that a group of the older people also gathered to enjoy the frolic. Mrs. Peters was as much surprised as her little daughter but rallied to the occasion with wonderful resourcefulness. The refreshments brought by the guests were spread upon the lawn in picnic fashion—all kinds of goodies young folks enjoy. The children sitting in a half circle about the lawn formed a pretty picture, their happy faces depicting the delights of the feast. Every one of that group wished there could be a surprise party every day in the week.

Evans-Gibson

The marriage of Miss Nellie Hughey Evans to Mr. Harry Lee Gibson took place yesterday afternoon at the home of the bride on Magnolia avenue, Rev. F. E. Steinyer performing the beautiful ring ceremony which united them in the holy bonds of matrimony. The rooms were lovely with floral decorations and beautiful ferns. In the dining room and the living room quantities of goldenrod was used effectively, while the reception hall and library in which the presents were displayed was a perfect bower of beauty with a profusion of the daint pink vine of ivy's wreath training over banister and mantels.

The bride wore a handsome coat suit of dark blue chiffon broadcloth, with smart little blue velvet toque to match. Many beautiful gifts in crystal and silver and pretty linens testified to the popularity of the couple. Think of the Hippo.

A teacher of psychology in an eastern Indiana high school was discoursing to the pupils of her class on the subject, "Love." By way of illustrating a point in her lecture, she said: "Love should not always be judged by the largeness of its demonstrations. Think what a kiss a hippopotamus could give."

Sunday School Convention

Miami, Nov. 9. The fourteenth annual Sunday school convention of the state of Florida is to be held in Miami, November 18, 19, 20, 21. Special rates have been granted by all the railroad and transportation lines of the state. The Florida East Coast Railway, the Van Line from Jacksonville to Miami, and the Peninsular and Occidental Steamship Lines will sell tickets for the round trip for the price of one way fare. All other roads will grant a rate of 4 cents per mile for round trip. These reduced tickets can be purchased at any point in the state direct to Miami. These splendid rates are arousing an unusual interest in this gathering, as people on this occasion can travel from the west coast all the way to the Magic City and return for a small sum.

Marion Lawrence, general secretary of the International Sunday School Association, with headquarters in Chicago will be the principal speaker. Mr. Lawrence is considered the best Sunday school man on the North American continent. Mr. L. C. Palmer, general secretary of the Alabama Sunday School Association will be the other out of the state speaker. The best Sunday school talent to be found in Florida is also to appear on the program, and the array of talent is the strongest ever offered to the people of this state.

All Sunday schools within the state of Florida, regardless of denomination are entitled to send a many delegates as desired. The Miami churches will entertain all these delegates on the Harvard plan, that is, lodging and breakfasts will be furnished free.

There are many special features planned for this gathering. The parade is to be a novel affair, and, perhaps, will be the largest and best ever held in the state. Numerous banquets at which time special phases of Sunday school work will be emphasized, will be held. Conferences covering every department of the work will likewise be held. Special attention will be given to department Sunday school superintendent and Sunday school superintendent and officers will be stressed.

C. R. Walker and E. T. Woodruff attended meeting of the Inland Waterways Convention at Savannah this week and will have something of interest to tell the people upon his return.

Rattler Attacks Boat

Mrs. Annie Hensel and Miss Ada Johns were the participants in an adventure Wednesday evening, perhaps the first of the kind that has ever been recorded.

Mrs. Hensel and Miss Johns were fishing in Lake Conway at Pine Castle in the afternoon. Hearing a noise in the water, one of the ladies remarked, "That row must be swimming out to us." However, upon looking round they saw instead of a row a large rattlesnake swimming with head and tail erect, towards them. Startled, but curious, the ladies watched the progress of the snake, until it charged the end of the boat in which they were seated. Seeking its direct attack they quickly took their position in the other end of the boat, which was immediately attacked by the snake. The ladies by this time were nearly in hysterics. John Matchett, hearing their cries took his canoe and went to the rescue, forcing his boat between the snake and that of the ladies. By this time one of the ladies had fainted. They were taken into Mr. Matchett's boat and taken ashore.

The snake was frightened off when Mr. Matchett arrived, but was found later lying in the boat which it had attacked, and was shot by Mr. Matchett. Orlando Reporter-Star.

Congressman Seeks

Washington, Nov. 9. It is understood that Representative W. J. Sears, Florida's new member of the Fourth District may be assigned on the committee on agriculture. This is one of the best assignments that could be given a member of the Florida delegation at the present time because of the tremendous strides in agricultural activity which that state is now making.

Next to the house committee on rivers and harbors, of which Congressman Sparkman is chairman, that on agriculture probably is of first importance to Florida. It will not be definitely known exactly what assignments are made until the Democratic caucus begins, but Chairman Lever of the committee on agriculture has been here sometime looking over the personnel of its members to fill existing vacancies.

With the chairmanship of the rivers and harbors committee and an agricultural committee assignment, Florida should be well provided for in addition to places held by Congressmen Clark and Wilson. Mr. Sears in this place would have an excellent opportunity to look after proposed \$2,000,000 appropriation to fight the citrus canker.

Newspaper Plant Destroyed

Raleigh, N. C., Nov. 9. The News and Observer, Secretary Daniels' newspaper was destroyed by fire Saturday morning for the second time in nearly three years. The plant of E. M. Uzzell & Co., stat printers was almost a total loss, and several stores were burned. Early estimates make the loss a quarter of a million dollars. The newspaper loss is \$100,000. The fire started in the Uzzell plant and a gas explosion spread it. Three people were slightly hurt.

Presbyterian Synod

Miami, Nov. 9. Establishment of the Florida synod of the Presbyterian church with Miami as the headquarters of one of three Presbyteries is the plan the churches of the state will act upon at their meeting this month, according to Dr. W. W. Faris, pastor of the local church, and the adoption of the necessary memorial to the general Presbyterian meeting, asking for the new synod is now considered as a foregone conclusion. Should the new synod be formed, there will be three Presbyteries, at Miami, St. Augustine and Kissimmee.

Florida is now attached to the Alabama synod, but the churches of the state have within the last few years become more numerous and stronger and leaders in the work of the denomination believe that the Florida churches are now able to stand alone.

Should the Alabama meeting approve of the plan, final action will be taken of the general assembly next summer.

ENGLAND'S BLOCKADE HAS BEEN DECLARED ILLEGAL

GREAT BRITAIN HAS BEEN NOTIFIED THAT UNITED STATES GOVERNMENT WON'T STAND FOR IT

Washington, D. C., Nov. 9.—Publication today of the American note to Great Britain denouncing the "ineffective, illegal, and indefensible" attempted blockade against Germany and Austria, gives notice to citizens of the United States whose legitimate foreign trade is interfered with by the allies that they should secure redress directly through the diplomatic channels of their own government rather than through prize courts.

This latest note, delivered in Ambassador Page to the British foreign office, is an exhaustive document dealing with England's interference with American trade since the outbreak of the war. In effect it is a communication also to France as a copy was presented to the French embassy here.

Thirty-five points are treated in the note and in conclusion Secretary Lansing declares that the United States "cannot with comportsance suffer further subordination of its rights and interests to the plea that the exceptional geographical position of the enemies of Great Britain require of justly oppressive and illegal practices." The relations between the United States and Great Britain, he says, must be governed by expediency but by

established rules of international conduct; it is of the highest importance to neutrals that the principles of international right be maintained unimpaired, and the United States unhesitatingly assumes the task of championing their rights.

Heretofore Americans whose cargoes destined to neutral countries have been seized on the high seas and delayed or confiscated have been advised to exhaust legal remedies abroad before suing the United States government for reparation. Now the note says the government "feels that it cannot reasonably be expected to advise its citizens to seek redress before tribunals which are in its opinion unauthorized by the unrestricted application of international law to grant reparation, nor to refrain from presenting their claims directly to the British government through diplomatic channels."

Since the United States does not recognize the existence of a legal blockade Americans may look to their government for protection in the shipment of a noncontraband cargoes not only to neutral countries contiguous to belligerents, but directly to or from the enemies of the allies.

Even the people who have been borrowing the paper were anxious to get their copy, all of which demonstrates that the people like The Herald and want it on time. This was the first time The Herald had been late in many months and it seemed to be missed.

PALATKA MEETING ASSURED FIFTY THOUSAND FOR FUND

Palatka, Nov. 9.—The \$50,000 fund, to advertise Florida throughout the nation before the winter tourist season, with the object of bringing many extra thousands of persons into this state will be raised. This was assured by the enthusiastic gathering of business men from all parts of the state which assembled at the Putnam House in this city on Wednesday by call of President D. C. Gillett of the Tampa Board of Trade, who inaugurated the plan. The gathering was a most representative one and the tone enthusiastic.

It was decided to go on with the plan and pledges on hand from various sections already amount to more than \$19,000, and more can be counted on. Many telegrams were read from transportation interests showing interest and expressing willingness to cooperate.

Interesting addresses were made, among the number being those of James R. Murphy of Palatka, Vance W. Helm of Miami, G. A. McClellan of Jacksonville, and Morris Cohen of Jacksonville. James R. Murphy of this city gave his personal check for \$500 toward the campaign, and Morris Cohen of Jacksonville pledged \$1,000 to the fund.

Resolutions of thanks were passed, to the Manufacturers' Record of Baltimore and to Mr. Gillett, for the suggestion of the campaign.

A resolution also was passed that a committee of five be appointed, to be charged with the responsibility of expanding the funds to the best advantage, and that every dollar of the fund be spent outside of this state for advertising purposes, no officer or committee-man to be paid any salary, and there be no action shown in the makeup of the committee. The committee named was as follows: V. W. Helm, Miami; G. A. McClellan, Jacksonville; B. L. Hamner, Tampa; W. P. Franklin, Fort Myers; Frank Lloyd, Quincy. It was the belief of those who gathered here that every community will join in the propaganda when the full plans are made known.

The plan contemplated a contribution of \$25,000 by the railroads entering Florida.

We reiterate Sanford needs a hotel now.
The moment Sanford builds a hotel the city will start a new growth.
Bob Holly enjoys the distinction of being the handsomest bald-headed editor in Florida.

The Auburndale New Era has been changed to the Auburndale News which is much shorter and to the point.

Don't forget Clean Up days on November 14th and 20th or rather do your cleaning up before that time as those days will be inspection of the work and the flower and plant show.

The Herald would suggest again that the people of the great State of Florida... Florida Waterways and the Chain of the St. Johns river...

With the work of the folkloving progressing nicely it is time to think about the work of planting the trees on the boulevard and putting out a system of lights.

We have stepped the pots to Germany... we will now start on the other side of the street.

Our rights put off... ing will ever be settled until it is settled right and the rights assumed by the rebellious countries of Europe...

They are all well... put all hands to work the minute they hit Sanford and we want this report to be spread broadcast in order that some of these pussy footed and old game gentlemen will be made to understand the necessity of working for their own good here for unless they have changed mighty in the last few years some of them are looking for work and we would hate to disappoint them.

CONGRESSMAN SETTLES IT
The Tallahassee Democrat tells of the appointment of the new postmaster at that place to take effect in June when the term of the present incumbent expires and closes the article with the following information that will have a bearing on the cases of others in the state.

The recommendation of Congressman Wilson practically settle the contest for postmaster at Tallahassee as President Wilson and Postmaster General Burleson have publicly announced long ago that they would be governed only by the recommendation of the congressman of each of the various districts in the matter of filling postmastership vacancies.

BANK ADVERTISING
Banks sometimes get the idea that since they are a separate institution for themselves that the public is bound to come to them and advertising is so much money thrown

away. We are not speaking of the Sanford banks because they all advertise liberally, but the banks of other cities. That advertising pays is demonstrated just as much in a bank as in any other business and we are reminded of this fact this week by a Cashier Chas. P. Dow visited us. When Mr. Dow was made cashier of the Peoples Bank of Orlando he knew nothing about the banking business in Florida but he was a hustler in other lines of business and knew the value of systematic advertising and he used the same up to date methods of business in the bank. He was probably violating the ethics and the ancient usages of banking and upset many an ideal of the old systems but he obtained results phenomenal results and it is results that are wanted even in the banking business and the Peoples National has become a power in Orange county and is looked upon as one of the leaders in the state. Advertising pays and no one knows it any better than Cashier Charlie Dow.

COUNTY FAIRS

Florida is going to hold many fairs during the fall and winter. The Alachua county fair will be held November 9, 10, 11, 12 and 13. The secretary of the board of trade says that the management has every assurance that the fair will be larger and more complete this year than last year and on that occasion it was a surprise in its completeness even to those who were mostly concerned in it. The fair management is sending out complimentary passes to all the editor in the state and assuring them that the fair will surpass all expectations.

We also acknowledge the success of the fair at the Value of the Fair which will be held in the city of DeLand on January 25, 26, 27, 28 and 29. The secretary of the Fair Association says that arrangements are that the fair managers are going to have a splendid exposition with the exception of a few exhibits, the entries will be open to the entire state of Florida. It is the aim of the management to make it an educational institution of the highest rank and a complete school where an opportunity will be given to measure the comparison of the arts and industries of the state and to encourage the youth comparison of a greater degree of the past and the achievement of a greater degree and a greater state.

The fair will be held in quick succession and the success of the fair will now start on the other side of the street.

And don't forget the big Five County Fair to be held in Orlando the week ending February 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

There is no need to the Union where the newspapers community population considered will rank as high as in Florida. This assertion is only made after careful consideration based upon personal knowledge and is made by a newspaperman of more than forty years' experience in the business.

It is conceded that there are a few newspapers in Florida which have not the right to be termed newspapers. With a desire to avoid any personalities no names are mentioned, but such are published where there is a total lack of loyalty and a desire to knock every proposition brought forth. Yet it is possible that the right amount of push was expressed in the publication and a sufficient degree of originality shown in the contents of those few publications there could be gained a name and a circulation which would result in their becoming strong in influence.

The Florida publications with the exception of the dozen before alluded to are far better than the support given them calls for. The dailies, the semi-weeklies, the weeklies all bear evidence of being the work of master hands at the line of work in the various departments. Scores of publications in this state carry editorial columns which are superior to the great dailies of the north while there are many that are the editorial equal of them.

There are at least seven publications in Florida whose editorial columns show ability far above like columns of New York, Chicago and St. Louis publications where high-priced editors are maintained because of the reputation previously gained by some one else's article while the general tone of the writing of the news articles, and the careful and catchy "makeup" of the entire

issue results in an attractive sheet each time the paper appears.

Florida may well offer to compare her paper with those of any state in the Union. For every publication to be found here that lacks in news, in editorials, in attractiveness, can be produced at least four times the number in any state which may be named in a contest, while it would be difficult to find anywhere publications to excel in these details in the majority of newspapers to be found in Florida. The general reader has become so accustomed to this condition that he takes it as a matter of course that such should ever be the case; but it should be understood that the encouragement of the public is necessary for the continuance of the superiority.

And the prospective settler takes note of these conditions. The community presenting but a mediocre publication, edited upon the patent medicine or the scissors plan and showing no ability or originality, can not hope to receive the growth desired; and it should be an incentive to the public to make conditions possible for a better publication. But these are few. And the publications which are now doing a splendid work for the state in disseminating news about their several localities and loyally urging a continued betterment of conditions should receive more and more the support which they deserve. Palm Beach Post.

Marion County Fair

As the days pass bringing us nearer to the time set for the Marion County Fair the confidence and enthusiasm of the people seem to grow. This is shown by the quick and ready response to every one who has been asked to contribute in any way in promoting the interests of the fair. Not only are the people willing to help but they are also willing to give. Good publicity to the management by such a spirit manifest. On the other side of the fair assumption are letters from all parts of the state expressing the good wishes of the people and the assurance that the fair this year should be a marked success.

A number of people have already been engaged by the live stock department with promises to be full of overflowing with fine blooded stock. Never in its history has the Marion fair been so prosperous in the matter of good stock.

The poultry department has been promised to be well filled. The stock department by the Corn Club by Mr. S. J. McQuinn is that they have had a wonderful success in growing the best some excellent corn some of which has

been to open to the public an address at the grounds, directly following the big industrial parade. The parade has recently been organized and promises to be a most successful one.

Hon. Charles J. Clark, speaker of the national house of representatives will be the attraction on Wednesday, Nov. 24th. Mr. Clark will lecture at the Temple theater in the evening.

Children's day, Friday, Nov. 26th.

CLASS DISTINCTION IN UNITED STATES

THE SNOBS AT WASHINGTON ALL AGOG OVER THE WEDDING OF PRESIDENT WILSON

In a land where it is still held unpopularity that all men are born equal, and where perfervid orators loudly proclaim "no class distinction and no snobbery" and in a spirit of proud superiority declare such things to be relics of the feudal system it is a little disconcerting to read the following news item in the Philadelphia North American.

Society in the national capital again astonished Mrs. Norman Galt. The Federal government as a trading company is now troubled with fear of knowing how far she will go in the matter of paying off old scores when she becomes mistress of the White House.

The entire program of semi-public social events, charity bazaars, the chessists' balls, banquets, etc., is being delayed until the social leaders learn who are to be recognized at the White House. Patrons and patronesses cannot be chosen until this social system is a solid mass.

As Edith Bolling, of Virginia, related to the best families of the southern aristocracy, Mrs. Galt never knew what a social whirl it was. She mingled in the best society and could have done the same here but for marriage with Norman Galt. From 1901 to 1913 she was a social success and a powerful influence in the Federal capital which alone has a social life.

Mrs. Galt did not rave and rant or try to break through the barrier. She set about making the best of a bad job and after the husband died she devoted more attention to the business.

Thus she has lived for two years with a President. What a social success she has been in the eyes of the Washington society. She has waved the wand and the problem was solved. No wonder Washington society was so excited when she came with a new husband.

pettiness and lack of discrimination of these—the elite.

Trade or no trade, wholesale or retail, worth and character should be the one and only standard by which men and women should be measured, and the ability to make money and to successfully run a business house should be considered a quality superior to the more traditional inheritance and spend fortune of others, which latter swing the social passport to many a social circle. We sincerely hope that this painful experience in Washington society will have a salutary effect upon all American society and lead to the emphasis of the quality of work being put into the moral worth, rather than the mere ability to make money and to successfully run a business house.

It is a well known fact that the Big Game is a most successful one. The Big Game is a most successful one. The Big Game is a most successful one.

"THE ARRIVAL OF PERPETUA," AT STAR WEDNESDAY

Mary Clayton King

The news of the death of Mrs. Mary Clayton King which reached Augusta yesterday by telegram to members of the family is a genuine sorrow to countless friends throughout the entire community where she formerly lived, and where she has never been forgotten. Her death occurred after a short illness at the home of her daughter, Mrs. Taylor in Langhorne, Pa. early yesterday morning. The body will be brought to Augusta tomorrow morning by Thursday at 1 o'clock over the Southern Railway. The funeral services will take place immediately upon the arrival of the body at the chapel in the city cemetery and the interment will take place in the cemetery in the city cemetery. The Rev. C. S. Woodward, W. H. Taylor, pastor of which church Mrs. King was a life-long member.

Mrs. Mary Clayton King is survived by the following daughters: Mrs. C. L. Jones of Los Angeles; Mrs. F. B. Taylor of Langhorne, Pa.; Mrs. Charles McLaughlin of Sanford; Mrs. and Miss Laura King of New York; Mrs. W. H. Taylor of New York; Mrs. W. L. Townsend of Augusta, Ga.; Mrs. E. P. Clayton of this city, who died away years ago leaving six children of whom Mrs. W. L. Townsend is now the only one left.

for many years a center of the social life of this city and it was with great sorrow that the community said farewell to Mrs. King when about ten years ago she broke up her home by moving away from her and making her home with her daughters who had settled elsewhere. Her last visit to her old home was made about three years ago and she received a most cordial and loving welcome on this occasion. Her health has been very good of late and she was in the city for a few days and her last illness proved to be too much for her frail body. The sincere sympathy will go out to her daughters and her sister, Mrs. Townsend.

Miss Laura King will come with the body to Augusta for an additional touch of sadness is given by the statement that her daughter with whom she was living at the time of her death, Mrs. Taylor, had herself departed in Philadelphia and buried in the Fairview Cemetery.

If father gets the notion in his head that he is going to accomplish every thing by prayer it makes it hard for mother who has to get up early each morning in order that the children may have clothes and grub. I ain't knocking on prayer, mind you, but I don't pray for those that you can get without in Atkinson County (Kan.)

Charlotte Walker in "Kindling" at the Star Friday Nov 12th

"Kindling," which scored a tremendous hit when first produced of Broadway and throughout America is a play with an immense human theme the right of honorable human beings, industrious and sober to live under such conditions that they can bring children into the world and give them a fair chance in life. Though the subject is especially plain spoken, so to speak, the author, Mr. Charles Kenyon handles it with that simplicity which signifies it and makes it eternal drama.

The heroine of "Kindling" is a woman of the tenements, about to become a mother, who is afraid to admit the coming event to her husband because she knows that it thinks it wrong to bring children to a life of poverty and squalor. In her attempt to solve a problem which is too big for her, she steals from the rich woman who owns the wretched building in which she has been condemned to dwell. Where the day of reckoning comes she finds the life she had so dearly bought for her, and he tries to shield her from all blame.

Among the Methodists

The ladies' adult organized Bible class of the Methodist church, The Wesleyan Truth Seekers met on Friday at the home of Mr. and Mrs. W. W. Abernathy. Twenty five enthusiastic members and a number of visitors were present.

After Scripture reading and remarks by Mrs. McCauley and prayer by Rev. F. E. Steinhilber the president, Mrs. C. H. Smith called for reports of committees, this being the regular business meeting of the class. A membership of forty-eight was reported by the secretary with several prospective members.

The building committee reported that it had decided that the class put in the three windows of its class room in the new church rather than the one window on Park Avenue, upon which it had tentatively agreed. This decision received the hearty approval of the class.

The treasurer received the sum of \$45.00 on hand to apply to cost of these windows.

Following the regular reports there was an interesting session of "Echoes" from Orlando participated in by all present who attended the State Wesleyan Class Federation meeting at that place recently.

In conclusion there was a social half hour with music, vocal and instrumental and dainty refreshments, were served. All went away determined to do more for their class at the Lord's work than ever before.

Tuesday afternoon the Reading Circle of the Methodist Missionary Society met with Mrs. L. R. Philips, with Mrs. Perry superintendent, in the chair. After the devotional exercises, the book "New Era in Asia," which is now being read, was reported on by a number of the members. A very helpful thought from the second chapter of Acts. The session was closed with prayer. Next meeting Wednesday night, 11th inst. They are what you need.

A number of ladies met at the residence of Mrs. L. R. Philips early Friday morning for an all day sewing dinner. They are sewing to help the Junior League with their bazaar which is to take place Saturday, Dec. 11th. We meet on Thursday the week with Mrs. S. O. Shubolzer.

Friday afternoon the Junior League took up its work for the week. There was a large attendance and interest and enthusiasm in every department. Parents, members of the Junior League and school children.

BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH, "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

The following from the Manufacturers' Record echoes my sentiments:

I would rather be an optimist, seeking the stars that pierce the night of gloom, or looking for the silver lining to the sable cloud than to be a pessimist, searching for fuel to heap upon the smouldering fires of despair.

I would rather snatch the sun-beam and weave it into song and laughter, than take the shadow and transform it into mutterings of discontent.

I would rather take the prattle of innocent childhood, and make it the guiding star of my pilgrimage than take the wail of the disconsolate and make it the silent voice toward which my barque should forever sail.

I would rather take the dimple from the rosy cheek of my boyhood and endeavor to transplant it in perennial setting upon my own brow than take the wrinkle from the face of the hopeless, and make it part of my visage.

I would rather take the notes of Nature's songbirds, and make them consonant with the melodies of my own soul than take the croakings of the toad, and arrange them into jarring discords that should forever greet my ear.

I would rather take the rose-planted by the hand of the Eternal Artist in tints of celestial beauty, and pin it to my breast, than take the seared leaf blighted by the breath of the Frost King and use it as a badge to portray my sombre feelings.

I would rather chase the rainbow that spans the brow of the evening, in quest of the fabled bag of gold than succumb from sorrow, by plunging into the mirky waves from London's bridge.

I would rather watch the eagle in his spiral course to the vaulted blue than watch the silmy snake as he makes his crooked trail through the slush and mud.

I would rather be a Christian, with faith in an omnipotent God, and with the star of hope ever drawing me to a better world, than be a pagan with no beacon light to beckon me beyond the confines of my own earthly existence.

Have just seen the letter to the Herald written by my old friend C. H. Leffler regarding the post-office and will make one more reply and then drop the matter for it is of no special interest to me. I am in favor of a white Democratic primary for the postoffice and for every other office that comes under that head. I so stated in these columns two years ago and at that time my friend Leffler was around town getting up a petition for what—not for a primary but for his appointment by the congressman. If the appointment system was so distasteful to Mr. Leffler then why was he seeking so hard to get appointed by the petition system. He did not come forward and tell the people that he wanted to be elected by the people. Oh, no. He thought he would be the appointee. After the election of Sears he still tried to get the appointment and unless I am badly mistaken went to Kissimmee to see him regarding the appointment.

Congressman Sears told Mr. Leffler probably what he told all of them viz., that he should get up a petition and he would make the appointment in due time. For several months past Mr. Leffler has written the Herald about the postoffice and one of his letters urged the people to "write your congressman and tell him who you want to be postmaster," "he will be here for that purpose," etc., all of which goes to show that up to the last few weeks Mr. Leffler was heartily in favor of the appointment of the postmaster. If he was not in favor of it why did he bend every effort to get the appointment through some other method than the primary? Seeing himself slipping he wants the primary and why does he want the primary? Simply to take away the appointive power from Mr. Sears and at the same time give him a slap on the wrist. My objection to Mr. Leffler's primary is that he had no system or objective. His petition and impassioned appeal to the people was to ask Mayor Thrasher to call a primary. By what right has the mayor of Sanford to call a primary for the postoffice when said postoffice has patrons outside of the city who are entitled to vote? His petition called

upon the patrons of the office. Who are the patrons? Democrats, Republicans, Socialists, ladies. Do the Republicans ask the Democrats about the appointees for the postoffice?

There is at least one lady and perhaps two ladies who are candidates for the postoffice. Would Mr. Leffler bar the ladies from voting and bar these ladies from the primary? He calls upon Congressman Sears to settle the matter by primary and Congressman Sears has not been asked by the Democratic voters of this special district whether he will recommend the appointees of the primary or not. He states that the people elected Mr. Sears to office. Did Mr. Leffler elect him and did the Republicans, and others not Democrats elect him and does Mr. Sears owe anyone who did not help elect him anything?

Mr. Leffler seems to think there are only a few candidates for the postoffice. There are at least eight and a new one came out last week and there will be new ones all the time unless Mr. Sears makes an appointment at once. This of course is up to Mr. Sears. He is the congressman and I sincerely hope he will be the congressman in all things. The best way to settle the Sanford postoffice matter is to settle it right now and have it over with. There is no one exercised over the postoffice except Mr. Leffler and he is only exercised because he wants it himself and probably thinks Mr. Leffler is the best man for the place. And in conclusion I just want to tell him that there will be several disappointed candidates in this race. All of them could not be appointed postmaster at Sanford and if left to a primary there would have been but one elected and the disappointment would still be there. When Wilson was elected President several applicants made the race for postoffice and obtained petitions, among them Mr. Leffler. All of them who are in the race will get a fair shake from Mr. Sears and he will recommend the man who has the strongest support of the people—in other words the man who satisfies the greatest number of people—and this is just what the petition and the primary election would do. It is all according to whose ox is gored.

Colored Civic League Organized. A committee of ladies from the civic committee of the Woman's Club met with a representative body of colored women from Georgetown and Goldsboro yesterday afternoon for the purpose of outlining the plans for the Organ Up Campaign to be held Nov. 17-20, and to ask the cooperation of the colored people of Sanford during this campaign.

Prizes will be awarded in Georgetown and Goldsboro for grounds, etc. and the colored population given an opportunity to share in the civic pride and uplift that must come from an individual interest in the welfare of the town in which we live. As an immediate result of the visit of the civic committee to the school house in Georgetown where the meeting was held, a colored woman's civic league was organized, with its full corps of officers and committees and the league proposes to get right down to business and become a factor for the cleanliness and sanitation in the town. We rejoice that another step has been taken for the community of Sanford and willingly give our support and encouragement to this new effort on the part of colored citizens.

Mme. Petrova at the Star Thursday. "The Vampire" will be Metro's next release, with Mme. Petrova in the leading role. The title of the photo play is derived from incident in the life of Jeanne Lafarge, the victim of a bogus marriage. She is incensed to the point of revenge herself for the wrong done her by conspiring to enmesh all men whom she meets and makes them her victims. She has two men conspirators in her nefarious work. Events bring a young legation attaché into her coils who falls desperately in love with her. She finds she is in love with him herself. Her love for the man is the inspiration which prompts her to shield him from harm. And she succeeds but a much cost to herself in mental anguish and suffering. Ultimately she is reclaimed. This will be one of the most interesting productions yet set forth by Metro and will be shown at the Star Theatre on Thursday, November 11th. Admission 5 and 10 cents.

Two Birthdays

Many and varied were the beautiful gifts received by Delwin and Kermith Hurley when they entertained a host of little friends at their joint birthday party on Saturday, Nov. 6th. As their natal days fall only a few days apart it was decided to celebrate the auspicious occasion together. The larger children being the guests of Delwin and the smaller ones being Kermith's. Their ages being respectively 12 and 8 years.

Many games were played upon the lawn and the joyous laughter of the little ones gave ample proof of their enjoyment. This was followed by delicious refreshments of ice cream and cake. The little ones were then marched in line to the dining room where the birthday cakes were cut. The table was beautifully decorated with festoons of red, white and blue crepe paper, and lovely cut roses in profusion were placed about the room and on the table. The little guests then departed with happy smiling faces.

Assisting Mrs. J. G. Hurley in entertaining the children were Miss Clara Millen and Mrs. J. P. Hurley.

Great Lecture Coming

W. Blanchard Moore, the world traveler will lecture and throw on the screen his many still and moving pictures of Russia and Siberian prison life. The following is an excerpt from some of his paragraphs. He will be at the Congregational church Saturday night, Nov. 27th:

A Siberian prison is an excellent place to study human nature, to note how the same misfortune will affect different people. Many become extremely sad and have what is termed the "Siberian Expression"—an expression of hopeless despair, some become ill natured and revengeful; a number take their misfortune philosophically—they find no fault; they make no complaint. A few, however, have so much cheer and good nature in their make-up that they seem to be happy under all circumstances. They are the "sunshine of sorrow," an angel of mercy in a Siberian prison.

While in one of the prisons where I was detained as an American spy, I met one of these "happy-go-lucky" fellows, who apparently would smile and look even happy if he were being hanged. While taking my usual exercise in the court with other prisoners, a little Scotchman, whose face was radiant with a happy smile, held out a welcome hand and said: "Good morning, pal, I am glad to know you. You are an American. What are you here for and for how long?" When I asked him the same questions he replied: "Ten years, have been here four years, and the Czai insists that I remain as one of his guests six years longer." Continuing, he added, "I was nearly three years in America, and it is a wonderful country." When I enquired if he had been in any of the America prisons, he replied: "Sure thing. Uncle Sam became so much interested in me and my work that I was entertained at one of his castles in Leavenworth, Kansas, for two years.

This little Scotchman is evidently a connoisseur on prison life, for, according to his statement, he has been in thirteen prisons and all in different countries. "I dare say you were arrested on many different charges," I said to him. With a hearty laugh he replied: "Oh, no! always the same old thing—running opposition to the government—manufacturing money without a license."

Clean Up Campaign. As one walks the streets of our pretty little town, there is every indication of a most cordial interest in the Clean Up Campaign that is being waged by the Civic and City Beautiful committees of the Woman's Club. The rattle of the lawn mower is heard early and late in every section of the town, the city forces are busily engaged in cutting down the grass and the town is already putting on a nice, clean dress for inspection day. Enthusiasm is everywhere apparent, even the kiddies have caught the contagion and are helping Mother and Dad clean up. But there is much to be done yet for there are so many vacant lots that detract from the general appearance of a block, lots that are overgrown with weeds and are most unightly. We make a strong plea with property owners and the city that these too have some attention. Let the good work go on and everybody get busy.

PLANT SALE AND FLOWER WILL BE HELD IN SANFORD

AS AFTERMATH TO "CLEAN UP" WEEK IT WILL BE A GREAT ATTRACTION

In ordering stock for the plant sale the committee has kept to the idea of getting out of the ordinary ornaments before the people. Of course we all know what hibiscus, roses, gladioli and the like will do in Seminole county and these will all be on sale but there will be other things just as lovely and more distinctive. These unusual flowers and trees are planted generously will make Sanford a beauty spot indeed. There will be rare palms, not a great variety but large enough to show up the specimens will be there. There will be plants of the species seen in such splendid bloom in B. F. Whittier's garden, and the salmon yellow hibiscus which as yet is not generally known. There will be the Bauhinia or mountain glory of evergreen foliage and a bloom like a lovely orchid.

of many plants there will be Acaecia, Ficus, Papyrus, Ficus, and dracaenas and the like. There will be represented by Eugene Amazon and the expert Queen Lily listed as Curcuma.

There is a rare and beautiful plant with blossom, the Lantana, and other gorgeous flame color flowers. There will be plants in each of these on sale. Of these there will be two year old flowering bushes from the Miami Horticultural Co. of New York. These will be sold at a very low price but will be of standard variety.

The offering fancy caladiums may be seen. Selections from the beautiful Papyrus Prof. Schling will send to the flower show and orders looking for will be delivered in March. There will be a liberal concession on the price of these exotics.

Those who saw Mr. Mead's wonderful garden in the April flower show will be encouraged to see the garden which will be in bloom.

The garden is intended to be a money making affair. The whole idea is to help make Sanford and Seminole county a worthy part of a most beautiful Florida and the people who live here how a they should live.

At the Parish House

The Methodist church will be glad to see the Brotherhood of St. Andrew's. They have organized a basketball team and have several games scheduled. The first of the series will be played in the parish house against Daytona High School. These games will furnish the boys of Sanford with a clean and healthy sport and we hope the games will be well patronized as the boys are working very hard to build up a winning team and will give all of their opponents a hard battle.

Remember the date, tonight, Friday, the day of November.

Revival Meetings

The revival meetings in progress at the Methodist church under the leadership of Dr. Carpenter of Jacksonville are increasing in interest and attendance from day to day.

Those who have heard him declare can be one of the strongest speakers ever visiting Sanford. Dr. Carpenter is simple in speech, profound in thought, reasonable in his methods, pleasing in address and his addresses reach the hearts of his hearers.

Those who have not heard this revival speaker have missed a rare opportunity.

Dr. Carpenter will speak at both morning and evening hours on next Sunday. Large audiences are expected. Plans are made to have all attending comfortably seated.

Every one in the city and vicinity has a cordial invitation. Services during the week are held at 4 p. m. and 7:15 p. m.

California Crops

New York, Nov. 8. Advice from the Pacific Coast show that the acreage in cauliflower in California is somewhat larger than usual. The crop is looking fine and will soon be ready to market. Californians are waiting until the Long Island crop will give the Western product a chance on the Eastern markets. There will not be a great deal of early cauliflower to be shipped during the last of this year, as not much of a movement is expected until after January 1.

The celery acreage in southern California has been cut down at least one third of what it was last season. This was not caused so much by any scarcity of seed as it was by the fact that last year there was a over production, and growers did not receive returns commensurate with their investment. The celery acreage in northern California, on the other hand has been increased over last season. Celery is now moving from California, but the shipments are confined to the western and middle west for market. There is not in condition just yet to range at 25¢ additional per bushel.

The weather has been rather good this season and a cool spell for awhile kept the tomatoes from ripening so that not enough are maturing to orders. This in turn has resulted in a firm market on the coast and operators have plenty of places to market their stock at good prices. The average acreage has been planted. Artichokes are fast the chief of the backward season and are maturing slowly on account of dry weather. Produce News.

L. L. Andrews has gone to Nashville where he will have the state agency for the Herald of Liberty, a fraternal insurance company. Mr. Andrews has been in the office several years and made good his claim of being a writer. He has worked for the Herald of Liberty and the state of Tennessee with headquarters at Nashville for a larger field. Mr. Andrews is a hustler and his many friends here while hating to lose him know that he will make good in his new home.

Three officers of the Volusia Fair Association, namely C. L. Allen, W. H. Schooley and E. W. Brown went to Live Oak the first of the week to attend the Suwannee County Fair and incidentally to secure the meeting of the American Poultry Association, which was held this year at Live Oak. Although there was considerable rivalry, still the DeLand officials had enough new life memberships to the association to warrant them holding their next meet in DeLand.

This is quite an honor for the new fair association as it means that their second annual fair will have a poultry show that will number some three thousand birds.

Thanksgiving Proclamation

Tallahassee, Nov. 12. Governor Park Trammell has issued the following proclamation in connection with Thanksgiving: State of Florida, Executive Office. By the Governor A Proclamation.

Whereas, It is eminently fitting and proper that a day should be set apart for the public generally to render to the Great Giver of all good reverential expressions of gratitude and thanksgiving for His merciful care and bountiful blessings, and,

Whereas, Time honored custom has fixed for such day a date in the harvest season, a season expressive of a benign Providence; and,

Whereas, The people of this great commonwealth, our beloved state of Florida, as well as throughout the entire nation, have the most profound reasons for being deeply grateful for the blessings which surround them, and the hallowed Christian influences under which they are enjoying the blessings of liberty, peace, prosperity, health and happiness; and,

Whereas, Our people have, especially cause for gratitude to Him who rules over the destinies of nations, that we have been free from engaging conflicts and have not been drawn into the consuming vortex of war and,

Whereas, The people of Florida have unusual cause for rendering thanks for the rich gifts of nature and the wonderful opportunities afforded in our great commonwealth;

Therefore, I, Park Trammell, Governor of the state of Florida, by virtue of the authority vested in me by law, do hereby proclaim Thursday, Nov. 25, 1915, Thanksgiving Day, and suggest that the day be appropriately observed throughout Florida.

CENTRAL FLORIDA HIGHWAY ASSOCIATION WILL MEET

MEMBERS WILL GATHER IN CITY OF GAINESVILLE ON THE 9TH DAY OF DECEMBER

One of the most important meetings to take place during the present winter is that of the Central Highway Association, which will convene at Gainesville on the 9th day of December. The association is composed of more than two thousand active members who are uniting their wonderful energies toward the creation of a sentiment which will stop at nothing short of good roads in this section, the first of which is to be the Dixie Highway.

Every booster for good roads in the section known as the west coast, the central, the middle and the northern part of the state are directly interested in matters that will be discussed at this meeting and should now begin making preparations to be there.

Besides the good roads matters, word comes from Gainesville that preparations are already under way for handsomely entertaining the good roads delegates and any friends who may go along with them and that town always does the handsomest thing in this line.

One of the interesting features of the entertainment will be a visit to the University of Florida, affording for those who do not already know an opportunity to see just what the state has provided in the way of educational facilities to train her boys for the professions and for agricultural pursuits. This alone is worth a trip to Gainesville.

Temple Circle

One of the most enthusiastic organizations connected with the First Baptist Church is the Temple Circle. This Circle is composed of twenty-two young married ladies. The Circle meets each Sunday morning at 9:30 on a Sunday school class in connection with the regular school of the church. Once a month a social meeting is held. The work of the Circle is divided into four departments: social, literary, musical and evangelistic.

The last social meeting was in the form of a silver tea given at the hospitable home of Mrs. J. B. Lawson, the secretary of the Circle. Most of the members were present and with them a number of friends. The afternoon was one of the most enjoyable the Circle has spent since its organization.

The following program was rendered: Piano solo by Mrs. Schelle Maitland.

Vocal duet by Mrs. John Thomas and Mrs. Claude Herndon.

Dialect reading with guitar accompaniment, by Mrs. F. W. Barnes.

Vocal solo by Miss Charlie Seay, Miss Lettie Caldwell accompanied. Each of the above responded with encores.

At the close of the program, which was delightful, elevating and satisfying the hostess served delicious sandwiches and tea.

All present expressed their joy of the occasion and departed looking forward to the social to be given at the Temple on Nov. 19th by this Circle.

Mrs. W. C. Inay, Circle Reporter.
