

'A Nation Welded Together ...'

by ROBERT WISCHMEYER

The role of garbage men is as important in one way, to the nation's health as that of doctors.

And although many Americans feel they can do without the Apollo moon rocket and its costly technicians, few will deny the need for good auto mechanics.

And many a white-collar executive has called a blue-collar plumber late one night to ask him to repair a sudden leak.

And would a lawyer at the bar have cases to try if it were not for the policeman in his patrol car making arrests?

And would we who write editorials ever see them in print if many skilled men did not turn their hands to machines that create the nation's goods?

On this Labor Day weekend, when the nation ends its summer respite and begins to gear up for the fall and winter months, Americans of all professions and all skills look at their brothers in office and factory to acknowledge that we all need each other to make our world go around.

Even those hippie types who cop out of the "rat race" and do their thing while relying on other men's labors to provide food and shelter must eventually admit that although man does not live by bread alone he soon finds himself needing it.

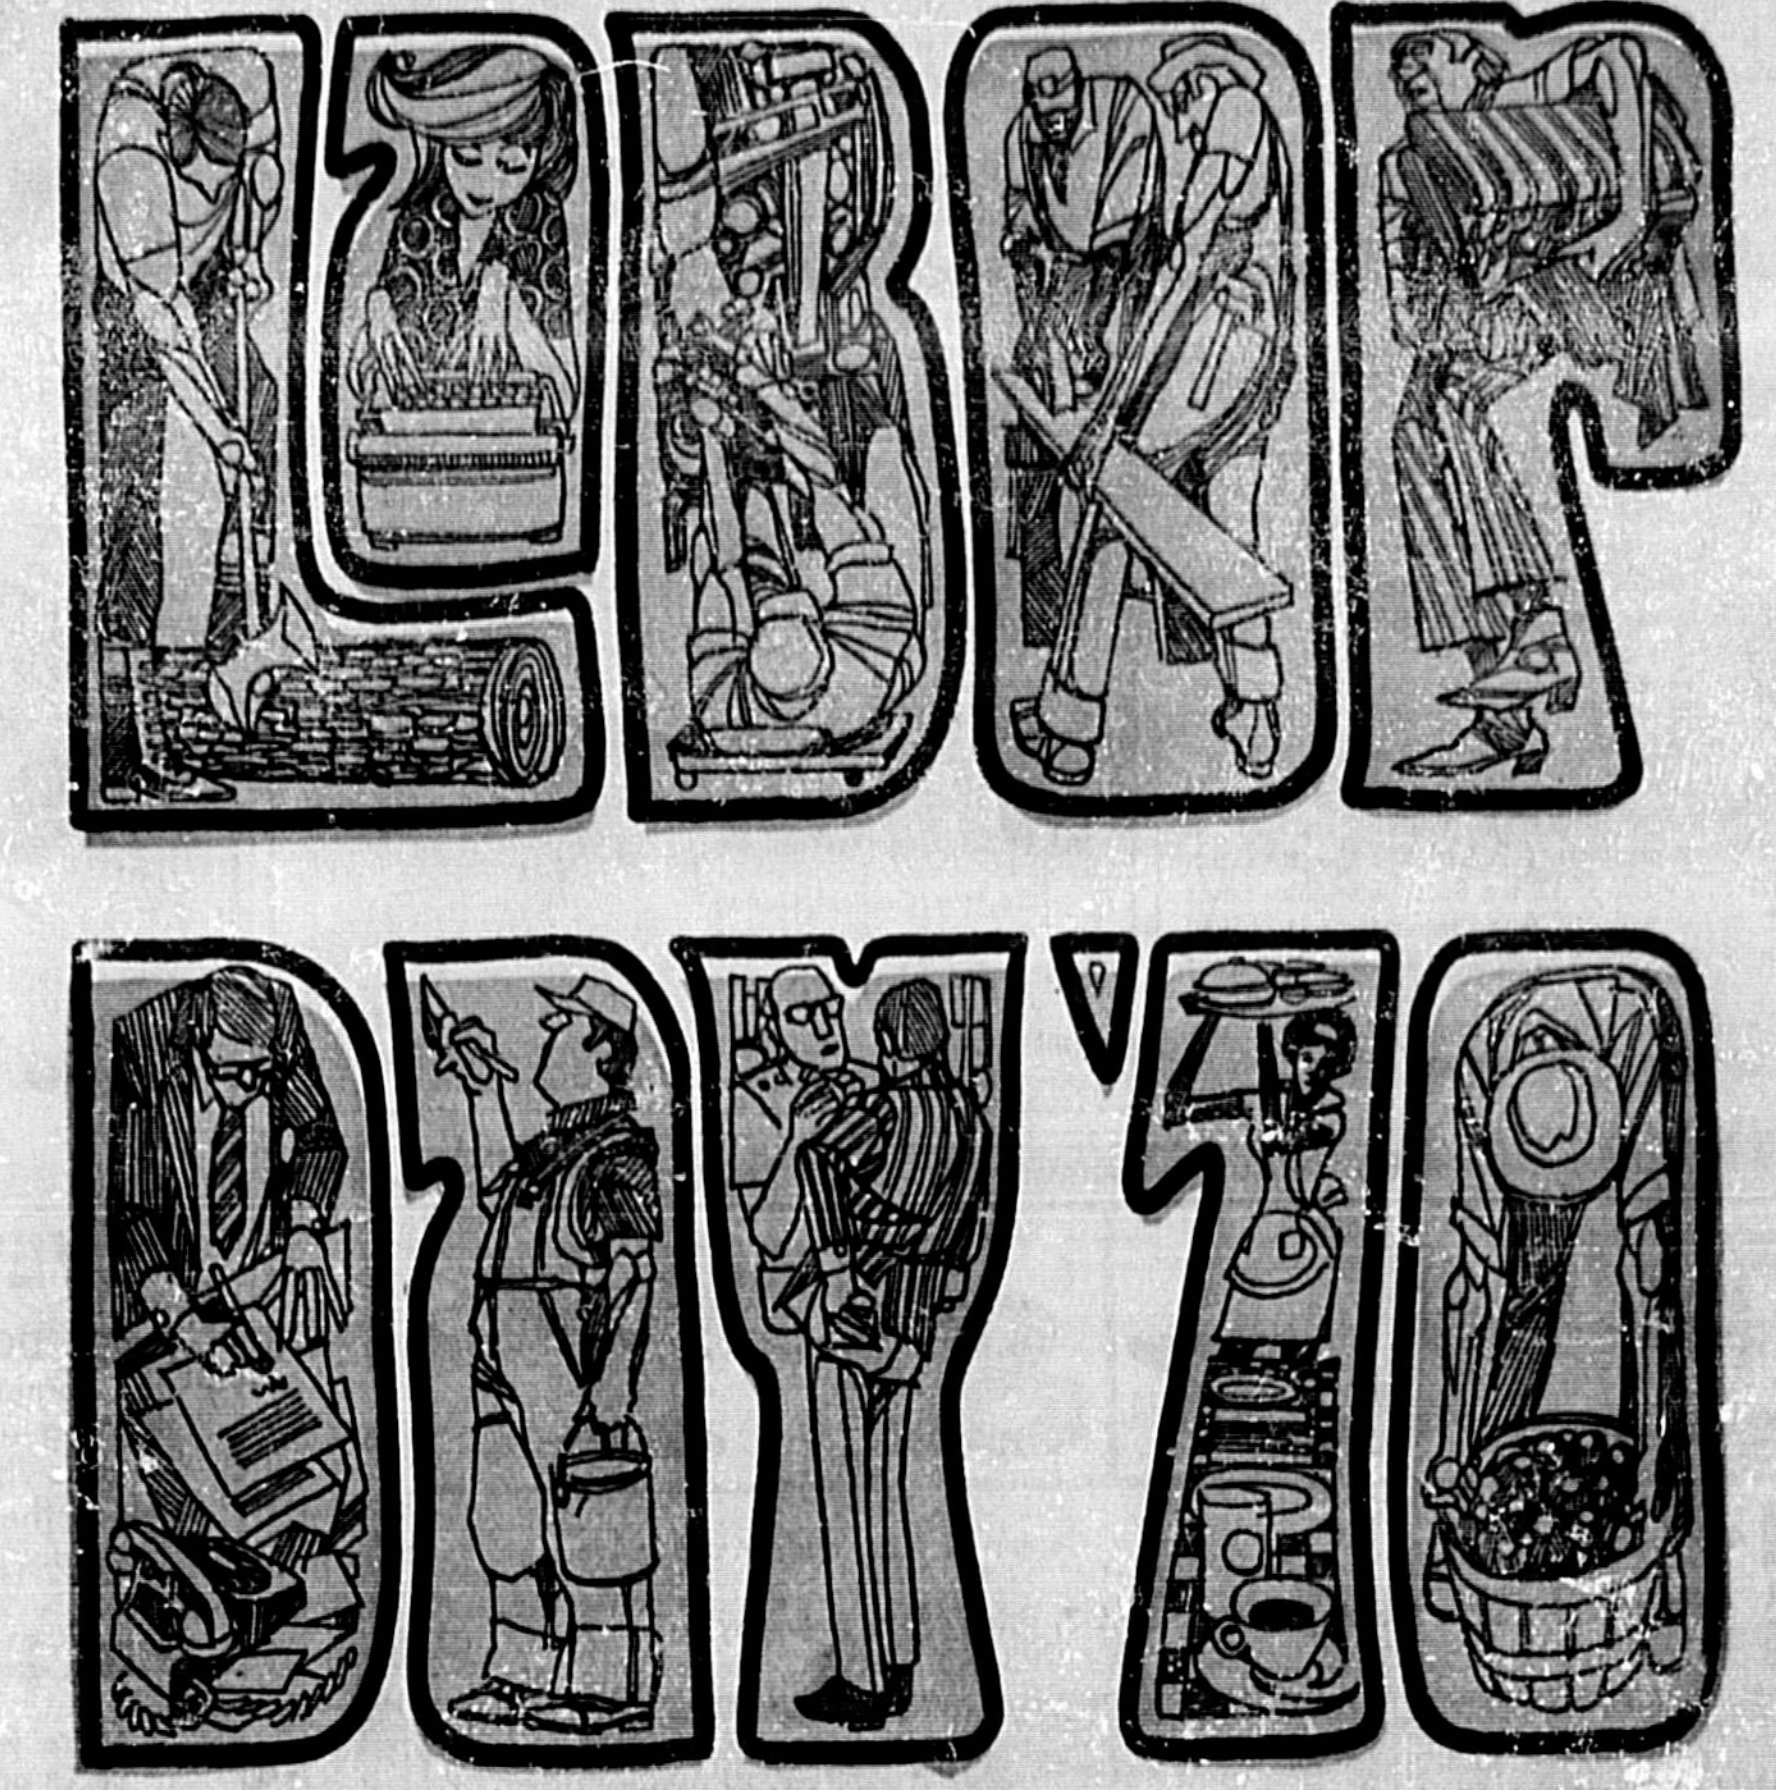

America is a workman's nation, a nation welded and hammered and dug and planted and bolted together in the sweat of

many brows and the intellect of many brains.

On this Labor Day, we can take note of the forces in our free enterprise system—forces which have permitted too many Americans to live a subpar existence; forces which exclude too many Americans, through no fault of their own, from meaningful employment within that system; forces which have alienated many of our idealistic youths.

We can realize that we will remedy those flaws—and we must, for they cannot be ignored.

But even as we note our shortcomings, we can justifiably praise the total achievement of America's workers, and we can vow that what Americans have labored hard to achieve will be preserved.

Thieves Hit 2 Stores; Woman Is Electrocuted

By BILL SCOTT

Burglars last night took \$110 in change, undetermined amounts of whiskey and cigarettes and a .25 caliber pistol from Seminole Package Store, located on SR 46 east.

County Detective Tony Calangelo reported the rear door to the establishment was removed by the intruders who escaped when Bill Rivera, proprietor, neglected to set the burglar alarm.

Calangelo added: This was the second entry to the liquor store in a month.

In a second county report, Deputy Harold Smith reported the robbery at gun point by two masked men Sunday at the Jiffy Food Store on SR 434.

According to Smith's report, two girl shoppers were held hostage by one of the robbers while the other man drew a gun on Lillian Kidd, store manager, and asked for the day's cash receipts.

When Mrs. Kidd refused to give the money, the robber told her his partner was holding two girls outside at knifepoint.

After receiving an unspecified amount of money, the two girls, reported to be Terry and Bonnie Mathewson, were released as the two youths escaped on a motorcycle.

A Sanford woman was electrocuted Saturday afternoon as she took a light bulb from a pickup truck parked in her front yard.

Marie Thompson, 54-year-old wife of Jimmy Thompson, was reportedly electrocuted when she attempted to retrieve a regular 110 volt light bulb which had been mounted on a metal stand in the truck bed.

The woman had been wearing a swimming suit and had been standing barefoot in water in her yard of her Sanford Avenue home.

Justice Department Intervenes In Case

Associated Press Writer The Justice Department, which has warned it will take no interference with court-ordered school desegregation, has intervened in an Alabama case in which white parents are accused of virtually taking three schools.

The Justice Department lawyers asked a U.S. District Court in Birmingham Thursday to order eight parents to halt interference with schools integrating under court orders in Tallapoosa County, Ala.

Involved are schools in the Tallapoosa County Communities of Blount and Lincoln. The Justice Department contends that about 400 white high school pupils returned to the schools they attended last year.

Williams-O'Malley Duel For Treasurer Featured

By JOHN VAN GIEON Associated Press Writer TALLAHASSEE, Fla. (AP) - Democratic voters must decide Tuesday if they are ready for a rare ouster of an incumbent Cabinet member when they choose between Treasurer Insurance Commissioner Broward Williams and challenger Tom O'Malley.

In the only head-to-head confrontation of the Republican side of the Cabinet ballot, State Sen. Tom Bate of Jacksonville will be contesting the late charging Tom O'Malley, a former industrial commission chairman, for treasurer-insurance commissioner.

Big Labor Has Its Biggest Challenge Today

Labor Day 1970 cannot escape the winds of change which are sweeping through every area. New frontiers are being defined. Old, traditional currents are losing their strength.

But labor and Labor Day is such an issue and such a holiday that no superficial observer, even in these critical times, is proper or right.

The day itself was won only after decades of tumultuous conflict between those who labor and those who employ.

When he pointed out that many employers are aware of and concerned about the workers who puts in a full day, according to his time card, but do not produce a full day's work, Haggerty touched on a fault which is not confined to members of unions.

Hope For Future

The athletic activities of a small minority have spread the illusion that young people today are somehow different from young people of the past. However, everyday we see evidence that these intangible natural endowments we call character, that broad greatness in individuals and in nations run just as strongly in contemporary youth as they ever have.

Political Notebook:

U. S. Mood On War Is Misread

By BRUCE HOBSAT, NEA Washington WASHINGTON (NEA) — The defeated Hatfield-McGovern proposal to end Vietnam war funding by late 1972 or early 1973 was at heart an effort by Senate doves to regain a political initiative taken from them by President Nixon more than a year ago.

BERRY'S WORLD

Every man knows the national mood has changed. It is not dovish in the sense of peace at any price, but people are sick of casualties and weary of the futility of an indecisive war. It is five long years since Lyndon Johnson sent ground combat forces in large size into Vietnam, and the hawk-and dove position is far from reality.

When Dealing With Congress Soviet Navy Is 'Secret Weapon'

By ROBERT A. DOBKIN AP Military Writer

WASHINGTON (AP) — When it comes to dealing with Congress, asserts one Pentagon official, the American Navy's secret weapon is the Soviet navy.

It always seems the Russians are steaming off the coast of appropriations time. The official said, "Don't kid yourself, the Russian navy is the American Navy's best friend."

You Need Not Be Rich!

ISLAMORADA, Fla. (AP) — Sailfish, dolphin, tuna, barracuda, yellowtail, grouper and a host of other scaly bathers are lurking in the blue waters surrounding the Florida Keys, and you don't have to be a millionaire to get them.

Most of the guides charge \$70 for a full day's fishing. Able said, "We can take them out and get them pretty much what they want. We've been doing fairly well on dolphin out in the Gulf Stream lately, and they're getting quite a few tarpon at night."

Big trolling boats, 36 to 50 feet long, cost \$110 to \$125 a day and carry six fishermen, said Charles Sanger, deckmaster at the Chesapeake docks. "In the winter season we do well on sailfish, tuna, barracuda, bonita and big kingfish," he said. "The boats are crewed by 10 to 15 men and can supply everything except food and drinks."

The fisherman can rent a small boat and go out by himself, hire a guide who will take him out in a small craft or charter one of the big trolling boats. Anyone with experience in small boat handling will find hundreds of marinas with boats for rent.

Drift boats, which carry as many as 60 fishermen, are available throughout the keys and average about \$8 for a day's fishing. They simply anchor with all the needed tackle and during the winter months concentrate mainly on the huge schools of hard fighting king mackerel that fill the waters of the Atlantic.

The situation is somewhat similar to the Soviet build-up in the Mediterranean Sea following the 1957 Arab-Israeli war. Prior to that conflict, the Mediterranean was dominated by the American Sixth Fleet.

"Our boats are kept pretty busy most of the time," says Bill Shary, owner of the Pelican Cove Resort. "People like to use the little Boston Whalers to fish over the reefs or go into the back country on the bay."

Shary says most of the marinas in the Keys charge about \$8 for a half day and \$14 for a full day for a 14-foot boat with a 15 to 20 horsepower motor.

ROSES JOHN APPLEBY POTTED PLANTS

"People stay pretty close to shore in them—maybe up to five miles out," he says. They troll and bottom fish for grouper, yellowtail, and king mackerel, mainly. People do a lot of snapper fishing from small boats, too."

Pistol-Packing Judge Fearful Of His Life

MIAMI (AP) — A 65-year-old judge fearful of his assignment to cases of persons charged with being big baggers among America's dope peddlers is carrying a handgun to court under his seat. U.S. District Judge William O. Mehtrens warned one associate a defendant in open court. "I'll ever catch you on my hand I'm going to shoot you like a dog," Mehtrens said in an interview Tuesday, smiling broadly and his eyes twinkling with content and his thick white eyebrows bobbing.

RE-ELECT Broward Williams
TREASURER OF FLORIDA
the man who knows the job.
DEMOCRAT

We need a Governor who will put Florida first.

Earl FAIRCLOTH
(DEM)

Earl FAIRCLOTH
SERVED THE PEOPLE, NOT SPECIAL INTERESTS, AS ATTORNEY GENERAL.
Earl Faircloth won election as Attorney General in 1964 and re-election in 1966. His actions and accomplishments have set a new style for the office of attorney general as a champion of the people's rights.
Earl Faircloth has vigorously campaigned to protect Florida's beaches and other natural assets for the enjoyment of all citizens. . . Initiated a new approach to fight syndicated crime. . . Instituted honest competitive bidding on State purchases of goods and services. . . Fought for adequate appropriations for public education at all levels. . . Instituted a Code of Ethics for public officials. . . Proposed a critically needed environmental control agency.
He has waged war on the smut peddlers through an anti-pornography task force. . . Successfully defended Florida laws providing for the upgrading of law enforcement. . . Concerned himself with narcotics use in Florida's colleges and universities.
SENIOR CITIZENS BACK FAIRCLOTH.
Faircloth's battle to open the books of public utilities to establish fair rates, his lawsuits against price-fixing in the drug industry and his efforts to improve living conditions in nursing homes gained Faircloth an "A" rating from the Council of Senior Citizens recently in St. Petersburg. This was the highest rating given any candidate for Governor.
OUTSTANDING LEGISLATOR.
Elected State Representative from Dade County in 1962, Faircloth introduced or co-sponsored 79 pieces of legislation during his first session. His major proposals concerned law enforcement, education, conservation and homestead exemption. He was a key man in achieving fair repositionment.
Faircloth's energy and dedication won for him the Allen Morris Award as the Outstanding Freshman Legislator in 1963, and the St. Petersburg Times Award as one of the "10 Most Valuable" members of the Legislature.
THE MAN AND HIS FAMILY.
Earl Faircloth was born and raised on a farm near Chiefland in Levy County, Florida. He is a former state President of the Future Farmers of America. At the University of Florida, he was the first student in history to serve two terms as Student Government President. After graduation, he practiced law in St. Petersburg and Tallahassee before moving to Miami in 1953.

Florida Newspapers Voice Their Support Of Candidates

By THE ASSOCIATED PRESS
Republican Jack Eckerd and Bill Cramer got overwhelming support from Florida newspaper editors in their campaigns for the GOP governorship and U.S. Senate nominations.

On the Democratic side, editorial endorsements were split about evenly in the two races. Twenty-two newspapers supported Eckerd, the drugstore millionaire from Clearwater. State Sen. L. A. "Skip" Bufalino of North Palm Beach was endorsed by four. Gov. Claude Kirk was the choice of three.

In the GOP Senate primary, Cramer counted 24 newspapers. Defeated Supreme Court nominee G. Harold Carswell of Tallahassee was selected twice and

Kirk Charged With Deal

PORT EVERGLADES, Fla. (AP) — Owners of the retired ocean liner Queen Elizabeth were indicted Tuesday for a deal with Kirk in connection with the ship's sale.

The Queen Elizabeth has been beset by political squabbling and is now involved in bankruptcy proceedings. There has been strong speculation that after the auction this week, it may be headed for a scrap pile.

A Tampa group, however, has announced it is considering a \$4.8 million offer to buy the 8,673-ton ship — once the world's largest passenger vessel — and make it a tourist attraction in Tampa Bay.

Worry Clinic By Dr. Crane

By GEORGE W. CRANE
CASE 625: Martin D., aged 44, is a high schooler.

"Dr. Crane," he asked, "in your convocation speech you said our civilization is a Republic."

"But our civlizer teacher told us it is a representative democracy."

"What is the difference and which one is it correct?"

When we recite the Pledge of Allegiance we begin by saying: "I pledge allegiance to the flag of the United States of America and to the —, for which it stands . . ."

Which word do we insert in that blank?

It is "Republic."

"The difference," stated famous John Marshall, Chief Justice of our U. S. Supreme Court, "between our Republic and a democracy is the difference between order versus chaos."

"Well, you readers certainly realize that 'order' and 'chaos' are definitely not synonyms. They are direct opposites or antonyms.

"Oh, but Dr. Crane," somebody might protest, "what about 'representative democracy'?"

That distinction between the "true democracy" vs. a "representative democracy" doesn't alter the "chaos" that John Marshall mentioned.

Polly's Problem
DEAR POLLY—I have a good friend who is storing all his towels and linens but every time I want to use a towel or bed linen I have to soak and wash them again. I always find yellow lines on the folds. I wish someone would help me solve this problem—MRS. M. R. C.

DEAR POLLY—When Gary Lynn goes to replace the tiles she has removed she should warm the new tiles. They will cure more easily. It is difficult corners and other such places. I watched a linoleum man do this—MARY C.

DEAR POLLY—I have just finished some pillows with shredded foam and it was so easy I thought others might be interested in my method. It is almost time to start such projects for bazaars and Christmas.

Put the plug in the bathroom drain and fill the pillow in the tub. If the foam begins to fly or

stick, shake a VERY SMALL AMOUNT of talcum powder in it so it stays put. When the pillows are full, take a cloth and push the remaining foam into a pile and then lift as much as you can to put back in the bag. (Polly's note—I would be wise to wipe the tub with any damp cloth to gather up any tiny bits before opening the drain.)

DEAR GIRLS—When filling pillows with either kapok or shredded foam I find it helps to open the pillow casing as wide as possible, put the open end of the bag that holds the stuffing down into the pillow as far as it will go, shake in and fill them and then quickly withdraw so very little blows about—POLLY.

You will receive a dollar if Polly uses your favorite home-making idea. Polly's Problem is a solution to a problem. Write Polly in care of this newspaper.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Do adults have another "silver" right to them? Or are they "teen-agers" as denoted?

For the past year, my mother has told the entire family that my father and I keep up with her in the department. She further states that since he is out of town a lot she needs someone who can keep up with her.

Recently, to the knowledge of everybody except my father, she has found someone who can "keep up with her."

When I questioned her about the early hours she was keeping, she replied, "You father is probably doing your own thing."

By question is twofold: First, why do adults feel they have a right to sex when teenagers are told it is taboo? It seems to me that if you can abstain from sex when you are young, why can't you give up a little of your sex when your life starts showing down?

It also seems to me that sex outside of marriage is worse than sex before marriage. My second question: Should my father be filled and told "No" if you think it's right or proper for the lady you work for to introduce her friends

to you as "Mrs. John Smith," and then say to them, "And this is my daughter?" And just like I didn't have a last name? I think it's time we had a little respect.

DEAR ABBY: I doubt if your employer meant any disrespect, only affection, which outranks respect any day in my book. But if you object, ask your employer to please call you "Mrs. . . ."

DEAR ABBY: That nurse who wears her white uniform and white shoes on the street complained because strangers would approach her while she was waiting for a bus and ask her medical questions. Well, she doesn't have very much imagination. When a somebody spots my white uniform and white shoes, I ask myself what's good for an upset stomach. I say, "I wish I could help you, but I only work in a delicatessen."

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 67078, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 67078, Los Angeles, Cal. 90069.

GENERAL TENDENCIES: You find it difficult to communicate with others today because of a basic conflict in your inner attitudes. At the moment you are inclined to be generous and far-sighted, and the next to be querulous and overly concerned with the pleasurable details of everyday living. Think big to get big.

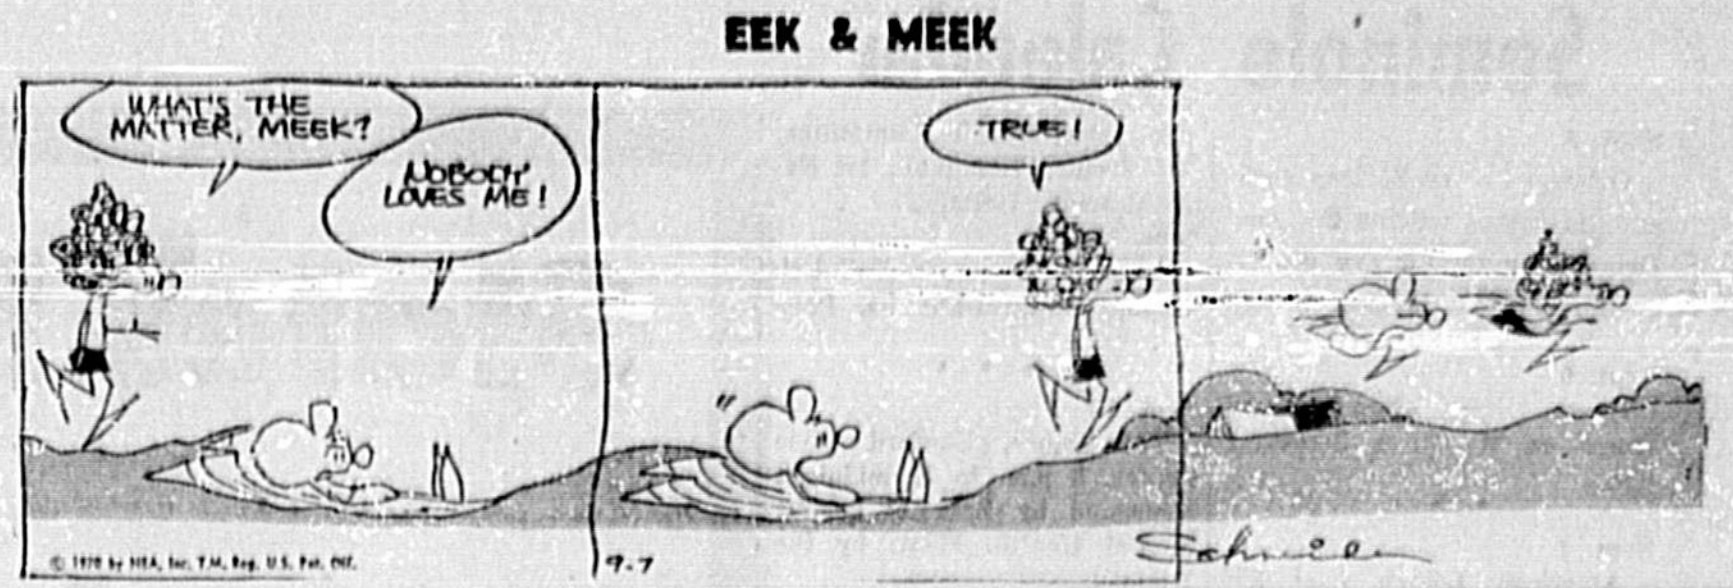

ARIES (Mar. 21 to Apr. 19): Don't feel that you have to be bogged down by dull routines, but get out and investigate new interests that are fascinating and could be very profitable. Be a more inspired and active person. Make your life interesting.

TAURUS (Apr. 20 to May 20): You can handle responsibilities that are vital as well as have time for recreation you need if you plan your time well. Get into the social affair in p.m. that really satisfies. Become a real personality.

GEMINI (May 21 to June 21): You have used time to show your true self successfully with close ties and others equally important to you now. This with associates can bring fine future benefits. Show that you are an efficient person.

MOON CHILDREN (June 22 to July 22): Being precise with reports and statements of all sorts and being very active will make this a most productive day in which you can get much done. Have those talks with associates that really produce results. Forget indulgence.

LEO (July 23 to Aug. 21): You have used time to show your true self successfully with close ties and others equally important to you now. This with associates can bring fine future benefits. Show that you are an efficient person.

We The Women: By Betty Canary

A letter that came from a friend tells me I write about husbands with reverence. The friend happens to be a husband, but not mine, thank heavens. I know a lot of husbands, some better, some worse, some sick, some well, some Democrats, some Republicans. Mostly poorer than I, but I'll write about them as I do about my own husband—with respect, sometimes in awe, but never with reverence.

Actually, I think having a wife around reverting you all the time could become rather tiresome. It's great that she'll pick up your dirty socks and carry stacks to you while you watch the afternoon football special. Would you really like her spending her time in front of an icon in the kitchen? This may be why some men say that they want women back on pedestals. They think women standing around on pedestals are revering men. Maybe so, it would take a pretty long reach to pick up a dirty sock from a pedestal, wouldn't it? (Obviously, a man who wants a woman worshipping him hasn't stopped to think.)

If we were going to take the word literally, then the Caesars were the last men who really

expected their human beings to revere them. I am not discounting Napoleon. I'm sure some men revered him. But there's a danger in a woman hero who could worship a man who had been embroiled on all the palace curtains and lines. The thing is, if one wants to be treated as Caesar, one must necessarily act the part of Caesar. Any man willing to wear a toga may not step forward.

First of all, you'll have to stop spending your weekends in the old familiar way. Caesar liked to unwind, but at least he

stayed clean and neatly dressed when he did it. He didn't stop around in greasy blue jeans and expect California to carry her to him while he puttered around in the garage.

Chances are he had the royal barge brought around and they shoved off to Antioch or some place. At the least, he arranged to come en train, had a few jugglers or dancing bears brought in.

We must realize he had the power of life and death over his wife and subjects. As always, get a little, give a little. That is to say, being Caesar wouldn't be all bad for a man. However, most of the men I know would quickly tire of the family crying, "Divine One, when sumbunking out of the bedroom on a Saturday morning, Miss auntie ain't feeling too regal then and would prefer nearly a cup of good coffee and a respectful nod to a Saturday morning. Miss auntie ain't feeling too regal then and would prefer nearly a cup of good coffee and a respectful nod to a Saturday morning. MON, SEPT. 7, 1970

7:30-8:30 CBS GUNSMOKE (Rerun) Amanda Blake, as Kinky, gets her turn in the starring spotlight of this series. Marshal Dillon is wounded in another gunfight and Kinky cannot take it any more. He either gives up his badge, or

can't leave. When he says he can't, she sells the Long Branch and moves to another town where she goes to business with another lady. Of course, you can expect trouble in that establishment and don't be surprised if Dillon doesn't believe that Lucy is a competent showgirl. A disillusion which she is not about to correct when she's cast in this new musical. Her husband determines to prove herself, bringing chaos to the entire production.

8:30-10:30 ABC THE MONDAY NIGHT MOVIE "The Hangman" (1959) (Rerun) Here's a western that stands between the traditional John Wayne shoot-'em-up and the more suspenseful "High Noon" types. It stars Robert Taylor as a deputy marshal hunting down a killer. He believes he has found his man in a small town, living under another name. The sheriff and townspeople are staunchly behind the accused, who has proven himself in their eyes, and must be proven otherwise before he will let the outsider take him. Jack Lord is the heavy with Fess Parker and Tina Louise feature.

10:30-11:30 CBS THE WILD WEST (Rerun) One of the few negatives contributing to the demise of this series was too much imagination without the ability to make it believable. Such is the case with this script about a creepy old mansion whose occupants all seem to die of old age. Behind the scenes is the family physician, an eccentric scientist working on a weird formula. The script has everything but a credit by Rod Sterling, which it sorely needed.

Wilson Has A Winner By RICK DUBROW

HOLLYWOOD (UPI)—NBC TV is betting heavily on Flip Wilson's new variety series in the coming television season, and if he succeeds it will be another significant breakthrough for black entertainers.

For, while Negro performers such as Bill Cosby and Diahann Carroll scored big in non-musical video series of their own, rarely have black stars had lasting success as regular hosts of weekly variety shows.

Sammy Davis and Leslie Uggams are among those who failed to make it through a season in this format.

Wilson, whose hour series begins Sept. 17, may have a much better chance because of his talent in comedy, a field that is basically secondary to singers Davis and Uggams. In addition, he has gotten tremendous exposure and experience as a guest host on the "Tonight" series, where he acquitted himself very well.

Two other major variety series join NBC-TV's lineup in the new video season. One will be hosted by Don Knotts, the other by Red Skelton. And, like the Wilson time, each will open a prime time evening every week as NBC-TV tries to book audiences for whole nights.

Knotts, who won a listful of Emmy Awards as a deputy host on the old Andy Griffith situation comedy series, bows in with his new hour series on Sept. 15.

State's Leading Newspapers Endorse Mathews-Gissendanner

times when the voters of Florida are demanding more than TV gimmicks from their candidates — Florida's leading newspapers have endorsed the Mathews-Gissendanner ticket as the best in the Democratic race for governor. Their editorial boards, after careful review of records and philosophies and personal interviews with the candidates, are recommending the Mathews-Gissendanner team as "dedicated, hardworking and effective"

St. Pete Times
The Times recommends Jack Mathews as Governor and Edna Gissendanner as Lieutenant Governor.

THE TAMPA TRIBUNE
During his 15 years in the legislature Senator Mathews has consistently been one of its most effective members. Colleagues respect his ability in electing him Senate President for the 1967-70 session. He was one of the prime movers behind the new constitution and modernization of state government in the recent session he helped achieve faster state aid for schools and local governments, and was chiefly responsible for a practical new program of crime fighting by upgrading the pay and qualifications of local police.

The Miami Herald
We Recommend JACK MATHEWS. We know of no man in Florida whose knowledge of state government exceeds that of the Jacksonville attorney who is presently the president of the Senate.

Guerrillas Destroy \$23 Million Airplane

Skijackers Blow Up Jetliner

By United Press International
Arab guerrillas hijacked four jetliners simultaneously on Europe Sunday and forced about 171 passengers and crewmen to flee their lives. The Swiss airline pulled the pin on a grenade which failed to explode. The other two jets—a Swissair DCS and a Trans World Airways TWA 707 landed safely at a military airstrip in the desert 13 miles north of Amman, Jordan.

The Jordanian Front for the Liberation of Palestine (JFLP) said it was responsible for coordinating the hijackings and gave 72-hour ultimatums to Britain and Switzerland to release guerrillas held by the two nations. The Swiss airline met today on the demand that the Swiss release three guerrillas imprisoned for an attack on an Israeli jet at Zurich Feb. 18, 1969.

The guerrillas demanded Britain free the woman captured in Sunday's attempt to hijack an El Al plane. She was identified as Leila Khalid, 33, a Palestinian Arab. Miss Khalid was subdued as she crumpled a gun.

Her accomplice pulled a pin on a grenade but the grenade failed to explode. The hijacker had shot and wounded an Israeli security agent aboard the jet before the agent returned the fire, fatally wounding the hijacker.

Police said Miss Khalid, who boarded the plane at Amsterdam, led the hijacking of a TWA jetliner from Rome to Damascus Aug. 29, 1969. That plane was later blown up in Damascus.

Cramer-Carswell Duel Is Highlight

By JERRY T. BAULCH
WASHINGTON (AP) — Eight states hold primaries Tuesday with attention focused on Florida's battle between Republicans G. Harold Cramer and Rep. William G. Carswell for nomination to a Senate seat the GOP expects to win Nov. 3.

Seven of the states hold gubernatorial primaries—Arizona, Wisconsin, New Hampshire, Florida, Vermont, Arkansas and Colorado. And Georgia will follow Wednesday with its gubernatorial primary.

In addition, the Virgin Islands will top off the biggest primary week of the year with the territory's first primary in history for governor, between two Democrats.

Florida also provides the main excitement in the contests for state offices. Flamingo Gov. Claude Kirk faces millionaire druggist Jack Eckerd.

In addition to Florida, senatorial primaries will be held in Utah, Vermont, Wisconsin and Arizona. Both Democrats and Republicans are running unopposed in Wisconsin and Utah. Nominations to House seats are up in all states.

Utah is the only state holding a primary this week without a governor's race. But Republicans are eyeing the Senate seat held by Democrat Frank E. Moss. Both Moss and his GOP challenger, Rep. Laurence J. Burton, are unopposed as they prepare for their November ballot.

Two Budgets OK'd

By MARION BETHEA
The county budget and Port Authority budget for 1970-71 were adopted following revision with no opposition from taxpayers.

The millage has been set at .35, which is 1.21 higher than the current year, but 44 less than the .799 which was advertised. The current year's millage was 6.32.

The millage would have been .61 less had the state Legislature not diverted \$25,000 from face track funds to the county school board. Millage then would have been 6.54. Another factor in the rise in millage was the approximately \$1 million escalation in court house construction caused by litigation.

The levy for the building fund was 5.9 this year and was advertised at 1.9. This figure was, after much discussion and scaling down by the commission, finally set at 1.51 and will, it was stated, adequately fund the courthouse.

There was a change in the fine and forfeiture fund necessitated by restoration of \$23,073 to the sheriff's budget by the state Appeals Board. The millage was 1.41 this year, as advertised at 2.02, and ultimately set at 2.1.

The general fund was advertised at 1.93 and revised to a final figure of 1.85 after the commissioners were told that \$27,000 would be deleted from the food stamp program, which will now receive state funding, and that the foster home program also will receive more state funding decimating the figure from \$15,000 to \$10,000 in the county budget. Millage for the food stamp program was set at .69 and for the foster home program at .04.

Israelis Boycott Talks On Middle East Peace

By United Press International
Israel has withdrawn from the Middle East peace talks over what it charges is an Egyptian missile buildup along the Suez Canal in violation of the cease-fire agreement. The Israelis said they would continue to observe the truce.

Premier Golda Meir said her country would boycott the talks so long as the military status quo along the canal was not "retroced."

"The Israeli government did not reverse its earlier decision to take part in the talks," Mrs. Meir said in a television interview Sunday. "But because Egypt has violated the cease-fire agreement, the government decided that as long as the military situation is not retroceded, Israel could not take part in the talks."

Mrs. Meir said Israeli Ambassador Yusuf Tawkah would shortly return to the United States to convey the Israeli decision to Gunnar V. Jarving, the U.S. Middle East special mediator.

Mrs. Meir said Israel never had agreed to a unilateral cease-fire with Egypt.

"I would like to believe that the United States government is sincere in trying to restore the military situation," Mrs. Meir said. "But it is important for us that the American government and other factors will be fully aware of our stand and will act in accordance with the decision taken today."

The Nixon administration publicly has expressed the feeling that the United States would like to see a cease-fire with Egypt.

U.S. military spokesmen said there were 399,500 Americans in the war zone as of Sept. 2, a reduction of 2,800 from the previous week and the least troops in Vietnam since Jan. 14, 1967, when there were 500,000.

The U.S. 7th Air Force said today that on Oct. 18 it will cease operating V. Ho aircraft base, 240 miles northeast of Phnom Penh, the Cambodian command disclosed, a transcript of a broadcast over Shaikouk's new exile government radio station Aug. 25.

Support Of Commies Asked Of Cambodians

By FRANK FROSCHE
PHNOM PENH (UPI) — Prince Norodom Sihanouk has admitted for the first time that North Vietnam has troops in Cambodia and has appealed to the Cambodian command staff to support them.

The U.S. command announced it has cut the American troop level in Vietnam below 400,000 for the first time since early 1967.

Communications from Saigon said a U.S. Air Force F-76 Thunderbolt jet exchanged fire with a North Vietnamese anti-aircraft battery that fired in the U.S. plane over Laos.

Beth Huffman Bride Of Donald Nicholas

On Saturday evening, Aug. 8 at 7:30 p.m., Miss Beth Huffman, daughter of Dr. and Mrs. John C. Huffman, 420 Baskinburg Road, Myrtle, Ky., became the bride of Donald W. Nicholas, son of Mr. and Mrs. Joseph Nicholas, Sanford.

The bride's father, assisted by James Threlkett, of Robinson, Ill., performed the ceremony in the sanctuary of the First Baptist Church, Mayfield.

Presiding at the ceremony, Mrs. Sam Gray, organist, and Mrs. John Cook, flautist, presented selections including "Panic Angles" (Frank), "The Wizard" (Mozart), "Evening Prayer" (Humpernick), and "Sleep May Safely Rest" (Grieg).

Flowers were exchanged before the ceremony at a table on which was an open Bible backed by a beautiful floral arrangement of yellow and white.

Flanking the Bible were massive antique wooden candlesticks, accented by white oval vases and white zircon clusters, holding ivory tapers. Centering the platform, about 10 feet long, were two large bouquets of white and yellow satin ribbon bows.

The lovely young bride chose for her wedding a Helms-Bell design for Vogue of a white shadow-striped gown. The dress was designed with a fitted bodice and a jewel neckline, and the softly gathered skirt featured a satin-trimmed train. Dainty buttons showed the dress from the neckline to the hem in the front, and the closing was outlined with richly etched lace which extended to the train. At the waist was a self belt, and Dier low Sheer, full Victorian sleeves were trimmed with the lace at the deep cuffs.

Her chapel-length veil was attached to a wide headband of heavy lace, created to match the gown.

She carried a colonial arrangement of white carnations,

Engagement Announcements

Tripp-Gracey

Mr. and Mrs. L. H. Tripp of 108 Palmetto Ave. are announcing the engagement and approaching marriage of their daughter, Cynthia Ann, to William A. Gracey, son of Mr. and Mrs. William Gracey, 2511 Palmetto Ave.

The bride-elect is a 1968 graduate of Seminole High School and was a member of the Future Homemakers Club, Science Club, Spanish Club, and a Campy Stripper.

The future bridegroom, a 1968 graduate of Seminole High School, was on the football and baseball teams and was also a member of the Football and Campy Club and Chorists. He is presently employed at Seminole Auto Parts.

The wedding will be an event of Oct. 2.

Whitney-Swallow

Mr. and Mrs. Lewis A. Whitney of Manchester, Maine, wish to announce the engagement of their daughter, Laureen, to Mr. John Charles Swallow formerly of Manchester and now a resident of Sanford.

Miss Whitney was graduated from Winthrop High School in 1965 and went on to Nurses training in Boston, Mass. She is a graduate of the Shopard-Gill School of Practical Nursing and is now an LPN and member of the staff at Seminole Memorial Hospital.

Mr. Swallow, the son of Mr. and Mrs. John E. Swallow of Augusta, Me., also graduated from Winthrop High School in 1965 and went on to serve in the U.S. Navy as a Hospital Corpsman. He is now employed at Seminole Hospital as an Inhalation Therapist and is a part time student of Cosmetology at the Sanford Beauty College.

The couple has set Oct. 16 as their wedding date. The wedding will take place in Manchester and the couple will reside in Sanford.

Mr. and Mrs. Gus Sawyer of Seminole Blvd., have just returned home from a vacation trip to Yellowstone Park.

Mr. and Mrs. Marvin McClain Jr. of 151 N. Triplett Dr. spent this past weekend in Montevary, Calif., with his fiancée, Cheryl Williamson. Cheryl and her family (Lt. and Mrs. Robert Williamson, Carol, Karen and Colleen) are former residents of the area.

Mr. and Mrs. Clare Dalmer and son, Tom, of S. Triplett drive, returned home recently from a month-long camping vacation up into Canada and back.

Dan Casselberry, son of Mr. and Mrs. Leonard Casselberry, returned recently to Asbury Theological Seminary in Kentucky, where he is a second year ministerial student. Dan spent the summer as youth director at Community United Methodist Church.

Home Hints

Island arrangements are popular in today's kitchens. A large room is necessary because there should be four feet between each side of an island and the opposite cabinets, appliances or wall. For example, a 36-inch wide island in a U-shaped kitchen requires a room 15 feet wide.

Others invited to share the memorable occasion with the bride-elect, her mother, grandmother, and hostesses, were Miss Gene Griffith, maid of honor, Temple, Texas, and bridesmaids, with Adrienne, Marianne Marlette and Sherry Stenstrom.

Traditional Bridesmaids Luncheon Compliments Miss Stenstrom, Attendants

By DORIS WILLIAMS

In a beautiful bridal setting, Sept. 2, at the fashionable Mayfair home of Dr. and Mrs. Edwin Epstein, the traditional bridesmaids luncheon took place to honor Miss Patricia Ann Stenstrom and her bridesmaids.

For the very festive occasion, pretty Tricia wore a most becoming Navy crepe frock, fashioned along the long train, with two circular, ruffled tiers forming the short, flouncy skirt. A double string of white rope pearls further enhanced her attractive outfit.

Tricia presented each of her attendants with a pair of short white gloves to wear in the wedding.

Gift talks with the order of the day with the guests admiring ornate conversation pieces which the Epstein family brought back from their various world travels. The family just returned from a delightful visit to Majorca Island and Spain.

The lady's table in the tastefully decorated dining room, when featured avocado color tones in the furnishings, accents and artistic wall mural, was centered with a magnificent arrangement of multi-hued roses in a silver bowl. An exquisite, imported white sheer organza cloth, embellished with delicate pale pink appliques and embroidery, covered the beautifully appointed table.

Another round table was arranged in the living room. This table was centered with roses and covered with an Italian cut white cloth.

The luncheon began with a refreshing nectar, delight appetizer and the buffet included chicken and rice, ribbon jello mold, Grecian green bean casserole, hot rolls and butter, leaf tea and party pink appetizers.

Coach Impressed By Greyhounds

By CLAY HARTSOE
 The Lynon High Greyhounds received their first taste of game conditions last night in the 3A-4A game at the Sanford Stadium. The Greyhounds played two quarters of the second and the third. In the second quarter, Lynon outscored Klamath 15-7, on quarterback Bruce Rose's pass to Bill Means for a two-point conversion. In the third quarter, Lynon outscored Klamath 14-0 when Bob Glan scored with 49 seconds left in the quarter. Although Lynon scored two touchdowns, they gained more total yards than any of the other teams.

Coach Howard said he was impressed with the Greyhounds' defense. "The Greyhounds' defense did not play as well as Coach Copeland expected them to," he said. "All afternoon they were able to make yards because they kept running plays on the opposite side of the line." Those were coach's points of the game that Copeland was disappointed that he didn't have a chance to watch them. "Neither of the teams that we played passed very much, therefore, we didn't have a chance to see how well our pass defense will work. We also didn't have to punt any, and since both of our kickers are new, I wanted them to have a chance to kick under pressure," commented the coach.

'Big John' Tough In Jamboree Tilt

By GREY BOYLES
 Herald Sports Staff

"Big John" came roaring into Winter Garden Friday night and he was ready for action. "Big John" is the name the Seminoles have given their offense and overall team. The Seminoles left no doubt that they came to play as they defeated Lakeview 14-0 and Game 6-0.

This was the second straight year that the Seminole defense has held their jamboree opponents scoreless. Tommy Bark called a very smart quarter against Lakeview and completed two passes for touchdowns.

The defense started off slightly shaky as they were being beaten across the line and adjusted slowly to end sweeps but they came back strong after the first series. The longest run against the defense was 33 yards.

The offensive line was very effective and the backs ran well. Ronnie Howell ran through the heart of the Oreo defense for a 21 yard touchdown. Willie Bennett led the Seminoles in tackles and all the Seminoles played inspired defense as it was a very fine team effort on offense and defense.

Bob Feller Scores Players; He Knows Their Colors Well

By GREG MACALEESE
 Associated Press Sports Writer
 ALBUQUERQUE, N.M. (AP) — Bob Feller, the coach known for his fastball and his knowledge of fundamentals left the only thing missing in the major leagues today. "Determination, dedication, truth—they're all lacking in the game today," he said while here for a children's baseball clinic and hitting clinic to promote the minor league Albuquerque Dodgers.

He said cases in which players are injured and Richie Allen jump their teams is undermining the power of the owners.

Feller said, "Some of these guys apparently don't feel they have an obligation to the fans and to their teammates."

He said it was "just unfortunate now that there aren't enough good players today so that the fan like I suppose could see some of the great players."

Feller said he felt Flood, who is challenging baseball's reserve clause which binds a player to the team he signs a contract with—was the wrong

Pirates Still Lead In Hot East Race

 Cool-Hand Luke and Tot Hand Bob are two of the main reasons the Pittsburgh Pirates continue to slip out of first place in the Western National League East.

The left-handed pitcher and slugger first baseman-outfielder runs batted in 43 Oreo leads that department with 77 and 12th triumph and Robertson, who drove in two earlier runs with his balls, smashed a 708-foot home run of Dick Seina for the winning run.

Elsewhere in the N.L. East, St. Louis dominated 7-2, Cincinnati edged San Diego 5-3 and Francisco clipped Atlanta 3-0.

Pat Watches Game; But Not From Sideline

By GARY TAYLOR
 Herald Sports Editor
 ORLANDO—Defense. That's the name of the game for the Orlando Panthers. If the defense hadn't come through Saturday night, the Panthers could never have defeated Norfolk. But the defense did its job with a most of the game, and the Orlando squad came away with a sound 25-14 victory over the Norfolk Neptunes.

For nearly an hour of playing action, the Panther defense held the Norfolk offense scoreless. During this time, they played a major role in almost every point scored.

Orlando went on the scoreboard 2-0 with 9:20 left in the initial quarter when the defense dropped Norfolk quarterback Junior Edge in the end zone for a safety. Then Orlando got the ball after the free kick by Norfolk, but couldn't move it. Ron Miller missed a field goal, and the Panther offense scored a touchdown with less than two minutes left in the first half, but only after Pettaway had intercepted his third pass of the game. Another interception gave the ball right back to Orlando, but the offense was stalled after they had a second down, one yard to go at the four yard line. Miller booted an 11-yarder to end the score 2-0 at the half.

Tony Golmont was the next Panther to make an interception, but the offense stalled, but the Panther defense ended up with six interceptions and also had a fumble recovery. The offense lost one fumble and threw one interception.

The Panthers gained 165 yards in the air and 83 on the ground for 248 total yards. The Neptunes picked up 122 yards on aerials and had 117 yards rushing, for 240 yards.

Darrell Cox was to top brass receiver as he grabbed three aerials for 33 yards. Quarterback Ron Skonick led the team in rushing with 35 yards. He was five for 15 passing, with 75 yards. Tim Murphy picked up 90 yards as he completed seven of 13 passes. The Panthers were penalized an unenviable 123 yards as Norfolk was set back 63 yards on penalties.

The Panthers travel to Newark next week. This was the first game of regular season play, putting the Panthers in a tie for the lead with a 1-0 record.

Two Teams Eliminated From Local Softball Tournament

Five teams were left in the Seminole County Women's Softball Association Invitational Tournament. The double-elimination tournament.

The game between Motor Parts and Auburndale was an exciting battle all the way. Auburndale charged into the lead 4-0 in the first inning on four hits and an error.

Motor Parts came back with two runs on hits by Judy Clarke, Gail Craddock, Frieda Evans and Pat Lacey. But Auburndale scored one and the score was 5-2 after two innings.

Shirley Craddock and Beth Seard provided the punch in the third inning and Motor Parts took advantage of a pair of errors to score two runs, but a earned A. Auburndale scored two runs on two hits and two errors in the bottom of the fifth inning and the held a 7-4 lead as the game went to the sixth inning.

With one out, Shannon Pauline reached on an error. Before the sixth inning was over,

Kilmann 6-4. The second loss for Kilmann knocked them out of the tournament.

Beth Seard, Sherry Koke, Shirley Craddock and Pat Lacey provided the hitting power for Motor Parts.

Yesterday's second game was a wild-scoring affair as Kilmann eliminated Ocala 12-1. Ocala had 10 hits and took advantage of a dozen Ocala errors.

In today's action, Firestorm met Auburndale at 10 a.m. and the two undefeated teams, Motor Parts and Wilson Maier met in the noon game. Action at the park will continue all day.

Bob Murphy Takes Lead Despite A 'Boring Day'

"Well, another boring day." "The clubhouse guy who had just fired his third consecutive miss, was real proud of myself."

 PROSPECTUS—What people forget is that if Lions had won both meetings with Vikings last year they'd have been division champs and maybe in Super Bowl. Great defense sparks them and now with Mike Harris some internal problems. Lions have strong shot at breakthrough to top. Need good health from couple of key offensive people.

DEFENSE
 PASSING — Bill Musson-Greg Laney tackle for starting slot continues Musson's vet and tackle probably would like to see him win out, but he doesn't have other guy's leadership spark. Either way, when Coach Joe Schmidt makes his decision, Lions won't be hurting. Rating—B.

RECEIVING — Specter of injuries suddenly threatens. Cili, may be in market for competent veteran because Earl McCulloch, John Wright both went under surgeon's knife during camp. They'll sack some time during season, but meanwhile Cili is in. Larry Walton also keeps improving as wide threat; Charlie Sanders untouchable at tight end. But third spot is open. Rating—B.

RUNNING — A healthy Mel Farr means everything. He's almost a better class. And Lions so far delighted with Heisman-winner Steve Owens as plunger and blocker. He could be either starter, though there's plenty of depth in Arlie Taylor, Larry Watkins, Nick Eddy (if he can stay healthy, too). Farr's pace setter. Rating—B plus.

LINE — Ed Furgang at center is finally beginning to get some all-star attention. Others up front aren't name players, but club does get its getting improved effort from such as tackle Freddie Fritts, guard Chuck Walton, and Roger Shook, Bob Kowalkowski in other spots face challenges from Jim Yarbrough, Frank Gallagher. Rating—B.

DEFENSE
 PASSING — Niggling issue is Alex Karrad's current percent. He's recovering from knee surgery, unhappy with contract. And the old vet is still king of forward wall. Dan Gochis's fill-in for now, alongside Jerry Rush. Larry Hand, Joe Roth on flank argument pass rush which has harassed OJelski in exhibitions. Rating—B plus.

LINEBACKING — One of best in game. Wayne Walker in 12th season, shows no symptom of slowing up. Mike Lucari in middle to Schmidt mold as a running leader. Paul Nannetti is right up there with them in usually as strong side backer. And they all work together well. Rating—A minus.

SECONDARY — Any mid which boasts a Len Barry at center has to excel. Generally rated best in game today. Dangerous kick returner, too. Dick Lebeau goes on and on as opposite corner—a hitter. Will show safety play Sam Mike Weber, Tommy Vaughn and couple of sharp relief men in Bobby Williams, Dale McCoureaux. Rocky Williams like Peppers colorful. In my time, only players with ability like Ted Williams, Mickey Maize, Willie Kings and Stan Musial were called colorful.

Associated Press Sports Writer
 By ED SHEARER
 TUSCALOOSA, Ala. (AP) — Alabama has the backs and receivers to generate another potent offense if Coach Paul "Bear" Bryant can rebuild an offensive line depleted by the graduation of five players.

Quarterback Scott Hunter will supply the air power, throwing to such outstanding receivers as David Bailey and George Haney. Complicating the aerial game will be tailback Johnny Musso, who ranked eighth on the Southeastern Conference rushing list last year with 516 yards on 157 carries.

Lombardi Rites Today

NEW YORK (AP) — Vince Lombardi, an Italian immigrant's son who became an extraordinary football coach, receives the last rites of the Roman Catholic church today in the city of his birth.

Terrance Cordina, Cooke, an old friend and admirer celebrates a high mass for Lombardi at 11 a.m. EDT, in St. Patrick's Cathedral. Burial will follow in Mt. Olivet, a cemetery in Middletown Township, near Red Bank, N.J.

Lombardi, a native of the Sheepshead Bay area of Brooklyn, attained his first fame as part of a team effort here with Fordham's Seven Blocks of Granite, then stimulated his players to excel as a coach in the National Football League at Green Bay and Washington before he died of cancer last Thursday in Washington at the age of 57.

Robert Finch, the White House counselor, will present Nixon's personal representative at the services. Brig. Gen. Donald Hughes, the President's military aide, will attend the funeral and take the Presidential wreath.

Ground Is Lost On Troop Pullout

By JOHN T. WHEELER
Associated Press Writer
PHNOM PENH (AP) — In the two months since U.S. troops pulled out of Cambodia, Gen. Lon Nol's government, which steadily lost ground in its war against the Communists.

Washington has granted Phnom Penh \$40 million in military aid and has committed limited U.S. air power to back up government troops in the field. But this has not halted, much less reversed, the deteriorating military and political situation. The overriding impression is that the government's strategy of abandoning more than half the country to Communist control to insure the defense of the land is not working well. The plan called for abandoning the extreme north, most of the extreme north, and some areas that were once held by South Vietnamese and American troops.

The heartland starts southeast of Phnom Penh and runs in a wide belt to the northwest, taking in the rich rice- and fish-producing areas on both sides of Cambodia's huge lake, the Tonle Sap. Most of the country's population is centered in this area. But nearly all of the north shore of the lake is controlled by the Communists. The government strongholds at Siem Reap, 145 miles northwest of Phnom Penh, and Kompong Thom, 80 miles north of the capital, are not doing well. Roads to Siem Reap are out periodically and Kompong Thom, a provincial capital, has been surrounded for months. Government casualties have been heavy at Kompong Thom, and food is so short that soldiers and townspeople slaughtered the animals in the city's zoo for meat.

The Communists have made no serious attempt to attack Phnom Penh, but the city's defenses are not particularly strong. The capital is particularly wide open to rocket and mortar attacks from across the Mekong River to the east. Four of Cambodia's seven major highways have been closed almost continuously for three or more months. Highway 4, which links Phnom Penh with Kompong Sam, the country's only remaining access to the ocean, remains open only because enemy troops have not known one of the many lightly defended bridges running through the Elephant Mountains.

On the northern front, fishing areas populated mainly by ethnic Vietnamese have provided more or less willing recruits and transportation workers to the Communists, especially after the Cambodians slaughtered many Vietnamese living in Cambodia during the early days of the war. The government officially denies that the Kanner Rouge, the Cambodian followers of Prince Sihanouk, pose any problem. But field commanders again tell a different story. Communist sources say 8 per cent of the Communist force in Cambodia.

American bombing of Cambodia, which has been a mixed blessing. Massive attacks against Communist supply lines leading to Vietnam through Cambodia are now routine, and damage sometimes inevitably extends to civilian areas. Tactical strikes around Siem Reap are reported to have been one of the best recruiting points for the Communists, who claim that the Americans are out to conquer Cambodia and are destroying villages with their planes.

Nevertheless, expert commentary says that the one in Vietnam say the Communists in Cambodia are fighting at three times that half speed. The Communists have had Kompong Thom surrounded for three months, one Western expert said. "They could have taken it out they haven't. One of the unorthodox side effects is that the government is getting cocky when it should be getting more frightened when it looks at the situation map."

But the government officials deny that the Kanner Rouge, the Cambodian followers of Prince Sihanouk, pose any problem. But field commanders again tell a different story. Communist sources say 8 per cent of the Communist force in Cambodia.

CANDIDATE FOR COUNTY COMMISSION DISTRICT 4
"LAYS IT ON THE LINE"

Seminole County needs leadership with the concern of ALL county taxpayers in mind! Seminole County needs an ACTION leader who is willing to take a stand and submit a PLAN OF ACTION to the taxpayer so that the taxpayer may go to the polls informed! RICHARD J. WIRZ is willing to lay it on the line! The following 12 point program is the basis of my candidacy: **STRONG LAW ENFORCEMENT** . . . I am a law and order candidate! I favor strong law enforcement both by legislation and favorable policy programs.

BETTER ROADS . . . I advocate a county wide road paving program geared to the '70's with Seminole County's population the prime consideration.

REGULATION OF PRIVATE UTILITIES . . . A utility board should be established to regulate rates of private utility companies and set criterion standards for the affected areas.

ENVIRONMENTAL PROTECTION . . . I feel, at this time, the county lacks protective legislation for its environment. If elected, I will strive to implement the proper legislation to protect the people's natural gifts of water, air, and natural resources.

ECONOMIC GROWTH . . . I will strive, with ALL Seminole County citizens in mind, to obtain a cross section of industry to blend in with our natural waterways and action centers.

REALISTIC PROPERTY TAX . . . I favor a realistic tax base that will be fair and equitable to every Seminole County taxpayer.

COUNTY WIDE ANIMAL CONTROL PROGRAM . . . I favor an animal reclamation center with a workable schedule to handle all stray animals within the county.

DEVELOPMENT OF A COUNTY MUNICIPAL COMMITTEE . . . A representative committee should be established consisting of a county commissioner alternately, representatives from all municipalities within the county, representatives from the industrial and agriculture segments, and representatives from large density areas not incorporated. To meet and discuss mutual problems which will be aired and taken under consideration by the commission. This will aid the county officials with their long-range planning and understanding of the county problems on a closer basis.

DEVELOPMENT OF COUNTY OWNED LANDS . . . Present county owned properties are deteriorating at an alarming rate! I will strive to protect and beautify YOUR recreational investments!

FIRE PROTECTION . . . I will work to implement a county wide program, working with existing fire departments, to offer protection to ALL county residents on a fair and equitable basis.

OPEN LINES OF COMMUNICATION . . . I, as your county commissioner, propose an "Open Door" policy to ALL taxpayers in Seminole County.

Doctor Changes Plea To Guilty

Dr. Ralph Cail Lee, accused of forgery of a prescription to obtain a barbiturate, changed his plea from not guilty to guilty as charged in Circuit Court. Circuit Judge Roger Dykes ordered a pre-sentence investigation. Meanwhile, bond has been set at \$100 for Lee.

Tracy Estes, a Longwood man whose indictment was returned last week by the county grand jury, was transferred to county court. He is accused of driving under the influence of alcoholic beverages on Feb. 11.

Enrollment Sets New Record 21,000 Students Trek To School

By BILL SCOTT
The ringing of school bells, dormant for the past three months, were heard again this morning at all 25 Seminole County schools with a record 21,000 sleepy-eyed students enrolled in grades K-12.

They gathered their papers and pens under their arms and trooped off to start another phase in the organized learning process that never stops, although a tentative goal of 12 years has been set.

Most county students will find themselves in new surroundings with unknown faces and names that will require some adjustment on the part of all concerned.

For the first time in the county's history, all but one school now has a majority white student body based on the black-white racial composition of the county.

Only Midway Elementary School is predominantly black, but a sprinkling of white students is expected to desegregate that facility for the first time.

Eastbrook Students Are Bused

As an emergency, temporary measure, students living in the Eastbrook area who will be attending the new Eastbrook Elementary School, will be provided with bus service.

Arrangements were made by County Commissioner Robert Parker working with Mrs. Anita McGinnis and Supervisor of Transportation Herbert Muse.

Mrs. McGinnis has been undertaking a campaign for the safety of the students.

At last week's County Commission meeting, a group of parents was told that there were insufficient rights of way to build sidewalks along Howell Branch Road. It was stated that it would take one to two weeks to prepare the deeds necessary for acquisition, and six days actual construction time. Parker is to assist County Engineer William Bush in contacting the property owners.

During the interim, until a permanent solution to the problem of proper access to the school is found, the bus will operate three runs. The first run will be at Eastbrook Boulevard and Mango Court at 8 a.m., and at Australian Circle and Cematia Lane at 8:05 a.m.

The second run will begin at Eastbrook Boulevard and Fennell at 8:20 a.m. and will stop at Ponderosa and Daisy Avenue at 8:25 a.m.

The third run will make three stops. It will begin at Ponderosa and Arnel Avenues at 8:40 a.m. and will proceed to Bowman and Eastbrook Boulevard at 8:45 a.m., then stopping at Eastbrook Boulevard and Baxter Drive at 8:55 a.m.

Since the students in the area live less than two miles from the school, they are considered as courtesy riders. Therefore, the bus service is provided by local funding.

PARTY FOLLOWERS CHOOSING NOMINEES
VOTERS WERE WAITING in line this morning when the polling places opened at 7 a.m. for balloting in party primaries. Early indications were for a heavy vote in both parties. This photo was snapped shortly after 7 a.m. at Sanford Municipal Stadium voting booth.

Teacher Hearing Slated Thursday

Hearing has been set for 2 p.m. Thursday for the attractive Lyman High teacher protesting her transfer from Lyman High School.

Mrs. Katherine B. Pipkins, a Matland resident, will appear before Federal Judge George C. Young in the U. S. District Court of Appeals.

She will be represented by her husband, attorney Royce C. Pipkins.

Mrs. Pipkins claims that she was transferred to Crooms, 20 miles north of Lyman, on numerous occasions that she would not be transferred to another high school.

The complaint filed with the court, Mrs. Pipkins alleges that she had been nominated by a contract to teach at Lyman High School during 1970-71, and had notified on numerous occasions Principals Carlton Henley, that she could not return as a Seminole County School employe, unless she was permitted to remain at Lyman High.

Vandals Hit Seminole Turf Club

Vandalism at Seminole Turf Club has been reported to Casseberry Police Department for the second time in two weeks.

Don Martin reports that the incident occurred Friday resulting in an estimated \$2,000 in damages.

It is thought that the vandals entered through the front gate. A window was broken in the men's room, a glass case shattered and mutual tickets were strewn all around.

Representative Len Wood, a candidate for the congressional seat on the Republican ticket, is having an open house-type victory dinner, starting at 7:30 tonight at the Lum's in Sanford.

There's an interesting editorial coming out this week, dealing with the recent actions of the grand jury. You must have been thinking about it, too . . . what with the number of calls and inquiries received here at The Herald.

Well Known Locally Applebys Die In Auto Crash
