NO. 229

Truman Asks People To Serve Less Bread And Help Save Europe

100 Million Bushels Of Grain Is Estimated As Minimum Needs Of Europe

NEW YORK, Oct. 1. (AP)—Lewis Douglas, U. S. ambassador to Great Britain, arrived today on the liner Queen Elizabeth and said that "most people miscalculate and underestimate the amount of destruction in Europe and the Near East."

WASHINGTON, Oct. 1. (AP)—President Truman asked the American people to serve "fewer slices of bread" and help save 100,000,000 bushels of grain for European aid. He also called for reduced feeding of grain to cattle and made clear most of the saving must come there.

"There will be more than enough food in the United States to go around, provided it is fairly distributed," Mr. Truman said. White House aides said that in the President's plea to serve fewer slices of bread the emphasis was on avoiding waste.

Addressing the first meeting of his Citizens Food Committee at the White House, Mr. Truman exhorted:

"We must get prices down and help hungry people in other countries at the same time." Mr. Truman said the saving asked of each individual is actually very small.

"One bushel of grain saved by every American in the next few months will do the job," he said. Responding for the 25-member committee, Chairman Charles Tamm, reported that about 100,000,000 bushels of grain are needed in Europe and the Near East.

Russian Proposal On Austria Rejected

VIENNA, Oct. 1. (AP)—An American spokesman said U. S. France, Britain and the United States had rejected a Russian proposal which demands a "united and fantastic" Austria.

The spokesman said the Russian proposal in the continuing Four-Power Commission talks on Austria was that Austria be divided into four zones, each to be administered by one of the Allied or associated powers.

The Russian proposal, backed by Britain and France, would mean the United States would be required to support the Russian position on Austria.

The Communist press in Vienna charged the United States with "opposing Soviet proposals to give Austria a greater measure of sovereignty."

U. S. officials said the Russian proposal was "a very bad joke." The spokesman said the Russian proposal would mean the United States would be required to support the Russian position on Austria.

PALESTINE APPEAL
JERUSALEM, Oct. 1. (AP)—The Jewish Agency today issued an appeal to all Palestine Jews to "cooperate in a constitutional assembly to form a provisional government in Palestine."

RUBBIANS LIMITED
WASHINGTON, Oct. 1. (AP)—Senator E. A. Tamm today urged President Truman to limit Russian citizens allowed to enter the United States to the same number of Americans permitted entry into the Soviet Union.

FAITH VICTIM
RAWOOD, Ky., Oct. 1. (AP)—Bernie James B. Caswell said he planned to search for 15-year-old Faith Victim, missing recently by a rattlesnake during a visit of a faith healer cult, unless such a search is demanded.

Public Is Warned Against Delay When Appendicitis Is Suspected

CHICAGO, Oct. 1. (AP)—Neglected appendicitis kills as many people in the United States each year as are killed in automobile accidents, an International Assembly of Surgeons was told today.

Dr. Ronald C. Collins, assistant professor of surgery at the College of Medical Evangelists, Los Angeles, said 55,000 Americans die from appendicitis each year and that in 75 percent of the cases "the patient's fate is sealed."

"The annual automobile accident death toll has averaged around 40,000 in recent years," Dr. Collins said in a study of 12,813 appendicitis patients at the Hollywood Presbyterian Hospital.

"In a paper prepared for the 12th annual assembly of the United States chapter of the International College of Surgeons, he made these points: 20 percent of the population will suffer from appendicitis during their life."

U. S. Determined To Bar Aggression Says Navy Head

PORTSMOUTH, Va., Oct. 1. (AP)—The United States is determined to resist aggression, Secretary of the Navy John L. Sullivan asserted today at the commissioning ceremonies for the \$90,000,000 aircraft carrier Coral Sea.

Last of three huge 45,000-ton flatops laid down during the war, the Coral Sea has been more than three years under construction.

Like her sister ships, the Midway and the Franklin D. Roosevelt, she has a flight deck nearly 1,000 feet long, and can launch more than 100 planes.

No War Seen Soon By Soviet Authority

MOSCOW, Oct. 1. (AP)—V. V. Ulrich, president of the Supreme Military Tribunal, wrote in the authoritative magazine "Party Life" today that there was little danger at present of a new war.

"International conditions at the present time are such that we can assume peace has been secured for a long time, irrespective of aggressive elements in imperialistic countries to start a new conflict," his article said.

Gen. Clay Explains German Reparations

BERLIN, Oct. 1. (AP)—General Lucius D. Clay said today the projected new reparations from the German people in the combined Anglo-American zones would involve about \$1,000,000,000.

He indicated at a news conference that this would complete reparations to be taken from Western Germany.

Questioned about threats by German labor unions to strike against further dismantling, the military governor said: "If we say a plant is going to be dismantled, it is going to be dismantled."

Tito Warns Slavs To Be Ready For War

Yugoslav Premier Deplores British And American Imperialist Aims In Greece

BELGRADE, Yugoslavia, Oct. 1. (AP)—Premier Marshal Tito called on Yugoslav veterans in a speech yesterday to be prepared at all times, if necessary, to take up arms and fight again.

"We are working as if there will be peace for 100 or 500 years, but let us prepare ourselves as if there will be war tomorrow," Tito told the men who had fought under him in the Partisan movement during the occupation.

"When I say that we must be prepared, this does not mean that we will start tomorrow. This only means that it is a good thing to be prepared because in this way the menace of war will be removed."

"Imperialism is like a hyena which seeks to see where it can get away most cheaply and make the most profits out of it."

Tito described the Truman Doctrine as "nothing else than the creation of strategic bases in Greece and other parts of the world for the encirclement of the Soviet Union and other generally democratic eastern states."

Cuban President Is Accused Of Plotting Dominican Revolt

HAVANA, Cuba, Oct. 1. (AP)—The Cuban government accused President Grau San Martin last night of plotting a Dominican revolt.

The Cuban government accused President Grau San Martin last night of plotting a Dominican revolt.

82 Volunteers Aid New Smyrna Vet

Frank Pavlek, intern owner of the Gulf states, and in parts of the town threatened New Smyrna Beach residents in Saturday.

Reds Threaten To Call General Strike

ROME, Oct. 1. (AP)—The Communist newspaper, L'Unita, said today that the Rome chamber of labor had threatened to call a general strike throughout Rome province Friday unless peasants who occupied uncultivated lands asked to be returned to the owners.

McGrath Promises Active Campaign

WASHINGTON, Oct. 1. (AP)—Senator J. Howard McGrath, who is slated to become chairman of the Democratic National Committee, said after a talk with President Truman today that he intends to "be more active" than his predecessor.

SKERT SROOT

The Sanford Skert Club will meet Thursday afternoon at 8:30 o'clock for matches at the range at the Municipal Airport. Andrew Curraway, club president, announced this morning.

Yankees Knock Three Out Of Box To Win Second Game By 10-3

Tension Mounts On Labor Front; Rails Included

5 Brotherhoods Seek Thirty Percent Increase In Wages

Need for the conservation of Florida's water resources, and for educating the public to know how vital this is to the future prosperity of the state, was today stressed by Dick Cooper, Stetson University law student and candidate for governor of Florida, in a talk to Kiwanis members of the Kiwanis Club.

He was introduced by Roger Harris who cited him as Stetson University's "champion" for the young man most likely to succeed. Also revealed was the fact that Cooper entered the war as a private in the Engineer Corps and emerged with the rank of major.

South Gets First Touch Of Winter

Part of the South got their first touch of chilly autumn weather today as temperatures dropped to below normal over nearly the entire eastern half of the nation.

The mercury dropped to near freezing in some southern areas, and well below the 32 degree mark in the Midwest and West.

Chinese Nationals Storm Into Chongqing

NANKING, Oct. 1. (AP)—Chinese Nationalist troops stormed into the metropolitan city of Chongqing today to cut the main link between Communists and the Great Wall and those in Manchuria.

Pope Grants Audience To U. S. Delegation

VATICAN CITY, Oct. 1. (AP)—Pope Pius XII today granted members of the American House of Representatives a private audience.

Restraints On News Hit By Committee

NEW YORK, Oct. 1. (AP)—Any restraint on the free flow of information imposed by a government "can be considered an outright violation of its responsibilities to its own citizens."

Bankers Are Told To Aid Free Enterprise

ATLANTIC CITY, N. J., Oct. 1. (AP)—Under Secretary of the Treasury A. Lee M. Wiggin said today American bankers could help preserve the private enterprise system by use of their influence in "restraining those who place their own immediate profit above the national good."

McGrath Promises Active Campaign

WASHINGTON, Oct. 1. (AP)—Senator J. Howard McGrath, who is slated to become chairman of the Democratic National Committee, said after a talk with President Truman today that he intends to "be more active" than his predecessor.

Dick Cooper Is Main Speaker At Kiwanis Luncheon

Need for the conservation of Florida's water resources, and for educating the public to know how vital this is to the future prosperity of the state, was today stressed by Dick Cooper, Stetson University law student and candidate for governor of Florida, in a talk to Kiwanis members of the Kiwanis Club.

He was introduced by Roger Harris who cited him as Stetson University's "champion" for the young man most likely to succeed. Also revealed was the fact that Cooper entered the war as a private in the Engineer Corps and emerged with the rank of major.

Brooklyn's Defense Cumbles As Yankees Gather 15 Hits; Each Gets A Homer

YANKEE STADIUM, New York, Oct. 1. (AP)—Blatting four Brooklyn pitchers for 15 hits in a murderous display of power, the New York Yankees today crushed the Dodgers 10-3 today to take a 2-0 lead in the World Series before a paid crowd of 69,865.

A homer by Tommy Henrich, three triples which tied the World Series record for three-homers by one club in a single game, and two doubles rattled off the bats of the high-riding Yankees.

Georgia Warden Is Indicted By Jury

SAVANNAH, Ga., Oct. 1. (AP)—A federal grand jury today indicted the warden and four guards at the state prison camp near Brunswick, Ga., for the slaying of a convict.

WEDNESDAY, OCT. 1, 1947

FEW MEN TAKE AS MUCH THOUGHT ABOUT BUILDING WHICH WE CAN HOLD A LIFE AS THEY DO ABOUT BUILDING OR EVEN RENTING A HOUSE...

Too many of Sanford's most capable citizens are as reluctant to enter politics as General Eisenhower...

One trouble about a special session of Congress, as well as President Truman anticipates, is that once they get to meeting on the European crisis...

Out in Los Angeles a painter on the ground saw his boss, painting a building four stories up, slip and fall...

The CIO, while denouncing those who dare to suggest that the American people should eat less, demand the restoration of government price control...

We see where Gene Tuohy has quit a \$3,000 a week job because she was miscast for a part in the "Walk of Jericho"...

How can the third World War be prevented? Opinions differ, but Secretary of War Patterson says, "New York can be the next Pearl Harbor..."

We have never been one of President Truman's most enthusiastic admirers as he strikes us as a singularly second-rate politician...

In Cincinnati, Lieut. General McLain warns the American people of tyrannies in the world today practicing "lying, thievery, mayhem and murder..."

"Unless these evils can be stamped out they will destroy our civilization," while in Jacksonville Maj. General Sumner Lowry of Tampa...

"Russia is working 24 hours a day to destroy our government and enslave our people..."

"From an original lease of a few acres, Ray and Davidson now own 3,200 acres and one of the principal purposes in getting title to this land was to make it impossible for a single liquor selling establishment to locate within any reasonable distance of Silver Springs..."

"What is equally important," Bruun states, "is that for every person who takes the boat ride, a person doesn't. Perhaps you understand it better in this language..."

"But the operators of this highly successful attraction do not depend on repeat business. Of last year's \$750,000 gross, \$174,000 was spent on advertising and almost as much will be spent this year..."

Pickets And Privacy

A municipal judge in Portland, Ore., has ruled that photographing a man going through a picket line is an act of intimidation in violation of the right of privacy...

The inviolability of the picket line is a pet premise of labor which sometimes puzzles labor's own supporters...

The picket line force banded to show publicly where they stand. Some have termed it a form of coercion...

MacArthur And Grant

"Before betting on the 1948 Republican candidate, watch MacArthur's return to the United States..."

Readers of history will recall Grant's experience in 1879-80. He had toured the world for 18 months and aroused immense enthusiasm...

MacArthur's political advisers will doubtless urge him to avoid Grant's mistake and not come home too soon...

World's Longest Novel

To write a best seller, make it long. This seems to have been the theory behind "Anthony Adverse" and "Gone With The Wind"...

Williams, however, has a long way to go if he is after the world's record. That is held by a 17th century French noblewoman, Madeline de Seudery...

TOO LATE TO CLASSIFY

Paul M. Bruun, travel and entertainment editor of the Miami Beach Evening Sun and Daily Tropic, made his first trip to Silver Springs in 1939...

"1941 was the peak year for Silver Springs and the gross then was \$320,000. The big problem, which is now partially overcome, was to inform the tourists who every year trek to Florida that there are not on the west or the east coast and that central Florida is the place to travel if the visitors who are seeking vacations on either the west or east coast are looking for beautiful Florida..."

"Most of Silver Springs' advertising budget is spent within the state. They spend at least \$6,000 a month on outdoor posters. They use the advertising columns of newspapers in tourist towns. Last year they put 182,000 bumper strips on visiting cars, between the hours of 9:00 A. M. and 4:00 P. M., and the national park service estimates 8 1/2 persons a car..."

"Silver Springs is probably the best publicized spot in the state. There are over 100 short underwater motion pictures which are constantly being circulated by 16mm film suppliers. Just how many prints of these 100 subjects have been made is not known..."

"Lot of motion pictures have been either fully or partially made here with more to be made. The 'Yearling' was partially filmed here and as a visitor travels up and down the river there are remains of sets where Johnny Williams made a 'Tarsan' film, as well as many others..."

"Peter Schaal reports that business this summer has been better than last, and last summer was a record breaker, but business this year is nearly double. General, capable, energetic publicist Peter Schaal takes no personal credit—he blames it all on the attraction itself, but "Oh, Schaal, we know better..."

"Advocates of a liberal policy in the southern part of the state might be surprised to know an exact opposite policy has proven a big hit at Silver Springs..."

"From an original lease of a few acres, Ray and Davidson now own 3,200 acres and one of the principal purposes in getting title to this land was to make it impossible for a single liquor selling establishment to locate within any reasonable distance of Silver Springs..."

THE WORLD TODAY

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

Appointment of Sir Stafford Cripps as economic adviser to India...

Under which the government can compel jobless workers to take essential employment, places the country under a considerable degree of that stern regimentation which one associates with wartime controls...

This drastic step, unprecedented in modern England, gives us a fair measure of the gravity of the nation's crisis. It is a move which no democratic country would tolerate except from necessity...

Cripps' assignment to the vast responsibility of leading the country out of the economic wilderness is a striking commentary on our changing times...

Actually this individual on whom England is pinning so much faith is a good deal of an enigma even to his friends. They know him as a brilliant man of many attainments—such an outstanding personality that five years ago his name was sweeping the country and the general opinion was that he is a man of great ability and strength of character...

Having seen Cripps in action in the House of Commons, and having interviewed him, your columnist is able to add that Sir Stafford impels one to the belief that he is a man of great sincerity and strength of character. Some color is added to a rather cold personality when it is recorded that he is very religious, is deeply devoted to his family, grows flowers and likes to make furniture...

The new post is described as created especially to centralize in one man the broad powers for a much closer integration of internal and external economic policy. The goal is to cancel an adverse annual trade balance of \$2,400,000,000—a truly titanic task which not only calls for supreme skill but for the disposition of further hardships on an already overburdened public...

One of the sensations of the appointment of James Harold Wilson, 31 year old "boy wonder" of the Socialist government, to succeed the great Cripps in the presidency of the Board of Trade as the latter takes over his position as Minister of Economic Affairs, Wilson is the youngest man to achieve cabinet rank since Pitt became Chancellor in 1782...

Children in school bring good farming ideas to 85 percent of the farmers; a recent survey disclosed

New Merry-Go-Round Provided For Anthropoids On Monkey Island

Zoo superintendent Sgt. Richard has given visitors to the Municipal Zoo plenty to chuckle about by having up a merry-go-round for the monkeys...

The apparatus, salvaged from broken down playground material, was set up yesterday by City workmen. Today the monkeys were cautiously experimenting with it...

In order to install the new device it was necessary to remove one of the old, dead trees in front of the hut. Old Crip, a dark monkey who regards himself as the law keeper of the island, vigorously protested this removal and is even reported to have grabbed the arm of the colored workman with the axe and in monkey language cried: "Woodman, spare that tree! Failing in this he got right in the way of where the axe was due to fall. His efforts failed to save the tree..."

A palm tree, recently planted on the north side of the island, has been getting a thorough going over from the monkeys. One of their most popular diversions is whirling on a swinging ladder. Sunday was a busy day at the island with many visitors present in spite of the strong wind that scattered high waves over the bulkhead of Lake Monroe. The zoo has a cleaned up look. C. G. Davis is zoo keeper.

Work was being completed Tuesday afternoon on the circular walk around the front of the Merry-Go-Round.

MONDAY
Circle 10 of the Womens Society of Christian Services of the First Methodist Church will meet with Mrs. H. R. Herndon, 1104 Myrtle Avenue, at 8:00 P. M.

Hints To Housewives

SCOURING AND CLEANING
Coarse gritty scouring powder used for cleaning bathtubs, wash-bowls, and sinks may leave permanent scratches on the enamel surface. Once the metal has been damaged this way, it cannot be restored to its original finish and will always be difficult to clean.

Some scouring powders on the market are safe cleaners for enamel, but other are too rough. Unfortunately, there is no test that the housewife can make to tell which is safe. However, the specialists say that powdered chalk, also called whiting, is a safe scourer and relatively inexpensive to buy at drug stores. Make the powder into a paste with either water or kerosene and apply with a soft cloth.

For ordinary cleaning, scouring often is unnecessary. Washing with warm soapy water may be all the enamel needs.

CLEANING GLASS
Never use emery or rough scouring materials to clean glass cooking ware. Scrubbing with a knife or scouring with steel wool may scratch the protective surface of the glass and eventually lead to a crack. Even a slight scratch may make the glass less resistant to breakage.

Generally, glass cooking utensils need only soaking in lukewarm water and then washing in soap suds for thorough cleaning. Adding baking soda to the soaking water may help loosen food that has baked in. If some brownish traces still remain, remove them by rubbing with dry baking soda.

Preventive Cleaning
Frequent brushing of screens and sills can save the housewife much time and labor in window washing. Screens catch dust, dirt, and small insects which are easily brushed off. If left on, rain and

Miss Johnson Weds William H. Wilder

Blanche Marie Johnson of Jacksonville, daughter of Cornelious Brown Johnson of Blackbear, Ga., became the bride of William Howard Wilder, son of Mrs. Lee Ella Wilder of Oellockus, Ga., on Sept. 2 at 8:00 o'clock in the Livingston Memorial Methodist Church of Jacksonville. The Rev. H. Stewart Austin officiated at the double-ring ceremony.

Tall floor baskets held white daisies which were used with potted palms in decorating the church. White burning tapers in branched candelabra illuminated the scene. The family sections were marked with sprays of white daisies and tied with white ribbons.

A program of nuptial music was rendered by the church organist, Mrs. R. E. Milner and Ernest White, soloist, sang "Because". The traditional wedding marches were used.

The bride, given in marriage by her father, wore a beige wool suit with brown alligator accessories. She carried a bouquet of white rose buds and tuberoses. Her only attendant, Mrs. Cecil B. Brewton of Fernandina, wore a suit of soft green wool with brown accessories and her corsage was of yellow rose buds.

J. Q. Galloway of Sanford served as best man for the bridegroom and ushers were Dr. Cecil Brewton of Fernandina and R. W. Johnson of Brunswick, Ga., brother of the bride.

Immediately following the ceremony a reception was given in the Parlor Room of the Windsor Hotel in Jacksonville. Mrs. I. McIntyre served the wedding cake and Mrs. W. E. James presided at the punch bowl. Assisting in serving were Mrs. Bessie Brickland, Mrs. J. I. Coppock and Mrs. Eleanor Owens. Mrs. R. W. Johnson was in charge of the bride's bouquet.

After a short wedding trip Mr. and Mrs. Wilder are now residing at 112 West Fourth Street in Sanford.

Among the out-of-town guests attending the wedding were Mr. and Mrs. Galloway of Sanford.

Personals

J. M. McAlpin returned on Monday by plane from Miami where he spent the weekend.

Mr. and Mrs. Joe Barnes have returned from a three months' visit at their home in Kentucky and a visit in California.

Mrs. Dan Wright and young daughter, Danielle have returned to their home in Loch Arbor from the Fernald Loughton Memorial Hospital.

Mrs. J. L. Ingley returned yesterday from Louisville, Ky. where she has been visiting Mr. and Mrs. William Brown Zachry, Jr. and young daughter Judith Ann.

Mrs. Inez Walker, who has been visiting Mr. and Mrs. J. N. Robson at their home in the San Lanta subdivision, plans to leave tomorrow for her home in Hampton, Va.

Friends will be glad to learn that B. R. Beck has returned to his home on Laurel Avenue after having been confined to the Riverside Hospital in Jacksonville. He is reported to be improving nicely.

Mr. and Mrs. Wurt W. Warner have returned to their home on West Nineteenth Street after spending the summer in Ashburn, O. where Mrs. Warner managed the lake shore park and hotel.

Mr. and Mrs. Joel S. Field left Tuesday morning for Los Angeles where they will attend the National Association of Postmasters convention. On the trip to Los Angeles they plan to visit St. Louis, Kansas City, Colorado Springs, Salt Lake City and San Francisco and other western points.

Officers Installed By Baptist Church

The Women's Missionary Society of the First Baptist Church held its installation of officers and the regular business meeting on Monday at 3:30 o'clock at the church. New officers for 1948 were installed and the drawing of circle members was held. The outgoing president, Mrs. R. L. Garrison, conducted the business meeting and Mrs. Forrest Gatchel led the devotional using for her theme, "Retirement of Christians".

All reports were given for the closing year and Mrs. Garrison gave a brief synopsis of the work done in the years 1946 and 1947 during which time she was president.

Mrs. Douglas Charles, wife of the assistant pastor of the Presbyterian Church, conducted the installation of officers quoting a verse of Scripture befitting the duties of each. New officers are Mrs. T. H. Groves, president; Mrs. W. P. Brooks, Jr., first vice president; Mrs. John Miller, second vice president; Mrs. C. A. Anderson, third vice president, assistant; Mrs. Julian Varn; Miss Minnie Stewart, secretary; Miss Maude Jenkins, treasurer.

Chairman installed were Mrs. W. D. Gardner, mission study; Mrs. Gatchel, Bible study; Mrs. Joe Barnes, publicity; Mrs. I. N. Kimbrough, literature; Mrs. Fred Myers, stewardship; Mrs. Roy

Legion Auxiliary Has Tea In Mt. Dora

afternoon of a tea honoring Mrs. J. B. Kirkpatrick, recently elected national vice-president of the Southern Division of the American Legion Auxiliary. Forming the receiving line to greet the guests were Mrs. P. L. Allen, acting president of the Mt. Dora unit in the absence of Mrs. Blanchard, Mrs. Robert Cardale, Mrs. Jane Fleetwood, Mrs. Pearl Adams and Mrs. Sybil Routh of Sanford. The program which preceded the tea was opened with a colorful dance by Miss Jane Davis after which Mrs. Kirkpatrick was introduced by Mrs. Routh, sixth district president. The story of Mrs. Kirkpatrick's life was depicted through narrative and song with the reader being Miss Edna Childers, president of Campbell-Lossing Unit No. 53. Those taking part were Mrs. Joe Corley, Miss Ollie Reese Whittle, Betty Duncan, Peggy Pippin, Walter Gardner, Stanley Brunley, Gordon Tolle and Paulette Cason. The dancers were Jackie McDonald, Ann Whitaker, Gretchen Kirchhoff and Jane Davis.

Mrs. Jeanette Loring presented the honors with a basket of flowers on behalf of Campbell-Lossing Post 53 after which a gift book containing checks from sixteen units was given by Mrs. Routh to Mrs. Kirkpatrick and a poem was read to her which was composed by Mrs. Routh.

Dainty refreshments were then

Rural Common Sense

By Spud Johnson

It is well that we have this danger emphasized as much as possible so we may be impressed with the need and importance of fire prevention and control. National Fire Prevention Week is designated specifically for the purpose of preventing and controlling fire, for preventing the tragic losses of life and property that are caused by uncontrolled fire every year in our country.

Next week is National Fire Prevention Week, and it is hoped that many a farmer and his family will be thoroughly convinced of the danger from fire and will take every precaution to avoid that danger.

Ten thousand Americans were burned to death and more than half a billion dollars worth of property was destroyed by fire last year. President Truman's Conference on Fire Prevention reported those facts and also estimated that property loss from fire in this country will amount to one billion dollars by 1953 unless all Americans act to prevent fires. Farm fires last year claimed the lives of 3,600 persons and destroyed more than \$45,000,000 worth of property. Forest fires burned up enough timber last year to build nearly a quarter of a million five-room homes.

There's no telling when or where an uncontrolled fire may break out next, and no family is safe from it—that is, unless the family takes measures to prevent fire. Out in the country—miles from the nearest fire-fighting station—fire is a more serious danger than in the city because city homes and lives may be saved by quick firemen, but distance, lack of water lines, and the speed at which fire spreads are all against the farmer when his home or farm catches fire. An attractive little home "as pretty as a picture" on the country landscape can be reduced to black smoldering ashes and naked chimneys in less than an hour. And, if fire breaks out at night, members of the family in such a home may lose their lives before they can escape into the open.

several after which the guests enjoyed a supper at which all the Lake County posts and units were hostesses. Those from Sanford attending were Mrs. Routh, Mrs. Reid Mann, Mrs. E. C. Hunter, Mrs. C. M. Flowers, Mrs. C. F. Proctor, Miss Chittenden and Miss Loring.

Baby Feds Hold Barracudas To 6 to 6 Contest

The Seminole High School Baby Feds held the Barracudas to a 6 to 6 contest in the second period with the ball resting on the Barracudas ten yard marker, Ed Brooklyn received the ball on a reverse and scampered around his own left end to gain across for the six point tally, but the attempt for the conversion was blasted and the New Smyrna eleven trailed, 6 to 0.

The whole third quarter was played in between the 35 yard stripes with neither team making much progress, but in the final quarter, operating from the T formation and shifting into the box, the New Smyrna aggregation began to move. On an extended drive of 57 yards the Barracudas crossed the twin marker line, pay dirt just moments before the final gun.

Defensive play of the Fed forward wall was one of the main points of interest in the contest. Repeatedly the Sanford linesmen would tear through the Barracudas blockers and drop the New Smyrna backs for losses.

The starting lineup for Sanford included Pullin and Cooper at the ends, Meyers and Ludwig at the tackles, Howard and Lansing at the guards and Krider at the center post. The backfield included Crocker and Sparkman at the halfback slots, Sparkman at the quarterback spot and Anderson at the fullback post.

Dixie Series To Be Continued Tonight With Teams Tied Up

MOBILE, Ala., Oct. 1. (AP)—The Houston Buffs of the Texas League and Mobile Bears of the Southern Association head into the fifth game of the Dixie Series tonight tied at two.

Houston blasted the Bears for 15-hits and a 13-2 triumph last night.

Al "Pappy" Papp scattered four Mobile hits to gain credit for the victory. Roy Boles started on the mound for the Bears but was taken out in the second after issuing two walks and giving up two runs. Hoy Whitaker then took over, but was lifted for Paul Minner after the fifth.

PRESENT FOR PREMIER

MEMPHIS, Tenn., Oct. 1. (AP)—Two members of Army's great football teams of the past few years, All-American fullback Doc Blanchard and quarterback Arnold Tucker, were in Memphis today for the World Premier of the movie "The Spirit of West Point." Blanchard and his All-America mate, Glenn Davis, star in the picture.

COMMENTS from the SIDELINES

Myrl Hoag
Myrl Hoag, jovial Gainesville G-Man skipper for the 1947 season has been renamed boss of the G's for the coming year.

Hoag received the word at the baseball contest between the University City nine and the Moultrie Packers in Harris Field last Saturday night.

At the time the fans of Alachua County presented the former New York Yankee outergardener with a gleaming new automobile to show him their appreciation for his outstanding work in Gainesville this year.

Also confirmed Saturday evening was the working agreement arrangement between the G-Men and the Atlanta Crackers of the Southern Association.

Hoag, 39 years old, took the remnants of the eighth place 1946 ball club and moulded a winning combination from a group of boys that had the desire to play baseball.

The G-Man skipper broke into big league competition with the New York Yankees in 1931 and for 14 years he performed as a Major Leaguer. He ended his big league career with the Cleveland Indians after playing for a while with the Chicago White Sox.

He paced the Florida State League in hitting in 1946, just beating Sanford's Buddy Lake out for the crown. He also copped the batting crown for the 1947 season as well as being named the league's best pitcher with a 17-3 won and lost record. His batting average for this year was .280, seven points above his winning mark of last year.

Moultrie Trims G-Men To Take Playoff Series

MOULTRIE, Ga., Oct. 1. (AP)—The Moultrie Packers, Georgia-Florida League pennant winners, turned back Gainesville of the Florida State League, 4 to 3, last night to annex the Class D baseball championship of the southeast.

Walter Lentz pitched the packers to the victory, their fourth in the interleague series. Gainesville had won three games, forcing the playoff to the full seven contests.

The G-Men, Florida State League Shaugnessy playoff winners, opened the scoring with single runs in the fourth and fifth innings, but in the next three frames the Packers took charge of the situation.

A ninth inning Gainesville rally, good for one run, went for naught.

Cold Winds Chill Enthusiasm Of Early Crowds At Stadium

NEW YORK, Oct. 1. (AP)—Bright sunlight and cold winds for the second game of the World Series caused a disappointing turnout of bleacher crowd at Yankee Stadium today as the Brooklyn Dodgers sought a victory to match New York's opening day win, 5-3.

Manager Bucky Harris of the Yankees called on Allie Reynolds, an effective righthander. Manager But Shotton of the Dodgers again kept his pitching selection a mystery, although little, left-handed Vic Lombardi seemed the likely choice.

Where yesterday the bleachers were filled soon after the doors opened at 9 A. M., today only 5,000 were on hand for the 13,800 seats available at \$1.00.

Commission Okeys Ban On Graziano

CLEVELAND, Oct. 1. (AP)—Andrew J. Putka, Cleveland Boxing Commissioner, said today the local commission was in complete concurrence with the Illinois Athletic Commission in barring dishonestly discharged servicemen from the ring.

He did not elaborate on the statement other than to say he felt no man should be allowed to participate "in boxing who has not fulfilled the trust to his country."

When the Illinois Commission announced its decision Tuesday, Roy D. Keen, Commission member, said it was directed at middleweight champion Rocky Graziano.

He said the commission had accepted the War Department's record of Pvt. Rocco Barbella as that of Graziano. The record showed that Barbella was convicted, sentenced and dishonorably discharged from the army on a charge of being absent without leave in 1942.

Graziano already is barred from boxing in New York for allegedly falling to report an attempt to bribe him to "throw" a fight.

Ten Thoroughbreds Set For Laurel Race

LAUREL, Md., Oct. 1. (AP)—Ten thoroughbreds were set today for the \$10,000 Capital Handicap, opening feature of the 25-day fall session at Laurel.

Topweighted in the six-furlong handicap is the Shamrock Stable's The Duke, at 123 pounds. Air Patrol, entered by Shamrock Stables along with Little Harp will carry 121.

Other entries in the handicap for three-year-olds and up were: Bill Ross and Billy Bumps, both entered by P. A. Markey; Dion Kerr's Flying Weather, Transair, High Trend, and Bordeaux; and Christiana Stable's Sea Snack.

The daily purse total of approximately \$30,000 is the largest in the 87-year history of the Laurel meet, with stake offerings alone totaling \$160,000.

FIREMEN TRAPPED

NEW YORK, Oct. 1. (AP)—The huge facade that formed the entrance to burned-out Hudson River Pier 87 collapsed today and trapped at least three or four firemen. The men had been working on the ruins of the pier which has been burning since Sunday night.

Sports Roundup

By HUGH FULLERTON, JR.

NEW YORK, Oct. 1. (AP)—Now that Billy Herman has been given the bounce, wonder who will be the next?

There have been rumors about Steve O'Neill and Eddie Dyer being in danger, Joe Cronin moving up to the front office and Lou Boudreau agreeing to disagree with boss Bill Veeck, but no definite word so far. Brooklyn, of course, has its Shotton vs. Duroelner argument and if Muddy Ruel can stand another season with the St. Louis Browns, he has more endurance than you'd think. Look for the Phillies to get very tough in another year or two when their farms really begin to produce. They won pennants and/or playoff in Utica, Terre Haute, Vandergrift, Selina, Carbondale this year. Next season they'll have a triple-A club under a working agreement with Toronto and Eddie Sawyer likely will be the manager.

OH, BROTHER
Josh Cody, Temple line coach, argues that his center, Tommy Skladany, will be the second All-America footballer from that famous family. Brother Joe made it at end for Pitt in 1933. Two other brothers have won varsity letters, at Pitt and V. M. I., and two more now are attending Temple. Eddie, a minor league ball player, isn't eligible for football and "Porky" is a freshman. Duke can field one brother combination, Carl and Seth Perkins, both centers, and has four athletes whose older brothers were Blue Devils. St. Bonaventure put on the best dual show against St. Vincent last week. Burt and George Hayes at right tackle and end and Glenn and Leo Hagerity at the halfback posts.

Auburn's brilliant halfback, Travis Tidwell, may not play any more football this fall. He suffered a broken ankle and a sprain on one play in baseball last spring and played only 60 seconds against Mississippi Southern Friday night. He won't worry over the loss of a

ITCH

Sold by Grocers, Drug and Toy Stores, by Touchton, Lohr, and Hummel & Anderson.

year of eligibility, either, because he's looking for pro contracts as soon as possible. Lamesa, Texas, is claiming the title of "biggest little city in baseball" after drawing 66,124 cash customers with a fourth-place club. The town's population is about 8,000, or one to 100 people per game.

Falls, Idaho, only outdrew its population about 6 1/2 times. Virgil Tech has come up with half-back Bruce Fisher. Whose dad is high school coach at Bedford, Pa., although Army and Yale also were after the kid. Coach Jimmy Kitts calls Bruce the best passer he ever has seen.

While Michigan's footballers were staging two-a-day drills during torrid weather, Leonard Ford, lanky end, came out of the field house for the afternoon session, looking warm and weary. "Rarin' to go Lenny!" asked a passing reporter. "Which way?" Ford said, waving his long arm toward the field. "Out there or in there?"—and he pointed back toward the dressing room.

POLITICAL STRIKE
CAIRO, Oct. 1. (AP)—The Egyptian bloc of the Moslem Brotherhood, the Nile Valley Liberation committee and several other Egyptian organizations called on their members today to stage a strike against the proposed partition of Palestine.

The action was taken in response to an appeal which the Palestine Arab Higher Committee addressed recently to the Arab world. The organizations agreed to send a message to the United Nations rejecting the partition plan.

Dr. Erwin Becker, inventor of a mobile "dental chair" for horses and modern equipment for filling and smoothing down horses' teeth headed a special horse hospital for the Wehrmacht during the war.

He has invented an apparatus which permits him to get at horse's teeth and repair them with as much ease as his colleagues enjoy in attacking human molars.

Horses are peculiarly free of tooth decay, only about two per- cent of them suffering from cav- ities the veterinary says. On the other hand, about 97 per cent have tooth deformities, which hinder their chewing, cause mouth sores and make life uncomfortable for them.

"If horses could cry no, farmer would ever get a good night's sleep," Dr. Becker says.

Because of the way they chew, horses wear off their teeth un- evenly and develop long, sharp corners on the outside of their molars which lacerate the skin.

Dr. Becker said the first in- strument for holding the mouth of a horse open was invented by an Arab, Abu Bekr. His own metal halter goes on the horse's head as smoothly as the leather article.

Then, with a screw arrangement, the horse's jaws are widened to the point necessary for Dr. Becker to operate within the mouth with his drilling instruments.

The carbundum wheel which does the grinding is about the diameter of a half dollar. A small stream of water plays over the horse's teeth as Becker grinds down the sharp edges.

With an arrangement of pulleys and cranks, the veterinary's as- sistants can raise the horse's head gently to any position desired.

The deep and the enamel very thick so that the horse feels very little, Dr. Becker says.

After having its teeth ground down, a horse feels much better without eating so much, the vet- erinary says. He figures that he could save 4,000 calories a day in food per horse by his treatment—more than twice as many calories as the average German receives daily in his official rations.

Trust-Busting Is Said Increasing In U. S. Courts

By CLARKE BEACH
WASHINGTON—The Justice Department has more trust-busting suits on hand than at any time since World War I.

Its little Anti-Trust Division—only 160 lawyers and about a dozen economists—has taken on so many of the giants of industry that a list of defendants reads like an industrial blue book.

The campaign has been gathering momentum since the war's end. During hostilities there was little the trust-lustre could do but watch. The necessary reorganization of industry in the emergency had made monopolies temporarily legal.

Living Costs a Target
Now, however, the division has 122 pending cases. Fifteen of them are appeals before the Supreme Court.

The sharpest fight is against prices of food, clothing and housing. Attorney General Tom C. Clark last August ordered the Anti-Trust Division's big guns to be aimed at the high cost of living.

The preliminaries of that battle now are being fought out before a federal grand jury in Chicago. Scores of meat and dairy industry officials have been subpoenaed.

Suits under the Sherman anti-trust act are pending in Illinois and Oklahoma. Federal courts against the American Meat Institute and the leading meat packers, accused of large-scale price fixing.

Really and Building
The housing phase was launched when the division secured indictments from a district judge against the National Association of Real Estate Boards and the Real Estate Board of Washington, D. C. They are charged with a criminal conspiracy to restrain trade through fixing commission rates charged by realtors.

The high cost of building materials is a major issue in three of the cases pending before the Supreme Court: (1) U. S. Gypsum Co., charged with unlawfully fixing the price of gypsum cement industry; (2) Blue Metal, charged with price fixing in the board; (3) Cement Institute, Inc., charged with price fixing in the "drop-out" electric fuse field.

The Federal Trade Commission has filed against practically the entire steel industry a complaint charging an unlawful price-fixing combination.

Eatonian Refugees Are Landed In Miami

MIAMI, Oct. 1 (AP)—Eight Estonian refugees landed here today aboard a 40-foot Swedish yacht after sailing some 5,000 miles to escape what they described as the "iron heel of Russian domination."

The group, under command of land here in 13 months, is captained by Kalma Veski, who immediately reported to immigration authorities that none had entry visas.

Veski's wife, Hilda, who speaks English, told reporters the little boat left Goleborg, Sweden on July 22.

"We were informed that another Estonian boat which landed in Savannah, Ga., was deported to Ellis Island," she said, "but conditions were becoming so bad in Europe that we finally decided to leave."

The first group of Estonians landed here Aug. 18 last year, bringing the total to 47. They were first refused admission, but by direct intervention of President Truman were later granted permanent visas.

Aggression Ban

(Continued from Page One)
said, "that this is the finest ship that now can be built. Into it has gone all that was learned in the hard school of war. It is a piece of America's life."

"This ship may some day be called upon to hold the line while the nation musters its power for war. Certainly every American hopes that such a situation will never develop. We are confident that this vessel will help preserve the peace because it demonstrates the determination of the United States to resist aggression."

Recalling the great battle in the Coral Sea in May, 1942 from which the carrier took its name, Sullivan said neither the U. S. nor Japan could claim it as a "great tactical victory."

But the enemy turned back, he said, and "The Coral Sea marked a turning point in naval warfare. Decisive results had been achieved entirely through the efforts of naval air staff. Aviation was recognized as the striking power of the fleet. That was the naval lesson of the Coral Sea."

American losses at the battle of the Coral Sea were one carrier, the Lexington, one destroyer and one oiler, while the Japanese lost one carrier, one old destroyer and four larger. Both the U. S. and Japan had one carrier damaged as well.

Fleet Admiral Ernest J. King described the battle as the "first major engagement in naval history in which surface ships did not exchange a single shot."

FROM NEW YORK'S WEST SIDE HIGHWAY, firemen pour a stream on fire which destroyed the \$5,000,000 Grace Line Pier 57 in Manhattan. The flames spread to Pier 65. The fire was fought by eight pieces of land apparatus and six fireboats. The 2,277-ton liner *Sandis* was pulled to safety by tugs from her berth at the north side of Pier 53. One of the smallest waterfront fires in New York history, it knocked out 24 firemen, as crescent-shaped plumes and about 800 bales of cotton went up in 163-foot flames. (International)

BROOKLYN FANS, more than half a million strong, pack Borough Hall to pay homage to their beloved "Yankees," 1917 champions of the National League. A blizzard of confetti and four phone books covered the pavements from curb to curb as the ballplayers stepped out on the steps of the City Hall to greet the thousands gathered there. (International)

Man Who Aided Cancer Drive Is Victim Of Cancer Himself

CHICAGO, Oct. 1 (AP)—Author Howard Vincent O'Brien, 59, died last night in a suburban Evanston hospital of cancer—the ailment that he had frankly discussed last July with readers of his column in the Chicago Daily News.

O'Brien had been ill for more than a year and his column—formerly a daily feature for almost 15 years—was written intermittently from the hospital room he called "Cell 208" during that time.

Last July 18, he wrote of his cancer, contending the disease should be given the "widest publicity."

"It was fastened to everything out involved considerable damage to adjacent and innocent property."

He advised his readers: "If a swelling turns up, don't be any flower about doing something about it—then you would about turning in a fire alarm."

O'Brien joined the Daily News as a book editor in 1928 after having written several novels in the preceding 16 years.

In 1932, he took over the column that had formerly been conducted by Eugene Field, noted author, who had called it "Sharps and Flats." O'Brien changed the title to "All Things Considered."

One of the most famous of his columns was written during World War II. It was entitled "So Long Son" and told of a father's farewell to his son going off to war. The column was dramatized on the radio and later published as a booklet.

The son, Donel, a navigator in an Army bomber later was killed on a mission over Germany.

Truman Appeal

(Continued from Page One)
sands of letters offering voluntary help have poured upon the committee since its creation last Thursday.

"Mr. President, the people of America have never failed in the accomplishment of any war," Luckman said. "They will not fail in this war on hunger. On their behalf we pledge you our most earnest endeavors."

The sayings of food here at home is only one phase of the Administration's program to help Europe. Before the food can be sent there, Congress must approve funds, either as loans or gifts, with which the Italian people can buy it.

Mr. Truman has proposed \$500,000,000 as stop-gap aid and asked that congressional committees meet as soon as possible to consider it. Mr. Truman made the request informally Monday and today made public a letter sent to chairmen of the committees.

"Political groups that hope to profit by unrest and distress," he wrote, "are now attempting to cast aspersions on the grave fears of the French and Italian people that they will not have enough food and fuel to survive the coming winter."

Mr. Truman thus mentioned no political groups by name. The principal argument which has been made for the aid-Europe program, however, is this: If France and Italy go hungry this winter, Communists may seize power.

All statistics indicate that 470,000,000 bushels of grain are the most we can export under present conditions, the President said, but there is "strong evidence" that at least 100,000,000 bushels more than this will be needed.

"This 100,000,000 bushels must be saved by the American people," Mr. Truman asserted.

Tito Warning

(Continued from Page One)
upon Yugoslavia through the United Nations some decisions which would be humiliating for our people and for other Balkan countries, but I declare that we will never permit anyone to play the master in our country and impose his will."

Resistance to pressure, Tito said, depends upon "our not being shaken, not being intimidated by threats of atomic bombs or anything else."

"I think that today the strength of democratic elements in the world is so powerful that imperialism will not be able to realize its intention to launch a new world war," he said. "But the provocations are not excluded, and it is easier to begin these provocations where a nation is weak. Therefore, Yugoslavia must be strong."

and prevented shipment of hats. The AFL drivers in the New York, New Jersey metropolitan area struck last week in a dispute over wages and shorter hours.

World Series

(Continued from Page One)
ers in right center and Johnny Lindell's double that bounced into the left field boxes chased little Vic Lombardi.

After yesterday's 5-3 Yankee success, announced when Ralph Brantley hit the high in the top run fifth inning after hurling no-hit ball for four perfect frames, the odd makers installed the American League champs as topheavy favorites. The price ran all way from 3 to 1 up to 4 to 1. They were quoted at 9 to 5 to make it two straight behind Allie Reynolds' pitching.

There was not much of a line waiting for the bleachers gates to open at 9 o'clock but two hours later most of the 18,800 seats appeared to have been taken.

With the players sharing in the receipts of the first four games, they were acutely aware of the cash pouring into the stadium till. The scene shifts to Brooklyn tomorrow and for the next three days, if three are needed, where they have only about 34,000 seats.

Although neither club announced how it split the swag, all indications pointed to an all-time high winning individual cut of over \$7,000. The present high is \$6,544, received by each Detroit Tiger in the 1935 win over the Chicago Cubs.

With Major Francis Sutherland's 71st Regiment band providing a musical background, the Yankees went out early for batting practice to find Charley Keller, 65-year-old, outfielder whose wife was lost for the season after a June operation, throwing to the hitters. He was followed by Red Ruffing, the old Yank "stopper" who tolled for the Chicago White Sox this season after his release.

When the Dodgers arrived in the field a little more than an hour before game time, there were few customers in the reserved and box seats. Apparently they were waiting until the last minute after chilling in yesterday's brisk breeze.

First Inning Dodgers
Stanky and Robinson struck out; Reiser flied to Lindell.
No runs, no hits, no errors, none left.

First Inning Yankees
Stirnweiss singled to right field; Henrich singled, sending Stirnweiss to third; Lindell bounced to Jorgensen and started a double play with a throw to Stanky at second who relayed to Robinson ahead of Lindell. Stirnweiss scored on the play. DiMaggio singled; McQuinn fanned.
One run, three hits, no errors, none left.

Second Inning Dodgers
Walker lined to DiMaggio in center; Hermanski flied out to Johnson. Edwards fanned.
No runs, no hits, no errors, none left.

Second Inning Yankees
Johnson flied out to Walker; Rizzuto bunted to Jorgensen and was thrown out; Berra hit to Stanky and was tossed out.
No runs, no hits, no errors, none left.

Third Inning Dodgers
Reese walked; Jorgensen flied to Henrich and Lombardi flied to DiMaggio. Reese stole second.
One run, two hits, no errors, two left.

Third Inning Yankees
Reynolds went out; Jorgensen to Robinson; Stirnweiss lined over Stanky's head and went all the way to third; Henrich flied out to Jorgensen. Lindell smacked one to centerfield for a triple, scoring Stirnweiss. DiMaggio was intentionally walked and McQuinn struck out.
One run, two hits, no errors, two left.

Fourth Inning Dodgers
Walker hit a home run into right field stands, the first homer of the series. Hermanski bounced to McQuinn to Reynolds. Edwards popped up to McQuinn. Reese singled. Reese attempted to steal second and was cut down; Berra to Rizzuto.
One run, two hits, no errors, none left.

Fourth Inning Yankees
Reiser, dropped Johnson's drive which went for a triple. Rizzuto hit into left center for a double, Johnson scoring. Berra flied to Reiser and Rizzuto raced to third after the catch. Reynolds bounced to Jorgensen and Rizzuto was caught between third and home and declared out when he ran out of the baseline. Reynolds sneaked to second during the rundown. Stirnweiss fanned.
One run, two hits, no errors, one left.

Fifth Inning Dodgers
Jorgensen fanned. Lombardi grounded out; Rizzuto to McQuinn. Rizzuto whipped out Stanky.
No runs, no hits, no errors, none left.

Fifth Inning Yankees
Henrich walloped a 367-foot homer over the centerfield sign, the first Yankee home run in the Series. Lindell hit a line drive into left field stands for an automatic ground rule double. Hal Gregg, a righthander, relieved Lombardi. DiMaggio was thrown out at first by Jorgensen. McQuinn singled, scoring Lindell. Johnson hit to Gregg and the latter threw to Stanky at second in an attempted double-play but Stanky dropped the ball and both runners were safe. Rizzuto flied to Reiser. Berra struck out.
Two runs, three hits, one error, two left.

Sixth Inning Dodgers
Robinson flied to DiMaggio; Reiser singled over Johnson's head. Stirnweiss picked up Walker's grounder and started a double play with a toss to Rizzuto at second, forcing Reiser, and Rizzuto relayed to McQuinn to double Walker.
No runs; one hit, no errors, none left.

Sixth Inning Yankees
Reynolds singled and Stirnweiss walked. Henrich went out on a sacrifice bunt, both runners advancing. Lindell flied to Hermanski in left field, Reynolds scoring after the catch; DiMaggio fanned.
One run, one hit, no errors, one left.

Seventh Inning Dodgers
Hermanski fanned. Edwards singled. Reese flied to Henrich.
No runs, no hits, no errors, one left.

Citrus Juice

(Continued from Page One)
the channels of trade.

A actual shortage of orange and blended juices, the latter made from a mixture of orange and grapefruit juice, is indicated by the new report, which covers the period of June and July. The picture is less favorable on grapefruit juice, but its reserve stocks are being reduced gradually.

The new report shows a reduction in stocks of grapefruit juice held by "grocery and country" stores of 39 percent under a year ago. As of Aug. 1, 1947, the report stated, such retail outlets had inventories of this item of 3,079,000 cases, compared with 4,977,000 cases on the same date last year.

On oranges and blended juices, a substantial supply is indicated in the report, with an actual shortage possible before the new marketing season opens.

On orange juice, which has become more popular with the consuming public, supplies as of Aug. 1 were estimated at 2,228,000 cases, or 34 per cent less than last year's 3,399,000 cases.

Blended juice supplies were estimated at 1,512,000 cases this year on Aug. 30 per cent less than last year's 2,425,000 cases.

Consumers are buying canned citrus juices at a faster rate than last year, the report stated. Sales during the June-July period covered in the survey are given as 9,010,000 cases of all canned juices.

Sales of orange and blended juices, which showed sharp year-over gains during February, March and April-May this year, continued above last year for June-July, the report said, "but have shown a tendency to level off from previous high movements." Orange juice sales totaled 3,910,000 cases; blended juice 1,810,000 cases.

Grapefruit juice sales to consumers during June and July totaled 2,540,000 cases, the report states, 18 per cent below a year ago.

Housing Shortage

(Continued from Page One)
high class people, she said, who like Sanford and want to live here.

Up to 8,000 "lock" last evening, she declared, she had been telephoning realtors and owners in a vain effort to locate, apartment or home rental accommodations. One man, who is a state distributor for a manufactured product, is anxious to locate here but is unable to find an apartment for his family, she said.

"I am getting six or more calls a day for apartments from people who want to live here," said W. R. Williams, realtor, this morning. A. B. Peterson likewise said that he is getting many similar calls.

"Shortage of housing will be one of the topics discussed by the Sanford Board of Realtors when they meet tomorrow afternoon at the City Hall with Tim Hutton, executive vice president of the Florida Association of Realtors," said Edward F. Lane, local realtor and president of the local realtors' group.

Mr. Lane revealed this morning that he is getting 12 to 15 calls a day for rentals. Some are retired businessmen, others are veterans who want to find homes or apartments to rent, he declared.

He stated, however, that Sanford was no different from Orlando, Orlando and other Florida cities in its lack of housing.

Kiwanis Meet

(Continued from Page One)
depth, he asserted.

If excessive drainage continues to be permitted, he said, our lakes will in time be nothing but ugly, useless sink holes. Excessive irrigation of grasses has caused some lake levels to drop eight feet with a birthday gift by the water control committee in Tallahassee but a state wide set-up.

The fight for water control is a battle for survival for ourselves and our children," he declared.

Mrs. M. D. Gatchel was presented with a birthday gift by the club in appreciation of her fine cooking, with Ed Lane and F. Hasky Wight making the presentation.

Tension Mounts

(Continued from Page One)
before the midnight deadline set for the walkout.

The wage demand by the toll union, spokesmen said, was "compulsory due to the skyrocketing living cost." It followed the recent award of 15 1/2 cents an hour wage boost granted a million non-operating rail workers by an arbitration board named under the National Railway Labor Act.

The Brotherhood, representing the engineers, firemen, conductors, trainmen and switchmen, also have made demands for changes in 44 working rules. Carrier spokesmen said the annual railroad operating costs would be boosted \$400,000,000 if the wage hikes were granted and \$1,000,000,000 if the rules changes were approved. The union and carrier representatives will begin negotiations in Chicago next Tuesday.

Vishinsky Clashes With Pandit On Seat

NEW YORK, Oct. 1 (AP)—The United Nations Assembly failed in its first effort today to break the deadlock in the race between the Soviet Ukraine and India for the Security Council seat to be vacated by Poland Dec. 31.

Mrs. Vijayalakshmi Pandit, chief of the Indian delegation and ambassador to Moscow, took the floor for a brief statement of refusal to withdraw India from the contest. Mrs. Pandit said the Dec. 31 expiration of Australia's 5-year term would leave the Indian Ocean area unrepresented on the Security Council. She insisted India was not trying to keep any group out of the Council.

Russians Andrei V. Vishinsky countered that the British commonwealth would be represented by Canada, but the Soviet states would not be represented unless the Ukraine was elected to all beside the Soviet Union delegate on the Council.

Jorgensen bunted safely, the throw to first went wild and Edwards went to third on the error. Arky Vaughan, batting for Greig, flied to DiMaggio.
No runs, two hits, one error, two left.

Seventh Inning Yankees
McQuinn singled off Hermanski who opened the inning. Henrich walked. Rizzuto flied out to Jorgensen.
One run, one hit, no errors, one left.

Eighth Inning Dodgers
Stanky went out, Johnson to McQuinn. Robinson doubled. Reiser flied to Henrich. Walker grounded out. Rizzuto in field.
No runs, one hit, no errors, one left.

Eighth Inning Yankees
McQuinn flied to Hermanski; Johnson flied to Reiser; Rizzuto flied to Hermanski.
No runs, no hits, no errors, none left.

Ninth Inning Dodgers
Hermanski walked. Edwards flied to Lindell. Reese singled, sending Hermanski to third. Jorgensen bunted to Stirnweiss who threw to Rizzuto at second, forcing Reiser, and Rizzuto relayed to McQuinn to double Walker.
One run, one hit, no errors, one left.

Jewish Agency Voices Okey On Partition

Claims To All Of Palestine Not Abandoned And Enforced Is Required

LAKE SUCCESS, Oct. 2 (AP)—Bulgaria accused the United States today of deliberately exaggerating the Balkan disturbances to "supply a good excuse to transform Greece into an armed camp of the United States." The Bulgarian attack was made before the 37-nation political committee of the United Nations Assembly less than 24 hours after two important developments affecting relations between the United States and Bulgaria. These were the granting of full diplomatic recognition to the Communist-dominated Bulgarian government by the United States and a simultaneously successful move led by the United States and Britain to bar Bulgaria from membership in the United Nations.

LAKE SUCCESS, Oct. 2 (AP)—The Jewish Agency, official voice of the Palestine Jews, declared today that it was prepared "most reluctantly" to accept the partition of the Holy Land into separate Arab and Jewish states.

It predicted enforcement measures would be essential to partitioning but that the Palestine Jews would be ready to defend themselves as a nation.

In its first official declaration on the recommendations of the United Nations Special Committee on Palestine (UNSCOP), the agency made clear that it was not giving up claims to all of Palestine as a Jewish national home but said it would accept partition in the interest of a solution.

The Jewish declaration was made before the 37-nation Palestine Committee of the General Assembly by Rabbi Abba Hillel Silver of Cleveland, chairman of the committee.

German Girl Tries Stowaway Trip To US

FRANKFURT, Germany, Oct. 2 (AP)—A blonde German girl, put in a box for a dramatic stowaway flight to New York, was found disheveled but alive today at the Rhein-Main airport.

Pilots said the flight would have meant "certain death" for the girl because the box would have been stored in an unheated compartment where temperatures have been below zero.

The girl gave the name of Doris Von Knobloch, 21.

Airport employees who became suspicious and opened the box found her wearing only a skirt and underclothing. She hastily donned a sweater, stepped out and appeared a bit dazed but nonchalant.

New Election Sought By Conservatives

BRIGHTON, Eng., Oct. 2 (AP)—The Conservative Party adopted today at its annual conference a resolution rapping the Labor government for failing to meet the economic crisis and calling for a new parliamentary election.

The conference, largest in the party's history, adopted the resolution by unanimous vote after Anthony Eden, former foreign secretary and deputy leader of the party, had called for Winston Churchill's return to the Prime Ministry to rid Britain of "disorganization, confusion and loss of efficiency."

ROCK HOUSES ANCHORAGE Alaska, Oct. 2 (AP)—Reports that Russia is building "rock houses" in the cliffs along the shores of Siberia opposite St. Lawrence Island have been received from Siberian natives visiting the American Island, the Rev. E. R. Parker, Presbyterian missionary on the island, said today.

RULING APPEALED

DETROIT, Oct. 2 (AP)—Governor Kim Riger ordered today an immediate state Supreme Court appeal of a Detroit judge's ruling quashing a 15-year-old injunction against a life term— a decision the jurist said might free "practically every criminal now serving time in Michigan."

The Governor said he would instruct Attorney General Eugene F. Black to call the matter to the high court's attention in an effort to forestall a "wholesale opening of prison doors."

Flash Storm Damages Florida Coast Homes

THESE TWO HOUSES WERE WRECKED at Smyrna Beach, Fla., after a flash storm at sea off the northeastern coast of Florida caused excessive high tides. Numerous homes and buildings along the State's beach-fronts were damaged. In the area near Jacksonville damage was estimated at about \$300,000. (International)

Bus Fired Upon In Mississippi Transport Strike

JACKSON, Miss., Oct. 2 (AP)—The Highway Patrol said officers have apparently cornered the "person who fired on the bus." Police said the man had been perched in a woodland sector near Hattiesburg, and that a call was sent to Parchman Penitentiary for bloodhounds, preparatory to a final closing-in operation.

JACKSON, Miss., Oct. 2 (AP)—A passenger bus of the Southern Bus Line Co., Inc., whose former drivers are on strike, was fired on today a few miles north of Hattiesburg, in a renewal of violence.

The shooting occurred in spite of a warning from Governor Fielding L. Wright that National Guardsmen would be placed on the buses with orders to "shoot to kill" if the shooting continued.

The State Highway Patrol office reported from Hattiesburg that patrolmen had been sent to the vicinity of the shooting in an effort to arrest its attacker.

The bus, southbound from Jackson, was carrying 15 passengers.

Jim Webb Scores 291 At Pistol Shoot

James S. Webb, who can repair a pistol as well as shoot it, yesterday scored 291 at the Seminole Gun Club at their regular weekly pistol practice on their range at the Municipal Air Port.

The following scores were reported by Hyrd J. Goode, club president.

S	T	R	Aggr.	
J. S. Webb	100	97	94	291
E. E. Howard	99	96	89	284
Ed Smith	98	93	91	280
C. F. Rockett	95	93	84	272
C. B. Sparks	87	84	80	251
R. G. Williams	88	84	79	251

S—Slow T—Timed R—Rapid Anybody having a revolver or automatic pistol can take part in the weekly meet, said Mr. Goode.

Capt. Farran Freed Of Murder Charge

JERUSALEM, Oct. 2 (AP)—A military court acquitted Capt. Roy Alexander Farran today on a charge of murdering Alexander Rubowitz. It ruled that the missing 16-year-old Jewish boy had not been proven dead.

The youth was abducted May 6 while posting signs for the Jewish underground. The prosecution based its case largely on a light gray hat found near the scene of the abduction which it contended bore the name "Farran."

The court deliberated five minutes after the prosecutor had conceded a defense contention that "there is no case for Farran to answer."

Hendricks Urges Eisenhower For Vice President

WASHINGTON, Oct. 2 (AP)—Rep. Hendricks (D-Fla.) said today he "can't see where the Republican party has any claim" on General Dwight D. Eisenhower and advocated his nomination for Vice President by the Democratic Party.

General Eisenhower, who has disclaimed any political party affiliation, is resigning as Army Chief of Staff to become president of Columbia University next year and has been prominently mentioned as a possible Republican presidential nominee by several high G. O. Y. councils.

Besides Hendricks, Rep. Smathers (D-Fla.) and Senator Sparkman (D-Ala.) have advocated Eisenhower's selection as President Truman's running mate.

Senator Pepper (D-Fla.) said if President Truman approved Eisenhower's nomination, it would be a "great honor."

British Board Two Jewish Refugee Ships

JERUSALEM, Oct. 2 (AP)—British naval parties boarded two refugee ships crammed with visas Jewish immigrant off Palestine tonight and headed the vessel toward the port of Haifa.

About 3,500 Jews were believed to be aboard the Paducah, renamed the Geula (Redemption) and the Northland, called the Yehudit (Jewish State) by the immigrants. The vessels were boarded about eight miles off Athlon on the North Coast. The refugees embarked in Bulgaria.

British authorities were expected to deport the Jews to Cyprus tonight. A broadcast purporting to emanate from one of the ships said earlier that they were surrounded by "a cluster of British vessels preparing to attack."

Final Report Made On Recent Hurricane

WEST PALM BEACH, Oct. 2 (AP)—The hurricane which struck Florida Sept. 17-18 killed 16 persons and injured 180, Red Cross disaster headquarters reported today in a recapitulation of casualties and storm damage.

The report, from the office of Earl Logan, showed there were 205 houses destroyed, 10,542 damaged and requests for aid from 17,076 families.

Twenty-two persons were seriously injured, 12 of them in the Apalachicola area from a tornado spawned by the hurricane. In all, 27 counties were affected. Palm Beach, reporting 3,900 houses damaged and 1,400 families applying for aid, led the list in those categories.

Sanford Fishermen Catch 13 Black Bass

Theo Pate and Ernest Southward are proud fishermen today, after catching 13 black bass in the St. Johns River early this morning.

Wallace Attacks Bankers & Army On Foreign Aid

PITTSFIELD, Mass., Oct. 2 (AP)—Henry Wallace says Congress should appropriate the \$18,000,000,000 relief loans that 16 European nations have asked for under the Marshall Plan but he wants no financiers and military men in Washington dictating the terms.

The former Vice President moved in western Massachusetts on the third day of his 11-day tour through five New England states, all except Republican Maine.

He told a Harvard University audience of 5,000 at Boston last night that there must be no attempt to dictate to nations receiving aid the kind of internal economic and political structures they shall have.

Because he said financiers "believe private investment and profits are the chief motivating force in human society and military men are trained to believe that peace is maintained only by force," Wallace recommended that both groups "should be returned to private life."

"The heart of the problem," he said, "is the restriction of international trade."

Local Men Fined On Charge Of Stealing

Two local men who had been held in County Jail since Sunday night on a charge of stealing tools from Albert H. Collins on Sept. 11, were released by County Judge R. W. Ware following a hearing at 10:00 o'clock this morning. They were released, said Judge Ware, on the ground that the State was unable to establish the stealing of the property, to produce the tools or to connect the defendants with the alleged stealing.

The two defendants, George W. Carlton and Clarence Parrish, were brought back to Sanford from Louisiana Sunday night by Deputy Charles Beck to whom a sheriff in that state had turned them over.

The State was represented in the hearing by Assistant State Attorney George A. DeCottes. The defendants were represented by G. W. Spencer.

C. F. ADAMS DIES

BOSTON, Oct. 2 (AP)—Charles F. Adams, 70, a country boy who founded the largest New England-owned grocery chain and became the region's best known sports promoter at the same time, died today. His versatility as a financier led him to organize the first national stores and to set up two of Boston's biggest sports ventures—the Bruins Hockey Club and Suffolk Downs horse race track. For a short time too he held controlling interest in the Boston Braves baseball club.

HIDING CLUB MEET

The Dusty Boots Riding Club will hold a meeting at the Chamber of Commerce building tonight at 8:00 o'clock. All members and non members who wish to become active in the organization are invited to attend the meeting.

CITY MEETING

City Commissioners were scheduled to meet in special session at 1:00 o'clock this afternoon in order to take up unfinished business. Matters relating to the Municipal Airport were slated to come up for discussion.

Dodgers Capture Free For All Slugfest By Score Of 9 To 8

Meat Prices Continue Rise To New Peaks

Food Group Warns Don't Start Next War In Garbage Can; Big Drive Planned

IS the Associated Press—Prices of meat and wheat—two staples of the American diet—continued to rise to new peaks today as President Truman's drive for "self-rationing" to conserve grain for Europe went into high gear.

There were hints the Administration might take more drastic steps if necessary "such as price control and compulsory rationing."

Live hogs at Chicago climbed for the fourth straight day and reached a top of \$30.25 a hundred pounds early in the market that was 25 to 50 cents higher. The top was within 25 cents of the all-time peak reached last Sept. 11.

December wheat futures on the Chicago Board of Trade for the second straight day advanced to a new record peak. The price reached \$2.94 a bushel, 2 1/4 to 2 3/4 cents above the previous close, and then backed up to \$2.92 1/4 to 1/4 above yesterday's finish.

Warmer Weather Is Predicted For U.S.

By ASSOCIATED PRESS—Warmer weather is on the way for most of the eastern half of the country today as autumn's cool snap kept early morning temperatures below and near the freezing mark in parts of West Virginia, Virginia, Pennsylvania, Ohio and Michigan.

The cool weather reported in West Virginia, Elkins reported a low of 22 and Petersburg's minimum was 25. At Gordonsville, Va., in the western part of the state, the mercury was at 27 this morning, and at Richwood it was 30 degrees higher. Loss in Pennsylvania included 29 at Mercer, two degrees cooler than at Front Royal, Va. Freezing weather was reported in Colorado and Utah.

JOBLESS BENEFITS

TALLAHASSEE, Oct. 2 (AP)—A total of 10,827 persons received \$173,822 in unemployment compensation in Florida during the week ending Sept. 27, the State Employment Service reported today. The figure was an increase over the previous week when \$169,407 was paid. During the same period, 16,435 unemployed veterans received \$376,699 in federal benefits.

FRANCE SICK

WASHINGTON, Oct. 2 (AP)—George Bidault, French foreign minister, said today that France will have to cut essential imports of coal and wheat from the United States unless a "very serious" need for dollars is met by Nov. 1.

If France can not find a way to meet its dollar shortage, he added, very drastic measures will have to be taken. He said these measures would have a very bad effect on the food and industrial situation.

JAYCEE MEETING

A large number of Jaycees and their wives are expected by President J. Brailly Odham to be present tonight at 7:00 o'clock for the regular monthly meeting and supper at the Mayfair Inn.

CHOLERA EPIDEMIC

CAIRO, Oct. 2 (AP)—Egypt's cholera death toll mounted to 161 today as the health ministry listed 88 new fatalities from the dread disease.

Successful Operations Shown For Elimination Of Worry

CHICAGO, Oct. 2 (AP)—The prefrontal lobotomy—an operation in which the "worry" portion of the brain is short-circuited by severing its communication lines—has proved successful in two-thirds of the cases undertaken, the man who pioneered such surgery in America reported today.

Dr. James W. Watts, professor of neurological surgery at George Washington University, Washington, D. C., said brain operations he has performed since 1936 on 631 patients produced "good" results in one-third of the cases, moderate relief in another third and failed to bring any improvement in the remainder.

Three groups of patients have been subjected to the operation—those suffering from schizophrenia, involutional melancholia and obsessive tension.

The schizophrenia suffers from "a feeling of guilt, while the person afflicted with obsessive tension is satisfied with making less than perfect work in life and is fearful of minor risks."

For the operation to succeed, the patient must be "a person who is not a danger to himself or others," Dr. Watts said.

Forrestal Calls Marxian Thesis Pure Nonsense

NEW YORK, Oct. 2 (AP)—The Secretary of Defense last night termed "pure nonsense" the Marxian thesis that "the form of private ownership we know as business capitalism is provocative of war."

Secretary James Forrestal did refer directly to the recent "wily imagering" charges made by Andrei Y. Vishinsky, Russian UN Delegate, in addressing the Army Ordnance Association but he told the 1,500 business men at the dinner, because this thesis has been repeated during the past year.

Arab Leader Warns Against Partition

CAIRO, Oct. 2 (AP)—Sheikh Hassan El Hanna, Muslim Brotherhood leader, today warned United Nations Secretary General Trygve Lie and U.S. Secretary of State George Marshall that the creation of a Jewish state in Palestine would "strip the Arab people of their national identity."

"The Muslim Brotherhood considers the Palestine Arab case a case for all the Moslems in the world," El Hanna declared in a cable to Lie and Marshall.

"The fulfillment of Zionist ambitions," he added, "and the creation of a Jewish state in any part of Palestine would turn the whole Middle East into a field of massacres, responsibility for which would be laid on the shoulders of those supporting Zionism against the Arab right."

"Our faith orders us to resist this imperialist aggression with all our might," the Muslim leader asserted.

Vegetable Crops Seriously Hurt By Early Frosts

By ASSOCIATED PRESS—Damage to growing crops by recent early frosts was reported from various sections of the country today.

Freezing temperatures in West Virginia, Ohio, Virginia, Pennsylvania, Michigan and New Jersey last night and early this week have caused considerable damage to grain and vegetable crops in those states while in most of the Middle West it appears that approximately 75 per cent of the corn has escaped serious frost damage.

In Ohio agriculture authorities said the state's corn crop had been damaged by the frosts.

Late Spring, Early Winter Combine To Reduce Production

By ASSOCIATED PRESS—Damage to growing crops by recent early frosts was reported from various sections of the country today.

Freezing temperatures in West Virginia, Ohio, Virginia, Pennsylvania, Michigan and New Jersey last night and early this week have caused considerable damage to grain and vegetable crops in those states while in most of the Middle West it appears that approximately 75 per cent of the corn has escaped serious frost damage.

In Ohio agriculture authorities said the state's corn crop had been damaged by the frosts.

Red Agents Would Be Sent Back Home

BOSTON, Oct. 2 (AP)—U.S. Rep. Edith Nourse Rogers (R-Mass.) seeks the deportation of all Russian agents in the United States, the confinement of men who are "not citizens" and the removal of Russian representatives to "the area of their official business" and prohibition of exportation of war material to that country.

In a statement, which she forwarded to the Secretary of State last night, the veteran legislator said "the security of the United States and the whole of America demands that safety measures be taken."

"All Russian agents in the United States should have their visas cancelled and ordered home immediately," she said. "These Russian agents should be rounded up immediately by the Federal Bureau of Investigation and the State Department."

Mohandas K. Gandhi Has 78th Birthday

NEW DELHI, Oct. 2 (AP)—Mohandas K. Gandhi today devoted his 78th birthday to prayer, fasting and labor for cessation of the communal strife which has been smoldering throughout this subcontinent since freedom from British rule was attained with the help of his guidance.

Brooklyn Sends New- some To Showers In Second Inning With Six Runs

By JACK HAND—EBBETS FIELD, Brooklyn, Oct. 2 (AP)—Brooklyn opened up an early lead on the New York Yankees and "hit" today through the longest nine-inning game in Series history to earn a 9-8 edge for their first victory in the third game of the 1947 subway series.

Curry had a "hot" call in the Yankee eighth when Henrich walked and Landell singled to left center but Joe DiMaggio, trying to stop his losing, dumped a weak grounder toward Stanky who touched Landell as he sped by and threw to first, doubling DiMaggio. McQuinn left Henrich on third when he grounded to Jackie Robinson, who lost him to the bag.

Landell thought Stanky missed him at second and protested to Umpire Bill McGowan to no avail. He drew a storm of boos from the crowd as he went back to the dugout.

In the three-hour and five minute struggle that consumed five Yankee pitchers and three Dodger chieftains, the Brooklyn club opened its home half of the Series.

Bulgaria Officially Recognized By U.S.

WASHINGTON, Oct. 2 (AP)—Government officials said today a decision to resume full diplomatic relations with Bulgaria was more or less "dictated" by acceptance of the peace treaty with that Communist dominated nation which went into effect Sept. 19.

The State Department ended a six-year break yesterday by extending recognition to the Bulgarian government and naming Donald R. Heath, 63-year-old career diplomat, as the U.S. minister. At the same time, however, this country maintained its vigorous opposition to admission of Bulgaria to the United Nations Assembly.

Polish Official Says Priests Remain Free

WARSAW, Oct. 2 (AP)—A government spokesman registered concern today over "unrepresentative" which he said were contained in a pastoral letter by Poland's Catholic bishops accusing the Polish government of conducting "a struggle" against the church.

"There is ample opportunity," the spokesman said, "for perfect coordination between the church and state in Poland upon the condition the church does not interfere in political affairs and the government does not interfere in religious."

"As far as the government is concerned, it fulfills its promise." Referring to a statement in the letter that Catholic priests were unable to speak freely for fear of arrest by the security police, the spokesman said he knew of no case where a priest had been arrested as a result of his sermons. The only priest arrested in Poland, he asserted, were those connected with the underground.

METHODISTS ADJOURN

SPRINGFIELD, Mass., Oct. 2 (AP)—In a final message to world Methodism, the Ecumenical Methodist Conference today called for action against war-mongering, racial discrimination, moral deterioration and "any governmental form which tramples on the freedom of the individual."

JAMES GAMBLE ROGERS NEW YORK, Oct. 2 (AP)—James Gamble Rogers, 80, architect who designed Yale University's Memorial Quadrangle and scores of other college and public buildings, died last night. He was born in Bryant Station, Ky.

MEETING POSTPONED

The meeting of the Sanford Board of Realtors, scheduled to take place this afternoon at the City Hall will instead be held Friday afternoon at 4:00 o'clock due to the fact that Tim Hatton, executive vice president of the Florida Association of Realtors, was unable to be here today, said Edward Lane, president of the local Board.
