## Halifax's Son Urge Unity To Avert New War

### Tells Wounded Veter- ans U.S. and Britain Must Seek Accord

WASHINGTON, Jan. 12 (AP)—A fuller understanding must be attained between Great Britain and the United States to make democracy work effectively to prevent a third world war—a war which would "almost certainly mean the end of our civilization." Robert Wood, son of Earl of Halifax, British Ambassador, told a group of wounded war veterans at Walter Reed Hospital early this week.

Instead of putting democratic principles into effect after the world war, an action that would have brought about "freer and better world," American and British "drifted" for 20 anxious years into another, worse war," Mr. Wood said.

He prepared address entitled "The Problems of Peace."

Mr. Wood said that a world security organization is necessary to prevent a third world war and offered the following suggestions:

"Close co-operation and under-

standing between all peace-loving nations; and for that I know no better cement than close under-

standing between your country and ours."

"The readiness of public opinion in these countries and especially in the United States and Great Britain, to face what may be hard realities and to be prepared to enforce whatever security settlement the peace-loving nations may devise."

Getting down to current questions, Mr. Wood discussed the troublesome problems with India and Greece.

"We do not clear out of India, as we are often told to do, because we are not prepared to do, because we are not prepared to submerge our work of the last 150 years, during which we have gone far toward solving the problem, in a bloody civil war between the Hindus and the Moslems," he said. "It is able that when the kindly Indian problem is solved India will be just as free to cut herself off from us as Canada or New Zealand are today."

In Greece it is the "motive of our actions" which seems to be at stake, Mr. Wood said, explaining: "There are two alternatives either we are fighting the E. G. for freedom for the sake of maintaining a Anthony regime, which will be friendly to us and to our policy in the Mediterranean or else as Mr. Churchill has repeatedly said, we are fighting because we intend to see a Greek government elected by free ballot and not imposed by force of arms." He added that it would be "rash" to believe the first.

Mr. Wood urged that the

## Nazi Columns Fall Back To Siegfried Line

New Russians Offensives Hit Germans On 600 Mile Front In Poland, Prussia

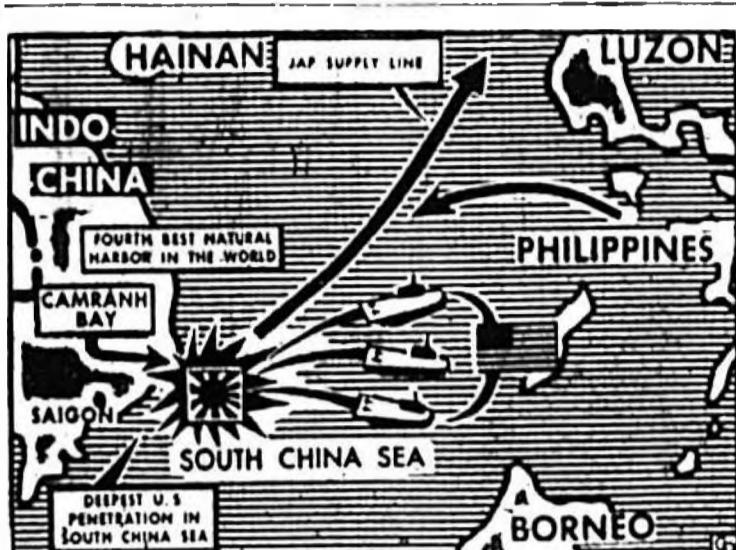

PARIS, Jan. 15 (AP)—Allied armies have captured 37,000 Germans since the Nazi counter offensive began on Dec. 16. This increased the number of prisoners since the French invasion to 844,881.

Meanwhile, the American First Army drove to within a mile and a half of the communications center of Hofwalle, the pivot of the new improvised German defenses in the flattening Belgian Bulge. Fog, snowstorms and cold slowed the pace of the three allied armies, but the Americans also regrouped the survivors in time. The First and Third Armies established contact southeast of Laroche, cutting off another segment on the western end of the salient. Nearly 1,000 American bombers and fighters from Britain pounded four railroad yards in southern Germany without interference from Nazi fighters. They raided Freiburg, Augsburg, Ingolstadt, Ratisbon.

ASSOCIATED PRESS  
Badly-wounded German columns fell back today toward the Siegfried Line from their collapsing Belgian pocket as new Russian offensives broke out in a widespread area on the eastern front. Berlin reported battles sweeping the entire 600 miles from Budapest to the Baltic after the Reds launched new drives on Poland and East Prussia. The Russians are now storming westward in seven sectors. They are already in 100 miles of Berlin's 100-mile belt. Without confirming the new offensives, the Reds broke over the Niwa River—the last

### Where Yanks Blast The Enemy

## Nine Strikers Are Drafted In Work Test

Organized Labor Leaders Will Testify Against Measure On Work Or Fight

NEW YORK, Jan. 15 (UPI)—Union officials said today that nine war workers who struck at the Bethlehem Company have been "territorially" drafted. Washington said it is the first reported "work or fight" case of its kind.

WASHINGTON, Jan. 15 (UPI)—Organized labor going before the House Select Committee on Work or Fight will oppose the work or fight bill, which Chairman Andrew J. May (D., Ky.), hopes to have ready for floor consideration by Friday.

May opens the second and final week of hearings on his measure today. It provides that all men between 18 and 45 get a war job or remain in the service they have under penalty of being inducted into special labor battalions.

WILL FIGHT BILL

As the critical manpower situation was received increasingly greater attention on all fronts, the American Federation of Labor and the Congress of Industrial Organizations left no doubt that they would oppose the May bill. In fact, the two organizations made plain their intent that wastage of both man power and money was the cause of flagging war production, that the work or fight bill was not the panacea.

In that stand, they disagreed with the Army, Navy Selective Service and War Manpower Commission, all of whom supported the measure in general.

In bringing that each job done by a worker should be the best ever done, Mr. Kader revealed that he began his career as an apprentice at the age of 14 1/2 years when he served a year with pay and then was rewarded for his hard work by being sent to 25 cents a week.

Pointing out the careful inspection made of all workers on the railroads, he said that no railroad engineer is allowed to leave his station without knowing that his watch is on time. He declared that certain instruments used in the Navy require adjustment to 1/100 of a second.

Mr. Kader was interviewed by G. Spain, who had charge of the program President Harry S. Truman, who presided over the meeting, welcomed Calvin Blane back to the club after an absence of several months. Visitors included M. A. Pickens of Dublin, Ga. and E. Thorpe of Orlando and Chalender H. Lester of Huntingdon, Pa.

## Director Wilson Hits Price Rise For Strawberries

Watchmaker's Job Is Told Rotarians By W. E. Kader

For Strawberries By W. E. Kader

Says It Is The Most Ridiculous Rabbit Pulled Out Of Hat

Importance Of Accurate Time Pieces Shown At Luncheon

JACKSONVILLE, Jan. 15 (UPI)—"Master magicians in the Washington office of the OPA have often mystified our growers with their strange tricks, but the most ridiculous rabbit they have pulled out of their hats," said James S. Stoenke, hat and straw berry grower, at a luncheon today. "The most ridiculous rabbit I can raise just allows an straw berries as compensation for storm and freeze damage," William J. Wilson, Director of State Farmers' Markets, said in his crop and market review today.

Senator Pepper advises me that he is joining me in a strong protest against this ridiculous action," he continued. "I am aware that ratios of 3 to 1 are not right, the OPA must have done some weird juggling of figures. About 1200 acres are planted to strawberries in the Plant City area this year. Through December of last year our market there handled only 220 pints; for the same month in 1943, with only 600 acres planted to berries, 57,701 pints were sold on our platform, and in December of 1942, with about the same acreage as last year, we handled 200,448 pints. Plant City is the principal strawberry growing section of Florida, as there probably is not more than 300 acres of berries in all the rest of the State."

Conditions as specific markets he described as follows:

"Florida City is expecting a heavy volume of tomatoes, beans and squash this week. Tomatoes are selling at \$3.00 to \$6.00 per bushel, from \$3.00 to \$4.00. Weather is said to be excellent."

"Tampa is being supplied by Mr. Spain, who has charge of the program. President Harry S. Truman, who presided over the meeting, welcomed Calvin Blane back to the club after an absence of several months. Visitors included M. A. Pickens of Dublin, Ga. and E. Thorpe of Orlando and Chalender H. Lester of Huntingdon, Pa.

T. Sgt. James Kelsey Is Back From Pacific

MIAMI BEACH, Jan. 15 (UPI)—T. Sgt. James E. Kelsey, 26, Oviedo, Fla., has arrived at Army Air Forces Redistribution Station No. 2 in Miami Beach for reassignment, completing a tour of duty outside the continental United States.

He flew 700 hours as a C-47 mechanic during 23 months in the Southwest Pacific and won the Air Medal with cluster. He was assigned to Charles T. Vibell, Oviedo, before joining the AAC May 14, 1942. His father, E. W. Kelsey, lives at the same address, while his wife, Paula, lives at 609 Ninth Court, Tampa.

Medical examinations and classification interviews at this post, pioneer of several redistribution stations operated by the AAC for AFM returns officers and enlisted men, will determine his next assignment. He will remain at the redistribution station about two weeks, much of which will be devoted to rest and recreation.

Donald Bishop Wins Promotion In Marines

G. Donald Bishop, Jr. was promoted three weeks ago to the rank of second lieutenant in the United States Marine Corps Reserve. It was reported here today by the Senate Standing Committee.

He is a native of Pensacola, Fla., and a graduate of the University of Florida.

While he was stationed at Camp Pendleton, shortly before his promotion, he was assigned to the 1st Battalion, 1st Marines, at Camp Pendleton, Calif.

In addition to the chairman,

SENATOR ANDREWS NAMED

WASHINGTON, Jan. 15 (UPI)—Senator Charles A. Andrews has been made chairman of the Senate Committee on Immigration and Naturalization, replacing Senator George H. Smathers.

The new senator from Florida

and his committee will be

responsible for the conduct of

immigration and naturaliza-

tion business in the Senate.

He is a member of more commit-

tees than any other senator

in the Senate.

Mrs. Mayme Hodgkin Writes For Sentinel

Mrs. Mayme Hodgkin has ac-

cepted the position of staff cor-

respondent for the Orlando Morn-

ing Star.

She was informed of her

mother's grave illness, secured

leave and flew to America by

clipper plane to Chicago by

train, car to drive several

hours and had to see his mother alive.

Mrs. Dras was born in Ohio

and came to Florida many years

ago. For several years, Mr.

Dras operated a farm at Monroe

Corner.

Funeral services, attended by

many friends from Sanford, Or-

lando, Minnes and many rural

communities, were held for Mrs.

Dras at the Baggott-McIntosh

Funeral home in Daytona Beach.

Burial was in Cedar Hill Ceme-

tery.

Survivors are the husband, P. V.

Dras, and one daughter, Mrs.

George A. Mero, of Daytona

Beach; three sons, Capt. Dras

of Chicago; Horace Dras of Bille

Grove, Paul Dras of Balti-

more, Md., and several grandchil-

dren.

GALLOWAY ENLISTS

Thomas Lee Galloway was en-

listed in the Navy through the

Orlando Navy Recruiting Sta-

tions taking the oath in Jackson-

ville on Jan. 4. It was revealed

this week. The son of T. L.

Galloway of Sanford, the 17-year-

old youth is now in training at

Naval Training Station, Bain-

bridge, Md.

Edna St. Vincent Millay has

been published under the name of Nancy Boyd.

## Nine Strikers Are Drafted In Work Test

## Social And Personal Activities

### Social Calendar

MONDAY

The Business Women's circle of the First Baptist Church will meet at the annex at 8:00 P. M. The Past Matrons Club of the Eastern Star will hold its annual dinner and induction at the Masonic Hall at 6:30 P. M. The Junior past matrons, Mrs. John Corley, will be honored guests.

The R. W. W. Bible Class of the First Methodist Church will meet at 8:00 P. M. at the home of Mrs. E. E. Price on Lake Monroe Road.

The Civic Department of the Woman's Club will have a covered dish luncheon at 12:30 P. M. at Mrs. Frank E. Phillips' home, Williams Ave. & Leavenworth.

There will be a meeting of the Service Wives' Club in the library of the USO Club at 8:30 P. M.

#### D.A.R. Meets At Home Of Mrs. Edgar Mitchell

Plans were made to support the War Fund project of the national organization at a meeting Friday of the local Sally Harrison Chapter, Daughters of American Revolution, at the home of Mrs. Edgar Mitchell, with Mrs. C. R. Dawson as co-hostess.

Mrs. J. H. Ray, regent, presided over the meeting during which committee reports were read and discussed. Two new members, Mrs. Edmund Mizell and Mrs. A. W. Lee, were welcomed by the chapter.

Miss Helen Hinton talked on the pieces of Girl Scout work in various fields.

During the tea hour, Mrs. A. M. Phillips, guest solist, accompanied by Mrs. Mitchell, sang several selections.

Present were Mrs. Ray, Mrs. Mizell, Mrs. Lee, Mrs. Phillips, Mrs. Mitchell, Mrs. Dawson, Mrs. W. Ballard, Mrs. E. B. Clemmons, Mrs. B. Root, Mrs. F. E. Goumard, Mrs. B. J. Lehman, Mrs. S. R. Dighton and Miss Hinton.

#### Mrs. Thomas Hostess To Baptist Circle One

Mrs. R. T. Thomas was hostess to the first meeting of the Baptist Circle in the church basement.

The following officers were elected to serve on the next year:

Chairman, Mrs. R. T. Thomas.

Secretary, Mrs. J. E. Lee, Bible study.

Mrs. J. T. Hardy, devotional.

Mrs. J. N. Kimball, community missions.

Mrs. H. M. Pearce, program and publicity.

Mrs. J. E. Lee, home mission.

Mrs. A. V. Phillips, personal worker.

Mrs. W. Stiles, social.

Mrs. W. Ballard, luncheon and hosts.

Editor, Mrs. S. R. Goumard.

After a long business meeting refreshments were served by the hostess, followed by Mrs. Gardner's meeting at her home.

Officers present at the meeting were Harry Hartman, chairman.

Other officers elected were:

John Rodgers vice chairman and

Mr. A. J. McReynolds, treasurer.

During the business session

Miss Anna L. Inkerson noted the following in the general year:

At the last meeting it was announced

Mrs. Anna S. Finkbeiner, deputy president of District 10,

will install officers for the coming year.

Chafing dishes were used prior to the induction of chimney pots and were introduced in England about 1200.

#### THE IMPORTANCE OF TIME!

With America at war, it is more important than ever that trains, passenger or freight, run on time.

In railroading, maintenance of Railroad Watches to critical standards of accuracy, is necessary. Such watches are highly prized possessions among men whose job it is to move millions of men and billions of tons across the nation.

We are proud that watches carried by railroad men in this territory, are serviced by us. It is our all important war job, even to the extent of neglecting civilian work, sometimes unavoidable.

Our Railroads are doing a big job, and we are more than willing to do our share, but very essential part, as Watch Inspectors in this territory. We salute the Railroads of America, and their millions of workers for the great effort in helping to win this war.

**Wm. E. KADER**

#### Personals

Candy Sinclair of Daytona Beach is visiting her aunt and uncle, Mr. and Mrs. H. N. Saver.

Mr. and Mrs. E. N. Fielding and Mr. and Mrs. Harry Lee spent yesterday at Daytona Beach.

Mr. and Mrs. L. L. Edenfield and daughter Shirley, and Sunny Cheever of Savannah, Ga. spent the week end with Mr. and Mrs. L. D. Price.

Mr. and Mrs. Frank L. Woodall Sr. are receiving congratulations upon their 40th wedding anniversary which they celebrated on Saturday, Jan. 13.

Mrs. Lee Belle Bullinger, who has been ill, threatened with pneumonia, is recuperating satisfactorily at the home of Miss Gretta Owen on the Country Club Road.

Mr. and Mrs. Condy Angus and two children, who have been visiting Mrs. Lee Belle Bullinger for the past four months, returned recently to Mr. Arnett's mother's home in Deland where he has accepted a position.

Mrs. Ben F. Currie has received word that her husband, Capt. Currie, now an active duty Captain in the U. S. Naval Air Station, Adm. Thomas Kroc and the Southwest Pacific, has been appointed executive officer aboard his carrier, the carrier, the former Violet Wells of Standard.

Mrs. Henry W. Hold and her son have returned to Linden, N. J., after spending the holidays with Mrs. Hold's parents, Mr. and Mrs. H. H. Marchand, Boston. Mrs. Hold will enter the Army civilian nurse's corps and will remain with her son.

After a long business trip to Freshmeadow, were served by the hostess, followed by Mrs. Gardner's meeting at her home.

Officers present at the meeting were Harry Hartman, chairman.

Other officers elected were:

John Rodgers vice chairman and

Mr. A. J. McReynolds, treasurer.

During the business session

Miss Anna L. Inkerson noted the following in the general year:

At the last meeting it was announced

Mrs. Anna S. Finkbeiner, deputy president of District 10,

will install officers for the coming year.

Chafing dishes were used prior to the induction of chimney pots and were introduced in England about 1200.

OPEN HOUSE

Officers of the Sanford Naval Air Station are invited to an open house at the Parish House, Fourth Street and Magnolia Avenue, at 9:00 P. M. Thursday, sponsored by the Recreation Division of the local Defense Council.

John Macfield, before he became poet laureate of England, worked in New York City in a bakery shop, a livery stable, a saloon, and finally a carpet factory in Yonkers.

#### HINTS TO HOUSEWIVES

Weekly Information and  
Instruction Specialized,  
Tallahassee

**COTTAGE CHEESE COOKERY**  
When meat supplies are short, wise housewives turn to other foods that may alternate with meat for main dishes. Cottage cheese and soft cream cheese, rich in both protein and calcium, are expected on the market in larger quantities as milk production increases from now until summer.

Cottage cheese is quick and easy to use in many dishes from first course to dessert. Because of its bland flavor, it combines well with many foods and toppings. Too often, American cooks have used it only to dab in lettuce and serve as salad.

In using cottage cheese for main dishes, skillful seasoning with onion, parsley and sage, chopped plumbos, green pepper and celery, or tomato sauce is advisable. For added flavor and food value, use chopped nuts, peanut butter, eggs and a little oil or fat. The cheese needs no cooking, only heating for dishes, but other ingredients with may need some cooking. Avoid long cooking or high heat which toughens the curds and may cause

reheating.

**Cottage Cheese Patties**

A delicious hot dish for dinner or dessert. Four patty patties. Enough for five may be made with 1 cup cottage cheese, 1 cup bread crumbs, 2 tablespoons savory fat or 1 1/4 cup peanut butter, 1/4 cup chipped nuts (peanuts are good), 1 1/2 teaspoon powdered sage, 1 1/2 teaspoon powdered thyme, 1 tablespoon milk, 1 1/2 teaspoon soda, 1 teaspoon salt, 1/2 teaspoon pepper, 2 tablespoons chipped onions.

Dissolve soda in milk and work cheese to remove acid flavor;

Cook onion in a little fat until tender but not brown. Then mix onion and peanut butter thoroughly with cheese. Mix seasoning and chipped nuts with crumbs. Combine cheese mixture and crumb mixture. Form into flat cakes. Roll in fine crumbs or corn meal. Fry a delicate brown in a little hot fat in a frying pan. Serve with gravy. The cheese should be very stiff because the cheese will soften in cooking.

Cottage cheese is also good in omelet. An omelet for two may be made this way. Separate 2 eggs and beat whites and yolks separately. To beaten yolks add 2 tablespoons milk, 2 tablespoons chipped plumbos or green pepper, 1 1/2 teaspoon salt, 2 tablespoons cottage cheese. Fold yolks mixture into stiffly beaten whites. Heat in a tablespoon fat in a frying pan. Pour in omelet mixture. Cook at low heat. The top of the omelet may be browned in the oven.

The General Education Board, which does most of its work in southern states, was incorporated by Congress in 1903.

Alice Duer Miller wrote "The White Cliffs of Dover" in her New York apartment which overlooks the East River.

**OPEN HOUSE**

Bodega is the Spanish name for a wine storehouse or cellar, but the name has been adopted in many lands to designate a place where wine is sold.

Dashiell Hammett, American founder of the "hardboiled" of detective fiction, was a Pinkerton detective for eight years, and worked on the Nicky Arnstein and "Fatty" Arbuckle cases.

## Formosa And China Coast Hit By Planes

### Yank Troops Repulse First Jap Counter-attack Since Landing on Luzon Island

(By Associated Press) Waves of China-based Superforts bombed Formosa today in an explosive aftermath of a three-day carrier raid on the fortress-like island and 350 miles of the China coast in which more than 35 Jap vessels were destroyed or crippled.

The slashing carrier-paced air war stole the limeight from the U.S. Sixth Army's invasion of Luzon Island in the Philippines. Yank troops there repulsed the first Jap counter-attack on one flank while the other covered a third of the distance to Manila, virtually unopposed.

Associated Press war correspondents at the front reported that patrols sometimes ranged as far as 20 miles in advance of the U.S. lines and that fleeing Japs were dumping food in the river to keep it from falling into Yank hands.

Tokyo, alarmed by continued Superfort raids and filled with talk of an impending cabinet downfall, heard its own radio report that evacuation from the capital will steadily increase despite lack of housing facilities elsewhere.

Race Ahead on Plain

MacArthur's communiqué gave no details of the intensity of the Japanese counter attack but violent enemy reaction had appeared overdue for several days as the Sixth Army blows kept the Japanese off balance.

Heaviest fighting of the entire front has been under way in the Pozorrubio sector almost from the start.

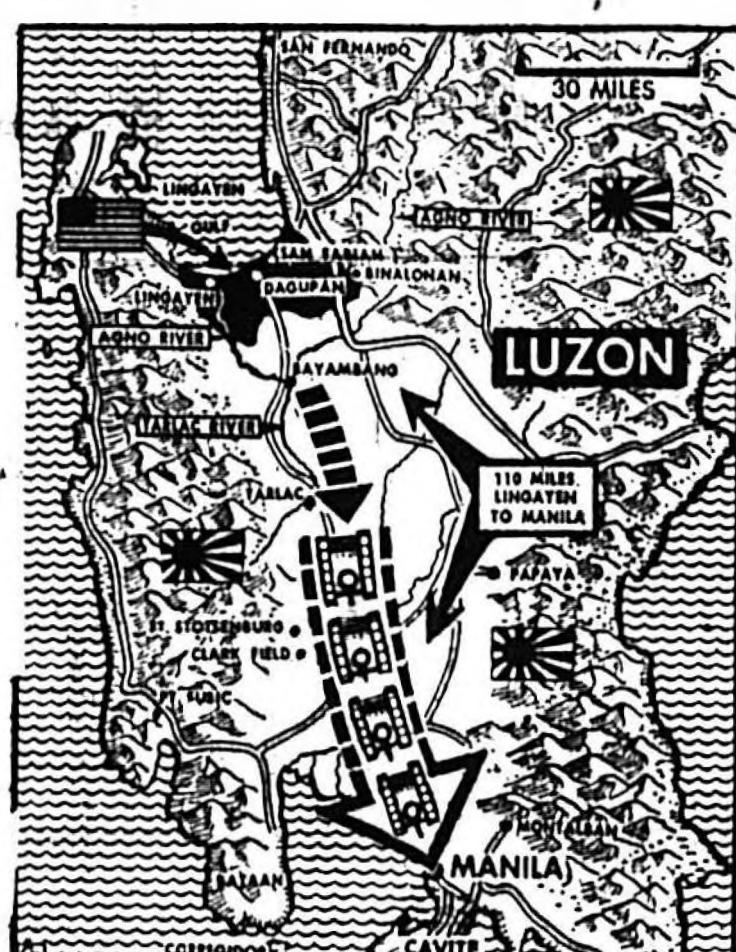

Rapid gains were scored Sunday as both sides advanced eastward along the road around Lingayen Gulf. U.S. troops drove a series of strategic wedges across main highways of Luzon's central plain while patrols pushed ahead in the center to reach Moncada, 10 miles southeast of captured Bayambang, on the main road to Manila, which is some 80 airline miles to the south.

At Moncada, Americans were 32 miles inland from the Gulf. North of the Pozorrubio sector American troops executed a flanking movement east of Damortis northeastern extremity of the beachhead, to cut the road behind the Japanese entrenched between Damortis and Rosario.

Roads from both Damortis on the coast and Pozorrubio, inland, lead northward to the Philip-

(Continued On Page Three)

### Armored Breakthrough Possible

ACCORDING TO A DISPATCH from the Philippine front, there is possibility that American armored forces may be able to sweep down the Luzon plain to Manila in a matter of weeks instead of months as first thought. Some army vanguards, striking out from our beachheads at Lingayen Gulf, were moving so fast they had to be slowed down to keep in touch with units behind them. Stiffer resistance will undoubtedly be met when the Japs, caught off guard by the initial landings, regroup their forces to the south. Meanwhile, so hot the northward flow of feverish enemy reinforcements, Yank planes have knocked out at least three of the main bridges above Manila. Black areas show U.S. holdings as our forces spread from beachhead. (International)

Hill Hardware Co. Oldest Store, Is Sold To Stine Of Farm Bureau

Arthur C. Moore Also To Have Interest In Store Ownership

The Hill Hardware Company, First Street and Palmetto Avenue, the oldest retail establishment in Sanford, founded 66 years ago by late Col. W. J. Hill and owned and managed for the past 37 years by a New man, his son-in-law, is now under the new management and ownership of Arthur C. Moore, son of Charlton W. Va. brother of George A. Stine of Sanford, and Arthur C. Moore of Sanford.

Mr. Newman stated yesterday that he would continue the ownership and operation, under management of Elmer Lundquist, of the Hill Implement Company at Oak Avenue and First Street. The staff of employees of Hill Hardware Company, Inc., will be retained according to the new partners, and the store will retain the name, Hill Hardware Company. Employees include Ernest Brotherson, Frigidaire

(Continued On Page Three)

### CITY BRIEFS

The annual Boy Scout council meeting of this section will be held Friday evening at 6:30 o'clock at the Hotel Mayfair, it was announced by Ralph A. Smith, scout executive. Reservations will be made through the Boy Scout Orlando office at 55 Pine Street. All persons interested in scouting are invited to attend the meeting, Mr. Smith said.

Word has been received from Grand Rapids, Mich. of the death recently of John W. Thede, a former member of the Sanford Tourist Club, who visited that section several winters ago.

MAKE ROOM FOR DOGS

ANTIOCH, Calif., Jan. 17. (AP) —Seaman First Class Leo Lefroy, 18, was born on emergency leave today with a story that his return was held up because he, an Army sergeant and a Seabee, were "bumped off" an Army plane at Memphis to make room for a dog considered to be too large. However, he got into one of the smaller Army planes and the dog had an "A" priority rating while he had only a "C."

COLD WAVE

CHICAGO, Jan. 17. (AP) —Snowbound residents of the northern states were braced for a second sub-zero cold wave today. For eastern cities Chicago and Albany, New York, said the cold would move northward from Wisconsin and Michigan in the wake of heavy snowfalls.

They said the mercury would drop to 5 to 15 degrees below zero in upper New York. Colder weather was indicated for the South, also due to the east movement of cold air from the midwest.

Another Sanford youth has qualified for the Navy's new Radar program, according to word received today from Navy Recruiting Station in Orlando. Edward Higgins Hurt, a Freshman at the University of Florida, has been issued a letter of direct assignment which will permit him, upon induction, to be sent for special training in electronics at Orlando.

Young Hurt, 18, is a former student of Seminole High School and lives at 1101 Oak Avenue, 1944.

EDWARD HURT QUALIFIES

Frank L. Eendenfield, junior grade engineer on a supply ship sailing between England and France, has been admitted to the service and is confined to a hospital in France, according to word received by relatives.

Mr. Eendenfield was taken to the hospital Dec. 16 and underwent surgery on Dec. 20. He is a former resident of Sanford and is the nephew of W. H. Eendenfield and grandson of Mrs. H. A. Eendenfield.

In the service shortly over one year, Mr. Eendenfield had been in particular ship since March,

## Many Projects Are Discussed At C Of C Meet

### Federal Housing Projects For Low Income Groups Are Among Those Listed

Future prospects for improvement of Seminole County's road system, establishment of a frozen food and cold storage plant in Sanford, the completed employment survey and establishment of a Federal office for veteran's employment, plans for new parks in the county and city and Federal provisions for those of sub-standard income, were among topics brought up for review at the meeting Tuesday night at Hotel Mayfair of the Board of Directors of the Seminole County Chamber of Commerce.

Past President W. A. Leffler presided at the supper meeting in the absence of President T. W. Lawson, and Vice President expressed the latter's regret as being unable to be present. About 30 directors were present.

So many live topics came up for review that Mr. Leffler proposed that the directors meet often to discuss them, and it was agreed that meeting in the future will be held on the second Tuesday of each month.

In the absence of H. F. White, chairman of the Good Roads Committee, State Representative M. H. Smith made a report of his trip to Tallahassee when he was accompanied by Senator L. F. Boyle and Representative L. D. Mann in the interest of county road projects, and reported satisfactory progress on those. It is expected that War Production Board priorities will be settled very soon on Road 100, extending through Chuluota to the Orange Highway, and for Road 44 from the Titusville bridge over the St. Johns River to Lake Jesup, he said.

Representative Mann reported fine progress on rental of lockers for the proposed frozen food and cold storage plant, and said the project is going forward in a satisfactory manner.

Reporting on the report of Mr. Smith, chairman of the Committee for unemployment, in which Mr. Smith told of the employment survey made by Charles Morrison and of establishment here of the Federal Employment Office, was agreed, at Mr. Smith's request, to discharge the Committee which was thanked and commended for its work in this regard.

Reporting on the Public Parks Committee, Sanford, Leon County tax assessor told of the largest and most enthusiastic participation of the Seminole County Farm Bureau on record.

OPA announcement to growers of price ceilings on vegetables before time of planting (Orvis Act), whereby growers would not plant crops "in the dark," and "would be offered some chance of profit," was one of the important pieces of legislation contained in the bill introduced by Mr. Smith.

After a motion by Senator Claude Pepper, whereby the OPA could make quick adjustments after crop disasters was described by Mr. Ford. Other Farm Bureau legislation either passed or pending which mentioned included a bill forbidding the putting of price ceilings below parity, securing crop insurance on citrus tobacco, etc; backing up the antitrust Sherman Act, but adopted in Florida and backing a State water conservation program, for which a committee was formed by former Governor Holland.

Mr. Ford said there were 5,000 Farm Bureau members in Florida and 828,000 in the national organization. He told the group by the Farm Bureau to encourage properly trained returning veterans to take up farming and to help them by appraising the land they secure and helping them avoid mistakes due to inexperience in this work.

Fire Chief Mack Cleveland, incidentally known as "Pop," was pictured among servicemen sitting in the GI Phone Center with windows overlooking Times Square in the December 25 edition of Life Magazine, page 75.

He is seated face to the camera in the extreme right in the group.

"Pop" Holland, the only enlisted man to serve at Sanford Naval Air Station who also served with the 51st Battle Squadron of the last war.

Second Lieutenant Alfred Scardigli entered the armed service in 1942 and received his training at Camp Carson, Colo. Fort Benning, Ga. Camp Blanding, Fla. and Camp Rucker, Ala. and went overseas in August, 1943.

Lieut. Chapman gave an interesting talk about the work of the Association's board of directors during the past year.

A report on the 1944 operations of this farmer's cooperative credit association was made by J. P. Payne, who was recently elected secretary-treasurer. This showed that the organization was in sound financial condition and was continuing to make substantial improvements.

Mr. Chapman's report in the American's territory, covering six central Florida counties, shows \$90,000 in stock in the Association, and reserves to protect this investment amount to \$99,175, according to Mr. Payne, who pointed out that these amounts aggregate nearly 80 per cent of the organization's net worth.

Loans totaling over \$1,000,000 were made to 148 members of the association during the past year.

This resolution was adopted by the group, expressing regret at the resignation of J. S. Davidson, former secretary-treasurer, and commendation for his loyal and efficient service to the Association since his election in 1939.

The Association maintains offices in Orlando, Leesburg and Kissimmee in order to serve short-term credit needs of farmers in those communities.

### Frank L. Eendenfield Wounded in Action

Frank L. Eendenfield, junior grade engineer on a supply ship sailing between England and France, has been admitted to the service and is confined to a hospital in France, according to word received by relatives.

Mr. Eendenfield was taken to the hospital Dec. 16 and underwent surgery on Dec. 20. He is a former resident of Sanford and is the nephew of W. H. Eendenfield and grandson of Mrs. H. A. Eendenfield.

In the service shortly over one year, Mr. Eendenfield had been in particular ship since March,

## Warsaw Reported Captured In Mighty Russian Offensive

### Gunners Of The 7th Army Battle In Hay Fields

LEAVING AWAY from the British lines of Elbing, Poland, gunners of the 7th Army of the German counter attack which matches state that they have been pulled out of a section

British Under Montgomery Launch New Drive Above Aachen Gaining 1,000 Yds.

LONDON, Jan. 17. (AP)— Warsaw has been captured in a gigantic Red army offensive in Poland. Marshal Stalin announced today in an order of the day.

(By Associated Press)

The Red Army's mighty winter offensive which Berlin said spared neither man nor machine in a bid to force the decision of the war rolled on apparently unchecked today through broken German defenses in central and southern Poland. The Lublin radio said Warsaw was captured in a broadcast heard by the BBC at 7:30 a.m. Warsaw has been captured. Formation of the Red Army and the Polish army have occupied Warsaw, the capital of the Polish republic." The broadcast was repeated three times followed by the playing of the Polish national anthem.

The Allies in the west in resumption of their offensive gained ground with an British Second Army drive on Aachen in the south. The British Third Army, which had crossed the Rhine at Strasbourg, advanced three miles to the south.

Fresh and rested, the British Second Army in Holland jumped off to the attack under a typical General Montgomery artillery barrage. The move apparently caught the Germans napping.

The U.S. First and Third Armies joined the captured of Houffalize, the Ardennes bulge road hub, and drove straight to St. Vith, the last major communications center left to the Germans in their virtual flattening of St. Vith's only four miles from the German border.

In Italy U.S. patrols were turned west of Florence along the road Sharp skirmishes flared all across the front.

Resumption of the Allied offensive came as the American First and Third Armies moved additional miles. Of what was left of light Marshal Van Rundstedt's Belgian salient with the capture of the vital road hub of Houffalize and made fresh gains in Belval, Luxembourg and Germany itself.

The Germans still remain in the north of Belgium, which the Americans in a unit of the 3rd Armored Division, 7th Armored Division, and 10th Armored Division, and the British 11th Armored Division, 13th Armored Division, and 14th Armored Division, and the French 1st Armored Division, 2nd Armored Division, and 3rd Armored Division, and the Italian 1st Armored Division, and the Spanish 1st Armored Division, and the Portuguese 1st Armored Division, and the Greek 1st Armored Division, and the Yugoslav 1st Armored Division, and the Czechoslovak 1st Armored Division, and the Hungarian 1st Armored Division, and the Romanian 1st Armored Division, and the Polish 1st Armored Division, and the Soviet 1st Armored Division, and the Soviet 2nd Armored Division, and the Soviet 3rd Armored Division, and the Soviet 4th Armored Division, and the Soviet 5th Armored Division, and the Soviet 6th Armored Division, and the Soviet 7th Armored Division, and the Soviet 8th Armored Division, and the Soviet 9th
