviewed at a special meeting.

Also to be considered is an appointment of a road and bridge commissioner to fill the vacancy created by the resignation of Wayne Miller.

A review of committee appointments for charter revision will be made. At the regular meeting in September, councilmen were requested to consider names for this committee. The Council has felt that many aspects of the present charter are outdated and, therefore, requested the revision committee.

Although it will be some time before it would be advantageous in a general election, due to the continuation of the matter for several weeks, discussion will be held on the political sign ordinance proposed by Councilman Charles Kelley. This ordinance would prohibit signs to be erected within the municipality. Presumably, this will be effective for municipal elections.

TINY'S RAINY DAY GAME
 Make five cards and number them 1 2 3 4 5

Put the cards in a hat or sock, and give each player an ordinary button. Without looking at the cards, the first player draws a card and moves his button the number of spaces written on the card.

If a player lands on a space that already has a button, he must return to the last space and draw that card again.

If a player lands on a space that has no button, he must draw another card and move that many spaces.

The first player to reach the finish line is the winner.

U.S. Offensive Role Ends On Red Supply Routes

S. Vietnamese Relieve GIs On 100 Square Mile Front

By GEORGE ESPER
Associated Press Writer
SAIGON (AP)—South Vietnamese troops have taken over offensive operations from the Americans in an area of 100 square miles north of Saigon, a long-time North Vietnamese-Viet Cong infiltration and supply route. The major shift of allied responsibilities virtually ends the American offensive role along the Saigon River corridor. The division's headquarters and its 1st and 3rd Brigades are returning to Hawaii by Christmas. Four American units and patrol bases have been turned over to the South Vietnamese along a 50-mile stretch of the river, from the Cambodian border south to within 20 miles of Saigon. South Vietnamese troops also are taking over Cu Chi, a giant base camp 20 miles northwest of Saigon that is the headquarters of the U.S. 25th Infantry Division. The division's headquarters and its 1st and 3rd Brigades are returning to Hawaii by Christmas. Other American units at Cu Chi and Dau Tieng, an American brigade headquarters farther north, will be pulled out soon.

HIDING ON A CUSHION of air, a 160-ton Amphibious Assault Landing Craft speeds toward shore in this artist's concept. Craft, which would operate at 50 knots, reportedly could carry substantially more than any present-day or contemplated transport helicopter. It has reached the preliminary design stage as part of the Navy's study to improve its system of moving men and materiel from ship to shore.

For the most part, sources said, the realignment leaves American forces in the western half of the 3rd Military Region defending their remaining bases and conducting such defensive operations as local reconnaissance, searching out enemy caches and protecting the current rice harvest.

The realignment is part of President Nixon's withdrawal program to reduce U.S. strength in Vietnam to 250,000 troops by next May 1. The U.S. Command announced today that American forces in the country dropped another 6,000 men last week to 368,000. It was the lowest level since Dec. 10, 1966, when there were 387,400.

Meanwhile, the Cambodian military command reported that the largest combined South Vietnamese-Cambodian task force of the war pushed its battle tanks on a Communist base camp 20 miles south of Phnom Penh. A spokesman said one South Vietnamese tank was reported destroyed by a mine, but the 7,000-man force had had no significant contact with the enemy.

Airport Operator Policy Slated For Discussion

By BILL SCOTT
SANFORD, Fla. (AP)—Regular meetings will consider the request of the Sanford Industrial Commission (SIC) that the city consider its previous policy regarding a second fire base operator at the Sanford Airport.

The action by the SIC came after a Thursday meeting with officials of Sanford Aviation, Inc., in which Kenneth McIntosh, the firm's attorney, again stated that his client be considered as first base operator. The impression was given at the session that Sanford Aviation would be willing to work out a leasing arrangement suitable to Page Airways, Inc., the first and only airport fixed base operator.

Meanwhile, the city's dealings with KOSCIOT Interplanetary Cometics, of Orlando, concerning that firm's efforts to attain fixed base operator status is still in limbo with the City Commission adamantly standing behind Page Airways.

Shoddy Practices By Medicos Attacked By Nader Study Unit

By G. DAVID WALLACE
Associated Press Writer
WASHINGTON (AP)—The report, written by a former federal health official with help from medical and law students, chronicles a long list of what it calls medical abuses.

The failure of doctors to keep abreast of new developments, the "leaking" of poorly qualified foreign medical school graduates into the U.S. system, performance of unnecessary operations, prescription of unnecessary drugs and some simply shoddy practices.

The basis of the problem, according to the report, is the failure of doctors to review each other's work and to establish standards for the practice of medicine.

The Nader group was directed by Dr. Robert S. McCleery, a 57-year-old surgeon and former deputy director of the Food and Drug Administration's bureau of medicine.

The report proposed the federal government establish a national board to work with doctors in setting medical care standards.

"Every citizen is at the mercy of a system devoid of uniform, enforced standards of quality and must run the risks implied in the statistics of uneven levels of care among hospitals and physicians," said the report.

Among the statistics cited:—A Columbia University study of hospital admissions that showed 57 per cent of the patients received good or optimal care. The rest got care rated fair or poor.

Another report relates that the Federal Aviation Agency is being conned by a firm interested in becoming a base operator.

The FAA talks are believed to concern Ives.

Public Hearings Scheduled

Public hearings for closing and vacating street rights-of-way have been scheduled by the Sanford City Commission tonight at 8 p.m.

Sewer Parley Slated

Monday afternoon meetings for connection charges on the sewer system for the Fletcher properties will be held. Zoning affecting the same areas are also expected to be changed and first readings of ordinances concerning the closing the reasoning are also expected to be heard by the commission.

Red Ink Up, Plaguing President

By EDMOND LEBRETON
Associated Press Writer
WASHINGTON (AP)— The persistent and mounting red ink in the federal budget probably will be President Nixon's major problem in dealing with the Congress next year.

It is a Congress that Tuesday's election changed only slightly—and not in a way to help him much in his fiscal dilemma. Facing a deficit estimated by congressional specialists as high as \$15 billion to \$16 billion, the administration—if it remains true to its announced principles—must make hard choices about cutting spending, increasing taxes or both.

At the same time, it is under heavier pressure to try new ways of boosting an economy that now registers a seven-year high in unemployment—while avoiding feeding persistent inflation.

Responsible Florida State Government

Governor-elect Reubin Askew has already shown... Thus it may well be that the inter-regnum weeks between the lame duck Gov. Claude R. Kirk, Jr., and the new Gov. Reubin Askew, could be so ruled by Kirk's deeds and appointments that sober resolve of the tax issue would have to await the Kirk exit.

Cooperation in 1971 between the executive and the legislative arms can be properly expected. Yet it is well for all to bear in mind that the Florida State Legislature is not and will not be a rubber-stamp. Old rivalries, old tensions, old deep-seated convictions exist within the Democratic ranks.

Public opinion in our Sunshine State is almost unanimous in supporting the Askew resolve to act effectively along the crime front, to do something about the penal system which is about as outdated as the whipping post, to beef-up the anti-drug campaign, and to hasten improvement of mental health facilities while lending a meaningful ear to the plight of senior citizens.

Campbell Thornal

We join with you today pay final tribute to this state's "Sunshine Law" which was enacted in Tallahassee when he takes office in January.

The final writing of the court's opinion in regard to this state's "Sunshine Law" was a reduction to simple terms and statement in simple words that, where government bodies are concerned, the public's right to know must not be abridged.

His example, however, far transcends that of the judiciary and legal field. Devotion to civic affairs. Awareness that words alone are no substitute for actions. Membership in civic bodies that was much more than a formal listing.

All of these contributed to the Thornal life. Such a great figure as that of Chief Justice Richard Ervin and U.S. Senator Spessard Holland — both of whom knew him at different times and in different capacities — recognized the nature and character of the jurist.

Said Chief Justice Ervin: "This is a 'real blow to the court and to all the judiciary of Florida'." Senator Holland expressed his distress when hearing of his death adding: "I knew him as a fine lawyer and good judge."

"What's the Matter with Him— Doesn't He Know the Campaign Is Over?"

Don Graff Says:

Better Railroads Needed

These visionaries among us who may have been looking for an immediate renaissance in rail service are that the federal government is taking over responsibility for passenger trains are in for a letdown.

The immediate result is certain to be fewer intercity trains. The legislation on which Congress, the President and the railroads finally got together creates a semipublic National Railroad Passenger Corporation which as of next May 1 will begin operating trains between cities at least 75 miles apart.

GOP Suffers Crippling Loss

By BRUCE BLOSSAT

NEA Washington Correspondent HONOLULU (UPI)—(NEA)—President Nixon, styled the master politician, has a way of outfoxing himself, and the Republicans' heavy government losses in the 1970 elections are evidence he may have done it at this critical time for his party's future.

The Democrats' net pickup of governorships in the range of 10 or so, coupled with nearly incomplete figures indicating total Democratic control of at least 27 of the 50 state legislatures, can point to the party's long-term prospects. Nixon had fair warning in at least one private memorandum earlier this year. The key point of this advisory was that the President was concentrating on the wrong ball game.

For, on the basis of the 1970 census totals, district lines for both congressional and state legislative seats will be redrawn in 1971 and thereafter. No one doubts that where Democrats have control at the state level, those lines will be drawn to their advantage.

BOOK FAIR was held this past week at St. Mary's Catholic Church of Altamonte Springs. Looking at the colorful new books are Byron Williams, Thomas Greenwood, Steve Conforti, and Ann Woodward.

Daytona Black Hq. Closed By Police

DAYTONA BEACH, Fla. (AP)—Officers armed with riot gear ordered about 30 persons out of the Community Coordinating Center in this city's Negro district Sunday night after black youths fired on a patrol car from behind the building, police said.

Police Chief Roger Folsom said his men entered the CCC building because they had "reason to believe a felony had been committed" when the sniper opened fire. They said the sniper fired from behind a six-foot-high fence at the back of the CCC building.

Police officials said L. F. W. Perrin drove a patrol car to a location near the Community Coordinating Center to investigate a flaming tire in the street.

Sanford Artist Works Featured Thru November

The one man show at Sanford's Paint and Glass Company on Magnolia features the works of Mrs. Gretchen Lewis Crowell. Mrs. Crowell is a well known local artist and this exhibit features both oil and pastel works.

The Florida State Bank is featuring the art work of Mrs. Marie Richter of Sanford, Mrs. Richter studied art in Philadelphia, but has lived in Florida for several years. She does decorative work and paints flowers, birds and Florida landscapes.

The great irony is that the President's entire game plan was to build the GOP toward a national majority. But what he has done is cry a small public relations triumph (holding House losses low and gaining two or maybe three Senate seats) at the cost of party-damaging losses in the crucial governorship arena.

U. S. Quits Silver Business

By BILL NEIKIRK Associated Press Writer WASHINGTON (AP)—The government officially gets out of the silver business this week, ending a long, colorful and sometimes controversial association with the white metal.

Once the main issue of a presidential campaign, the metal that used to make American coins ring has fallen on hard times—at least as money. The government break with silver comes Tuesday, the date of the Treasury Department's final sale of the metal on the private market.

ago, silver brought a price of \$1.76 an ounce. Three years ago the set price for silver was \$1.29 an ounce. For all practical purposes, silver coinage ended in the United States in 1965 when Congress ordered all American coins except the Kennedy half-dollar minted from a copper-nickel alloy.

Garden Awaits Kindergarten Pupils

By ANN RILEY
The kindergarten class at Longwood Elementary School literally holds true to the German translation of the word "child's garden." A bright and beautiful garden awaits each kinder every morning especially prepared for him or her with tender loving care plus a lot of hard work and creative ideas with the very finest type of cooperation between faculty and parents toward the transformation of a virtually stark classroom into a child's garden.

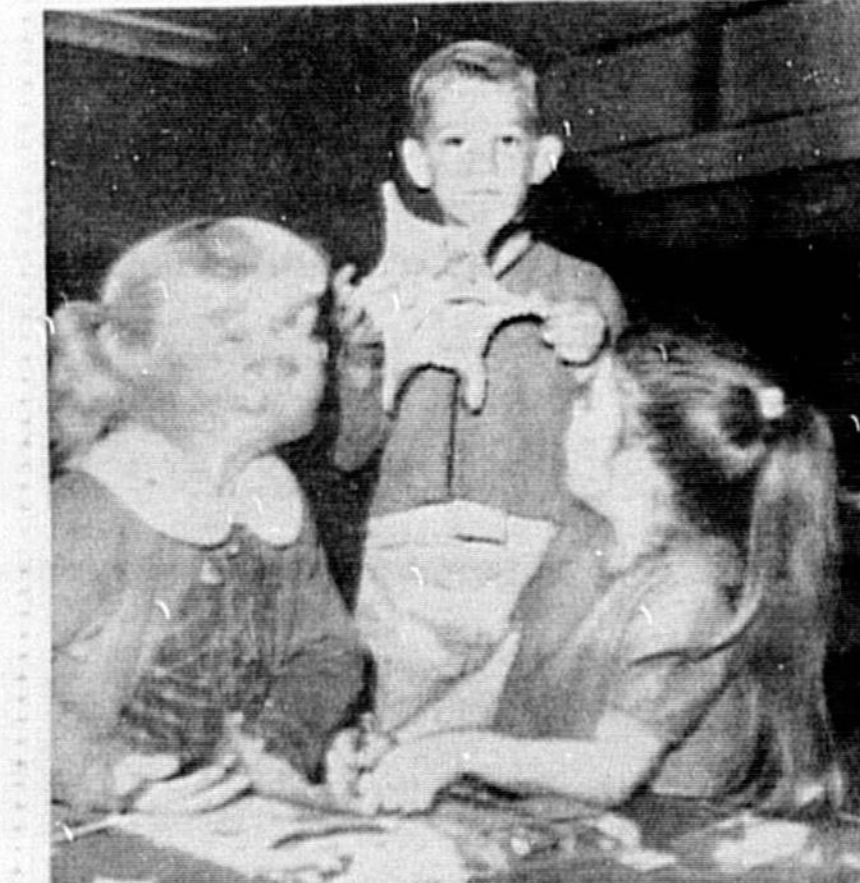

Michelangelo's they just might as so breeze might blow throughly properly will grow so will each here where eased just the right height, brushes of the various mediums with which to work with are available to all and even very gently teaches, God's tiny buds, if nurtured grade.

The world of drama is there in the garden with a festive puppet theater along with colorful hand puppets awaiting each child wanting to present a show.

A doll house with a removable roof, convenient for spring and fall cleaning is there too and each kinder while having fun also begins to learn family relations, perhaps even encouraging a future architect.

Using Existing Buildings

Civil Defense Seeking Shelters

Clinton H. Westbrook, Seminole County Civil Defense Director and General Robert H. Betts, Orange County Civil Defense Director, announced today that they are renewing efforts to license and stock fallout shelters in existing buildings. In a joint statement the Civil Defense heads stated that this is necessary in order to keep faith with the citizens who expect public fallout shelters to be properly prepared should the need arise to use them. He also said that the announcement of Orange and Seminole Counties' new Community Shelter Plan should make the climate more favorable for building owners for 6,158 persons. They explained that, in order to qualify for licensing and stocking, a building must meet Federal radiation protection requirements and provide shelter for at least fifty people.

Optimists Organize

Sanford Optimist Club will hold its charter meeting at noon Tuesday at the House of Steak, according to J. E. Harrington, temporary president. Members of the Orlando Optimists, sponsor for the Sanford club, have been working daily in this area for several weeks on a membership drive. Harrington reminds members to be present at the Tuesday meeting, and in good standing, to insure completion of the charter.

DR. R. N. SVENDSEN, Sanford physician, presented a program on Emphysema for patients and their families at the Seminole County Health Department. Slides were shown on the effect of smoking on health.

29 Attend Session On Emphysema

The monthly meeting for emphysema patients and their families was held at the county health department with 29 present with Mrs. Lorraine Graham presiding.

Dr. R. N. Svendsen conducted a question and answer period. Slides were shown on "The Effects of Smoking on Health."

Born in Kearney, Neb., he was graduated from the University of Iowa. He was medical director for the State Department for 14 West African countries for three years. He came to Sanford in 1966 and entered private practice.

Al Bork, assistant managing director for Central Florida TB and ED Association, demonstrated "Smoking Sam."

"Smoking Sam" was developed to satisfy a need for something to demonstrate the nature of tobacco smoke.

He is a 12-year-old boy mannequin built to smoke cigarettes through glass par lungs that filter out tar which can be seen and smelled. The mannequin comes clothed in staid, pressed trousers with a side-zipped shirt to permit the viewing of his lungs from the back. The lungs are completely installed and ready for demonstration.

Bork announced that "Sam" will be used extensively in the schools.

Dr. R. N. Svendsen conducted a contract and plant preparation meeting for the new year.

This is because ratification of a contract and plant preparation would prevent the nation's largest automaker from resuming operations again for almost three weeks after the settlement is reached at the bargaining table. Local issues left unresolved could set the schedule back even further.

Artificial deadlines for agreement on a national pact have been set by both sides in the 5-day-old strike.

Chief GM negotiator Earl R. Bramblett has set Tuesday as the day when agreement must be reached if the company is to resume full production before Dec. 1. The UAW put itself under the gun by calling a special conference of its 350 member GM Council here Wednesday.

Another lame duck Republican is Rep. William Cator Cramer of St. Petersburg, who supporters expect will find employment in the administration of his friend, President Nixon.

A Nixon spokesman last week said Cramer could have a job with the administration in Washington anytime he wanted one. Sources in Washington said Cramer was being considered for a federal judgeship or employment in the transportation

Claude Kirk Jr. Aspires To Be News Publisher

TALLAHASSEE, Fla. (AP) — Can an out-of-work governor who once made headlines out of confrontation politics find happiness making headlines out of type? According to an aide, owning a newspaper is one of Gov. Claude Kirk Jr.'s fondest wishes. "It's always been one of his dreams," says Don Meiklejohn, a Kirk aide who worked as a reporter for the St. Petersburg Times before joining the governor's staff. "That'd be a hell of a newspaper. I'd like to be the editor of that newspaper."

Hobby Show Featured

The "Expo-national" 1971 Central Florida Fair's first annual hobby show will be held the second week of the fair, March 1-6, according to fair manager H. H. Parish.

Open to residents of Florida and to visitors in the State at fair time, this show case of creative and collective hobbies will be one of the outstanding attractions at the 59th annual event.

Putting emphasis on the educational and cultural aspects of the hobby show, the planning committee is scheduling performing crafts to show the fair public "how it's done."

Categories will be creative, collective and radio-controlled. Each will be broken into classifications, for well-balanced interest.

Creative hobbies include woodcraft, leathercraft, shellcraft, fishing flies and plugs, ceramics, decoupage, dolls and model making, china painting, mosaics, jewelry, flowers, antiquing, gift wrappings (original ideas), and most unusual.

Collective hobbies may enter coins, stamps, dolls, antiques (small), china and glass, guns, trains, cars, relics, miniature animals, foreign items (small) butterflies and insects, lapidary, and most unusual.

Radio-controlled items (cars, trains, planes, etc.) will be a major part of the show.

Long Look Spells Soft, Svelte Feminine Elegance

Bill Tice of Royal Robes is another who's strong on long, and on the new kind of elegant femininity. Designed for at-home wear, his clothes could easily go out to party or country club too.

He believes in soft, young looking fashions that are fun to wear, and flattering to the wearer. In designing his latest collection he took a great deal of inspiration from the Orient and it can be seen in the bright, glowing colors and an air of fantasy and romance.

His fabrics are soft and drapery too, and often he uses combinations of bold vibrant print against a rich dark color.

That's Bill with his siren look, in the movie star tradition — a rich red leopard print in a dress with lots of flow and drape. It has a deeply slashed neckline and wide, fitted waist.

In a more international mood (right) he does an exotic twin-printed outfit in shrimp cloth. A body-molding one-piece jumpsuit in a fluid fabric of Enkalure nylon. The overskirt and puffy sleeves are in a matching shear.

The overskirt idea comes into dramatic play again (left) in a richly quilted Indian mosaic tie print. It goes over a sleek, slinky black nylon jump suit that zips up the front.

Bridal Shower Fetes Miss Porchordo

Miss Mary Ann Porchordo, bride-elect of Michael Harris Jr. of Lexington Park, Md. was guest of honor at a miscellaneous shower given by Mrs. Stanley Porchordo, Oct. 29. Co-hostesses were Jan's mother, Mrs. Gloria Simpson.

An arrangement of pink and white mums was placed on the coffee table and intriguing packages were passed out from under a trilly pink and white parasol on the gift table.

A silver coffee service flanked by crystal candleholders with unusual tapers, graced the buffet table. The refreshment table, overlaid with a white linen cloth, carried out a pink and white color theme in decor. A crystal tiered container was filled with banana nut bread, lemon filled pastries and date tarts, all with pineapple and cream cheese filling. The top tier held a miniature bride and groom standing under a wedding veil.

Canapes in the shape of bells were made of chicken and tuna salad and cream cheese. A cut glass punch bowl was filled with sparkling lemon strawberry punch with a pink bell shaped ice mold floating on the top. The lady was tied with a white net and satin bow adorned with

Scott-Phagan Nuptials Spoken

LaBetha Ann Scott and William Curtis Phagan Jr. were united in Holy Matrimony, Oct. 17, 1970, at 7:30 p.m., at Holy Inn, North Duke Mabry, Tampa.

The bride is the daughter of Mr. and Mrs. Lee Meister of Tampa, and the bridegroom is the son of Mrs. Katherine Phagan, 405 E. 14th St., Sanford. Rev. Oscar Smith officiated at the double ring ceremony in a background setting of palms and carnations.

Given in marriage by her father, the bride chose for her vows a street length dress of champagne crepe complemented with a cascade of yellow carnations.

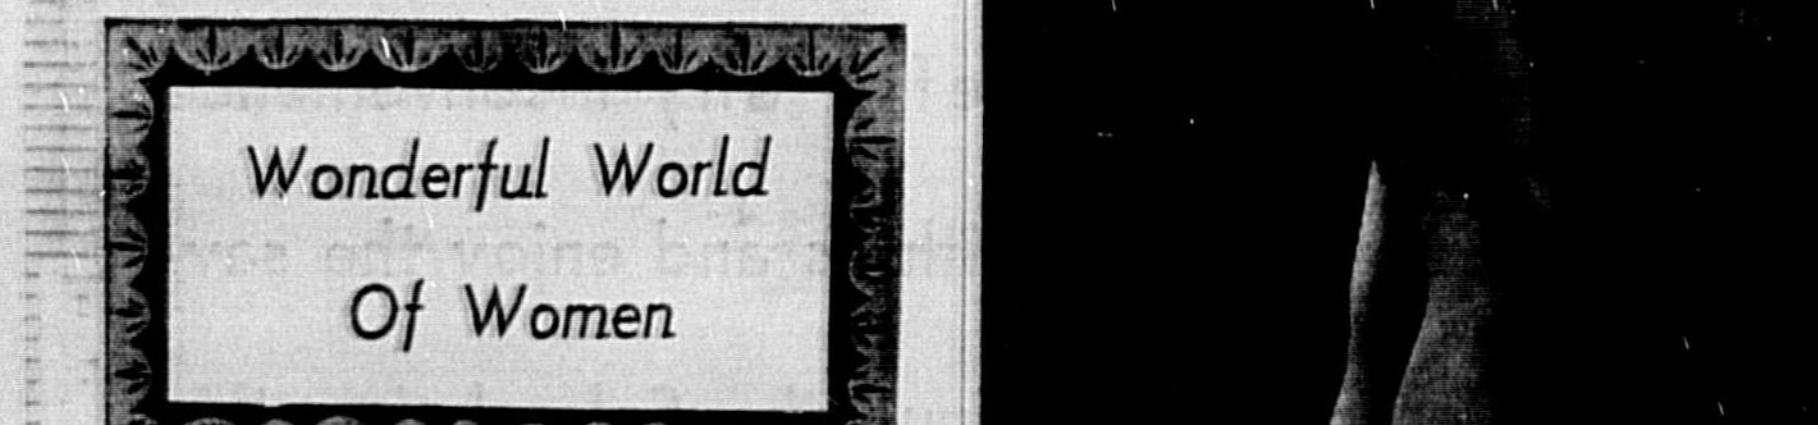

Miss Linda Senius of New York City attended the bride as maid of honor wearing an aqua dress with a matching carnation corsage.

Richard Phagan served his brother as best man.

Immediately following the ceremony, Holiday Inn Banquet Room was the site of the reception.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am a recently divorced man, in my early fifties. I am considerably good looking, still trim and vigorous, dress well and have done very well financially. So, lately, I'm not.

Before the ink was dry on my divorce papers, I started getting calls from friends. "Boy, have I got a girl for you!"

Don't misunderstand Abby. I enjoy the company of the opposite sex, but I like to select my own. When I'm invited to dinner, I'm asked to pick up some lady who will be my "date" for the evening, then I have to take her home. Or else, I am paired up with someboddy wide-eyed sister-in-law, who could haunt a house.

Question: When I'm invited out, would it be proper for me to say, "I am bringing my own lady?"

If it's my company they want, they should welcome me and a lady of my kind. All they want for is to escort someone of their choice, they can forget it. Correct me, if I'm wrong.

NORODY'S FOOL

DEAR NORODY'S: When invited to dinner, always insist upon bringing your own lady, and you'll soon find out if you're wanted for yourself or not.

DEAR ABBY: I had to laugh at the man who wrote in about his wife always counting calories. I wish my wife and mine could get together and reach a happy medium.

I am married to a woman who must have put on 80 pounds since I married her seven years ago. Needless to say, I am ashamed to be seen with her. The rest of us eat sensibly, but my wife shovels in the bread, potatoes and sweets like there is no tomorrow. I've talked to her and so have her friends and members of my family and hers, too, but it does no good. At age 26 I am ready to take my leave-making elsewhere because my wife is so repulsive.

Why do I stay? Because I love my kids and I suppose I still love the girl under all that blubber.

FATTY'S HUSBAND

DEAR HUSBAND: Her first move should be in the direction of a doctor. She eats because she's unhappy, and one of the reasons she's unhappy is because she's fat. If you love her, don't quit talking to her!

DEAR ABBY: I was interested in the letter signed "VERY MAD." From the "domestic" who is always introduced as "our Marybelle" as she had no last name. The pros she does it more out of "affection."

Then it would seem to me that the domestic, out of "affection," should be able to call the employer by HER first name, which I am sure the employer would rather encourage than tolerate.

The relationship of domestic and employer in an "our Marybelle" situation sounds with a more proper name, something that was supposed to have gone out with the Civil War.

P. K. CLEVELAND

DEAR ABBY: I have been a "domestic" for many years and I never felt put down because I was called "William." I have worked for many of the young, energetic and I have never expected them to call me "mister" to show "respect" for my age.

The title doesn't give the job dignity nor the person respect. It is the person who employs me who should put me on the shoulder and pat me "William," than stand two feet away from me and call me "mister." I know I am respected and I have no complaints about what I'm called.

WILLIAM

IN ATLANTA

"MINNESOTA GIRL," I wish to be hitch hiking. I relate to the following comment:

I am now in the process of investigating a case in which a 19-year-old girl also thought that hitching a ride with a stranger was cheaper and quicker than taking a "nice guy" who made advances to her. When he refused to stop, the girl opened the door and jumped out. The car was traveling about 50 m.p.h. Needless to say, the girl required hospital treatment. Very truly yours,

Horoscope Forecast

TUESDAY, NOV. 10, 1970

GENERAL TENDENCIES: The morning can bring a considerable amount of tension with others which can lead to quick arguments and possible separation. However, the afternoon and evening are just great for relaxing.

FOR COMING TO A BETTER UNDERSTANDING WITH YOUR ATTACHEMENT:

ARIES (Mar. 21 to Apr. 19) Instead of trying to find fault with partners, be more appreciative of what is good in them. The evening can be excellent for romantically speaking. Think well before speaking and do not go to bed with a bad attitude. You will before speaking and do not go to bed with a bad attitude.

TAURUS (Apr. 20 to May 20) If you do not permit private worries to absorb you, you can come to a fine understanding with a bigwig. Confidently get the data that you need from experts. Much happiness with one you love is possible in P.M.

GEMINI (May 21 to June 21) Try not to argue with a good pal in A.M., or it could turn into something serious, and do not press personal wishes on your husbands. He will clean up a bathroom after them. My future daughters-in-law, for example, will praise my name and call me blessed because I'm too tough to teach my husbands to be not to expect more or any other thing to clean up a bathroom after them. I've talked and explained to my sons. Cleanliness is next to godliness. I've told them something like that many times, but they don't seem to listen. I can hardly wait until I have these daughters-in-law of mine. I shall back in the glory of their voices telling me how terrific I am. I wish I had them with me here at this moment. Maybe they'd help me do the dishes.

CANCER (June 21 to July 21) Don't take any chances where civic or career matters are concerned in A.M. The afternoon will then be very profitable for you. Pay your bills or you get into trouble with one creditor especially.

LEO (July 22 to Aug. 21) Particular care in driving early in the morning. You should be exercised. You can reach a good deal of agreement in P.M. on some important matter. Don't be sarcastic with anyone. Get to bed early to night.

VIRGO (Aug. 22 to Sept. 22) Much is expected of you by others today, so don't get tired out. Don't get into a quarrel with your wife or later. You are loved by her, later on you love has been accepted. Use right type of change on this person.

LIBRA (Sept. 23 to Oct. 22) Try not to start an argument with a partner or you later have to reconcile and that will be the most difficult thing to ever joint operations in a very cooperative fashion. Then all works out fine.

SCORPIO (Oct. 23 to Nov. 21) The afternoon is best time to make big headway in your line of endeavor, since coworkers are not to be irritated in A.M. Do something more about improving your state of health.

SAGITTARIUS (Nov. 22 to Dec. 21) You have a delightful time with congenial people provided you are not in a mood to criticize them. Persistence will help you put creative ideas across in A.M. Drop any pretenses.

CAPRICORN (Dec. 22 to Jan. 20) Show wisdom at home and you find that the conditions will improve. Get rid of whatever is causing the trouble. Have a happy evening with kin enjoying hobnobbing.

AQUARIUS (Jan. 21 to Feb. 19) You are apt to be impatient in A.M. because your mind is working overtime and nothing seems to turn out right. After lunch all falls into right focus. Make appointments for afternoon. Wait until then before asking his advice.

PISCES (Feb. 20 to Mar. 20) Study monetary matters well in A.M. to determine your true position. That business expert gives your right suggestions in afternoon. Wait until then before asking his advice.

IF YOUR CHILD IS BORN TODAY . . . he or she will be one of those overly dynamic young people who wants everything to go fast and is so impatient that you had better teach early to slow down and let things fall into proper focus. Once this is learned, your progeny can then handle many interests and do them well by properly scheduling the time, actively. Don't try to give extracurricular lessons in music or other subjects if your progeny has no aptitude for liking.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

We The Women: By Betty Canary

It's no secret that I'm not in the vanguard of the women's liberation movement. And it is not because I'm afraid that if I burned my bra nobody would notice. I want everyone free—men included—but I choose not to go in for the more radical methods. Instead, I have decided to work from within, hoping that someday I'll be thanked for it.

My future daughters-in-law, for example, will praise my name and call me blessed because I'm too tough to teach my husbands to be not to expect more or any other thing to clean up a bathroom after them. I've talked and explained to my sons. Cleanliness is next to godliness. I've told them something like that many times, but they don't seem to listen. I can hardly wait until I have these daughters-in-law of mine. I shall back in the glory of their voices telling me how terrific I am. I wish I had them with me here at this moment. Maybe they'd help me do the dishes.

I've tried everything but somehow I can't convince my sons that scrubbing garbages is anything but a dirty job. (I can't convince my daughters either, which may count as a plus mark for me.)

Actually, I'm afraid I've waited too long to really get all the facts across to my sons about how women should share equally in the overall share of things. And, every time my 16-year-old son struggles on the toilet to help me with my coat, I waver a bit and wonder if his future wife will really want to do without this thing. When my husband had hernia, I rushed to help him into his coat. At other times, and until all men have crone legs, I'll expect to be helped into mine.

I am perfectly capable of putting on my own coat and opening my own door and lighting a cigarette. I'm not bragging about this, under any circumstances.

If I'm getting down to the gritty, I would prefer, I suppose, having a man bearing the bags and baskets rather than opening a door in a downtown restaurant.

Unfortunately, I have to face a few facts myself. There aren't many men around when I'm leaving wash baskets, and out to lunch. I'm simply going to have more luck.

There may be a moral or a lesson here.

Highlights TV Time Previews

MONDAY, NOV. 9, 1970

7:30-8:30 ABC, The Young Lawyers. Never let it be said that this series would deny its audience the most sensitive subjects in the legal spectrum. It has used the off-putting responsibility of the legal practitioner to defend to the best of his ability, and the law's safeguards and guarantees, obviously guilty defendants such as radical rioters, political bombers, murderers and rapists. . . . But this time the program chooses a police officer accused of brutality. Attorney Silverman is loathe to defend him.

7:30-8:30 CBS, Gunsmoke. This is a well-scripted tale of the actor who made a blunderous mistake when he started to believe his own publicity. The with a slightly added brain, turns a slightly added brain. When he accidentally shoots a notorious gun-fighter, he achieves instant fame. Then, enter publicity, in the person of a journalist who asks in the last some great opportunity. Sammy Davis Jr. joins them as an ex-lavie rescued by the trio in the course of their adventures amidst dancing girls, blood-eyed target.

8:30-9:00 CBS, Here's Lucy. Vincent Price stars in two of his best known images, the horror actor and the art connoisseur. Lucy visits home to get some art advice, then is led by her own imagination to believe that looking for a brain transplant subject.

9:15-10:00 NBC, Monday Night at the Movies, "Sergeants 3" (1962) (Rerun). The networks seem to be leaning more and more on movie reruns this season, with one this being the second in two days. Frank Sinatra, Dean Martin and Peter Lawford are the three neo-coms in the Western comedy adventure. Sammy Davis Jr. joins them as an ex-lavie rescued by the trio in the course of their adventures amidst dancing girls, blood-eyed target.

The Sanford Herald Readers: This INTRODUCTORY OFFER brings you

\$5.00-A-MONTH—FREE CASH—
WE'VE NEVER HAD BEFORE—THE HOSPITAL

—Only 25¢ covers your entire family for the first month

- ★ Pays you cash at the rate of \$500.00 a month for each hospital stay... even for life, if necessary.
- ★ Pays in addition to any other companies' coverage you have—including Medicare.
- ★ Pays all cash direct to you (not to doctor or hospital).
- ★ Guaranteed Renewable for Life. National Home guarantees never to cancel your protection no matter how old you become or how many claims you have.

No salesman will call—No medical examination required—No age limit

ACT NOW—YOUR APPLICATION FORM MUST BE MAILED BY MIDNIGHT, THURSDAY, NOVEMBER 12, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family—tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you pay for costly but necessary X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped? And living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the answer? How can you be sure you have the answer in our National Home plan that...

Pays you \$500.00-a-month tax-free cash whenever you are hospitalized.
 What a blessing it is when you know you have \$500.00 cash coming in every month when you go to the hospital. You get your \$500.00-a-month cash—tax-free—as long as you are confined in the hospital. You are covered from the very first day for accidents and from the fourth day for sickness—even for life, if necessary! Most everyone has some insurance or savings to take care of a one to three-day hospital stay. Since we provide life-time benefits, this "deductible" feature enables us to give you the broadest possible coverage at the lowest possible cost.

Now, this low-cost plan from National Home enables you to enjoy this protection at once. Your introductory rate is just 25¢ for the first month's coverage for your entire family. Then, you may continue at National Home's regular low rates.

The widest protection you NEED!
 All benefits of this \$500.00-a-month plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! (Use the money as you see fit—for hospital or doctor bills, mortgage or rent payments, to replace savings—or any necessary, but costly, expenses covered by other hospital policies.)
 Everything costs more these days (need we tell you?) and hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes. That's why National Home developed this low-cost plan that helps you pay hospital costs or other expenses.

We can never cancel your policy!
 You can count on this wonderful protection no matter how old you become or how many times you collect from us. Your policy guarantees that we can never cancel your protection for any reason whatsoever. It is Guaranteed Renewable for Life!

And had a new family with a growing family—this policy (NH10-669P)...

- PAYS** \$500.00-A-MONTH CASH for each accident or illness. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the fourth day in the hospital.
- PAYS** \$250.00-A-MONTH CASH for the first three months, when you're 65 or over. And a full \$500.00-A-MONTH CASH thereafter—even for life. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the fourth day in the hospital.
- PAYS** \$300.00-A-MONTH CASH if a covered child is hospitalized for injury or illness. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the fourth day in the hospital.
- PAYS** \$2,000.00-A-MONTH CASH when both husband and wife (under age 65) are hospitalized at the same time for accidental injury or illness, or when they are hospitalized together for illness.
- PAYS** \$400.00-A-MONTH CASH for a registered nurse at home if your doctor has you home one within five days following a covered hospital confinement of five days or more.
- PAYS** \$2,000.00-A-MONTH CASH for a complete accidental loss of limb or eye/sight.

65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as a valuable addition to whatever is paid by Medicare—or health insurance you may have with any other company. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. In addition to any benefits you may receive from Medicare, this National Home plan pays you at the rate of \$250.00 a month for the first 3 months, and \$500.00 monthly while hospitalized thereafter... even for life, if necessary!

Pays you \$300.00-a-month cash whenever any dependent child is hospitalized.
 When you choose Coverage for Children, all your dependent, unmarried children from age one month through 18 years are covered. That's more, any newborn children you have in the future are covered automatically at the age of one month—at no additional cost to you. And whenever any of your children go to the hospital—for removal of tonsils or appendix, for any illness or injury—this National Home plan pays you at the rate of \$300.00-a-month cash, for as long as necessary. Children are covered for accidents from the first day and for sickness from the fourth day.

Pays you tax-free cash Maternity Benefits, too.
 With this plan, you can also collect cash at the rate of \$500.00 a month for every day you are confined to the hospital for pregnancy, childbirth, or even miscarriage. You get this cash, which you use as you see fit, when Coverage for Children and Maternity Benefits have been added to the basic plan. Of course, both parents must be enrolled in this plan for the entire period of pregnancy.

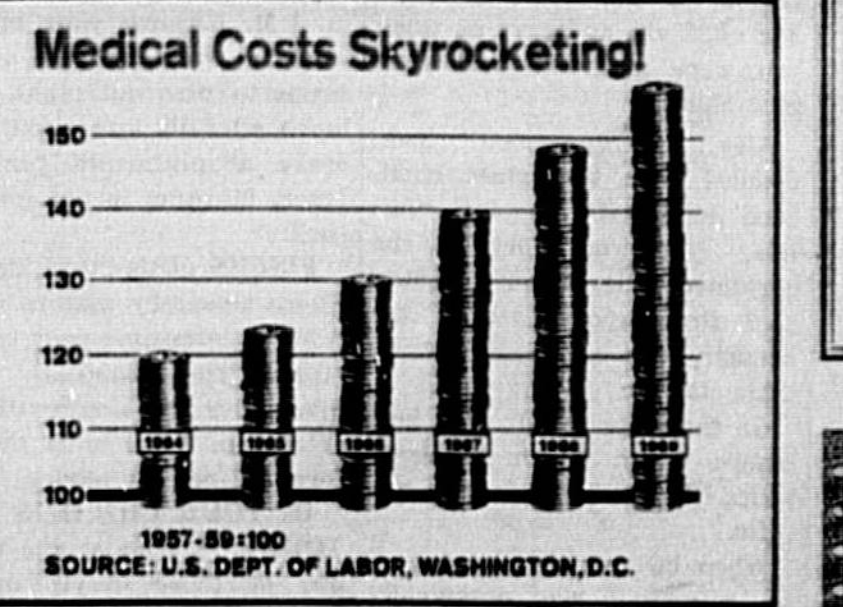

Pays you up to \$4,000.00 cash for a complete accidental loss of limb or eye/sight.
 Here's a wonderful benefit of this National Home plan: You collect cash benefits at the rate of \$4,000.00 a month if your doctor has you undergo a full-time registered nurse within five days after you come home, following a stay in the hospital of five days or more for which benefits were payable. You are actually paid for every day you enter the hospital—up to 12 full months!

Double Cash Accident Benefits.
 When you and your insured spouse are hospitalized at the same time for an accidental injury, this National Home plan pays you an EXTRAORDINARY DOUBLE CASH BENEFIT. You receive not \$500.00 but \$1,000.00 a month. Your spouse receives not \$500.00 but \$1,000.00 a month. That's \$2,000.00 in all, in cash payments to you a month. That's under age 65) starting the day you enter the hospital for as long as you both remain there.

Why you must enroll before the date shown on your Application Form—just a few days from today.
 Why do we give you so little time to enroll in this plan? Because this is a guaranteed enrollment offer, we can open the enrollment only during a limited time period—with a firm deadline date for everyone. To provide you with this broad coverage at these rates, we must receive your Application Form within the time period set for all others.

As soon as we receive your Application Form we will rush your money to you by First Class Mail. When your policy arrives, examine it in the privacy of your own home. It is a very short document and you'll be pleasantly surprised to see there are no fine print, Show it, if you wish, to your doctor, lawyer, insurance agent, or some other trusted advisor.

These are the ONLY EXCEPTIONAL Your National Home policy covers every kind of sickness or accident except conditions covered by another health, hospital or life insurance policy, except as provided under the Maternity Benefit schedule, and any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

HERE ARE YOUR LOW RATES.
 The following chart shows how little it costs after the first month to cover yourself, your spouse and any child dependent. Naturally, after the first month, you can and you only need one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

| Age at Enrollment | Monthly Premium per Adult |
|-------------------|---------------------------|
| 16-44 | only \$3.30 |
| 45-49 | only \$3.60 |
| 50-54 | only \$4.15 |
| 55-59 | only \$4.75 |
| 60-64 | only \$5.35 |
| 65 and over | only \$7.15 |

Only \$1.75 more per month covers all your dependent children...

YOUR QUESTIONS ANSWERED ABOUT THIS NATIONAL HOME PLAN

1. How much will I be paid when I go to the hospital?
 You will receive cash at the rate of \$500.00 a month. When you're 65 or over, you collect (in addition to any Medicare benefits) \$250.00 a month for the first 3 months, and \$500.00 monthly while you remain continuously hospitalized thereafter. And you collect cash for an accident even if you're in the hospital for only one day. Coverage for illness begins the fourth day—and benefits are paid in full for as long as you're hospitalized... even for life, if necessary.
2. Do you pay me cash when my children go to the hospital?
 You collect cash at the rate of \$300.00 a month whenever any of your children less than 18 years old go to the hospital—-Covered for accidents begins on the first day—sickness on the fourth day. And if you have a growing family—as soon as any newborn child is one month old, he, too, is covered—automatically... at no additional cost.
3. Will you pay me cash benefits for pregnancy?
 Yes, when Coverage for Children and Maternity Benefits has been added to the basic plan. You collect cash at the rate of \$500.00 a month for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)
4. Are there any other cash benefits I can collect?
 There are! If you and your insured spouse are both in an accident or hospitalized at the same time, you receive the DOUBLE CASH BENEFIT: You collect at the rate of \$1,000.00 a month—and your spouse collects at the rate of \$1,000.00 a month—you receive a total of \$2,000.00-a-month tax-free cash (under age 65) for as long as you both remain in the hospital. Then, too, if an accident results in the complete loss of limb or eye/sight—even as long as 90 days after the accident—you are paid up to \$2,000.00 cash.
5. Suppose I'm hospitalized for a long time and can't meet my premium payments?
 If you—the policyowner—are hospitalized for 8 consecutive weeks or more, this National Home plan will PAY ALL PREMIUMS that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 60-day period. You aren't expected to pay us back, either.
6. What do I do when I have a claim?
 Whether you have a claim, or just want to ask a question, don't hesitate to contact us. As a National Home policyowner, you are entitled to prompt, courteous and direct attention at all times... and you will get it!
7. How tall is your "catch"—what doesn't my policy cover?
 Get ready for a welcome surprise. Your policy covers every thing except conditions caused by act of war, any mental disease or disorder, pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your policy—and even this "last exclusion" is done away with after you've been a policyowner for two years. Everything else is definitely covered.
8. Does this plan pay in any hospital?
 You will be covered in any hospital of your choice except a U.S. Government hospital or a nursing or convalescent facility.
9. What are the requirements to enroll in this National Home plan?
 You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and to qualify under this enrollment, you must enroll before midnight of the date shown on the Application Form.
10. Besides saving money—are there any other advantages to joining this plan during this Enrollment Period?
 Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Application Form in the corner of this page. Also, during this Enrollment Period there are extra requirements for eligibility, and no "waiters" or restrictive endorsements can be put on your policy.
11. How do I enroll?
 Fill out the brief Application Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: National Home, Valley Forge, Pa. 19461.

MONEY-BACK GUARANTEE
 We will send your National Home policy by mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted advisor. If you decide, for any reason, that you don't want to continue as a member of this plan, return the policy within 15 days of the date you receive it, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!

Defense Tough As Usual
Fighting Seminole Destroy Lyman Hounds

Lyman Field had three brand new running Greyhounds installed on their scoreboard Friday night. But the Greyhounds played the role of turtles. The only running they did was before the game. The name of the game was DEFENSE as the Sanford Seminoles rolled to a 34-0 slaughter over the hapless Hounds of Lyman. The Lyman "11" stands 42 on the season and was all but eliminated from the Class 3AA race, which the Tribe kept their blubber spotless at 7-0.

But then the rush was on and Bob Florence was hit as he took a handoff. There was a big pileup and the Seminoles emerged with the piskin. Ronnie Howell climaxed a 43-yard drive when he barreled over from the 13-yard line. The key to the success of the scoring run by Howell was a crucial block by Whigham. Kevin Spolski kicked the point after, and the score was 7-0, with 4:46 remaining in the initial period of play.

When the Seminoles were shut out by the Lyman defense in the third quarter, Spolski booted the extra point, and the score read 27-0. When it looked as though the Seminoles had been shut out by the Lyman defense in the final quarter, they pulled the unexpected. Tommy Barkis handed off to Billy Jimenez and with no time left on the clock, the halfback hurried the ball to Ricky NeSmith, standing in the end zone. The field had to be cleared and Spolski added his fourth extra point of the night.

The entire defensive squad went "full speed ahead" all night and Bruce Rose, Kenny Harmon and the other Greyhound standouts knew they had played a hard fought battle. It was a win that should leave no doubt in the minds of local football followers that the Fighting Seminoles are one of the best, if not the best, teams in Central Florida.

Hard Loss To Take For Longwood Team

A Lyman booster, wearing one of the club's white hats, was overheard after the Seminoles-Lyman battle saying, "Well, if we had to lose, I'm glad it was to Seminoles." The look in coach Dick Copeland's eyes, as he made his way across the field to shake hands with SHS coach Tom Perrin, told a different story.

It was a hard loss to take for the Lyman coach and his team, consisting of some outstanding athletes. It was probably the game they most wanted, regardless of their season record.

For assistant coach Lamar Richardson, it was a chance to see some of his former "students" of the game do good. Johnny Holt, Clifford Martin, John Daniels, John Beasley, Jerry Tanner and all the players on the team that played for Crooms last year were congratulated by their former coach after the game. But Richardson also wanted the win, you can be sure.

For the Greyhounds, it meant the end of a chance at the Class 3-AA title. Oh, they still have an outside chance, but it is really a long shot. For the Seminoles, it renewed their hopes on the same goal.

Anything can happen in the game of football, and many think that the Tribe will make it into the playoffs. Lyman could be the key to the entire situation. They would really throw the rare injury upward if they knocked off Oak Ridge next week. And it will be a good time to do it as the Greyhounds celebrate Homecoming, Mainland, a pre-season favorite, will also get a shot at the Pioneers before the season ends.

Tommy Whigham (32) falls to the ground as two stubborn Lyman defenders hang on dear life. Whigham was a real pest to the Lyman tacklers all night long. Once, when he scored a touchdown, he broke loose from three tacklers to stumble into the end zone. The Seminoles remained undefeated as they won 34-0.

Bubba Davis Paced 1961 Tribe

"The Year of the Seminole" the 1970 has been expressed, and it seems to be the best gridiron squad since 1961, and possibly the best in the history of the school.

The Seminoles ledged a mighty landslide Friday night when they all but demolished the Lyman Greyhounds, 34-0.

It was a year when Bubba Davis, Hutz Riser, Bill Phagan, Gary Davidson, Jim Terwilliger and others "did their thing" for the Seminoles.

The season opener saw the Tribe destroy the Titaville Terriers 40-0. Davis had a pair of TDs; Riser, Phagan and Davidson also were standouts in the game.

The Seminoles stopped Edgewater, the present Metro Conference and Class 3-AA powerhouse. The score was 7-0 in a squeaker. Davidson provided the scoring punch for this one.

Then Coach Jim Piggitt's Seminoles blanked Appoka 19-0 as Davis again provided a pair of tallies. Phagan had the other.

Then the Honeymoon rolled around and the Seminoles stopped Bishop Moore 29-0, moving to seventh in the state poll. Davis once again paced the scoring action.

Lakeview was next on the agenda and they fell 14-0 to another foe, the Seminole signal-caller all had TDs.

Then the DeLand Bulldogs came to Sanford to spoil the attempt for an undefeated, untied season. The game ended in a 6-6 tie, with Davis scoring the only Seminole TD on a 70-yard run. Thus the Seminoles ended the regular season 9-0-1 and accepted a bid to the Elks Bowl in Leesburg.

It was in this season, as the Seminoles collected their fourth straight shutout, blanking Seaforest 20-0. Davis and Riser were the scorers for the Indians.

From the defensive party was shattered as Leesburg scored a long touchdown. The Seminoles won 29-6 on a pair of TDs by Riser and another by Davis. Jy this time the Seminoles were ranked fourth in the state.

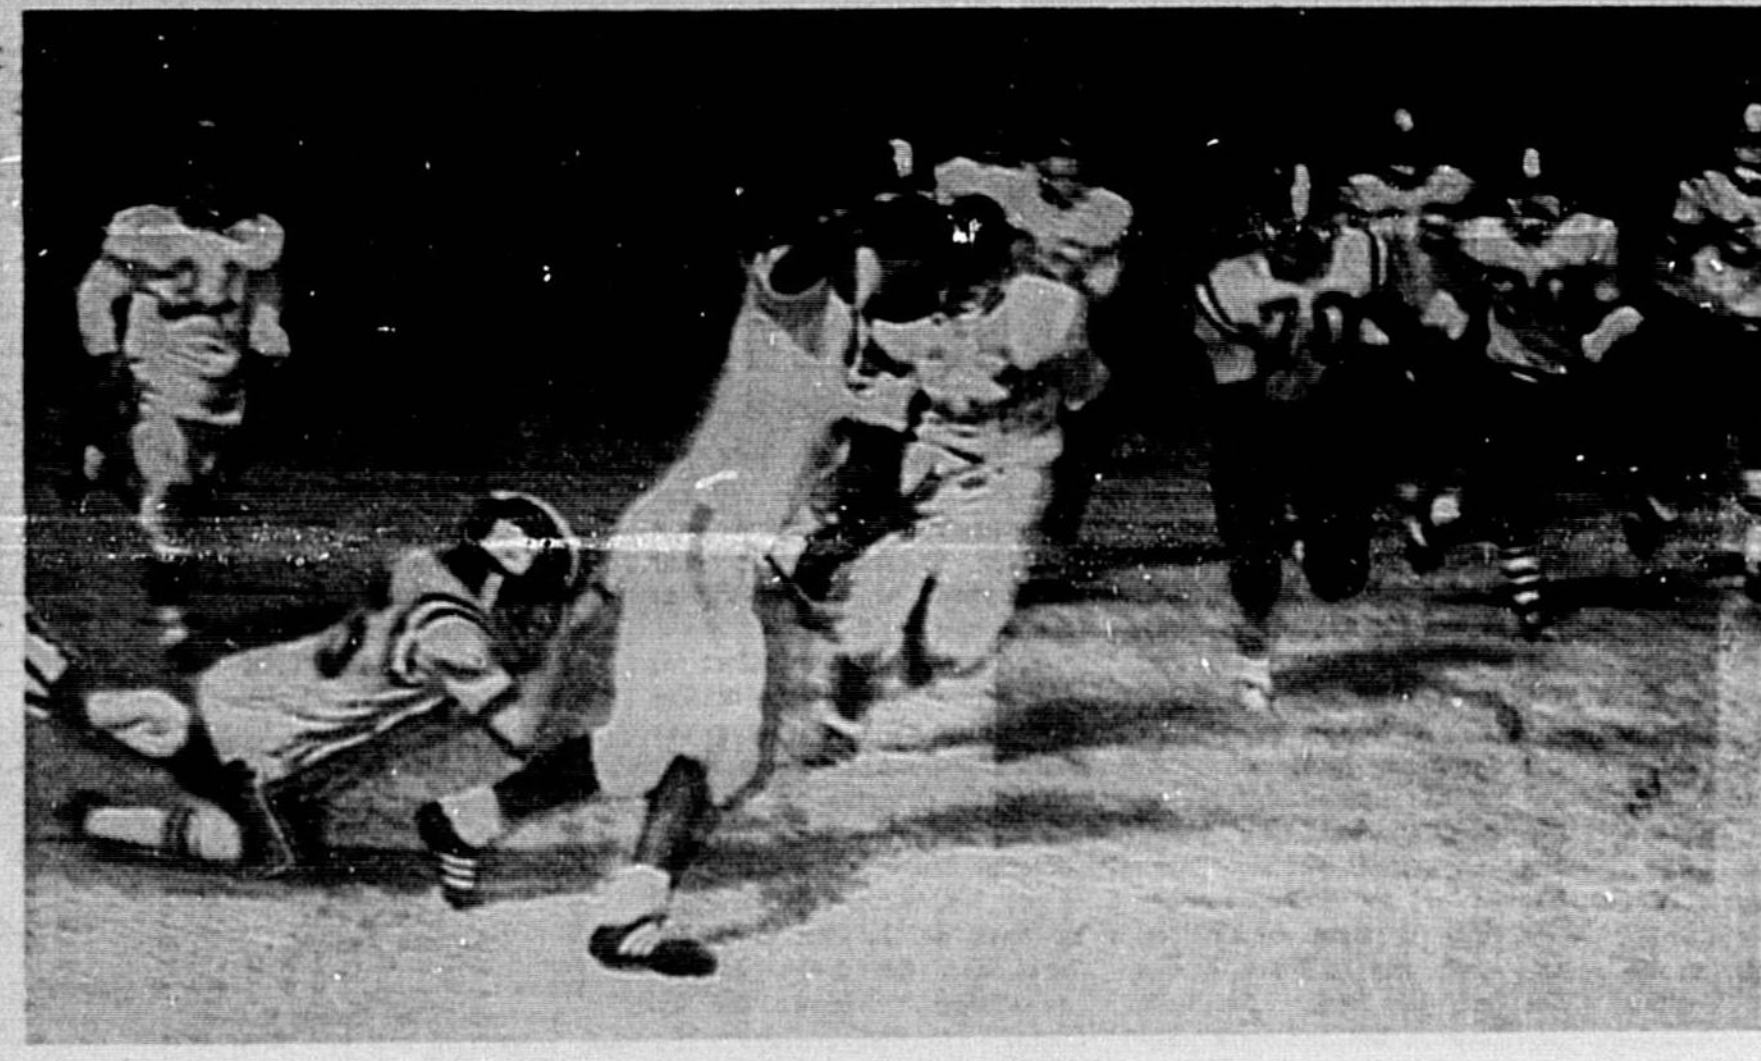

The pollsters got nervous when the Seminoles were finally scored upon and dropped their lead in the Tanglefoot Bowl in Leesburg. The Seminoles finished the season with a 10-0 record, and came out on top of Tavara, 21-6.

Loyal football enthusiasts and former players questioned, can't remember an undefeated, untied season for the Seminoles. The 1961 season stands in the memories as the closest thing to it. But if things keep going like they are presently, they might see, in seven games this season, the Seminoles had to one yet.

JOHNNY HOLT makes valuable yardage and gains a first down as a Lyman defender tries to drag him to the ground. Holt caught a quick pass over the middle on a third down and long yardage play. The Seminoles stopped Lyman 34-0.

Panthers Finally Lose At Home

By GARY TAYLOR Herald Sports Editor

ORLANDO — The financially weakened Orlando Panthers had over 8,000 paying guests Saturday night, as they closed an alder chapter in their efforts to finish the season without folding.

"GOTCHA" SAYS ORLANDO'S Marv Pettaway (33) as he puts the clamps to Pennsylvania's John Land in Saturday night's Atlantic Coast Football League contest in the Tangerine Bowl.

Early in the third quarter, the Panthers added three more points when Karl Kremer booted a 23-yard field goal. This made it 14-3. That's the way it stood at the end of the third period of play.

Is Texas 'Super Team'?

By HERSCHEL NENSON Associated Press Sports Writer There's no such thing as a super team... or is there?

Elsewhere, the big news was Stanford's 29-22 come-from-behind victory over Washington, putting the sixth-ranked Indians in the Rose Bowl; Oregon's wild 46-35 triumph over No. 9 Air Force which dropped the Falcons from the unbeaten ranks; and the broken left arm suffered by Mississippi's brilliant Archie Manning during a 41-3 win over Houston.

Prep Football Poll (Continued) Only four of a possible 100 points separate the two teams. In the week's action, No. 3 Lakeland Kathleen was upset by Tampa Robinson and fell to No. 4.

Slavia Sweeps Games (Continued) Scores were as follows: 5th and 6th Grade Elementary division, St. Luke's 15, Winter Haven 14; 7th and 8th grades Junior High division, St. Luke's 14, Winter Haven 12; 9th Grade division, St. Luke's 22, Ocala 6; quarterbacks were: 5th and 6th grades Keith Tanner; 7th and 8th grades, Tim Tanton; and Chris Borg for the 9th grade.

Elzy Likely Starter For Seminoles

TALLAHASSEE—After two weeks of practice, Florida State basketball Coach Hugh Durham figures his 1970-71 Seminoles just might be as offensively potent as his club was last season when the Tribe finished eighth in the country with a 21.7 average.

However, the Florida State coach is quick to qualify his thinking. "We have better shooters on this year's team but we don't have the backboard strength we had last season. What it boils down is that you have to get the basketball before you can score."

Obviously, Durham thinks his club is further along now than at this stage last season. "But when you have three sophomores in the lineup you don't get ready defensively this early," said the coach.

Missing from practice is senior guard Skip Young who underwent minor surgery Wednesday to remove a "foreign object" from his left knee. The

Smooth, Steady Stroke

Taylor Top Worm Fiddler

CAROLINA, N.C. (AP)—Robert Taylor combined a smooth steady stroke and day to day determination Sunday to win the first annual International Worm Fiddling Championship.

The crowd of 700 gathered on the banks of the Chocowatch-Sheley Harrison of Mobile

Some entrants preferred to rub handles across the top of their stakes in short jerky strokes. Others sawed away with two-by-fours in an effort to make worms rise to the surface in their 25-by-25 foot playing areas.

But Taylor, from Pensacola, concentrated on short, smooth strokes with a metal axe head the likes of which he never has seen in this Northwest Florida town of 800.

Tension mounted as Taylor, Bill Luker of Westville and Joe River won a joyful mood. Also, through their worm count on the team.

But Taylor, who has fiddled up worms for hook fishing all over North Florida, sent the right type of vibrations into the ground and ended up with 21 of the crowd's critics. One more than Luke's Miss Harrison. Finished with 16.

Legal experts said that afternoon was not the best time for worm fiddling. The time was chosen with an eye to drawing spectators, not worms. A good worm fiddler would be able to draw worms to the top of the ground, not the other way around.

Warren Fires Butts; FSU Dumps Clemson '11'

By RICH OPEL
TALLAHASSEE, Fla. (AP)—It was the old days revisited as Florida State Saturday night at Tommy Warren materialized in a solid quarterback, fired long passes into competent hands as the Seminoles defeated 38-13 a Clemson team that was anything but a pushover.

Warren, who waited patiently on the bench part of this season while coaches tried and abandoned two younger quarterbacks in the starting slot, but in a second fine performance with 11 completions in 22 pass attempts for 286 yards.

Like Bill Cappelman and Kim Hammond before him, Warren repeatedly went to the bomb—and found more than just one or two able receivers deep in the unitary Clemson second try.

Four receivers worked the game. Barry Smith caught only two throws, but both were good for touchdowns and a total of 60 yards. The seven-day reception man for 151 yards, including a nine yard TD catch on a surprise halfback pass from Tom Bailey. Kent Gaylor caught three for 45 yards and one touchdown. And sophomore Gary Parize, star of the fourth quarter against Florida, caught one to 24 yards in the East.

Tommy Warren improves each week at quarterback. Coach Bill Peterson commented, "Especially on the defense."

War Measures Act Hit Yanks

Canada Cracks Down On American Draft Dodgers

EDITOR'S NOTE—One of the current ironies in Canada is the status of U.S. Army deserters and draft resisters who find north to protest what many of them said was a growing militarism at home and a lack of personal freedom. Under Canada's War Measures Act recently imposed to combat terrorism spawned by separatist groups, many of the Americans are finding life across the border somewhat harrowing. Here is a look at the situation.

By RICK MEYER, Associated Press Writer
MONTREAL (AP)—The American deserter stopped. The man facing him had a gun. "Policeman or terrorist? To a U.S. Army deserter in Quebec under Canada's recently imposed wartime security measures, it doesn't make much difference. The deserter wheeled. Too late.

"Halt," said the man with the gun, quietly. The man, a police detective, beckoned with his pistol. And before the day was out, the American, 23, a veteran of Vietnam who had deserted the 21st Division of the North American Air Defense Command, had been searched, questioned and ordered out of the country. Broke, frightened and aware that getting caught back in the United States would mean the brig, he stayed in Canada, however, sent for some money and went underground. Many of the thousands of draft dodgers in Montreal were already there.

"We used to be a resting place, an open sanctuary for these kinds of people," says Pauline Vallancourt, a political science professor with contacts in Montreal's deserter community. "Since the War Measures Act, though, this is clearly not the case."

The government invoked the war measures Oct. 16 at the request of Quebec Premier Robert Bourassa and Montreal Mayor Jean Drapeau, who feared insurrection. Labor Minister Pierre Laporte and British diplomat James Cross had been kidnapped by the Quebec Liberation Front, a terrorist group seeking independence for the province. Laporte was strangled by his abductors.

Police began using the war measures to search and arrest without warrants. Legally, says Bernard Merzler, an attorney representing many of those detained under the war measures, American

Spiders provided the decor for an extravagant double wedding in Louisiana in 1970. Plumber Charles Durand had his workmen release spiders in the three-mile venue of trees leading to his mansion. After the spiders had spun their grasshopper arches between the trees, the workmen used billows to blow silver and gold dust into the webs beneath which Durand's two daughters were wed.

deserters and draft dodgers, only if their presence wasn't gal in the first place—if, for instance, they hadn't applied for immigrant status. This was all, they could be affected, even before the act.

But practically, says Prof. Vallancourt, the sharp increase in police raids made it much more likely that deserters who here and find troops and police hadn't applied for immigrant status, might be picked up. "Just my luck," said the American deserter. "I came on supposed to be a nice, quiet place where nobody bothers you."

what I'd tried to get out of by coming to Canada. Montreal was supposed to be a nice, quiet place where nobody bothers you."

Genevan Is Jailed For Rape Charge

By BILL SCOTT
A 30-year-old Geneva man has been jailed on rape charges brought by a 14-year-old girl, also from Geneva. Edgar Allen Burkett was arrested Monday afternoon and charged with rape after an investigation by Sheriff's Lt. L. J. Kris, Sgt. Tony Calangelo and Detective A. F. Davis. The alleged assault occurred shortly past midnight Sunday, according to a statement from Sheriff John Polk, who declined to give further details of the investigation.

County Signs With Herndon Ambulance Service Renewed

By MARION BETHA
County Commissioners this morning renewed the contract with Herndon Ambulance Service on a three-year extension. The county will pay \$27,500 for the service. Also contacted was University Ambulance Service in Brevard County, which advised that it is necessary that it clear the proposal with the county out of its branch operating in Lake Worth and as of this morning the county had received no word.

He had received a reply from Herndon Ambulance Service, Daytona Beach, stipulating it would provide the service for \$27,500 on a three-year extension. He said the firm operated in many instances on a "charge" basis since many persons either couldn't pay or wouldn't pay and therefore the ambulance service had many uncollectible accounts. Herndon went on to say that this was the reason the cost of the service was so high. When questioned as to exact amount of write-offs, Herndon said it was a minimum of 50 per cent.

SEMINOLE STUDENTS SHOW THE WAY
STUDENT BI-RACIAL Committee has been organized at Seminole High School, the first such group founded in any high school in the nation. A meeting of all black students was held by the school administrators to discuss their concern over certain matters that relate to integration at the school. The students expressed their interests and formulated these concerns to be presented to the bi-racial committee. The committee recommendation will be presented to the student government for its action. Principal Richard (Dick) Barnett said: "Seminole High will continue to provide the atmosphere for effective learning and further expects that all students will conduct themselves in a proper manner according to the school rules. Misconduct will be handled in a manner consistent with existing school policy."
